"Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States."

VOLUME 21

BROWNFIELD, TERRY COUNTY, TEXAS, NOVEMBER 6, 1925

NUMBER 11

## Chamber of Commerce CURRENTS By the Secretary

The Committee in charge of the arrangements for the parade on Armistice Day, November 11th, have promised the Chamber of Commerce that they are sparing no efforts to make the parade a real success, an in order to do so they especially invite every business firm of the town to prepare floats and enter them in the parade, all clubs, organizations and orders of the city or county that desire to have floats or representations in the parade, are cordially invited to participate. There are no restrictions at all, it is only requested that if a float be used that same be decorated in accordance with the spirit of the occasion. Any banners or advertising that may care to be used is perfectly permissible. Mr. W. A. Bynum, who is the Post Commander, can be found at the Rialto and will gladly give any further information that is needed. The Chamber of Commerce is expressing the hope that a good number of our business men, and that all the clubs will join in and have entries in the parade to the end that it may be equal to the occasion.

The public in general will find interest in the football game in the afternoon on the High School Athletic field, between the Legion Veterans and the Ex-High School Stars. This will be a battle royal—each team averaging over 200 pounds.

The attention of the public is called to the Mayor's Proclamation found elsewhere in the columns of this issue of the Herald Proclaiming the 11th day of November, Armistice Day, as a holiday. Therefore the public is respectfully requested to bear this in mind in order that there be no one inconvenienced or disappointed and arrange their business transactions accordingly.

Regarding the proper display of the Colors on all occasions, the flag should when raised for observation of some day or event, be placed out at sun-up and never allowed to remain up after sun-down.

## COBLINS IN ABUNDANCE HERE SATURDAY NIGHT

The small boy and some not so small, not to mention their sisters of various ages and sizes, were out in abundance Saturday night putting on a real show, and from the noise both vocal and artificial, and not a few fire work displays, we know the ghosts were walking the streets and alleys in abundance.

As the midnight hour approached, and as after that came Sunday, the nightwatchman went to the youngsters and nicely explained the situation, and they immediately and without further ado, repaired to their several homes.

We heard no complaints of vandalism, and this alone speaks well for the youngsters of the town, and shows they are high minded enough to find amusement without the destruction of other people's property.

Also many social events in the homes about the city were enjoyed, we understand.

## HARLEY SADLER SHOW HERE NEXT WEEK

J. T. Blessington, advance man for the Harley Sadler Show, came in Tuesday afternoon and left a nice ad to be inserted in the current issue of the Herald. The Sadler Show is a good clean show carrying an up-to-date line of equipment, showing first class shows, and is strictly a West Texas institution. Mr. Blessington stated that they were showing an entire new program of new plays, clean polite vaudeville, and Harley Sadler's Cowboy Band. The opening play this year will be "The Only Road" Companion play to "Saintly Hypocrites and Honest Sinners." Cast of the various plays this year will include: Harley Sadler; A. C. Heiner; Ethel Snow; Billie Sadler; Gloria Sadler; Bertha Crighton; Marvin J. Landrum; Goldie & Wilson; E. H. Stover and Bart. Couch. Sadler needs no introduction to the people of this section as he has made Brownfield regularly for the last few years.

## In the Danger Zone

## FREEZE DID CONSIDERABLE DAMAGE IS THE REPORT

Reports coming in to the Herald as to damage done to both cotton and feed crops vary greatly. Some report scarcely any damage, as all the feed they aimed to cut, was safely in the shock. Those most seriously damaged were the ones with late feed planted in blowout cotton fields. However, if this feed is now cut immediately will be alright.

The ranker the cotton the more it was damaged, seemingly, and every mile one travels north apparently suffered the more, as all the half grown, sappy bolls are now mushy. Nevertheless, much of this cotton has an abundance of mature bolls, and if we can have some fair weather they will open.

Clint Rambo, who has been out quite a bit, reports severe damage in Hockley and counties further north, as they had more rain early than we, and their cotton accordingly much ranker, weed, later and greener. Estimates now run from 12,000 to 15,000 bales for Terry county, against more than 18,000 bales last year. To clearly show how much later the crop is this year than last, only 1,797 bales had been ginned in Terry county on the 18th of October as against 3,453 at the same period last year.

With cotton constantly going down, and with the firm belief that the big freeze will influence the government to back up some on their next report that comes the last of this month, the state department of agriculture not to say anything about many large cotton factors throughout the south, are advising farmers to keep as much cotton off the market as possible. With this in view, many of our farmers, we believe are leaving their cotton fields temporarily and are making an effort to save their feed. This is as it should be at present at least.

## NATIONAL BANK OF O'DONNELL OPENS FOR BUSINESS

O'Donnell, Oct. 30—The First National Bank was opened for business this week with a capital stock of \$25,000.00. D. R. Couch of Aspermont, is president; L. D. Tucker, vice-president; Lawrence Dennis, cashier; C. E. Kelly, assistant cashier, and the board of directors are L. D. Tucker, Ray Riddle, J. H. Harberger, C. H. Mansell and D. R. Couch.

Sam Murphy was in Sunday and very much tickled to be able to carry his wife home, who has been off visiting. He does not like batching from what we could gather from his conversation.

## P. T. A. HAS INTERESTING MEETING TUESDAY NIGHT

The attendance of the Parent-Teachers Meeting Tuesday night was much better than the preceding one, but nothing like the number to meet the ambition of those who want to see a real live, wide-awake association.

The election of officers was immediately gone into with the following results: K. W. Howell was promoted from first-vice president to president; O. W. Fagala, first vice-president; Stricklin, 2nd vice-president; Mrs. Stricklin was re-elected secretary and Mrs. J. B. Jackson, treasurer.

After election of officers, some very interesting talks were made by Morgan L. Copeland, Prof. Fagala and Mrs. D. Lewis which were greatly enjoyed by all present.

Discussion of the Lyceum was then taken up, and it was announced that some \$200.00 worth of season tickets had already been sold and it was believed that the Lyceum would be handsomely financed.

## TOKIO CITIZEN INTERESTED IN OUR CEMETERY WORK

A. P. Stewart, prominent farmer of the Tokio community, was in one day this week and informed us that he was very much interested in the cemetery work here, and was willing to do his part in making it just what it should be, either with work or money. He thinks it both important that we not only make up money to pay all indebtedness we now owe, but to get enough money to have the weeds cut and burned right now during this month, and the ground leveled up, in readiness for the high winds which are almost sure to start next month. He is willing to come any day and help if insufficient funds to have it done cannot be had, and he remarked that he was an awfully busy man at that.

He informed us that Mr. Ben Hurst had agreed to take the work up again and appoint a committee to solicit funds at an early date. To our notion this is the right thing to do, and all that now keeps the good work from going ahead.

The readers of the Morning Avalanche were saddened Thursday morning when they read of the passing of Chris Harwell, one of the pioneer citizens of Lubbock, and a prominent character in the city's upbuilding. He was not only well known to all the old timers in Lubbock and adjoining counties, but was especially well known in Masonic and Odd Fellow circles.

## TAKES BOTH ENGINES TO PULL LOAD NOW

Ennice Jones, day man on the City Light and Power plant, informed us this week that it now takes both engines to carry the peak of the load here at night, as new people are constantly tying on and the gins running at night, some of them using large motors for unloading purposes.

While we do not want to seem as if we are dictating to the City Council, as they know more about the needs of the city than we, having had considerable experience, nevertheless, it looks as if it were time right now to purchase a new engine of not less than 150 horse power, for reserve purposes. There is no telling just when an engine is going to flicker, and with that possibility in view, there certainly ought to be an effort made to care for it. It is almost humanly impossible to keep from having breakdowns, but with as many people depending on light and power as we now have, every effort should be put forth to reduce possible trouble to a minimum.

Service is a word much in use now and industries, whether private or public, are expected to deliver it to the very best of their ability. Heretofore we have had excellent service and a departure from this would, of course, cause adverse comment.

## PROCLAMATION

To the Business Houses of our City and Public in General:

Whereas, November 11, 1925, marks another Anniversary of the close of the Great World War, and whereas, the United States, our own nation, contributed so much, and our own community did its share, not only those who were in actual service but those who stayed at home, as well, and whereas, it is our established custom and practiced all over our Nation to observe this as a holiday, in the end that such tribute may be paid those living as well as those who passed on, and also in order that the spirit of patriotism may be perpetuated, therefore:

This is to request that all business houses of the city remain closed all day in Brownfield, Texas, on Wednesday, November 11th, 1925, and that the public be advised that this is a legal holiday in our Nation and that the spirit of the same be participated everywhere.

Signed: Joe J. McGowan, Mayor

Mrs. F. M. Ellington stopped off on her way home from the Eastern Star assembly at San Antonio, at Snyder to visit her brother and family.

## DIVERSIFICATION IS OUR ONLY SALVATION

With cotton hitting the toboggan at every call almost, and according to government reports the biggest crop in years in sight, and also with the boll weavils seemingly hor de combat in the east, which means the likelihood of another big crop next year and with it 10c cotton. That price is far below cost of production and everything else as high as at present, and with no prospects of immediate reduction.

Therefore it behooves every Terry county and South Plains farmer to immediately change the order of production and make the 1926 cotton crop a secondary one. First of all, make sure of enough feed to run the farm nicely, and a little more to spare for the usual number of newcomers.

Next, bring into play the windmill and raise a nice crop of seasonable stuff and potatoes, tomatoes, beans, peas, etc., and can all that cannot be sold or used on the farm.

Next be sure there are enough cows on the place to fully supply the family in milk and butter, and some cream to sell and help supply the family grocery needs. And don't forget that old "Biddy" is a sure source of supply of her mite of eggs and young poultry both of which are not only excellent foods for the farm, but another big source of cash for the flour, sugar, coffee, etc. Next in importance come the meat hogs, and if you have plenty of meat, you'll have plenty of seasoning. An ever supply of either can be readily sold, especially country hams of which no packer has ever been able to approach in flavor.

Then plant just enough cotton to be easily gathered by you and your own family, and in a few years you will be able to snap your finger in the cotton gambler's face.

You may say it is an easy matter for us to sit at our desk and dictate how the farmer should farm, and indeed tell us "that the shoemaker should stay with his last," but if every cotton farmer in the South would do this, the South would not only hold the finances of the country in its grasp, but would have the legalized gamblers of New York and New Orleans hunting other jobs in a few years. You bet your sox!

## ARMISTICE DAY CELEBRATION

The American Legion Boys are making plan for an Armistice Day Celebration that will be a big gala event for the entire community. With the whole town closed for a holiday a big parade will start off the day's celebration at 10:00 a. m. In the parade will be the Brownfield Band, The American Legion and Auxiliary, the entire faculty and studentbody of Brownfield High School and Grammar School. All the local Clubs wish to participate and schools from all over the county are invited to come and be with us that day, for it is going to be a big event.

In the afternoon at 2:00 o'clock there will be a football game at the High School gridiron, the American Legion vs. the Brownfield All-Stars. This is going to be more fun and excitement than you have seen in a long time November 11th. The American Legion Boys want it understood that this is not a day for ex-service men alone to celebrate but for the entire community—truly its a great American day. You paraded, celebrated, and rejected November 11th, 1918 without them, come and celebrate with them November 11th, 1925.

Our town will be flaming with Old Glory from one end of the streets to the other as the Legion boys have sold a uniform flag decoration to all the business houses in town with the exception of some three or four.

Note: The parade will start from the school building promptly at 10:00 a. m. We don't want any spectators because we want you in the parade. Parade Committee: Jim Mflier, Prof. Fagala and Miss Elizabeth Dumas. Athletic Committee: J. A. Burk, Boone Hunter and Dube Pyeatt.

Yes, Brownfield has a new million aire but probably not the only one, H. H. Copeland acknowledges himself that he is one. A new boy took up his permanent abode there on the 2nd instant.

## RIALTO TIES UP WITH AMERICAN LEGION ON NOV 11 SHOW

"Zander the Great," the famous stage play, adapted for the screen by Frances Marion and starring Marion Davies, will be shown at the Rialty Theatre beginning November 11th, and continue for two days. Perhaps never in her career has Miss Davies been so admirably cast as in the role of "Mamie," the demure, whimsical yet humorous heroine of "Zander the Great."

A different angle and a new twist has been given the play by the introduction of several comedy characters, who divide the picture equally into two portions—one devoted exclusively to the comedy element and the other to an epic drama of the far west.

The quick moving plot is punctuated with the swifter moving action of cowboys, bandits and rum-runners, who engage in a tremendous battle in the sweeping spaces of the Mojave desert.

This provides the western sequence, which is enacted against the towering walls of high mountains and on the broad expanse of desert, with a sand-storm of blinding intensity.

With Holbrook Blinn, Harrison Ford, Hobart Boworth, Harry Myers, Harry Watson, Jr., Richard Carle, Emily Fitzroy, Jack Huff, Hedda Hopper and others in the cast "Zander the Great" moves dramatically, yet with many funny touches to relieve it, across the silversheet—a drama of intense and concentrated energy, and which is said to provide something different for blase picture goers. It is a Cosmopolitan production released by Metro-Goldwyn.

## FOUR NEW BRICKS TO BE ERECTED IN ROPESVILLE

In last week's issue we announced that three more brick buildings were to be erected in Ropes but definite statements are given out this week on preparations for four instead of three. The buildings will be constructed on lots east of the Post Office. The first State Bank will erect a bank building on the corner lot 75 x 90 feet, this building will have an east front at the south end which will be occupied by their businesses. S. B. Pierson will erect a building adjoining the bank 25x90 feet.

Robert D. Dodson will construct two bricks west of the two latter each 25 by 80 feet. All are to be one story buildings of brick and tile. Wingred and Thompson of Brownfield are the contractors and Higginbotham Bartlett is furnishing the material—Meadow Review.

## COURT HOUSE WORK BEING RUSHED DAY AND NIGHT

The big concrete mixer at the courthouse is being run day and night now as they are pouring the cement and crushed rock for the basement and first floor supports, all being run together. Two or three shifts of men are used to keep the work going. It is believed that this work will be finished by Thursday of this week, when as soon as the concrete has set, the forms can be removed and brick work started on the first, second and third stories.

As soon as the brick work starts up, much sign can be made, and visitors to our city can really see then that we are building a very handsome county structure.

## MARRIED

Mr. Ira Purcell, son of Mr. and Mrs. E. J. Purcell, of the Challis community, and Miss Evelyn Young, daughter of Mr. and Mrs. W. F. Young, of the Harmony community, drove in to the home of Elder A. L. Burnett, Sunday morning about 9:30 o'clock, and he spoke the words that united them in marriage. They will make their home on the Purcell place seven miles north of town.

## MARRIED

Mr. Doyle Upton and Miss Ruth McCoy on 2nd day of November at 11:30 a. m. at the residence of Rev. C. E. Ball, local Baptist pastor. Mr. Upton is a promising young man who has been making his home at Meadow, while the bride hails from Ropesville. We understand they are to make their home in Meadow.

## "MOTOPOWER"

### The Gasoline That Lubricates

Because MOTOPOWER—lubricates upper pistons and valves.

Because MOTOPOWER—maintains compression.

Because MOTOPOWER—increases your mileage.

Because MOTOPOWER—softens carbon forming under piston rings.

Because MOTOPOWER—reduces your mechanical expense.

MOTOPOWER lubricates the interior of your motor on the same principle that the interior of a steam engine is lubricated. Just as the oil goes in with the steam on a steam engine, so does the oil of MOTOPOWER go into your motor with the gasoline vapor. Compression is the main thing in a motor and MOTOPOWER maintains compression.

**Drive In! Give it a trial.**

Maybe you're skeptical; maybe you've got to be shown—that's all we want—just the chance to prove that MOTOPOWER will win you for life, once you have given it a fair trial.

Drive in! Let us fill up your tank a time or two. Then watch for MOTOPOWER results. You'll smile—and come again.

#### FRIDAY FORTY-TWO CLUB

Friday Forty Two Club was delightfully entertained by Mrs. Endersen, Friday, October 23, 1925. The house was decorated with hallowe'en decorations after several jollie games were played delicious refreshments were served by the hostess and her mother, Mrs. Rambo, to the following members and guests: Mesdames; Collins, Sawyer, Self, W. C. Smith, McGowan, Glenn Harris, Bowers, Stricklin, Tiernan, King, May, Ray Brownfield, Wingred, Bell, McKinney, M. V.

Brownfield, Holgate, Kendrick, Brothers, Laurelle Brownfield, Scudday, A. M. Brownfield, Morgan Copeland, Downing, Fred Smith, McBurnett, Hartz, Endersen, Carver.

Mrs. C. S. Cardwell renewed for the paper again recently for perhaps the seventeenth time since the present management took charge, and she never let it run over but very little if any. But the ladies are all better payers than men. God Bless the ladies.

## MILLION BAPTISMS HAD BY BAPTISTS

New Evangelistic Record for Nation for Five Years Set Up in South.

### WOULD-DEVELOP MEMBERS

Effort to Enlist Entire Constituency of 3,500,000 in Regular Giving Planned Soon.

More than one million new members have been received into the Baptist churches of the South by baptism alone during the past five years, according to a survey by Dr. E. P. Alldredge, statistical secretary of the Southern Baptist Convention. The exact figures, 1,027,550 baptisms,

DR. ELLIS A. FULLER,  
Superintendent of Evangelism.

set a new record not only for Southern Baptists, but for any evangelical body in America, the records reveal. This achievement is equivalent to 24 baptisms for every hour, 576 for every day, 3,990 per week, 17,292 per month and 207,510 per year.

Prominent in the achievement of this result has been the Home Mission Board of the Southern Baptist Convention, with headquarters in Atlanta, Ga. This board, organized eighty years ago has, within that time, more than a million baptisms and 1,426,386 additions to the churches to show for the labors of its missionaries, while the agents of the board have within that period raised and disbursed in mission work in the South, Panama and Cuba the sum of \$18,213,336.10.

#### Last 22 Years Productive

The larger part of these achievements of the Home Board has come during the past 22 years, covering the secretaryship of Dr. B. D. Gray. Under Dr. Gray's administration the workers of the board have baptized 662,497 persons, received 1,122,344 persons into the churches and organized 4,997 new churches. Within the same period the agents of the board have raised and disbursed in mission work the sum of \$14,723,696.87.

The evangelistic department of the Home Mission Board has been its greatest single evangelistic asset. This department has been without an active head recently, but the board has just called to that position Dr. Ellis A. Fuller of Greenville, S. C., and he entered upon his work October 1. He is a young man of college and seminary training and has been unusually successful in soul winning and other phases of work as a pastor.

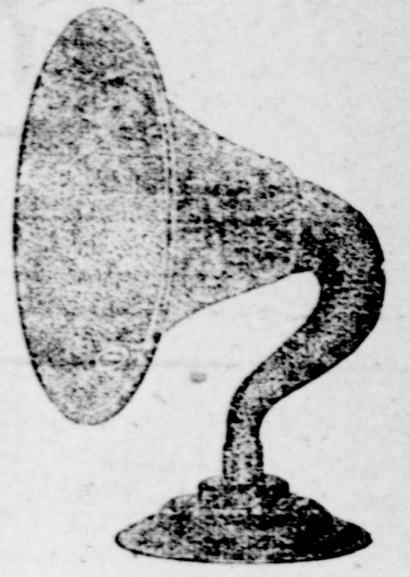

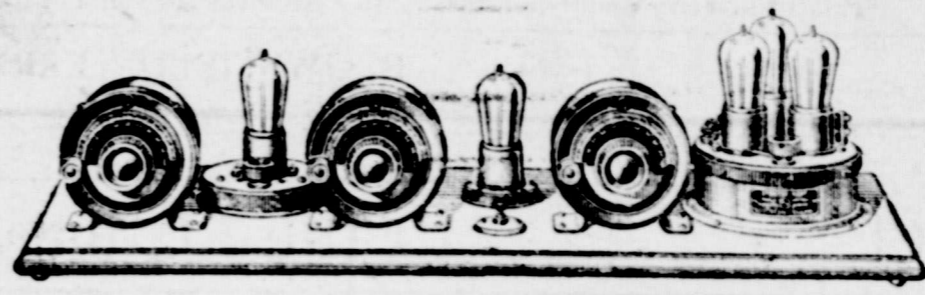

Southern Baptists have been far more successful in winning converts and church members than they have been in the general spiritual development of the members. It is pointed out. In the hope of bringing about a development of the 8,574,531 members of the denomination to the point where all of them will have a share in supporting all the missionary, educational and benevolent work fostered by the denomination, an Every Member Canvass will be conducted in a majority of the 27,000 Baptist churches throughout the South, during the late fall and winter, the majority of the states employing the week of Dec. 6-13.

#### Would Enlist Every Member

The canvass will be conducted under the general auspices of the Co-operative Program, which is fostering state, home and foreign missions, the Baptist schools, hospitals and orphanages, and the work of ministerial relief. The ideal toward which the commission is striving is that of every member, giving every week to every cause in proportion to his ability, through his local church. As fully as possible individual Baptists are being urged to give a tenth of their income to Christian work.

So extensively have the various missionary and benevolent enterprises fostered by Southern Baptists grown in recent years that it now requires a minimum of \$12,000,000 per year to keep the work growing. Each state is being asked to provide its proportionate share of this amount. The state boards, in turn, are asking the respective associations in their states to accept definite quotas for 1926, and the associations, in turn, are asking the local churches to assume a definite proportion of the associational objective for the year.

#### SIMMONS UNIVERSITY HOMECOMING

Ablene, Texas, November 3rd—Thursday, November 26, Thanksgiving day, will be homecoming day for the thousands of alumni and ex-students of Simmons University now residing in every section of West Texas. The occasion will be the annual "Turkey Day" foot ball game between Howard Payne College and Simmons University. The game this year will be played on the Simmons gridiron. The Howard Payne will come to Abilene by special train, accompanied by hundreds of students and friends. The train will be met by the 800 students of Simmons and by hundreds of ex-students who will be present to help boost the purple and gold cowboy team to victory. The foot ball game in the afternoon will be a battle royal between these two rival teams for the championship of Central and West Texas, and perhaps for the championship of the Texas Intercollegiate Athletic Association for this year.

The Simmons homecoming program will be on Wednesday afternoon, November 25th. Visiting alumni and ex-students will register in the afternoon at the business office of the university. At this time homes will be assigned the visitors. On Wednesday evening a reception will be held at the home of President Sandefer. On Thanksgiving day a turkey dinner will be served on the University campus. Following the game in the afternoon, a banquet will be given the foot ball team by the 'S' Association of the athletic department of the institution.

There are over ten thousand ex-students and alumni of Simmons University in West Texas and hundreds of these are expected to return to their alma-mater for the Thanksgiving celebration.

#### COMMUNITY BEAUTIFICATION

One thousand dollars in cash prizes is being offered by Hollands Magazine for planting trees, beautifying public, semi-public and private grounds, and for essays by school children on the value of trees.

The awards are offered as an inducement to promote interest in community beautification. There are no difficult rules to master, no solicitations of subscriptions or advertising. The campaign is open to all civic, social, educational and religious organizations, and to individuals. Environment has a great deal to do with good citizenship and the happiness of people in any given community. The results in the tree planting division will be judged by Charles Lathrop Pack, president of the America tree association; Percival S. Ridsdale, editor of Nature Magazine; and R. A. Gilliam, president of the Texas State Forestry Association; and in the community beautification division by J. B. Baker, president of Southwestern Association of Nurserymen; Edward A. Teas; a prominent Nurseryman of Houston, Texas; and Mrs. Florence C. Floore, Treasurer, General Federation of Women's Clubs.

Olen Cardwell and family came in recently from Green's Gap, N. M., on a visit to their parents, Mrs. S. C. Cardwell and family, and Mr. and Mrs. J. S. Corning and family.

The biggest day for the week which reached a new record, was last Tuesday when 8,466 cars and trucks were produced.

#### SWASTIKA CLUB

Miss Thelma McPherson was hostess to the Swastika Club at the home of Mrs. H. F. Adams, Monday, November 2nd. After a pleasant afternoon spent in doing needle work, dainty refreshments of whipped cream on bananas, cheese sandwiches, not chocolate with marshmallows and cake were served to the following:

Marie Brown, Geneva Brothers, Bernice Miller, Irene Lindley, Othel Rentfro, Jewel Graves and Lillie Mae Warren.

The Club adjourned to meet next Monday with Marie Brown.

The entrances to the City Barber Shop and the American Cafe, both of which are using half of the lower floor of the Klan building, is being remodeled this week in order that a customer may enter either of the two without disturbing the other. In other words they are making a double entrance to the building.

E. H. Jones, prominent merchant of Meadow, had business here Wednesday afternoon, and while here called in and had an ad inserted for his big hardware and furniture firm, to run in the Herald for awhile. He was accompanied by his wife.

**SMALLER APPLE CROP THIS YEAR**

The per capita consumption of apples in the United States is now about half on an apple a day says the United States Department of Agriculture.

The total crop this year will reach 164,000,000 bushels compared with 179,000,000 bushels last year. The decrease in total production, however, is partially offset by the fact that the crop this year is of unusually fine quality, and less than the usual proportions will go to waste or be used for manufacturing purposes. The portion known as the commercial crop will reach 30,134,000 barrels compared with 28,587,000 barrels last year. Northwestern apples are being shipped rapidly and are now reaching the peak movement. Federal inspection of apples at shipping points is also greater than last year, inspections in the Northwest promising to be 50 percent more than last year or any preceding year.

**A LAWYER IN CHURCH**

A young criminal lawyer was always full of quips.

A few years ago I attended the funeral of a millionaire financier—one of those high financiers, whose low methods he loved to turn the light on.

I arrived at the funeral a little late and took a seat beside him, and whispered, "How far has the service gone?"

He nodded toward the clergyman in the pulpit and whispered back tersely "just opened for the defense."

**APPRECIATION**

The editor stood at the pearly gate. His face looked worn and old;

He meekly asked the man of fate For admission to the fold.

"What have you done?" asked Peter. "To ask admission here?"

"Oh, I used to run a country paper On earth for many a year."

The gate swung open sharply. As Peter touched the bell—

"Come in my lad and take your harp: You've had enough of hell."

Tom May went to Lubbock Wednesday to bring Judge Winston home.

**VAUDEVILLE COMING TO RIALTO MONDAY NOV. 9TH**

The Rialto Theatre will stage their first vaudeville show Monday night November 9th. The Gulf Coast Minstrels, which company is playing an engagement at Lubbock this week, will entertain Brownfield show going fans with singing, dancing and musical comedy. If you have never seen the new Charleston, the management states that we will be able to see it in this performance, and then there is the orchestra known all over Texas as The Gulf Coast Seven who will furnish a lot of real music.

**EX-SHERIFF OUT ON BOND**

Ex-sheriff, H. J. Carter, of Lamb county, under charge of embezzlement of county funds, who has been confined in the Hale county jail for the past two months, was released last Saturday by District Judge Joiner on bond of \$5,000 for appearance at district court. It is understood that Carter's bond was signed by eight citizens residing in the Sudan vicinity. —Littlefield Leader.

C. K. Hammers, of Cisco, representing the Intertype Corporation, was a business visitor with the Herald this week.

PORTABLE CARRYOLA ONLY \$25.00

Childress—Contract has been let here for a new \$140,000.00 High School building. The new building will be complete and modern in every respect and will be a credit to the city and county. George Parr of Amarillo was the successful bidder.

J. E. Shelton says he noted that we complained of weeds around one of the fire plugs recently, and now he notices both weeds and a nice sand dune around the turning post on the southwest corner of the square. He wonders if the weeds and the sand dune are there to break the force of the jar speeders are likely to experience in bumping into it? We notice someone succeeded in dragging the one near the Brick Garage out of the ground again.

Texas has almost five million population but there are only about nineteen persons to the square mile.

Comanche—The pecan Bayou Highway is rapidly becoming a reality. This county has secured the right-of-way and is now ready to open it to the public. Mills county has already surfaced most of their section of the highway with an oil composition and the survey is progressing through San Saba, County.

We are glad to inform the readers of the Herald that Mrs. Dr. Bell is rapidly improving now, and it is hoped that she will soon recover her usual health.

Brady—The McCulloch county Wolf club has caught 437 wolves in the past three years and has paid bounty. In addition a number of wildcats and other predatory animals were taken. This cleans out the predatory animals of this section and makes possible the extension of the sheep and goat industry.

If Texas had as dense population as Massachusetts it would have more population than the present population of the United States.

Slaton—President I. R. Kelso of the Texas Utilities Company, with a party of sixteen directors of the company, and Eastern Bankers, opened a tour of West Texas. They will tour the entire Plains section, companies' property and looking over possible extensions of their holdings.

At a recent meeting of the City Council, of Lamesa, it was decided to put Mayor S. E. Cleveland on full time at a salary of \$200.00 per month. Truly Lamesa is getting in the real city class.

Fall crops in Texas are worth about one billion dollars a year which is about double the figures of any other state.

Baird—Callahan county will have the service of a full time agricultural agent. The Commissioner's Court has voted to make the necessary appropriation for the work. The town and farm people of the county united in petitioning the court for the appropriation.

Gin report up to October 18th, according to the figures put out by the department, shows Terry to have ginned 1,797 bales of cotton up to and including October 18th, as against 3,453 bales ginned prior to that date a year ago.

Rev. C. E. Ball, pastor of the First Baptist Church of Brownfield preached at the Baptist Church here Sunday morning.—Seagraves Signal.

Mrs. J. O. Brown returned this week from a three weeks visit with her sons, T. C. and N. Brown, of Post, Texas.

Pampa—Natural gas was turned in the city mains for the first time here recently. Pampa is the third city in the Panhandle to get natural gas—Amarillo and Shamrock being the other two.

Ivey & Hearrell report a constant increase in Dodge sales. However, they are able most of the time to keep a car or two in stock.

O'Donnell—The O'Donnell Index, which started operations two years ago in the back end of a grocery store has now grown into a progressive newspaper and has expanded to the extent that a new building is now being erected for its home. The new building is being built expressly for a newspaper and will give O'Donnell a modern plant. The growth of the newspaper but reflects the growth of the entire town and country.

The Brownfield Chevrolet Co. received another car of practically all styles last week and they are going fast.

Balmorhea—The Toyah Valley News is a new publication for Reeves County. Lee Kingston and George Price are the editors and owners of the new venture and are starting off under auspicious conditions.

Mrs. G. G. Gore had us send the Herald to her daughter, Mrs. Dooley Shaw, of Hearne, Texas.

There are approximately 600,000 telephones in use in Texas.

**FORD SETS NEW HIGH RECORD**

The Ford Motor Company's production record moved up to a higher peak than ever during the last week. Figures given out by the Company Saturday afternoon showed that for the week of October 17-23 the domestic production totaled 49,004 cars and trucks, a record for any six day period.

San Angelo—Sale of Texas 1925 crop of fall mohair totaling 350,000 pounds has been completed with the exception of 250,000 pounds in storage at Uvalde and 125,000 pounds store here. Peak prices were 57 1/2c for goat hair and 70c for hair off kids. The price was about 2 1/2c higher than last year's average.

W. E. Pace and family have recently arrived from Henrietta, and will improve their place near Wellman. Mr. Pace informed Assistant P. M. Burnett that he was influenced by the Herald to come here.

A cotton yard has recently been located just west of the square about two blocks in order to be nearer the gins.

**INSTALLED MANY NEW TELEPHONES IN LEVELLAND**

L. H. Plain of Brownfield, Texas, Manager of the South Plains Telephone Company, was here this week end and reports they now have installed about 30 telephones in Levelland and by the 15th of next month will be in a position to install phones immediately upon order for same. They now have three toll lines running out of Levelland.—Levelland Herald.

Monday—The new Munday Cotton Compress began operations here this week. Plenty of warehouse space is provided and the compress will operate as a bonded warehouse. C. J. Tye is in charge of the plant.

We are sorry to report that Jack Baily has pneumonia, but are glad to also report that he is improving. He owns pieces of its kind we have ever had.

**Concrete Streets in TEXAS**

Mayor Harry Mason of Vernon, Texas, would like to have you come to his town and inspect its concrete streets. He says: "We believe we have the very best."

And Vernon has reason to be proud of its streets. Main Street was concrete paved in 1913. Twelve years have fully demonstrated the economy and durability of concrete. The maintenance cost has been negligible. Any taxpayer in Vernon will tell you that this pavement has paid handsome dividends in satisfaction and service.

Concrete pavement meets the challenge of twentieth century traffic. It is a safe pavement because it is skid-proof. And it is cheapest in the long run because it costs least to maintain.

If you keep these facts in mind, you will make certain that your streets are paved with portland cement concrete.

Our free booklet R-4 gives many interesting facts about concrete streets. Would you like a copy?

To offset the possibility of 10c cotton next year, the farmer should raise his living at home as much as it is physically possible, and plant only as much cotton as he and his crew can take care of.

With ginnings a million bales behind this time last year, many people in the southland are wondering where the big cotton crop is coming from. If Uncle Sam has guessed wrong, he is going to be asked by the next congress to quit his guessing, we guess.

An exchange wants to know what the Prince of Wales has ever done for England. He has circumnavigated pole spending her money. And hold both pay the bills and give him a gala reception on his returns from his wanderings. Every nation, like individuals, to their own taste.

We note that the Hockley County Herald has recently purchased a new Intertype machine, and will have it installed before long. This is a step in the right direction for all up-to-date offices are now equipped with some standard typesetting machine. Congratulations.

Tomorrow, a new magazine publication has made its appearance on our exchange table, the editorials show rare ability, but from the tone of them we judge the editor to be a single-taxer, and wants to limit, by legislation land holding to 200 acre tracts. This would be alright if you could legislate that the owner could never sell or buy a neighboring 200 acres. To our notion this is only another socialistic step, and in a way puts a premium on laziness.

It is reported there is one "home-town" booster that gets all of his printing done out of town and orders his sox from an out of town firm and does not belong to the Chamber of Commerce. It has only recently been learned that he was a home town booster—someone overheard him say he was and the only thing he buys from home industries is bootleg whiskey—Lubbock Avalanche.

Whiskey being unavailable, the poor fellow doubtless is forced, by circumstances, to take the home product.

Newspaper advertising is admitted to be the best and cheapest advertising to be had, yet high powered

salesmanship puts over many schemes in the name of advertising. A merchant should budget his advertising appropriation according to his gross receipts and see that every penny spent brings in value received. When this is done advertising pays big dividends and does not have to carry the blame of worthless schemes.—McLean News.

Never a week goes by in Littlefield but the business men of this town are confronted by some form of questionable advertising. Hotel menus, restaurant room cards, road group signs, placard advertising of various kinds wherein the promoter puts over his idea and reaps a handsome graft and various other sorts too numerous to mention, fall to the fate of new towns. Most of it is of small value, some of it, none whatever to the advertiser, and all of it should be accomplished in better and more productive manner. Most Plains towns have been so overrun with this kind of graft that their chambers of commerce have appointed committees whose duty it is to pass on all transient advertising schemes before they are sanctioned, the business men gladly abiding by the decision of the committee. These committees have meant much saving to the business interests of these towns. Such a committee functioning in the Littlefield Chamber of Commerce would doubtless be of great value.—Littlefield Leader.

**DAVIDSON AND FERGUSON**

With Lynch Davidson, who was wonderfully close in the last campaign is an avowed candidate for Governor and other entries backing off, it appears to be approaching a showdown between Mrs. Ferguson and Davidson in the coming campaign.

Mrs. Ferguson only wanted to vindicate the name and was not going to run again but her manager, James E. Ferguson, who muddled the waters so that Mrs. James E. was needed to vindicate the name, says that if the administration of his wife is attacked that they will go to the people to vindicate the administration.

All administrations are attacked by somebody and that makes it perfectly clear that James E. can enter his wife over promise to the contrary on this basis any old way.

A clean cut race between the Fergusons and Lynch Davidson ought to be as pretty satisfactory program for all and thus give us the net results of a showdown unhampered by a list like that of two years ago when we had more than half dozen to choose from.

This, too, will be the best possible way to get away from the Klan issue in politics, since both are against the Klan and thus the Klansman could choose on basis of merit according to their political learnings and get their bearings for a more clean cut program of such political matters of a non-political nature that may be of interest to this organization.

To muddle the waters with a whole half dozen or more, naturally could only mean a final race between these

two and why not get down to the real race early in the game?

Those who try to jibe Dan Moody with the Ferguson opposition to a point of driving him into the fight will hardly succeed because Mr. Moody is serving his first term as Attorney General and knows full well that Lynch Davidson is the man in trim for the showdown race with the Fergusons and that a great work lies ahead of him in the attorney's office. Ferguson is a wily politician who loves the limelight and naturally would like a field full of candidates who would engender bitterness to a greater or less degree in the fight and give him a better show, but that kind of foolishness has been worked off on Texas people a sufficient number of times to make it appear foolish to flood the field with candidates at this time.

This is what we wanted two years ago—a straight run between Lynch and Jim's forces—but the Klan wanted Jim's spouse for finals also and we got left. So did they in the finish race. True some of them came in cussing the referee but that old judge never batted an eye as he yelled out the decision.

There is no need of being ugly about it when one fails to get what he wants in a political shuffle with the cards sometimes stacked on him and if we whined when we got left we would whine most of the time sometimes.

Anyhow and from any angle, with Lynch Davidson in to stay and the Fergusons just naturally professionals at the game and refusing to except any kind of an out except a knockout, this is what we are going to have for the finals in the ring next year unless all present signs are bogus. And why mess the ring up with a lot of "also rans" in the preliminary bout?

Some of the extreme Klansmen and Anti-Klansmen because they are too strong or not strong enough for or against the Klan, according to the foresaid opposers, but that only calls to mind the necessity of getting away from certain extremes and the candidates led in by fans of the first lap in the race, resulting only in throwing a bit of dust in a few eyes. While the real racers will be Lynch and Ferguson.—Greenville Messenger

City Tax Collector George E. Tierman has moved from The State Bank building to the Alexander building on the north side of the square.

**BAPTIST MEETING DATE IS CHANGED**

Dallas, Texas, October 6th.—The date of the seventy-seventh annual session of the Baptist Convention of Texas and its auxiliary bodies has been changed from Nov. 18th to Dec. 2nd, it has been announced by Dr. F. S. Groner of Dallas, General Secretary of the Executive Board of the Convention. The decision came following a vote of the executive board members, taken by telegraph in which the postponement of the meeting was favored almost unanimously.

The two auxiliary bodies of the convention are the Woman's Missionary Union and the Pastor's and Laymen's Conference. Booth of these groups will meet two days before the convention.

Decision to postpone the Convention followed requests from virtually every section of the state for delay in closing the convention year, due to

**IT DOES NOT APPLY TO ABSTRACTS OF TITLE**  
We mean the popular saying "What you don't know won't hurt You."  
It won't hurt you as long as you don't know it, but if it's a cloud on the title, "There'll come a time some day" in the words of the song, when you want to sell your property, and the other fellow (if he takes it at all)—will want a big chunk off the price to offset the cloud.  
At that time you will bitterly appreciate the value of an abstract which shows the truth, the whole truth and nothing but the truth, about your title.  
And you want to be sure that the clouds you know about are All there are.  
No one in this country is so well equipped to furnish the complete, unassailable, unshakable truth about a title as we are. If you buy and sell property, you ought to know us, and we ought to know you.  
You are cordially invited to call at my office.

### A HALLOWEEN PARTY

At 6:00 p. m. Saturday the little spooks began to gather at the home of Mr. and Mrs. S. H. Holgate, and no one knew who was who. But the time for fun was soon begun—what was it all about? Eleven years ago this day Katherine Holgate opened her wee-blue eyes into this great big world, and if you know Katherine like I do, you know that she has had them open ever since. Bushels of fun were enjoyed by all. Popcorn balls were passed and passed—candy nuts and apples were also passed and a little gift from each one present was given and thanks was expressed by the hostess, Katherine.—Reporter.

### NOTICE OF TRUSTEE SALE

Whereas, by deed of trust dated 1st day of March, A. D. 1921, and recorded in book 6, pages 118-120 of the Deed of Trust Records of Terry County, Texas, D. S. Cunningham conveyed to G. E. Lockhart, and his substitutes, as trustees, all the property herein after described in trust to secure the payment of One (1) note of the principal sum of Eight Thousand (\$8,000.00) Dollars, dated March 1, A. D. 1921, payable March 1, A. D. 1926, to the order of Otto Stolley, with interest from date until maturity at the rate of Eight (8) per cent per annum, payable annually and providing for the usual Ten (10) per cent attorney's fees if placed in the hands of an attorney for collection after maturity, and providing that all past due principal, interest and attorney's fees, shall bear interest from the time due until paid at rate of Ten (10) per cent per annum, and executed by the said D. S. Cunningham.

And, whereas, the said interest on said note amounting to Six Hundred and Forty (\$640.00) Dollars due and payable on the first of March, A. D. 1925, has not been paid, and there is now owing on said note said interest of Six Hundred and Forty (\$640.00) Dollars, together with Ten (10) per cent on this amount from the time due until paid.

And, whereas, the said Otto Stolley, did, on the 5th day of May, A. D. 1921, transfer said above described note and deed of trust lien above described to Estelle Lewright of Travis County, Texas, by transfer duly executed by the said Otto Stolley by his attorney, in fact Ed. H. Veiser, which said transfer is recorded in deed records of Terry County, Texas, Volume 19, Page 241.

And, whereas, Estelle Lewright, the holder of said note has demanded payment of said interest since the maturity thereof, and the payment thereof not having been made, the holder of said note has heretofore requested the said G. E. Lockhart the original trustee in said deed of Trust, to advertise and sell the hereinafter described lands in accordance with the terms of the aforesaid Deed of Trust, but that the said G. E. Lockhart has declined and refused so to act.

And, whereas, Estelle Lewright, the holder of said note has heretofore appointed me, substitute trustee under the powers given in said Deed of Trust.

And, whereas, the said holder of said note has demanded payment of said interest since maturity of same, and that payment thereof not having been made, the said holder of said note has requested me, the said J. H. Edwards, as substitute under said Deed of Trust to proceed to advertise for sale by posting notices as required by law, and advertising same as required by law, the property hereinafter described, and to sell said property in accordance with the provisions of said Deed of Trust for the payment of said note, the costs and expenses of executing this trust.

Therefore, I, the said J. H. Edwards, as substitute trustee under said deed of trust by virtue of and in accordance with the powers and provisions of said Deed of Trust conferred upon me, and by such appointment as substitute trustee will proceed to sell all of Sections No's. 1 and 2, in Block C-37, Public School Lands, containing Six Hundred and Forty (640) acres each, and situated in Terry County Texas, at the Courthouse door in Brownfield, Terry County, Texas, to the highest bidder for cash, at public auction, between the hours of 10 O'clock A. M. and 4 O'clock P. M. on the first Tuesday in December, A. D. 1925, the same being the 1st day of December, A. D. 1925.

Witness my hand this the 31 day of October, A. D. 1925.

J. H. Edwards, Trustee. (11-30)

### MAKING PREPARATION FOR MUSICAL PROGRAMME

This Association will hold its third annual meeting in Ralls Friday and Saturday, November 6th and 7th.

Mrs. Ware is one of the foremost music instructors of the South Plains and is through her past service to the association and strong solicitation that the members voted to meet in Ralls this year. Let us all lend every assistance in making the music teachers in Ralls an interesting one—one they will long remember.—Ralls Banner.

The firm of Holgate-Endersen have recently added to the attractiveness of their place of business by building nice concrete sidewalks on the side of their property, connecting with the King Hotel.

### McBURNETT-POUNDS

A great surprise was in store for Miss Deota, at the home of Mrs. L. W. Welch Monday afternoon at 3:00 p. m.

A number of friends had gathered to celebrate the announcement of the approaching marriage of Miss Deota Pounds, the charming young daughter of Mr. and Mrs. L. R. Pounds to Mr. E. B. McBurnett, the thrifty and energetic son of Mr. and Mrs. A. M. McBurnett.

The guests gathered early bringing useful and beautiful gifts for the bride to be. The bride to be was ushered in and a short program was rendered.

Piano solo by Mrs. W. H. Dallas, a gypsy love song was sung by Mrs. L. M. Wingred; a reading entitled "Home" by Egar A. Guest—Miss Lorena Copeland, then Mrs. Collier announced the real purpose of the meeting as a shower for our much loved friend Miss Deota Pounds, whose name would no longer be Pounds after November 7th. Then the bride to be was presented with the collection of gifts which were received joyfully and modestly, expressing her thanks for the gifts and the givers, which she values so highly. Then Mrs. Collier gave the toast to the bride to be:

"Because of many a happy hour with you, well spent, we give this.

Just to remember, in a way, with love, Saturday being your wedding day."

Mrs. Oehler gave the following toast to the groom to be:

"Bright are the days that the future for you holds;

Love and kindness are the watchwords of your fold.

Keeping your pledge is the purpose of your days;

And love for each other is the secret all the way."

Then Mrs. A. M. Brownfield followed with a toast to the girls left behind:

"If it's true that each is fishing, as I'm sure the old ryme runs, then one girl, today, is happy for her hardest task is done.

And the others who are fishing, gather around to hear her tell just exactly how she did it, for they know that she's done well.

Then go sadly to their labors—here a nibble there a bite, one fish landed without trouble; one puts up a desperate fight.

One fish proves to be a minnow; one fish proves to be a whale, and they challenge each girl's promise: Each girl fishes without fail."

Since it's true that each girl's fishing, may your bait be sweet with smiles; happiness be your best sinker, and your line be long with smiles.

Hook and pole be joy and beauty, that in future none may say that you let a single victim of the fish tribe get away."

Then a social hour was enjoyed by all, as 'Dot' viewed each gift and passed it on to the other guests. Delicious refreshments were served

Muleshoe, some sixty miles north of Brownfield, just received their first bale of cotton. While the receipt of the first bale of cotton seems like

ancient history to us, it nevertheless shows what a vast difference just a few miles north makes in cotton here on the plains.

**SWASTIKA CLUB PARTY**

The Swastika Needle Club members—their friends and a few special guests, gathered at the home of Miss Othel Rentfro on Halloween night to learn whether the witches held fate or good fortune for them the following twelve months.

Upon arrival, each guest was led through a dark room into the "witches" tavern, barely lighted by jack-o-lanterns and the fire under the witches' caldron, where each one drank of its boiling contents to insure good luck for the evening.

The guests were then led into the living room, which was artistically decorated with cob-webs, bats, goblins and many other weird figures. Each guest was given a string and told to trace it to its end to find their partners. A delightful hour of progressive bunco ensued. Miss Hohn winning high score for the girls and Mr. Smith for the boys.

The hostess, assisted by Miss McPherson, served dainty refreshments of sandwiches, hot chocolate and pumpkin pie with whipped cream to the following:

Misses Blanch and Geneva Brothers, Lorena and Gladis Copeland, Holt, Graves, Hohn, Thelma and Opal McPherson, Lindley Rentfro and Hudgens and Messrs. Ballard, Howard and Fletcher Swan, English, Youree, Rambo, Rentfro, George, Carver, Price and Smith.

Then everyone started out to see what the goblin had done, but too many "armed spooks" were already abroad, so no serious damages were done. We all returned at a late hour to Miss Rentfro's. Everyone pronouncing it the greatest event of the season—but several are glad that Halloween comes but once a year.—Reporter.

**\$30,000.00 VOTED FOR LAMB COUNTY HIGHWAY**

That the Texas State Highway Department has voted \$300,000.00 to be used in hard surfacing state highways No. 7 and No. 28, is the text of a letter received Tuesday by Judge E. A. Bills, president of the Littlefield Chamber of Commerce, from Senator Joe Burket, member of the State Highway Commission.—Littlefield Leader.

With the Flag Above and Glory Beckoning

We printed the other day some remarks on the last journey of the battleship Oregon, to a quiet harbor in which the ship will be kept on exhibition, in comparison with the historic journey which it made around the Horn to join Sampson's fleet as war with Spain loomed on the horizon. The latter journey attracted no notice. The whole nation, hearts aflutter, stood by as the earlier one progressed.

A contributor to the New York Sun, one who was evidently one of the crew in the Oregon's historic race, tells of an incident which ought to be preserved.

When a warship goes into action, as it was feared the Oregon would be compelled to do with the Cervera squadron lying in wait, it is customary to clear the vessel of lifeboats and rafts, as splinters from them are as dangerous as shot and shell of the enemy. If the Spaniards had appeared the Oregon would have had thus to strip itself and a shot below the waterline would then have sent the entire personnel of the ship to Davy Jones' locker. The contingency caused considerable discussion on the ship. Finally one of the officers put the matter up to Captain Clark. He said: "Captain, if we get into a fight with the Spanish fleet after casting all our boats and rafts adrift, and we get one good shot below the waterline, what is going to become of us?"

"Well," said Captain Clark, "a \$5,000,000 coffin will be good enough for me."

That ended all discussion along that line. Every man felt that if the Oregon was a good enough coffin for Captain Clark it was good enough for him -- if so it must be they would fight to the limit and go down with the colors flying to a glorious death for their country. --New Orleans States.

Trouble for Norfolk Duke

These are hard times, even for the duke of Norfolk, who is one of the wealthiest noblemen in the world today. As the present duke is only sixteen years of age, his mother manages family affairs. She decided to close Arundel castle until her son was of age, leaving only caretakers at the ducal seat. In the meantime the duchess and young duke will live in Italy, where the rate of exchange will permit the family coffers to be replenished by the time the duke reaches his majority. However, as he owns most of London between the Strand and the Thames river Norfolk will be able to struggle along in spite of taxes. --Le Figaro.

Has Sun a Companion?

What may be a genuine companion to the sun has been discovered in the constellation of Taurus, the Bull, according to a study by Dr. W. J. Layton, of the Harvard College observatory. The star, which is known as 46 Tauri, and just barely visible to the unaided eye, has been observed at the Lick observatory in California, and the Dominion Astrophysical observatory at Victoria, B. C. It is approaching the sun at a speed of about half a kilometer per second, which is a very slow velocity, astronomically speaking. As its motion across the sky is also relatively slight, it is believed to be moving through space with the sun.

Advocates Mutual Creed

A mutual creed for all denominations was advocated at Cardiff, Wales, by one of the leading speakers at the twelfth quadrennial council of Reformed churches. He urged the council to recommend adoption of "a common statement of faith for the Reformed churches, more distinct than the Reformed creeds, but one which would absorb the best of the Westminster confession and other similar creeds." He welcomed the efforts under way to unite all the Christian religions and urged that his hearers should lend all possible aid to this object without sacrificing their church. --Family Herald.

May Revive Old Court

An Oxford (England) undergraduate is to be tried in the ordinary courts at assize on a charge of manslaughter arising out of a motor accident. The frequency of motor smashes in which undergraduates are concerned and the gravity of their attendant consequences has led a famous law don to suggest that the court of the lord high steward should try and punish the offenders.

This university court has been in existence since 1304, although it has not tried a case since a century before the days of Blackstone.

Practicing Law at 92

Northern Ireland has still in active practice a lawyer who has reached the age of ninety-two. He is George Hill Smith, who was born in 1833 but did not go to the bar till at the age of forty-four. He practiced in Dublin and on the northeast circuit and on the setting up of a separate Ulster judiciary confined himself to Belfast where he acts as one of the crown counsel.

Fish That Flirts

Fish that climb trees, monkeys that brush their teeth after meals, and birds that sleep upside down are among the strange creatures discovered in the Malay peninsula by Carveth Wells, an explorer. Another freak of this part of the world is a fish that flirts. It is the only swimming animal known to have a real wink.

18TH CENTURY CUSTOMS

Social life in Philadelphia in the years immediately before the Revolution and the adoption of the Declaration of Independence occupied much of the time of the inhabitants. Afternoon tea parties were much in vogue, and the popularity of those who attended these was gauged by their ability to make puns during the course of conversation. The punster of the eighteenth century was a descendant of the "wise cracker" of today.

In the latter half of the century the socially prominent residents began to give greater attention to their personal appearance than before. The use of toothbrushes became widespread, and the almost equally popular custom among the women of today, the arching of eyebrows, was given its first trial.

"Mrs. Holliday, wife of Joseph Holliday, tailor in Arch street," reads an advertisement in a newspaper of this time, "offers her newly invented curious compound, which will in half a minute, take out by the roots, the hair that grows too low on the forehead, etc., or around the mouth; it forms the eyebrows that are too large into a curious arch. This compound is perfectly innocent and may be used on children under twenty months old."

In reading the old advertisement one cannot help but wonder what advantage it would have been to child twenty months old to have its brows permanently arched into a "curious" look, or if it was a common thing at that time for a child of such tender months to sport superfluous hair about the mouth.

In 1779 there came to Philadelphia according to another old advertisement, a Dr. LeMayeur, a dentist, who proposed to transplant teeth.

"Several respectable ladies had them implanted," wrote Watson in his "Annals of Philadelphia." "I remember some curious anecdotes of some cases. They were often two months before they could eat with them."

WORLD'S LARGEST CABLE FOR TALK IS COMPLETED

The last splice in the New-York-Chicago cable was made on August 11 at a point located in a pasture twenty miles west of Toledo, Ohio. The construction work on this line has been in progress about seven years and cost when fully equipped will amount to about \$25,000,000 says the Texas Public Service Information Bureau.

One hundred and forty four miles of this cable is laid in conduits under ground through the cities and 717 miles on poles through the open country, requiring about 35,700 poles for support. This cable will permit 250 telephone conversations and 500 telegraph messages to be sent simultaneously. The capacity of this cable is equivalent to 10 heavily loaded pole lines of the ordinary open wire type carrying from 40 to 60 separate wires each. The cable is 2 5/8 inches outside diameter and contains a total of 147,000 miles of wire. The total weight is estimated to be 34,750,000 pounds of which more than 21,000,000 is in the sheath. As their are 2,500 separate lengths of cable, the total splices amount to 5,750,000.

While the cost of constructing such a cable is large, the expenditure is fully justified when it is considered that a single ice storm might destroy the capacity of open lines, the cost of restoration of which would amount to hundreds of thousands of dollars, to say nothing of the interruption and loss of business seeking to use this service.

Another car of new model Fords were received by the Tudor Sales Co. and going like hot cakes.

FORT WORTH RECORD SALE ANNOUNCED TODAY

Fort Worth, Oct. 30.—Announcement of the sale of the Fort Worth Record to Amon G. Carter, publisher of The Fort Worth Star-Telegram, will appear in the Saturday morning issue of the former paper.

The Record, a morning newspaper, has been owned and operated by Wm. Randolph Hurst, of New York, for the last three years. The Star-Telegram is an afternoon paper. Announcement of the sale verifies reports that have been current for some time with regard to a profitable transfer of the newspaper.

The notice of sale will appear in today's edition of the Record reads: "The Fort Worth Record has been sold to and will be delivered herewith to Mr. Amon G. Carter, president and publisher of The Fort Worth Star-Telegram. Mr. Carter is one of the ablest journalists in the United States and is particularly acquainted with the desires and requirements of the people of this section."

"The Fort Worth Record could not or the public interest be reposed in better hands. It will continue to promote earnestly, and perhaps even more intelligently, the welfare of the people of this part of Texas, and it will continue to have at Mr. Carter's command, the co-operation and support of all policies and measures which will benefit the people of Texas."

The new Orthophonic Victrola is being demonstrated at the Palace Drug Store this week, and is both pleasing and surprising to all who hear it.

Miss Frankie Currie, of O'Donnell, is here this week the guest of Misses Ruth and Lera Welch.

SLATON COTTON OIL MILL CO. IS NOW ORGANIZED

Slaton, Texas, October 31.—The Slaton Cotton Oil Mill Company, went into permanent organization on October 28th, when C. E. Dean was elected as president and A. L. Robertson was made secretary. The following directors were elected: Sidney Webb, C. E. Dean, A. L. Robertson, J. K. Wood and J. H. Brewer.

The buildings to house the Slaton Cotton Oil Mill have been under construction in Slaton for a period of some six months or more. The main building is of concrete and hollow tile, while the seed house is of sheet steel. The machinery for the making of cotton seed oil, and the other by-products of cotton seed is all in stalled and ready for use. There only remains the finishing of a few minor details and the new mill will be ready for its first run. If all plans work out as anticipated, Mr. Dean expects the mill to begin operation on November 15th.

The buildings, machinery and property of the oil mill represents an investment of some \$100,000. The mill is located on the Santa Fe track about one mile from the center of the city of Slaton. It is expected that as this is one of the most complete mills to be found in this part of the country, practically all of the cotton grown in this part of the country will be handled thru this mill.—Lubbock Avalanche.

Mrs. J. L. Randal was called to Sweetwater last Thursday to attend the bed-side of her brother-in-law, R. L. Farrar, who was seriously ill. She phoned Mr. Randal Friday afternoon that she did not believe he could live through the night, and he, in company with Walter Scuddy, left in his car immediately, but Mr. Farrar had passed away before they reached his bed side. All the children were present at his death and funeral.

## Winter Comfort at Low Cost

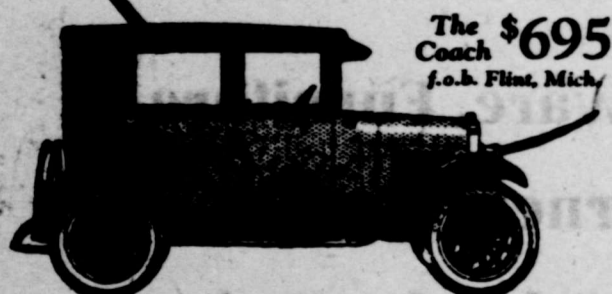

To drive in comfort this winter you should have complete protection against rain, sleet, snow and wind. Only the finest closed car construction can give you that.

The Chevrolet Coach body is Fisher-built--the same construction used on the world's finest cars.

Doors and windows fit and stay tight to keep out wind and water. Rain or snow cannot penetrate the Fisher V-V one-piece windshield which gives you perfect vision and ventilation. Long semi-elliptic springs and balloon tires take the jars out of frozen roads.

Yet you get all this in the world's lowest-priced Fisher Body Coach.

Let us show you the quality features of this fine closed car and explain how easy it is for you to own one this winter.

### B. Y. P. U. NOTES

The B. Y. P. U. very ably rendered a Missionary programme at the Sunday morning preaching hour in the absence of the pastor.

The local B. Y. P. U. has also been

invited to Tahoka Friday night, Nov. 6th to attend a social to be given by the B. Y. P. U. of that place. Let's go a hundred strong and don't forget to bring your car. Meet at the Baptist Church at 6:30.

### SANTA FE NOT RESPONSIBLE FOR DEATH OF TWO

The Jury in the case of J. W. Letsinger, et al vs the Santa Fe Railroad Company, which together with the companion suits involve approximately \$75,000, early yesterday rendered a verdict finding the defendant not responsible for the accident in which Mrs. J. W. Letsinger and her baby daughter were killed at a grade-crossing by a fast going Santa-Fe train.

The accident occurred last March, and according to testimony in the case, a light car in which Mrs. Letsinger and her children were riding was struck by the train, demolishing the car, killing Mrs. Letsinger and her baby daughter instantly, and injuring two other Letsinger children.

The verdict of the jury favored the railroad company in every charge involved, or rather on every issue.

Setting of the companion cases will probably be for the next regular term of the court which convenes in January.

Vickers & Campbell, attorneys for the plaintiff are preparing a motion for a new trial which they will probably present to the court today, the outcome of which will determine further action in the case according to J. E. Vickers of the law firm of Vickers & Campbell, Lubbock, Avalanche.

### BRIDAL SHOWER

On Monday night of this week, a party of some sixty of the friends of Miss Deotta Pounds surprised her at her home west of Brownfield.

A miscellaneous shower was tendered the popular bride-to-be, including literally hundreds of beautiful and useful articles, such as silver, cut-glass and linens, and numerous other things dear to the heart of coming brides.

The shower presented a very attractive appearance when displayed in the dining room of the hostess. Some excellent music was rendered by Miss Elizabeth Downing and Miss Maurine Weathersby, Mrs. Dallas accompanying each on the piano. A beautiful reading appropriate to the occasion, "Home," by Edgar A. Guest, was rendered by Miss Lorena Copeland.

Miss Jewel Graves tendered a beautiful tribute to the hostess on behalf of the Swastika Club of which she was a member.

Miss Pounds from a full heart responded in a beautiful manner with thanks and appreciation of this display of the affection of her hosts of friends.

Members of the family served delicate refreshments to the many present.

Mrs. M. E. Ware, hostess of the 1925 meeting of the South Plains Music Teacher's Association, announces that plans are maturing for the entertainment of the members and the program has been arranged.

### SHERIFF'S SALE

The State of Texas; County of Terry:

Whereas by virtue of an order of sale, issued out of the District Court of Potter County, Texas, on a judgment rendered in said court, on the 26th day of August 1925, in favor of J. Levy, plaintiff and against Mary Morris, wife of C. K. Morris deceased, Minnie Simmons, Paul Simons, Jess Morris, Elsie Hess, Viola Edmons, Paul Simmons, Nannie Morris, Verner Wilson Morris, Eldon Morris, Lela Morris, and the unknown heirs, and their heirs and legal representatives of all above named defendants, and the unknown heirs and legal representatives of said C. K. Morris deceased, as defendants in cause No. 4471 on the docket of said court, and to me as Sheriff, directed and delivered, I did on the 4th day of November 1925, at 2 o'clock, p. m. levy upon the following described tract and part of land, situated in the county of Terry and State of Texas, and belonging to the said Mrs. Mary Morris and the other above named defendants and the heirs and legal representatives, to wit:

All of Survey No. 15 in Block T, Cert. No. 8, D. & W Railway Co. original grantee containing 640 acres of land, same being located about 12 miles southeast from the town of Brownfield and generally known as the Edwin Groves place. Situated in Terry county, Texas.

And on the first day of December, 1925, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of Terry county, I will offer for sale and sell at Public Auction, for cash, all the right, title and interest of the said Mary Morris, and each of the other above named defendants, their heirs and legal representatives, in and to said property.

Witness my hand this November 4th, 1925.

F. M. ELLINGTON,  
Sheriff, Terry County, Texas.  
By J. N. LEWIS, Deputy.

MARION DAVIES

in

## "Zander The Great"

You'll laugh! You'll cry! You'll be thrilled!  
Because here, s a picture that, s truly great!

Here's ideal entertainment--a rip-roaring comedy-drama of today that has everything!

Marion Davies never played a more appealing role. As Mamie the little orphan girl who conquers the world of men, with the help of only a child and a broken-down flivver, she reaches new heights. Such riches of charm, humor, courage as she displays!

This picture is true! It's human! It's life! One minute you are laughing your head off at the uproarious adventures of this doughty pair--the next you are gulping down that lump in the throat that rises when the heart is touched.

Special Comedy

Admission 10 and 35c

### BLACKSTONE BUYS PLANT FOR MEADOW REVIEW

Harvey Blackstone, owner and editor of the Meadow Review, has purchased the machinery and equipment of the job printing shop of R. B. Haynes of Lubbock. This equipment is being removed by Mr. Blackstone to Meadow and will be used by him in the printing hereafter of the Meadow Review. The Review, since its birth several months ago, has been printed in the shop of the Tahoka News. Mr. Blackstone has been publishing an excellent paper, and hereafter will not only be prepared to do his own printing but will be prepared to do job work for his town. Mr. Haynes will assist him temporarily, but we have no information as to his plans for the future.—Tahoka News.

Born to Mr. and Mrs. Monte Bridges, on the 29th inst., a daughter.

### TRUSTEE'S SALE

Whereas, by Deed of Trust dated the 25th day of June, A. D. 1923, and of record in Volume 7, page 502 of the Deed Records of Terry County, Texas, L. C. G. Buchanan and wife, Sue G. Buchanan, conveyed to G. E. Lockhart, and his substitutes, as Trustees, all the property hereinafter described in trust to secure the payment of One (1) note for the sum of Three Thousand, Two Hundred and No-100ths (\$3,200.00) Dollars, dated June 25th, A. D. 1923, payable Five (5) years after date to the order of Otto Stolley, with interest from date until maturity at the rate of Eight (8) percent per annum, payable annually and providing for the usual Ten (10) percent Attorney's fees if placed in the hands of an attorney for collection after maturity, and providing that all past due principal, interest and attorney's fees shall bear interest from the time due until paid at the rate of ten (10) per cent per annum, and executed by the said L. C. G. Buchanan and wife, Sue G. Buchanan.

And, Whereas, the said interest on said note amounting to Two Hundred Fifty Six and No 1-100 (\$256.00) Dollars due and payable on the 25th day of June, 1925, has not been paid, and there is now owing on said note said interest of Two Hundred Fifty-Six (\$256.00) Dollars, together with the ten (10) percent interest on this amount from the time due until paid.

And, whereas, the holder of said note has demanded payment of said interest since the maturity thereof, and the payment thereof not having been made, the holder of said note has heretofore requested the said G. E. Lockhart, the original trustee in said deed of trust to advertise and sell the hereinafter described lands in accordance with the terms of the aforesaid deed of trust, but that the said Lockhart has declined and refused so to act.

And, whereas, the holder of said note has demanded payment of said interest since maturity of same, and that payment thereof not having been made, the holder of said note has requested me, the said J. H. Edwards, as substitute trustee under the deed of trust, to proceed to advertise for sale, by posting notices as required by law and advertising same as required by law, the property hereinafter described, and to sell said property in accordance with the provisions of the said deed of trust, for the payment of said note, the costs and expenses of executing this trust.

Therefore, I, the said J. H. Edwards, as substitute trustee under said deed of trust by virtue of and in accordance with the powers and provisions of said deed of trust conferred up me and by such appointment as substitute trustee, will proceed to sell all of survey No. 133, in Block D-11, surveyed by virtue of certificate No. 46, issued to D. & P. R. R. Co., containing Six Hundred and Forty (640) acres of land, more or less, situated in Terry County, Texas, and being the same patented to F. W. Colby by patent dated April 26th, 1880, by patent No. 3, volume 57, and of record in book 15, page 441 of the Deed Records of Terry County, Texas, at the Courthouse door in Brownfield, Terry County, Texas, to the highest bidder for cash at public auction, between the hours of 10 O'clock A. M. and 4 O'clock P. M. on the First Tuesday in December, A. D. 1925, the same being the first day of December, A. D. 1925.

Witness my hand this the 31st day of October, A. D. 1925.
