BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 25, 1930

NUMBER 49

LET'S ELECT SEN. SMALL AND ADJOURN POLITICS

The Following is Some of the Reasons Why He Should Be the Next Governor. Also Why We Believe He Will Make The Second Primary. Let's All Vote Sat.

By their vote in the Saturday primary, the people of Terry county, can, if they so will, help to put a real West Texas business man in the saddle at Austin for the next four years. If we, by an almost solid vote in West Texas, can get him in the run off, he will have easy sailing, because there is not animosity and prejudices for him to overcome like most of the other candidates will have, because he has never been in State politics before.

Don't let reports coming from the big dailies mislead you from your purpose, for naturally they are for their favorite sons, and for those who are for the big corporations and utilities. Also some are for men who promise to take up big bond issues that they have voted on themselves.

CLINT SMALL
Candidate for Governor

and for which we are in no way concerned. It would be the same thing as Brownfield asking Meadow to help us pay off our sewer bonds, our paving bond or even our school bonds. It would not be in the least fair, but approaches socialism to say the least. The heavily bonded counties bonded themselves with their eyes open. Let them pay for them the same way.

Hon. Lynch Davidson, who is so ardently supporting Clint Small for the office of Governor of this state is not only a shrewd business man, but a keen student of politics, and he predicts that Clint Small will be in the run off. Following, we give a telegram received from him Tuesday morning, and gives great encouragement to West Texas people to go ahead and put every vote possible in for our favorite son. It follows:

Houston, July 21, 1930.

Voters apparently still in confusion and doubt as to choice of candidate for governor. By every modern method known, have canvassed state politically last few days. Because of big block vote, in West Texas and the Panhandle, Clint Small undoubtedly way in the lead over all candidates with the possible exception of Ferguson. Small offers far the best chances of defeating Ferguson. I earnestly recommend and advise believers in Good Government, and my own loyal friends to center their vote on Clint Small—Lynch Davidson.

There are many other reasons, too, that makes the Herald think well of Clint Small's chances, but we'll let Lee Satterwhite, Small's campaign manager tell them. Here they are: "I am as confident as I can be that Clint Small will be one of the two high men of the eleven candidates for Governor to be submitted to the democratic voters of Texas on Saturday, the 26th of this month."

It was declared here today by Lee Satterwhite, his campaign manager. "Close observers estimate a total of seven hundred thousand for the seven recognized leading candidates, which means One Hundred Thousand to each candidate if equally distributed. But summing up the vote as indicated from a close study it is my judgement that the two high candidates in the first primary will range somewhere between One Hundred and twenty-five thousand to One Hundred and Fifty Thousand votes. The next three candidates will range somewhere between ninety thousand and one hundred and fifteen thousand; the next two will range somewhere between Sixty-five and eighty thousand.

"Senator Clint Small of Wellington will be one of the two high candidates, with a vote ranging between One Hundred and Thirty thousand to one hundred and forty-five thousand. Sixty Thousand of these votes will come to him from the

Eighteenth Congressional District; from the Twelfth, Thirteenth, Sixteenth and Seventeenth District he will receive Fifty Thousand, and from all other sections of the State he will receive an additional vote sufficient to put him in the run-off.

"These other candidates have been yelling their heads off that 'Small won't get anything but that little West Texas vote! It begins to look by this time like the West Texas vote won't be so little.

"Take a map of Texas and a ruler. Put that ruler down, and draw a straight line from Denison, on the Red River, right down thru Fort Worth, to Del Rio on the Rio Grande.

"In this split you will be able to begin to see definitely how Small is going to win. North and West of that line is the great West Texas, which admittedly will go almost solid for Small in the first primary.

"But they tell you that West Texas is widely scattered and there are so few poll tax receipts.

"All right do some more figuring. Take a copy of the Texas Almanac published by the DALLAS NEWS. It is but a simple matter to figure that there are nearly 300,000 poll tax receipts in that area, or approximately one fourth of the total of Texas. At the same time politicians estimate that only 57 per cent of the poll tax receipts are voted, which will mean that in Texas there will be some 700,000 votes polled, while in West Texas, Small's own territory, there will be some 200,000 votes polled.

Don't ever get it in your head that just West Texas is going to vote for Small. His program is too intensive. His platform is too solid. It is built to withstand every shock of every test that any other candidate can give it, and East Texas, South Texans are going to join with West Texas in putting him over.

"It will be the one time in history when the east and west will meet, and division will be forgotten, because Clint Small is offering an administration which cannot be turned down. If you cast your vote for anyone else, you are losing the greatest chance of your life time to adjourn politics in Texas and elect a real governor for the state."

LET'S ALSO PUT JIMMIE ALLRED IN AS ATTY. GEN.

There is another West Texan that the Herald would love to see put in office this year, and that is Jimmie Allred, of Wichita Falls, the boy who

JAMES V. ALLRED
Candidate for Attorney General

came very near making the grade four years ago, being beat only by a matter of some 4,000 votes in Texas.

Jimmie started as a bootblack, has educated himself, and we believe he is in every way well qualified to fill the office of attorney general of the great State of Texas.

A Welcome Arrival

Plenty Laughs in the New Oakie Picture

"The Social Lion" Filled With Side-Bustin' Dialog and Fast Action.

Jack Oakie, Paramount's sure-bet laugh-maker, will be seen and heard next Sunday, Monday and Tuesday at the Rialto Theatre in his first starring vehicle, "The Social Lion."

The picture is based upon the Octavus Roy Cohen story, "Marco Himself."

It is the hilariously funny story of a young garage mechanic and would-be pugilist who gets a place on a ritzy country club's Polo Team because he is the town's most proficient mallet-welder, having learned polo when he was serving an enlistment in the army.

But his hob-nobbing with the "400" of the town gives him high hat ideas and he tries to cash into the "inner circle" by means of the entree he has gained through his polo-playing. This provides a number of every amusing situations and rib-roking dialog.

The final is a happy one, for our hero finally realizes that the plain little girl and the plain life are the girl and the life for him.

Jack Oakie, of course, is the pugilist-polioist social lion aspirant. He never had a funnier role. Skeets Gallagher is the partner and pal of Oakie; Mary Brian is the plain little girl, and Olive Borden is the ritzy daughter of society who tries to make a sap out of Jack, but fails.

Other in the excellent supporting cast are Charles Sellon, Cyril Ring, E. H. Calvert, James Gibson, William Bechtel, Henry Roquemore, Richard Cummings and Jack Bryon.

Farmers Seem Unable To Reach a Decision

A mass meeting of farmers that was held at the Baptist Church Monday night, for the purpose of discussing the cotton marketing situation was well attended and the auditorium of the church was well filled. The plan of operation was explained by R. J. Murray and F. R. Friend of Lubbock and was also discussed by Mr. Deitrich, who is Organization Director of the Lubbock District.

After the speakers had concluded their remarks and had answered questions of farmers concerning a number of sections of the marketing act. Membership agreements were passed around and were signed by a considerable number of cotton growers, while others decided to make further investigations before deciding upon the matter. An organization was formed and a district and county chairman is to be appointed and an effort will be made to secure sufficient membership to form a county association in Brownfield, but it is stated no effort will be made to "strong arm" anyone into the association. Several people from Yoakum and Gains Counties were present at the meeting and will be included in the Brownfield unit of the association in the event that it is successfully launched.

If the man likes gardening, I find myself liking the man.

Revival to Start Here Next Friday Night

Elder J. K. Bentley will begin a revival meeting here next Friday night, which is August 1, to go over two Sundays. It will be held at the

ELDER J. K. BENTLEY

city tabernacle under auspices of the local church of Christ. Local song leaders will have charge of the congregational singing.

Elder Bentley held a revival here a number of years ago, which will be remembered by the older settlers here, which was more or less rained out, and he is hoping for more open weather this time. He is a good speaker, and a deep student of the Bible, and will thoroughly interest anyone who wants to learn more about the old book.

He speaks the word with love, and we are sure, whether you agree with all he says or not, you will appreciate his interesting discourses on the Bible. Go hear him.

County Fair Will Be Held Here In Sept.

Several people have inquired about the county fair and this is to advise all citizens, that we are going to put over the FAIR this fall. The dates have been set for Friday and Saturday, September 26-27. Catalogs will be printed and mailed out in sufficient time to reach every person in the county if such a thing is possible. Very little if any change is contemplated in the premium list and the general arrangement will be the same. It is to be held at the West Texas Warehouse and Compress Company Sheds, which is the same place as held last year and the year before.

A carnival will be engaged and efforts are being made to engage a good one. Also fireworks will be staged each night. Ample arrangements will be made for all kinds of livestock and we hope to have a better show than we had last year. The general exhibit of agriculture has never been up to what it should be and we hope to interest a greater number of farmers in this section. It is very probably that a section will be reserved for individual farm exhibits and premiums offered for the best exhibits of this character.

The combination of courage and intelligence is unbeatable.

CROPS LOOKING FINE ALL OVER OLD TERRY

Reports From Various Sections of the County Give Most Glowing Reports of Crop Conditions and Most Uniform in Size than For Many Years. Rain Needed.

The writer tried to see as many farmers as possible last Saturday from all portions of the county as possible and talk with them about crop conditions, and we are glad to report that all reports from all sections were but little short of glowing. Farmers as a whole are not given to boosting their own crops, and unless they really have a good crop, they fill not say so. Some, however, reported that they had begun to need rain, but their crops they say are not suffering, but still making rapid growth with the continued hot weather. All reported that the showers of last week seemed to help some, especially by being cloudy and cooler for a day or two, thus giving tender young plants that are not well rooted another cinch on life by rooting deeper. Other farmers reported the most rising the later part of the week, which is a very good indication of rain in the near future.

We have not had the opportunity to view many crops of late, but we drove out late Sunday afternoon in the western section and found, generally speaking good crop prospects, with most fields in a high state of cultivation. Some have not taken out the weeds in some fields where young feeds are growing on purpose as they are afraid it will blow out. But as soon as the young feed begins to suffer, or is big enough to take care of itself, the weeds will be removed, giving the plants the full benefit of all the moisture. And Terry county is wonderfully blessed with a deep moisture that can be used to advantage. Many people say they will make good cotton crops and fair feed crops without another drop of rain.

but of course the feed crop will be greatly enhanced later by some showers.

We found that out several miles west where they did not have abundance of season in May as we did nearer town, that the big sand storm from the north late in May wiped out most of the sandiest lands, and the crops on them are late. We also understand that in the south part of the county where the tremendous flood of June 14th fell, practically all the crops were either washed up or covered up, and all that section had to be replanted. But, although young, these crops are now hitting the ball for a big growth, and by the middle of August they will have lots of cotton blooms, and the feed will be practically made. Lots of years the first bale of cotton comes from this section, but that remains to be seen this year, for we saw cotton Sunday afternoon that will yield some cotton by the first part of September if nothing happens to it.

As it was last year, it seems that the western strip of counties which includes Gaines, Yoakum, Terry, Hockley, Cochran, Lamb and Bailey have the best crop prospects in Western Texas, with the next best laying immediately to our east, including Dawson, Lynn, Garza, Lubbock, Crosby, Hale and Floyd, but as one gets further east, the more discouraging is the crop prospect, and late visitors off the cap say it looks like these counties are in for buying feed again another year. In fact this immediately section of the south Plains is the cream of the un-iverse.

Both Dems and Repubs To Hold Primaries

Perhaps you did not know that the Republicans of Terry county were even contemplating an election, but they are. They do not make as much noise about the matter as we Democrats, for those boys are always nearer together on candidates than we. However, they have a full set of candidates for State offices, but none for district or county. And they have several running for the same office, too, but you hear little about the matter, as their voters are scarce in this section. Only fifty ballots were ordered for Terry county, and only one box is advertised to be opened in Terry county, and that will be at the sheet iron building first door north of Cobb Dept., Store. Just whether negroes will be allowed to participate, we have not learned. In some counties in Texas, they will be allowed to vote in Democratic primaries, but whether the Democratic Executive Committee of this county has passed on it we know not. We don't imagine that many negroes here are even armed with a poll tax receipt, anyway, and that is very essential to a voter.

Of course the democratic primary will be usual cover every voting precinct in the county, and four boxes in this city, one each in the commissioners court room, the county clerk's office, the collector's office and the sheriff's office. Twenty-five hundred ballots were printed for this election, or a third more than the qualified voters in the county. The republican party having cast more than 100,000 votes in the general election two years ago, forced them to hold primary elections in Texas under the law. Usually they fail to cast that many votes and hold conventions to nominate their candidates. Sometimes we almost believe that the old convention system is the best after all, for they certainly did get good men when they were held, although there was much talk of railroading and steam rolling.

Field Inspector S.P.B. Visits Terry County

Mr. H. G. Bowers, field inspector of the State Plant Board, was here Monday and inspected the grain sorghum patches of Mr. T. L. Causeaux and Arthur C. Williams.

These two farmers expect to qualify as growers of certified grain sorghum seed by next season. They planted bagged seed, which they obtained from the Experiment Station at Lubbock, this spring and they are now tying paper bags over the heads before these heads bloom, thereby keeping the seed absolutely pure. Their seed patches will be planted from these bagged seed another year and after other inspections, they will be permitted to sell State certified seed.

Fred Allen, of Bradshaw, was up the past week for a short visit with his brother, Earl, proprietor of the Brownfield Shoe shop.

Big County Speaking Here Saturday Night

If you have not been out to any of the speaking of the boys and girls—you will have a chance here Saturday night when they wind up the first campaign and get ready for the last battle. Therefore, let's give them a real big, noisy crowd. Let's give them a hand whether we aim to vote for them or not. They need the encouragement to go through the trials of the next day with its voting and voting, when no one but the election judges and clerks know one thing about how things are going, and not even they until they begin the counting.

Neither the district judge or the district attorney have opponents, but coming down to county Judge, we have three, and one of them will have to be eliminated, unless it just so happens that the two low men, which is very unlikely. In the county and district clerk and the sheriff and tax-collector's races. Headstream and Telford have no opponents as they have only had the office one term, nor has Judge W. W. Price for county attorney, but we have four each in the tax-assessor and Treasury races, two of which will have to be cut out. L. L. Brock of Pre. No. 1, and G. M. Thomason, of No. 4, have no opponents in the commissioner's race. But No. 2 has four men and No. 3 has three men out. So you see there will be at least five races in the county in the second primary in August, not to mention several in state races.

Also, it might just so happen that we will have some one to represent some of the gubernatorial aspirants here on that night to dispense oratory for our benefits, and therefore it will be to your advantage to bring along the family, the house cat and the yard dog to hear the welkin ring. Come one, come all.

GOMEZ — GO — GETTERS

The Gomez Go Getters met at a call meeting Wednesday evening, July 16, with the president in charge. The minutes of the last meeting were read and approved and the roll call was responded to by a large majority of the members after which several new songs were sung. We also gave a new yell.

Mr. R. B. Davis was present and told us all about going to the A & M Short course. The following members were elected to go. Zella Whitely, Vevean McLeroy, Harvey Davis, Clayton Walker, Wayne Doss and Tress.

We discussed with Mr. Davis about taking all of our members to the Lubbock Fair this fall. We adjourned.

Federal Poultry Man At Plainview Today

Plainview, July.—William F. Schilling of Minneapolis, Minnesota, representative of the poultry and dairy industries on The Federal Farm Board will be in Plainview Friday and Saturday, July 25th and 26th. He will make a public address at the Annual Picnic of the Hale County Dairy Association, Friday afternoon at one-thirty.

Mr. Schilling's visit will be the first ever paid to Plainview by a member of The Federal Farm Board, and his second to Texas since his appointment to the Board he having attended a poultry meeting at San Antonio some months ago.

During the two days of his visit here, he will be escorted through the creamery plant of the Hale County Dairy Association at Plainview; will be guest at a dinner for visiting agricultural workers, and dairy farmers; will tour the county with a group of interested citizens; and will have other courtesies extended him by the directors of The Hale County Dairy Association, The Board of City Development, and the Chamber of Commerce and Agriculture.

Invitations are being sent out by County Agent R. M. Milhollin of Plainview to other county agents in the Panhandle Plains to come and bring delegations with them to the picnic being staged by the Hale County Dairy Association, and to hear Schilling's address Friday afternoon. Maury Hopkins, Secretary of the Plainview Chamber of Commerce and Agriculture is sending out similar invitations to the Chamber of Commerce in the same territory. Hale County is the only place that Schilling will stop on his present tour of this section, and it is planned to make it a Panhandle-Plains meeting at Plainview for all interested in the Farm Board's activities in dairying.

The picnic of The Hale County Dairy Association will be held at the grove in the municipal park. Directors of the Association state that everyone will be asked to come and bring a well filled dinner basket. Lunch for all visitors for a distance will be provided, the Hale County Dairy Association providing lunch for all who do not bring their own, and Manager C. M. Anderson, Chairman of the general arrangements is especially anxious for the Association to have a large number of out-of-county visitors.

Brownfield Dis. Boy Scouts to Organize

By authority of the South Plains Area Council of Boy Scouts the Brownfield District will be organized in a meeting to be held Tuesday, July 29 in the Legion Hall. Any organizations who are co-operating are urged to send representatives and suggest plans to be carried out by the new organization. By this means scouting will be brought closer home to our locality. Brownfield will be the headquarters for scouting in Terry, Yoakum and Gaines counties, and also Ropesville. Tentative plans have been considered to give the Scouts an outing next year at Rio Diosa.

A permanent Court of honor will be established at Brownfield with the officials residing in this city. All fathers and mothers and friends of the scouts are urged to be present in this most important meeting, to organize this court. Mr. Jennings, Scout Executive of the South Plains area will be here to perfect the organization.

CULLING POULTRY YEAR AROUND PROFITABLE

San Benito—Use of the year-around poultry culling system advocated by the Extension Service has added about \$10 per month to the profits of J. K. Siderius of Los Fresnos, Cameron county, whose flock of 130 birds was the first farm flock demonstration established in the county by H. L. Alsmeyer, county agent three years ago. Production has been raised about two eggs per hen per month in this time according to 1927 and 1930 comparisons made on two high-price months early in the year.

The year-around culling system as explained by the county agent is based on the fact that one may determine at any given time whether a hen is in laying condition. By making four examinations yearly, and recording the condition each time by a special leg band, the active layers may be unmistakably located. Those receiving four bands are put in breeding pens and all getting three bands are kept for the laying flock. Flocks are examined in late fall, late winter, late spring and late summer.

Large crowds with much interest manifested, are attended the revival being conducted by Elder Liff Sanders at the Johnson school house.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Terry County—Greeting:

You are hereby commanded to summon Albert Dunaway and Frank Dunaway by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in the town of Brownfield, on the fourth Monday in August A. D. 1930, the same being the 25th day of August A. D. 1930, then and there to answer a petition filed in said Court on the 18th day of June A. D. 1930, in a suit, numbered on the docket of said Court No. 1509 wherein Clyde Lewis is Plaintiff, and Geo. D. Cardwell, Perla Cardwell, a minor, Albert Dunaway and Frank Dunaway are Defendants, and said petition alleging that on or about the 7th day of April, A. D. 1930, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Terry County, Texas, holding and claiming the same in free simple, to wit: All of the East half of Section No. 158 in Block "T" in Terry County, Texas. That on the said date defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage, \$100.00. That the reasonable annual rental value of said land and premises is \$300.00.

That plaintiff secured a loan on said land of \$3,000.00 from Otto Stolley of Austin, Travis County, Texas, on January 11th, 1928, bearing eight per cent per annum interest, the interest payable annually, and on November 2nd, 1927 sold said land to the defendant, Geo. D. Cardwell, who, joined by his wife, conveyed the south 200 acres of said land to Edna McGill, and that the said Edna McGill, joined by her husband, T. E. McGill, conveyed said 200 acres of land to the defendant, Albert Dunaway, and that the said Albert Dunaway sold and conveyed said land to the defendant, Frank Dunaway, and each of said conveyances was evidenced by writing and is of record in the Deed Records of Terry County, Texas, and that in said Deed to defendant Cardwell the said Cardwell assumed the payment of said Otto Stolley loan, and in the other deeds of conveyance, two-thirds of said Otto Stolley Loan was assumed by the various grantees.

That the plaintiff, in order to keep his obligation with the said Otto Stolley has been compelled, after the failure and refusal of the defendants, and each of them, to pay said interest maturing February 20th, 1927, 1928, 1929 and 1930, respectively, and has had said interest payments transferred and assigned to him, and has demanded of defendants, and each of them payment of their pro-rata part of same, which

Girl Grows Pig at Six Cents Per Pound

Roby—Changing a pig to a 213-pound hog in four months at a feed cost of less than six cents per pound is the achievement of Miss Lelia Webb, farmette demonstrator of Clantonville Community in Fisher county. When the county agent, G. J. Lane, bought the neighbors together at the girl's farm recently for the final weighing it was found that this high grade Duroc-Jersey hog had gained 128 days to bring this porker to the most desirable packer weight. The ration used consisted of yellow corn meal and a supplement composed of ground oats, cottonseed meal alfalfa leaf meal in the proportion of 2-1-1. One gallon of skim milk was used daily in mixing this feed into a thick slop which was re-

duced to the consistency of butter-milk by adding water. Miss Webb found that slightly more than two pounds of the grain mixture and one-third gallon of skim milk was required to make one pound of pork. Measuring profits in terms of feed, the milk brought 22 cents per gallon.

REVIVAL MEETING

Nazarene meeting at Pool School house will begin July 27, 11:00 a. m. Rev. Arthur Scudday and the writer will do the preaching. Mrs. Scudday will conduct children services. Miss Lola Huskey will have charge of singing.

You are especially invited to attend and take part in these services. Mrs. Lizzie Williams, Pastor of Brownfield Church.

W. H. Hight and family, were up from Wellman shopping with our merchants, last week.

To My Friends and Voters of Terry County

As most of you know, I am serving as County Treasurer, now, by appointment by the Commissioners Court, to fill out the unexpired term of Willburn Pippin (my son), who died last September, and I am asking you voters of this county, to give me the office one term, and if you do, I will handle the duties of the office, and serve you so you will never be sorry voting for me.

It will be impossible for me to see each of you in person, before the election, so I ask you to please consider my appeal to you. I am your servant.

J. T. PIPPIN

B. L. Crites of Preenix, Ariz., came in recently and has opened a filling station in the old Brick Garage, which has been remodeled and is in fine shape. He will not only carry a nice line of gasses and oils, but all kinds of accessories. Later he may add a line of tires and tubes. He has named it the Happy Service Station. We welcome Mr. Crites and family to our city.

Great Singing Heard At Lahey Sunday

The writer did not attend the Terry County Singing Convention at Lahey Sunday. Not because we did not want to, but just had other irons in the fire, but we have it on good authority that the hills or rather the landscape around there was covered with cars and people, and that all had a great day, and some of the best singing in our history, as well as a good feed.

It was not election time as we stated last week, but we understand that many communities had good singing classes on hand, as well as some good quartettes, and that everyone who attended came away well pleased with the day.

Conditions seem fine at this time for some showers, but we are making no rash predictions.

Crops are looking real well and are not suffering for rain very much, but will be in a few days if we don't get some rain, however its been looking like rain for the last few days and we are still expecting a rain before its too late.

Mr. Williams branding was a great success. They had a number of relatives visiting. His sister from Wichita Falls were visiting. She reported crops no good down that way.

Mr. and Mrs. Donald Smith visited Mr. and Mrs. Weslie Hinkle, Sunday.

Mr. Duffie Jeffcoat, visited Mr. S. J. Hinkle and attended Sunday school at Turner.

Miss Maudie Spens visited Miss Marie Hinkle Sunday.

Mr. Harris Smith and Miss Irene Hinkle, Ernest Hullett, Carnelia Cobb, attended a party Saturday night, South of Tokio.

Mr. Dick Turner gave a rodeo Sunday afternoon. Mr. Raymond Hinkle come out on Butter milk, Raymond says the higher they jump the better he likes it. Mr. Fellip Williams and Mr. Dick Turner also rode.

Mrs. John Weldon of Lipan, Texas and son, Buster, and daughter, Allen, are visiting Mr. and Mrs. J. L. Weldon.

Mrs. J. H. Howell from Challis spent Monday night with Mr. and Mrs. J. L. Weldon.

Mr. and Mrs. Elbert Hinkle visited Mr. and Mrs. Arthur Cobb.

Mrs. S. D. Hinkle attended Sunday school and preaching.

Mr. Huffman and family visited at Lahey Sunday.

Garland Huffman ate supper Sunday night with Mr. Loyd Hinkle.

News was scarce this week, but we hope it will be better next week. Everybody is invited to Plains Saturday July 26. They are going to have a picnic, rodeo, ball game, and the are going to have plenty to eat. That's the main thing.

Sunday was a great day for the Brown family. All the children were in attendance at a fine dinner at the home of the parents, Mr. and Mrs. W. H. Brown. Among the children present were Mr. and Mrs. M. B. Brown and little daughter, Mr. and Mrs. Willie Hyman, Misses Sarah Evans and Lillian Dickinson, Messrs. Glenn and Douglas Mason.

Luther French of the Lou community was up this week and was purchasing some articles that indicated that he was fixing to take a vacation.

Hon. Marvin Jones Asks For Re-Election

In the coming primary, the Democrats of the Eighteenth Congressional District, composed of Fifty-three Northwest counties, will no doubt show their appreciation of a conscientious, wise and capable public servant by voting for Marvin Jones for Congress.

Mr. Jones was first elected in 1917 and has served continuously since

CONGRESSMAN MARVIN JONES

that time. By native ability and through industry and experience he has become one of the most effective and highly respected men in the House.

If the entire House of Representatives were composed of men like Marvin Jones the standing of the National Congress would be a source of general pride. Mr. Jones does not seek the limelight. He does not speak merely to get into the record, but when he does speak he has something to say, and the members of the House always listen to him.

Mr. Jones has had very little opposition, and in the few instances when it has developed his opponent has accepted defeat with little surprise, and everybody seemed to have a good time. His merit is recognized, and each added year finds Mr. Jones more strongly entrenched in the House. Even those who disagree with him occasionally on national questions are proud of the manner in which he serves all of the people of the district, and of the record he has made.

The people of the Plains are always glad to support Marvin Jones.

Another Fine Victory Won By New Konjola

Lady Was About To Give Up Hope Of Finding Escape From Stubborn Ills.

MRS. FLORA STANLEY

No wonder Konjola has won a million friends; no wonder seven million bottles were used in two years! Would you not like to know all about the medicine that wins such triumphs? Ask your druggists about it, but right now before you do anything else, read the words of Mrs. Flora Stanley, 315 North McMaisters street, Amarillo, Texas. Praising Konjola, Mrs. Stanley says:

"I was in miserable health for five years, the result of stomach kidney and liver disorders. My back ached terribly and my feet and ankles were badly swollen. Gas formed after each meal, and I endured awful pains. Dizzy spells and bilious attacks were other sources of distress. My husband insisted that I try Konjola, and now I have a good appetite, food digests as it should, dizziness and biliousness are gone and my weight is back to normal. We will always recommend Konjola after what it did for us."

Konjola does work swiftly, yet a full treatment of from six to eight bottles is advised for best results.

Konjola is sold in Brownfield, Texas at the Alexander Drug Company, and by all the best druggists in all towns throughout this entire section.

Cotton Co-Ops. Assn. Will Try Organization

Mr. Murray of Lubbock who is district chairman of the Texas Cotton Cooperative Association announced the appointment of Mr. R. M. Kendrick, President of the First National Bank, as the district representative of Terry County, and Mr. W. H. Black, a farmer of the Gomez community, as County chairman.

Mr. Black, who is a successful cotton farmer, said that he did not want the job but in as much as he thought this was the fairest proposition that he had ever heard of, why he signed the marketing agreement and would head a campaign in an effort to secure enough members to warrant the establishment of a branch office in Brownfield.

Community chairman will be appointed and these men with the assistance of representative business men will hold meetings throughout the County in the interest of the Texas Cotton Cooperative Association.

Constitutional Amendment S. J. R. NO. 7.

Be it resolved by the Legislature of the State of Texas: Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury) shall be invested in bonds of the United States, the State of Texas, or counties of said State, or in school bonds of municipalities, or in bonds of any city of this State, or in obligations and pledges issued by the Board of Regents of the University of Texas, or secured by such obligations and pledges, for the construction of dormitories and other buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto; and the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing section; provided, that the one-tenth of the aforesaid sections of the lands granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1888, entitled "An Act to establish

the University of Texas," shall not be included in, or constitute a part of, the permanent university fund."

Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

Constitutional Amendment S. J. R. NO. 2

Be it resolved by the Legislature of the State of Texas, that Art. V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme court may sit at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section of Art. V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of October in each year until the last Saturday in June of the next year inclusive, at the Capitol of the State."

Section 3. If the Constitution Supreme Court shall be open at all shall not have been previously amended so as to provide that the times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

We stated elsewhere that conditions seemed favorable for more rain this week, but the period seems to have about passed this, Wednesday morning. Anyway, we will have a new moon the last of this week, and maybe the moon will bring us some rain. As it may, we are prepared to go on a week or so longer if we have to but we don't want to, mind you.

Texas editors were asked to write the Dallas News Wednesday of this week their opinion of how they think their county will go for governors and attorneys generals in the primary tomorrow. The Herald along with perhaps a number of other county weeklies made its guess, but we may be as far from the real vote as the east is from the west. We certainly missed it two years ago when we thought Al Smith would carry Terry county. We are just guessing, and that's all.

Texas is only leading California by a matter of some 200,000 people, and with the present rate of increase, it will likely pass Texas and become the fifth state in population in the next two years. This may be true for ten years, as California is said to be capable of supporting a population twice its present amount,

but the day will come when Texas will not only re-pass California but the other four states now above it, for it is said to be capable of supporting a population of nearly 60 million people.

We noted last week that there was a number of our exchanges that had ads, nice fat ones for Ross Sterling, but the Herald was left out in the cold. All that tended to almost break our heart. When we ran over the ads, we found that nine tenths of them were in towns where big utility companies owned the light, power and ice plants. Those with municipally owned plants got no ads. Of course the Herald is not saying that these ads were paid for by the big corporations, but it made us wonder. It did.

The Terry County Herald is making an effort, assisted by other citizens, to secure a county home demonstration agent. Lynn county was a little hesitant about employing one, but we believe that there is little doubt in this county now as to the value of such an office. The two home demonstration agents in Lynn County have been worth more than their pay for the interest they have developed among the farm women in the use of steam pressure canners and sealers if for nothing else—and that is only one little accomplishment to their credit.—Tahoka News.

The Rotary Club was addressed by the secretary of the O'Donnell chamber of commerce and the manager of the Lamesa milk plant last Friday. We don't believe a member of this club has a cow and therefore can't be very much interested in the plant, except for the development it may bring to the south Plains. It appears to the Herald that such addresses should be saved to be delivered to the farming class of people instead of a bunch of business men. It is like addressing a bunch of newspaper men at one of their conventions on the frog leg industry. They would not be greatly interested in the address.

Opponents of the state-wide bond plan for financing roads claim that it will mean a debt of \$90 on each man, woman and child in the State, based on a population of 5,800,000, with 350 million principal and 180 million dollars interest, and at the same time take 10 million dollars a year from the school fund, which would of necessity raise property taxes to care for the schools. On the other hand the proposed plan would only take up outstanding bonds that were used to improve state highways, leaving counties to pay for bonds issued for lateral roads. There is no complaint for lack of funds to improve state highways, and the plan can only appeal to those counties that are already heavily bonded and would like to shift the burden.—McLean News.

As to the big 350 million dollar bond issue by the state of Texas, it appears almost the same thing as pure D socialism to the Herald, and we cannot conscientiously vote for a man who is working for it. All counties that have voted road bonds on themselves have done so voluntarily. People of neighboring counties have not urged them to do so. Then why ask the whole state to help pay the debt? Why not also ask Lubbock and Lynn and the rest of the counties of the State to help us pay off our courthouse bonds? Our paving bonds? To vote these bonds, Texas must first approve a constitutional amendment to do so. Then the road is open to vote other bonds as the big bugs see proper. Better keep bond voting in the confines of counties. This is another time when local option will probably be the better course. The State and Federal governments have to darn much to say about how we act and conduct our affairs already. If you are not in favor of having a big bond debt saddled on you and your children, better not vote for any state officer who believes that way. Stir clear of Tom Love and Ross Sterling.

AN EDITORIAL

Our Good Natured Editor, and Proprietor, of the Terry County Herald, recently in an analysis of the gubernatorial "Free-for all Sweep-Stakes" that will be "Pulled off" on the 26th of July, took occasion to cast some "Aspersions" at the support, that "Ma and Jim" Ferguson, would receive in this County and intimated that the only two voters they would receive, was a certain Banker, and a certain Doctor, who resides in the city.

Now in order to keep Jack straight which is rather hard to do, for you see he hails from the Good Old State of Tennessee, where the "Law Regulates Science" and prosecutes those who are so criminally inclined, as to presume to teach Evolution in their schools, and to set at rest the Rumor Aforesaid, that "Ma and Jim" only have two supporters, in this portion, of the "Anti-Saloon-League's "Vineyard" composed of the aforesaid Banker and M. D., the following forecast is here submitted, to be checked against the forecast, of the aforesaid, editor.

A careful "Check-up" on the political situation in this county discloses the fact that Clint Small, by reason of being from West Texas (There is no other reason, and I challenge anyone to name one plank in his Platform, except to "Adjourn Politics") will receive several votes in the county, but no reasonable person, excepts him to receive enough votes to give him as good as 5th place, in the "Sweep-Stakes."

Those East, South, and Central Texas Voters, are not going to vote for a "West Texas Guy" whom they think, would at least divide Texas into two states, and establish a Capitol at Lubbock, and possibly move the Federal Capitol from Washington, to the same place.

Thomas Belinda Love, of "Hoovercrat Fame (?)", will come in for a rather strong vote, for his faithful Fighting of the Pope of Rome, who had such, "Villainous Designs," upon our Government during the last National campaign.

Barry Miller (Poor Soul) has no "Coat-Tail" on which to run this time, and will "Fade Out", along with Soapy Moody, with his Soaps Mops, and Scrubs, (We mean Scrub Brooms.)

Jim Young, will doubtless give Earl Mayfield a "Darned Hard Race" for 5th place in the Sweepstakes, you see, since the "K. K. K.'s" ceased to Function collectively, and have no Lodges for Earl to Speak to, it is going to be hard to get anyone to remember just who he is anyway.

R. S. Sterling with his \$350,000.00 Bribery Budget Bond Issue, which he is offering to the "Bond-ridden" counties of the state, bids fair to be one of the "Runners-up" in the Sweep-Stakes, but we do not believe that he will succeed, in fooling the voters in to standing still while such a huge sum of indebtedness is saddled upon them.

Then passing the other aspirants, whose votes will about equal the amount usually received by Kate Daffan, who used to run for Governor, and I wonder what the devil has become of her, we come to Ma Ferguson, who aside from the few Doctors, Bankers, Lawyers, Merchants, Preachers, School Teachers, etc., will receive three fourths of that vast hoard of voters, which the Cartoonists denominate the "Common Peepul" and show him in the picture, with a Spade, Rake, Hoe, or Hammer in his hand, a large "Hoover Prosperity Badge" on the seat of his pants, and a "tired and sorrowful" expression on his face, as though he had just returned from the Tax Collectors Office, from paying his taxes.

When this Vote in connection with that of the Doctor and Banker, and other Professions, and trades have been totaled, the word will go forth from "Sinia" that Ma will be in the Second Sweep-stakes, with Thomas Belinda Love, or "Rasmus Servius Sterling."

O Temporo, O Moroso, O Shucks; E Pluribus Unum; Sic Semper Tyrannus and Dum Tacit Clamat.

P. S. The above Latin Phrases, mean properly translated, that "The country is in a h-l of a fix, and getting worse all the time."

H. J. R. NO. 11 Constitutional Amendment

Be it resolved by the Legislature of the State of Texas: Section 1. That Article vii of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows: "Section 16. All land mentioned in Sections 11, 12 and 15 of Article vii, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930. (A correct copy.)

D. 1930, the same being the 25th day of August A. D. 1930, then and there to answer a petition filed in said Court on the 30th day of June A. D. 1930 in a suit, numbered on the docket of said Court No. 1513 wherein Teressa

Martin is Plaintiff, and Willie Martin is defendant, and said petition alleging that she is a resident citizen of Terry County, Texas, has resided in the State of Texas, for a period of twelve months, and has resided in Terry county six months prior to the exhibiting of Plaintiff's petition filed herein.

This plaintiff would allege that by reason of cruel treatment and criminal excesses, she was forced to leave said Defendant, that she has not lived with said defendant as his wife since the 12th day of March, 1930, that she was lawfully married to said defendant on the 1st day of October 1929. That said defendant would not support her, that he had been unbecomingly to this plaintiff convicted of a felony.

That further living with said Defendant is unthinkable. Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office this the 30th day of June A. D. 1930. (SEAL) Rex Headstream, Clerk District Court, Terry County. 49c

You are hereby commanded to summons, as you have heretofore been commanded, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not then in the nearest county where a paper is published to appear at the next regular term of the Justice Court of Precinct No. 1, Terry County, Texas, to be held at the Court House thereof in the City of Brownfield on the 25th day of July 1930, then and there to answer a petition filed in said court on the 10th day of March 1929, in a suit numbered 389 on the docket of said court, wherein J. H. Welch is plaintiff and W. S. Harvey is defendant said petition alleging that on Sept. 3, 1929, the defendant made, executed and delivered to the Carter Chevrolet Company his certain promissory note for the sum of \$102.00, same being due in three installments the last due and payable Dec. 1, 1929, upon which there is a balance due of \$25.84; that said note was for value received, sold, transferred and delivered to the plaintiff by said Carter Chevrolet Company; and that the plaintiff is the owner and holder thereof and that the same is past due and unpaid; that at the time of the execution of said note the defendant executed a chattel mortgage to secure the payment of same upon 1 mare mule, 8 years old weighing 1000 pounds and 1 1/4 hands high; 1 grey horse 12 years old 16 hands high, weight 1200 pounds.

Plaintiff prays for judgment on said note for attorney's fees and costs and for a foreclosure of his chattel mortgage lien on said above described property.

Herein fail not but have you before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed same.

Given under my hand this the 27th day of June, 1930. M. S. Dumas, J. P. Pre. No. 1, Terry County, Tex.

After several years' absence I again ask for admittance. I have read The Semi-Weekly Farm News ever since I could read, so I am partial to it.

Before I married we lived in Rains County, Texas; then moved to Idabel, Ok. We moved from there to West Texas, Terry County. Would be glad to hear from anyone who cares to write.

I am married to one of the best husbands in the world. I am 25 years old. My maiden name was Katherine Wilson. We have good crops this year.

I am a chicken crank. I have about 150. This is a fine country for chickens and turkeys except for the coyotes. This is a plain open country. Plenty of good water. We can raise most everything out here we raised in the east.—Mrs. Katherine Wallace in Semi-Weekly Farm News.

Editor W. D. Rhea was in our city Monday on business and informed us that two burglars from Hobbs, were caught in their city last Friday night. Luckily, Seagraves had only put on a night watchman just a few nights before.

R. R. Jacobs was a Lubbock visitor Monday of this week.

Andrew Copeland voted for Clint Small Monday and left immediately for his annual vacation, but left no directions with us. However, he will probably keep in touch with the State Bank for fear he may need some more funds.

**Tremendous Power
from the Wind**

THE Aermotor Co. is now making a self-oiling windmill 20 feet in diameter, if you have a well 100 feet deep, or if you want to raise a large quantity of water from a shallower well, this is the windmill you need. This new Auto-Oiled Aermotor weighs nearly 2 1/2 tons without the tower. It is a giant for power.

Whatever your water requirements may be there is an Auto-Oiled Aermotor of the right size for the work. They are made from 6 feet to 20 feet in diameter. Use the smaller sizes for the shallow wells and the larger ones for the deep wells or large quantities of water. Our tables, sent upon request, tell you just what each size will do.

The Improved Auto-Oiled Aermotor, the genuine self-oiling windmill, is the most economical and the most reliable device for pumping water. It works every day and will last a lifetime.

Every size of Auto-Oiled Aermotor has double gears running in oil. All moving parts are fully and constantly oiled. One oiling a year is all that is required.

The Auto-Oiled Aermotor is made by the company which originated the steel windmill business. For full information write **AERMOTOR CO.** 2500 Roosevelt Rd. CHICAGO

At 8:30 Friday night the Daily Vacation Bible School which has been held for the past two weeks at the Methodist church will come to a close with fitting exercises which will show the work that the pupils have been doing. All are invited to hear the program and see the craft work done by the pupils of the school. The success achieved by the school make it advisable that it become a regular yearly feature of the Vacation period. Over 130 enrolled with a daily attendance of nearly one hundred. The next School will be for teachers in September. A number of Sunday School teachers and others have expressed a desire for a training school, so we will probably have a standard training school for the churches adjacent to Brownfield in the local church. Several courses will be offered by instructors who specialize in their especial

Cotton Co-ops Going Good in the Valley

DALLAS, July.—Actual operation of the new cotton cooperative plan has begun, with Harlingen, in the lower Rio Grande Valley, giving the world its first view of how it works. Harlingen is one of thirty important cotton centers in Texas where branch offices of the Texas Cotton Cooperative Association are being placed. Practically all cotton brought in to Harlingen since the office opened last week has been handled by the association. Most of it has gone into the "seasonal pool," to be sold gradually throughout the year, with members receiving an advance of \$50.00 a bale immediately.

Sales are made by the American Cotton Cooperative Association, which has headquarters at New Orleans and is the agency set up with aid and supervision of the Farm Board to sell cotton for all the cooperative cotton associations of the South. This association not only has powerful support from the Farm Board, but it also is naturally stronger than any previous cooperative marketing association because fifteen associations which formerly worked independently of each other and were to a certain extent competitors with each other in selling cotton are now united in the one association, and all cotton will go through the one selling agency. This means that the association will handle many times as much cotton as ever was handled by one cooperative association before, giving it influence on the market and a standing in the cotton world which will result in better sales and other important benefits to the membership.

"UNION USEFUL USINGS"

Well, we're not all asleep, so we visit you again this week. Miss Margaret Christy spent Saturday night with Misses Cleo and Minnie Moore. They all report a good time.

Miss Leta Mae Bass spent Saturday night with Miss Connie Roe. A large crowd attended the party at C. D. Hamm's Saturday night.

Mr. Kimbrough and son, Carlos, also John "Someone" of Muleshoe, were visitors in the home of Mrs. Kimbrough's daughter, Mrs. Weeks over the week-end.

Miss Cleo Moore spent Sunday with Margaret Christy. Miss Connie Roe spent Sunday with Misses Ozella and Leta Mae Bass.

Mr. Cleedia Maxlin visited Mr. and Mrs. A. O. Pollocks Sunday morning. A large crowd attended the singing convention at Lahey Sunday. But Union is always represented.

Mr. L. D. Patterson who was run over by a car July 13, is getting along nicely. J. K. Shepherd and family of Scudday was at Sunday School Sunday morning.

Mr. Ernest Shepherd of Scudday attended the party Saturday night. Mr. J. L. Bass visited Mr. Bill and Roscoe Christy Sunday afternoon.

Mr. and Mrs. L. N. Parker are the proud parents of a big six pound girl. Mother and baby are doing nicely.

We missed Guss Ratcliff and family Sunday morning, when they didn't appear at Sunday school.

Mrs. Guss Pollard was shopping in Brownfield Saturday. Mr. Cleedia Marlin attended the singing convention at Lahey, Sunday.

Mrs. Christy carried her weeks' washing to Mrs. Bass Thursday afternoon. They had a real wash-afternoon. Doing both Mrs. Christy's and Mrs. Bass' washing on the washing machine.

J. E. Moore and family were shopping in Brownfield, Thursday. Miss Alma Gatlin has been on our sick list the past week, but we hope that she will soon recover.

Mrs. J. C. Draper spent Saturday with her daughter, Mrs. N. G. Stewart of Brownfield.

Mr. Louis Bryant was afraid to visit Miss Alma Gatlin, Sunday afternoon, for fear she was in bed.

Mr. Perry Bryant visited Miss Leta Mae Bass Sunday afternoon. He brought with him Mr. John Estes of Brownfield.

Mr. Cleedia Marlin and Lewis Bryant were guests of Misses Margaret Christy and Cleo Moore Sunday evening.

THANKS FRIENDS

I take this method of thanking my many friends that gave me the radio for my seventeenth birthday which was the 16th, and words cant express my thanks for it. It all seems a dream and when I wake I feel for the Radio to see if it all isn't a dream. No one will ever know the pleasure it gives me, and being blind, my pleasure is in giving. As you know, I have been in bed the past six months, but a improving and when I get able I want to broadcast some gifts from other friends here in town and I want to thank them too. Your Grateful Friend,
Ola Belle Brown.

Harmony Happenings

Harmony, Hog, Hen and Hominy club met in regular session last Tuesday evening, July 15, with our President, Afton Richards calling the house to order which followed with some few songs from our song and yell leader, Woodrow Smith. After then came the roll call, it was found that about on third of the members were missing. Each club member gave an interesting report of their projects, all seemed to have fine crops and were still growing (especially after the rain in the morning). Some of our members gave us some interesting readings and songs. Then came the yells, which nearly deafened the ears of the few visitors, but were enjoyed by all, we then adjourned with fifteen "rahs" for Harmony, Hog, Hen and Hominy club.

NEEDMORE MERRY HUSTLERS REPORT

Our club meeting was short on account of so many members having to work, but just the same we had a jolly time. The club decided not to send a delegate to the A & M, but to use the money in some other way. A plan was discussed to go to the Carlsbad Cavern. We are going if every thing turns out as we have planned, of course something could happen, however we hope nothing happens except going to the cave.

Miss Jackie Brown has been home while her brother was here spending his vacation.

Constitutional Amendment S. J. R. No. 19

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows: The Legislature shall meet every two years at such times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that dur-

ing the following sixty days the Legislature shall act upon such bills and resolutions as may be pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of the four-fifths of its membership. Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows: Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day of the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session. In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session. Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1930.

Scudday News

The Scudday club had a call meeting last Tuesday night, July 15. The purpose of this meeting was to elect a delegate to attend the A & M short course. We elected our President, Mr. Vernon Townson. We know that he is going to take much interest, as any boy or girl that attends the Short Course.

Oh yes, that happy, happy day, that the 4-H club boys and girls had Friday July 11, has passed but the memory of that day will stay with us forever. This community was well represented at the Rally and our 4-H club boys and girls was there Johnny on the spot, with 100 percent attendance.

We are very proud of the trip that the Chamber of Commerce gave to us for having 1000 percent present, each and every one of our club members and parents too, extend our thanks to them.

We are also proud to say that our club won the honor and flag that was given to the club with the best program. We certainly do think the flag is pretty and we are as proud of it as if it was a gold mine that belonged to us.

We think that we had one of the finest dinners that was ever cooked, and one of the best shows that was ever shown. So, you see that made us enjoy the day, we also enjoyed all of the speeches that were made.

The club wants to think each and everyone that made that day one of the greatest days that was ever spent in Terry County. We have regular club meetings out here every other Tuesday night. Everyone is invited to come. Our last regular club meeting, we had 40 visitors and 22 club members, so lets try and have that good attendance next Tuesday night.

A deputy sheriff was sent to take an inventory of the property in a house. When he did not return for three hours, the sheriff went after him, and found him asleep on a lounge in the living room of the house. He had made a brave effort with his inventory, however: He had written down, "Living room—1 table 1 side board, 1 full bottle whiskey." Then the "full" had been crossed out and "half full" substituted. Then this was overlined, and "empty" put in its place. At the bottom of the page, in wobbly hand, was written: "1 revolving carpet."—Ex.

This ADVERTISEMENT

is addressed to the motorist who has never said "Ethyl" to the Conoco salesman

WE realize that nothing we can say in this advertisement will cause you to prefer CONOCO Ethyl Gasoline if you haven't already tried it. You'll like the swift pick-up on formidable hills . . . the uncomplicated and instant unleashing of power when you accelerate . . . the utter absence of vexatious knocking . . . the infrequency of having to shift gears.

CONOCO Gasoline is as good as the choice crude from two billion gallons and modern refineries can make it. But we, its makers, tell you that Ethyl adds the final touch, the essential resistance to "knocking," so that you may enjoy the instant starting, the flashing acceleration, and the rushing power which each gallon of CONOCO Gasoline has for you.

Try your first tank full of CONOCO Ethyl at any Red Triangle Station. And then make up your mind. If CONOCO Ethyl doesn't sell itself to you, we will never urge you to try it again.

HIGHWAY PARKING WARNING ISSUED

"On account of the numerous accidents and deaths," writes L. G. Phares of the State Highway Patrol, "that have occurred throughout the State the last few nights as a result of motor vehicles parked on the highways without tail lights, you are requested to file a complaint in the future in each case of this kind."

This is from a letter to Jack Reeves, highway patrolman, and Mr. Reeves asks us to pass this warning on to our readers.

Mr. Phares also asks that local officers assist in making our highways safe for the law abiding motorists.—Tahoka News.

M. C. Crawford, 73, highly respected old citizen of this community,

dropped dead about 1:30 Wednesday afternoon at the home of his son-in-law, Mr. House of the Harmony community. Funeral arrangements has not been made at the time this was written.

J. C. Green has had his old pioneer residence which contained many rooms torn down, as it was too large to rent to most families, and is having two nice modern cottages constructed from it on the same lots. Mr. Burnett & Hart are the contractors, and Frank Ballard is doing the plumbing and electrical work.

UP TO THE FARMER AFTER ALL

Personal contact with Alexander Legge, chairman of the Federal Farm Board, most strengthen the confidence of the nation in the leader selected for the nation's important program of farm relief.

Following his address in Amarillo Friday Mr. Legge did what few public speakers can do with poise and safety when he invited his hearers to propound any question they wished. Despite the fact that many of the questions were born in minds more or less radical, Mr. Legge had a common sense answer supported by statistics and recognized economic facts.

It was easily seen in his answers to these questions, as well as in the statements in his main address, that the warp and woof of his theory of farm relief is that the main endeavor must come from the farmers themselves.

Repeatedly questions were asked about farmer organization, particularly about "who" would organize the association with which the farm board would deal. And just as often came the answer that the farmers themselves must organize their own bodies.

To the statement regarding disparity between price of the farmers' products and the things he must buy, Mr. Legge replied that labor is the primary cost in most of these things, particularly manufactured articles, that he could not say that he desires any reduction in the wage of labor, but that the farmer should place himself in similar position of vantage with labor by organizing to the point that he can somewhat control his products and set the price thereon himself.

Unquestionably Mr. Legge is a man of vision and is capable. He is thoroughly sympathetic with the farmers of America and understands many of their problems—Plainview Herald.

JUDGE LYNCH FAILS

Upon a number of occasions recently, most outstanding, of course, being those of Sherman, Texas, and Chickasha, Oklahoma, negro rapists have fallen before the fury mob violence.

Men have been injured, property has been destroyed, but still the alleged assaults continue. In fact, there have been more allegations of negroes assaulting white women in recent weeks than can remember over a similar period of time.

We have no idea of the cause of these crimes but we do note that mob violence has not proven a cure for them. How to stop the courage, we cannot say but we believe that permitting the law to take its course will do as much, if not more, to halt it than will a charging mob sweeps from its way everything of value.

Mob violence, as its best, is but a make-shift punishment. Further, it is a dangerous practice, in that an innocent suspect might easily suffer at the hands of enraged men, who might act hastily and without thought.

We hold no brief for the rapist—be he black or white. But we do hold a brief for the statutes which read that every man suspected of crime has the inalienable right to a trial by jury and in open court.

We should have learned by this time that Judge Lynch is quite as helpless against crime as are the human jurists who sit upon our benches. Perhaps he is more helpless to assure swift justice than are our regularly empowered tribunals.

Mob violence is dangerous to life, limb, property and to the pursuit of happiness. Further, it is lawless and un-American. Since it has been proven futile isn't it about time we, as the public, put an indelible stamp of disapproval on it?

We think so.—Lubbock Avalanche

J. H. Walker Has Record Unique In History of Texas Government

Works Way Through Every Office Job to the Top

J. H. WALKER

BUT one man, according to the history of Texas, has worked his way through every desk from the bottom to the top of a major

state department. That man is J. H. Walker, who one year ago became Commissioner of the Land Office by appointment, succeeding the lamented J. T. Robinson, under whom he served as Chief Clerk for twenty years.

J. H. Walker is a native of Johnson County but his legal home is Hill County. He entered the Land Office thirty-one years ago, but the last two years of Governor Saypol's administration he was Chief Clerk of the Comptroller's office, and during Governor Lamm's administration he was Assistant Financial Agent of the State Penitentiaries. His service in the Land Office covers twenty-five years.

For some years Mr. Walker lived in the Abilene country and has first-hand knowledge of the conditions in the West, as well as all other parts of the state.

He became Commissioner with an experience unparalleled in the history of this state, and with an unexcelled knowledge of original Spanish grants gained through his work as translator in the land office.

He is a candidate for election and the question before the people is whether the rule of promotion shall be sustained. His platform is administration of the law to the best interest of the state and with fairness to those dealing with it.

CHEVROLET Six-Cylinder Trucks

Bigger, Faster, Sturdier and more economical

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity!

These basic facts should be borne in mind by everyone considering the purchase of an inexpensive haulage unit—because capacity,

speed, ruggedness and operating economy are the big points to consider in these days when business men are watching transportation costs.

Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them carefully. Then use them as a basis of comparison—to prove quality—to prove modern design—to prove OUTSTANDING VALUE!

LARGEST BUILDER OF SIX-CYLINDER TRUCKS

A Rejoinder

"AGREE WITH THINE ADVERSARY QUICKLY"

Dear Doctor Cranfill: I have read your reply to my article published in The Terry County Herald of July 11, with mingled feelings of amusement and amazement.

It is fair to presume that the party who furnished you with the copy also informed you of the name of its author. The pseudonym, Aesculapias, was not contrived for purposes of attacking you but has been used by the Writer in weekly articles to the Herald for the past ten years. The identity of the individual using it is well known in this neighborhood and was known to the individual sending it.

If the name was not sent you the incident would have recalled it. You assert that nearly all my statements are Pure Fabrications. You misstate portions of the article purposefully, you confuse Noah Holmes with Mike Holmes, The word Revolvers does not occur in my article, nor does "Spared his life" nor did I say you voted the Republican ticket.

You have had no such sudden attacks of Amnesia as your reply would indicate. You are perfectly clear on that you wish to remember and the incident related by me is true absolutely.

Noah Holmes was shot and killed in front of the Methodist Parsonage some time after the incident related in the former article. Mike Holmes

was City Marshall of Gatesville.

For the benefit of those who may not have read the former article I will repeat the episode in great detail: A friend and myself had gone to the Old Swimming Hole just north of the crossing on the Leon River West of town. After the bath my friend decided to visit some camps on the West side of the stream. I was returning alone along a path that intersected the road about one hundred yards distant. It was a moon shined night, I think, and when near the intersection of the road and path I saw the three men coming and stopped. When opposite me I hailed them. They all turned facing me some twenty feet or more and Holmes drew his pistol a bright nickel plated revolver of large caliber and commanded me to throw up my hands. Thinking it a joke I delayed obeying the command and walked toward them when the command was repeated and the pistol pushed near my face. I obeyed promptly. The Doctor and the other man kept asking him not to shoot and I replied I was glad that he didn't. When he recognized me he lowered his gun. Some sharp words passed between me and Holmes and we passed on, me to town, which was only a short distance and they toward the crossing of the river. All of us were on foot.

Just where they were headed for I could not swear but I do know some things that happened across the stream that night. Holmes had his face beaten to a pulp by one of the King boys who lived a few miles East of town. Doctor did you or not

witness that encounter?

Holmes was intoxicated that night. The Doctor and his companion knew—could not help but know it. They were leaving the town with him even though they may have picked him up on the road and I believe their destinations were the same. Whether the Doctor or Kennedy had a gun that night or had imbibed too much I don't know. I never knew of the Doctor drinking, since I knew him. He has been a consistent prohibitionist. As to having a gun it appears he must use the plural, it is highly probable that he carried one then, has carried one since and if history is true he is poor shot at even close range. Does any of this ooze in on your consciousness Doctor?

I said nothing about his democracy while he lived at Turnersville. I did not know him then. The first time I became conscious of his existence was the appearance of a scurrilous circular distributed by E. M. York against him. This I think was about 1880. I lived in the country at a time but read the circular. Doctor do you remember this dirty circular?

You mentioned your father. We lived in adjoining yards and I sold him my home when I left Gatesville. He was a better man than you. Honest, truthful a good citizen and would not have denied a matter in which he was concerned.

You also cast aspersions at my claim of being a prohibitionist. I was a member, a paying one, of the Executive Committee of Crockett County along with Dr. J. R. Raby, Col. J. J. Vardeman. One of the Ayers, a brother of W. L. and I believe Dick Potts, in the Campaign of 1887. I was present at the Rally at Fort Worth in June of that year. Sat on the same seat with you during the addresses of Cullen F. Thomas and Dr. B. H. Carroll, I believe at the Court house in Fort Worth.

When it was all over I helped to meet the expenses left over. Did you contribute anything, and do you recall this incident?

I took an active part in every Local Option Election held in Crockett County and paid Wells and Stone for a good horse killed by a driver taking a speaker to his appointment. Maybe you will denounce this as fiction.

You claimed that you had always voted the Democratic Ticket except in 1928 cannot be true, as you were on the National Prohibition Ticket your self. Did you betray them and go Democratic? I repeat that I never heard you accused of being a Democrat.

present with the exception of 1888 I voted against the entire ticket.

Without the parties who were with me and you on the night of the Hold Up it is a question of veracity between us.

The County Attorney W. B. Fakes came to where I was working the morning after the Comedy and asked that I make complaint against you, Kennedy and Holmes. I refused. He then made it against Holmes and on his promise to resign withdrew the charges with my approval and consent. Holmes was not in any sense a bad man nor inclined to do wrong under ordinary circumstances. Kennedy was pleasant gentleman. Both are gone somewhere else if alive.

It isn't probable that you will again pronounce my prohibition activities "Fiction" for many are still living who can testify to the facts. The other item of contention cannot be proven. We will pass it up and allow those who have read the evidence draw their own conclusions.

I favored Federal Control of whisky and it has proven so far a hugh, gastly and expensive joke and I would favor either repeal or modification. I have no cure to propose and presume we will drag along in some sort of way for many years before anything is done to better it.

Wishing you continued good health and length of days and the peace that should come with the lengthening shadows of age, I remain your old acquaintance or friend which ever term you prefer. Hope Amnesia may get better.

Sincerely yours,

John D. Moorehead.

P. S. Realizing that memory some times plays strange pranks, and the possibility of mistakes after forty seven years, I wish to add that, the Cranfill I have in mind was on the democratic ticket once for Cattle and Hide Inspector and carried the Crockett City and Osage boxes. You can set me right about it, cant you?

Question: Do you keep any Pre-Volstead in the cellar? If not you might borrow some from Tom of Dick Potts. I hear they are both in Dallas. Otherwise look at my tongue.

Terry Lady Finds No Place Like Old Terry

Mr. Sears has made several trips at different times and written articles about what he saw and heard. Now I want to tell the public he is not the only one who has seen and heard. I have just returned from a four weeks vacation in south and west Texas. My son, Ralph Rose, came up here four weeks ago with a nice new Ford and took my daughter, Selina and I "back home" on a visit.

We went by San Angelo and spent

one night with my youngest son, and family, from there the next day, we went to Cameron, in Milam Co., passing through San Saba, Lampassas, Belton, Temple and several other interesting cities. From San Angelo to Temple the crops through Young were fine. From Temple to where my married daughter lives at Cameron, crops were injured badly by heavy rains, around Cameron many hundred acres were washed entirely out by over-flows caused by heavy rains. We spent several days in and near Cameron. The gardens and truck patches there were extra fine. Cameron was somewhat dull, no new buildings going up—seemed to be on a stand still. From there we went to Rockdale the city of Texas noted for its large coal and oil deposits. That place is not on a boom now but very much alive. There we got complimentary pass to the Sound Movies, owing to one of my sons being manager of the Theatre there. We attended several very fine shows and certainly appreciated Mr. Mastons kindness.

We found crops better there gardens fine. Flower yards wonderful. People seemed happy and doing well. We went on to Tanglewood in Lee Co. the place where I spent my childhood. Everything looked very much as it did thirty years ago. I attended a cemetery working while there, dinner was spread and oh, such a dinner. Mr. Sears ought to have been there, fried chicken, chicken pies, dew berry pies, all kinds of pickles, home made cakes of every kind, people I just can't tell but I'll say this much if Mr. Sears saw a better one while on his trip I'll bet some Doctor made a trip that night.

We then visited Lexington, also in Lee Co. my old trading place. This town is on a stand-still too. Crops around there are extra good.

During my visit in Rockdale I had the pleasure of seeing Ex-Governor, Neff and hearing him address the graduation class. I also visited Taylor and drove all over the noted Taylor oil field, where my son, Ralph is drilling, saw the well that caught on fire a short time ago and many other interesting sights. Spent one day in Austin, managed to get by the Insane Asylum, spent some time in the Capitol, ate dinner at Barton Springs, had a delightful time. Returned to Milam county where I visited among my friends and relatives until I started home. Came home a Southwest route by Austin, and San Antonio to Sabinal where my eldest son lives, there we went on the Sabinal river where the youngsters went in swimming and I admired the beautiful large cypress and cymamore trees.

From there we went west to Del Rio, then went through Sonora, to San Angelo. That part of the country is principally a stock and sheep country, what crops we saw were

fine. We came through the Davis Mountains, the loveliest scenery I ever saw, miles and miles, just mountains on all sides. Very thinly settled, but the best of roads, right here let me say the roads are excellent all over the south and west where I went. I had almost forgot to tell of the delicious fish I ate, fresh from Little river, while at Cameron.

Dew berries were prime when I first reached Milam and my children saw I had plenty of dew berry pies. About the time I left the black berries were getting ripe, I just simply feasted on nice berries, fish and vegetables. Fryers were not quite ripe, so I did not get but few meals of fried chicken.

But to sum it all up I had a delightful time. I saw dear old friends who were people of years when I was a child, it is not likely that I will see them again but I enjoyed their company so well. It was a great pleasure to hear on all sides. "Why there is Floy." It had been so long since I was addressed by my given name.

But I am back in old Terry and would not swap Terry with its hill and sandstorms for any place I've seen on my rounds. There is something about this Plains country that attracts me, makes me love to live here altho, there are places where the sand does not blow. Still old Terry suits me fine.

My son, Carl Rose and his wife and another daughter-in-law and her daughter came home with me and spent a short while.

For the information of those who may be interested, will say I believe the crop prospect on the Plains are better than below the Cap, where I have been. The late freeze killed most of the peaches, pears and large plums. So generally speaking, the fruit crop is a failure all over South Central Texas. The red bugs were doing fine, and mosquitoes seemed plentiful.

The Rockdale oil field is at a standstill. There are a good number of wells in pump, but no new ones going up.

The Taylor field is on a boom just now. Several new wells brought in while I was in that part of the country. One of my old friends, invested \$75.00 in an oil lease, sold inside of three months for \$2700.00. He was one of the lucky ones. Some others did not fare so well.

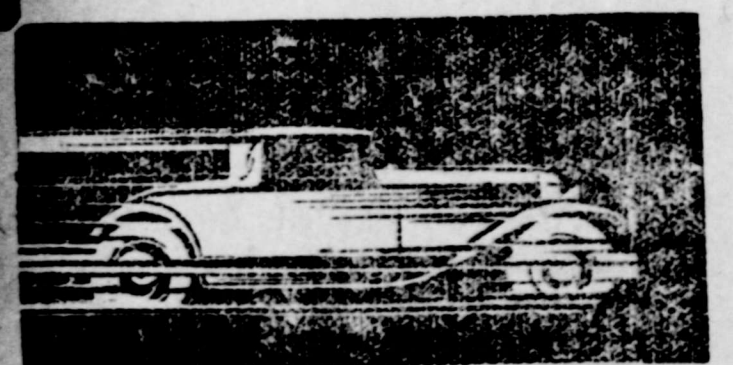

The Lignite mines near Rockdale are still in operation and putting out the best grade of Lignite coal of any field in the State.

Why pay for "POWER" if most of it is "horsepower"

Is a steep, muddy grade a detour sign to your car? Is power just a promise in the gasoline you use? Switch to Phillips 66 and note the smooth flow of power released by a touch of the throttle. See how alert your car is on get-away—how flashy on pickup. Check your mileage—and credit yourself with economy. The secret of the sterling performance of Phillips 66 is controlled volatility. Every gallon scientifically fitted to seasonal and climatic conditions. A winter gas in winter. A spring gas in spring. A summer gas in summer. A fall gas in fall.
