## A Deal You Can't Miss

Have you seen our Kerosene and Gasolene lately? I have been selling good oils for six years, but never have I had a stock of Kerosene and Gasolene so clear and perfectly refined as I have now. The Kerosene tests 46 degrees which is perfect; Gasolene 64 degrees. Next time you buy either at the retail pumps, just inquire if its Magnolia and notice the difference. ### THE PASSING OF DISTRICT JUDGE W. R. SPENCER

It was thought by some of the ancients that when a great or good person died that one of the north stars fell. If this were true, then if we had been gazing into the northern firmament Sunday night, January 14, at about 9:15 P. M., they would have seen one of the brightest jewels of the sky leave its place and ascend through space.

The writer has never had a better friend than Judge W. R. Spencer, for it was he that made it possible more than thirteen years ago for us to become the owner of the Herald, and it was his great optimism and encouragement that caused us to stick in the early days when it was hard to make both ends meet. If he had a single enemy, we do not know it, and we venture that if he did have one, he was not the cause of it. We used to think that if he had a fault, it was that of his seeming inability to see the faults of others. If he could not say something good of a man or woman, he said nothing, and he had nothing to say to his friends or anyone in distress. Seemingly his friendship would reach across any barrier, for it was steadfast, immovable, and the famed friendship of Johnathan and David was no superior to his.

About two years ago a dear friend of Judge Spencer passed away, whom he had known and loved for years, and in the obituary written of Judge W. N. Copeland, Judge Spencer made use of these beautiful lines, which we think are also just as appropriate to the death of Judge Spencer:

Sunset and evening star,  
And one clear call for me!  
And may there be no moaning at the bar

When I put out to sea,  
But such a tide as moving seems asleep

Too full for sound or foam,  
When that which drew from out the

boundless deep  
Twilight and evening bell,  
And after that the dark!  
And may there be no sadness of farewell,

When I embark;  
For though from out the borne of time and place  
The floods may bear me far,  
I hope to meet my pilot face to face,  
When I have crossed the bar!

Judge Spencer was born in the good old state of Mississippi, from whence Texas has drawn many of her great and sturdy sons, about 65 years ago, and he made Balinger his home for a number of years, coming to this county about the time it was organized eighteen years ago, and settled in Brownfield, where he acquired considerable property and a good law practice for such a thinly settled county. About 1908, he was joined in the practice of law by his nephew Percy, who had just graduated from the law department of the University of Texas, and the firm became Spencer & Spencer. During the regular session of the Legislature of 1911, a new judicial district was created and is now known as the 72nd. Judge Spencer was among the several that made application for the judgeship and was appointed for the place by then Governor O. B. Colquhoun. Serve out the appointive term of about 1 month and has been overwhelmingly re-elected three times by the people.

Judge Spencer was everything else but a hardboiled judge of the court, for his heart was too tender toward even the wrongdoer for that, but he administered justice as it was written in the statute, and has probably had less reversals by the higher courts than any district judge that has ever been on the bench within the same time. He was a great student of law and his decisions have shown his interpretations to be correct almost all the time.

Not only will his passing be a great

stroke against the judiciary, but his standing as a citizen and churchman was high. His place will be hard to fill.

When the news of his death spread over his old home town of Brownfield, there were many sad hearts, and we heard many expressions such as, "It won't seem like court without Judge Spencer." "He was one of the best friends I ever had." "He had the best heart of any man I ever knew." And we know he will be missed for in his new home—Lubbock—for he had formed the same close friendships up there in the ten years he has resided there.

He was a member of the Presbyterian church, a Mason and Odd Fellow. He had never moved his blue lodge membership from here, as he was the first Mason ever made in Brownfield, and that lodge turned out Tuesday morning in a body to assist the Lubbock brethren to administer the last sad rites over his body.

Our heart goes out to that great and noble woman that has made him a life companion in every sense of the word. Who has stood by him in the dark hours as well as in the sunshine. To his noble nephew, Percy Spencer and family, for Uncle Will and Aunt Carrie have been the same as father and mother to him, as they lost their only child in infancy. May the Lord bless and comfort you.

### J. K. EPPERSON

On last Sunday evening, Jan. 7th, the little white city across the draw, received the remains of another of Terry county's old settlers, when J. K. Epperson, commonly known as "Daddy" Epperson, was laid to rest in the local cemetery.

Mr. Epperson and wife came to this county some twenty years ago and settled on a farm in the southeastern portion of the county, where they resided continuously until his death. "Daddy" Epperson was well known among the old settlers and was gladly befriended by his friends and his neighbors. He was very pleasant and friendly to all, and many a child will gladly cheer the stories and experiences he related to them. He had suffered bodily ailments for many years, that would have claimed a less amiable and jovial person, but he endured them courageously for one, like he, nearing his eighty-fourth year. The faithfulness, forbearance and hard work that his surviving wife has shown and endured may be pointed to for years to come as a commendable example of nobility of true companionship.—A friend.

### OLD TIMER REGULAR

On account of considerable sickness in the community, the attendance at the regular forty-two party Saturday night at Mrs. Anne Raymer's, was somewhat reduced under normal. However, those present, which was a goodly number, enjoyed one of the nicest evenings of the season. All present were given every courtesy and attention that could be expected of an amiable hostess. Mrs. Raymer was assisted by Mrs. Mumford Smith, on account of sickness in Mrs. W. C. Smith's family.

After several hours of pleasant rounds of the progressive tables, unsalted sandwiches and tea were served, which made the visitors reluctant to leave, and in fact, a few of the more ardent players had to be coaxed away by their more sleepy companions.

We didn't learn where the next one would be, but notice will be forthcoming in due time.—Wun uv em.

### CARD OF THANKS

We wish to thank our good neighbors and friends for their assistance and many words of comfort and cheer in the illness and death of our infant son, who was with us but a few brief days. May God bless you all.

### NEXT YEAR'S SCHOOL—FACTS AND FIGURES.

Under what conditions is the school now trying to operate? The building has eight class rooms, and there are twelve teachers in the school. Where are you putting these extra teachers? Three of them are in the Auditorium, and two grades are crowded into one room. What is the class room capacity of the building? 320 pupils. How many have we enrolled? Near 500. According to the growth of the scholastic population the last two years, what will be the enrollment next year? Around 600. What is the least number of teachers to handle 600 pupils? Fifty-two teachers.

Something must be done soon if we are to take care of this rapidly increasing number of young people who are asking a chance at an education of our hands. What is to be done? One of two things must be done if we take care of them—build either an up-to-date school building, or build wooden shacks. Which? For argument say shacks. What will these shacks cost? \$10,000.00 to build and equip and \$2,000 to buy grounds to put them on. If built to meet state requirements for class rooms, what can they be sold for when through with them? Architects, builders and real estate men say at a loss of at least 60 per cent. What figures must be thought of to buy additional grounds, to pay off a \$3,000 debt incurred for construction and the equipment on the present building, to build and equip a modern school building even for the next year's needs? According to estimates made by reliable architects, we should have around \$43,000 for building purposes, not counting this \$3,000 debt mentioned and at least \$4,000 to buy additional grounds and equip the new building. Why not add to the building we have now? Because not one in 100 people in this town are willing to do so. Then contractors and architects say that such a proposition would cost more and look worse than we can imagine.

But how long will a fifty cent tax on a fifteen teacher school? About four months. If we maintain a fifteen teacher school next year and provide the necessary rooms, what can't be done? Vote the \$100 limit on ourselves for school purposes. But are we willing to do this under the present high valuations? No, we must cut the present valuation. How much? Conservatively one-half million dollars or down to \$1,750,000. How much money will this bring in for school purposes from local taxation? \$17,500. Will this and the more than \$6,000 we get from the state and the county run a school nine months and take care of a \$40,000 bond issue for a new building? Yes, \$5,712.50 will

### NECRO ARRESTED FOR ALLEGED DISPLAY OF GUN

The sheriff's department went out Monday to the Banks place west of Gomez and arrested L. Goss, negro employee of Mr. Banks, who is alleged to have made a display of cocking his gun in a store at Gomez, but the store proprietor did not turn the negro in. The negro says he stopped his wagon to go in after matches and as he saw children playing on the streets, he was afraid they would get his gun, which he carried with him as he had an ambition to kill his first wolf.

Local officials are giving some credence to the negro's story, as it is their characteristic to carry a gun when on a journey.

### MARRIED

Arthur Scudlay, popular young stockman and farmer of Tokio went to Post, Saturday, Jan. 6th, and drove back with Miss Willie Johnson, and they were immediately married by Rev. J. W. Baughman.

Arthur, son of Mr. and Mrs. J. C. Scudlay Sr., is too well and favorably known all over the county to need an introduction.

Miss Johnson is the charming daughter of the widow Johnson who for several years resided in the Tokio community, and is beloved by all who knew her. Congratulations are in order.

take care of an additional \$40,000 in bonds and also what we now have, and leave enough funds to maintain a nine months school.

Is Brownfield going to lag behind other towns of the Plains, have a four or five months school and stop the filling up of the country with desirable settlers? We will if we do not take care of our school. Which is worth the more a few hundred white-faced cattle, a few more dollars in the bank, a few more acres of land, or a few more dollars invested in the lives of our boys and girls, in such a way that will result in solid, substantial, intelligent, law-abiding and God-fearing citizenship, and a feeling in our hearts that we have tried to do our dead level best under the circumstances. Are the boys and girls of Lubbock, of Tahoka, of Slaton and other towns of the Plains any better right to a chance for an education than our children? We must do something, why not do the sensible thing and get busy and take our place with the other towns of the Plains in building up our schools with the best of them. LET'S GO!

### LITTLE GEM BAKERY TO ENLARGE PLANT

In conversation with the proprietors of the Little Gem Bakery one day this week, they informed us that they would greatly enlarge their bakery as soon as they get in their new concrete building, and add considerably more machinery.

They are to occupy the concrete being erected by T. M. Flippin, and we learn that a candy manufacturer will occupy the one beside it being erected by Jack Head.

The Little Gem people are constantly enlarging their territory, and it is being done on the merits of their products. They are now shipping bread through Lubbock, both on the Cross-bayon branch and on the main line to Littlefield, Muleshoe and other points and we predict that they are going to develop one of the largest bakeries on the South Plains in the near future.

Brownfield bread now covers the Brownfield territory like a blanket. It really has no competitor where they once get a taste of it, but before long we must change it to the Big Gem Bakery.

### JUNIORS ENTERTAIN THE SENIOR CLASS

Thursday January 11th, the faculty and seniors of the High School were entertained at the home of Miss Margaret Bell. Most of the seniors, juniors and faculty were present. Everybody had a good time playing games of all sorts; listening to and singing popular songs. Each rivalled with their neighbor in trying to make a better cut or pie out of chewing gum.

Delicious refreshments of chocolate, sandwiches, cake and fruit salad were served.

### BIRTHDAY PARTY

Mrs. Jack Stricklin, assisted by her sister, Mrs. Mrs. A. E. Morgan, of Lubbock, entertained Saturday afternoon from 3 to 5 in honor of the 4th birthday of the little daughter of the former, Sallie Truman Stricklin.

She was the recipient of many nice presents from the eighteen little friends present.

After the candles were extinguished on the birthday cake, the little honoree, assisted by her little cousin, Evelyn Morgan, served ice cream cones and cake, and as each guest left they were given a box of cracker jack.

Each one expressed themselves in their own sweet way of having such a good time.

### SENIOR PARTY

Wednesday, Dec. 13th, the senior class was royally entertained at the home of Miss Wines. The evening was spent in various ways of entertainment. After delicious refreshments of tea, sandwiches, salad and cake were served, the guests left, each expressing themselves that they had "had the time of their life."

The seniors presented Miss Wines with a silver fruit basket in token of their love and appreciation.—Reporter

## A STITCH IN TIME IS ITS OWN REWARD

This is especially true where the abstract of title to your property is accurate and complete.

Be sure that the title of the property you are going to buy is as clear as crystal—before you bind the bargain. This is a matter of utmost importance to you.

Don't for an instance console yourself in the belief that there can't be anything "fuzzy" about the title until you KNOW for a certainty.

Have the property's history investigated by abstract specialist—that is the only way to be sure of your step.

We are specialists. We've made a study of this ONE thing, and can naturally render a superior service. Our system of checking, compiling, filing, systemizing and verifying information concerning titles, is for the sole benefit of our customers not for Tom, Dick and Harry.

Realize that a stitch in time is its own reward. Consulting the specialist is the first step toward the realization. Remember that an abstract that's true WILL WORK FOR YOU.

A bill has been introduced in the State Legislature to cause teachers and superintendents of public schools to read or cause to be read without comment every day, a portion of the holy scriptures. The bill also carries a penalty for disobedience.

Everyone we have heard express themselves about Rev. J. E. Anderson's article in last week's Herald, are in agreement with him. That does not mean that they endorse the minor riots and murders that painted Mark in red last summer, neither does Rev. Anderson endorse it, but they are for union labor.

Nothing much was said recently by our government or its representatives in Turkey, when the terrible Turks were pillaging, massacring and violating Christian womanhood under the Turkish domain, but you could hear them yell four miles when it came to having a say about the oil rights in the orient. What has come over humanity, anyway?

Senator Joe Burkett, representing this, the 28th Senatorial District, sent out a questionnaire recently to his constituents, wanting to know what they wanted, then proceeded to tell them just what he stood for. Among them, he is against a constitutional convention for several reasons, chief of which is the expense it would incur just now. If you are for cutting expenses, especially the needless ones, we are for you Joe.

West Texas must have a square deal, and that includes an A. & M. College of first class and co-educational. The east part of the State is fast waking up to the fact that the center of population is making fast strides westward, and that it may not be over two decades until they will be begging from the people they are now denying. Equalization of taxes is another thing. Let all pay and receive tax money alike. Taxation without representation caused our forefathers to face British cannon.

A good friend of the editor but not a subscriber stated to the Record Saturday that he did not consider a paper worth \$2.00 a year to him. The conversation changed and in about a moment he mentioned that he wanted to purchase a certain article if the price had been right; then the coke was on him, for that very article had been advertised in the Canadian Record at a bargain price that would have let the saving pay his subscription to the Record and then left him some money to buy groceries with. There is a good moral to this. If that one little transaction would have profited by being a reader of the Record, a man cannot afford in justice to himself to

not be a reader of his home paper—Canadian Record.

## Keep Your Money In Brownfield

Buy lumber and all kinds of building material from the T.R. Prideaux Lumber Co., and your money will never leave town. We are home people and your interests are ours: come and let us talk it over: we will help you save.

Now is the time to build when you can get the work done and the material to do it with. We handle the best.

"The place where it is entirely safe to trade."

WE HAVE A SMALL YARD—  
Help us grow — Keep Coming

**T.R. Prideaux Lmbr CO.**

## BRICK GARAGE

The human body is functioned just like a piece of machinery. In order for the different organs to perform their specific duties, they must have the proper food for nourishment, and in time of illness they must be cared for by the hands of the skilled physician. So it is with other machinery.

Give our gas and oils a trial as your car's nourishment and let our mechanics prove their ability as your car's physician.

**GLEN HARRIS, Prop.**

## STILL GROWING

The loyalty of our customers has caused us to seek larger quarters and order more machinery—BUT—your appreciated business will not cause us to lower the standard of our products under any circumstances.

## COTTON SEED

### For Planting

I have several hundred bushels of well bred, well matured cotton seed, staple of good length and strength, all grown by me in this county this year. Every bale of this cotton sold at a premium at Brownfield. Two well known, big boll varieties. It has taken about 1300 pounds to make 500 pounds of lint.

These seed will be handled by Holgate-Endersen Hardware Co., in Brownfield, for me, so leave your orders with them.

**G. W. CHISHOLM**

I recommend the seed advertised by G. W. Chisholm to be of good staple. I bought 40 bales of cotton grown by him and paid him a premium on staple for every bale.

**T. I. BROWN**

## STILL DOING BUSINESS

Despite the fact that we are handicapped by having our market moved into the street, we are serving our customers to the best of our ability, and when we get in our new brick, we are going to be better prepared than ever to serve you. Come ahead.

**ENTERPRISE MARKET**

THE BUILDERS

The Builders class of the Baptist Sunday School were delightfully entertained with a backward party last Friday evening at the home of Miss Lillian Neill.

### BIRTHDAY PARTY

The doors of the home of Mr. and Mrs. J. D. Rankin were thrown open to a merry little group of young folks last Saturday evening.

It was a surprise birthday party for Miss Rita Lea Dodson, sister of Mr. Rankin.

Music and 42 featured the evening. At ten o'clock the guests were ushered into the dining room, and a lovely white cake with 21 lighted candles met their eyes. There was much laughter and enjoyment in blowing out the lights, and cutting the cake.

Refreshments consisting of cake and hot chocolate were served by Mesdames Goad and Farris to the following: Miss Ruby Carver, Epie Castleberry Helen Carles and Rea Dodson; Messrs. Lawrence Green Good Hardin, Andrew Castleberry and Rufus Brazill.

A hue hunter at Memphis, while in the justice of the peace office after having been arrested on a warrant charging violation of the prohibition law, tried to side track justice by knocking the evidence, a bottle of corn juice, off the table onto the concrete floor. ### SAYS WEST WINDS RESPONSIBLE FOR MILD WINTER

A peculiar feature of the open winter is the west wind, and is perhaps responsible for such brief periods of cold weather, states R. M. Hibbard, weather observer. A wind from the north is of course always cold. At the west wind, that is, a wind from the east, is chilly and always misleads a person into thinking the temperature is lower than it really is. A wind from the south is warm, and a wind from the west is mild. So much wind from the west this winter must be responsible for so mild a winter—Canadian Record.

### OBITUARY

(John Richards) Brother John Richards was born in Madagorda county, Texas, Feb. 23rd, 1895, was married to Miss Etta Watkins, Dec. 26, 1915.

He answered the call of his country and joined the forces of the United States Army in August 1917, in training at Camp Pike, Ark., only a few months, going across the water to join the ranks at the front, remaining until the Armistice was signed.

He professed faith in Christ Jesus, and united with the Baptist Church of Meadow, Texas, Aug. 11, 1920, living a faithful, consistent member until his death, Aug. 4th, 1922.

He died at Albuquerque, N. M., to which place he had gone to try to regain his health. His body was bro't back to Meadow, and funeral services were conducted by his pastor, Charles Burnett, at the church, attended by one of the largest audiences ever assembled at Meadow.

Whereas, our most gracious heavenly Father has permitted the enemy of all mankind to claim as a victim at this time our beloved brother John Richards.

And whereas, he was a dutiful son and brother, a loyal citizen, a devoted husband, a faithful Christian and church member.

Be it resolved that we humbly submit to his going, remembering that Jesus said, "I go to prepare a place for you." His spirit has gone to live with Jesus. Our loss is his gain.

Be it further resolved that in brother John's going, the earthly family has lost a son and brother, the coun-

try a loyal citizen; the wife a loving husband; the church a faithful worker. And in this way we seek to express our heart felt sympathy with and for the beloved wife, father and all the relatives.

Be it further resolved that a copy of these resolutions be placed in the church records, a copy be sent to the Terry County Herald, and a copy be sent to the Baptist Standard.

Signed by Committee—R. H. Timmons, T. C. Maloch, Mrs. Paralee Safield.

Adopted by the Church in conference, Jan. 13th, 1923.
