CHRISTIAN CHURCH STARTS MEETING THIRD SUNDAY

The members of the Christian Church have asked us to announce that Rev. Davis, of Plainview, will begin a meeting for them at the tabernacle the 3rd Sunday in August. We have been assured that Rev. Davis is a splendid speaker and reasoner, and all are invited to hear him. Services will be held at the usual church hour, we understand.

AUSTIN PRINTER MARRIES BIG SPRINGS GIRL

Judge Geo. W. Neill, mayor of this city, informed us this week that his brother, Ed, who owns a printing establishment in Austin, had recently married Miss Florie Cox of Big Springs, Texas. Mr. Neill is the son of Director J. W. Neill of the State Department of Agriculture, and started his printing career in Brownfield, being at one time associated with Judge Geo. W. Neill, of this city as owners of the Herald, under the name of Neill Bros. The bride is a popular young lady, and is a niece of Mr. Handley, of this city, and is also related to Jim and Claud Jackson. Congratulations.

O. J. DANIELS WINS SWIMMING RACE

A number of the swimming fans of the town attended the swimming race at the Big Plunge last Thursday afternoon, and found it very amusing and well worth the price of admission which was ten cents. After a short talk by M. V. Brownfield, who treated the contestants, about fifteen in number to a free swim concerning the rules of the contest, and two or three larger boys were eliminated, the word was given to go, and of all the plunging, kicking and splashing, it came off. O. J. Daniels, twelve year old son of W. S. Daniels easily led the van, being full ten feet ahead, and swimming as easy as a duck. The price was a crisp new five dollar bill. We understand the school girls will be given a chance to win a five spot Thursday of this week.

IMPOSSIBLE

"John, John!" whispered Mrs. Congressman Squibbs. "Wake up! I am sure there are robbers in the house." "Robbers in the house?" he muttered steeply. "Absolutely preposterous! There may be robbers in the Senate; Mary, but not in the House. Absurd!"—American Legion Weekly.

ARIZONA AGAIN

Dear Editor— I notice a column in one of your papers about the big swimming pool being opened. You spoke of some people thinking it a disgrace for mixed society to go in swimming together. Here it doesn't cross the peoples' mind in the least. In Arizona the white people associate with the low-down Mexicans the same as with each other, but as I am from Terry, I don't approve of it. The Mexican even goes to the same school, same room and all such with the white children. Now what do you people think of that? Now for instance to show you some people like the Mexicans, I'll tell you how they do: A white man with a family large or small can ask a man for work, and he will hire an old Mexican to do the work, and he'll not do it half right, instead of the poor white man that is in needy circumstances, and does his work well. For they can get the Mexicans cheaper. But don't forget that we are not one of that kind. From a friend, Ottaloe Rolston

BAPTIST PEOPLE HAVING A BIG REVIVAL

The Baptist meeting which was advertised in these columns to begin on the night of the Fifth Sunday, has now been under way for more than a week with good crowds and splendid attendance. The weather has been almost ideal for meetings, and as the farming people have had nothing else to do, they have been in regular attendance. Rev. Vergin is an interesting speaker and holds his crowds well, while Rev. Hamilton is delighting the crowds with his solos, and is getting all anyone could, seemingly out of the big chorus he has organized. There has been a number of conversions to date. The meeting will likely close the latter part of the week.

SEAGRAVES SAYINGS

Crops are looking good, and fine prospects for another good harvest. Revs. Weems and Morrison closed their meeting Sunday night, July 30. It was a union meeting and they certainly did some fine preaching. There were three conversions and five new additions to the Baptist church. Mr. and Mrs. Verge Hargett, from El Paso, are here visiting relatives. Mr. C. C. Wicker and family have returned from McAulley, Texas, to which place they have been visiting relatives. Mrs. L. E. Jones, a niece of Mr. Wicker, accompanied them and will visit a few days. The young people spent a very enjoyable evening at the home of J. W. K. Bachman last Wednesday evening, at a candy breaking. There was a good crowd and all reported a very enjoyable time. Mrs. Clara Williams and son, Henry, from Brownwood, are here visiting Mrs. Williams' mother, Mrs. J. T. Tinker. Quite a few of the Seagraves people attended the singing convention at Sawyer school house, Sunday. A good crowd was present and had a good singing. About 1 o'clock the singing broke up for dinner. There was certainly no about all other kinds of every description and everyone had plenty. About 3:30, the crowd was all called together again and more singing was the program. After singing a few songs, Messrs. Robert and Harry Hughes entertained the crowd with a couple of duets which were very amusing. About six o'clock supper was served, after which every one departed for home, after having spent a very enjoyable day. Mr. and Mrs. Wilson are here visiting Mrs. Wilson's parents, Mr. and Mrs. C. W. Hudson. Mr. Gene Elder, who has been in the U. S. army about a year, returned home Monday. August Brahman came in Friday and will visit friends here a few days. An ice cream supper was given at 1:00 p. m. Friday night for benefit toward seating the school house. There was a large crowd present and the proceeds were \$25. Ray Bachman, who has been attending the normal at Canyon, this summer, has returned home. Mr. Bernard Keese, who has been visiting at Slaton and Canyon, returned home Friday.

KEEP YOUR MONEY AT HOME.

Don't forget that J. B. King will have a full line of nursery stock this fall. Lots of this stock will be grown here in Terry county. Don't risk ordering from an outside nursery when you can select from a full line of stock and get what you want. Prices right and trees guaranteed to be live and healthy. Jim Jackson and Frank Martin Jr. made a business trip to Big Springs one day last week.

AT THE METHODIST CHURCH

Services will be held at the usual hours Sunday the 14th, Sunday 8 at 10 o'clock, & M., preaching services at 11 A. M.; Senior League at 7:45 P. M., and preaching services at 8:30 P. M. Mrs. Dumas will render special music at the preaching hours. The pastor will be absent the remainder of the month, and Rev. W. O. Butcher, of the North Texas Conference, will preach for the congregation the 14th Sunday. Further announcements will be made later.

MEADOW BRIEFS

The stock is abroad in the land and kindly led at the home of Mr. and Mrs. Claud Branch, a little boy. After providing him the usual teaspoonful of cold water to ward off colic and sundry ills, he expressed himself as satisfied with the surroundings and would like to go to school. He has had about a few miles each night for exercise. The young folks enjoyed a musical at the home of Mr. Sappie, Friday night and an ice cream at the home of Mr. W. O. Watkins, Saturday night. Miss Alice Dabney, Golden Jones and Claud Farrell, of Desdemona, Texas, are visiting among old friends and relatives. Messrs. Hershel Timmons and N. Bell, shipped quite a number of calves Thursday in the interest of a publicity campaign to cover the south Plains. The Meadow community will be represented in the coming winter. The country is thronged with visitors and prospectors, and the outlook is good for additional settlers this fall.

THERE ARE SCIENTIFIC REASONS WHY

Eminent Specialists recommend Holstein Milk to all other kinds for babies and invalids. Medical practitioners everywhere are now demanding Holstein Milk with the regularity that cereal producers are receiving twenty-five and thirty cents a quart for Holstein Milk in cities where ordinary milk sells for only ten and fifteen cents. No less an authority than Dr. Thomas Morgan Ritchie, whose fame as a specialist in infant feeding is international, said: "The Holstein cow represents the most perfect milking animal known, having every characteristic of a cow suitable for an infant's milk supply. Its milk is good and nourishing, and comes nearer to human milk than any other breed of cows." The milk Commission, of Chicago, Hon. Julian Mack, President, says in its report: "The Holstein Milk is characterized by fat globules of small and uniform size, separating slowly by the gravity method and carrying very little color. The small and uniform size of the fat globules insure ease of digestion and assimilation. NO OTHER MILK EXCELS THE HOLSTEIN IN GREAT CONSTITUTIONAL VIGOR. The Holstein milk therefore fulfills most completely all the requirements when the food of infants and invalids is under consideration." These cows for sale by— ARTHUR A. SAWYER CANDIES of all kinds at Brothers & Brothers, and they are fresh too. Milk Good returned Sunday from Plainview where he was a contestant in the rodeo. He stood ahead on the goat roping until the finals when his goat kicked loose and he had to catch him again.

TOKIO TALKINGS

By Grasshopper. Well, Tokio is still alive, but is now thoroughly baked, and needs rain for seasoning. The still hot weather is keeping some people close at home to water the stock. Water is getting scarce. Editor's Note: Lots of people will not understand the above local who live in the east where water actually acts scarce. Grasshopper really does not mean that water is scarce. On the other hand, oceans of it is just 100 feet under the surface, but it must be brought to the top before cattle can drink it. What the writer really meant to say was that the weather has been so still the windmills have not pumped enough water for the stock, and stockmen often have to augment the supply with gas engines. Correspondents should be careful of their language along this line for the eastern knicker is ever ready to put a chunk in our wheels. Earl McCulloch returned Thursday from the harvest fields. Mr. B. L. Thompson and family and Alfred Mangum, left Saturday for a few days visit with K. F. Campbell, and family, at Crosbyton. Wayne Buchanan returned Saturday after accompanying his mother, Mrs. B. Martin, to Tulsa. Mr. Horace Castleberry and wife and Miss Madeline McCulloch, from Meadow, visited Saturday night and Sunday with relatives here. Madeline will stay a few days with her parents. Mr. W. I. Lovelace and family landed at Tokio, Thursday, after being out of Terry a year or so. Some folks leave, but old Terry has a wonderful attraction that draws 'em back. The Baptist meeting closed Sunday night with eight additions to the local church; seven by letter and baptism. Mrs. Jim Key and children and Miss Martin, of Tatum, N. M., visited at Mr. Holland's Saturday night and Sunday.

PAPER SUPPLY TO BE GREATLY AUGMENTED

One million cords of pulp wood on the Tongass National Forest, Alaska has just been sold by the Forest Service of the United States Department of Agriculture to the Alaskan American Paper Corporation. The timber is located along the east shore of the Behm Canal, Revillagigedo Island, about 22 miles from Ketchikan, the largest city in the territory. The contract price of the timber was 60¢ per hundred cubic feet for spruce and cedar, and 38¢ per 100 cubic feet for all other species. The sale area covers 45,000 acres and extends 55 miles along the coast. Twenty per cent of the forest is spruce, 60 per cent hemlock, and 14 per cent Alaska and western red cedar.

"He Is My Husband." further I want you to believe that I wouldn't have been brutal enough to give you that bit of paper if I had remotely suspected that Collingwood was the man."

"There isn't much to tell, and even the little is commonplace and—disgraceful," she replied, with a touch of weariness that was fairly heart-breaking.

"Go on," said the boss, still speaking as gently as a brother might have. "Howie was a spoiled child, an only son, and he is a spoiled man. I stood it as long as I could—I hope you will believe that. But there are some things that a woman cannot stand, and—"

"I know," he broke in. "So you came out here to be free." "It is four years since we have lived together," she went on, "and for a long time I hoped he would never find out where I was. There was no divorce. I had taken my mother's name, and only Cousin Basil and his wife knew that I was not what perhaps every one else took me to be—a widow with a dead husband instead of a living one."

"Did Collingwood try to find you?" "No, I think not. But when he was here last spring with his Uncle Brockbridge he saw me and found out that I was living here with Cousin Basil." "Did he try to persecute you?" "No, not then. I was afraid of only one thing; that he might catch me and—"

"What's that?" queried the boss. "He is afraid of his life. He told me, with his eyes bugging out, that that was one man heath in Portland City who would kill him to get possession of certain papers that were locked up in the cash vault of the Security National."
