Breaking Away From The Score Card Habit

Despite the efforts of the expert judges of most of the large fairs to hold the exhibitors to score card exhibits, the exhibitors are fast breaking away from them, and in the past few years there has been such a rebellion that even the judges themselves have reluctantly agreed to some reforms in placing of exhibits. We can remember when Uncle Bill Howard began carrying the Terry county exhibits to the State Fair some twenty years ago, that he selected the very best he could find, be it much or little, and he would always come home with a lot of ribbons. But as the years passed on, and year in and year out the same set of judges had charge, they became more arbitrary in their rulings, until no one could no longer place a creditable advertising exhibit in order to comply with these conditions. You had to have just so many apples, for instance, and they had to be exactly the same size, but no matter how nobby or ill shaped, if they matched, you scored a point.

County exhibits are carried to these fairs mainly for advertising purpose, and you just can't get away from that. The Herald has maintained for years that it would be better for us to stand the expense without the expectation of a single dollar in prizes, providing that we be allowed to fix our booth as we wanted it. Last year Lubbock county had the nerve to do this at the Dallas Fair, and they got the best advertising they have ever gotten there. Most of the time we were in the fair grounds at Dallas last fall was spent in the county exhibit section of the agricultural building, for we wanted to see for ourselves what effect it had. We did not see an exhibitor around the Lubbock exhibit during the whole afternoon, but their exhibit got the attention, and no doubt of it. It needed no one. It was self explanatory. While the crowd moved on past the others, taking them in at a glance, they paused, stood and studied the one from Lubbock. It made a lasting impression.

So much so did this impress the fair officials that we understand there will be a radical change this year regarding conditions in entering exhibits. These judges saw the hand writing and knew their judging days were over if there was not something done, for the other county exhibitors were also taking note. We also imagine the regional fairs will also be forced to go back to the old style somewhat, for they are really leaders of the State Fair, and were forced into the score card exhibit by the judges of the State Fairs.

We have talked with numbers of the farmers and business men here, and we find them almost unanimous in the opinion that providing we exhibit at any fair this year, if some radical change is not made in their rules, that Terry county promptly forfeit all rights in contests for prizes and exhibit what it wishes and in the way it desires.

Snodgrass and Family Back From Arizona

High Snodgrass and family have recently returned from an extended trip to Arizona, where they visited with his brother, George and family. In conversation with them last Saturday, they said it was better than this country as a strictly dairying and truck growing section, but as a general farming country this has the valley section there beat to a frazzle. High says they spend more time keeping their irrigation ditches clear of Johnson and Bermuda grass than the average man here spends in making a crop.

He also visited the E. L. Ware, M. D. Williams, and Mumford Smith families while out there, and found all doing nicely. He also saw R. E. McCormack and wife, but they left with Oscar Covey and family while he was out there for Oregon. They also visited the Frank Martin families at Prescott while out there and found them doing nicely. All those mentioned above were former Terry county families.

The still small voice of conscience also often appears to suffer interference from static or something.

Assistance

(Copyright, W. H. L.)

Big Crowds Attend Singing Convention

A good crowd from the four quarters, including all sections of this and many from all the adjoining counties, were here Sunday for the singing convention, and local men like C. Sears, John Burnett, Mr. Baker and others, had everything in readiness for it to start off on time when the singers got here. The sessions were held in the auditorium of the grade school building which was seated with more than one hundred extra chairs, and then some stood, and others could not get in.

Several good singers from Lubbock and other places were on hand, and quartets from that place and Levelland, as well as other places, who entertained the crowd with some good singing. Four members of the Stamps Quartette were invited, but had a previous engagement in Dawson county. An effort will be made in the near future to get two members of this famous quartet to teach a singing school here of some twenty days duration, to be paid for by the citizens and permitting any one who wishes to attend.

The officials of the convention have asked the Herald to express their thanks to the Shamburger Lumber Co., for lumber used for making the tables, the Baptist church and the American Legion for the use of chairs, and others who helped in any way to make the convention a success.

There was plenty good dinner for all, and the day passed off nicely and pleasantly for all.

Ranchman Buys High Grade Bull Yearling

Our dairy farmers are not the only ones that are gradually improving their herds, for our ranchmen are keen rivals with them in bringing in some good blood to this section, and in the future years we expect to see our ranchmen send some good stuff to the fairs for exhibition purposes. Heretofore, this has been left to ranchmen being content with having ordinary good stuff, but they must be reckoned with in future years.

Ray Brownfield received a yearling Hereford bull from one of the best Panhandle ranches last week that cost him \$1,000, and will be put on his big ranch to head a herd of some of his best stuff. We are expecting to hear some good things from the old Sauer-Block ranch in a few years.

What to do with old safety razor blades was solved by one Washington man, who swallowed ten of them.

We also wish to thank W. E. Carter for his recent renewal.

Farmers Asked Not to Obstruct County Roads

To The Citizens of Terry County, State of Texas.

The Commissioners Court of Terry County respectfully asks that the farmers living along the roads please refrain from planting any crops out in the right of way. They have no objections for the farmers plowing up the weeds and grass, in fact, they want them so, so that the sand will not collect and will blow off. But to plant it in feed crops is a different thing, for the reason that when the molder comes along they are going to have to plow up that farmer's crop to get the desired amount of road dirt, and if the grader does not get to that particular road until spring, he said has collected, and the sand and stails make a mess on the grader blade, when if the land had lain out and weeds grew up they can't get a match to the weeds and burn them off in the early fall and the sand will not collect. It is against the law for anyone to obstruct the right of way, but the Court does not want to appear hard bodied, but respectfully asks that everybody quit planting crops in the right of way.

Done by order of the Commissioners Court of Terry County, Texas.

Dated at Brownfield, Texas, this 22nd day of April A. D. 1929.

H. R. Winston, County Judge, Terry County, Texas.

Terry County Makes Showing at Dis. Meet

While the pupils from Terry county did not make but one first place at the District Interscholastic meet at the Tech College, Lubbock, last Friday and Saturday, there were several in second and third places, and many of them might have had favorable mention in connection with the many events.

Miss Mary Ann Bell, daughter of Mr. and Mrs. V. A. Bell of this city, won first place in the senior girl's declamation contest, and will be given a trip to Austin to the State meet. In the junior declamation contest, we understand one of the Couchman boys in the Union community was second place and Bill Savage Jr. placed third. A Meadow youth, whose name we failed to learn, made a good showing in the mile race event. There were many others who had favorable mention by our informants.

If the neck ever really aches, it is worth it when they will probably employ night-prowled salesmen to sell it back to us.

L. D. Chambliss dropped in recently to renew for his Herald.

Oil Company Planning A Modern Station Here

E. C. Roberts and wife were in Friday from Seagraves looking out a location here for a thoroughly modern filling station, and before the end of the day had secured what he termed some prospective locations on which he will build the drive in station.

Mr. Roberts informed us that with a dirt road opened up to the Pyote refinery, that they were trucking a lot of gas from them into his trade territory in New Mexico, and in view of the fact that they were getting gas down there at eight cents per gallon, it was hard to meet their competition, and with the building of either the Santa Fe or T. & P. into this territory, it would practically cut his trade territory that way off.

Therefore, his company is advising him to enter this territory for more business, as most of it heretofore has been with the state highway department in this county, with which he has a contract. He informed us that it was his intention to construct a station costing not less than \$4,000.00, that would be a credit to Brownfield, and that he would put a man in charge of it that would give their customers as well as tourists real service.

He also informed us that his company had allowed his station a handsome appropriation for advertising purposes, and that the Herald would get its full share of this.

Local Physician Takes Wire From Man's Wrist

There is nothing unusual for a physician to remove a foreign object from the body or limbs of a human, but it is rather unusual for a man reaching middle age to just discover he had such an object in his arm and did not know how or when the object got in his arm.

Welder community applied to one of our local physicians stating that his forearm just below the elbow was hurting him badly of late, and wanted the physician to make an examination. The physician could find nothing whatever the matter on the outside, not even a bump or scar. An X-ray was turned on the arm however, and it was found that a piece of baling wire about two inches long lay along the bone of the arm. An incision was made and the object removed.

The man said he had no recollection when he got the piece of wire in his arm, therefore it is supposed that it got in there in his babyhood, before he remembered anything about the matter. The gentleman is doing nicely now.

Both Local Hatcheries Running to Capacity

The old Terry county bidders are kept busy laying these days, for their time laying is much more profitable to the farmer than twenty days hatching out some twelve or fifteen chicks, and then two or three months raising them to where they can take care of themselves. Eggs are too valuable these days, and the time spent hatching them in the natural way, so the mechanical hen is doing the work of hundreds of hens—and better. It is claimed that the mechanically hatched chick is not only stronger, but healthier, and has a better chance to survive.

Both the Holgate and Chisholm Bros. hatcheries are running to capacity these days, and chicks from eggs that are not custom hatched are poked for before the eggs are pipped. Both hatcheries are reporting some good hatches this year, and the percentage better as the season advances. Besides these, one cannot visit the post office or express office hardly any day but they are greeted with the "cheep" of baby chicks that are being shipped in to our farmers from some of the best poultry farms of Texas and the southwest. Some of these days, Terry county farms are going to be stocked with as good fowl as there are in the United States. And the young men and women of this generation are not only learning how to raise good birds, but also how to judge them, and separate the good layers from the slackers, and that will count in production as well as in bringing the flocks up to as near perfection as they can possibly be.

Then, there is another auxiliary to these sources that are turning out their full quota, the home incubators, and there are any number of them scattered over the country, handled by farm ladies who get almost as good results as the best commercial incubators according to their capacity, or men with brains and experience who have been working on these for years, and have brought them up to a near state of perfection, and to where they will require the minimum of attention. In another month or two thousands of these birds will go on market here to augment the bank account of the farmer, and to put one of the most delicious of meats on the tables of the consumer.

C. B. Markham's Car Downs Postal Clerk

A serious wreck and possibly two or three people badly injured were narrowly averted here last Friday afternoon, when C. B. Markham hit George Lane as he alighted from another car, and the Markham car went into the ditch trying to avoid the accident, without any great injury to the car, or its occupants.

Mr. Markham was headed south down the Lubbock road, and the car was riding hanging on the side was going north, and just before meeting they came to the Lane residence, and without glancing ahead to see if a car was coming it seems that George stepped from the car almost in front of the approaching car.

George sustained a badly strained arm, and received other bruises, but is getting along nicely at this time. It is almost a miracle that it was so worse. It was purely accidental, and could not have been avoided under the circumstances.

MRS. COLLINS LOSES WOTHER

Mrs. W. E. Collins received a telegram from Hamlin, Texas Monday night stating that her mother had passed away. Her mother has been in poor health for some time, and she was recently down to see her.

Mr. and Mrs. Collins left immediately for Hamlin to attend the funeral. The Collins Dry Goods store was closed here Tuesday afternoon from two to three while the funeral was going on at Hamlin.

NO PLUMP EVER DID

Dairyman—Yes, this is the very latest type milking machine. City Editor—But do you think any of them machines make as good milk as cows do?

Local Farmer Returns From Van Zandt Co.

About the best way for one of our farmers to get rid of any desire to pull up stakes and ramble for awhile, is for them to just make a trip back to the old home section from whence they came, and nine chances to one, is that they will be struck on this section as never before, and are here to stay. The great trouble is that most of them, however, will pull up all stakes and move the whole family back with the expense of a move back here in a year or two. When they get back there, the old creek does not look so cool and inviting, and the old path to the spring has changed considerably, and even the water in the spring does not taste so sweet as of yore, but is found no better than the refreshing liquid brought up from our wells with the aid of wind, which in many cases is piped right into their homes.

But, back to our story, T. L. Chapman had to make a trip back to his old home country—Van Zandt—in the past few weeks, and Saturday he informed us that he wished he was back home the first red, slick hill he struck, and his car wheels begin spinning. He said that when one from this section begin telling the folks back there how easy it was for one family to cultivate from two to three hundred acres here that produced as much as their land did, they would just sit with their mouths open as if wondering why he had turned to such a confirmed liar in so short a time. But, says Mr. Chapman, if one begins telling a native of this section how those people farm back there, he has the same Doubting Thomas to contend with. But the auto is making the world smaller, and we are learning more about how the fellow lives three or four hundred miles from us than we used to know.

Mr. Chapman says the farmers back there are paying \$1.25 per bushel for corn and the dealers are telling them it is very scarce, with no more to be had in this section. The big mills are selling the local buyers that they have hundreds of cars on the tracks down here with no buyers. So there you go. What is the poor old farmer to do? He seems to have enemies at both ends of the line and no friends. He says he advised them to go in capsules, send a man up here and buy what they needed, as tens of thousands of bushels still remain here with no apparent market. It is bringing only 15c per bushel here, and it is figured that 30c at the outside will carry it anywhere in the state, thus saving them some 15c per bushel on their corn. He said that some of them who had large trucks were asking him how long it would take for them to come up here after corn, and then he told them four or five days at the most, some of them talked about coming.

He reports that their corn and cotton is up, but that the crab grass is just about as high as the plants. He had to go back there to take over a place he sold when he moved up here, and found that not even the taxes had been paid on it. He put a center on the place, and expects to get something out of it that way.

McGowan is Head of Brownfield Rotary

Joe J. McGowan has been elected president of the Brownfield Rotary Club, with the following other officers: W. E. McDuffie, vice-president; Roy Davis, secretary-treasurer, and Morgan L. Copeland, chairman of the program committee.

Following the election of officers every Rotarian selected a member of the Brownfield Boy Scouts, to whom they will act as "Big Brother" for the year. Several months ago the club decided to sponsor the Boy Scouts, and so beneficial was this proven that the club will continue the sponsorship. During the summer months several outings have been planned for the boys, among these being a two week camping trip to the Rudins Springs, in New Mexico.

Miss McGinty was over one day last week from Plains, trading with our merchants.

T. B. NOW RECOGNIZED AS EASILY CURED—IF!

"The inability of physicians to properly diagnose tuberculosis in the past has placed many cases, at a latter date, in a hopeless stage of invalidism and poverty." This statement was made by Dr. J. B. McKnight, Superintendent of the State Tuberculosis Sanatorium at Sanatorium, Texas, speaking of the Early Diagnosis Campaign, which is being sponsored this month in Texas by the Texas Public Health Association.

Dr. McKnight added, however, that the general practitioner should not carry the entire responsibility of late stage diagnosis because the patient is often times at fault in not seeking the service of a competent physician when ill. Many people, he said, lose the chance of reaping the reward of an early diagnosis, thence a later cure, because of neglect to recognize familiar evidence of tuberculosis and failure to recognize the importance of repeated yearly physical examination.

"The results of the Early Diagnosis Campaign by the National Tuberculosis Association last year," said Dr. McKnight, "awakened many of our physicians as well as laymen to the fact that tuberculosis is the most curable of all chronic diseases if it is detected in an early stage. He predicts that the results of the Early Diagnosis Campaign this year will surpass those people are becoming more and more interested in informing themselves as to the prevention and cure of a disease that takes a yearly toll of 100,000 citizens of the United States, 600 lives among citizens of the United States."

FORRESTER FEARLESS FIGHTERS NEWS

Hello folks! I suppose you thought Forrester was dead but I think you will have to get that idea out of your head for we are going to show you how much life we have in us.

Mr. Davis came out last Thursday, April 11 and helped us select our club officers. We elected, Zoree Crone, President; J. W. Zachary, Vice Pres.; Virginia Toole, Sec-Treas; Opal Travis, Reporter.

We have all started in our work and intend to live up to our name, so I think all the rest of the clubs will have to get busy to beat us.

Our club members have been making good grades in their studies and now we will make a good show in club work so come on all of you club reporters and lets get to sending in some reports.

DEAF SMITH CO. CLAIMS LARGEST WHEAT FIELD

Deaf Smith County isn't right sure about it, but it thinks it has the largest wheat field in Texas and possibly the world.

The field is in the county northwest of Hereford and it contains 6,000 acres, all under one fence. It is under lease to the Carter brothers of Plainview, well known wheat farmers and merchants. The present crop gives fine promise of a bumper yield, and its owners believe they will get about 200,000 bushels valued at about a quarter of a million dollars.

That's the way they do things in Texas, especially up in the Panhandle where there is plenty of room to turn tractors and combines round in.—Post Dispatch.

EMBARRASSING RECOGNITION

It was a casual acquaintanceship. The two men had met in the park. Suddenly one of them sighted two women coming along.

"Ah," he said, "here comes my wife with some old hag she's picked up."

"Fancy that, now," said the other; "here comes mine with another."

Two Texas counties—Brazoria and Matagorda, furnish most of the world sulphur.

HAPPY CLUB

Dear Philosophers:
We have fourteen pupils in our club which we named "Happy Handy Helpers" and are expecting more to join.

We have had three meetings and are doing well. Six of the girls are raising chickens, four them are raising Rhode Island Reds and two are raising Black Giants.

Five boys are raising pigs that are known to be the best thoroughbreds out. Some of the other boys are going to grow corn, higeria and cotton.

The officers were elected at our second meeting who are: Loyd Lee, president; Morris Patterson, vice-president; Orine Hewett, Sec. and Treas. and Floyd Lee Reporter. We are all satisfied with them.

This is the first year of Happy's Club but we were always hard to beat at anything we started and we intend to bring off part of the Terry county prizes this year—Pardon me—I meant to say all of the prizes that are handed out.

Our flag is red and we are going to wave it. We Have Joined the Club!
Floyd Lee, Reporter.

THE NEEDMORE MERRY HUSTLER CLUB

The Needmore Merry Hustler Club met at the school house with Mr. Davis, the county agent, on April 10th and reorganized our 4-H Club. The following officers were elected: J. B. Gilentine, President; Orville Watkins, Vice President; Shorty Brown, Secretary and Clifford Gilentine, reporter.

Our club only has 11 members, but our goal is to have one of the best clubs in the county.
—Reporter.

Mr. S. Cawhan, an interesting farmer of the Forester community made a pleasant little stop at the Herald office Saturday evening and here is one of the comments he made "I like the paper just fine I think, and Brownfield is sure enough a live wire place.

Miss Irene Jeter writes in that she believes she has solved the Bible riddle printed in these columns two weeks ago. She says that the unknown was the whale that swallowed Jonah, and comparing the poetry with the story of Jonah and the whale as given in the Bible, we believe Miss Jeter is right.

J. L. Sims and family of the Lou community, were in the latter part of the week, shopping with our merchants.

Mrs. Jack Stricklin and daughter, Sallie T., made a trip to Plainview, Sunday, to carry Miss Dollie Miller home.

At this writing, a large delegation from here are preparing to attend the district convention of the WTCC at Tahoka, in order to help a neighboring town put over a good one.

CONSTITUTIONAL AMENDMENT

HJR No. 6
A joint resolution proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate

Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."
"Article V. Section 3. The Supreme Court shall appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.
The Supreme Court shall have power,

er, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court.
The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."
Sec. 2. Said proposed Constitutional amendments shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court," and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.
Sec. 3. The Governor shall issue the necessary proclamation for said

election and have the same published and said election held as provided by the Constitution and Laws of this State.
Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.
Approved February 19, 1929.
(A Correct Copy)
JANE Y. McCALLUM,
Secretary of State.
NOTICE OF SHERIFF'S SALE
State of Texas,
County of Terry.
By virtue of an Order of Sale issued

out of the District Court of Terry County, Texas, on the 7th day of March, 1929, on a judgment rendered in said Court on the 15th day of February, 1929, in favor of Nelson W. Willard against John Mullins, C. M. Fields, and V. C. King, No. 1107 on the Docket of said Court, for Three Thousand Four Hundred Three and 88-100 (\$3403.88) Dollars, with interest and costs, and for foreclosure of the vendor's and deed of trust liens on the Northeast Quarter (NE 1/4) of Section No. One Hundred Fifty eight (158) Block D-11, less the Railroad right of way, thereon, containing 152.6 acres of land, in Terry County, Texas, against the above named defendants, and C. Wendlandt, A. W.

Speckels, Walter Staehely and Theo. W. Carter, I did on the 7th day of March, 1929, at 10:00 o'clock A. M. Levy upon the above described property, and on the 7th day of May, 1929, being the first Tuesday of said month between 10:00 o'clock A. M. and 4:00 o'clock P. M. on said day, I will offer for sale and sell at public auction for cash, at the Court House Door of Terry County, Texas, in the Town of Brownfield, all the right, title and interest of the above named defendants in and to the above described tract of land.
Witness my hand this the 2nd day of April, 1929.
J. M. TELFORD,
Sheriff Terry County, Texas.
By **A. J. Fowler,** Deputy.

UNION NEWS

(To late for last weeks publication.)

Last Thursday morning, April 11, Mr. Davis our county agent, come out to our school to reorganize our club work for 1929. He was a little late about coming down to organize but some school had to be the last one for him to visit.

Mr. Davis called the house to order and suggested that we select a name for our club before proceeding any further. This we did and selected the name "Terry's Best" for our club name.

The next thing we did was to sing and yell. My! how we did yell. It was a wonder that every pig in the country did not come to us thinking that we had some milk for them, but some how they didnt and we are glad.

Mr. Davis called the roll and asked what every one was going to raise and made a few suggestions about everyones project. There were a few new club members. There were 34 club

members in all and only 27 or 28 last year.

We elected our officers and these were elected: President; Morris Copeland, Vice President; Stephen Brock, Secretary and Treasurer; Woodrow Jones and Reporter, Howard Davis.

It so happened that our old president was elected again for the same office this year.

Every boy and girl who is going to enter the pig club started their record April 15. Everyone reported that their pigs were doing fine.

Howard Davis.—Reporter

DIVERSIFIED CROPS

Johnson—How come you never got your hay hauled in?

Jackson—Well, when I wasn't tending the road-side stand or running the tea room, my wife was sick and I had to tend the gift shoppe.

J. B. Worsham dropped in recently to renew for his Herald.

**"OLD IRONSIDES" BEING
RAPIDLY RESTORED**

Washington, D. C.—Owing to the generous response of the public to the call for funds to be used in the restoration of the historic frigate "Constitution" the work has gone forth rapidly and is now more than half completed, according to the statement issued by the Department of the Navy. The end of this year should see her very nearly ready for the sea again, said the statement. "Old Ironsides", when she is reconditioned, will be made a floating museum, to be towed to the important ports of the United States and possessions so that the thousands who have helped rebuild her can see the results of their contributions, and for educational purposes.

To date over 900,000 copies of Gorgon Grant's 10-color picture of the ship have been sold, and there are still about 600,000 copies remaining. A plan has recently been started where salesmen through out the country are selling large blocks of pictures to wealthy men for donation to school children in their respective communities, as well as to large firms and corporations for distribution among their employees and customers. If this method is successful in disposing of pictures remaining on hand, it should complete the fund necessary for restoration. Already \$345,000 has been expended in work on the ship.

The campaign for the restoration of this historic frigate, according to the statement, is proving of inestimable value to the nation in more ways than one. By no other method could the youth of the country be made to realize the valuable service "Old Ironsides" rendered when this Republic was in its infancy, and the important part she played in our early struggles. The patriotic pride in her achieve-

ments taken by those assisting in her rebuilding could be aroused in no other way.

**SHADOW-ADDER COUNTS
PEOPLE AS THEY PASS BY**

A shadow adding machine that clicks the number of people passing a given point has recently been perfected. Persons to be counted are routed past a beam of light, and as the body of each interrupts the beam and casts a shadow a sensitive relay operates a meter such as is used by street car conductors in registering fares. The shadow counter is built around a "photoglow" tube.

THUMBS DOWN

I'll forgive a man his mustache, I'll forgive him his derby hats; But I'll be darned if I have learned To forgive a man his spats!

Uncle Jack Blankenship was over one day last week and left the price of his renewal to the Herald with Lon Bigham. Taking a great risk that way Uncle Jack.

**What Satisfied
Users Say**

Walter Fly, of Vega and Amarillo—a Prominent Phillips User

Scene on Fly's Farm South of Vega, Showing 5 Tractors which Use Phillips Products 100%

The following are excerpts from bona-fide letters on file at Phillips Petroleum office, written by satisfied customers. They tell their own story!

Vega, Tex., March 20, 1929

Phillips Petroleum Company,
Amarillo, Texas.

Gentlemen:

I started to use Phillips oil last July 1, and find it superior to all oils I ever used. I had the first tractor used successfully in the Panhandle in 1913. I think I have used about all kinds of oil made.

Anyone can't go wrong in buying Phillips oil.
Yours truly,
F. Rachel Climer

Hereford, Tex., March 21, 1929

Phillips Petroleum Company,
Amarillo, Texas.

Gentlemen:

I want to tell you of the extra fine service I have obtained from the use of your Phillips oils and motor fuel. Recently we overhauled a tractor that had completed about 3500 acres of plowing. We found a very small amount of carbon which showed us that the lubricating oil was doing a correct job. We also found that there was practically no wear on any part of the motor.

I am convinced there is no economy in buying bargain oils. Phillips motor and tractor oils meet my demands and I have never found as complete satisfaction in any other oils.

Yours very truly,
F. W. Brunson

Hereford, Texas, March 21, 1929

Phillips Petroleum Company,
Amarillo, Texas.

Dear Sirs:

I have obtained complete satisfaction from the use of Phillips motor oils and Phillips 66. Before using them, my oil was costing me much more money. Now I am getting exactly as good service from Phillips oils and will continue to use them in both my tractors and my automobiles.

Your service is excellent.

Yours very truly,
J. L. Hutson

Hereford, Texas, March 21, 1929

Phillips Petroleum Company,
Amarillo, Texas.

I am an Oakland and Pontiac dealer and am very much interested in lubricating oils. I have made a number of endurance tests and operating tests and find Phillips motor oils are far superior to any I can obtain. Therefore, I am using them exclusively and am glad to recommend them to my customers.

Yours respectfully,
Dixon Motor Co.
By O. M. Dixon, Pres.

NEW TARIFFS ASKED ON DAIRY PRODUCTS

From the harbor of Auckland, N. Z., a ship makes its way out to sea. It carries a cargo of butter, "destination to be given." It crosses the great Pacific, then comes a radio message which says "New York." A few days later the butter cargo is discharged on the docks which line the mouth of the Hudson.

A few hours after the radio message is sent, that fact is known in the produce trade in New York. Then Wham! Down goes the price of butter 3, 4, 5 cents a pound and for a week or ten days the market is nervous and fussy and cantankerous. After that the effect wears off, but it isn't very long before the whole process is repeated. The producer of course pays the bill.

Thus the April 1 Oklahoma Farmer-Stockman describe the effect of imported butter on the American market. Shipments of butter to the United States amount to only a fraction of 1 percent of the butter consumed but they raise several kinds of trouble in the American butter market. One small shipment in January 1928, when traced out, was found to have caused a drop of 5 1-2 cents a pound in the New York market which lasted for a little more than a week.

Prices of butter in America are determined almost wholly on the produce of which New York has the largest and dominating one. The price on butter is the base upon which the prices of almost all dairy products is built. Thus the butter situation can be seen on the key of the whole problem of protection of the American dairy industry.

To meet the situation described and to protect the American market for the American producer dairy interests are asking for higher tariffs on dairy products.

WINTERS will hold an annual "Living at Home air" beginning with June 20, 21 and 22, of this year. Exhibits by communities and individuals, 4-H Clubs, vocational agricultural judging contests, short courses and field day a "Live at Home" Banquet and the opening of the airport will be featured.

We may not know it, but we're being checked up all the time—the neighbors are 'busy when we least suspect it.

CHINA'S LINDBERGH

Tien Lal Huang, known as the Chinese "Lindbergh," is making a good-will tour of the United States, studying airports and aircraft factories. He is an accomplished flyer.

SWEETWATER'S band will be in charge of Geo. H. Winter after May 1. Winter has a record of 24 years in band experience in university and industrial organizations. He was leader of four different army bands during the war. He will conduct classes in band and orchestra instruments at his Municipal Building offices.

STEPHENVILLE will start work on the paving of 70,000 square yards of brick pavement soon. The contract went to the Thurber Brick Company whose price on concrete was \$2.01 for six inch thickness reinforced with 40 pound steel. The paving will amount to between six and ten miles.

The fellow who's fooled the most is the one who thinks that if he can just make enough money everybody will be happy at home.

STAKING AND PRUNING GIVE BETTER TOMATOES

"In setting out tomatoes it's a good plan to plant them about two feet apart in the row, which is closer than is ordinarily advised, and later stake them. This increases the number of vines that can be grown in the garden, puts the fruit up where it is easy to gather and to spray, and makes pruning easy," says the horticulturist in the Extension Service, J. F. Rosborough. "Four-foot stakes should be used, driving them into the soil three or four inches away from the plants. Course twine or cloth strings are used for tying the plant to the

stakes, and string should be carried along when pruning is done so that plants may be retied where needed.

"As tomato plants begin growth it is advisable to remove sucker sprouts at least once each week, otherwise these sprouts will tend to reduce the size of the fruit. It is true that pruning decreases the yield but it permits the production of earlier tomatoes and fruit that is smoother and more uniform in size. Pruning should be done regularly from the beginning of the growth of the season, cutting off every sucker at the main stem. They emerge here at the base of the leaf."

MUNDAY will keep several hundred dollars at home since the establishing of a modern laundry there by Miss Jewell McKee of Knox City. The capacity of the plant will be increased as fast as the patronage justifies.

The plant is equipped with several washing machines and a drying closet.

Texas leads the United States in the number of domestic livestock animals on farms and ranches.

* "SCRAMBLED EGGS"
By the 7th Grade.
* Kathleen Hardin, Reporter.

Miss Banks had her pupils to bring to class something to represent songs. Otis brought an apple, Jesse an apple and Wilburn an old whip.

Miss Banks: "What does the apple represent?"

Otis: "In The Shade of The Old Apple Tree."

Miss Banks: "The Banana?"

Jesse: "Yes, We Have No Bananas."

Miss Banks: "and the whip?"

Ham: "Thanks for the Buggy Ride."

O. D.: "Your face would make a clock stop."

Leora: "Well yours would make one run."

Mr. Williams: "Are you sure now, are you positive that this a beefsteak?"

Walter: "Sure it a beefsteak. Watson matter?"

Mr. Williams: "Well when I find a common fly buzzin' around the steak, I think nothing of it, but when I find a horse fly—darned if I don't get suspicious."

Miss Banks: "Sidney give me a sentence using suitable."

Sidney: "I took Stella Mae Parks to a picnic last summer and I satiate a lot."

Mr. Holmes: "Kyle, will you tell me what a conjunction is and give me a sentence containing one?"

Kyle: "A conjunction is a word that connects anything, such as 'The horse is hitched to the fence by his halter.' Halter is the conjunction cause it connects the horse and the fence."

Mary: "Did you notice that pile of wood in the yard?"

Hobo A. T.: "Yessum I seen it."

Mary: "You mean you saw it."

Hobo A. T.: "No'm. You saw me see it, but ain't seen me saw it yet."

FLOWERS

Natural flowers are blooming by the million in the fields.

They can be seen by the thousands of travelers upon wheels.

Their sweet odor is mixing with the passing spring breeze.

While the happy little animals which borrow in the ground.

And the millions of small insects are finding food all around.

Our aesthetic natures are improved by the rich colors.

As we view the pretty shapes of the unnumbered blooms shine.

In the transparent atmosphere of these undulating Plains.

We are made to wonder and admire, as our aspirations raise

The ministry of beauty is now evident to all who will see:

The ministry of music, beauty and imaginative love will hasten.

To protect the pleasure of hope and faith and love here.

It should help us to grow stronger

in personality, without fear.

While I am writing these lines about the dainty little flowers, many people in automobiles of different kinds are passing fast. Enjoying the natural scenes which border the highways of our land. Extending through this developing land, where opportunities last.

Things of beauty are joys forever.

here as everywhere now.

They cheer the fellow in the fertile fields, as he follows the plow. Mighty forces are at work in the distilling process in flowers.

Lovely and sweet are the little blooms so dainty and rare.

The birds, bees, beetles and butterflies are with them everywhere.

We love to see the fine shapes of the blossoms and smell the sweet odors as they rise and float in the air here.

They are blooming for you and for me, all we have to do is to see.

That the men's are now clothed with the beauty of finest color.

As the stars shine in the midnight heavens, so shines the flowers.

Down here on this earth.

John Stanford.

CARRIED HIS MOTHER-IN-LAW

A Chicago beef pucker named Young. One day when his nerves were so strong.

Pushed his wife's ma, unseen, into the chopping machine.

And carried her, and labeled her tongue.

"BUY IT WHERE THEY HAVE IT"

Prof. Toone Will Head Our Schools Again

Prof. W. B. Toone, who has been with us for his first term, was, we understand reelected to head the city schools again for another year, and will help and recommend to the board the faculty to help him again next year. So far as we know, none of the faculty for the next term have as yet been named.

We have heard but little complaint of the school the past term. There is always some, much of which is hearsay, and no intelligent board will pay much attention to it. On the other hand, we have heard more favorable comment on the term now under way than any for the past several years. Prof. Toone now has a better grasp of his duties, having had a term to familiarize himself with it, and we are sure that the next term will be even superior to this one.

We are authorized to announce that Elder S. S. Bozeman, of Portales, N. M., will preach Sunday morning at 11 o'clock at Union. His subject will be the three dispensations, Patriarchal, Mosaic and Christian. Everybody invited to attend.

NOTICE OF SHERIFF'S SALE

The State of Texas, County of Terry.

By virtue of an Order of Sale issued out of the District Court of Terry County, Texas, on the 7th day of March, 1929, on a judgment rendered in said Court on the 15th day of February 1929, in favor of Nelson W. Willard against B. B. Peters and Etta Peters, No. 1099 on the Docket of said Court, for Two Thousand Eight Hundred Ninety and 22-100 (\$2890.22) Dollars, with interest and costs, and for foreclosure of vendor's and deed of trust liens on the East Half (E 1/2) of Section No. Ten (10), Block DD containing 80 acres of land, and the West Half (W 1/2) of the Southeast Quarter (SE 1/4) of said Section No. Ten (10), Block DD, containing 80 acres of land, all in Terry County, Texas, I did on the 7th day of March, 1929, at 10:00 o'clock A. M. levy upon the above described property, and on the 7th day of May, 1929, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M., and 4:00 o'clock P. M. on said day, I will offer for sale and sell at public auction for cash at the Court House Door of Terry County, Texas, in the Town of Brownfield, all the right, title and interest of the said defendants in and to the above described tracts of land.

Witness my hand this 2nd day of April, 1929.

J. M. TELFORD,
Sheriff Terry County, Texas.
By A. J. Fowler, Deputy.

HAHN'S SERVICE STATION

THESE SPRING FOODS ARE VERY TEMPTING

The poet sang, "In the spring the young man's fancy lightly turns to thoughts of love." We might change the line and say, "In the spring the housewife's fancy sadly turns to thoughts of food," for the woman who doesn't find spring the hardest time of the year in which to plan meals is an exception.

To enable housewives to more easily plan their springtime menus the Oklahoma Farmer-Stockman has published in its April 1 issue many spring recipes from among which the following have been selected:

Rhubarb and Rice Pudding—

Cook 1 cupful of rice in 1 quart of boiling, slightly salted water until the grains are tender but not mushy. Drain off the water, saving it for use in gravy. Beat three eggs until light, and add one cupful of sugar, beat again, and add one cupful of milk. Mix this with the rice.

Peel and cut into 1-2 inch slices 3 cupfuls of rhubarb. Roll in sugar.

Into the bottom of the pan put a layer of the rice mixture, spread with a layer of rhubarb, then more rice, another layer of rhubarb and put a thin layer of rice on top. Bake in a moderate oven until the rhubarb is tender. Serve either hot or cold with cream.

Spring Pudding—

Into the top of a double boiler put 1 cupful prune juice, 1-2 cupful hot water, 2 cupfuls rhubarb cut fine, 1 scant cupful sugar, 20 prunes with stones removed and 1-2 cupful tapioca. Cook over hot water until the tapioca is done, stirring frequently. Cool and serve with cream.

Easter Salad—

Boil 6 eggs hard. Remove shell and cut in two. Remove yoke and mix with 1 tablespoonful chopped onions, 1 tablespoonful chopped parsley, 1 tablespoonful chopped pickles, 1-4 cupful chopped celery, and salt and pepper to season. Lay the whites of the eggs on lettuce leaves and pile the yoke mixture in them lightly. Top with a spoonful of mayonnaise dressing.

The most of our bankers were in Lubbock Monday, to attend the South Plains Bankers Convention. They reported some good talks, and good entertainment.

THE JOHNSON NEWS

The Dumb Dora Club met at Miss Ruth Gores, Tuesday, April 16, where the games, "42," "bridge", and "Flinch" were played, Mrs. Ruby Snow winning high score.

Afterwards refreshments consisting of pineapple salad, stuffed olives, cake and ice-cream were served to the following: Misses Janette Stice, Ruth Hill, Alice Lee, Ruth Gore, Zora Lee and Mesdames: Stice, Teague,

Snow, Jenkins, Snow, and Winn. They will meet again next Tuesday at Mrs. Foster Winn's.

The boys Sunday school class will entertain the girls Sunday school class, Friday night, April 19.

Miss Ruth Hill has been bothered considerably with "flat tires" on her Ford in order to have an excuse to talk to some of the boys.

We will probably be back again next with more news than this week. Senoritas.

NOW
as never before
you should be careful
about lubrication

THE lubrication requirements of the present high speed motors are most exacting. With their fine adjustments, these motors will not operate efficiently with every oil. They require a lubricant which is made especially to meet the particular conditions which they have created.

That's why it's most important to always specify the oil you want—and it will pay you well to insist always on a brand which has back of it the resources and experience of the Continental Oil Company. Then you will always be sure to get the right oil—in the grade made especially for your motor.

Ask for these brands at the better service stations and garages.

CONTINENTAL OIL COMPANY

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming.

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts.

Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

FITZGERALD FILLING STATION

THE NEWSPAPER

Where do you obtain your knowledge of current events, science, politics, and the greater part of your education?

From your newspaper.

When your merchants need business, through what medium do they obtain it?

Your newspaper.

When the community and the churches, schools, civic and welfare organizations of the community need community action and cooperation, to what do they appeal?

Your newspaper.

These are some of the reasons why the newspaper is your newspaper and why communities are only as strong and progressive as their newspapers. If there is one quick cure for community somnolence, it is a wide awake newspaper.

The first duty of a newspaper is to transmit to its readers the thoughts and activities of humanity at home and abroad, but the value of that other department of the newspaper—advertising—should be overlooked by no one. The public anticipates its shopping by scanning the advertisements in the newspaper, and merchants anticipate their business by newspaper advertising. Advertising is a mutual proposition between all con-

cerned.

Before the rise of present intensive newspaper advertising the public was powerless to plan its buying. Money, time and dissatisfaction was the price paid. At the same time merchant had to be content to wait for business and the most of it came Saturday afternoon and evening, seldom on Mondays, and never in the morning. Newspapers and universal employment and appreciation of newspaper advertising permits the public to plan its shopping and has made business for every week day.—Belleville (Ill.) Advocate.

3 Glasses Water Help Constipation

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adlerika) to each glass. Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. Alexander Drug Store.

UNQUENCHABLE optimism seems to be one of God's gifts to fools.

WATCH YOUR CHILD'S HEALTH CONDITIONS CLOSELY

"Early Discovery—Early Recovery." This is the slogan for the 1929 Early Diagnosis Campaign, being conducted in the United States during the month of April by the National Tuberculosis Association and its affiliated state and local associations, according to Lewis E. Bracy, Executive Secretary of the Texas Public Health Association.

The 1929 Early Diagnosis Campaign aims to continue last year's appeal to adults: "Let Your Doctor Decide," with an additional emphasis on children.

"Not that adults should be forgotten in the search for the child," said Mr. Bracy. "It is from them that the child becomes infected. But we must expand our view of tuberculosis to include the possibilities of the very early stage of the disease in children—we must discover it in the antecedent condition during childhood before it becomes pulmonary tuberculosis at all. A long step forward in the control of tuberculosis will have been taken when parents become impressed with the significance of lung-land tuberculosis, when general practitioners keep this condition constantly in mind, and when its importance is fully realized by those in charge of the health of children in schools."

The tuberculosis associations urge that everybody, children and adults alike, have a thorough physical examination by a licensed physician at least once a year, whether they appear to need it or not. In addition to which a physician should be consulted at the least indication of any of the "danger sign" of tuberculosis, which are: "Too easily tired, loss of weight, indigestion, cough that hangs on."

VALUABLE BY-PRODUCT

"Has putting in that lunch counter helped your business?" asked Jones of the druggist.

"Well, it has about tripled the sale of indigestion tablets," he replied.—Pathfinder.

We have been cheered mightily by an economist's declaration that no good business man is ever entirely out of debt.

Support the Chamber of Commerce.

Georgia Miss Lawyer at Age of 19 Years

Decatur, Ga.—At the age of nineteen, Miss Irma von Nunes is a lawyer, although she never went to law school.

The nineteen-year-old girl was admitted to the bar recently, the Georgia regulations allowing minors over eighteen to the bar, provided they pass the state examinations creditably.

Her first case was a divorce suit. She also has been before the state Supreme court in a damage suit action, still pending.

Bright-eyed and cheery-faced, the young girl believes herself the youngest woman lawyer in the United States. "I never heard of any one younger, have you?" she asked the interviewer.

Her father, Tillou von Nunes, in whose office she practices, coached her after she graduated from high school, and so good a tutor was he that the state bar examinations were passed with honor in June, 1928.

Divorce cases interest her most, she said. The girl thinks folks marry too hastily and regret too soon.

Uncle Sam Owes Debt to Former Employees

Washington.—Fifty thousand persons in the United States can have an average of \$20 each from the government merely by asking for it. But they don't.

They are former employees of the United States who paid from 2 1/2 to 3 1/2 per cent of their monthly salaries into a retirement fund and then evidently forgot it. The retirement division of the pension bureau is trying now to locate them.

Nearly all these persons, the bureau explained, remained in the government service but a short time and then went elsewhere. When they left they either forgot the money they had paid to the retirement fund or else left it with the government, thinking it would draw interest. But it does not.

Last year the comptroller general called on all government departments to make a list of former employees to whom refunds were due. A list of \$5,000 of the 50,000 has been compiled to date.

Many of these were employees in navy yards, post offices, or the veterans' bureau. Some of them have only a few cents due them. Others have \$500 or more.

Uncle Sam doesn't want to keep the money, for there are none of his accounts to which it can be permanently and legally credited. But he is having trouble in finding its rightful owners.

Horse Thought Lame Wins Big Fortune

Berlin.—A shot that was not fired brought a fortune to Baron von Oppenheim, one of the leading sportsmen of Germany.

The baron, who owns a great racing stable, had among his lot a horse called "Oleander," which in 1926, had won a few races. One day it fell and could not get up again. Veterinary surgeons and other experts tried in vain to cure the horse. Finally they declared it had broken its pelvis and that nothing could be done but shoot the animal.

The trainer refused to kill the horse. For days and weeks he delayed the execution till finally Oleander got on its feet again. It raced during the 1927 season, won numerous races and brought his owner winnings totaling 103,000 marks (\$25,000).

Came the season of 1928. Oleander cantered from victory to victory, won even the Austrian Grand Prix and gained the greatest sum ever won by a German horse in one year, 250,000 marks (roughly, \$60,000).

Baron Oppenheim is said to have become somewhat skeptical about the knowledge of "experts."

Hundreds in Florida Live on Fur Industry

Arcadia, Fla.—Florida, wintertime haven of the wealthy, boasts an industry normally attributed to the Far North in a fur trade that brings revenue to hundreds of trappers in this section.

Florida furs—raccoon, opossum, bobcat, skunk and fox—are to be found in many, many markets. Fur buyers with headquarters here estimate the annual income of the trappers who market skins and pelts for 50 cents to \$1 each at nearly \$15,000.

Alligator skins make up a large part of the trade in pelts. Good skins generally bring about \$3, with no greater price to the seller for a fifteen-foot skin than for one seven feet in length.

Every Thirty-Second Dane Owns an Auto

Copenhagen, Denmark. — Denmark may lag behind California and Kansas in the number of automobiles owned per family, but 80 per cent of all cars sold in this little country in 1928 were of American manufacture. Sales of automobiles increased 17 1/2 per cent during the year, and now every thirty-second Dane owns a car, instead of every thirty-seventh, as in 1927. There are 107,971 motor vehicles in the country.

The medium-sized car is gaining favor.

Sit Right in the Center all the Time

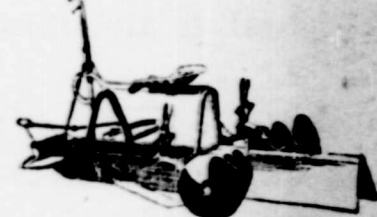

THE CASE 2-Row Lister Cultivator is equipped with a seat centering device so that the operator is always right in the center—even when turning at ends of field or when working on side hills. In this position, the weight is always equally distributed and the levers do not interfere with the operator's comfort.

Machine is so balanced that operator's weight is applied to shovels and disks in proportion to pressure required.

This cultivator can be used with disks and shovels or knives and shovels as shown in illustration. Small hand lever adjusts disks to any angle and convenient levers control depth of both disks and shovels.

Frame is all steel. Disk bearings are hard maple. Come in soon—you've got to see this cultivator to realize its outstanding advantages.

CASE 1-Row Lister Cultivator with 3 reversible disks on each side. Steel wings level tops of ridges.

Humming Bird
Full Fashioned Hosiery

*The Smartness of Youth
The Splendor of Royalty*

More convincing than columns of claims for Humming Bird Full Fashioned Hosiery, is the fact that the same patrons purchase these fine stockings repeatedly.

Whether "style" or "wear" rules your choice, Humming Birds will win your favor. Amazingly sheer, with narrow hems, gracefully proportioned heels, sandal soles, invisible reinforcements. Considerably longer than the average hose.

COLLINS DRY GOODS COMPANY

We Give and Redeem Gold Bond Saving Stamps

The Babb Dry Goods stock is being moved to Snyder this week, where they have a good location on the court square. Messrs. Babb and Howard have made many friends during their short stay here, and Mr. Howard informed us that it was his ambition to open up a permanent store in Brownfield some day.

Lee (Arkansas) Farris, one of our local fiddlers, received an invitation this week to attend an old fiddlers contest at Roppsville, on May the 4th, to be held under the auspices of the Parent-Teacher Association up there.

HOW REAL COWBOYS SING THEIR SONGS

FORT WORTH—"If the cowboy sang his songs as most radio entertainers sing them, he'd get the breath knocked out of him," says Prof. Newton Gaines, head of the physics department of Texas Christian University and immediate past president of the Texas Folk-Lore Society.

"The real cowboy has to use 'horse rhythm' in his singing," Gaines points out. "It is the rhythm of his working day in the saddle."

Prof. Gaines has spent several years on West Texas ranches. He sings cowboy ballads as the working cowboy really sings them. He plays his own accompaniment on the guitar.

"The music of the cowboy song can usually be traced by the expert musician to some popular song of the '70s and '80s," says Gaines, in describing the music of the cowboy. "Yet, in almost every case, one finds that the cowboys have altered the rhythm and melody to suit their pioneer experiences and feelings."

"The rhythms of the cowboy songs correspond to the three gaits of the ordinary Texas cow pony—the walk, the trot and lope."

According to Gaines, the ex-cowboy songs are characterized by freedom of expression, the persistent use of the first person, and the soft singing of the verses.

"Contrary to popular belief," he says, "the cowboy usually sang his songs in soft tunes. His night-herding songs were always croons. Loud singing would have had a disquieting effect on the cattle. Ninety percent of a cowboy's singing is done with no one around."

SCIENTISTS STUDY METHODS TO INCREASE SIZE OF MAN

PHILADELPHIA, April 18.—Tools that science is making to change human beings were described at the annual meeting of the American Philosophical society today by Dr. Oscar Riddle, of Carnegie Institution, Cold Spring Harbor, N. Y.

Changes forecast are increased stature, types of men specially resistant to disease, men with "overtowering intellect," made "new and mellow tint to every outlook upon life."

Expected to control size is the hormone of the pituitary gland, an organ common to men and animals. After describing how feeding it to salamanders and rats nearly doubles their size, Dr. Riddle said:

"In these cases very large stature is a gift within the power of the experimentalist who is learning the use and special power of a specific hormone even while this substance is obtainable only in a very crude form. But this internal secretion is of much significance, since active and able attempts are now being made to isolate it in pure form; and because, when that is accomplished, this product will unquestionably and immediately be used to increase the growth of human beings."

"The medical profession will doubtless use it first to bless the diminutive among us; but there is much reason to expect that with this agent the physician, or perhaps the experimentalist, will also be able to add a cubit or two to the stature of the offspring of all of us."

Ranchmen tell us that range conditions are the best for the time of year than at any time in several winters. The cattle came through the winter in better shape and with less feed, because of fine winter grass and little bad weather, and with new grass will soon be ready for the market.

In addition to the public schools and state supported higher institutions of learning, there are in Texas more than 100 educational institutions of university, college and sub-college rank supported by churches, private individuals and endowments.

O'DONNELL SECTION VISITED BY HAIL

County Commissioner T. J. Yandell of O'Donnell was here Tuesday and stated that a terrific hailstorm visited O'Donnell and a portion of the contiguous territory last Sunday afternoon, working havoc with fruit and gardens in the path of the storm. A strip about a mile and a half wide and of undetermined length extending from the northwest to the southeast suffered terribly. The hailstones were not large but the down pour was heavy drifting to a depth of eight and ten inches in some places. Mr. Yandell reports that his garden and fruit were utterly destroyed. A heavy rain accompanied the hail.—Tahoka News.

Frank Swenson was in this week and purchased wagon sheeting with which he aims to cover his tractor, using wagon bows for the rafting. He says it will not only make it more comfortable for the driver during hot summer days, but he figures it will help greatly to keep the tractor cool.

J. T. Auburg, local watchmaker, is on the sick list this week.

Mrs. Elsie Sudduth has as her guest her sister, Miss Baltzell of Oklahoma City.

Lewis Whitaker, employee of the Herald office, spent the week end with his parents at Seminole.

SHERIFF'S SALE

The State of Texas, County of Terry.

Whereas, by virtue of an execution and order of sale issued out of the district Court of Terry County, Texas, on a judgment rendered in said Court on the 15th day of February A. D. 1929, in favor of Brownfield Independent School Dist. and against J. M. Williams No. 1063 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 23rd day of March A. D. 1929 at 11 o'clock A. M., levy upon the following described tracts and parcels of land situated in Terry County, Texas, and belonging to J. M. Williams to-wit: Lots Number Eleven and Twelve in Block No. 83 of the original Town of Brownfield, Terry County, Texas on the 7th day of May A. D. 1929 being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Terry County, Texas, in the town of Brownfield, I will offer for sale and sell at public auction, for cash, all the right title, and interest of the said J. M. Williams in and to said property.

Witness my hand, this the 10th day of April A. D. 1929.

J. M. Telford, Sheriff of Terry County, Texas.

CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Yoakum County, Greeting:

You are Hereby Commanded to summon Roy Kendall, the unknown heirs of Roy Kendall, if he be deceased, and their heirs and legal representatives, by making publication of this Citation in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Yoakum County, to be holden at the Court House thereof, in Plains, Texas, on the Second Monday in June, A. D. 1929, the same being the 10th day of June, A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of April, A. D. 1929, in a suit, numbered on the docket of said Court as No. 218, wherein Edward Randall, Mary Manson Ellis, Nolan V. Ellis, and Edw. Randall Manson are Plaintiffs, and Roy Kendall, the Unknown Heirs of Roy Kendall, if he be deceased, and their heirs and legal representatives, are Defendants, and said petition alleging that the plaintiffs are the lawful and absolute owners in fee simple, (Edward Randall owning an undivided one-half interest, Mary Manson Ellis an undivided one-fourth interest, and Edward Randall Manson an undivided one-fourth interest), of all of Section No. 857, Block "D", John H. Gibson Certificate No. 145, containing 640 acres of land, in Yoakum County, Texas, and entitled to the possession thereof; and that plaintiff also have and hold title to said land under the Three, Five and Ten Year Statutes of Limitation. Plaintiffs pray judgment against all of the defendants for the title to and possession of said land; for damages; writ of possession; and all such other equity, general and special, to which and further relief, both at law and in equity they may be entitled.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Plains, Texas, this the 9th day of April, A. D. 1929.

W. H. Hague, Clerk, District Court, Yoakum County.

May Queen Selected

Miss Christova Sawyer daughter of Mr. and Mrs. M. B. Sawyer, will be crowned Queen of the May, Tuesday evening on the vacant lot east of Mr. Albert Enderse's home, at a beautiful May festival.

Miss Lenore Brownfield will be her maid of honor and Miss Mary Ann Bell, the duchess of Brownfield.

Boy Scouts Pass Tenderfoot Test; Receive Badges

Scoutmaster H. C. Clapp and three Lubbock Scouts visited the local scouts Tuesday evening at the American Legion Hall. Many of the parents were guests of the boys.

Seven of the boys passed the tenderfoot test and received their badges. They were Clyde Dallas, B. F. Moore, Weldon Moore, Dean Wilkins, Kyle Adams, James Harris and Austin Green.

Picnics Becoming More Popular

The first beautiful days of spring have caused the minds of school pupils and adults as well, to turn to the great out-of-doors and picnics and hikes have thus become very popular.

Wednesday afternoon Mrs. Leo Holmes and Principal Williams took the seventh grade pupils out to Salt Lake for an outing. Besides the pupils several of the parents went. They were Mesdames Bandy, Hamilton, Barrett, Rickels, McClish and Mr. and Mrs. Davis.

On Wednesday at noon Miss Grace

Hulse took the low fourth grade to the railroad crossing for a picnic at noon.

Primary Sunday School Picnic

(Reported too late for last week)
Mrs. Boone Hunter and Mrs. Elridge Singleton accompanied twenty-one pupils of Mrs. Hunter's Sunday School Class Wednesday for a party and picnic combined. The beautiful lilacs and plum blossoms was the first welcome in which were hid all day suckers for the children. Kathryn Bynum found the most.

Lemonade and cake with other good eats were served to the children. The children went home saying they had the best time they ever had.

Spanish Class Picnic

The members of the first year Spanish Class went to the Brownfield Ranch Thursday evening for an outing. A delicious picnic lunch was taken and the usual good time had. Several Spanish games were played. About thirty students were present with Miss Long, Mrs. Simon Holgate and Mrs. Owens.

Beginner's Class Entertain Primary Class

The Beginners Class of the Methodist Sunday School with Miss Mozelle Treadaway as teacher invited the Primary Class with Mrs. Boone Hunter as teacher to a picnic Tuesday afternoon at the Swimming Pool. After many games were played, a good supper of sandwiches, cakes and fruit was spread.

Forty children were present with the following parents as guests: Mesdames Glen Harris, Claude Jackson, J. B. Jackson, Cliff Fitzgerald, Cecil Smith, Mr. and Mrs. Coleman and Mr. Wheeler.

Mr. and Mrs. W. F. Davis has been the guest of her brother, W. R. McDuffie and family. Saturday, they and Mrs. McDuffie left for San Antonio and Ennis.

Miss Addie Hamilton Entertains With Theater Party

Miss Addie Hamilton entertained the Thursday Evening Bridge Club with a theatre party Wednesday evening at the Rialto Theatre. The guests met at the Palace Drug Store and from there went to the Rialto to see the "Greyhound Limited." The guests were then taken back to the Palace Drug Store where they were served ice cream and angel food cake.

The guests were Misses Olga Fitzgerald, Eunice Banks, Bess Baldwin, Marie Bell, Larue and Christova Sawyer, Lucille Flacho and the hostess.

Kill-Care Entertained By Mrs. Collins

The Kill-Care Club resumed its meeting again when it met with Mrs. W. H. Collins Wednesday afternoon at four o'clock.

Bridge was the diversion of the afternoon with Mrs. May scoring high and Mrs. Michie next to high. A pair of silk hose going to Mrs. May and a pretty library table runner to Mrs. Michie.

Concluding the games a pretty plate lunch consisting of chicken salad, sandwiches, frozen pear salad, olive, potato chips, iced tea, pineapple ice cream and cake was served.

The bridge guests were Mesdames McBurnett, R. L. Harris, McGowan, Michie, May, Shelton, Claude Hudgens, Knight, Self, McDuffie, Davis of Ennis, Hopson, Morgan Copeland, Stricklin, W. C. Smith and Miss Bess Baldwin.

Friday Forty-Two Club

Mrs. Pat Brothers was hostess to the Friday Forty-Two Club Friday afternoon at four o'clock. The cut prizes went to Mrs. Walter Gracey and Mrs. C. R. Rambo; Mrs. Gracey receiving a large bouquet of artificial flowers for high and Mrs. Rambo, a pretty picture for low.

To the following members and guests was served a delicious salad course: Mesdames Ditto, C. R. Rambo, Virgil Bynum, Harry Longbrake, Thas. Hamilton, John Scudday, Frank Ballard, Howard Swan, Walter Gracey, J. H. Griffin, Webber and Kendrick.

Brownfield Boy Wins In Races At Tech

James Harley Dallas who is attending the Tech won three first places in the athletic contests between the Tech and Simmons University Monday. He goes to Canyon today (Friday) for the contests.

Woodman Circle Meet

The Woodmen Circle met in a regular meeting Thursday night at the hall. The teams were in good shape to initiate four new members—one new member was accepted by transfer from Palestine, Texas.

Following the lodge meeting a birthday party was given by Mrs. Gusie Moore and Miss Marie Brown.

Dixie ice cream and cake were served to the twenty-three members present.

Maids and Matrons Meet

A very interesting meeting of the Maids and Matrons Club was held Tuesday afternoon at the home of Mrs. Jack Stricklin with Mrs. Stricklin and Mrs. Randal as joint hostesses. Professor Murphy completed the study of the "Resurrection" and lectured also on Thomas Hardy's "The Return of the Native."

Delicious sandwiches and iced tea were served to members and guests who were Mesdames Dallas, Boone, Homer Winston, Boone Hunter, McGowan, Walter Gracey, Bowers, A. M. Brownfield, Dodson, Coleman, Cecil Smith, Simon Holgate and Misses Fay Martin, Elizabeth Dumas, Eunice Banks, Grace Hulse and Ina Patterson.

The next meeting will be at Mrs. McGowan's with Mrs. Walter Gracey and Mrs. J. E. Shelton as hostesses. The English novel "Nocturne" by Swinnerton will be studied.

Matinee Party For Low Second Grade

Mrs. Arnett Bynum gave her school class, the low second grade, a matinee party Saturday afternoon at three o'clock at the Rialto Theatre. A Rin Tin Tin picture was enjoyed by all the children. Pop corn and can-

children were served to the thirty-three children present.

Misses Winnie and Georgie Hyman, popular nudes of the Lubbock Sanitarium spent the week-end with home folks, Mr. and Mrs. J. L. Hyman.

Bob Bowers was in Plainview and Amarillo Sunday and Monday on business.

Mr. and Mrs. Fred Smith and children visited his brother in Hollis, Oklahoma the latter part of the week.

Miss Rossie Mae McCaslin who is teaching at Lubbock spent the week-end with Mrs. Leo Holmes and Mrs. Boone Hunter.

Reverend and Mrs. E. V. May visited his uncle at Wilson, Friday.

Mr. and Mrs. Marion Brock of Childress spent the week-end with his uncle, W. I. Lovelace and family.

L. C. Wines made a business trip to Littlefield Sunday.

Mrs. H. W. McSpadden and sister, Mrs. Glocker of Jacksboro, are visiting a sister in Shallowater.

Mr. and Mrs. J. B. Seale and Mr. and Mrs. Robert Garvin, all of Abernathy attended the Singing Convention Sunday and visited their sister, Mrs. Lawrence Green. Mrs. Seale and Mrs. Garvin will be remembered as Misses Dorie and Francis Watts who formerly lived here.

Mr. and Mrs. Kyle Graves returned Sunday to their home in Stephenville after a short visit with her parents, Mr. and Mrs. L. F. Hudgens.

Miss Espie Castleberry who is teaching at Scudday spent the week-end with Mrs. Bowers.

J. C. May and family of Post visited his brother, Rev. E. V. May and family during the week.

Mrs. Joe Bailey and baby of Lubbock have returned home after a visit with her parents, Mr. and Mrs. A. M. Brownfield.

Messrs Tom May, Marion Craig, Ike Bailey, Bob McDonald and Crow of Seagraves left Friday for El Paso where all except Mr. May will take the Scottish degrees. Mr. May has his degrees.

Mrs. Simon Holgate, Mrs. Earl Williams and Mrs. W. W. Price and Miss-

Larue and Christova Sawyer attended the District Meet of the Inter-scholastic League at Lubbock, Friday.

Sunday School Class Organized

(Reported too late for last week)
The T. E. L. Class of the Baptist Sunday School met at the church, Monday afternoon, April 15 and organized.

With the teacher, Miss Annie Long presiding the following officers were elected: Miss Long, teacher; Mrs. W. H. Collins, president; Mrs. Lulu Smith first vice-president; Mrs. Earnest Baker, second vice-president; Mrs. L. J. Dunn, third vice-president; Mrs. Sam Pyeatt, secretary-treasurer; Mrs. Loyce Floyd, reporter.

The members present were Miss Long and Mesdames Jones, Smith, Baker, Murphy, Davidson, Lovelace, Floyd and Glover.

Mrs. Allen of Lubbock and Mrs. Andrew Green were Sunday morning visitors.

Young Women's Missionary Society

The Young Women's Missionary Society of the Methodist church met Thursday afternoon with Mrs. Olie Stice for the usual missionary lesson. The members were Mesdames Boone Hunter, Finney, Knight, Cecil Smith, Colman, Moore, Owens, J. C. Hunter and M. L. Jones with Mrs. John Powell as guest.

Dorcas Class Meeting

The Young Married Women's class of the Baptist Sunday School met at the church Monday afternoon and completed organization. The name "Dorcas" was adopted; colors, lavender and white; aim, "to minister to others;" motto, "full of good works and alms deeds;" Scripture verse, "Trust the Lord and do good;" song, "Help Somebody Today."

Everyone is invited to visit this class at the lesson hour on Sunday morning.

The following members were present: Mesdames Murphy, Davidson, Baker, Alewine, Jones, Dunn, Floyd and Miss Long.

Baptist W. M. U.

All of the circles of the Baptist Women's Missionary Union met at the church Monday afternoon in a general business meeting. Big plans were made for the Associational Women's Missionary Union Institute that will be held here at the church

Thursday and Friday. Plans were also made to entertain the Federated Missionary Society Monday afternoon.

Mrs. Lawrence Green, first vice-president presided in the place of Mrs. W. W. Price, president, who was ill. Reports were read by all the circles with the Louise Willis Circle leading in attendance. Twenty-eight members were present.

Program For The Federated Missionary Society

Opening Song.

FASTEST DANCING SHOW ON THE ROAD

Singing, Dancing and Music—As You Like It
Special Scenery and Lighting Effects!

Cye Tankersley and "Blackie" Mustian, of this city, proprietors of the City Tailor Shop, were visitors to Lockney, Monday of this week where they were negotiating for some machinery for their shop here. They informed us upon their return that they had not at that time closed any

definite deal for the plant up there, which they contemplate moving here if the deal goes through.

The proposed 13-month year is probably planned on the theory that one can dodge 13 bill collectors as easily as 12.

MEADOW BRIEFS

(By Aesculapias)

There was a very large crowd in Meadow last Saturday, much larger than usual, and all the merchants appeared to be doing well. They would doubtless do much better if they would advertise in our county paper as we now have no way to reach the communities east and west of us. Our sister village of Ropes has a paper and is making it interesting for the merchants here. Very many who would come here are carried away by published prices of articles advertised in our county paper at Brownfield and elsewhere. Why don't some of our merchants try it? The Herald has a large circulation among the farmers, especially west of us and very much of this trade that is going elsewhere has in the past traded at Meadow.

Everything is looking fine and planting is going forward at a rapid pace. The grumbling that has been such a characteristic of previous years, is not indulged in to any considerable extent and the outlook for a crop were never better.

The Rev. Atticus Webb, Protestant Pope politically in Texas is billed to address the citizens of Meadow Tuesday night the twenty-third, at the School Auditorium. All is not well in the Dry Ranks and a campaign of propaganda seems to be the order of the day, in view of the Commission that is now being formed by the President to inquire into Enforcement. He is the Titular Head of the Anti-Saloon League in Texas and should be able to tell us much that would justify its existence.

Our Governor has submitted to the Called Session of the Legislature, only three bills: Civil Service, Public Utilities and The Penitentiary Centralization. All these were defeated in the regular session and were also sponsored by the Governor. Will he be able to whip them into line this time to reverse their former action?

The health department of the State is now urging a war on typhoid fever. There was something above 400 deaths from typhoid fever in Texas the past year; all could have been prevented if proper measures had been instituted. Most of these deaths occurred in the cities and towns of the country. The water supply, milk supply, and immunization with typhoid vaccines, should be looked after. Parties taking holiday trips should protect themselves by vaccination before starting. We don't know the sources of the water supply at the various service stations throughout the country where most of us take water on our outings. It is therefore imperative that vaccination be had before starting. Preventing is better and surer than cure.

THE CONSIDERATE BOSS

Hired Man (mopping his brow)—Gosh, boss, it ain't much fun workin' with the thermometer 98 in the shade. Farmer Haystack—Well, what's that to you? I'm not askin' you to work in the shade, am I?

Dee Elliott was a visitor in Lubbock, Monday.

Local Church "Dolling Up" Inside and Out

A contract was recently let to John Scott and a crew of painters to repaint and repaper the local church of Christ, as well as re-vernish the interior. We understand the parsonage will also be given a coat of fresh paint, and in the next few weeks will have on its best spring appearance. The building had begun to need painting and especially papering.

The membership is getting the building in shape for the meeting, which is scheduled to start on Wednesday, the 29th of May, and include the first two Sunday in June. T. W. Phillips, of Oklahoma, will hold the meeting. The services will be held in the church building this year, as the first of June is always rather cool in this section, not to mention possible showers which frequently come at this time of year.

A CLASS PICNIC

(To late for last weeks publication.) Wednesday, April 17, The Seventh Grade enjoyed a picnic at "Seven Lakes" in the Brownfield pasture. We left town about 2:45 o'clock. We watched the boys play football for a while then all spent a wonderful afternoon "playing" "Capture the Flag." We then went back to the cars where we had our lunch consisting of: sandwiches, soda pop, cookies and fruit. We wish to say that we certainly thank those who made it possible for us to go by taking cars and those who went as chaperones, who were mesdames McClish, Barret, Bandy, Holmes, Davis, Hamelton, and Rickels and Messers: Robert Chambliss, Williams and Davis. Those enjoying the afternoon were: Misses Mary Coe, Ruth Adams, Jaunita Tankersley, Kathleen Hardin, Lataine Eicke, Martha McClish, Frankie Rickels, Louise White, Jaunita Murphy, Stella Mae Parks, Leora Proctor, Jaunita Smith, Marie Thompson, Ora Belle Chambliss, Annie Letha Hamelton, Eva Mae Wooldrige, Loraine Thompson, Marie Rowden, Peggy Barley, Mary Handley Enderson, Leila Flacke, Elvena Whisnant, Elwene Sligh, Pauline Wirtz, Christine Thurman, Mary Jane Letsinger, Lillian Thames, Venus Cason, Messers Clifford White, Ray Brownfield Jr., O. D. Huckabee, Samuel Perkins, Jesse Medlin, Wilburn Hamm, Kyle Adams, Charles Barret, A. T. (Battler) Fowler, Otis Moore, Sidney Wheeler, L. E. Bigham, Mitchell Flacke, Bruce Kluting, James Neal, James Parker Davis, E. M. Smith, R. L. Bandy, Wayne Tipton, Weldon Moore, Arnold Burnett, and Richard Kendrick, the Chaperones and mascots were Charles Wayne Bandy and Caroline Jane Harris. Every one reported a wonderful time and went home with only one regret and that was that the afternoon was not longer. Reporter.

H. Bartley of Austin and H. T. Bartley, of Fort Worth, are here this week visiting their sister, Mrs. S. C. White and family, on the farm four miles south of town.

NOTICE OF ELECTION

The State of Texas
County of Terry.
City of Brownfield:
Whereas, the City Council of the

City of Brownfield, Texas, deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned:—

Therefore, Be it ordained by the Mayor and City Council of the City of Brownfield, Texas:—

That an election be held on the 20th day of May, A. D. 1929, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Brownfield, Texas, be authorized to issue bonds of the City of Brownfield, Texas, in the sum of Sixty Thousand (\$60,000.00) dollars, payable as follows:—

\$1,500.00 in each of the years 1930 to 1969, both inclusive, from the date thereof, bearing interest at the rate of five and one-half (5½) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds, and to create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing street improvements in said city as authorized by the Constitution and General Laws of the State of Texas with reference to cities and towns.

The said election shall be held in the Commissioners' Court room in the Courthouse in the City of Brownfield, Texas, and the following named persons are hereby appointed managers of said election:

J. D. Miller, Presiding officer,
J. E. Shelton and J. B. Knight, Judges
Jake Hall and Leo Holmes, Clerks.
The said election shall be held under the provisions of the Constitution and General Laws of the State of Texas, now in force with reference to such elections and bond issues, governing cities and towns, and only qualified voters who are property taxpayers of said City of Brownfield, Texas, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed on their ballots the words:—

"For the issuance of Street Improvement bonds and the Levy of the Tax Therefor."

And those opposed shall have written or printed on their ballots the words:—

"Against the issuance of Street Improvement Bonds and the Levy of the Tax Therefor."

The manner of holding said election shall be governed by the laws of the State of Texas governing general elections.

A copy of this order signed by the mayor of the City of Brownfield, Texas, attested by the City Secretary of said City of Brownfield, Texas, shall serve as proper notice of said election.

The mayor is authorized and directed to cause said notice of election to be posted at the courthouse door, and at one public place of each of the voting places in the City of Brownfield, Texas, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation in said City, to-wit: The Terry County Herald, which notice shall be published once each week for four consecutive weeks to the date of said election, the date of the first publication being at least thirty full days before the date of the election.

Joe, J. McGowan, Mayor
Attest: City of Brownfield, Texas.
Roy M. Herod, City Secretary,
City of Brownfield, Texas. (Seal)
39c.

Born to Mr. and Mrs. Jasper Proctor, on the 4th, an 8 lb. girl.
