Newton Achieves Navy First

Ellen Marie Newton was the first female Navy Personnel selected to have re-enlistment ceremony held while at sea and with honors. The ceremony was on April 25 at 9 a.m.

Following the ceremony, her unit toasted her to a beach party on the south shore of Key West, Florida.

Ellen Marie has served a four year tour with the Navy. During that time she obtained the rate of AE-2 Aviation Electrician. (Petty Officer Second Class). She has been stationed in Key West for the last three and one half years.

Ellen Marie is the daughter of Mr. and Mrs. Scott C. Newton of Floydada. Three months ago she was

nominated as Naval Airman of the month. On April 30, she will receive a "Good Conduct Medal."

In May, she will be transferred to another unit stationed at Jacksonville, Florida for a three month school. Ellen Marie will then be on a six month tour to Italy.

Chamber Plans Trip

The annual Cowboy Trip sponsored by the Floydada Chamber of Commerce will be September 20 and 21. The group will have the opportunity to see the Cowboys play the 1979 Central Division Champions the Tampa Bay Buccaneers.

The National Football Conference Buccaneers hold the best record in the NFC for 1979. Plans call for the group to leave Lubbock and fly to Dallas, but no additional plans have been finalized concerning any other activities, according to Lance Barrow, Chamber manager.

All individual members or employees of businesses who are members of the Chamber of Commerce will be eligible to go. Those members who would like to place their names on a list are asked to call the Chamber office at 983-3434.

Floydada Near Miss?

by Janet Lloyd

Just pretend you're a reporter and decide to write a story on the best small towns in Texas! Where would you start and what would you look for that would make many any one town with a population of 1000 to 10,000 stand above the rest?

Richard West, Journalist for Texas Monthly, did just that. He then reported his findings in an article entitled, "The Good Life".

"Picking the best small towns is like choosing a friend," states West. "You look for trust (you can leave your house unlocked and keep silver on display), health (the town is economically and politically vibrant, dominated neither by a doddering, closed gerontocracy nor by the vulgar rich), love for life (there are celebrations and festivals that bring history alive and make the town more than just a museum), and loyalty (as Lyndon Johnson used to say, "They know when you're sick and they care when you die")."

West names Alpine, Fredericksburg, Navasota, Shiner and Canadian as the five best unspoiled small towns in Texas. "So what," you say, "I live in Floydada". Well, there just happens to be a section in West's article called "Near Misses" and there is F-l-o-y-d-a-d-a. Yes, sir, Floydada, a near miss.

Why? We have everything we need here— good schools, friendly people, almost every kind of church, why were we a "near miss?"

What was West's personal criteria for small-town greatness?

"A view and fine scenery. At least one cafe that serves good gossip along with hearty staples. A lively newspaper that acts as the conscience of the community. An enthusiastic church choir and a dramatic preacher. A good library. Air you can breathe and water you can drink without worrying about chemical content. An honest mechanic. And a maximum of three minutes to cross town."

West states, "Other towns that rank high among my personal favorites, but didn't make the cut: --- Floydada. (Which, like most High Plains towns, was eliminated because of long-range water problems)."

Floydada? a "near miss" as a place for the "good life"?

If West came to live in Floydada for a year, would he still have the same criteria for small-town greatness?

Would he see the problems we have and realize the only ones which can't be solved are those which people with no "visions" can see?

Mr. West, Floydada thanks you for supplying the residents of this "near miss" with a lot of food for thought.

A new season is beginning. It's someone elses turn to head-up the program. It's time for volunteers to look at their busy schedules and decide that somehow they can find a few hours a week to give to those youngsters.

"We need enough people Last season 120 boys and girls between the ages of seven and 12 participated in Little League Baseball.

Bob Gilliland was President of the Board of Directors; he headed-up the program. Volunteers served on the Board, managed teams, umpired, score kept, and ground crewed, so that 120 youngsters would have a chance to play ball.

to help in the program." Gilliland said, "so that the few who do work don't get burned out on it."

Monday night there will be an organizational meeting at the First National Bank. That's April 28 at 6:30 p.m.

"If we have enough people involved in the program," Gilliland went on to say, "one person could be designated per time a week. That would mean that five or six people would work only one night a week instead of four nights a week."

Men are needed, women, you don't even have to have a child in the program. Gilliland didn't. Doesn't yet. But he'll be there Monday night. Will you?

Tech Offers Sales Course For Women

A sales course designed especially for women will be presented by the Texas Tech University Continuing Education Division 7-9:30 p.m. Tuesday nights April 22 - May 27.

Classes will meet in the Conference Room of the Continuing Education Building X-15 on campus.

Purpose of the sales training program is to teach saleswomen to analyze the buyer-seller relationship and better understand the process involved.

Dr. Robert D. Amason, professor of marketing at Texas Tech, is course instructor for "The OK Saleswoman: Transactional Analysis for Women in Business." He said sales transactions are communication based on models for human

personality. The salesperson spends most working hours in the midst of these transactions. The course "provides a powerful technique for the female salesperson to respond effectively to the needs of each customer," he said.

An understanding and proper application of principles outlined in the course build self-confidence and tend to reduce turnover rates, improve the company's image and improve employee motivation and morale.

The enrollment fee of \$50 per person includes the textbook and all educational materials. Registration will be limited to 40 persons. Participants successfully completing the course will receive 1.2 Continuing Education Units.

THE FLOYDADA Band Boosters are attempting to organize an Old Settlers "Play Day" for any clubs or organizations who wish to raise funds for their club. The Boosters will act as organizers with clubs keeping any proceeds they receive from their booth. Those interested in this project need to contact Gordon Kirtley at 983-3105 or Bill Gray.

ABSENTEE VOTING continues for all persons who will be out of town May 3 and wish to vote in the Republican or Democratic Primary Election. Those wishing to vote may do so at the Floyd County Clerks Office in the Courthouse during office hours Monday-Friday. The last day for voting will be April 30.

THE YOUTH Choir of First Baptist Church will present the musical "Branches of the Vine" Sunday, April 27 at 7 p.m. in the auditorium of the church. Everyone is invited to attend.

A RECEPTION will be held Sunday in honor of Mrs. Gertrude Carr who will be retiring as School Nurse at the end of May. The reception, which is open to the public, will be held in the Wall Street Parlor of the First Baptist Church from 2:30 - 5 p.m.

AN ORGANIZATIONAL meeting for WIFE will be held Thursday May 1 at 5 p.m. in the First National Bank Community Room. The meeting is open to the public.

FIRST BAPTIST CHURCH of Floydada will sponsor a Single Adults Retreat May 2-3 at Plains Baptist Assembly. Tom Kennedy, minister to single adults, at First Baptist Church in Lubbock will be the retreat leader. Those interested in attending should contact David Seay at the church.

MARTY COVINGTON

Letters To The Editor

Dear Editor and Citizens Interested in the growth of Floyd County towns,

A couple friends and I were casually visiting the other day, and I asked one of them a strange question. I asked him, since that I had been appointed to be the Chairman of the Committee for Industrial Development by the Ralls Chamber of Commerce, what was the best way to achieve growth for West Texas Towns, and this included the towns of Floydada and Lockney, and in particular Floydada, for this is his home.

His immediate answer and reply was, "The development of Small Family Enterprises." We were in complete agreement that the trying to lure the giants to our towns was an utterly useless exercise, it had never worked and it will not work now. Those tired old utterances that have been uttered by many for years has never and will not now draw new businesses.

There has got to be a stimulus, a motivator, or there will never be an attraction for any kind of business. When we try those tired old lines, and try them, and try them, our enthusiasm wanes for even those things we have. Let us not waste our energies on those that could care less for our cities, but let us use those energies to develop and encourage those

Too many times, instead of a word of encouragement and a helping hand, we turn our back and say, we don't really need you. Too many times has the bank been too conservative and too negative to lend just a little bit more to help an individual to achieve success. Too many times have individuals been discouraged because the City Fathers have seemed to suppress or oppress their business ventures rather than to lend them a helping hand.

In our West Texas Cities, God has given us the cream of the crop. There are no us use those energies to develop and encourage those

that we already have in our midst.

You would be amazed at the people, that given the opportunity, the consultation, and the financing, that would go into business for themselves and would grow and prosper as a child is nourished and guided into the maturity of the adult.

Many people, managers, supervisors, and many just employees, are looking for an opportunity to do better. Too many times we have squelched the ambitions of an individual in business.

better people anywhere. There is no people on earth better equipped to give encouragement, wisdom and financial support to a worthy family enterprise.

Since God has endowed us with such a wealth of opportunity and with such a vast source of prospective business owners, we would be deficient in understanding if we did not put to use the resources God has given us. God did intend for us to develop and to use those things he has given us. He does intend for us to help each other to develop to the fullest extent of our capability, and God does expect us to help each other to promote the well being of all our citizens of our towns.

Sunday April 27, 1980 Page 2

We can do that by helping those individuals that are able, honest and industrious to develop and begin their own businesses.

The future of Floydada and Lockney depends upon the citizenry of these towns looking out for those that are worthy and capable of beginning small family enterprises and helping them to get a foothold in the business community.

This certainly is not the place for a faint hearted banker to trod. It will take some one that believes in the future, believes in people, and has the ability to recognize the potential it would be entrepreneurs. My, My, that is a fist full for most of those negative thinking bankers, they want enough security for three or four loans on one.

So if the Banks won't do it, there are others that can and will. Instead of an industrial development fund for outsiders and the biggies, let us make those funds available to those of our citizenry that are worthy. Those tax breaks, utilities breaks, rent allowances, and whatever else might help to stimulate the growth of the small family enterprises.

Small business hire more people nationally than the

biggs. Inventions are far more numerous in the small than the biggs. Small are more flexible to the needs of the customer than the biggs, and this is where the small family enterprise fits in to the picture.

Thanks Pete Looney

Dear Editor:
On April 15 I attended a meeting of citizens concerned about children's well-being in our county. We listened as the problems of neglected and abused children were outlined. Then we discussed possible remedies to some of these problems. I think all who attended that meeting are convinced of two things: there are abused and neglected children in Floyd County; and our county has a moral obligation to provide as best we can for those children.

As the discussion unfolded, all of us became convinced that a county child welfare board, as provided for in state law, has a vital role to play in Floyd County. Such a board would coordinate services to children and families and serve an educational function aimed at stopping child abuse before it starts.

A county child welfare board would by law have to be appointed by our county

commissioners' court. So far, the county commissioners have not seen fit to take this action. Perhaps they fear that this is just another "welfare program." It is not! Perhaps they fear that this would be another drain on county funds. It would not have to be. Perhaps they fear appointing a group of people that will act in a high-handed manner to separate children from their parents. This will not happen. Only the courts can do that, and this is as it should be.

What a county child welfare board is a publicly sanctioned group of volunteers working on behalf of all of us to help children who have few if any friends. I fail to see any reasonable objection to a county child welfare board. I urge the citizens of Floyd County to learn more of this proposed board. I urge the citizens of Floyd County to learn more of this proposed board, and you will have opportunity to learn more in a public meeting next week. Together we can begin to do a better job of protecting Floyd County's most precious possession—its children.

Sincerely,
Dennis R. Swearingin

Hesperian Receives Award

We, at the Hesperian, were pleased this week to receive an award of appreciation plaque from the Texas Nursing Home Association.

The accompanying letter stated, "Your regular publication of news from nursing homes in your community is commendable for at least two good reasons: "First, it is a service." "Secondly, it tremendous help to the residents homes by assuring they are still in the mainstream of life."

ARE YOU ALIVE?

There is an "oughtness" about life that troubles the honest man. He senses he ought to be happier than he is, better than he is, wiser, more alive. He ought to be thinner, nicer, more peaceful, more controlled. And he even has occasional, late-at-night presentiments that he ought to consider his definable limits. It has been said that death stalks everything living and catches it, eventually.

Last week we cut a branch off a dogwood tree. It was a beautiful sight, seeing the carpet of freshly

exploded blossoms lying on the grass. But when I walked by the branch two days later, the blossoms were ugly and brown-edged. They were dead — a vivid reminder why so many people today are the walking dead.

How can a man, created in the image of God, be truly alive when he is cut off from his Creator? Attend the church of your choice, and learn about God, who will not only put life into today and tomorrow, but forever.

DIAMOND DOINGS

In 1976, shortstop Toby Harrah played a double-header for the Texas Rangers during which he had no putouts, assists, or fielding plays.

Ron Hunt, former National League infielder, holds the record for being hit by pitched balls. According to A-T-O Inc.'s Rawlings Sporting Goods Company, manufacturers of official American and National League baseballs, Hunt was hit 243 times in his career.

TENNIS FACTS & FANCIES

Up through 1978, America has won the Davis cup 25 times—more than any other country.

Through May 1980, tennis players will be competing in World Champion Tennis Tournaments for Barclays Visa travelers cheques, the official travelers cheques of the 1980 World Championship Tennis Tournaments from December to May 1980 in Europe and North America. The prize money is always given in Barclays Visa Travelers Cheques and amounts to a total of \$3 million.

those participating included problems of working parents, busing, insufficient welfare assistance and care of the elderly.

Child abuse, spouse abuse, financial concerns, and divorce also were mentioned as prime family issues.

More than half of those who testified all over Texas said religious commitment and practices made the family strong. Also mentioned were mutual love and respect, good communications, commitment to the family unit, discipline, and joint outside activities.

On the Equal Rights Amendment, many Texans said the federal government should allow states to rescind earlier ratification if they desire. And the government should permit no further extension of the established time limit for ratification, hundreds said.

One majority recommendation was for local agencies, churches, and schools to make family life education materials available to the public, and include family life education in the school curriculum.

The traditional family structure, which gained the most response, was identified as married male and female with children by blood or adoption. Those responding did not rule out the single-parent family, foster family, or extended family. They did, however, say that alternative lifestyles as legitimate family units should have no standing in legislation or court interpretations.

Homosexuality received attention from the participants, the majority of whom said Congress should not pass any legislation which extends rights to individuals or groups solely because they are homosexual.

In support of the elderly, the testimony said elderly individuals should be able to marry without losing portions of their benefits, and receive full spouse benefits.

On morality, most of the Texans said it should be taught at home and by the churches, not by the government.

Many of those taking part

wanted the government to encourage more family-oriented TV programming, and eliminate blatantly objectionable materials, particularly during family viewing hours.

Hole said results of the survey will be used as issues to be discussed at the White House Conference on Families this summer.

SHAUNDA SANDERS

Shaunda Sanders, daughter of Mr. and Mrs. Curtis Sanders, participated in the National Open Spring Twirling Contest and Miss Llano Estacado Pageant.

Competing against about 20 girls in the 13-15 age group, Shaunda won third place in Best Costume and a third place trophy in the Miss Llano Estacado Contest.

The contest was held on the Wayland Baptist College campus at Plainview in Hutchinson Center Saturday, April 19.

She recently won the Miss Snowbird title in Ropesville. A freshman in high school, Shaunda will be one of the Whirlwind Band twirlers next year.

Women's Team Elects Officers

The Floydada Fire Dept. Women's Pumper Team met and elected the following officers: Rhonda Guthrie, Captain; Nancy Welborn, Assistant Captain; and LeAnn Neeley, Secretary.

Other members of the team are Ginger Warren, Beth Eckert, Linda Phillips and Betty Marquis.

The Women's Pumper Team, as well as the men's team, will be entered in

pumper races and water polo games around the area and in Dallas at the State Fire-

men's Convention this year. To help meet expenses, the Women's Pumper Team and the wives of members of the Floydada Fire Depart-

ment will be having several money-raising projects. The first of these will be a bake sale at Buddys Saturday May 11th beginning at 9:00 a.m.

Craig Graduates Officer School

Captain Steve M. Craig, son of Dr. Charles C. Craig of 428 W. California, Floydada, Texas, has graduated from the Squadron Officer School at Maxwell Air Force Base, here.

Graduates of the school studies communication skills, international relations, manpower management, and responsibilities that prepare Junior Air Force officers for command and staff duties. He will be assigned to Dyess Air Force Base, Texas, for duty as a C-130H navigator instructor.

A 1969 graduate of Floydada High School, Captain Craig received a bachelor's degree in 1973 from Baylor

University, Waco, Texas. His wife, Vicki, is the daughter of Mr. and Mrs. Louis R. Powell of 7156 Hunter's Ridge, Dallas.

FLOYD DATA

According to Mrs. Floyd Boren of Blue Ridge now is a good time to travel south or east to see the bluebonnets. She reported that south of Greenville they are in full bloom.

One hundred sixteen billion, four hundred eighty-four million, three hundred thousand, six hundred . . . or putting it all together numerically 116,484,300,600. That's the number of sandwiches (standard slicing, one-pound loaves) which could be made from the food stocks DONATED by the United States during the past year to countries designated by the World Food Conference as MSA (Most Seriously Affected). Enough for a pretty impressive picnic. Also a good example of the importance of American production to world food supply. Donations to the MSA, although impressive in terms of sandwich counting, are only a small part of the total exports of American grain crops since over twenty-five times as much grain as that given away was sold on the world market. Now to figure out the importance of world trade use your own calculator . . . this one doesn't go that high.

Della Smith Celebrates Ninety-Ninth

For the past seventy-five years Floyd County has been the home of Della Hammons Smith, a pioneer woman who recently celebrated her 99th birthday.

Della and the late R.C. Smith arrived in the Center Community by covered wagon with their two youngest sons, Roy and Foy, one cold winter day in 1905. There they made their home in a half dugout for a year.

In 1906 the Smiths bought the present family farm, south of Floydada, where the family increased with addition of six children. Mr. Smith passed away in 1938.

One of the Smith's children have always lived close

to the family home on the farm. For many years Bill and Lillian Smith lived there and since 1966, a daughter, Ruth Smith Harrison and her husband Don, who left the "city life" of Ft. Worth for the quieter life on the family farm.

Because of ill health, in 1966 Floyd Smith retired from the furniture business and made his home with his mother until his death in 1977. For the next several months Mrs. Smith visited her children and made her home with them.

Finally, Mrs. Smith was able to return to her much loved home with a companion and nurse, Mrs. Dollie Cardinal.

Mrs. Smith enjoys reading her mail, watching television, having guests come for a visit, and possesses a great desire to reach 100 years of age.

Helping celebrate this very special birthday were six of her seven children. From Lockney were Mona and Travis Dunn, Roy and Sunshine Smith, Plainview; Ruth and Don Harrison, G.W. and Alta Smith, Milton and Jo Harrison, and Bill and Lillian Smith of Floydada. Foy and Jessie Smith of Levelland were unable to be here because of illness.

Some 29 grandchildren, great-grandchildren and great-great-grand children attended the party.

Couples Home From Florida

Bill and Lillian Smith and Milton and Jo Harrison of Floydada traveled by car recently to Saint Augustine,

Florida where they met Bob and Janice Hansen, Rick and Greg of Rochester, New York, the Smith's daughter.

The Floydada couples spent a week visiting sights along the Gulf Coast including Plains, Georgia; the Florida Keys and Miami before

joining the Hansens for five days visiting Disney World.

Lillian reported the weather was good except for one rainy day, but in Georgia they saw the results of heavy rains. There they visited with the local people and learned that the farmers of that area were a month behind in field work and everyone was greatly concerned.

The couples returned to Floydada Monday, April 14.

DELLA SMITH is surrounded by six of her seven family members who helped celebrate her 99th birthday. From left to right, Bill Smith, Jo Harrison, Mona Smith, Ruth Harrison. Kneeling to Mrs. Smith's left is her son, Roy, and the one on her right G.W. Smith.

McClure's Return From Ohio Trip

One question the McClures were asked about Texas came from an African student who wanted to know if all Texans are rich.

The McClures visited with a young person from Iran who has spent three years at Miami working on his doctorate and was hoping to be allowed to stay in the United States one more year to complete his work.

Returning home through Nashville, Tennessee they visited Weldon's cousins, who are ex-Floyd County residents.

Mrs. Myers Honored

The children of Mrs. Olive Myers were hosts at a birthday party honoring her at the home of Merle and Mike Mooney in Lockney Sunday, April 20.

Other children assisting with the party were; Jackie Myers, Mr. and Mrs. Don Myers, of Lubbock, and Mr. and Mrs. Jay McPherson of Midland. Jim Myers and Betty Veal were unable to attend.

Relatives honoring Mrs. Myers were; Mr. and Mrs. Sidney Mudgett; Foris and Joe Hindman; Ernestine Myers; Shelley Jordan and daughters, Heather and Courtney; Marjorie Myers and Jamie Myers all of Lubbock.

Other out-of-town relatives were; Pam and Kenneth Webster and son Jay Mark from Odessa; Karen Mooney and daughters, Lecia, Tina, Dawn and April from Midland; Mr. and Mrs. W.H. Mudgett of Sudan; Jerry Muddett of Slaton; David and Lana Brotherton of Crosbyton; Mr. and Mrs. George Myers of Groom, Texas; Dianne Phillips and son Bret from Petersburg.

A decorated birthday cake centered the table. Cake and homemade ice cream were served.

Floyd County
Insurance Agency Jerry Cooper
LOCKNEY

We are going to purchase a home for the first time. Would it be better to buy insurance for protection against fire and another policy against burglary and theft or is there a policy which would take care of both?

A package policy called a Homeowners Policy could include protection against these and many other perils. The number of types of perils you are protected against depends on whether you purchase a Basic Form Homeowners Policy (covering 11 perils), a Broad Form Homeowners Policy (covering 18 perils) or a Comprehensive Form Policy insuring you for most perils except those listed on your policy such as earthquake, nuclear attack, etc. The advantage of a Homeowners Policy is having one policy, one premium... less to keep up with. Your property is insured against a wide range of perils and the cost is generally less than if you purchased these coverages separately.

South Plains News

Beautiful, mild weather over the weekend is greening up the lawns, and the leaves are coming out on trees as spring goes into the warm days of summer. We have been spared dust storms the past few days, and farmers are running irrigations wells day and night.

We offer our sincere sympathy to Mrs. John Wilson and Mrs. Wm. Staniforth and their families in the passing of Mrs. Menard Field, (Jettie) on Friday morning. Services were held Saturday at 3:00 p.m. in the City Park Church of Christ in Floydada. Burial was in the Floyd County Memorial Park. Mrs. Field died in the Caprock Hospital early Friday morning, after being ill for two months.

Warren Powell is convalescing from recent surgery, and will have a checkup this Tuesday, but is not allowed to lift or get around much yet. Another sick one at the home of the parents, Mr. and Mrs. Tillman Powell, is John Rushing, who came home from the Central Plains Hospital on Wednesday, following surgery on his broken right leg. He was hurt in a motorcycle accident a week ago Sunday. John's uncle, Melvin Rushing and son James Rushing who live near Vicksburg, Mississippi, came out to see John last Friday, spending the day with him.

Grady Spivey, brother of Mrs. Sylvie Kinnibrugh, is in the hospital in intensive care at Brenham, suffering with heart trouble. If he is better over the week end, Mrs. Kinnibrugh and her sister, Mrs. Ray Dillard of Lockney, plan to go to Navasota to visit him and his folks.

Saturday evening Mr. and Mrs. Richard Sanders, their daughter, Regina, and her fiancée, Bobby Craddock of Sundown, went to Lubbock to meet Bobby's parents, Mr. and Mrs. Joe Craddock of

Sundown. They had supper there and enjoyed the evening together.

Among those from South Plains who spent the day in Floydada at the Annual Lighthouse Electric Cooperative meeting on Saturday, April 19, were Mr. and Mrs. Grigsby Milton Jr. and Mr. and Mrs. Frank McClure.

Mrs. Fletcher Powell (Hazel) is recovering from an attack of bronchitis at her home, following a fire they had in the cook stove in their kitchen. A burner inadvertently got turned on, and a skillet burned. Mrs. Powell has been suffering from fumes which went through the house when the fire was smoking in the kitchen area.

Mrs. Letha Mulder arrived home Sunday evening from Amarillo where she spent Saturday and Sunday with her daughter and family, Mr. and Mrs. Jerry Taylor and children. Sunday they all went to Amarillo to the St. Anthony's Hospital where they visited Mrs. Mulder's sister, Mrs. Clarence (Mary) Cobb of Tulia. Mrs. Cobb is in the hospital following a break she sustained in her hip and is doing well at this time.

Johns Cox of Lockney came home from the hospital in Lubbock last Saturday following a heart operation. He is reported to be doing well, according to his sister, Mrs. Alvin Nichols.

Mr. and Mrs. Terre Michaels of Dallas, grandchildren of Mr. and Mrs. Alvin Nichols, arrived here Friday night to spend the weekend with Mr. and Mrs. Nichols Sunday they took the Nichols home with them to spend a few days. They are flying back to Lubbock and are scheduled to be home Wednesday of this week.

Mrs. Lola Box of Plainview and her son, Brian, spent Friday and Saturday of last week here with her sister and family, Mr. and Mrs. Rogene Bethel.

Lilacs are blooming in a mass of purple glory all over this part of the country. They are pleasant reminders that summer is on the way, and nearly every home in the surrounding towns has bushes of fragrant loveliness.

Mr. and Mrs. Roger Sanders of Hale Center have announced the engagement and wedding plans of their daughter Sherry, to Jimmy Barnes, son of Mr. and Mrs. Gary Barnes of Plainview. They will exchange marriage vows on June 20 at the Hale Center Church of Christ. The bride-elect is the granddaughter of Mr. and Mrs. Otho Sanders of South Plains, and formerly lived in this vicinity with her parents.

Tim Julian, son of Mr. and Mrs. Kendis Julian, celebrated his ninth birthday Wednesday, April 16, with refreshments served to his teacher and classmates at the South Plains School. He invited several friends to his home that evening to help him celebrate the day, with supper and a big "alligator" birthday cake.

Mrs. Jack Smitherman is getting along better at this time in her home, and they have had some of the children or grandchildren there

with them to help with the housework.

Mrs. Mamie Wood, Mrs. Ruby Higginbotham and Mrs. Helen Dunlap left for Beaver, Oklahoma last Friday to spend that day and Saturday at the Chip Throwing Contest, which is held annually in Beaver. They report a good time, and there were people there from as far as Wisconsin, California, Kansas and many other places. They were house guests of Mrs. Ruth Babb; who is the mother of Mrs. Dean Stewart of South Plains.

Renee Sanders and Kristi Julian went to Tulia on April 8 to take part in the UIL District competition for Journalism, and won second place there. On Saturday, April 19th they went to Regional at Texas Tech in Lubbock for an all day UIL meeting, and Renee came in 3rd place in "Headline Writing", and she will go to Austin for State competition on May 2, and compete there. Good luck, Renee!

Children of the South Plains School from the 1st through the 6th grades are leaving this Tuesday, April 22, for Lubbock, where they will tour the Heritage Ranch,

Planatarium and other places of interest. They are carrying sack lunches to have at the noon hour, and they plan to have a picnic at Mackenzie Park. Kindergarten children, with their teacher and mothers, are going to Floydada this Tuesday. They will tour the Sheriff's department, the Museum and later will have a picnic at the park. Those who are driving cars or helping with the children are Mmes. Howard Staples, Bill Shipley, Nathan Mulder, Kendis Julian, Mike McNeese, Dwight Teeple and Mrs. Nathan Johnson.

Dr. Overstreet will conduct a Pet Clinic at the Parks Oil Company on Saturday, April 26, from 9 - 10 a.m. and will vaccinate all the pets of the community. It is hoped in this way there will be no outbreak of rabies.

On May 19 there will be an End of School Party at the South Plains School with all the children going to tour many interesting spots in Plainview.

Company Notifies FDA

Friena Industries, Inc. announced Tuesday, April 22, that it has notified the Food and Drug Administration that approximately 10,800 head of cattle at its feedyards were implanted with the drug diethylstilbestrol (DES) after November 1, 1979.

The FDA contends that such use of the drug constitutes a violation of its regulations.

The company has elected to participate in the FDA's reconditioning program which involves removing the DES implants from the cattle and withholding the cattle from market for prescribed periods of time. Under FDA regulations cattle must be withheld from market a minimum of 61 days following implant removal if the entire animal is processed, or a minimum of 41 days if the liver and kidney are discarded.

The Company estimates that it will be necessary to feed approximately 3,000 head of cattle for longer periods than normal, depending upon the weight of the cattle and the number of days on feed.

The Company is unable to estimate the amount of losses, if any, it may incur due to the reconditioning program, but believes that any loss that occurs will not have a material adverse effect on the financial condition of the Company.

The cattle implanted with DES comprise about 14 percent of the total 75,247 head the Company currently has in its three feedyards.

Friena Common stock is traded on the American Stock Exchange under the symbol FI. The Company is engaged in the manufacture and sale of commercial cattle feeds, retail marketing of animal health supplies, custom cattle feeding, the sale of Company owned cattle, operation of grain facilities, and the processing, packaging and distribution of ground beef.
