VOLUME 23

BROWNFIELD, TERRY COUNTY, TEXAS FRIDAY, MAY 18, 1928

NUMBER 39

## Chamber of Commerce

By the Secretary

One of the most useful industries that has its home in Brownfield, is our laundry and it is at this time delivering a class of work and service that is at least equal if not superior to that performed by any similar industry of any surrounding town. More than \$5,000.00 has just recently been expended in installing modern machinery, enlarging quarters and employing several extra people. The payroll now reaches nearly \$800.00 monthly or about \$10,000.00 yearly. Every dime of this money stays in Brownfield and is expended with our merchants. But strange to say, more than one half of our work is given to institutions of other towns and not one cent of it is left with us. Our laundry is now operating with very little if any profit and must have more business if it is to continue to contribute to the business life of our town. Are we going to support it or are we going to let it fail. Negotiations are on foot at this time for its sale to laundry owners in another town. In fact offers have been made for it. The owner does not want to let it be removed but he can't run a losing game. We are continually working for more industries and create tin bucket brigades. But if we are to have them, we must support them. Just two years ago, we let our bottling works go to the bad, because we thought that a neighboring town made the best "pop." Now we are going to let our laundry go because some think that another laundry can make our sheets a fraction whiter than the home owned, home operated, institution.

We did not land the district convention of the West Texas Chamber of Commerce, for the reason that our delegation was not large enough, but we did muster sufficient votes to assist a neighboring town in bringing home the "bacon."

Mr. Coleman and Mr. Spencer, of the United States Department of Agriculture, visited us this week for the purpose of arranging preliminary work on the Rat Eradication Campaign, which is to be put on by the schools this fall and which is sponsored by the chamber of commerce. Moles and Salamanders will also be destroyed. Literature for organization has been left with this office for later distribution.

Applications for the establishment of Motor Bus Lines in this territory, will be heard at a special meeting of the Railroad Commission, in Lubbock, Thursday. Several persons from Brownfield, will be present as we are interested either on one side or the other.

The meeting of the Fort Worth-Roswell Highway Association which was supposed to meet here last Monday, was called off on account of bad roads caused by rains. Everybody was happy however as the rains were needed.

An article in the Star Telegram of Sunday, gave a town located south of us all the credit for the establishment of the bus line running south and also for the designation of an extension of highway 53. The facts are that every meeting and every appointment was arranged for by either the writer or the county judge of this county and the town in question had no more to do with putting the propositions over, than did any of the other towns that are located on the route. Some one must be running for office down there, that needs a lot of boosting.

### QUESTIONED ANSWERED

The old lady tourist in Florida was interestedly viewing a monster alligator, and finally demanded of the attendant:

"You say you don't have to feed him very often. What kind of food does he like best?"

"Babies, ma'am," replied the man mildly.

"Why, mercy, men, how horrible! I shouldn't think the law would allow you to feed him such things."

"It doesn't ma'am," asserted the attendant. "We feed him fish mostly, but you asked what he liked best."—Selected.

"Mother, wouldn't it be nice if you had the toothache instead of sister?"

"Why do you think it would be nice?"

"Because you can take your teeth out and sister can't."

## Drought Broken Ka-dab In the Big Middle

Ever who ordered the rain Saturday night and Sunday sure knew their okra, for no rain that ever visited this section, to our knowledge, put it over in the shape this one fell. There was no thunder or lightning, or even a windy bluster to herald its approach. It just clouded up and started to rain, and just rained slowly until there was a fine season in the ground. There were frequent slow showers Saturday, but the weather man seemed to have had the stage all set for all the inhabitants of the Plains section to roll into snug beds Saturday night, and listen to the million dollar rain as it dribbled, dropped, dripped all through the night without pause, and just kept on next morning after all arose—and of course kept all but the most determined from Sunday School and church services.

A little better than two inches fell in Brownfield Saturday night and Sunday, which seemed to be about the amount that fell over the entire county, and indeed all over the Panhandle from what we could gather from press reports in Monday's dailies. A fine deep season is now in the ground, and the farmers are preparing as never before to take advantage of the good season. On account of so much cold weather and late frosts the land so far is remarkably free of weeds, and we don't suppose there is a foot of land in the county but is up and ready for the planters, so that planting can be rushed through to completion. A number of farmers were here Monday that could not get here Saturday for the showers, some buying planting seed, but mostly they were in after supplies to run for the next week or ten days, during which we expect to see little of them.

Not only is everything "settin' Jake" for the farmers, but the ranchmen are also all-smiles, for the big rains assure abundance of lucious grass for the dumb brutes, and will prepare them for the market later on in the season. And, too, the roads will be put in fine shape for grading and dragging, and ready not only for the use of local people, but for the tourists as well, who are already beginning to pass through from every direction, going here and on.

If the old grey goose isn't hanging high right now in this section, we'd like for some wise guy to tell us when she ever was elevated.

## Firemen Tendered Banquet at King Hotel

Last Friday night, Mr. L. C. Wines, one of our all-round citizens, entertained the Fire Boys with a generous dinner and banquet at the King Hotel, which is now under new management of Messrs. Powell & Coulter, of Austin, who recently assumed charge and who displayed their culinary skill to the satisfaction of the guests. Mr. Wines made a welcome address to the boys in which he stated his appreciation for their faithful services, and that he felt his property safe from fires under their efficient protection, pointing out the importance of this department to the town.

A violin solo was rendered by Murphy May, Brownfield's boy fiddler, and a splendid recitation by little Miss Virginia May. A responsive address was made by Ben Hurst, who eulogized "Daddy" Wines' splendid life and examples, and that we boys are following in his footsteps. A warm discussion followed as to whether or not he should be called "Daddy" or "Buddy," to the amusement of the guests. Mr. Wines said it didn't make a "Dad-Bud" bit of difference to him. The Fire Boys as usual in their practice turned out in full numbers, and were very expressive of their appreciation for this occasion.—Contributed.

## FAMOUS NOVELIST PREACHED GOSPEL

Harold Bell Wright, author of that tremendously popular literary success, "The Shepherd of the Hills," pictured by First National, was a traveling pastor in the Ozarks when he began writing.

He now lives on his ranch near Tucson, Arizona. His chief hobby is the collection and culture of all varieties of desert cacti.

## County Agents Column

By R. B. Davis, Agent

Terry county with its 250 club members can justly be proud of the club work that is being started. Of these 250 club members 115 belong to the pig club. This is perhaps the largest pig club in Texas. The cooperation in club work has been exceptionally good. The teachers of all the schools have given the time for organization and have encouraged their students to become club members; the parents have met with the county agent and are backing their boys and girls; the newspapers have offered their columns to all the clubs; the C. of C. of Brownfield has shown a great interest and the secretary, Mr. Shelton has given his time unsparingly to the promotion of club work and has assured the boys and girls that there will be a separate division for them at the county fair this fall with special prizes to the various winners. The banks have agreed to finance any worthy boy and girl who wants to buy a pig and does not have the money with which to buy it. With this splendid cooperation Terry county should turn out some club records that will compare favorably with those of the other counties that have had the work for a number of years.

Some of the boys are getting anxious to get hold of that registered pig and begin making a hog out of it. The county agent is visiting all clubs again this week rechecking the boys that want him to order their pigs. When this is completed he will be in market for the best registered pigs that can be bought. The two main objects of the pig club are: First good pigs and then proper feeding. This is the last year that we should have to go out side of the county to get our pigs, for by another year these club members should have a litter of their own that will be as good as can be bought elsewhere.

One club member of the Harmony community is going into the ton litter contest this year. Another year should bring a number of ton litter entries and Terry county then can show the world that this is a hog feeding county.

Mr. Gaston a hog breeder near Gomez has started his hogs on a protein supplement. Mr. Gaston has a very good stock of registered Poland Chinas. His herd boar is one of the best individuals that can be found in this part of the country. The results that he obtains with his protein supplement will be of interest to hog men of the county.

Mr. R. L. Wossum, of Meadow, was in the office Saturday and took 50 pounds of the certified Milo seed that the county agent had ordered. He reports that he had just returned from a trip to Parker county and while down there purchased a fine Poland China boar from one of the prominent breeders of that county. Mr. Wossum has some excellent sows and hopes to get some fall litters that will be as good as the best on the Plains.

Nine hundred pounds of certified Milo, kafir and feterita seed were ordered for 26 farmers of Terry county by the county agent last week. These seed were bought from Pat Nix of Lubbock who is a breeder of pure grain sorghums. Mr. Nix lives near the Exp. Station and the purity of his seed is certified by the Sup't of the Exp. Station.

## County Agent is Received Enthusiastically

Did you read the several reports in last week's Herald from the rural communities telling of the organization of booster clubs in their communities? And did you note a trend of enthusiasm and pep running thru all of them? Did you read a challenge in each one of them, between the line, thrown out to other clubs over the county? Best of all, did you fathom the appreciation all of them had for the county agent?

We did. And it shows which way the wind blows. The Herald for one has never believed that a county agent would be greatly appreciated much by the majority of the older heads, but could see the real enthusiasm and appreciation as coming from the younger generation, and we were right. An old head hates for anyone to tell him how to do any-

## Airline Route Connects With Scenic Wonders

Geo. W. Neill represented this place at a highway meeting at Roswell last week, at which an organization was perfected to secure State and Federal aid in constructing a first class highway from Carlsbad Canyon via Roswell to the Grand Canyon of Arizona, and to advertise same to the general public. These two places are the most wonderful attractions, and rapidly becoming two of the most visited places in America. This highway will also go through the Lincoln National Forest, cross the Malipi or Lava Beds west of Carrizozo, through the Datil mountains, the Meteor mts, and the petrified Forest of Arizona, thus giving the tourist the most interesting sights and scenery than perhaps any other highway in the United States for the same distance. A very good road is already in use along this route, but the purpose is to rebuild and make it a first class road. Representatives were there from almost every town along the route, and all were very earnest and enthusiastic over the feasibility and success of the project.

This will mean a great deal to Brownfield and all points along the Fort Worth-Roswell Airline, as our road is the principal one from this section of the State as well as further east, southeast and northeast from here, for tourists to either or both of these places can converge here, and the same is true of tourists coming from the west. It is the idea in building a highway from Carlsbad to Grand Canyon to advertise to the rest of the nation that one can easily visit both places on the same trip, and our idea is that either going or coming they can pass through Brownfield, and will, if we keep our highway in good condition. We are and should remain the gateway from the east to Roswell and Carlsbad and their interesting vicinities, and they are glad to have such road connection with us and to the east.—Contributed.

## Brownfield School Gets One Credit in English

State Department of Education  
High School Division  
Austin, Texas, May 9, 1928

Supt. O. W. Fagala, Brownfield, Texas,  
Dear Mr. Fagala:—Upon the recommendation of the supervisor who visited your school, 1 credit in English (4th unit) will be allowed without submission of material. This method of accrediting was allowed by the Committee on Classified and Accredited Schools as a recognition of superior work. The retention of the credit will depend upon two factors: (1) whether the school maintains the high standards upon which this credit was granted; (2) whether material is retained at the school at all times to enable the supervisor to judge the work.

I wish to congratulate your school upon this evidence of good work.

Sincerely yours,  
H. A. Blackman,  
Chief Supervisor of High Schools

The flivver that won't run is a standing joke.—Ga. Tech. Yellow Jacket.

thing, although he may recognize that it is right. But the younger generation are on the other hand, at an age when they are in a receptive mood and before they have formed opinions of their own that are hard to change. And after all, it is upon these young people, now in their high school period that the world must depend in the next few years, and the better prepared they are for the task before them, the better they will carry it to completeness with less worry and strain on themselves.

One of the correspondents said, "the community seems to have just awakened since Mr. Davis came." Do you get just what this young lady means by the above. Well, she said a big lot in just a few words, and we hope that each of these several clubs will go on to perfection, and in the fall with their help, we hope to have one of the best county fairs that has ever been pulled off in this section—and we will.

## Local Hatchery Doing A Fine Business

Probably many people in Brownfield and Terry county do not realize the amount of business in an extra way the Brownfield Hatchery is directly and indirectly bringing to this city, for they have probably not taken the time to even make an estimate, but the extra business it is bringing here will amount to hundreds of dollars annually, directly, as well as hundreds of dollars annually indirectly, all of which finds a medium of circulation in the daily business of the city.

Take for instance a person living in an adjoining county, but who usually does business at some other city or town, will spend more or less money with other business men when he comes to bring his eggs and again when he comes after his chicks, not to mention the amount he spends directly with the hatchery for services rendered.

Mr. Holgate is doing a good business; in fact running to capacity all the time, and in view of the fact that he is giving good satisfaction to his customers, there is no reason whatever that his business will not expand from year to year, and more and more people will take advantage of his services. His charges are reasonable and fully in line with other hatcheries over this section, and no one could give more time and closer attention to business than Bob Holgate. All who bring good, new, fertile eggs get a good, full hatch, but of course it is impossible to get good results from chilled or infertile eggs.

The business interests of the town should give Mr. Holgate all the moral support possible, and recommend his business to their customers, who may be in need of hatchery service. In this way, by saying a good word for him, you are indirectly benefitting yourself.

## Had a Good Time—But Lost 1929 Convntion

After the first ballot at Lamesa last Thursday afternoon, it was found that both Post and Tahoka had several more votes than Brownfield, and on the second ballot Brownfield threw its support to Tahoka, and the 1929 district convention of the West Texas Chamber of Commerce will be held in Tahoka. As reported to the Herald, the only thing that came up in the whole proceedings to mar the pleasure of anyone was a little dig that a one-cylinder minded commerce secretary of Slaton handed out. From comments heard afterwards from representatives all over the district, and especially from the hostess city, his remarks were not appreciated by anyone except his "tiny little self." A fellow like that is too small to hold a job in Brownfield as chamber of commerce secretary. But Brownfield holds no grudge against Slaton as a town, and will favor it whenever possible. We are too broad minded to hold a grudge against a sister town just because one man of it displayed all the make up of a jackass.

Much business was transacted despite the fact that one of the largest crowds ever seen at a district convention was on hand, and our delegates assure us that Lamesa took care of the occasion in good style. At the noon hour some of the church ladies had prepared a fine dinner which was served in cafeteria style, and everyone reports a whale of a time.

After returning to this city, the Brownfield band, under the leadership of Jno. S. Powell, formed under two of the lights on the north side of the courthouse and gave a good concert, much to the joy of the people of the town.

### A TEN MINUTE DESSERT

6 oranges  
½ cup sugar  
½ cup water  
½ cup cream  
Chopped walnuts.

Remove peel and membrane from oranges and cut into thin slices. Boil sugar and water together until a golden brown syrup is formed. Arrange layer of orange slices in glass dish, cover with syrup; repeat layers until orange slices are used. Heap with whipped cream and sprinkle with chopped walnuts.

## Legion May Sponsor A Baseball Team Here

Efforts are being made to get the local American Legion to sponsor a baseball team for Brownfield. Some of the local fans are now working on the matter with indications good that the Legion may take hold of the matter and put it over in fine style. The boys held a smoker at the hall one night last week, but we understand that the subject of their sponsoring a team did not come up, as details had not at that time been definitely worked out. But they are likely to have a called meeting for that purpose in the near future.

It has been two or three years since the town had anything resembling a baseball team, except the high school, and of course that always disbands as a matter of course with the close of the school term, and from then on during the real baseball season, our fans must content themselves with nothing better than sitting around a radio set, or pouring over a newspaper for scores made by favorite teams way off somewhere else. This is not satisfactory to people who love to enjoy the game locally where they can do their own rooting and tossing hats.

It is said that there is some good material in the city at this time, and with proper encouragement and support locally, there is no reason whatever that a cracker-jack good team cannot be built up in a little while, and form part of a circuit with such towns as Littlefield, Levelland, Slaton, Post, Wilson, Tahoka, O'Donnell, Lamesa, and perhaps others.

We suggest that some men like Dalt Lewis, Oscar and Eunice Jones, T. I. Brown, Irvin Rambo and others work jointly with the Legion boys and see what can really be done in the matter, and let's have something definite to report in these columns next week.

## Brownfield School Closing Term This Week

Luck, if there is such a thing, seems to have taken wings and got himself "plum" out of existence, so far as the Seniors were concerned last Sunday, for everything seemed to have gone awry for them, but nothing seemed to deter them, and substituting everything just went ahead as if nothing had happened.

First of all, Rev. Douglas Carver, pastor of the White Deer Baptist church, but a former instructor in our schools, was to have delivered the baccalaureate address here Sunday, but on account of the facts that rains of flood dimensions fell in that section it was impossible for him to come. Rev. E. V. May substituted however, to the satisfaction of all.

To add to the above, their caps and gowns, not to mention diplomas have failed so far to materialize, and as if to add insult to injury, their musical leader for the occasion, Mrs. W. H. Dallas happened to the painful accident of falling and breaking her arm. So more substituting had to be arranged on the spur of the moment.

Dr. J. W. Chisholm will deliver the commencement address on Thursday night of this week, we understand.

But to somewhat soothe the disappointments of the 1928 Seniors, it is said to their credit and the credit of their English teacher, Miss Perkins, that they are responsible alone for obtaining the credit for the school in English without the formality of having their papers examined at Austin.

## FREAK OF NATURE SUGGESTS HARD YEAR

Those who believe in signs and omens will probably see a warning of a hard year ahead in the freak chicken on display at the Variety Store. The chick has four legs, perhaps meaning a hard time ahead, as it is given two extra feet to scratch with.

Dr. A. E. Swann found the chick in some that were hatched at his place last week. The chick appears normal except for the right side where three legs are attached in a bunch, the left leg being normal position.

Robt. Martin is caring for the chick at the Variety store and says it has a good chance to live as any other chick, with the exception that it is handicapped by much curdling. It has been an interesting curiosity at this store for the past week.—Rotan Advance.

# BUSINESS GOOD - - AND WHY?

ONE THOUSAND ITEMS in our store. Each item is one of **QUALITY** and **PRICE**. Just this many reasons why our business continues to grow—nothing goes out that hasn't a money back guarantee—meeting all competition with national advertised goods.

**RAIN! RAIN!!**—Yes, it rained in Terry county—the best county in Texas.

## MORE RAIN SATURDAY MAY 19TH

'M' System will rain prices Saturday that you never heard of. Come and get your feet wet—not with water—but with dollars and cents. Start your saving account on your purchases from us now.

## COME AND GET 'EM WHILE THEY ARE HOT

|                             |      |
|-----------------------------|------|
| Fancy Green Beans, per lb.  | 7c   |

W. A. Bell, vice president of the week. First National Bank, with his wife. It seems that the more famous are visiting relatives at Marshall, this man is, the more divorces he gets.

## SOCIETY

(Continued from the Society page)

Scudday and Kathaleen Alexander.

Mrs. Earle Anthony Jr. entertained the club Monday afternoon of this week. Sandwiches, fruit salad, iced tea, angel food cake and ice cream were served. The guests were Misses Lou Ellen Brown, Annie Belle Scudday, Gladys Kendrick and Mary Kathryn Anthony.

Miss Lena Mae Ballard left for Lubbock to go in training at the Lubbock Sanitarium. Her friends wish her success.

Mrs. L. C. Wines has had a very severe attack of inflammatory rheu-

matism and has been in bed several days.

### MISS SUE CRAWFORD, BRIDE-ELECT SHOWERED.

Miss Sue Crawford who will be married next Tuesday to Mr. Boone Hunter was honored Tuesday afternoon with a kitchen shower at school by her former and present pupils. School seemed to be going on as usual when of a sudden a loud noise was heard at the door and in marched a long line of pupils making music with their kitchen utensils. Before the honoree they sang and laid their gifts in a big heap on the table.

Miss Crawford is much loved by all of her pupils.

### CHURCH SOCIETIES

Owing to the storm cloud at the time of meeting there were fewer than ordinarily at most of the Societies.

The Methodist Missionary Society had their lesson in "New Tasks for New Times" which was taught by Rev. Chisholm.

The Presbyterian Missionary Society met with Mrs. Jno. King. Sandwiches and iced tea were served.

The Lottie Moon Circle met with Mrs. Brothers for study in "Royal Service." Refreshments were served.

The Blanche Rose Walker met with Mrs. English with seven present. The subject was "Woman's Emancipation" taught by Mrs. Auburg. Hot chocolate and cake were served. The Circle decided to study the W. M. U. Manual with the Viola Humphries Circle next week at the church.

The cloudy weather and showers Saturday considerably cut down the usual Saturday crowd. As a consequence lots of farm people were on the streets Monday. All had smiles that reached from ear to ear.

County Judge H. R. Winston has been suffering from a rash which broke out on his neck and hands.

Send the Herald to your friends.

## Back On The Job

Am ready for any hauling you want done. Just call 71 and I'll get right on the job.

**S. A. Lauderdale**

## STOP! LOOK! LISTEN!

You will eventually have your automobile repairing done by—

### HARDIN-BURNETT CO.

Why not begin now. Call and let us explain how we can be of benefit to each other.

# SOCIETY and Club

MRS. R. L. BOWERS, Editor  
Phone - - - - - 1-8-2

This department extends congratulations to the manly young gentlemen and the queenly young ladies who complete their high school course this year. It is an important event in the life of every person for now are they entering upon the duties of life to face its tribulations and triumphs, its sorrows and its joys. May success be theirs.

As Graduation Day approaches society's activities naturally revolve about school and the graduates. Formal and informal affairs are being given in their honor.

## BACCALAUREATE SERMON AND LUNCHEON FOR SENIORS

Sunday morning at eleven o'clock the Baccalaureate Sermon was preached by Rev. E. V. May and was followed by a luncheon at the Hotel Brownfield for the Seniors and other guests.

The table was beautifully decorated in keeping with Mother's Day, and with Shasta daisies, the class flower. Places were marked for seventeen guests. Toasts were made by Bill Collins, the class president, Mr. Fagala, Misses Lawlis, Castleberry, Perkins and Mr. Heath. Those present were Misses Helen Jackson, Robbie Marion Hardin, Fay Brown, Vivian Winston, Ola Franklin, Ruth Lawlis, Espie Castleberry, Perkins, Messrs. Adolphus Smith, Otis Longbrake, Bill Collins, Virgil Burnett, Dick Heath, Revs. May and Chisholm and Mr. and Mrs. Fagala.

## MOTHER AND DAUGHTER BANQUET.

Although Mother's Day is a comparatively recent addition to our calendar it cannot be regarded as a novelty and each year the movement grows a little stronger. No one can say how big it really is and there is little doubt but that Mother's Day will live ever because of the sacred love and memory of a mother.

One of the pretty affairs of the week carrying out the Mother's Day idea was the banquet given Thursday evening at eight o'clock at the Hotel Brownfield by the Federated Missionary Society for the Mothers and daughters. The table was prettily decorated with cut flowers and the places were marked with the menu printed on a folder. The menu was:

Don't Chew Loud—Fruit cocktail.  
A Family Affair—Large dish of lettuce, tomatoes, celery and olives.  
A Pale Faced Daughter—Sweet potatoes.

Flapper Meat—Baked chicken.  
Green Eyed Affairs—Cream Peas.  
Creamed Grounders—Cream potatoes.

Vamps Delight—Olives.  
Enchanted Drinks—Iced tea.  
Flappers Delight with Mothers Best—Ice cream and angel food cake.

The following program was given between the courses.

Invocation—That God may be an unseen guest at our table and share in all our joys—Mrs. Dunn.  
Piano Solo, "Birds and Flowers"—Quenelle Sawyer.

Reading, "The Shopping List"—Kathrine Holgate.  
Solo, "Baby Your Mother"—Bebe Auburg.

Toast, "Our Mothers"—Lenore Brownfield.  
Toast, "Our Daughters"—Mrs. Woolridge.

Pianologue, "God Bless You, Mother Mine"—Helen Jackson.  
Toast, "Our City Beautiful"—Mrs. Michie.

Reading and passing of petition—Mrs. Price.  
Piano Solo, "Heaven's Artillery March"—Rebecca May.

Reading, "The Woe of An Unwilling Orator"—Eunice Michie.  
Tableau:  
Childhood—Lucille McSpadden.  
Girlhood and Schooldays—Mary D. Price.

Sweetheart days—Anna Bell Scud-day.  
Motherhood, lullaby—Mrs. Cruce, accompanied by Mrs. Dallas.

About one hundred and four guests were present.

Mrs. Herbert Lees and children of Big Springs are visiting in the home of her parents, Mr. and Mrs. Dallas. Mrs. Lees and Mrs. Dallas went to Lubbock Saturday and were accompanied home by James Harley.

## I-DEAL CLUB MEETS WITH MRS. McSPADDEN.

The I-Deal Club met with Mrs. Flem McSpadden Wednesday afternoon at four. The cut prizes which were bottles of fragrant perfume were won by Mrs. Bailey, Mrs. McBurnett and Miss Sue Crawford. Mrs. Endersen scored high and received a set of silver table number with pencils.

The hostess served sandwiches, potato chips, pear and pineapple salad, olives, iced tea, ice cream and cake.

The guests were Mesdames McBurnett, Ray Brownfield, Endersen, Collins, Alexander, Michie, Holmes, DuBois, Ike Bailey, Miller and Misses Sue Crawford and Violet McBurnett.

Mr. and Mrs. Leo Holmes and Mr. Davis spent Saturday night and Sunday.

Mr. and Mrs. Matt Shelton and children of Honey Grove, Texas have been guests in the home of Dr. Copeland and family.

Misses Sue Crawford and Bessie Thompson spent the week end in Lubbock shopping and visiting Mrs. Percy Spencer.

## PRISCILLA CLUB WITH MRS. DUNN.

Mrs. Dunn was hostess to the Priscilla Club Wednesday afternoon at three o'clock. The time was pleasantly spent in doing fancy work after which sandwiches and iced tea were served to the following: Mesdames S. H. Holgate, Lawrence Green, Scud-day, Pounds, Griffin and Kendrick.

Miss Martha Spencer of Lubbock spent the week end with her grandparents, Mr. and Mrs. J. L. Randal.

## SAN SOUCI CLUB

It hain't no use to grumble and complain just as cheap, and easy to rejoice. When God sorts out the weather And sends rain W'y rains my choice.

—Riley.  
Which expresses the sentiment of the club "without care" for a most happy time was had with Misses Margaret and Mary Ann Bell at a house party Saturday and Sunday.

The entertainment was planned in a most unique fashion, starting with a Quaker Supper. After the guests had arrived slips of paper with the following were drawn: "You are to help fix the tea. Find your partner without saying one word. Not until we are through with supper and back in the living room can we say one thing. You must find things for the tea without asking. When you have finished your supper, take your plate, etc. and put in dish pan. Go back into the living room and then talk if you feel able."

The San Souci Club members could never be modest Quaker maidens, as there are too many things to "gab" about now-a-days. However a dainty supper was prepared and silently enjoyed.

After the freedom of speech was reclaimed not a thing could be thought of to say. The remainder of the evening was enjoyed by each in her own way.

Next morning each one had a share in preparing the breakfast and also the luncheon, which was served about one o'clock.

A short business meeting was held in the morning and the entertainment for the club year was planned. In the afternoon one by one departed having had a very happy time.

Those present were Misses Lucy Drury, Emma Jane Alexander, Addie Hamilton, Lucile Flache, Violet McBurnett, Beatrice Mitchell, Belle Williamson and the hostesses.

## LITERARY CLUB CHANGES ITS NAME.

The Literary Club met for the last time Friday after school at the home of Miss Kathrine Holgate. Forty-two was played and then the following program was given:  
Reading, "Work Wanted"—Eileen Ellington.

Piano Solo—Eileen Ellington.  
Reading, "Fellowship"—Kathrine Holgate.

Reading, "Soul of Lillie Spring"—Francis Brownfield.

Reading, "At the Bridge Party"—

# Hudgens & Knight

Rev. D. D. Johnson the Baptist Missionary of the Brownfield Association is attending the Southern Baptist Convention at Chattanooga, Tenn.

Mrs. J. D. Bailey, Miss Lillie Mae and Robert and Mrs. Huckabee visited relatives in Wink and Midland for the week end.

Mr. and Mrs. A. R. Smith returned Tuesday from a two weeks trip to Waco, Austin, San Antonio and Brownsville.

**SMART SET SORORITY**  
(Entered too late for last week)  
The Smart Set Sorority was entertained Monday afternoon, May 7, at the home of Miss Lou Ellen Brown. The afternoon was pleasantly spent in playing forty-two. The hostess served sandwiches, fruit salad on lettuce, iced tea, devil's food cake and jello. Present were Mrs. John Markam, Mrs. Earle Anthony, Jr., and Misses Mary Kathryn Anthony, Lillie Mae Bailey, Lena Mae Ballard, Lois Adams, Gladys Kendrick, Annie Bell

**Higginbotham Bartlett Company**

**Tokio School Notes**

How are you all this morning? We are all feeling fine after the rain and are starting our monthly examination this week. The ones that have averaged above 90% will not take the finals.

A party was had at Mr. Pippin's home Friday night and every one present reported a nice time. A weiner roast was also had last Wednesday night at Mr. Clara's ranch house. It sure was blustry but the guests stayed.

We are sorry to report that V. G. Latham is still absent from school.

The following program will be rendered for Mothers Day Program:

A Little Song for Mother.  
Mother—1st grade.  
Little Fairy Waltz—Ola Mae Love lace.

Reading—Evelyn Anderson.  
Cora Waltz—Ora Pippin.

Evening Bells—Wayne Buchanan.  
How to Help Mother—Dialogue.

Remembrance—Miss Mitchell.  
My Mother—2nd grade.

Sunrise on the lake—Jaunita Murphy.

Play—The Loveliest Word.  
Duet—There's Someone Waiting—Ora Pippin and Wayne Buchanan.

We regret very much the loss of an infant of Mr. and Mrs. Upton on last Sunday night. Also of James Smith getting his leg broken last Tuesday afternoon.

We are all very proud of our club and are going to do our best to be successful.

The Mother's Day program will be given Sunday night after the baccalaureate sermon.

Following is the program for the baccalaureate services:

Proccional—Wayne Buchanan.  
Invocation—Chaplain Pippin.

Song by audience—Blessed Assurance.

Duet—"Onward Christian Soldiers"—Evelyn Pippin and Ola Mae Lovelace.

Quartette—Messrs. Sappingfield, Robert Young, Norman Lovelace and Claud Hulet.

Sermon—Elder Liff Sanders.  
Benediction—Chaplain Pippin.

—Ethel Pippin and Lucile Hobbs.

**NAZARENE REVIVAL TO BE  
GIN MONDAY NIGHT**

We are authorized to announce that the Cleghorn evangelistic party will begin an old time revival meeting here on Monday night, May 21, under auspices of the Nazarene church. The services will be held twice daily at 10:30 A. M. and 7:45 P. M., under the city tabernacle if the weather is favorable, otherwise arrangements will be made to hold the meeting elsewhere.

Besides the regular song services, there will be special songs from time to time, and an effort made to save as many people as possible. They beg your full cooperation.

**POPULAR BACHELOR GETS  
ANKLE BROKEN**

Mr. G. R. Wilson, popular bachelor living southwest of this city happened to the painful accident of getting both bones broken in the left ankle Tuesday of this week.

His team became frightened and ran away in the field, and he jumped off the planter on a hard piece of ground with above results. He was brought to town and the member was X-rayed and set. He is now domiciled at the Commerce Hotel until his ankle heals.

County Clerk Jay Barret attended the State Convention of County and Districts Clerks at Abilene last week and reports a good time and that he learned much. The convention goes to Forth Worth next year.

Prof. J. W. Casey was over the first of the week and announced that he was in the race for County Judge of Yoakum county. While here he had the Herald make up some cards for the campaign.

**Hunter School Notes**

Who said they didn't like old Terry? It would be hard to find any that would say that since the fine rains Saturday and Saturday night.

We extend an invitation to everyone to attend the program at the close of our school next Friday night week.

Many who were on the sick list last week are reported improved.

Miss Avis Minnix visited Miss Rose Baldwin of the Forrester community Saturday night.

Deward Williams visited Lonnie Reatherford, Sunday.

Mr. and Mrs. O. E. Floyd of the Union district visited Mr. and Mrs. Lee Lyon, Sunday.

Mr. and Mrs. G. E. Zahary visited Mr. Zahary's father of the Forrester district Sunday.

Mrs. Jimmie Price is real sick. She was carried to town Sunday for treatment. Low blood pressure seems to be the trouble.

Mr. F. S. Fisher of the Scuddy district visited his daughter, Mrs. George Byrd, Sunday.

Mr. Lonnie Reatherford spent part of Sunday evening taking shower baths in his Ford racer. It isn't often that the water stands in the roads on the Plains, so some fun was had by hitting some of the water holes 90 miles per.

**TOKIO SCHOOL NOTES**

(Received too late for last week)  
Only three more weeks of school and everyone is busy.

The Nazarene meeting closed Sunday evening May 6.

Joseph Young happened to an accident one day this week. The team ran away with the wagon and he was thrown out and cut a long gash on the back of his head. The doctor was called and six stitches were taken.

We are all busy with our plays for the last week of school. Sunday evening the baccalaureate sermon by Liff Sanders, May 20th.

Tuesday evening, May 22 the seventh grade play entitled "Catching Clara."

Thursday evening, May 24th, the tenth grade play entitled "Aaron Boggs Freshman."

Friday evening the graduation exercises for both the 7th and 10th grades. Judge Winston will deliver the class address and present the diplomas.

The program will be put on at the community hall. Everybody welcome. All the programs are free.

—A pupil.

**THE GOLDEN WEST**

The Golden West! Ah, magic word!  
What veneration it has stirred!

We love the vastness of the west,  
Of all our land it is the best.

The west has obstacles a few,  
But men were meant to dare and do.

And He who heeds the sparrow's fall  
Is strong to help at faintest call.

What tho' the winds and sandstorms blow  
Our fields and gardens cease not to grow.

And who would such a weakling be  
A thing like that to make him flee?

The west wind harnessed gives the power  
To brighten every waking hour.

We'll use the wind that madly blows  
To make our land blossom like a rose.

"Faith as a mustard seed." Sublime!  
Such faith the highest peak can climb;

Such faith each day we shall renew;  
The challenge of the West subdue.

The West shall be subdued by man,  
There is no waste in nature's plan;

The West's a place for happy homes,  
A crown to him who overcomes.

Now, may we add, tho' we must bow,  
Aline that points the way from sorrow:

"To all the prize is open  
But only he can take it,  
Who says with Roman courage,  
I'll find a way or make it."

**Special Prices on Our Baby Chicks**

## SERVICE

It's not just the fact that our gas gives additional mileage, power and pickup; there are a lot of other little things that count. For instance, if your oil is low—we tell you. If your tires need air—we fill 'em. If your windshield is dirty—we wash it. In fact there are a lot of things about our service you'll like. TRY US.

GRIFFIN—McDONALD

## SENIOR CHUCK-BOX

### Baccalaureate Services

Sunday, May 13th, the Baccalaureate Service was held at the Methodist church, Rev. E. V. May, delivering the sermon, which was very inspirational and uplifting. Mrs. Lees, of Big Spring, who is here visiting her parents, Mr. and Mrs. W. H. Dallas was in charge of the music. Mrs. H. Longbrake and Mrs. Clyde Lewis sang beautifully "Jesus Lover

of My Soul."

School is practically over and we haven't heard very many lamentations over the fact. Everyone seems satisfied especially the teachers, who have had terrible times during the past nine months "waging a war," (as Mr. Heath says) "against all types of ignorance." Ignorance may be bliss, but very few Freshmen found it to be so on the exams Tuesday and Wednesday.

Mr. Smith (after Adolphus had re-

turned from Sunday School) Who was it killed Goliath?

Adolphus: I dunno. I was settin' in a back seat and couldn't see everything.

Mr. Heath—Have you ever ridden in an airplane?

Mr. Nance—No; I am scared of airplane poison.

Mr. Heath—What's that?

Mr. Nance—One drop and you're dead.

Kathleen never let's anyone but her friends kiss her.

Fish: And as far as I know she hasn't an enemy on earth.

Motor Cop: So you saw the accident sir. What was the number of the car that knocked this man down.

Mr. Jackson: I'm afraid I've forgotten it. But I remember noticing that if it were multiplied by fifty, the cube root of the product would be equal to the sum of the digits reversed.

Miss Castleberry—What have the physical features of this country to do with its development?

Jim Graves—Why if it hadn't of been for the Delaware river, Washington couldn't have crossed it.

"You drink milk?"

"Nope."

"Live on a farm and don't have enough milk to drink?"

"Nope, we ain't got hardly enough for the hogs."

Kerney: Doctor, I'm afraid I'm going to die.

Doctor: Why?

Kerney: Because my life-time fountain pen just broke.

Mr. Fagala: Half the world is ignorant of how the other half lives.

Richard: Not in Brownfield, sir.

Lois: What makes those trees bend over so?

Mr. A. W. Alexander: You would bend over too if you were as full of green apples as they are.

### FINALE

You wouldn't knock  
The jokes we use,  
Could you but see  
Those we refuse.

The Seniors wish to thank Mr. Stricklin for the column in the Herald which he has so generously given for the Chuck Box—both Junior and Senior. The class appreciates it very much and when the Seniors are out hunting jobs in the near future we will always remember this kindness.

The Seniors also bid goodbye to high school days and the other fellow sufferers who have still something else to learn. So Goodbye!

### TIME FOR WEST TEXAS TO HAVE A SENATOR

To Citizens of Terry County:

The Western half of Texas has never had a representative in the U. S. Senate. Why? In practically all states there is an unwritten law that the two Senators must come from different halves of the Senate. I am the only candidate from the Western half of Texas. I have represented in Congress two different districts embracing 69 counties running from Mineral Wells to El Paso. I know your problems. If West Texas will stand behind me, and let me use my time campaigning East Texas, I will get enough votes to elect me. I will highly appreciate it if my friends will organize their precincts for me, and also if they will write all of their friends scattered over Texas in my behalf.

Gratefully yours,  
Thomas L. Blanton.

Newlin—Newlin and Estelling will have natural gas by September.

## County Conventions Harmonious Affairs

Not a great deal of interest was taken in the county convention, and less perhaps was taken in the precinct convention, but there were enough on hand last Tuesday afternoon at the courthouse to let the people know that democracy was not dead in old Terry by a doggone sight.

Some resolutions were passed endorsing prohibition enforcement as well as the enforcement of all other laws. It would seem that some people have an idea that the Volstead law is the only national law on the statute book, and some of our supposed leaders are willing and almost seem anxious to smash the Democratic party and make the 18th Amendment a test of fellowship. Such men and practices were condemned by the convention.

R. M. Kendrick was elected to go to Beaumont to cast the Terry county votes in the State Convention, and you can just bet your last pair of socks that they won't put anything over on R. M. down there.

The Republican convention, finding that the district court room was occupied by the Democratic Convention, went to the C. L. Williams hardware store. Uncle Isaac Newberry was elected temporary chairman. After some deliberations, it was decided to send an uninstructed delegation to the State Convention at Dallas. The convention was entirely harmonious.

### JESUS LIVED THROUGH CALVARY, SAYS DOCTOR

The theory that Jesus did not die on the cross is advanced by Dr. Hugo Toll, a prominent Swedish surgeon, in a new book which has caused discussion among Swedish clergy and scientists.

Dr. Toll, formerly a surgeon in Minneapolis and St. Paul, Minnesota, chief surgeon at the Deakness hospital here and president of the Stockholm society of physicians, concludes that the Saviour was not dead when taken down from the cross and that, after resting for some time in the grave, he regained consciousness and left the tomb in a normal way.

The doctor's conclusions are based

mainly on analysis of the possibly having been caused by an earthquake a not infrequent occurrence in that region. Jesus then probably walked out of the grave, he suggests, and remembering his sufferings, obeyed the instinct of self-preservation and hid, showing himself only occasionally to his most loyal friends and followers and behaving as a man would do under conditions of a grave danger.

Dr. Toll maintains that several facts point to the possibility that the Saviour found his ultimate refuge at Srinigar on the Cashmere slopes, under the name of Izza. There is reported still to be an Indian sect claiming to be the descendants of the followers of Jesus.

An airplane not only comes high but goes high.

## RADIO GIVEN FREE

Be here Saturday at 2 P. M. with your tickets to the Radio, as it will be given away at that time.

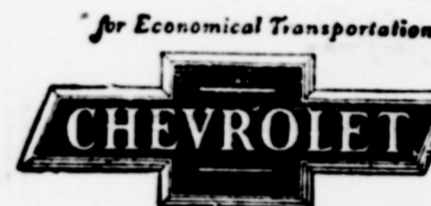

We are going to have a demonstration of Brown's crackers and cakes, also Swift Premium Hams and Wamba coffee.

We have a modern grocery and up-to-date meat market and all your orders in either line are appreciated. It would please us to have your next order.

S. F. (Sig.) Lane  
Marion B. Stone  
B. W. Stinson

For Weigher Pre. No. 4:  
R. A. (Richard) Crews.

Spring seems to have broken on the Plains at last, for the winds and cool spells seem to have let up some, and rains bring green grass, flowers, etc. We even heard some toad frogs chorusing their plaintive melody Saturday night during the rain. Yes, spring is here.

County Agent Davis is a busy man these days. With his duties of half time called for in Gaines county which he has already pretty well organized, and half time in Terry as yet only partially organized, it keeps him stepping about. But after he once gets the county well organized, he will then have more time to devote to office work and to give advice to individuals. In the meantime he will appreciate any help one may render to make his work more prompt and

efficient.

Many good people are now preaching religious intolerance, justifying themselves on the ground that the Catholic church has in foretime been intolerant, and now it is Protestant time to be intolerant. A little study of history will quickly reveal the fact that the Catholic church is not the only one that has practiced intolerance. A reading of the early history of Massachusetts reveals the fact that people were put to death, burned, and exiled for lack of religions in that state in the early days. "Let him that is without sin cast the first stone."

We note in our Haskell county exchange of the past week that vandals, supposed to be local, have been going in the cemetery and uprooting tombstones, breaking the cars off lambs and other ornaments to the stones, and otherwise desecrating the city of the dead. It is hardly conceivable that people of such low mentality could be found in a civilized community. But on second thought, we have plenty of examples of late of civilized men over in Egypt doing the same thing to the tombs of ancient Egyptian kings in the name of science. We have our doubts that tombs should be allowed to be opened even in the name of science, for it sets a bad example for scamps who do not intend anything more than pure damneance.

## MEADOW BRIEFS

By Aesculapias.

Yes, it has rained, not any too much, but sufficient to turn the streets of Meadow into a lake in places and a mud hole everywhere. It looks as if the City Dads would have to doctor the streets if they are to remain passible or move the town.

The farmers now have no further excuse for remaining idle or hunting rabbits, for the weeds will also grow rapidly if not exterminated. However I have never seen the fields so clean as at present.

Our school is nearing its close and the various exercises are now under way. Saturday night the seventh grade put on a play that was very interesting and the various parts were executed in a creditable manner. The baccalaureate was delivered Sunday night by the Rev. May of Brownfield to a large audience. The address was thoughtful and well delivered. Other exercises are to be had during the week.

The school has been one of the best taught here and the old teachers that desire to remain with us another year are to be retained.

Some of our young men continue to bet that they can continue to violate the law and get away with it and accordingly pay the fiddler. Experience is a heartless teacher but youth will not learn in any other school. The employment of an officer should put violators on their guard.

We still have considerable sickness in the community, in fact winter and spring troubles are continuing with us much longer than usual.

Lee Walker and W. G. Swain each have a brand new girl at their house. This makes three girls apiece. In the near future they will have to enlarge quarters so as to care for son-in-laws, for be it known that in these good days that one side or the other will have them to care for. Very few people are rearing self-supporting children. The auto, ball games and the movies is all the youngsters have time of inclination to look after.

My mail continues to be loaded with solicitations of support. Copies of speeches in congress, six and seven columns of addresses from one or

## PRINCIPLES OF OPERATION

We believe that a bank should not only be a depository of funds, but indeed a haven where the rich and poor alike can confide their financial troubles, fears and doubts into the attentive ear of their mutual friend and counsellor the BANKER. The bank, the foundation of all saving, should be solid like the granite, standing the acid test of time, pursuing a conservative but friendly course.

This bank like the great Oak from a little acorn, of persistent effort and sound business principles has grown. It stands today like the Oak, it many services and ample resources like the limbs, cast their shadow of protection over those whose seek its shelter, a mecca which invites the confidence and patronage of the public

another of just how they will if elected reduce taxes, change court procedure, help the farmer (he needs it), advance the rural schools and enforce the prohibition laws. (?) Now as a matter of fact they wont do any of those things. For one reason they can't, and a better reason is they will not try. The one and only sure thing they will do is draw their salary and run next time explaining that they used up the first term in getting the hang of things. Sen. Capper says that at present every tenth person is at the present time working for the government. The future will increase the number for who ever heard of an office being abolished without creating two or three others in its place.

### MR. R. E. BURNETT

Mr. R. E. Burnett was born near Dublin, Texas, on October 7th, 1887. He came to the west when a young man and settled near Snyder, Texas. Bro. Burnett was not an old man but was a man in his mature judgement and councilship. Bro. Burnett answered the call on May 2nd, 1928, this being his age 49 years and 5 months and a few days old.

Bro. Burnett was married to Miss Minnie Lee Riley, Feb. 19, 1905. She was from a well known family in the town and county, Snyder. To this union was borned three daughters and two sons. He leaves a wife and five children with a host of relatives and friends to mourn for him. Bro. Burnett was one of the best men in his community. He was a friend to all

a like. He lived a life before them that they believe in his religion. It was my privilege to know Bro. Burnett but just about three months. I can say with his good wife and children and friends that we will miss him here in our work. As it was my privilege to work with him and to have him in my congregation, it was a real blessing to me to watch his facial expressions while I was preaching.

Bro. Burnett was a great man in the community which he lived. This being the Hobbs Community and any community will feel it great by having men to live in it. He was Secretary-Treasurer of the Board of Trustees in the consolidated school. In the great constructive peace of work that community is doing at the present time he will be missed because he was a great man in that kind of work. He was the teachers real standby. The teachers counted on his judgment and councilship. He took much honor in rendering that kind of work for his community. He was not only a friend to the teachers but was to the students the same. They considered him their pal and they all loved and counted on him much.

His funeral services were held at the Tabernacle at 2:30 at Camp Springs on May 4th. With a host of relatives and friends. The Hobbs School came over in their trucks and when they came by to look on the lifeless cold body that they had learned to love, knowing that he was gone, they wept with his wife and children. Many could be the good

### SHERIFF'S SALE

The State of Texas, County of Terry.

Whereas, by virtue of an execution issued out of the Justice Court of Dallas county, Texas, on a judgment rendered in said Court on the 27th day of April A. D. 1925, in favor of Vacuum Oil Co., a corporation and against Jno. E. Scott, No. 540 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 5th day of May A. D. 1928 at 2 o'clock P. M., levy upon the following described tracts and parcels of land situated in Terry County, Texas, and belonging to John E. Scott, all of Block No. 23 original town of Gomez and all of Block No. 9, O T, Gomez, Texas, and on the 5th day of June A. D. 1928, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Terry County, Texas, in the town of Brownfield, I will offer for sale and sell at public auction, for cash, at the right title, and interest of the said John E. Scott in and to said property.

Witness my hand, this 7th day of May A. D. 1928.

**MILLER & GORE**

Brownfield AGENTS Texas

UNITED STATES TIRES ARE GOOD TIRES

**A JURY OF HIS PEERS**

The fact that a defendant is acquitted by a jury of his peers is not always a compliment to the jury. Recently a Chicago juror was quoted as saying:

"This is a free country and a man can go out and pull a stickup if he can get away with it. No guy has a right to resist. That makes it self-defense for the stickup man."

That man was a juror in a case where five bandits held up a merchant and shot him. The jury was for life imprisonment, or even a death sentence. But the twelfth juror held out stubbornly against them. The defendants didn't go scot-free. But the twelfth juror got sleepy toward morning, perhaps. Anyway, he finally agreed to a twenty-five-year sentence and went home.

Another juror in another case gave out an interview in the course of which he said:

We believe that Sinclair was a victim of circumstance. Although the Government counsel made a good impression, they did not prove Sinclair conspired with Fall to lease the property. If Fall had wanted to sell the lease, it seems to us he would have gone after at least two million dollars and would not have accepted \$233,000, as he could have gotten more. . . It may be that after Sinclair did get the lease, Fall got some money from him by the argument that he had favored Sinclair on the lease.

We believe in jury trials in this country. We have no satisfactory alternative in criminal cases. But a jury trial is no more creditable than its jury, nor can it be. As long as jurors feel that freedom involves the

privilege of robbery with firearms or that a man is a victim of circumstances in paying a Cabinet officer \$233,000 for a third interest in a \$70,000 ranch after receiving a contract involving millions of profit from that officer, jury justice is likely to be warped accordingly.—Dallas News.

**TACTFUL IF NOT TRUTHFUL**

A customer called at the Wey Hardware Co., recently and asked: "How is it that I haven't received a bill for the last lot of goods I got from you?"

"I never ask a gentleman for money," replied Mr. Goble.

"Well, what do you do if he doesn't pay?"

"Well, if he waits too long, I conclude that he is not a gentleman and then I go after him for it."

**PINEAPPLE JUNKET**

1 pkg. vanilla junket  
1 pint milk  
4 tablespoons pineapple with juice.  
Dissolve the junket powder in the slightly warmed milk, pour into dessert glasses and let set until firm. Place on ice till very cold, or better, freeze. Then place a tablespoon of pineapple with juice on each glass.

First One: "Well, I hear you have taken up walking as the doctor ordered. How does it go?"

Second One: "Seems a bit awkward at first, without a windshield."

Tahoka—Tahoka will be 1929 host to the South Plains WTCC district convention, it was decided at the record breaking 1928 meet at Lamesa May 10.

**GOVERNOR PROCLAIMS  
"SAVE-A-LIFE" CAMPAIGN**

In an effort to reduce automobile accidents and eliminate loss of life caused by motor vehicles in Texas, a state wide "Save-a-Life" campaign will be conducted from May 19 to June 9, it was announced today, May 4.

The campaign is made official for the state by a proclamation issued by Governor Dan Moody at the Capitol this morning. The proclamation calls upon all municipal authorities, motor organizations and civic and commercial bodies to co-operate in the "Save-A-Life" movement.

The purpose of the campaign is to establish a regular annual period of free mechanical inspection of all motor vehicles licensed to operate in this state. New York, Massachusetts and other states have already conducted "Save-A-Life" campaigns and several other states have announced their intention of doing so in the near future.

Service stations and garages in every community in the state will be officially appointed by the state automobile authorities to serve as inspection stations from May 19 to June 9. During that period every motor vehicle owner in Texas is requested to drive or send his car or truck to one of these official inspection stations to be examined regarding its mechanical condition. This inspection will be made entirely without charge at the official garages and service stations, and the motor vehicle owner may choose any official inspection station he wishes.

Official windshield stickers will be issued in the name of the state motor vehicle authorities, and one of these will be placed on every motor vehicle that passes inspection as being in good mechanical order. Cars that reveal mechanical defects, which render them unsafe, will have to be put in good order before the official state sticker will be issued to the owner.

"The proposed 'Save-A-Life' inspection of automobiles will be devoted chiefly to brakes, horns, lights, steering mechanism, and mirrors," said an official of the Highway Department. "These are the items most likely to get out of order on the average automobile, and statistics show they are the most frequent cause of accidents."

"We want no unsafe automobiles on the roads in Texas and the cooperation of every citizen and motorist in getting their car inspected free of charge between May 19 and June 9 will go a long way toward saving lives and preventing accidents."

"It is perfectly obvious that the best driver in the world cannot stop a car which 'has no brakes' or warn pedestrians and other cars if the horn is not working. Inspection of drivers is not sufficient. The vehicles they drive must also be in safe condition to prevent injury to themselves and others."

"Fifty-nine per cent of deaths from automobile accidents in the United States are caused by defects in the mechanical condition of the automobile itself. A modern automobile is good for tens of thousands of miles of service, and is entirely safe in the hands of a careful driver, but being a piece of machinery it requires regular mechanical inspection at least once a year to keep it in good running order, and to operate it economically and safely."

Governor Moody's proclamation calls upon the officials of every community, and of the various civic and commercial organizations, to lend their whole-hearted support to the state wide movement for greater motor vehicle safety.

**SMITH FAVORITE IN  
EAST, GROLLMAN SAYS**

Al Smith is a big favorite for the Democratic nomination for president in New England and the East says Claude H. Grollman who returned Sunday from a three weeks buying visit in the St. Louis, Philadelphia, Baltimore and New York markets for his store here. Smith is named in any political discussion in that section, Mr. Grollman says and betting odds are two to one that he will get the nomination.

Not only is Smith popular in the East but as far down as Washington and St. Louis, everybody is of the opinion that he will be nominated and some venture to say that he will be elected.

Mr. Grollman purchased summer goods for his store and also a quantity of fall stock. Sport wear will be all the go this summer, he says, as a big sport season is predicted by the eastern style dictators. Sleeveless dresses will be back in vogue with apparent no alteration in the skirt lengths.

"Everybody is asking about West Texas," he reported, many people, even the big money being intensely interested in the development of this section.—Lubbock Avalanche.

Advertise Terry with the Herald

Clarendon—A special train will originate here to carry the Pease-Red River Valley delegation to the Fort Worth convention of the WTCC.

Haskell—Seven new business buildings are under construction here.

Floydada—Building permits of this city totalled \$23,275 for the month of April.

Mrs. Paul Stephens of Post was over this week visiting home folks and was accompanied home by her little sister, Betty Virginia Shelton.

Mr. and Mrs. D. J. Broughton were in from the farm Tuesday.

E. T. (Dock) Powell left Tuesday on a visit to Louisiana.

FOR SALE: Some cows, fresh and soon to be; two-row go-devil, wagon, planter and other farm implements. See Clyde or Clarence Lewis. tfe.

G. W. Alexander was in from south Terry Saturday and informed us that his land was getting in fine shape for planting. He said that a number had dry planted, and he believed the seeds would come up if no hard soaking rains fell, or if it did not turn off too cool after the present rain.

If you want to see a fine lot of English White Leghorn chickens, you are invited to the western part of the city where you enter the Gomez lane and see the fine flock belonging to J. T. and J. Z. Clements. They are taking great interest in their birds, and are buying only the best strains they can obtain.

The Commissioners Court was in regular monthly session the first of this week.

J. D. Williamson of the Johnson community was in Monday and while here ordered stationery printed for their school.

A. C. Holcombe of the Gomez community was a pleasant caller at the Herald office Monday.

Dr. B. D. DuBois is reported to be on the sick list, but is recovering nicely.

Bill Allmon is visiting home folks at Floydada. His mother was down last week visiting him and her two daughters, Mesdames Walter Gracey and Curtis Huckabee.

**STUDEBAKER'S  
\$795 ERSKINE SIX**

**Sets Ten New Records  
by Traveling  
1000 miles  
in 984 minutes**

ON April 26, two strictly stock Erskine Club Sedans—exactly like those you can purchase from any Studebaker dealer—each traveled 1000 miles in less than 1000 consecutive minutes.

The run took place at Atlantic City Speedway, and was supervised by officials of the American Automobile Association who verified the stock design of the cars.

As a result, ten new records for stock cars under \$1000 were established by the Erskine Six. And Studebaker has demonstrated that its 76-year-old traditions for careful building are carried through in the design, materials and workmanship of this low-priced fine car—named for Albert Russel Erskine, Studebaker's president.

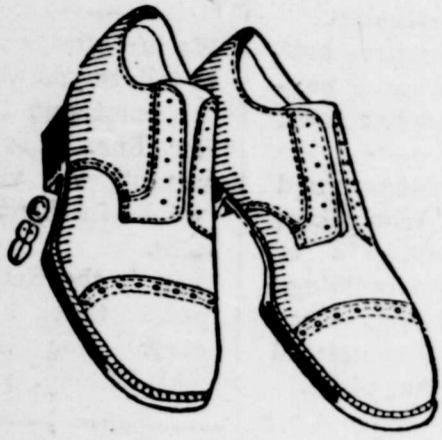

Although sold at the lowest price at which any Studebaker-built car was ever offered (\$795 f. o. b. factory), Studebaker has not permitted any compromise in the materials or workmanship entering into the Erskine Six. That is why this car was able to travel 1000 miles at better than a mile a minute—why you can drive your Erskine Six 40 miles an hour even when NEW—why the Erskine is so economical to maintain and to operate.

A few minutes behind the wheel of the New Erskine Six will introduce you to a type of performance as sensational for its price class as that of the World's Champion Commander is to the field of higher priced cars.
