Bentsen challenge

Editor's note:

The following is a letter from Senator Lloyd Bentsen encouraging an increase in Texas voter registration. Let's accept his challenge and have the best voter turnout Texas has had.

I am getting ready to throw down the gauntlet and I would appreciate it if you would help to pick it up.

The issue is voter registration and it is a serious matter, but that doesn't mean that we can't have a little fun while encouraging the people of Texas to register.

We Texans are a proud bunch and, generally, with good reason. Most everything we have or do is bigger and

But there is one area where some of our "northern" friends have a leg up on

I am speaking specifically of those friends who live to the north of us in Oklahoma and of what they have done to us on registering voters.

According to the latest available census estimates there are 2,069,000 souls of voting age who for one reason or another failed to make it south of the Red River and who reside in Oklahoma. There are 1,369,016 Oklahomans who are registered to vote.

In Texas, meantime, the census counts 9,382,000 voting age residents, but there are only 5,666,728 registered

According to my calculations, that means 66.2 percent of the eligible voters of Oklahoma are registered to vote while only 60.4 percent of the potential voters in Texas have register-

That will not do.

We can do better.

I am so confident we can that in the coming days I will issue a challenge to my colleague from the North, Oklahoma Senator David Boren.

Texas in 1982 will ultimately register a higher percentage of its eligible voters than will Oklahoma.

Here is my challenge. If I am proved correct I will present a pecan tree - the State Tree of Texas - to Senator Boren and will stand watch as he plants it on his front lawn. If, by some fluke, Oklahoma prevails he will present a redbud tree - the State Tree of Oklahoma - to me and I will plant it on my front lawn.

I don't relish the thought of doing the

I would hope that you — as Texans first and Members of the Press second will pitch in and help to uphold the honor of your state.

At the same time, of course, and with all kidding aside, you will be helping to assure that as many Texans as possible do not lose by default their precious right to vote.

Any Texan who is 18 years of age or older is eligible to vote. Any eligible Texas voter can participate in this year's November 2 general election by registering no later than 30 days before the election

If we work at it I am confident we can register 70 percent of the eligible voters in Texas for the vote, substantially more than that with any luck.

And, while doing this worthwhile work, we would also be creating another monument for Texans to view whenever they tour our nation's capital: the Tree of Texas planted on the lawn of the Senator from Oklahoma.

CRIME CALL

BY BILL GRAY

Neighborhood Watch Needs Help

Crime Call has relinquished this space today in order that an appeal can be made for financial support for Floydada's Neighborhood Watch program.

How many more homes and businesses are going to be broken into and property damaged or stolen before the citizens of Floydada realize the need for such a program? This newspaper has had several excellent editorials lately dealing with 'apathy." Wes Brown hit the nail on the head when he stated: "If everyone took the attitude 'let someone else do it,' nothing would get done." Unfortunately, he is

For weeks now, a notice on the fund raising for Neighborhood Watch has appeared in the Hesperian. Showing their civic concern, the Chamber of Commerce has been gracious enough to allow their office to be the collecting point for the private fund-raising. Approximately \$700 is needed at once in order to purchase the street and window signs and other material. To date, only \$25 in donations has been

This is a program that will benefit the entire community, and it is one time "the other fellow" cannot do the job! Neighborhood Watch is a necessary and welcomed tool of law enforcement agencies in the towns and cities that have it in effect. Heed the call--contribute to the Neighborhood Watch Fund at the Floydada Chamber of Commerce. We all have pride in Floydada and everyone shares the mutual concern of safety for pride in Floydada and everyone shares the mutual concern of safety for our neighborhoods and business. The program will work for all of us.

PISTOL PACKIN' ILLEGAL Q: Can I legally carry my pistol in my car when taking a large sum of money to

A: No. Carrying your handgun in your car is considered to be "on or about the person" and not legal in Texas. Q: What is the penalty for unlawfully

carrying a pistol in my car in Texas? A: Unlawfully carrying a handgun in your car is a Class A misdemeanor and is punishable by fine not to exceed \$2,000 and/or one year or less confinement in the County Jail.

Q: Where can I get a license to carry my handgun in Texas?

A: There is NO license to carry a handgun issued in the state of Texas. Q: If I am stopped by a police officer and charged with illegally carrying a handgun, what should I do?

A: Above all, do not talk with the police officer until your attorney is present. Politely demand to call your lawyer and wait until your lawyer advises you.

Rodger Zimmerman is a successful Texas trial lawyer and a foremost authority on firearms laws. Reader questions will be answered as time and space permit. Write to this newspaper or to Gunowners, Inc., Driftwood, TX

FREE SPEECH AND THE A.C.L.U.

On May 20, 1982, U.S. District Judge John Singleton ruled that the children in Aldine schools, outside Houston, could no longer include a phrase praising God in their school song.

That made the American Civil Liberties Union (ACLU) very happy. They had been party to the suit, claiming that the song violated constitutional provisions of separation of church and state.

On July 3rd, the Supreme Court ruled that states can indeed ban the distribution of child pornography. That made ACLU very unhappy. One of their spokesmen was quoted in the press as complaining this violated the constitutional provisions of free speech.

If this all seems strange to you, perhaps it is because it is strange. The ACLU is constantly worried about the "free speech" rights of pornographers, but seemingly is on the other side of the fence

when the question turns on the free speech rights of school children. One cannot escape the conclusion that the ACLU would defend the "right" of school children to distribute smut, but they would deny them the right to sing the praises of God.

And if you ever wonder where the ACLU gets the money to pursue its goals, consider this: a lot of rich people in high places give them a lot of money. Our current Lieutenant Governor Hobby, for example, held a fund raiser for them in his Houston home that raised some \$60,000. He is very proud of his efforts in this regard, defending it repeatedly while out on the campaign trail seeking reelection. That is one of the many areas where he and I are in disagreement. I think there are far worthier organizations for Texans to champion. I would appreciate hearing your thoughts. Just write me at 1213 W. 34th, Austin, Texas 78705.

Candlelight wedding joins Ward, Allen

Kelly Dawn Ward and Norman Wayne Allen were united in marriage at 7:30 p.m. on Friday, August 6, 1982, at First Baptist Church, Floydada, before a host of friends and relatives. Bro.

Floyd C. Bradley performed the double ring ceremony.

Kelly is the daughter of Mr. and Mrs. Richard Ward of Dougherty. Norman is the son of Mr. and Mrs. Harvey Allen of

Alton B. Chapman and Louise Bar-

ganier were married August 27, 1932 in

Marlin. They lived in Floydada from

1940 to 1957. Judge Chapman was

District Judge of the 110th District

Court during that time and moved to

Amarillo in 1957 after he was elected

Justice of the Court of Civil Appeals. He

serving two terms. They have lived in

Gatesville for the last thirteen years and

seven months.

Guests were registered by Deeann Fry of Lubbock. The choir loft and pulpit area of the church held a large pyramid brass candelabra decorated in orchid and lilac and white gladiolas and daisies, and graduated sizes of brass urns holding palms of emerald foliage formed the wedding background. On the lower floor of the sanctuary were entrance candles decorated in lavender and lilac. Brass baskets on tall brass pedestals held arrangements in lilac, lavender and white gladiolas and daisies. The bridal aisle was lit by brass hurricane lights. The mothers were seated to "Andan-

The mothers were seated to "Andantino in D Flat" by Lamare played on the organ by Mrs. Bill Hardin, cousin of the groom. Harvey Allen, the groom's father, played "Whither Thou Goest" on the harmonica followed by "The Wedding Song" sung by Mrs. Kay Crabtree. Both were accompanied by Kay Crabtree on the piano. During the ceremony, Mrs. Crabtree sang "The Lord's Prayer." The groom, groomsmen and bridal attendants entered the sanctuary to "Theme from Ice Castles" played on the flute by Mrs. Jerry Battey, Jr. and accompanied by Miss Terri Lloyd.

The bride was escorted and given in marriage by her father. She wore a formal gown of white chantilly lace and organza. Fashioned with a Queen Anne neckline the gown featured full long sleeves. Pearls on lace motifs lavishly trimmed the bodice. A satin sash wrapped the natural waistline. The skirt was tiered in massive arrangements of chantilly lace ruffles that swept into a chapel length train. For her headpiece the bride chose a picture hat of lace motifs and illusion which complimented the gown. A tier of illusion draped the back of the hat.

The bride carried an all silk cascade type bouquet of lavender, lilac and white rose buds showered with silk baby's breath. Following tradition for something old the bride carried a lace trimmed handkerchief that belongs to her grandmother Ward. Something new was the bridal gown. For something borrowed the bride wore a necklace of pearls belonging to the groom's step-grandmother Wilson. Something blue was the blue garter that was originally worn by the bride's mother and also by her sister at their weddings.

The maid of honor was Shelley Bearden, friend of the bride. Bridesmaids were Brenda Hicks, friend of the bride, and Kristi Hopper and Karla Ward, sisters of the bride. All wore identical dresses of pale lilac fashioned with an empire waist and long pleated skirts, topped by short sleeveless jackets. The attendants carried old fashioned arm bouquets of mixed silk flowers in the colors of lilac, orchid and lavender.

The groom was attired in a silver grey

tuxedo with tails and silver ascot and pearl tie tac. Todd Beedy, cousin of the groom, was best man. Mike Allen, brother of the groom, and Rick Heflin and Jim Waller, friends of the groom, were groomsmen. They wore identical charcoal grey coats with tails and pin-striped pants, with grey striped ascots.

The ushers were Cliff Hopper, brother-in-law of the bride, and Bryant Higginbotham, Chris Fulton, Terry Westbrook and Tom Ross, friends of the groom. They wore grey tuxedos with matching grey bow ties.

A reception was held at the Wall Street Parlor immediately following the ceremony. The bride's and groom's tables were covered in floor length ecru lace cloths over a solid ecru cloth. A three-tier white bride's cake was decorated with lavender flowers accented by

small pink and yellow flowers and greenery. The cake was topped with two lavender silk wedding bells surrounded by silk flowers and lace. Punch was served from a silver punch bowl. A silver candelabra and the bridesmaids' bouquets formed the centerpiece. Misses Terri Gentry and Lisa Mayo served at the bride's table.

The groom's table featured a silver coffee service. A selection of fruit bits and pound cake were served from crystal appointments by Karen and Christy Pruitt, cousins of the groom.

Members of the house party were Mrs. Robert Ward and Mrs. Donald Harris, aunts of the bride; Mrs. Ray Tinney, cousin of the bride; Mrs. Charles Overstreet; Mrs. Weldon Pruitt and Mrs. Button Beedy, cousins of the groom; Mrs. Bill Tye, aunt of the groom; and Mrs. Alton Higginbotham. Bird seed bags were distributed by Dana Hickman, cousin of the bride.

The groom's parents hosted a dinner at the Olde White House Thursday evening following the rehearsal.

After a wedding trip to Ruidoso, New Mexico, the couple will be at home in Lubbock where Norman will attend Texas Tech University and be employed at Behner & Co. Kelly will be a hair stylist at Hair Jammers.

MAS. REA BREED

formal gown of white chantilly lace and organza. Fashioned with a Queen Anne neckline the gown featured full long sleeves. Pearls on lace motifs lavishly trimmed the hodice. A satin sach

Joy Dell Jordan became the bride of Rex Armon Breed during a 3:00 afternoon double-ring ceremony on Saturday, July 24th, at the First United Methodist Church in Floydada.

Jerry Kunkel, pastor of the First United Methodist Church in Petersburg, Texas, performed the ceremony.

The bride is the daughter of Wendall Jordan of Canyon, Texas and Joyce Jones of Moore, Oklahoma. The groom is the son of Frank and Helen Breed and grandson of Mrs. B.L. Breed, all of Floydada.

The nuptial area was centered with decorated brass candelabras. The church was decorated with lavender and white assortment of silk flowers with matching ribbons.

Mrs. Jerry Kunkel, provided music and solos which included: "The Lord's Prayer" and a selection from "Ice Castles." Also a taped recording of "From the Start" from the album of Johnny Ray Watson.

The bride was given in marriage by her father. The bridal gown was of chantilly lace and organza with a chapel train. The neckline featured a stand up lace collar with a pearl trim. The bodice was of chantilly lace sprinkled with seed pearls. The leg of mutton sleeves and slightly raised waist were accented with lace trim. The bride wore a picture hat decorated with matching lace and a waist length veil.

She carried a bouquet of white butterfuly orchids, lavender tiger lilies, deep lavender rose buds and white stephanotis.

Maid of honor was Jaquelyn Soward of Galveston, Texas. Bridesmaid was Debra Swart of Lubbock and flower girl was Jami Jordan of Canyon, sister of the bride.

The maid of honor and bridesmaid dresses were of lavender floor length knit with a high Victorian neckline.

They wore lavender picture hats with bands of organza that flowed to waist length. They carried bouquets of white butterfly orchids, lavender tiger lilies, deep lavender rose buds entwined with stephanotis.

The flower girl's dress was made of lavender dotted swiss. A lavender gross grain ribbon sash tied at the empire waist. She wore a lavender picture hat with a matching ribbon and lavender rose tied at the back. The flower girl carried a basket of rose petals decorated with stephanotis, tiny lavender roses and lavender and white lace ribbon.

All women of the wedding party wore corsages of white carnations with lavender ribbons.

The groom was attired in a silver tuxedo, silver ruffled shirt and bow tie. His boutonniere was a white carnation.

Serving the groom as best man was Joe Mack Breed, brother of the groom from Tulia. Groomsman was Don Castleberry, cousin of the groom of Petersburg.

Serving as ushers and candlelighters were Dean Jordan, brother of the bride of Oklahoma City, and Roy Rogers, brother-in-law of the groom of Crosbyton.

Male attendants wore silver tuxedos, white shirts with lavender trimmed ruffles and silver bow ties. They wore boutonniers of white carnations.

During the ceremony, both the bride and groom presented the mothers with a long stem red rose.

Following tradition for competing old

Following tradition for something old, the bride carried in her shoe an 1895 penny belonging to her uncle. She also had two pennies in her the year that both were bon new was the wedding gon borrowed was the picture ing to the groom's size mar

MRS. DAVID SCHWERTNER

Theresa Kittrell is honored during Saturday bridal coffee

Miss Theresa Kittrell, bride-elect of Marlin Marble was complimented with a bridal gift coffee Saturday morning. in the home of Mrs. Richard Franks. Guests called between the hours of 10 and 11:30 a.m., and were greeted by Mrs. Franks and the honoree.

Special guests were Mrs. Jerry Kittrell, the honoree's mother; Mrs. Keith Brock, mother of the prospective bridegroom; Mrs. Max Marble; and the groom-to-be's grandmothers. Mrs. Johns Cox of Lockney and Mrs. Eathyl Marble of Plainview.

The registry table featured an arrangement of fresh daisies and was attended by Mrs. Ronnie Truelock. cousin of the honoree.

An ecru linen cloth covered the serving table which was accented with brass candlesticks holding deep dusty rose tapers. Brass coffee and tea service was used with crystal appointments and dusty rose napkins. Presiding at the table were Miss Cindy Brooks and Miss Lori Barnes.

Mrs. W.T. King assisted in the gift

The hostesses presented the honoree with a set of cookware and a brass etagere. Hostesses were: Mmes. Les Clary of Dimmitt, Lanny Tucker of Estelline, Joe Percy Hart, Myrt Loman,

The bride was given away by her father in a navy-blue formal tuxedo. Her mother wore a street length turquoise colored, chiffon dress.

The groom's father was attired in a navy-blue formal tuxedo and his mother chose a street length turquoise and white dress.

Before the ceremony, both sets of parents lit two candles on either side of a menorrah symbolizing the seperate love they had brought to the wedding feast. The bride and groom each lit a candle separately, and then together lit the last one present. The bride presented a silk red rose to both mothers.

The groom and his groomsmen wore tuxedos of silver color with regular coat styles. Serving the groom as best man was Gilbert Schwertner, brother of the groom of Floydada. Groomsmen were Arnold Schwertner, brother of the groom, of Floydada, Mark Hartman, brother of the bride of Houston, Matt Kitten, cousin of the groom of Lubbock, Joe Stokes, of Lubbock and Chris Johnston of Wichita Falls.

Ushers were Morris Dixon, of Lubbock, Michael Early of Lubbock, Phillip Kitten, cousin of the groom of Slaton

and Randy Thomas, of Canyon. Candlelighters were James Franklin of Lubbock and Michael Huereca, of Dallas, both brothers-in-law of the groom. Altar boys were Joe Kahlig, of Mertson, Texas, and Chris Matschek,

Warren descendants gather August 7th

Descendants of the late Mr. and Mrs. R.E. Warren met Saturday and Sunday. August 7 and 8 at the Senior Citizens Building

An old fashioned ice cream supper was served following a period of recreation consisting of horse shoe pitching, douse a dunce, dominoes and card games.

The Rev. C.T. Warren of Haltom City gave the invocation for the noon meal Sunday.

Those attending and enjoying a basket lunch were: Mrs. Flora Warren,

Floydada; Mr. and Mrs. Y.E. Mc-Adams, Jr., Lubbock; Mr. and Mrs. Gordon Hambright and Treva, Floydada; Jeff and Brian Gallaway, Plainview; Rhonda Warren, Dumas; Mr. and Mrs. Robert Warren, Dumas; Mrs. Leona Warren, Floydada; Mr. and Mrs. Lester Britton, Crosbyton; the Rev. and Mrs. C.T. Warren, Haltom City; Tammy Hardin, Haltom City; Mr. and Mrs. Bill Warren, Amarillo; Mr. and Mrs. Dorcie Warren, Floydada; Mrs. June Ellis, Crosbyton; Mr. and Mrs. Bud Warren, Floydada;

Also, Mr. and Mrs. Elvis Warren, Kristi and Jerry Mevers; Mr. and Mrs. Bob Warren, Lubbock; Mr. and Mrs. Gene Warren and Chrissy, Amarillo: Mr. and Mrs. Foster Amburn, Tulia; Mr. and Mrs. Glen Amburn, Tulia; Mrs. Ethel Warren, Floydada; Mr. and Mrs. Johnnie Warren and Melinda, Lubbock; Mr. and Mrs. Randell Warren Lubbock; and two guests, David Morren and Michael Lipham.

The group enjoyed singing and a devotional given by the Rev. C.T.

Plumlees hold family reunion in Matador

On Sunday, August 8, the children of the late Mr. and Mrs. I.N. Plumlee of Mataodr, Texas held their annual family reunion at the American Legion Hall in Matador

All the daughters were present except one, Jimmie Young, of May, Texas was too ill to make the trip.

Thirty-two family members and friends were present for the occasion. Walter Jones, of Matador catered the dinner.

Those present were: Mr. and Mrs. Clifford Webb, Desert Hot Springs, California; Mr. and Mrs. DeForest Bra-

"OCTOBERFEST" EXTENSION CAMPS - A BARGAIN GETAWAY FOR **OLDER TEXANS**

Where can a person over 55 "geta--Three days and nights of fun-filled

activities, -learning opportunities, -other lively, life-loving people,

-fantastic food and -natural surroundings-with all the

modern conveniences -all for \$58.50?

There may be many places in Texas that offer such fare but not many can match "Octoberfest", a new Extension camp for people over 55. Four are scheduled this fall for

September 21-24, October 5-8, 19-22, and 26-29. Feature presentations will include:

your nutritional needs with special diet consultation, plants in the home, communication skills and game cookery.

Learning Centers will offer a variety of "hands-on" experiences including

miniature oil painting, pottery making and picture framing.

Some camps will have such additional centers as wind chimes, chair canning, homemade games, color and fashion. and selling the family farm.

Cards and table games, tennis, horseshoes and volleyball will be available at all times.

Evenings will be filled with such social activities as sing alongs, dances and a cabaret where camp participants present their talents.

Each camp is limited to 100 participants, so call me at the County Extension Office, 983-2806 for details

Getaway to "Octoberfest" - stretch your dollars and your mind.

Two-a-day

workouts begin

BY COACH L.G. WILSON

The Whirlwinds began two-a-day practice this week in preparation for defense of their 1981 district champion-

The workouts are going good. Most of the boys are reported in good condition. There will be some real position battles going on and I think we will have a real interesting team.

The workouts will end with "Meet the Whirlwinds Night" Friday, August 13, at 7:30 p.m. at Wester Field. Both the varsity and freshmen will conduct workouts at that time.

Tickets sales for the season are going good. We have some good reserved seats available for those desiring reserve seats this year.

Lakeview News

BY JOYCE WILLIAMS

A good inch of rain fell over the southeastern part of our community over the weekend. Farmers are watering night and day trying to get their crops to grow in the next few weeks. remaining.

Mrs. O.K. Custer spent the weekend visiting relatives in Slaton.

Mrs. and Mrs. Bob Alldredge spent the week-end in Sweetwater visiting their daughter, Karen, and her family, the Tommy Kleins.

Leslie and Will Martin of Tahoka are visiting their grandparents, Mr. and Mrs. William Bertrand, while their mother, Jill, is in New England with a friend from Tahoka, who grew up in the East.

Mr. Earl Bishop is back with the Riley, Teagues after spending a few days in his own home. He is feeling much better, able to be out in the yard and walk around.

Verlon Wright's fourteen year old grandson, Grant Kinslow of Coppell, Texas, spent last week visiting here. He is the son of the former Betty Lou Wright.

Mr. and Mrs. Joe Womack were in Nocona, Texas July 24 to attend the wedding of his brother, Jay. After the wedding on Saturday, the Joe Womacks and the Ricky Coppells went on to Ft. Worth to Six Flags Over Texas.

A recent article in U.S. News and World Report magazine is about the volcano that erupted in Mexico in the spring, and the ash and haze in the atmosphere that is believed to have caused the unprecedented rains in June, along with other turbulent weather. Scientists liken the volcanic haze

to the meteorite dust that is believed to have caused a haze over the earth, causing plant life to experience an early autumn, die and eventually starving the plant eating dinosaurs and when they died also stopped the food supply of meat eating dinosaurs. This Mexican volcano is expected to erupt again next year, causing similar weather conditions such as farmers have observed during 1982.

Mrs. Dean Watson attended Camera Club at Lighthouse Electric Community room Thursday night. Featured speaker was Wes Brown who showed members how to process slides.

Mrs. Julie Womack has been keeping her sister, Vicky's, little boy, Enoch Webster, this week.

Mrs. Gaye Lynn Carpenter and son, Cody of Canyon, visited with her parents, Mr. and Mrs. Weldon Hammonds, for the Floydada rodeo and the following week.

Mr. and Mrs. Millard Watson of Mt. Blanco, and Mr. and Mrs. Ken Robison of Lubbock were guests of Mr. and Mrs. Dean Watson and family for a barbecue at Roaring Springs Saturday evening.

Have you all been reading about the proposal in Austin for changing the Texas Homestead Law? As things stand now, a family's home cannot be foreclosed upon, thanks to the foresight of our state constitution as of 1895. But now pressure is being exerted on the House Financial Institutions Committee on August 20, will reconsider this law. One faction represents Texans who want to be able to use their property as they see fit, borrow more money and use their homesteads or collateral. The other faction sees changing the Homestead Act as opening Pandora's box of

troubles. Protection of the home and family is the major reason for opposing a change. Lawmakers foresee an increased number of foreclosures and families finding themselves without homes in order to make car payments, etc. The proposed floor of \$2,500 on loans would require notice to debtors that they could lose their home for non-payment of loan.

A constitutional amendment will be required to change this law. With Texas farm debt already at \$13 for each \$1 of cash income it is hoped cool heads will prevail and families will be able to keep a roof over themselves even if easy credit has ruined farmers all over West

Mr. and Mrs. Ralph Trice of Hobbs, New Mexico spent Sunday visiting her brother, Bob Alldredge and family.

Misses Tiffany and Tammy Teague of Duncanville visited with their grandparents, Mr. and Mrs. Riley Teague, for the Floydada Rodeo. It was the first rodeo the twins had ever attended. These tall, slendar elegant daughters of Dr. and Mrs. Rodney Teague, are preparing to enroll at Baylor University where they will major in Communica-

Mrs. Lanny Glasscock and children are ready to start spraying herbicide on their fields this week.

Mrs. Dean Watson took her brother. Louis Moore's children, Misti, Chris and Shawn, home to Dumas Thursday. The Moores came for the rodeo and the children stayed for a longer visit with the Watsons, Mrs. Wayne Bennett, and the Tom Moores. Brenda will work at the Duncan School office in Migrant Education this coming school year.

Jackson reunion held in Lu

A reunion of the descendants of J.W. "Jake" Jackson was held recently in Lubbock at the Villa Inn with 87 relatives and guests in attendance.

Those traveling the longest distance to attend were Mrs. Dudley Cooksey, Brandon, Colin and Emily of Hinesville, Georgia.

In the business session, Keith Jackson and Carolyn Jackson were re-elected president and secretary-historian respectively. A memorial moment remembered Verne Jackson of Odessa and his stepson Mike Huggins of Dallas who had both died since the 1981

Children of Mr. Jackson and his first wife, Georgia, who attended were Carl Jackson and wife Ann of Plainview; children of Mr. Jackson and his second wife, Emma Mae, who attended were E.M. "Son" Jackson and wife Faye of Floydada; Bernice Reynolds and husband Willis of Lockney; Floyd Jackson and wife Carolyn of Lockney, and Bennie Sprawls and husband H.G. of Lubbock.

Unable to attend were a daughter, Ollie Carpenter, 92, of Farwell, and a daughter-in-law, Ava Jackson, 90, of Floydada.

Hosts were Judy and Eugene Beedy of Floydada and Betty and Ted Bruce of Childress. Hosts for the 1983 reunion to be held in Lubbock the first weekend in August will be Kathy and Tom Sprawls of Lubbock and Jack and Carol Sprawls of Carrollton.

> Route 2 Plainview, TX 79072 (806) 296-6041

BY MRS. J.E. GREEN

August 9, 1982:

Another week has gone by everybody is busy. Gardens and crops looking good with some watering. Rarely have we had hotter afternoons. Any rain seems to come at night.

The Vacation Bible School at Calvary Baptist last week was enjoyed by all who attended. Aren't thoses one of the nicest times a church can have in the spring after schools out?

Then Saturday we hear Mrs. Payne and her mother made a flying trip to New York to visit their sister and

daughter. Jane and family. But Tammy and boyfriend were in the services

Mr. and Mrs. Henry Brower were Sunday dinner guests of Mr. and Mrs. Millard Watson of Mt. Blanco. Other guests wre the Watson children and families, the Ken Robersons of Lubbock and the Dean Watsons of Route 2

The sons of Mr. and Mrs. Joe Lee Dunn of Houston have been visiting their grandmother, Mrs. Frank Dunn and other relatives in this area.

Mrs. Ava Jackson's children were all with her Sunday. When all were leav-

Ben A. Alley named district engineer

gincer of the Austin district, has been named district engineer for the 17-county Lubbock district. Mark Goode, engineer-director, State Department of Highways and Public transportation, Austin, announced the appointment today. Mr. Alley will assume his new postion of August 1,

Alley, a 29-year veteran with the department, will replace the late C.W. Nall, Jr., who suffered a fatal heart attack on July 9.

A native of Brady, Texas, Alley began his highway department career in 1954. He progressed through several responsible engineering positions with the Austin district and was named

Local girl to teach

Shawnda Heflin, of Floydada, has recently signed a contract with the Plainview school system and this fall will be teaching Language Arts in the sixth grade level at Ash Elementary.

Shawnda, a 1978 graduate of Floydada High School, did her freshman work at South Plains College in Levelland. She received her degree in elementary education at Texas Tech University in July. Shawnda is the daughter of Mr. and

Mrs. Rob Heflin and the granddaughter. of Mr. and Mrs. Dorris Jones, all of Floydada. Other grandparents are Mr. and Mrs. J.B. Heflin of Plainview.

Ben A. Alley, assistant district en- assistant district engineer in December 1973. He has served in that position until his appointment to the Lubbock district this week.

> A veteran of U.S. Navy service during World War II, Alley attended Tarleton State College and in 1950 graduated from the University of Texas at Austin with a B.S. degree in civil engineering. He was named Engineer of the Year by the Travis Chapter of the American Society of Professional Engineers in 1979 and in 1980 was awarded the Gibb Gilchrist Award for excellence in highway engineering.

Alley and his wife, Peggy, have two children: Ben, Jr., of Houston and Jacqueline of Austin.

As district engineer, Alley will supervise activities of the department in Bailey, Castro, Cochran, Crosby. Dawson, Floyd, Gaines, Garza, Hale. Hockley, Lamb, Lubbock, Lynn, Parmer, Swisher, Terry and Yoakum Counties.

TET calls for disaster aid to schools

The head of Texans for Equitable Taxation has issued a call for state officials to implement a disaster aid plan for hard hit rural schools and taxpayers in the Panhandle and South Plains area.

According to Bill Baker of Knox City. State President of TET, school districts in the Texas counties recently declared an agricultural disaster area are faced with abrupt losses in both state and

"In many rural West Texas communities." said Baker, "Cotton gins and other agriculture-related businesses will be closed this year. This means that it will be difficult, if not impossible, for many of these businesses to pay property taxes. It also means that attendance will be down and this in turn will reduce state aid to those same

Baker said that TET is calling on legislation in January to help the

Texans for Equitable Taxation, formed in 1975, is a statewide coalition of rural schools and taxpayers concerned mainly with property tax and school finance issues. TET President Baker is the Superintendent of the Knox City-O'Brien school district.

Governor Clements and the State Board of Education to support emergency disaster-struck schools and taxpayers. He said that, at a minimum, the legislature should act to guarantee that each of the impacted districts would receive at least as much state aid this year as they did last year. In addition, he called for assistance to replace local taxes that will be lost due to the agricultural devastation.

'Most of these districts." he said. 'Will be forced to borrow money to stay in operation. Without some reassurances from the state, our already hardpressed rural banks may be unable to make the loans.'

Cedar Hill News

BY GRACE LEMONS

It has been dry and hot this week and the showers that came went around us. Rev. and Mrs. Vance Mitchell went to Eakly, Oklahoma Thursday to visit

Mrs. Mitchell's parents, Rev. and Mrs. H.E. Barnard. They returned home Friday and the girls, Sandra and Virginia, returned home with them. They had spent the past week with their grandparents.

Sandra and Virginia Mitchell and Vicki Powell began band practice this week with the other students of Floydada High School band. Summer will soon be in the past as school will be starting soon.

The Lackey Reunion will be held Saturday, August 21st beginning at 10:30 a.m. in the Massie Activity Center in Floydada. Bread, drinks and utensils will be furnished. Relatives and friends come and bring a basket lunch.

Funeral services for Jessie W. Foster, 73, were held Saturday at 3:00 p.m. in the First United Methodist Church in Lockney with Rev. O'Conner officiating. Burial was in the Lockney Cemetery. He died in a Lubbock hospital after a lengthy illness. Foster is survived by his wife, Alice, two sons, Louis and J.D., both of Springdell, Arkansas and one daughter, Jeannine Whitehead of Mor-

ton, eight grandchildren and three great-grandchildren.

Alton Warren of Midland visited Mrs. Peat Kelley and Norma Welch Thurs-

Edna Gilley had dinner with her sister-in-law Gertrude Hammitt in Plainview Sunday. They spent the afternoon visiting.

Janette Lackey of Floydada and Dorothy Merrell of Lockney visited Edna Gilly Wednesday.

Johnnie and Delise Harrison, and Casandra of Lubbock and Mark and Lori Gilly were supper guests in the home of Edna Gilly Saturday evening. Christy who had spent the week with her grandmother, returned home with the Alta Mae Higgins, Christine Larson

of Hereford and Anna Kate Bradley of Adrian visited their aunt and uncle, Jim and Viola Conner one day last week. They also visited Ruth and Robin Fortenberry. Thada Fowler and Clayton and Lyn of Silverton visited Mr. and Mrs. W.E.

Lackey one day last week. Mr. Lackey

has been ill for several days and is now

Mrs. Peat Kelley visited Pauline VanHoose Tuesday afternoon.

John D. and Pauline VanHoose spent the weekend with their son and family, the Cecil Wayne VanHooses' in Kings-

Albert Mize entered the Caprock Hospital in Floydada last week and we are glad to report that he is much improved and was able to return home Monday. His nieces and nephews have been marvelous in taking care of the Mizes.

Jack Dempsey who was helping work cattle on the D.M. Cogdell farm sustained a broken hip in a freak accident. He underwent extensive surgery in the High Plains Baptist Hospital Tuesday morning and is doing as well as could be expected.

Remember the Fortenberry reunion beginning Friday evening with a fish fry. There is room for campers and trailers to be parked near by and there are two motels near. Come and spend the night. Breakfast will be served Saturday morning at the Massie Activity Center where all the activity will be. Business meeting will begin at 10:30 a.m. followed by a covered dish luncheon. Meat, bread, and drinks will be furnished by the reunion. Bring a covered dish and enjoy the fellowship.

Dead wood can make a great blaze if it comes in contact with a flame.

Texas to receive nuclear Walk

Three Houston residents and two citizens groups have asked the Texas Department of Health to investigate new instances of nuclear waste being brought into Texas.

The complaint states that Nuclear Sources and Services Inc. (NSSI) has begun handling out-of-state low level radioactive waste at its facility at 5711 Etheridge in Houston and is threatening to open up a new site in Leon Counity. The complaint also states that NSSI's actions are a direct violation of the Texas Radioactive Materials Control Act.

According to Norris Haynie, chairman of the Leon County citizens group, It was just two years ago that many Texans became outraged to learn that a Todd Shipyards in Galveston was handling nuclear waste from all over the U.S. including radioactive waste from a nuclear power plant in Califor-

Mr. Haynie added, "The Health Department sued Todd, and Governor Clements publicly stated that Governor Jerry Brown of California and other states can keep their wastes and that as Governor of Texas he would stop radioactive waste from coming into

"Now the Health Department will let NSSI set up the same kind of nationwide nuclear waste operation" Haynie

As a result of the concern over Todd Shipyards and several other nuclear waste handlers, the Legislature amended the Radiation Law in 1981 to state that a waste operation in Texas "may not accept radioactive waste generated in another state for process-

Hennagen assigned In addition, airmen who complete

Airman Chris K. Hennagan, stepson of Charles R. and son of Mary L. Thomason of Lockney, has been assigned to Lowry Air Force Base, Colorado, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

LADONNA HEFLIN

Texas Farm Bureau seminar students return

La Donna Heflin, Tracy Harrison, Michael Carthel, and Byron Brock attended the Texas Farm Bureau High School Citizenship Seminar, July 19-23, at Baylor University in Waco.

Students who attended the seminar and are members of Farm Bureau families will be eligible to enter the TFB Free Enterprise Speech Contest this

Contestants also must make at least three speeches concerning free enterprise between the end of the seminar

and September 21.

Two speech contestants from each of the 13 TFB districts will be selected to compete in the state finals at the TFB annual meeting November 28-December 1 in Dallas.

Ten contestants will be selected as college scholarship award winners from the semi-final round. A state winner and three runners-up will be chosen to receive a five-day, expense paid trip to Washington, D.C. and Williamsburg. Virginia, next April.

LEGAL NOTICE

Lighthouse Electric Cooperative, Inc., (the "Utility") in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of its intent to implement a new schedule of electric rates, effective September 1, 1982, or as soon thereafter as permitted by law. All classes of consumers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish 50.15 percent more in revenues than were furnished by the existing schedule of rates during the test year and will incorporate expected wholesale power increases.

A statement of intent, including the proposed tariff revisions and schedules and a statement specifying in detail the effect the proposed change is expected to have on the revenues of the Utility, and the classes and numbers of Utility consumers affected, is on file with the Public Utility Commission of Texas and is available for Public Inspection at the Cooperative offices, Hwy. 70 East, Floydada, Texas, and 502 S. 2nd Street, Memphis, Texas.

> Harry Jung. Attorney for the Utility

ing or disposal." Senator Kent Caperton of Bryan, one of the sponsors of that amendment, has said that "I introduced that amendment to stop Texas from becoming a major storage site for the nation's nuclear waste.

"One of the major reasons to stop the importation of out-of-state waste was that the Texas sites were filling up with out-of-state waste leaving a crisis for management of the nuclear wastes generated in Texas from medical uses." Senator Caperton said "The law prohibits what NSSI intends to do.'

Representative Jim Turner from Crockett, whose district includes Leon County, also announced today that the law was meant to stop radioactive waste from coming into Texas. He said, "The importation issue was the major concern of many legislators, and the set of amendments would not have passed without that out-of-state restriction."

tended school in Long Beach and Mc-Murry College in Abilene where she earned a bachelor of science degree in elementary education. She is a member of the West Texas Library Systems Advisory Council and has served three years as president of the Floyd County Library. She has also served three years as secretary of the American Cancer Society unit in Floyd County.

The Lloyds are parents of four sons. Drew, Steven, and Paul, who reside in the Floydada area, and Patrick, a Floydada High School junior.

ergy Supply, Middle East War note Electric Co-ops' meeting

e Texas Public Utility nd a panel discussion with the sticky issue of no for rural electrics were be 42nd annual meeting ion of Texas Electric

ople participated in the ing sessions of various uxiliary organizations. in Austin.

the Tuesday afternoon Whert Mayer Evans, a ws foreign corresponhief, who described in rent war conditions in umstances underlying

ed in Austin shortly ntation after a 20-hour war-torn Middle East. w morning session, the ne Texas Public Utility the state's rural that consumers face the ctricity undersupply in pecific solutions are

nan H. Moak Rollins said usting present and future pacities in contrast to ands for power forecast shortages in periods of He said that a critical ope with this projected plementation of "load programs by electric

sing various methods periods. By reducing is easier to satisfy nds for power with a

goal of reducing peak elay the need to build approaching an electric

owned journalist, the energy crisis," Rollins said. "If our peak summer usage continues to grow at the present rate of 5.7 percent, we will experience (electricity) shortages in the next several years, even with the new generating units utilities plan to

> The PUC chairman said such shortages, should they occur, would hamper the growth of Texas' economy and adversely affect the comfort and convenience consumers now enjoy because of adequate supplies of electricity.

> In one of the information reports presented by generation-and-transmission co-ops in the state, L.E. Gross, manager of San Miguel Electric Cooperative, Jourdanton, noted that a U.S. Senate subcommittee is beginning hearings on whether to severely reduce emission levels for coal and lignite-fired generating plants. If ultimately implemented as initially proposed. Gross said, such a reduction "would cause every coal and lignite plant west of the Mississippi to operate in violation of minimum standards," thus jeopardizing consumers' access to adequate supplies of electricity.

> The critical issue of future financing for rural electrics was addressed by a panel moderated by Jim Morriss, Texas Electric Cooperatives' general manager and executive vice-president.

Commenting on current and upcoming money problems facing rural electrics were John Davenport, director of government relations at the National Rural Electric Cooperative Association in Washington; Charles Gill, governor of the Cooperative Finance Corporation in Washington; J.C. Roberts, member of the NRECA committee on future financing and general manager of South Plains Electric Cooperative, Lubbock; Alton Rollans, member of the CFC committee on planning and general manager of Brazos Electric Power tion in the Sun Belt.

an ever-changing rural America.'

recognizing the importance or unity

ation for his "valuable leadership in the interest of rural Texas" was U.S. Representative "Kika" de la Garza of Mission, chairman of the House Agriculture Committee. In addition, a reception on Tuesday evening honored Lieutenant Governor William P. Hobby

In the final session on Wednesday morning, participants viewed a video tape message from U.S. Senator Lloyd Bentsen, who outlined the achievements and contributions made by rural electrics and then stated his feelings strong support for the program by the U.S. Congress and the Rural Electrification Administration.

FARM NEWS

Landscape & Gardening

BY BENNY J. BUTLER

HARVEST HINTS

Make it a point to harvest all vegetables as they mature. To get the most from your garden, harvest vegetables at their best stage for eating. Many vegetables such as beans, okra and squash quit producing if not harvested on a regular basis, so regular harvesting is very important.

Harvesting at the right stage is also a must if you plan to do any canning or freezing. The final quality of your preserved vegetables is not better than the quality you begin with. Many gardeners consume most of their vegetables fresh and can or freeze what is left over. Avoid this practice if at all possible. Vegetables that you can or freeze should be identical in quality to those that are consumed fresh.

To maintain the quality after harvest, handle vegetables very carefully. Avoid bruising or damaging them as this encourages decay and a short storage life. Some vegetables such as sweet corn, peas, asparagus and leafy vegetables should be cooled to between 35° to 40° F. as soon as possible unless they are to be eaten immediately.

Another important point is to keep the time between harvesting and eating or preserving vegetables as short as possible. This helps you enjoy their full flavor and nutrient value. Many vegetables lose flavor and vitamin content if

To get the most out of your garden this year, harvest vegetables at the right time and stage of maturity. This may mean delivering some produce to your neighbors rather than swamping your kitchen with the third bushel of squash in a week.

OFF-FLAVORED CANTALOUPES

Do your cantaloupes lack sweet flavor and taste like cucumber? Some gardeners might wonder if they were pollinated or crossed with cucumbers or another member of the cucurbit family. Although some crossing can occur, it is

Production of off-flavored fruit is primarily caused by environmental conditions or some types of diseases. Cantaloupes do best and produce the most flavorful fruit when grown in relatively dry, sandy areas or where soil moisture is controlled. High rainfall or excessive irrigation as the fruit nears maturity greatly affects flavor. Foliage diseases which reduce plant vigor and

growth and consequently the leaves ability to produce fruit carbohydrates also reduce fruit sugar and flavor.

Wherever you live in Texas, you can improve the flavor of your cantaloupes by maintaining plants in a healthy growing condition, maintaining good fertility, preventing foliage disease and

avoiding excessive watering as fruits near maturity.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

USDA moves to improve accountability in school lunch applications

To ensure that only eligible children get free and reduced price meals, parents will be required to provide social security numbers on applications for free and reduced price meals, the U.S. Department of Agricultural an-

The ruling implements provisions of the Omnibus Budget Reconciliation Act of 1981, which requires that applicants include the social security number of all household members or an indication that none is available

In accordance with the Privacy Act of 1974, all state agencies and local school food authorities will be required to disclose how the social security numbers will be used and by what authority the information is required. In addition, the individuals must be informed that the disclosure is required in order for the application to be considered.

Prior to the reconciliation act, applications for free and reduced price meals required only family size and income

August 2, 1982

NEWS

"The change in the application procedures has been initiated in order to improve the integrity of the school feeding programs," assistant secretary Mary C. Jarratt said. "We are very concerned about the potential abuse that can be caused if parents misreport their incomes on free and reduced price meal applications," she added.

To implement the revised application procedures in the beginning of the 1982-83 school year, the regulations will be published interim final. This means they are effective upon publication but USDA will accept comments on the procedures in order to make any necessary changes. Comments should be sent by December 31, 1982 to Stanley Garrett, Branch Chief, Policy and Pro Development Branch, FNS, 3101 Park Center Dr., Alexandria, Virginia,

Proposed regulations were published on May 25. Public comments were considered in formulating the final regulations, Jarratt said.

IH tractor sets Nebraska rem The 73dB(A)

International Harvester's largest twowheel drive tractor set three records for power and fuel economy and tied an existing mark for low sound level in the Nebraska Tractor Tests conducted and just released by the University of Nebraska, according to Steve Brown, the International Harvester agricultural

dealer in Floydada. In tests comparing performance of two-wheel drive tractors, IH's 187 PTO hp 5488 tractor burned only 0.430 lb. of fuel per horsepower-hour, setting a fuel economy record for tractors over 165 PTO hp. The tractor also set a record for the most drawbar horsepower ever delivered by a two-wheel drive tractor, 164.82, and a new drawbar pull record of 18,646 lb. The 5488 registered a low sound level of 73 dB(A), to tie an existing mark.

The fuel economy record translates into a 3 to 4% fuel savings for the average farm job compared with a leading competitive tractor model undergoing the same Nebraska tests, according to IH engineers.

"Two of the design criteria of our 50 Series were to provide the farmer with tractors that cover more acres per gallon of fuel and work more acres per hour." said Brown. "The Nebraska test results confirm the power and fuel efficiency advantages of this advanced design." IH introduced the three 50 Series tractors in September, 1981.

Brown credited the strong performance of the 5488 to the high torque rise characteristics of the IH's direct injection, turbocharged and intercooled diesel engine matched with a new highly-efficient power train and an electronically assisted fully synchronized 18 speed constant mesh transmis-

"A high torque rise engine like the 5488's DTI 466 gives the farmer more power at a lower engine speed," said Brown. "In tough plowing or disking conditions, as the engine speed drops, the torque rises. The farmer gets maximum fuel efficiency without constantly shifting up or down when moving in and out of varying conditions. The transmission has such a wide variety of speeds and the engine has such a wide operating RPM range that the farmer can match ground and

engine speed to any given job while maintaining power and productivity." The transmissions in the 50 Series tractors have six speeds in each of three ranges - low, medium, and high.

The maximum 18,646 lb. of drawbar pull was achieved in the low range, sixth gear. The 164.82 drawbar horsepower record was established in the medium range, third gear.

eved with the of pull at a n two hours. For a passenger registers a so according to figures.

Pest Management Report

BY DALE W. SPURGEON **General Situation**

Cotton ranges from fields with good fruit load (one field in the scouting program already has over 80,000 bolls per acre) to fields which have not yet begun to bloom.

Sorghum is flowering in some areas. Most fields are at least near the boot stage, although there are still quite a few fields around with smaller plants.

Nearly all corn fields are in the dough stage, with many fields at the "hard dough" point.

Soybeans range from prebloom to well into pod fill while sunflowers are present in all growth stages except perhaps seedling.

Cotton

As of this week I am still receiving many calls about aphids, with most calls coming from northern Crosby and southern Floyd counties. I have also noticed that aphids have begun to reinfest some fields in southern Crosby county which were treated earlier.

Once again, at the risk of repeating myself, let me remind you of several factors which should be considered when making a decision about aphids.

1) Be sure of the extent of infestation. Honeydew is not a good indication of aphid numbers. By the time honeydew is noticed, aphid numbers are often declining. Also, aphid infestations are often very spotty. Growers sometimes "see" only the worst spots in a field when they should be considering the field as a whole.

2) Aphid populations often "crash" very quickly due to pressure from predators, parasites, and crowding. 3) Try to be realistic when consider-

ing a given field's yield potential and the potential benefit from treatment. 4) Beware of opening yourself to a bollworm outbreak.

Bollworm moths are laying eggs in cotton now, but peak egg lay is not expected to occur for several days. Fields in the scouting program ranged from 0-3800 eggs per acre and 0-2700 small worms per acre. A few loopers are also showing up. Fortunately, these fields appear to have good numbers of beneficials.

Corn

Many corn fields are showing heavy infestations of spider mites. Yellow spots on leaves in the middle 1/3 of the plants are readily visible in several fields. Treatment is justified when mite colonies (not invididual mites) are present on leaves in the middle 1/3 of the plants before dent stage is reached.

Southwestern corn borer egg counts have been low so far. I am not running any traps myself this season, but the information I have received from those who are indicates that corn borer numbers are much lower this year than last year. I have received reports that some

growers have already treated for Southwestern corn borers. Treatment is justified when 20-25% of the plants have eggs or newly hatched larvae on them. Be sure you are making decisions based on the number of eggs and larvae present this year, not the number of lodged stalks last year. If you base decisions on last year's problems, you will always be one year behind.

Many small, black beetles have been found on and in ears which have been fed on by earworms. These are corn sap beetles and they are found only on damaged ears. There is no need to be concerned about these beetles.

Sorghum

Greenbugs have reached treatment level in several sorghum fields and some fields were treated last week. Treatment is justified when large colonies and red spots are present and before any entire leaves are killed on preboot sorghum; before the death of one functional leaf on boot to heading sorghum; and when greenbug numbers are large enough to kill two normalsized leaves on heading to hard-dough sorghum.
