## Chamber of Commerce

By the Secretary

A letter has been received from the West Texas Gas company, which advises that they expect to comply with the provisions of the franchise that was received from the city, which among other things called for service not later than December 1st. The inquiry to them, which caused their letter, was made upon account of the fact that the report was generally in circulation that Brownfield would not be served with gas and as several of our citizens were going to have to buy new stoves of some kind, the Chamber of Commerce decided to have the report investigated and is glad to report the above result.

Captain Ed Kennedy and a number of capitalists, whom he has succeeded in interesting in the construction of the Roswell and Eastern Railway, will be here within a few days and it is hoped that all details with reference to the proposition will be concluded and that surveyors will be placed in the field within a few days.

It was not possible to get the premium list ready for publication in the Herald this week, but everything is about completed and will appear in the next issue. The fair will probably be held in the warehouse of the West Texas Compress company, as it is large enough to contain all exhibits including poultry and livestock. Merchants will also have booths for showing their wares and it is expected to make the exhibition one of the most interesting that has ever been staged in the county. Rides and swings, which include hobby horses and ferris wheel, will also be on the ground, but no "carnival" will be permitted, nor will any gambling device of any kind be allowed.

An effort will be made to carry an exhibit to both Lubbock and Dallas and the secretary expects to be a very busy man for the next few weeks and will not be in the office much until after everything is in working order. Saturday will be devoted to the office and the secretary will be glad to inform anyone as to the rules and regulations governing exhibits. It is very possible that a fire works display will be had and if it is finally decided to stage it, it is believed to be the first one that has ever been arranged for here.

After the next ten days, it will be necessary for any person, who expects to make repairs on a residence or business building or to erect either of them outright, to secure a permit from the City Secretary. The City Council passed an order to this effect at a meeting this week and the order marks a very important step in our development as no other town of the size of Brownfield, is without regulations of this nature. It enables us to know something of our development. Other matters were taken up and disposed of, but they will be handled in another column of the Herald.

## Baptist Revival Closed Last Friday Night

The Lancaster-Bone revival meeting here under the auspices of the Baptist church closed last Friday night so far as they were concerned, although the meeting was not officially closed until Sunday afternoon at the church building, when the pastor, Rev. E. V. May baptised a number of new converts.

Despite the fact that the revival was hindered by unfavorable conditions of weather, we are glad to be a very successful one. We understand that the local congregation are more than pleased with the efforts of the evangelist and singer. Both made many good friends among us, and will have a large number of converts to serve you in anything in the hardware line. Call on us when in town.

## The English Cotton Gin Changes Hands

The city of Brownfield has recently added a fine citizen to its population without having to give up one, for Mr. W. E. Henson of Ashdown, Ark., has purchased the English Gin, and has really become a citizen with his good family without having to relinquish our claim on the English family, for they are going to stay on with us, as we presume he will continue to manage the milling section of the Harrison-McSpadden Gin.

Mr. Henson and family come to us well recommended as good citizens, and we know he is progressive, for he has already informed the Herald that he contemplates an advertising campaign and that spells progress. We understand that he contemplates big improvement in the gin plant, making it modern in every detail. But we will leave that for Mr. Henson to tell you, as he understands the gin business better than we, and can explain better what he contemplates.

There is also a humorous side to Mr. Henson's decision to settle down and grow up with the rest of us Terryites. When he left Arkansas some four weeks ago on a prospecting tour, he informed the people that he was coming to an extremely dry country to make an investment. What was his surprise when he got here to find the whole surface of the country all covered in water. But he went ahead and made his purchase. He had to admit, however, when he returned that the country was not as dry as he had thought.

But he though he had just ran onto the unusual, and so explained perhaps to his family and friends. But what was his surprise last Thursday afternoon when he barely beat another gully washer into Brownfield. Now he is wondering what kind of a tale he is going to have to put up to his old friends in Arkansas to keep them from believing that he is just as full of gas as the rest of the Texans already.

## More Rain Thursday And Saturday Last

Some of the old timers here are thinking we have swapped ends with the state, and that we are now down on the line of Arkalouisa instead of New Mexico, and some of them may start out down there to find some dry ground some of these days. This is getting too swampy, they say.

Thursday afternoon about six p.m. we were struck with a perfect deluge from the south that on top of the other moisture of late left the streets in almost impassible condition, not to mention the public roads leading out in all directions. One meat peddler informed us that he was five and a half hours coming from Lamesexico to he has a good car.

While there was not much rain directed urday afternoon and night here, another big one came in the south part of the county and between here and Lubbock. Some of the people in the south part of the county are going to go around lakes, mirages, and had to be drug out of the trucks. Verily the ground is soaked.

Another fell Monday night in some portions of the county. We don't want to be regarded as a chronic "ache" but we are ready for a change.

## The Short Course and Review of Club Work

In telling of the worth of the Short Course, it is utterly impossible to make an estimate in dollars and cents, but it is safe in predicting that Terry county will receive benefits from it for years to come.

It might be advisable to state the purpose of the A. & M. Short Course for the benefit of those who are not familiar with the work. Each year the A. & M. College has a week that they devote to the education and the instructions of the farmers of Texas. They give the college over to the farmers, including their buildings, their teachers and their equipment. Here they have a chance of a general college routine of work, and most important of all they have an opportunity to study and to view the livestock, poultry, barns, field work, etc.

The purpose of the college Short Course is primarily to give the college instruction to the farmer, but on the other hand it affords a pleasant and profitable vacation where they may meet the most progressive element in Texas. It gives the farmer and his family a chance to get away from the general routine of farm work, and encourages him to come back to the farm and make it a better place to live in, a happier home and a paying farm.

I merely give this information for those desiring to attend in the future but I suggest that you ask some one who attended from your community.

About three months ago we began to organize 4-H Clubs in Terry county. Everywhere we went there was a wonderful response; eager and energetic boys and girls that were ready to devote their time in order to learn more about profitable farming. We organized 14 clubs with a total membership of 280 boys and girls, carrying projects. Soon we had the largest pig club in Texas, consisting of 125 members. The pig club was instrumental in bringing over 100 registered pigs into the county. As a result of this, Terry county has some of the best bred pigs in Texas. Other than the pig clubs, we have garden clubs, farm field crops, calf club, poultry clubs and canning clubs. Each member is keeping an accurate record of his work, showing the gain or loss of their certain projects. On several occasions there have been demonstrations of the value of utilizing farm products. They have been taught poultry culling, field work, plant production, milk testing, and other lines of work that are closely associated with the farm.

Some felt that the work was too hard and dropped out, but others stepped into their places and the work continued to progress. When the annual Plains Encampment was held, we had the largest representation and by far the best working bunch. Then came our encampment and we had over 200 boys and girls present, and it is said by several leading men and club boys of Texas, that it was the most successful meeting they ever attended.

Each Saturday more than 30 boys and girls came out for the judging teams. Willing to sacrifice a Saturday afternoon to learn more about livestock, poultry and grain. Fourteen members were selected as members of the teams. The boys and girls had planned to stage a carnival to defray expenses to the Short Course, but adverse weather caused the failure of the carnival on two different occasions. ## Mrs. F. H. Perkins is A Fine Gardner

One of the little Perkins girls, the daughter of Mrs. F. H. Perkins bro't the Herald some of the finest specimens of squash last week that we have seen in years, and they were good after being cook to those who like this vegetable. They had been grown quickly, and although large, were as tender as could be. This is the secret of growing this vegetable, for they must be grown swiftly to be at all tender.

The little lady who brought them informed the Herald that her mother was growing more than 50 varieties of garden vegetables, this year, and that the whole garden was doing nicely. Last year Mrs. Perkins produced some of the finest tomatoes we have ever eaten. The Perkins family not only raise lots of vegetables, but they can and put away an immense lot of it for the long winter days, when the taste of fresh vegetable is not only good, but when the human system actually demands a change from the usual winter fare of this section.

Jap Baldwin is taking his vacation this week in New Mexico.

## Methodist Revival Now Under Headway

The preaching at the Methodist church is being done by Rev. J. F. Michael, pastor of the Methodist congregation at Abernathy, Texas. The song service is being conducted by a real Arkansawyer, Ed R. Phillips, of Siloam Springs, and he is a good one to, probably having had lots of practice in boyhood calling his dad's hogs. But to use modern parlance, he knows his okra when he gets up before a choir.

Now this preacher is a good fellow well met, and if you see a fellow on the streets you take to be him, you need not await a formal introduction but walk up and he will meet you more than half way. He is from Missouri, but it is easy to show him.

Now you know who is conducting the Methodist meeting here, but the main reason for this article is to tell you that Pastor John W. Chisholm as well as the evangelist and singer bid you a hearty welcome to all services, which are the usual morning and the evening hours, and are being conducted in the church building.

## Many Repairing or Building New Homes

It would seem that the people of Brownfield have decided that the day of the shack is over, and with their pride up, are either building good substantial homes, or are repairing or remodeling their old ones into good and substantial abodes. Please do not understand that they are transforming them into Hollywood palaces, for they are not, but they are transforming them into modern, well built and comfortable homes that will not only be better places to rear the family, but more beautiful to the eye as well.

J. L. Cruce has recently added a neat kitchen to the rear of his home, having before that time used a combination of the two, as he had a small family. He also added a back porch to the home that will make the home more attractive in every way.

Mrs. R. W. Rambo has also been adding more space to her already spacious apartment house in the way of baths, etc. Mrs. Rambo is getting ready for school opening with more accommodations for roomers.

John Burnett is wrecking his old town home just south of the Presbyterian church, and is preparing to transform it into a real modern six room and bath residence, which will be completed with rock board on the interior and stucco on the outside. He is preparing this for the family who will move in for school purposes in a few more weeks.

A. L. Burnett who lives on north Fifth street is also converting his residence into a real modern abode by adding new room, rock boarding the whole business, and giving it an oriental stucco finish. He is also adding new fixtures in the way of sinks in the kitchen and new bathroom fixtures and while at it is repainting on the interior and placing his gas lines to be ready for that splendid fuel when it gets to Brownfield.

There may be other residence undergoing repairs or remodeling, but we have not been informed of such.

The big 40x50 warehouse of Holgate-Endersen Hardware Co. is now ready for the brick and tile work.

Most all the material for the big Holgate-Endersen store is now on the ground, with the exception of some common brick, and as soon as that arrives, this building will be started. The foundation is now ready for the brick and tile work.

We hear rumors of several more buildings to be erected here during the late summer and early fall, but are not now definite enough to give out information about them.

## Most People Are Convinced We Have Oil

We understand that the drillers for the Brownfield well 13 miles southeast of the city are now on the premises, and for the third time it is expected that drilling will start in the next few days, if it is not already under way when this paper reaches you. We have it on authority we consider to be wholly reliable that one of the real big companies now has the well in charge, and this can mean nothing else but that they are not only able to put the well down to any reasonable depth, but that they are likewise convinced that oil in paying quantities are here or they would be spending their money in tried territory instead of here.

As stated above this makes the time for drilling to start.

## City Council Holds Meeting-Order Election

The city council of the city of Brownfield, together with Mayor Joe J. McGowan met in regular session Monday afternoon in the rooms of the city secretary and transacted some important business.

They were presented with a petition of the required number of property tax payers of the city asking for an election to be held to determine whether or not the city will bond itself in the sum of \$60,000 for paving some 14 block of the city, including the business section. The election was ordered for October 15th, we understand.

They were also presented with another petition from the property owners on Small street asking that the name of that thoroughfare be changed from Small street to that of Broadway. No action was taken on this petition at this time as we understand that the city council has under advisement the changing of the names of a number of streets in the city.

### PROPOSED CONSTITUTIONAL AMENDMENT—AUTHORIZING LEGISLATURE TO EXEMPT FROM TAXATION PARSONAGES, AND CERTAIN PROPERTY OF ASSOCIATIONS FOR RELIGIOUS, EDUCATIONAL AND PHYSICAL DEVELOPMENT

H. J. R. No. 20.)

#### HOUSE JOINT RESOLUTION.

Proposing an amendment to Section 2, Article 8 of the Constitution of the State, so as to authorize the Legislature to exempt from taxation any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society, and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; providing for an election upon such proposed Constitutional Amendment, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, Article 8 of the Constitution be so changed as to read hereafter as follows:

All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property that is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men and young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1928, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the

### ENCOURAGE GOOD CITIZENSHIP

"Prosperous industry and good citizenship produce thriving communities and contented people," says Dr. Henry Mace Payne, consulting engineer, the American Mining Congress, in a recent booklet. "Neglected resources and nonchalant acquiescence to demagogic theories lead to disorganization and widespread unrest."

"Socialism arrives, not alone by revolution, as in Russia, but by a gradual and insidious interference with private enterprise by the state. The radical, the theorist and the opportunist seeks to experiment with Government ownership and operation. The achievement of the vision of the pioneer through hardships, work and courage is replaced by the visionary accomplishments of the theorists through misuse of the functions of government."

**PROPOSED CONSTITUTIONAL AMENDMENT PROVIDING FOR A STATE BOARD OF EDUCATION AND RELATING TO TERMS OF SCHOOL OFFICERS.**

H. J. R. No. 14.)  
Proposing to amend Article 7 of the Constitution of the State of Texas by adding thereto Section 16, providing that the term of all officers of the public free school system, including State institutions of higher education, may be fixed not to exceed six years; proposing to amend Section 8 of Article 7 of said Constitution, authorizing the appointment or election of a State Board of Education to serve not to exceed six years; requiring said amendments to be submitted to the people for adoption and making appropriations therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Section 16 as follows:

"The Legislature shall fix by law the term of all officers of the public school system and of the State institutions of higher education, inclusive and the terms of members of the respective boards, not to exceed six years."

Section 2. That Section 8 of Article 7 of the Constitution be amended so as to hereafter read as follows:

"The Legislature shall provide by law for a State Board of Education, whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law."

Sec. 3. The foregoing constitutional amendments shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon the following:

(1) "For the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."

Sec. 4. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendments set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

**TWO DAY CELEBRATION ON 24 & 25 FOR LEVELLAND**

As set forth in an act in this issue of the Herald, Levelland will celebrate on the 24 and 25th of this month with a two-day fiesta of dances, rodeos and races together with other forms of amusements.

The growth of Levelland has been marvelous. This celebration of the American Legion is in recognition of that growth and is held for the purpose of affording the opportunity for friends and neighbors of the south plains and of eastern New Mexico to rejoice with them.

It must be an unusually good oil to have the unqualified endorsement of the designers and builders of engines used in 207 automotive vehicles.

But no wonder these experts favor Conoco Amalie! Made from Pennsylvania Crude and made a better way, Conoco Amalie does a 100% lubricating job.

It retains its viscosity under practically all operating conditions—thus sealing the pistons and greatly reducing crankcase dilution—the cause of so much costly wear and tear on the motor.

If you really want your motor correctly lubricated, Conoco Amalie will do the job.

Get it at the Conoco sign.

## Man Thought

By Richard H. McCarty

Yes, man thought, and he climbed down out of the tree tops and cozy caves became his habitat. He thought again and the cave was stinky and nasty, and so he went out and builded a castle. Then he thought again, and he harnessed the power of the ass and ox, capitalized it and quit walking. The speed of the ox and the ass was too slow, so he thought again and the old iron horse went snorting across the deserts. Still not satisfied, had the speed mania, and the honk of the auto was heard round the world. Still not satisfied, he just kept thinking, and the spit spat of the airplane was heard away up there in stellar space, yes, this thought animal conquered the air, conquered the Atlantic ocean, annihilated space, making all the world door neighbors. Yes, he thought, got tired of plowing with a crooked stick, got astride the gang plow, hooked onto a gasoline tractor and plows up the earth between suns. He thought again and strung an electric wire around the world. Thought again, got tired of fooling with electric wire, pitched it into the scrap heap and capitalized the air waves and now he talks across the continents and oceans. Thought again got tired of riding in wooden boats, and in the realm of thought discovered that steel would float, and goodness gracious look at those iron clad monsters plowing the seven seas of the world. And he just kept on thinking, got tired of carving his thoughts on stone columns and painting on sign posts with poke berry juice, so he got busy again in the realm of thought, and the movable type stood on their feet, and thus, he has filled the libraries of the world with mummied thoughts. Yes, man has thought until he has almost conquered the earth, just what God told him to do when he drove him out of the Garden of Eden. And some day he's going to reach up and lasso the stars with a powerful telescope, and he will say hello folks up there in the sky, who are you? What kind of folks be you, what is your philosophy of life? What kind of a God do you worship? What is your religion, what kind of a government do you have, Democratic or Republican, monarchy or what? Man thought. He's a funny animal, even God does not understand him, relenting that he made him, drowned the whole push on account of their sins, save just a small remnant, and they got out of the boat and went to doing the same things, committing adultery, fornication, lying and cheating, strife and murder and wars—No nobody don't know anything about him, he's unstable, unsafe, an angel today and a devil tomorrow—And yet, he's the quintessence of all creation, the master animal of all the earth—Just simply because he thinks—MAN THOUGHT.

It's useless to advise people to accept old age gracefully.

## REAL CRIME REMEDIES

President Coolidge, in his Memorial Day address, made some remarks on crime and respect for law and order that are of interest to every American citizen. He said that the best solution of the crime problem goes back to the home and the early training of the child, and "if around the nation's fireside respect for authority, reverence for holy things and obedience to parental discipline are taught, the surest foundation for peace will be laid."

We can not pass the laws that will make crime impossible. Efforts in that direction have too often reacted to the advantage of the criminal, by restraining the law-abiding citizen. What we can do is interpret and expedite our present laws and procedure that, by example, crime can be discouraged. If we add to this, early training that inoculates in the potential citizen an instinctive respect for the rules of society we will have gone a long way toward reform.

Crime, like weeds, flourishes best where it can most easily resist obliteration and escape punishment.

The majority of criminals come from families that are either too ignorant or slothful to prepare the child for decent citizenship.

## THE TTT CLUB

The TTT Club met last Monday night with no leader or county agent or secretary-treasurer, nevertheless, we had a club meeting and it was a success, too. One of our delegates was there and he made a fine talk. This was Willie Anson, but we think he took more interest in the girls than in his work. He missed some meals on that account.

We are indeed sorry to lose Mr. Williams and wish he could be with us every time we meet. Mr. Williams put your address in the paper and also send it to Tokio so that we can all write to you when we want to know about certain things.—Reporter.

## LOVINGTON, N. M. TO STAGE THREE DAY CELEBRATION

Our good neighbor town, Lovington New Mexico is to stage its big annual three day celebration and barbecue on the last three days of this month, August 29, 30 and 31st. The free barbecue is to be staged on Friday the 31st.

They want you to meet your friends in the big cow town in the heart of the gramma grass country. It is said that Lea county has more people, and more grass, oil and money now than since the organization of the county.

Among the amusements offered, will be calf roping, broncho riding, steer riding, wild cow milking and baseball games. A man will be on the ground to buy polo ponies.

Many handsome prizes are offered in all these contests, and if you win you get the money, as they promise to play no favorites.

Texas has 634,729 telephones and there are more than 3,200,000 telephone conversations a day in this state.

**THE REPUBLICANS WOULD  
NOW TURN PREACHERS**

About the most ludicrous and ridiculous thing which has come to our notice is the attempt on the part of the Republican Central Committee to assume the role of instructor in morals. It is enough to make the angels weep.

After the leaders of that party have disregarded all pretensions of honesty for eight years; after they have bartered and sold the resources of this country; after they have put public offices upon the auction block to be disposed of as private property; after they have robbed the sick, crippled and disabled soldier boys of the money supplied by a grateful people for their sustenance and medical treatment; after they have spent money by the millions to purchase elections in Pennsylvania and Illinois and have stolen them where bribery failed them; after making the prohibition laws and the 18th amendment a hiss and a byword among men by placing at the head of the enforcement machinery men who have the largest interest in liquor in the country, after making a colossal failure of the whole system of law enforcement as far as the prohibition amendment is involved—they now come before the people with a hypocritical plea for morality.

But when the people of this country want teachers of morality they will not turn to the political party and the political leaders that furnished Albert B. Fall to trade the government oil reserve for the means of stocking his New Mexico ranch; they will not turn to the party of Ex-Attorney General Harry Daugherty who used the department of justice for his own private ends and who lacked only one vote of being convicted. They will not turn to Will Hays, elder of the church though he be, who while National Chairman of the Republican party, solicited and accepted a part of the Sinclair Teapot Done bribe money for paying the debts of the Republican campaign committee. And they will not turn to Andrew Mellon or his party, who though he had knowledge of the payment of this bribe money, yet remained silent upon the subject until forced to disclose his knowledge by a congressional investigation committee, and who is more largely responsible for the utter failure of our prohibition laws than any other million men in this country. They will not turn to Herbert Hoover who sat in the president's cabinet and witnessed the attempted steal of our naval oil reserve, yet opened not his mouth in protest. When they want lessons in morality and prohibition, they will not turn to Dick Dillon and the Republican party in New Mexico who have made this state one of the wettest spots in the country, who made the last campaign upon a dry platform and then wrote a liquor law making it impossible to even arrest a man unless he had more than a quart of liquor in his possession. As the even a bootlegger would want to carry more than a quart of liquor in his possession at a time. It wouldn't be safe.

This sudden change of front is rather startling. Four years ago they utterly ignored the moral issue. But now when the people are aroused over the corruption which has been uncovered, they are beginning to become frightened and are talking in a high moral tone.

"When the devil was sick,  
The devil a saint would be;  
When the devil was well,  
A devil of a saint was he."

As to the probability of there being more liquor under Smith, such a thing would be impossible. There might possibly be better liquor, but more li-

quor than under Coolidge and Mellon—impossible! And Mr. Hoover has pledged himself to continue the policies of the present administration.

Our friend, the enemy would have us believe because the Democratic candidates for president have sometimes been in the minority, it proves that they have been wrong morally. Judged by this standard, Jesus Christ himself would have been the most immoral person who ever lived.

So desperate have they become that they have dug up the "bloody shirt" and are frantically waving it before the voters. Of course they know full well that the slavery question was never a political one, but was entirely sectional. The Southern plantation owner held from the beginning that slave stealing and slave trading were immoral and endeavored to place in the constitution a provision prohibiting such traffic. This was bitterly opposed by the northern traders who were engaged in the slave traffic. After the slave traffic was prohibited and their financial interests in slavery was destroyed, the people of the north rightly decided that slavery in any form is immoral, while the southern plantation owner who had paid his northern brother good money to bring slaves from Africa, failed to see it in that light. To claim that the question was political and not sectional is to brand one either ignorant or guilty of misrepresentation.

It is probable that the Republicans have told the old story that Grover Cleveland was responsible for the panic which began under the Republican administration of Benjamin Harrison, until some of them half way believe it to be true. Of course they know that the failure of Baring Bros., who had banking houses throughout England and Australia started the panic throughout the civilized world, while Benjamin Harrison was still in office, and that its grip was firmly fastened upon this country long before there had been any change in the tariff, and that it continued long after the high tariff law of McKinley's administration had been enacted.

They know that more cattlemen failed during the high tariff of the Harding and Coolidge administrations than ever in all previous times in the history of this country. They know that more bank failures west of the Mississippi River occurred during the eight years of these administrations than in the preceding 150 years of our national government. Still they have the effrontery to talk of prosperity to this section being brought about by Republican policies.—Lovington, (N. M.) Leader.

**THE LITTLE MAID HAD  
SEEN DEATH BEFORE**

Last week a little maid of four died in Dallas, and Saturday afternoon her wee casket was gently lowered into the earth—the same kindly earth that bore the flowers she loved and laughed among. And they were there at the last, the flowers were, with their playmate, as if to mingle the tribute of their fragrance with the tears that dropped by the side of the grave.

To sorrowing hearts it must have seemed that heaven somehow begrudged its gift and made haste to reclaim her for its own, so brief the brightness of her presence vouchsafed to those about whose heartstrings her affections entwined. Little Dorothy Mae Shaw, according to the span of the calendar, scarce had learned what life is about, if indeed, any of us have. But, measuring by the rule of love, she had come at life's secret as only the greatest among us have.

When Dorothy Mae's time came to die, and her spirit silently stepped out of its temple doorway, the dread face that greeted her was no one to her. For she had met death before. This child, this babe of a woman, carried in her own right a medal for saving human life under circumstances of distinguished bravery. Out of a burning building it was that she had carried her little brother who survives her now. Death did not affright her then, and, it may be, that on his second coming she found some answer to the smile of peace she wore when she went with him at his call.

In any case, her little heart was big enough for love that counts no cost and sacrifice that knows no fear. Small and unlearned and few in years though she was, there are great ones and wise ones among her elders who can learn of Dorothy Mae, a heroine at four.—Dallas News.

Rankin—The Commission form of government has been adopted at Rankin, and R. C. Halan elected the first Mayor.

Marfa—Mexican laborers are available in this section as a result of efforts of the WTCC to have an American Consul stationed temporarily at Ojinaga, Mexico.

**Our Agent to Serve  
South Plains Fair**

Lubbock, Aug. 13.—Reaching out into the outskirts of the South Plains section, the officials of the Panhandle South Plains Fair Association have secured the services of two county agricultural agents to serve as superintendents of the annual fair here, October 1-6 inclusive.

Roy B. Davis, county agent for both Terry and Gaines counties and R. M. Millhollin, county agent of Hale county will come here during the fair to serve as superintendents. Davis will be superintendent of the Dairy department and Millhollin will be the general superintendent of the Live Stock Department.

Both Davis and Millhollin are regarded as outstanding agents and have built up a substantial friendship in their respective counties, and over the plains. In addition to their serv-

ices, the superintendents will bring the fair many exhibitors. Both have cooperated with the fair in past years by assisting in bringing county exhibits from their respective counties.

The new officials are prominent in the success of the Plains Dairy Show held at Plainview last spring and will have much influence with the Plains stock breeders and dairy breeders especially, through their contact at the dairy show. The Hale county exhibit which Millhollin helped to prepare last year, won first place here at the fair.

Ray C. Mowery, professor of the School of Agriculture at the Texas Technological College will serve as superintendent of the poultry department. At the present he is attending Ames University in Iowa, where he is taking additional courses in poultry raising and breeding.

Fort Stockton.—The executive board of the Sheep and Goat Raisers Association will meet here Oct. 13.

## POLITICAL ANNOUNCEMENTS

The following political announcements are subject to the action of the Democratic primaries the 25th of August, next:

For Sheriff and Tax Collector:

J. M. (Mun) Telford.  
J. S. Smith.

For Commissioner Pre. No. 4:

G. M. (Mack) Thomason.  
W. M. Goldston.

The residence section of the city is now reasonably clean, but the alleys of the business section are fearful, and with wet weather and the number of flies present, there is danger of an epidemic of sickness. We believe that a move should be inaugurated to make those responsible for filth in the alleys clean them and keep them clean. They should not endanger the life of other people.

A strange co-incident: two weeks ago the Herald wrote an editorial about a sock peddler being in town, and last week the editor of the Snyder Signal wrote one just like it, word for word, except they put a head on their article. Strange how great minds run in the same channel!

An Amarillo man contributing in one of the Amarillo papers about the July weather says it had frequent thunder storms, but little wind. It was about the same down here on the South Plains except different; we had frequent winds and few thunder storms until about the last week of that hot, dry month.

Well, the mail order concerns are now preparing for the fall business by packing our post office with thousands of catalogues. Through the summer when people have to buy on credit or do without, these birds lay low, but when the money comes in they want it and let the local merchant hold the sack. Well, boys, let's beat them at their own game—advertise.

Why did the government report on the cotton crop cause it to go up \$6 one day and down \$7.50 the next? This is another of the many unexplained mysteries that our government permits to go on, and upon the products of the laboring classes.

Be sure your sins will find you out still holds good. A New Orleans gambler tossed the coin to see if his place would be raided that day if he opened—he opened—and it was. He lost. Three strong young men in Comanche county robbed a beautiful young lady of her most precious jewel—virtue. One of them will sit in the electric chair and the others will serve life sentences in the pen.

They ought to have been protecting her instead of ruining her. Be sure your sins will find you out.

There are three Constitutional amendments running in the Herald, all of which you should read now—this week—while they are running. Be prepared to vote intelligently upon them this fall. If you like them vote for them, and if not black them in November.

The failure of the man who does not save his money is due not only to the fact that he has no money with which to take advantage of the opportunities that come in the way of every man, but also and particularly to the fact that such a man is not able or fit to avail himself of these opportunities. The man who can not and does not save money can not and will not do anything else worth while.—Andrew Carnegie.

Each and every man ought to interest himself in public affairs. There is no happiness in mere dollars. After they are acquired, one can use but a very moderate amount. It is given a man to eat so much, to wear so much, and to have so much shelter, and more he can not use. When money has supplied these, its mission so far as the individual is concerned, is fulfilled, and man must look still further and higher. It is only in wide public affairs, where money is a moving force toward the general welfare, that the possessor of it can possibly find pleasure, and that in constantly doing more. The greatest good a man can do is to cultivate himself, develop his powers, in order that he may be of greater service to humanity.—Marshall Field.

### NARROW ESCAPE AS TRAIN STRIKES SEAGRAVES CAR

Tuesday night several couples from Seagraves, mostly young folks with a few couples of the young married people as chaperones, went to Brownfield to attend the picture show and incidentally to take a bath in the swimming pool of that city. After getting all the pleasure from the show and swimming they wanted, the party started home where everything went well until at a crossing of the Santa Fe track near town, and as Mr. and Mrs. Ray Black, and Mrs. Claude Hearne, who were in the car with them, was crossing the track, a special cattle train from the north ran into them, resulting in a badly wrecked car. Fortunately, none of the occupants were hurt. Mr. Black states that as he was crossing the track not thinking of a special train at that time of night, he had slowed his car in order to make the turn at the crossing, when glancing up the track he saw the train coming and was so close it was impossible to get his car off in time to miss it. They partly only had time to quit his car and out of the way before the train struck and threw his car off the track. The car was pretty badly damaged, but not beyond repair. — Seagraves Signal.

### "CORN" PLENTIFUL IN AREA NEAR HOBBS

Where there is oil there is gas, and where there is gas there is "corn." At least this is the view of Charles Thompson, Hobbs, N. M., townsite salesman and self-appointed "law." "Why, out in our town," he continued, "bootleggers are so numerous they have to wear badges in order to keep from selling their product to other members of the fraternity." A mammoth liquor raid was staged in Hobbs a few days ago, but when the smoke cleared away the officers found that the fellow they had been chasing merely had a truck load of empty bottles. His friends destroyed all the "wet" goods while the chase was being staged.—South Plains Farmer.

### MITCHELL QUILTS AS LITTLEFIELD MAYOR

LITTLEFIELD, Aug.—9.—At a meeting of the city commissioners of this city held last night, the resignation of Mayor Jess Mitchell which had been tendered sometime ago, was formally accepted and Otto Jones was appointed to fill the unexpired term of Mr. Mitchell. J. M. Stokes was appointed to take Mr. Jones' place as commissioner for the remaining part of the term.

Mrs. Dr. Copeland and son, Andrew, left this week for the Ozark mountains where they will spend their vacation. Mrs. Copeland was raised in that section of the country.

### CITATION ON PROBATE APPLICATION

The State of Texas,  
To the Sheriff or any constable of Terry County, Greeting:  
You are Hereby Commanded to cause to be published once each week for period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Terry County, a copy of the following notice:  
THE STATE OF TEXAS  
To all persons interested in the estate of C. P. Longley, a minor, you are hereby notified that Mrs. J. A.

Longley has filed in the County Court of Terry County, an application for appointment of herself as the guardian of the estate of said minor which said application will be heard by said Court on the 1st day of Oct., 1928, at the Court House of said County, in Brownfield, at which time all persons interested in said estate are required to appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Brownfield, this the 14th day of August, 1928.

JAY BARRET, Clerk  
County Court, Terry County.

### CITATION BY PUBLICATION

A. E. Pool et al  
vs.  
R. C. Cooksey et al  
No. 1083 in the District Court of Terry County, Texas.  
The State of Texas to the Sheriff or any Constable of Terry County,—Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon R. C. Cooksey, and the unknown heirs of R. C. Cooksey if he be dead, and Rosie Cooksey, wife of the said R. C. Cooksey, and if she be dead the unknown heirs of Rosie Cooksey, whose residence is unknown, to be and appear at the next regular term of the District Court of Terry County to be holden at the Court House thereof, in the City of Brownfield, on the fourth Monday in August, A. D. 1928, the same being the 27th day of August, A. D. 1928, then and there to answer a petition filed in said Court on the 29th day of June, A. D. 1928, in a suit, numbered on the Docket of said Court, No. 1083 wherein A. E. Pool, W. E. Pool and C. G. Goodman are plaintiffs, and R. C. Cooksey and Rosie Cooksey, his wife, are defendants; the nature of plaintiffs demand being substantially, as follows, to-wit:

That on Feb. 23rd, 1924, defendant R. C. Cooksey made, executed and delivered to plaintiffs nine Vendor's Lien notes payable to order of plaintiffs on or before February 23rd, 1926 to February 23rd, 1934, eight for \$258.50 each, and one for \$800.00, each note providing that in event default be made in its payment all of said notes could be declared due and payable at option of holder, and also providing for 10% atty's fees and that said notes were given in part payment for the Southeast Quarter of Section 30 in Block D-11 in Terry County, Texas, and the Vendor's Lien retained to secure payment of said notes in deed from plaintiffs to defendant, R. C. Cooksey, of even date with said notes.

That the Note for \$800.00 was by plaintiffs transferred, assigned and delivered to Temple Trust Company, and the Lien securing its payment made a superior lien to that securing the payment of the remaining eight notes.

That the Defendant, R. C. Cooksey, by his deed of conveyance, conveyed said property to the defendant, Rosie Cooksey, and, among other considerations the defendant Rosie Cooksey assumed the payment of the indebtedness above mentioned.

That the defendants defaulted in the payment of the note and annual interest due and payable on February 23rd, 1928, and plaintiffs have declared all of said notes due and payable, except the note for \$800.00, filed this suit thereon, and ask for a foreclosure of the Vendor's Lien on the land and premises above described for order of sale, and for such other and further relief, special and general, in law and equity to which plaintiffs may be entitled, etc.

Herein fail not, but have you before said Court on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Brownfield, Texas, this the 29th day of June, A. D. 1928.  
Witness, Jay Barret,  
Clerk of District Court in and for Terry County, Texas.

#### MARRIED

Dr. Thos. L. Treadaway slipped off to San Antonio early last week without the permission of any one that we are aware of, and when he returned he brought in a young lady whom he introduced as Mrs. Treadaway. We'll admit that we were surprised, and we guess lots of the other folks here were in the same boat.

The bride was Miss Mabel Thalmall of Bandera, Texas, and they were married last Wednesday night in the home of her parents. Now you know as much as we, for we have

never seen the young lady, and you that know him can guess about how much information we got out of Lester. He's a hard chap to interview, but knowing his good tastes, we are willing to wager our old linotype machine, all job presses and every font of type we possess that she is not only pretty but graceful and accomplished to boot. Bring her around Lester and if we are wrong, we'll pay off.

Anyway, we certainly welcome the happy young couple to Brownfield.

Estelline—Installation of gas mains is under way here.

Ben Hurst and wife are leaving this week for Corpus Christi, where they will enjoy their vacation by the seaside.

Born to Mr. and Mrs. J. W. Brown, twin girls on the second; weight 5 pounds each. The youngsters are doing well and the happy young parents are about normal again.

Fred Smith and family got in this week from Detroit and other cities of the north. They drove home one of the newest and finest model Chrysler cars.

#### A GREAT CIVILIZER

The Merine-Kahn Company store at Rayne, Alado Parish, Louisiana, does more than a \$500,000 business a year in a community of 3,000 people. It started with one clerk; now it has 30. Its sales reach a volume that many a city jobber would envy.

Writing of the facts, the company manager says, "They (we) have done general merchandising business, with dry goods as the bulk of the business, catering to the trade of 10 parishes and advertising in every paper in their section."

Advertising invites and fixes a standard of comparison, by which one's goods, methods, prices may be tested. Advertising creates demand. One who does not know of the advertised automobile, still drives an ox team, or rides pillion-fashion, or walks thru jungle paths; one who does not know advertised matches or electricity or gas, kindles a cave fire with a whirling stick and gnaws half cooked meat off the bones of the prey he has slain with club or stone.

Advertising is information and good will and investment—Manufacturers Industrial News Bureau.

Miss Bessie Baldwin, sister of the Baldwin brothers who are in the dry goods business here, will open a school of music here when the public schools open. We understand she will feature the violin.

How fine life seems when we have a good job and good health.

Spur—Spur's first 3-story building is under construction at this time by W. S. Campbell.

#### HUNTER NEWS

We just wonder if it will ever quit raining. At least we hope so, as so many are fearing the leaf and boll worms. However, crops are looking fine, but sunshine would certainly be appreciated.

Jim Craver and wife returned to Oklahoma, Monday, but they intend to come back in a few weeks to make this their home.

Miss Esther Herndon visited Miss Thelma and Lucile Speed, Sunday.

Mr. and Mrs. Brown from northwest of Brownfield, visited Mr. and Mrs. Jack Bryan Sunday.

Mr. L. O. Reatherford visited Mr. Elmer Edwards, Sunday.

The ice cream supper at Mr. P. R. Cates' and Mr. Montgomery's was not very largely attended on account of heavy rains.

Mr. R. B. Offill and Mrs. E. L. Williams were among the women who sat up with the sick at Mr. Jack Bryan's Saturday night.

Miss Geneva Williams visited Miss Geneva Bryan, Saturday night and Sunday.

Mr. and Mrs. H. L. Halleman are visiting relatives and friends in east Texas and other points. Mr. Deward Williams has charge of the farm and farm work while they are away.

Miss Cleo Edwards has as her guest for the summer, her cousin, Miss Lorene Edwards, of Pilot Point, Texas. Mr. Wilburn Bryan visited Deward Williams, Saturday night.

#### Elsie Maye Roberts

The community was saddened inexpressibly with the death of Mrs. Elsie Maye Roberts, aged 19 years, who died Saturday August 5th. Mrs. Roberts died at 7 o'clock in the afternoon, when she was suddenly taken with Saturday morning at 7:30 and did Roberts gave birth to her first born convulsions and died Sunday at one o'clock. All was done that loving hands could do, but God saw fit to take this precious soul from us. She had a sweet and gentle disposition, and loved by all who knew her. So good, so kind, always ready to meet you with a smile—never speaking any harm of anyone. She was a child of God and had led a clean, pure Christian life for the past seven years. It was oh, so hard to give her up, but God knows best. One of our consolations is if we live up to His word, we shall meet our loved ones over yonder. We can go to them, but they can't come back to us.

Funeral services were held in the Forrester school-house at 3:30 Monday afternoon by Rev. E.V. May. She was laid to rest in the Forrester cemetery. Mrs. Roberts is survived by her husband, Eugene, and by her little son, Eugene Jr.

'Tis so hard to break the tender cord, When love has bound the heart, 'Tis hard, so hard to speak the word, We must forever part. Dearest loved one, we have laid thee In thy peaceful grave's embrace; But thy memory will be cherished, Till we see thy heavenly face.

Mrs. Stricklin and the children are in Coahoma the first part of the week where they are attending the 74th birthday of their father and grandfather, J. F. Holden, which occurred Tuesday.

N. F. Emerson was in Saturday from the farm. N. F. says they certainly need a good road to their section, but that he has personally opened about all the roads that is going to.

Mrs. Nettie McCullough is here from Wichita Falls, visiting her parents, Mr. and Mrs. J. D. McCullough.

### Many Changes Approved For the Bus Men

AUSTIN, Aug. 9. — Extensive changes of ownership in Texas motor bus lines was effected today in orders of the State Railroad Commission approving sales and transfers on which hearings were held recently at Dallas.

The commission granted application of A. P. Barrett of Fort Worth to transfer to the Dixie Motor Coach corporation three permits covering the Texarcana-Paris, the Paris-Greenville and Greenville-Dallas runs which he bought recently for \$287,500 from individual operators.

The following sales applications were granted:

Guy Cockrell, half interest in the Lubbock-Brownfield run to Dick Abbott.

R. S. Nabors, one-third of the remaining one-half interest in the Lubbock-Brownfield route, also to Abbott John Hall, Post-Brownfield route, to Dick Abbott and W. R. Ingram.

Ed and R. W. Turnbow, Brownfield Roswell, N. M. route, as far as Tex.-Mex. line, to Dick Abbott.

G. C. Abbott, Lubbock-Clovis, N. M. route, as far as Tex.-Mex. line to Loo Randals.

J. D. McKnight, Floydada-Matador route to Texas Motorways, Incorporated.

H. G. and R. D. Murphy, Spur-Stamford route, to Texas Motorways, Inc.

The commission granted application of the Central Texas Motor Coaches to discontinue operation between Cameron and Hearne and revoked the permit of B. C. Morgan and E. M. Erskine, on the Bremond, Mexia route because they ceased operation without getting formal permission.

#### COMBATIVE BIBLE READERS

There are many persons of combative tendencies, who read for ammunition, and dig out of the Bible iron for balls. They read and they find nitre and charcoal and sulphur for powder. They read and they find cannon. They read, and they make port holes and embrasures. And if a man does not believe as they do they look upon him as an enemy; and let fly the Bible at him to demolish him. Some men turn the Word of God into a vast arsenal filled with all manner of weapons, offensive and defensive.—Henry Ward Beecher.

#### HIGH VISIBILITY

"I want a pair of garters, please." "Yes, madame, something like those you are wearing?"—London Opinion.

#### HOW IT STARTED

Wife—"Oh, you needn't think you are so wonderful. The night you proposed to me you looked absolutely silly!"

Husband—"A coincidence. The fact is, I was absolutely silly;"—Tit-Bits.

#### TOO BAD!

"I don't have any more confidence in women."

"Why not?" "I put a matrimonial advertisement in the paper and one of the replies was from my fiancée."

The employee: "I came to ask if you could raise my salary."

The Boss: "This isn't pay day."

The Employee: "I know that but I thought that I would speak about it today."

The Boss: "Go back to work and don't worry. I've managed to raise it every week so far, haven't I?"

There is a story of a dusky lady, narrated by Mac in the Rock Island Argus, who went into a drug store and asked for one cent's worth of insect powder.

"But that isn't enough to wrap up," objected the drug clerk.

"Man," exclaimed the dark lady, "I ain't asked you to wrap it up. Jes' blow it down my back."

"Why all the heavy thought, Ethel?"

"I am trying to make up my mind whether to be popular or to act like a lady."—Life.

"Is this the weather bureau?"

Yes, sir.

"How about a shower tonight?"

"It's alright with me. Take it if you need it."

Mrs. E. C. Graves left Monday for Roswell, N. M., to spend the winter with her son, Roscoe T. Graves, who came over after her.

### PACIFIC CONQUERORS BUY A PRESIDENT EIGHT

Kingsford Smith and Charles Ulm, co-pilots of the Southern Cross which recently made one of the longest airplane flights in history, have each purchased a new Studebaker President Eight State Sedan. The two cars were delivered to these intrepid airmen in Sydney, Australia, on July 12th.

"Smith and Ulm, who groomed their monoplane for the long flight to Australia, are naturally motor experts," said A. L. Burnett, local Studebaker-Erskine dealer. "They demand unflinching reliability of automobiles as well as airplanes, and their selection of the President is looked upon as a distinct tribute to Studebaker."

The flight of the Southern Cross, a tri-motored monoplane, from San Francisco to Australia is the outstanding aviation feat of the year, according to aviation authorities. Never has an airplane sought such tiny "targets" as did the Southern Cross when it set out to find Honolulu, and later, that tiny island city, Viti, in the South Pacific.

Almost at the same time the Southern Cross was plying the Pacific air lanes, a Studebaker Commander was shattering all previous records in cross-country travel in Australia. The Commander, driven by Norman Smith, motor editor of the Sydney Sunday Times, left Fremantle, West Australia, under the observation of the west Australia Royal Automobile Club and started for Sydney. The distance, 3,711 miles over all types of roads, was covered in 147 hours and 32 minutes. This remarkable run lowered the previous mark by 12 hours and 22 minutes.

"The Fremantle - Sydney cross-country run came as a climax to a series of triumphs Studebaker cars have made in Australia during the past year," declared Mr. Burnett. "These unusual performances were significant to pilots Smith and Ulm. Their consideration of all cars and their final selection of Studebaker Presidents is considered a rare tribute to the performance and stamina of these smart-looking automobiles."

The first class man is not interested in his past record, in fact, he's a little ashamed of it.

#### CHEVROLET OPENING NEW PLANT AT KANSAS CITY

The formal opening during the past week of the Chevrolet assembly plant in Atlanta, Georgia, coming at a time when a similar plant is under construction in Kansas City, is further indication that there is to be no let down in the company's extensive sales program.

The mammoth Atlanta plant, which has been in operation since May 1, is capable of turning out 350 cars a day, and was the eighth assembly plant to be opened by Chevrolet in this country. The Kansas City plant with the same capacity will be the ninth.

Atlantans last week welcomed their first opportunity of visiting the great assembly plant and seeing the magic Chevrolet assembly line produce the world's most popular automobile from a set of seemingly unrelated parts. Atlanta newspapers welcomed Chevrolet to the Southeast, and viewed the plant as a southern institution. It was mainly southern contracting genius that built it in four months, one week and six hours, several days before the contracted time had expired. Southern help has been operating it ever since the first car rolled off the line. It serves the southeastern market exclusively supplying cars to the dealers of Georgia, North and South Carolina, Alabama and Florida. A southerner, W. S. (Crane) Roberts has been placed at the head of this, the newest and one

of the greatest of the south's industrial institutions.

The plant covers 32 acres and occupies 410,000 square feet of floor space. There are five buildings, and in the main one the Fisher Body Company is using 160 by 760 square feet of space to build their famous bodies for the Chevrolet closed cars.

The plant is ideally located with the tracks of the Southern Railroad parallel its loading docks. Track storage for 300 freight cars is provided.

#### THE BIGGER LOSS

Three Scotchmen, MacDougal, McPherson and McHenry, were chums in the trenches.

One evening a shell burst over the trench where they were stationed and blew McHenry's head off.

MacDougal turned to McPherson and remarked: "McHenry lost his head."

McPherson in great excitement asked: "What are you saying? McHenry lost his head. "Where did it go to?"

"What difference does it make? It's gone," answered McPherson philosophically.

"What difference does it make?" retorted McPherson. "Maybe none to you, but he has me pipe in his mouth."

Reputation cannot be stored—it leaves a man when he ceases to earn it.

#### PROPOSED CONSTITUTIONAL AMENDMENT AUTHORIZING LEGISLATURE TO GRANT CONFEDERATE PENSIONS REGARDLESS OF DATE PENSIONER CAME TO TEXAS OR WHEN WIDOW MARRIED PENSIONER OR WHEN SHE WAS BORN.

H. J. R. No. 15.)

#### HOUSE JOINT RESOLUTION.

Proposing an amendment to Section 51, Article 3, of the Constitution of the State of Texas, authorizing a tax levy for Confederate soldiers and sailors and their widows, and providing for submission of same to the qualified electors of this State at any election to be held on the first Tuesday after the first Monday in November, A. D. 1928, and providing the necessary proclamation and appropriation to defray expenses of proclamation, publication and election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 51, of Article 3, of the Constitution of the State of Texas be amended so as to read as follows:

"The Legislature shall have no power to make any grant or authorize the making of any grant of public moneys to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors under such regulations and limitations as may be deemed by the Legislature as expedient, and to their widows in indigent circumstances under such regulations and limitations as may be deemed by the Legislature as expedient; to indigent and disabled soldiers, who, under special laws of the State of Texas, during the war between the States, served in organizations for the protection of the frontier against Indian raids or Mexican marauders, and to indigent and disabled soldiers of the militia who were in active service during the war between the States, and to the widows of such soldiers who are in indigent circumstances, and who are or may be eligible to receive aid under such regulations and limitations as may be deemed by the Legislature as expedient; and also grant for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas, a State ad valorem tax on property of seven (5.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon "For the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances, and authorizing tax levy therefor," and "Against the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances and authorizing tax levy therefor." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The sum of \$5,000.00 or so much thereof as may be needed is hereby appropriated for the expense of publication of said Amendment.

BE SURE OF THE TIRES YOU BUY

SOME car owners fondly believe that by looking at a tire they can tell how it will stand up.

And so they shop around—buy tires according to price.

The trouble is that even the cheapest tire can be made to "look all right." The only way to be sure is to buy from an authorized dealer—the established agent of a reputable concern.

We sell United States Tires. They are a quality product, fairly priced.

Call on us and be sure of the tires you buy.

### DAWSON COUNTY PAPER NOW HURST PROPERTY

LAMESA, Aug. 13.—The Dawson County Journal changed hands Saturday when Charlie and J. C. Hurst, father and son, became the owners. Charlie Hurst is of Dallas and will be editor under the management, while J. C. Hurst, who runs the Abernathy Review, will continue to operate the Abernathy paper.

Mr. and Mrs. Charles Houser, pioneer newspaper persons, have retired and will remain inactive in business.

### ASSOCIATION SETS COTTON PRICE AT 25c

DALLAS, Aug. 6.—Agreeing 25c would be a fair price for cotton, about twenty members of the Farmers' Marketing Association of America, who attended the session here today called by President W. B. Yeary, set about to organize farmers, merchants and bankers to demand that figure for the money product of the twelve cotton producing states.

President Yeary, predicted that if banks, business men and farmers would announce that this cotton crop is worth 25c a pound and would buy cotton as fast as it came on the market and hold it for that figure the price would reach and pass that level within thirty days.

### MRS BAILEY ENTERTAINS KIL CARE CLUB

Wednesday afternoon at four o'clock the Kil Care Club was entertained at the home of Mrs. Ike Bailey. A pretty imported handkerchief was given Mrs. McBurnett for high and a night bottle with bath salts was given Mrs. Du Bois for second high.

A salad course was served Mesdames Cruce, McGowan, Alexander, Michie, McBurnett, W. C. Smith, Ray Brownfield, Du Bois, Claude Hudgens, McDaniel of Cisco, Self, McDuffie, Arthur Sawyer and Ben Hilyard.

### FRIDAY FORTY-TWO CLUB ENTERTAINED

The Forty Two Club met Friday afternoon at four o'clock with Mrs. L. R. Baldwin. Mrs. S. H. Holgate cut high and received a pretty linen uncheon cloth and Mrs. Chester Gore received a dainty handkerchief for low cut.

The hostess served buffet style meal and ham, olive and pickle, tomatoes, fruit salad, hot rolls, iced tea and strawberry pie.

Those present were Mesdames W. L. Smith, J. H. Griffin, Hamilton, Holgate, Downing, Dallas, Kendrick, Gore, Claude Hudgens, McDaniel and L. O. Longbrooke.

Miss Mozelle Treadaway who has been attending the University of Colorado, at Boulder has returned home.

Mrs. W. F. McCracken and daughter of Lefors is visiting her parents, H. and Mrs. Treadaway.

Mr. and Mrs. H. O. Longbrooke have returned from a visit at Peoria, Ill.

### MRS RANDAL HAS BIRTHDAY DINNER

Mrs. J. L. Randal entertained Thursday at noon with a dinner in honor of Mr. Randal and Miss Caroline Spencer, whose birthdays came on that day.

The table was prettily decorated with sweet peas and the birthday cake with its eleven yellow candles in honor of Miss Caroline.

Good wishes were made for both honorees and the "Happy Birthday" song was sung after which a delicious dinner was served.

Those enjoying this hospitality besides Mr. Randal and Miss Caroline, were: Mr. and Mrs. Boone Hunter, Marian Bowers, Misses Sallie Truman Stricklin, Evelyn Morgan, Jackie Holt, and Robbie Virginia Bowers.

Many pretty gifts were received by both celebrants.

### JOLLY EIGHT CLUB CLUB MEETINGS

On Thursday the Jolly Eight Club met with Lorene Krueger at her home north of town. Forty Two was played with Robbie Marian getting a pretty georgette handkerchief for high and Miss Queenelle Speegle a powder puff for low.

Ice cream and cake was served to Misses Christova Sawyer, Queenelle Speegle, Robbie Marian Hardin, Vivian Winston, Virginia Andree, Lorine Krueger, Jessie and Bessie Chisholm.

On Monday Miss Christova Sawyer was hostess to the club with a bridge party. Miss Virginia Andree scored high and received a box of candy. Those present were Misses Queenelle Speegle, Loverne Krueger, Jessie Chisholm and Virginia Andree. Sandwiches, ice tea and watermelon was served.

### PICNIC AT BROWN- FIELD RANCH

Members of the Jolly Eight Club and their guests met Friday evening at the home of Miss Robbie Marian Harden and from there went on to the Brownfield ranch where an enjoyable time was spent in playing games and a good supper was spread. Those enjoying the evening were: Misses Robbie Marian Harden, Louise Chisholm, Queenelle Speegle, Vivian Winston, Bessie and Jessie Chisholm and Virginia Andree, Messrs Fred Youree, James Harley Dallas, Bill Collins, Curtis Ganaway, Jim Cousineau, Adolphus Smith, Mrs. Arthur Sawyer, and Mrs. Raymond Speegle.

Mrs. Earl Alexander and children left Sunday for Cloudercroft for the benefit of Margaret's and Mr. Alexander's hay fever.

Mr. and Mrs. Taylor of Kaufman were guests of Mr. and Mrs. W. G. Hanes during the week.

### AND HE TRIED TO BE GOOD

A preacher was explaining to his congregation the great unhappiness caused by divorce, and urged husbands to be more attentive to their wives, to kiss them more frequently.

Arriving home, one of the husbands in the congregation, who evidently had chosen to go to church rather than be helpful in many domestic problems, rushed into the kitchen where his wife was laboring, and abruptly kissed her. Breaking into tears she cried, "The baby sick, the furnace out, the plumbing leaking, and now you come home drunk. It's too much."

### RARE OLD PAINTING ADORN U. OF T. LIBRARY

AUSTIN, Aug. 14.—After hanging for years in the historic Cathedral of St. Mark in Venice, a painting of the procession of the Corpus Christi, done by Schiavone, has come to hang by the Standard of Saint Mark in the Wrenn Library of the University of Texas.

Presented to the University by Mrs. Lillian Crawford Goodwin and accepted by the University Board of Regents at their last meeting, the painting is a gift of the City of Venice to the late Dr. B. Harvey Carroll, University graduate in token of his service to the city during the World War. The flag of Venice hanging in the Wrenn Library is likewise a symbol of the esteem in which the Venetians held Dr. Carroll, a symbol known that until it was ETAOIN of double significance when it is known that until it was bestowed on Dr. Carroll, it has never been given to any person other than a native Venetian. It was presented to the University shortly after his death in 1921 by his wife, Daisy Crawford Carroll, who is also a graduate of the University.

### MISSES MURRAY AND HALSEY AT CANNING DEMONSTRATION

Miss Myrtle Murray, District Home Demonstration Agent from A. & M. College and Miss Milie Halsey, Home Demonstration Agent from Lynn county, held demonstrations at Meadow and Pleasant Valley Tuesday. About fifty persons were present at Meadow and 47 at Pleasant Valley. The morning hours were devoted to Meadow, and the afternoon was given to Pleasant Valley.

The Pleasant Valley club is going to buy a sealer and can vegetables on an extensive scale.

A meeting was held Tuesday night at Union with more than 100 present. This school already has a large canning retort, sealer, and other necessary canning equipment.

All gatherings showed a great interest in the canning of beans, peas, tomatoes, corn and chicken. Likewise interest was keen in the exhibits in dress making and home improvement.

Meetings were held Wednesday morning at Gomez and in the afternoon at Forrester.

The county agent and Mr. Williams would have liked to have had canning demonstrations held in every community but two days was all that these specialists could spend in Terry county.

Oh, if they would only let you work. Wouldn't it be fine just to be able to work? Do you know the real thing that puts people in their little hospital cots with nervous prostration is not working, but trying to work and not being allowed to. Work never hurt anybody. But this thing of being in the middle of a letter and then rising to shake hands with a man who knew you when you were a boy, and then sitting down and trying to catch the thread of that letter again—that's what gives one general debility.—Saunders Novell.

Last year 30,200 domestic customers were added to electric lines in Texas making a total of 491,900.

other Senator from Texas, or any other representative from this state since Bailey. I personally know that he is ready to do his duty by all who ask his assistance in dealing with the departments at Washington. Tom has had 12 years in Congress; why not give Mayfield the usual 12 years in the Senate.

Let Connally stay at home with the other sick Tom—Blanton. They can play marbles and pitch horse-shoes, and write love letter to each other, like the one Blanton wrote Connally after Mayfield gave him the count in the last primary. The loudest in support of Connally are the corporation heads in this state. Mayfield nearer represents the masses.

Sec. Hoover made his debut as a candidate for president at the stadium of the Stanford University of California. After a brief notification address he delivered his acceptance. The occasion was unique in that the entire United States was his audience, if they cared to be, as the radios were connected up for the occasion. He is a talented man but a poor speaker. His address, which is very long, some ten columns, follows the usual style of such papers, principally platitudes. His bid for the farmers' vote consists in a tariff, extension of cooperatives and in loans to the farmer.

It is interesting to note that one of his recommendations follow the Democratic platform. His own, by which his party will bind him, is eloquent in saying nothing about it. He draws a sad picture over the skinning of the farmer received in 1920, but inferentially leaves the Democrats responsible for it.

He is very emphatic about the 18th amendment and the Volstead act and promises to enforce them. He calls it "a great social and economic experiment, noble in motive and far reaching in purpose. It must be worked out constructively.

He throws large bouquets at President Coolidge for his economies. But fails to tell us why they have so dismally failed in enforcement of the Volstead Act and in the prosecution and punishment of criminals in high places and his own colleagues, none of whom his Chief ever fired but waited until investigation and public opinion forced them out. I must say however, that I regard him as

much the cleanest and ablest since Roosevelt.

The following indicates what was passing in his mind: "Equality of opportunity, is the right of every American—rich or poor, foreign or native born, irrespective of faith or color. Without certain antecedents this is alright, but when we learn that whites and blacks are herded together in his office as Secretary of Commerce it means more than appears on the surface." I have no objection to the negro having equal opportunity or holding any position for which he is qualified and the people he will serve want him. He does not mean that. It means that in the south he will be forced on those who don't want him when Federal appointments are made. His obligations for the negro vote in the south will be paid by office here. If only those who will vote the Hoover ticket would be involved I would be glad to see them planting gourd vines to keep down the odor.

R. M. Moorhead and family returned Saturday night from their outing in New Mexico and report an enjoyable time, but encountered much rain and mud.

Mrs. Ralph Jones and daughter of Claude, Texas are visiting Dr. and Mrs. Moorhead and other relatives and friends. She reports wheat and other crops badly damaged from excessive rain.

The new Bureau gin is moving rapidly forward in construction. The frame work is about completed.

The protracted meeting at the Baptist church closed Sunday night. The services have been well attended and much interest manifested. The pastor, Bro. Allen, has done most of the preaching and his sermons have been well delivered. Some ten additions and reclamations. Fishing for men is like going after the finny tribe, there are times when they won't bite regardless of the bait used. We need revivals of the old time religion but unfortunately they appear to be gone forever.

The grader has been with us this week elevating the road bed and filling up the mud holes. Our streets are needing the work badly.

Commissioner Stewart was among us looking rather thin and pale. He denies, however, that the condition

was caused by fright. We congratulate him on his success as he had two good men as opponents which was enough to make him over jump himself.

The mud hole south of town on the highway is still bad. It seems that little effort has been made to raise the grade so that water will not cover the road. Travel must still detour. The town should take the matter up with the proper authority and have it fixed or do the work themselves.

Last week a little girl came to the home of Mr. and Mrs. A. E. McDougal of Meadow. All parties appeared satisfied.

Mrs. B. D. DuBois left Monday with her parents, who have been visiting her, for San Angelo and South Texas. We understand that Mrs. DuBois will be joined later by the doctor and they will visit his parents in east Texas.

Messrs. P. J. Bowers, of Arkansas, and C. T. Bowers, of Comanche, Texas, are here the guests of their sister, Mrs. F. J. Headstream. Mrs. Headstream had not seen her brother from Arkansas for twenty five years.

Sheriff F. M. Ellington and wife left Tuesday for Wichita Falls to carry Mrs. McNeill who was recently adjudged insane by a court here, to place her in the state hospital at that place.

One of our farmer friends tried to guy us last Saturday about the difference in the size of the bollie and good cotton planted the same day at Ropes. He planted the same kind of seed the same day and one is larger than the other, but he acknowledged one was planted deeper than the other.

Mr. and Mrs. E. H. Patterson and children of Danson, Oklahoma are here visiting her parents, Mr. and Mrs. Bailey.

Noah Bell can be hardly gets over one thing until he another. He still is limping from a fall from his wind mill tower, but had one of our young physicians cut a growth off his face recently.

### Meadow Briefs

By Aesculapias

Do you like your toast toasted and your peanuts roasted, then read Jim Ferguson on the Hon. Tom Connolly in the August 9th Forum.

Jeems is at his best when dealing with invective and his choice words and homely phrases command the attention and is calculated to make the one who is the butt of his cutting phrases feel as if he is suffering with prickly heat or some one of the numerous varieties of urticaria.

If Tom is half as bad as Jim's analysis, would have you believe—which he isn't—then Mayfield or even Oscar Branch Colquit, would be pref-

erable.

Like Jim the writer prefers Mayfield with his record of Ku Kluxism, to a man that has all along, when the Democrats of the state were fighting to rid the party of Ku Klux Rule saw fit to lay low with his ear to the ground until the battle was fought and won. He is still flirting with men that were prominent as leaders in the dirtiest organization that ever wore a gown and cap to hide their identity and introduced lying as a fine art.

If you don't believe this read the articles by its founder, W. J. Simmons in Colliers Weekly for the last three weeks in July.

If Tom is nominated, however, I will not do like most of this organiza-

tion expects to do, stultify my conscience by voting with Republicans, buck negroes and have the effrontery to call myself a Democrat. To hear one of these mixed breeds talk gives me a severe pain and produces intense nausea. Even writing about it calls for bromo-soda. Bah-a-a!

Oh, yes, there were good men who got hoodooed into joining it. However, all but the thoroughly hardened have repudiated in sack cloth and ashes. Jim calls them the Hoover-Hell and Heflin Crowd. I couldn't use such language in this Family weekly.

The best indication that Tom will be defeated is the long editorials in the Star-Telegram against Mayfield. I regard Mayfield as the equal of the
