Chamber of Commerce CURRENTS By the Secretary

When the farmers of the South shall eat bread from their own fields and meat from their own pastures and are disturbed by no creditors and enslaved by no debts, and shall sit among his teeming gardens and orchards and vineyards and his dairy and barnyards, pitching his crop in his own wisdom, and growing them in independence, making cotton his clean surplus and selling it in his own time and in his chosen market and not at a master's bidding, getting his pay in cash and not in receipted mortgage that discharges his debt but does not restore his freedom—then shall be breaking the fullness of our day.—Henry W. Grady.

Plant more feed, more hogs, more cows, more hens.

Last Thursday night we made the Pleasant Valley community and were met by a large crowd, and according to the view of the writer, the band played the best concert of any heretofore, and more Brownfield were in evidence than at any previous meeting. A nice luncheon was served and much enjoyed. We are going down to Midway this Thursday, and I feel sure a good crowd will be there to hear the band and other music if we can get it. The Midway community is located in one of the best portions of Terry county, and fewer Brownfield people know about it, and for this reason it is hoped that a large number will arrange to make the trip.

Next week we go to Challis and have already received advance information that they are going to provide refreshments, and on the 29th we make Sawyer. This is located in the Southwestern part of the county, and is full of good people, and is the one that carried away the first prize in the County Cleanup Contest. It is located between Wellman and Seagraves.

Our monthly luncheon is set for next Monday night at 8 o'clock; the price will be 50 cents and there will be no ladies present. The luncheon at the Baptist church was nicely served, but attendance of the members of the Chamber of Commerce was not at all satisfactory. I do not know whether it was the price of the meal or the presence of the ladies that caused the slump in attendance or not, but I am going to make a guess that it was both and act accordingly. It will be held at the Hotel King or the Hotel Brownfield. So if I do not see you and you decide to attend, just look in at both places and you can't miss it.

A compress has been secured for Brownfield and the ground upon which it will be located has been purchased, but the railway officials have refused to build a spur track to a connection with the wharfs, but efforts are being made to change their attitude, and it is believed that an agreement may be reached.

The sanitarium stands in the same relation as of several days ago, but a way may be found to put it over, but this will have to await the return of several of our people who are away on vacation.

No special highway news to report, but our present position as to designations is very favorable.

Trade with your home merchants. A dollar spent at home buys over hundred dollars worth of goods. Send it to a mail order house, it just pays for one.

FARMERS BEAR ONE ANOTHERS BURDENS

A large crowd of Lahey community farmers met last Monday at the farm of H. M. Thomason, who has not been able to work in some time, and whose wife is also ill, and worked out his crop, very much to the appreciation not only of H. M., but to his brothers in that section. The ladies of the community also came and fixed a fine dinner for the workmen, which was highly enjoyed. The teamsters who participated were:

Edd Bartlett, Mac Thomason, Mr. Grimes, Jim Webb, Bill Howett, Malcolm Thomason. The hoe hands were, W. J. Baldwin, 5 of the Hulses, 3 of the Webbs, S. E. Creel, Mac Chamber, Mr. McNutt, Mr. Lusk, 2 of the Birchens, DeWitt Baldwin, Wilton Thomason, E. K. Davis, Ernest Sealey, George Murray, 3 of O. T. Thomasons, Jimmie Thomason and A. D. Grimes.

SPEAKING DATES FOR YOAKUM COUNTY CANDIDATES

Inasmuch as the following communication was received too late for publication last week, we are only printing those dates which will be benefited by the publicity. They are, however, like the Terry county candidates, having a great time, and are fast whetting up their oratory.

At Turner school house, precinct No. 5, Saturday night, July 17th

At Bledsoe school house, precinct No. 2, Monday night, July 19th

At Liberty school house, Precinct No. 4, Tuesday night, July 20th

At Glenpark Wednesday night July 21, Precinct No. 1

At Center Point Thursday night, July 22

Everybody come to the barbecue at Plains July 24th. P. G. Stanford heads the committee delegated by most of the other candidates.

If the appointments herein are in conflict with any other meeting or movement in any of the communities, the trustees of the school or leaders in the community will please make the change as best suits them and not conflict with other appointments herein named, and let it be known at the earliest possible date.

We had a glorious rain Tuesday night.

—P. G. Stanford.

C. SEARS FINALLY LOSES BOY WITH TYPHOID

The following communication was received too late for publication last week, from Mr. C. Sears, at Cameron, Texas, and is self explanatory:

Dear Editor Jack, friends and the neighbors of Terry county:—

Just a few lines to let you know how we are getting along. On the 4th of July our dear boy passed to a higher world than this. We laid him to rest in the Walker Creek Cemetery. The beautiful mound of flowers upon his grave, and the presence of the good people was a token of the life he lived the four years he has been here.

His mother is sick at her sister's with typhoid fever, the same dread disease Earl died with. But we have it under good control at present, and if nothing happens we will be at home soon.

BASEBALL CAME HERE SATURDAY JULY 17 AT 3:30

Word comes from manager Clyde Lewis that the baseball fans of this city and surrounding country will have an opportunity to treat themselves at the great American game, Saturday, when the local team clashes with the semi-pro team from Sherman, Texas. From what we can learn the Sherman boys have a strong club and are making a tour of West Texas this season with remarkable success.

We believe there is local talent here that is equal to any that can be found in a town its size in West Texas, if they only had a chance to show their ability. When you think of such players as Bill Youree, "Red" Castleberry, Walter Bond, Jack Tierman and others, you might wonder why Brownfield does not have a baseball club like Tahoka, Post and other towns of West Texas, but it takes something besides players to have a real club. It not only takes financial support of the fans, but their moral support as well. We need boosters and not knockers. There are some people in Brownfield who enjoy seeing a good baseball game and would like to see a good club in Brownfield, but they don't seem to consider that it takes a little financial aid from them to get teams to come here. Now we personally don't believe the people of Brownfield are "short" and we believe this proposition will go over in grand style after a fashion that is characteristic of West Texans, and the people of Terry county.

Manager Lewis has announced that an admission fee of 50c will be charged to help defray the expenses of the visiting team. He has not announced his line-up for Saturday, but it is believed that the formidable Jack Tierman will be called upon to do mound duty, with "Red" Castleberry or Bill Youree on the receiving end for the locals. West Texans now have a chance to show their West Texas spirit to these boys from the East.

Come out and boost for your home team.—Reporter.

ATTENTION BAPTISTS

We will begin next Tuesday to plow the Baptist church crop. Bring your teams and cultivators. This will be the last time we will plow the crop. Come and let us do the job well.

THE POST BAPTIST ENCAMPMENT

The Post Baptist Encampment met this year, July 5-11. This was the 2nd annual meeting of the encampment. There were marked improvements this year over last. In the first place, according to Rev. W. A. Bowen, the president of the encampment, there were twice as many campers on the ground this year as there were last. There were some thirty or forty tents on the ground. Besides a large number of people who had rooms in town and came out for the meeting. Something like 1500 people were there for the Sunday School and preaching service on Sunday.

Dr. T. M. Andrews, pastor of the First Baptist Church of Texarkana, was the principal preacher this year. He preached some really great sermons on some of the fundamental themes in the Bible. Dr. Andrews endeared himself to all who heard him.

From 7:30 A. M. to 11:15 A. M. there were classes going in the following work: BYPU, Sunday School and the WMU work. These classes were conducted by very capable teachers and all who took this work were greatly helped. Mr. T. C. Garner, one of our State BYPU workers has charge of the BYPU work. Mr. W. A. Harrell, one of our Sunday School workers had charge of the Sunday School work, and Mrs. D. J. Wilhelm of Lubbock had the oversight of the WMU work.

The Baptists of Texas have about twenty-six of these encampments scattered about over the state. It is the consensus of opinion that all who are vitally connected with these meetings, are great builders for the denomination. It is also the history of all of them that they grow when properly fostered. It is hoped and believed that this encampment will grow to be one of the really great ones in the state in the next few years. The time of the meeting for next year was placed two weeks later. This was done so that it would be possible for more of the farming membership to attend. Numbers of them wanted to attend this year, but were not through with the crops and hence could not attend.

The following officers were elected for the ensuing year: W. A. Bowen, Lubbock, President; M. C. Bishop, Colorado, 1st vice-president; Ross A. Smith, Lamesa, 2nd vice-president; Jno. P. Hardesty, Slaton, recording secretary; C. E. Ball, Brownfield, corresponding secretary.

—C. E. Ball.

LOCAL BOTTLING WORKS EXTENDING ITS TRADE

In conversation one day this week with Mr. Kesler, proprietor of the Brownfield Bottling Works, he informed us that he was gradually extending his business until it now is practically covering five counties of the South Plains, being Terry, Lynn north portion of Dawson, Gaines and Yoakum. He may put on another truck and serve Lea county N. M. in the near future.

He informed us that he was selling almost as much bottled goods as O'Donnell as Brownfield. There are one or two firms here who do not handle Brownfield products, he said and could give no good reason for not handling it.

Lots of outside money is thus brought to Brownfield and spent here through Mr. Kesler, and our people should be patriotic enough to demand Brownfield bottled good and accept nothing else.

The home product is as good as any, quality considered, and if any has a bigger bottle, it may just mean more water, and you are not buying just water.

SUNDAY MAIL HAS BEEN HELD UP TEMPORARILY

For the first time in more than a year or two, Brownfield failed to receive any first class mail Sunday, the carrier, Mr. Cockrell explaining that Postmaster Vaughan, of Lubbock, who is supposed to pay him, had failed to do so, and he did not feel like bearing the responsibility of bringing the mail without some remuneration.

Of course the papers came in over the Post route as usual, and there is now talk of getting our Sunday letter mail from Post instead of Lubbock, as the bulk of the letter mail comes from the east anyway, and it seems that the postoffice at Lubbock has been giving us a bad deal anyway of late.

As a consequence of the tie up at Lubbock Sunday, it took all the rest of Monday afternoon after the train came in to put up the first class mail according to Postmaster J. C. Bohannan of this city.

BUILDING AND IMPROVEMENT NOTES OF INTEREST

Contractor Frank Morgan is having the beautiful curved side walks put down around our splendid new courthouse. He has also received another shipment of marble for the interior, and informed us that the district court room would soon be finished. If the rest of the marble for the railings and stairways are received promptly, the courthouse will soon be ready to turn over to the county commissioners, we believe.

The Moore building on west Hardin is fast nearing completion, and we believe its completion is going to be the record for brevity, size of building, design and all considered. Some of it will be ready for occupancy by August 1st.

A. B. Cook & Son have leased one of the store buildings in the Hotel Brownfield, and are putting in a "U" system grocery, which they call their No. 2 store.

The partition is now being removed that separated the Palace Drug store from the former location of the Sanitary Barber shop, as the Palace will occupy both buildings, giving them a lot more room where they can better display their stock. New fixtures for the rest of the building will be purchased by Dr. Webber when he goes to Dallas to fit the new section of the building.

NEW TELEPHONE MANAGER PROMISES ADVANTAGES

In conversation with Mr. E. H. Hendricks who together with his associates have bought the local telephone system and has assumed active charge, we find that the company begins immediately to render full local and long distance service 24 hours a day.

Formerly service has been rendered only up to 10 o'clock at night. This new arrangement will afford quite a convenience to the patrons of the company and to the general public.

Telegraph Service

The company will undertake to handle for its patrons all telegraphs at any time of the day or night, week days and Sundays. By arrangement with the Western Union the company will act as its agent, and guarantee all charges of its patrons. In this way patrons may call at nominal expense a Western Union office, which office will receive such message for immediate transmission. We understand that in taking advantage of this arrangement, the patron will simply place his call for the nearest Western Union office open at such time. The operator will connect such patron up with such operator when the patron will give his or her message direct, and the telephone operator will guarantee the message, collecting for same.

FARMER LINES ARE TO BE ENCOURAGED

Mr. Hendricks also states that the new company undertakes to be friendly with and encourage in all reasonable ways the full development of farmer and rural lines from any point within its territory. He says that his company will run a free and independent line to the edge of the city and meet any and all bonafide and substantial rural construction. That his company will keep up and maintain such line or lines to where the joint ownership meets. That a low and reasonable charge will be made. Furthermore the company will undertake to sell for such rural development all material and telephones at cost to the company, that it will gladly render advice and all reasonable service for such development.

LONG DISTANCE IMPROVEMENT

Mr. Hendricks also states that he expects to actually bring a new copper circuit into Brownfield as soon as material can be delivered from the mills in the east and constructed into service by the crews in charge. He thinks this new circuit of heavy copper wire will be in operation possibly by the middle of October.

NEW LEAD COVERED CABLE EXPECTED

The company will be considerably discommoded on filling orders until the manufacturers can deliver cable and same be installed. Mr. Hendricks says it ordinarily required 6 months time, but that he hopes to shorten that time quite a bit, and may be able to actually install some cable by fall. Up to such time Mr. Hendricks says he will not be able to fill all orders for phones on account of very limited wire space to nearly all points of the city.

COMPANY OPERATES WITH TERRITORY

Mr. Hendricks says that he and his associates have joined their properties together and have bought and taken over considerable other properties. His company begins at Carlsbad N. M. and including Lovington, Seagraves, Brownfield, Levelland, etc. also Lamesa, Tahoka and Clovis to Lubbock, to Compton, Spur, Matador, Paducah, Lakeview, Memphis, Clarendon, Wallington and other points with a net work of copper long distance lines connecting such exchanges.

TWO LOCAL BANKS HAVE GOOD STATEMENTS

The readers' attention is called to the State and National bank statements appearing in this issue. These banks pay for these statements to be printed for the benefit of their customers who are readers of the Herald in order that they may keep posted about their condition.

Considering the time of year, we believe you will agree with us that the local banks are in a fine, healthy condition, and viewing the amounts they have loaned, you will also find they are making an effort to supply the needs of the community despite the effects of the poor crop last year.

STORM IN CROSBY AND DICKENS COUNTIES DAMAGE

Crosbyton, July 12--A hail storm which swept between 10,000 and 15,000 acres of Crosby and Dickens counties yesterday, caused damage to corn, wheat, rye and cotton which may total \$4,000.
 Early reports of wide spread destruction of crops were found to be untrue today, the grain crop being only slightly damaged in comparison with the acreage covered by the storm. Corn was stripped to some extent and cotton is so far advanced that, while the damage is extensive, it will probably not be serious, as cotton is expected to come out again.

Canaries Good Imitators

All canary birds are not naturally good singers and the best are developed by placing them, when young, near to older birds which have become good singers. While the birds are being trained to sing the room is usually darkened. In 1924 more than 150,000 canary birds were imported from Europe and the Orient.

Bible Stops Dagger

A Bible in her kimono, just above the heart, saved the life of a young Japanese Salvation Army girl, when a man she had refused to marry attacked her with a dagger. She fell to the ground after the thrust of the knife which was stopped by the Bible, and the man, believing her dead, killed himself with the weapon.

Pigs That Speak French

Some time ago a French girl visited some farmers in Illinois. She heard two boys quarrelling.

When asked the cause of the misunderstanding the older boy said: "Well, you see, mademoiselle, that's about old man Tyson's pigs. I was telling Bud those pigs are French, and he said they are not."

The foreigner, rather puzzled, inquired, "What makes you think Mr. Tyson's pigs are French?"
 "Well," answered the boy, "because from morning till evening those pigs grunt out--"

Business interests in Brazil, one of the large coffee producing countries, have turned to advertising as a means of coping with the so-called coffee boycott started by some South American coffee drinkers. MEADOW TO GET HIGH LINE FROM LUBBOCK

H. L. Allen, representative of the Texas Utilities Company of Lubbock district, was in our city Thursday morning obtaining plats of the town-site, whereby they can base an estimate on the amount of materials to be used here. Mr. Allen states that all necessities for the construction of the line have been ordered shipped and will be here by the time the surveying and obtaining of right-of-way, which has been secured seven miles out of Lubbock at this time.

This proves our statement in another article of this issue and also proves that they are not letting the grass grow under their feet and with favorable weather there is no reason why the city of Meadow should not have lights by the time we really need them for the fall season.—Meadow Review.

NOTICE--TELEPHONE PATRONS

In taking active management of the local telephone system, we do so with a deep and appreciative understanding of the great responsibilities attending such a position.

In undertaking this work of service we wish to thank those whom we serve for past consideration, and desire to ask for myself and for our tireless workers the kind and continual co-operation of our good friends and patrons and of the general public. Without this, we shall be considerably handicapped, but with it our entire force shall be able to serve you better and more efficiently.

We wish to court the acquaintance and friendship of those whom we serve, and we take this means of inviting them to visit and inspect our office and modern equipment, to feel free in calling to our attention irregularities or errors which we might have made or may hereafter make.

Yours for a closer co-operation for a more extensive service, and a bigger better Brownfield.

PROPOSED AMENDMENT TO THE CONSTITUTION

House Joint Resolution No. 9.

A resolution proposing an amendment to Art. 7, of the Constitution of the State of Texas by changing Section 3, eliminating the provision authorizing the Legislature to create special districts and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution be so changed as to read as follows: (creating new Section.)

"Section 3. One-fourth of the revenue derived from the State Occupation taxes and poll tax of one dollar on every inhabitant of the State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the Legislature may also provide for the formation of school districts by general laws; and all such school districts may embrace part of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in part of two or more counties, and the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed for the further maintenance of public free schools, and for the erection and equipment of school buildings therein; provided that a majority of the qualified property tax-

paying voters of the district voting at an election to be held for that purpose shall vote such tax not to exceed in any one year one (\$100) dollar on the hundred dollar valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized, shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to the independent or common school districts created by general or special law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1926, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For amendment to the Constitution of the State of Texas eliminating the provision which authorizes the Legislature to create special school districts," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas eliminating the provision which authorizes the Legislature to create special school districts."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any fund in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

Approved, April 4, 1925.

 Secretary of State

A DODGE BROTHERS SEDAN

\$ 895 /
F. O. B. Detroit

People are surprised to learn that this beautiful and sturdy car now sells for \$895.

They have heard so much about its exceptional value that they are under the impression it sells for a higher price.

Moreover, the Sedan possesses all the roominess and character of closed cars that call for a much greater investment.

It is substantial *in appearance* because it is substantial *in fact*. And serves its owners far beyond the period usually expected of a car at any price.

The body is all steel—safe, sturdy, fireproof, and smartly finished below the belt line in coolie blue lacquer, with cartouche yellow stripe—upper body in black lacquer—shields and fenders in black, oven-baked enamel.

Blue Spanish genuine leather upholstery, removable rear seat-back, and optional wood or steel wheels are included among many other features that commend themselves forcefully to the buyer.

Many who expected to buy a cheaper car, now find that Dodge Brothers product is well within their means. Many who had expected to buy something more expensive, now find everything they could possibly desire in these smart and dependable vehicles.

Editor R. B. Haynes and family came through Monday on their way home to Seagraves, after spending the week end with his mother at Lubbock.

News was received here Sunday to the effect that Joe Bailey, of Roswell, formerly of this city, had his

car stolen on the streets there that afternoon, and the officers here were asked to be on the lookout for it.

We call your attention to the ad of Emmet L. Whitaker, candidate for representative, in this issue. It is reported that this splendid young man is making fast gains in this race. He will try to be here on the night of July 23 to address the voters.

F. E. Walters handed in the coin this week for another year of the Herald in his home.

Mrs. F. L. Bell and son, Cecil, of Big Spring, were guests in the A. Flache home of this city, Sunday.

The Herald received two razor blades recently from Sheffield, Eng. While the Herald does not shave itself, it will probably find use for 'em as the ladies are using razors more than men these days since bobbed hair came in.

Postmaster J. C. Bohannon is very much hoped up that route one will be made a daily without any trouble

at the end of the sixty day trial. All farmers in reach of the route should get on it, for the more mail there will be weighed out on the route during the trial.

Dee Hunter night engineer of the municipal light and power plant took sick Tuesday night on the job and had to call in a substitute and go home for the night.

Elder C. B. Glasgow, former minister of the Church of Christ here, but now of Brownwood, passed thru Tuesday on his way home. He aimed to have held a meeting at Tatum, N. M., but the altitude started the old trouble with his heart he experienced when here and he had to return to Brownwood. He was accompanied by an elderly gentleman and lady whose name we failed to learn.

Rev. and Mrs. M. D. Williams, old time Terryites, are here from Glendale, Ariz., visiting with old friends. The Williams' were among the first settlers here.

Mr. and Mrs. J. Paul Rhodes are here from Houston the guests of E. G. and Henry Alexander and families, Mrs. Rhodes being their sister. Mr. Rhodes was superintendent of our schools several years ago, and remarked to the Herald that he could hardly realize the progress that had been made here during his absence.

Mr. Jim Baty, of Austin, brother of Mrs. J. C. Casey, of Tokio, is here visiting her. Mr. Baty was over these plains when houses and white people were far between. In fact has spent most of his life on the frontier, and can tell many thrilling experiences. He is past 80 years of age.

H. L. Bridge was in from Tokio on Monday after supplies, and gave the Herald another dollar to keep 'er coming. Said he couldn't do without the home paper. He also had us order the Dallas Farm News for him.

Mrs. M. H. Jordan left this week for a visit with relatives at Sweetwater.

W. G. Hardin and family returned

this week from Parker county where they have been visiting relatives and old friends the past two weeks. They found good crops in old Parker, and politics fairly boiling. Mr. Hardin informed us that he heard O. W. Gillispie speak for Dan Moody at Weatherford, while there.

Mr. and Mrs. A. W. Endersen and children are leaving this week for their vacation.

The Herald as well as the rest of his many friends, were glad to see Dr. Castleberry on the streets again last-week after a seige of illness.

A. C. Copeland, candidate for Commissioner in Yoakum county, and an old time Terryite, was here Saturday milling around with the crowds.

Moore Bros. Produce company report the shipment of 16,000 pounds of produce during June.

E. V. Valentine handed the Herald a dollar annually for another year of the Herald.

Just keep your ear to the ground, brother, for the Herald believes it is going to be able to tell you some real interesting news next week.

If Andrews is really going to make some big prohibition raids over the country, why all the pre-publicity? Does he want to forewarn the boot-legged and blindpig? Why not so plan his raids in secrecy as to make the hooch makers exclaim, "this is so sudden!"

Well, one week from tomorrow, boys and girls, we shall know more than we now know. Now we are just

predicting and speculating, but then "we shall know even as we are also known," to use a Biblical expression. Some indeed, may be down hearted and temporarily accuse the voters of double-crossing, but the world will just wag on, and in a few weeks all will be whistling. Better brace up and take it all good naturedly, as we can then sooner have it over with.

It is said that no one need go east where the gubernatorial and other state candidates are doing their stuff in order to hear some real oratory, for it is said that our own dear county candidates are nearing the pinnacles established by Webster and Clay, and seem to possess all kinds of silver, gold, wagon, burro, and perhaps other kinds of tongues. Reports tell us that oratory and hot air fairly sizzle through the rafters when our county bunch gets well under way.

Tell your merchant you read his ads, for you really do, and you thereby favor yourself, your merchant and the Herald. You favor your merchant because it stimulates him to do more advertising and bring more customers to his store; you because he can then offer more and better bargains, and the Herald because it will increase our income and can then pass that on to the readers in the shape of a better paper. Really it is an endless chain affair. Let's all help one another.

When Paul T. Barnum, the show man was 32 years old he had a wife and family but almost no money. Shortly before this he was glad to write advertisements for four dollars per week. He was constantly trying things, but seldom succeeded in making much money. He was, however, getting experience which later on made him the master showman of his day. Henry Ford didn't amount to much financially until he was past 40. Apparently a man can start a success at any age, provided he has sense enough to work toward that goal during the days of his youth.—Forbes

One of the best advertising features for any section we have seen in a long time came to our exchange table this week in the shape of a 46 page magazine from the press of the Sudan News. The magazine was artistically done and was brim full of interesting matter about Sudan, and Lamb county, and the business men of Sudan, Amherst and Littlefield were solidly behind the enterprise with lots of good fat ads. Editor Weimhold and son should have the congratulations of every forward looking enterprise on the entire South Plains, for it was a booster for this whole section, although entitled "Know Lamb County" with the picture of a lamb for the central word in the title-head.

Hermes' Reputation Bad

Hermes was the patron of cunning, theft and perjury. According to mythology, when only a few hours old, he stole 50 oxen from the sacred herd of Apollo, drove them backward and forward to confuse their tracks and then walked backward, herding them backward, and concealed them. Apollo for

gave him and made him a part owner of the herd.

SWASTIKA CLUB

The Swastika club met Monday afternoon, July 12, with Misses Geneva and Blanche Brothers. An enjoyable time was spent in the club's usual pastime, and music was furnished by Miss Corine Gailey.

A delightful salad course was served to the following: Misses Lillie Mae Warren, Mildred Hohn, Ruth Hill, Othel Rentiro, Vallie Holt, Thelma McPherson, Corine Gailey, Gladys Copeland, Lois Daniels, Marie Brown, and Audie Markham.—Reporter.

Mrs. A. W. Andersen, Mr. and Mrs. W. A. Bell, accompanied by Mrs. Jenkins and Miss Kathryn Terrell, a sister and cousin of Mr. Bell, left last Friday for the Carlsbad cavern in New Mexico, returning Monday.

Mrs. Eb Ivey and children were in from the ranch Saturday.

DEMAND FOR LOW GRADE AMERICAN COTTON

There appears now to be a definite demand for low-grade cottons of all lengths of staple and of late there has been active buying of the lowest of the low grades, according to the Department of Agriculture.

Reports indicate that low-grade cottons are going into many constructions of fabrics in which finishing qualities are not important. I appear also that there has been some blending of these low grades with the high grades which were accumulated by manufacturers earlier in the season.

With very few exceptions has any previous American cotton crop furnished so large a percentage of low-grade cotton as did the one of 1925-26. Low grade cottons began to make their appearance as early as October, and after that time practically all pickings west of the Mississippi and much of those to the eastward were of low-grade cotton. These low grades, of which there was an abundance, due to the early, excessive and prolonged rains, found a very limited market, and this condition continued for some time.

Within the past few months, however, during which northern and southern spinners have ascertained, through mill tests, the extent to which low grades could be substituted

Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Theford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver. "I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well. "Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."

for higher grades customarily used, some inquiry for them was noted. This gradually developed into an active demand, as is borne out by the recent free movement of such cottons together with a considerable increase in their selling basis.

The present situation with regard to low-grade cottons seems to promise a continuation of the use of them.

the department believes as the manufactured material from them has evidently proved satisfactory. An important feature of the situation is that owing to the greater amount of waste in low-grade cottons, a greater consumption as measured in running bales results in proportion to the amount of yarn or fabric produced.

MEADOW BRIEFS

By Aesculapius

We failed to make connection the past week with the Herald. For which we are very sorry.

Our efficient commissioner Mr. Stewart, is with us grading the road east of Meadow. Citizens along this road had begun to feel a little sore but I am sure Mr. Stewart got to the work at the earliest possible moment. He has always, we thought, been very kind to Meadow, and we have little that can be consistently grumbled at.

Rudolph Moorhead and Rafe Nabors with their families are away on visit to relatives at Desdemonia and Stephenville.

The Stork was among us the past week, leaving a little girl at the homes of Mr. J. T. Tucker and Mr. Fred Hinson. Fred is a rather young father, but appears to bear his infirmity with great fortitude. Tucker however has several and needs no commiseration.

Miss Cleora Mackey, the thirteen year old daughter of Mr. and Mrs. E. C. Mackey, died at one of the Lubock Sanitariums, of peritonitis, following an operation for appendicitis, and was buried at the Meadow cemetery. Funeral services were conducted by Rev. Draper.

Mr. Mackey has lived here the past two years and his many friends share his great sorrow in the passing of his little daughter. Only those who stood by the open grave of a child of their own, can appreciate the heart breaking experience. As the earth is closed over them, returning to that mother of us all, earth to earth, dust to dust,

we are suddenly reminded that we shall meet again, in a place prepared for all those who love God. While the little body lies in the cemetery her sweet spirit, fit emblem of the beautiful flowers, with which loving friends banked her grave, is with the innumerable host around the Great White Throne.

Meadow is to have the High Line at an early day. A contract, was signed the past week by the City Dads. Work is to commence at once securing right-of-way and putting material on the ground. It will be of great value to our town in many ways.

This section was visited by a pretty good shower Sunday afternoon. Crops certainly look good, and the rain that has fallen will go far toward maturing most of them.

The son of Dr. Graham, living west of town was kicked by a mule Sunday morning, injuring his left knee, and laying him up for repairs. It does not pay to mix up with these long eared hybrids.

The latest Supt. Marrs says Gov. Jim voted for evolution to remain in our text book on biology. This is rather hard on this much cussed theory, and if true Jim should quit talking about monkey faced Baptists. They may yet prove him guilty of that other heresy—Ku Kluxism.

Farmers from various sections of the county the Herald has talked with recently report crops from fair to good, and say with favorable conditions of the weather from now on they expect bumper crops.

SOME RECENT BUSINESS CHANGES IN BROWNFIELD

Mr. Davis has recently sold his interest in the Brownfield Laundry to his partner, Mr. Brown. The business of this institution has been increasing wonderfully of late and it has now become a valuable piece of property.

Herbert Neill has recently purchased the Rialto Theatre Confectionary from Claude Barton. Herbert informed us that he would endeavor to conduct one of the best confectioneries to be found any where, and it could be inspected any time for cleanliness. Note his ad elsewhere in the Herald.

The town is temporarily without a bakery at least, the present owner and a gentleman from Tahoka having had a misunderstanding about part or all of the fixtures, and as a consequence the place is tied up in litigation, and in the meantime Brownfield people are eating out of town bread, when they had much rather eat home baked bread. We hope these matters can be adjusted and the bakery can be opened again.

O. W. Stice is now carrying the mail from Brownfield to Tatum, N. M. Says he rather likes the job.

PROPOSED AMENDMENT TO THE CONSTITUTION

Senate Joint Resolution No. 9.

A Joint Resolution relating to the amending of Article 16, Section 58, of the Constitution of the State of Texas, abolishing the Board of Prison Commissioners; providing for the supervision and management of the Prison System, under such laws as may be provided by the Legislature. Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 16, Section 58 of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 58. The Legislature shall have full power and authority to provide by law for the management and control of the Prison System of Texas; and to this end shall have power and authority to place the Prison System under the supervision, management and control of such trained and experienced officer, or officers, as the Legislature may from time to time provide by law.

Section 2. The above Constitutional amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held November 3, 1926, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words "For the amendment of Article 16, Section 58, of the Constitution, abolishing the Board of Prison Commissioners." And all those opposing said amendment shall write or have printed on their ballots the words "Against the amendment of Article 16, Section 58, of the Constitution, abolishing the Board of Prison Commissioners."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

Section 4. The sum of \$5,000.00, or so much thereof as may be necessary, is hereby appropriated out of the funds in the Treasury of the State, and not otherwise appropriated, to pay the expenses of such publication and election.

Approved, April 4, 1925.

Emma Grigsby Meharg,
(7-16) Secretary of State

CITATION BY PUBLICATION

The State of Texas.

To the Sheriff or any Constable of Yoakum county, Greeting:

You are hereby commanded to summon Annie McHugh, Margaret Col-

leran, Annie McHugh, Celia McHugh, Edward McHugh, and the following children of Jane Gorman, to-wit: Michael Gorman, Tom Gorman, Bernadette Gorman and Mary Gorman, and Bridget Armstrong, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 100th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to the said 100th Judicial District, to appear at the next regular term of the County Court of Yoakum county, to be held on at the Court House thereof in Plains, on the 3rd Monday in August A. D. 1926, the same being the 10th day of August, A. D. 1926, in a suit numbered on the docket of said Court No. 81, wherein Annie Armstrong is plaintiff, and Anne McHugh, Margaret Collieran, Annie McHugh, Celia McHugh, Edward McHugh, and the following children of Jane Gorman, deceased, to-wit: Michael Gorman, Tom Gorman, Bernadette Gorman, Mary Gorman, and Bridget Armstrong, are defendants, and said petition alleging:

1. That at the time of her death the said decedent was a feme sole, never having been married, and was survived by the following heirs at law: Anne McHugh, the mother, and only surviving parent of decedent; Bridget Armstrong, sister of decedent; Pat McHugh, brother of decedent; Edward McHugh, brother of decedent; Margaret Collieran, sister of decedent; Annie McHugh, sister of decedent; Celia McHugh, sister of decedent; Mary Gorman, niece of decedent; Bernadette Gorman, niece of decedent; Michael Gorman, nephew of decedent, and Tom Gorman, nephew of decedent, said nieces and nephews being the children of Jane Gorman, deceased, the sister of Kate McHugh, deceased intestate.

2. That the foregoing were the heirs and sole and only heirs of the said Kate McHugh, and according to the laws of descent and distribution of the State of Texas, the estate of Kate McHugh, deceased, to-wit: Sections 870, 884, 885 and the east half of Section 872, all in Block D, in Yoakum county, Texas, as aforesaid, passed in two equal portions, one of which passed to Anne McHugh, the surviving parent, and the other half passed to the brothers and sisters of the intestate, and to the nieces and nephews the Gorman children, being the children of the deceased sister, Jane Gorman, the share of the said brothers and sisters being distributive per capita, and the share of the Gorman children being distributive per stirpes.

3. That thereafter, Anne McHugh, Bridget Armstrong, Margaret Collieran, Annie McHugh, Celia McHugh, Edward McHugh, Mary Gorman, Bernadette Gorman, Thomas Gorman, and Michael Gorman, being the heirs and only heirs at law of the said Kate McHugh, deceased, did each and all for a valuable consideration convey by deed to Pat McHugh of Yoakum County, Texas, all and singular, his, her and their interest, right and title to the estate of the said Kate McHugh, deceased intestate, the same being the Yoakum County, Texas, lands as hereinabove described, and that said deeds of conveyance are recorded in the book of deed records in Yoakum County, Texas.

4. That on or about the 7th day of February, A. D. 1926, the said Pat McHugh died in Yoakum County, Texas, having made a last will and testament which was admitted to probate in the County Court of Yoakum County, Texas, on the 7th day of May, A. D. 1926, wherein and where-by the said Pat McHugh devised to Annie Armstrong, plaintiff herein, among other lands the said Sections 870, 884, 885 and the East Half of Section 872, all in Block D, Yoakum County, Texas.

5. That on or about the 7th day of this plaintiff, a resident of Yoakum County, Texas, died in the year 1918 in the State of Arizona, that she died intestate, owning and being seized in fee of the following described real estate, situated in Yoakum County, Texas, to-wit: Sections 870, 884, 885, and the east half of Section 872, all in Block D, in Yoakum County as aforesaid and consisting of 2,240 acres, and that there has been no administration in this State upon the estate of the said decedent Kate McHugh.

Texas Resorts Attract

Texas people are just beginning to learn that in summer climate and scenery of this state is not surpassed by Colorado, California or any of the other much exploited sections of the country. Summer camps are now to be found along many Texas streams and among the mountains, and the campers are enthusiastic in their praise of their outing homes. If one is seeking an ideal location for the summer a mistake can hardly be made in pitching one's tent or building one's summer cabin anywhere in that vast section west of San Antonio and Austin where numerous streams or hills are to be found. The prediction is freely made that within ten years tourists will be thicker in Texas than in Colorado and that, because of the mild winter climate, Texas will become the great all-year round resort of America. All that is needed is the kind of publicity that has built up other resorts of the country.

WOMEN PREDICT

EASY DIVORCES

LONDON, July 8.—Marriage in 2026 will be a business like contract easily cancelled if the parties to it find they can not live happily together, women contributors to a symposium have agreed.

They showed that men are not alone in occasionally feeling the chafe of the clanking chains of matrimony.

"Easy divorce will be the greatest change in marriage a hundred years in the future," declared Symbil Nordyke, famous tragic actress.

"Everything points to growing disgust with divorce laws of today. Our present system is furtive, sly, and terribly damaging to the self-esteem of the parties concerned.

A hundred years from now people probably will get married much as we get engaged today. If they find they're unsuited to each other and can not make a success of their contract it will be possible for them to dissolve their union on those grounds alone."

Marriage will be business, not an experiment, or adventure, and as such will be regarded more seriously, said Mrs. Rosita Forbes, explorer. A wedding will be like promoting a new company. Instead of a sermon there will be formal legal contracts attested by lawyers and if the company is unsuccessful it will go into liquidation. The assets will be equally divided between the stockholders—the husband and wife.

"Marriage will tend to become more and more of an experimental and hence of a more friendly nature," said Miss F. Tennyson Jesse, novelist. "There will be no more need for that dreaded fling or irrevocability when one marries."

The men contributors were more old fashioned, and mentioned the love element whereas the women ignored it

Earl Anthony Jr. took ill with appendicitis last Friday and gradually grew worse and was carried to the Lubbock Sanitarium Saturday night where he underwent an operation and the appendage was found to be ruptured. However, he is reported to be doing well considering this.

Charley Brown, who was badly hurt in an auto wreck as reported in these columns last week, is resting well, and his many friends expect to see him about in a few days.

While not able to walk about any yet, Jack Bailey who was brought home about ten days ago from the Lubbock Sanitarium, is fast gaining strength, following his serious operation for appendicitis.

PROPOSED AMENDMENT TO THE CONSTITUTION

Senate Joint Resolution No. 7.

Proposing an amendment to the Constitution of the State of Texas by amending Section 33 and Section 40 of Article 16 of the Constitution of Texas so as to permit officers of the National Guard, the National Guard Reserve, and Officers Reserve Corps of the United States, and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States to hold public office in Texas.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 33 of Article 16 of the Constitution of the State of Texas be amended so as to read as follows:

"The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States; except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard Reserve, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States."

Section 2. That Section 40 of Article 16 of the Constitution of the State of Texas be amended so as to read as follows:

"No person shall hold or exercise, at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States, and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, unless otherwise specially provided herein. "Provided, that nothing in this Constitution shall be construed to prohibit an officer, or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States."

Section 3. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday in November A. D. 1926, at which all ballots shall have

printed thereon:

"For the Constitutional amendment permitting officers and enlisted men of the National Guard, the National Guard Reserve, and the officers of the Officers Reserve Corps of the United States, and the enlisted men of the Organized Reserves of the United States, to hold other offices or positions of honor, trust or profit under this State or the United States," and:

"Against the Constitutional amendment permitting officers and enlisted men of the National Guard, the National Guard Reserve, and the officers of the Officers Reserve Corps of the United States, and the enlisted men of the Organized Reserves of the United States, to hold other offices or positions of honor, trust or profit under this State or the United States."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 4. The Governor shall issue the necessary Proclamation for said election, and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of proper appropriations made by Law.

Approved, March 16, 1925.

HOG CHOLERA FOUND IN GAINES COUNTY HERDS

County Agent Knox Parr, reported to this office Saturday that a case of hog cholera has been found in Gaines county, and advised the farmers to use every precaution to guard against the malady that is so fatal to swine.

O. L. Berry, prosperous farmer near Seagraves, has lost several head from the disease.

It is suggested that the farmers of Gaines county secure a licensed veterinarian to come here and administer a serum in order to keep the disease from spreading. The cost of the services of a veterinarian would be small compared to the loss that will be entailed if cholera spreads over the county.—Seagraves Signal.

PREPARE FOR A LEAF-WORM FIGHT

In a press letter of May 29th, we advised that the cotton leafworm had already appeared in Texas. Its progress since has been very slow, but a heavy infestation occurred during the month of June, with scattered lighter infestations occurring further north at the present time.

It is our belief that damage from this pest will become more or less general over the more eastern part of Texas during July, extending toward the Panhandle country the latter part of the month or sometime in August. Especially is this to be feared if the showers at present being experienced in Texas, continue.

The cotton flea has delayed the fruiting of cotton. This damage is expected soon to cease, but a condition has been created that makes it unusually desirable to prevent the ravages of the leafworm for the remainder of the season. Consequently farmers should keep a close watch for the appearance of this latter pest and be fully prepared to control it on its first appearance.

Calcium arsenate is the best poison to use, considering its cheapness and effectiveness. This may be dusted on by the pole and bag method, but preferably by some type of dusting machine. Best results are obtained if dusting is done while the dew is on the plants, so the poison may adhere, but usually enough adheres to the plants, even when applied during the heat of the day, or in the dry climate, to make it highly effective. Use from three to six pounds per acre according to the size of the plant.

The next best poison to use is lead arsenate. Apply in same manner as above.

Paris green may be used but may burn the plant. Hence it should be diluted with equal parts of air-slacked lime. Many people use as high as four parts of lime to one of Paris green, or substitute a cheap grade of flour for part of the lime. Two or three pounds of the Paris green should be used per acre.

TEXAS UTILITIES CO. PLANS MORE EXTENSIONS

Further extension of the service of the Texas Utilities Co. will be effected in a very short while, according to Hubert Allen, manager of the Company here. Ropes and Meadow are to be included in the many towns served from the Lubbock plant, by means of a transmission line, for which the material has been ordered and the construction of which will start within three weeks.

The erection and installation of the equipment and machinery for the power unit under construction for the Utilities plant here started Tuesday, Mr. Allen said. This equipment includes five 1250 H. P. internal combustion engines.—Plains Journal

STRAIGHT TALKS WITH AUNT EMMY

On Fifteen Per Cent Bonds

Mrs. Norris beamed as she greeted Aunt Emmy and exclaimed, "Now I know all my financial worries are over! I wanted to tell you right away—"

"What have you bought this time?" Aunt Emmy demanded suspiciously.

"Well, I haven't paid the money ever yet, but I have found the loveliest investment where my money will be perfectly safe and will earn a nice income for me right away," Mrs. Norris said. "I'm going to buy bonds, good safe bonds, that will pay me fifteen per cent interest—"

"Wait a minute, you'll have to go some, Maud Norris, to tell me about 'good safe bonds' that pay fifteen per cent!" Aunt Emmy broke in.

"They are safe,—the man said so and this booklet says so too!"

"Do you know what a bond is?" asked Aunt Emmy.

"No, but it's awfully safe. I'm sure of that," Mrs. Norris said. "Everybody knows that bonds are safe—"

"My dear, some bonds are safe and some are not. When you buy a bond you simply lend your money to the company putting out the bonds. Bond issues are secured generally by the company mortgaging or pledging some of its property. In other words, it offers a certain asset as security that it will return your money to you on the date the bond matures. It agrees to pay you a certain sum each year for the use of your money, usually something between five and eight per cent. No company can afford to pay too much for its money—and as to fifteen per cent bonds—why it would be very unusual for a company to be able to earn enough to enable it to pay fifteen per cent for the privilege of using other people's money,—moreover, if it is good enough to borrow money at all it can borrow it more cheaply than that!"

"Oh dear!" wailed Mrs. Norris "then a bond isn't a good safe investment—"

"Don't jump at conclusions so fast!" said Aunt Emmy. "I did not say that. A bond is as safe as a church if the company that issues it is financially sound, has a high credit rating and is making money. Before you buy bonds, assure yourself that the company behind them is above reproach."

"But the man who told me about these fifteen per cent bonds was so earnest—I felt sure I could believe him."

"Don't turn over any money to him until you have some advice on the bonds from your bank," admonished Aunt Emmy. "Then, if you find out that the bonds are questionable you will escape another bad investment."

Corn (cotton) and other tender, growing row crops demand careful, efficient cultivation. Neglect during the growing period will make itself known in reduced yield when the time comes to gather the crop. Surely it is poor economy to worry along without sufficient equipment or with cultivators that are badly worn when you can secure a new 1 or 2-row McCormick-Deering so easily. Remember that new tools that increase the yields or save labor are sure to be good investments. When you have gone over these McCormick-Deering Cultivators at our store you'll agree that they're winners.

"SOME WOULD BE PATRIOTS"

By Aesculapias.

The Glorious Fourth, with its fire crackers and bombastic speeches, have come and gone, leaving a few deaths and other accidents as memories of its passing. The day was observed in Meadow with special services at the Baptist church and by participation in the exercises at Brownfield. In fact but for the Meadow contingent our friends at Brownfield would have looked like six bits. Together however a very creditable program was carried out.

For several years past the recurrence of the celebration of this day in the Eastern States has caused the Anglomaniacs much pain and anguish of spirit at the singing of the "Star Spangled Banner." In New York City the President of one of the patriotic societies? cut the song from the program to which one of the speakers objected and it was accordingly just played. God pity such Bastard patriots.

The fourth stanza it is said is offensive to the British, "Their blood hath washed out their foul foot steps pollution. No refuge could save the hireling

and the slave From the error of flight or the gloom of the grave."

Well this expresses just how we have always felt about it, or else the anthem never would have been popular nor its author merited immortality. Why should we change one jot or syllable to please the British? They never let opportunity pass to snub us on all occasions—save one, when they came in the dark hours of the World War, when Germany was sending her ships to the bottom of the ocean. Honeyd words then took the place of upturned nose and her statesmen and special envoys could visit Mt. Vernon and lay wreaths of costly flowers on the grave of him whom they have never ceased to deride.

One of their great generals once said that he could travel the length and breadth of this country and geld all males without molestation. He does appear to have unsexed a few city males and females of that patriotic society? in New York but out in the West and down in "Dixie are a rather large body of men and women who can still sing the song; that are not ready to tare down Bunker Hill

FISH FRY

About 50 people including a few married couples and their families, were royally entertained with a fish fry, Tuesday evening, July 13th, at the splendid country home of Mr. and Mrs. E. L. Redford, northwest of town.

A goodly crowd met at the residence of Mr. and Mrs. H. H. Copeland, and about 9:30 boarded a truck and had a merry ride out to the appointed place. Others who did not get off from work came later in other cars. A great time was expressed by all, for everything good to eat that

goes to make a good supper of its kind successful, was had. And here goes three cheers for the parties having charge of the cooking of the fish, for the well doing of the task depended the success of the evening, and we can say they knew their "stuff."
