YES OUR GINS ARE CROWDED

BOTH THE GINNER AND FARMERS TAKING THE CIRCUMSTANCES IN THE BEST OF SPIRITS.

If it were not serious and well near pathetic, one could pick up not a few jokes and funny incidences around the three gins at Brownfield. Real sporting men will laugh at great odds sometimes, and the Terry county citizen never hangs his head to weep about things over which he has no control, and therefore he will joke a little bit anyway.

As a preliminary let us say that the three gins in Brownfield are simply swamped, —snowed under— that at least one of them has been three days behind the last two weeks part of the time, and twenty-four hours behind all the time, and the other two two days behind, and running 24 hours a day. The gins run until 5 o'clock Sunday morning and begin operations again at midnight Sunday.

The gins have been hubbing a lot of bolls lately, and our largest gin only cuts 65 to 70 bales in 24 hours, so you can sorter see what the farmers of old Terry have been up against. If they get their ginning in 36 hours, they feel happy. All storage places were long since filled, and even the sheds at the wagon yards are packed with parked wagons, the owners with the team at home.

Meadow has not been crowded like Brownfield, and many men with their auto trucks have gone up there this week and get back with the ginned cotton long before their neighbor just ahead or behind them thinks of

getting in hailing distance of the section.

At first, after the sun had finally returned for a few days, they would amuse one racing around from one gin to another, only to find it just as badly crowded. They soon quit this and the gin they drove up to, there they camped.

Old Pete and Deck were taken from the wagon, made comfortable with feed, and the owner would proceed up town, and from all outside appearances, you would never know that he was waiting. In an hour, or so, he would, to express it like him, "go to the gin and see if he could move up another notch. Fellows that have "waited at the church," have nothing on our farmers.

On the other hand, the gin men have been doing all in their power to catch up, but to no avail, and have done all they could to make the waiting farmers as comfortable as possible.

The cotton receipts at the three cotton yards is as follows up to Tuesday noon:

Bynum	1288
Union	2883
Meadow (estimated)	1950
Total	5821

There is no way of estimating how many bales are stored throughout the county.

BIRTHDAY PARTY

On last Saturday afternoon the home of Mr. and Mrs. A. A. Sawyer was the Mecca to which a party of happy children, bent on having a good time, journeyed. The occasion was the fifth birthday anniversary of little Cristova Queenelle Sawyer. She proved herself on this as on previous occasions, an ideal hostess. Toots, as she is commonly called by those who know and love her best, possesses the charms which are so admirable in a child, a courteous, friendly, loving manner, which makes her smiles somehow get hold on the heartstrings, there awakening love's sweet music.

The little guests were entertained by a game called Trolley Cars, in which the little ones were instructed to start from a given point and hastily search out the hiding place of little favors previously placed there for the exciting game by the hostess proper. Toot's mother, said favors being miniature specimen from the doll world. The birthday cake was a work of art in pink and white, and standing out in bold relief was the magic name to which all good wishes for many happy returns had been heartily addressed. Cristova Queenelle Sawyer, and lastly the five tiny candles heralding their own little story of how far as many bright, happy years the little girl had shed a ray of heaven's own light among parents, family and friends, and we may honestly confess that we grown ups as well as the children could add our hearty Amen to their glow.

Outdoor games were then indulged in until a late hour, and the little guests turned their faces homeward after having been served to delicious ice cream—each the better for a very happy afternoon. She was the recipient of many beautiful gifts.

Those present were: Mattie Joe and Mary Lee Gracey, Geo. Basil Bragg, Sallie Truman Stricklin, Margaret Smith, Margarette and Kathleen Alexander, Wanda Graham, Louella Peters, Kathrine and Francis Copeland, Billie Joe McGowan, Virginia and Ethelda May, Laddie Lynn Brownfield, Richard Kendrick, Clyde Dallas, Billie and Joe Hardin, Jerry Jean Hancock.—Contributed.

TO THE PUBLIC

It is being circulated that I have sold my gin to the West Texas people. I do not know how or why the report was started, but it is not true. I am doing business for myself; am getting a good share of the ginning for which I am very thankful.

BOY KILLED BY TRAIN AT LITTLEFIELD

Earl Morris, of Oklahoma City, was instantly killed Thursday afternoon by falling from a thru freight, his body being ground to pieces beneath the wheels of fourteen cars.

Morris, in company with Joe Mumford, of Pauls Valley, Okla., boarded the freight at Clovis, intending to get off at Sudan and pick cotton. About 7 miles north of Sudan, Morris became faint. He told his partner he was sick and Mumford reached out to assist him. Morris' hold on the rods between the cars where they were riding, gave way and he fell between the bumpers, his feet dangling along the cross ties. Mumford held onto him until his weight caused a cotton glove to slip from his hand, and fourteen loaded freight cars passed over his body, before the train could be stopped.

Both legs were severed from the trunk of the body, one shoulder cavend, in one arm cut off, the side of the skull broken open, and the trunk of the body horribly mangled.

Both boys had money with them, \$12 being found in Morris' pocket after the accident, but being anxious to get down to Sudan, they did not wait for the passenger train next morning. It is reported that Mumford formerly lived in Littlefield. Morris was about 23 years old. His body was gathered up by the railroad section men and taken to Muleshoe where an inquest over the remains was held—Littlefield Leader.

The Royalty Motor Company, of Lubbock has opened a branch in the city of Plainview, and Boyce Cardwell formerly of this place has taken charge of the new house, and begs us to get his Herald to the new address.

Lost, in town or one the road 4 mi. south of Brownfield, a lace boot. Return to Herald office and receive reward.

W. B. Collins, of Boswell, Okla., was here last week visiting his brother and family, who has charge of the Collins store at this place. Brownfield has no more loyal booster on the ground than Mr. W. B. Collins, and the only thing that can keep him separated from Brownfield will be because he can't turn his property on returning home. He paid an eloquent and glowing tribute to the citizenship of Brownfield and territory and said their first week's trade after opening was three times what their most sanguine expectations could have possibly have been.

TRY A SACK of our flour. It has a full guarantee to please you—Bro. & Brothers.

BROWNFIELD PUBLIC SCHOOL

The Brownfield Public School is one of the most important institutions in the city. It along with the churches affects the most intimate relations with the progress of the community. It impresses and influences in a vital way our own people as well as the hosts of newcomers who are flocking into this section of the great South Plains. The hope of the future of this nation lies in the success of the public schools of the country.

Just a word in regard to the personnel of the faculty. There are at present thirteen teachers employed in the school and arrangements are being made to add three others the first of the year owing to the present congested condition as well as the anticipation of the many people who will flock here the first of the year. The following is a list of the faculty with a word regarding their training and experience:

Supt. J. D. Rankin received his college training in the Southwest Texas Teachers College, Simmons and Marshall colleges; has had 14 years experience teaching in the public and high schools of the state.

Prin. J. B. Jackson received his training in the North Texas Teachers College and University of Texas; has taught fourteen years in the public and high schools of the state.

Miss Espie Castleberry, teacher of History in high school, received her training at the Decatur Baptist College, Texas Woman's College, North Texas Teachers College; is teaching her third term in the Brownfield public school.

Miss Minna Fresco, foreign language teacher attended Straus Academy, North Texas Teachers College and University of Texas.

Mrs. R. L. Bowers, department of English, received her training in the North Texas State Teachers College, and the Universities of Texas and Colorado; has had six years experience in the schools of Texas.

J. D. Miller, A.B., mathematics department, is a graduate of the Indiana State Normal College; has had six years experience in high school work.

The high school enrollment to date has totaled 164, distributed as follows: 8th grade, 66; 9th grade, 42; 10th grade 31; 11th grade 26.

Mr. Douglass Carver, arithmetic and music in the Grammar grades, has completed two years of college work in Wayland College.

Miss Kathryn Terrell, English and reading in Grammar grades, received her training in Wesley College, and has taught three years, two of them in the local schools.

Miss Lucile Blackstock, teacher of history and geography in the grammar grades, received her training in Weatherford College.

Miss Thelma Nell, fourth grade; received her training in C.I.A. and Silver City Normal College; this is her second year in the local school.

Mrs. H.D. Heath, third grade, graduated from Decatur Baptist College and has had four years experience.

Miss Mozelle Treadaway, second grade, attended the San Marcus and Canyon Teachers Colleges, C.I.A. and Boulder University, has had six years experience.

Miss Lois Nell, primary, has had four years experience as primary teacher, two of them in this school, received her training in C.I.A. and the San Houston State Teachers College.

The total enrollment in the grades to date is 7th, 69; 6th 40; 5th 53; 4th 44; 3rd 55; 2nd 49; 1st 35.

During the past summer and early fall, six new class rooms have been added to the school building, steam heat and indoor sanitary toilets have been installed. There are 13 class rooms and a laboratory in the building and means will have to be found to house the large overflow of students who will come in between now and the first of the year.

As a reward to meritorious students who attain excellence in deportment, make an average of 85 or more and not make one grade less than 80 in any subject, the following are entitled to a place on the High School Honor Roll:

Seniors: John Rankin 96; Margaret Bell 95; Lucile Flache 93; Twinkie Burnett 93; Edna Beard 91; Lois Daniel 91; Bennie Knall 90.

Juniors: Joel English 91; Vallie Hob 91; Vergie Bell Beasley 90.

BROWNFIELD BAPTIST CHURCH TO BUILD

The First Baptist Church of this city have formulated plans and are now in active pursuance of the same, to erect for themselves the first unit of a modern and up-to-date church edifice. It is contemplated the structure will cost over \$30,000.00. At present the basement will be built, and will be equipped as a commodious auditorium. The lots have been purchased for the structure on east Hardin street just west of W. B. Downings residence.

A building executive board has been appointed by the church, same being K. W. Howell, W. M. Adams, H. H. Copeland, N. Hancock, O. W. Gillespie, J. C. Bond, and Morgan L. Copeland who is Secretary and Treasurer. This board will be in charge of all business arrangements and transactions for the church. The following trustees have been appointed for the church and incorporation will be effected: J. C. Green, E. W. McGee and W. M. Adams.

Solicitation committees have been appointed and canvasses are now in progress. In this world the various departments of the church will take part.

This speaks well for the churches of Brownfield, and is the first step in the direction of the erection of a system of beautiful churches. Every one who can should have some part in helping this movement. His not only a credit to the Baptists but an asset to our own and community.

Madam rumor has it that the local Methodists will come out of their old shack in the near future.

HONORING R. H. BANOWSKY

One of the most delightful social events of the season was a 42 party given on last Thursday evening by Miss Vonnie Lee Ditto and Mrs. Jack Stricklin, at the home of the later, honoring Mr. R. H. Banowsky of Wichita Falls, Mr. Banowsky being an old time friend of the hostess, besides a number of other friends who were glad to be with him again.

Many interesting games of 42 were played, high score, a beautiful tie going to Mr. E. Jones; low, two embroidered handkerchiefs to Miss Dora Daugherty.

Pimento sandwiches, pickles, individual pumpkin pies with whipped cream, and hot chocolate were served.

The guest list included Messrs. and Mesdames Sawyer, Randal, Tiernan, Hunter, Hurst, Jones, Adams, A. M. Brownfield, Shelton, Dallas, McGee, Mrs. Ditto, Misses Eldora Lewis, Dora Daugherty, Irene Ditto, and Messrs. Powell, Banowsky and Gillespie.

TAX SUITS TO BE FILED

I have been ordered to bring suits in the January term of District Court for all delinquent taxes. Those knowing themselves to be delinquent will save themselves and the county much expense and trouble to pay up this delinquent taxes by Dec. 10th, as I will file suits on that date, thus incurring additional costs.

OLD TIMERS CONFUSED

TO MANY HERE THAT THEY CAN'T CALL BY FIRST NAME, LIKE PICNIC DAY TO THEM.

Have you been up on the streets this afternoon?

I bet there are a thousand people up there you would not know from Adam's if steer.

Never saw the like of new people in all my life.

These are some of the expressions of our natives here who can hardly realize the county is undergoing so radical a change.

Just a few years back, counted on the fingers of one hand, when Saturday came, the crowd was some larger than other days, but you knew the whole crowd and they knew you by your first name. Now Saturdays are different. They look like our picnics of a few years back, and the art of jay-walking is being lost, unless you an expert dodger.

It don't seem natural, but most of us like the change, and are waking up to the fact that others are discovering here in Terry what we have been knowing for years. That we have the most promising country on the globe today.

And they are rolling in every day. Sometimes two or three zulus a day. Don't know where they will stay until more houses are built; neither do they. But all are happy to get here. Everybody is employed and happy, it seems, and even the boys' pockets are bulging with money. But you can't get a soul to do nothing as they are already employed. You do the job yourself or let it go.

We used to see people walk the streets in Dallas during the fair all night because they couldn't get a bed, and we never did believe we would see it here the same way. But we have. Dozens, sometimes cannot connect with a mattress here.

From twenty to thirty cars of material of one sort and another is on the track all the time and an army of draymen are unloading day and night. Any time you may wake up at night you may hear the slam of lumber, or the dull thud of coal being unloaded on the track. The merchants are putting on lots of extra help and they are kept busy. Even the Herald that has run for years in the even tenor of its way, too dignified and lazy to work at night, is now running along after supper trying to meet the demand on us, but like the man in the bog hole, we only seem to get deeper.

What the Sam Hill is the matter with us anyway?

Brownfield and Terry county is on a good substantial BOOM!
That's all.

MEADOW BRIEFS

By Aesculapius

(Received Thurs. afternoon)

The past week has witnessed considerable advance in the building program of the village. Brick work on the school building is complete. The new garage and filling station has the roof about complete; the residences of R. H. Timmons, Jake Beal and the barber shop are about finished. In the northern part of town, Mr. Lucas is putting up a residence, while the new lumber yard has its buildings well under way.

N. F. Emerson has sold his farm of 30 acres to Mr. Findley of Haskell and purchased a section 10 miles southwest; also a half block in the southern part of town. We were kinder thinking out loud that he'd leave; in fact he had promised to skeedaddle if he sold out. We feel sorry for Will Bryant as he will have to keep his chickens staked out as Emerson's reputation along that line is about as good as Dr. Moorhead's or Earl Cadenhead's.

There is rumors of another merchandising establishment soon. The land has been purchased and work will begin early date. Our hotel vanishes in thin air much to the chagrin of the entire town. We need one badly and it would be a money maker to the individual putting it in.

Several of our citizens have been on the sick list the past week. Our blacksmith, J. A. Maddox seems to have been the worst off as he was confined to his room a week.

The usual Sunday services at the churches, with preaching at the Baptist and Church of Christ. Sunday evening there was singing at the Baptist church led by a singer from Lubbock.

The two gins are now keeping pretty busy and Meadow continues to pay more for cotton than New York.

Mrs. Floyd Stark and four of her sister's children, three Cobbs and one Hays, were up last week from Seminole visiting her parents, Mr. and Mrs. A. B. Bynum.

GENUINE NARRAGANSETT turkeys for sale for breeding purposes; both hens and toms. See Mrs. J. T. Hamilton, City.

Hosey Key and wife were over from Gomez Saturday night attending the picture show.

FOR SALE.—One Victrola, or will trade in on Ford touring car.—Tom Verner, Meadow, Texas. (12-14)

H. L. Lee, prominent northside farmer, was in one day this week and said several of his old neighbors of Haskell and Knox counties were here prospecting and others to come later.

FOR SALE.—27 Jersey milk cows, 2 and 3 years old, fresh and heavy springers. See W. E. Norman, Gomez, Texas. (12-7)

JONES DRY GOODS COMPANY

PUTTING ON BIG SALE

Despite the fact that the fall trade is good, and that their buyers have just returned from the eastern markets, where thousands of dollars of new goods were purchased, the firm is putting on a huge, honest to goodness sale at their twelve big West Texas stores. Also despite the fact that cotton and wool are both gone sky high, they are going to sell at last year's prices anything in their store.

There is no use calling your attention to their ad; you can't help seeing it, and they are covering the trade territory with hundreds of big circulars. Come to Brownfield and get real bargains.

Geo. E. Tiernan is in New Mexico prospecting this week. He was accompanied by Ted Peck.

FOR SALE: Three sections of good farming land; no waste land; 2 acres cut off for school. Half mesquite land, rest red mixed land with clay subsoil. Worth the money, and would take some trade. Priced right. Terms.—D. S. Cunningham, Owner, Lou, Texas. (11-30)

There should be some rule put in force to stop the parking of cars on the streets, or rather in the streets, and the rules then rigidly enforced, before we have some serious accidents. Another thing, some people drive down our streets like they were on a race course regardless of people or cars on the streets. This ought not to be and a stop put to it by all helping to enforce any and all laws that the city council might see fit to put into use.

FRESH VEGETABLES always on cold storage at Brothers & Brothers.

Rev. Brant and wife are here from Tucuman, N.M., visiting the late's parents, Mr. and Mrs. J. R. Carver. They were accompanied by Mr. Brant's sister, Miss Lois, of Hereford.

FEATHER PILLOWS.—Both duck and geese; nice. See Mrs. J.C. Green City. (16)

Dr. H. H. Hughes, dentist, will leave Saturday at the request of the Government, for Dallas, where he will undergo examination. He will return next Tuesday.

Mesdames Wardlow and John Gracey were in Monday, shopping.

E. M. Perry, of Taylor county, has recently shipped in a new well drilling machine. His son, who lives here will run the machine.

Mrs. B. J. Johnson and children left this week for Atlanta, Texas, to visit her brothers. Her mother, Mrs. Widdowson was to have gone with her, but was somewhat indisposed and will follow as soon as she is able to travel. She will spend the winter in East Texas.

Personally the Herald has no objection to Prof. Horn, the president of the Tech., recently elevated to that position by the board of directors, but it would like for him to shave off his whiskers before coming to West Texas.

Editor Houser of the Lamesa Journal is to be joined in the publication of the Journal by his brother-in-law, Mr. John Griffin, whose other name is "Jack" for short. Getting too many jacks in the printing business looks like. Speaking of that moniker, two gentlemen, one of German and the other of Swedish extraction, had a mutual friend by that name, and the two were out walking and saw their friend approaching, when the Teuton announced "yonder comes 'Shack'!" The Swede laughed boisterously and remarked that his German friend had not learned to say "Yack."

We had a good long heart letter

from our good and true friend, and co-laborer for the upbuilding of the mighty Plains region, Editor L. P. Loomis, of the Canadian Record, the past week, announcing that he had traded the Record to F. S. Pavitt, of Torrington, Wyoming, for the later's paper plant at that place. Editor Loomis is not only a dear friend of us, but is one of the most interesting and accomplished pen artists in this section of Texas, and his spicy editorials and words of optimism will be missed by all the press boys. We wish for L. P. much success in his far northwest home, and sincerely welcome Editor Pavitt to the fastest developing section of the United States.

Senator Overman, of North Carolina, is one of the few Senators who occasionally takes a pinch of snuff from the historic snuffboxes in the Senate Chamber, which are kept filled during the sessions of Congress—Ward County News.

Is snuff dipping or snuff pinching to become a lost art? The earlier form of using snuff seems to have been by taking a pinch and sniffing it up the nose. This was the prevalent way in England in the time of Dickens, and each Pickwickian of that period prided themselves on their fancy silver and gold snuffboxes. From the word snuff, we suppose, the weed became known as snuff. Their American cousins, as usual, were not satisfied with merely sniffing the weed, but as usual offered improvements, and began "dipping," from which we suppose, get the word, "dope."

Which Would You Rather Pay--

the fee of an Abstract Company or costs and damages in Court?

Of course you MAY get by without having to pay either one; but you are running a risk--and a foolish risk. Our charges for making an Abstract of Title are so moderate, that your peace of mind and security from legal tangles in the future are cheaply purchased.

And it is security from trouble. If there is any flaw in the title--if there is any chance of your getting into difficulty on account of any long neglected lien upon that property, you may be sure we shall find it. We probe the past history of any title you wish us to investigate, with a thoroughness which misses nothing.

Before you buy that piece of land, run in and talk things over with us. Our services will make you secure in your purchase.

SHERIFF'S SALE

The State of Texas: To whom these presents come know ye:—

That whereas, pursuant to a judgment rendered in the District Court of Donley County, Texas, on the 9th day of January, 1923, wherein the Farmers State Bank of Clarendon was Plaintiff, and Mrs. W. R. Slaughter, J. E. Slaughter, M. C. Slaughter, Homer Slaughter, A. A. Slaughter, Ora Lee Slaughter, Iris Slaughter, C. C. Slaughter, Mrs. Guy Hardy and her husband Guy Hardy were defendants, the plaintiff bank recovered a judgment against the above named defendants for the sum of One Thousand Sixty-one and 28-100 dollars, together with ten per cent interest thereon, besides costs of suit. And whereas costs of suit amounted to Forty-nine and 50-100 dollars.

And, whereas, thereafter on the 16 day of November, 1923 an alias execution was issued out of said Court, and to me directed and delivered as Sheriff of Terry County, Texas, re-

quiring me, of the goods, lands and chattels belonging to the defendants, to seize as under execution, and after advertising the same as the law requires, to sell the same at public vendue at the court house door of Terry County, Texas, to the highest bidder for cash, said alias writ of execution having come into my hands on the 19th day of November, 1923, and having on the same day and hour been by me levied upon all of the community interest of Mrs. W. R. Slaughter, surviving wife of W. R. Slaughter, deceased, in and to the following described lands, and upon all the interest of the other defendants above named at heirs of W. R. Slaughter, deceased, in and to the following described lands, lying and being situated in Terry County, Texas, to wit:

Abstract No. 1264, Certificate No. 519, Section 87, block DD, being the east one-half thereof, containing 320 acres of land.

Abstract No. 1265, Certificate No. 500, Section 89, Block DD, containing 640 acres of land.

Abstract No. 1266, Certificate No.

Section 88, Block DD, containing 640 acres.

Being a total of 1600 acres of land, known as the W. R. Slaughter place. Said lands lying about 20 miles from Brownfield in a southwest direction.

Now, therefore, know ye, that on Tuesday the First day of January, 1924, between the hours of ten o'clock A.M. and four o'clock P.M., at the court house door in Brownfield at public vendue, and for cash, I will sell to the highest and best bidder for cash, all of the community interest of Mrs. W. R. Slaughter, as surviving wife of W. R. Slaughter, deceased, in the above described lands, and all of the interest of the defendants J. E. Slaughter, Homer Slaughter, A. A. Slaughter, Ora Lee Slaughter, Iris Slaughter, C. C. Slaughter, M. C. Slaughter, Mrs. Guy Hardy and her husband, Guy Hardy, in the above said lands, by them owned as the heirs of W. R. Slaughter, deceased.

Of this notice you will take due cognizance and govern yourselves thereby.

Witness my hand at Brownfield, Texas this 23 day of November, A.D. 1923.

Wood E. Johnson,
(12-14) Sheriff Terry County, Texas.

CITATION BY PUBLICATION

The State of Texas: To the Sheriff or any Constable of Terry County—Greeting:

You are hereby commanded to summon W. A. Patterson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Seventy-second Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to the said Seventy-second Judicial District, to appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, on the first Monday in January, A.D. 1924, the same being the 7th day of January, A. D. 1924, then and there to answer a petition filed in said Court on the 20th day of November, A. D. 1923, in a suit numbered on the docket of said Court No. 750, wherein J. J. Nettles is the Plaintiff, and W. R. Patterson is Defendant, and said petition alleging, that on December 8th, 1920 defendant executed three vendor lien notes for \$50.00 each, payable to J. E. Reed and due three, six and nine months after date, bearing 8 per cent interest, providing past due interest, providing for 10 per cent attorneys fees, that said notes were given in part payment for lot 1 in block 15 in the town of Meadow, in Terry County, Texas, which Reed conveyed to defendant by deed, now in defendant's possession, and defendant is here notified to produce said deed in Court or secondary evidence will be used to prove same. That said deed reserved and retained vendor's lien, that said notes provided for and created a vendor's lien, in favor of Reed. That on Dec. 9th, 1922, for valuable consideration Reed assigned and transferred said notes to Plaintiff, who is now owner and holder of same, that all of said notes are past due and unpaid. That Plaintiff has placed them with an attorney for suit and collection. Plaintiff asks for

judgment for a total of \$207.84, principal interest and attorneys fees, for cost of suit, for judgment foreclosing vendor's lien, writ of possession to purchaser and for order of sale.

Second Count

Plaintiff alleges by reason of said deed and notes he holds superior lien on said property, by defendant's failure to pay the notes, plaintiff is entitled to title and possession thereof, and asks for judgment for same.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Brownfield, Texas, on this the 20th day of Nov., A.D. 1923.

Owing to the business rush and the shortage of help, it is impossible for us to get out and personally collect accounts, so we have decided to place all our notes and accounts with an attorney for collection. Ford Trucks Are Bought On Performance Records

If you were to ask a hundred or a thousand Ford truck owners why they use Ford trucks in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily service the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements.

They would emphasize the work this truck does, not its initial cost.

Ford Trucks can be bought through the Ford Weekly Purchase Plan.

LINCOLN ON LAW ENFORCEMENT AND EDUCATION

Let every American, every lover of liberty, every well wisher of his posterity swear by the blood of the Revolution never to violate in the least particular the laws of the country, and never to tolerate their violation by others. As the patriots of '76 did to the support of the Constitution and Laws, let every American pledge his life, his property, and his sacred honor, let every man remember to violate the law is to trample upon the blood of his fathers and to tear the charter of his own and his children's liberty. Let reverence for the law be breathed by every American mother to the lisping babe that prattles on her lap. Let it be taught in the schools, seminaries and colleges. Let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. In short, let it become the political religion of the Nation.—Lincoln.
