

The Terry County Herald

Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME 22

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MAY 20, 1927

NUMBER 39

Chamber of Commerce CURRENTS

By the Secretary

Solution of the highway problem as it concerns maintaining the route west of Gomez will probably be reached within the next few days. Efforts toward securing consent of the highway commission to allow the road to remain as at present located is being made and if refused, it is said that the Commissioners will take such action as may be necessary to go straight through. Efforts in this direction are not supposed to be known to the public, but as the delegation will be in Austin by the time this paper is printed, no one will be injured. All of us sincerely hope that the Commission will make a decision one way or the other. Thousands of dollars have been lost to the county within the last two years on account of the mixup and the waiting game has been played too long.

Eggs on the local market are now 11c or rather that is the price received by our farmers. This price is about half that received in California by producers and several cents less than in other Texas counties where poultry associations are functioning. Poultry houses will pay several cents more for guaranteed eggs than they will for the yard run.

The school census of the county for 1927-28 show a total of 2,237, and shows a loss as compared to 1926-27. This, however, was caused by the fact that work on the sewerage system and courthouse brought a lot of transients and aside from that there were numerous farm laborers who were carried over from the cotton picking season of 1925.

In the event that any citizen of the town or county is expecting to take a vacation, the office would appreciate it if they would call and let us give them an auto banner and some advertising matter.

Within a few weeks all citizens of the Midway district will be connected with Brownfield by an open road. Heretofore some of them have been compelled to trade at a town in an adjoining county because they were almost barred from us.

Please let us know of the arrival of any new people in the town or county. Let us meet them in a friendly manner and let them know that we are glad to have them.

Yes, it is going to rain in ample time for planting cotton. This is not a prophecy, but a statement of facts.

LOCAL PAPERS BEST FOR ADS KELSO ASSERTS

I. E. Kelso, director of the Community Power & Light Co., president of the Texas Utilities Co., and of the New Mexico Utilities Co., who is in Cape Girardeau attending the meeting of the Missouri Association of Public Utilities in an interview here today said:

"The public utilities of Missouri, representing an aggregate investment of \$520,000,000, after having experimented for years with every form of advertising, have found that the best advertising medium is the local newspaper.

"The fact is not subject to challenge. The reasons are clear. The daily or weekly newspaper is the greatest constructive force in any community. It is the foremost champion of our schools, our churches, our homes and sound community development. To justify its continued existence, it must be so conducted as to command the universal respect of the community which it serves. Its pronouncements must be accepted as accurate and trustworthy by friend and foe, or it cannot fulfill its mission. Its advertising copy must be censored with the same watchful care that keeps its news columns free from error and misrepresentation.

"These vital essentials to newspaper operation stamp it as an advertising medium without a rival, and we take pleasure in making this public acknowledgment of the facts.—the Cape Girardeau Newspaper.

Edinburg—New telephone lines connecting this city and the Valley with San Antonio are to be built this summer.

Pecos—The new oil field town of Wink has now electric light service.

Dock Powell returned last week from Vivian and Shreveport, La., where he visited his brother and sister a few weeks.

MEADOW BRIEFS

By Aesculapias.

We are still waiting for rain, and at least one community has thought the matter important enough to fix a time to pray for it. We sincerely hope that their faith may be equal to the job and that their prayers may be answered. If we could only open a crevasse in the flooded area and allow about five or six inches on to these thirsty sand drenched plains, it would be a boon to both sections. The plight of both sections, though unlike, will in the end amount to the same thing.

I have been accustomed for many years to drifting sand and still prefer it to black mud, but like Jeff, the Weather man should use some discretion. The public highways resemble redoubts on a battle field. Sweeping the house three or four times a day, and shoveling the sand away so that the gate can be opened has just about got all my goats.

Everything recently has gone awry. If the papers are to be relied upon, the hens have gone to laying eggs that rival or surpass the goose. One measurement given will rival the average tealup in dimension. I don't doubt the statements, but I would like to see the eggs. Thomas and I must be related. If hens are going to continue these efforts to surpass each other, I believe with a recent lady writer, that this particular fruit should be sold by the pound.

Hens are not unlike the females of other species; they are what you might call cratic. A lady reports that she has one that lays a very large egg and the next day one not larger than a partridge egg, while I have one that does not lay at all.

The past week C. W. Avery & Co. sold their grocery business to the Jones Hardware Co. Just what the gentlemen who have sold out intend to drive at, has not been disclosed, but it is fair to presume that they will not go to work as neither of the gentlemen composing the firm were ever surprised while doing anything. They will of course remain in Meadow for neither of them can get away without walking, and both have caught up with that particular exercise.

Another transfer has been reported. Prof. Tiner, the principal of our school, has purchased the home of Mr. Berry.

G. T. Mitchell is building a new garage on the corner of Peeler and Moorehead streets. This will give us six filling stations and should suffice until fall.

Our school will close this week. In fact the closing exercises began Friday night with recitations and songs by the smaller pupils. Sunday at 11 the Rev. Liff Sanders of Brownfield preached the baccalaureate. The auditorium was well filled. The speaker delivered a splendid address. He stressed the necessity of character and preparation for service and pointed out the pitfalls that should be avoided. He urged the youngsters to study the Bible as the Word of God, not only because it is His will toward man but the best possible literature.

Four of our young people were painfully hurt in a car wreck Sunday afternoon, returning from Lubbock. In trying to pass a car which persistently held their side of the road, they went into a ditch and overturned their car. One of the girls, Miss Vergie Beavers suffered a broken arm and was carried back to Lubbock for treatment. The other three, Miss Ireta Mitchell, Edgar Mitchell and Wesley Mahon were picked up by a passing car and brought to our city. The car that caused the accident sped onward without halting. Thus, the modern juggernaut, continues to murder and maim without let or hindrance. Road hogs, drunk and careless drivers and the speeders pile up every day an increasing casualty list.

DIED

The death angel visited the home of Mr. and Mrs. Chester McCann, Friday May 6th and took their little babe to its eternal home. It only budged down here to bloom in heaven. The Lord giveth and the Lord taketh away; blessed be the name of the Lord. It was laid to rest in the Brownfield cemetery, Saturday.

—Mrs. Alice Wade.

Greenville—A new modern telephone switchboard is being installed here by the telephone company and other betterments of service are under way.

WAYS TO BLOCK CROOKED PROMOTERS

By W. R. MOREHOUSE

Public Relations Commission, American Bankers Association

(This is one of a series of articles explaining the wiles of shysters who are after your money.)

MANY reliable corporations, firms and individuals are engaged in developing mining properties, drilling for possible new oil wells and promoting new inventions and enterprises. On the other hand many unreliable persons are ostensibly engaged in the same pursuits, but in reality are only promoting frauds. Therefore, every investor should first divide the sheep from the goats before he hazards his savings. Because there are many dishonest manipulators using mining, oil, invention and promotion terms to deceive does not mean that all promoters in these fields are crooked. The truth is, there are many trustworthy men engaged in promoting enterprises that are honest investments. The problem is to know the difference between promoters of the reliable type and the high-pressure variety. The former are engaged in legitimate business. The other group is engaged in fleecing the public.

W. R. MOREHOUSE

The number of those who deliberately scheme to defraud is large and they are shrewd and deceitful. For this reason those who cannot afford to lose their savings should not trust entirely to their own judgment in making investments.

In order to divide the sheep from the goats—to distinguish between reliable and unreliable promoters, to tell the good investments from the worthless—the inexperienced investor should consult his banker or let the National Better Business Bureau, whose headquarters are in New York City, advise him. It costs nothing to get such advice from either source. It is safe to say that if those who have lost their savings through fraudulent schemes had followed this simple course they would still be in possession of their money.

Get the Facts

Invariably, get the facts and take no substitute. There is nothing better and nothing just as good as the facts when it comes to withdrawing your savings from the bank and investing them. The facts about an investment either strengthen its position or show it up to be risky—sometimes too risky for the person who cannot afford to lose.

others you know nothing about. Some time you may be approached to make a trade by a plausible person claiming to have better investments to offer than those you have. Recently a woman owning a block of gilt-edge public utility stock was approached by two smooth sharpers and urged to exchange it for stock in a fruit company which, she was told, was not only very valuable then but would increase rapidly in value and soon make her independently wealthy. Fortunately she told her neighbor about her offer. It happened that the neighbor had recently been defrauded in a similar way. She advised the second woman to report her offer to the local better business bureau. Having handled many similar situations the bureau instructed the woman to make an appointment for the traders to meet her in her home.

Good Advice that Prevented Disaster

New schemes to defraud are being hatched daily. The unscrupulous promoter never sleeps but is continuously plotting new methods of attack on the savers' hard-won accumulations. The liberties he takes with the law and the schemes he designs for belittling the sound advice of responsible persons makes it even more essential for investors to get the facts.

Remember that anything that is worth investing in is worth knowing about as to its safety, its income, and its marketability. Any investment which is enshrouded by a screen of glowing promises or is so complicated that neither you nor your banker can fathom it and get the hard facts isn't an investment you can afford to put your money into.

Make it an unbreakable rule to get all the facts, whether the investment be large or small, and you will save yourself the heartaches and bitter disappointment of losing your savings.

Millions of dollars which have unfortunately been lost through poor investment might have been saved if the investors had taken time to investigate before investing. There is always need for capital in safe, honest business and so great is the legitimate demand for investors' funds that not one cent need be wasted by them on fraudulent schemes.

Don't Trade Good for Bad

Don't exchange your investments for *(A future article will tell of more schemes by which people are defrauded of their savings.)*

They were on hand at the appointed hour. With the cunning of expert swindlers they proceeded to inveigle her stock away from her, assuring her that if she exchanged her public utility stock for that of the fruit company there was no doubt she would become very rich. But just as they were spreading out before her a beautifully embossed stock certificate the bureau's detective stepped out from his place of concealment and told the swindlers he had come prepared to take them for a ride in his car. They protested loudly and even struck at him, but experienced as he was in handling persons who resist arrest he soon had them handcuffed together.

Investigation revealed that the certificate of stock of the fruit company was fictitious. No such company had ever been organized. The evidence also disclosed that some certificates had already been issued and exchanged and there were a large number more ready for future use when ever a trade could be arranged.

Literally thousands of inexperienced investors are being swindled out of their good investments in such trades. It behooves all persons who have good investments not to exchange them without first getting all the facts from their banker or other person fully qualified to advise and protect them.

Amarillo—An additional unit of the Southwestern Public Service Company's electric generating plant will be constructed at once. When completed the company will have capacity of 15,000 kilowatts here.

Midland—Many improvements to the local telephone plant and service are under way.

In the East Texas timber belt there is annual production of about 1,500,000,000 board feet of lumber.

The Herald is Having More Misfortunes

With the main linotype operator taking vacation in California, and the wife having to undergo operation at the Lubbock Sanitarium, the Herald is up against a worse proposition than three weeks ago following the Coahoma trip.

Mrs. Stricklin had never fully recovered from the spell of sickness she had at Coahoma, and she was carried to the Lubbock Sanitarium Sunday. She was given a thorough examination, after which Dr. Krueger said Mrs. Stricklin could never be well under the condition she was in.

Mohday shortly after 11 a. m., Dr. T. J. Krueger, assisted by Dr. D. B. DuBois, of Brownfield, and the hospital staff of special nurses, performed the operation which was more serious than at first anticipated.

With these explanations, we hope the readers will bear with us—giving you this short paper. We would much rather have given you an average paper.

We also wish to thank each and every one, including the obliging doctors and nurses for the many acts of sympathy and kindness shown us in this and other ill misfortunes lately. If it were not for devoted friends at such times, life would not be worth living in times of misfortune.

Terry Got a Small Rain Last Week

The Continued drought over the South Plains is becoming rather perplexing to the people, for planting time has arrived and not enough moisture to bring up the seed in most parts of the section. However, abundant feed crops can be made much later than this. If it were possible to get equal distribution of rainfall over our country, we would have neither floods nor droughts, but that Utopia seems far distant just now. Rain from shower to heavy enough for planting purposes fell over Terry County last Thursday afternoon. About a quarter of an inch fell in Brownfield but as it has been so long since we had moisture on top, and as the rain was followed by a severe duster Friday it was soon taken up.

However, we learn that from the Union Community on south, and the Wellman and Seagraves sections, and portions of the east part of the county got sufficient rain for planting purposes and the farmers are no doubt in the fields this week planting grain and cotton.

INGLEFIELD REBUILDING AT THE SITE OF BURNED RIG

Work is now going rapidly forward in rebuilding the derrick at the Inglefield well where the destructive fire occurred last Thursday afternoon. Mr. Inglefield left early Friday morning to make arrangements for material and an experienced building crew to complete the work in the shortest possible time.

All wood work was completely destroyed by the fire, and of course a considerable part of the machinery and tools were damaged—just how much it is impossible to state until everything has been overhauled. It is certain that the boiler escaped damage and it is thought that the engine is not seriously injured.

Mr. Inglefield is in no way discouraged by the fire, but takes it all philosophically. He feels confident that they will have a real producer in this well and will continue to work until it is completed.

Drilling operations will probably be resumed within the next two weeks. This well continues to hold the center of attraction among oil men in Southern New Mexico. They are eagerly watching for the completion of this test, and the amount of production secured will be a determining factor in quite a number of other tests to be made during the year.—Lovington (N. M.) Leader.

There are about 17,000,000,000 board feet of lumber standing in the soft wood forests of East Texas and about half as much hardwood.

The north end of East Texas timber belt is well settled. In the southern end of this belt the forests are still heavy and not so many farms are found.

Uncle Bill Says We May Have Another 17

Uncle Billie Howard was in Saturday for the first time in several weeks, as that individual now gets his mail on the route, and legislates his farm purchases to others, he hardly ever comes to town, but when he does, he is the same old Billie as of yore.

However, just now, Uncle has just a little worry coming his way, but he is not showing it any more than possible. You see it is getting very near his planting time, May 20th and no rain, and Uncle Bill feels that old Terry is not being given a square deal. But his philosophy of the matter is that "it must be the Old Master's will," and therefore is making no complaints. He says it could be another 1917, but hopes not.

Uncle Billie has been reading the Herald since it started publication about 22 years ago, and during all the time it has been under the present management, about 18 years, he has had us send a copy to his son at Rotan, Texas. He always happens around about this time of the year, for these subscriptions expire early in May.

He is one of the oldest settled in the county, and has been engaged in farming ever since he came here; being therefore the oldest farmer in the county, and he says he has only made one failure, 1917, and that was just what happened almost all over Texas and Oklahoma.

CHEVROLET CONTINUES TO SET PRODUCTION RECORDS

Spurred on by the greatest demand in its history, Chevrolet again in April again set up a new production record with a total output for the month of 111,937 units. This exceeded by 4037 units the best previous monthly performance in the history of the company and establishes an all-time record for the monthly production of gear-shift cars.

Equally as spectacular as the remarkable monthly production feat and dividing the spotlight with it was the mark established April 29, when in the short space of a day's working hours, the factory built 5,347 Chevrolet cars and trucks. This was 222 units in excess of the best previous day's record.

It was particularly fitting that the record day happened to be the same one that Alfred P. Sloan, Jr., president of the General Motors Corporation, chose for a visit to the plant. Mr. Sloan, with C. S. Mott, vice-president of the General Motors Corporation, arrived at the factory early in the day as guests of W. S. Knudsen and C. F. Barth vice president of the Chevrolet Motor Company.

Before Mr. Sloan had completed inspection of the big Flint plant, where men and machinery were combining to build the eight types of Chevrolet cars now available, it was evident that a new production record was in sight.

Mr. Sloan waited for number 5347 to come off the line, congratulated Mr. Knudsen on the remarkable showing being made by the Chevrolet Motor Company and its products and rode off the line in the epoch-making model which again happened to be a coach.

WILLIAM GREEN DIES AT HIS HOME IN SHINER, TEXAS

William Green, well known over the entire state, and having business interests in almost every section of the State, died at his home in Shiner last Tuesday morning. Mr. Green is the president of the Wilson State Bank, and has considerable holdings in this section of the Plains. We have not heard particulars in regard to his death, but you will find them in the next issue of the Pointer.—Wilson Pointer.

Mr. Green and his partner, Mr. Lonnie Lumsden, have quite a nice ranch in Terry County, and the many friends of each will regret to learn of Mr. Green's demise.

Dallas.—According to the United States Geographical Survey, electric public utility plants in Texas used 19,108,220,000 cubic feet of natural gas as fuel in 1926. This is one-third of the total so used in the United States during the year.

Pedernales—A new substation of the West Texas Utilities Co., here is now completed. Matador and Rearing springs will be served through here.

Official paper of Terry County.

We had a few lines from one of our local professional men expressing his compliments for the nice high school invitations put out by the Herald. He said he had seen many of them in his day, but none better. He asked us to withhold his name.

The rain of last Thursday afternoon was very light here and still lighter north of here. Some portions of the south part of the county got enough to plant on.

We had occasion this week to try out the can of meat brought us by Kelley Sears and found it not only fat and tender, but just as fresh as the day it was packed.

There has been a unusually lot of sandstorms of late due we presume to the unsettled conditions both east and west of us, but it is sandstorm time in this country. However, some of the most destructive floods in the history of the west Coast have visited Southern California, and destructive floods and winds have been demolishing a few hundred miles east of us in Louisiana and Mississippi. Therefore being about midway between the two extremes would somewhat account for our ruffled weather.—Sudan News.

Miss Lillie Mae Warren left Friday in company with Mr. and Mrs. Stephens who have been here visiting their son, of the firm of Cobb & Stephens, for their home in South Texas. Miss Warren will in San Antonio and other South Texas points before returning home some time in June.

We struck Mrs. G. E. Lockhart on the streets of Lubbock Monday afternoon and she insisted on paying up on the Herald for another year, and we absolutely refused to prevent her doing so.

It is the sad things of life that come to make us weep, as well as the humorous things that come to bring laughter, that equalize our life and make us a well balanced people. We would be a very unbalanced people without both, for we might not weep with those who weep or rejoice with those who rejoice without both. It is sympathy in time of trouble that makes the whole world kin, and sometimes calamities have come to remind us of our obligation to humanity.

O. K. Longate was in Saturday after supplies and from what we could gather from his countenance, he is still looking for rain with some show of optimism of getting it.

The Lubbock Printing Company has the thanks of the Herald for setting up a lot of this stuff for us this week in order that we would not be hopelessly late with this issue. A friend in need, etc.

Governor Dan Moody has again guaranteed the freedom of the press by discharging a Ranger, who seemingly without authority, arrested a newspaper reporter at Borger and sought to keep the paper from using the wires to inform the governor. During the first session of the legislature Gov. Moody in his message recommended a more liberal liability law for newspapers in order that they might report what was said at public meetings without laying themselves liable to damage suit. Thus, we have one man in the Governor's chair at Austin who does not fear publicity, and he who does not fear publicity is not a dangerous man to head our State or our Nation for that matter. It is the fellow who fears such that will do to watch.

Mrs. Eileen Pergues, daughter of Dr. and Mrs. M. C. Bell, recently underwent an operation for appendicitis in a Midland hospital.

Merchant J. M. Moon, of Wellman, was up one day last week and reported planting rains in his section. He brought us a new subscriber from his community.

W. H. Barber, of the Lynn community in Lynn county, underwent an operation at the Lubbock Sanitarium Tuesday morning. L. N. Barber of this city and W. A. of Wellington, were attending his bedside.

Pep's Diary Unique

In all English literature there is nothing that so reflects society of the time in which it was written, between 1820 and 1825, as Pep's Diary. It was inscribed in shorthand by Samuel Pepys and was not published until 1825. The pearls in which he was were gay and prodigious things.

CONSTITUTIONAL AMENDMENT

H. J. R. No. 32. Proposing an amendment to the Constitution of the State of Texas by adding thereto Section 60, Article 16 so as to provide that the Legislature may fix the compensation of certain county officers by salaries in lieu of fees, commissions and other perquisites; providing for an election and making appropriation to pay expenses. Be it Resolved by the Legislature of the State of Texas:

Section 1. That the Constitution of the State of Texas be amended by adding thereto another section to be known as Section 60, Article 16, to read as follows, to-wit:

Section 60. The Legislature may provide compensation for certain district and county officers, to-wit: The District Attorney, County Judge, County Attorney, Sheriff, County Clerk, County Tax Assessor, and County Tax Collector, by prescribing their duties, and fixing salaries in lieu of fees, commissions and other perquisites as now provided by the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in August, A. D. 1927, at which all ballots shall have printed thereon "For amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for District Attorney and county officers through salaries in lieu of fees, commissions and perquisites as now prescribed by the Constitution," and "Against amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and perquisites as now prescribed by the Constitution," leaving the one expressing his vote on the proposed amendment.

Sec. 3. There is hereby appropriated out of any money on hand in the State Treasury not otherwise appropriated the sum of five thousand (\$5,000.00) dollars or as much thereof as may be necessary to defray the expenses of the holding of this election, including the expense of printing the notices and advertisements.

Sec. 4. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Approved March 25, 1927.
(A Correct Copy)
JANE Y. McCALLUM,
Secretary of State.

News From Lahey

By Bob

Things look a little better since the rain of last week. Some portions of the country got a good rain. We sure do appreciate what we did get. Maybe we will get more next time.

The literary on last Friday night was a good one and everybody seemed to enjoy it. It seems, Mr. Editor we looked for you out, but we will have something else soon, and will give you an invitation to Lahey.

There was quite a crowd of our young folks enjoying themselves at a party at Mr. W. R. Stewart's last Saturday evening.

A large crowd attended Sunday School Sunday.

Rev. Hollman filled his appointment Sunday at 11 o'clock, and night. He had a large crowd both morning and evening.

Mr. L. C. Dixon and family spent the day Sunday with old time friends west of Gomez.

Farmers are getting restless on account of dry weather.

The larger part of Lahey people were in Brownfield Saturday, shopping.

L. A. Copeland made a flying trip to Lubbock, Tuesday.

Mrs. Jimmie Thomason is off on vacation, and JJimmie says hatching goes fine, especially at churning and house cleaning times. Will see you all next week.

Mrs. Stricklin asked us to express her thanks to the local Rotary Club for the nice bouquet of white and red carnations sent her at the Lubbock Sanitarium.

Mr. and Mrs. Redford Smith left Sunday for Georgia, where they will take their vacation and visit his relatives, and see many states before returning home.

Mr. and Mrs. G. B. Jones, of Meadow, visited in the J. R. Hendrick home, Sunday.

John W. Hendrick and Misses Louise Holgate, Ida and Eunice Hendrick, spent Sunday in Lubbock.

We found Mr. and Mrs. Homer Scott, old friends of the Herald family, nicely domiciled in their new Lubbock home on West Main Street. We love to see old friends do well.

CONSTITUTIONAL AMENDMENT

H. J. R. No. 25. Proposing an amendment to the Constitution of the State of Texas amending Article VIII by the insertion of Section 1-a therein, authorizing the Legislature to provide for the separation of the objects of taxation for State purposes and for the support of the counties, districts and political subdivisions of the State and Counties, and authorizing the Legislature to provide for the levy of an ad valorem tax or other form of tax for State purposes only, and for local purposes only; authorizing the Legislature to provide for the classification of objects of taxation, and providing that rates shall be equal on the same class of property, and fixing limitations upon taxation. Be it Resolved by the Legislature of the State of Texas:

Section 1: That Article 8 of the Constitution of the State of Texas be amended by inserting therein Section 1-a, as follows:

Section 1-a: The Legislature may separate the objects of taxation for State purposes from the objects of taxation for the support of the counties, districts and political subdivisions of the State and Counties; and may provide for the levy of an ad valorem tax, or other form of tax, on certain classes of taxable property, or other objects, for State purposes only (including school purposes); or upon certain classes of property, or other objects for county or local purposes only (including school purposes.)

In no event shall the rate of such taxes exceed the sum of the limits of such taxes fixed by this Constitution for State, county and other local purposes. The Legislature may provide for the classification of objects of taxation. Taxation shall be equal and uniform.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Monday in August, A.D. 1927, at which all ballots shall be printed thereon the following:

"For the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

"Against the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendment set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated from any fund in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

Approved March 11, 1927.

(A Correct Copy)

JANE Y. McCALLUM,
Secretary of State.

CITATION BY PUBLICATION

M. E. Sawyer No. 307 vs. J. B. Brown.

In the County Court, Terry County Texas.

The State of Texas to the Sheriff or any Constable of Terry County—directing:

You are hereby commanded, that by making publication of this Citation in some newspaper published in Terry County once each week for four consecutive weeks previous to the return day thereof, you summon J. B. Brown, whose residence is unknown who is alleged to be non-resident of the State of Texas, to be and appear at the next regular term of the County Court of Terry County, to be held at the Courthouse thereof, in the City of Brownfield, Texas, on the 1st Monday in June, A. D. 1927, the same being the 6th day of June A. D. 1927, then and there to answer a petition filed in said Court, on the 19th day of February, A. D. 1927, in a suit numbered on the docket of said Court, No. 307, wherein M. E. Sawyer is plaintiff, and J. B. Brown, T. I. Brown and A. E. Whitehead are the defendants; the nature of plaintiff's demand being substantially, as follows, to-wit:

Foreclosure of Mortgage Lien on One Half of all the cotton raised on the Southeast one fourth of Section number 141, Block T, Terry County, Texas, securing a note in the sum of \$296.00, executed by J. B. Brown and payable to the order of M. E. Sawyer on November 20, 1926, and especially the foreclosure of the lien on six bales of cotton with gin numbers as follows: 3065; 3206; 3222; 3239; 3473 and 3995.

Herein fail not, but have you before said Court on the first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in the City of Brownfield, Texas, this 26th day of April, A. D. 1927.

Witness J. Barret, Clerk
County Court, Terry County, Texas

Do You Feed Your Hogs Cream?

Of course you wouldn't do so knowingly—with butter-fat worth 40c. to 50c. a pound. Yet hundreds of thousands of people are feeding large amounts of cream in skim-milk to their hogs—because of inefficient separators.

Without a cent of expense you can tell whether your cream separator is skimming clean. Let us bring out a new De Laval and run your skim-milk through it. You may be surprised at the amount of cream recovered.

For 45 years, since Dr. De Laval invented the centrifugal separator, De Laval Separators have led the world in efficiency of work and popularity. The present De Laval is the best of all—it has the wonderful "floating" bowl—the greatest cream separator improvement in 25 years. It is guaranteed to skim cleaner. It also runs easier with milk going through the bowl and lasts longer.

Liberal trade allowances made on old separators.

Announcing — another Chevrolet Achievement

The Imperial Landau

Specially-Built Fisher Body — Strikingly Beautiful Duco Colors — Elegantly Appointed — The Aristocrat of All Chevrolets

Again Chevrolet revolutionizes every previous conception of quality and elegance in a low-priced automobile by presenting the Imperial Landau—a new model whose distinction and smartness entitle it to comparison with the costliest custom-built cars.

Its specially-built Fisher body reveals all the masterly craftsmanship for which the Fisher name is famous. The finish is lustrous black Duco, with embellishments of brilliant chasseur red.

With oblong windows—with nicked windshield rim and Landau bows—with vaulted roof, and with top and rear

quarter in mouse gray textile leather, this aristocrat of all Chevrolets is one of the most strikingly beautiful cars to be seen on the streets and highways.

And, of course, it has all the power, speed and smoothness—all the flashing acceleration, finger-tip steering and unfailing dependability that have brought to Chevrolet such world-wide fame.

This beautiful car is now on display in our showroom. Come and see it. You will be delighted to learn that a car so low in price provides such commanding individuality and style!

Announcing CONOCO AMALIE MOTOR OILS

CONOCO dealers can now supply you with Conoco Amalie Motor Oil in the proper consistency for your particular motor. It will be worth your while to try it, for this oil has the unqualified approval of the experts who have designed and perfected motors for 207 automotive vehicles. These engineers have learned by actual tests that Amalie, 100% pure Pennsylvania oil, does a 100% lubrication job. And these engineers know that oil is the life-blood of the motor. If the oil breaks down, so does the motor.

Made from premium crudes from the famous Butler and Franklin fields in Pennsylvania, Conoco Amalie Motor Oil gives lubrication unsurpassed by any other oil in the world. It stands up under the most intense heat. It retains its viscosity—thus sealing the pistons and greatly reducing crankcase dilution, the cause of so much costly wear and tear on the motor.

Conoco Amalie is not a "tramp" oil. Every batch is sampled and tested in the laboratory before being packed in the drums and cans from which you get it. Look for the Guaranteed 100% Pennsylvania Oil trade-mark on the Conoco Amalie container—at your service station or garage. Then you will be sure to get the right oil for your motor—the kind of oil that the manufacturer of your car wants you to use.

Get it at the familiar sign of the Continental Soldier.

CONSTITUTIONAL AMENDMENT

S. J. R. No. 24, Proposing an amendment to Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system.

Be it Resolved by the Legislature of the State of Texas:

Section 1: That Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of the State of Texas, be amended so as to read as follows:

Section 2 (of Article V): The Supreme Court shall consist of a Chief Justice and eight Associate Justices, five of whom shall constitute a quorum, and the concurrence of five judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election or appointment, a citizen of the United States and of this State, and unless he shall have attained the age of thirty years and shall have been a licensed lawyer for seven years, and, during that time, shall have been a practicing lawyer or judge of a court of record, or such practicing lawyer or judge together. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State, at a general election, and shall hold their offices six years, or until their successors are elected and qualify, and shall receive such compensation as may be provided by law. In case of vacancy in the office of Chief Justice or Associate Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in the office at the time this amendment takes effect, shall continue in office until the expiration of their term of office under the present constitution and until their successors are elected and qualify. When this amendment takes effect, the governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeal of the State of Texas shall terminate.

Section 3 (of Article V): The Supreme Court shall have appellate jurisdiction only, except as herein specified, which shall be co-extensive with the limits of the State. Its ap-

pellate jurisdiction shall extend to questions of law arising in cases in the Court of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several courts of civil appeals may hold differently on the same question of law, or where a statute of the State is held void, and to questions of law arising in such other cases of which the Court of Civil Appeals have appellate jurisdiction as may be prescribed by law; provided, that the Legislature may authorize direct appeals from the County and District Courts in any case where the statute of the State has been declared void. The Supreme Court and the Judges thereof shall have power to issue writs of habeas corpus as may be prescribed by law; and, under such regulations as may be prescribed by law, the said Court and the Judges thereof may issue the writs of mandamus, procedendo, certiorari, and such other writs as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified except as against the Governor of the State. The Supreme Court shall also have power, upon affidavit or otherwise, as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capital for the transaction of business at such times as may be designated by the Court. The present statutes defining the jurisdiction of the Supreme Court not in conflict herewith shall continue in effect until repealed or altered by the Legislature. The Supreme Court shall appoint a Clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he shall hold his office for four years, and shall be subject to removal by said Court for good cause entered of record on the minutes of said Court, and who shall receive such compensation as the Legislature may provide.

Section 4 (of Article V): The Court of Criminal Appeals shall consist of three Judges, provided that the Legislature may increase the number to five, and a majority of the Judges shall constitute a quorum, and the concurrence of the majority of the Judges shall be necessary to the decision of any case. Said Judges shall have the same qualifications and receive the same salaries as the Judges of the Supreme Court. They shall be elected by the qualified voters of the State, at a general election, and shall hold their offices for a term of six years. The Judges of the Court of Criminal Appeals who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and laws.

Section 5 (of Article V): The Court of Criminal Appeals shall have

appellate jurisdiction co-extensive with the limits of the State in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law, and the Legislature may confer original jurisdiction upon it to issue writs of mandamus, procedendo and certiorari in criminal cases. The Court of Criminal Appeals and the Judges thereof shall have the power to issue writs of habeas corpus, and, under such regulations as may be prescribed by law, issue such writs as may be necessary to enforce its own jurisdiction. The Court of Criminal Appeals shall have the power, upon affidavit or otherwise, to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. Said Court shall be open at all times and shall sit at the State Capital for the transaction of business at such times as may be designated by it. Said Court shall appoint a Clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he shall hold his office for four years, unless sooner removed by the Court for good cause entered of record on the minutes of said Court, and said Clerk shall receive such compensation as may be prescribed by law.

Section 6 (of Article V): The Legislature shall, from time to time, divide the State into such number of Supreme Judicial Districts as it may deem necessary, not exceeding twelve at any one time, and shall have the power to re-district the State at any time, and shall establish at Court of Civil Appeals in each of said districts which Court shall consist of a Chief Justice and not less than two Associate Justices as the Legislature may provide, who shall have the qualifications as herein prescribed for Justices of the Supreme Court, provided that the aggregate number of Judges of all of the Courts of Civil Appeals shall never at any one time exceed thirty-six. Each of the existing Courts of Civil Appeals shall continue until otherwise provided by law. The Courts of Civil Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all civil cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law; provided, that the decisions of said Courts shall be conclusive on all questions of fact brought before them on appeal or error. Said Courts of Civil Appeals shall hold their sessions at such places as may be designated by the Legislature and at such times as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective Districts at a general election, for a term of six years, and shall receive such compensation as may be provided by law. Said Courts shall have such other jurisdiction, original or appellate as may be prescribed by law. Each Court of Civil Appeals shall appoint a Clerk in the same

manner as the Clerk of the Supreme Court, which Clerk shall receive such compensation as may be fixed by law. The Judges of the Courts of Civil Appeals who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Section 7 (of Article V): The State shall be divided into as many Judicial Districts as may now or hereafter provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, a Judge, who shall be a citizen of the United States and of this State, who shall have been a licensed lawyer for four years next preceding his election, and during that time shall have been a practicing lawyer or Judge of a Court of record or such practicing and Judge together, who shall have resided in the district in which he was elected for two years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the term of four years, and shall receive for his services such compensation as may be prescribed by law. He shall hold the regular term of his Court at the County seat of each County in his district at least twice in each year, in such manner as may be prescribed by law. The Legislature shall have power by general or special laws, to authorize the holding of special terms of the court or the holding of more than two terms in any county for the dispatch of business. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is, from any cause, disabled or disqualified from presiding. The Supreme Court or the Chief Justice thereof may assign any District Judge to any District in the State other than that for which he was elected, with all the powers of a resident District Judge of the District, to which he is assigned, under such regulations as may be prescribed by the Legislature, or by the Supreme Court in the absence of such regulations enacted by the Legislature. The District Judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with pen or pencil the following words printed thereon: "For the amendment to the State Constitution amending Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system;" and each voter favoring said amendment shall scratch off the ballot in the same manner

the following words printed thereon: "Against the amendment to the State Constitution amending Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and the Governor shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of twelve thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election. Approved March 10, 1927. (A Correct Copy) JANE Y. McCALLUM, Secretary of State.

SENIOR CLASS ADDRESSED BY REV. MAY SUNDAY

The baccalaureate sermon was delivered in a masterful and appealing way on Sunday eleven o'clock service at the Methodist church, by the Rev. E. V. May, pastor of the Baptist church at this place. A beautiful sermon was presented in an attractive manner, wonderfully illustrated with word pictures on the "Open Door of Opportunity." Doubtless the speaker was inspired by the vast audience, and the splendid attention given him, as well as the importance of the occasion. Mr. Jessie D. Cox presided in the absence of Rev. G. J. Thomas, who at this time was speaking to the Senior Class at Plains, Texas. The order of service was as follows:

March: Professional Song "All Hail the Power of Jesus' Name."

Prayer. Solo: "Speak to Me Father."—Miss Gladys Cox, with violin obligato by Mr. Jno. S. Powell.

Announcements: Mr. Cox. The Palms (Faure) Ladies Quartet. Mesdames Longbrake, Price, Fagala, Miss Treadaway.

Introduction of the speaker. Sermon: Benediction. Many extremely and deserved complimentary terms were heard of the appreciation of the worth of the sermon given, and of the sincerity of the entire services. The church was beautifully decorated by the class. Large potted ferns and basket ferns and sweet peas were used profusely with a charming effect.

MRS. WINGERD ENTERTAINS WITH A LOVELY PARTY

Mrs. Roy Wingerd was a charming hostess to the Idle Wives Club on Thursday afternoon, May 12. The pretty Spanish type duplex home was greatly admired by the guests of the afternoon. This occasion, the initial entertainment in her new home, so recently erected. Four tables afforded much pleasure for the bridge players. The usual very splendid time was voiced by the guests. Mrs. Jno. B. King scored high, and received a beautiful linen table cover in pink and white; to Mrs. McBurnett, whose figures were next to high went a daintily made apron. Very unique and clever were the hostess' ideas, and Woolworth prizes were drawn as the guests progressed. Small and useful, though appropriate articles for household helps, were appreciated by the fortunate players. Closing the progression, prettily embroidered luncheon sets were placed and a most delicious two course plate served of sandwiches, olives, pickles, stuffed tomatoes on crispy lettuce, potato-chips, iced tea, delicious parfait and angel food cake, pink and white mints in tiny baskets, were on each plate. Guests were, Mesdames Bell, A. M. Brownfield, A. R. Brownfield, Copeand, Endersef, McBurnett, King, May, Miller, McGowan, F. Smith, Hurst, Quiet, M. V. Brownfield, Shelton, Ike Bailey, O. T. Winn and Dallas.

FRIDAY FORTY-TWO CLUB ENJOY AFTERNOON PARTY

The members of the Friday Forty-two Club with a few additional guests were delightfully entertained Friday afternoon May 13, with Mrs. R. M. Kendrick hostess. Guests and players were seated at five tables and the game enjoyed greatly. Previous to the playing, the hostess announced the "Sunshine" gifts for the month would be distributed at once. She was assisted by two charming girls, Misses Gladys Kendrick and Anna Belle Scudday. The "Friend" was guessed of she arose that she might be known. New drawing took place for the next three months. The following guests played and enjoyed and appreciated the lovely party, and the delicious refreshments of pineapple cream and angel food cake: Mesdames W. H. Collins, J. E. Michie, W. B. Downing, A. A. Sawyer, E. A. Graham, S. H. Holgate, P. B. Brothers, Jno. C. Scudday, J. H. Griffin, H. O. Longbrake, C. R. Baldwin, Claude Hudgens, T. H. Wilson, Ben Hurst, W. C. Smith, Dalton Lewis, F. C. McSpadden, W. H. Dallas, and Mrs. Chas. Hamilton.

MISS PERKINS HONORED BY CHRISTIAN ENDEAVOR

Miss Christova Sawyer was hostess to members of the society of Christian Endeavor on Thursday evening, at her home west of town, in compliment to Miss Mary Perkins, Supt. of the society. The young people reported a wonderful evening of pleasure in this hospitable home. After fun and refreshments of ice cream

and chocolate cake, Miss Perkins was presented with a pretty and useful clock as a token of love and esteem. Her services and time given the society are greatly appreciated. All guests pronounced Miss Christova a charming hostess.

SENIOR CLASS ENTERTAINED WEDNESDAY EVENING

Mesdames McGowan and Dallas entertained as joint hostesses at a lovely party in honor of the class of Seniors 1927, on Wednesday night, May 11, at eight o'clock. Guests were served in buffet style to various sandwiches, pickles, potato chips, fruit salad, iced tea, cake and pineapple sherbert. Guests were Miss Perkins, Misses Gladys Cox, Naoma Newton, Louise Chisholm, Carrie Head, Bernice Lane, Messrs. Joe Shelton, Robert Chambliss and James Harley Dallas, Mr. J. J. McGowan, Billie Joe. The class enjoyed the evening in many games and stunts.

JUNIOR-SENIOR BANQUET

The Junior class of our high school had for their guests the Senior class of 1927, and the high school faculty, on Friday evening, at the American Cafe, where the banquet was served at 8:30 o'clock. Daintily decorated plate cards guided the guests to their places, and as they were seated amid the beauty prepared for them, each were found in a happy mood, as they enjoyed the lovely dinner. Miss Fay Brown, president of the Junior class acted in the capacity of toast-mistress. Many of the Seniors responded to the toasts, as well as the teachers. This pretty compliment shall linger in the memory of the class of 1927, for the expressions of the guests were only those of praise and gratefulness to the Juniors for the pleasurable event. Misses Fay Brown, Helen Jackson, Robbie Mariani Hardin, Bill Collins, of the Juniors, had a special duty to perform. Miss Hardin toasted the teachers, Bill Collins the Seniors. Responding were Mr. Fagala, Mr. Lewis, Miss Castleberry, Miss Lawlis, Mr. Jackson, Mrs. Jackson and James Harley Dallas. The Juniors the guests were indebted for this courtesy so well planned and perfected.

HOTEL BROWNFIELD SCENE OF SUNDAY NOON LUNCHEON

At the Hotel Brownfield on Sunday noon at one o'clock, the Senior class entertained their faculty at a luncheon beautifully managed by the class committee. Tables especially lovely, were decorated in the favorite flower of the class, the daintily colored sweet peas. Baskets of silver filled with feathery ferns and pink and lavender sweet peas, occupied the center of each table. Lavender satin streamers ran from the center to each place card. Hand painted cards in lavender and green were prettily bearing the names of guests as follows: Supt. O. W. Fagala, Mrs. Fagala, Prof. Jackson, Mrs. Jackson, Mr. Lewis, Mr. Scott, Miss Lawlis, Miss Perkins, Miss Castleberry, Willie Ma Jacobs, Bernice Lane, Naoma Newton, Carrie Head, Louise Chisholm, Allie Hamilton, James Harley Dallas, Joe Shelton, Robert Chambliss. Expressions of sentiment appropriate for this occasion were voiced by the members of the class and faculty. This was a most fitting interlude to the days festivities.

Mrs. A. W. Anderson and children have returned to Brownfield after an extended visit of health research to the little daughter, Mary Handley who has been greatly benefited. Mrs. O. G. Winn accompanied Mrs. Anderson from Temple, and will be house guest for a season.

We recently had a letter and yearly remittance from Frank Turner, of Snyder, Oklahoma. Frank says they certainly appreciate the Herald, yet each issue makes him homesick.

Rev. V. E. May, new Baptist Pastor, had the good luck to secure a residence from L. H. Plain just across the street from the First Baptist Church, making it very convenient for him.

Mrs. E. A. Morgan and little daughter and son, Evelyn and E. A. Jr., passed through last week on their way to Wink, from their home at Panhandle, Texas, to visit their husband and father, who recently put in a lumber yard for his firm at Wink and who took ill soon after landing there.

Miss Florence Wells, who recently underwent an operation at the Lubbock Sanitarium, is doing splendidly, and will soon be ready to return home.

CONSTITUTIONAL AMENDMENT

S. J. R. No. 33 Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30A which shall read as follows:

Section 30A. All provisions of the Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and members of the Legislature shall receive such salary or compensation and expenses as now provided until otherwise provided by law. The salary of the Governor shall be Ten Thousand Dollars (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon: "For the amendment to the Constitution of the State of Texas removing

from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner;" and each voter favoring said amendment shall scratch off of the ballot in the same manner, the following words printed thereon: "Against the amendment to the

Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expenses of the State in submitting said amendment and holding said election.

Approved March 29, 1927.

NEEDMORE

By Sand Devil.

Were we to be judged by the article bearing on the intelligence of the average man, appearing in a recent issue of the Star-Telegram, some folks might think that Needmore in its entirety should have a guardian. Not being so very sensitive, ourselves, however, we imagine the writer had in mind the fellow who is going to vote to raise the governor's salary to \$10,000 a year.

Think of the goods now laying on the shelves, Time worn and eaten by moths, Then think of the folks not unlike ourselves,

Who yearn for comfortable clothes. The reason for this our latest deduction,

Can be no other than our own production. Think of the products in storage today;

The thousands could be fed; Then think of the folks that live on Whey.

While Needmore cries for—we said The reason for this our latest deduction,

Can be no other than our over production.

Farmers in general are now very busy picking rabbit hair from between their teeth.

We understand that the brethren down at Seagraves have turned to the book of Exodus in an effort to find out just how the children of Israel did it. Sure, we like the weather we're having, otherwise we would

pack our satchels and pull for the lagoons of Louisiana.

Rev. Draper filled his appointment here Sunday afternoon. Meadow, Harmony and adjoining communities were represented in the congregation. Singing Sunday night was well attended.

Mr. Hudgens of the Pool community, passed our way one day last week. He informed us following the rain a fortnight ago, he planted his entire crop, and his cotton consisting of 100 acres was up to a fine stand when the storm of last Sunday swooped down. Oh, well, a wreck must mark the end of all.

Mr. Ribbles was attending to business in town Thursday.

Mr. Pray, of Lubbock, was down this week, and stated that the wheat on his farm was much better than the wheat on the north Plains. He estimated his yield at 10 bushels or more per acre.

Mrs. Bledsoe, postmistress at Ropesville, was here Friday visiting her sister, Mrs. Gibbs.

Mr. Bennett was marveling why lakes were placed in this region. Mr. Jobe said they were not lakes, only salt-licks for sandlappers.

THE INVISIBLE SLAVES

China has four times as many people as the United States, but the United States has the equivalent of ten times the number of effective workers found in China.

In an article in the Atlantic Monthly, Thomas T. Read lays down the principle that the only way to have material things is to work. Then he subjects this principle to further subdivision as follows:

First, work must be done to avoid repetition, as piping water from the spring instead of continually carrying it.

Second, work must be analyzed to away with false motion.

His third and last conclusion is that the worker must be multiplied by machinery.

The comparative output of work per person in various countries varies as follows: China, 1; India, 1 1/2; Russia, 2 1/2; France, 3 1/2; Germany, 12; Great Britain, 18; Canada, 20; United States, 30.

Although the average wage is high in America, the average cost of work is low. It takes the European workman approximately 10 times as long to make an automobile as it takes the workmen of our country, because of the highly efficient machinery and vast quantity of power which are the invisible slaves of our workmen.

Mrs. A. W. Endersen and Mrs. Dr. DuBoise were Lubbock visitors Monday afternoon.

Bill Turner and wife were over from Plains Monday for medical examination for Mrs. Turner who was ill. In view of the serious condition, she was advised to go to the Lubbock Sanitarium. They were accompanied to Lubbock by Dick Turner of this

Bennie Knoll and wife, of Mineral Wells, are visiting friends and relatives in Terry County.

W. C. Smith recently repainted his residence, adding greatly to its appearance, changing to a lighter color.

MAGNOLIA WINS AGAIN

The Ford Mileage contest staged here Monday, February 28, there were 6 cars out of 13 that used Magnolia Products and made an average of 27.9 miles per gallon, which was the greatest average of all gasoline used in the contest, and at Lamesa on March 2nd, the district had a mileage contest with the winners out of 6 towns, being 12 cars entered, Magnolia Products won high average over all gasoline used there, having 5 cars entered using their products and made an average of 32.6 miles per gallon.

To get the best results, get Magnolia. It will take you there and bring you back on a low average cost.
