NUMBER 12

TERRY AT THE STATE FAIR

CAME NEAR SUCKING HIND "TIT" THIS YEAR. A COUNTY AGENT COULD HELP US.

That all fairs, State, District and County are fast developing into a feat of decorating, is no longer to be denied, and while we believe the following letter from Mr. Shelton to be just a little overdrawn, which he no doubt meant it, nevertheless there is a simblance of truth in what he says.

We are becoming a proud and almost haughty race of folks. We even decorate ourselves like the dickens, which leads to decorating everything else we possess. Our women folks, God bless 'em, use more aids to beauty in one day than their great-grandmothers used in a year. And what man now comes from the barber shop that isn't perfumed like a rose, and pampered and petted with hot towels and other beauty devices.

The idea we have in mind is this: If the other fellow decorates, we also must decorate just a little better if possible, and as Mr. Shelton suggests—not change exhibitors every year. Experience is a great teacher. But, let's hear from Shelton:

Dallas, Texas, Oct. 20-23.

Dear Jack:—

I am enclosing a report of the standing of Terry county in the exhibit class. We did not suck the hind "teat" but came devilish near it. I see how it was done alright, and there's several reasons, one is that it will not do to send a new man down here each year, as there are things that he finds out too late and when too late to correct, and no man can tell another just how it runs. The other counties send the same man down each year, and I notice that they rank well to the front. Also it is necessary to start on an exhibit about three months before it is to be shown, and to commence growing stuff for it about a year before. Also some of our stuff moulded the first four wet days of the fair, and the judges cut us right half into on this account. In fact the exhibitor catches "hell" on every count—no matter what the reason, or whether it is his fault or not.

The agricultural exhibit is rapidly developing into the "Fine Arts," and unless some change is made within the next year or two, it will not be necessary to send any farm products

down here. Just buy a few hundred yards of high priced silks and satins and place a few cockleburrs near the center of the background and you'll be a first prize winner. Guess I will quit and leave the rest to your imagination.

—Shelton

TERRY COUNTY

Entry No. 1:—Score 125 out of a possible 250. Corn, two varieties bloody butcher and white; grain sorghums, 2 varieties; red maize and white kaffir.

Entry No. 2:—Score 148 out of possible 250; cotton, 2 varieties; storm-proof and Mebane.

Entry No. 3:—Score 35 out of possible 50. Oats; 2 varieties.

Entry No. 4:—Score 35 out of possible 50. Alfalfa, one variety; sweet clover, one variety.

Entry No. 5:—Score 25 out of possible 50. Peanuts, one variety; cow-peas one variety.

Entry No. 6:—Score 35 out of possible 50. Annual forage crops; orange cane, one; seeded ribbon, black amber; mortgage lifter; red top.

Entry No. 7:—Score 43 out of possible 50. Jar of G. B. Plums; jar of arly golden plums; jar of green grapes; jar of pears; jar apples; plate of S. P. apples; plate H. C. peaches; plate N. G. apples; plate M. P. apples; plate California grapes.

Entry No. 8:—Score 43 out of possible 50. Six bell peppers; three winter squash; peck onions; one kershaw; twelve tomatoes; five gourds; six egg plants; one pumpkin; one watermelon; three H. D. cantaloupes.

Entry No. 9:—Score 25 out of possible 50. Bermuda grass; broomcorn, pop corn; sweet potatoes; pecans.

Entry No. 10:—Attractiveness, arrangement and neatness of exhibit, 86 out of possible 150. Total score, 600.6.

Now just to show places where we fell down on not having the score-card filled, all of which can easily be produced right here in Terry county:

In entry No. 2, we showed no wheat. In entry No. 3, we showed no barley. In entry No. 4, we showed no velvet beans, and in five we showed only two entries and in one place in No. 7.

STILL THINKS TERRY HAS A WONDERFUL FUTURE

Los Angeles, Calif., 10-19-23

My dear Mr. Editor:—

First I wish to truly thank you for the regular visits of the Herald, nevertheless our being in arrears for a time. The Herald is better and better, and Brownfield and the county more and more interesting. Will it not be wonderful if the "Staked Plains"—the long regarded "American Desert"—should prove to be the garden spot of the world?

All honor to the brave and heroic men and women who have wrought so long and well in the great achievement. From this distant part of our loved country, we read with much interest the happenings in Brownfield and Terry county from week to week.

With my check for renewal for another year, I wish again to assure you of our hearty good wishes for the continued prosperity of all the brave folks of Brownfield and Terry county, and to especially compliment you and your excellent paper, and the good work of the Chamber of Commerce, etc.

May rich blessings attend you all, Faithfully and truly,
D. D. DeLong

LADIES MISSIONARY SOCIETY ORGANIZED

The ladies of the First Christian church met with Mrs. W. N. Lemmon Thursday afternoon, Oct. 11th, to organize the Ladies Missionary Society. Mrs. W. N. Lemmon was elected president; Mrs. Walter Gracey, vice-president; Mrs. Arthur Sawyer, Sec. and Treas. It will meet the first Thursday in each month.

The charter members are: Mmes. W. N. Lemmon, Walter Gracey, H. R. Winston, J. O. Brown, Arthur Sawyer, S. H. Holgate, T. M. Flippin, F. E. Walters, Green, Turner.

CONTRACT LET FOR ANOTHER NEW BUILDING

Contractor B. J. Johnson informed us recently that he and brother and Curley Gamble had received the contract from M. V. Brownfield for the erection of a 25X100 brick and concrete building on the west side of the square and that material had been ordered for the job.

This is the beginning of five others to be built there in the next few months.

We understand that the Brownfield Hardware will build on their fifty-foot frontage on West Hardin street, having sold their 40 feet frontage on the west side of the square to Mr. Webber, recently moved here from Waxahachie.

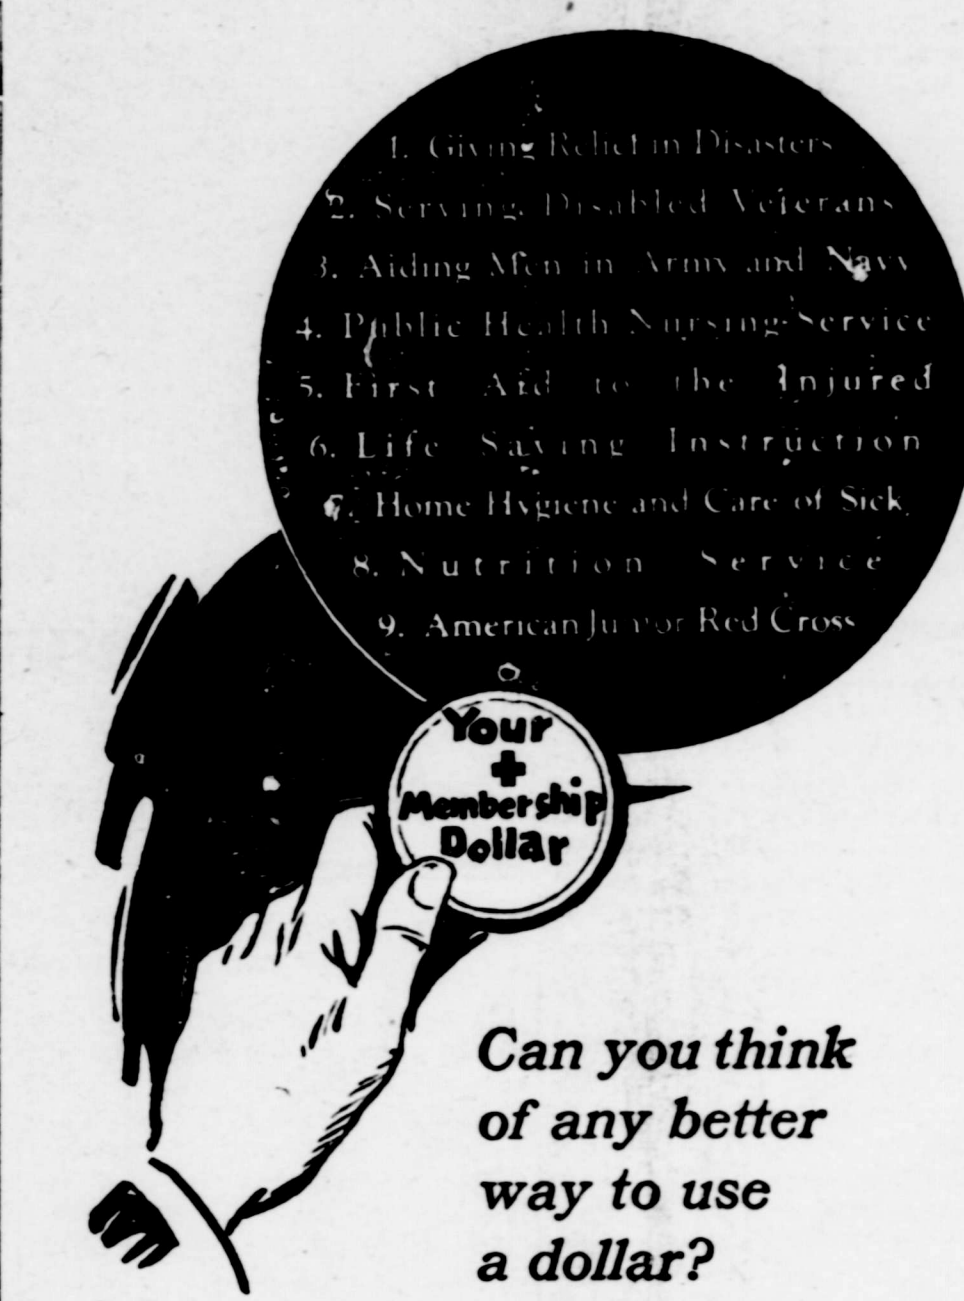

Building permits in Brownfield for 1923 have already run much higher than any other single year, and for substantial business houses, has run greater than all the rest of the history of the town.

NEGRO MURDERER SURRENDERED AT SLATON

A negro who had shot and killed another negro at Lubbock Sunday night, surrendered here Tuesday afternoon late. Calvin Robbins, who is connected with the Lanham Grocery, was out making a delivery in the edge of town when he encountered a car stuck in the mud. Inquiring if he could assist them in any way, they said they had a negro murderer with them who wanted to get to town and surrender.

Mr. Robbins took the negro's gun and brought him to the store, and telephoned Chief of Police Abel, who came down and took the negro in charge. He was later transferred to the Lubbock jail—Slaton Slatonite.

FOOTBALL DOPE

See these games: Nov. 9th, Post City here. Nov. 16th, Tahoka here. Next Friday, Lamesa here.

Littlefield is the second team to fail to score on Brownfield grid.

If you noticed the paper the third of this month, you know Littlefield defeated the boys 7 to 12; the game was played at Littlefield. They came to Brownfield the 19th to play a return game. The game was called at 4:00 p.m. There was good work by both teams the first half, but no scoring. The third quarter was still a hard fight, but the hat was thrown into the air the last quarter and Howard Swan completed a forward pass and made a touchdown. Bill Youree, captain of the team added one point by drop kicking a goal, which game their seven points. The final score was 7 to 0 in favor of the Coyotes, (Brownfield football squad).

The game was thrilling each quarter. The first quarter Weldon H. will completed a pass of about 40 yds. Bill Youree made an end run of about the same distance, and in the second quarter Howard Swan went through the line with a long run. The boys fought hard to win. Ransome King was hailed an athlete when he recovered the ball from a punt which made a gain of about 50 yards. Walter Bond played quarter and used a good head for a new man of the place. Terry Redford hit the line from full's position. Every man on line played his best, and the boys showed what they can do when they have the town back of them. Are you with us?

Let's go to Lamesa Friday for the fifth game we shall have played. And come back here Nov. 9th and get Post City; then Tahoka the 16th.

If you are behind Terry county, you should be for the High School. Be for all that is worth your backing, and get behind the boys who wear the Hi colors. It helps you as well as the boys.

SLATON MAN ARRESTED ON CRIMINAL ASSAULT CHARGE

Frank Thrift of this city, was arrested one day last week by Chief of Police Abel, charged with rape on a 19 year old girl of this city, who had been receiving his attentions. He was taken to Lubbock and placed in jail. It is stated that bond has not been arranged for him yet.

It is stated that Thrift has a wife and child living at Whitewright, Texas—Slaton Slatonite.

Mrs. E. Brown is on the sick list this week.

OLD TIMERS

It's a long, long time from the O.B.R. to Monday night, but Aut and Alie made the drive and corraled a big herd of Old Timers at their home and fed them on pumpkin pie, whipped cream and coffee with Haloween accoutrements, and proudly watched them mill around the 42 tables, as only a happy bunch can. It was indeed a mixed herd of various ages and otherwise.

Aut cowbowed one the "ballies" before this and adjoining counties had their political birth, and with his father and brothers settled on the famous O.B.R. ranch in the southeast portion of Terry county, when the present century was two years old; later selling it to the officials of the Texas Central Railroad Company, and we have waited in vain for them to build it. This ranch is a notorious landmark in this section of the plains and many a pioneer freighter has made it a stopping place.

A year earlier Monroe and Becky had established a neighbor ranch in Terry county, where they raised cattle and kids for several years afterwards. In about 1908, Aut persuaded one of the girls in staging the second if not the first church wedding in Brownfield, where they lived happily ever afterwards, and builded a delightful meeting place for old timers, wherein their good old mother still lends a helping hand.

The earlier arrivals among the men generally light a pipe, hang one arm over the chair post and talk about cattle, grass or some amusing incident that occurred at some round-up in the days that are gone forever, while the ladies anxiously watch the door to see who is the next to arrive. Then it all merrily merges when the games starts and it's funny all the way through.

The place of the next round-up will be announced later two weeks hence.—Wun uv em.

ATTENTION BAPTISTS

Next Sunday, Oct. 28, Dr. W. F. Fry, Professor of Bible in Simmons College, will preach at the local Baptist church, at the eleven o'clock hour, in the afternoon and at night.

Dr. Fry is a preacher of some note, and it will do us all good to hear him. We only have occasions like this a few times in a lifetime. Come and hear him.

C. E. Ball, Pastor.

The Photographer seems to be busy. Call and look at his new samples. The 19th Herald good for \$1.00 on work until the 1st.

SHALL TERRY COUNTY HAVE A COUNTY AGENT?

LOCAL CITIZEN JOINS MEADOW CITIZEN IN TELLING ADVANTAGES OF A COUNTY AGENT.

To the Terry County Herald:—

I read your editorial week before last in regard to a demonstration agent for Terry county, and thought at the time I would make a few suggestions, but failed to do so, and then last week came an appeal from John B. Reed, of Meadow, which to my notion was to the point and very reasonable.

There are so many things that might be improved upon that I feel I must mention a few.

First, I will take the chicken business in counties where they have a County Agent, you will notice that they have broilers to offer as early as the Spring as April, which are very much in demand at that time of year, averaging from 30 to 40¢ per lb. The last two seasons here in Terry county, you could scarcely get a broiler until the last of June. Why? We men get so busy with work that we don't fix up any accommodations for our good women to raise the poultry, and they have to wait until late so the little chicks can almost take care of themselves. When the little fellows come into the market with a dozen different types and colors, but raised by one hen. They look shabby and the market is glutted by the people who raise the best types and get them to market early.

We could give many reasons why the early chicks are more profitable and easier raised than late ones, but space will not permit. Then comes the turkey business. It is common for us in the fall to sell the larger turkeys and keep back the light ones to raise from next year, which history has proven will run out the

strain in two years to mere scrubs.

Then the dairy business, one of the most important of all lines on the farm, is neglected more than any other that I know of. It has proven to be the main asset to any farmer where handled right and with the right kind of cows.

It is the duty of the County Agent to help us poor farmers to stop and take notice of these things, and even learn us how to attend our own business.

We will admit that there is no fixed rule for farming that will apply to all farms and all seasons, but by organizing boys and girls clubs, poultry raisers associations, etc., our children will know better how to take advantage of the opportunities of life that are on every hand than so older ones who have worked so much and thought so little.

When a petition was passed around asking the commissioners of Wheeler county to employ an agent, I refused to sign, but after he had worked hard and put things to moving, I saw my mistake and repented. So I am in with Mr. Reed to help encourage our commissioners to employ a worthy man to take up this work.

The Federal Government is willing to help us in this matter, and I think we should take advantage of the opportunity to help ourselves. I have made lots of mistakes but I believe I am right on this proposition.

Respectfully submitted,
J. R. Carver, City

This thing is getting more interesting further along. Let's hear from some more citizens and how they stand on the matter.—Editor.

1843 BALES OF COTTON AT COTTON YARDS WED.

At both cotton yards Wednesday morning 1843 bales of cotton had been received this season. There possibly has been more than this ginned, perhaps a few bales stored here and there, but this is what had been weighed up to that time.

This is considerably more than had been ginned this time last year at both Brownfield and Meadow.

FEDERATION DAY PROGRAM

November 11th.—Mrs. Stricklin Leader.

Music.—Federation Song (repeat in unison) A Collect for Club Women Slogan—No illiterates in Texas in 1920.

Illiteracy in Texas.

1.—Who is illiterate?—Mrs. King.

2.—Percentage of illiteracy and the state's standing in illiteracy.—Mrs. A. Sawyer.

Methods of elimination:

1.—Compulsory education.—Mrs. W. A. Bell.

2.—The creation of a Federal Department of Education.—Mrs. McGowan.

3.—Americanization of the foreign born—the Mexicans in Texas.—Mrs. R. L. Bowers.

4.—Restricted Immigration.—Mrs. J. L. Randal.

Discussion lead by Mrs. A. M. Brownfield.—What can each State, County Club, and individual do to eliminate illiteracy?

Helps and statistics for those who need them may be obtained from Mrs. Stricklin.

For sale or trade.—Choice 100 acre farm, improved. Will take small cash payment and balance ten years; or will take small house in town or town lots. Write or see owner, Paul Barrier, Lubbock, Texas.

Mrs. N. V. Ellison, of Stephenville, Texas, accompanied by Miss Beulah Eubank, are here visiting in the home of the former's daughter, Mrs. Dalton Lewis.

Wanted.—Cotton pickers; bolls picked \$1.50 and picked at \$2.00. Apply to O. L. Jones, American Tailor Shop.

CHILD SWALLOWS SAFETY PEN—DIED TUES. MORNING

The little eighteen months old girl of Mr. and Mrs. Bob Lovelace swallowed an open safety pen early Monday morning, which local physicians were unable to remove, and she was rushed to Lubbock to be put in care of Dr. J. T. Hutchinson, throat specialist. By the time the pen was located, pneumonia had set up and the little one died Tuesday morning at about 8 o'clock.

The Herald joins the many friends of the family in sympathy.

The little body was brought back to Brownfield for burial. Funeral services were conducted by Rev. C. E. Ball at the Baptist church at 1:00 p. m., Wednesday.

BARBER SERIOUSLY BURNED

John A. Berry, one of our local barbers was painfully burned on the hand last Sunday morning about 4 o'clock, and as a consequence is having to lay up for repairs this week. He had risen from the bed to get a drink of water, and in doing so he struck a couple of matches, the first of which he thought went out. Some time after laying down again, his baby waked him strangling with the smoke.

Of course he saw the fire the first thing on becoming awakened, and believing the child was afire, put his hand right into the covering, which was burning. No serious results to anyone except himself, and he is doing nicely.

CARD OF THANKS

We desire to express our heartfelt thanks in the trying ordeal through which we have just past; to our kind friends and neighbors in the illness, death and burial of our beloved husband and father, J. O. Brown, who departed this life Oct. 15, 1923. We wish to thank all who contributed floral offerings, and the physicians who attended so patiently at his bedside, and especially the Odd Fellows who so tenderly laid him to rest.

Mrs. J. O. Brown and family.

"Guaranty Fund Protection"

TECH COLLEGE SITE PURCHASE IS COMPLETED

Lubbock—W. W. Caves, assistant attorney general of Texas; C. W. Meadows of Waco, secretary of the board of trustees of the Texas Tech College, and R. A. Underwood, of Plainview, a member of the board of trustees, completed the purchase of the 2000-acre site for the Texas Technological College, today, and the deeds have been filed in the Lubbock County Clerk's office.

In addition to the State's \$150,000, Lubbock paid \$91,000 on the site through the 2000 acres within the amount set by the State Legislature in the Tech bill.

The 2000 acres cost an average of \$120 per acre, cash. It is situated adjoining the city of Lubbock on the west and is a 100 per cent perfect tract of agricultural land. There is not one foot of the tract that is not suitable to cultivate and more than 1200 of the 2000 acres is now under cultivation.

This completes the first step in the actual construction of the college. The entire business of the transfer was completed during the day and with the least possible confusion or delay the deeds were transferred.

As warrants were paid, all of the forms, releases and transfers were accepted by the assistant attorney general—Amarillo Daily News.

JAMES OLIVER BROWN

James Oliver Brown was born at Metropolis, Ill., February 12, 1848. He died at the home of his daughter, Mrs. Winnie Price, of Lubbock, Oct. 15th, 1923, being seventy-five years, eight months and three days old.

On November 9, 1873, he was united in marriage to Miss Rosa Mitchell at Irvington, Ill., and for fifty happy years, lacking but a month, they trod the path of life together.

In 1885, Mr. and Mrs. Brown came to Van Alstine, Texas, and was while living there that Mr. Brown accepted Christ as his Saviour and united with the church, entering into a relationship to which he was ever faithful unto death.

They removed to Coleman, Texas, in 1904, and here in 1908, Mr. Brown was appointed postmaster. He served successfully in this capacity for 2 1/2 years, but his eyesight failing, he was compelled to resign.

In 1916 they removed to Brownfield where their home has been made until this time.

Nine children came to bless his home and gladden his heart, of whom three girls and one boy preceded their father into rest. Two girls, Mrs. F. E. Moses, of Houston, Texas, and Mrs. Winnie Price, of Lubbock, and three boys, T. C. and N. E. of Post, Texas, and L. L. of Caddo, Okla., together with one half sister, Mrs. Ollie Heady, eleven grand-children, his loving wife and a host of friends mourn his departure.

For a number of years his health has not been good. A few months ago he began to complain, and about two weeks ago came to Lubbock for treatment. On Saturday pneumonia developed, and though everything possible was done it was unavailing, and he passed away on Monday morning.

Mr. Brown has been, since uniting with the church, a faithful and efficient member of it, serving as an elder in the Brownfield church as long as he has lived there.

He was a member of the Sherman, Texas Post, G.A.R., also a charter member of the I.O.O.F. Lodge at Metropolis, Ill. He has been affiliated with this order 49 years, wears his 45 year jewel, and has served the lodge in every capacity.

He was a loving husband and father, a kind and courteous friend, a just and upright citizen, and an earnest and consecrated follower of Christ.

In his passing we have sorrow, but we feel that he has laid off the shackles of earth to enter the wonderful freedom of Christ and God.—Contributed.

Several steel culverts for road work were unloaded here recently for Younkers county.

BEST LINE of staple and fancy groceries on the market—Brothers & Brothers.

A PERFECT OIL FOR FORDS

Magnolia has spent four years testing and perfecting a motor oil for Ford cars. It is now on the market and known as MAGNOLENE FORD OIL and is guaranteed to eliminate grabbing of transmission bands which is so noticeable in Ford Cars when brakes are applied and when in reverse. And it will be more economical because it is specially made for Ford cars only. The motor will run cooler, easier riding, roll better with practically no vibration. If you have a Ford drain your crank case and fill with the MAGNOLENE FORD OIL—a special oil for your car at the same price. Our stock is complete with high grade oils and greases. Phone No. 30 for good oils and service.

Insist On An Expert Opinion

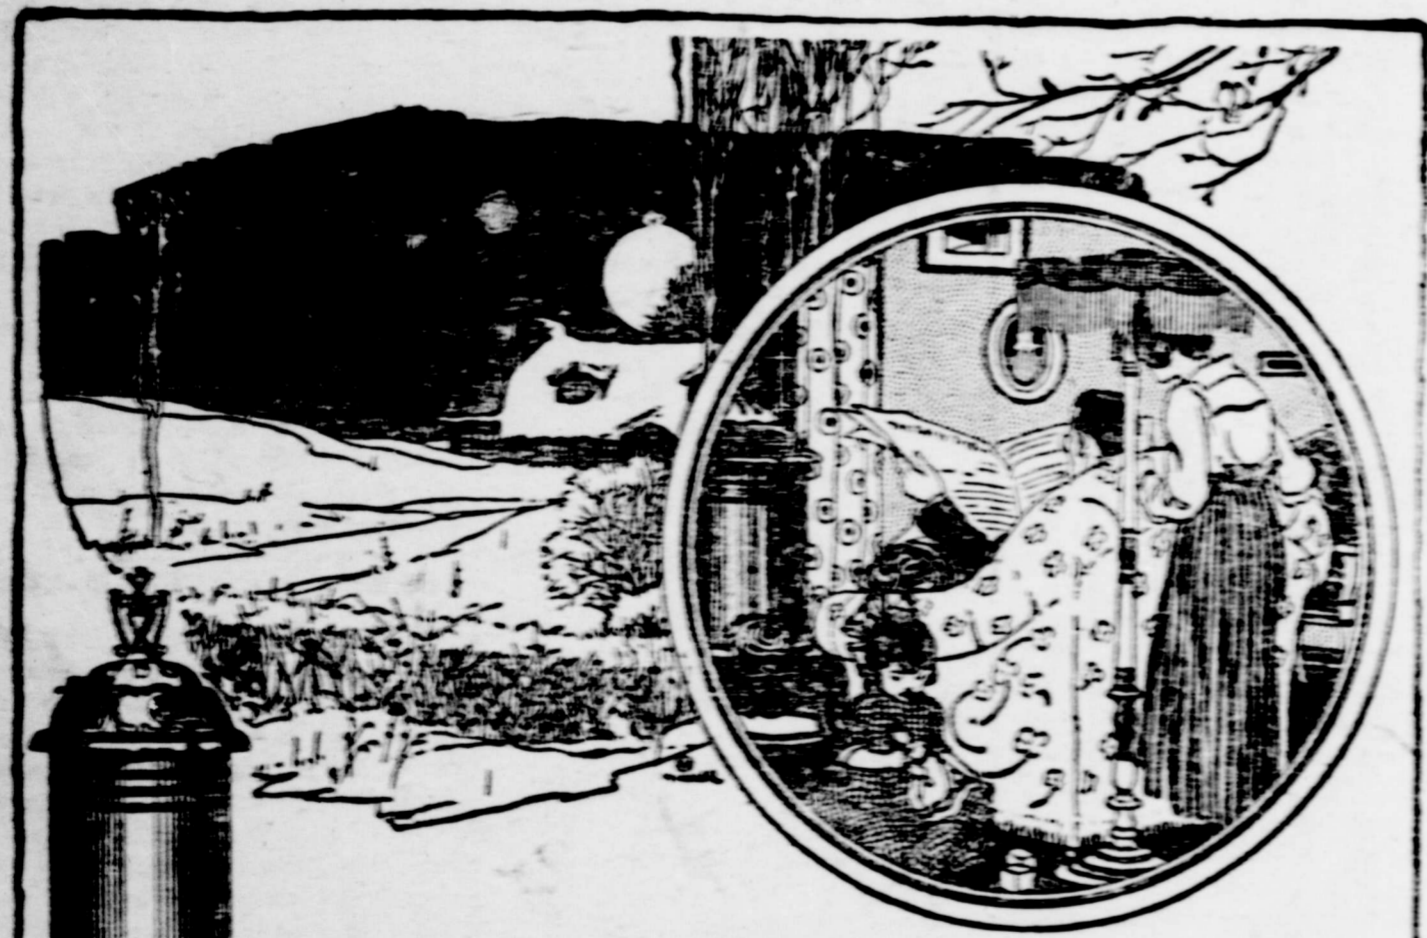

There are plenty of folks that know something about titles. But the only opinion that is worth anything is the opinion of the man who knows EVERYTHING ABOUT land titles.

One flaw overlooked leaves the title just as hazy as before. In fact, an incomplete abstract, a shallow search, leaves things worse than before; for trusting the incorrect opinion has deceived one into a false sense of security.

This Company offers you the services and the verdict of an EXPERT. Our exhaustive records, our systematized methods, our complete knowledge of the subject, our THOROUGHNESS which lets no facts slip—these are your guarantees. When you have our opinion, you know there is no more to be said.

Before you buy, insist upon an Abstract of Title made by this Company. It will be your guarantee of future security in your property.

BROWNFIELD, TEXAS

15,000 PHYSICIANS HAVE BOGUS LICENSE

BELIEF OF FORMER EXAMINER, WHO ALLEGES FRAUDULENT DIPLOMA "RINGS."

1000 HIGH SCHOOL DIPLOMAS

Diploma Mills Are Operating in the Eastern Part of the Country and in California.

St. Louis, Mo.—The belief that approximately 15,000 physicians are practicing in the United States under bogus licenses obtained through the fraudulent issuance of high school and medical school diplomas by "rings" in various parts of the country, was expressed here by William F. Saens, former examiner for the Missouri School Department, in a statement to Howard Sidener, circuit attorney.

Saens, who was sought by police since Monday in connection with the expose here of a "diploma ring," which was alleged to be selling diplomas to unqualified persons, voluntarily appeared at Circuit Attorney Sidener's office and in a long conference admitted his part in the "mill." He named Dr. Robert Adcox of St. Louis and Drs. D. R. Alexander and Ralph Voight of Kansas City as members of the "mill." The three physicians named have been arrested and released on bond.

During the conference Saens said he had evidence of at least 100 physicians practicing throughout the country without genuine licenses and would later present these names to Sidener together with those he believes are operating in Missouri under fraudulent licenses.

Saens told Sidener that he had sold principally the high school certificates, although he admitted having sold a few medical school diplomas. He said during the last ten years he had sold approximately 1,000 high school diplomas for sums ranging from \$5 to \$100.

Saens added that "diploma mills" also were operating in the eastern part of the country and in California.

After the conference Saens was released without bond and Sidener intimated that he would be used as a State's witness in the ultimate prosecution of members of the Missouri "mill."

HAYNES STARTS WAR AGAINST HOME BREW

Will Revoke Permits of Breweries Making Malt Syrup.

Washington.—Prohibition Commissioner Haynes has launched upon a new campaign against home brew.

In order to stamp out what he characterized as "the menace" of trafficking in home-brew ingredients, the commissioner announced that he would revoke the permits of all breweries which continue the practice of making malt syrups, now widely used as a base for home made beers.

So extensive has become the traffic in malt and other beer ingredients that in many cities retail stores have been established dealing in nothing else. Several such stores are flourishing in Washington, where a campaign to put them out of business was begun several months ago, but failed. The establishments were raided by revenue officers and the stocks carted away to a Government warehouse, only to be returned a short time later when it was found that there was no provision of the law under which prosecutions could be brought.

Clem Gray Found Guilty.

Mount Pleasant, Texas.—G. C. (Clem) Gray was convicted and given the death penalty by a jury here on a charge of the murder of Otis Ballard. None of his family was in the courtroom when the jury, which had retired at 6:10 o'clock Thursday evening, filed in with its verdict. Gray sat with downcast eyes. Late Thursday evening he had pleaded with the jury-men to spare his life for the sake of his family. Through the trial he had tried to fasten the guilt on a negro.

American Faces Expulsion.

San Antonio, Texas.—The State of Tamaulipas has asked the ministry of interior to apply article 33 of the Mexican constitution providing for expulsion to an American citizen, Harvey S. Leach, manager of the light and power company at Tampico, according to information received here. Leach is considered "a pernicious foreigner."

U. S. Attache Named.

Washington.—Alexander V. Dye, trade commissioner at London, has been appointed by Secretary Hoover to be commercial attache at Mexico City.

General Johnson is Dead.

Scotland Neck, N. C.—General Evan M. Johnson, commander of the seventy-seventh division in France during the World War, died in Paris, according to a cablegram received by his daughter, Mrs. William C. McQuell of this place.

RED SAXONY WINS IN BERLIN STRUGGLE

Diplomatic Relations Severed as Socialists and Labor Unite in Defying Reich

Berlin.—Confronted with bayonets of Federal troops, its cities buzzing with talk of Communist revolutions, Red Saxony stands victorious in the first show-down of its proletarian struggle against Berlin.

German Socialism and German labor are united behind Saxony in her defiance of the Federal Government.

The free trade unions of Berlin have passed a resolution calling for a general strike if the Government employs troops against Saxon labor.

Socialist Cabinet members joined in support of Saxony, threatening to withdraw from the Cabinet and crash the Stresemann Government if the Saxon workers were oppressed.

The vaunted ultimatum that Federal troops would be used to disband the Communist "Hundertschaften" units unless Saxony dissolved them crumpled before this combined attack.

Premier Zeigner of Saxony ignored the ultimatum. Federal Gen. Mueller's saber rattling was silenced from Berlin. Federal War Minister Gessler ordered additional troops to Saxony, but no other action was taken.

It was announced that the Saxon police had been commissioned to dissolve the Communist bands.

Berlin had backed down, although it was announced that troops will be used if the police fail in the task. Officials privately predict that the police will fail. In this event the real crisis will be postponed.

Calling in of troops would again raise the whole issue of Civil War.

Simultaneously with the crisis over the Communist units Saxony has offered a new affront to the Federal Government by appointing Saxon Finance Minister Boettcher and his Communist ministerial associate, Herr Heckert, to the Reichsrat, or supreme national council of Germany, which contains representatives of all the German States.

Temper is high among the Saxon people and in the Saxon Government. Hostility to Berlin has been increased by the fact that while the Federal Government was mobilizing troops along the Saxon frontier it took no such action against the Monarchist powers of Bavaria, which also had defied Berlin.

Postponement of the final show-down, even though it gives Saxony first victory, may also give Saxon leaders time to cool off and realize what civil war would mean to Germany, including themselves.

Berlin.—Diplomatic relations between Bavaria and Saxony have been severed.

Saxony dismissed its Charge d'Affaires to Bavaria and announced the appointment of a new Minister, whereupon the Bavarian Government replied declining to receive the new Minister as long as the Communist party was represented in the Saxon Ministry. At the same time it recalled the Bavarian Minister from Dresden.

RANCHER TAKES MEN AS THEY LOOT HOME

At Point of Gun Henry L. Brown Effects Capture Near San Antonio

San Antonio, Texas.—Quick action by Henry L. Brown, a rancher who resides nine miles from San Antonio, resulted in the capture of two men whom the rancher declared he caught in the act of robbing his home. An automobile trip, in which it is claimed, all road records were broken by Deputy Sheriffs, resulted in the arrest of the men and their confinement in jail.

Brown said he returned from a trip over his pasture and noticed a bundle of clothes on the floor in one of the rooms of his house. In another room he saw two men in military uniforms bundling up more clothes. Brown stepped in through a rear door and obtained a pistol, and "got your hands," he said. The men looked into the muzzle of a gun. Brown took them to a store near by and telephoned the Sheriff's office.

14,000 Doctors Vote to Strike Jan. 6

London.—Delegates representing 14,000 physicians employed by Government supervised health insurance companies have voted to strike on Jan. 1 if their present fees are cut by the companies.

Pauper Takes Secret to Grave

London.—A secret formula for making dye, by a method which is said to have required but a fraction of the usual cost, has been carried to the grave by a London pauper. The pauper, Robert Culver, learned the secret from a German relative many years ago and brought it to England, where he organized a company for manufacturing dyes. The company, however, failed through dishonesty of some of the officials and Culver was reduced to poverty.

HOLD LIQUOR MAY BE MADE AS A MEDICINE

Status of Manufacture Must Be Settled by Jury Under Facts, Says Appeals Tribunal

Austin, Texas.—Nowhere in the Dean liquor law, as originally enacted by the Thirty-Sixth Legislature, or amended by the Thirty-Seventh Legislature, can there be found a provision making it a penal offense or fixing the punishment for manufacturing intoxicating liquors for medicinal purposes without a permit, the Court of Criminal Appeals held in reversing and remanding the case of Gabriel Horak, from Milam County, convicted on a charge of manufacturing liquor and sentenced to eighteen months.

Also it is the opinion of the court that permit is not required for the transportation of liquor to be used for medicinal cases. This was held in reversing and remanding the case of L. A. Fuller, from Milam County, who had been convicted of transporting liquor, with punishment assessed at one year. Judge O. S. Latimore wrote the opinions in both the Horak and Fuller cases. It is the first time the higher court has passed on the question.

In these cases, the issue was raised that permit was not required for manufacture and transportation of liquor to be used for medicinal purposes and refusal by the trial judge to submit the issue to the jury constituted error, in the opinion of the court of Criminal Appeals, and for that reason the cases were sent back for another trial. It was held that "the law does not penalize the transportation of liquor without permit, and no such charge was made in the indictment" in the Fuller case.

"The court can not refuse to submit the issue whether such transportation was bona fide for medicinal purposes or not, as it is a question of fact," the opinion held.

At his trial Horak's defense was that he manufactured liquor for medicinal purposes; that he was afflicted with lung trouble. He contended that a permit was not necessary.

In holding that the trial judge erred in refusing a special charge to the jury on the permit issue, the Court of Criminal Appeals said: "In the entire body of our law, including the Dean act, and the amendment of the Thirty-Seventh Legislature, we confess our inability to find any written statute making it penal or fixing the punishment for manufacturing intoxicating liquors without a permit." It was declared that the amendment of the Thirty-Seventh Legislature "manifestly does not create the offense of manufacturing liquor without a permit," for the law allows the manufacture of liquor for medicinal, scientific, industrial and sacramental purposes.

TEXAS WHEAT MEN OPPOSES INCREASES

Hay Growers Join in Action Against Move by the Railroads

Austin, Texas.—The declaration nationally made of the dilemma of the wheat growers of this country in not receiving an adequate price for their product was repeated before the Texas Railroad Commission and the Interstate Commerce Commission by representatives of the Texas wheat growers, who vigorously opposed the application of railroads to materially increase the rates on grain, grain products and hay. The same protest was lodged for the hay growers by J. A. Fields of El Paso, representing the Texas-New Mexico Alfalfa Growers' Association.

E. P. Galley of Hereford of the Grain Sorghum Association, Troy Wamble of Hereford of the Texas Wheat Growers' Association, C. L. Lockwood, traffic manager of the Southwestern Wheat Growers' Association; Fred Keller of Electric, J. C. Paul of Pampa and Judge Hare of Miami all testified regarding the plight of the wheat growers and their utter inability to stand any increased burdens, presenting figures to show the losses as result of the cost of production compared to the price wheat.

Rest for Mayor Hylan

New York.—A sudden change in the condition of Mayor Hylan caused a consultation of physicians. Absolute rest for two weeks was prescribed. The Mayor now is suffering from nervous indigestion.

Skull and Neck Broken

Gainesville, Texas.—Suffering from two fractures of the skull and a broken neck, Fain Bracken of this city is lying in a local hospital without hope of recovery.

Texas News

Brazoria County commissioners have decided to make an appropriation for a demonstration agent, if a man well informed in fig culture can be obtained.

A contract has been awarded for the erection of a \$5250 high school auditorium at Saragosa, near Alpine. The work is to be started within the next ten days.

Thirty-two aliens were deported on six vessels departing from Galveston within the last few days, according to the United States immigration service at Galveston.

Cotton receipts at Temple to date this season amount to 12,009 bales, the largest since 1920.

Cotton received by the several warehouses in Bryan now total 17,595 bales, which is far above the total receipts of last year.

The spinach season has opened in full blast in the vicinity of Crystal City. It is estimated that the total yield will be about 1,200 acres this year.

A 10,000-bale cotton crop is now assured for Victoria County, with the good weather of the past several weeks and the prospects are good for a fairly large top crop.

The steel and concrete bridge over the Colorado at Bastrop is nearing completion at a cost of \$180,000 and will be one of the best and most substantial bridges in that section of Texas.

Estimates of Brownsville growers and seedmen, based on advance seed orders, indicate a planting of approximately 2,000 acres to potatoes in the Brownsville section this winter. At least sixty carloads of seed potatoes will be required.

Butterflies, thousands of them, moving southward, have been seen over Fort Worth and North Texas for several days. According to local biologists, it is the first time in 20 years such a migration has been witnessed. The cause or the possible results are speculative, they say.

Hardin County's taxable valuation for the current year has decreased \$191,399 from that of the preceding year, according to the report of the county tax assessor. The assessment for the present year is \$18,911,230, while the aggregate amount of taxes in the county for all purposes as shown by the rendition rolls, is \$358,865.75.

Cutting of timber for the consumption of the various sawmills in Tyler County is being followed by clearing of the land and addition to acreage devoted to farming. The general condition of the farmers is good this year and a crop yield running nearly normal is being harvested this fall. Watermelons and truck have brought the greatest profit this year.

Use of better grades of seed is gradually increasing crop yields in Colorado County, according to County Farm Agent G. R. McNeil. Scientific marketing through various organizations is being found a great help by the farmers in the disposing of their crops. The leading crops of Colorado County are cotton, corn, rice, potatoes and hay. Ribbon cane and peanuts also are raised in abundance.

Soil conservation by land terracing has been pushed in Washington County, and farmers are going further in improving farm seeds by careful field selection. The grade of live stock is being improved and more poultry than ever before is being raised. Butter has brought farmers about \$75,000 in the last year, while poultry and eggs made them richer by \$250,000. Fruit and vegetables brought in \$15,000. Six hundred farmers produce milk for sale to the creamery or cream stations.

Applications for state and federal aid from 19 counties were made to the state highway commission at its monthly meeting at Austin last week. As there are very little funds, either state or federal, available for allotment, the amounts requested are comparatively small.

Many practical road men from other states have visited Texas during the past few years and have commented most favorably upon the highway work which has been done in the state. This refers not only to the location of the roads, but also the quality of the work which has been done. There is galley no state in the union that can boast of better concrete in its highway structures.

Lured by reports that cotton pickers are paid \$1.50 a hundred pounds and furnished living quarters, laborers are going to Southern California and creating a shortage of help in West Texas for cotton farmers, according to M. A. Dominguez, agent for the state department of labor, who maintains an office in El Paso for the purpose of aiding farmers in securing harvest hands.

Six hundred and thirty-six miles of tuberculosis Christmas seals for the sixteenth annual seal sale in Texas have been received by the Texas Public Health Association and its local branches. Texas' quota this year is 40,300,000 seals. The seals are one inch long. They show a small child seated before a fireplace and the smoke of the fire forms a picture of Santa Claus. The words "Merry Christmas, 1923," appear at the top and the double-headed cross, the emblem of the nationwide fight against tuberculosis, is at the sides.

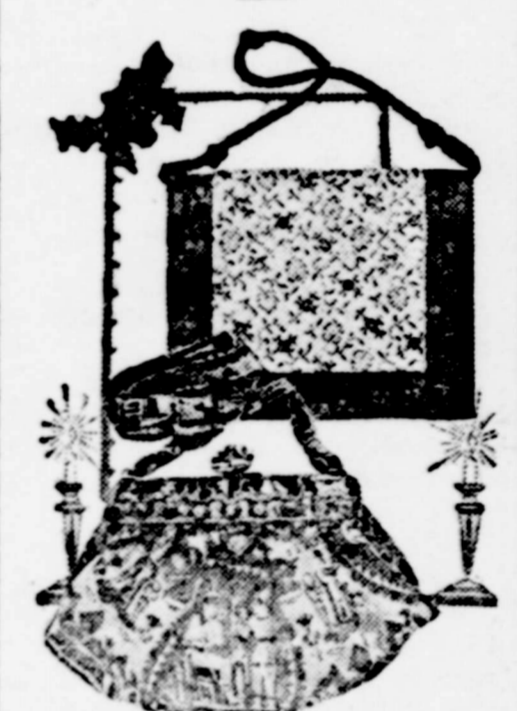

Suggestions That Will Help Holiday Shoppers

Gifts for a Hostess

A pretty set of card table numbers, especially when made by the donor, will please every hostess. Here is a set, made of heavy black paper, cut into three-inch squares and having pictures of girls' heads pasted against the painted numbers. A fine silk cord, supporting a tiny pencil, is fastened through a hole punched in a corner of each card.

Designs in Silk Bags

Very handsome handbags, in new patterns of figured or brocaded ribbons, will make their recipients happy this Christmas. The envelope bag pictured is made of tapestry ribbon, bordered with black, and the bag below it reveals a richly colored Egyptian design with mock jewels set along the mounting. Both are lined with plain silk, and colors are chosen to suit individual fancy.

Mirror and Powder Puff

A pair of long skewers, wound with narrow green ribbon, a small mirror, a flat powder puff and two double red silk poppies will make this pretty pair of toilet requisites. The mirror is bound with red ribbon, gathered at the edges. After the skewers have been sewed to place, the poppies are flattened, placed over them and tacked down about the edges.

Gifts a Girl Will Like

On a new-style ribbon sash, large blossoms and waves are applied, of narrow metal-edged ribbon in two colors, and a collar of yellow organza, edged with lace, is gayly embellished with red daisies of silk floss.

Novel Gifts of Ribbon

A large proportion of the gifts that contribute most to Christmas joys are small furnishings and personal belongings that friends make for one another. The picture above illustrates a case for a score tablet and a sewing case, both made of ribbon. Black-and-gold is favored and a heavy black satin ribbon with sprays of gold wheat is used for the score tablet case while black moire makes the sewing case. In each, narrow gold braid is used for binding and plain black satin for lining. The tablet case carries a pencil and may be made to carry cards.

Homemade Cloth Toys

Scraps of cotton flannel, elderdown, plush and velvet serve to make many little animals, cut by paper patterns, the parts machine stitched together and stuffed with sawdust or cotton. Glass-headed pins or buttons serve for eyes; covered wire, colored paper and yarn stitching help in many cases to supply details.

Fly-Swatter Gift

The decorative fly-swatter is added to the list of useful things appropriate for Christmas gifts—and here it is, shown with bright red yarn button-hole stitched about the edge and having a basket of red and black yarn, filled with little flowers and foliage, done in gay colors (in cross-stitch) just above the end of the handle.

Card Table Covers

Hostesses are enthusiastic over the new card table covers, made of black sateen and gayly decorated with applique flowers cut from colored bits of silk or cotton fabrics. Silk floss outlines the flowers, and black braid or ribbon provides the ties for the corners.

WELLMAN WARBLINGS
By Sandpiper
Weather pleasant and agreeable.
The Terry County Singing Convention which met with us last Sunday, was reasonably well attended. We had some splendid singing which was greatly enjoyed by our people as well as the visitors. In contest singing, the honor was awarded to the Wellman class, of whom we justly feel proud. Among the out of county visitors, were: T. I. Dyess, E. E. Baker, L. L. Wendel and family and Reuben Dyess, all of Lubbock; E. M. Green, of New Mexico; E. E. Giez-icke, of Hico, Texas; J. E., J. A. and B. E. Gunn, whose address was not given the Sandpiper, and others.
Jess Holland spent Saturday in the city of Seagraves.
The pic supper which was rained out two or three Saturday nights ago will be given next Saturday night, Oct. 27th. Proceeds will go for benefit of the singing class. Everyone is cordially invited to attend.
Mr. Jim Currie who was reported on the sick list last week, is much improved now.
Prof. Burnett was a Seagraves caller, Saturday.
Miss Ila Ellis, of Dumas, spent the week end with friends here.
Mr. and Mrs. Jess Holland have for a guest, Mr. Holland's mother from Cass county.
Curtis Currie, who has been visiting in the Challis community, has returned home.
Lost:—On the school ground a pair of gold frame glasses. Return to the Herald office and get reward.
Uncle Bart McPherson was carried to Big Spring one day last week to take train for El Paso, where he will spend the winter with his son, Will. Uncle Bart spent last winter in El

Paso, and says the winter climate of that city seems to suit him, and yet it is not because of what may be over in Jaurez, for Uncle Bart is not built that way.
HOUSEKEEPER wanted. Apply at West Texas Gin, City.
Dr. W. N. Lemmon authorizes us to announce the following subjects for him at the Christian church Sunday: "Baptism of the Holy Spirit; Spirit of Christ; Gifts of the Spirit."
YOU WILL FIND a nice assortment of heating stoves and ranges at Holgate-Endersen Hdwe Co.
Messrs C. W. Merrill and R. A. Thompson, of White Deer, Texas, were here this week prospecting. At least the later was. Mr. Merrill said he visited Brownfield once in its youthful days, and found many substantial improvements here now compared to that time, about 15 years ago or more.
MARES FOR SALE:—Good chunky mare, all bred; one-third cash and balance next fall with good security.—Ross Rentfro, City.
Rich Bennett visited his parents and little daughter at Roaring Spr'gs, last week.
OUR LINE OF GROCERIES are absolutely fresh at all times, and are just what the trade demands.—Try the Enterprise Market and Grocery on your next order.
Biggs Bennett returned this week from Dallas, where he has been taking in the fair.
A nice quite school girl wanting a good home. Phone 116.—Mrs. J. O. Brown.
T. C. Brown with a crew came over from Post last week and removed the body of his brother from the Brownfield Cemetery to the Lubbock Cemetery. Citizens, you know the reason and we all should be ashamed of it.
Two of 'Em
"And how have you been getting on Mrs. Mumble?"
"Ah, miss, not too well. My poor husband 'ad a parallel stroke, and we've 'ad a 'ard time to make both ends meet."—Lightning Line.
Could She Carry Them?
While I was putting my hat and coat on my little boy asked me where I was going and I told him that I was going to get seats for the circus. He said, "Maamma, can you carry them?"—Exchange.

Our Coal-Bins Runeth Over

CICERO SMITH LUMBER CO
QUALITY FIRST ALWAYS

I. A. Lowe, of the south side was in recently with a bale of cotton and begin telling us a wonderful experience he had recently, and we thought at first he had located a distillery, but he had only found a place in a big lake where water had been pouring in for several days in untold gallons. He says he crept near the hole but was careful to step at the right place so as not to go on down with the sluice of water. Now the question arises: Is our huge underground water supply already here, or does it come from the rockies as it is generally believed.
For sale or trade:—Choice 100 acre farm, improved. Will take small cash payment and balance ten years; or will take small house in town or town lots. Write or see owner, Paul Barrier, Lubbock Texas.
Mayor Joe J. McGowan is visiting relatives at Paducah. His wife and the children are down there this week visiting her relatives there and at Quanah.
BROTHERS & BROTHERS always has a nice assortment of fresh candies and fruits.
Among the new comers to our little city we are glad to number Mr. S. L. Webber among our other good business men. Mr. Webber is recently from Waxahachie, and has already purchased 40X140 feet from the Brownfield Hardware Co., just south of the State Bank, which he will improve in the near future with a nice building. Consideration, \$7,000.00. Mr. Webber is a druggist by trade, and is at present helping the Palace Drug Store behind the prescription case while Mr. Sowell is away to the market. We welcome Mr. Webber to our city.
FOR SALE:—Range stove good as new. Will C. Brown, City.
NOTICE
This is to notify the public that all pastures belonging to Green & Lumsden in Lynn and Terry counties are posted and everybody is forbidden to hunt, fish or anyway trespass on our property.—GREEN & LUMSDEN.

Quite a crowd was reported at the Singing Convention at Wellman, Sunday.
WE HAVE it now after four years of testing. See Magnolia ad. (10-26)

"Alexander's Drug Store"

CHALLIS BUDGET By Cotton Picker.

Fine weather over here this week. Cotton picking is the order of the day.

Mr. O'Neal made a business trip to Seminole Monday.

Owen Rimer left for a short visit to Oklahoma, Friday.

Mr. Greathouse was in Brownfield, Sunday.

Hillie Rimer was thrown from a Ford racer and dislocated his elbow and sprained his wrist and a few other injuries. He says boys should be careful how they ride just anything they call a car.

Mrs. Tongate has the real Thanksgiving turkeys this time. They are sure fine.

A crowd gathered at the school house Sunday afternoon for church and were disappointed as the preacher never came.

Messrs. Rimer and O'Neal were seen in Plains, Sunday.

Messrs. Duncan and Webber seem to have a difficulty in keeping their cotton pickers rounded in.

Emmett Currie is picking cotton for Mr. O'Neal, this week.

Mr. Price visited Mr. Horn, Sunday.

YOU NEVER KNOW the difference in the same meats cut right and cut wrong until you try them. Meats are cut right at the Enterprise Market and grocery.

T. K. Rea, prominent bee-man and farmer, of Pottsville, was up last week looking after his extensive land holding here. He reports that neither of his places made very good crops this year.

READ Magnolia ad and take off your shock-absorbers. (10-26)

Dr. T. F. Miles, of Lorena, McLennan county, was up last week looking over his ranch, which is now producing oodles of cotton, corn and maize, as well as cattle, hogs and horses. Dr. Miles says he grows fonder of his ranch here year by year, that it is producing more per acre and per year than his \$150 acre farms in old McLennan. We asked the doctor one time why he did not sell his farms here and invest in more Terry county land and he informed us that he would if he could sell the farms. We have never asked him since, for we

knew no one here or elsewhere that wanted \$150 land.

THE ENTERPRISE Market & Grocery will fill your order promptly SUNDAY Mail Car leaves at 8:00 o'clock; arrives in Lubbock at 10:30. Fare \$2.00. Round trip \$3.50.

W. P. Watts, one of our most successful farmers recently shipped one of his huge Terry county melons to Governor Pat M. Neff, who just received it a short time until his train was to bear him north to the Governor's Conference in Indiana. He did not, however permit the rest of the gubernatorial family to eat it alone, but got his share and hurried away, leaving word with his secretary to write a letter of thanks to Mr. Watts, which he said he knew must be a great man to grow such a melon. The secretary also stated that melons were long ago out of season in Central Texas, and that this was indeed a rare treat.

TO THE FARMER.—My gin on the north side is now ready to gin cotton. Have new Stacey cleaner and boll breaker; 4-70 saw gin. Will appreciate a liberal share of your patronage and do you as good ginning as modern machinery will do.—W. B. English. (10-29)

GOOD RULE.
In advertising always be as honest as you can. Be sure it's merchandise you sell And not your fellow-man.

CENSORED BY DISCRETION.
Young Wifey— Oh, dear, I don't know what to use to raise my bread. I've tried everything. Hubby (in undertone)—A derick and a couple of Jack screws ought to do it.

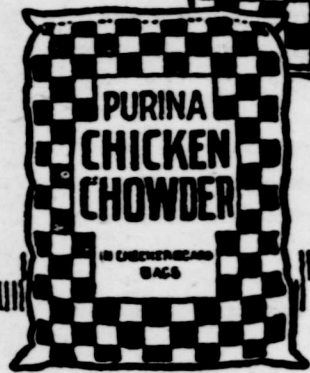

YOLKS + WHITES = EGGS

For every egg yolk in a hen's body she must have enough white to complete and lay an egg. If her feed lacks material for whites she absorbs the excess yolks and gets too fat to lay. "Boarders" don't even pay for the feed they eat.

Purina Makes Hens Pay

Purina Hen Chow and Chicken Chowder, fed together, make more eggs because they contain plenty of both white and yolk elements. They will get more eggs for you or your money paid for the Chows will be refunded. Start feeding now.

MONUMENT ERECTED TO THE SCRUB HOG

The records show that among farmer followers in Texas the scrub hog outnumbers the purebred twenty-one to one, or 300,000 to 17,000 approximately.

Realizing that the scrub undermines and depresses the Fort Worth, Houston and San Antonio hog markets and through these every local market in Texas, the livestock men of Collin County began to make investigations and found that in 1922 the inferior carcass of the scrub hog, while costing the farmer more to produce sold for \$4,000,000 less than a similar number of well bred market hogs would have brought. As a result of the Purebred Livestock Association of Collin County, the leading farmers, business men, Chambers of Commerce, etc., of the county determined to wage a war on the scrub hog. The leading breeders offered to give a purebred boar to any farmer in the county in exchange for his scrub boar, and the proposition met with such universal response that the co-operating interests of the county determined to have a celebration at McKinney, Texas, October 11th, and erect a monument to the scrub hog. On this occasion T. O. Walton, director of the extension service, A. & M. College of Texas, spoke in part as follows:

"There are 6000 farms in Collin county according to the 1920 census, of this number 1891 are operated by owners and 4109 by tenants. You have within the county 419,478 acres of improved land with 184,389 acres planted to corn and small grain, the remainder planted to cotton. Less than half the grain acreage is in corn. The total acreage planted to corn in 1920 was 73,523, the remainder being planted to small grain, the larger part of which was sold as a cash crop. Perhaps three-fourths of the total acreage in cultivation is planted each year to what is regarded by the farmer as a cash crop to be marketed during the year. Thus you are not in a position to enter livestock production upon an extensive scale.

"This is the situation that prevails pretty generally throughout all the central and eastern part of the state. If, however, we are to make Texas farming pay, we must eventually come to better balanced system of agricultural practice. Regardless of the section, the farmer who places his dependence upon one crop, is assuming unnecessary hazards and will sooner or later find that his farming operations are not paying. Yours has in the past been a section addicted to the cash crop system. The cash crop has been cotton in the main, but you seem to be entering upon a new era agriculturally. Through the work of the Collin County Pure Bred Livestock Association, you are beginning to lay the foundation of a more permanent and more prosperous agriculture. The influence of this organization has been felt by all those who grow livestock, but perhaps the greatest progress has been made with hogs.

"Today's festivities marks the passing of the scrub boar. This means that at least one-half of your herd from this date will represent good blood. Sires with a pedigree mean, if you have been bred right, that the quality of the hogs in this community will be greatly improved; that there will be a much better opportunity for the farmer to grow hogs profitably in the future; that at no far distant day the hog population of this county will increase.

"To be sure there are other factors than scrub stock that have stood in the way of profitable pork production

in Texas, but when the scrub hog is eliminated, the other factors will gradually disappear. The farmer who owns a blooded animal will take pride in his possession and will make more strenuous efforts to acquire a better knowledge of those practices that give the greatest assurance of success for the owner.

"Texas is a state that has many advantages of soil and climate for those who want to engage in livestock farming, yet our situation with reference to supply and demand of pork products is that we import about 72 million of these products each year—a considerable cash outlay that should be kept in the pockets of our Texas farmers. With 436,000 farms in the State, only 72 percent of them reported hogs in 1920, and of those reporting, all showed a low average number per farm. But what of the situation in other states? Kansas reported only 74 per cent of all the farms with hogs on them, but the average number of head per farm was 14, or double the number in Texas, while Iowa reported 88 per cent of her farms with hogs on them with an average of 41 hogs per farm. From this it is apparent that while the percentage of Texas farms having hogs on them is almost as great as Iowa, the percentage of hogs on each farm in Iowa is seven times as great as in Texas."

NOTICE IN PROBATE

The State of Texas:—
To the Sheriff or any Constable of Terry County, Greeting:

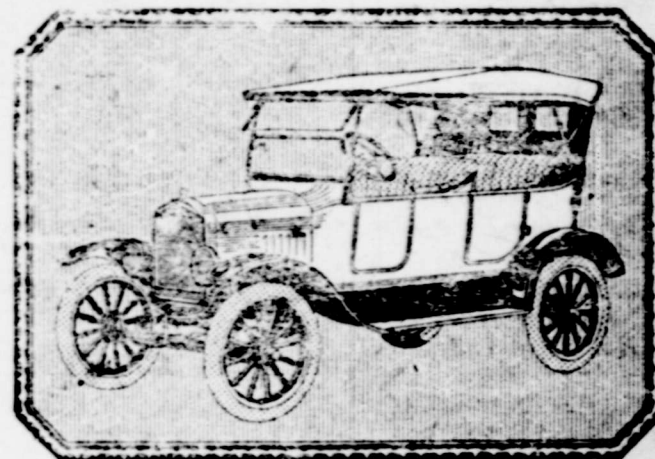

You are hereby commanded to cause to be published once each week for ten days, exclusive of first day of publishing, before the return day hereof, in a newspaper of general circulation, which is now being published and circulated in Terry County, Texas, and which said newspaper has been regularly and continuously published and circulated in Terry County, Texas, for more than one year before this date, copy of the following notice:

The State of Texas:—
To all persons interested in the estate and will of John William Gordon, deceased: Joe Boyd has filed an application in the County Court of Terry County, on the 11th day of October, 1923, for the probate of the last will and testament of John William Gordon, said will being dated October 13, 1922, and witnessed by Fayette F. Fanning and Joseph E. Foster, and to be appointed executor of said will and estate, which said application will be heard on the 26th day of November, 1923, at the Court-house of said County, in Brownfield, Texas, at which time all persons interested in said estate are required to appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Brownfield, Texas, on this 11th day of October 1923.

H. R. Winston, Clerk,
County Court, Terry County, Texas
By Lillian Webb, Deputy. (11-2)

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator.

Slanting windshields and crown top lead material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

RAPID GROWTH HAS COME TO BAPTISTS

SEVEN MILLION CAMPAIGN HAS LENT STRENGTH TO EVERY DEPARTMENT OF WORK

RESULTS IN SOUTH NOTED

Home and State Missions, Schools, Orphanages, Hospitals and Relief Report Marked Advances Under Forward Movement.

DR. B. D. GRAY,
General Baptist Convention
Secretary Home Mission Board South

Suggesting the growth which the Baptist 75 Million Campaign has brought to the general work of Southern Baptists, it is reported by the general headquarters of the movement that during the four years that have intervened since the Campaign was inaugurated in 1919, the denomination has gained 57 district associations, 881 active ministers, 3,063 local churches, 3,257 Sunday schools with 659,223 pupils, 8,688 Young People's Unions with 233,917 members, and 7,094 Woman's Missionary Union organizations, and baptized 762,880 persons. At the same time the churches have given \$28,776,937 more to missions, Christian education and benevolences than they did during the corresponding period prior to the Campaign, and have increased their investment in local church property by \$45,465,118.

The largest resources made possible for missions and benevolences through the channels of the Campaign have been responsible for great advances in every form of denominational work, both at home and abroad.

Complete Church Building Fund
Among the outstanding achievements of the Home Mission Board, operating throughout the territory of the Southern Baptist Convention, are noted the completion of its million dollar church building loan fund, the baptism of 173,692 persons, reception into the churches of 277,968 persons, enlistment of 11,772 young people in the dedication of their lives to some definite form of Christian service, building or improvement of 1,872 church houses, and organization of 935 Baptist churches and 2,898 new Sunday schools.

Practically twice the state mission results have been accomplished in many of the states since the Campaign began as were had for any corresponding period of time prior to that movement.

Southern Baptists own 118 Baptist schools, colleges and seminaries, where nearly 40,000 young people are studying to fit themselves for larger usefulness. The number of students has been greatly increased through the Campaign making possible the larger equipment of the schools, and the investment which that movement has made possible in the schools is equal to about 45 per cent of their total value at the time the Campaign was inaugurated.

4,000 Orphans Cared For
Nearly 4,000 orphan boys and girls are cared for in the 19 Baptist orphanages of the South. Two new orphanages have been provided by the Campaign and practically all of the older ones have been given better equipment by this movement. The equipment is not large enough yet, as 2,000 boys and girls had to be turned away last year because the institutions had no more room.

When the Campaign was launched Southern Baptists had only 13 hospitals. Today that number has been increased to 21. Last year over 47,000 patients were treated in these hospitals, a large number of these being charity patients who could not have had an opportunity to get well except through some such assistance.

The Relief and Annuity Board, serving aged ministers, is now aiding more than 925 beneficiaries and has expended in direct relief since the Campaign began the sum of \$414,892.66.

It will require \$31,000,000 additional cash to complete the Campaign by the end of the period in 1924, and every effort is being made to enlist all Southern Baptists in having a share in this task.

TOKIO TALKS

By Reporter.
Most every body is picking cotton and are getting it out fast.
Several from here attended the Co. Singing Convention at Wellman Sunday. Everybody reports a good time.
Mr. J. W. Williams' father and mother are visiting him.
Revs. Ball of Brownfield and Johnson, were at Tokio Saturday night and Rev. Ball preached.
Rev. Hames filled his regular appointment Sunday and Sunday night.
On last Friday afternoon, Reigh Martin, the little son of Mr. and Mrs. W. B. Martin was bitten by a rattlesnake while in the cotton field. He was bitten just below the knee, and has been very sick, but is better at

this writing. The doctor says he will recover and we hope to see him up soon.
Miss Mary Charles Legend, who has been visiting her sister, Mrs. Couch, has returned home.
Mr. and Mrs. Hugh Snodgrass are the proud parents of a fine girl.
Mr. and Mrs. Clifford Johnson are also rejoicing over the arrival of a new girl at their home.

EBEN HOLDEN'S LAST WORDS

Eben Holden was written by Irving Bacheller 22 years ago. Eben was gruff and uncouth, yet a great hearted old hunter. The last words printed on his tombstone are worthy the consideration of everyone of us ere we depart for our Long Journey. Here they are:

"I ain't afraid;
'Shamed of nothing I've ever done;
Always kept my tugs tight;
Never swore less 'twas necl'ry;
Never ketched a fish biger'n 'twas;
Er lied in a hoss trade;
Er shed a tear I didn't hev to;
Never cheated anybody but Eben Holden;
Goin' off somewhere, Bill—dunno the way nuther—
Dunno of it's East er West er North er South.
Er road er trail;
But I ain't afraid."

REMEMBER—Good shows at the Legion Theatre every Friday and Saturday night.
T. I. Brown had business in Station this week.
