

# The Terry County Herald

Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME 23

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 6, 1928

NUMBER 46

## Chamber of Commerce

By the Secretary

John Hall has sold his mail and bus line to the South Plains Coaches and the latter took charge on the first and now undertaking to figure a schedule that will enable them to furnish double daily service between Brownfield and Post. It is their desire to so work their lines that a close connection will be made with their lines leading to Roswell and Lubbock and also with the McBurnett line running to Odessa. An extension from Post to Stamford is also in prospect and will be established as soon as conditions warrant.

Everything is all set for the big barbecue on the 4th with committees reporting their work well in hand. From all information that has been obtainable, we will have one of the largest crowds that has ever assembled in this section.

It is desired to send a crowd of boys down to the A. & M. Short Course that is to be held in College Station during the first two weeks of August and arrangements are being made to stage a Home Carnival, on the 20th of July and a home talent play in a few days afterward. The proceeds are to be used to partially pay the expenses of the trip which will be made in a special car. The Chamber of Commerce is sponsoring the Carnival and home play and is requesting the co-operation of the Rotary Club and all Womens Clubs of the town to put it over in a successful manner. Mrs. J. L. Randal has kindly consented to direct the players and other citizens of the town have promised active support. Let's everyone get busy and send these club members to College Station, the publicity will be worth all of our efforts and then some.

The County Agent and this writer are beginning to work out a Fair Catalog with premium list and will be in a position to have it published within the next few weeks. We are going to have a two day fair and it will be a good one.

## Over 1000 Little Factories in Terry County

There are over 1000 little factories in our county—our farms. An increase of production of only \$100 a year from each of these farms would make a total of \$100,000. How would you like to add this much money a year to the payroll of our territory? How much bonus would our community give to a factory of that magnitude? It would be worth a great deal of effort on the part of every citizen to have that much more money deposited in our banks and to spend with our merchants, wouldn't it?

This can be done in several ways. One way is the use of good seeds. It has been abundantly proven that good seed pays high interest on the investment. There is little question that our farmers can average more than \$100 extra profit each year by their use. Good seed are seed that are locally adapted, true to name, of high germination and free from noxious weeds. When our merchants sell any other kind they are automatically reducing the amount of money farmers will have to send with them at harvest time or perhaps in many cases destroy the farmers' chance to pay his bills at all.

## Scudday Calls Hands of Candidates Fri. Night

Last Friday night at Scudday the people down there called on the county candidates to state whether or not they would support the state and national Democratic tickets in the fall. We understand that everyone without an exception, stated that they would support the ticket this fall from top to bottom.

It is reported that Mr. Johnson, who acted as chairman, and who was born and reared in Sweden, made one of the best patriotic speeches that the people have listened to in a long time. He also stated the reason that he chose the Democratic party in coming to America was because he had enough of autocratic rule to suit him in the old country.

Sometimes it's just as well to admit defeat before we are completely knocked out.

## County Agents Column

Last Wednesday morning 2 trucks and four cars of Terry and Gaines county club boys left Brownfield for the district club encampment and training course held at Lubbock. The boys by the aid of red paint made it very clear where the Terry county delegation was from. When the bunch arrived at Meadow they were met by eleven boys and one club girl making the total of thirty three boys and one girl which gave Terry county the largest delegation of any visiting county. Scurry was second with thirty one. The delegation was not only met in Meadow by additional club members but the business men gave the party a surprise by having a basket of sandwiches and a tub of cold lemonade presided over by Rudolph Moorhead. After eating sandwiches and drinking lemonade until it became dangerous to try to consume it all, the party proceeded to the Fair grounds at Lubbock where they registered and then left for the Tech judging pavillion to be divided into groups for the practice judging.

Due to the fact that there were more than 350 boys present it was decided among the Agents not to have a contest but to make it a training course and let all the boys participate. Dairy cattle and sheep were judged Wednesday morning. The boys placed the classes and later assembled and had the classes explained by different men. R. B. Davis went over the class of Jersey cows, R. M. Milhollin, of Plainview, took up the class of Holsteins, while Prof. W. L. Stangel explained both classes of sheep.

After the evenings work the boys went back to the Fair grounds where some went in swimming then all were divided into groups by Mr. Knox the Scoutmaster for games and for chow. The serving of meals was a good reminder of the chow lines in the Army for each boy and girl had a tin cup, plate and spoon and were generously served in an orderly manner by the Lubbock County Farm Bureau and C. of C. After supper the fun began and lasted far, far into the night.

The Terry and Gaines bunches with one or two exceptions were herded together and bedded down where they slept peacefully and as soundly as is possible being so close to the ground. Thursday morning early brought a cool swim, a good breakfast and a hard workout on hogs and beef cattle while Thursday evening was spent in judging corn and grain soighams.

The bunch returned late Thursday evening mighty tired but glad that they went and because they learned something and had a good time. The club leader and county agent were highly pleased by the showing that was made and in the way the boys conducted themselves, and join in with the boys in thanking Mr. Arnett and Mrs. Chamlee and all others who provided ways and helped in any way. The trip was both a pleasure and was profitable.

Two more joined the pig club of Prairie View purchased a registered Duroc from Rev. White of Lubbock and Bonnie Creel of Tokio joined on a registered Poland China that she bought from Mr. Gaston of Gomez.

Now is the time to weigh that pig and see what it made the first month. I. E. Lambert says he knows his will weigh 30 lbs. more for he can't lift it over the fence now. Weigh those pigs up and lets see how much they gained last month.

Mr. J. R. Weaver of Lamesa passed through town enroute to Lubbock, one day this week, and he reports that he has in 1500 acres of sunflowers this year and they are looking good. Mr. Weaver says there is a ready market for sunflower seed which are used in poultry feeds.

Mr. E. T. Nance, who lives in the South part of the county, showed me the daily milk record on his grade Jersey cow that he has been keeping since she freshened. According to Mr. Nance's figures his cow in her first twenty days has produced 1058 lbs. of milks or an average of 6.2 gallons per day. This is hard to beat for a Jersey. A cow like this one is equal to three ordinary cows when it comes to profits.

Reports from the bedside of Mrs. L. C. Wines is to the effect that she is thought to be improving.

## THE GREATEST CELEBRATION IN THE COUNTY'S HISTORY STAGED WED

A Crowd Estimated at from Six to Eight Thousand Thronged The Streets Here Wednesday. Entertainment Features and Barbecue Praised by Every Visitor.

They came Wednesday from every portion of the universe to celebrate the Glorious Fourth with the Legion Boys and the citizens of Brownfield and Terry County. We noted some cars as far away as Louisiana, and we met many people whom we had not seen in years. It could be called a home coming and reunion as well as a celebration. A get-together affair, and all left singing the praises of those who were responsible for the splendid entertainment and feed.

We will try to give a detained account of the affair in these columns next week.

## John Burnett Also Sights Us With Spuds

John (Crip) Burnett came hobbling in the Herald office one day recently with a bucket of as nice red Irish cobbler that would make a cigar Indian's mouth water. We can call John and Ame Flache (crip) and get off with it, for they are no worse than the editor, but if a perfectly normal guy was to try getting familiar with any of us like that we would all pile on him.

But back to the 'taters. New John acknowledge that he did not produce them, but that they were grown by one of his renters, who by the way is a good one. John only took credit for owning the land that did produce them. They were very uniform in size, being as large as a man's fist, well shaped and free from dents and wrinkles. But boy! howdy! the eating was the real test. They had that good old spud flavor that you don't get in storage stuff, and after consuming about two of these nourishing tubers, cooked with a nice mess of string beans, along with some good corn-dogger and thick buttermilk, we could have hugged John, ugly as he is, if he'd been present.

John says these spuds were planted about the middle of March and along about the last of May they begin eating potatoes from the patch. After he read what we had to say about Frank Proctor's potatoes he was afraid that neither Frank or the Editor would believe he had potatoes unless he actually demonstrated. We wouldn't have either.

Anyway we thank John and his good renter for the treat, hoping them more good luck as they go along life's farm journey.

## Postal Rate Change July 1, Says Our P. M.

A complete change in the postal rate system will be in effect after July 1, allowing many benefits to the patrons according to a notice received here by Postmaster J. C. Bohannon of Brownfield. The change effects practically every phase of the postal rate system, with the exception of letters, it was said.

Included in the changes will be the reduction of postal charges on private mailing post cards. The present rate is two cents while the new rate will lower it back to one cent, regardless of distance. A letter can be registered from \$50 to \$1,000 by the new regulation, \$100 being the old registry maximum. All rates on air mail will be lowered, 5 cents an ounce being the charge over the old rate of 10 cents for each half ounce. Ten cents will be charged for each additional air mail ounce.

Lower rates will be allowed on all rural parcel post also, it was learned. A new feature in the system will be of much benefit to local merchants and mail order business, will be the installation of the business reply system. A merchant can send out addressed reply cards without postage providing that he sends as many as 1,000 cards. Postage must be paid on the cards when they are returned answered to the sender. The sender must deposit a certain estimated sum with the postmaster to insure payment of the answers, the regulations state.

Various other changes, including a lower rate for newspapers will be in effect, July 1, the report states.

Half of what the manicurist charges pays for the conversation.

## Copeland Gives Report of Rotary Convntion

There was no set program at the Rotary luncheon last Friday for the reason that members were anxious to give past president Morgan L. Copeland the full time to make report on the International Convention from which he had just returned, held at Minneapolis, Minn.

After thanking the members for making it possible for him to attend, he gave a glowing description of the convention, together with the many good things offered or accepted by the convention to carry forward the coming year. He says that it is hard to conceive just what Rotary stands for until one attends one of these conventions and hear orators from all portions of the world tell what they are doing to promote peace, prosperity and good will in their countries.

Rotary, he said, had probably done more than any other agency in the world toward the promotion of peace among nations. All the nations at war just a few years ago are now working shoulder to shoulder with one another without a ripple. No race, creed or state or national line are recognized by the club. For the better promotion of peace between the United States and Mexico, for instance, the President of the ensuing year is chosen from our sister Republic, having his residence at Tampico, Mexico. This will also have a good effect on the nations of Central and South America.

Mr. Copeland said that Minnesota was a great state of farming and dairying interests, and was an ideal place for vacationing, as it had thousands of beautiful lakes with cool, shady banks and filled with lots of game fish. The milling interests of Minneapolis and St. Paul he said were immense. In other words, from this might well be drawn out a good slogan now in use—"see America first." We have as fine scenery in America as anywhere in the world, but we get no such reputation for seeing it as we would by visiting Europe.

## Former Citizen Dies at Sweetwater, Texas

Roy Scudday, about 38, died about eight o'clock Sunday afternoon at Sweetwater, Texas, after several years of suffering with ill health. It is said that he lay down to rest about four o'clock and was found dead, seemingly to have ased away without a struggle.

Roy was practically reared and educated here, and once made a good race for County Judge of the county after becoming of age. Later he moved to Sweetwater where he married a Miss Shepherd. He was teaching school and studying law at that time. Not long after marriage, he unfortunately developed a disease that finally resulted in his death. He was a Methodist and an Odd Fellow.

He leaves a wife and son, Roy S. to mourn his death, besides other relatives, many of whom live in this county, and the following of which attended the funeral:

His parents, Mr. and Mrs. Jno. C. Scudday of Tokio; John Jr. of this city and Arthur of Tokio, brothers; Mrs. Sig Lane of this city, sister.

Mrs. Theo Smith and children of Wichita Falls, accompanied by her sister, Mrs. J. A. Omer, came in Sunday afternoon for a visit with their parents, Mr. and Mrs. C. F. Holt.

## Two Battlers to Carry Standard of Demos.

Houston, June 29.—Alfred Emanuel E. Smith, Governor of New York and U. S. Senator J. T. Robinson, of Arkansas, are the standard bearers of Democracy for 1928, both having been nominated on the first ballot.

The democrats intend to carry the fight to the enemy in the presidential campaign and they believe they have two men on the ticket who will do that satisfactorily.

Smith, an old hand at stumping, likes to stir about, delivering blows—and taking them—out on the platform with the voters looking on.

Robinson, his hard hitting running mate with a powerful voice and a strong body, also likes to mix with the crowd. Rough and tumble campaigning suits him.

Plans for the democratic campaign is in the making. A line of attack will shape up following conferences of party strategists which will be held in the next few weeks with their standard bearer and the vice-presidential nominee.

One of the big jobs is to determine who will direct the democratic maneuvers as chairman of the national committee. Clem Shaver of West Virginia won't carry over, and the field is now being canvased for the best man for the post.

Preliminary discussions have developed sentiment among the close friends of the New York Governor that they should go outside that state for a campaign leader; that it would be wise to give other sections of the country a voice in the management of the Smith-Robinson fight.

Smith himself will name the man. Among those mentioned for the job are Senator Gerry of Rhode Island; Senator Pittman of Nevada and Senator Kendrick of Wyoming; former Senator Hitchcock of Nebraska; Arthur Mullen, national committeeman from that state; J. Bruce Kremer, committeeman from Montana, and Owen D. Young, of New York.

Until a man is named, little will be done toward getting the democratic campaign actively under way so far as speechmaking on the part of the two nominees is concerned, aside from the formal notification addresses on Labor Day.

Dates for the notification of both Smith and Robinson have not been fixed, although it is planned to have the Smith ceremonies at state capital in Albany and those for Robinson at his home in Little Rock. Senator Pittman was named today to head the official committee that formerly will apprise Governor Smith of his nomination, with Claude G. Bowers, editor of the New York World, who was the convention temporary chairman, serving in a like capacity at the Robinson ceremony.

## A Dandy Highway Says Com. Black

As to the highway east and through Terry county, I have just been over the west end which is about finished. In fact it may be finished at this time, as they just liked about two hundred yards last Friday near Gomez, and I consider it the best dirt road that I ever saw built.

It is above the level of the country through which it passes, and the slope is almost perfect as well as the bar pits, as is physically possible to build them. The top of the road cannot be beat, and the curve that had to be made near Tokio school house is fine.

If anyone is in doubt about Terry county having a good highway, they ought to take a spin over it. I think our local highway man, Mack Herod, and Mr. George A. Fields, civil engineer, of Lubbock, deserve quite a bit of credit from Terry county for building us such a fine road.

W. H. Black, County Com.

## DO TELL

"A little bird told me what kind of a lawyer your father was."  
"What did the bird say?"  
"Cheep, cheep."  
"Well, a duck told me what kind of a doctor your old man was."—Cornell Widow.

## DOUBTFUL

"Ought I to marry a girl who is my inferior mentally?"  
"If possible, yes."

## Cleanup Campaign Goes Over Nicely

At a meeting of the Rotary Club, appointed to see after the Clean-Up Campaign last Friday afternoon, it was decided to either get a committee of three of the Kiwanis Club at Tahoka, or three ladies from the rural districts surrounding Brownfield, to do the judging. In as much as Monday was the "first" it was decided that the business men of our neighborhood would be too busy, and a selection of three ladies was made, and Secretary Shelton notified them to come in Monday if possible.

Mesdames Mon. Telford and Lee Lyon came in Monday morning, but Mrs. Frank Rickles sent word that she could not serve, and Mrs. J. E. Shelton was substituted. These good ladies got busy about ten o'clock and worked like fury for about four hours except the time they were eating lunch, which was served to them at the Hotel Brownfield, and we believe the citizens will agree with us that they did a great job and deserve the commendation of all concerned. We are also of the opinion that their decisions will suit all concerned as near as it is possible to suit all. The following is the unanimous decisions of the judging committee:—

Capital prize, \$15.00—Fred Smith  
District No. 1  
First prize, \$5—J. C. Green  
Second, \$3—Eunice Jones  
Third, \$2—O. McAdoo

Favorable mention: S. F. Lane, A. D. Murphey and D. P. Lewis  
District No. 2  
First prize \$5—W. N. Lee  
Second, \$3—Jack Holt  
Third, \$2—Ben Hurst

Favorable mention: J. E. Michie, Jack Head, E. G. Alexander and H. R. Winston  
District No. 3  
First prize \$5—J. Z. Clements  
Second \$3—G. C. Ashenbeck  
Third \$2—C. W. Tankersley

Trash Piles  
First prize \$5—Lee Brownfield  
Second \$3—J. Z. Clements  
Third \$2—G. D. Hendricks

The ladies report that they found some of the most spotless yards they ever saw, and while the homes in many cases were very modest, the yards were just pictures. This is a mighty good report, and we hope the examples of these people will lead others to follow suit, and we will soon have a very nice town.

The Clean-Up Campaign Committee speaking both for themselves and the Rotary Club wish to thank each and all who have in any way contributed to the success of this campaign, and especially do we thank the good ladies who served as judges.

## Gross Says Frigidaires Are Used in the Navy

Four new 250 United States Coast Guard Cruising cutters, similar to the Chelan which took to the water in May will be launched in the next four months at Quincy, Mass. All will be driven by turbo-electric machinery and will carry a complement of ten officers and 90 men each.

Each vessel will have automatic refrigeration equipment installed in 3 cold storage boxes and one ice cream cabinet, giving it ample provisioning capacity for lengthy operations at sea.

Officers of the coast guard are familiar with this type of refrigeration equipment as it has been in use for many months on the smaller patrol boats on duty in southern waters. In the ammunition magazines of twenty 75-foot patrol boats, Frigidaire cooling coils have been placed to protect the smokeless powder, which deteriorates in hot weather.

Since that time ammunition on the patrol boats has been kept at a temperature of 30 degrees, even in the warmest climates. As a result each magazine now has 120 rounds of ammunition that can be absolutely relied upon when need arises.

## MARRIED

Mr. Bruce Johnson, local barber, and Miss Madalee Davis, a splendid young lady of the Gomez community, surprised their many friends by driving to Tahoka last Saturday night where they were united in marriage. The happy young couple will make this their future home, we understand.

Herald will tell more than letters

# WE GIVE A SQUARE DEAL

Bring us your Cream, Poultry and Eggs, if you want a square deal. We give service on gas and oil while you wait for your produce check.

## FARMERS PRODUCE

Bandy & Dunn

## RHEUMALAX RELIEVES RHEUMATISM

LUMBAGO, a pronounced form of rheumatism can be relieved in 2 to 3 days with RHEUMALAX, as it reaches the cause and removes it sure and certain or costs you nothing. Sold and guaranteed by Alexander.

## SICKLY BOY, 7, GAINS 15 LBS.—FATHER HAPPY

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—J. F. Andres.  
Vinol is a delicious compound of cod liver peptone, iron, etc. The very FIRST bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Palace Drug Store.

Don't worry about the wicked who prosper, time has a way of taking vengeance.—(Ft. Worth, Star Tel.)

## LET'S TELL THEM OF OUR GOOD PLAINS FARMS

The editor has just returned from a twenty-three hundred mile trip—via the family Studebaker—into the heart of Texas and being interested in farms, we could not help observing the handicaps under which some of the farmers in the territory traversed were working. Down in the central part of the state, we saw farmers plowing their cotton and corn fields where the plants were so swamped with Johnson grass that we wondered how they could tell which they were cultivating—Johnson grass or cotton. Other farmers were, apparently, optimistically looking forward to harvesting a crop on land from which all the good soil had been washed by erosion and the sickly looking plants gave evidence of the lack of fertility. Still other farmers were carefully guiding their teams in and out among the numerous stumps which made straight rows an impossibility, even after the trouble of clearing the land of trees, and nobody knows how many years they have been going around those stumps nor how long they will continue to do so. We couldn't help thinking what a waste of time and effort it was for those farmers to go on wrestling with Johnson grass and stumps and eroded fields while there were thousands of acres of virgin land in the Panhandle just waiting a chance to produce bounteous crops with so much less labor. We felt so sorry for them that we could scarcely resist the desire to stop and tell them about the Plains country. Many of the plows were ridden or guided by women and girls and, of course, the cotton fields swarmed with children from perhaps, seven years up, all industriously "chopping" in fields whose size must have discouraged all but the stoutest hearts. It looked to us like those farmers ought to be tickled pink to learn of the wonderful agricultural opportunities in this section and we regretted that hadn't provided ourself with tons of good Panhandle dope to distribute. Let's get word to them that Johnson grass, stumps and erosion are not necessary impediments of farm life and that there is plenty of fertile farm land which is still cheap in price.—Southwest Plainsman.

Dan H. Smith and family, who live at Clovis, N. M., were here over the week end visiting Mrs. Smith's brother, L. J. Dunn and family. This is his oldest sister. Miss Wilma Frank Dunn returned home with them for a short visit.

Reports are that Ray Brownfield was operated on Monday and it was found that his appendix was ruptured and had to be removed in three pieces. He is doing as well as could be expected, according to latest reports.

The Carnival company located on the east side of the square seems to be picking up quite a lot of loose nickels here since Saturday.

B. L. Thompson of this city received the contract to build a two story hotel at Roby, Texas, which is being financed by a local capitalist, E. D. Ballard.

Ray Brownfield was carried to the Lubbock Sanitarium last Friday night in quite a serious condition, and reports coming from his bedside are not encouraging to his many friends. But we hope he will soon be OK again.

W. B. Rountree, M.D.

The man who has for many years successfully treated Pellagra by mail.  
No genuine Rountree Pellagra Treatment without label bears picture and signature—Caution your friends.

## Have You Found Complete Relief?

Have you any of the following symptoms? Nervousness, Stomach Trouble, Brown, Rough or Irritated Skin, Loss of Weight, Weakness, Peculiar Swarming of the Head, Burning Sensations, Constipation, Diarrhoea, Mucous in the Throat, Crazy Feelings or Aching Bones.

Don't Waste your money and risk delay by trying substitutes. Put your case in the hands of a Physician who has been a proven success for many years as a Pellagra Specialist.

READ WHAT OTHERS SAY:  
Mrs. R. K. Robinson, Stiller, Okla., writes: "I am glad to tell you what your wonderful Pellagra treatment has done for me. I feel like a new woman."  
Mrs. W. S. Hays, Eagleton, Ark. writes: "I took Dr. Rountree's treatment for Pellagra in 1926. I feel better than I have for 15 years."

## Deeper Test For the Brownfield Well

The Superior Oil Company, of Tulsa, a subsidiary of the Standard Oil Company of Kentucky, has taken over the drilling contract on the Kingsland Oil Company's Brownfield No. 1, oil and gas test well near Brownfield in Terry county, and will deepen the present hole from 4,007 feet to 5,000 feet, it was announced here yesterday.

The well is located in Terry county, 10 miles east of Brownfield, on the property owned by M. V. Brownfield, Plains pioneer.

According to the contract with the Superior company, the well will be deepened to the 5,000 foot point, or to a point where further drilling might be impossible and after this part of the contract is fulfilled two sands, one encounters at 2235 feet

and the other at 1800, will be shot in an effort to find pay at a shallower depth, Bob Tolbert, of Tulsa, will superintend the drilling.—Lubbock Avalanche.

## THREE F'S CLUB

Well did you all like the rain Monday night. We liked it fine.

Everybody come to Forrester the night of July the 3rd at 8:30 P. M. We are going to have a pie supper. All the candidates are invited and we are expecting Mr. Davis, Mr. Williams and Mr. Winston to make us talks.

We met Tuesday night and got one new member, T. W. Thackary and that makes us have twenty one members. If all the rest of the clubs are doing that well we will soon have all of the old folks in the 4-H Club.

Zoree Crone, Reporter.

Only rarely is it worth what it costs to tell a man what you think of him.

## SHIP TRAINLOAD OF SHEEP INTO HOCKLEY COUNTY

William Murray, of Lubbock, who recently leased the old Yellow House Ranch, unloaded a solid train of sheep at Whiteface last week and drove them overland to the four-league pasture surrounding the old headquarters in the canyon. He has other sheep on the land and this addition will make one of the largest holdings of sheep in this section.

At the site of the present buildings on this ranch was formerly a spring and was one of the favorite camping places on the highway that was much traveled in the days of '49 by the gold seekers going west to California. Later the road was used from the Southwest to points in Colorado and Santa Fe. The next stop was at the Portales Springs, which are only about two miles from the site of the present town of Portales in New Mexico.

From a scenic standpoint the view presented by the Yellow House is typically Western and it is gratifying that it is to be preserved as a ranch and left practically as it was in

the early Eighties. We understand that the present buildings were erected in 1884, before the Fort Worth and Denver Railway had built upon the "Cap."—Levelland Herald.

## HUNTER NEWS

Miss Rose Baldwin of the Forrester district spent Saturday night and Sunday with Miss Creo Edwards.

Mr. Foster Offill has returned home from Jayton, Texas.

Harvey Thompson of Brownfield visited Deward Williams, Sunday.

Everett Woodall visited Ray Offill Sunday.

Mr. and Mrs. M. L. Williams who live north east of Brownfield visited their son, J. B. Williams Saturday night and Sunday.

Mr. and Mrs. R. Degunia who live at Cleburne, Texas visited Mrs. Degunia's sister, Mrs. E. L. Williams last week. They report having roasting ears to eat down there also a few watermelons.

Mr. and Mrs. Lewis Dent visited Mr. and Mrs. Loyd Simms, Sunday.

S. A. Lauderdale.  
T. W. Moss.  
S. F. (Sig.) Lane.  
Marion B. Stone.  
B. W. Stinson

For Weigher Pre. No. 4:  
R. A. (Richard) Crews.  
P. R. Cates

The wind "she still doth blow" and is still doing some damage to young stuff, but the old stuff is too large to injure very much. All are in hopes that it will rain and quiet down before long anyway. But nevertheless, without some wind it would be fearfully hot.

As this is being written the old town is assuming a real picnic air, as stands are going up on all sides for dispensing this and that for the refreshment of man and woman. While lots of the stuff that will be sold Wednesday will not be fit for anything except will be cold and thirst quencing, we are prone to accept the true picnic spirit and will drink anything that day from pink lemonade that never heard of a lemon to soap

suds.

A move is now on foot to try to send at least thirty of the farm club boys to the A. & M. College short course the latter part of July. Watch these columns next week for announcements of how the matter is to be put over to finance or partly finance their trip. Not only will this mean much to the boys who go in developing them for future life battles on the farm, but it will be worth many times the cost in good advertising for the town and county.

Many good and true Democrats are sorely disappointed that the Democracy of the nation saw fit to nominate Al Smith to head their ticket, but believe in majority rule and will support the entire ticket in the fall. There is no question whatever that he was the choice of the majority of states, and there is also no question that Smith is entirely frank. He tries to hide nothing, and was nominated after he had again repeated his position on the prohibition proposition. We can at least be friends although disagreeing with one another. Some, however, are quite disgruntled, and claim they will bolt, but have never done so before. But many of these, we feel, will before the general election, and when they have had an opportunity to see what the nominees really stand for, will change their minds, and vote as they have voted all their lives. But right now, while they are "sore" is no time to try to argue the question with them.

GOV. A. E. SMITH

## THE PLATFORM WEST TEXAS IS PUTTING FORWARD

The solid foundation and satisfactory growth of West Texas' development is reflected in what is the most noteworthy attribute to the "platform" adopted by the annual convention of the West Texas Chamber of Commerce which has just ended in Fort Worth. The attribute is the quality of tranquility which prevades the resolutions which declare the policy of the organization for the next year. No radical recommendations and no positive agitations are envisioned in the list of resolutions, for the reason that none are called for by the general excellence of conditions in West Texas.

Nevertheless, the program of the organization is formulated in resolutions adopted at the closing session of the convention is admirably constructive. It calls for the continuation of

# PRINCIPLES OF OPERATION

We believe that a bank should not only be a depository of funds, but indeed a haven where the rich and poor alike can confide their financial troubles, fears and doubts into the attentive ear of their mutual friend and counsellor the BANKER. The bank, the foundation of all saving, should be solid like the granite, standing the acid test of time, pursuing a conservative but friendly course.

This bank like the great Oak from a little acorn, of persistent effort and sound business principles has grown. It stands today like the Oak, it many services and ample resources like the limbs, cast their shadow of protection over those whoseek its shelter, a mecca which invites the confidence and patronage of the public

## SENATOR J. T. ROBINSON

the organization's efforts to provide conservation of equitable distribution of water resources of West Texas. It calls for continued effort to clear up confusion in West Texas mineral land titles in connection with the Relinquishment Act controversy. It recommends the formulation of a more positive general highway program for legislation, in co-operation with the East Texas Chamber of Commerce and the South Texas Chamber. It pledges assistance in the development of West Texas' potash resources. It

sponsors strengthening measures for better operation of oil and gas conservation in Texas. It pledges support to the advanced public school program of the Texas State Teacher's Association.

In perhaps only two instances does the "platform" make expressions on controversial subjects. One of these records opposition to any change in the immigration laws effecting West Texas. The other is the recommendation for a "reasonable" law permitting horse racing in the state. On both these subjects the position taken is that commensurate with West Texas' present interest, as viewed by its most representative body.

Perhaps the most important of the platform planks, from the standpoint of West Texas promotion is that proposing a "constructive survey of West Texas, with a view of setting forth to the world the industrial advantages that are obtainable in West Texas." West Texas' greatest development need is the accession of a greater population and greater capital. These necessities can be obtained by making the nation acquainted with the rewards which West Texas offers for immigrations of both capital and population. West Texas' publicity has been immeasurably forwarded by the West Texas Chamber of Commerce throughout its existence. Intensification and broadening of these efforts will continue the most valuable work.—Star-Telegram.

Miss Geneva May Dickson of Tahoka, and brother Woodrow Wilson Dickson, are visiting their grandparents, Mr. and Mrs. F. E. Walters.

KILLS ANOTHER NEGRO

Jack Mitchell, colored, is dead as the result of a difficulty with Major Clark, another negro, which occurred on the Louis Manley farm in the Gordon community Sunday afternoon. Mitchell died in a Lubbock Sanitarium at 3 o'clock Monday from the effect of gunshot wounds said to have been inflicted by Clark. Clark was placed in jail here charged with the crime of murder.

He made bond Tuesday in the sum of \$1,000 to appear before the next term of district court here, which will meet in September.

No details of the trouble could be gained but it is understood that a negro woman was involved. Clark lived on the Manley farm while Mitchell, the dead negro, lived on the Brewster farm in the same locality.—Lynn County News.

One day recently while working in his blacksmith shop, the emery wheel bursted while he had it running, and came near ruining Mr. Linville's foot. As it is, the member is badly crushed. He said that one piece of the wheel went through the roof.

Our paper may not be up to standard this week, but we just had to celebrate the Fourth along with the other citizens.

Joe Shelton came in last week from Rusk, Texas, where he has been attending college the past session, to visit his parents, Mr. and Mrs. J. E. Shelton.

### TOPICS OF THE DAY

By Ernest W. Cabe, Jr.

### CONVENTION:

Without doubt the proceedings of the Democratic National Convention during the last few days predominate in the week's journalistic discussions. To a vast majority of the American people the meet at Houston has been more vitally important than the one at Kansas City. From the equivocal declarations made by the Republicans on the main issues of this decade, Democrats and disgusted Republicans alike turned to the followers of Jefferson for a just and specific solution of their problems. Consequently, people, regardless of party beliefs and prejudices, watched the battles in the platform committee room and on the convention floor with a tensely not common in this day of political apathy.

Now, after the whole thing is over and all the oratorical tongues are at rest for another four year, we see the entire situation clearly that was so cloudy a week ago. While some people call the Democratic platform a "straddle," we must admit that it is far ahead of the Republican one in directness and emphasis. The Democratic plank concerning prohibition, while worded in practically the same form as the G. O. P., is a great deal more weighty than the Republican declaration. The Republicans were expected to take the action they did, but as to what the Democrats would do there was a question mark. But now that the major parties are in harmony on this principle the campaign will be fought this summer on agriculture and personalities. Stand by for a close and interesting battle.

### ROMANCE:

While cynics sit and say we are going to ruin because of our materialism, a young girl lands off the coast of Wales and shows not only that a member of the weaker sex can conquer the elements, but proves to us that the world is still as romantic as in days of knights and squires. Even though this American aviatrix, Amelia Earhart, declared she was the proudest woman on earth, she insisted that her pilot was the one to be honored and that she was only superfluous baggage. This was just a waste of words. Reason wasn't what the world was looking for. The more romantic a thing is the quicker it strikes the human emotions. Perhaps we are not such worldly wise and nonchalant materialists as we allege ourselves to be.

### NATIONAL CONVENTION BALLOTS OF THE PAST

Washington—Now that convention days, ways and ballots are being discussed, the following little tabulation as to the number of ballots that were required for presidential nominations in Democratic may prove of interest. The reason the Democratic run proportionally higher, is that they have the two-thirds rule in nominations, whereas the Republicans only require a majority in conventions:

Year	DEMOCRATIC	REPUBLICAN
1832	Andrew Jackson by accl.	
1835	Martin Van Buren, on first.	
1840	Martin Van Buren by accl.	
1844	James K. Polk on the 9th.	
1848	Lewis Cass on the 4th.	
1852	Franklin Pierce on the 9th.	
1856	James Buchanan on 17th.	
1860	S. A. Douglas on the 59th.	
1864	G. B. McClellan on the 1st.	
1868	Horatio Seymour on the 22nd.

## COCHRAN CO. GRAND JURY RECITES IRREGULARITIES

Cochran, stormy petrel of West Texas counties, is in turmoil again. First the organization of the county was contested, carried into the courts and ardently fought out. Then there was trouble over the building of the fine new courthouse at Morton, the county seat. Later on highway difficulties arose, and now the grand jury of that county, in its recent report to the district judge, reviews a situation that is not entirely calculated to be for perfect peace and harmonious government.

Commenting upon the few felonies committed in the county, the report bears down upon numerous occurrences of drunkenness, fights, petty thefts, obscene and abusive language that goes unprosecuted. Referring to the record of the Commissioners Court, the report says they "are guilty of so many irregularities that it would take too much time to make a detailed report and that said report would be too voluminous," intimating that some of the irregularities border onto criminal negligence.

Referring to the auditor's report of the county affairs, the grand jury report says: "during the term of the previous commissioner's court there was allowed by said court claims totaling \$22,660.22. We find and it is shown by the auditor's report that there were no itemized bills showing for what the amount of money was expended. It cannot be determined from the records whether or not the county received anything of value, or same was just or unjust. We find from January 1, 1925 to December 31, 1925, county script was issued to various and sundry persons to the amount of \$1,788.69, but we fail to find any orders upon the minutes of the commissioners court authorizing such expenditures. This is our opinion was contrary to law.

County Judge J. D. Caldwell comes in for a rap because of his son receiving over \$5,000 in warrants, and his son-in-law, H. T. Stewart, also a considerable sum.

Criticism was offered on county debt refunding which was done at the rate of from 16 to 26 per cent, according to the report. The employing of a county attorney at a salary of \$100 per month did not meet with the favor of the reviewing board, at the same time declaring said official to be incompetent, that he had been fined while in office and had executed a mortgage on property which he did not own.

The report recommended that precinct three, which now includes approximately one-third of the county's total area, be changed.

Taking notice of the general morale of the county at large, the report says: "We find there exists among the present county officers petty differences and jealousy bordering on hatred," that "our citizens, like our public officials are divided and torn asunder. These conditions we believe have come about and to have been caused by the administration of

The report is signed by H. T. Boyd, R. H. Cambell, W. A. Crosses, W. L. Miller, H. C. O'Neal, M. Woodley, D. P. Earenst, W. O. Wartes, E. E. Scott, Walter L. Taylor, H. N. King, and G. M. Smith.—Littlefield Leader.

## WORK ON NEW WATER PLANT PROGRESSES

Work is progressing very satisfactorily on O'Donnell's new \$40,000.00 water system. Contractors have been busy the past week constructing the 75,000 gallon earthen storage tank which has just been completed and have already begun the erection of the 50,000 gallon steel standpipe.

Work on the laying of mains has been delayed for a few days awaiting the arrival daily.

Mr. Friday, contractor, stated he expected to have plenty of good fresh water flowing through the city mains by August 15th.—O'Donnell Index.

Mrs. A. H. Herring of the Scudday community brought the Herald a nice mess of spuds this week of the white or Greely variety. The hail struck their patch about the time it was in a good state of bearing and beat off the vines, and they had to be dug. One vine she brought in contained nine small tubers that would have made an average family a mess later on if the vines had not been ruined. Under one vine 38 little potatoes were counted. We'll tell you about the eating quality later on.

A. C. Beard was in Saturday showing some very fine white onions that were produced in Terry. If some fellow showed us some oranges and lemons said to be produced here, we'd believe it. Old Terry is a humdinger despite her sandstorms.

A lowbrow is a person who won't stand being bored.

Those young men who ran from Los Angeles to New York and got nothing for it at least have the satisfaction of knowing that they saved their train fare.—(Nashville Southern Lumberman).

Mr. and Mrs. W. C. Smith and sons have returned from a visit with their son, Mumford and family of Glendale, Ariz. While we are complaining of heat here, they say the thermometer stands at 112 there and is still climbing.

## MRS. DUBOIS ENTERTAINS TWICE WEDNESDAY.

Mrs. E. D. DuBois entertained twice Wednesday—in the morning at nine entertaining the I-Deal Club and in the afternoon at four entertaining with three tables of bridge.

For the morning party the table cut prizes, bottles of Hudnut talcum powder, went to Mrs. Randal, Mrs. McDuffie and Mrs. Sawyer and high score prize to Mrs. Hunter, four cut glass Rose Marie ice tea glasses.

The guests were Mesdames Collins, Endersen, Boone Hunter, Michie, Flem McSpadden, McDuffie, McGowan, Arthur Sawyer, Wingerd, Shelton, Randal and Miss Christine Owens of Ennis.

For the afternoon the table cut prizes also bottles of Hudnut powder went to Mrs. Copeland, Mrs. Winston and Mrs. Miller. High score was made by Mrs. King, a pretty china sugar and creamer set and consolation, a pair of blue wall pockets to Mrs. Fred Smith. The guests were Mesdames Morgan Copeland, Bowers, Endersen, Gracey, Fred Smith, King, Miller, A. M. Brownfield, Homer Winston, Dallas, McBurnett, and Edgar Self.

At both parties the hostess served delicious sandwiches, congealed salad, refrigerator cake and iced tea.

## BIRTHDAY PARTY HONOREE

Miss Christine Hamilton was the honoree at a party given Saturday afternoon by her mother in honor of her seventh birthday. After an hour and a half of playing on the lawn the little folks were served ice cream and cake. Balloons were given as favors. Present were Earline and Evelyn Jones, Dorothy, Donald and Bettie Joyce Bynum, Nellie Johnson, Beatrice Perry, Nina Ruth Dunaway, Granude Bohannan, Geraldine Jones, Marjorie Sue and Kathleen Bynum, Willeta Cook, Velmois Burnett, Sammie Legg, Claude Jr. and Billie Hudgens and Bobbie Virginia Bowers.

Mid-summer finds many gone and many planning to leave soon for their summer vacation; others have already returned from their vacation. California and the Western States have claimed a good portion of our tourists with New Mexico and Colorado claiming their usual amount.

Sunday Mr. and Mrs. W. C. Smith and boys, Adolphus and Dell returned from a visit with their son and brother, Munford Smith and family of Glendale, Arizona. They report a good trip.

Wednesday Mr. and Mrs. Raymond Simms and children returned from a visit with his parents near Los Angeles, California.

## PATRIOTIC COLORS FOR THEATRE PARTY.

Friday evening at seven thirty o'clock Group Three of the Friday Forty Two Club entertained the Club with a theater party at the Rialto. Joint hostesses were Mesdames R. M. Kendrick, Claude Hudgens, Knight, Pat Brothers, Webber and Downing.

The guests first met at the home of Mrs. W. B. Downing for a short business meeting. After the show red, white and blue brick cream and angel food cake was served at the Palace Drug Store.

In keeping with the patriotic scheme, a tiny flag was placed in the cake and a large flag centered each table. At the Rialto the places were marked off with red, white and blue bunting.

Present were Mesdames H. W. McSpadden, Collins, Holgate, Flem McSpadden, Clint Rambo, Dallas, Baldwin, Griffin and the six hostesses.

## LUNCHEON CLUB WITH MRS. ENDERSEN.

The Luncheon Club met Friday afternoon at four with Mrs. Albert Endersen. The table prizes, bridge pencils, went to Mrs. Michie and Mrs. McGowan. High, a pretty motto went to Mrs. Michie.

A delicious salad course was served to the guests who were Mrs. Michie, Mrs. Shelton, Mrs. DuBois, Mrs. McGowan, Mrs. Miller, Mrs. King, Mrs. McDuffie and Miss Christine Owens of Ennis.

## ZONE MEETING AT MEADOW

Thursday the Zone Meeting of the Women's Missionary Society of the Methodist church was held at Meadow. About eight or ten delegates from here were present. Dinner was

served to all and Ropes won the loving cup.

Misses Ruth and Mary Lawlis of Snyder and Miss Espie Castleberry of Lubbock are guests of Mrs. J. L. Randal for the Fourth.

Mr. and Mrs. W. G. Harris and children returned Saturday from a two weeks visit with relatives and friends in Sanger, Denton and Kaufman. Mr. Harris' brother and wife, and their daughter accompanied them home for a visit.

Mrs. F. M. Ellington and children have been visiting in the Harris community.

Mrs. L. A. Townsend, wife of the local Western Union operator, was to be operated on Tuesday at the Lubbock Sanitarium. Her mother, Mrs. Shirliff and brother, Wylie Shirliff, both of Lampasas have been here with her. She is reported doing nicely.

Mr. and Mrs. Chas. Bartlett of Lubbock were guests of Mr. and Mrs. Hopson.

## W. O. W. QUILTING

The ladies of the Woodmen Circle met at the hall Wednesday for a quilting. Dinner was brought and served. The members present were Mesdames McCormick, Judson Cook, Wayne Brown, Jack Benton, Alford Mangum, Chas. Moore and Mrs. Hogue.

## REUNION OF FRIENDS AND RELATIVES

A host of friends and relatives met at the home of Mr. and Mrs. Charile Moore Saturday for a reunion dinner. Those present were W. E. Winn and family of Gomez, Cleburne Karr and family, city, W. H. and Geo. Black and families of Gomez, Hoisey Key and family of Gomez, Beryl and Eddie Black and wives of Gomez, Sam and Buster Key and wives of Gomez, Mrs. Geo. Martin and children of Breckenridge, Mrs. Fannie Martin and son of Weatherford, Mr. Mordie Martin of Weatherford, Mr. and Mrs. Ross Black, Mrs. Corinne Black and daughter, Miss Nora, all of Gomez, and Mrs. Dimple Jones and Alson Black, city.

Mr. E. W. Green of Lubbock visited his daughter, Mrs. Hopson.

Miss Rozzie Mae McClish, who is attending the Tech spent the week end and Fourth with her friend, Mrs. Leo Holmes.

Mrs. Tankersly and Miss Margaret Bell who are attending the Tech spent the week end and Fourth at home.

## LOUISE WILLIS CIRCLE

Thursday June 28th the Louise Willis Circle met at the home of Mrs. H. H. Hughes. The members present were Mesdames Howard Swan, Frank Ballard, E. V. May, Fletcher and Jack Holt.

Dr. and Mrs. D. B. DuBois left this week on their vacation. They will visit in the mountain sections of New Mexico and possibly Colorado before returning home.

The first bale of Texas cotton of the 1928 vintage, brought the sum of \$1175 on the Houston market. Houston never does things by halves it seems.

H. W. McSpadden and son, Flem, have returned from Houston where they went to prevent the nomination of Al Smith. However, while they went down there in sympathy with the Texas delegation, Mr. Mack says they were the contrarist bunch he ever saw, although acting as the host. He says they simply would not agree to nothing that was proposed and everything had to be put over them.

Rev. John Chisholm, local Methodist pastor, returned the latter part of last week from Matador, Texas, where he conducted a school for Sunday School teachers.

Sheriff F. M. Ellington returned last week from Colorado where he had been after a man, armed with requisition papers from Gov. Moody, but failed to get his man, as he proved, under Colorado laws, that his offense was a misdemeanor, and he could not be requisitioned under anything but a criminal charge. The case, however, was continued.

If you are looking for mileage, the name is CONOCO

MOST gasolines look alike; but there is a vast difference in their actions. Right now you are probably most interested in the gasoline which will deliver maximum mileage. . . and it's easy to get it. Just look for the pumps that display the familiar Continental Soldier trademark. These pumps are the extra miles dispensers. They are the power houses for motorists who want to reduce motoring costs. If you want extra miles, you want Conoco.

CONTINENTAL OIL COMPANY

## Program of Terry County Club Rally 13th

9:30—10:00 Club members register at tabernacle.

10:00—10:30 Parade through town

10:30—Song, "America."

Welcome Address—Mayor.

Response—Joseph Young, President Tokio Trophy Takers.

Club songs and Yells.

Talk—I. J. Thorton, club boy of Lubbock county.

12:30—Basket Lunch.

1:30—Hog Calling Contest.

Address—J. D. Tinsley, Agricultural Agent of Santa Fe.

Talk—Leon Ransom, club boy of Dawson county.

Picture show.

Announcements of boys making the judging teams.

There will be other distinguished men present who have been connected with club work who together with these on the program will make this one of the most delightful days as well as profitable days that you will spend this year.

Friday, July 13th may be an unlucky day for those who are suspicious but it will be a very lucky day for all those club boys and girls of Terry county who attend the Terry county 4-H Club Rally at Brownfield.

Just look at the program and see if you can afford to miss it. First you come to the tabernacle and register and the club which has the highest

per cent of its members present will be given a railway ticket for its chosen delegate to the short course at A. & M. college. Isn't that worth working for? Then comes the big parade

down main street led by the Brownfield Band and followed by the fourteen clubs of Terry county with their banners flying. After the parade everybody will sit in the shade of the tabernacle while Mayor Joe J. McGowan will officially turn the town

over to the club folks and the city will be accepted by Joseph Young of Tokio. Then comes the Club songs and Yells, followed by a talk by I. J. Thorton, a former club boy of Lubbock county. I. J. made an outstanding record as a club boy in Lubbock county and was one of the two club boys chosen from over the state last year to represent Texas in the National 4-H Club encampment at Washington. He first made a success on the farm in Lubbock county and as a result of his success he has made trips all over the U. S. and you will enjoy hearing him speak.

Next is lunch, which everyone should bring and spread under the tabernacle, ice water being furnished. A very strenuous exercise will be held immediately after dinner and that is a hog calling contest. Each club will select a boy to compete and the one winning by popular vote will be given a handsome prize. After this contest, Mr. J. D. Tinsley who is general agricultural agent for the Santa Fe Railway, will talk. Mr. Tinsley is always for the boys and girls where the Santa Fe runs and he will have something to tell you that will make you more determined to be a winning club member. The last speaker on the program is a Dawson county club boy who is now in Washington enjoying one of the highest honors that can come to a club boy that of being one of the chosen boys to represent his state in the National Club Encampment. Leon Ransom of Dawson county and his experience as a successful grower of Milo, on the winning team is stock judging and the state and National honors that he has won will be of great interest to you and will be worth the day in coming.

After this short program the management of the Rialto Theatre will entertain with a good picture at a

very low charge. Following the picture announcement will be made of the boys who will represent Terry county in her first Livestock, Dairy, Grain and Poultry judging teams. This will be only get together of all clubs in the county and every one including all boys and girls and their parents who are in the clubs or who are interested in club work are invited to attend any part or all of the day.

Come early and bring your dinner, you won't regret it.

## MEADOW BRIEFS

By Aesculapias

A few of the many advantages enjoyed by the Plains are, that we always have cool nights in which you will always be compelled to have one or two quilts or blankets and during the day there is always a cool breeze blowing thus making working in the open you never suffer from heat (?)

Hot winds are unknown and the mercury rarely goes above eighty five or ninety in the shade (?) When the wind reaches a velocity of forty or fifty miles per hour it is inclined to move any loose sand or dust that may have been accumulated in the roads. Did you ever hear a statement of that kind in the past? Do you believe that it is absolutely correct?

Yes, I have heard it often, have made it myself. I am ready to qualify on most of it that it isn't always correct.

The crops throughout the community that have not been blown out or covered up are looking fine, but most of it is young as the first plantings were either blown out, covered up or destroyed by hail.

Claude Hightower who resided here for a number of years was injured in a car wreck near Tahoka last week and is in the Sanitarium at Lubbock. His skull was fractured and he is still critical this morning, Tuesday. The doctors hold out little hope for his recovery.

Such as such accidents are there is little hope that we are near a solution of fast or reckless driving. We learn nothing by such accidents and all rules and regulations of traffic on the highways are regularly violated by practically every one driving a car.

There have been two births since my last report. A girl at Mr. U. A. Walkers and a boy at Mr. W. A. Sells. Both reside west of Meadow.

The conventions have come and gone and the expected candidates of both parties were nominated on first ballots. A very unusual proceeding for first terms.

Both candidates are able men fully qualified to fill the place. Nothing charged against the private life or morals of either. One however has never been elected to any office or filled any public place in the government until recent years and then by appointment.

The other has risen from street gamin by slow steps through minor offices until he at present fills the office of governor for the fourth time of a great state. His opponents give him praise for the management of his state's affairs. The best men and officials of his party are for him and will support him. Shouldn't we be satisfied with him? Every Democrat should give him his vote. In my judgment every sure enough one will. No man can be a democrat or a republican and scratch his party ticket.

**TOKIO TROPHY TAKERS CLUB**

The TTT Club met Monday night, June 25th with a fair enrollment. We had with us W. E. Williams, Mr. R. B. Davis and Lee Brownfield, all of whom came from Brownfield, and we hope to have them back with us at every meeting.

There were quite a few songs and yells practiced, in which Mr. Lee Brownfield helped, which we appreciate and hope he will come back again.

Mr. Williams and Mr. Davis gave us a talk which were pleasing. The TTT Club members are coming on with their club work just fine and we are going to keep improving all the time.

We have a meeting every two weeks and every body invited to visit just to see what we are doing. All members are expecting to be at the rally July 13. The boys of our club are going to Lubbock for a short course.

What a happy bunch of boys at Tokio. We elected Mr. J. A. Parks and Mr. W. B. Martin as community leaders, and Mrs. R. C. Young as song and yell leader. We sure did have a time breaking him in. We want to thank Messrs. Davis and Williams for the nice compliments they gave Tokio club boys and girls.—Reporter.

Arn't you glad you didn't answer all the knocks of "opportunity."

**HOW MANY BARGAIN TIRES ARE REAL BARGAINS?**

ISN'T it better to pay a little more for a tire you know is good than to ride in fear and trembling on a "bargain" tire?

"Bargain" tires are short-lived, and in the end you've lost everything including your temper—and nothing to show for it.
