## CHAMBER OF COMMERCE

All schools of the county have been requested to close for the first day of the County Fair and it is to be named School Day. The first fireworks display ever held in the county will be staged on the first night. Every effort is being exerted to secure a hobby horse and ferris wheel, in order that the "children" may have some form of amusement other than viewing exhibits. Club members and other exhibitors in the agriculture, are urged to call at this office or the office of the County Agent and secure instructions as to manner of preparing their exhibits.

A meeting of Club leaders was had at the commissioners court room Saturday, but due to the limited time and "restlessness" of some of the members, a few important items were overlooked.

"Grapevine" telegrams advise us that we are not going to have natural gas for this winter and the secretary has mailed a letter to the general manager of the Gas Company concerning it, although we had one a few weeks ago which stated that they expected to comply with the terms of their franchise.

Every few days some one comes in and wants to see the pink boll worms that we have on hand and it kind of swelled us up for a while because we thought that some man was reporting that they had been discovered in the county but investigation proved that the County Agent had received a few specimens and had them on exhibition in his office. So when they come to see the worm we send them on to him. It seems that he was supplied by the Department of Agriculture.

A few weeks ago the writer had an agreement with Hon. Cone Johnson, of the State Highway Department that the commission would allow Mr. Geo. A. Field, District Engineer, to make the inspection of our highway 5 1/2 extension from Brownfield to Odessa, provided that an agreement could be secured from all commissioners courts and Chambers of Commerce along the line, that they would be satisfied with the results. A trip was made along the line and agreements secured all interested parties and the papers were mailed to the commission in time to be placed before them in their present session. In the meantime Odessa, and one or two other towns have sent delegates and there are going to insist that something be done. The route had a tentative designation, back in March and we have been waiting for an inspection by the State Engineer since that time. We understand that the reason for delay is that he has more work than one man can look after and will have to have two or more assistants allowed by the next Legislature. A letter from him since the petition was mailed to the commission has been received and he says that if we can wait that he will be able to make the inspection within the next thirty days. But it is all up to the commission as anything suits us so that we get action of some sort.

## YOUTHFUL EVANGELIST CLOSES A FINE REVIVAL

Glenn L. Wallace, 23 year old evangelist of Montague, Texas, has just closed a very successful revival for the church of Christ at Wellman, 14 miles southwest of Brownfield. It is said that he had fine interest from the very first service, and that the largest crowds that ever attended a protracted meeting in that section of the county heard him. A. L. Burnett of this city led the song services.

There were 34 additions to the church which practically doubled the membership. They erected a church building early last spring.

## CARD OF THANKS

In our feeble way we wish to express our thanks and appreciation to the people of Brownfield and Lubbock for the many kind deeds and words of sympathy, and the beautiful floral offerings, in the recent sickness and death of our dear mother. The Children of Mrs. A. B. Bynum

## Those Who Contributed For the First Bale

We, the undersigned citizens of Brownfield hereby subscribe the amount set opposite our names to be used for the purpose of paying a premium for the first bale of cotton produced in Terry county during the year 1928, said cotton being grown on the farm of J. R. Griffin and ginned September 14th.

## MRS. JOHN A. BOYER DIED WEDNESDAY

Mrs. John A. Boyer, wife of J. A. Boyer died at the family home at Lahey Wednesday September 12th. Mrs. Boyer, her husband and family have been living in the Lahey community nine months.

Relatives out of the state who attended the funeral services were her father, Mr. Sam Wells and daughter granddaughter of Lavern, Oklahoma, Mr. and Mrs. Winn Miner, son and daughter, Oltomer and Fern, and Mr. C. Boyer all of Lavern.

Funeral services were conducted by the Rev. Curry, pastor of the Methodist church of Lahey at the Forrester school house Friday afternoon, in the presence of a host of sorrowing relatives and friends. Interment was in the Forrester cemetery.

Mrs. Grace E. Boyer was born April 24, 1891 and departed this life on September 12, 1928, aged 37 years 4 months and 18 days.

She leaves to mourn her going her husband, Mr. J. A. Boyer by whose side she has walked for 17 years. 8 children, seven of whom survive her, Violet, Eloda, Eldon, Velda, Clifford, Ida, and Jessie, also her deceased son Herman Lee who departed this life August 24, 1928, her father, mother, brothers and sisters. She also leaves many other relatives and a great host of friends.

May the God of all grace help and comfort these broken hearted ones in this hour of sadness. May they thank Him who gives and who takes away for the beautiful spirit which has now gone back home.

"She who falls asleep in Jesus wakes to sorrow never more. In the sweet by and by we shall meet her and shall know her as of yore.

We shall gather at the river, we shall meet her face to face, God shall keep us as he promised to keep us by His blessed grace.

And our hearts shall be the fuller of the joy Heaven shall bring because mother seems to beckon "God be with you 'till we meet again."

## Let's Make Our Fair Greatest County Fair

The County Agent asked us to write a good article on the fair this week—better than we had ever done before—but perhaps that would not be very much to brag about. He informed us that he was almost working night and day to make the fair a success. Eleven communities had, he said already signed up for an exhibit, and he was going out to Union that night to get them in line.

We know that Mr. Davis has worked hard for the fair, as also has J. E. Shelton of the Chamber of Commerce as well as other, and their combined efforts are bound to bring huge results. There are going to be individual exhibits, Mr. Davis says that will be worth going miles to see, and he says the stuff is all in good shape for exhibiting. We are indeed glad to have the aid of Mr. Davis and his club boys and girls to help put our fair this year. Yes, it is our fair—Terry county's own fair. Let's all help. Mr. Davis says that the people in the trade territory have promised to turn out almost unanimously both days. Heretofore, Mr. Shelton and two or three others have had to bear the brunt of the fair in both arranging for and putting it over, but he has some real help this time.

J. E. Shelton, general manager of the fair promises the first fire works display ever pulled in Terry county for the first night of the fair, which the managers have spent considerable money to put over, and they promise a real up-to-date fireworks display. There will also be other amusements too numerous to mention here.

The business and professional men of the town have consolidated in a big page ad this week in which they extend a hearty invitation for everybody to come and have a part in this our first real country fair. They are all cooperating in the fair and they want you as a visitor whether you bring any exhibits or not, but of course they want everybody to compete for the prizes.

The merchants will practically all have booths at the fair grounds under the big cotton warehouse in the northwest part of the city, where they aim to feature their leading brands of merchandise. This is also where you will find the rest of the exhibits and livestock on display.

This will be the last time the Herald will reach you before the fair is really under way, so please take this as a personal invitation and COME.

## REV. SHEPHERD LEADER IN BAYLOR DRIVE

WACO, Texas.—Rev. B. N. Shepherd of Tahoka has accepted the chairmanship of the Brownfield association in this district to promote the Greater Baylor University campaign for \$2,000,000 in the state at large. He, in turn, will appoint city and church chairmen to perfect organization in that section.

Carr P. Collins of Dallas, outstanding Baptist layman and campaign worker declared here today that the Greater Baylor campaign was the most outstanding and significant effort ever put forth by Texas Baptists. He is chairman of an important committee of the campaign.

A district conference launches each sectional campaign and paves the way for the Popular campaign from November 23, to December 4th. All workers in each district will attend an all-day conference followed by a great mass meeting in the evening.

Baylor is the oldest educational institution in Texas. It is Baptist owned, and controlled. Its faculty is Baptist. It has contributed one-eighth of all foreign missionaries sent by the Southern Baptist convention.

More than 5000 workers will promote the campaign by October 15th, according to D. K. Martin, state chairman.

J. C. Grimes of the Lanev community brought in an old fashioned potato pumpkin one day this week and left it at the National Bank which tipped the beams at 31 pounds. Some body is going to have to hump to get ahead of J. C. at the Fair on this style of pumpkin.

Send the Herald to your folks.

## COUNTY AGENT'S COLUMN

### 4-H CLUB OFFICERS MEET

Thirty eight officers of the Terry County 4-H club met in the County Agent's office Saturday evening and listened to Mr. Williams and Mr. Shelton explain the club and community score card. After hearing these two men speak the officers were confident that they could arrange an exhibit that would do credit to any club or community. The club booths will be a very special attraction at the County Fair on September 28 and 29.

### Forrester To Have a Fair

At a club meeting at Forrester Monday evening the people of that community decided to have a community fair on Thursday, September 27th. This is one of the most progressive communities in the county and their idea in first having a community show then gathering up their best exhibits and bringing them to the county Fair is a very excellent one. You people of Forrester bring in your best products in the garden, field, and poultry and you will be surprised at the amount of food stuff that you have.

### FAIR DEPARTMENTAL OFFICIALS HOLD MEETING

All the department superintendents of the Terry county Fair met in the County Agents office last Friday afternoon to discuss ways and means of making the fair this year one of the very best that will be held in this part of the state. Each superintendent selected one or more assistants and have notified them of their selection.

Every official present was enthusiastic about the outcome of the fair, and they are doing everything possible to make their departments the best one of the show. The fair officials as shown by the premium list, are:

- J. E. Shelton, General Manager.
- R. B. Davis, Manager Exhibits.
- Wilton E. Williams, Supt. Clubs and Community Exhibits.
- John B. King, General Supt. Agricultural Exhibits.
- J. C. Bohannan, Livestock Supt.
- Tom Verner, Swine Supt.
- Hugh Snodgrass, Horse and Mule Exhibits.
- R. M. Goodpasture, Supt. Poultry Department.
- J. M. Parks, Supt. Boys and Girls Club Exhibits.

Mrs. R. L. Bowers, Supt. Fruits and Vegetables.

Mrs. S. H. Holgate, Supt. Household and Textile.

Mrs. J. D. Miller, Supt. Culinary Department.

Mrs. John B. King, Supt. Pot Plants and Cut Flowers.

Tom May and J. E. Michie, concessions.

See or write these people in regard to their departments.

### INDIANS WILL VOTE AT NEXT ELECTION

WASHINGTON, D. C.—All native born American Indians are now citizens of the United States and have the right to vote as such, that right being subject to and sometimes limited by the laws of the several states according to a statement from the Department of the Interior.

Up until 1924 citizenship was not granted an Indian until he was considered competent or, in other words, when he was able to handle his own affairs. In that year Congress passed a law which gave citizenship to all native born Indians. The franchise was so newly granted that no great use was made of it in the election of 1924. The election this year is the first general election at which American Indians will have a fair chance at the exercise of the franchise.

There are about 340,000 Indians in the United States. They are members of 193 tribes and live in every state. Their numbers are greatest in Oklahoma, second greatest in Arizona, third greatest in South Dakota.

## Brownfield Receives First Bale Cotton Fri.

The first bale of 1928 cotton was received in Brownfield last Friday, just 13 days later that the first bale was received last year. It was raised by J. R. Griffin, who resides on the Harry Burrus farm, was ginned by the Independent Gin Co., free of charge and sold to J. E. Michie of the M System Store at 21.25. Mr. Al Stephens of the firm of Cobb & Stephens ran the price to 21c.

The bale weighed about 420 pounds and of good grade. Mr. Michie has the bale in his front yard and is holding it—perhaps for some time—for better prices. But we hope it won't be long.

Mr. Griffin is one of our very best cotton farmers, and if any body has much cotton in the community, he generally has his share of it. It is reported that he will make something like 50 bales of cotton on his farm this year, besides an abundance of good feed and corn.

## District Court Cut Short This Week

On Monday afternoon Judge Gordon B. McGuire received the sad message from O'Dessa that his little grandson had been badly scalded and was not expected to survive the accident. He dismissed court, except the grand jury, which he left in care of District Attorney T. L. Price, and left immediately for Odessa.

He phoned back Tuesday morning that the little fellow was very badly scalded, and that he doubted being able to return to Brownfield before Saturday at least. As this is the fourth and last week of court, it is believed that some cases will of necessity have to be carried over this term as court opens at Tahoka next Monday morning.

However, some civil cases were being tried the first of the week before Judge McGuire was called away, and not many cases will be carried over, except those which had already been set for the January term.

The many friends of Judge McGuire here are hoping that his little grandson may soon recover if possible, and that he will be found not injured as bad as at first thought.

## TAHOKA MAN EXHIBITS AN OLD DOCUMENT

G. D. Squires exhibited to the News Monday an old document of more than passing interest. It was a pardon granted by Andrew Johnson, President of the United States, dated March 17, 1866, to Mr Squires' grandfather Col. W. T. Smith. Col. Smith was the father of Mrs. J. A. South of this city and died recently at Henrietta at the ripe age of 90 years.

Colonel Smith was a graduate of West Point, leaving that institution at the close of the session in the spring of 1861 to enlist in the army from his native state, Virginia. He was advanced in rank from time to time during the war until he became a colonel. He served under Stonewall Jackson and participated in practically all the battles fought during that terrific struggle on the soil of Virginia, Maryland, and Pennsylvania, except the battle of Marassas.

Because of the fact that he had been a student in the United States military school at West Point and had joined the Confederate armies and fought against the union, he was convicted of treason and was sentenced to die but President Johnson intervened with a pardon and set him free. The document signed by President Johnson which granted him life and freedom has been carefully preserved by him and is now the valued possession of his daughter, Mrs. South, of this city.—Tahoka News.

The next meeting of the Panhandle North Plains District Convention of the West Texas Chamber of Commerce will be held in Shamrock. This city sent a large delegation to the meeting recently held in Pampa.

Lif Sanders filled his appointment at Johnson school house last Sunday afternoon.

## Notice To Exhibitors At the County Fair

There are some rules and regulations pertaining to the Fair that would like to call your attention to at this time. First, all persons in Terry county or surrounding tade territory may exhibit in any class. Second, there is no entry fee on any exhibit. Third, all exhibits should, without fail, be entered by 10:00 a. m. Friday, September 28th. The Fair grounds, compress shed will be ready and exhibits will be received there Thursday September 27th. All community booths will be ready and products should be arranged, except fresh vegetables on Thursday evening.

Coops will be furnished for poultry pens for pigs, and suitable places for horses and mules and dairy cattle. It will be necessary for exhibitors to bring enough feed and a trough or bucket for watering.

There will be many features of the Fair that will be attractive and interesting but the primary purpose of any Fair is to show the products of the county. We are below normal in cotton, fruits, and perhaps other things but still we have plenty of stuff that may be shown which will be a credit to our county and territory. Bring in what you have in agriculture, garden, orchard, poultry, livestock, canning, textile, culinary, and flowers or any other exhibit that you think would be attractive. It takes it all to make a Fair and you will be proud of your exhibit as well we will.

Everything in the way of exhibits is lining up beautifully. I am confident that we are going to have a well balanced Fair.

For further information see premium list or get in touch with any of the department superintendents.

R. B. DAVIS, Manager of Exhibits.

## PIONEER MOTHER OF TERRY COUNTY PASSES

Mrs. A. B. Bynum, aged 59 years, passed away at a sanitarium at Lubbock last Thursday morning at 9:10, following an operation the day before which at first was thought would be successful, toward restoring her usual health, but the disease and operation was too much for the frail body which had been sapped badly for the part year. In fact, she had never been quite herself since the death of her husband just one year and 15 days before her passing.

The body was prepared for burial and laid to rest in the Lubbock cemetery beside that of her husband, following funeral services at the First Methodist church at Lubbock, conducted by the pastor, Rev. E. E. White assisted by Presiding Elder Doak. All her children and grandchildren were present at her death and they, together with other relatives and a hosts of friends of Brownfield and Lubbock were present at the funeral.

Mrs. Dorinda Baird was born in Grayson county, and in early girlhood was converted and joined the Methodist church of which she was a faithful member throughout life. She was married to A. B. Bynum in 1889, to which union was born nine children, five girls and four boys, all of which survive her, as follows: Mrs. J. E. Garland, Lamesa; Mrs. L. L. Cobb, Lubbock; Mrs. J. T. Hays, Alpine; Mrs. J. M. Tinkler, Ft. Worth, Mrs. Floyd Stark, Seminole; W. A. V. A., Travis and Ralph Wendell, all of this city, and 23 grandchildren.

Two brothers and one sister of deceased attended the funeral, W. E. Baird of Kermit, Texas; R. W. Baird of Hereford, and Mrs. W. C. Baird, of Canyon, and several other relatives.

Mr. and Mrs. Bynum moved from Grayson county to Hereford some 25 years ago, and to Terry county some three years later, and have resided since on their farm one and one-half miles northeast of town.

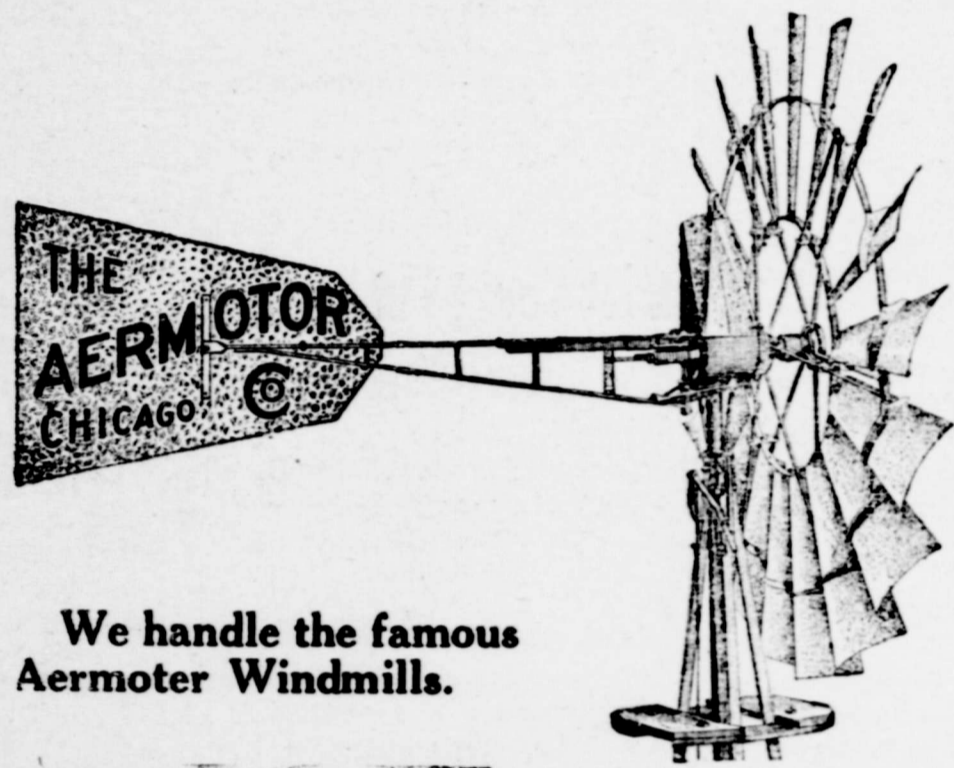

James C. Ashbury has been employed as secretary of the Baird Chamber of Commerce to succeed Mr. H. O. Tatum who resigned to take the position of city manager at Eastland. Mr. Ashbury has been active in C. of C. work for many years.

W. A. Bynum was a visitor Tuesday to Lamesa.

## HARDWARE AND FURNITURE

### THE COUNTRY NEWSPAPER

J. C. Holton, Mississippi state commissioner of agriculture, recently paid a worthwhile tribute to newspapers that express graphically the general public feeling for the press.

I have always appreciated the power of the press, more especially the country press, said Mr. Holton. The home papers carry the home news, and are read from cover to cover by those whose first interest is in home affairs. They reach the people and constitute a powerful influence of public sentiment.

A wonderful factor for good is the country newspaper; worthy of the pride and support of folks at home, an avenue of commercial entrance to those who would sell their goods to our people. President T. L. Turner in his annual address eloquently described its importance in these words:

"Out yonder stands a locomotive on the railroad track. Everything about it is in order; water in the boiler, coal in the tender, engineer at the throttle; I can't move. All it lacks is steam. Remove the newspapers from Mississippi, take away the steam, and this state would soon be a state of idle people; its credit gone. Weeds would grow in the streets, our farmer would look for pastures newer, manufacturers would depart from us, and our people would seek new fields of labor.

The home town paper is an integral part of the lives of the people it serves. It has been a tremendous factor in building up an American spirit and consciousness, and in turning public opinion into wise avenues.

### TWO TONS OF TEXT BOOKS SHIPPED FOR BINDING

WEIMAR, Texas.—According to County Superintendent B. H. Meinert over two tons of school books have been shipped to the book company at Austin for repairs and redistribution. Meinert reports having made a tour and inspection of the 41 schools in the county and all worn and discontinued books have been removed from the school libraries and returned to the company. Only five schools have not yet been visited personally by Meinert, but will be visited in a few days. This is the first time that books have been taken up for repairs since the State began furnishing textbooks.—San Antonio Express.

**RESOLUTION O FRESPECT**

At a meeting of the Woman's Missionary Society of the Methodist church at Brownfield, the following resolutions were adopted:

WHEREAS, God in His infinite wisdom has called from our midst our loved friend and co-worker, Mrs. Dorinda Bynum and,

WHEREAS, we recognize the great and irreparable loss our society has sustained in the going of this faithful consecrated christian and,

WHEREAS, our church has lost a faithful counselor, and each of us a wise and loving friend and her children a loving devoted mother.

THEREFORE, be it resolved, that

we bow in humble submission to the will of an all-wise and loving Heavenly Father who knows best.

Be it further resolved that we extend our deepest love and sympathy to the bereaved family, and trust that the going of this great mother may inspire us all to emulate her beautiful example and,

Be it further resolved that a copy of these resolutions be sent to the family, that a copy be entered on the minutes of our society and that a copy be sent the Terry County Herald.

Several from here attended the Brownfield Baptist Association at O'Donnell last week and report a very profitable session and a nice time by the people of that city.

The opening football game of the season to be played by the locals was a scoreless game. It was played on the local grid here last Friday afternoon with Amherst. It is said the home boys came nearest making a score, both both teams showed lack of form that they will likely develop later on in the season.

**MIDWEST AT HOBBS IMPROVES  
 ITS FLOW**

The most encouraging news continues to come from the Midwest well at Hobbs. According to the latest authorities reports this well is now producing 500 barrels a day. And it is confidently believed that production can be increased to at least 800 barrels.

It is understood that practically all the storage tanks are now full and it will probably be necessary to shut the well down until some arrangements can be made for disposition of the oil.

The first storage provided consisted of 3,000 barrels—six tanks of a capacity of 500 barrels each. Next 10,000 barrels of storage was installed, being two tanks each of a capacity of 5,000.

With 13,000 barrels of oil already in storage it should not be difficult to convince the most skeptical that the Midwest is a real oil well. Neither should it be difficult to secure pipe line connections with this well.—Livingston (N. M.) Leader.

A vast movement of cattle out of the Texas Panhandle will take place in October, when sales made for fall delivery are shipped.

This class of sales has never been so large before. The cattle will go to Kansas, Nebraska, Iowa and Illinois, in large part, for pasturing or feed-lot fattening. The Amarillo hotel at Amarillo, for nearly half a century "the meeting place of the Panhandle" has been crowded with cattle buyers. Many also go to the Herring, Amarillo's 14-story hotel.

Remember the Terry County Fair to keep it wholly.

The discussion of politics has had quite a let down of late, and the talk has turned to how much cotton the worms are going to allow our farmers this year. Then, too, people are preparing for the fall work and getting the children off to school. Well, a change is good for people sometimes.

But work is not so rushing with any of us but that we will all have plenty of time to attend the Fair for A-1 shape.

Great preparations have been made and perfected for the best fair on record, but attendance will sure count. It costs nothing to attend, yet it is the main thing. Come!

We are shy on editorials this week, but some people don't read them anyway, so what's the use. About the only thing we have on our mind anyway this week is the Fair next Friday and Saturday. This all reminds us to say again—YOU ARE INVITED!

The proprietor of this paper has been in Brownfield for the past 20 years lacking only a few months and he believes there are no better people in the world from any standpoint, the opinion of strangers to the contrary notwithstanding. Court records per 1000 inhabitants will bear us out in this contention. It is said by Fair minded people who have traveled extensively that the Eighteenth Amendment, as bad as it is enforced anywhere, is better enforced on the South Plains of Texas than anywhere in the United States.

To the Sheriff or any Constable of Terry County, Greeting:  
You are hereby commanded to be published once a week for four successive weeks previous to the return day hereof in some newspaper of general circulation published in said county which has been continuously and regularly published in said county for a period of not less than one year; the following notice:

**THE STATE OF TEXAS**

To the Sheriff or any Constable of Terry County, Greeting:

You are hereby commanded to cite the heirs and the unknown heirs and all persons interested in the estate of Mrs. C. K. Auburg, deceased, and also, Annie Cook, who is alleged to reside in Travis County, Texas, and Mrs. Bell Carr, who is alleged to be a non-resident of the State of Texas, heirs at law of the deceased, to appear at the next regular term of the County Court of Terry County, Texas, to be holden at the court house thereof on the first Monday in October, 1928, to contest should they desire to do so the amended application of Bebe Auburg, filed in said court and which will then and there be acted upon, for the probate of the last will and testament of the said Mrs. C. K. Auburg, deceased, which cannot be produced in court, and which in said application is substantially stated to be as follows:— that all the property both real and personal of which the said Mrs. C. K. Auburg died seized and possessed was given by the terms of said will to Bebe Auburg and Lucile Huelster, after the payment of her just debts and funeral expenses and expenses of her last illness; that said will specifically provided and set out by meets and bounds the property in New Mexico which said property was given to Bebe Auburg, the balance to be divided between her and Lucile Huelster that said will provided that Bebe Auburg be appointed executrix of said estate without bond, and that no action be had in the County Court other than to prove and record said will; that said will was executed on the 11th day of September 1927, in the presence of Berry Hobbs and Dan Berry who witnessed the same at the request and in the presence of the testator. Prays for probate of said will and that Bebe Auburg be appointed Executrix without bond.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon showing how you have executed same.

Witness Jay Barret Clerk of the County Court Terry County Texas. Given under my hand and the seal of said Court at my office in the city of Brownfield, this the 21st day of August, 1928.

**WORMS MENACING POULTRY**

When the poultry flock gets to looking dull and unthrifty and the combs and wattles become shriveled, rough and colorless, the flock is more than likely the victim of worms. Such infestations have spread to such an extent that worms are now considered one of the greatest handicaps to profitable poultry production in Texas, and E. N. Holmgreen, Poultry Specialist in the Texas A. and M. College Extension Service has their eradication his major project with county agents for the year.

"A severe infestation," he says, "may altogether stop egg production, for worms slowly poison the birds, inflame their intestines and sometimes completely clog the intestinal tract. Worms so lower the vitality of the flock as to make it the easy prey of such ailments as colds, roup and chicken pox."

Round worms are much more common than tape worms but both species are best controlled by preventive sanitary measures such as sanitation of the soil around poultry premises by plowing at least three times a year; cleaning dropping boards weekly and poultry house floors monthly; and by avoiding dirty, sloppy water vessels and wet grounds on the poultry premises. Feed troughs should be designed to keep birds from getting in with their feet and from standing where droppings fall in the feed. Since young stock is more easily and fatally affected than mature birds, brooder houses should be located on grounds separate from the rest of the flock and pullets should be wormed before placing them in the laying houses with the older birds.

"While preventative measurers are most effective," Mr. Holmgreen says, "an infected flock may be freed of round worms by mixing two pounds of pulverized tobacco 1-2 to 2 per cent nicotine content) with each 100 pounds of mash, and feeding this mixture to the flock for three weeks. The tobacco should then be stopped

for three weeks and then fed again for the same period. For tape worms the best remedy is one No. 000 capsule or tablet of kamala to each fowl. For chickens under three months old the dose is reduced one-half and for turkeys two capsules of tablets are given for grown birds and one for poults."

More detailed information as to damage, symptoms, prevention and treatment are contained in C-69, "Common worms in Poultry," which may be obtained by writing the Extension Service, College Station, Texas.

Sweet Young Thing: "I want a pound of wax, please."  
Clerk: "Sealing wax?"  
S. Y. T.: "Oh, no! that wouldn't do at all. We're having a dance and I want to wax the floor, not the ceiling."

**FOUNDER OF THE HERALD WILL MOVE TO NEW MEXICO**

C. E. McCormack, founder and former publisher of the Herald, has purchased a ranch near Alamogordo, New Mexico, and are making preparations to move to that place within the next few weeks.

Mr. and Mrs. McCormack were pioneers in Levelland and established the paper in August, 1924, one year before the Santa Fe Railway was built to the town and development had just started. At that time it required faith to cast your future in this section and in a town over thirty miles from rail transportation. They remained in the newspaper business until September, 1926, when the paper was sold to the present owners, and have since been engaged in im-

proving a farm which they had bought previously adjoining the north limits of the town.

They have taken an active interest in the development of this section and have many friends who regret to see them leave, but whose best wishes go with them to their new home.—Levelland Herald.

**NOTICE OF COMPULSORY LAW SCHOOL ATTENDANCE**

STATE OF TEXAS  
COUNTY OF TERRY

Notice is hereby given that the 1928-29 term of school of the Brownfield Independent School District of Terry County, Texas, will begin September 3rd 1928 and that the Compul-

sory School Attendance Period will begin January 1st, 1928.

This notice is given in accordance with the Compulsory School Attendance Law, Section No. 294. One copy to be spread on the minutes of the school district, one copy to be delivered to the county superintendent, one to the superintendent of the Brownfield Independent School District, and one copy to the Terry County Herald for publication.

Given under our hands and seal of

office, this August 20th, 1928.

FRED SMITH, President,  
J. F. WINSTON, Secretary,  
Brownfield Independent Schools District.

To be sure, Columbia is serving more than 25,000 students on its sixty-two millions in resources, where S. M. U. is taking care of little in excess of 3,000. But in the main it is a fallacy to reckon educational costs in terms of so much to the individual student. Student bodies have a way

of increasing each fall at a faster gait than liberal estimators figure, and beyond all co-operation with either dormitory or tutelary capacity of any school.

Something of S. M. U.'s problem may be gleaned from the plight of the women's colleges. Although the four leading institutions in the country carry endowments ranging from Radcliffe's \$1,120,000 to Bryn Mawr's \$3,000,000 and neither Smith with the top figure of 2,135 students nor Wesley's 1,580 can compare with the

registration at S. M. U., the heads of these schools have recently gone on record as to the inability of their resources to meet the needs.

The mounting cost of education is a serious problem to all institutions of higher learning.

Plans are being made in Big Spring to experiment with methods of oiling gravel road. If the method proves practicable on a short stretch its extensive use will be considered.

### SHEPPARD'S CHOICE

Announcing the other day that he would support the nominee of the Democratic party Morris Sheppard declared that he could not trust the Republicans to enforce prohibition after having witnessed their signal failure during the past eight years. He believed that almost any change that could be made in the Washington administration would result in improvement, and that is the idea of a great many of us who would not have chosen Al Smith as the Democratic nominee but expect to vote for him next November.

Morris Sheppard is the senior United States Senator from Texas, and who was the author of the Eighteenth Amendment. Nobody doubts the sincerity of his prohibition views, and not many will doubt that he has a thorough understanding of the method employed in prohibition enforcement and the conditions under which enforcement must be effected. For eight years he has watched the Republican administration of Harding and Coolidge spend millions of dollars in an ineffective prohibition enforcement program which has made a travesty of the Eighteenth Amendment and has provided the enemies of the Amendment with their most powerful arguments, namely, that it can not be enforced.

But those who support Herbert Hoover in this year's campaign will not only give their endorsement to this mockery of the prohibition laws by the past two Republican administrations but will accept the scandalous debauchery of government by high officials of those administrations. Harding and Coolidge administrations which failed utterly to enforce the Eighteenth Amendment and which permitted the Fall-Doheny-Sinclair scandals, and if he did not know what was going on in the administration he was grossly negligent as well as simple minded. To look to such a man for adequate enforcement of the prohibition laws, with the support of a party which accepted the Consolidated Trading Co.'s profits and used the money for campaign purposes, is as futile as expecting a jack rabbit to grow feathers.—Star Telegram.

### CHEVROLET TO OPEN THREE NEW WAREHOUSES

The parts and service division of Chevrolet Motor Company, for the purpose of bring the consumer closer to the point of distribution, has been since the first of the year quietly carrying on a building program amounting to hundreds of thousands of dollars. This has added to the company's numerous plants five zone warehouses, now in use, and calls for construction of three more before Jan. 1st. In addition, major supply depots in Atlanta and Kansas City have been built and put into operation this year.

Los Angeles, Houston, Omaha, Philadelphia and Cleveland are the centers which have been warehouses already built and opened for use. Work is to begin this fall on others in new Orleans, Fargo and Indianapolis. The New Orleans warehouse is scheduled to open in November, the Fargo warehouse in December and the Indianapolis warehouse in January.

J. P. Little, manager of the parts and service division, in a statement issued last week pointed out that the 1928 building program when completed will increase the storage facilities of his division by 30 per cent. It will mean, he said, an addition of 210,000 additional feet of floor space.

"Chevrolet parts warehouses and major supply depots constitute an added service that the company offers in order that every authorized service station and repair depot will have genuine Chevrolet parts available promptly for Chevrolet owners," Mr. Little said.

The warehouses and depots carry several hundreds of thousands of dollars worth of stock, and represent, therefore, a very important factor in the commercial life of the communities in which they are located, says Mr. Little.

## ITS BETTER WORK MAKES IT FAMOUS

Famous for its better work under difficult field and crop conditions; a harvesting machine that is a real profit-maker, because it enables you to make a big reduction in your labor costs and save valuable time—that's the

### JOHN DEERE CORN BINDER

You harvest seven or more acres of corn a day when you use the John Deere Corn Binder. You do the work better and easier, eliminating entirely the muscle-tiring labor of hand-cutting.

Your corn is in prime condition for the silo; no need of cutting the crop days in advance—the corn can be cut fresh with no loss of feeding value.

And when you are through with your own fields you can increase your income by putting your binder to work in the fields of your neighbors. You will appreciate the easy operation of the John Deere.

No hard-working, old-style carrier to operate—simply press the handy foot release, and the power carrier dumps the bundles out of the way of the horses—no bundles scattered—less waste.

The quick-turn tongue truck relieves the horses of neck weight and keeps the binder running straight. Hot-ripped steel frame insures rigidity and perfect alignment. Roller and ball bearings at all main points reduce friction, lessen wear, and insure lighter draft.

Binders can be equipped with the new John Deere Bundle Elevator.

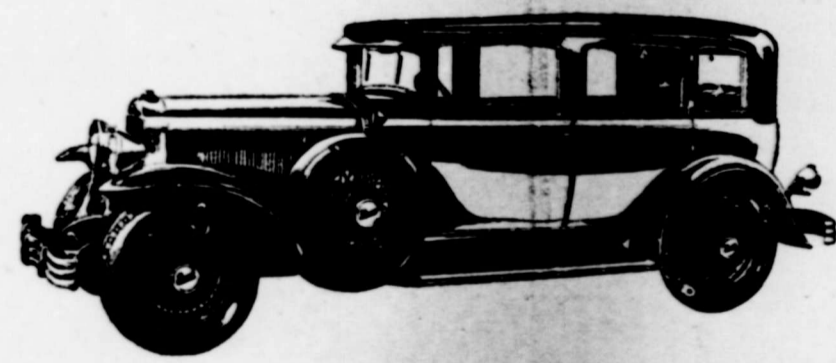

See the John Deere Corn Binder at our store.

**EXECUTION SALE**

STATE OF TEXAS,  
COUNTY OF TERRY

WHEREAS, by virtue of an Alias Execution issued out of the District Court of Bell County, Texas, on a judgement rendered in said Court on the 8th day of March, A. D. 1928, in cause No. 16993 on the docket of said Court, styled E. L. Sturm vs. A. F. Schofield, wherein the said E. L.

Sturm, plaintiff, recovered a judgement against A. F. Schofield, defendant, for the sum of \$1245.78 with interest thereon from the 8th day of March, 1927, at the rate of seven per cent per annum and \$12.90 costs of suit, which judgement bears a credit of \$100.00 on August 3rd, 1928, I did on the 6th day of September, A. D. 1928, at 10 o'clock A. M. levy upon the following described tracts or parcels of land situated in

Terry County, Texas, belonging to the said A. F. Schofield, to-wit:

All of the N. 1-2 and all of SE 1-4 of Section 117, Block D-11, containing 480 acres of land in Terry county, Texas.

And on the 2nd day of October, A. D. 1928, being the first Tuesday in said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. of said day, at the Courthouse door of said County, I will offer for sale and sell at public auction for cash all the right, title and interest of said A. F. Schofield in and to said property.

Dated at Brownfield, Texas, this 15th day of September, A. D. 1928.

F. M. ELLINGTON,  
(28) Sheriff, Terry County, Texas

**ORDER OF SHERIFF'S SALE**

THE STATE OF TEXAS  
COUNTY OF TERRY

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable district court of Haskell County, Texas, on the 29th day of August, 1928, by the clerk of said court, on and under a judgement rendered in said court on the 19th day of May, 1928, in the case of J. B. Post, vs. G. G. Carney, being number 3875 on the docket of said court, wherein the said J. B. Post recovered judgement against the said G. G. Carney for the sum of Fourteen hundred and seventy one and 48-100th dollars, besides costs of suit, and a judgement against G. G. Carney foreclosing a vendor's lien on the property hereinafter described, and placed in my hands for service, I, F. M. Ellington, sheriff of Terry county, Texas did on the 1st day of September 1928 levy on certain real estate situated in Terry county, Texas, and described as follows, to-wit:

Being known as all of the S. W. one-fourth of section No. 133, in block "T" certificate No. 76, issued to the D. & W. rail way company, and containing 160 acres of land.

And said property was levied upon by me under said order of sale as the property of said G. G. Carney, and that on the First Tuesday of October, A. D. 1928, the same being the second day of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day and date, at the court house door of said county of Terry, at Brownfield, Texas, I will offer for sale and sell at public auction, for cash, all property above described in satisfaction of the sum of Thirteen hundred and twenty one and 48-100th dollars—(there being a credit on said judgement of \$100.00) interest and costs of suit, said sale to be made by me by virtue of said judgement, order of sale and levy thereunder.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Terry County Herald, a newspaper published in Terry County, Texas.

Witness my hand this the 1st day of September, A. D. 1928.

F. M. Ellington,  
Sheriff of Terry County, Texas.

**TRAINING IN MOTHERHOOD AT UNIVERSITY OF TEXAS**

AUSTIN, Texas, Sept. 6.—"Training in Motherhood" is the subject emphasized in the laboratory for the Division of Child Care and Training in the department of home economics at the University of Texas, according to Miss Bess Hefflin, associate professor of home economics and head of the department.

This laboratory is known as the Nursey School, and it is composed of about sixteen children from four months to five years of age. Women students enrolled in this department

are thus afforded a chance to match the physical and mental development of young children.

"Children for this Nursey School come from parents in all walks of life," said Miss Hefflin. "They come from clerks, students, teachers, merchants, salesmen, etc. While all the children taken in must be free from disease, there are always a few nutrition and behavior problem children who are studied and worked with by the students. Improvement in every case of this kind has been marked, and the gratitude of the parents has been unbounded.

"The effect of the training is far-

reaching. Not only will these girls make better mothers themselves, but in the interim between graduation and marriage, the majority of them will teach home economics in the high schools of the State and will pass this training on to hundreds of high school girls who will not go on to college, but will marry early and will profit by this preparental training."

V. A. Bynum carried his wife back to the sanitarium at Carlsbad the first part of the week, who was here attending the funeral of his mother, at Lubbock.

Week after week and month after month the Bigger and Better Chevrolet has swept on to greater and greater heights of popularity—until today it stands acknowledged everywhere as first choice of the nation for 1928!

Never has any Chevrolet enjoyed such overwhelming public acceptance—for never has any low-priced car provided such an outstanding combination of distinctive beauty, thrilling performance and amazing economy!

Its beautiful bodies by Fisher—long, low and racy, and finished in colors that reveal today's mode for smartness and individuality—are far in advance of accepted standards in the field of low-priced cars. Inside

and out they prove anew that Fisher craftsmanship is a thing apart.

But Chevrolet performance is no less impressive than Chevrolet beauty and style. Never before was a low-priced car so easy to handle—for the steering mechanism is fitted with ball bearings throughout... the clutch and gear-shift lever respond to the slightest touch... and big non-locking 4-wheel brakes give a measure of braking control that is more than equal to every occasion.

Come in and see the car that has won the approval of more than three-quarters of a million buyers since January 1st. Learn for yourself why it is scoring the greatest success of this great automotive year!

**BROWNFIELD BAPTIST ASSOCIATION CONVENED AT O'DONNELL**

The twenty-first annual session of the Brownfield Baptist Association convened with the First Baptist Church at O'Donnell Tuesday morning of this week at 10:00 a. m. Delegates came from every church, making a splendid representation with much enthusiasm manifest throughout the proceedings.

The Association was called to order by the Moderator of the body, Rev. W. K. Horn, after which all letters were called for from the various churches of this Association. The messengers were recognized as constituting the Associational body and the permanent organization for the ensuing year was perfect. Bro. Horn was re-elected Moderator, while Brother John Heck of Wilson, was elected secretary-treasurer.

Rev. E. V. May of Brownfield was to preach the annual sermon, but he had secured Dr. Kellum of Dallas, to bring the message instead. He delivered a great sermon, which was appreciated by each of the large congregation.

Many good reports came in from churches of this Association. In fact, never in the history of the Association has there been more encourag-

ing reports and enthusiasm than came to this one. Especially did Bro. D. D. Johnson, our efficient Missionary bring many joys to our hearts when he gave his wonderful report. There are few men in Texas today that are doing as efficient work as our own Missionary. He is the man for the place. He was employed for another year at a substantially increased salary, and was allowed a vacation during the year.

The great number of delegates entertained in a most efficient manner. The business of the Association was transacted in the tabernacle and the church basement arranged as a dining room. Messrs Howard, Maxwell, and Lightfoot acted as cooks extraordinary, barbecuing half a beef each day, thus relieving the ladies most materially. It is estimated that fully four hundred visitors and local members were served at noon. The church here extends hearty thanks to townpeople of other denominations who entertained delegates at night.

The Association will meet next year with the Seagraves Church and we expect a great time.—O'Donnell Index.

Dr. and Mrs. Du Bois have returned from a two week's visit in Waco, Jewett, Fort Worth and Dallas. The doctor's parents live at Jewett.

**Miscellaneous Shower for Bride.**

Misses Doris Bandy and Cordia Mae Shepherd entertained Wednesday afternoon at the home of Miss Shepherd with a shower for Mrs. W. T. Karr who was Miss Blanche Williamson until her recent marriage.

Miss Vivian Eubank gave a toast to the bride and Mrs. Roy Collier a toast written by Mrs. Horden to the girls left behind.

"And to you who yet remaining, Find yourselves in spinsters lot 'thing oft and uncomplaining. Yet one nibble never got. What if some big fish have landed, Tireless efforts will atone, bait your hook; pray don't get stranded

Just you keep on keeping one. When at last on shore you land him Then to cook him you should haste, Straightway conquer him, command him, Season him to suit your taste. Cheat the poor fish, well 'tis shocking How they are imposed upon, Mend his trousers, darn his stockings And just keep on keeping on."

The gifts were brought in a decorated wagon by little Lucille McSpadden who presented the gifts to the bride who was seated in a decorated chair.

After this a pleasant social hour was spent after which lemonade and cake were graciously served to mesdames McDonald, Markam, Bandy, Collier, Nelson, Eubank, Williamson, Shepherd and Misses Oliver, McClish, May, Bell, Taylor, Gray, Johnson, Jones, Eubank, Burnett, Carpenter, McSpadden, Karr, Allman, McPherson, Nelson and the bride.

**Methodist Missionary Society.**

Monday afternoon at three o'clock the Missionary Society of the Methodist church met. The lesson "Re-deemed and Renewed" was led by Mrs. Chisholm. A business meeting followed. Those present were Mesdames Lonbrake, Chisholm, Webber, Michie, Linville, Cleve Williams, Thompson, Morgan, Glen Harris, Downing, Powell, Wheeler, McGowan, Hutchinson, Raymond Simms and Fred Smith.

**Church of Christ Bible Class.**

The Bible Class of the church of Christ met Monday afternoon at 4 o'clock. The lesson was led by Mrs. Bowers. Present were Mesdames Self, Claude Hudgens, Hamilton, Head Chas. Moore, Herod, Murphy, Sanders, Harris, Ditto, L. F. Hudgens, Collier, O'Conner, Pace and Bowers.

**WAYLAND COLLEGE HAS GOOD OPENING**

PLAINVIEW, Texas, September 17—Wayland has entered upon one of the greatest years in the history of the institution. The high type of students enrolled and the increase in number over former years serve as a thermometer indicating brighter days for Wayland in the future. The student enrollment has now passed the two hundred mark, with new students enrolling daily. There are still a number of former students who will return this week.

That Wayland's worth as a religious institution of the highest character is rapidly spreading, is manifest in the fact that three students are enrolled from California and came all this distance expressly to attend Wayland. Students are enrolled from thirty different counties in Texas and from the states of Okla., Kansas, Indiana, New Mexico, and California.

Emmett Whitaker, who has been working for the Herald for the past few months, left Monday for Tahoka where he will likely hold a meeting at a nearby community to Tahoka. Emmet has about decided that he will give up printing in order that he may devote more time to preaching.

Preston Wright and wife, of Plainview, were here over the week end visiting his uncle, J. L. Pandai and wife.

**SUMMARY OF WHAT THE UNIVERSITY COSTS TEXAS**

1. Press dispatches state that the University has asked for "appropriations" totaling about \$7,000,000 for the next biennium.

2. Loss of "state" taxes on TWO MILLION acres of University land in West Texas.

3. Loss of "county" taxes on same.

4. Loss of "road" taxes on same.

5. Loss of "school" taxes on same.

6. Loss of "development and improvements" on same, for if these lands were "sold" they would soon double in taxable value, on account of homes being built and their improvements, and the constitution says "shall be sold" for the "Endowment" and maintenance of the University.

7. These 2,000,000 acres have been "tax exempt" for 60 years, and awful handicap to and burden on West Texas counties, and should be sold, on account of the above taxes and to "endow" the University.

8. With all this money we should have a University of the FIRST CLASS, equal to Yale, Harvard, Princeton, etc., and take it out of politics.

9. It is said that these lands are "leased" for only 10c to 12 1-2 c per acre, although other lands near them are leasing for 50c to 60c per acre.

10. It is claimed that the University costs \$400.00 to \$500.00 per student, while the public schools receive only \$15.00 per student.

11. The "above facts" do NOT include matriculation fees, laboratory and athletic fees, etc., etc.

12. The above costs do not include the \$500,000.00 now received annually from leases, and interests on the bonds the annual "oil royalty" of \$2,000,000.00 that goes into the permanent fund.

**LOS CONQUISTORS DE GOMEZ**

The Conquistors met in a called meeting on Friday afternoon, August 31, 1928, for the purpose of electing new officers. The officers thus elected were as follows:

President, Edward Walker.  
Vice-President, Harvey Davis.  
Secretary, Dollie McLeroy.  
Reporter, Francher Gaston.  
Song and Yell Leader, Tommie Key

At the request of the county agent, Mr. Davis, each club member answered the roll call with a report of the progress of his project. The reports given were very interesting, and they showed that each member had been devoting much time to his project—the spirit that underlies all progress.

Some good, peppy club songs were sung immediately preceding the adjournment.

The Conquistors, assisted by the other Gomez school children, entertained the community with a dandy program on Wednesday afternoon, September 12th. Following the program our county agent, Mr. Davis, brought in some chicken hens and told and showed us all of the outstanding characteristics of a loafer and layer.

The congregation adjourned and were treated to the most delicious

Secretary.

**LUBBOCK MERCHANTS HAVE S. O. E. SCHEME**

The advertising committee of the Lubbock Retail Merchants association is credited with having saved several thousands of dollars to the merchants of Lubbock this year by checking what they term "gyp" or "sucker" advertising propositions, the chairman of the committee stated recently, following a called meeting at which time a review of all the propositions considered this year was made.

The committee has worked a system of combatting the advertising and solicitation schemes which has proven very effective. All business firms, members of the retailers organization, have signs in their stores, reading: "This store subscribes only to those objects for which a letter of endorsement has been granted by the Lubbock Retail Merchants association

When a specialty advertising or solicitation stunt comes to any merchant the solicitor is referred to the association. The committee is consulted and the proposition is either approved or refused an endorsement.

An S. O. S. calling system has been worked out that protects those merchants who may not consult the association. When it is learned that some proposition is being promoted in Lubbock that the committee does not think is worth while from an advertising standpoint or worthy from a donation standpoint, the office of the Lubbock Retail Merchants association calls ten captains and each captain has a list of members to call, hence the information is spread to all Lubbock merchants within less than a half hour.

The warning calls generally call attention to the proposition with the information that it has been refused an endorsement. Warnings of cold check operators and other schemes are likewise circulated quickly over Lubbock by this S. O. S. carrying system.

A little boy from Canada who had never seen a negro was riding with his uncle in New York when he saw a colored lady.

"Why does the woman black her face?" he asked his uncle.

"That's her natural color," said the uncle.

"Is she black like that all over?" "Yes," replied the uncle.

"Gee, Uncle," said the lad, admiringly, "you know everything, don't you?"

Mr. John Webber, of Oklahoma, surprised his brother, Dr. G. S. Webber last week with a visit, the first in several years.

Miss Minnie Lee Cardwell was in from the farm Tuesday and reported that her mother who had been ill is improving.

cakes and tempting iced lemonade by the club girls and boys.

Are you planning to help the Conquistors with their exhibits at the coming County Fair? Sure you are, so let's all get behind this great and wonderful work and put it over—"Where there is a will, there is a way."

### THE EVERLASTING PULLING POWER OF PUBLICITY

By Richard H. McCarty

One merchant said wait till trade gets good Dick, and we will give you an ad. Now that fellow's idea of space in a newspaper is of no value, but when times are good, he buys space to help the home paper along. His conception is wrong, the time to advertise is today, tomorrow, next day, this week, next week, when when trade is good and especially when it's slack, that's the time to advertise—One merchant says I haven't anything to advertise, wait till my new goods come in—Wrong again boy, all or most of your years profits are in your remnants, old stock, hard stock, new goods are ready sale, old stock is hard sale—Needs to be pushed—Publicity is the act that moves 'em—Newspaper space vs. circularizing—WHICH? The great big business world has at last waked up to the value of space in the country weekly, for the reason that it's the best read paper in the world, the whole family reads it, then the neighbors come in and read it—Ads and all—How about the circular? Get this, the value of newspaper space depends largely on the buying power of its subscribers—If they be cotton farmers, one crop system, their buying power is nil, about three months in the year—How about Albany and Shackelford county? Richest town and county in the State per capita—Albany banks have over two million dol-

lars on deposit, and on a basis of three thousand folks for Albany, that would be right at \$7,000.00 per capita Now this money don't belong to the big oil corporaion, they send their money to the big towns, big banks—No, no, it belongs to the small oil operators, the cowman, the farmer, the sheep man, he dairyman, the poultryman, and lastly, the pigman, folks who have something to sell every day and every month in the year—Possessed of buying power—That's the kind of folks who read the Albany News—Has a buying power all the year round—Twelve hundred of 'em—That's our sworn circulation—Hence, the pulling power of publicity in the Albany News—Quality, value, your money's worth—That's our business.

## RIALTO

**OCT. 15TH and 16TH**

Terry county is 13 days behind with its first bale of cotton this year, according to J. E. Shelton, secretary of the chamber of commerce.

The Rotary club cut their program at the noon luncheon last Friday on account of the funeral of Mrs. A. B. Bynum at Lubbock at three-thirty that afternoon, as several of the members wished to attend the funeral.

Frank Ballard left Sunday for Roy, Texas, where he had some finishing touches on the electrical and the plumbing work on the new Ballard Hotel in that city.

The Herald has received the first annual catalogue of the Littlefield College. It was neatly gotten up, and quite extensive for the first year of the college.

For some time Com. W. H. Black, of near Gomez has been suffering with a huge carbuncle on the back of his neck and friends as well as attending physicians is causing him a great deal of suffering.

Will Adams and family, accompanied by his mother, Mrs. H. F. Adams, visited the eldest son of Mrs. Adams' brother-in-law at O'Donnell, Sunday.

Grandma Bragg, of Levelland, visited old friends here last week and the first part of this week.

Pat J. Tackett, of Wichita Falls, representing the Grahana Paper Co., of Dallas and St. Louis, was a business visitor in our city this week.

Work is progressing nicely on the Clarence Lewis, John Burnett and Jack Stricklin homes. The Stricklins now think they will get in their new home in the next two or three months—perhaps.

Dr. and Mrs. B. D. DuBois have returned from a visit with his parents in Leon county, Texas. They report a nice time away, but say old Terry has about as good crops as any portion of the state where they visited except the immediate section where his parents live. His father has out 30 bales of cotton and will get 30 or 40 more.

The \$300,000 education building at the West Texas State Teacher's College is to have the most modern of equipment for the teaching of grade and high school students. It is to be dedicated with a special ceremony October 19th.

Send the Herald to your folks.
