Floydada council opposes closing of Cable TV office

Joe McKinnis of Floydada Cable TV presented a request asking the council to amend the franchise under which the company operates to allow the closure of the local office. The present franchise requires the company to provide a local office staffed with at least one secretary and one service man. McKinnis proposes providing service from the Plainview office with a toll free telephone line for subscribers use and a collection point for local payments such as the telephone company now provides following closure of the office by June 1.

The council was not appreciably receptive to the suggestion, arriving as it did so soon after the company received a rate increase totaling about \$14,000 for the year. Russell stated, "I am personally opposed to it, because small towns are fighting for their lives, and I see this as one more example of giving up a service we will still be paying for.'

Mayor Powell reminded the council that "The citizens will look to us if they are not satisfied with the service since we agreed to the franchise, and we must agree if it is amended. They will blame us, as well as the cable people." The matter was tabled pending further consideration by the council, with a decision promised at the next meeting.

Mayor Parnell Powell and Councilmen Wayne Russell and Frank Breed were sworn in during the April 16 regular session of the Floydada City Council. The oath of office was administered by city secretary Jimmie Lou Stewart following the certification of election results by the council. The three men will serve two year terms, with Russell being appointed Mayor

Acting Police Chief, James Hale, appeared before the council to request the certification of Alice Ann Towery as a full fledge police officer in the Floydada Police Department on reserve status. He cited her educational background in criminal justice, law enforcement, and crime prevention as well as her previous experience as a police officer before expressing his opinion: "She would be a definite asset to law enforcement in the city, especially in the areas of dealing with female prisoners and victims." The council approved the request, noting that as a reserve officer, Towery will receive no compensation and will furnish her own equipment, including badge and wea-

Bids were opened for the demolition and cleanup of two properties. Three bids were received on property belonging to Jesse Mae Claiborne described as Lot 9-12, block 70, Original Addition located at 215 W. Missouri.

Waldroup and Associates of Lubbock bid \$3160. Mary Lucio of Floydada asked to be allowed to do the work for the lumber, and Gary Brown requested

The second property for which bids were opened was that belonging to Floydada Pepper & Vegetable, Lot 12, Block 22, Original Addition, 508 W. Grover. Bids received included one by Mary Lucio of Floydada again asking to do the work for the materials; Alonzo Gonzales, Jr. of Floydada for \$750; Joe Ysasaga, Jr. of Floydada for \$350; and Kevin Nelson of Floydada for \$90. Both bids were awarded to Mary Lucio.

A public hearing was conducted

concerning the demolition of property at 818 W. Ross, a part of the L.A. Lane Estate being represented by Dorothy Lloyd of Plainview. The council passed resolution #73 ordering the demolition of the offending property by May 13, 1985. Bids will be advertised for and awarded on May 14 if no action is taken by Lloyd.

A complaint by neighbors living around 625 W. Grover was read and discussed. The council noted that cleanup of the problem area had apparently been started, but the resident is presently in the hospital. No action will be taken pending his release and the progress of the effort.

Other matters to come before the council included requests for the purchase of several items. The purchase of a 1982 Ford LTD to be used for a police car was approved at a cost of \$4950.00. The city will also purchase two electric door openers for the fire hall at a cost of approximately \$1,000.00 and a mosquito sprayer for \$4995.00. The street department will purchase a new walk behind line striper for \$1895 and the park department will have two park shelters repaired at a cost of \$502.42

RMI of Texas, Inc. was authorized to complete the study of the local power plant and the offer by SPS to purchase it. The study is expected to cost about \$6,000.00 and must be completed before an informed decision can be made regarding the possible sale of the local facility.

The problem of the tornado sirens shorting out and sounding every time it rains has been referred to the telephone company. Apparently the trouble is located in the lines which activate the sirens. Southwestern Bell says that the problem has been located and will be

Other action taken by the council included the appointment of The Floyd County Hesperian as the official newspaper and AM-FM radio station KKAP as the official radio station of the city for the next two years. Appointment of a city health officer was postponed. City bills were paid, closing out the 1984-85 budget. Among the items paid was a bill for \$9,000.00 for services rendered through March 31 for legal services for the pending lawsuit regarding forming single member district.

FFA TEAM-Shannon Barbee, Haney Robertson, Tommy Hancock, Kelth Hancock, and Jon Garrett display the banners they won in recent competitions.

FFA livestock judging team to compete on state level

Saturday, April 13, found the Floydada FFA livestock judging team in competition at Texas Tech University in Lubbock where they qualified to move on to state level competition later this month. Haney Robertson, Shannon Barbee, Jon Garrett, and Keith Hancock have steadily progressed through local and district contests to achieve acclaim as the first livestock judging team from Floydada to reach such heights, according to vocational agricul-

ture instructor, Tommy Hancock.

The team will compete in Austin on April 26. They face some heavy going, as teams from all over the state will be participating. "We are used to competing against larger schools, with more resources, so I think we can handle that," said Hancock. "The beauty of our situation is that the team will be able to compete next year with no changes in it. We have two juniors, a sophomore and a freshman."

"Kids of America" slated

13-17).

Darry Modeling of Dallas presents "Kids of America," on Saturday, April 27, at the Floydada High School auditorium. The search for beautiful and talented young people is open to any youngster between the ages of 0-17 years living within the state of Texas.

This youth development program in the form of a beauty and talent pageant will offer participation for boys and girls between the ages of 3-17 in a special 3 minute talent presentation and judging will be based on skill and entertainment. The beauty competition will be separate from the talent and participants may enter either or both. Beauty contestants will have a judge's personal interview, present themselves in casual wear and formal wear, (street length

dress for ages 3-12; evening gown for

Trophies will be awarded to the top five finalist in each age division for all competition and beautiful crowns and banners will be given to each winner along with a beautiful bouquet of flowers to the beauty winners. An official Kids of America crown will be given to the female talent winners or a Medal of Honor will be awarded to the male winners, along with an official Kids of America talent banner. All winners will receive their entry fee paid to participate in Grand Finale '85, the national competition for winners to be held July 30th-August 4th, 1985 at the Loews Anatole Hotel in Dallas, Texas.

The Beautiful Baby division for ages 0-5 months, 6-11 months, 12-23 months, 24-35 months, will be held in the morning and infants will be judged on grooming, alertness and personality. Young girls and boys will compete on an equal basis. A top five finalist will be named in each age division and the winner will receive an official trophy and Kids of America baby banner. These winners will also advance to Grand Finale '85 competition.

Also offered is a photogenic division competition where you enter by submitting your photograph for judging by major agencies in the print and media field prior to the pageant. You may enter the photogenic competition without entering any other event and do not have to be present during the pageant

This program is designed to instill ideals throughout each participant. For more information call Diane Brookshire (806) 793-9488 or Cindy Dudley (806) 983-5320. Deadline for registration is Wednesday, April 22, 1985.

Three Floydada speech students

placed well in area competition at

Odessa this past weekend. Jill Willson,

Joe Christian selected as new junior high principal

Joe Christian has been selected as the junior high principal following a called board meeting on April 11. "Joe Christian has been chosen to fill the position soon to be vacated by Jimmy Collins," said Superintendent Jerry Cannon. "The board reviewed the applicants and assessed their qualifications at an executive session before selecting Christian. We all feel that he will do a good job for the district."

The move into administration has been a part of my long term goals, but I am especially pleased to make the advancement here in Floydada," said Christian. "Both my wife and I have family here and are looking forward to remaining here.'

Christian grew up in Floydada, graduating from Floydada High School and earning a degree in physical education with a minor in secondary education from West Texas State University. He has spent his summers at Sul Ross University completing work towards a master's degree in education, which he will soon receive.

A fourteen year career as a teacher assignment at Petersburg in 1971. He moved to Bovina for four years as head coach and athletic director and then to Cleburne. Texas for two years. The move to Cleburne allowed him to work in a larger district as head track coach. "It didn't take me long to realize that a larger school wasn't necessarily better," said Christian. "I like working with kids in a smaller school where they can have more attention and work more closely with the teachers."

Christian next served Ralls as head coach and athletic director before

JOE CHRISTIAN

coming to Floydada as a science teacher and girls basketball coach two years ago. "I am confident that I can handle the responsibility of the new position," says Christian, "I am basically a strict and a coach began with Christian's disciplinarian, and I have had a lot of experience with students and parents. I want to assure parents that I will do my very best to see that the students moving through our junior high receive the very best education we are able to provide for them, and that we will always place the needs of the students above all else."

Christian is married to the former Vicki Reeves, a local cosmetologist. The couple has two children. Lori, age 14 and Laci, age 6. Lori will be attending high school next year and Laci will be at Duncan Elementary.

Free mini-computer course being offered by DECA

Floydada's DECA organization is sponsoring a two night course in the use of mini-computers by businessmen. The course is scheduled for April 22 and 23 from 7:00 p.m. to 9:00 p.m. at Floydada High School.

Other subjects to be covered are computer accounting systems, electron-

ic spreadsheets, information storage

and retrieval, word processing, inventory, financial considerations, how to choose software and hardware, hands on experience, and human factors. The course will be taught with the Apple Ile and Macintosh computers.

Interested parties may register by calling Vel Simpson, the high school secretary, at 983-2340. There will be no charge for the classes.

THIS WEEK

BASEBALL SIGN-UP

Baseball sign-up will be April 22 and April 24 at 6 p.m. for T-ball, T-shirt, girls softball and little league, at the First National Bank, Floydada.

LOCKNEY BASEBALL

Baseball sign-up will be held April 18-25 for girls and boys 7, 8, and 9 year olds, 10, 11, and 12 year olds, and 13, 14, and 15 year olds. Forms will be passed out at school, and they can be turned in at the

The fee is \$10.00. For more information, call Paul Glasson at 652-2123.

SUMMER SCHOOL

Floydada ISD will be offering half-day summer school classes for children with limited English speaking ability who will be in kindergarten or first grade in September, 1985. These classes will be held at A.B. Duncan Elementary School beginning July 8, 1985.

Parents may register their children April 30, 1985 at A.B. Duncan Elementary School from 1-3 p.m. Transportation and meals will not be provided for this summer session. Parents must bring birth certificates and health records when registering students. For more information, contact B.L. Copeland. 983-5341.

The Floydada High School band and the Floydada Junior High School band will be appearing in concert on Sunday, April 21, at 2:30 p.m. in the high school auditorium. Annual band awards will be presented to students. Band director Paul Stapp invites everyone to attend the annual free event.

D.W.I. CLASS

A D.W.I. Education Class will be held in the Floyd County Courthouse in the county courtroom on April 22 and 23, from 6:00 p.m. to 10:00 each night. The cost of the class is \$35.00, which must be paid in advance at the Adult Probation Office on the second floor of the courthouse.

Singles will meet Saturday night at Lighthouse Electric at 6:30 p.m. Everyone is invited to attend and bring a salad. A salad supper will be served. Hostesses will be Rubie Ratjen, Edith Marrs and Letha Mulder.

SOCIAL SECURITY

A representative of the Social Security Administration will be at the Floyd County Courthouse annex from 9:30-11:30 a.m. April 24.

School pre-registration scheduled

Pre-registration for summer school and the 1985-86 school year will be on Tuesday, April 30, 1985, at the A.B. Duncan Elementary School from 1-3 p.m. Bring your child's birth certificate and health records.

Summer school: Half-day classes beginning July 8, 1985, for eight weeks for children with limited English speaking ability and who will be eligible for kindergarten or first grade in September, 1985. There will be no transportation or meals.

Prekindergarten: Four years old before September 1, 1985; unable to speak and understand English; or from a family which would qualify for free

Kindergarten: Five years old before September 1, 1985.

First Grade: New students only. Six

years old before September 1, 1985. Free medical examinations will be given by Dr. Jack Jordan, Dr. S.K. Hong, and Dr. Andy Hale.

Free eye examinations will be given by Dr. Tommy McIntosh. Showings of the free film on "Ready or Not" will be at 1:00, 2:00 and 3:00

The shots and immunizations that are required before September 1, 1985, are

1. DPT - 3 or more doses-one must have been received since 4th birthday. 2. POLIO - 3 or more doses-one must

have been received since 4th birthday. 3. MEASLES - 1 dose. 4. RUBELLA - 1 dose.

5. MUMPS - 1 dose. If you have questions regarding registration, please call B.L. Copeland,

Stacy Smith, and Jana Lawson successfully weathered tough competitors to advance to state level contests to be held in Austin April 25, 26, and 27, according to their instructor, Sonya Gore. Willson and Smith won a 1st place in standard debate and Willson was awarded a first in informative speaking. Smith garnered a 3rd place finish in

persuasive speaking and Lawson won

3rd in the Lincoln Douglas Debate.

LAKEVIEW NEWS By Joyce Williams

Friends and neighbors are invited to a shower for Warren and David Bishop, son of Mr. and Mrs. Mike Bishop Thursday evening (tonight), April 18 at 7 p.m. at Lighthouse Electric. The boys are ages 4 and five years. They recently arrived to live with Rozanne and Mike. Mrs. Scott Simpson is one of the

Mr. and Mrs. Alfred Spence of Amarillo visited her niece and nephew, Mr. and Mrs. James Lee Nichols and spent Sunday night with them. They also visited Mr. and Mrs. Lloyd

Howard Bishop has assumed duties as pumper of the Lakeview oil well. Q.D. Williams visited in Crowell Saturday with his brother, Odell, who is seriously ill.

Mr. and Mrs. Wayne Appling returned home Monday from a visit to the Ft. Worth-Dallas area. They visited their daughter. Beverly and husband, Lon Conner at Roanoke, from Thursday to Saturday. The week-end was spent with Phyliss and Chuck Farley and sons, Kelly and Kevin. On Sunday the Applings and Farleys went to Seven Seas for a birthday dinner honoring Wayne.

Bill Gilmore of Gilmore Oil of Midland said Saturday his company is so pleased with the quality of the oil well brought in last week on Zeke Pope's ranch east of Roaring Springs that they plan to start drilling other wells there right away. The Pope No. 1 was brought in at 4400 feet and was being swabbed this week. Mr. Gilmore said the oil well that is located only a few hundred feet away has pumped 100 barrels per day for several years and the Pope well looks every bit as promising. Gilmore indicated next drill sites would be on land that is owned by Lakeview landowners.

Mrs. Randy Bertrand has enjoyed practicing her role for Myrtle Mae, neice of Ellwood P. Dodd, in the play "Harvey." The play will be presented Friday, Saturday nights and Sunday afternoon.

Misses Angie and Misti Bertrand attended the Floydada 4-H meeting Monday evening at Massie Activity Center.

Mrs. Viola Brown was an Easter guest in the home of her daughter, Mrs. Alene Hambright. Others present were Kathy and Jerry Green and daughter, Heather, of Lubbock. Todd was there from Tech.

Mr. W.M. Hambright is into the seventh week of a case of the shingles. Jo and Milton Harrison were in San Antonio recently after a Good Sams gathering at Buffalo Gap State Park. Ruby and Blanton Hartsell were also along for the outing.

Mr. and Mrs. Wayne Appling recently visited their daughter, Judy and husband, Don Sanders and family in Farmington, New Mexico. While passing through Albuquerque they stayed overnight with Wayne's uncle, Louie Archer.

Mr. and Mrs. Truman Dunavant of Bayfield, Colorado visited his parents, Mr. and Mrs. Grady Dunavant from Saturday through Tuesday. They nad traveled first to Tulsa, Oklahoma to visit their son, Steve, and his family. Others on their itinerary include Mrs. Alta Burgett of Lamesa, Mrs. Leeman Norman in Lubbock, Mr. and Mrs. Jackie Wells in Midland and Ray Dunavant in Levelland before returning to Colorado.

Mrs. Dean Watson finished her work at Duncan school office Friday and began working at the post office Monday. It had been several years since she had applied for the post office job and her name finally worked up. Congratulations on your new job, Brenda.

Joe and Gloria Wright of Lubbock visited Mr. and Mrs. Verlon Wright over the week-end. Also Randy and Sherri Burk visited here over the week-end.

Mr. and Mrs. Sterling Cummings of South Plains visited their daughter, Mrs. Robert Pyle and family after church Sunday evening.

Medical change proposed

Editor's note: The problem of how publicly-supported hospitals allocate and absorb the costs of health services dispensed to indigents is currently before the Texas Legislature. The matter has long plagued those concerned with health care. Over the years various methods have been tried, and various formulas devised. The proposals currently before the Legislature would attempt to solve the problem by adding to the cost of those who require hospitalization. For one view of those proposals and how they would impact the Caprock Hospital District, we offer the comments of Guy Hazlett, the hospital's administrator.

By Guy Hazlett Caprock Hospital District already provides about \$96,000.00 a year in free care, charity care, bad debt write-off, and Medicare/Medicaid free care. This \$96,000.00 a year represents about 6% of our total operating budget each year. 2% of this is Medicare and Medicaid allowances for free care, 1% is hospital district indigent care and about 3% is Hill-Burton free care. If the State Legislators saw fit to place a "sick tax" of 1% to 3%, this would affect our local hospital to the tune of \$16,000.00 to \$48,000.00 per year in additional free care over and above the free care we

It is unfortunate that the Texas State Legislature is not willing to fight for more funding for the Medicaid program, since Texas ranks 48th among the 50 states in Medicaid participation. As a funding alternative the Legislature is considering 2 approaches: 1. Amending one of the indigent care bills currently

There were around 46 present at the

for crops and some are spraying.

Spring weather is here and we have

before the Legislature to include a 1% tax on all hospital patient revenues to totally or partially fund a dedicated indigent health care and treatment fund. 2. Passage of Senate Bill 789 (Brooks) and its companion House Bill 1845 (Oliver) that requires Hospitals, as a condition of licensure, to provide services or funding to qualified indigents equal to 3% of the facility's of adjusted operating costs or pay the difference to the state.

Either proposal, in effect, would be a tax on those sick, injured and dying patients who pay their hospital bills. These approaches simply shift the burden for funding indigent care to a small segment of the population-the paying sick. The sicker you are the more you pay!

The "sick tax" plans would add to hospital bills of the paying sick of Texas. Thus, paying patients would pay higher hospital bills in order to fund indigent health care in Texas.

With the 6% of free care that we already provide, we must consider ourselves fortunate among the other Texas Hospitals who pay nearly 12% on the average of their total charges, or revenues, for indigent care, compared to a national average of 5.4%.

The bottom line is, why build an expensive bureaucratic mechanism to control something that is already being done through the Texas Hospitals and the Medicaid Program. Since the paying sick of Texas already are doing their share, and since the Texas Hospitals are doing their share to fund indigent health care in Texas, why can't the Medicaid program be expanded by: 1. 0000000000000000000000000000000000

Raising the income levels for AFDC elgibility, 2. By adding or expanding the medically needy category, 3. By adding childless couples-pregnant women, non-disabled adults-families with both parents at home to the list of eligible

The advantages of expanding the Medicaid program are several and include the following: 1. It would maximize federal financing in the short-term but may not be a long-term solution if the federal government refuses to match state funds. 2. Ease of administration because no new bureaucratic structure is required. 3. It would use a broad tax base for financing. 4. It would more uniformly provide benefits among the beneficiaries within Texas. 5. It would decrease bad debts for hospitals by increasing Medicaid eligibilities for whom payment is made.

Museum expansion: Building committee members, Kenneth Broseh, Randy Hollums, David Kirk and John Key West, are making plans to prepare the east building for additional space for exhibits, art, memorial plaques, photographs, records and a meeting area. Hopefully the work will be completed by Old Settlers Day, May 25th. Anyone who will help with the work please call one of the members.

Sesquicentennial coin: A sesquicentennial coin is being designed for Floyd County. It will be the second coin in the Floyd County series. Those who purchased numbered coins in 1976 will be given first option on the coin bearing their number. A limited number of gold and silver coins will be minted with a greater number available in the antique silver and bronze. All sets of the 1976 coins were sold but some single gold and silver are still available.

Floydada city lots for sale: Eleven city lots given to the museum by Leslie Surginer are being offered for sale. Anyone interested may contact Jim Word at 983-3284.

Severe weather awareness stressed in Floyd County The National Weather Service and

South Plains Association of Governments joins with the local governments in Floyd County for the observation of Severe Weather Awareness Week, April 21-27. As the South Plains area has not experienced severe storms and tornadoes with customary frequency during the last two years, there is evidence that there is a general public apathy about severe weather warnings.

When Lockney, Floydada, and Floyd County offices were asked to provide a listing of designated shelter locations, the responses were varied. Floyd County Judge, Choise Smith reported that the County Courthouse, the First National Bank of Floydada, the First Baptist Church, Andrews Elementary School, Caprock Hospital and the county jail had been designated as Civil Defense Shelters in previous years. Smith was uncertain as to whether or not they were all still designated as shelters and suggested a check with Floydada City Manager, Bill Feuerbacher.

Feuerbacher stated, "We don't have any shelters. There has been no public interest in funding shelters, so the city doesn't have any.

Erma Lee Duckworth in the Lockney City Office reported that the only list she was able to find was from 1972. Locations on it were Lockney General Hospital, First National Bank of Lockney, the Barker building, Mize Pharmacy, and Lockney High School. Duckworth also mentioned that she thought the hospital had been removed from the list as a shelter since space would be utilized there for patients in the event of an emergency.

While schools in the Floyd County area do hold fire drills and practice for severe weather emergencies, no community in the county has a definite plan for drills or practices. It is possible that Feuerbacher's advice ("Just run and hide or dig a hole and pull it in after you'') is most timely for local residents.

Judge Smith stated, "We need to arouse public awareness on severe weather safety. It is important to remember that even though property damage can not be prevented, deaths can. An efficient warning system and proper public response to severe weather warnings might save lives."

CENTER NEW By Mrs. J.E. Green

Sunday was a good day. Today. Monday, April 15, is windy but clear. Mrs. Evelyn Pierce Sr., bus driver, is using a crutch these days recovering

from a broken foot. The revival at First Baptist closed Friday night. Attendance at the services were wonderful.

The W.M.U. met at Calvary Baptist Church this evening. Twenty women were present. The program included pictures made by Miss Francis Mitchell when she made them on one of her foreign trips. After the program supper was served.

Glenna and Millard Watson of Mt. Blanco visited the Henry Brewers (her parents) Sunday afternoon.

Mrs. Fred Battey and Mrs. Ola Warren are about as usual. So is Mrs. Leo Frizzell and Mrs. Plumlee and their

Victor and Sue Green of Plainview came Saturday.

Burley Fisher of Long Beach, California underwent surgery recently when a malignancy was discovered. He is the husband of "Tootsie" (Margaret) Tubbs Fisher, a former area resident. Let us remember them in our prayers.

State information program offers taxpayers tax relief

A statewide effort is underway to inform Texas property owners of their rights, remedies and responsibilities as taxpayers, according to Ron Patterson, executive director of the State Property Tax Board (SPTB).

Patterson says SPTB is working with appraisal districts and local news media to help make taxpayers aware of rendition and exemption filing deadlines and methods to obtain exemptions or other forms of tax relief.

"The first priority for property owners is to file renditions and apply for tax relief before May 1 this year," Patterson said. Taxpayers should file all exemption applications and property rendition forms with the central appraisal district office.

A rendition is a report a property owner makes which lists the taxable property he owned or managed on January 1, 1985. A rendition also gives a taxpayer the opportunity to record his own opinion of his property's value. "By rendering a value for his property, the owner makes the appraisal district responsible for notifying him if the district places a higher value on the property," Patterson pointed out.

Certain property owners must render their property. "Anyone who owns or manages income-producing personal property on January 1 is required by state law to file a rendition statement with the appropriate appraisal district," Patterson said.

Special rendition procedures exist for property on which an exemption applicable on January 1 ends during the tax year. In such a case, the person who owns or acquires the property when the exemption ends must render the property for taxation within 30 days.

The chief appraiser may also require rendition of other taxable property upon notice to the property owner or manager. Rendition forms are available from appraisal district offices.

For homeowners, tax relief is usually in the form of exemptions. "An exemption lowers tax payments by deducting part of a property's value

Sr. Citizens Menu

from taxation," Patterson explained. Homestead exemptions are available for all qualified homeowners, and additional exemptions are available for disabled veterans and for those aged 65 or over. Elderly homeowners who apply for the over-65 homestead exemption also get a cap, or ceiling, on taxes they pay to the

"Likewise," Patterson continued, "farmers and ranchers who qualify may have their land taxed on its productive value instead of its market value, which also results in a lower tax bill." Productivity valuation comes in two forms, often referred to by the section of the Texas Constitution that provides them: open-space or "1-d-1" valuation and agricultural or "1-d" valuation.

Property owners who last year received homestead exemptions, disabled veterans' exemptions and open-space land (1-d-1) valuation need not reapply in 1985, unless the chief appraiser requests a new application to confirm

PRACTICE MAKES PERFECT—Band director Paul Stapp puts the high school band through it's pieces in preparation for the annual Spring Concert to be held on Sunday, April 21 at 2:30 p.m. at the high school auditorium. The students have worked long and hard to present an excellent program. The junior high band will also be performing. Annual band awards will be presented as part of the afternoon

SPSC erects high voltage power line near Floydada

Southwestern Public Service Company is rapidly progressing with the construction of a high voltage power line from the OklaUnion station near Vernon to the Tuco station near Abernathy. The \$21 million project will transport 345 kilo volts between the two power stations. A kilo volt is equal to 1000 volts, making the actual voltage which will run through the lines about 345,000 volts. Completion of the 162 mile line allow SPS to participate in a power exchange with several other area power facilities.

Each dual pole structure is between 80 and 120 feet in height. The weight of each structure varies from 11,070 pounds to 17,743 pounds depending on the height. The tubular H-frame steel structures are assembled on the ground and raised into position with a crane. The twin poles are then secured in the earth by burying them to a depth equal to 10% of the height plus two feet.

At one point in the progression of the line, a deviation of a few hundred feet was necessary to circumvent the Jerry Battey home on FM651. The house was in the direct path of the line and rather than move or destroy the house, SPS elected to go around it according to

Floydada office manager Lewis McDan-

The construction of this high voltage line through Floyd County has proven a slight boost to the local economy. Several families have established residences in Floydada until the estimated completion of the project in June. Approximately 80 workers are involved in the construction of these power towers.

the owner's current qualification.

Applications must be filed in 1985, Patterson said, by property owners who have not previously received tax relief on their present homesteads or land.

State law also requires farmers and ranchers to apply each year in all appraisal districts for agricultural use (1-d) valuation.

Patterson noted that people whose property is in more than one county appraisal district have an additional responsibility. These property owners may have to file for exemptions and productivity valuation in each appraisal district in which their property is located. Failure to do so could result in one or more taxing units taxing the property on its full market value.

An example is where a city or school district in two counties has joined only one appraisal district.

Complete information on tax exemptions and rendition requirements is in a pamphlet produced by SPTB. "Taxpayers' Rights, Remedies, Responsibilities!" also tells how a taxpayer can challenge the value placed on his property by making an appeal to the appraisal review board. The pamphlet is available free from appraisal district offices or from SPTB in Austin.

"The property tax is the primary source of local government revenue in Texas," Patterson said. "It will generate about \$9 billion this year to help fund public schools, cities, counties and special districts like hospitals, local colleges, fire protection, water and

"We urge all property owners to become familiar with the tax process, to file renditions and to apply for all exemptions or other tax relief to which they are entitled," Patterson conclud-

Museum directors hold meeting

The board of directors of Floyd County Historical Museum met Tuesday, April 9, in the museum. President Nancy Marble conducted the meeting. Olin Watson reported the Crosbyton Museum has offered to present their two-part drama, "The Mail Inspector's Visit," for Old Settlers Day. Their offer was accepted. The play is about the Hank Smith family at the Rock House in Blanco Canyon. Ralph Johnson reported on Matador's request to join with Floydada for Texas Sesquicentennial plans, and they were approved.

Over 800 newsletters have been mailed out from the museum this

El Progreso Study Club receives garden hints

The El Progreso Study Club met in the home of Arla Copeland April 10. Roll call was answered with garden hints. President Pauline Sams presided and the minutes were read and except-

The fragrance of flowers reminded the group of spring time and gardening. The guest speaker, Dimon Schacht, gave many helpful hints about gardens, yards and trees. She told that the most important thing about gardening is to water and fertilize.

Some other helpful hints Mrs. Schacht provided included: to prune

shrubs often, but not too harshly; that irises make beautiful border plants for walks; and to select climated trees for

Refreshments were served to Mary Blanchard, Katherine Ball, Cornelia Johnson, Merle Mooney, Hazel Johnson, Kathryn Cooper, Alice Mitchell, Pauline Sams, Bobbie Kellison, Dimon Schacht and the hostess, Arla Cope-

The group was dismissed with the reading of the club collect lead by Alice

Tana Tyer nominated for Woman of the Year at WT

TANA TYER

Twenty-eight young women at West Texas State University have been nominated for Woman of the Year. The winner will be announced at the annual Woman of the Year banquet at 7:00 p.m., Thursday, April 18, in the East Dining Hall at WTSU.

Tana Jean Tyer, daughter of Mr. and Mrs. Charles Tyer of Floydada, was nominated by McCaslin Hall, where she has been a resident assistant for three years. She is a senior business education major with a 3.43 grade average. She is listed in Who's Who and was WTSU's Homecoming Queen in 1984.

The nomination is an honor in itself. Various campus organizations select the candidates, who must be juniors or seniors with an overall scholastic average of 2.5 (of a possible 4.0) and demonstrated leadership qualities.

The program is sponsored by the Association for Women Students.

the Astrodome, and took a guided tour from top to bottom of the Astrodome. We bought cards of Houston to bring back to our families.

FHA and HERO students

attend meeting in Houston

On Saturday we went to a luncheon at the coliseum. Hundreds of girls and boys and teachers from all over Texas were there. We talked to some of them, also Mrs. Frances Easter and her group. Mrs. Easter used to teach in Floydada. We got our picture taken with

the group. The last afternoon we went to more workshops about jobs and careers, also a workshop on "His Baby, Too," about problems of teenagers having babies and what about the boys' responsibility. At the FHA booths we bought FHA-HERO pins for all chapter members.

The last night we went to Christy's Restaurant to eat a seafood supper. It was delicious. Then we caught our bus and returned home. We slept one night going down and one night coming home on the bus so we were pretty tired.

Lots of weird looking people walked through the Dallas bus station where we had to change buses and wait two hours. But cops and security guards kept an eye on everyone and we felt

We think Houston people were very kind and friendly. They helped whenever we asked questions. We had a good time. Everyone at the meetings had earned the right to go to the state meeting by being a good chapter member, raising the most money and being leaders in their chapter. We were proud to be there too. We thank Mr. Collins, Mr. Wood, Mr. Cannon, and the school board for allowing us to go to the state meeting. It was worth working

Floydada Nursing Home Happenings

By Florence Van Hoose

Monday morning devotions were by Trinity Church. The singers were Rev. G.A. Van Hoose, Mildred Thrasher, Eula Mae Wilson, Shirley Varner, and Dartha Westbrook. Rev. Van Hoose spoke about "Now we see thru a glass darkly, but then face to face." In the afternoon we had ceramics class. The residents who painted were Faye Mc-Mahan, Emmit Lawernce, Iva Simpson, Addie Lindley, Beno Wilson, Bonnie Howard, and Myra Hall. They painted odds and ends, bunny rabbits, mugs, and ginger jars.

Tuesday morning devotions were omitted because Brother Neeley Richardson was unable to be here due to illness. In the afternoon Ruth McIntosh came and gave several of the ladies manicures. We also had a good time of Bible study, sharing, and prayer. We read about heaven. We welcome our new residents to the nursing home.

CUEVAS

Mary Ellen and Junior Cuevas are proud to announce the arrival of their son, Stephen Lynn, on Thursday, April 11. He weighed 6 lbs. 5½ ozs. and was 19 inches in length. He arrived at South Park Hospital in Lubbock.

Maternal grandmother is Mrs. Becky Garcia of Winters. Paternal grandparents are Mr. and Mrs. Bonifacio Cuevas of Floydada.

The new arrival has two brothers, Eric, 7, and Joseph Christopher, 13 months, and one sister, Rebecca, 3.

Randy and Darla Ford of Lockney are parents of their first child, a son, who was born Tuesday, April 9. Tate Randal Ford weighed 7 lbs. 13

oz. at birth at 5:39 p.m. in Lockney General Hospital. He measured 19 inches.

Maternal grandparents are John and Doris Armes of Gruver. Ray and Ann Ford of Lockney are paternal grandparents, and great-grandmother is Mrs. Dick Ford of Lockney.

Junior high students set

The Floydada Junior High FHA-HERO had a meeting on April 15. Our president, Melissa Perez, conducted the meeting. Secretary Elvia Huerta read the minutes from our last meeting and treasurer, Maria Segura, read the

The chapter voted to have an eighth grade graduation reception for everyone who graduates and their parents, in the junior high cafeteria immediately after graduation May 24.

The chapter also voted on going to Lubbock with Mr. Smith's class. We will go to a steak house and a movie at the Showplace 6. Our meal and movie ticket will be paid by the FHA-HERO chapter. The trip is scheduled for April 19, a Friday. We will probably be back about 10:30 p.m. Everyone planning to attend must have a permission slip signed by parents.

Mrs. Joyce Williams and Kellie Van Cleve went to Houston April 11. They traveled by car all the way to Vernon and then went by bus. They got to Houston at 4:00 a.m. Kellie Van Cleve said, "It sure was a big place, I've never been there." They stayed at the Sheraton Hotel. They went to a meeting and they talked about our chapter getting incorporated. They returned back Sunday at 11:30 a.m.

Marble and Bertrand pledge nuptial promises Serving as maid of honor was Kristi soms on an antique silver epergne. Cindy Marie Marble and Jeff Neal The bride carried a Flemish bouquet

Bertrand were united in marriage in the First United Methodist Church, Floydada, with the Rev. Earl Blair officiating, Friday, April 12, 1985 at 7:30 in the

Parents of the bride are Mr. and Mrs. Fred Marble of South Plains. The groom is the son of Mr. and Mrs. Neal Bertrand of Floydada.

Escorted to the altar and given in marriage by her father, the bride wore a white lace and satin gown designed with a Queen Anne neckline and featured an Alencon lace bodice. The chiffon sleeves were accented with Alencon lace appliques and fell to a wrist closure. The floor length skirt swept to back fullness and was accented with a lace peplum at the waist. Alencon lace appliques with scalloped medallion lace encircled the skirt. Pleated chiffon was exposed from the scalloped lace and extended the chapel length train. To complete her ensemble, the bride chose a wreath of pearls, dendrobium orchids and babies breath. Tiered illusion fell to

Tall ivory lace standards supporting branches of white dogwood blossoms formed a canopy for the bride's aisle. Pews were marked with Flemish bouquets of white dendrobium orchids, tulips, lilies, and English ivy leading to the altar. Antique Dore bronze torcheeres and candelabra provided candlelight for the altar area. Towering dogwood trees filled the choir loft. Brass urns filled with flowing arrangements of mixed white flowers decorated the altar. Masses of Boston ferns and English ivy completed the setting.

Mrs. Larry Ogden, sister of the groom, was organist. Mrs. Mike Giesecke was pianist. Selected vocal music was presented by Miss Lori Beckham.

of dendrobium orchids, freesia, french lilac, viburnum and white tulips. Following tradition, for "something old" the bride wore her maternal grandmother's pearls encircling the wreath of her veil. The bride's wedding attire was "new," a handkerchief was "borrowed" from the bride's aunt, Mrs. Bill Tye. The bride wore a "blue" garter.

Webb and Joe Wright repeat wedding vows

Joe Wayne Wright of Lubbock was married Saturday, April 6, 1985 at 3:30 p.m. to Ms. Gloria Webb of Brooksville,

The impressive nuptial was read by the Rev. Moore of Lubbock under a large shade tree in the front yard of the groom's home.

The bride and groom wore matching burgundy western shirts, levis and

The matron of honor, Brenda Wright of Lubbock, and Raymond Lang, the best man, of Lubbock also wore western Many of the guests carried out the

western theme and wore western clothes also. The groom's mother, Pauline Vesey of Norfolk, Nebraska wore a pastel yellow two piece dress and a yellow orchid. The bride is the daughter of Mr. and

Mrs. Leo Lovett of Brooksville, Florida and the mother of Angela and Jerry Lovett. She is a veteran of the U.S.

Joe Wayne Wright is the son of Mrs. Pauline Vesey of Nebraska and Verlon

Wright of Floydada. He graduated from Floydada High School in 1973 and operated an independent wrecker service in Lubbock.

A reception in the home was hosted by the groom's mother and two sisters. Thirty-eight guests registered. The table contained yellow carnations, red punch, the wedding cake, decorated with a bride and groom under a lace parasol and spring flowers. The groom's cake was chocolate and decorated with a map of Texas and inscribed with "Gloria and Joe, April 6, 1985" "We'll Miss You" and spring flowers.

The out of town guests were members of the groom's family, his mother, Mrs. Vesey of Nebraska; his sisters, Betty Lou Kinslow of Coppell, Texas and Charlotte Wright of Waco; and a nephew, Kenneth Wright of Waco.

Also present were the groom's aunts, Mrs. Willie Dorsey of McKinney and Mrs. Ona Ruth Neff of Floydada; his father, Verlon Wright and Mrs. Betty Wright of Floydada.

The newlyweds will make their home in Brooksville, Florida after May 1.

Rainey of Lubbock. Bridesmaids were Christy Pruitt of Lubbock, cousin of the bride, and Sherese Cannon of Goodwell, Oklahoma. They wore identical dresses of cherry wine Lalique taffeta featuring a fitted bodice and puffed sleeves with a floor length gathered skirt. They carried European styled bouquets of rubrum lilies, dendrobium orchids, Gerbera daisies, freesia and English ivy.

Also attending the bride was her niece Micah Marble attired in a cherry wine dress identical to the bridesmaids. She carried a basket of ivory lace embellished with seed pearls and filled with mixed flowers. Ring bearer was Ty Fawver, nephew of the groom, carrying the nuptial rings on a satin and lace

Bart Patzer of San Angelo served as best man. Groomsmen were David Main and Van Lowrance, both of Floydada.

Candles were lit by Justin Marble, nephew of the bride, and Michael Bertrand, nephew of the groom. Ushering guests were Kelly Marble of Lubbock, brother of the bride, Andy Langley of Seagraves, Dale Powell of Floydada, and Glen Bertrand of Floydada, brother of the groom.

A reception followed in the fellowship hall. Guests were registered by Tammy Bertrand, niece of the groom, and Kay Wells of Denton, cousin of the bride. The fellowship hall was transformed into a French ballroom with walls of white fabric and French lathed grillwork topped with white scalloped awnings. Planter boxes interspersed throughout the room held dogwood and crabapple trees, and were filled with caladiums, hydrangeas, azaleas, and kalanchoes.

The bride's table was covered with a reembroidered French lace cloth embellished with seed pearls. The tiered cake was made by the bride's aunt Mrs. Marvin Wells of Denton. The table was centered with an arrangement of rubrum lilies, Gerbera daisies, dendrobium orchids, apple blossoms, French lilac, varigated tulip and freesia blos-

Presiding at the bride's table were Kim Wells, Rusty Simpson, and Karen

Pruitt, all of Lubbock, and cousins of the bride, Kathie Battey, Mitzi Julian, Susan Kimble, and Cindy Mulder, also of Lubbock, Donette Marble of Midland, cousin of the bride, D'Lee Powell, cousin of the bride, and Meredith Kitchens, both of Floydada. Musical selections were played during the reception by Mrs. Lewis Reddy, pianist.

Fresh strawberries, chocolate fondue, and punch were also served. Antique English silver appointments were used

The groom's table was covered with a pleated white antique satin. Mrs. Mark Montandon and Becky Fawver, sisters of the groom, Mrs. Glen Bertrand, sister-in-law of the groom, and Shelby Ogden, niece of the groom, served Italian cream cake and coffee.

Members of the houseparty included Mmes. Bill Tye, Keith Tye, Jim Simpson, Marvin Wells, Weldon Pruitt, Don Marble, and Keith Marble.

After a wedding trip, the couple will be at home south of Floydada where the groom is engaged in farming. The bride graduated from Floydada High School and attended Texas Tech University. After attending Floydada schools Bertrand served three years in the United States Marine Corps.

Prenuptial courtesies included a bridal shower in the home of Mrs. L.T. Wood at South Plains, a shower in the home of Mrs. K.E. Probasco, a lingerie shower hosted by Christy Pruitt, Sherese Cannon, and Kristi Rainey, in the home of Mrs. Weldon Pruitt, a bridal luncheon in Lubbock hosted by Mrs. Lewis Reddy and a rice bag party in the home of Mrs. Weldon Pruitt.

A rehearsal dinner, hosted by the parents of the groom, Mr. and Mrs. Neal Bertrand, was enjoyed at the First Christian Church on Thursday evening. The meal was catered by Alpha Mu Delta sorority.

The wedding decor was a gift to the bride from her brother, Kelly Marble of College Flowers in Lubbock.

Blowing dust could be dangerous for motorists

Along with the advent of spring breezes, comes the spring nemesis dust. The strong March winds lift the loose plains soil and swirl it into the air to be deposited on any and everything in sight. It creeps into even the most tightly sealed places and causes a never ending battle to maintain a clean surface. As annoying as this situation is for those attempting to preserve the sheen on their furniture, it can be far more severe for motorists.

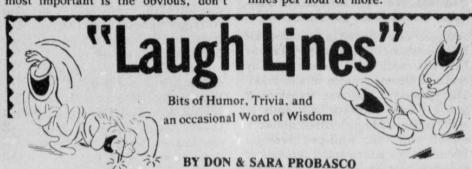

A full blown duststorm can strike with very little warning. Poor visibility makes driving conditions extremely dangerous. Severe storms usually last a short time but the sudden onslaught of an advancing wall of dust which carries with it assorted debris, can be deadly to drivers and passengers in motor vehi-

The blinding, choking duststorm may be miles long and wide and is usually several thousand feet high, being enhanced by upper level wind currents as it rolls along. The presence of such a phenomenon of nature in your path necessitates special protective measures on the part of motorists. First and enter a duststorm if you can avoid it.

Whenever you encounter dense dust blowing across or approaching the roadway, pull your vehicle as far off the road as possible, stop, turn off all lights, and set the emergency brake. Make certain you do not have you foot on the brake pedal, leaving the brake light illuminated. A vehicle approaching from the rear could mistake your parked car for a moving one if a light is visible.

If leaving the roadway is not possible, proceed at a rate of speed acceptable for your limited visibility, using the car horn to warn others of your location at small intervals. Use the painted center line of the highway to guide you along the road. Continue to watch for a safe place to pull off of the roadway until the storm passes. Never stop on the traveled area of a road.

Dust or sandstorms are one of the types of threatening weather for which the NOAA Weather Radio issues warnings. A duststorm (or sandstorm) warning generally means that visibility will be limited to 1/2 mile or less due to blowing dust or sand. Wind speeds involved in the storm will usually be 30 miles per hour or more.

New methods prevent summer cattle disease

Summer for local cattlemen often means worrying about a troublesome disease called pinkeye in their herds. But much of that worry can be alleviated, says a veterinary consultant.

Most pinkeye cases can be prevented through new technology that's available, says Dr. John Herrick, retired Iowa State University Extension veterinarian, now consulting from Paradise Valley, Arizona.

Pinkeye is a widespread, highly infectious eye disease in cattle. While human health is safe from the disease, it poses a significant economic problem to the beef industry. Beyond economics, cattlemen hate to see the symptoms in animals: watery, sensitive eyes or cloudy eyes, and partial or total blindness.

Based on USDA estimates, Herrick says about 20 percent of all young calves will be affected with pinkeye where no preventive measures are

Pinkeye is caused by several factors, Herrick says. While cattlemen can't control all the causes, they can address the biggest problems: a bacteria called M. bovis and flies.

Herrick recommends that cattle be vaccinated with one of the new vaccines for M. bovis, and that measures be taken to control flies around cattle. Vaccination

A big improvement in pinkeye prevention has been the introduction of federally licensed M. bovis vaccines, Herrick says. These vaccines build up resistance to the organism and greatly

reduce chances for infection. In a Utah field study of six herds, 17.7 percent of the nonvaccinated animals developed pinkeye. Symptoms ranged from mild to severe. Of the cattle vaccinated with a piliated M. bovis vaccine, 2.6 percent developed pinkeye. But all symptoms were mild, and the cattle recovered more quickly than

ple Cooksey.

To maximize cattle resistance to M. bovis, Herrick recommends two doses of the vaccine, 21 days apart, a month before fly season starts. For breeding cattle, a single annual booster will maintain immunity.

M. bovis vaccines have been available only through veterinarians the last two years, Herrick says. This year, producers can buy a pinkeye preventive as part of a "combination" vaccine. Two new combination vaccines integrating a piliated M. bovis vaccine with other bacterins are available from Anchor Animal Health.

USDA approved the first two pinkeye combinations in late March, 1985. One product, Bar-Vac-7/Pinkeye, is labeled for prevention of pinkeye and clostridial (blackleg) diseases in calves. The other product, Breed-Back-7/Pinkeye, is labeled for prevention of pinkeye and reproductive diseases (vibriosis, leptospirosis, Haemophilus somnus) in brood cows. Convenience of giving fewer shots is the biggest advantage of combination vaccines.

Fly control For fly control, Herrick recommends use of both insecticide dust bags and insecticide ear tags. "Ear tags can't do it all themselves. You should use other control measures, too," he says.

Dust bags are most effective when hung near water, shade or in a gateway cattle use daily. Despite concerns about fly resistance in some areas, Herrick says, the tags generally are still very effective. But he issues two cautions:

"Follow the manufacturer's recommendation of one tag or two per animal, and tag cows right at the start of fly season. Don't let flies get ahead."

Pinkeye preventives should be only part of a herd health program, Herrick says. Without it, cattlemen could be "shooting in the dark at a lot of things."

BOULTER MEETS FARMERS-Herman Graham [left] was one of many local farmers who met with Congressman Beau Boulter in Floydada on April 10. Behind Boulter is one of his aids, Ernie Houdashell.

Boulter hears farmers' comments on problems

Area farmers let Congressman Beau Boulter know they were concerned with more than farm policy during a meeting held at the community room of the First National Bank in Floydada April 10. Amid the flash and thunder of a spring storm, Boulter asked farmers, gin operators, and elevator operators 'What do you think the answer to the farm problem is?" The answer he got was "We don't know, we thought you might."

Boulter expressed the belief that "The best farm policy is a solid national economic policy." He emphasized this by saying "Reforms in defense spending and entitlement programs must be made and the government must move away from the cradle to the grave concept in social programs. This approach is killing us.

"The farm community must have a farm program that is budget responsible as well as being politically acceptable," said Boulter. "Farmers must move into a world economic situation markets for their products," he conti-

One local man answered this statement by saying that throwing the rules. individual farmer into a world market was unfair. "Individual farmers can't compete with other countries on the open market. They don't have the

resources."

Boulter answered, "I believe that you farmers need to work together. As a group you wield more power and influence than you seem to realize."

Although the session was designated as a forum on pending farm legislation, local farmers broached other subjects of concern. Comments against the International Monetary Fund, foreign aid, and increased defense spending were accompanied by comments favoring a balanced budget amendment for the federal government and implementation of the Grace Commission recom-

The general attitude apparent at the session was that the high U.S. dollar value abroad and the mounting national deficit coupled with proposed budget cuts in agricultural areas would drive more farmers under. Boulter was told that most farmers, at least in this area, could live with a reduced loan rate if target prices and subsidy limits remain According to one farmer, "Most and must begin to develop world of us farmers were raised to play by the rules and to be fair. We are having a hard time playing by the rules lately. The government keeps changing the

> Boulter brought the meeting to a close, stating his intention to do everything within his power to preserve rural America and the farm community.

COTTON

At planting, TEMIK® aldicarb pesticide controls 6 major early-season cotton pests for up to 10 weeks, including thrips, mites, aphids, lygus, fleahoppers and leafminers. Plus, it provides outstanding control of nematodes. Control of these pests result in stronger root systems and more vigorous plants which can produce higher yields and earlier maturity.

Riverside/Terra Corp. 652-2393

WIFO

Chinch bugs, greenbugs and nematodes can suck the profit right out of milo production. That's why you need TEMIK* aldicarb pesticide. Foliar sprays often do not get to the chinch bugs that cluster on the lower part of stems and leaves or to the greenbugs that feed on the underside of leaves. And such treatments work only on contact and only on the insects present. They cannot control below ground pests such as nematodes. TEMIK, however, controls soil-borne nematodes both on contact and systemically, and suppresses chinch bug and greenbug populations for 4 to 8 weeks after application.

CARBIDE

PAULA MALDONADO

Services were pending at press time for members of the Maldonado family of Greeley, Colorado killed in a head-on collision near Dalhart Sunday, April 14.

Jerry Don Maldonado, 22, his wife, Paula Linda, 24, their daughter, Veronica, 2, and 1-year-old son, Robert, were declared dead at the scene by Justice of the Peace Leroy Cansler.

Armando Garcia, 19, of Denver, Colorado also was dead at the scene. Four people were injured including Jerry Don Maldonado Jr., 3, and Mrs. Maldonado's 19-year-old sister, Aurora Naranjo of Lockney. The two are in critical condition in Amarillo's Northwest Texas Hospital.

A rosary for the Maldonado's was recited at 7:30 p.m. Tuesday, April 16, in San Jose Catholic Church in Here-Mr. Maldonado was born in Hereford

and had lived in Greeley 14 years, working as a truck driver. He married Paula Naranjo in Greeley in 1980. Paula Maldonado, born in San Anton-

io, had lived in Greeley, Colorado seven Mr. and Mrs. Maldonado are sur-

vived by a son, Jerry Don Maldonado Jr. of Greeley.

Mr. Maldonado also is survived by his mother, Pauline Maldonado of Greeley, Colorado; six sisters, Mickey Garza of Garland, Geneva Maldonado and Lydia Gonzales, both of Greeley, Colorado, Beatrice de la Paz and Rita Tijerina, both of Hereford, Rebecca Flores of San Angelo; five brothers, Edward and Gilbert Maldonado, both of Hereford, Harold and Richard Maldonado, both of Greeley, Colorado, Lawrence Maldonado of San Diego, California; a half-brother, Tony Boules of San Diego, California.

Mrs. Maldonado also is survived by her parents, Mr. and Mrs. Elisando Naranjo of Lockney; her grandmother, Anzelma Arguizo of Pleasanton; seven sisters, Lydia Ramos and Stella Romero, both of Greeley, Colorado, Ava Barnhart of Milliken, Colorado, Rita Naranjo of Kress, Dora Mendez, Aurora Naranjo and Virginia Naranjo, all of Lockney; and two brothers, Elisando Naranjo Jr. of Canon City, Colorado and Peter Naranjo of Lockney.

Veronica and Robert Maldonado were born in Greeley, Colorado. They are

JOHN McCALLON

Services for John P. McCallon, 78, of Plainview were at 4 p.m. Monday, April 15, in the chapel of First Baptist Church with the Rev. Fred Meeks, pastor, officiating.

Burial will be in the Plainview Cemetery under direction of Lemons Funeral Home

He died at 12:47 p.m. Sunday, April 14, in Central Plains Regional Hospital after an illness.

He was born in Floydada and attended Plainview schools. He married Freda McMennamy July 3, 1926, in Plainview. She died in March 1985. He worked in the laundry business for many years, retiring from Lester's Laundry in 1969. He was a member of First Baptist Church, where he ushered for many years.

Survivors include a son, John D. of McKinney; two sisters, Augusta Jones of Plainview, Maxine Slaton of Santa Rosa, New Mexico; four grandchildren; and three great-grandchildren.

VERNON WILLIAMS

Funeral services for Vernon Williams, 70, of Lubbock were held at 3 p.m. Wednesday, April 17, at the Quaker Avenue Church of Christ in Lubbock. Church elders, Elmore Johnson and Herbert Griffith, officiated and interment followed at Resthaven Memorial Park in Lubbock under the direction of Franklin-Bartley Funeral Home of Lubbock.

Vernon died at 10:40 p.m. Monday, April 15, at Highland Hospital in Lubbock following a lengthy illness. He was a Lockney native who moved to Lubbock in 1944. Vernon was a retired plumber and a member of the Quaker Avenue Church of Christ. He was also past president of the board of the Woodrow Fire Department.

Vernon is survived by his wife, Mary Elizabeth Thornton, whom he married in Clovis, New Mexico on June 3, 1937; two sons, Lloyd of Central City, Colorado and Don K. of Vernon, Connecticut; three daughters, Carolyn Young of Lubbock, Pat Oanes of Webster, Minnesota, and Donna Daniel of Dallas; four brothers, three sisters and 16 grandchildren.

The family requests that memorial donations be made to the Quaker Avenue Church of Christ or to one's favorite charity.

AMERICAN CANCER SOCIETY®

Harrington Foundation gives "TEXAS" \$180,000

Mrs. Lon Davis, Jr. is presently serving as an area board member to the Don and Sybil Harrington Foundation. At the annual meeting held April 2 at the Amarillo Country Club announcements of recent gifts were made.

The members of the Board of the Don and Sybil Harrington Foundation have awarded "TEXAS" \$180,000 to refurbish the production, in celebration of its twentieth season. The Board of the Meadows Foundation of Dallas has agreed to match every new membership with \$100 up to \$50,000, and the Texas Panhandle Heritage Foundation has received two bequests.

"Texas" productions will be seen June 12 thru August 24 Monday thru Saturday nights in the Palo Duro Canyon State Park.

Tax Returns and Bookkeeping Service

Everyone really liked the dinner!

Southern Sea catered it. Southern Sea has more experience serving meals to West Texans than any other caterer in this area. That experience translates into an enjoyable meal for everyone, from the front of the line to the back. We serve hot food hot, cold food cold and iced tea with ice. Don't settle for less.

Southern Sea's fish, chicken and barbecue will satisfy your group. Our meats have a home-cooked taste that you just won't find in most catered food. If it grows in a garden, we will serve it, fresh. Your gathering deserves a good meal. That is what we cook, every time.

Southern Sea is ready to serve your group a plate of food they will like. Just tell us who, what, when, where and how many. We will do the rest. We have served meals under every condition imaginable. We can solve your problems.

For a meal everybody likes.

CALL: 847-2563

Public Notice

68.96; Grant Cage, 70.64; Bobby Ford,

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas, effective May 6, 1985, unless otherwise determined by the Commission. The Public Utility Commission of Texas has received the application as Docket 6200.

While proposals as to specific rates vary, it is expected that the requested rate schedule will furnish a 10.5 percent increase in the Company's unadjusted test year intrastate revenues or a 9.7% increase in test year revenues as adjusted for test year customer growth and annualization of test year rate increases. The rate application seeks an annual increase of \$323.9 million in revenues. All customers and classes of customers of Southwestern Bell Telephone Company within

Texas will be affected by the proposed changes. Most rates proposed for increase would increase by about 18.5 percent, including local exchange rates. However, there are some exceptions. For example, those customers residing in cities that will be reclassified into larger rate groups will experience local exchange rate increases greater than 18.5 percent. Also, the rate increases proposed for private line services in El Paso, due to a proposal to restructure such rates, are greater than 18.5 percent.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas and with each affected incorporated municipality served by Southwestern Bell Telephone Company. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell Telephone Company's rate application. This filing includes, but is not limited to, proposals to increase rates for local exchange service, intraLATA long distance, intra-LATA interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates.

Notice to Customers of Other

Telephone Companies This filing includes, but is not limited to, proposals to increase rates for intraLATA long distance and for intraLATA, interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates. Changes in such rates would also affect customers of other telephone companies because such companies provide certain services in accordance with rates specified in Southwestern Bell Telephone Company's tariffs.

Notice to All Customers Concerning Access Charges and Certain New Service Charges

Southwestern Bell Telephone Company, as a part of this filing, is also proposing to reduce certain access rates charged such customers as AT&T Communications, Inc., MCI and other carriers. The resulting reduction in revenues is proposed to be offset by revenues from two new service charges, late payment charges applicable to business customers only and for certain operator services such as busy line verification, plus stimulation of access service charge revenues. Since this portion of the filing, if granted, would have essentially a zero net revenue effect on Southwestern Bell Telephone Company, Southwestern Bell Telephone Company is proposing that this portion of the filing be expeditiously handled by the Commission and not await

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

TEAM #4—The Dust Devils pose for a team picture with Coach Jill Willson, Tian Younger, Krystal Wilson, Tess Barnett, Chantal Patterson, and Coach Paige Cannon in the back row. Amy Gilly, Jodee Breed, Heather Fondy, and Theresa Sims are in front.

TEAM #2-The Blue Streaks are coached by Sarah Hinsley and Denise Cates. Team members are: back row [left to right] Brittany Gregory, Esther Hong, Marci Vasquez, and Amanda Watson. Front row [left to right] Amanda Ogden, Kristy Hinsley, Carrie Emert, and Mandy Bailey.

Aviso Público

for 5th, 6'6"

En conformidad con las disposiciones de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia mediante el presente aviso su intención de establecer un nuevo arancel de tarifas telefónicas en Texas, con vigencia a partir del 6 de mayo de 1985, salvo disposición en contrario de la Comisión. La Comisión de Servicios Públicos de

Texas a registrado esta solicitud bajo el Docket 6200. Si bien existe variación entre las propuestas en cuanto a las tarifas precisas, se anticipa que el arancel tarifario solicitado aumentará en un 10.5% los intraestatales no ajustados de Southwestern Bell Telephone Company durante el año de prueba, o sea, un aumento del 9.7 por ciento en los ingresos del año de prueba, después de realizar el ajuste por la expanción de los usuarios y por la anualización del aumento de tarifas para el año de prueba. El objeto de esta solicitud de tarifas es lograr un aumento anual en los ingresos de \$323.9 milliones. Los cambios propuestos afectarán a todos los usuarios y grupos de usuarios de Southwestern Bell Telephone Company en el estado

La mayoría de las tarifas que resultarían afectadas por el propuesto aumento aumentarian aproximadamente en un 18.5 por ciento, incluyendo las tarifas de centrales locales. Sin embargo, existen algunas excepciones. Por ejemplo, los usuarios que residen en ciudades que se reclasificarán para formar parte de grupos tarifarios mayores experimentarán aumentos mas elevados del 18.5 por ciento. Por otra parte, los aumentos de las tarifas propuestas para servicios de línea privada en El Paso aumentarían en más de 18.5 por ciento, como resultado de una propuesta para reestructurar tales tarifas.

Una copia completa del nuevo arancel de tarifas se halla archivada en las oficinas de la Comisión de Servicios Públicos en Austin, Texas, así como en cada municipalidad incorporada afectada que tenga servicio de Southwestern Bell Telephone Company. En el pasado, la Comisión ha sostenido que toda tarifa se halla sujeta a cambio toda vez que Southwestern Bell Telephone Company solicite nuevas tarifas. El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de centrales locales, de larga distancia intraLATA y por servicios de línea privada interLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio

Aviso a los clientes de otras compañías de teléfono

El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de larga distancia intraLATA y por servicios de línea privada intraLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso. Los cambios en dichas tarifas también afectarian a los clientes de otras compañías de teléfono, puesto que dichas compañías proporcionan ciertos servicios de acuerdo con las tarifas especificadas en los aranceles tarifarios de Southwestern Bell Telephone Company.

Aviso a todos los clientes con respecto a los cargos de acceso y a determinados cargos nuevos de servicio

Al registrar esta tarifa, Southwestern Bell Telephone Company también propone reducir ciertas tarifas de acceso que se les cobran a clientes como AT&T Communications, Inc., MCI y otras compañías de larga distancia. La consecuente reducción de ingresos se piensa compensar por medio de dos cargos nuevos de servicio (cargos por pago atrasado que se aplicarían solamente a usuarios comerciales, y cargos por ciertos servicios de operadora, tales como verificación de línea ocupada) además de la estimulación de los ingresos por cargos por servicios de acceso. En vista de que, en caso de otorgarse esta parte del arancel tarifario registrado, su efecto real en los ingresos de Southwestern Bell Telephone Company sería igual a cero, ésta propone que la Comisión tramite dicha parte de la tarifa en forma expeditiva sin esperar la Orden Definitiva.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

Seventh grade girls place fifth

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc. ("AT&T Communications"), in accordance with the Public Utility Regulatory Act and the rules of the Public Utility Commission of Texas ("PUC") hereby gives notice of its intent to implement a new schedule of rates for its services. The new rates will be effective May 14, 1985, unless otherwise determined by the PUC. All customers and classes of customers would be affected by the proposed rates.

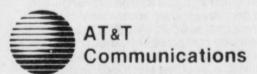

AT&T Communications has filed a reprice of its tariffs designed to more closely recover access and other costs for WATS and 800 Service and all private line services including Channel Services, Foreign Exchange (FX), DATAPHONE* Digital Service, and OCC Facilities.

Also proposed is the institution of a charge for Directory Assistance to begin to recover access costs incurred for such service and increases in rates for operator assisted AT&T Long Distance calls. The initial minute charge for all AT&T Long Distance calls and additional minute rates for AT&T Long Distance calls 51 miles or less are proposed for increases to reflect the access charges approved by the PUC for such calls.

The proposed new rates for all services would result in an increase in adjusted test period revenues of \$139 million or 12.7 percent.

A complete copy of the proposed tariffs are on file with the Texas Public Utility Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

84 Lumber accepts challenge of 1985

With its namesake year, 1984, tucked behind it, 84 Lumber Co. has announced plans for what Founder and President Joe Hardy called, "A reemphasis of the doctrine which has made us successful over the past 27 years."

In his end-of-the-year company message, Hardy characterized 1984 as "...a good year for 84 Lumber...with reasonable increases and growth."

In fact, the company's sales climbed to \$686-million last year, setting a single-year record. 1984 also saw the company open some 20 new stores, bringing to 365 the number of operating units it maintains in 38 states.

"We had been directing all of our energies and efforts toward 1984 because of the very special number and its association with our name," Hardy explained.

The company actually was named for this small community, Eighty Four, in rural Western Pennsylvania, just south of Pittsburgh. Hardy opened his first store there in 1957, and named the firm in honor of the town. From that first store the chain has grown to be the largest privately held lumber and building materials supplier in the

To commemorate 1984, 84 Lumber was involved in several special projects,

including: -- Participation with the U.S. Postal

Service secure a special zip code for the company's headquarters (15484). -- A company-wide sales contest

which saw 63 stores Associates win trips to the Olympic Games in Los Angeles. -- Spearheading of an Eighty Four, PA

community celebration which featured Hardy as Grand Marshall of a 'Main Street Parade'. The event drew national attention to the town.

-- And, awarding of 400 trips to Maui, Hawaii, as recognition of store sales achievements.

"Last year was certainly a milestone in our history," said Hardy. "We tried many, many new things and came away with one significant observation: To be successful, we must stay with the no frills-low cost approach to retailing which our customers desire.

"We have only managers in our stores. There are various levels of everything in our power make their jobs as stimulating and exciting as possi-

He continues, "Whether Manager Trainee, Co-Manager or Manager, our Associates stress personal contact with the customer every day. And, our customers measure us on how well our Associates meet their needs.

"We have an enormous investment in our Managers and they have an enormous investment in the success of

The company has at least 20 new stores on the drawing board for 1985, and expects to continue to lead the building supply industry in new store expansion into the 1990s

'This is a fast-paced, competitive business," the 84 president explained. "We cannot afford to lose sight of what makes us special and different.

"We are looking back at 1984 more as the acknowledgement of our unique status than as the 'end' of a period or an anniversary," he continued.

"We hope we have learned something from our namesake year, a lesson that will help us to grow and prosper in the future.'

FRANCES ASHTON Office Manager

SOUTH PLAINS NEWS. by Mrs. Murray Julian

April 15

These warm, sunny days of spring have made us realize that summer is almost here, as the grass is greening, and the trees are about to get all their canopy of leaves. Spring flowers of tulips, hyacinths, and other signs of spring are seen in many yards. We are all seeking our wardrobes for cooler clothes for the warmer days.

We wish happiness to all the new brides and grooms, but especially I wish a happy life, health and all the good things for my neighbor, Cindy Marble and Jeff Bertrand, who were married Friday, April 12 in a beautiful ceremony. The flowers were so lovely, all prepared by Cindy's brother Kelly Marble.

We hear that J.P. Taylor, who has been in the Plainview Hospital for the past two weeks with a heart attack, is going to get to go home soon, and possibly this past weekend. We are all very glad to know he is doing so well.

We were pleased to have Mr. and Mrs. Sue and Ted Givens, Jennifer and Chad at the Baptist Church in South Plains Sunday. Others there were Mrs. Ruby Lutrick (Teresa) and twins Tessa and Tobie from Lockney. It was wonderful to have a lovely display of flowers, given to the church by the Marble family. They brightened the whole altar.

At the business meeting Sunday night at the Baptist Church all were pleased to learn the Annie Armstrong Offering had gone over the sum delegated for this offering.

Mrs. Frank McClure who now lives in Care Inn in Plainview was to get to come home from the Methodist Hospital on Sunday after she had undergone surgery there a week ago Monday.

Mr. and Mrs. Ruth and Ernest Smitherman left here last Wednesday to fly to Austin where they are visiting with their son and his family Mr. and Mrs. Larry and Marlene Smitherman and Kaylinn. The Smithermans were to come home from Austin this week.

Sara Probasco was nominated as Woman of the Year, and she goes Saturday, April 20th to West Texas State College in Canyon to attend a luncheon where nominees for the Panhandle Distinguished Service Award will be recognized and winners will be announced. Friends of the Library in Floydada had submitted Mrs. Probasco's name. We are so very proud of her, to receive the nomination.

David Hafer, of the Plainview Police Department was at the South Plains Baptist Church, Sunday, to speak at the morning church services on T.S.N.E. He brought a timely and good message. His wife and little daughter accompanied Hafer here for services.

South Plains Hobby Club met at the home of Mrs. Sara Probasco on Wednesday, April 10th, with Dot Cummings presiding at roll call, "What I would like to see in Europe." Lillie Maye Milton gave the thought for the day, and the program, "Our Trip to Europe" by Gleynn Earle Cummings began. February 20th she and husband, Sterling left Lubbock by plane for a three week tour of Europe, a never to be forgotten tour, where most of us would like to go. To New York, where they had a five hour lay over, then on to London on a plane with 300 aboard. Arriving in England they had tour guides all the rest of the way. First a double decker bus took them to Buckingham Palace, Bond Street, and saw all the hundreds of banks in London. Eton College, Windsor Castle, #10 Downing Street, to name places we would love to see; then on to Rome. They had continental breakfasts the whole time they were in Europe. Their tour was to take them to France, Italy, Switzerland, and England and a trip through the Vatican where the Pope is. Among some of the exciting things they saw, was the Louvre in Paris, with the Mona Lisa there, and where the world's largest opera is; the ruins of Rome, seeing the statue of Moses by Michaelangelo and the Pieta, the only statue that Michaelangelo put his name on. In Switzerland they got to hear the world champion yodeler. They saw the Eiffel Tower in Paris, which is constructed of two inch angle iron. In Paris they saw designer houses where Dior and other great and famous names have their shops. This is only a little of the wonderful sights that were described and the tours everywhere were full of wonder and delight to them.

Hostess for the group, Mrs. Probasco served a delicious sandwich, made of several slices of bread, filled with

Mr. Keenan (305) 678-3639.

Card of Thanks

Dear Citizens of Dougherty and Floydada,

Tom and I would like to take this opportunity to thank the wonderful people of Dougherty and Floydada for all the great things which they did for us while I was hospitalized at Caprock Hospital and then in St. Mary's Hospital in Lubbock for my surgery.

Your prayers, flowers, many phone calls, cards, food, visits, gifts and all the good things were appreciated so very

It is good to be a part of Dougherty and Floydada with so many lovely

> Sincerely, Zula Mae and Tom Emert

Too Late To Classify

The Annual State Convention of the Submarine Veterans of WWII will be held in the Memorial Plaza Holiday Inn in Houston May 10, 11, and 12. Veterans and wives are invited. Contact James Clepper, State Secretary, Box 368, Friendswood, Texas 77546 or call (713) 482-7288.
