VOLUME 23

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 27, 1928

NUMBER 49

## Chamber of Commerce

By the Secretary

The highway meeting that was called for Rotan on the 25th for the purpose of electing new officers and arranging for an intensive advertising campaign covering on our East and West route has been postponed upon account of bad roads through Kent and Fisher Counties. The forty four mile section through Kent and Fisher has just been completed and from reports coming in it would appear that it will need some repairs on the order of those that will be needed on the new section west of Brownfield. It is expected that another meeting of the association will be called within a short time as it is desired that strip maps be published and newspaper and magazine publicity be given to the route as soon as possible. We should wait however until another rain is needed for the West Texas crops, as a general rain has been received each of the two last times that a meeting was called and I think that showers were received over the district in most of the other meetings.

The home carnival went over but not in the manner that its friends expected it to and it became necessary to call upon the citizens of Brownfield to subscribe for the expenses that would be incurred in the way of railway fare by the judging teams. Each one will pay for his individual room and food while absent, this is the way that it was expected and agreed to by the club members anyway. Citizens of the town responded nobly and only a very few of them refused to contribute. This town can be depended upon to put a proposition over at any time that it becomes necessary.

The newspaper correspondent sometimes has a hard row to hoe. I have just finished romping on one of the Star-Telegram forces regarding a map that was put out a few weeks ago and got romped on myself concerning an article that I wrote a few days ago concerning our crop situation. All of the boys do not see these matters in the same light however, as one of our prominent citizens approached me the other day and complimented me highly upon the same article and said that it described the situation accurately. This reminds me, that about two years ago I had an article in the papers predicting a 30,000 bale cotton crop and several of the boys were about to crawl my hump upon account of it as they said that it would give the speculators a good chance to depress the cotton market and observations since that time have about convinced me that they were correct. Anyway I believe that if all newspaper correspondents would confine themselves to modest statements concerning cotton production, that we might avoid some of the uncalled for slumps in prices. The idea having obsessed me is going to cause me to try it a whirl and hereafter the newspaper articles written by me will describe the actual conditions of this section as I see them, but I will under take to tread lightly in the event that we have another extremely dry period before the present crop is matured.

## Emmet Whitaker Takes Position With Herald

Mr. Emmett Whitaker and wife, who for the past few months have been making their home at Henryetta, Okla., came in Monday, and the former took a position with the Herald Tuesday morning in what we hope will be a long and congenial business association. The writer has known Mr. Whitaker for some time, and holds him in high regard as both a printer and a gentleman. Mr. Whitaker will be pleased to meet and become acquainted with the citizenship in general, and he and wife will add to the social and church life of the city. Any favors shown will be appreciated by the Herald.

Mr. Whitaker, besides being a good printer is our present state representative in the legislature, and is also a minister of the Baptist church, and will appreciate work with any of the Baptist congregations in reach of Brownfield.

He who hesitates is hit.

## The Cotton Leaf Worm

By The County Agent

While the last report sent out by State Department of agriculture showed no actual infestation of the cotton leaf worm yet with the general rainy weather that we are having it is almost certain that the worms will be here, in fact a few farmers in the county are reporting the presence of worms already.

The cotton leaf, or army worm, as it is sometimes called, can be controlled to where they will not materially damage the cotton if proper measures are taken.

The best means of control is by the use of an arsenic poison. Calcium arsenate is the cheapest of the safe forms of arsenic and is the poison most generally used and recommended for the poisoning of cotton.

It has been found in the past few years, that spraying is more effective and more economical than dusting. Spraying may be done at any time of the day or night and with the use of a good spray and the proper mixture a more uniform and thorough distribution can be made with less poison than by dusting.

While it may not be necessary to start poisoning for some time and we may not be bothered by the worms but the odds are that we will and it is now time to make sure that you can get hold of a pump when you need it. You had better be sure that pump and nozzles are in working order and the only way to be sure is to pump with it.

Calcium arsenate does not dissolve in water, and must be kept suspended in water by constant agitation. Pumping water on cotton from a barrel that has poison in the bottom will not kill worms for the poison is like grains of sand and those grains must be in each drop of water. Another thing is that the spray nozzle or openings are very small and any little lump of poison or trash of any kind will stop up this opening and results in one row being left. The best way to get the lumps out of the mixture is make a thin paste of the poison in the tub and mix thoroughly with the hand or paddle until all lumps are broken up and then pour paste in the pump barrel and add water. Some lumps will be left in spite of every precaution so the nozzles should be cleaned every two or three rounds.

The amount of poison to use per barrel of spray and the amount to put on an acre of cotton are questions that men differ on and the amounts will vary with the size of the cotton and other factors. That amount that you or several men have used successfully is the right amount.

The biggest thing of all is to get the worms before they get the cotton. Chances are many men will say "I would have made a half bale of cotton to the acre if the worms hadn't hit me." and most of those men will have spent as much for poison as any body but it was after the worms had their cotton or they did not poison properly.

You had better be prepared and know that you are prepared in case the worms come and be sure that you get the worm BEFORE the worm gets the cotton. Poison can be had from local dealers.

## Large Lubbock Delegation Thru Friday

A delegation of Lubbock citizens numbering perhaps 50 cars, passed through here last Friday morning on their way to Hobbs, N. M., where they were going to take in the new oil town some 80 miles southwest of Brownfield. Some, we presume were out for an investment if one satisfactory was found, others to merely see the sights.

The delegation stopped some 20 minutes in Brownfield and being headed by their band, gave us a short concert at the band stand in the court house park band stand. After which they reformed their lines and left for the newest sensation in oil town to our southwest.

Owing to the fact that it has been raining all week, local matter is very, very scarce, so local matter is very, very scarce, so local matter is very, very scarce.

We are sorry to report A. W. Enderson on the sick list.

## The Baptist Revival Starts Sunday Morning

Rev. C. E. Lancaster, pastor of the Coleman, Texas, Baptist church is expected to arrive in our city the later part of this week and will start the annual summer revival meeting for the local Baptist congregation Sunday morning at the eleven o'clock hour. There will be preaching each morning and evening at the usual hours.

C. E. LANCASTER

He comes highly recommended to the local congregation as a revivalist, and has been unusually successful both as a pastor and evangelist. You are cordially invited to hear him throughout this series of meetings.

EWELL BONE

Mr. Ewell Bone, of Abilene will direct the music for the revival, and has the reputation over West Texas of knowing just how to get the maximum singing out of his choirs, as well as the young folks. If you sing, he wants to meet you the first day of the revival.

## EDITORS ARE INVITED TO FARMERS SHORT COURSE

The following letter has been received by the editor of the Herald from T. O. Walton, president, and O. B. Martin, director of extension, of the Short Course of A. and M. College:

"You are earnestly invited to come to our Short Course July 30 to August 4. Lodging will be provided if you will tell when you will be here. A meeting of newspaper men will be held and you will also have opportunity to see all that is being done by the farmers and the members of their families, as well as the instructors and others. We are coming to a new day in the development of Texas, and we believe the 5,000 progressive people who will come to the A. & M. Short Course will contribute their share. We want your suggestions and help. Come early and stay till it is over."

## Holgate-Endersen to Have Modern Plant

Ground has been cleared of the old frame and tin building on the northeast corner of the square for one of the most modern mercantile buildings on the South Plains, excepting none, which will be erected for their hardware and implement business. We understand that the contract for its erection was let recently to Roy Wingerd, contractor, and also the architect who drew the plans.

The building will not only be modern with all conveniences, but a beautiful architecturally speaking, and a credit to towns much larger than Brownfield. But the proprietors in putting extra money into the building, are not looking to the town for just a few years, but for years to come, and they expect Brownfield to look very different in the next decade.

The building, facing Hardin street, will have a front of fifty feet and reach back on Fifth street 140 feet, the full length of their lots. It was their original intention to have a two-story building, but finally decided on one story at present, but will use a foundation capable of carrying two or three stories. The front end will be provided with all conveniences of the modern store, including private offices, balconies, drinking fountains for circulating ice water in summer, etc. The rear end of about 50 or 60 feet will be provided and arranged for heavy implements, with doors and driveways so that trucks can drive in and unload, keeping their wagons and implements from constantly being exposed to weather. The front will be solid plate glass, and with their already modern shelf hardware fixtures, will give the place a very pleasing effect.

The Herald congratulates this up-to-date firm for their progressiveness and utmost confidence in the future of the city.

## Yes, We Have Some Frog Ponds With Us

After two or three days of threatening weather the later part of last week, the weather-man finally got his apparatus all to working in fine shape after two or three afternoons of priming, and he opened up good and proper Saturday night about dark with a heavy wind, a big electrical display and a deluge of rain—just what the doctor ordered.

One cloud seemed to have formed with a menacing appearance in the north, while another assembled almost too low down to be noticed in the west. The cloud in the north, instead of coming over as expected, seemed to have swung westward, consolidating with that one, and both came in a united mass with a whoop. When it hit the city, everything light and loose began to roll in front of it, including dirt, weeds, and trash of all sorts, and then the rain hit with a vim. The rain fell practically all night, and the government gauge in charge of Postmaster Bohannon showed almost three and one-half inches Sunday morning.

Since that time showers have raised the total to four or more inches, and as this is being written conditions seem favorable for still more rain. Most all are agreed however, that we have enough for the present, and as people are afraid of worms, all are longing for some sunshine. In connection with the worm business, we understand that we already have lots of poison on hand, and if the worms are nipped when they first start, the better for the crop and less expense to the farmer. The County Agent will have an article on this matter this week, and we want every farmer

## Business Men Sponsor Trip to A. & M. Col.

For two nights last week the citizens of the city tried to stake a carnival to send the Club Boys to the A. & M. College Short Course, but were blown out or rained out both nights, which indeed put a very gloomy effect upon the proposed trip. On Friday night, the night set originally a wind storm followed by a light rain came up from the southwest and leveled all the tents, so that it would have been almost impossible to have gotten things in shape by show time, and all country people could not have come in any numbers to help swell the crowd and receipts.

Saturday night was then set and a lot of circulars advertising the change in date were made and put out among the Saturday shoppers and it looked as if a great crowd would be here on that occasion, but along toward night a threatening looking cloud formed in the north, another in the west and when they met there was another huge wind that leveled the whole works, soaked them with a three and one half inch rain, besides doing damage to the street lighting department of the city. So the carnival was all off again. Even if the tents could have been straightened up again, the streets were flooded with water, and no one ventured from home.

But with the big rain on hand and splendid crop prospects in evidence, a meeting was called of the Chamber of Commerce members and business men at the Court House Monday afternoon and a list made and amounts made up divided among the business men to meet the expenses of the trips of the boys to the A. & M. Course. It simply would not have done to have deprived these fine country boys and girls of their trip after it had gone that far, and the business men of the city responded gladly in most cases. It is reported that a few "beefed" a little about the amount set opposite their names, but paid anyway, realizing that the advertisement the city will get will more than pay for the expense anyone will be out.

So now we can almost safely say that the boys and one girl, we believe will soon be on their way to the A. & M. and the business men of the city can feel that they have played the Good Samaritan to them in making the trip possible. But they will get every penny of it back four-fold in the future in helping to prepare these boys as Terry's future Master Farmers.

The Country Store part of the carnival was carried on anyway Monday and Tuesday of this week at the Cobb & Stevens Store by Lee Brownfield, from things donated by the merchants of the town, and it is said that a fellow had a job when they got in there and got out without buying something from Lee.

ON TO THE A. & M.

## NOTICE TO PUBLIC

All ditches running from Sewer and Water mains to residence must be kept filled up by residence owners, as the city will fill up only ditches over main water and sewer lines. Please fill up your ditch. By order of City Council.

Roy M. Herod, City Secretary.

in the county to carefully read it and preserve it for future reference.

We have perhaps the best season for the time of year the county has had for a number of years, and so far as we can see the whole South Plains section is setting jake. In fact, people have been stalling in trucks and cars in our streets this week, which is something out of the ordinary. These cars and trucks get into sunken places where water or sewer lines were laid two or three years ago, but the heavy rains of Saturday night and since caused them to settle after all these years, which goes to show we have a great season in the ground.

With price prospects for both cotton and corn good this fall, we anticipate very good conditions and the biggest immigration in a number of years of good people seeking new homes among us. Be on your guard therefore, and give these citizens the glad hand and a kind word of welcome.

## County Agent's Column

R. B. Davis, County Agent

Say, Boy, wasn't this rain fine? With a good feed crop assured and the government statistics showing a shortage it looks like we got in the hog business about right. Not only will the pig club boys profit by this wonderful rain but the Corn, milo and other crop club members will be there when it comes to showing at the fairs this fall. Then there are the garden and canning club members. It is going to take a good canner to can all the stuff that this rain will make. The Forrester Club is figuring on starting some community canning and Gomez too is working towards that end. I think the August Club work should be centered around canning and continue until the corn gets too hard to put up. You know that it will be mighty fine next winter and spring when the north wind is howling and the sand is blowing in to have canned peas, beans, chicken, beef and all sorts of things. You will have all this in the next month or so and you can have it all year if you will save it now. You know we have got to eat whether the worms eat the cotton or whether it brings ten or twenty cents a pound and the surest way of having a full table is to have the cans in the cellar. A well filled cellar is the surest sign in the world of prosperity and contentment.

Miss Myrtle Murray, District Home Agent from A. and M. has promised to help us out in our canning work next month and she together with Mr. Williams experience should give the county a good start in steam pressure canning.

Lets see which club in the county will put up the most cans and will have the best exhibit at the Terry County Fair Sept. 28-29.

New club members are coming in all the time. Two boys at Wellman have joined the Baby Beef Club and Lahey reports four new ones. That is fine, lets keep growing until we reach the three hundred mark.

The next two months should be the most glorious months and the best of all in our club work for we are thoroughly organized and we will have the experience of those who are delegates to the short course to listen to and then we ought to have some watermelon feasts that will help the occasions all of which together with our work in canning and preparations for the County Fair is going to make club life interesting and beneficial through August and September.

## Young Doctor Forms Partnership With Dad

The herald is glad to announce that Dr. Lester Treadway has decided to cast his lot in the future here in his old home town by forming a partnership with his father, Dr. T. L. Treadway, the pioneer physician of this city, who came here from Miles some eighteen years ago, and has built up a large practice to which he still takes care of, but which at this time is rather heavy, and he needs the help of a younger man to take off part of the load.

Dr. Lester took the pre-med course some four years ago with his last year in Simmons University, and he has spent three years of hard work in the Medical Department of the University at Galveston, Texas, and for the past few months has been with one of the largest hospitals in the State at San Antonio.

Lester does not seem to have much faith in the old saying of "the prophet hath honor save in his own country," and we believe our selves that a young man with the vim and determination can come to the front in the old home town as well as elsewhere, and we believe "Buster," as he has always been known here will not be in the least handicapped by having almost been reared here.

Bronte—Good will stops at Bronte, Blackwell, Robert Lee, Post, Snyder, and Slaton were made by WTCC officials recently.

Look before you weep.

## BANKS WILL CLOSE ELECTION DAY

The banks of Brownfield will not be open for business on Saturday, July 28th, observing election day as a legal holiday.

**HUNTER NOTES**

My, My, but all of you should see this Hunter bunch; every one is wearing a smile over the big rain. Look out now for picking cotton this fall. We can almost see everything growing. People from everywhere will be coming to Hunter after water-melons.

Mr. Jim Offill who has been working at Jayton, Texas, is visiting home folks this week.

Mr. Paul Cates from Alpine is visiting his brother P. R. Cates.

Miss Viola Hight spent Sunday with Miss Mertle Montgomery.

Miss Esther Herndon from Seymour is here to see her sister, Mrs. Elmer Machen. She may extend her visit for four months.

Mrs. J. B. Williams has a badly burned foot, caused from a coal of fire from around a washpot.

**THE RACE FOR UNITED STATES SENATOR**

There are six candidates in the race for United States Senator. The line of difference between Alvin Owsley and the other five is clearly drawn.

Owsley is the only candidate that was and is for Governor Smith, the Democratic nominee. He declared openly for Governor Smith months ago when it took real courage to face the fanaticism that was sweeping the country and still has to be faced and fought in this campaign.

Owsley is the only candidate that demands equal chance for the farmer by direct loans from the government without red tape or delay, the same as now given to the banker, the merchant and the manufacturer. All the other candidates either proposed no relief or favor some board or bureau that would take always to do anything or would squander all the money before the farmer would get any of it. Most of the other candidates have been in congress for years and they have never proposed any relief or consideration for the farmer.

Owsley is a prohibitionist by precept and practice. But at the same time he is opposed to the private and premises of the citizen being searched and seized by officious agents because it is suspected that somebody might have a little home brew on hand for home consumption. For that reason Owsley stands with Gov. Smith in favoring a change in the present liquor laws so as to bring about a more safe and sane and fair enforcement of the law.

All the other candidates want to continue the present deplorable condition of prohibition enforcement and if they were sent to the Senate, they would be out of harmony with Gov. Smith as president and for the same reason they could be of no service to the people of Texas.

Owsley demands that gambling in cotton and grain futures be stopped by law. He says all gambling looks alike to him and that offering to sell cotton that does not exist can have but one effect and that is to beat down the price of cotton that does exist. To bring about this relief Owsley wants to pass a law with heavy penalties to stop future gambling by cotton exchanges.

All the other candidates only want to regulate cotton exchanges and permit them to stay open and speculate in the price of farm products in the production of which they have no part.

Owsley was a gallant soldier in the World War and went through the campaigns on the bloody battle fields of France. The other candidates were not there and most of them were enjoying lives of luxury as members of Congress where they were safe from the shot and shell of battle.

Owsley is just forty years old, in the prime of life, and mentally and physically vigorous, capable and active. All the other candidates have had their opportunity for service and have not produced results. They are now too far advanced in years to expect much from them.

Texas needs new blood and a new Senator from Texas that is in harmony with the democratic president soon to be elected. Let "Al and Al" be the slogan.

For these reasons based upon these facts, the voter is asked to consider the candidacy of Alvin Owsley to be decided at the democratic primary on the 28th. — POLITICAL ADVERTISEMENT.

**CITATION BY PUBLICATION**

A. M. BROWNFIELD, No. 1090 vs. W. F. WILSON, et al., in the District Court, Terry County, Texas.

The State of Texas to the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon W. F. WILSON and his wife, Beulah E. Wilson whose residence is unknown, to be and appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in the city of Brownfield on the 4th Monday in August A. D. 1928, the same being the 27th day of August A. D. 1928, then and there to answer a petition filed in said Court on the 24th day of July, A. D. 1928, in a suit, numbered on the docket of said Court No. 1090 wherein A. M. Brownfield is plaintiff, and W. F. Wilson and his wife, Beulah E. Wilson are defendants; the nature of plaintiffs demand being substantially, as follows to-wit: To foreclose plaintiffs Vendor's Lien on the West half of the Southwest Quarter of Section 101 in Block "T" in Terry county, Texas, to satisfy balance owing on note of date Sept. 8th, 1923, signed by Wm. R. Farmer, payable to plaintiffs order default having been made in payment of installments due thereon, and plaintiff having declared all of said note due and payable; for order of sale; said land having been sold to said Wm. R. Farmer, by plaintiff and Vendor's Lien reserved securing payment of note for principal sum of \$2,600.00, and said Wm. R. Farmer, joined by his wife, having conveyed said land to R. I. Brown, and R. L. Brown, joined by his wife, having conveyed said land to the defendants, W. F. Wilson and his wife, Beulah E. Wilson.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Brownfield, Texas, this 24th day of July, A. D. 1928.

WITNESS, Jay Barret, Clerk of District Court in and for Terry County, Texas.

Austin—Representatives of Texas' July 23 to formulate a general legislative three regional organizations met here, lative road program.

### NINE OF TECH FACULTY STUDYING ABROAD

Lubbock, Texas, July 24th.—Nine  
members of the faculty of the Tech  
are pursuing their studies on foreign  
soil this summer and during the com-  
ing year.

Two of the group are to spend the  
entire year of 1928-29 in study there,  
the others to return for the fall ses-  
sion of the Tech.

Mrs. Mary Woodard Doak, dean of  
women, and Misses Flora McGee, Lu-  
cile Gill, and Gussie Teague of the  
department of English, and Miss  
Katherine Harper, of the school of  
home economics are taking work in  
Oxford University in England this  
summer. Miss Lallah Boone, of the  
history department, has received an  
appointment to the university for  
next year and will study there on a  
leave of absence from the Tech.

Prof. and Mrs. C. B. Qualia, head  
of the Spanish departments, sailed  
this week for France and Spain where  
Prof. Qualia will study next year.

Dr. Allen Carter, head of the de-  
partment of English, is on a two and  
a half month tour of England, Ger-  
many, France and other countries in  
which he is making a special study of  
languages.

### PASSING THE BUCK

The following is an editorial taken  
from the Plainview Evening Herald,  
written by H. S. Hilburn, editor of  
the paper and also president of the  
Plainview Chamber of Commerce.

"If the secretary of the Chamber  
of Commerce could do all the general  
public expects of him, he wouldn't  
be a secretary of a Chamber of Com-  
merce. No one knows what he would  
be, but we would classify him as wiz-  
ard and a machine.

"The average secretary of a Cham-  
ber of Commerce hasn't a bit of busi-  
ness trying to do all that the public  
expects him to do. He couldn't do it  
if he were to try. If he co-ordinates  
the work and gets others of the com-  
munity to execute it he is doing all  
that can be expected of him.

"Most of us feel that when we join  
the Chamber of Commerce or pay  
our part of the taxes for the support  
of the Board of City Development  
that we have then arranged for all the  
community work that is necessary.  
We look over the list of names of  
those appointed to superintend the  
work and approve or disapprove of  
the individual appointments and then  
pass the buck to them to do all of the  
things which we think should be done  
for our community.

"The greatest buck passer in any  
community ought to be the secretary  
of the Chamber of Commerce. When  
something that needed to be done  
arises he ought to pass the buck right  
on to some of the citizens, let them  
know what he knows about proceed-  
ure and let them do the work. While  
they are working, he ought to be do-  
ing more buck passing.

"The secretary of the Chamber of  
Commerce puts in his full time on  
community work. Let's help him co-  
ordinate the whole and direct it and  
when we are called upon put our  
shoulders to the wheel and do our bit.  
We ought not to permit anyone, even  
our paid secretary of the Chamber of  
Commerce, to be more interested in  
our community than we."

### ACREAGE OF TEXAS COTTON IS ABOVE THE 1927 SEASON

Austin, Texas, July 18.—Texas cot-  
ton acreage of July 1 was placed at  
18,366,000 acres in the United States  
Department of Agriculture estimate  
for the state, released Tuesday by H.  
H. Schutz, federal livestock and crop  
statistician.

Only 16,850,000 acres were plant-  
ed last year. The average yield was  
129 pounds to the acre.

"Bringing the Texas crop to stand  
this year has been most difficult,"  
Schutz said. "Replanting, because of  
excessive rains, severe hails and wind  
storm, has necessitated the expendi-  
ture of a great amount of extra labor  
and money. In late June, some of the

southern and western counties were  
needing rain badly, but many others,  
particularly over the eastern part of  
the state, had too much moisture.

"The cotton hopper is more plenti-  
ful than last year and is scattered  
through the fields in at least 40 coun-  
ties. Lice have mostly disappeared  
since the rains. Root rot has begun  
to be noticeable, somewhat earlier this  
year.

Angels are made at railroad cross-  
ings.

Don't try to scare a locomotive  
with your horn.

One good leg is worth a pile of  
crutches.

It is better to be safe than glory.

Stop and go meant nothing to Joe.  
He's with the angels now.

Take your time to take eternity.  
Constant caution keeps the under-  
taker guessing.

The chumps who used to blow out  
the gas now step on it.

Bill passed them all on the road  
but he had some funeral.

Wear a soft hat when riding thru  
the windshield.

Texas has an annual registration  
of about 1,000,000 motor vehicles.  
The state offers a great market for  
the automobile industry.

Post—Sheepmen north of Post are  
shearing their flocks with clips rang-  
ing from eight to ten pounds per head.

*The World's*  
**BIGGEST**  
Automobile at  
such low prices

**THE** sensational popularity of the Bigger  
and Better Chevrolet is due in great  
measure to the fact that it is the biggest au-  
tomobile in the world available at such amaz-  
ing low prices.

The 107" wheelbase is of vital significance in  
a low-priced car. For it means that the buyer  
can now secure the balance and roadability  
that only a longer wheelbase can provide—  
plus the restful comfort of ample room for  
both driver and passengers.

Come in for a demonstration—and bring  
the family along!

## BOY SCOUT CAMP

With the opening of the Boy Scout Camp only a week off every scout and scout official is thinking of camp. Sunday afternoon 35 or 40 of the scout officials and their families will gather at the Post camp site to work out the final details of camp.

The annual camp for the Scouts of the South Plains is held at Post, Texas, on a four hundred acre camp site presented the boys by the estate of the late C. W. Post. This camp site is probably the widest and roughest country in the vicinity of the plains. It is a natural home for birds and all kinds of wild animals. Trees and shrubs of many kinds give the scout an opportunity for all kinds of nature study. There are a number of natural springs on the camp site around which the Indians of former days probably gathered. Buffalo

bones and arrow heads have been found on the campsite. The heavy rains last winter have exposed many arrow heads and the scouts will probably make a nice collection this summer. The camp has many interesting and romantic features that appeal to the imagination of the growing boy.

As the ancient Indian hunted thru these ravines with his bow and arrow so the modern boy will hunt with his bow and arrows. As the scout is interested in the conservation of wild animal life, artificial targets of natural size are being made by W. G. McMillan, and Lennis Baker, who will have charge of the archery work in camp. Bow staves and doves for making archery tackle will be available at the scout canteen.

The Spur Chamber of Commerce is offering a banner to the boy who makes the best firemaking set from natural material at camp. Special

prizes of archery tackle will be awarded to the boy who makes the best showing in archery work. Other prizes will be awarded for knife, and axe work, rope making, rope spinning, swimming, camping and many other activities. The Post Chamber of Commerce has made arrangements with the Pathe News to take several reels of these camp activities.

C. P. Buchanan, prominent citizen of the Tokio community, was in Monday and reported that the new road grade west of Gomez was badly washed by recent heavy rains, and that water went over it at two places.

Wheeler—Affiliation has been granted to the Wheeler High School upon first application.

Bangs—Bangs will be visited for a brief while when the WTCC third annual motorcade passes through to Brownwood.

Memphis—The Memphis Gold Medal Band won invaluable honors for its home city during its recent performance at Houston.

Big Spring—Publicity Manager E. H. Whitehead of the WTCC was one of the speakers at the West Texas Press Association here July 13-14.

San Saba—B. M. Whitaker of the agricultural department represented the WTCC at the pecan convention here the week of July 9.

Mrs. Webb and family of San Antonio were here last week visiting her mother-in-law Mrs. S. C. Cardwell. Mrs. Webb will be remembered as Miss Lelia Blankenship.

## Street Lights Knocked Out Saturday Night

The streets of Brownfield were dark for the first time in many moons Saturday and Sunday nights on account of the big electrical storm of last Saturday night which played the wild with some of the lines. Even the lights in the residences were involved for awhile, but as they are on separate lines, the boys at the plant soon had them working again despite the crash of thunder.

Utilities Supt. Eunice Jones informed us that they had a short on the terminal pole at the plant, and for awhile there was a blaze of fire on top of the pole that even the hard rain failed to put out only when the current was turned off. Lightning also struck a pole in the Santa Fe addition, and this had to be repaired in the rain. Lightning never did reach the engines or switch board according to Jones, and no damage was done inside the building, as he now has the machinery extra well grounded. Repairs were made on the street light lines Monday and Monday night we had bright lights again.

## GAS IS TURNED ON IN O'DONNELL

Every citizen in O'Donnell had cause for rejoicing yesterday afternoon at one o'clock when news spread over the city that natural gas was now flowing through the West Texas Gas Company's mains in O'Donnell in abundance.

No demonstration was held for the celebration of the arrival of this new commodity which will mean much in the future development of O'Donnell and the South Plains. However, plans are being made and are expected to be completed soon for the celebration of the arrival of natural gas in O'Donnell.—Index.

The writer and a local physician played the good Samaritan to a fellow Sunday night through 14 miles of mud and water to relieve him of a bad case of ptomaine poisoning. He had been picked up off the road and carried to the residence of Mr. and Mrs. A. H. Herring of the Union community, who also played the part of the sympathetic inn keepers until the sick man was whole. The patient had called for the writer as we were the only person he knew in town, and to bring a doctor quick. The doctor failed to get a fee, and so far as we know the Herrings failed to get anything for their trouble. But such is life.

Baird—Baird will have a new \$34,955 public school as a result of a recent bond issue.

Midland—Effective September 1, Midland county will have a full time home demonstration agent.

NEWS - - - COMEDY

NOTHING NEW IN CRIME

The editors of Capper's Weekly have done one thing we like to brag about. They have found a way to make a newspaper interesting without crime news or very little crime news. Only one other newspaper in the United States—The Christian Science Monitor—prints less crime news than Capper's Weekly.

There is really nothing new in crime. All the principal crimes are catalogued in the Ten Commandments. Each of these has several varieties. But whatever the offense, it is the same old thing that happened from time to time for thousands of years. Circumstances vary a little as times change. That is all.—Capper's Weekly.

The candidates are surely using cards on the home stretch. We can hardly keep them in stock.

Uncle J. M. Brown of Meadow sent us his check down the past week to keep the Herald coming.

We thank Mrs. G. S. Webber who dropped in this week to renew for one of her out of town subscribers to the Herald.

College Station—The annual Farmers' Short Course at A. & M. College is to be held July 30 to Aug. 4.

## USED CARS

Look for the Red Tag!

*with an OK that counts*

**Exceptional Used Car Values That You Can Depend On**

When we recondition a used car we do the job thoroughly. The motor is gone over completely by expert mechanics and put into condition to give thousands of miles of dependable service. Genuine parts are used for all replacements.

Then we attach a Red O. K. Tag to the radiator cap showing exactly what units of the car

have been put into first class condition. This tag is your guarantee of quality and superior value.

If you want to secure an unusual, dependable value in a used car visit our used car display and inspect our reconditioned cars with the "O. K. That Counts." Both the quality and price will please you.

### Scottish Rite Reunion El Paso October 22nd

Terry County Herald,

Dear Editor:  
We will appreciate your making mention of the following item in the columns of your valuable publication:

"The Forty-sixth Reunion of the El Paso Bodies of Scottish Rite Freemasonry will be held October 22, 23, 24, and 25th, 1928. At this same time the Texas Grand Chapter of the Order of Eastern Star will be in session in El Paso. At least three thousand members of these two organizations will attend these meetings.

W. Tom May, 32 degree of this city is district chairman for the Brownfield district and has advised that this part of the South Plains will send large delegations. All the degrees of the Scottish Rite from the 4th through the 32nd will be conferred and a large class of applicants is expected.

Unusually low round trip railroad rates will be in effect.

A magnificent Pipe Organ has been ordered and will be installed in the auditorium of the Scottish Rite Cathedral by Oct. 15th. This organ will have two consoles, three manuals, embodying the latest improvements. In addition to the 1,528 speaking pipes, there will be a set of cathedral chimes and a large concert harp. The dedication of this organ as a memorial to the late W. H. McCullough, 33 degree, will be held during the reunion and an elaborate musical program is being arranged."

Very truly yours,  
E. A. Wells, Secretary

#### HOWELL'S OPINION OF PITTSBURGH

When the great novelist, W. D. Howells was in his prime, and visited Pittsburgh for the first time, late one summer he ascended heavenward via the Mt. Washington incline railroad. There were two tracks up the side of the mountain, and they were almost perpendicular. As one car climbed upward the other car came down. The sensation was much akin to an airplane flight. When Mr. Howells landed at the summit and looked down upon the smoky city below, spread out like a map, a mass of gigantic, blazing factories and buildings clustered at the junction of three great rivers—the Ohio, the Alleghany and Monongahela,—was filled with amazement as he beheld them reaching out in every direction, mammoth chimneys pouring forth dense clouds of smoke and glowing flames from countless furnaces, strings of coal barges and stern-wheel steamers gliding up and down on the muddy waters; it was indeed weird and uncanny sight, and Mr. Howells involuntarily exclaimed, "It is like hell with the lid off."—W. A. R.

#### THE BALLOT—A RIGHT AND A DUTY

It was entirely fitting that the first public address of Governor Smith following his nomination as the Democratic presidential candidate should have been one of patriotic import and directed toward arousing the public's concern in the employment of the individual franchise. It is the citizen's duty to vote, Governor Smith said. And it is more than that. It is a privilege won for free men only after an age long struggle that cost much blood.

Complacency and apathy are the twin evils which beset the American public health. To a great degree they are the same. To be complacent toward imperfect conditions is to be apathetic not only toward efforts to remedy ills but toward any and all public matters. We see every day a demonstration of the seeming willingness of Americans to allow a minority of their fellow citizens to determine policies of government, public economy and what not. There is hardly a man holding office in this country who was chosen by a majority of the voters of the section he represents, whether that section is a rural precinct or the country as a whole.

In view of such conditions, it is due only to the fact that this country is, on the whole, one country and its people one people, that we have escaped grave consequences. Public apathy, by extending to all classes, has rather inoculated itself by its own bite. We have been fortunate, but there is no assurance that our good fortune will continue. We may awake sometime to find an organized minority, whose purposes are contrary to the best interests of the population as a whole, controlling our nation in a way we don't want it controlled.

There is but one remedy for bad government in the hands of the people; but it is a sovereign remedy. It is the vote. If our officeholders are of a poor type, we are responsible, and we should except the blame in a mood of thankfulness because our laxity has brought only inefficiency in office instead of the downright misgovernment that it might well have brought, and with the resolve on the part of each of us to do our part toward making our polls representative.

Free men should cherish the ballot as the sacred heritage bought by the blood of their forefathers, and as the only check-rein which the common man has on the conduct of his government. — Fort Worth Star Telegram.

**Rising Star**—Work is progressing slowly on widening highway No. 23 from Rising Star to Cisco.

**Quanah**—Four prominent Quanah people have added their names to registrants for the third annual WTCC motorcade.

R. A. (Richard) Crews

R. R. Cates

"Smile with smiles." All the long faces should now shorten, and we should put on a real holiday smile and thank an All Wise Providence that has seen fit to send a rain that will help our section in a material way. With our Sunday faces on now, we are in a better shape to meet the inspectors at our gates and bid them God speed to the land of corn and cotton, 'taters and goobers.

Personally speaking we are afraid of no man who carries a constant smile on his face; a man who fraternizes with news boys of the city

streets, and chews food with them at their banquets; a man who can meet and play with Boy Scouts at their summer camps in the woods, even though we may differ with him religiously and on one or two political principles. Such a man is Al Smith.

We believe if anything the party pledges should be made stronger than now. Instead of reading "I agree to support the nominees of this primary" make it read, "I agree to support all nominees of this party," then the bolters and conscientious objectors would have to stay out of that party. We don't mean just the democratic party, but all of them. If a fellow does not want to vote a democratic or republican ticket because there is one or more men on the ticket that he does not like, let them organize a party that suits them, and they can nominate an "all saints" bunch to suit them.

We consider Obregon's assassination last week not only a severe blow to our neighboring republic, but to this country as well, as we know that the peace of the two nations could have been improved under the administration of General Obregon, for he had visited the United States several times and knew that the great majority of people in this country had only the best intentions toward our southern neighbor and that very few had intentions of exploiting that country of rich resources for selfish purposes. We hope that a real statesman will be chosen to serve in his stead.

There was a sock peddler around to see us last week, but we needed no sock—from him. He pays none of the taxes of the town, nor gives a thin dime to the upbuilding of the churches and schools of our community. All he gets out of our town he carries away to spend on the institutions of the town in which he resides. We will buy our socks from the home merchants even though the peddler's socks out last two pair of home socks, for there may come a time when we will be a "Sockless Simpson" or depend on the mercy of home merchants some of these cold winter days, should that day arrive when we will have to go without pedal stalls for lack of cash, we don't expect any peddler to hasten to us with a proposition to wear his socks with deferred payments.

Brownfield — A thorough little booklet illustrated with typical scenes has been prepared to advertise Brownfield and Terry County.

San Angelo—An expert creamery man will serve the dairy products company being perfected by Tom Greene county milk producers.

Fredericksburg—Mr. and Mrs. E. H. Riley will be in the party of third annual WTCC motorcade.

### CITATION BY PUBLICATION

J. N. LEWIS No. 1092 vs. L. F. BILBO in the District Court, Terry County, Texas.

The State of Texas to the Sheriff or any Constable of Terry County—GREETING:

You are hereby commanded, that by making publication of this citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon L. F. Bilbo whose residence is unknown, to be and appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in the City of Brownfield, on the Fourth Monday in August A. D. 1928, the same being the 27th day of August A. D. 1928, then and there to answer a petition filed in said Court on the 24th day of July A. D. 1928, in a suit numbered on the docket of said Court No. 1092 wherein J. N. Lewis plaintiff and L. F. Bilbo defendant; the

## CREDIT

CREDIT is a convenience, an accommodation, a servant, so long as you protect it—it will protect you. Good credit means more than the ability to purchase goods without ready cash, it means wherever you go, whatever you undertake; your credit record will precede you and pave the way for success.

WE extend credit consistent with sound banking practice to responsible individuals and well-managed business firms. Bank with us and you may bank on us.

—We Give Gold Bond Saving Stamps—

nature of plaintiffs demands being substantially, as follows, to-wit: suit on a promissory note dated Nov. 28, 1922 for the principal sum of \$380.00 made, executed and delivered by the defendant and payable to the order of plaintiff and payable in monthly installments of \$15.00 each, the first due and payable Dec. 1, 1922 and a like amount on the first of each and every month thereafter until said note is paid, said note bearing interest from date of 8 per cent per annum and providing for 10 per cent on past due interest and principal and for 10 per cent as attorneys fees; for a foreclosure of his Vendor's Lien securing same on three acres of ground a description of which is fully set out in a deed from A. A. Turner and wife to L. F. Bilbo, which said deed is recorded in Book 22 page 486 of the deed records of Terry county and which by reference thereto is hereby made a part hereof. Plaintiff ask judgment for balance due on note, principal, interest, attorney's fees and costs of suit and for an order of sale for the above property and that the purchaser be put in possession within 30 days after date of sale; for general and special relief in law and in equity.

HEREIN FAIL NOT, but have you before said Court, on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Brownfield, this the 24th day of July, A. D. 1928.

WITNESS, Jay Barrett, Clerk of District Court in and for Terry county, Texas.

### NOTICE IN PROBATE

The State of Texas: To the Sheriff or any Constable of Terry County, Greeting:

You are hereby commanded, to cause to be published, once each week for four successive weeks, previous to

the first day of the term of court, to which the following citation is returnable, in some newspaper published in Terry county, Texas, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of J. R. Coble deceased, Chas. F. Hamilton has on the 25th day of June 1928, filed in the County Court of Terry County, Texas, an application for the probate of will of the said J. R. Coble, and for letting that he be appointed Executor of same. Said application will be heard, at the next term of said Court commencing the First Monday in August 1928, at the Court House thereof in the town of Brownfield, Texas, at which times, all persons interested in the said estate are hereby cited to appear, and contest said application, should they desire to do so.

Herein fail not, but have you then and there before said Court this writ with your return thereon, endorsed, showing you have executed the same.

Given under my hand and seal of said Court, this the 25th day of June 1928.

JAY BARRET  
Clerk of County Court, Terry County, Texas. 7-27

Vol. 1 JULY 1926 No. 15

Published in the interests of the people of Brownfield by Cicero Smith Lbr. Co. Ben Hurst, Editor.

### Editorial

If you want to make Brownfield look better to you than it ever did before, just take a long vacation trip this summer and see a lot of other towns

T. B. Montgomery has begun work on a nice residence on his farm. This will be an oriental stucco.

To know what to do is wisdom; to know how to do it is skill; To DO the thing as it should be done is service.

W. H. Ray has started a nice residence on his farm near Midway which when completed will be of the Spanish design finished with oriental stucco.

"Take Warning" Here lies the body of Azre Tate, He kidded his wife about her wait.

Well the good rain

was appreciated by all. This insures a crop without any more.

A little tulle, a yard of silk; a little skin as white as milk; a little strap—how dare she breathe? A little cough—"Good evening Eve!"

### AGED COUPLE VISITS DAUGHTER HERE

Mr. and Mrs. J. Elkanah Isenhower and son, S. E. Isenhower of San Antonio were here some two weeks ago visiting their daughter and sister Mrs. F. H. Perkins. Mr. and Mrs. Isenhower are aged seventy-seven and seventy-four years respectively, and are the parents of one hundred and two living posterity. There are eleven living children, three sons and eight daughters; sixty-two grand-children and twenty-nine great grand-children besides these there is one child dead at four days, ten grand-children and one great grand-son all died either in infancy or early childhood, and one grandson lost. Making a total of one hundred and fourteen posterity.

Mr. and Mrs. Isenhower made the trip from San Antonio a distance of more than four-hundred miles by automobile in less than a week's time, stopping for a day or two with friends at Goldthwait and Ranger with a daughter. After a two days rest here they were able to go on to Goodwell, Oklahoma, where they are visiting in the home of another daughter.

### WELLMAN WILLING WORKERS

Mr. R. B. Davis came out Thurs. night, July 19, and we had a live time before we took up any work we had the Pig yell. We reorganized our club officers. J. E. Spear, Jr. was elected President and Carl Griffith was elected Vice-President.

July 11, 1928 the women and girls brought nine pies which we sold for \$21.25. Elma Griffith and Elmo Adair were the delegates elected to send to the A. & M. College. Eugene Norton was elected for local leader. There were four new members joined who were Elmo Adair, Elmer Griffith, Dorothy Norton and Carl Griffith. The members that belong are going to do their best and have the best.—Reporter.

### BACKWARD, TURN BACKWARD

The modern daughter shakes the escort who fails to tender a departing kiss after the first call, in spite of the fact that she springs from a mother so modest that she slapped dad's face on their wedding night, forgetting for the instant that they were married.

Andrew Copeland dropped in recently and handed us the price for another year of the Herald. Mrs. Jack Bryan and children were in the past week shopping.

### OIL NEWS FROM MONUMENT, NEW MEXICO

With the Empire Gas & Fuel Co. With the Empire Gas & Fuel Co. test in Section 8-21-35, standing 3000 feet in oil at a depth of 3817 with the sand only scratched, many lease and royalty deals are being consummated. It is reported that the Midwest will shortly commence operations on their second and third tests in this area, the locations being south and southwest of the Midwest No. 1, now making around 500 barrels.

Miss Corlie Proffer, of Slaton, is here visiting her friend Miss Ola Belle Brown.

### CITATION BY PUBLICATION

A. E. Pool et al vs. R. C. Cooksey et al No. 1083 in the District Court of Terry County, Texas.

The State of Texas to the Sheriff or any Constable of Terry County,— Greeting: You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon R. C. Cooksey, and the unknown heirs of R. C. Cooksey if he be dead, and Rosie Cooksey, wife of the said R. C. Cooksey, and if she be dead the unknown heirs of Rosie Cooksey, whose residence is unknown, to be and appear at the next regular term of the District Court of Terry County to be holden at the Court House thereof, in the City of Brownfield, on the fourth Monday in August, A. D. 1928, the same being the 27th day of August, A. D. 1928, then and there to answer a petition filed in said Court on the 29th day of June, A. D. 1928, in a suit, numbered on the Docket of said Court, No. 1083 wherein A. E. Pool, W. E. Pool and C. G. Goodman are plaintiffs, and R. C. Cooksey and Rosie Cooksey, his wife, are defendants; the nature of plaintiffs demand being substantially, as follows, to-wit: That on Feb. 23rd, 1924, defendant R. C. Cooksey made, executed and delivered to plaintiffs nine Vendor's Lien notes payable to order of plaintiffs on or before February 23rd, 1926 to February 23rd, 1934, eight for \$258.50 each, and one for \$800.00, each note providing that in event default be made in its payment all of said notes could be declared due and payable at option of holder, and also providing for 10% atty's fees and that said notes were given in part payment for the Southeast Quarter of Section 30 in Block D-11 in Terry County, Texas, and the Vendor's Lien retained to secure payment of said notes in deed from plaintiffs to defendant, R. C. Cooksey, of even date with said notes.

That the Note for \$800.00 was by plaintiffs transferred, assigned and delivered to Temple Trust Company, and the Lien securing its payment made a superior lien to that secur-

ing the payment of the remaining eight notes.

That the defendant, R. C. Cooksey, by his deed of conveyance, conveyed said property to the defendant, Rosie Cooksey, and, among other considerations the defendant Rosie Cooksey assumed the payment of the indebtedness above mentioned.

That the defendants defaulted in the payment of the note and annual interest due and payable on February 23rd, 1928, and plaintiffs have declared all of said notes due and payable, except the note for \$800.00, filed this suit thereon, and ask for a foreclosure of the Vendor's Lien on the land and premises above described for order of sale, and for such other and further relief, special and general, in law and equity to which plaintiffs may be entitled, etc.

Herein fail not, but have you before said Court on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Brownfield, Texas, this 29th day of June, A. D. 1928.

Witness, Jay Barret, Clerk of District Court in and for Terry County, Texas. 8-10

**MIDWEST AT HOBBS SEEMS A REAL PRODUCER**

The Midwest well at Hobbs continues to hold the center of attraction among oil men in Lea county. Drilled into the pay several weeks ago, the well was shut down awaiting storage. Several storage tanks were received this week and have been installed. The well was swabbed two days in succession and the result is said to have been encouraging. Something over 700 barrels of oil were taken from the well during this test.

Some caving was found to have occurred and swabbing has been discontinued until eight inch casing can be run. This is now being done and a thorough test of the well can probably be made next week.

That the test as so far made is most favorable is evidenced by the continued demand for leases and royalties. Nearly all the major companies already have checkerboard acreage throughout this section of the country; but a few of them were a little slow about getting into the field and these are now busily engaged in securing scattered tracts for protection, especially running north from the Midwest and west of the Texas state line. There now seems to be a general belief that the main pool will be found to exist either between Hobbs and Lovington or between Lovington and the Texas state line directly east.

The Bordages Hughes test at Nadine has again resumed drilling operations, and interesting news is expected from there during the coming week.—Lovington Leader.

**JAMES MELDON ATER DIES MONDAY**

We regret to report the death of little James Meldon Ater, eight months old son of Mr. and Mrs. Verdie Ater who died Monday morning. Little James Meldon took sick suddenly on Sunday afternoon and although he was rushed to a Lubbock Sanitarium where all that medical skill and loving hands could do was done, God saw fit to transfer this beautiful life to a home not made with hands. This lovely child had by his winning smile endeared himself to all who knew him and his death was indeed a shock to the community where there's not a heart but that beats in love and sympathy for the bereaved loved ones.—Meadow Review.

**THE MENAGERIE**

Remarked little Tommy, "Everybody in our family is some kind of an animal."

"What do you mean?" asked mother.

"Why, mother, you're a dear, you know."

"Yes, Tommy."

"And baby is mother's little lamb, I'm the kid, sister is some chicken and dad's the goat."

We plan to leave for St. Louis market on about the 5th of August so you see we will need space as our building is small for our stock, so if you need anything in Piece Goods, see ours now on sale. Thanking you one and all for your past valued patronage and good will, we are pleased to serve you.

# JONES DRY GOODS, Inc.

Brownfield, : : : : : Texas

F. M. Williams, cashier of the Union State Bank, of Florence, Texas, accompanied by his wife and daughter, Tommie Katheryn, also his mother, Mrs. W. F. Williams, and his wife's mother, Mrs. T. C. Cloud, were here this week for a short visit with their son and brother, W. E. Williams who is assistant County Agent and principal of our grade schools. They left later in the week for a visit to the Carlsbad Caverns and other points of interest in New Mexico and Texas.

Mr. and Mrs. H. F. Hansen and daughter Wilma, of Cranfill Gap, Texas, were guests of Mr. and Mrs. Ben Lee and family the past week. Miss Viola Lee has been visiting with relatives and friends in Crowell and Truscott, Texas the past two weeks.

C. E. Pollock of the south route dropped in the past week and became a regular reader of the Herald. He informed us that neighbors told him he could almost save the price of the Herald for one year by taking it and keeping up with the special prices offered by the merchants here, was the reason he became a reader.

Homer D. Wade has been re-elected manager of the West Texas Chamber of Commerce and if the directors will adopt President Bourland's suggestion to have less pomp and pageantry and more constructive work, the body will be more popular with the smaller towns.—McLean News.

### pudding is "Detoured"

The mister had a boyish habit of visiting the pantry after the cook's departure and devouring all surplus sweets. One morning after a night's invasion of the pantry the cook asked her mistress:

"What you all want for dessert for dinnah?"

"I think the date pudding left from yesterday will be sufficient for today," said the thrifty wif.

"That pudding's been detoured by that meddlin' husband," was the irritated reply.—Indianapolis News.

### Roberta Knew

Roberta, aged four, had been told by her grandmother she would wear her tongue out, if she did not stop talking so much. Coming in one day from playing, the child excitedly told her grandmother that she had just seen a woman who had worn her tongue out.

Grandmother asked her how she could tell and she said: "The woman was talking on her fingers."

Grandmother figured out that the little girl had seen some deaf and dumb persons.—Indianapolis News.

### Fat Men Stand Heat Best

Fat men can stand high temperatures better than thin ones, according to tests made by the bureau of mines. The fat men lost more weight but were less exhausted after the experiments were over, says Popular Mechanics Magazine. The trials revealed that high pulse rate rather than the mere increase in bodily temperature is the important factor that brings discomfort under high heat and humidity.

## Car Thieves Caught Monday Afternoon

Sheriff McClesky and deputy Predry went to the Windham ranch, located in the south part of Terry county, where they arrested two men, giving their names as Sutton and Abbott. These men were charged with stealing a Nash roadster from an oil man, a Mr. Pewitt, of Midland.

On Monday evening of last week Mr. Pewitt passed through Seminole enroute to Lovington, here he was asked by these two men if he would give them a ride to Lovington, which he did. After the owner of the car had gone to bed at Lovington the two stole his car, coming back through Seminole and on to Stanton, Fayette and other points to their place in Terry county. While near Stanton they burglarized a ranch house, stealing clothing and other articles.

On Monday afternoon the officers

had located the thieves and went after them and the car. Sutton is now in the Lovington jail, while Abbot is in the Terry County jail. It is said he has a murder charge against him there.

The owner of the car came in Monday night to get his car, which was badly damaged by the thieves.—Seminole Sentinel.

Woody Wester, manager of the Dow Printing Company and Ray McCorkle, special writer on the Avalanche-Journal, paid the Herald a short call Saturday on their way to Hobbs, N. M. Their trip seemed to be a mixture of pleasure and business.

Joe Griffith, advertising manager of the Lubbock Avalanche-Journal, was through one day last week on his way to Hobbs and Lovington, N. M., and paid the Herald a short call. Joe was the first employee of the Herald under the present management, and that was 19 years ago the first of June past.

Had a fellow to hand us the other day a printed article about a certain brand of goods he carried and told us we could use that to help fill up the paper. Went over to the same fellow in about an hour, took \$5.00 worth of stuff from his shelf and was walking out when the fellow said, "do you want to pay for them or have them charged?" We told him we needed a few things in his line and we figured the amount we charged for his article would pay for the goods. He got sore, of course, and we had to put the goods back and kill the fellow's item boosting up his goods.—Graham Leader.

Mrs. J. R. Moorhead of Meadow orders the paper sent to her father, W. R. Corruth at Stephenville, Texas. Thanks.

Foundation was laid last week for the new home of the Herald family on east Broadway. Yes, it will be rather nifty for a country editor.

## SUMMER HATCHING

If I can get sufficient eggs to pay me, I will run another batch or two this summer. Will sell some baby chicks. See or write me at once your wants.

### BROWNFIELD HATCHERY

Bob Holgate, Prop.

Mr. and Mrs. Donald Hill returned last Saturday from their vacation in the New Mexico mountains and report a nice trip. Mr. Hill left this week for South Texas where he will buy cotton until the crop comes in here.

Tom May and family returned

Saturday from a long journey that took them to California, up the coast, through Oregon and Washington to Canada and back home via Montana and Colorado.

Cleburne—Activities of the local chamber of commerce reviewed by Secretary Patterson show a large number of worthy civic projects.

# AUGUST SALE OF FINE FURNITURE

10 percent Reduction on all purchases during the month of August, and beginning Sat., July 28th.

AN EXTRAORDINARY SALE! Great selling event offering substantial savings to every family, for it includes Furniture, Lamps, Curtains and Rugs that are suitable for the small apartment as well as for the luxurious home. Some of the suites and pieces have been recently purchased, some have been greatly reduced from the regular stock, but all of them are so low-priced that they demand your immediate inspection.

## Roundtree Endorsed by Citizens of Lamesa

Below are indorsements for Roundtree from several organizations, public officials and civic bodies in Lamesa. This spells one big thing. Roundtree is one of the best liked men in Lamesa and Dawson county. Not only is he popular but his home people recognize in him ability and efficiency for this high office. Read what they have to say:

### Women's Endorsement

We, the Women's Clubs of Lamesa do hereby signify our endorsement for Carl Roundtree for the Legislature representing the 119th District. Lamesa Parent-Teacher's Ass'n.  
By Mrs. C. B. Martin, Pres. Delphian Club.

Lila Cason, Pres.

The Woman's Study Club.

By Mrs. J. L. Teal, Pres.

### Bar Endorsement

We, the undersigned attorneys, members of the Lamesa Bar, heartily endorse the candidacy of Hon. Carl Roundtree for Representative of the 119th District of Texas and commend him to the Democracy of this district.

Gordon B. McGuire.

W. F. Robinson.

V. O. Key.

Philip Yonge.

J. E. Garland.

N. R. Morgan.

E. B. Warren.

C. P. Rogers.

### Credit Standing

Our records for the past five years show that Carl Roundtree is exceptionally prompt in meeting all obligations, thoroughly reliable in all business transactions and relations, and his credit rating according to our files is among the very best.

Retail Merchant's Association of Lamesa, Texas.

By Mrs. Wm. A. Wilson, Secy.

### Banks Endorsement

We, the undersigned, the only Banks in Dawson County, endorse Carl Roundtree as a man and a citizen and recommend him to the democracy of this district as one well prepared to represent same in the legislature.

The First National Bank,

By W. K. Crawley, V-Pres and Cashier.

The Lamesa National Bank, by O. B. Norman, V-Pres.

Lubbock should not want both the Senator and Representative.

Dawson County Democratic Convention Resolutions.

WHEREAS, this convention is desirous of going on record giving impetus to the candidacy of one of our outstanding citizens who is making the sacrifice to run for the State Legislature from this district, and,

Whereas, Carl Roundtree is an outstanding gentleman of Dawson county and Lamesa, Texas.

Whereas, he is thoroughly competent and qualified in every respect to fill the office for which he has announced, and,

Whereas, we realize that he is making a supreme sacrifice to make this race and to hold this office if elected, and,

Whereas, Roundtree is the only candidate for this office now living in Lamesa and Dawson county, and,

Whereas, as a matter of appreciation of the above, we,

THEREFORE, go on record as endorsing Carl Roundtree for Representative of this district and expressing our high commendation of him both as a Christian gentleman and as a man qualified to hold this office with dignity to render competent service.

PASSED BY UNANIMOUS VOTE OF CONVENTION, THIS THE 8TH DAY OF MAY, 1928.

Signed: R. R. Townsend.

County Chairman.

Carried: V. Z. Rogers, Sec.

Fair play means Roundtree's election.

Let's elect Roundtree.

### School Board Endorsement

We, the Members of the School Board of Lamesa endorse Carl Roundtree (President of our Board) as one who is vitally interested in all educational matters, alert to the educational needs and eminently qualified to represent the 119th Representative District on all school matters.

W. B. Collins, Vice-President.

S. L. Forrest, Secretary.

C. F. Cook.

M. Hatch.

E. V. Wilkes.

W. M. Norris.

V. Z. Rogers, Superintendent.

City Schools.

### County Officials

We, the county officials of Dawson county, endorse Carl Roundtree for Representative of the 119th District.

Dixie Kilgore, County Judge.

# Greatest advance in motoring comfort since balloon tires...

## STUDEBAKER'S Ball Bearing Spring "Shackles"

In these new cars a patented invention at last solves a problem that has long baffled automotive engineers.

Every motorist knows the importance of spring shackles—those joints or hinges which form the connecting link between body and axles. Engineers have sought to reduce friction to a minimum at these vital joints—to make them flexible yet firm and uniform in action—to make them noiseless—to reduce the necessity for frequent lubrication. *All these objectives have now been attained in Studebaker cars.*

So revolutionary is this sensational innovation that the word "shackles," with its implication of restricted movement, is no longer applicable. The incessant action and reaction between body and axles is now carried by 172 steel balls rolling in lubricant—no binding, no

squeaks, no rattles, no sidesway. Instead, smooth, silent resiliency, an undeviating uniformity of action and an enduring buoyancy that will keep your Studebaker young.

In place of complicated centralized systems for oiling and greasing, each ball bearing spring "shackle" contains, sealed within it, ample lubricant to last for more than twenty thousand miles.

At last... ball bearing spring shackles... the secret of the remarkable riding comfort of the new Studebakers.

Come ride in a new Studebaker today. Thrill to its champion performance. See rare new beauty of line and color. Then compare Studebaker's new low One-Price prices—the triumph of 76 years' manufacturing experience!

**Judge McGuire for Roundtree**  
To the Democrats of the 119th Representative District:

Hon. Carl Roundtree, my fellow townsman, is seeking your nomination for State Representative.

I have known and been closely associated with Mr. Roundtree for many years, and it gives me much pleasure to recommend him to you as an exemplary citizen, an untiring worker for West Texas and her institutions, and a competent lawyer, and in his nomination and election you may be sure our District will have one of the leading representatives in our Legislature.

Respectfully,  
Gordon B. McGuire

### USE OF GAS INCREASES 1000 PER CENT IN TEN YEARS

With the Southwest and especially Texas leading the way, the use of gas as fuel in industry has increased over 1,000 per cent since the World War, according to Geo. B. Cortleyou, president of the Consolidated Gas Company of New York.

### Up With The Screens!

Hear that buzzing 'round your doors and windows? The flies are back! Screen up—before that army of disease-carriers swarm into your home.

**C. D. SHAMBURGER**

"ALL KINDS OF BUILDING MATERIAL"

Latest estimates of the number of users of gas in this country place the total at seventy millions.

Less than one per cent of the total annual production of manufactured gas is sent across any state border, Mr. Cortleyou says, and only 15 per cent of the natural gas business is

interstate in character. At the national convention of natural gas men in Dallas in May, however, the tendency to pipe gas over long distances was discussed and it was said that Texas and Oklahoma are leading the way in this field of progress.

**CHRISTIAN ENDEAVOR**  
MEETING

One of the most interesting meetings this year was held Sunday afternoon at the Presbyterian church.

"Keeping Fit" was the subject of the lesson which was led by Miss Vivian Clara. After the lesson a business session was held. Miss Christova Sawyer was elected President of the Society, Dell Smith, Vice-President, Lenore Brownfield, Secretary, Juanita Perkins Corresponding Secretary, Murphy May Treasurer and Pauline Hunter Reporter.

Friday evening the Endeavor will sell ice cream and cake on Mr. and Mrs. Clyde Lewis' lawn.

**EDITORS NAME NEW OFFICERS AT BIG SPRING**

Big Spring, July 14.—The third annual convention of the West Texas Press Association adjourned here at noon today with the selection of Sweetwater as the 1929 host city.

Bowen Pope, Hamlin, retiring secretary-treasurer, was elected president, succeeding Luther M. Watson, Sweetwater. George F. (Jimmy) Smith, Snyder, is the new secretary-treasurer. Pope is publisher of the Hamlin Herald, Watson of the Nolan County News, and Smith, senior editor of the Scurry County Times-Signal.

More than 100 West Texas editors attended the two-day convention here. A golf tournament was the last social event of the program.

**MAN SO NERVOUS GETS SORE WHEN SPOKEN TO**

"It actually irritated me to have anyone talk to me, I was so nervous. Vinol ended this and I feel wonderful now."—Wm. Fabry.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc. give new life and pep. Vinol tastes delicious. For sale at Palace Drug Store.

**MRS. CARTER IDEAL CLUB HOSTESS**

Mrs. Ralph Carter entertained the I-Deal Club and in honor of her guests, Mrs. J. M. Carter of Lockney and Mrs. Tom Carter of Lubbock Friday afternoon at four o'clock. In bridge Mrs. Tom Carter scored high and received a box of sweet scented rose leaves. The table cuts were dainty bridge score pads with indicators on them and were won by Mrs. Bailey, Mrs. Tom Carter and Mrs. Du Bois.

A delicious plate of sandwiches, potato chips, olives, fruit salad on orange cups and orange punch was served.

The guests were Mesdames. Du Bois, Miché, Collins, Bailey, Sawyer, Flem M. McSpadden, Wingerd, Tom Carter, Dallas, Hunter, Alexander, Bowers, Gross and Carter.

Mr. and Mrs. Edgar Self and son returned from a visit with his parents at Boswell, Oklahoma.

Mr. and Mrs. Bruce Knight and little daughter are at home after a vacation in Colorado.

**PRISICELLA CLUB MEETS WITH MRS. McCLISH**

The Priscella enjoyed a pleasant meeting with Mrs. L. E. McClish Wednesday afternoon in doing fancy work after which sandwiches, fruit jello, cake and iced tea were served to the guests who were Mesdames Kendrick, Guffin, Jackson, Gracey, Brothers, Pounds and Scudday.

Miss Lillie Mae Warren has returned from Lamesa where she visited her cousin, Carl Lewis and family.

W. Tom May and family are at home after an extended vacation in the western states. They report a splendid trip with the exception of the car accident in Los Angeles. Miss Gladys Shin of El Paso who accompanied them on the trip, returned for a few days and then will go to Arkansas.

Mrs. Will Alf Bell and sister Mrs. Jenkins of Marshall have returned from an outing in New Mexico.

Bill Collins, Adolphus Smith, Clovis Kendrick and Joe Shelton returned Sunday from Palacios, Texas where they have been in encampment with the National Guards on Matagorda Bay. The boys played with the Tech Band and report a splendid trip.

Mr. and Mrs. W. B. Downing have returned from Norman, Oklahoma, where they had gone to visit Mr. Downing's mother who has been sick but is some better now. They also visited in Oklahoma City.

Mr. and Mrs. Joe J. McGowan and Billie visited relatives in Paducah and Quanah last week.

**NEWLY WEDS HONORED BY TWO PARTIES**

Mr. and Mrs. Ben Hilyard who were married recently and have just returned from a visit at Big Spring and San Angelo, were honored Monday evening when a crowd of young folks met at their home. A kangaroo court was enjoyed after which sandwiches and soda pop were served. Many lovely presents were brought.

Those present were Misses Ethel Hunter, Marie Brown, Addie Hamilton, Marie Bell, Violet McBurnett, Lucille, Nellie and Mamie Sue-Flache, Jewel Graves, Stewart, Irene Lindley and Christova Sawyer.

Tuesday afternoon a miscellaneous shower was given Mrs. Hilyard at the home of Mrs. J. L. Cruce with Mrs. Cruce and Miss Nell Flache as joint hostesses. The home was prettily decorated in pink and white. Mrs. Claude Hudgens presided over the punch bowl and Mrs. Du Bois the recipe book. Mrs. Earl Williams played several piano solos and Mrs. Roy Herod sang "Are You Sent from Heaven." The gifts were brought in a small wagon drawn by little Miss Lucille McSpadden who presented the gifts with an original toast: "I bring these gifts as a token of love from your friends and we all wish that your life will be full of happiness."

After the presents were opened and passed around Mrs. Roy Collier gave the following toast to the bride: Within the sparkling depth of this

Our toast to thee, "Sweet Bride" We read the joys of loves fond kiss, And pleasures therein hide. May you be faithful all through life To these, the vows you take, And be a true, devoted wife And serve for loves sweet sake. May all the dreams, which loves know To glad fruition come To fan loves fires to brighter glow And bless your "Home, Sweet Home." Many nice presents were received.

**IDLE WIVES CLUB ENTERTAINED BY MRS KING**

The Idle wives club was entertained Tuesday afternoon at four o'clock by Mrs. John King. Bridge was played with Mrs. Boone Hunter getting high and Mrs. Arthur Sawyer next to high. High was a bottle of lavender toilet water and second was bath salts. The hostess served ice cream and cake.

The guests were Mesdames McGowan, Tom May, Wingerd, Shelton, Alexander, A. M. Brownfield, Bowers, Dallas, Arthur Sawyer, Flem McSpadden, Collins, Boone Hunter and Miller.

Miss Fairy Neely of Tucson, Ariz., is the guest of Mrs. W. M. Copeland for several days.

Mr. and Mrs. McDuffie have as guests her sister, Miss Christine Owens, her friend, Miss Sweetman, and his uncle Mr. Pryor, all of Ennis and Mr. McDuffie's sister and husband, Mr. and Mrs. Marlin Davis of Waxahachie. All of them have just returned from an outing in the mountains at Cloudercroft and Ruidoso and the Carlshad Caverns and El Paso.

The Methodist Missionary Society met in regular session this week with Mrs. C. H. Hester, 2 miles north of town. It was decided that in as much as several of the members were out of town that the Federated Missionary Society would not meet next Monday, but would be held at a later date.

**Conditions Here Now Almost Perfect**

Conditions are the nearest ideal here right now than for years, according to the almost unanimous belief of the citizenship in general, and if there is not a normal crop harvested, and if a good price is not obtained for the commodities produced here, then there are going to be a lot of fooled people, not to say disappointed ones.

One of the best cotton estimators of the county, and one who has perhaps come as near to it as anyone, predicts that Brownfield will receive 12,000 to 15,000 bales of cotton this year, with a chance for 20,000 bales, as against 10,000 last year, and he believes the price will range around 20 cents, probably better. Then there is a probability of the biggest corn crop ever harvested here, he says. He asked us not to mention his name just yet.

It is a fact that in May we had the biggest acreage in our history, probably, but that was greatly reduced by high winds in June and early July, or our bale production would have probably reached nearly 30,000 than 20,000 bales. As a consequence, most of this which was blown out late has been planted to corn and feed is the reason we are predicting the biggest corn crop on record, as well as an abundance of feeds of all sorts.

Owing to the hard conditions of the early part of 1917 when people had to get by the best they could, little debts were made last year and the people got by, some of them in fine shape on cream, eggs and chickens, and as a consequence owed little in the fall. Their crop proving much better than they expected, most of them paid up out of debt, and having learned the lesson, most of them are doing the same way this year, or at least borrowing little money. Therefore, most of the money that will be realized for crops this year will go directly to the farmers, and they in turn can begin paying for their homes in earnest.

This being the facts, we can see no reason why Terry should not be in very prosperous condition this fall.

with **CONOCO**

you're miles to the good

IT'S like putting something aside for a rainy day when you use Summer Conoco Gasoline. Your tank is a storehouse for extra miles, and at the end of the touring season these extra miles represent a substantial saving in your cost of motor operation.

**Meadow Briefs**

By Aesculapias

Thursday morning ere many of our citizens had risen we were suddenly aroused by loud blowing of horns on the highway. Women and children ran to the doors and climbed the fences thinking a fire or some other calamity had or was about to be enacted. A large number of autos were seen approaching the village which later proved to be citizens of Lubbock on their way to the new oil fields at Hobbs, N. M. They were apparently a jolly bunch and the exhilarating effect of the ozone of early morning air or else something else was finding outlet in alarming a quiet village. A few months hence there may be some long faces when they began to realize on investments in the new town.

The new Bureau Gin is being built here and several carloads of material arrived Saturday. We hope the farmers will realize their greatest hopes in the new enterprise but will be rather hard on the gins now in operation here. Well as a class the farmer is about the worst exploited class in the land and if he is able to get ahead we wish him Gods speed. He has never been regarded very highly as an individual or a class by the industrial and financial rulers of our land except at election times when he is honeyed and patted and called the salt of the earth, to be immediately forgotten just as soon as he has deposited his ballot.

The Republicans spat in his face and then ended by kicking his demands out of the convention at Kansas City. Now their henchmen Hoover is letting it kinder leak out that he is preparing an ointment in his letter of acceptance that is guaranteed to heal the hurt that honor feels at such treatment meted out at K. C.

Will it work? Most assuredly it will. On the other hand this same gang expect to soft soap another lot of Greens down south in "Dixie Land" by Flaunting the red rag Catholicism and squalling out prohibition enforcement. Now this Republican gang have had the enforcement act in hand for eight years and there is more whisky sold today and drank by American people than at any time in its history.

They have allowed the principal cities of the country to become centers of bootleg activities and the scenes of murder never dreamed of in the bandit ridden districts of Italy or Southeastern Europe. We are the murdering nation of the world now, and of all time, and it is significant that the rate of homicide increases with attempted enforcement. We are allowing a few castaways, dead heads politically to pull us into the Republican camp at the instigation of the viper Anti Saloon League which is kept up largely by Republican support, to hood-wink us by labelling it a righteous affair.

It is reported that already three million dollars has been pledged to Hoover. Still our people rant about Tammany and forget the recent election of Vare and Smith. The Republicans have always spent from three to five times as much to carry elections as the Democrats have been able or willing to provide. Verily the Fool Killer is dead. For my own part I can't see how any self respecting southern democrat would nor could fall for such balder dash. The bunch that is leading this crusade are the only ones that will be paid for the Benedict Arnold Act, you are expected to commit, and you won't be any nearer Heaven nor Prohibition enforcement when you have fallen into their arms than at present.

"I had rather be a dog and bay the moon than such a Roman."

Yes it has rained a plenty. Some two or three inches have fallen during the night and it still looks as if there was more to follow. Some crop is assured if no other calamity follows.

One day the past week our community was thrown into great confusion over the dastardly attempt to violate the Volstead Act.

One of our substantial citizens while cutting weeds along his fence row uncovered a two-gallon jar partially filled with some substance which was apparently fermenting. It was covered up and undoubtedly it was the intention of some individual, with malice prepence, to inflict on the unsuspecting citizens of this community a flagrant violation of a most important law.

Now, this particular citizen could not brook an infraction of this particular statute, so kept vigil through

the weary hours, that at least these would be violators should not escape.

His patience was finally rewarded by seeing a car turn at this particular place occupied by some boys twelve or fourteen years old, so the conclusion was quickly framed that the guilty parties had beken discovered.

Officers were notified and at once repaired to the spot where the weary brother sat down to rest and the jar was promptly captured, the contents emptied and the jar, which is participes criminis, in the case is now on exhibition awaiting its owner if he cares to claim.

Thus has been nipped in the bud another attempt to nullify our laws. We presume that prohibition headquarters have been notified and a rigid surveillance instituted that all those tempted to try out the possibilities of the yeast plant will or may be apprehended.

This particular law abiding citizen should be promptly thanked for his timely warning, and the good name of Meadow preserved.

I have wondered that rank Pro's, like Colquitt, Cranfil, Ball and Love have not long ago tackled this particular germ of Nat. Order, Ascomycetas. Its very name indicates that wherever it resides there is sure to be trouble. Several of its kindred are responsible for diseases of the ear, tonsils, bones and cancer. Why suffer such things to exist. It would take less money and fewer enforcement officers to root out the whole family of As-com-y-ce-tes than to enforce the Volstead Act. Besides we would in the near future be able to produce a nation like the Turks or the Hindoos. In the words of the im-

mortal Dr. Rankin: "On with the battle" Lets not unfurl our white banner until Al Smith is retired to private life and Evans and his robed and hooded warriors are able to escort Hoover and his yellow galls to the Capital.

"He who thinks one thing And another tells my heart Despises as the gates of hells."

This said Achilles, and I heartily agree with him. Numbers are going into the primaries Saturday with the intention of taking the pledge "To

support the nominees of the Primary" who know that the silent acquiescence in the statement at the head of the ticket will be set at naught.

I will let them name the act, but commend for their careful consideration the Latin proverb "Falsus in uno Falsus in Omnibus."

Regardless of how you vote, let every man and woman qualified to exercise the franchise go to the primary Saturday and help to choose those who will do the state and coun-

ty work for the next two years. It is both a privilege and a duty. The past shows that at times in the recent past as little as forty-nine per cent went to the ballot box.

I am a Democrat and will cheerfully support the nominees of the primary from constable to president regardless of color or previous condition K. K. or otherwise.

Darrouzett—A road to be opened on the auction line to the north boundary line of the town of Darrouzett.
