

## FIFTY-FIRST PRESS MEET CONSIDERED BEST YET

Editors Wined and Dined Until it Will Take Them Weeks to Get Used to Home Conditions Again. Each City Visited Did Their Best to Please the Publishers.

The writer has not had the opportunity, or at least hasn't taken the opportunity to attend many press association meets. In fact, when we attend just one more, it will make only three so far. We joined the association at Amarillo in 1924 and thought we would attend a great many of them, but somehow opportunity has not made it convenient for us to attend until this year. Perhaps we will get to attend again next year as it will be in San Angelo, we hope so at least. When one fails to attend a few years they get out of line with what is going on, not to mention the fact that they have almost got to get acquainted all over again. But so much for the preliminaries.

### Corpus Christi Show Editors True Hospitality

We were quite a man before we really learned what the word or words Corpus Christi meant, or thought what it meant. We had an idea that the promoters of that city had simply cast about for a pretty name and just happened to hit the nail on the head. It certainly sounds good. It means 'the body of Christ.' And as Christ was the friend of man, the teacher of true hospitality, the dispenser of charity, so has this town with this pretty name followed His example. The Corpus Christians are really friendly; not only friendly but hospitable and charitable, for they not only have their institutions where those needing food and medical care receive aid, but when the Texas editors were there, they realized our incomes were limited and made it rally light on us. In fact breakfast was the only meal they allowed us to buy while in their city, and you know that is usually a light meal with editors as with other indoor workers.

As to the workings of the convention, perhaps you have all that long ago from the daily press. It was a good session, according to regular attendants, and some good ideas were divulged, so we will not dwell on that portion of the meet, but rather give you an insight of the people who make up Corpus Christi, not that we are trying to get one of the prizes offered by that city for the best writup, for men with more talent will cop that, but for the benefit of our readers who wish to visit the coast for a change and outing. Corpus Christi is made up mostly of West Texas people—people of your own ideas and ideals. People of your own thoughts and ambitions. People from your own section of the great state of Texas. Indeed we found in our rounds among them that many were from the Plains and Central West Texas, and are radically a different people from those who make up the citizenship of the cities further east on the coast.

The writer got out among these people; met them in their stores and shops, and even on the streets, for they will talk with you anywhere you meet them. Their hand shake has the real grasp that makes you know they are sincere and glad you are with them. They ask you if you are having a nice time and how you like their city. They want you to come back again and bring others with you. If you inquire for a place more than a few blocks away, we found that instead of trying to give you directions, they will ask you to get in their car and they'll carry you there in a jiffy, carry you in and introduce you.

They have a lovely city with all modern conveniences, fine churches and great schools. They have a wonderful beach and millions of dollars are now being spent on amusement propositions that will attract tens of thousands of visitors from all sections of the state annually. They are making that city a real deep water port with the largest sea vessels loading and unloading there. We mentioned the fact that they ought to have a railroad to this section to bring our corn, cotton, wheat and beef cattle to their port, as it is our nearest deep water port, and we found that they are just as anxious for such a line as we, if not more so, and are working to that end. Such a rail line would mean much to both sections, and turn thousands of tons of freight from the ports further east to Corpus annually. They entertain many conventions annually, but never try to overdo the matter and make a mess of all, but take on just what they can handle with ease, and delegates leave their shores well fagged and entertained, and go home to sing their praises. If another opportunity ever presents itself to vote for the Texas Press Association to go to that city, they'll have our vote with-

### Waco Shows Editors Over Their Fine Little City

Going back a bit, we want to tell the readers of some of the things that happened before the convention city was reached. On arrival of the special train from Dallas at 11 A. M. the Waco people met them at the station, and together with others who had already come into Waco on other roads, they were carried over that beautiful city and were shown all the places of interest, such as the new Borden milk plant, the cement factories, the fine new dam that empounds the waters of five streams which will give Waco enough water to run a city of several times its size, perhaps a half million people. Also beautiful Cameron Park lying along the hills of the Brazos and Bosque rivers was seen, together with the scenic play grounds and country clubs. Baylor University and the most beautiful portion of the residential section of the city was also seen, and by that time all were hungry. This was appeased at the new Hilton Hotel at a great lunch while the Waco orators, noted all over the state told us how welcome we were and how glad they were to entertain us for an hour or two. After lunch we were again carried back to the railroad station.

### Old San Antonio Gives Us a Hot Feed

Arriving in San Antonio toward night, we found it raining, and cool, but that didn't dampen the enthusiasm with which we were received by our host, Col. Huntress of the San Antonio News-Express, so we were taken into huge busses which were provided, and carried for a short "ride" over the city, and ended up at the original Mexican Restaurant, where a dinner of all the hot stuff the sons of Montezuma are capable of making was issued to us in short courses. We don't mean the portions were short, but they were a short time getting each to us. Chili and beans and tamales were all we knew a name for, but all were hot with fire and pepper including the "hereafter" except the near beer which was ice cold and the coffee which tasted natural. We are next carried to the fine new million dollar theatre which was a sight to look at even if no show had been in progress. It is an exact copy of one of the finest old castles in Russia, but they told us that the coat of arms in the lobby was genuine, having been imported at great price. The movie and tonal effect was not up to our own Rialto, for they did not have the tone and motion geared together, but the vaudeville was great. We were next shown the fine new sky scraper home of the Express-News, together with all departments, including new presses which we learned cost close to a quarter million dollars. We were also told that Col. Huntress started 32 years ago as a five dollar a week office boy, and is now a multi-millionaire, but we'll bet two bits he made it outside the newspaper game. Off at one p. m. for Corpus, arriving there Thursday a little after sun up after an all night rain, and where we remained until Saturday afternoon.

### Robstown—Never To Be Forgotten Little City

Corpus Christi feted and entertained the editors and wives and children gloriously, but Robstown a little city of some 4000 people, whose motto is "the biggest little city in Texas," situated in the central part of Nueces county begged for the privilege of entertaining one evening, and after the sessions for Friday were over, enough cars from Robstown came over for the editors to pick up some 400 bodily and transport them over to this fast growing little city, over a beautifully paved highway and through as fine farming section as there is in the United States. On each car was the legend, "Ask Me," but you did not have to ask. From the time you entered their car until the feed was over and you were back in Corpus, someone was telling you the wonders of the Robstown section. But in reality, it is there to speak for itself, and being naturally by inheritance of a rich soil and balmy climate an ideal farming section, it would seem that it needed no boosting, but that is the reason that section is making such wonderful progress. For the past two years Nueces county has been the champion cotton county of the state, last year turning in some 123,000 bales, or more than some states offer for the world. Lots of truck and vegetables.

## A Bumper Crop

## Rousing Western First Grey Talkie Screened

At last Zane Grey's thrilling characters step from the pages of his popular novels onto the screen—and talk. Paramount has made the long awaited entertainment treat a reality and Grey's wonder tale of outlawry on the Western frontier, "The Light of Western Stars," will show at the Rialto theatre, starting Sunday for three days.

"The Light of Western Stars" is like a page torn from the gripping life story of the West. It pictures, in scene and dialog, the last desperate stand of banded lawlessness on the American frontier. Otto Brower, maker of two great silent Westerns, "Sunset Pass" and "Avalanche," and himself a product of the cattle ranges and plain country, directed this picture.

"The Light of Western Stars" brings Richard Arlen forward in his second Western role. Again, as in "The Virginian," he is at greatest advantage in this action-drama of the outdoors. And Mary Brian, the leading lady of "The Virginian," seen recently opposite Arlen in "Burning Up," is the sweetheart. Harry Green, funny man of "Kibitzer" and others has a part.

## Terryite Has State's Highest Test Heifer

According to the Texas Honor Roll as put out by Prof. A. L. Darnell of A. & M. College and published in the Progressive Farmer, Mr. T. L. Causseaux of Meadow had the highest producing junior two-year-old cow in Texas for the month of May.

This cow, Tormentor's Fernette S., has produced over 50 lbs. of fat each month since she has been on test. Another Jersey owned by Mr. Causseaux in her first month has produced 1800 lbs. of milk and 78 lbs. of butter fat which will average 7 1/2 gallons of milk per day and 3 lbs. of butter.

There is considerable interest in Terry County in official testing and herd testing and the results that are being obtained compare very favorably with those over the State both in amount per cow and economical production.

## Holiday Notice For Friday, July Fourth

In commemoration of the Nation's birthday, the local banks will observe Friday, July 4th, 1930 as a legal holiday.

Our patrons are kindly requested to arrange their business accordingly, in order that they may not be inconvenienced.

BROWNFIELD STATE BANK  
FIRST NATIONAL BANK

## County Agent Gives Glowing Club Reports

I have not attended meetings of all the 4-H Clubs since the schools were out, but everyone that I have attended has been much better meetings than we have ever had in Terry county.

This year for the first time the song leaders are taking an active part and the club singing is much better than we have had the previous two years. The club officers are conducting their meetings in a more orderly and systematic manner and with the splendid co-operation from the members they are holding some real club meetings.

Almost every club is holding meetings every two weeks and the reports of the members on their work together with the unexcelled spirit shown that we are still growing in 4-H Club work in Terry County.

At a recent meeting of the County Council, Friday, July 11th was set as the date for the Annual County Club Rally. Each year a day is set aside for all the clubs to come together to listen to interesting and instructive speakers, to sing and to yell, and to have a good time. This year with the Brownfield Band to lead the parade with a swimming match, with each club putting on a twenty minute program, and with other special features as planned by the County Council we are going to have the greatest day that ever was.

Again this year a special train will be run to the short course at A. & M. College. According to plans we will leave here in the late afternoon of Saturday, July 26th and will return August 3rd. Five days of this time will be spent on the A. & M. campus along with about five thousand other farmers, farm wives, and boys and girls. This is probably the largest assembly of farm people that is ever brought together for one week. The programs are so arranged that it is possible to get instruction in every line of farm and farm home work and after listening to able speakers and after talking with people whom you will meet why it is impossible to leave there without being benefitted.

A person may return by way of Galveston and spend one day in that city. Arrangements have been made with a boat company for a 2 1/2 hour boat ride for 25c and reduced rates are offered by the Crystal bath house.

These are the actual and necessary expenses for any one, whether club folks or grown folks: R. R. fare to College and back \$10.05; if the side trip to Galveston is taken it will be \$2.90 extra; registration and room rent \$1.50; Meal tickets \$5.00; food fund \$1.00; boat ticket 25c. Sleepers may be had at an additional cost.

The trip to the short course is not essential to good club work, but it is a pleasant and profitable trip to any boy or girl who can go. It is hoped that each club will try to pay the R. R. fare on at least one boy or girl who has never been there before.

R. B. Davis, County Agent.

We are authorized to announce that Elder Kerby Bentley of Fort Worth will begin a revival meeting for the church of Christ at Wellman, Friday night, July 4th. He will also begin one here for the local church on Friday night before the 1st Sunday in August.

## Only One Month For Candidates to Go Now

Local as well as State candidates are sure getting busy these days, and are out among the voters almost every day. And the voters out in the country are a busy set of men and women, for they have a wonderful season in the ground, and are making each moment count to the best of their ability, so we are sure they spend little time at the end of the rows with the candidates. It is now less than one month till the first primary when the voters will have the opportunity to thin them out to two in a hill.

Unlike two years ago, the candidates have no speaking dates at the school houses that we are aware of, but each are out to themselves mending the fences, and may the best man or woman win. With the fine representation we have in the field, we are sure that it will be almost impossible for the local voters to go far wrong no matter for whom they vote or who is the nominee. Of course in this section, a Democratic nomination is tantamount to election.

But less has been said in our presence about the election this year than we have ever heard this close to election. In south Texas the issues are tightly drawn and everyone is talking the election. When we first went down there, we thought they were talking about some special election, as we had heard so little of the matter at home. A big effort is being made to shake Sheriff Baker of Hidalgo county away from the office this year, but we found he had his supporters and they are not all Mexicans by a long shot. In fact, lots of people in that section think he is about the only man down there that can really put the fear of God in the hearts of these dark people, and we know he cleaned out a rough element of them a few years ago following the robbing of a Missouri Pacific train, at which time some of the train crew met death at the hands of the bandits. Baker will likely be re-elected.

But back to our own section, if others have heard no more about the matter than we, they have no more idea who will be our next officers outside of those who have no opponents, than a rabbit.

## Remedy For Control Of Leaf Insects

This is the time of the year for lice and other insects to attack plants. Lice or any other sucking insect can not be controlled by using an arsenical or other stomach poisons. They can be handled by spraying with a black lefa forty solution, if sprayed on with a pressure pump, or they can be controlled by washing them off the plant by using the hose with a lot of pressure.

Squash bugs can hardly be controlled with any kind of a poison or spray. If boards or other materials are placed around the foot of squash or cucumber plants the bugs will seek shelter under them at nights and they may be killed there. Pulling off the leaves with eggs attached will also help to control this insect.

The Suez Canal is 100 miles long.

## SOUTH PLAINS BASEBALL LOOP OPENS SEASON WED.

Lubbock Met Brownies on Local Diamonds Wed. Afternoon For An 8 to 1 Defeat of Home Boys. Thirty Games of A Splid Season to Be Played For \$400 in Prizes.

Six diamond aggregations of this immediate section will swing into action Wednesday as the first half schedule of the South Plains baseball league gets under way in three Plains cities.

Opening day will find the Lubbock Hubbers arrayed against the Brownfield Nine at the Terry county capital, Staton at Southland and Lamesa at Tahoka.

According to the rules and regulations of the newly-formed circuit, thirty games will constitute the full schedule, the season being divided into two halves. Each team is to play two games a week, on Wednesday and Sunday, between opening day and August 10. Thereafter each club will play three games a week until the close of the season.

The winner of the first half will meet the second half champion in a five game series to determine the full-season title holder. Three hundred dollars will go to the championship club and \$100 to the runner-up. In the event the same team wins both

the first and second half and no play-off is necessary, the team with the second best percentage at the close of the season will be awarded second money.

League officials have decreed that the circuit shall be made strictly amateur. No player is to be paid for his services and any club that employs a player for any particular game, this contest will be forfeited. Advance speculation has made Lamesa and Tahoka the reigning favorites in the new league. Both clubs boasts veteran clubs and will be hard to beat out in the scramble for the prize money.—Lubbock Avalanche.

Well, Tahoka comes to Brownfield, Sunday—and Southland is the only team that has defeated us so far this year.

A meeting of local fans was called Tuesday night this week and T. I. Poor was elected manager and Clyde Bond, secretary and treasurer. All they need now is attendance support to the games. If possible let's give it to 'em.

## Negroes Have Barbecue At Goodpasture Farm

The local colored population enjoyed Emancipation Day, June 19th, in good style last Thursday, and few of them were seen around town from early morning until late afternoon. Heretofore there has been so few of them in this section that they go to Lubbock, Lamesa or Tahoka for the day, but as they were more numerous this year, they decided to stay at home and have their first Juneteenth here.

A yearling was purchased, and barbecued out on the Goodpasture farm near the city, and with other things a real good feed was prepared. Many of their white friends were invited out and a table prepared for them. The whites pronounced the barbecue above the average. In our own old state of Tennessee, an old colored uncle had charge of all barbecues of white people, and they know their okra when it comes to preparing for a barbecue.

In the afternoon, as no colored teams could be had from neighboring towns to play them, a team of white boys played the colored team, which was won by a narrow margin by the white boys. The day is usually celebrated by colored people back east with a dance at night, but as most of the race here are religiously inclined, we understand there was no dancing.

## Elder J. T. Stricklin to Preach Here Sunday

Elder J. T. Stricklin, of Ft. Worth, brother of the editor of this paper, will fill the pulpit here both Sunday morning and night, and he wishes to meet all his old time friends that were here in the early days as well as the new comers. He lived near old Meadow, now Prairieview in 1917 and '18.

As he will bring a good singer there will likely be a singing at the church of Christ in Brownfield, using local leaders as well, and possibly there will be a sermonette in the afternoon also. Nearby congregations are asked to be represented and bring their singers and leaders. If the weather is not too hot, the singing in the afternoon will no doubt be held.

You are invited to come and spend a good day with the congregation of the church of Christ in Brownfield, and you don't have to be a member of this church for this invitation to catch you by any means. Come!

## 4-H Club Winners Call For Their Prizes

Will ask all those who have not collected their prize money to call Saturday and we will have their checks ready. Mr. Stricklin was authorized to pay these accounts while we were away, but the clubs seemingly did not understand. We want to get this straightened up at once.

Also with us solicitors our proposition for clubs to take new subscriptions only, at the rate given during the campaign that is on the 60-40 basis, any club that find a person who wishes to subscribe.

## Tom May Home Badly Damaged by Fire Fri.

A fire alarm was sounded last Friday afternoon about 7 o'clock when Tom May's home was found to be on fire. The boys responded in record breaking time, and although the flames were shooting ten feet above the roof of Mr. May's beautiful two story home the flames were subdued before anything was damaged badly outside the upstairs portion, except from water. All of the upper portion will have to be rebuilt, and possibly refloored downstairs.

No one seems to know just how it got afire, as all the family were away except Miss Rebecca and one of the smaller children, the latter discovering the fire, and Miss May turned in the alarm. But it seems to have taken fire in one of the upstairs bedrooms. We understand that Tom carried considerable insurance which will in a way help pay the damage to his home. Temporarily the May family have moved into a house north of the Downing home.

## Hancock Cafe Prettiest In South Plains Area

The Hancock Cafe in the Hotel Brownfield is now one of the prettiest in west Texas, according to traveling men who make all this section. It has recently been thoroughly remodeled with pretty landscape scenes painted in panel form on the walls. New counters and new linoleum has been put in, and there is no nicer place to eat anywhere.

Mr. Hancock has a large farm south of town on which all the eggs, butter, cream and chickens are raised to supply the cafe, and later pork will be added direct off his own farms. Mr. and Mrs. Hancock go out every afternoon to look after the farm and return with cream, milk, butter and eggs for the next day's run, which is put in the Frigidaire.

## County Candidates to Speak at Places Below

We are authorized to announce that the Terry county candidates have been invited to address the voters in the following communities on the dates indicated at about 8:30 o'clock in the evening.

Harmony	July 2
Johnson	July 7
Needmore	July 9
Gomez	July 11
Union	July 15
Forrester	July 18

Other places may invite the candidates later, and if so the place and date will be given in these columns.

### NOTICE 4-H CLUBS

There will be an important meeting of all the 4-H Club officers in my office Saturday afternoon at 2:30. Matters pertaining to the Club Rally and trips to the Short Course will be taken up. All officers are expected to be present.

R. B. Davis, County Agent.

Great hearts alone understand how much glory there is in being good. Michellet.

### New Invention Great Aid to the Ladies, Says

It is said that necessity is the mother of invention, but a local wag says that observation is often father to the thought. This fellow has done lots of observing around this and other towns past year, and the thought created thereby has resulted in his inventing and perfecting a contrivance that may prove a boon to woman kind.

It is a long handled stocking puller. The contrivance has a small handle, like a feather duster with ring in one end so it can be hung up in the car. The other end of handle has a goose neck like a hoe, at the end of which is two cross pieces in half circle shape, operating like a hair curler, by a lever attached to handle, so that when Milady alights out of the car, she can reach up get this utensil, and modestly pull'em up, without stooping or bother, and causing—some old man out in the street to get run over by another car. He says no telling how many of these automobile accidents, that is said to be "unavoidable" are caused by the present method. He also points out it may be a time saver, for many men in going down town on a hurried errand wont be stopping along, and may finally prevent so many standing around on the sidewalks. Of course pessimistic ladies can carry it around while walking. When we asked him to do some advertising, that this may increase his sales, he said no, this is one time don't believe advertising pays. You see I have mentioned it to several personally, and each man with a family is anxious to buy one or more for his own but indicated he hoped I couldn't sell it to the others.

He has provided the handle in different lengths, and the half circle part in different sizes, running all the way from the size of a key ring to a size of a 36-5-40 heavy duty. Upon request he will demonstrate it here any Saturday evening.—Geo. W. Neil.

We regret to state that Mr. and Mrs. J. T. May are leaving us again. After a short visit to their daughter, Mrs. Wright, at Demmitt, they will again be located in their home in Lubbock.

Covey C. Thomas, candidate for Chief Justice of the Supreme Court of Texas, hereby respectfully solicits your votes and active support in the Democratic Primary, July 26, 1930. Born in South Texas, resident of Southwest Texas, graduate of the University of Texas, 1896 Law Class, four years county attorney, sixteen years county judge, nine years district judge, Baptist, Mason, Woodman, farmer, ranchman and lawyer. Present incumbent, Judge Cureton, he thinks, should be satisfied with his many years of service as Attorney General; and Chief Justice of this State. Thomas promises, if elected, not to ask for more than second term and by hard work and long hours to remedy the injustice caused by our Supreme Court being several years behind with its work. He asks the fair-minded and generous people of Texas to give South Texas and West Texas representation on this high court, something these sections of Texas have not had in around thirty years. He promises not to shirk ANY official duty for ANY consideration, political or otherwise, and to make good his slogan for this office, to-wit: "More Work, Less Play, No Politics."

### Commerce Secretary Talks About Roads

The writer was out the first part of last week in attendance upon a highway meeting at Haskell. In fact it was the second meeting of the newly organized Arkansas, Texas & New Mexico Highway Association, which has done considerable work in the way of securing designations by the state and now they are after a Federal designation. Anyone reading these weekly articles will know that we have secured Federal designation of the Carlsbad Cavern Highway which is routed from Oklahoma City to El Paso by way of Lubbock, Brownfield, Plains, Tatum, Lovington and Carlsbad and that we have secured the promise of a Federal designation from Stamford to Bronco, which takes care of our own needs. But we are assisting the other fellow in his efforts because it will give us three Federal outlets and cause more tourist travel through our section. The country around Haskell was pretty well washed out from heavy rains that had fallen and bridges and culverts had been washed out, but as it is all state designated it will only be a short time until everything will be in good condition again. All of the counties on the line east of Aspermont have voted bonds and hardsurfaced programs are under way together with more substantial bridge work.

We were advised by officials of Stonewall County, that they expected to vote on a bond issue this fall and that all indications pointed to its passage. If this is done, then the four plains counties of Garza, Lynn, Terry and Yoakum will contain the only gap between California and Texas that is not paved. We don't tag along behind any other section of the country in progressive spirit in other matters and we should not do so in the matter of highway construction.

The district engineer of the highway department is making a survey of our state designations for the purpose of submitting a type of construction that would meet with the approval of his department in the event that we decided to vote upon a road bond issue for this county.

Mrs. Elmo Carver, and baby of Amarillo, is here this week visiting her sister, Mrs. Cecil Smith, and school and playmates of a few years ago.

R. B. Davis and W. A. Bell attended a meeting of Lamb county business men and farmers in Littlefield last Friday evening, who had met for the purpose of securing a branch office of the Texas Co-operative Cotton Ass'n. Mr. C. O. Moser, vice president of the American Co-operative

You owe yourself the SAFETY of the new U.S. ROYAL

Every motorist owes it to himself to be certain his tires offer the maximum in safety, and he owes even more consideration to his passengers.

Extra-tough virgin rubber, less affected by weather, road wear, and braking than any rubber known, plus a unique, scientific tread design, gives the U. S. Royal maximum road grip, maximum braking, and maximum mileage. Investigate this great tire—today!

**MILLER & GORE**  
BROWNFIELD, TEXAS

Cotton Association was the principal speaker and he outlined to the Lamb County people the necessary steps to be taken in meeting requirements of a branch office.

Crowds thronged the Cicero Smith paint demonstration all day Friday and Saturday. Hundreds of pint cans of paint were given away.

Miss Caroline Spencer is down from Lubbock this week visiting with her grandparents, Mr. and Mrs. J. L. Randal.

County Agent, R. B. Davis reports sending a sample of blood, which was taken from a horse affected by the so-called blind staggers that has been prevalent in horses in this territory,

to Dr. Harbaugh for a pathological examination. In his examination Dr. Harbaugh found the Hemorrhagic Septicemia germs. This finding makes it still more advisable to vaccinate against this disease.

Some thief or thieves stole the extra wheel and casing off Dr. G. W. Graves' car Sunday night. Three others the same size have been stolen lately, and the officers are on a hot trail.

Eight of the olive trees in the historic Garden of Olives in Jerusalem are known to be over 1000 years old.

To make one auto tire requires as much rubber as is collected from two trees over a period of 2 years.

### A Shop for Particular Men

You who prefer a little more in the way expert work will fully appreciate the fine of modern equipment, cleanliness and appointments of this shop.

### SANITARY BARBER SHOP

### SCOUT EXECUTIVE COUNCIL MET LUBBOCK TUESDAY

The executive council of the South Plains area, Boy Scouts of America, were in session early Tuesday afternoon to determine whether a plan for organization of the area into five districts will be accepted.

Following a luncheon at the Hilton hotel the officials discussed the plan, which has been tentatively outlined by D. T. Jennings, council executive.

Those attending the session were T. A. White, president of the council; Jasper McClure, Ralls; J. T. Trigg, Lubbock; Geo. E. Turrentine, Brownfield; O. H. Cline, Lubbock; Rev. Walter P. Jennings, Lubbock; N. L. Peters, Lubbock; K. N. Clapp, scout commissioner, Lubbock; D. T. Jennings, Lubbock and Roy Heard, Crosbyton.

### CLEARING HOUSE FOR SOUTH PLAINS ORGANIZED

Final work in organizing the South Plains Clearing House association was done at the Hilton Hotel, June 11, when over 75 bankers from eight South Plains counties gathered here.

Walter S. Posey, of Lubbock, is president of the association which was organized in April. Other officers include: John Doyle, Levelland, vice-president; and Paul Hardwick, Lubbock, secretary-treasurer.

The organization will assist South Plains banking institutions by speeding up the exchange of checks, drafts and other bank instruments.—The Hub.

The editor and wife attended a protracted meeting at Graham Chapel in Garza county the past Sunday being conducted by J. T. Stricklin of Fort Worth.

Dr. Bell and son, Lee, have returned from New Mexico, where they left Mrs. Bell and Miss Marie Bell in Hot Springs, for awhile.

### For Commissioner of Agriculture

A. H. King of Throckmorton, Throckmorton County, Texas

Born and reared in Hunt County. Thirty years in farming and stock raising. Several years in Legislature. Author of the law providing free tuition to country boys and girls outside of their districts, etc. Favors taking the work of the Department into the country and rendering aid to the real dirt farmer. Will make you a good hand—try him.

## Drivers of Sixes never want Less!

Driving a Six means wanting a Six for good. Driving a Six simply closes the argument. Driving a Six is so different and better that the miles seem to repeat, "It's Wise to Choose a Six!"

Try the Chevrolet Six. "Step on the gas"—or hunt out some hills—or thread through the traffic. It's all so smooth and easy in a Chevrolet Six—so free from lagging,

tremors and strain—that the greatest-cylinder principle becomes more than a principle to you. You know at once that its exclusive advantages are all positive facts.

You definitely feel these performance advantages of the Chevrolet Six. You see high value typified by the beautiful Fisher Body and scores of advanced engineering features. And you know the fine character of Chevrolet materials, craftsmanship and design.

Come and make the Chevrolet Six confirm all this for you. Find out the small down payment and easy

terms on which you can own this truly modern automobile. Learn why tens of thousands of new buyers each week are finding it wise to choose a Chevrolet Six.

## Plains Social Items

Hello, folks, after a pretty week for farming, we all feel and look better. There was quite a bit of sickness here last week but we are reported improved. We hear from most of the communities each week, so come on Pleasant Valley let us hear from you. Go to the Herald and get your supply of stationery and get busy.

Mrs. A. B. Duncan visited Mrs. Butcher who is ill. Later in the week she was carried to a Lamesa hospital and is improving nicely. She will come home last of next week.

Mr. Donald Shoemaker and Miss Joe Beal were Brownfield visitors Saturday.

Mr. McClellan and family from Stonewall county have moved in the Methodist parsonage.

Mrs. Trimble ordered some white chairs for her cafe and got them Tuesday. Everything is white on the inside and looks mighty neat. It is called the White Cafe.

Rev. and Mrs. E. W. Loyd and children visited her parents, Rev. and Mrs. J. A. Gibson of Brownfield Saturday and were the supper guests of Mr. and Mrs. A. B. Duncan that evening of Stamford Valley. Bro. Johnson, our county missionary, was to preach there Saturday night, but on account of the revival meeting he began at Happy Friday night, he was unable to come, so he asked Bro. Loyd to fill his appointment, which he did.

The ladies will meet with Mrs. S. J. Dixon Wednesday to quilt the friendship quilt. This quilt will be sold to the highest bidder and the money will go towards finishing the Baptist church. The ads amounted to \$9.00; names, \$6.80; making the total, \$15.80. The expense of making the quilt amounted to \$5.20. We ladies of the Baptist church want to thank each and every one for their kind help and especially do we want to thank the women for their help of making the blocks, which was a big and tedious job.

Little Vila May Loyd who has been ill with whooping cough for 4 weeks, is improving.

Bro. D. D. Johnson our county missionary spent from Monday evening until Friday evening here in our county.

In answer to the question of how long the rows were which Mrs. W. L. McClellan picked the 29 gallon of beans from (mentioned last week), the rows reached from one end of the garden to the other end. ? ? ?

NOTICE to all the candidates of Yoakum County. Please leave one of your cards at Mrs. W. L. Turner's grocery store this week without fail. After this week it might be too late for the one who is wanting them to use them. Leave them there and don't ask any questions, the surprise will be yours later. It is just free publicity and a treat to all you can-

didates. A large crowd from Stamford Valley attended church here Sunday night.

The Stamps Quartet will be here the first Sunday evening in July to help us with our Singing. Everybody is invited to come. Our community sends a special invitation to Sligo, Bledsoe, Turner, Liberty, Stamford Valley and Bronco to be here Sunday afternoon and talk about and set the time for a Singing School. Mr. Keeton will be here with the quartet.

Miss Winnie Mary McLaren who has been in ill health for some time, is taking medical treatment at Brownfield and is improving.

Mrs. Hague and daughters visited Mr. Lynn Shoemaker at Lubbock Thursday.

Mr. and Mrs. W. L. Lusk of Dickens spent the week end visiting his son and wife and other friends.

Miss Dixie Hague is visiting her sister, Mrs. June Smith of O'Dessa.

Mrs. Edna Blankenship and son, Billy spent from Monday till Thursday visiting her mother, Mrs. Betty Crawwell and children.

Jessie Criswell went to Matador for a visit with relatives. He returned home Saturday.

Mr. and Mrs. Olan Cox spent Saturday and Sunday with his parents, Mr. and Mrs. F. M. Cox.

Mr. Lynn Shoemaker who has been seriously ill at a Lubbock hospital is improving nicely. He will come home today (Monday). Lynn has had two serious operations for infection set up from his teeth. Friends and neighbors of Lynn's are glad to know he is coming home as he has certainly been missed.

Mrs. Noble Saxon and children of El Paso, Texas are visiting her mother, Mrs. Stella Shoemaker and family.

Miss Ruth and Louise Hague spent Monday visiting Miss Iona Moreman.

Mr. and Mrs. Harry Morris of Lubbock visited his parents Sunday. They were accompanied home by his mother, who has been ill for some time, but is able to be up. She plans to visit a daughter at Dalhart before returning home.

Mr. Strickland spent Sunday with his daughter and family, Mrs. W. L. McClellan.

Mr. and Mrs. Ben Bufkin formerly residents of Plains, visited with Mr. and Mrs. W. K. Calahan and other friends Saturday and Sunday.

Mrs. W. L. McClellan picked 38 gallon of beans from the 5 rows last week.

Mrs. W. L. McClellan had as her guests Sunday Mr. and Mrs. W. K. Calahan, Mr. and Mrs. Ben Bufkin and Algy McGinty.

Several from here attended the old folks day at Prairieview, Sunday. They reported a nice time.

Rev. E. W. Loyd will preach at Center Point Sunday, June 29 at three o'clock.

If there isn't any miscount we have 23 candidates running for offices in our small county, but that's alright. We are still able to be at our work and enjoying these beautiful days of sunshine.

Mr. High was a business visitor here Monday. He was accompanied by his wife and children.

D. B. McGinty visited his wife at Lubbock Saturday and Sunday, and she accompanied him home Sunday night. Mrs. McGinty has been in ill health for several months and underwent an operation at a Lubbock hospital recently.

## Hunter News

We certainly have been having some nice weather of late. Most of the farmers in this district are having to plant on account of web worm and heavy rains.

Mr. and Mrs. Virgil Jenkins visited Mr. and Mrs. Brown Rainwater over Scudday way Sunday.

Orvis Bockmon visited R. L. Jenkins Sunday.

Miss Johnnie Mae Jenkins spent Saturday night with her brother, Virgil and wife.

Mr. and Mrs. H. L. Halleman visited Mr. and Mrs. Oris Breeland Sunday.

Mr. and Mrs. Loyd Sims visited Mr. and Mrs. Otis Hill Sunday.

Mr. and Mrs. Dube Pysatt from Brownfield spent Saturday night and Sunday with Mr. and Mrs. Lee Lyon.

R. L. Jenkins, Orvis Bockmon, Cecil Smith, C. G. Smith, Albert Buchanan, John Williams were visitors in the O. M. Edwards home Sunday. Also Mr. and Mrs. L. O. Reutherford from over Scudday way.

Lester Snow visited Joe Smith Jr. Sunday.

Mr. and Mrs. Albert Smith visited in the Otis Hill home Sunday.

Some more of us boys lost our chance when we let one of our girls marry a boy from Brownfield a few days ago.

E. L. Williams and family visited W. D. Atkins and family over Scudday way Sunday.

Orvis Bockmon and Edward Williams say they have killed 12 rattlesnakes since they began planting.

Arule Snow visited Edward Williams Sunday.

John Kemp, Bennie McDonald and Shank Lyles have gone to the north Plains to work in the harvest.

Mr. Lee Lyons was a Brownfield visitor Monday.

Antone Hansen has been real sick the past several days.

—Blondie.

### GARZA COUNTY WINS BOUNDARY DISPUTE JUNE 9

A question of interest to Garza and Lynn County citizens was legally thrashed out June 9, before Judge Chapman's court in Abilene, with Garza County winning the court's decision on the boundary division line of the two counties.

The court ruled the line to be 300 yards west of the present line on the west border and the north part of the line to remain the same, which will make Garza county exactly thirty miles square.

This suit has been pending a court decision for about sixteen years. Garza County was represented by the law firm of Bean and Klett of Lubbock and County Attorney, Leo O. Moses.

According to County Judge Lon Cross of Garza this decision will increase the tax value of Garza County \$65,000 and will place a number of farms in Garza county instead of part in Garza and part in Lynn.—O'Donnell Index.

Horace Burnett and family got in last week from California, where they have lived for the past two years. He left immediately for the Panhandle wheat fields to work in the harvest.

A man who claimed to be from Hobbs, N. M., was picked up on the streets here early this week while peddling fountain pens.

### Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Alexander Drug Co.

### THE FROZEN NORTH

Editor Meltingpot:

I just can't keep from telling you of one of the tales sprung in the pool hall during the cold snap of last month. Some of the boys related as to how their grandpaps rid over fences, gullies and such 'way back in years gone by, some told about big snows, freezes and the like, others offered absolute solution to government men as to how best break up the big ice gorge on the Wabash, which sounded existable, but when Sid Leaper told about the big ice cycles over in Doc Wampler's ward I got sorry skeptical and yelled "bo-logna" into his good left ear.

Any way, Sid said it rained and misted all night, snowed a bit, too,

and then frizzed up tighter than a boss drum. He said one big tree had ice cycles hanging down from its branches as big around as common stove pipe and the kids had rigged up a seat some how on one of 'em and was using it as a swing.

It's a trifle late to tell you about what Santa brot us, but me and Martha fared pretty well. When the roads got good you better come over and help me revamp that keg of cider in the cellar 'fore it all goes to vinegar. Yours as ever, UNCLE HAM BLOW.

Defendant McKee, on trial this and last week at Lamesa for the murder of a Spartenburg filling station man, was assessed a death penalty this week.

### A PROFIT INSURANCE

### The Smith-Conrad Cotton "Combine" Cotton Cleaner and Hull Extractor.

By reducing the cost of gathering and ginning from \$15.00 to \$30.00 per bale, a greater chance for a profit in cotton growing can be assured. The SMITH-CONRAD "COMBINE" DOES this. Aside from the saving in gathering and ginning, the value of the burs and trash to the land as fertilizer is retained by the grower as the burs, trash, stick etc., are returned to the field as the harvesting process goes forward.

Little. For Public Weigher Precinct 2 T. E. Verner, Fred L. Hinson, W. E. (Gebo) Culwell.

Our fellow editor, Jack Stricklin of the Terry County Herald, Brownfield, spent Tuesday with us. He was on the return from attending Texas Press Association at Corpus Christi. He reports a fine meet, as well as the

trip to the lower Valley and across the border. He publishes one of the best weeklies in West Texas, incidentally enjoying the best support from his town we have seen.—Roby Star-Record.

The Ropesville Hustler gave Meadow a nice writeup last week and we are sure they appreciate it. The Herald appreciates it for them. But Editor Morris should consult his geography a little more, for twice in the article, Meadow was listed on Lynn county soil. Now the Herald will do battle with Lynn county a long time before we let them come over and grab off this big, fine hunk of Terry county soil and people.

With Lynch Davidson out of the race, the Herald's next best choice is Senator Small, and while we do not aim to tear our shirts for anyone, we will at least passively support Mr. Small at least until the first primary, and if he is defeated and cannot participate in the second, we'll have to see further. Mr. Sterling is a good man, a business man, but his stand on the Moody road and pen policies leaves one to believe that he is but the crown prince of the house of Moody. However, we are going to support Mr. Sterling with pleasure in preference to either Ma or Love, and we prefer Ma to Love.

We may be dumb, but we can't understand why the baby of Mr. and Mrs. Chas. Lindbergh should create any more consternation in democratic America than any other of the millions of children born annually. True his daddy flew across the Atlantic by his lonely; also his mother is the daughter of a former Ambassador to Mexico, and has a great chance to become a United States Senator. Its blood is no thicker or bluer than other children born the same day in America, and a generation from now their child must take his place in competition with the sons of other parents in the race of life. Their son may win. We hope so. But somebody's son, whose parents went to their grave unsung, may be young Lindbergh's boss. We are glad to live in such a nation. But the daily papers with their double and compounded headlines would lead one to believe that an heir apparent to the throne of America has been born in a little village in New Jersey.

Texas and North Dakota are said to be the only states in the union now that are not in vital statistic regulation area, and a supreme effort is to be made in Texas this year in order to get our state added to the list. As we understand the matter, we already have a law which should be enforced to make doctors and midwives report all births, and our officials will have to become more alert toward its enforcement. In some states it is now hard for a person to get a job unless they can show a birth certificate from their home state. It is an easy matter for your children to be beat out of property on the same grounds after you are

gone, if they cannot prove that they were your legal heirs. Your children can be expelled from schools in some states after they reach maturity if they cannot prove their birth date legally. Therefore, it becomes the business of every Texan to not only see that their own child is registered legally in the home county, copy of which then goes to Austin to be filed away, but to also see that your neighbor's children are also given an even break in life. Give the children a chance.

Scudday News

Well, we got by without being washed away this week. Gee it sure is hot out here in this part of the county. How is the weather serving you Hunter people by now?

The farmers sure are busy out here planting. Some of them have planted 3 or 4 times. We hope that when they get planted over this time it will be the last time they will have to plant this year.

Scudday's baseball team played Pumpkin Center Saturday afternoon. The scores were 6 and 2 in their favor. They also played Willow Wells Sunday but we failed to get the SEVEN scores and who won the game.

Mr. Will Cunningham had relatives visiting them Sunday.

Mr. Ernest Norris spent Saturday night with Mr. Loyd Lee in the Happy community.

J. E. Young was a caller in the Frank Walters home Tuesday night. Mr. Floyd and son, Russell from Union community were callers in the Elbert Norris home Friday evening.

Leroy Norris spent Sunday night with Billy Walters.

Mr. Townsen and family ate dinner with J. E. Young and family. Leroy Norris, James and R. G. Nutt were also diner guests in the Young home.

Miss Edith Harvey, Miss Rosma Anderson, Mr. Loyd Lee from Happy community, Mr. Frank Walters and family, Misses Shirley and Syble Nutt of this community were visitors in the Elbert Norris home Sunday.

Misses Kat and Lovena Lowe were early morning callers in the Nutt home Thursday.

Mr. and Mrs. R. G. Nutt spent Sunday evening with Mr. and Mrs. J. E. Young.

Mr. Vernon Townson spent Sunday with Archie and N. J. Rainwater. Misses Syble, Mayme Ruth and Sarah Lou Norris spent Sunday night with Misses Syble and Shirley Nutt.

We have church out here every 2nd and 3rd Sunday. Sunday School every Sunday morning. Everyone is invited to come.

—Laughing Bill.

Dr. and Mrs. T. L. Treadaway will leave July 1st for California for a long visit. The Dr. will take lectures at a noted hospital of Los Angeles while there.

The best work is done by men whose consciences won't let them do inferior work.

The Lovington gathering celebrating the running of the first train into that city will be held Saturday, June 28. This date had been selected some time ago by the celebration committee as the tentative date of the gathering, but its confirmation by the railroad officials was necessary before it could be definitely settled upon. It was not until yesterday that assurance of the railroad officials could be had that the road would be completed and trains running by that date. Arrangements have been made for Governor Dillon to act as engineer for running the train into the city and Hugh Williams, state corporation commissioner, to act as conductor. Governor Dillon will drive the golden spike signifying the completion of the road. Addresses will be delivered by Governor Dillon, Hugh Williams, United States Senators Sam G. Bratton and Bronson Cutting, President Kent of the A. & M. College and other notable people from the outside, while addresses on behalf of Lovington will be made by Mayor Patten and Luke Roberts. Various kinds of entertainments and amusements will be in evidence throughout the day and evenings of the 27th and 28th, including horse racing, baseball, tennis, horse shoe pitching, etc. Free lunches of sandwiches and coffee will be served by the Lovington people. It is expected that as many as ten thousand people will be in attendance.—Lovington (N. M.) Leader.

RAMBO Bonded Abstractor of Land Titles, Loans and Insurance.

"Konjola Worked Wonders in My Stubborn Case" Fort Worth Man Relieved Of Severe Attack Rheumatism Praises New Medicine. MR. JOE CONNELLY "For over a year I suffered with muscular rheumatism," said Mr. Joe B. Connelly, 504 Bolknep street, Fort Worth. "My entire body was a mass of aches and pains. Finally I was forced to give up my work and was confined to bed. The pains were so severe that I had to be moved very carefully and was helpless and bedridden for three months. My nerves were completely gone and I felt at times that I could not bear my suffering another day. "I sent away for my first treatment of Konjola and was amazed at the results. Within three weeks I was able to get up and around without assistance. Gradually the pain and soreness left me and I began to feel my old self again. My nerves settled, constipation was completely banished, and I do not remember when I have felt as well as I do now. Konjola certainly worked wonders in my case." Though Konjola works quickly, and many sufferers are greatly benefited in a week, a complete treatment of from six to eight bottles is recommended for thorough results. Konjola is sold in Brownfield at Alexander Drug Co., and by all the best druggists in all towns throughout this entire section.

Harmony Happenings. We are all just tickled to see this pretty weather. There will be several that will have to start hoeing soon. Mrs. Taylor's mother died and they have returned home. Mr. Taylor said that "Terry county was the best country that he saw while he was gone." Buster Taylor has gone to the harvest fields and Tom sure is driving the Chrysler while he is gone. Mrs. Brown has not returned home yet we understand. Mr. Brown said that he might go and get her this week, but is trying to get through planting and plowing before he goes. Mr. Brown and family, Opal and Mildred Young spent Sunday with Mr. Sears. They report a nice time. Opal Young spent part of the week with Annie Lee Brown. Everyone is invited to the Sock Supper at Harmony Friday night. For the benefit of those that do not know what a Sock Supper is, I will explain. The girls and women are supposed to bring a pair of men's socks with something in them to eat. The boys and men are just supposed to bring the money to buy these socks. THE TERRY COUNTY HERALD

**Hogs Paid Him \$1.70 Per Bushel For Corn**

Seminole.—Corn marketed through hogs has brought \$1.70 per bushel to O. L. Berry, Gaines county farmer, who has just finished a feeding demonstration in cooperation with the county agent. Each pound of gain cost Mr. Berry 6.35 cents on a ration consisting of corn, skim milk and a protein supplement mixture. It required 3.11 pounds of corn, .41 gallons of skim milk and .291 pounds of the protein supplement to make a pound of pork.

Another demonstrator, Jim Brown, recently finished 12 hogs with corn and protein supplement and reports \$1.95 per bushel from corn, and the production of a pound of gain for 5.9 cents. Besides running on pasture the hogs had the corn supplemented

with a mixture made of equal parts tankage, cottonseed meal and shorts. The feeding was done in self feeders which were kept full and easy of access at all times.

One of our merchants informed us this week that lots of the Hobbs and Lovington people were trading at his store. Since the oil boom, it seems that some of the merchants over there have gone up on the price of goods, and those coming here tell our merchants that they can pay their gas bills, allow for wear and tear on their cars and still save money by driving over here.

L. E. Bigham, local dairyman, is recovering from a recent severe case of illness.

Mrs. Cecil Smith and children have returned from Amarillo, where they have been visiting her parents, Mr. and Mrs. Ross Rentfro.

**KISSED THE BABIES, LOVED THE WIDOWS, HUGGED THE MAIDS**

If you are a candidate or a prospective candidate the following report filed by a man who made a race for office in Louisiana might be of interest to you. The law in that State as in this, requires that a sworn statement be filed of the candidate's expenditure. The report reads as follows:

Lost 1,257 hours of sleep thinking about the election.

Lost two front teeth and a lot of hair in a personal encounter with an opponent.

Donated one beef, four shoats and five sheep to county barbecue.

Gave away three pairs of suspenders, four calico dresses and \$15.00 in cash.

Kissed 137 babies. Put up four stoves, kindled 32 fires, walked 3,254 miles. Shook hands with 12,352 people, told 10,307 lies, and talked enough to make 1,500 columns in print. Attended 25 revivals. Contributed \$25 to foreign missions. Made love to 7 widows, five grass widows, two sod widows. Hugged 37 old maids. Got dog bit 28 times and was not elected by 103 votes.—Ex.

Robert Young, of Tokio, had the misfortune to run a steeple through his finger while repairing fence and was taken to the hospital for treatment, Monday.

Mrs. E. B. Avirett was in Monday making arrangements to put her daughter in school here this year, as this was her last year in the Union school.

Miss Helen Graham from Odessa visited Misses Marie and Maurita Bell last week.

**SHAMBURGER**

Some damage is being done by grasshoppers around Wellman and a few farmers are poisoning them. A bran bait consisting of one pound of white arsenic, twenty pounds of wheat bran, two quarts of cane syrup, and six ground up lemons is being used. This formula is recommended by R. R. Reppert, who is the Extension Entomologist of A. & M. College. About five pounds to the acre of this bait scattered in the fields next to pasture sides should keep the hoppers off. This mixture, as all poison mixtures, will kill anything that eats it, so be careful that chickens, pigs and the like do not get it.

Miss Carrie Palmer of Fredrick, Okla., is visiting her parents, Mr. and Mrs. B. F. Palmer.

**Tremendous Power from the Wind**

THE Aermotor Co. is now making a self-oiling windmill 20 feet in diameter. If you have a well 1000 feet deep, or if you want to raise a large quantity of water from a shallower well, this is the windmill you need. This new Auto-Oiled Aermotor weighs nearly 2 1/2 tons without the tower. It is a giant for power.

Whatever your water requirements may be there is an Auto-Oiled Aermotor of the right size for the work. They are made from 6 feet to 20 feet in diameter. Use the smaller sizes for the shallow wells and the larger ones for the deep wells or large quantities of water. Our tables, sent upon request, tell you just what each size will do.

The Improved Auto-Oiled Aermotor, the genuine self-oiling windmill, is the most economical and the most reliable device for pumping water. It works every day and will last a lifetime.

Every size of Auto-Oiled Aermotor has double gears running in oil. All moving parts are fully and constantly oiled. One oiling a year is all that is required.

The Auto-Oiled Aermotor is made by the company which originated the steel windmill business. For full information write AERMOTOR CO. 2500 Roosevelt Rd. CHICAGO

**A DIFFERENCE IN MEN**

Smith had a brood sow. He kept it in a dirty pen. He made no changes in arrangements at farrowing time. This sow gave birth to 10 pigs. She killed three of them the first day. The others were covered with parasites and soon included worms among the numerous handicaps they had to contend with in an effort to grow into hogs. Two more died the first month, leaving five stunted pigs which eventually sold on the market at the lowest levels of the day.

Jones also had a brood sow which farrowed about the same time, delivering 10 pigs. Before farrowing, he moved the sow to new quarters. She had been sprayed and all external insects destroyed. In her new quarters, properly constructed, this sow was able to move about or lie down without killing any of her pigs. Being on clean ground, worms did not develop, and as a consequence all ten pigs grew rapidly into hogs of market size and sold at the top of the market. Smith says that hogs do not pay. Jones said that they made a nice profit for him.

We have not told an imaginary story. The difference between profit and loss was in the men. The story, however, can be applied to numerous other projects on the farm, and of course in business ventures in the city. One man prospers and another, with an equal start, is always poor and sometimes in want. One plans his work systematically and attends to details. The other is careless and does his work slovenly. One is energetic and uses his head for something besides a place on which to hang his hat. The other is inclined to take the course of least resistance and makes no pretense of exercising his brain. The latter will always be poor and will spend much time in cursing the Government and figuring up new and impossible schemes for farm relief.—Farm and Ranch.

Rev. J. B. Vinson has learned a good remedy to keep bugs and worms off melons and other plants in which they prey. He says to make a strong tea of red pepper and spray the plants and vines. Occasionally touch your tongue to the plants to see if the strength of the pepper is still present. If it burns your tongue a bit, they are still safe; if not, spray again.

Messrs. Jack Hart, G. S. Webber, County Atty. W. W. Price and Sheriff Mon Telford left Saturday for the Pecos River where they will fish for a few days.

**PRACTICE WHAT YOU PREACH**

Elsewhere in this issue is an editorial from the Lamb County Leader that we wish every merchant of Tahoka would read and think over its contents. Maybe it hits you; maybe not. One of The News force walked into a certain Tahoka store the other day to buy a bill of goods and his accidently fell on four boxes of stationery printed outside of Tahoka. And, that's not all. This same merchant has been much disturbed recently because some of our citizens trade out of town or with chains. The employees of this paper buy everything they can buy in Tahoka, pay taxes in Tahoka, help support her churches and other institutions. This paper annually prints columns and columns of "trade at home" publicity, boosts the county, town, churches, schools, chamber of commerce, and a hundred other things that will benefit our people. Just this word to you merchants, schools, organizations, public officials: We help support you. Should you support the mail order printer and the high pressure printing salesman or should you support your home printer? Should you not be willing to treat the home printer as he treats you?—Tahoka News.

Mr. and Mrs. W. L. Palmer have as their guests, their aunt Mrs. Florence Warren and daughters, Katherine and Helen of Fredrick, Okla.

County Clerk W. H. Hague of Plains was over last week on business. The man who held up the cripple over there and took his car got five years in the pen.

**SANTONE MEN CLAIM STATIC ELIMINATOR**

San Antonio, Texas, (UP).—A device, which it is claimed will eliminate radio static has been invented by two San Antonio men, Searcy Rhodes and J. H. Mahoney.

The static eliminator is in the form of an attachment that can be hooked in front of any radio, Rhodes said. It was perfected after four years of work, and followed one that had been invented by the two men that worked successfully on the old type battery radios, according to Rhodes.

**PURE OIL LEASING MUCH LAND IN GAINES**

SEAGRAVES, June 19.—The Pure Oil Company is reported to have under lease in Gaines county approximately 110,000 acres of land, mostly in one block and in the Seagraves territory.

It had been planned to start a second test on this block but the company later sent its drilling equipment to Van. The first test was drilled but no oil showing of sufficient amount to insure a well was reported.

Local people are of the opinion that another test will be made by the Pure company within a short time.

Rex Headstream, county and district clerk, returned this week from Del Rio where the sessions of their association were held last week.

Persia now has 25 landing fields.

### Wellman Notes

Elder A. L. Burnett preached at the Wellman church of Christ Sunday and Sunday night. There was a good attendance.  
 Mrs. Schroeder and Mrs. Burnett visited Mrs. Gould Winn Thursday afternoon.  
 There will be a Sunday School organized at the school house next Sunday at ten-thirty A. M. Everybody invited.  
 Some of the men met Monday to plant for Mr. J. D. Roberts, who is in Lubbock with his wife, who is ill. Those that helped were Messrs Winn, Adair, Lawrence and Stark.  
 Messrs. Eugene Norton, Roy Ragsdill and Olva Chapman attended the singing at Pleasant Valley Sunday afternoon.  
 There was a party at Mr. and Mrs. A. T. Burtling's Saturday evening.  
 Mrs. Lula Singletary visited Mrs. Gould Winn Saturday afternoon.  
 Miss Dorothy Garrison was shop-

ping in Brownfield, Saturday.  
 Mr. and Mrs. S. W. Weicher was shopping in Brownfield Saturday.  
 The church of Christ meeting will start at Seagraves Tuesday evening and continue to the 2nd of July.  
 Bro. Glen Wallace is to do the preaching.  
 Mrs. J. D. Roberts was carried to Lubbock last week and operated on for gallstone trouble. We understand she was resting good after the operation.  
 Mr. and Mrs. C. M. Stark have purchased a new car and were practicing up on the gear shift Sunday.  
 Cecil and Reford Warren visited Sam and Elmo Adair Sunday afternoon.  
 Mrs. C. S. Trotter was called to her daughter's home in Throckmorton, Texas because of illness and death of her grandchild. Mr. and Mrs. Frank Story accompanied her.  
 Mr. and Mrs. L. E. Orcutt were shopping in Brownfield Saturday.  
 Mrs. Wilkerson who is to teach the principal's place here has moved in the teacherage.

### Forrester Items

Mr. Forrester has returned from Lubbock and is getting along very well at present.  
 Mrs. Dick Burson was honored Tuesday afternoon with a miscellaneous shower at the home of Misses Gladys and Myrtle Mae Scales. Refreshments consisting of cake and lemonade were served to Mesdames Polk, Thomason, Lyon, Rose Baldwin, Walker, Burson, Minnix and Misses Neta Polk, Zoree Crone, Elma and Bertha Baldwin, Gladys Farrell, Naomi and Ruby Drury, Sibyl Thomason and Gladys and Myrtle Mae Scales.  
 Mr. and Mrs. Lee Fulton went to Lubbock last week, Mr. Fulton going for medical treatment.  
 Mr. and Mrs. O. M. Minnix and Kelly and Mr. and Mrs. Dick Burson visited relatives in Dickens county over the week end.  
 Mrs. Clyde Polk and family visited Mrs. G. M. Thomason Sunday.  
 Mrs. Rose Baldwin visited Mrs. G. M. Thomason, Monday and Tuesday of last week.  
 Misses Naomi Drury and Helen Rogers and Mr. and Mrs. Wade of Tokio were guests in the home of Mr. and Mrs. W. J. Baldwin Sunday.  
 Mrs. Rose Baldwin visited Mrs. W. I. Lovelace of Brownfield Friday and Saturday and Mrs. A. A. Comstock of Tokio this week.  
 Sister Wade preached here Sunday morning at eleven o'clock.  
 The Epworth League rendered a good program Sunday night. All you young people come and help us out with our league work. It will help us and you too.  
 Everyone is especially invited to attend the singing Sunday night.  
 Mrs. Susie Stevens called on Mrs. Thurman Ragsdill Sunday afternoon.  
 Miss Neta Polk visited Misses Gladys and Myrtle Mae Scales Monday.  
 Sam Pyeatt and wife are now working up their tax rolls to get them ready to be passed on by the Commissioner's Court.

## City Treasurer's Annual Report

To The Honorable Mayor and Board of Aldermen,  
 City of Brownfield,  
 Brownfield, Texas  
 Gentlemen:—  
 Calling your attention to the Power and Light plant operation for the past year. Revenue (gross) increased \$5,153.28 over the preceding year. Total disbursements increased \$4,526.30 over the preceding year. A total of \$13,374.86 was used from the revenue of the plant to pay outstanding indebtedness and make improvements and extensions during the year just closed. This record is even better than the preceding year which was good.

TALKING COMEDY

News—Screen Song

Laurel & Hardy in "HAY WIRE"

We don't think there is any significance to the coincidence that our first week of real hot weather followed the week most of the candidates for Governor make their formal, and took the stump. The weather just happened to be late.

The little 2 year old son of Mr. and Mrs. David Jeter of Tokio, went out in the pasture where a mare had a small colt one day this week, when the mare attacked him, breaking his arm, and it is feared that he is injured internally.

Economize In Labor—

### La Verne Collier Celebrates Birthday

Mrs. Roy Collier entertained a group of little folks June 16th, at a birthday party honoring the eighth anniversary of her small daughter, La Verne.

Games were played, after which the large birthday cake, properly decorated with candles, was cut and served with punch to the following guests: Mary Nell Adams, Marjorie Sue Bynum, Dorothy Bynum, Donald Bynum, Jack Bynum, Bobbie Virginia Bowers, Genevieve Murphy, David Story, Sammie Legg, Gene Green, Elizabeth Smith, Harold Gosdin, Velmoice Burnett, Mary Faith Harris, Vera Williamson, Florine Williamson, Betty Joyce Bynum, Catherine Bynum, Mildred Collier, Evelyn Collier, Audrey Collier, Jane Brownfield, Jimmie Green, Gladys La Rue Green, Harold Jones, Carrol Collier and La Verne Collier.

### Mrs. D. P. Lewis Hostess To Kil-Kare Club

The lovely home of Mrs. D. P. Lewis, decorated with a profusion of flowers of various kinds, was an unusual attractive setting for the entertainment of the Kil-Kare Club, which met there Wednesday afternoon.

Bridge being the principal diversion, the afternoon was enjoyed until a late hour, when a delicious salad plate, ice cream and cake was served by the hostess. The color scheme of red, white and blue was tactfully carried out in plate favors as in many other ways.

Beautiful cut glass vases filled with flowers went to Mrs. Michie for high score and Miss Violet McBurnett low. As honor guest, Mrs. Mumford Smith, of Glendale, Ariz., was presented a lovely bath set, by the hostess.

Guests for the afternoon were: Mesdames Fred Smith, Ike Bailey, Dick Brownfield, Claude Hudgens, A. M. McBurnett, W. C. Smith, Ray Brownfield, Morgan Copeland, Jack Stricklin, C. J. Smith, J. E. Michie, A. W. Endersen, Mumford Smith, W. H. Collins, W. B. Toone and Miss Violet McBurnett.

### Visiting From Oklahoma

Mrs. Jack Holt has as her house guest this week, Mrs. Frank Smith, from Ponca City, Okla.

Mr. and Mrs. Lloyd Shepherd of the Union community, are the proud parents of a girl, born June 20th.

Mrs. W. W. Ditto and Vona Lee, left Sunday morning for Ruidoso, N. M., and other points for a week's vacation. They expect to return Sunday.

### Young Matrons Missionary Society Meets

Mrs. Ike Bailey was hostess to the Young Matrons Missionary Society Monday afternoon at her home in the east part of town.

The subject for the lesson, "Royal Service" was discussed in a very interesting way by those taking part on the program.

Members present were Mesdames Gay Price, Jack Holt, Roy Davis, Garrison, Homer Nelson, Frank Ballard, L. Green, Sexton, Stewart, Pyeatt, Brown, Benton, Crawford, Burrows, Bailey and Carter. One visitor, Mrs. Bill Benton was present.

The next meeting will be held with Mrs. Frank Ballard on East Main St. Dainty sandwiches and iced tea was served to those present.

### Missionary Society of First Christian Church

"Usefulness in the Church" was the subject for discussion for the ladies of the First Christian church, with Mrs. Holgate leader.

Next meeting, Monday afternoon, will be with Mrs. S. H. Holgate. Sherbert and cake was served to Mrs. Crews, Mrs. Joe Price, Mrs. Flippin, Mrs. Walters, Mrs. Jolly and Grandmother Brown.

### Children's Class

The lesson to be studied next Sunday will be "The Last Supper." Meeting to be at the church of Christ at seven-thirty. All children are invited to come and take part.

### Ladies Bible Class

Mrs. Robt. L. Bowers was leader of the lesson "The Kingdom of Judah" on last Thursday when the class met in regular meeting at the church at four o'clock. There were twelve present.

Mrs. Earl Alexander of Plainview, was a Brownfield visitor Monday.

### Mrs. McClish Hostess

Dainty pieces of needle work were finished and new ones started Friday afternoon when Mrs. McClish was hostess to the Priscilla Needle Club.

A salad and ice course was served to Mrs. Kendrick, Mrs. Keller, Mrs. Holgate, Mrs. Pounds and Mrs. Dunn.

### Young Folks Class

There were fifteen present in the Young Folks Class of the church of Christ on last Sunday evening at eight-thirty o'clock. The lesson for next Sunday is "The Conversion of Saul." Mr. Paul Robertson is teacher.

### Choral Club Meets

Members of the Choral Club met last Friday afternoon with Mrs. H. O. Longbrake at 1:45 o'clock.

Music is now being prepared for the Federated Missionary Society. This club, though newly organized is making good progress, and has expressed their desire to aid in public service of various kinds where special numbers are wanted.

There are now fourteen members in this organization, and they will meet each Friday at the home of Mrs. H. O. Longbrake. Those present at last meeting were, Mrs. E. V. May, Mrs. Roy Davis, Mrs. Roy Winger, Mrs. Brownfield, Mrs. Hardin, Mrs. Ellington, Mrs. J. White, Mrs. W. W. Price, Mrs. Roy Herod, Mrs. Longbrake, Mrs. McGowan and Mrs. Holgate.

### Methodist Missionary Social

Mesdames Wheeler and J. Cook acting as joint hostesses entertained at a social for members of the Missionary Society, Monday afternoon at three o'clock, at the home of Mrs. Wheeler on Lubbock Ave.

Plans were made to serve dinner for conference delegates, which will be held here July 6th.

Reports from committees were to the effect that thirty-five sick calls had been made, fourteen trays, and three bouquets of flowers left at the various places.

The time of meeting was changed from 3 o'clock, the previous meeting hours, to 4 o'clock.

Cream and cake was served to twenty members present.

### Presbyterian Missionary Society Meets

Ladies of the Presbyterian Missionary Society met with Mrs. Dallas, Monday afternoon at four o'clock.

After the lesson study from the book of Ruth, and devotional, lead by Mrs. Shelton, a short business meeting was followed by a social hour.

The hostess served lovely strawberry sherbet and macarons to the following: Mesdames, Shelton, Lyle, Murphy, Ellington, Barret, Felix Proctor, Mumford Smith and Mrs. McSpadden and daughter, Gladys.

### Celebrates Birthday

Miss Kathleen Eicke celebrated her seventh birthday, Monday, June 23 by entertaining her little friends with a party. Many joyful games were played and then pink lemonade and marshmallow cookies were served to Invadell Claunch, Charley Endersen, Bernie and Charles Baldwin, Daphne Huckabee, Patsy Ruth, Peggy Gene and Rudolph Lewis, Twilla Graham, Bobbie Lewis, Jay Greenfield, Bill Jo May, Ethelda and Jo Pete May, Geraldine Pyeatt, Aubrey Wayne Brothers, Mrs. Curtis Huckabee and Mrs. Sam Pyeatt and little hostess.

### Federated Missionary Program

Meets at Presbyterian church at 4 o'clock, Monday, June 30th. Song—Congregation.

Devotional—Mary Green. Song—Brownfield Choral Club. Talk—Teaching: Woman's Responsibility to the Church—Mrs. McDonald.

Talk—Personal Service: "Woman's Opportunity"—Mrs. W. W. Price. Reading—"How The Great Guest Came"—Emma Jane Alexander.

Talk—World Wide Missions: Woman's Obligations—Mrs. May. Song—Music Club.

Mr. and Mrs. Cye Tankersley returned Tuesday from a honeymoon trip, which extended over California and other western states.

Mrs. Paul Robertson, was called to Waco, Friday, on account of the serious illness of her mother, who lives there.

Mrs. Vera Alberding of Galveston, formerly Miss Vera Boone, is visiting relatives and friends here at present.

### MARRIED

Mr. Alson Black, local barber, and Miss June Doline Hawkins of Oklahoma City, recently drove over to Lovington, N. M., where they were married. This happy young couple will make Brownfield their home.

### TEACHER'S NAME OMITTED FROM LIST BY MISTAKE

In giving the list of the Brownfield school teachers last week, the name of one of the new teachers, Miss Polly Taylor was omitted.

Miss Taylor is the teacher of Home Economics. She is a graduate of C. I. A., is a teacher of experience and one highly recommended by Miss Peek, the head of the Dept. of Education in Home Economics.

—W. B. Toone.

### METHODIST CHURCH

"Hell" will be the sermon topic Sunday night and a sermon on Christian Education in the morning.

Again we registered a gain in Sunday School attendance. We are getting used to warm weather.

The books have been ordered for the vacation Bible School and further plans made. We expect to begin the school July 7. Every parent is urged to get your child there for the opening. After that we hope to interest them enough to hold them.

Wednesday night prayer meeting is followed by discussion of the various enterprises of the Kingdom. Visitors are cordially invited to all services of the church and members are urged to be there to meet them and make them feel at home as well as to worship.

Geo. E. Turrentine.

### OLD SETTLERS TO HOLD REUNION AT LUBBOCK

Lubbock, Texas.—Old settlers will reunite at Johnston Ranch, southeast of Lubbock, July 3, 4, and 5, for the second annual reunion there.

Prizes for the oldest old timer who registers, for the first old timer to register, for the best old time fiddlers and other such honors will be awarded by Jim Johnson, and Bud Johnston, who are staging the reunion.

An old timer is defined by the Johnstons as a person who has lived continuously for the past twenty-five years or more within a 150 mile radius of Lubbock.

The entire 5,200 acre ranch, most of it being under the cap rock where spring water is found up and down the banks convenient to campers, will be thrown open to any and all who want to come and camp out for the three days. No charge for entering or for camping will be made.

A real rodeo with a number of attractive prizes for the best riders and ropers will be held.

### ENGLISH IS QUEER

In a plea for greater consistency, a spelling reformer has called attention to a few of the many vagaries displayed in English spelling and pronunciation.

The sound of long "a" for example, is represented in many different ways, as a in lady, ai in rain, eign in reign, ay in pay, ei in veil, ey in they, eye in obeyed, ea in great oa in goal, au in gauge, ag in champagne, aig in campaign, aigh in straight, and ai in wait.

Other sounds are represented by an almost equal variety of spellings. Words pronounced alike have different meanings, such as right-rite-write-wright, to-two-too, oh-owe, and many others. Words spelled alike may mean entirely different things, such as row, how, lead, saw and so on.

These peculiarities have to do merely with orthography. When the other innumerable inconsistencies of the language are considered, the wonder is that anyone ever learns to speak and write English correctly. As a matter of fact, hardly anyone ever does.

### NEW USES ON FARM FOR ELECTRICITY ARE FOUND

New uses for electricity on the farm continue to be found. A beekeeper has found that a beam of electric light directed on the entrance to his hives will stir the bees into activity several weeks ahead of the normal season and so increase their production. Poultrymen are more and more using electric lights in their hen houses which turned off and on automatically at predetermined hours get considerably more eggs than when the hens awake and go to sleep by the sun. A light globe kept burning in drinking water for stock and poultry keeps it from freezing. By suspending a light over a pan of kerosene in pest time, thousands of insects injurious to crops are killed nightly.

Mrs. Stricklin is on the sick list this week and we imagine the social locals will be rather slim.

L. F. Hudgens is on the sick list, but is reported to be improving.

Mrs. Claude Hudgens, accompanied by her brother, Craig Stewart, of McCamey, who has been visiting here for the past week, left Monday for their old home town, Stephenville, for a few days visit with relatives and friends.

### Press Meet

(Continued from page 1)

as well as small grain and corn are raised in this section, and much of such shipped to sections of this and other states. Some of the prettiest farm homes in the state are found in this county. Many of the farmers live in town, as Mexican labor is cheap. Indeed the man who drove us to and fro was a farmer as was the gentleman who delivered the welcome address at the chicken barbecue. They are proud of their section and are always talking it.

After a short program in the high school auditorium, we were turned loose on a chicken barbecue fully equal to our own famous south plains chicken barbecues. These chickens were milk feed for weeks in anticipation of the event, and if any editor in that section at that time missed this feed, he missed one of the prime events of the whole round. Some 400 fine, fat, fowls were prepared for this feast and what us editors did for them was a wonder, but there was abundance for all including our hosts. Three big husky cheers were given with a will for Robstown, and we departed. One fellow from a city of 15,000 in east Texas said he'd bet ten dollars his city would not furnish that many cars and give such a feed as Robstown gave us.

#### The Side Trip To The Magic Valley

Leaving Corpus Christi immediately after a sea food lunch Saturday at the Nueces Hotel palm garden, our special train took us straight to what is generally termed the lower Rio Grande Valley and sometimes Magic Valley. We passed through much fine farming section for a great way, then into a thick mesquite-cactus country that we could hardly see how a cow or cowboy ever got through, but is fertile as the Nile if given plenty water. Toward the shade of the afternoon we reached the valley proper, and we must say that the

word "magic" is no deception, for one appears to be transported into a different world. With its many citrus orchards, its palm avenues and other tropical plants, one can easily imagine that they are in the heart of central America. On the other hand, we find many of the temperate plants we are used to every day, such as cotton, corn, maize, etc. One would never know that it was an irrigated country if one did not pass over irrigation ditches occasionally, for all is subirrigation through huge tile cylinders. Cotton makes from one to two bales per acre, and corn some 150 bushels per acre, most of which is shipped to northern cities as roasting ears.

#### McAllen Receives With Open Arms

The press gang left the train at McAllen, and the special train was dead-headed to Brownsville during the night to be ready for us Sunday night on our long trek homeward, and the boosters of McAllen took us in charge and we were carried to our hotels where reservations had been made and where we washed up and got ready to go over to Reynosa, Mexico, over the highway which Collier's termed the silver plated highway to hell. Let us say right here that it is a good well paved highway, but no better than those all over that section of the state, for they have to have them to negotiate their black land when it rains. We were treated to one of the best feeds complimentary of the valley cities we have seen in a long time. The meats consisted of wild turkey, venison and bear, and there was gobs of it too. This was the first time this writer was ever out of the jurisdiction of the stars and stripes, but we certainly enjoyed the novelty of the brief change. Of course, being in the land of "personal liberty," we had plenty wet goods, but we prefer to live under the Volstead rule and plenty to personal liberty and poverty, although as many of our readers know, we are not especially fond of our drastic prohibition laws, and imagine with many

others that some modification would be best for the nation.

Returning to McAllen some ten miles, a good night's rest was had in their good hotels. Comes the morning after, with most of us without a bracer, but at seven o'clock cars picked us up for a ride through the entire valley, beginning at Mission, which is at the extreme north end of the irrigated section. Without doubt this section of the state for 100 miles is the richest per capita in the state, for we were told at Harlingen that there was in the banks of that section \$2,000 on deposit for each family. Many of the citrus orchards were frozen back during the winter when the temperature went lower than it has for 30 years, but the trees were cut back and are coming out nicely. Mission, Edinburg, Harlingen, San Benito and other smaller cities were visited. At noon we were given a fine barbecue by the Harlingen citizens at their dandy country club, with all the trimmings, and last but not least a feast on ice cold watermelons, the first we had tasted this year. Let us say right here that this valley, unlike California and Arizona, is as smooth as a floor, so level you cannot tell which way it slants, as rich and black as coal and no rocks. Some day it will be their chief and most feared competitor, and that day is not far distant.

#### Brownsville and Matamoros Entertain

Arriving at the airport of Brownsville at mid-afternoon, which is now an international port, all the gang were carried up in a big tri-motor who cared for the ride. We didn't, and that's our business. A big three hundred pounder from Houston, who is temporarily making the valley his home had us in tow in his coupe, and he took his first ride soon after we reached there. After a short drive around Brownsville, we used our press pass to visit old Matamoros across the Rio Grande. On this side of that stream is a modern city of some 22,000 people; on the other side is a city of some 15,000 that carries one back some 300 years with mostly unpaved streets and old, age worn iron latticed buildings. Twenty-four out of every 25 cars bore a Texas license, and Texas people were patronizing the bar, curio shops and other places, for it was as wide open as Brownfield is on Christmas eve. American money was the only kind in sight or the only kind they wanted. We never saw a Mexican take a drink while there, but the Texans were klinking the coin over the counters at a fearful rate. And most of these shop people informed us that they lived across the river as they wanted modern homes in modern surroundings.

We had often heard that in Mexican city cemeteries where the rent on the ground is not paid, the dead were disinterred and the bones and coffin flung over the stone wall fence. During our visit to the residence section, we had opportunity to see this condition with our own eyes. Also, this cemetery was right in the heart of the residence section, and there is no sewerage system. So you can readily see why Americans or the best class of Mexicans or Spanish live on our side of the river and make their money on the other side. At about 8

### Build A Good Poultry House

Chickens are no longer considered a by-product of the farm. When properly sheltered poultry pays big dividends in eggs. Build a good weather proof house for your flock and increased egg production will soon pay for the materials. Ask to see our Farm Building Service Bureau Plans from College Station. There is no obligation.

CICERO SMITH LUMBER CO.

### Clark Demonstrates a New Pump Invention

C. C. Clark of Alabama invited us out to the country home of J. A. Lloyd, four miles south of Levelland, Tuesday afternoon to witness a demonstration of an invention, which according to his claims has materially solved the long-sought problem of perpetual motion. He calls his invention "Oasis Automatic Water Supply." The equipment constructed for demonstration at Mr. Lloyd's was an arrangement of levers and fulcrums made of scantlings with an elevated container. This container was filled with water which was released through a pan with a trip valve. On the end of one of the levers was fitted an oblong swinging pan. The base levers were made to oscillate upward and downward. On the end of one was attached a 101 pound weight. When the water was released and about a half gallon passed into the oblong pan the lever goes downward, raises the 101 pound weight and the water spills, the pan going back and tripping the valve and fills again, repeating the same operation as long as the water runs.

The claims of Mr. Clark are to the effect that instead of the weight on the end of one of the base levers he has invented a pump that will carry the water back to where it starts. Of course, in the demonstration at Mr. Lloyd's he didn't have the pump, but he claims to have one installed at Brownfield at the home of his daughter where it can be seen to operate by anyone who wishes. And anyone by going out to Mr. Lloyd's can see the one there operate.

The contraption is hard to explain without a drawing, but there are two base levers that are on the order of a seesaw, as one end goes up the other goes down. At one end is the pump that keeps the water in circulation, on the other end is where power is developed.

Mr. Clark seems to have complete faith in his invention and claims to have a patent pending. He has organized a company and is now offering stock, \$1 to \$500 being the minimum and maximum that he will sell to one individual. He says he will guarantee 20 per cent within 90 days with a return of their money, if any one becomes dissatisfied with their investment.—W. A. Brooks in Levelland Herald.

The writer visited the well in the yard of W. A. Mangum here to see the invention work over the well, but at that time no one was there to demonstrate the apparatus, and of course we have no comment to make on the above article. But unless the apparatus will pump more water than it takes to run it, we cannot see the economy in the invention.

The Nazarene people will not begin their meeting until the first Sunday in September, or the first week of September, as they have been unable to get their minister until that time.

Mrs. W. F. Banks returned home Tuesday from Fort Worth, where she has been visiting her father, who has been ill for quite a while. Her daughter, Ozella was called there several months ago to care for him while relatives were away, but has returned.

Mrs. G. E. Jones, wife of the president of the Jones Dry Goods stores of west Texas, died at 2:20 A. M. Saturday, and the local store was closed all day. Manager Paul Robertson attended the funeral, returning Sunday afternoon.

o'clock a swell feed paid for by a large utility company of the valley, and said to cost \$2.00 per plate was served by one of the largest clubs in Matamoros, at which the young mayor of that city was introduced and welcomed the Texas editors in a short speech in good English. Most of the editors were in hopes that the program would be rather Spanish, as they wanted to see an original program, as they would give it, but the band went after American jazz and rags, and only played Spanish airs when they were called for. Side-walks of New York got such a hand and yells that that good old Al Smith campaign hymn was repeated several times. Indeed, we heard hurrahs for Al several times during the meal. After the meal and some dancing, the tired but not hungry and dry editors, wives and children were carried back across and put aboard the special and for home sweet home.

We could not consistently close this, rather long article without giving a hand to the Missouri-Kansas and Texas and the Missouri Pacific railroads that did so much to make our entire journey a huge success. The officials who were along, as well as the train crews did everything in their power to make us like the trip, and we did. Both are great rail lines and doing their big share toward making Texas the greatest state in the union. As stated above this article is long, but it does not do justice to the trip. Of course we have some objections to that country. It is much hotter than our section and too many of the people are Mexicans to suit one raised among pure Anglo Saxon English. But it is a great country to take your vacation and live if you like, as it is a radical change from our section.

### Johnson News

The farmer of this community are very busy planting and go-deviling their crops. The crops will be late in this part of the county.

Bro. Mitchell of Brownfield filled his appointment here Sunday eve. A large crowd attended.

Bro. Curry also of Brownfield preached here Sunday morning and at 8:30 Sunday night.

We had the largest crowd at Sunday School Sunday morning we have ever had. There were between 90 and one hundred present. Every one come back next Sunday and bring someone with you.

The party at Mr. and Mrs. R. F. Cook's Saturday night was enjoyed very much by a large crowd.

Mr. and Mrs. George Snodgrass and daughter of Brownfield spent Saturday night with Mr. and Mrs. Clent Wardlaw.

Miss Zula Patton is visiting her brother and family W. P. Patton this week.

Mr. Lyman Blackstock, Miss Gladys Newsom and Mr. Ben Jenkins who are attending school at Tech spent the week end with home folks.

Mr. S. C. Talley and family spent the day with Mr. G. G. Gore and family Sunday.

Mr. J. O. Wheatley and children spent Sunday with Mr. T. A. Loe and family.

Misses Golda Malcolm and Dollie Lea Cook spent Sunday with Miss Olivia Cleveland.

Miss Ruth Gore spent Sunday eve with Mrs. Orville Owens.

Miss Johnnie Plant spent Sunday eve with Misses Minnie Hazel and Luna Maude Gore.

Miss Ruth Hill spent the week end with Miss Bobbie Cook.

News is scarce this week so will ring off until next week.

The Baptist revival will begin the 3rd Sunday in August and will go over the 5th Sunday. Rev. May informs us that he has a noted preacher and singer for that time.

Clovis Kendrick and James King, local boys, have opened the second baby golf course on the corner of Tate and Second. They have a very nice place.

Mr. and Mrs. Redford Smith were week end visitors to Roswell and Ruidoso, New Mexico.

We are still ordering egg stamps. Order for five went off Monday of this week.

## RUNNING WATER in Your Home

END the drudgery of carrying water. Modernize! Install a Dempster Running Water System and enjoy real comfort and convenience in your home or on your farm. Made for farm and suburban homes. It's economical to buy and run. Investigate this modern water system. Dempster Water Systems are built for windmill, gas engine or electric power. See your Dempster dealer or write us for complete information.

## CONOCO

Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

More than one hundred and seventy thousand cheering, excited people, Friday, May 19, saw CONOCO do something that no other stock oil has ever done before . . . saw CONOCO'S claims for the sensational new GERM-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil . . . saw GERM-Processed oil "place" among the leaders of the Indianapolis Race . . . saw CONOCO victorious

in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of GERM-Processed oil to your attention in this sensational race. At a time when motorists in every section of the country have been lending willing ears to the story of the GERM Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that GERM-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, GERM-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . ."

**CONOCO GERM PROCESSED PARAFFIN BASE MOTOR OIL**
