## Floydada Fire Department sponsors first Agro-Rescue School here

The Floydada Volunteer Fire Department held their first Agro-Rescue School Saturday, August 18 from 7:00 a.m. until 7:00 p.m. They had 115 people to register that were from 31 different departments throughout the state. The school was given to keep abreast of the many new problems that are constantly arising in the fire service and experiences in fire control and fire protection methods.

The wives of the Floydada Firemen were in charge of the registration that went from 7:00 a.m. They had coffee and donuts and cakes for all the members of the school. The wives that were in charge of this were Nancy Welborn, Rhonda Guthrie, Beth Eckert, Stacy Reeves, Elizabeth Sims, Ginger Warren, and Penny Ogden. They were also in charge of getting all the certificates ready to be handed out at the end of the day.

Classes began at 9:00 a.m. with three hours of lectures and slides given in the fire hall. This covered the following: Overview of Problem, Machinery Construction, Pre-Planning of Farm Rescue, and Safety Devices and Rescue Coordination. A slide presentation was given by Joe Smetana with the Farm Bureau from Waco on Extrication. Doak Enabani and Jim Majorovsky with the Lubbock E.M.S. gave a slide presentation on victim care and packaging.

Class participation began at 1:00 p.m. and went until 7:00 p.m. For this the students were divided into six man teams and taken outside for their

hands-on training, in which they were taught the following:

1. Safety on original factor safety features of machines. The safety rules around machinery and the safety at the scene.

2. Duties of team members and how to always work as a team and the make-up of a team.

3. Set up and rescue procedures. Here the students set up dummies as

victims that were caught in machinery and were taught how to rescue a victim from the machinery without more injury to anyone.

The instructor's for these classes were as follows:

Tracy Warren and Randell Sims, both of Floydada, made a video taping of the school for anyone who wishes to see this.

The Floydada Firemen would show this film and a program on the school to any group who wishes to know more about this school.

The trash clean-up crew consisted of Misty Warren, Therese Sims, Shonda Guthrie, and Chad Guthrie, all of Floydada.

There was a supper served at the end of the day and everyone was given certificates and a delicious meal was prepared and served by Jerry Galloway, Alan Fondy, Larry Ogden, Joe Falcon, Mike Anderson, Jimmy Owens, Danny Nixon and LeRoy Chowning, all of Floydada.

The school was conducted by the Fire Protection Training Division, Texas Engineering Extension Service, and the Texas A&M University System. It was sponsored by the Floydada Fire Department and the State Firemen's and Fire Marshal's Association.

Larry Guthrie was the school coordinator and had a big job in getting the

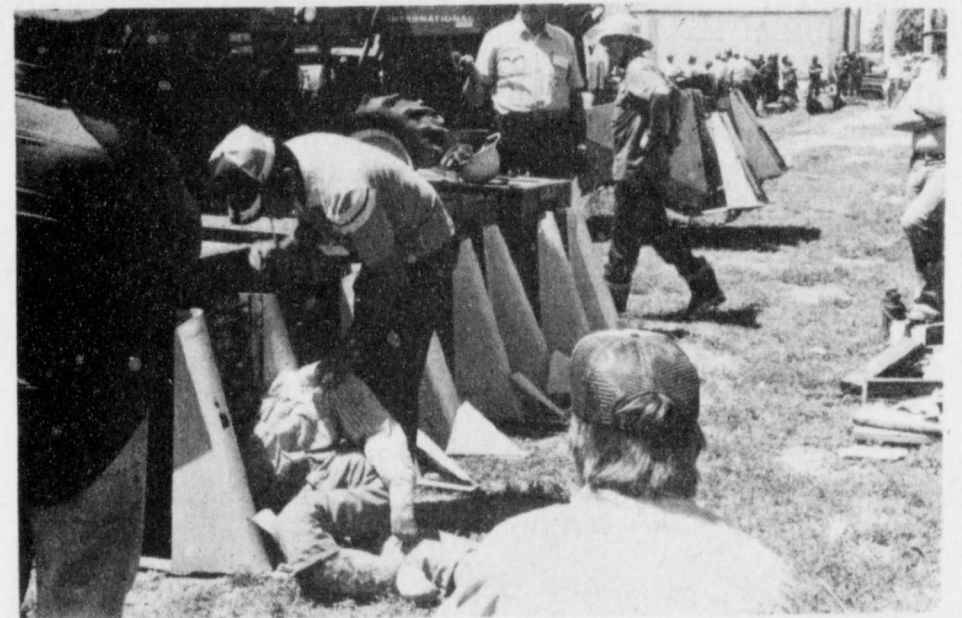

school organized.

The Floydada Fire Department would like to thank all the following for furnishing the equipment used in the training: Brown's Implement, Co-op Elevator, Floydada Implement, William Bertrand, Darrell Dudley, Greg DuBois, Lon Davis Grain, Brown Gin, Co-op Gin, and the others who wish not to have their names published. The equipment used included combines, tractors, cotton strippers, tractors with disk, hay bailers, augers, mowers, front end loaders, back hoe, maintainers, anhydrous ammonia tank, grain dump truck, and corn header.

The Floydada Firemen would like to thank My-T-Burger, Pizza Gold, Kirtley's Grocery, Weems Texaco, and Shop Rite for their help in the food.

The firemen would also like to thank the Floydada Ambulance Service for their quick response to their call during the school.

The Floydada Fire Department hopes that the whole community of Floydada will help support this school as it will be an annual school that will be held every year at the same time from now on. They hope that it will be a lot bigger next year as they are looking to have twice as many students next year. They would like for the community to be on the lookout for old farm equipment that they can have to take apart for their school next year. If anyone knows of such equipment please contact Larry Guthrie or Carroll Sims.

## Actresses needed from Lockney and Floydada for play

The Floyd County Arts Association will be presenting a play for children's audiences in mid-October, according to Drama Committee Chairman, Stella Benjamin. At a recent meeting of the

Drama Committee, chairmen for scenery, props, costumes, etc., were appointed, and preliminary planning was begun.

This first dramatic production by the Association will be a comedy version of the well-loved fairy tale, "The Princess and the Pea". The play will be directed by Sara Probasco (who has agreed to serve as director of Fall productions this year), and will have a cast of nine adult females. Rehearsals will be held on week-day mornings. The play is scheduled to be performed in both Lockney

and Floydada, with after-school and Saturday performances being planned.

Anyone interested in taking part in this delightful play is urged to come to a play-reading and casting get-together at 10:00 a.m. on Monday, August 27, at the First National Bank building in Floydada. Call your friends Monday

morning and remind them to come along with you. You do not have to be a member of the Arts Association to take a part in the play (although we welcome new members at any time). No previous dramatic experience is necessary. For more information, call Stella Benjamin (983-2135) or Peggy Roberts (652-3102).

## Hightower addresses SWCD luncheon

Floyd County Soil and Water Conservation District hosted a luncheon at Massie Activity Center for Jack Hightower, U.S. Congressman from the 13th District on August 21. Following the meal, Congressman Hightower spoke on the 1985 farm bill.

Congressman Hightower, who said he represents one of the "largest and richest agricultural areas in the world", stated, "the real need is to address the real problems and find the appropriate solutions." He pointed out that it is often difficult to determine the problem and even more difficult to find an answer.

Hightower discussed the 1985 Farm Bill for which hearings are now underway. According to Hightower, the bill will contain numerous commodity programs, but will also contain many non-commodity programs. The target

price and loan structure portion of the bill should remain unchanged.

Said Hightower, "It's going to be pretty much more of the same. The farm bill should be similar to those of the past. The major difference will be in the administration of the programs involved," stated Hightower.

"The Congressman pointed out that the cost of administering and monitoring programs must be carefully considered to determine if they are effective.

Hightower called for more effective management and increased foreign sales to boost the agricultural economy. He also insists that agricultural research must be encouraged and funded. Search must be encouraged and funded.

"The only way things will work out is for someone to work them out and it is for those of us in positions of responsibility to be the ones to do it," declared Hightower.

U.S. CONGRESSMAN Jack Hightower spoke to Floyd County SWCD members about the 1985 Farm Bill.

CYNDI AND JAMES WILLIAMS encourage customers to try exotic flowers instead of the customary roses, carnations and daisies.

## Williams enters third year

Williams Florist is beginning its third year of business this month. After a hitch in the Army, James Williams and his wife Cyndi opened the flower shop in August of 1982. The shop specializes in arrangements designed to fit the specific needs of the customer. Williams Florist is a member of both AFS and FTD wire services, making it possible to serve their clients not only locally, but worldwide. These organizations also sponsor design schools and conventions for their members. Such functions allow a florist to continue his study of arranging and keep up with new ideas.

Green and blooming plants come to Floydada from Lubbock, Canyon, and Kress. Cut flowers are ordered from growers in the United States and overseas. Service is swift and deliveries usually arrive within seventy-two hours. Practicing their artistry with James and Cyndi are Ozena Norris, Karrie Franklin, and Linda Hinsley.

Cyndi hopes to introduce more exotic flowers to Floydada. "Everyone thinks of roses, carnations, and daisies when they choose flowers. There are so many more beautiful flowers," says Cyndi. The shop offers complete service for weddings, funeral, and all other occasions. "We feel a responsibility to be here when people need us, so we accept calls for flowers at night and on weekends whenever possible," stated Cyndi.

James, a former Floyd County resident and son of Joyce and Q.D. Williams, met his wife while attending Lubbock Christian College. Both graduated from the University of Texas at Permian Basin. Cyndi is a Certified Florist whose goal is to become a Master Florist. James is very involved

in the business, as well as being an adult probation officer for a four county area. He is also the Community Services officer of the Rotary Club. Cyndi enjoys working with the 1956 Junior Study Club and is Vice President of the Women's Division of the Chamber of Commerce. The family attends City Park Church of Christ.

The Williams' have two children, Ashleigh, age four, and Austin, age nine. The family enjoys living in Floydada. "The children really like it," says James. "It is only twelve miles to Grandpa's, and they can ride horses there."

Watch your paper next week concerning scholarships for local emergency training.

# Bud Rainey promoted

Luther L. (Bud) Rainey, a Floydada resident for the past eighteen years, has been named agency manager for the Parmer County Farm Bureau. The Rainey family will be relocating in Friona. Rainey is pleased with the new position, saying, "I am very excited about it. It's going to be a challenge." Bud credits the promotion to hard work and James Race. "Mr. Race has been the manager here for seven years and six people who worked for him have been promoted. Four have been appointed agency manager. James taught me well enough that I could earn a promotion. I couldn't have done it alone," stated Rainey.

He came to Floydada as a Texas highway patrolman in 1966. He went on to be elected Floyd County sheriff in 1972. Rainey served a full term and was elected to a second, but left the department before assuming those duties to teach law enforcement at Texas A&M University engineering and Extension Service. Later he became an instructor in the criminal justice division at Wayland Baptist University in Plainview before joining Farm Bureau in 1982.

Rainey was honored as an Outstanding Young Man of America in 1972. He has received many awards during his tenure with Farm Bureau, including All Star in 1983-84, a statewide winner in 1982-83, Round Table in 1983, and Million Dollar Club in 1983.

Bud has always been active in the community, coaching various youth athletic groups and graduating to civic organizations. Rainey is a 32nd degree Mason in the Floydada Lodge #712. He is a member of the Floydada ISD Board of Trustees as well as the Rotary Club. He has served as president of the Chamber of Commerce board this year. The Rainey's attend the First Baptist Church, where Bud teaches a Sunday school class for young married men.

Rainey's wife, Sandra, has been secretary and communications operator at the Floyd County sheriff's office for four years. The Rainey's have three children: Jeff is a senior at Angelo State University in San Angelo; Kristi is attending Jessie Lee's Hair Design Institute in Lubbock; and Rusty, who is fourteen, will be starting high school this fall.

Leaving Floydada will be difficult for the family. "It's tough. We are bettering ourselves. If we weren't, I wouldn't even think of leaving," said Bud. "Friona is a nice community and I think we will enjoy living there," he added.

# Wester retires from postmaster position after 28 years

Ed Wester, a distinguished silver haired gentleman of sixty-three years, is retiring from his duties at the United States Post Office in Floydada on August 31st. Wester has been the Postmaster in Floydada since March 15, 1955. He served as acting Postmaster until June of 1956, when he was appointed Postmaster by President Dwight D. Eisenhower.

A reception was announced in this paper last week in error. The employees of the U.S. Postal Service will honor the retiring postmaster at a private reception for employees and their families only.

Wester was born in Sulphur Springs, Texas on August 7, 1921. His family moved to Floydada the next month and he considers himself a life-long resident. Wester's father, J.C. Wester, operated a grocery here for a number of years.

After completing high school, Wester attended North Texas State, where he was awarded a Bachelor of Science degree in business. Ed joined the Marine Corps in 1943. He served with the Fifth Marine Division on Iwo Jima and was a part of the occupation of Japan after World War II. Wester said "I still have some bad feelings about that time in our history, but I have learned to deal with them and lead a productive life."

Wester and his wife, Jo, were married on July 20, 1947. They met while he was a sales clerk at Hagood's store (now Anderson's). Mrs. Wester, Jo, was secretary for attorney Richard Stovall at the time. The Westers have three sons and two foster daughters.

Todd and his wife, Dawn, live in Dallas, where he is a textile specialist for Watkins Motor Lines. Brent resides in San Antonio and works for M Systems as an assistant manager. Ashley and his wife Jeanyne live in Lubbock where he is a manager for Tubbs Machine. Jeanyne teaches school.

Debbie and Vickie Johnson became a part of the Wester family when their parents were killed in a plane crash. Debbie was not yet two years old and Vickie was thirteen. Vickie, who lives in Ft. Worth, works for AT&T in a supervisory capacity. Her husband, Raleigh Long, is a partner in Telecommunications Services. Debbie Johnson works for International Fitness Centers as a program analyst in San Antonio. Wester calls her his "fishing buddy."

Home and family life has always been very important to the family. Ed and Jo continue to share a close relationship with all the children. Jo is a strong supporter for her husband and has devoted her efforts to making their home a happy and comfortable place. "She is a dandy," says Ed. Mrs. Wester works parttime at the Federal Credit Union.

The Boy Scouts have benefited from an association of more than thirty years with Wester. He worked with them as his sons grew up and continues to support the organization. Wester was the recipient of the Silver Beaver Award for his many years of service. He has also been active in most of the other worthwhile organizations in Floydada, including the Red Cross, the March of Dimes, and the Chamber of Commerce.

He is now secretary for the American Legion and an elder in the First Christian Church.

Life has not all been smooth sailing for Wester. He suffered a hearing loss in 1968 and had surgery to remove a tumor on the optic nerves that caused the condition. The only residual effects of the problem are a slight paralysis in

the muscles of the right side of his face and a partial hearing loss. "I consider myself lucky to have come through the whole thing in such good shape," states Ed.

The position of Postmaster has given this man many good memories to carry with him into retirement. He recalls a flood while in the old building on California Street. "It started raining about ten in the morning and by noon the water ran in the back door faster than we could sweep it out the front. Luckily, the mail was already worked, so there was no danger of damaging anything, but it was a mess. The move to the new building was a real improvement for us."

Wester planned to retire a few months earlier, but just never seemed to find the time to do so. Says Ed, "I have enjoyed my work and the best people in the world to work with are the people of Floydada." When asked what he planned to do after his retirement Ed replied, "We plan to visit the kids and just do what we want to."

## Miss Heflin-Ellison exchange wedding vows

LaDonna Gay Heflin, daughter of Mr. and Mrs. Robert Heflin, and Douglas Cooper Ellison, son of Mr. and Mrs. Doug Ellison of Plainview, formerly of Petersburg, exchanged vows of marriage Saturday evening at First Baptist Church.

Dr. Floyd Bradley of Plainview, formerly of Floydada, officiated. Forming the background for the ceremony were five seven-branch candelabras decorated with greenery. Large com-modore palms and arrangements of pink agapanthus and orchid gladiolas completed the altar scene. Organist was Mrs. Bill Hardin and pianist was Christi Norrell. Providing vocal selections was Mrs. Tommy James.

Matron of honor was Mrs. Bart Greer of Azle, sister of the bride. Bridesmaids included Mysti Younger, Carol Cochran and Brenda Hicks. They were attired in gowns of alternating shades of pastel pink and orchid. The gowns were designed with a gathered waist and formal-length bustle skirts. Sheer scoop necklines were accented with orchid and pink satin ribbons. They carried cres-cent bouquets of silk orchid dendro-bium, orchids, pink freesia, peruvian and fire lilies.

Given in marriage by her father, the bride wore a gown styled in white silk organza and lavishly trimmed in Chan-tilly and Venise lace. The off-the-shoulder bodice featured a low V-cut neckline which was outlined in a narrow band of Venise lace. A medallion of Venise lace and Schiffl embroidery was at the center front of the neckline and a wide flounce of Chantilly lace swept over the shoulders, forming a cap effect over the arms, and extending to the low V-cut neckline in the back. The natural waistline was overlaid with a wide band of Chantilly lace and the full skirt of sheer organza featured nine rows of lace at the bottom of the skirt. The lace swept around the skirt and led to two wide rows of lace which formed a full cathedral train designed with cascades of lace.

Her Chantilly lace-covered hat was designed with a turned-up brim accented with silk flowers. Clusters of seed pearls adorned the hat. Imported illusion formed a pouf bow at the back of the hat and flowed to fingertip length. She carried a white crescent bouquet of silk freesia, tiger lilies and stephanotis. She wore a new pearl necklace, a gift from the groom, and "something old"

was a pin belonging to her great-grand-mother. The bride borrowed a lace handkerchief from her mother and completed tradition with a blue garter. She wore pennies minted in the years of the couple's birthdates and also a sixpence given to her by Thelma Gibbons.

Serving as best man was Dale Odom of Lubbock. Also attending the groom were Foy O'Brien of Lamesa, Roby Upchurch of Petersburg and Rick Heflin, brother of the bride. Guests were seated by Bart Greer of Azle, brother-in-law of the bride; Sam Heard of Petersburg, cousin of the groom, Tom Newton of Lubbock and True Fullingim of Houston.

The parlor of the church was the site of the reception. The bride's table was covered with an ecru lace cloth. Highlighting the table was a tiered wedding cake decorated with pink and orchid sweetheart roses. Also decorat-ing the table was a garden bouquet of pink astillie, herine lilies, pixie carnations, roses, lavender freesia, lialris and larkspur in a shasta crystal vase. Crystal and silver appointments were used. Serving at the bride's table were Pam Cathey of Canyon, Mrs. Jim Waller of Lubbock and Stephanie Anderson of

Amarillo.

The floor-length lilac cloth overlaid with pink linen covered the groom's table. Centering the table was a brass shell filled with purple liatras, crimson ginger, pink protea and ty leaves. Crystal and brass appointments were used. Assisting at the groom's table were Mrs. Dale Odom of Lubbock, Susan Martin and Rhonda Heflin, both of Plainview and both cousins of the bride.

Members of the houseparty were Mmes. Clyde Bennett of Abernathy; Frank Stanton of Petersburg, Jack Williams of Plainview, Edna Cochran, Harold Norrell and Jackey Younger. Kay Reay of Lubbock registered guests.

After a wedding trip to Hawaii, the couple will reside in Plainview. The bride is a graduate of Floydada High School and Jessie Lee's Hair Design Institute. The groom, a graduate of Petersburg High School and Texas Tech University, will be farming in Peters-burg and the Plainview area.

A rehearsal dinner was held at the Plainview Club by the groom's parents. Mrs. Lucian Morehead hosted a brides-maid luncheon and the bride also was feted with a shower in the homes of Mrs. Darrell Mayo and Mrs. Stanton.

The South Plains Church of Christ in Lubbock was the setting Saturday afternoon, August 4, for the wedding vows of Emily Grace Myrick and Bill Terry Anderson. John Greeson, minister of the Church of Christ in Rule, performed the double ring ceremony.

Parents of the bride are Mr. and Mrs. J.T. Myrick, Jr. of Plainview and the groom is the son of Mr. and Mrs. Kenneth Anderson of Rule.

The altar scene was formed with a pair of tapered white candelabra on each side of a fan shaped arch of white candelabra. Each candelabra was entwined with green and also held yellow

candles. The unity candle, lit by the bride and groom, was accented with a yellow daisy and baby's breath. The bridal aisle was marked with white ribbons. Two white baskets of yellow daisies and baby's breath completed the altar scene. Following the wedding vows, as the bride and groom were leaving the altar, each paused to present each mother with a long stemmed yellow silk rose.

As "Faithful and True" was sung the father of the bride escorted her to the altar. Her gown, made and fashioned by her mother, was of bridal net enhanced with lace motifs on the upper bodice and

arranged by Mrs. Jon LaBaume of Floydada.

(All the flowers and basket designs used in the wedding were assembled and arranged by Kathy Myrick of Abilene.) Punch, yellow buttermints and nuts were each served from crystal bowls. Napkins engraved with the names of the bride and groom completed the setting.

The groom's table was laid with a white cloth along with a smaller table covered with a yellow lace cloth. A beautiful pyramid of fruit containing pineapple, strawberries and melon balls around a beautiful tower of green and red seedless grapes was served with cheese, crackers and coffee. The entire table was created and assembled by Elaine LaBaume and Mazie Becker, both of Floydada.

Serving at the bride's table were Mrs. Kris Anderson, Abilene, niece of the groom; and Mrs. Jackie Ledingham, Jal New Mexico, niece of the groom. In charge of the reception was Mrs. Gerald Anderson, of Jal, New Mexico, sister-in-law of the groom. Sharron McAmea, Lubbock, registered guests.

Brings us hazy days...  
And if we aren't quite careful  
We'll have some lazy ways!!!

We greet our Mrs. Sanders  
Who counts from 1910...  
She loves a birthday party  
So let the fun begin!

Our Mrs. Ona Jameson  
...Her years are 85...  
Still has a "zest" for living  
And she is glad to be alive!

A Hi! to Mrs. Thompson  
...She's just a "a girl named Sue"...  
She loves a celebration  
And has since 1902!

For Mrs. Susie Mooney  
We wish a happy day...  
She's done a lot of living  
In the good old fashioned way.

Let's serenade these ladies  
With the same old birthday song...  
So everybody sing out  
To cheer them on and on!

Thursday, August 16, was party time at the Rest Home with ladies of the City Park Church of Christ being the hostesses. Residents, guests and honorees were ushered into the dining room with the honorees being seated at the "honor table. Their places were marked with special birthday cards. The table was laid with a white cloth and a floral arrangement was in the center. Each lady was wearing a fresh corsage, compliments of the Williams Flower and Card Shop. The poem was read and all joined in singing the "birthday song". A delicious refreshment plate of tangy fruit punch, iced birthday cake and angel food cake was served to one and all.

Guests included Dolores Cannon, Brian Cannon, guests of Sue Thompson; and Ruby Gooch, guest of Norma Webster.

The Hesperian photographer came for the "picture taking" and the party closed on a happy note. The party will be Thursday, September 13, 2:30 p.m. Please come and celebrate with your friends and loved ones. We are sorry Mrs. Mooney was unable to attend.

Pineapple punch and cheese squares on crackers were served from a lace covered table. Guests presented the honorees with disposable diapers, bath articles for baby, and several days of frozen meals to make life easier for the new mother. Mrs. Pete Calloway, great-grandmother of the little girl was a special guest. Many beautiful and useful gifts were received with appreciation.

**Selective Service System**

Young men born on or after January 1, 1960 are required to register with Selective Service within a month of their 18th birthday.  
The registration process takes less than five minutes at the post office. A young man fills out a simple form asking only for his name, date of birth, address, telephone number and Social Security number.  
Registration helps keep our country prepared with a pool of names to draw from in case of a national emergency...without interfering with people's lives. When you think about it... that's not a lot to ask for a country as great as ours.

**PUBLIC NOTICE**

AT&T Communications of the Southwest, Inc., has filed with the Public Utility Commission of Texas (PUC) a proposal to reduce intrastate, interLATA long distance revenues to offset proposed increases in specialized service rates for private line, WATS, 800, OCC facilities and directory assistance services. The proposed tariff restructure will not result in any increases in the overall revenues of the Company. The proposed effective date for the tariffs is September 20, 1984. All customers and classes of customers will be affected by this filing.  
The restructure in the basic long distance service (MTS) results in an overall decrease in the revenues received by the Company from such service of approximately \$100 million. While this proposed restructure results in an overall decrease in revenue, certain MTS rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.  
AT&T Communications has also filed restructured tariffs designed to more closely recover access costs for private line, DATAPHONE\* Digital Service (DDS), OCC facilities, WATS, 800 and directory assistance services. These restructured tariffs result in an approximate overall revenue increase of approximately \$100 million from increases in its WATS, 800, DDS, OCC facilities and private line rates, and institution of a charge for directory assistance.  
The result of these proposed tariff changes and the restructure of our service offerings is to more nearly recover access costs from those services for which such access costs are incurred.  
This proposed restructure results in no increase in overall revenue to AT&T Communications and is not a major rate change as that term is defined in Section 43(b) of the Public Utility Regulatory Act.  
A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

# 1936 class project donated to county museum

The Floyd County Historical Museum received a most interesting donation on June 22. The donation was a quilt, a project of the Floydada High School senior class of 1936. It is pink and blue, with the teachers names in an oval in

the center block and student names radiating in the corner blocks in a nine block square.

The quilt was donated to the museum by Fern Finkner Lanier, a member of that class. Her father purchased the

quilt when it was auctioned off between plays at the Junior-Senior Follies on April 30, 1936. Mr. George Finkner was the high bidder according to a May 7, 1936 issue of the Hesperian. A section devoted to the school called "The Hesperette" reported the event as follows: "The Junior-Senior Follies were given Thursday night, April 30. After the votes were counted, the total numbers were 165 for the Juniors and 85 for the Seniors. "Wheatfire," a tragedy given by the Juniors had the following cast:

Martin Wade, James Roy; Ursula Wade, Virginia Simpson; Ann Olson, Elizabeth Hardgrove; a man, Richard Tubbs;

The Senior play "Dead Expense," had the following cast: Sally, Nadyne Wood; Ma, Pearl Croft; Pa, Eulan Williamson; Mannie, Bill Phillips.

The Senior quilt was auctioned off between the two plays. There were several who bid on the quilt. It was finally bought by Mr. George Finkner for \$12.00. This quilt is very beautiful, being made out of pink and blue, the class colors."

In the dedication for her donation, Mrs. Lanier says, "I believe it cost 10 cents to get your name on the quilt." Mrs. Lanier's father purchased the quilt as a surprise graduation present for her. Many names of classmates were not on the quilt because they probably didn't have a dime," according to some.

**FACTS & FIGURES**

Federal employees use 64 percent more sick time (nine days) than private sector employees in non-manufacturing industries (5.5 days), according to the President's Private Sector Survey on Cost Control, headed by J. Peter Grace.

The Pentagon has been buying screws, available in any hardware store for three cents, for \$91 each.

**YARD OF THE WEEK**—The well cared for lawn of Olin and Lena Mae Watson at 907 W. Jackson has been chosen "Yard of the Week." The west border of crepe myrtle and roses and half barrels planted with colorful callidiums make a most attractive yard.

**YARD OF THE WEEK**—Passerby's slow to enjoy the beautiful yard of Troy Maselle at the corner of Texas and Missouri Streets. An array of colorful flowers and native grass tastefully designed and cared for is a beautiful sight from early spring until the end of the growing season. The Maselle yard was chosen as last week's Yard of the Week.
