WHAT WE LACK OF SCHOOL AFFILIATION

Superintendent J. D. Rankin showed us a letter this wek from the Department of Education, at Austin, in which the writer said that our school seemed to be in a good way for affiliation, the main thing lacking appeared to be in library facilities. This could easily be overcome, and then only the problem of a nine months term would be before us. Supt. Rankin believes that with a little push the Brownfield School can at least start next term as a high school of the first class.

Henry Ford

HENRY FORD was 35 years getting ready for the new price on the Fordson. He started as a farm boy, planning to get rid of the drudgery, long hours and low money return that has always faced the farmer.

He wanted to furnish you with a tractor that would not only do your work better and faster, but at lower costs -and the 170,000 Fordsons now in use have proved that he has accomplished these things.

What you get in the Fordson for \$395 f. o. b. Detroit is the greatest farm power unit ever offered.

Let us show you how a Fordson will cut farm costs. increase your bank account and take the drudgery out of farm work. Write, phone or call.

Mr. Tom May, Brownfield, Texas. Friend Tom:

Replying to your inquiry as to what I am doing and what kind o oil I am using. I will say that I am running the star mail route from Roswell to Lovington, 100 miles, the majority of which is very rough and seven miles of which is heavy sand. I am doing the wo : with a Ford and Dodge car, running one at a time. I run the Ford car when my load is not too heavy for it. My loads range in weight from 200 to 2000 lbs, averaging probably 800 pounds. I have be m late only once and that was caused by Federal Inspector holding me four hours on the road. I have run the Ford car about 9000 miles and excluding tires I have been out only 20c on parts and repairs. and that was to replace a radiator cap. I have not had the cylinder head off, neither have I had a spark plug out. I am using Magnolene medium in both cars. In my opinion there is no better oil at any price for Ford and Dodge cars.

With best wishes for you and all other good sports there. I am. Your friend
