

The Terry County Herald

Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME 22

BROWNFIELD, TERRY COUNTY, TEXAS, DECEMBER 3, 1926

NUMBER 15

By the Secretary C U R R E N T S Chamber of Commerce

Last week we had considerable to say concerning the large amount of money that was being sent out of here for the purchase of goods from the Mail Order Houses and just today one of our good substantial farmers approached me and said that he had read the article and that it was all right but at the same time he thought it was a poor rule that would not work both ways and then went on to state that he knew parties who had brought stuff to town for the purpose of selling to merchants but could not get them to take it except on consignment, while at the same time they would purchase the same article from the wholesaler and if this is true, then our merchants are at fault because home grown stuff ought to be given the preference at all times.

This man mentioned sorghum syrup as one of the articles that could not be disposed of and it is understood that there was a considerable amount of syrup manufactured in the county this year and it should be used in preference to all others by our people as there is no doubt that it is superior to any mixture that can be procured through the jobber and aside from that its use keeps money in the country that would otherwise go out never to return. Let us be consistent. If we expect the farmer to trade at home we must trade at home.

Another farmer was in the office last week and he thinks that peanuts and popcorn would be two good articles to use in diversification and we think that he is right.

The market price on popcorn is \$4.50 per bushel and in conversation with several farmers I am informed that it will easily produce ten bushels per acre. One man stated that he had produced above fifteen bushels when he used to make more of a business of planting it than he does at this time. Now if this is the case it would be a profitable crop and in any event is worth experimenting with a few acres.

Peanuts have a present market value of \$1.50 per bushel and have a ready sale at that figure and our farmers know how many bushels can be produced to the acre as most of them have patches planted and matured. There is one thing about peanuts however and that is that we cannot plant them in solid fields, but if we plant about four rows of kaffir or maize and the same in peanuts, the land will not be damaged and will not blow. This is a crop that can be handled about as we handle our corn as it does not have to be harvested as soon as matured as is the case with broom corn or cotton, because a furrow can be run and the vines covered and they will go through lots of cold weather without injury.

Right after that sandstorm last Thursday, every one of us thought that the country and crop was absolutely and teetotally ruined and that the whole lot of us would starve to death unless we could get out of it, but after catching our breath and digging the dirt out of our eyes and ears, it has been discovered that the damage was not nearly as great as was thought.

I have this week been talking with people who are in a position to know and they without exception have made the statement that our condition on the first of the year will be very much better than it was at the beginning of 1926. It has been discovered there are more cows, more chickens, more turkeys and a lot more hogs in this county than was the case at the same last year and that any number of farmers have gone the cash route during the year on this account and others will follow their footsteps for the coming season. When we truly practice diversification this will be a prosperous country.

Some readers will say that the writer does not know what he is talking about and that he is a

SATURDAY CROWD NOT SO LARGE, BUT TRADING

The crowd on the streets Saturday was not so large as the Saturday before, yet was fully up to the average Saturday crowds, but they were nevertheless a trading crowd, and all the merchants are reporting good sales, especially in dry goods and grocery lines.

As usual with Brownfield crowds, they were all in good humor, and nothing occurred during the day to cause a ripple. Terry county people are always on good behavior, and treat one another like the ladies and gentlemen they are.

While of course we are having low prices for all products the farmer has to sell except poultry products, and dairy products, the people are trying to make the very best of the circumstances they can, and that is the right course to pursue.

The two windstorms of late have damaged the cotton crop probably one third, taking a toll of what is estimated from 5,000 to 10,000 bales of cotton. Also one farmer informed us that he had gathered corn here as late as the first of April following, and did not find near as much corn on the ground. He said he gathered about 60 bushels Monday morning and that fully 25 bushels of that was on the ground, and he has been in Terry county some 20 years. This shows that such storms are unusual even in spring here, and almost unknown at this season of the year.

COLLEEN MOORE IN SPICIEST COMEDY

"It Must Be Love" replete with delicatessen store amors.

Salami, pastrami, limburger, hamburger, pickles, potato salad and a thousand other articles customarily seen in a delicatessen store wafted their spicy fragrances over the set during the screening of Colleen Moore's latest starring vehicle for First National entitled, "It Must Be Love." The new big feature comedy will be shown at the Rialto Theatre here net Monday and Tuesday, December 6th and 7th.

The picture, it is hinted, is extremely spicy—but is not at all censorable, because the spice is of the delicatessen flavor. Jean Hersholt makes a highly presentable delicatessen merchant as the father of Colleen.

Dorothy Seastrom appears as her girl friend, Min, and Arthur Stone plays the role of "Peter Halitovsky," which is Russian for unkindly atmosphere.

John McCormick, general manager of production for First National on the West Coast and producer of the Colleen Moore pictures, gathered one of the most brilliant casts of the season for "It Must Be Love." The roster includes Jean Hersholt, Malcolm McGregor, Cleve Moore and Bodie Rosin.

Alfred E. Green handled the directorial end of the picture, which was adapted from Brooke Hanlon's short story by Julian Josephson.

"EQUAL RIGHTS"

Press dispatches from London state that a club to popularize cigar smoking by women has been formed by the wives and daughters of some wealthy business men in Wallasey, in Cheshire. It remains now to see how long it will be before the women will take up the pipe and chewing tobacco. Equal rights will then be established on a sound basis.

"Theoretical" farmer and I want to state that I am a dirt farmer. There is not any kind of farm work that has not been done by me and I would be on the farm today had it not been for the fact that I was "damphool" enough to think that I could make more money in the land business and stayed with that so long that I was and have been too badly broke to purchase teams and tools. I see other ex-farmers of this county who are following in my footsteps and they have a rude awakening coming.

SCOUTS RECEIVE GIFT FOR POST MEMORIAL CAMP

Saturday thirteen Scouts, under the direction of two county agents and Supt. D. L. Jones of the state experiment farm, with the assistance of Scoutmaster J. B. Caldwell of Slaton, Rev. L. G. H. Williams and the Scout Executive put out pecan trees at the camp.

These fifty, three year old trees were donated to the camp by Dr. J. C. Lovelace of Lamesa. He works about twenty hours a day relieving suffering humanity at the Lovelace-Bennett hospital and general practice. But his hobbies are Boy Scout work and soft shell pecan trees. Hence the gift.

Dr. Lovelace spent his vacation in 1925 in the Boy Scout camp at Ruidoso N. M. and you could find him any hour of the day and part of the night in the midst of Scouts, either teaching First Aid, or rendering First Aid. He bandaged sore toes and fingers, and dressed skinned heads so patiently that he became the champion of every one of the 170 boys and men in the camp. He said, "I had the greatest time of my life." Parents, it is men like this that your boy is coming in contact with in Scouting. Ten days in camp under the leadership of men like Dr. Lovelace is worth any amount of money you will ever invest in Scouting.

Our camp and improvements are valued at \$13,200.00 now, and only \$1750 of that is still to be paid for. The citizenship of two towns and three individuals have paid for the other. Will Brownfield and twenty other towns help take care of this indebtedness, build a dam at camp and assist in the budget for 1927? The officials of which Rev. Ball is a member think you will. Answer some of the following questions in your own heart. Maybe you have no boys of your own, but have you a girl? Have you a neighbor boy? If so you should be interested.

NOW READY FOR SANTA CLAUS LETTERS

As has been the custom of the Herald for years, it will again this year act as a medium of communication between the kiddies and the grand old patron saint, Santa Claus. Any kiddie living in either Terry or Yoakum county can for the next three weeks get in touch with that merry old soul by using the columns of the Herald, but get your letter in early each week.

Too, my little friends, you must recognize that Old Santa will be a very busy old fellow for the next 21 days, and the Herald will be up against the same proposition, to save time and to be sure that the printer and Santa are able to read the letters quickly, better let mamma or big sister or brother write for you—daddy just won't. But if you can write well with either script or print, write it yourself.

Yours for a Merry Christmas and A Happy New Year.

The Herald and Santa Claus.

SOME FARMERS ARE ELIMINATING OWN SAND

Those farmers who do not care to pay the ginners 30c per hundred to get the sand out of their cotton have rigged up various devices for getting it out.

The most original we have heard of is to make a drum out of one-half in mesh wire with a windless inside containing fingers to stir the cotton. Some have suggested both ends being left open and giving it a slight incline, and save having to take the cotton out of the drum as it will naturally work toward the lower end if started in at the highest end.

Judge H. R. Winston received word this week that his baby daughter had undergone operation in Dallas, Tuesday for both her eyes and feet, and it was thought both were successful, and that the little patient was doing fine.

SANDERS SERMONIZES ON GENERAL CONDITIONS

Elder Liff Sanders prologued his fine sermon Sunday morning on the "Duties of the Church" with about five minutes talk on conditions that was encouraging to both the new comer and the old timer.

Elder Sanders has been on the Plains now about 30 years, and has seen it change from a strictly ranch country to a farming section.

He said in part: "There is no use for anyone getting discouraged and running from bad conditions, for you will meet them wherever you go. The low price of cotton and feed stuff is general all over the whole country. Even the wind storm the other day which killed the first man we ever knew to be killed on the Plains from wind, at Slaton, left a trail of death and destruction in several states. In my long experience here, I have noticed that the man that hung on won out in the long run, but the fellow that drifts from every disaster never gains anywhere. I believe the man who settles down, works and does his duty, the Lord will bless and give him the fruits of his toil."

Probably the world would be better if the preachers generally would encourage the people more in a material as well as spiritual way.

WEDDINGS

Mr. Raymond Adams, son of Mr. and Mrs. Oral Adams of this city, and Miss Ruth Williams, daughter of Mr. and Mrs. M. S. Williams of the Pleasant Valley community, were married about 8:30 Saturday evening at the home of Rev. C. E. Ball. They will make their home in Brownfield as Raymond is employed at the Texas Company wholesale station here.

Mr. Marvin Leon Hopson and Miss Belle Jean Bruce were married Saturday night at the home of the groom Elder A. L. Burnett officiating. The wedding took place about 10 o'clock P. M., a few intimate friends and relatives being present. The groom has lived here several years, the bride recently coming here from Chicago, and has been making her home with her sister, Mrs. M. E. Drake.

Mr. J. T. Winkles and Miss Nora Lee Smith, popular young people of Tokio, drove in Sunday the 21st about 2:30 p. m., and were united in marriage by Elder A. L. Burnett. They are the son and daughter respectfully of E. I. Winkles and A. V. Smith, of Tokio community. This item should have appeared last week.

LET TEXAS LEAD IN COURT REFORM

The Texas Bar Association, thru the leadership of T. W. Davidson, is preparing a program for the next Legislature to consider. This program will probably call for an amendment or two to the Constitution, and the Legislature will be asked to make it possible for the people to vote on these amendments at the earliest opportunity. Leading members of the bar, who practice law instead of tricks, are undoubtedly sincere in their desire to simplify our court procedure and to make the road to justice straight and easy travel. There are other members of the bar, however, who are not overburdened with a knowledge of law and equity, but who for years have schooled themselves in the arts of influencing juries and in the technicalities of practice who will oppose any constructive measure of reform. If afraid to come out in the open they will weaken the proposed laws by making amendments. These are the fellows that must be watched, and any deviation from a straight course and an honest consideration of the court reform program should spell political suicide for them. Let Texas take the lead in court reform. The Texas Press Association is solidly behind the movement.

States spent \$69,125,101 on road and bridge construction in 1925.

ALL NEW BUILDINGS NOW NEARING COMPLETION

The Plains garage and drive-in filling station on east Hardin street is fast taking on the appearance of a completed building, and will probably be ready for occupancy some time in the next week or ten days if the weather stays favorable. This building is radically different to the general run of business buildings, and is for that reason very attractive. The most noticeable departure architecturally is the roof, which, instead of being flat, is oval, and with the large steel windows which are almost solid on the west side, it gives the building the appearance of some of the manufacturing plants of the large cities. The entrance and drive-in portion of the front is also different from the general run of such buildings.

The Chisholm building on the south side of the square is being roofed this week, and of course with this done, it will not be more than two more weeks with favorable weather until this building is ready for occupancy. Mr. Chisholm is receiving many congratulations on the beauty architecturally as well as arrangement of this building, and with the trimmings of cream brick, it certainly is a beauty and a credit to the town.

GOOD JUDGMENT INSTEAD OF LUCK

One quite often hears the expression, "Bill Jones always was a lucky fellow."

When former-Governor Cox of Ohio planned a building for his paper, the Miami News, in Florida, several years ago, he checked over the plans drawn by the architects and said: "This building is going to be built in the tropics. Is the construction such that I can get hurricane insurance on it?"

The architects didn't know. Cox told them to find out. The result was that the building had to have additional bracing at the corners. But the cost of this was only \$8,000, and Governor Cox got his hurricane insurance.

After the hurricane which wrecked so many buildings, the Miami News tower, said to be the highest inhabited structure in the tropical world, came out with only a few broken windows and some water in the basement.

Was Gov. Cox any more "lucky" than the owners of other buildings which were completely demolished or badly wrecked by the hurricane? Apparently, there was no luck about the fact that his building stood. He simply used good judgment which even his architects failed to show when designing a building for the tropics.

REPORT HILL GETS TEN YEARS IN PEN

Reports from some one attending district court at Lamesa came in at noon yesterday to the effect that the jury in the case of State against J. R. Hill, transferred from Yoakum county, had given him ten years in the penitentiary. Hill is alleged to have killed a Mr. Parker about a year ago.

No particulars were received here as to whether defendant will ask for new trial or appeal.

TWO PROFITABLE HENS

V. J. Boriski, who operates a poultry farm near College Station, Texas, has two hens that netted him \$16.45 during the year. One of these hens is a Barred Rock, which produced 262 eggs during the year. The other, a White Leghorn, produced 261 eggs.

Mr. Boriski operates a general farm, but specializes in poultry. He produces a large portion of his own poultry feed, but purchases mash and other commercial feeds in order to have a balanced ration. He has won many premiums at poultry shows.—Farm and Ranch.

Merkel—Texas & Pacific Railroad to build siding track to Noodle Creek oil pool.

SHALL THE FARMER OPERATE HIS OWN BUSINESS?

The luckless farmer is now busy receiving advice in this his hour of distress from the peanut vendor on the corner to the banker in his gilded cage; from the ward politician in the Hick village to the U. S. Senator on his plush seat at Washington. The newspapers have not been any less guilty than the rest of the procession, and we sometimes wonder that the son's-of-soil don't lose all patience and tell the last one of us to seek out that place described in the Holy Book as the abode of satan, and stay there.

Of course all this advice has been free, or there might have been a great roar from the real farmers, but as long as they are not paying for it, they let us rave on, and read whatever of it suits their fancy. We imagine, however, that most of this dope loses its sweetness upon the desert air, so far as the farmer is concerned. Yet most of this advice, condolence and sympathy comes from hearts that really feel that they are the farmer's friend and well wisher, and we of the "more blessed to give than receive" advisors really, perhaps, think our dope is going to put the poor farmer over the top and into flowery beds of ease, and expect him to receive it gratefully.

But, how many of us have ever paused to think how our dignity and feeling would be hurt if the farmer came into our place of business and tried to advise us just how to conduct it. Most of us would perhaps ask him to attend to his own business. And perhaps they think that about us whether they express themselves or not.

The salvation of the farmer is largely in his own hands, and he perhaps sees his own mistakes as well as we, and no man will hang himself.

BUNCH OF NEGROES BOARDING WITH SHERIFF

A white man came in from down toward the Union community Saturday night and reported that he had been hi-jacked by some negro cotton pickers. Sheriff Ellington went down and brought in some three or four of them, including one woman, and lodged them in jail here.

In a preliminary hearing Sunday, we understand the negroes gave evidence that may complicate matters seriously, and from what we could gather from county officials it looks like a rather serious case for the courts to thresh out.

IS YOUR BOY A SCOUT?

Is your boy a Scout? This question is becoming universal. The majority of the people answer, "No." Their answer must be changed. The Boy Scout organization stands for clean ideals, helps to guide boys in the right direction, and gives them the time of their lives.

Woodcraft. Does that mean anything to your boy? Can he track animals? Does he know how to build shelters? Can he follow a hidden trail? Likely not, but a Scout can. First Aid. If there is an accident, could your boy give First Aid? Could he give artificial respiration to a drowned person? If he is the average boy he cannot; but a Scout can. Preparedness. Is your boy prepared for any kind of emergency? Help is needed; can he signal? Lost! Can he find himself? "Be Prepared." That is the Scouts motto. He has twelve laws which he is bound to respect. Most boys of Scout age take it upon themselves to keep the Scout oath; they realize that they are on their honor to do their best to be good Scouts.

And then, how a camp in the forest thrills the Scout. He likes to go to bed and hear the swaying of the trees over him, and see the stars casting a soft glow over the land; a Scout under the kind care of the open.

Ted Magee.

"It's Our Pleasure to Serve You."

**R. M. CHITWOOD, BUSINESS
MANAGER TECH DIES**

Monday while talking to Dr. W. P. Horn, President of the Tech College at Lubbock he advised us that R. M. Chitwood business managers of the Tech College at Lubbock who was transacting business at Dallas, Texas, for the college had died suddenly. Dr. Horn was unable to say what was the cause of Mr. Chitwood's death other than he died suddenly. The body will arrive in Lubbock early Tuesday morning and will be laid to rest Tuesday afternoon in the Lubbock cemetery.

In the passing of Mr. Chitwood the Tech College and every school boy and girl in the west has lost a great friend and he is one of the ones responsible for the establishing of this college; and at the beginning of the first year of the college he was appointed business manager and has filled this position with credit to himself as well as the state of Texas. Mr. Chitwood had the college at heart and it will be hard to find someone to step into his position and do as much for the college as could he.

**CHARGE NEGRO WITH
MAKING OF WHISKEY**

Robt. Snelgro, negro, is in the county jail here facing charges of manufacturing intoxicating liquor following his arrest Monday night by members of the sheriff's department at the A. F. Conley farm home about five miles southwest of here. A small amount of liquor and a crude still were taken in charge by officers, they said.

The plant, in full operation when officers arrived, was in charge of the negro, officers said. A quantity of mash was destroyed Tuesday when officers returned to the farm for further investigation.—Lubbock Avalanche.

A. J. Burnett, student at Draugh-ter's Business College, Abilene, has returned home until the first of the year.

Miss Ruth Hill, who is attending business college in Lubbock, was a week end visitor to her friends and relatives here.

Glenn Webber, student in High School at Hereford, spent the week end here with his parents, Mr. and Mrs. G. S. Webber. He was accompanied on his return there Sunday afternoon by Messrs. Ben Hilyard and Walter Bond, who motored as far as Lubbock with him.

John Gathings left Saturday for San Antonio, where he will again enter the W. O. W. hospital for treatment. John came in recently looking 50 percent better, with almost his old time weight, and said he would remain down there this time until he is permanently cured.

The Farmers Gin at Barstow burned last week with an estimated loss of \$20,000.

The superintendent of the Abilene public schools was elected president of the State Teachers Association at the convention at El Paso last week.

COUNTY TREASURER'S QUARTERLY REPORT

In the matter of County Finances, in the hands of Mrs. Lula Smith, Treasurer of Terry County, Texas.

Commissioners' Court of Terry County, Texas, in regular session, of the November Term, 1926.

We, the undersigned, as County Commissioners within and for said Terry County, and the Hon. H. R. Winston, County Judge, Terry County, constituting the entire Commissioners Court of said County, and each of us, do hereby certify that on this, the 8th day of Nov. A. D. 1926, at a regular term of our said Court, we have compared and examined the report of Mrs. Lula Smith, Treasurer of said Terry County, Texas, for the period beginning on the 1st day of Aug. A.D. 1926, and ending on the 31st day of Oct. A.D. 1926, and after finding that her report was correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said court, which said order recites separately the amount received and paid out of each fund by said Treasurer since her last report to this Court, and for and during the time covered by her present report, and the balance of each fund remaining in said Treasurer's hands on the said 31st day of Oct. A.D. 1926, and have ordered the proper credits to be made in the accounts of said County Treasurer, in accordance with said order as required by Articles 1448-1449-1450 and 1451, Chapter 1, Title 29 of the Revised Statutes of Texas.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in the hands of said Treasurer belonging to Terry County at the close of the examination of said Treasurer's Report, on this the 31st day of October A.D. 1926, and find the same to be as follows, to-wit:

JURY FUND		Dr.	Cr.
Balance on hand as shown by Treasurer's Report on the 31 day of July, 1926		2759.16	
To amount received since said date		77.65

Total		2836.81	2836.21
ROAD AND BRIDGE FUND			
Balance on hand as shown by Treasurer's Report on the 31 day of July, 1926		O. D. 481.33	
To amount received since said date		2830.72	
By amount disbursed since said date			1397.37
By amount to balance			960.00
Total		2830.72	2830.72

**PRIDE SCHOOL WILL
OPEN DECEMBER 6TH**

According to an announcement made Tuesday by Supt. Lee Cargile, the Pride schools will open Monday morning, December 6th for the 1926-27 term.

The school is opening late due to the fact that a majority of the students have been kept in the cotton fields, but no time has been lost at the Pride schools, as a summer session was held which began on August 23rd after crops were laid by and continued for sixty days which will allow them a full eight months term and at the same time enabled the students to help gather the enormous cotton crop.

The Pride school is one of the best in that section and always try to live up to their name which was demonstrated on September 4, when the trustees, George W. Lightfoot, president, C. D. Hanes, secretary, R. E. Miller, met with others who were interested in the school and gave the teacherage and all buildings a new coat of paint and made other necessary repairs.—O'Donnell Index.

**AGED 'BURBANK OF TEXAS'
DIES FROM FALL**

COLEMAN, Nov. 22.—H. A. Halbert, 77, of Coleman, died here at 10 p. m. Sunday as the result of injuries sustained about a month ago in a fall from a pecan tree.

Halbert was oftentimes referred to as the "Burbank of Texas" by reason of his plant propagation work, the perfection of the Halbert pecan and the Halbert melon. One of his latest works was the propagation of the English walnut to the native walnut stock of Texas. It was in a fair way to success and other nurserymen were accepting it when death came.

Halbert had also attained wide fame as a weather forecaster.

**WILD TURKEYS PUT ON
HASKELL RANCH**

HASKELL, Texas, Nov. 22.—A large number of wild turkeys were turned loose last Saturday on the Ballard ranch, 10 miles east of Haskell which is a state game preserve. The birds were shipped to Haskell from Kerrville. A number of Haskell citizens witnessed turning them in the game preserve.

UNUSUAL BIRD AT COLEMAN

COLEMAN, Nov. 24.—J. J. Arthur, Coleman farmer, may not get any blue ribbons at the Coleman County Poultry Show that opened Wednesday in the Pool building, but he will carry away the distinction of having the most unusual exhibit. His exhibition is a bird that is half guinea and half chicken. It has feet like a guinea, its head resembles that of the American eagle, but its feathers furnish conclusive proof of its guinea ancestry.

Arthur says that the mating of the guinea was with a Bramal rooster and that from a number of eggs preserved he raised only the one specimen. He intended to exhibit it at the recent State Fair at Dallas, but it was too young.

Long Remembered

Think! Will the gifts you give soon be gone and forgotten?

If they are beautiful Hotpoint gifts, they will be reminders of the giver every day through long years of usefulness.

SOME gifts you might give loved ones at Christmas would last several happy days. Some would become old or worn out and forgotten in a few months.

Hotpoint Percolators, \$10.50 to \$36.50

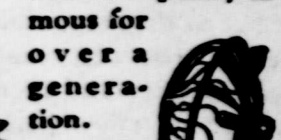

De Luxe Curling Iron \$7.50, Others \$2.95 up

Yet Hotpoint gifts may be quite economical. There are suitable Hotpoint gifts for as little as \$2.95 — or as much as \$455.00. Each is an unequalled value at its price and of a quality famous for over a generation.

Deluxe Traveling Iron Set, \$6.95

Hotpoint gifts on display. Come in early while our stock is complete.

Heating Heaters \$5.75 up

Hotpoint

CARBON MONOXIDE DANGER

Chill days intensify the danger of poisoning by carbon monoxide, a gas which is generated in automobile motors. Some of the types of automobile heaters employ heated gases from the exhaust, and should these heaters become defective it is possible for them to admit the deadly carbon monoxide in sufficient quantities to affect persons riding in a tightly closed car. Another danger lies in the practice of "warming up" the motor in the home garage, where there is not enough ventilation to dissipate the gas.

Carbon monoxide is one of the most poisonous of gases. It is practically odorless, and the first warning is usually the collapse of the person affected. It is always dangerous to run an automobile motor indoors.—Star-Telegram.

**TEXAS STEERS WIN AT
ROYAL SHOW**

Showing against the keenest field of Hereford cattle ever assembled at the American Royal Stock Show at Kansas City, the steers from the herd of C. O. Keiser won fourth and sixth places in carlot class when the judging was completed Tuesday.

"Never has such a fine bunch of steers been assembled at the Royal," stated S. M. Downing this morning on his return from the show. "The Keiser steers won over such outstanding consignments as those from the Kansas State Experiment Station and from the herds of many of the outstanding breeders." Mr. Downing was highly pleased with the showing made by the Randall county cattle.

Texas has seldom been represented in the fat steer class, in which the Keiser steers were shown, and the record of this win is another victory for the Panhandle cattle, and the Panhandle products on which the steers were very largely fattened.—Canyon News.

Material is now all here for the new courthouse, including the fountain bowl, which has been delayed so long. It is thought that all work will be finished in the next two weeks.

Geo. Snodgrass is back on the carpenter job at the courthouse to give the buildings some finishing touches, most of which is the railings of the stairways.

Graham—Chamber of Commerce instrumental in promoting and building new road on Slater Hill, six miles north of here.

**SHUT THE SENATE DOOR
IN THEIR FACES**

Now that Senators-elect William S. Vare, of Pennsylvania, and Frank L. Smith, of Illinois, have demonstrated to their own satisfaction that seats in the United States Senate can be purchased from the electorate if only one has the requisite amount of cash to plunk down on the counter before primary elections, the Senate faces the question of what's to be done about it.

All America is interested in the answer reached by the other Senators, as it was when another Senate refused to seat Mr. Newberry. And it is to be hoped this Senate will not fight the question out on party lines. It is not a party question.

If the Senate is to maintain the comparatively high position it occupies in the opinion of American citizens, that august body must make known that it will not permit Senate seats to be knocked off at auction to the highest bidder.

The Senate may not solve the problem for a year, or it may solve it when it is organized. Two opposing views are taken of the manner in which the question is to be attacked.

Senator Borah, of Idaho, maintains Vare and Smith must be seated and that a subsequent resolution to declare their seats vacant will require a two-thirds vote.

Senator Norris, of Nebraska, and Ashhurst, of Arizona, say Vare and Smith may be denied seats when they present their certificates and that a majority vote will be necessary to exclude them.

But discussion of the manner in which the Senate is to act should not be allowed to cloud the real issue. May nominations be purchased and the processes of government corrupted while Congress sits by and watches?

American politics is in great need of a thorough cleansing. The Senate should start the bath by refusing to only a majority vote will be necessary to exclude them. seat Vare and Smith.—Ex.

The Bon Ton Bakery has received a consignment of their new bread wrappers, which gives Brownfield bread individuality. They are very nice and give the loaves a neat appearance.

Wheeler—Meek & McCrohan gin in operation.

Levelland—Presbyterian church under construction, on North Ave.

Farwell—Several streets being repaired.

TOYS! TOYS!

You will find a full line of Toys of almost every description, Dolls, Doll Buggies, Wagons, an other things to numerous to mention. Gifts for grown ups as well as children. Come and see what we have.

It is reported that at least Dan Moody will comply with the Baptist Convention resolution that there be no dancing during the inauguration, for it is said that Dan cannot "hit a lick." But nothing was said about friend wife's ability to Charleston.

A witness before the investigating committee down at Austin last week testified that Jim and not Ma was doing most of the pardoning. We have been thinking for some time that some of the excuses for pardoning convicts appeared rather "thin."

That there will be a radical change in the method of farming in this section next year, and for years to come is doubted by no one. Already farmers with no pigs and chickens are getting them, and in a few years a farm here without them will be an exception rather than the rule.

Some people have an idea that Christmas Seals are put out by the American Red Cross, but they are the product of the National Tubercular Association, and from the proceeds of them, or at least most of the proceeds in Texas are used in combating bone tuberculosis in children. But no matter who puts them out, the proceeds are certainly used for a worthy cause.

Well, Santa Claus month has arrived, and on account of present conditions many are talking a dull Christmas. We have heard dull Christmas discussed ever since we can remember about this time of the year, but in the main, they are about all the same. Just about this time of year the mammas and papas begin to tell the children "that we are hard run, and Santa won't be apt to come," but generally does the same. Anyway, such talk always reminds us of that popular cartoon "When a Fellow Needs a Friend."

We notice that Queen Marie of Roumania is returning to the bedside of her husband who is seriously ill. The queen is no doubt a remarkable woman and it was nothing but right that the United States should extend all the courtesies necessary to a visiting ruler but for a democrat-

ic country it seems to us there was an undue amount of adoration shown her while visiting in this country. We wonder if our President should visit Rumania he would be received with so much enthusiasm.—Miami Chief.

Sure, Haynes. When President Wilson visited Europe, his every appearance on the streets or in any public place was a signal for cheering throngs to begin a new demonstration. Let's not let Europe be more courteous than we.

It is not how much you give for the promotion of religion and the assistance of your fellow men that counts in heaven. It is how much you have left and whether you gave for Christ's sake and for love's sake or for your own sake. Again, to give to keep God from punishing you for not giving is not worth much, for such givers if they thought they could escape the punishment would not give at all. When you do all you can, lovingly and cheerfully you are as near like the Lord as you will ever be in this world, and you will in your own heart be conscious of His approval whether anyone else approves or not. Think it over and remember, the big thing about any deed is the prompting motive.—Jay-ton Chronicle.

The Republican papers of the country are making much ado about the fact that President Coolidge and Mrs. Coolidge went all the way to their home precinct in Massachusetts to cast their votes instead voting by mail as they could have done if they had so minded. They hold his example up before the people as the act of a true patriot and call upon other people to emulate his example. All of which is mighty fine and on the surface commendable. But they fail to call attention to the fact that the whole expense of this unnecessary trip was paid by the government and that it cost taxpayers of this country just a little more than \$600 for the president to go to Massachusetts to use his influence for the election of his favorite senator, Mr. Butler. And while upon the subject of traveling expenses, it might be interesting as well as instructive to call attention to the fact that "economical" Calvin Coolidge has spent more for traveling expense than any other president who has occupied the White House. Congress appropriated \$25,000 for his traveling expenses for the year and the amount is already practically exhausted.—Lovington Leader.

THE SENTINEL PRESS HAS A BREAKDOWN

Quite a bit of copy in the Sentinel this week was prepared for last week's issue, but on account of a broken press we were unable to publish a paper last week. Although we wired immediately for the extra parts we could not get the press repaired until too late to get a paper. We trust this explanation will be sufficient to our subscribers.—Seminole Sentinel.

\$ —A GOOD BANK— \$

A good bank possesses strength over and above the satisfying figures of a financial statement. Our resources, banking affiliations, or our strong vaults do not contain all that makes this bank a constructive power in the community.

The officers and staff of this bank who give daily their best efforts to express our ideals of courteous service and in their acts express appreciation of our customers; the friends we have and the friends we make; these are human assets of incalculable worth. We are anxious to make more friends and invite your business.

Conservative Accommodative Appreciative

RELIGION NOT HINDRANCE TO GOVERNOR SMITH

There is an effort to make it appear that the opposition to the nomination of Governor Al Smith is based solely upon the fact that he is a member of the Roman Catholic Church.

There is a great deal of prejudice of various kinds over the U. S. but very little that could be properly called religious prejudice. If the opposition to Governor Al Smith is really based upon his religious convictions, why is it that many of his opponents are warm admirers of such Catholic public men as Senator Thomas J. Walsh of Montana?

An editorial in the Chattanooga News discusses this question in a frank, illuminating way. The editor says, "Basically, the real political objections to Governor Smith are that:

First, he is a product of Tammany Hall.

Second, he is dripping wet.

Third, he is in alliance with the reactionary element of the Democratic Party.

Fourth, he is New York-minded."

The fourth objection cited by the Chattanooga News touches a tender spot and in order to avoid any controversy with the champions of our overgrown metropolis, we call attention to the fact that the following is a quotation from the News:

"This last objection alone should render him unfit for the White House for New York City is the great blind spot of the nation. It is not really an American city * * * It is a conglomerated mass of unassimilated immigrants, a dissatisfied second generation, and a scattering of native born."

The News specifically and emphatically declares that it is not in favor of the political proscription of Governor Smith because he is a Catholic, that it would support other outstanding Catholic Americans but that it does not find it possible to approve the proposed nomination of Governor Smith.

So far from Governor Smith's Catholicism being a hindrance to his political aspirations, it is being used as the sole and only reason for the nomination of a man whose Tammany connections and wet record have made him unfit for the White House.—Exchange.

Jno. C. Scudday was in this week from his ranch in the Tokio section and reported that he had recently sold his stuff and had the worst cut back in all his experience, 4 out of 12 being a 33 1-3 cut-back. But it was cotton, not cattle. He got 8c for 8 bales and less for the balance. This was an old time cattleman's way of expressing himself.

Fred Scudday of Sweetwater, popular barber of that city, is up this week visiting his parents, Mr. and Mrs. John Scudday of the Tokio community. Fred said this was the first vacation he had taken in about two years, and he seemed to be enjoying it.

Miss Marie Bell came in this week from O'Dessa, where she has been for several weeks visiting her sister, Mrs. Pegues.

LIVING BEYOND THEIR MEANS

It has become a notorious and well established fact that while the Federal Government has reduced taxes and been living within its budget, the average local and state governments live far beyond their means.

Department of Commerce figures show state governments spending money faster than they collect it, and out of 48 states only 17 kept within their budgets in 1925.

Terry county had ginned 9,801 bales of cotton up to November 22 compared to 5,368 at the same time a year ago, but the way some of the farmers are talking, they are about done since the last sandstorm, which not only wasted a lot of it but blew the dirt into it so bad it ruined the sample. Some have already turned their cattle in on it.

Luther French of the Lou county was in recently and asserted that the sandstorm done considerable damage in his community last Thursday. He thinks it the worst at the time of year he ever saw.

R. C. Cox, prominent farmer of the Tokio community wrote us recently enclosing a dollar for renewal saying he did not have time to come in and personally renew. Others might follow suit, as we will be just as well pleased with the renewal whether it be by person or mail.

J. C. Preston, one of our southeast corner readers, who gets his paper on an O'Donnell route, sent in his renewal recently.

Headache dizziness

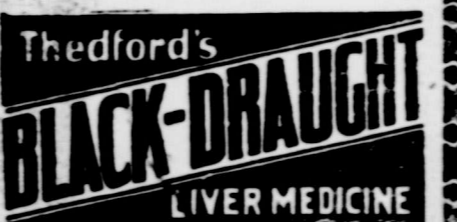

"I HAVE headache once in a while, usually coming from constipation or torpid liver," says Mr. L. A. Morphis, of Pottsville, Ark., "and the very best remedy I have found to correct this condition is Thedford's Black-Draught. It acts quickly and easily, and it just can't be beat."

"Black-Draught is the very best laxative I have found. I always feel so much better after taking it."

"My wife takes Black-Draught, too. For dizziness, costiveness and any little stomach disorder, we find it most satisfactory, and consider Black-Draught a family medicine."

Constipation, with an inactive liver, locks up poisons in the body and allows them to do their dangerous work.

Being purely vegetable and containing no harmful drugs, Black-Draught acts gently, helping the system get rid of impurities and preventing serious sickness. Get a package today. Sold everywhere. 25 cents.

Look Out

I will be in Brownfield about Jan. 1st with two car loads of good mules, 4 and 5 years old, and a few good cow ponies to trade and sell. Will take in feed and old automobiles to wreck, and will trade for or buy a location some place in town on which to locate my business. Will also lease a section or two of grass land to use with my business, so please see me before you buy. I expect to sell and deliver teams a hundred or two miles around. For further information from anyone write me at Artesia, N. M.

R. B. KNOWLES

The man on the street knows the report that Henry Ford has built fourteen million cars is an understatement. He is sure he has dodged away from more than that number.

A French astronomer says this is the only inhabited planet and that some day all life on it will freeze to death. Our miners, at that rate, are merely helping along the inevitable.

Chicago and Tampa have adopted curfew laws, which seems to prove that parents in those cities are unable

to control their children.

July was bargain month in the Los Angeles divorce courts. Just 98 were issued. Ninety-six of the divorces were granted because of cruelty. Cruelty on the coast is anything from talking about your wife's relatives to bawling her with a soft tomato.

The striking Chicago musicians have doubtless sent out a strong arm squad to tear up the incoming radio waves.

BOYS AND GIRLS TO MEET IN WASHINGTON NEXT JUNE

Holding of a national farm boys' and girls' club camp in Washington, D. C., June 16-22, 1927, was announced by the United States Department of Agriculture to-day, following presentation of the plans for the camp to the extension section of the Association of Land-Grant Colleges which is meeting here this week.

The boys and girls attending this camp will represent the 600,000 or more members of the farm boys' and girls' clubs conducted by the cooperative extension service of the United States Department of Agriculture and the State agricultural colleges. The boys and girls in these clubs are engaged in carrying on practical demonstrations in better methods of farming and homemaking. Among the leading lines of club work are growing corn, potatoes, cotton and other crops, pigs, beef and dairy calves, and poultry, clothing construction and care, food preparation and preservation, and home improvement.

Each State in the entire country, according to the plans for the national camp, may select two boys and two girls as representative club members to attend, making a total of nearly 200 young people who will come to Washington for the occasion. The delegates will be accompanied by a member of their State agricultural extension service in charge of club work in the State.

The object of the camp is to provide an opportunity for a country-wide discussion of the problems met in carrying on extension work in agriculture and home economics with boys and girls on the farm, and of ways by which the work may be expanded in order to make it possible for a larger portion of the 11,000,000 or more rural young people to have an opportunity to participate in club work if they desire.

A seven-day program has been outlined for the camp. Each morning, following the customary camp exercises of flag raising, setting-up exercises and a swim, there will be addresses in the assembly hall of the New National Museum by persons prominent in governmental affairs on matters of national interest. There will be both junior and adult conferences and joint meetings of the groups on questions presented by members of the camp.

Time is provided on the camp schedule for educational trips about Washington which will enable the boys and girls to become better acquainted with the organization of the Government and the work of its various branches.

Evening programs for the week include a national 4-H radio night, a concert by the U. S. Marine Band, a candle lighting ceremony and council circle conducted by the club members and a banquet.

It is expected that it will be possible for both junior and adult club leaders to camp on the grounds of the Department of Agriculture.

Need for a camp of this character has been felt for some time by those engaged in extension work with farm young people and was requested by the extension section of the Association of Land-Grant Colleges at its 1925 meeting. The club members in attendance will be selected to represent the interests of young people on the farm in the discussion of rural life problems at the camp. They will also have an unusual opportunity for special training in leadership.

Club members in several States have already adopted plans to provide money for sending their representatives to the camp and in a number of other states they are considering methods and expect to begin work shortly.

The first tramp printer in several months passed through Friday on his way south, having come he reported from Sudan, Littlefield and Level-land. Yes, broke as usual.

T. C. Brown and brother, of Post, were over this week visiting their mother, Mrs. J. C. Brown, and attending business matters here.

J. C. Casey, of Tokio, passed through Monday on his way to Lamesa as a witness in the Hill case which comes up there this week.

C. C. Copeland, of Yoakum county was in last week, and hollered "enough" on his hog ad. Could have sold a lot more he said if his hogs had held out.

When camera men wanted to photograph Vice President Dawes in his fishing garb before leaving on a fishing trip he retorted: "What do you think I am—President Coolidge? If President Coolidge wants to pose for fishing pictures, all right, but I won't." We'll bet, now, that if Helen Maria catches a long string of fish he will be remorseful and let the newspaper boys get his picture.

In 1925 Chevrolet astonished the automotive world by attaining an annual production never before reached by any manufacturer of gearshift automobiles.

Yet, so spectacular has been the increase in demand for Chevrolet cars, that a new and even more brilliant record is the climax for 1926.

Thus, for two years in succession, Chevrolet has broken all its previous records and has set a new mark in automotive history. This splendid achievement re-

sults from a steadfast adherence to the fundamental Chevrolet policy of building a car of the finest possible quality to sell at a low price.

That the vast majority of buyers now demand a car of this type—and that Chevrolet has been successful in building such a car—possessing the highest degree of smooth performance, smart appearance, and economical operation—is proved by Chevrolet's success during the year now drawing to a close. Come in and see this record-breaking car.

ROY HARRIS, Agt.

PETROLEUM AND PETTICOATS

A prominent oil man, in discussing the future of the petroleum industry, says: "No matter how earnestly we may desire, we cannot recover and utilize a greater supply of petroleum than exists.

"The miser, hoarding his gold, may fall upon the day when it will have lost its value.

"Tomorrow may not need our petroleum; and if it does, it may discover that it has more than it needs. Our duty, in the light of our present knowledge and understanding, is to use it with reason and moderation, to apply the most effective methods of recovery, refinement and utilization, and to avoid parsimony that by paralyzing effort and preventing progress, might easily produce disastrous consequences.

"A few years ago cotton was woven into cotton fabrics. Then fashion insisted on silks—and so today cotton and wool pulp are combined and woven into the superior product of rayon, or artificial silk.

"Likewise, a little while ago, the most important petroleum product was kerosene.

"Precisely as new fashions enabled the women to get more dresses per bale of cotton so new mechanical methods have enabled the motor cars to get more miles per gallon of gas. Styles have changed, that's all, in motors and in petticoats. But can anybody imagine law and regulation bringing such revolutions into the textile and petroleum industries? Nothing on earth except the untrammelled working of taste, inventiveness, ingenuity and free economic forces could have made these things possible."

J. L. Randal went to Lamesa Monday to attend District Court, being a witness in the case of State vs. J. R. Hill.

D. W. Rosenburg, of Rochelle, Ill. is here conducting a sale for Lewis Bros. Co. Note their page ad in this week's issue.

Dr. Frank C. Scott, eye, ear, nose and throat specialist of Lubbock, was down Monday morning early. He always finds work waiting for him here.

A friend reported to us this week that he had a phone conversation with a friend at Waxahachie the day after the big storm here last Thursday, stating that it was just as bad there as he ever saw one in West Texas. The Star-Telegram report of it in Fort Worth would also lead one to believe that it was no gentle zephyr there.

Tulia—Swisher County American Legion plans to build hall here.

ANSWERED PRAYER SOONER THAN EXPECTED

When Judge Hall requested Rev. G. S. Harmon of Hattiesburg, Miss., to open the fall term of court with prayer on October 11, the reverend gentleman prayed thus:

"O, God, grant that this court and this jury may do their duty without flinching. Let them deal justice to the rich and the poor alike."

Less than a week later Rev. Harmon confessed forging the signature of friends to notes amounting to \$35,000, and four weeks later Judge Hall sentenced him to ten years in the penitentiary.

This case presents another of those peculiar instances of human behavior which are baffling to the understanding. Here was a beloved and respected minister of the gospel, with a long record of upright conduct and helpful service, gone wrong after he had passed his sixtieth year. He goes to prison at the age of 63.

He received his sentence without flinching. His prayer was answered.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Yoakum county, Greeting:

You are hereby commanded to summon J. F. Merritt, Ella Merritt and M. Whitley, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court of Yoakum county, to be holden at the court house thereof in Plains on the fourth Monday in December, A.D. 1926, the same being the 27th day of December A.D. 1926, then and there to answer a petition in intervention filed in said court by H. E. Byrne on the 3rd day of November A.D. 1926, in a suit numbered on the docket of said court No. 154, wherein J. F. Merritt and wife Ella Merritt are plaintiff and M. Whitley and C. O. Austin, Commissioner of the Department of Banking are defendants, and said H. E. Byrne is intervenor alleging in said petition that he is interested in the subject matter of this suit, and has a cause of action against the plaintiff J. F. Merritt and wife Ella Merritt, and against the defendant M. Whitley and against C. O. Austin, Commissioner of the Department of Banking of the State of Texas.

That this suit was filed in this court on the 13th day of November A. D. 1920, by plaintiff J. F. Merritt and wife Ella Merritt against the defendant M. Whitley, in which the plaintiffs sought to recover of and from the defendant 160 acres of land situated in Yoakum county, Texas, and being the Southeast one fourth Section 634, Block D., John H. Gibson original grantee, alleging that the defendant M. Whitley had secured a deed to said land by certain false and fraudulent representations seeking to have said deed cancelled and set aside, and that all contracts pertaining to same be rescinded.

That on or about the 28th day of March 1921, the Security State Bank of Fort Worth, Texas, filed in this cause its plea in intervention in which said bank alleged among other things that before the commencement of this suit, to-wit on the 5th day of June A. D. 1920, the defendant M. Whitley was, and now is justly indebted to said bank in the sum of \$4,000.00, as evidenced by his one certain promissory note for said sum of money executed by the defendant M. Whitley and payable to the order of R. A. Cox, due on or before two years after date, and at the same time of the execution and delivery of said note, the said M. Whitley also made, executed and delivered a certain deed of trust against the above described land and premises to secure the payment of said note, and the Security State Bank also alleged that said note and deed of trust had been thereafter transferred to it for a valuable consideration and that it had no actual or constructive notice of the fraud as alleged by the plaintiffs in their petition.

The intervenor, H. E. Byrne, also alleges that after the note and deed of trust referred to in the plea filed by the Security State Bank, was transferred and assigned to said bank that it became necessary for the intervenor H. E. Byrne, to take said note out of said bank and pay said bank a sum of money equal to said note, that the intervenor H. E. Byrne was at that time president of said bank, and that he took aid note out of said bank and paid in lieu thereof a sum of money to said bank equal in value to said note, and that by reason thereof the intervenor H. E. Byrne became and has been at all times since, the legal owner and holder of said note, and is entitled to a judgment on said note and a foreclosure of his lien against defendant M. Whitley, and the plaintiffs J. F. Merritt and wife Ella Merritt and C. O. Austin, Commissioner of Banking of the State of Texas, and the intervenor prays for judgement, that the plaintiffs take nothing by reason of their suit and that he have judgement against M. Whitley for the principal, interest and attorney's fees due on said note and for foreclosure of his deed of trust lien against the above described land and premises as against the plaintiffs and the defendants in this suit, and for the cost of suit and general and special relief.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Witness W. H. Hague, Clerk of the District Court of Yoakum County.

Given under my hand and seal of said Court, in the town of Plains this 3rd day of November, A.D. 1926. (12-3) W. H. Hague, District Clerk, Yoakum County, Tex.

PUT UP STORM WINDOWS

The north wind doth blow! But you won't feel it as long as your windows are equipped with our interlocking weather-strips, or storm windows. They pay for themselves in coal saved the first winter you use them. The small investment required fades into insignificance compared to the comfort and health they will mean to your family.

CHARMING BRIDGE LUNCHEON

On Wednesday afternoon, November 24th, Mrs. J. H. McKinney was a gracious and charming hostess, when friends enjoyed a Thanksgiving Luncheon and Bridge, in honor of the hostess' two first callers 2 years ago, Mrs. W. A. Bell, and Mrs. Earl G. Alexander. Guests responded to the invitation and arrived at four o'clock. The home so attractive at all times, was extremely festive in appearance on this occasion. Exquisite taste was evident throughout the entertainment. Tables bearing a tall red candle in holders, with place cards and dainty nut baskets of beautiful colors were conveniently arranged in the receiving rooms. Guests admired the Thanksgiving Birds, which adorned the cards, baskets and tallies. Dainty satin ribbon streamers in pretty yellow were used to tie the Turkeys to the baskets which were filled with assorted nuts and figs. Place cards bore the inscription—

"Honor of Mrs. W. A. Bell
Mrs. E. G. Alexander."

Luncheon in two courses was served guests by the hostess and her competent and painstaking assistants Mrs. Berry, Miss Mauryne Berry, and Mrs. W. H. Collins. Candies were lighted and shades drawn. Gay flowers in brilliant hues were used in decorating. The tempting and delicious luncheon was an evidence of the wonderful ability of the hostess. Turkey dressing, peas in potato nests, fruit salad, olives, cranberry squares, celery curls, midget hot rolls, coffee and whipped cream, made the first course served. Following this was Angel cake in squares of generous size bearing aloft a turkey stick up, and custard-topped with whipped cream and nutmeg.

Bridge was the usual pleasure of the guests. Game progressed and scores compared, Mrs. McDuffie received a beautiful blue vase for high score; Mrs. Bell was presented with a lovely and unique 'basket and bird,' for second high. Honorees were further complimented in a few words by the hostess and each accepted a comely in colors of green and amber, as special guest remembrances. Kind and appreciative acceptances came from the guests of honor. This event was a marked success and Mrs. McKinney proved herself a happy and wonderful entertainer. Enjoying this festive afternoon of Thanksgiving joy were, Mesdames, E. Alexander, Bell, Fred Smith, Copeland, Wingerd, Miller, King, Michie, Henry Alexander, Shelton, Bowers, Berry, Collins, McGowan, McDuffie, May, Dallas and Miss Berry.

MASTER LOGAN REDFORD CELEBRATES BIRTHDAY

Logan Redford entertained a number of his classmates and friends, Saturday, November 27th in honor of his 10th birthday.

FOOT BALL BOYS AND THEIR MOTHERS ARE BANQUETED

Thanksgiving evening, 8 o'clock, the foot ball men and their mothers, with the coaches, Lewis and Tannery and escorts enjoyed a sumptuous banquet in the spacious dining room of the Hotel Brownfield. Covers were laid for thirty-six.

The long extension tables were laden with an appetizing and wholesome repast. Mothers and sons were seated and visited throughout the banquet. This was a compliment both to the mothers and the boys, for a mother appreciates her son and his achievements far more than is often expressed in words. Toasts were given at the conclusion of the feast by Coach E. D. Lewis, Coach F. Tannery, and Mrs. W. H. Collins. The Captain of the 1926 football team, James H. Dallas, presented gold football charms to the coaches for their earnest and conscientious work thru the season. He said, "The team has done their best, but we have had splendid coaching, and in behalf of the boys, I present to our 1926 coaches, Mr. Lewis and Mr. Tannery, these gold foot balls with our sincere appreciation and best wishes." Mr. Tannery expressed in beautiful and loving terms the regard a boy holds for his mother in his toast "Our Mothers" Mrs. Collins gave, "Toast to Our Boys"—

"The joy of life my boy is living it. And doing the things worth while. God give us boys."

A time like this demands strong minds, Great hearts, true faith, and ready hands.

Boys who possess opinions and a

will Boys who have honor, and boys who Will not lie.

Every mother I know wishes for you A blessing, a joy, all your life through."

Mr. Lewis in sincere and kindest words expressed himself as having thoroughly enjoyed the boys and their efforts this year. He gave a heart to heart talk to the boys, enumerating the plays of the season, their position and the work done, complimenting their efforts and urging them to better records. Earl Ball was the first man to receive his magoon and white sweater, bearing an imposing "B" on the left. Fourteen boys were made happy and proud to have earned this recognition. "Actions speak louder than words," and this was observed as they left the banquet hall; the occasion had brought them happiness and a reward.

At the banquet were Kendrick, Scudday, Burson, Graham, Collins, Cousineau, Lewis, Ball Tannery, Ballard, Goodpasture, Bynum, Dallas, Coaches Tannery and Lewis, Misses Easley, Tannery and Cox.

SEXTETTE OF HOSTESSES GIVE THANKSGIVING PARTY

Guests and club members of the Maids and Matrons Club, enjoyed very much the lovely entertainment provided for them on Friday afternoon at the home of Mrs. James I. Miller. The hostesses were, Mr. Miller, Mrs. King, Miss Nancy Dumas, Miss Elizabeth Dumas, Miss Jeffrie and Miss Bell. The afternoon, beautiful one, was in perfect accord with the happy and gay greetings, and the play of progressive "Forty Two." Seven tables accommodated the players and merriment ran high for some time. Thanksgiving baskets, (work of pupils in school) were filled with sweets, which were enjoyed during the play. Mrs. McGowan received a decorated plate a high cut prize. Miss Treadaway having drawn low received a prettily decorated incense burner. Table prizes were cut glass vases in pretty patterns. These were drawn by Mrs. Ray Brownfield, Mrs. McGowan, Mrs. A. M. Brownfield, Mrs. Stricklin, Mrs. Ellington and Dallas and Harris.

The charming hostesses served a variety of delicious eatables which accentuated the Thanksgiving season.

Club members attending were Mrs. Bowers, Mrs. M. L. Copeland, Mrs. John B. King, Mrs. Wingerd, Mrs. McGowan, Mrs. Stricklin, Mrs. Lewis, Mrs. Ellington, Mrs. Bell, Mrs. Adams, Mrs. McKinney, Misses Dumas, Bell, Easley, Jeffries and Mrs. Miller.

Guests other than club members were Mesdames A.M. and Ray Brownfield, A. M. McBurnett, Tiernan, R. L. Harris, Radford, May, Fred Smith, McSpadden, Misses Treadaway, Su-Crawford, Aileen Phillips and Mrs. Dallas.

The salad plate served was made up of creamed chicken in shells, pear and cheese salad, topping of delicious dressing and pimento square hot rolls, stuffed pickles, hot coffee.

FORMER BROWNFIELD TEACHER CALLER FRIDAY

Miss Mildred Hulsey, English teacher, in High School, during the Superintendency of Mr. G. L. Farrar and who is employed in the Semino. Schools at present, was a welcome caller on Friday afternoon. Miss Hulsey, a popular teacher and friend during her stay in the city, has many friends here and plans to visit Brownfield in the near future. Miss Hulsey and a cousin Mr. Hulsey were returning from a visit to the renowned Carlsbad Cavern in New Mexico.

MISS MARY THELMA COPELAND ENTERTAINS

At the home of her sister, Mrs. Floyd Fry, Miss Mary Thelma Copeland entertained with a delightful party on Friday evening, November 26.

The Junior class and other guests (members of the High School classes) were included in the pleasures of the evening. The hostess and her sister spared no pains in making this a eventful occasion. Fun and frolic began as they arrived in the home and was continuous throughout the evening.

About 35 young people enjoyed the entertainment of 42 and Bunco, which ended in partaking of delicious refreshments.

P. T. A. BENEFIT PARTY

On Friday night a quartet of ladies, composing Miss Aileen Phillips Mesdames Lewis, Holgate and Dallas, members of the Parent-Teachers Association will entertain with a benefit "42" party for the P. T. A. This is to be one of many similar functions sponsored by the workers

in this society. The school playgrounds have been improved by the purchase of needed equipment, and it is a splendid investment for the children as teachers testify. It is the hope of the Parent-Teachers Ass'n that our public will be anxious to help in this worthy cause. Please accept the invitations and contribute your support and enthusiasm for the interest of our schools.

FEDERATED MISSIONARY SOCIETY COMPLIMENTED

This was an afternoon of profit and pleasure combined for the ladies representing the Missionary work in their respective churches. The home of Mrs. E. R. Woodriddle was used for this assemblage and found the comforts of this hospitable home all that hearts could desire. The brief program was in the charge of Mrs. H. O. Longbrake. Mrs. J. G. Thomas read very carefully and beautifully the fourteenth chapter of St. John, with helpful comments that were appreciated very much by her hearers. This was followed by prayer.

"Sunset in the Valley," piano solo, was played by Miss Rebecca May, in her usual grace and expression.

"Words of Welcome"—Mrs. G. S. Webber, president of the entertainment in Society, was pleasing indeed and made the guests feel glad to have a part in this movement of Church Federation, where social contact is made beneficial.

"Whispering Hope," the old but sweet song loved for so long, was given by Miss Treadaway in a wonderfully sweet voice.

Election of officers followed the program. Mrs. J. G. Thomas elected president, 1927; Mrs. C. E. Ball, vice president; Mrs. Simon Holgate, secretary and Mrs. Tom May, treasurer.

Prior to the serving of refreshments, Mrs. Woodriddle gave two readings, "The Orthodox Team" and "Saracota Snooks."

Refreshments of delicious fruit trifle and whipped cream was served with various kinds of cake.

The new officers will have the support of the membership for the new year and it is hoped that much good may be derived from this association. Many helpless families have been aided and the sick have received attention during the closing year.

MRS. WINGERD HONORS HER GRANDMOTHER WITH DINNER

On Monday Grandma Daugherty celebrated her seventy-fourth birthday in happy spirits, with friends in the home of her granddaughter, Mrs. Roy Wingerd. "It is somewhat written that the virtues of the mothers shall, occasionally, be visited on the children and yea the grand children, (as well as the sins of the fathers—)" Many virtues we know are Grandma's, and doubtless these blessings are being handed down to the children and grandchildren.

There is something inexpressibly sweet and sacred in what the world sees in beautiful years and age.

After many years of strength and energy tis' beautiful to see age calm and serene, able to love and blessed with devoted children, who care and administer to her wants.

The day was a perfect day of sunshine within and without. Friends enjoying the day with Grandma were Grandma Lewis, Grandma Bragg, Mrs. Lovelace, Mrs. Hulsey, Mrs. Dumas and Mrs. O'Conner.

DELIGHTFUL MORNING PARTY

Many parties have been given during the past week, but none more enjoyable than the delightful morning party on Friday at 10 o'clock. Two of Brownfields charming Matrons, Mrs. Baldwin and Mrs. Hudgens were hostesses, in the home of the latter.

The living room and breakfast nook providing space for tables were very inviting. The touch of decorative baskets and flower bowls filled with bright blooms and foliage in green and autumn shades were especially admired by the ladies present. The popular past time of "Forty-two" was the morning's diversion and greatly enjoyed by the Mesdames, Webber, Collins, Jones, Downing, McSpadden, Rambo, Michie, Powell, May, Knight, W. A. Bell, Earl Anthony Jr., Dallas, Miss Warren and Miss Hamilton. Guests cut for high and low following the conclusion of the game. Miss Hamilton received a "sugar and creamer" in delicate shades of yellow. Mrs. Earl Anthony, Junior, a hand painted powder puff, frilled in blue satin, for low cut. Appropriate and delicious refreshments were served by the hostesses.

MESDAMES BALDWIN AND HUDGENS AGAIN HOSTESSES

Two charming matrons gave a lovely party Friday afternoon, despite the obstacles that crept in—the terrific sandstorm of Thanksgiving day

The hostesses Mrs. Baldwin and Mrs. Hudgens were at home to friends at the home of Mrs. Hudgens. Tables were conveniently placed for the entertainment of the "42" players. The autumn decorations and other dainties used to such splendid advantage in the morning party were also greatly admired in the afternoon. Guests enjoyed the play and social contact of club members of the Friday Forty-Two. Most tempting were the refreshments served by these ladies and greatly enjoyed.

Playing "Forty-Two" were Mesdames Dr. Bell, Bridges, Brothers, McSpadden, Scudday, Wilson, Hurst, Kendrick, Hamilton, Longbrake and Holgate.

MRS. MORGAN HOSTESS TO PRE-XMAS PARTY, TUESDAY

One of the recent delights in the social circles was a beautiful Pre-Xmas Bridge party, Tuesday afternoon with Mrs. Frank Morgan hostess. The Morgan apartments in the home of Mrs. E. W. Rambo, was indeed a wonderful Christmas scene. Decorated lavishly in the holiday colors, using pretty red candles, bells and draperies and in an artistic manner, the receiving rooms were made beautiful indeed. Mrs. Morgan is a favorite among her many friends and quite an addition to club and society life since making her home in Brownfield. She entertained for friendships sake. Santa Claus was a prominent figure, occupying a place on tallies and place cards. Guests each drew an Xmas package, done up in bright red paper and tied with gold tinsels. These were the tally cards.

Guests found their places and the luncheon, in two courses, served by the hostess with Mrs. Berry, Miss Berry and Mrs. Endersen assisting. At the end of the delicious luncheon table prizes were drawn, which were potted plants in bloom. Bridge was enjoyed for sometime, scores were then compared and Mrs. Morgan Copeland was found to have high score. She was presented with a beautiful candy jar in yellow and black. Miss Aileen Phillips received a card table cover, a lovely piece of work made by the hostess. The ladies feel grateful for this lovely afternoons pleasure—so distinctive and unique.

Ladies attending were Mesdames McGowan, May, Miller, Wingerd, Endersen, E. G. Alexander, Bell, Harris, Shelton, Bowers, Copeland, Henry Alexander, Berry, Misses Berry, Crawford, Jeffries, Bell, Bell, Phillips and Mrs. Dallas.

MRS. H. O. LONGBRAKE TO ENTERTAIN FRIDAY

Friends have received invitations to a 42 party for Friday afternoon at the home of Mrs. W. B. Downing. The hostess will be Mrs. H. O. Longbrake.

GLEE CLUB AND PIANO PUPILS TO APPEAR IN RECITAL

The young ladies of the High School Glee Club will appear in Recital with Piano pupils, on the evening of December tenth, at the school auditorium. A cordial invitation is extended the public to attend. No admission.

MOTHERS CLUB TO MEET WITH MRS. ELLINGTON

The Mothers Club will have their regular meeting with Mrs. F. M. Ellington on Wednesday afternoon at 4 o'clock.

PHILATHEA S. S. CLASS NOTES

The class spent a very pleasant evening at the home of Miss Bernice Weldon last Friday when the class met there for a combined social and business hour. Mrs. H. M. Oehler was elected to fill a vacancy of 3rd vice president and Miss Marie Brown was elected secretary in Mrs. Oehler's place. A constitution was also drawn up and adopted. Hot chocolate and sandwiches was then served to the girls and teacher.

Miss Mauryne Berry, a charming member of our class very efficiently substituted as our teacher Sunday morning in the absence of Mrs. McDonald.

We were glad to have Miss Audie Markham back with us Sunday after an absence of several weeks due to a recent illness.

Reporter.

Dr. and Mrs. P. W. Horn and Mr. and Mrs. E. L. DeLaney of Lubbock, officials of Tech College, were registered at the Hotel Brownfield, Saturday night on their return from the State Teachers Convention at El Paso.

O. O. McCurdy, county attorney, and County Judge O. T. Wartick and wife of Wilbarger county were registered at the Hotel Brownfield, Sunday night.

THIS FARMER BELIEVES IN PIGS

Earnest McDonald, 4-H farmer boy of J. B. McDonald, living in Rogers county, Oklahoma, has put up an unusual record in actually "bringing home the bacon" and making the bacon bring home the cash.

With a litter of ten Poland China hogs that weighed an aggregate of 3,080 pounds after feeding them on a specially prepared diet for six months he gained three premiums at the Rogers county fair, thirteen premiums at the Muskogee State fair, and thirteen premiums at the Muskogee State fair, and thirteen premiums at the Tulsa fair which netted him twenty-nine ribbons, most of them blue. He also won the ton-litter contest in which fifteen counties competed.

After the fair exhibitions were over he sold the animals to a Tulsa butcher at 12 3/4 cents per pound, which netted him, including his premium money, a total sum of \$843.70. The hogs cost to raise approximately \$160, so that his profits on the venture amounted to \$684.70.

Earnest McDonald believes that "pigs is pigs."—Farm and Ranch.

DR. FRANK CRANE SAYS BE YOURSELF

A common slang phrase now is "Be Yourself!" It is used in various instances.

It has a good deal of intelligence in it. Few people object to you when your motives are considered to be sincere and genuine. You are only objectionable when you put on motives that do not belong to you.

The thing people do not like most of all is to have you think that you can deceive them. As long as your actions are genuine and real, they know how to deal with them, but when they are convinced that you are endeavoring to overcome them by trying to borrow words or actions or motives from someone else, they do not like it.

So they tell you to "Be Yourself." Of course we can not express all of our emotions or feelings perfectly. There is a certain amount of self-control required by ordinary decency, but at least those feelings that we express should be those that are ours unquestionably and not those we think we should have.

A good many people are sorry for themselves, not because of the hard time they have, but because of the hard time other people think they ought to be having. It is very easy for a preacher or an actor or some such a one to think that he is working hard when everybody says that he is. If he would honestly look at himself and consult his own feelings alone, he would realize that he is not working hard at all.

Self-pity arises from a sort of borrowed notion of ourselves.

Oliver Wendell Holmes said that there were several Johns in one person—the man John is, the man John thinks he is, and the man John other people think he is.

If every one of us could distinguish between the man we are and the man other people think we are, it would do much to facilitate our getting along with each other.

Born to Mr. and Mrs. W. R. McDuffie, a girl on Thanksgiving day.

P. F. Bruce and family, of Lamesa, were here Sunday visiting their daughter, Mrs. Joe Chisholm and family.

Walter Cook and family, of Lamesa, were here Sunday visiting his brother, Bill Cook and family.

Terry Redford, who is attending Simmons University at Abilene, was a week end visitor here with home folks.

ELECTRICITY HAS AN UNPARALLELED GROWTH

The electric light has just passed its forty-seventh birthday. Think of it! Forty-seven years ago there were no electric lights. Thomas Edison's first lamps were not much like the Edison Mazda of today.

For many years the electric light was enjoyed by but few; it was too expensive for the masses. Today it is the cheapest kind of light. Its cost is so insignificant in the family budget that it is hardly considered.

From nothing to over 7 1/2 billion dollars invested, is the record of less than half a century of electric development. Single plants are now being built in the East, Middle West, and on the Pacific Coast which develop hundreds of thousands of horsepower. To shut off electric light today would jeopardize health and destroy commercial activity in the nation. Mr. Edison, at 84, has taken part in the growth of an industry from the beginning as probably no other man has ever been privileged to do.

Mrs. J. F. O'Conner and Mrs. C. F. O'Neal of Chicago, who were passing through on their way to Roswell, N. M. were registered at the Hotel Brownfield the first of the week.

Pathe News and Comedy

WHAT'S DOING IN WEST TEXAS

By W. T. C. of C.

Skelly—Development in Skelly, new townsite located eight miles north of White Deer, is going by leaps and bounds. A \$60,000 structure is one of the latest announcements, to be built by the Acme Fishing Tool Company of Parkersburg. West Va. Gas is being piped through the town, and a water supply is being completed.

Whiteface—Construction work on a two story brick and tile hotel has started here. Eleven rooms up stairs will accommodate the hotel trade, and the down stairs will be equipped for a store building.

Stamford—Word has been received at the headquarters office here that numerous organizations and individuals throughout West Texas are endorsing the cotton acreage reduction program set forth by the special cotton committee of the West Texas Chamber of Commerce.

Harrel Chapel—Organization of the Harrel Chapel Community Club was made at a social gathering here recently. Meetings are to be held at least once a month at which times a social in connection with a constructive program will be arranged.

Hereford—New phone equipment which will increase efficiency of the local plant will be installed here soon according to announcement from officials of the company. A board of 105 drops which will be used to handle toll and rural lines is to be added in addition to a number of new phones.

Matador—A resolution has been adopted by the Motley Chamber of Commerce and the citizens of Matador to endorse the petition of the Q. A. & P. R. R. to consolidate the Motley County R. R. with their line and thus abolish the two line differentials now paid on all freight handled at Matador.

Littlefield—President Arthur P. Duggan of the West Texas Chamber of Commerce has announced that work of that organization for securing passage of another state tax survey resolution will not be diminished even though the first bill for a survey was vetoed by the governor. The Legislative Bureau of the West Texas Chamber of Commerce is renewing its efforts to insure passage of a state survey that will lead to remedies for uniformity and equality of taxation.

McCamey—A forty ton cold storage plant is to be erected here. The plant will be installed by G. E. Frazier of the Frazier Ice and Fuel Company.

Winters—As one of the three major planks adopted by the Winters Chamber of Commerce for the year, the organization has decided to devote every effort to assist the West Texas Chamber of Commerce put over their re-affirmed program of diversification and "living at home" for West Texas farmers.

Wheeler—An order has been passed granting a franchise to the Panhandle Power and Light Company for erection of a high line to pass through Wheeler County. It is thought that the line will pass thru Mobeetie and into Wheeler.

Kerrville—An inspection tour of various plants in the Hunt vicinity, around Kerrville, Camp Verde, Center Point, Comfort, and smaller communities in the lower part of the county, has been started here as the initial step of the recently consolidated egg circles of this district to stimulate poultry raising in the Upper Quadulpe Valley. The tours will combine instructive visiting with lectures by poultry specialists at each point toured.

WEST TEXANS FORM CLUB AT TEXAS UNIVERSITY

AUSTIN, Texas, Nov. 29.—Encouragement of that 'hail fellow well met' spirit of West Texas is the purpose of one of the newest clubs on the University of Texas campus. Some 50 students living anywhere from Dallas or Fort Worth west have formed the West Texas Club with the following officers: Dyt M. Johnson now of Austin, president; Miss Lenora Whitmire of Midland, secretary; Miss Annie Lee Durham of Sterling City, treasurer; Eugene Pullen of Shamrock, publicity manager.

MULLICAN CHARGES GRAND JURY IN CROSBY COUNTY

CROSBYTON, Nov. 22.—Charging the grand jury severely and laying stress on cold checking and driving cars while intoxicated, Judge Clark M. Mullican opened district court here yesterday. The grand jury was empanelled and the docket set. Regular work will proceed today.

Mr. Bynie White and Pete Morgan who have been here for some time putting some finishing touches on the new court house, returned to their home at Big Spring, Tuesday.

A TIMELY TIP OR TWO
GIFTS THAT APPEAL TO MEN!

Men themselves drop the hint of what they fancy most as a Christmas Gift. Amidst any group of them you oft hear, "how do you like this tie?" or "nifty Shirt you've got."

COLLINS DRY GOODS COMPANY

"WE GIVE GOLD BOND SAVING STAMPS"

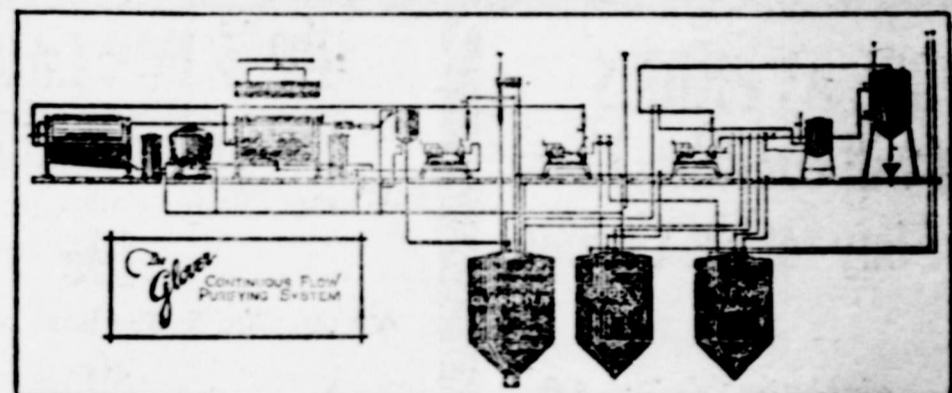

BROWNFIELD, TEXAS

ANNOUNCEMENT—

Henry's Tailor Shop

take pleasure in announcing the installation of
new equipment enabling them to do

Gloverized Dry Cleaning

GLOVER CONTINUOUS PURIFYING SYSTEM

"In keeping with our policy of constantly improving the quality of our service we have installed at considerable expense the Glover equipment pictured above. Under this new arrangement of continuous flow of pure water, white solvent enters our washers every minute of the day. Gloverized gasoline does not stop at the removal of the dirt, but actually digs out the grease, filth and germs which have gathered in the garment. It is because of this absolute cleanliness that Gloverized Garments are so noticeably free from all cleaning odors.

This improved method of dry cleaning with its underground safety tanks assures our patrons of the "Last Word" in cleaning efficiency. The next time your clothes need cleaning have them Gloverized and note the difference.

We give Gold Bond Saving Stamps with all work.

We have the only first class cleaning plant in Terry Co.

HENRY'S TAILOR SHOP, Brownfield, Texas

BLIND STUDENT MAKING GOOD AT U. OF T.

AUSTIN, Texas, Nov. 30.—Blindness has not kept six boys from making a success of their University of Texas careers. Besides taking the regular number of courses, they make grades distinctly above the average. Hubert Foster of Austin and Marvin Shannon of Fort Worth are junior law students. Calvin Lemke of Waco is a junior majoring in government. Lee Mahoney is a senior with history his major subject who is well known on the campus as a poet, violinist, and master of many avocations. Joe Morrison is a freshman student. In addition to his studies as a junior majoring in Spanish, Truett Childre of Austin works and pays all his expenses by managing a boy's boarding house.

O'DONNELL OFFICERS CAPTURE MUCH CHOC BEER

City Marshall Wimberly assisted by others captured 250 gallons of chock beer and arrested two white men on Wednesday of this week. The raid was made east of town, when officers went to the scene with a search warrant looking for stolen goods to which they had had been tipped off. After taking into custody the two white men who were on the scene, officers proceeded to destroy the 250 gallons of spirits, and as the raid was made in Dawson county the two suspects were turned over to the Lamesa authorities who placed them in the county bastille.—O'Donnell Index.

CAR CEMENT RECEIVED BY LOVINGTON CHURCH

The building committee of the Methodist church has received notice that a car of cement has arrived at Seagraves and is now ready to be unloaded and hauled to Lovington.

Arrangements are being made to have a sufficient number of trucks go to the railroad to haul this cement out immediately, thus saving the expense of unloading and storing.

It is hoped to begin the building of the walls within the next few weeks, since the material will all be upon the ground except the sand when the cement is hauled out.

The committee is engaged in soliciting contributions for the enterprise and is especially anxious to get in touch those who are willing to contribute either labor or hauling.—Lovington Leader.

LAMESA DOCTOR AIDS PLAINS BOYS AGAIN

Dr. J. C. Lovelace, of Lamesa, one of the guiding spirits of the South Plains Council of the Boy Scouts of America, has purchased 50 pecan trees, bearing nuts of the 'paper shell' variety, and has ordered them planted in the C. W. Post Scout park, near Post City, H. B. Palmer, scout executive, said here today.

In spending more than \$110 to help beautify the scout camp Doctor Lovelace is proving again his interest in the boys of this section. Mr. Palmer said in broadcasting the thanks of the council.
