

MANY TERRY COUNTY ACRES ARE HALF FARMED

County Production Per Acre Would Be Twice as Great If All Farmers Cared For Their Farms Like Some We Can Name. How Do Some Manage to Rent Land?

In our drive out in the country after work hours recently, we have come across many farms that were given a lick and promise, and some of them look as if the one lick was a very poor one. In some instances, some of them looked as if the land had been poorly planted and left in that shape to do the best it could while the owner went off to pray for the Lord to finish it, or to town to sit under the shade and make and remark the government. It is no wonder that such farmers must spend their winters moving and hunting another place. No land lord will risk such a man two years in succession. To express it like we heard one farmer put it lately, they work harder to try to keep from making a crop than I do to make one.

We ran across one of these farms not far out one day last week that we took particular notice too. The cotton was about a foot high, spindled up, and every leaf eaten by the worms, and the stalks were full of small, immature bolls. In the middles, grass and weeds had the ground covered, and grass burs were so thick that no one not even a cow would want to pick it. The whole place gave off the appearance of desertion, and lonesomeness. It will take 20 acres in this field to make a bale.

Just across the wire fence from this field, was another farm. It was the same identical kind of land. The rainfall was no more on one farm than the other. The conditions were identical. But there was a vast difference in the two farms. So much so that if one had shut his eyes and opened them, he could have well imagined that he had been transported miles and miles from the first scene. But let us tell you about this other farm.

The home was well painted and a lot of flowers decked the yard. The windmill, barns and fences were well kept and functioning properly. The

orchard was clean and the trees and vines well pruned. Now out in the field. Here we found the ground as clean as a hound's tooth of everything except the crop that was growing on it, and the rows as straight and even as an arrow. It gave signs of having been just recently plowed out. You could not find a weed in a car load, to use the expression of a cigarette ad. The cotton was between knee and waist high, with little sign of worms. In fact, this farmer, for he is a farmer, and we would give his name if we were not afraid the other man would locate his farm by the description and come in and clean us out. This farmer, to continue had given his worms a good bait of arsenic and were very dead. The bolls were large and green, and a glance in the late afternoon sun showed that they were numerous. We would guess that he will gather at least a half bale per acre off his 100 or 150 acre cotton farm. This is a conservative estimate, and we are going to ask him when the season winds up. He will get from 25 to 30 bushels of corn per acre, and his feed crops will easily go a ton per acre.

We wonder how long one of the business men here would stay in business if they attended matters like one of these farmers does. Suppose our merchants were to decide to sleep all day, or close their stores and take the day off sweating on the benches in the courthouse park. It would take some creditor just about two days to get here and close up their places. The land lords will, it appears, have to take more precautions on getting the right sort of renters. It has come to the point that if a man cannot give a reasonable recommendation from his land lord of past years, he will fail to get a place and he should.

There is no earthly excuse on earth for any man to be too trifling to work his crop and make something to feed his family and pay his debts.

Says Brownfield Has Champion Tree Setters

A prominent farmer was in Friday of last week, and in conversation with the Herald man and a local merchant, he informed us that Brownfield had great possibility of winning some fame and publicity, if the right man would take hold of the matter. He said that Lubbock had won some fame lately when one of its school boys had sat in a tree all summer, and he recalled the amount of publicity that Eastland got over their horned frog, "Rip" that was supposed to have slept in the corner stone of their courthouse for 31 years. Now, says he, why not Brownfield cash in?

And there is the men who have stayed up in the air for several hundred hours in air planes. There are others who have danced or rolled wheel barrows across the country. Others have had golf marathons, and croquet marathons and checker marathons that lasted for days, but none have equaled the endurance that some of our tree setters in Brownfield have done, says this farmer. I have been in Terry county for the past five years, and ever since I have been here several men have had seats on the benches under the trees over in the courthouse lawn, and personally I believe they ought to have some recognition.

Up at Lubbock and other places where these endurance tests have been under way, the druggist have supplied ice cream and cold drinks, and the grocery men have fed the tree setters, according to the papers, but so far as I can see or hear, the merchants of Brownfield have never recognized their famed fellow townsmen by carrying even one treat over to them. They are there every time I come to town, and I suppose they stay there all night. Asked if he had been trying to get some of them to help him head maize, he answered no. Why should I want to disturb their peaceful repose.

We refrain from giving the name of this farmer, as people are too busy now gathering their crops and attending the Terry county fair to attend a funeral.

The local gins are now ginning cotton at 30c per hundred, a reduction of 10c from last season.

The ideal partnership is a homely girl and a pretty girl.

Cubs Spoil Dope by Trouncing Antelopes

The Brownfield Cubs had on their fighting garments again last Friday when they took to a 14 to nothing cleaning the touted Post Antelopes whom the prophets all had doped out—to their satisfaction—would be the masters of the Cubs again this year. But it is a long lane that never turns, and some time or other, all teams will run up against a real off year. But some locals didn't seem to think so, and we understand that some of them took chances of 2 to 1 on the Antelopes much to their sorrow when night before pay day arrived.

We understand that it was a nice, clean, game, well played, according to the best ideas of foot ball fans, and when the game was over only two boys were badly hurt, and they were visitors, so what's the dif. One had two ribs fractured, and the other with a collar bone hurt or broken, but they say this is nothing, so the Herald will take their word for it. The locals will meet Tohoka today, on the local grounds.

Bynum Buys Youree Interest in Tailor Shop

Travis Bynum has purchased the interest of Bill Youree in the tailor shop that has been conducted by them for the past few months, and took full charge of the shop last week. He has a good shop, with all machinery necessary to do high class work, and we are sure you will get no better work anywhere.

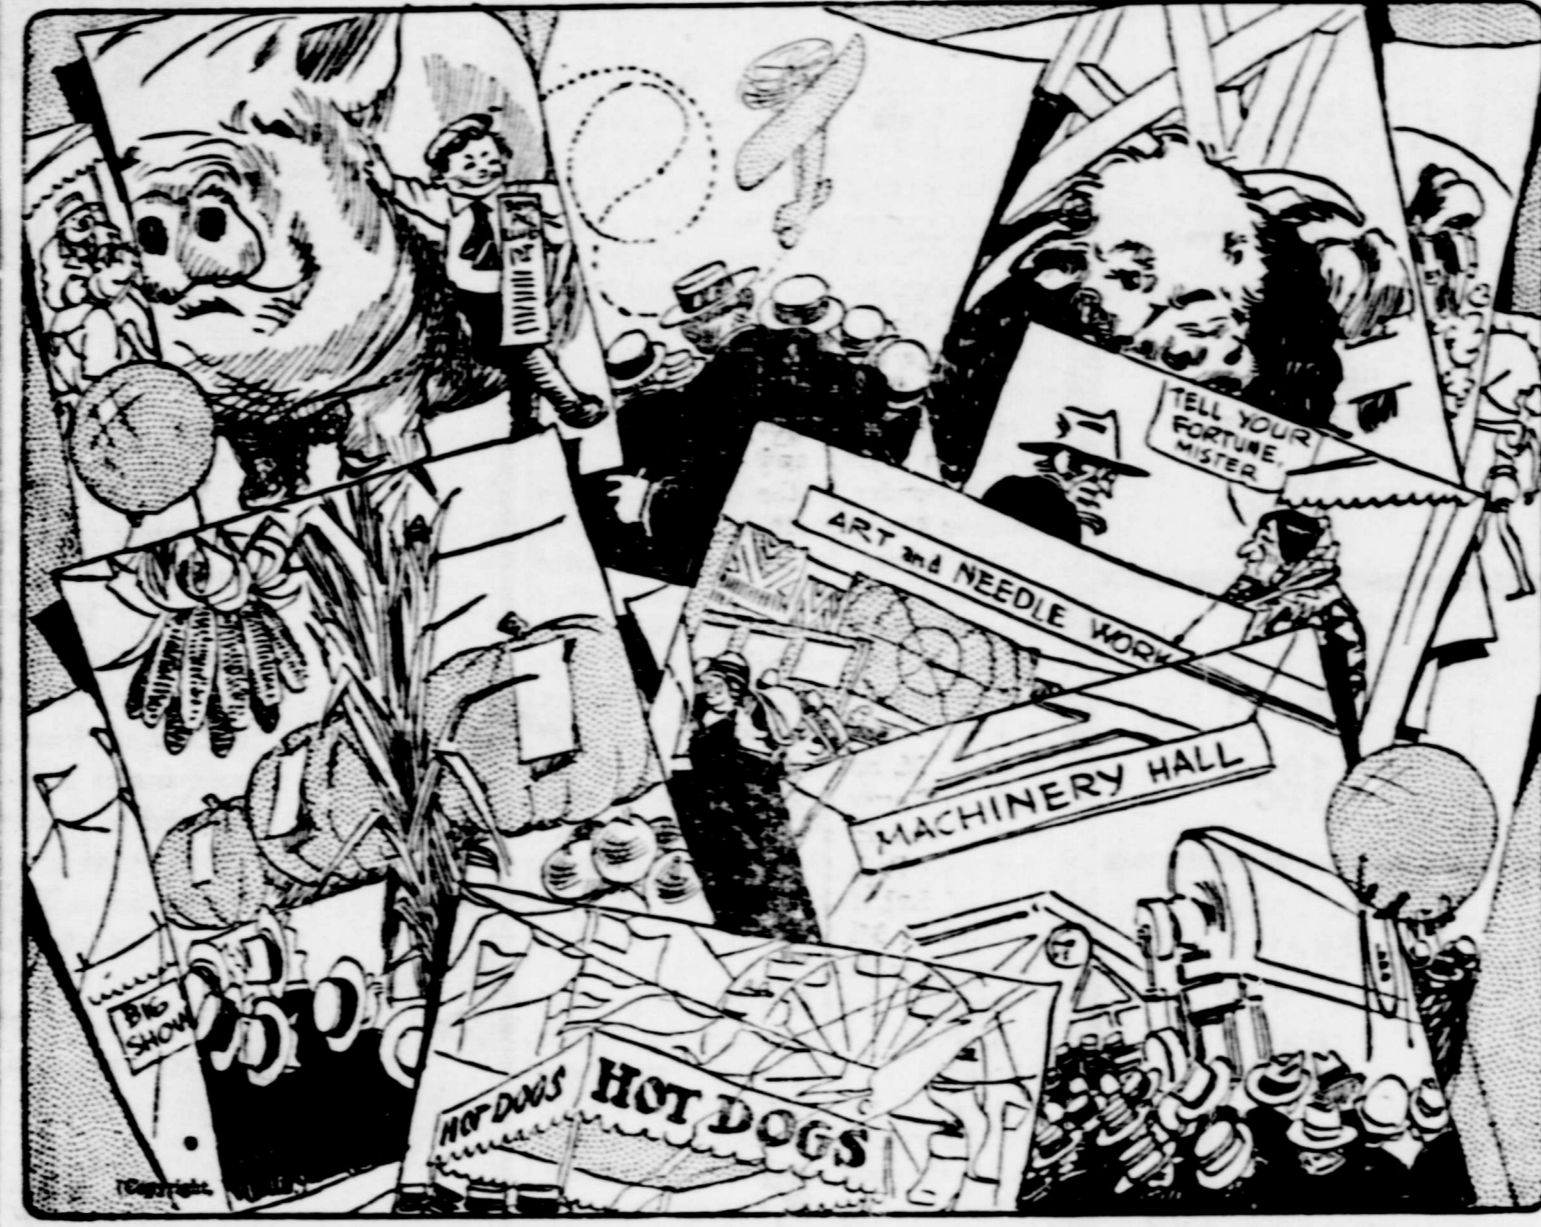

Mr. Bynum wants all old customers and as many new ones as possible, and wishes them to call in. He promises the same quick, efficient service whether you have just a tie to be pressed or a suit or two. All work must please you, will be his motto, and he will make it do so. If you have the least complaint to make, he asks that you do not hesitate to make it, as he wants to please.

When you want his service, call 236.

Well, we hope the Lubbockites enjoyed the melon feast prepared for them Wednesday evening.

Unless we can discipline ourselves we must pay someone to do it for us.

Snap Shots at the Fair

Gins Running Well Into The Night Here Now

Well, old King cotton—or is it just the court jester now—is coming in by leaps and bounds, and the five gins are singing a continuous tune of merry labor. The quitting whistle sounds way up about ten at night, and the starting whistle before the most of the inhabitants are out of bed mornings, so you see the margin of nonstop is getting very narrow. If the good weather keeps up, we expect the run to be 24 hours in the next week, as the fields are getting white unto the harvest in a hurry.

While in Lubbock Monday on other business, R. M. Kendrick, who is connected with the TOCA, had an audience with the head quarters, and they promised us a grader the next morning, and while the Herald has not the pleasure of meeting him, we understand that he is here and on the job, giving all the farmers their grades, which will mean this grade will stand up any place in the world and that farmers can put their cotton in the seasonal pool to be sold later when price maybe will take an up turn for the better. At least we are all hoping to see better prices for the staple by the holiday, when prophets tell us the business world will be putting on green goggles again.

In the meantime, the guess continues on the amount of cotton the county will produce, and those guesses remain between 22,000 bales and 30,000, but nearly every one sees more cotton than last year, which was our banner year. Terry county has never gone crazy over cotton, but has always come in with bumper feed crops, which are harvested generally in the winter, after cotton is out, giving the farmers some extra money that has stood them in good stead after the cotton was gone, and corn and bundle stuff crushed up together, has been the means of feed for the dairy herds which caused the production of cream for a small profit even at the lowest price cream reached in early spring. But with a short feed crop over the whole country, it is not believed that cream will reach a low ebb this winter.

It is fully believed that Terry has never harvested such a row crop as will be harvested this fall, especially such as maize and kindred grains. All these grains have a good head and farmers tell us that they never were filled out better. There is little or no blasted heads. The corn crop would have been better with another rain in August, but it is believed that Terry will get an average crop this year of that grain, and that there will be for sale between 750,000 and a million bushels. All kinds of grain will bring a good price as the smallest corn crop in the history of the country for a number of years will be harvested.

People coming here from other sections can't see what the people here have to grouch about. Well, nothing, stranger, they just have to chorus the general plaint. But honestly, we agree that they should shut up. The only thing we have to worry about is, will farmers further east be able to buy our feed?

Col. R. L. Penick of Stamford, was here on business this week.

O'Neal Shipping Sheep From Coleman County

We saw a clipping this week from one of the Coleman papers wherein Sim O'Neal, who is the secretary of the chamber of commerce at Coleman, was buying up some of the poverty stricken sheep in that section, to be shipped to his farms in Terry county, which are situated in the east portion of this county. It is said that all grass has been dried up down there, and no feed made for the past two years, so that the farmers are no longer able to buy feed for their stock. Mr. O'Neal is doing his share toward helping the situation by buying these sheep and shipping them here. While he has no grass to speak of, he has about 1000 acres in cultivation here, and some five hundred of this is in cotton and the rest in feed and corn. The sheep will be put on feed, and when fat shipped to market.

Possibly before some of them are shipped, they will be sheared, and the wool put on the market. With the drought on in the sheep country, no doubt but fat sheep will be a good price by the time they are ready for the market. Some of our own local people could also cash in this way by buying up cheap stock in the drought belt and feed their surplus feed to them. Their feed will bring them much more than way than to sell it to be shipped out, and then have pork and beef shipped back to them, fed from their own corn and maize.

Hundreds of Baptists Here For Association

The Brownfield Baptist Association met with the local church last week, and there were hundreds of ministers and delegates here from all over the Association, which is composed of Terry, Lynn, Garza, Youkum Gaines counties. We understand that they had a real good session, and that the local body entertained the visitors in good style.

This is becoming a great association in point of membership as well as other ways. Some 20 years ago when it was organized, the territory was sparsely settled, but Brownfield got enough delegates at the organization to get it named for this city. At that time, it also included part of Lubbock county and later Slaton, when that town came into being. There were few churches then outside of Post, Tahoka, Plains and Brownfield, but for the past ten years from 2 to five new congregations have been added yearly, until there are more than thirty at this time, and the membership has grown enormously.

CARD OF THANKS

We take this means of thanking our neighbors and friends for the kindness and help they administered to us in the loss of our barn, which burned last Thursday morning. May the blessing of our Father which is in Heaven rest on each and every one of you in our prayer.

Signed: G. W. Luker and family.

"Critters" Help Much In Providing the Fun

"Sad Fish" and Happy Dogs Figure in "Anybody's War"

Folks who learned the inside story of the Early Bird and the "Who cares About That," Worn when they saw and heard Moran and Mack in the blackface comedians' first picture, "Why Bring That Up?" will now learn the inside story of the Sad Fish. For the intimate facts about these delicious veterans will be generously dispensed by the three-voiced comics in one of their amusing arguments during a sequence of "Anybody's War," their newest release which comes to the Rialto Theatre for play beginning next Sunday. "Time and tide waits for no man," declares Willie Crow (Moran). "Whuh-whuh-who cares about the tide?" queries Amos Crow (Mack). "It means a lot to a fish."

"Well, why not let the fish worry about it then?" "That's just the trouble—a fish can't worry." "Most all fish I ever met looked worried." "In what way?" "Well, for instance, did you ever look a fish square in the eye?" "No." "A blue-eyed fish?" "I never did." "Oh, they are so sad." "I don't see anything sad about a fish. Do they ever cry?" "Incessantly."

That's how idiosyncrasies of the genus Pisces become glorified in screenland. But fish are not the only "critters" to get a break in this picture. "Anybody's War" is also a celluloid press agent for "daws." There are 79 canines of as many and more breeds in several of the sequences. They are the captured charges of Mack, who, as the dusky dog catcher of Bulford, Tennessee, is too kind-hearted to kill them. Thus he hides them in his home and feeds them well. In return they help in providing some of the most glorious comedy the screen has seen in many a moon pitcher.

May Build Milk Cooling Station in Brownfield

Joe Peterson, field manager of the West Texas Dairy Products company of this city, made a trip to Brownfield last week to secure a milk cooling station for that city. He returned home the latter part of last week.

Mr. Peterson says that prospects for the establishment of cooling stations at Brownfield, Tahoka and Snyder are good. At each of these cities interest seems to warrant such a station, he stated. Although the regular milk route now in operation reach within a few miles of Brownfield and Tahoka, the distance from the market and the quantity of milk produced makes a cooling station necessary. Just as soon as authorities in these cities assure the minimum production to be centralized at these points, the stations will be installed, Mr. Peterson said.—Lamesa Reporter.

BOOSTERS FOR NEW RAIL LINE MET IN LUBBOCK

All Towns in this Section From Big Spring to Amarillo Solidly Behind the Construction of New North-South Line. An Attorney to Be Engaged by the Towns.

Preliminary plans for the gathering of information to support the application of the Texas and Pacific Northern to build 332 miles of railroad in West Texas, were made Monday afternoon at a meeting of the executive committee from the several towns along the proposed route. The committee also went on record as favoring the holding by the interstate commerce commission of its hearing on the application in Lubbock at an early date as possible.

Woodward Presides
Garland Woodward, Big Spring, and chairman of the committee, presided, John H. Boyle of Levelland acted as secretary.

It was decided to employ a firm of rate experts who have authority to practice before the interstate commerce commission to conduct the case for the several towns which will ask intervention in the application. Funds amounting to approximately \$2,900 were apportioned and requests made of the several towns to have the funds in the hands of Arthur P. Duggan, Littlefield, by October 1.

An invitation also was extended by the meeting of officials of the Texas and Pacific railroad to attend the Panhandle-South Plains fair here next week.

Luncheon Served
Luncheon was served at 12:30 in the ball room of the Hotel Lubbock with the chamber of commerce as host. Following the luncheon A. B. Davis, general manager of the local chamber, presided and welcomed the visitors to Lubbock on behalf of his organization and of the Board of City Development.

"We are glad to have our many friends come in and break bread with us," Mr. Davis said. "It has always been Lubbock's policy that whatever builds Lubbock builds the South Plains and whatever builds the South Plains builds Lubbock or whatever builds any city on the South Plains builds Lubbock." Mr. Davis said that the chamber of commerce had not acted officially on the matter of endorsing the application before last Friday because of the absence from the city of so many of the directors of the two groups.

"We went on record as in favor of this proposed line of the T-P whether it ever comes to Lubbock or not," he declared, adding that the railroad would serve the South Plains territory and that Lubbock wanted to help build up its territory.

Lubbock Thanked
Following the calling of the meeting together by Chairman Woodward, the assembly voted its thanks and appreciation of the hospitality of Lubbock, on motion by John P. Slaton of Hereford.

Chairman Woodward announced that one or two members of the state railroad commission had announced their intention of sitting in on the hearings when held by the I. C. C. He added that Lubbock, Amarillo and Big Spring were applicants for the hearing.

Action of Attorney General Robert Lee Bobbitt in announcing intervention on behalf of the state of Texas was explained. The railroad secured a charter from the state to do business in the state and therefore, as a "one of its children" was interested, the state officially was interested.

The executive committee, at a meeting recently in Austin, had gone on record as in favor of securing the services of an attorney who is permitted to practice before the interstate commerce commission to represent it. This action was rescinded because of a change in the number of towns to be represented. It was decided to raise a larger amount for the employment of counsel because of the addition of Lubbock, Amarillo and Morton.

Speakers on the proposal included: E. S. Rowe, Littlefield; R. M. Kendrick, Brownfield; M. C. Lindsey, Lamesa; Charles Ingram, Vega; A. B. Davis, Lubbock; F. R. Friend, Spencer Wells and Tom Duggan, Lubbock.

To Employ Counsel
On motion of A. P. Duggan seconded by M. C. Lindsey, Chairman Woodward and John Slaton were authorized to employ a counsel. The name of Oliver and Donnelly, of Washington, D. C., was mentioned favorably. Mr. Oliver will likely be employed.

George E. Lance, of Morton, re-

presenting Coleman county, announced that his county had been given assurances by officials of the Texas and Pacific that they were interested in building a line into that county. "We are behind the Texas and Pacific in this application," he declared. The crowd voiced its approval.

A committee of one from each town to arrange an apportionment of the fund for counsel was named. A. P. Duggan was made chairman, with F. R. Friends, Lubbock; C. T. Watson, Big Spring; R. M. Kendrick, Brownfield; John H. Doyle Levelland; B. D. Woodlee, Dimmitt; E. S. Ireland, Hereford, Charles Ingram, Vega; S. R. Simpson, Lamesa; S. J. Cole, Amarillo, and George E. Lance, Morton, members.

Apportionment Made
The committee retired and in a short time announced the following apportionment: Big Spring, \$700; Ackerly, \$50; Lamesa, \$200; Brownfield, \$200; Levelland, \$250; Morton, \$50; Littlefield, \$300; Dimmitt, \$200; Hereford, \$250; Vega, \$60; Lubbock, \$400; Later it was voted to ask that Amarillo pay \$300, making a total of \$2,910.

Motion that the committee "endorse Lubbock's invitation to hold the interstate commerce commission hearing here," was adopted and also a plan for each chamber of commerce to request the I. C. C. to meet in Lubbock.

Another motion instructed that a message to this effect be sent the commission.

George Lance of Morton offered the motion asking Amarillo to pay \$300 as its share. Also it was decided that in the event of a balance, that it be prorated among the towns contributing.

Olton Man Talks
Pat Campbell, Olton, announced that his community had asked the Texas and Pacific to be included on the route and that there was given the chamber of commerce definite assurance of interest on the part of the railroad. "If we get the chance to be on this new line you can depend upon Olton to do it part."

Chairman Woodward called on S. J. Cole, traffic manager of the Amarillo Chamber of Commerce, to discuss some of the items entering into the preparation of a brief to present to the I. C. C. Mr. Cole who has appeared before the federal commission on numerous occasions in similar hearings, mentioned the need of showing the probable tonnage to be found in the territory, the population and other information.

Mr. Cole also said that "influence" had very little to do with the securing of the permit, that the commission dealt in facts and necessity. Mr. Cole was also added to the executive committee, with F. R. Friend, of Lubbock. Other members include: W. W. Evans, Lamesa; John H. Doyle Levelland; A. P. Duggan, Littlefield; Fred Smith, Brownfield; Charles Ingram, Vega; John Slaton, Hereford; C. J. Maples, Dimmitt; E. S. Ireland and John P. Slaton, Hereford; L. S. Kennedy, C. E. Bly, H. P. Webb and Pat B. Campbell, Olton; Arthur P. Duggan, J. S. Hilliard and E. S. Rowe, Littlefield; C. J. Watson and Garland Woodward, Big Spring; John H. Doyle, Levelland; M. C. Lindsey and S. R. Simpson, Lamesa; George E. Lance, Morton; J. M. Barlow, James H. Smith and R. G. Sudberry, Earth; R. M. Kendrick and A. J. Stricklin, Brownfield; Charles Ingram, Vega, and F. F. Friend, Spencer A. Wells, Garnett Reeves, A. B. Davis and J. Sam Lewis Lubbock—Morning Avalanche.

A. B. Davis offered a motion asking the West Texas Chamber of Commerce to endorse the proposed railroad project.

In the party attending the meeting were: J. Cole, Amarillo; T. A. Singer, I. B. Brooks, B. D. Woodlee and C. J. Maples, Dimmitt; E. S. Ireland and John P. Slaton, Hereford; L. S. Kennedy, C. E. Bly, H. P. Webb and Pat B. Campbell, Olton; Arthur P. Duggan, J. S. Hilliard and E. S. Rowe, Littlefield; C. J. Watson and Garland Woodward, Big Spring; John H. Doyle, Levelland; M. C. Lindsey and S. R. Simpson, Lamesa; George E. Lance, Morton; J. M. Barlow, James H. Smith and R. G. Sudberry, Earth; R. M. Kendrick and A. J. Stricklin, Brownfield; Charles Ingram, Vega, and F. F. Friend, Spencer A. Wells, Garnett Reeves, A. B. Davis and J. Sam Lewis Lubbock—Morning Avalanche.

THAT'S ONE ON MR. BANDIT

Lazarus—"Did you lose much when your store was robbed last night?"

Levy—"Ha! Not as much as if I had been robbed the night before. You see, I just marked down prices 20 percent on everything yesterday."

K. B. McWilliams is the new government cotton grader. He will be located temporarily at a desk at the First National Bank, and can be seen there by farmers who wish to have their cotton graded.

The Fair-Railroads Keep "Shell" on Jump

By the time that this appears in print the Third Terry County Fair will be in full swing, barring rain or other untoward circumstances. It is hoped and believed that the exhibits will be about on par with last year and if they are, we will pull off a good one. The absence of a county agent and work in connection with the proposed construction of the Texas & Pacific Northern has made the work of the secretary and various committees exceeding hard. We hope for success.

Commencing to day, the Pioneer Motor Lines will assume control of the route between Brownfield and Hobbs, having purchased it from its former owners and we may expect better service by reason of superior equipment. Mr. G. C. Abbott, President of the Pioneer lines has advised the writer that they will equip the line with "Buicks" which is a sufficient guarantee that the public will travel in safety and comfort.

We wonder if the average citizen realizes the fact that Brownfield is better served in the way of motor lines and mail service than any other town on the South Plains with the exception of Lubbock, and it does not have very much edge over us. We have incoming mail from Post at 9:30 A. M. and by train at 10 A. M. Mail to Roswell, Tatum, Plains, Lovington and Hobbs at 10:45 A. M., and 6:30 P. M. Mail to all points by way of Lubbock at 1:00 P. M., and at 8:30 P. M. In short we have two mails from East and North, two from west and five outgoing mail each twenty four hours. All buses serving us are seven passenger Buicks and we are promised an additional service to Lubbock and return within the next few days. Mr. Abbott, in speaking of the matter, said that he was trying to work it out and that he had gotten his schedule from Lubbock to Brownfield in good shape, but had not yet figured it from Brownfield to Lubbock. Bus service and mails are quite some improvement over those of only a few years ago. In addition to this we have rural and star routes established and it is now pretty hard to find any section of Terry County, that does not have either one or the other. The Tokio Star route has recently been extended to cover all of Eastern Yaukum county, they being served out of the Brownfield Post Office. About all of the additional service that we may hope for in the future is a line from Brownfield to Seminole and we hope with the assistance of the Postmasters and other citizens of the different towns, to put it over before many more months roll by.

The Chamber of Commerce has been informed that we have sufficient labor to gather our cotton crop, but that a large number of pickers are not only trying to dictate the price to be paid, but say that they will not "pick", but will only "pull." This is to say that this office is receiving a number of letters each day from people who want to come here and pick, we are advising them that our supply will be sufficient, but in the event that this does not prove to be the case or agreements cannot be had with the labor that is with us, we are in a position to fill all orders within a very few hours. It is a cinch and certainty that we can't pay the picking prices of last year and that labor can be had to "pick" our cotton if our farmers want it gathered in that manner. Let us know your desires.

J. E. Shelton, Sect. C. of C.

HIGH SCHOOL HAPPENINGS

By Sophomores
Reporter Kathleen Hardin

Mr. Hayhurst told us of a new race of people living in Europe, namely the "Magnolians."

Miss Perkins, "James, what is a noun?"

James Neil—"A noun is the name of a person, place, or thing."
Wayland Parker—(waking up from a sweet dream) "Did it roll seven?"

Mr. Lawlis—(Calling roll) "Where is Felton Lane?"
L. E. Bigham—"In Jail."
Mr. Lawless—"What for?"
L. E.—"Cruelty to dumb animals."
Mr. L.—"What did he do?"
L. E.—"He tried to sell Mary Dee and Marion Chisholm 'chapel ticket'."

Marion Bigham was left at home to prepare dinner. Mrs. Bigham returned from church bringing company home for dinner. When she found the tea strained she asked: "Marion, did you find the lost strainer?"

Marion—"No, mother, I used the fly swatter." Then seeing the horrified expression on her mother's face added: "Oh, don't get so excited, I used the old one."

Miss Long—(as Lewis Parker, practicing for track, passes her) "Oh, that poor boy, I hope he catches the thief that stole his clothes."

battle has been formed, so toot the trumpet.

Now Ready To Gin

We have first-class up-to-date machinery and methods of cleaning your cotton in order to give you the best turn-out possible. We are prepared to give you the kind of SERVICE you expect. We want you to keep a complete record of your cotton ginned, and if you find that we have made any error or mistakes, we want you to feel free to ask us about it and we will at all times stand ready and willing to correct any mistakes and make the transaction a pleasure. No expense has been spared to make this a gin where you will get good service. Our employees are courteous and polite and want you to feel at home here. Your report of any inattention on the part of anyone connected with this gin will be appreciated.

We will appreciate receiving a liberal share, if not all your patronage, and will endeavor to make it worth your while.

W. E. HENSON GIN

Meeting of Presbytry Here September 16-17

Abilene Presbytery of the Presbyterian Church in the U. S. A., met in its regular Fall Meeting at the First Presbyterian Church, Brownfield Tuesday night and Wednesday, September 16-17. An excellent representation of both ministers and elders were in attendance, considering the fact that fewer churches have pastors, now, than has been the case for many years. Supper was served at the church on Tuesday night by the ladies of the Church. The regular sessions began at eight o'clock, with Rev. G. D. Robinson presiding. Dr. Robinson is a Field Man for eighty counties of Western Texas. He delivered the sermon of the evening. Music was furnished by the Brownfield Choral club. Mrs. Wingred, and Miss Pickett. The Moderator for the next six months was elected at this evening meeting: Rev. R. A. Walker of Merkel was chosen. The Vice-Moderator was Elder W. B. Collins of Lamesa. Various items of business made up the remainder of the evening's session.

Wednesday was a full day for all, with devotional services, committee reports, a sermon, a communion service, and a young people's program in the evening. The father of the pastor-host, Rev. E. B. Surface of Abilene, had prominent parts of the program. He is the Chairman of the Presbyterial Council. New appointments were made to fill vacancies in the various Permanent Committees of Presbytery. Among these appointments Eugene H. Surface, pastor of the local church was appointed as Chairman of the Committee on Foreign Missions. This appointment places the local pastor on the Foreign Mission Committee of the Synod, which comprises the two States of Texas and Louisiana. Mrs. Eugene H. Surface was the only woman to make a report—her report being on the Young People's Presbyterial Work.

The Synod of the church meets in its annual meeting this year at Seymour, Texas on the ninth of October, and following. The pastor of the local church was elected as one of the

delegates to this meeting. A worship service was held on Wednesday morning at eleven, led by Rev. Herbert G. Markley, the new pastor of Breckenridge. This was followed by a Communion Service, with Rev. E. B. Surface of Abilene administering the Bread and Rev. S. P. Collins of Cross Plains administering the wine. The noon meal was served at the church by the ladies.

In the evening, at six-thirty was held a regular chicken barbecue including all the trimmings. Messrs. O'Neal and Wingred were the official men at the barbecue pit. The evening service was called to order by Moderator at eight o'clock. A chief feature of this service was a Missionary Program entitled "Road Builders" given by the young people's organization under the direction of Miss Mary Perkins. This was voted by all to be exceedingly impressive. This was followed by a short inspirational talk by Rev. E. B. Surface of Abilene on Our Young People. The rest of the session was taken up by unfinished business and the reading of the minutes. The Moderator voiced the opinion of these in attendance when he stated that even though this was the first time that the Presbytery had ever met in Brownfield or this far west, it was one of the best meetings that have been held for many years.

The visitors and the delegates were entertained in the homes of the church and community.

Lubbock Organizations Endorse T.P. Northern

The cities of Lamesa, Brownfield, Levelland and Littlefield are glad that Lubbock decided to join them in asking the I. C. C. to permit the Texas Pacific Railway to build through this section. Up to last Friday, Lubbock, through its organizations, such as the Chamber of Commerce and Board of City Development had not taken any action toward endorsing the proposition, and it appeared that there was just a bit of undertow of opposition developing in that city, especially among people as leaders who were connected in

one way and another with other railroads.

It was thought best therefore to find out the reason for their stand in the matter, and to try to get them in line if possible. The Chamber of Commerce secretaries of the four towns named above had earlier in the week wired the Lubbock C. of C. to know what stand they were going to take, whether neutral, for or against, and as none had any answer to these wires, a committee from each of the four towns, comprising 24 all told of the foremost business men and bankers of this city, went last Friday to ask Lubbock just what they aimed to do. But before they had an audience, the Chamber of Commerce and B. C. D. had virtually endorsed the building of the T. & P., whether or not Lubbock got the road, and the committees were left with nothing to request.

As usual, though, when Lubbock does enter any undertaking, they do so heartily, and with all the power at their command, and they asked not only the four towns mentioned, but all others along the proposed line to meet there Monday with them to see what action could be taken to put the proposition over in good shape. But a report of this meeting is given elsewhere.

Suffice to say that A. B. Davis, manager of the Chamber of Commerce as chief spokesman at the meeting Monday gave a real valid reason why no action had been taken sooner. In fact, they have had no quorum to work with on account of several of the officers being out of town ever since the proposition of the T. & P. has been up, and it was therefore impossible for them to take action one way or another.

Going further, Mr. Davis said that Lubbock was destined to become a great wholesale center, and they would be foolish to try to build any wall around the city, and whether or not they got the proposed branch line off or not, they intended to support the building of this line heartily. Indeed, he said, they would be for it by reason of the amount of money it would turn lose in this section. Besides they reach all the important towns in this section by other rail lines anyway.

The Herald has believed all the time that when the time came, Lubbock would get behind the move, not only because of any selfish reason, but because too, that these towns have helped them out in any proposition they undertook where cooperation was needed, as in the securing of Tech College, and the Fort Worth & Denver.

This week, the Herald was ordered to officials of the Santa Fe, Fort Worth & Denver and the Rock Island, all of Amarillo for the next sixty days, and we suppose this order included every paper up and down the proposed line. So we are assured of a combat with these lines. We have nothing at all against the above fine railways, but we want the T. P. and we are going to fight like blazes or no why we don't get it. The line of

The poet Lauret of Brownfield High school is none other but Mr. Shakespear Longfellow Briant Donald King. The following is a poem he wrote and dedicated to his best girl, "I am no Valentino with Lard upon my hair, But I love you like Brownwood loves The bucking old Gray mare, Your hair is dark and golden, Your Ears they are a sight Your teeth are like the stars my dear, They come out every night."

We now have a new song leader in chapel, Martha McClish in person. The first day of school she sang a solo entitled "The old cow slipped down and strained her milk," and now everyone wants her to sing some more.

The Brownfield foot ball team played their first game this season Friday, with Levelland. The score was 13-0 in favor of Brownfield.

Tremendous Power from the Wind

THE Aermotor Co. is now making a self-oiling windmill 20 feet in diameter. If you have a well 1000 feet deep, or if you want to raise a large quantity of water from a shallow well, this is the windmill you need. This new Auto-Oiled Aermotor weighs nearly 2 1/2 tons without the tower, it is a giant for power.

Whatever your water requirements may be there is an Auto-Oiled Aermotor of the right size for the work. They are made from 6 feet to 20 feet in diameter. Use the smaller sizes for the shallow wells and the larger ones for the deep wells or large quantities of water. Our tables, sent upon request, tell you just what each size will do.

The Improved Auto-Oiled Aermotor, the genuine self-oiling windmill, is the most economical and the most reliable device for pumping water. It works every day and will last a lifetime.

Every size of Auto-Oiled Aermotor has double gears running in oil. All moving parts are fully and constantly oiled. One oiling a year is all that is required.

The Auto-Oiled Aermotor is made by the company which originated the steel windmill business. For full information write

Castleberry and Barton To Be Receiving Agts.

The Texas Cotton Cooperative has announced the appointment of W. H. Castleberry as receiving agent at Meadow, and of A. P. Barton as receiving agent to serve the Union community.

They will handle all details of shipping and paying for cotton, and of making advances, but will not class cotton. They will send samples to the nearest classing office for classification, the samples being returned with classification as promptly as transportation facilities will permit.

Editor James L. Dow was among the Lubbock boosters here Wednesday. He is among the few pioneers of that city whom we are not afraid to call by their first name.

The G. W. Luker barn and contents were destroyed by fire, in the Union community, last Thursday night. We understand that Mr. Luker had a good barn and quite a lot of feed on hand. Neighbors and friends of his community and in Brownfield came to his rescue with a liberal donation.

PANHANDLE SOUTH PLAINS FAIR ASSOCIATION

LUBBOCK, TEXAS

Rotary Club Endorses The T. & P. Northern

THE STATE OF TEXAS ()
COUNTY OF TERRY ()
CITY OF BROWNFIELD ()

Whereas, the Texas & Pacific Railway Company has recently submitted a proposition to the citizens of Dawson, Howard, Terry, Hockley, Lubbock, Lamb, Castro, Potter, Deaf Smith and Oldham Counties to construct a line of railroad beginning at Big Spring, in Howard County, Texas, and ending at Vega, in Oldham County, Texas with intersecting lines running into the Cities of Lubbock and Amarillo, Texas, a total of 333 miles in length, running by and through Lamesa, Brownfield, Levelland, Littlefield, Dimmitt and Hereford; and

Whereas, such a line of railroad, if permitted to be constructed, would pass through a tier of Counties in close proximity to the Eastern border of the State of New Mexico, which territory, in our opinion, is unsurpassed anywhere within the confines of the State of Texas so far as the fertility of the soil is concerned, an abundance of pure water at a very shallow depth, where the matter of irrigation is not at all improbable, and where cotton, grain sorghums, wheat and cattle, as well as other live-stock, are produced and grown in a profitable manner in great abundance and vast numbers, thus making this territory a virgin one for the construction and operation of just such a North and South line of Railway which this company proposes to build.

Now, there, be it resolved by the Brownfield Rotary Club, that we heartily endorse this most worthy enterprise to be known as the Texas & Pacific Northern Railway Company, and we hereby pledge to the officers of said Company our best efforts and a united co-operation to the end that said line of railroad may be secured through a hearing before the Inter-State Commerce Commission, at Washington, D. C., and we hereby petition said Commission to grant said Company an early hearing upon this matter, and that upon a final hearing thereof, that a permit of convenience and necessity be issued said Company for the construction of this line, as we firmly believe that such a line is needed for present service and for the future development of this vast area, the surface of which has barely been scratched.

Read, submitted and unanimously passed by all members of the Brownfield Rotary Club, of Brownfield, Texas, this the 19th day of September, A. D. 1930, to all of which we, the President and Secretary hereby certify.

ATTEST:

DICK McDUFFIE,
President,
JIM MILLER,
Secretary.

T. P. President Likes Big Terry Co. Melon

Dallas, Texas
September 17, 1930

Mr. W. A. Bell
Brownfield, Texas,
Dear Mr. Bell:

The melon from the T. & P. right of way in Terry County came last night, and is a wonder. I am inviting several of my friends to come out to dinner tonight to help devour it.

I am not surprised that Terry County produces such melons, as I am convinced from a careful inspection it will produce anything that can be grown, and do a better job than can be done anywhere else.

The brand of cooperation being rendered by you and associates in Terry, Dawson, Hockley, Lamb, Castro, Deaf Smith and Oldham Counties is the finest ever, and should bring the desired results. I cannot begin to express my appreciation of it in a letter, but hope to have the opportunity of doing so in person at some not far distant date.

With kindest regards, I am,
Sincerely,
J. L. Lancaster.

Luther French was in Saturday and reported that they were getting out cotton nicely.

PARISIAN VERSIONS of Fall Styles

A joyful note of fall is evident in these lovely crepe frocks. Their tailoring is so smart and the combinations of colors so unusual—you will want on the moment you see them. An extraordinary value.

CLYDE LEWIS Dry Goods Co.

Mrs. L. J. Dunn returned this week from Quannah, where she has been attending the bedside of her niece, Mrs. E. B. McBurnett, whom we mentioned in these columns last week. Mrs. Dunn says Mrs. Burnett took a turn for the better last Sunday, and the doctor gave out hopes of her ultimate recovery. She is in a hospital at Quannah.

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."
But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Alexander Drug Co.

Farmers of Terry Co. Behind New Rail Line

The Herald has made some inquiry concerning the attitude of Terry county farmers as regards the building of the T. & P. Northern, and has had some to come to the writer personally and ask us to keep boosting and pulling for the road. Indeed we have to see the first farmer yet that is not whole heartedly for the new road, and one and all give some reason for wanting it built. What little disparaging talk we have heard has come rather from men who live in town, and there is little of this. We believe that our people are more nearly unanimous for this new road than any undertaking ever before them.

In conversation with one of our farmers last Saturday, he asked us to keep up the good work and do all we can to get the new road as he believed that it would directly benefit every farmer in the county as well as the business interests of the city. It was his opinion what causes Brownfield to grow and become a better city, and he wants his trading point to be just as good city as possible, in order to make it a better market town.

Continuing the conversation, he informed us that if the road crossed his land anywhere, it would cost the right-of-way committee not a penny. Or if a road built west and crossed his lands, it would do so free of all cost. He said he never saw or heard of a good county seat town that was ever ruined by railways, and every few of any other sort of towns that

really tried to amount to anything. We could give you these farmers' names, but there is no use in that as they are almost to a man strictly for the new road, knowing full well what it will mean to them as well as to the other citizens of the county.

Will Rogers Comes Again to Tickle Us

If there ever was an Egyptian mummy that could be made to laugh at all, Will Rogers would be the man to turn the trick. He is the only bird that we ever saw was funny while sober, while drunk, while sick or whatnot. In fact he is a funny looking guy just standing round trying to look innocent. He needs no make-up to be a comedian. He has all art beat on make-up that actors from Shakespeare to Will knew.

When his pictures come to the Rialto, you can always expect a full house, and they have been having an unusually good run since the opening here Sunday afternoon. This is the first talking picture he made, we understand. They had to see Paris was a good one, but the version shown here was silent.

Tahoka won the "little world series" from Southland, much to the pleasure of some of the other clubs, including the Brownies.

Sure, we are going to get the T. P. Northern. We have everything for it now, except just a few other roads.

Welcome, Fleecy Staple! You are not worth much, perhaps, but you are going to keep the people so dratted busy getting you out for awhile that they will forget the "repression."

Franklin D. Roosevelt, like ruling men generally in his State in the Democratic party, believes fully in States ruling in so far as possible in all matters, including prohibition. The ruling Republicans in that State are particularly against the 18th amendment but are cautious in sending word down South to that effect. Being honest has lost thousands of votes for many great Democrats. Lack of frankness and honesty has won thousands of votes for many Republicans—Greenville Messenger.

The Tech College through its president, Dr. Horn, has endorsed the movement started by Gov. Moody against bootleggers who sell to college students. If bootleggers would confine their trade to the old toppers, they would not hurt matters much, but when liquor is sold to young people, that happens to be somebody else's business, and they should be prosecuted to the full extent of the law. But, outlaw liquor dealers had rather risk selling to young people than older ones as a general thing.

Terry County people had rather not have rain just now, as it would blacken thousands of tons of row crop heads, and stain thousands of bales of cotton. But in order that several of the counties east of here could get good rain on which to sow fall wheat for winter pastures, Terry county would take the rains with good grace. We have made good crops here and should be willing to undergo some inconveniences in order to accommodate our more unfortunate neighbors.

Chas. Guy, editor of the Avalanche-Journal, and proprietor of that more or less interesting column known as "The Plainsman," hiked off down in old Motley county this week and got himself spliced to a Miss Moore, daughter of one of the leading ranchmen of that county. So that is what Chas. meant recently in his tirade on bad roads when he intimated that he knew how good roads rode especially between Lubbock and Matador. Anyway, we are glad that a fine west Texas girl has roped in Chas. Maybe he will let up on that

Broadway girl for awhile.

Wish there was some way the worthy could be "tagged" so we could give him a "lift" as we pass him on the road in our car. These are times when many walking along the highways, with their little belongings tied to their back, are honorable and upright fellows tramping along in the hope that "just over the hill" they will find something to do that will provide a sustenance a little above that necessary to keep his own body alive, to send back to a needy family. Many a motorist would share room in his car with the fellow standing on the highway appealing to him for a "lift" if he only knew that by so doing he was not subjecting himself to a whiff over the head and be relieved of all his belongings. Too bad this state of affairs was brought about long before the present condition struck.—Fort Stockton Pioneer.

The Senior B. Y. P. U. met at the home of Mr. and Mrs. Bob Lovelace Tuesday night for a social hour. There was a good crowd and all had a nice time. After several games were played sandwiches and punch were served to 17 members.

L. L. Cobb and son, Gaston, of Lubbock, passed through Wednesday on their return home after a business visit to their old home at Seminole.

I am grateful because there are so many highly praised books that I haven't read, but can turn to when I am so inclined.

Some are wise and others just look wise.

LEE TANKERSLEY

Enrollment at the Tech About Same as 1929

Enrollment at Texas Technological totaled 1,733 at the end of Monday's registration period, it was announced by Dr. Paul W. Horn president.

With other students in the process of matriculation, final figures for the fall term are expected to be about the same as those of last year, President Horn said.

Classwork began Monday. A general convocation for all students will be held at 11 o'clock Monday morning in the college gymnasium. The college will welcome the attendance of townspeople, President Horn said.

Inquiries received by the college from prospective students in the last several days included one from a man in India who desires to take a course in textile engineering—Lubbock Avalanche.

J. E. Green and family of Putnam and Mrs. Lewis Scroggins and son of Abilene were visiting their aunt Mrs. Jimmie Hulse and family over the week-end.

HIGH SCHOOL HAPPENINGS

By Sophomore Class Reporter—Kathleen Hardin
Lenore—(coming from chemistry Lab.) "What on earth is that queer odor?"
Donald King—"Simp, that is fresh air."

Evelyn Lowe's uncle asked her the other day what made her cheeks so rosy. She said, "Why uncle, I use dumb bells to get color in my face."
Her uncle—"So you use dumb bells to get color in your face, that's fine, most girls these days use color on their faces to get the dumb-bells."

Nearly everyone in High school is getting permanents now, so Ray Brownfield decided to get a flax

seed finger wave. We must admit it looks handsome.

Mr. Toone—"Mr. Hayhurst, who were your ancestors?"
Mr. Hayhurst—"What do you mean by that?"

Mr. Toone—"Who did you spring from?"
Mr. Hayhurst—"Begorra! We Irishmen never sprang from anyone we always spring at them."

Luther and Golda went to Lubbock the week before school started. When they got to the depot to come home, Luther decided to go back at the bulletin board. On it was written: "All trains on time, Sept. 1." He read to Golda, "All trains on time sept one. Now I'll bet that's the very one were going home on."

Wayne Goza—"I went to a program the other night and they sang two of the prettiest songs I ever heard."

Clifford—"What were they?"
Wayne—"One of them was, 'Locked in the stable with the sheep' and the other was: 'When I swallows homemade pies.'"

On investigation Clifford found that the songs were: "Rocked in the Cradle of the Deep" and when the swallows homeward fly."

Last Sunday Dell and Murphy went to a singing convention and dinner on the ground. Murphy said that as usual Dell was the first to start eating and the last to stop. When they went back in the house and began to sing Dell began to sing. "We can sing full tho am I" But the song they were singing was "weak and sinful tho am I".

James Parker Davis went to the Lubbock circus last week to see his ancestors.

NOTICE

All members of the Texas Bureau Cotton Association that has not signed the new contract to meet at the

TEST OF NEW CITY WELL MADE THIS WEEK

Few people realize just how fortunate Levelland is in the matter of an adequate water supply. On the completion of the City Water Works about three years ago a well was drilled to the depth of 185 feet, encountering three separate sheets of water in that depth. At an official test, after a cavity had been made in the water sand, 1100 gallons per minute were pumped from this well without seemingly lowering the water in the well. This was the capacity of the pump and it is thought that at least 5,000 gallons per minute could have been taken from the well with a larger pump. "The supply seems inexhaustible," said the engineer in charge of the operations.

This week a test was made of the second well, made necessary not from a lack of water but to meet certain insurance requirements because of a possible breakdown in the machinery of one well when large quantities of water would be needed in fighting a fire. The new well cost a total of \$1,480 including the casing and all necessary fixtures incident to installing a pump. It also showed a capable far in excess of that of the pump used in the test. Levelland has an abundance of pure water for all purposes and for a town many times the size of Levelland. Water is not one of the problems in Hockley County.

In contrast to the above the City of Brady has just had a new well drilled to a depth of 2,112 feet at a cost of \$17,608.70. A capacity of 750 gallons per minute was desired, and at a test recently made some of the City officials were not convinced that the well would make the required amount.—Levelland Herald.

Court house at 10:00 o'clock A. M. Saturday, October 4, 1930.
Signed: J. A. Johnson.

OPPORTUNITY FOR GOVERNOR STERLING

When Ross Sterling becomes governor next winter and enters into his first experience with the Legislature, he will have an opportunity to render the people of the State a great and valuable service by giving sympathetic consideration to the program of court reform which will be presented. For a number of years, attorneys of high standing have been endeavoring to bring about reforms in court procedure and in the rules governing the practice of law, which would restore their profession to its old and honored prestige among men. They have been blocked in all of their efforts by unscrupulous lawyers who have controlled the Legislature. But each year has recorded some progress. Farm and Ranch and other publications took up the fight and have helped create a sentiment for the reforms so badly needed, and prospects for a more favorable consideration at the hands of the incoming Legislature and becoming brighter.

It is suggested that if Governor Sterling will call special attention to the subject in his message to the Legislature, he will pave the way for early consideration of the measures that will be introduced.

Farm and Ranch has frequently called attention to our archaic court methods; to the jockeying done in the selection of juries, and the opportunity our court procedure gives to introducing technicalities and defeat the ends of justice. It has called attention to the numerous and unnecessary delays in completing a case and the lack of authority of the Court in matters of the utmost importance. We have called attention to the fact that we do not need more courts, but more efficient methods. We hope that the new administration will urge the passage of corrective measures which will return some of the old time respect and dignity to Terry.

the profession of law, and make more certain the administration of justice.—Farm and Ranch.

W. B. Benton, prominent farmer of the Union community, was in Saturday.

Tom May and Judge Winston have returned from a fishing trip but reported not much luck.

Some of the farmers are complaining that some people are driving without headlights on the highways of late, and one told us that a fellow ran into his team recently. This is strictly against the law and if reported the fine is rather heavy. Better let old linzie stay in the garage if you have no lights.

Mrs. G. W. Graves left Tuesday night for Fort Worth to visit her sister who lives there.

Many of our subscribers are getting a little behind, and we have allowed this until they got out some cotton. We are ready to take your renewal.

Mr. Turner, of Wichita Falls, who formerly lived here, was up this week looking after business matters.

J. L. Sims, prominent farmer of South Terry, was in Saturday to have the Herald sent to his father.

The Baptist and Presbyterians have been with us in force the past week (and both organizations liked the way Brownfield people treated

Texas again claims the Dixie baseball championship, as the Fort Worth cats were much too much for the Memphis Tenn. chicks.

Mr. Bull of Spur is opening a cafe here this week in the Hankins building east of the Rialto Theatre.

Good old harvest time is on in Terry.

CHRISTIAN LADIES TO ENTERTAIN FEDERATION 28.

The ladies of the First Christian church will be hostesses to the Federated church society on Monday, Sept. 28th, at 4:00 P. M. at the First Christian church with the following program.

- Piano Solo—Miss Rasco.
- Invocation—Rev. E. B. Surface.
- Song by Choral Club.
- Reading—Lenore Brownfield.
- Devotional—Mrs. Surface.
- Worship and piano—Miss Pickett and Mrs. Dallas.
- Introductory Remarks—Mrs. Griffin.
- Talk—Woman in the school.
- Benediction.
- Social hour.

MRS. HOLGATE ENTERTAINS FORTY-TWO CLUB

Mrs. Simon Holgate entertained the Forty-Two Club Friday afternoon at her home. The table prizes were notably good pick holders filled with tooth picks and went to Mrs. Purwin, Mrs. Longlake and Mrs. Brothers. The high and low cut prizes were given baking dishes and went to Mrs. Purwin and Mrs. Baldwin.

The colors red and white were carried out in the luncheon covers, napkins and plates. Ice cream and apple sauce cake were served to Mesdames: Pat Brothers, C. F. Hamilton, Baldwin, Gracey, Ellington, Longlake, Kendrick, Webber, Clint Rando, Downing, E. F. Crews, Ditta, Wingred, Purwin and Strother.

Miss Mozelle Treadway of the Tech spent the week-end with home folks.

Miss Margaret Bell who is teaching in the Lubbock schools was at home for the week-end.

IDLE WIVES CLUB ENTERTAINED BY MRS. BAILEY

The Idle Wives Club was entertained Tuesday afternoon by Mrs. The Bailey. Mrs. Collins made high score and received a pretty lemonade set, and Mrs. Michie second high received a pretty bud vase filled with bath salts.

The guests were Mesdames: Collins, Michie, A. M. Brownfield, Ray Brownfield, DuBoise, Andersen, McDuffie, Morgan, Copeland, Arthur Sawyer, Fred Smith, Shelton, and Wingred.

The hostess served sandwiches, congealed salad, caramel pie and ice tea.

PRETTY BRIDGE PARTY FOR YOUNG LADIES

Misses Ina Patterson and Fay Martin entertained with two tables of bridge at the home of Mrs. Flen McSpadden Thursday evening.

The high score prize—Elizabeth Arden toilet soap, was awarded to Miss Taylor and the second prize a box of handkerchiefs, to Miss Pickett.

The guests were Misses Elizabeth Pickett, Ainsworth, Gertrude Rasco, Polly Taylor, Velma O'Brian and Norma Hulm and Mrs. Paul Lawless and Mrs. J. M. Hill.

SENIOR CLASS PICNIC

The Senior class enjoyed a picnic at the sand hills Friday evening. They were accompanied by Miss Perkins, the class sponsor. A delicious picnic launch and water melons were carried.

PARENT-TEACHER'S ASSOCIATION MEETING

The Parent-Teacher's Association held its first meeting Thursday afternoon, September 18th, in the study hall of the High School building with the President—Mrs. Simon Holgate presiding.

It was a splendid meeting with a good attendance of parents and teachers and with an interesting program. In the business meeting the meeting day was changed to the first Tuesday of each month. The next meeting will be in the evening at eight o'clock in the auditorium of the High School building. It was put at that time so the fathers would have an opportunity to attend and all parents are urged to come.

In the program Reverend Turrentine led in prayer; Miss Pickett gave a beautiful violin solo and Miss Ainsworth a reading, a pretty piano trio was played by Miss Rasco and Mildred Adams and Bettie Jo Savage. An interesting talk was made by Elder spiring, and;

MISSIONARY SOCIETY ENJOYS SOCIAL

The ladies of the Methodist Missionary Society met in the home of Mrs. G. S. Wambor on Broadway for a social and business meeting Monday afternoon. Reports were heard from the different departments and it was voted to put a new roof on the parsonage. It was decided to start having the Sunshine fund again after the first of October. The week of prayer will be in November, Feb. 1931.

Ice cream and white loaf cake were served to Mesdames: Wheeler, John Powell, Downing, Nobles, Cleve Williams, Jackson, Longlake, McDonald, Turmanine, Baldwin, Linville, Wilson Pierce and Benson.

METHODIST AUXILIARY JUEL

The Auxiliary Jubilee met Thursday afternoon at the church at four o'clock for a short business meeting and to pack a box for the Orphan's Home.

The members present were Mesdames: E. D. Moore, Baldwin, Eckles, Knight, V. A. Egan, Allen, W. Jones, Heath and Finney.

CHURCH OF CHRIST BIBLE CLASS

The Bible class met at the Church of Christ Thursday afternoon at 7 o'clock. Mrs. Jack Jackson conducted the lesson on "The Life of Christ." The members present were Mesdames: L. F. Hodgens, Ditta, Nelson, Legg, Ray Collier, Travis, Storey, Williamson, Dewey Murphy, Drennon and Jackson. Mrs. Drennon will lead the next lesson.

CHRISTIAN MISSIONARY SOCIETY

The Christian Missionary Society met Monday afternoon with Mrs. Ballard. Mrs. H. F. Crews read Hebrews 5 for the devotional. Mrs. S. T. Miller led the lesson which was the second lesson in the "outline of the Bible."

The hostess was assisted by her daughters Alma Fay and Mary in serving cream pie to Mesdames: Miller, Crews, Jones, Joe Price, Flippin, A. B. Cook, Guthrie Cook, Walters, Brown, George Snodgrass, Gracey and Holgate.

The ladies of the Christian Missionary Society will be hostesses to the Federated Missionary Society next Monday afternoon at the church. The Presbyterian ladies will be in charge of the program.

BAPTIST W. M. U.

Circles one, two and three of the Baptist W. M. U. met Monday, Tuesday and Wednesday afternoons at the church for a week of prayer. The different circles had charge of the programs for the different afternoons.

METHODIST CHURCH

PROMOTION DAY will be observed in the Sunday School, Sunday. We can't afford to fall under the 200 mark during this lovely weather. The pastor will preach on the two incidents in which "Jesus Eulogized Mary of Bethany." "Mary Hath chosen that good part" and "She hath done what she could." Each Sunday sees recruits for church membership. Mrs. Chlo Perkins came by letter Sunday.

RESOLUTIONS

Report of Committee on Resolutions at the close of the meetings of Presbytery at the Presbyterian church of Brownfield Wednesday evening.

We, your committee on resolution respectfully submit the following:

First, to our Pastor Host—Rev. Eugene H. Surface, his wife, and the good people of Brownfield for their thoughtful, courteous, and hospitable treatment and entertainment.

Second, to the ladies for their excellent, wholesome, and palatable meals which they served so bountifully, and whole heartedly on the church lawn.

Third, to Mrs. Dallas, Mrs. Wingred, Miss Elizabeth Pickett, the Brownfield Choral Club, and the High School Glee Club for the inspiring and soul stirring music which was so well rendered;

Fourth, to Miss Perkins and the Young people for the closing program which was so instructive and interesting talk was made by Elder spiring, and;

Finally, to the Terry County Herald for the generous publicity given to the sessions of Children's Presbytery.

We shall remember with you pleasure, our stay in the beautiful city of Brownfield, among people who know how to entertain, among whom the old western spirit of hospitality has never abated, & people in whom a spirit of civic pride, religious fervor, and material progress is evidenced everywhere, in their streets, school buildings and grounds, church buildings, and up to also business establishments.

Respectfully submitted,
S. F. McCafferty, Chairman,
J. T. Bryant,
J. W. Postkins.

BROWNFIELD F. T. & WEEETS

The Brownfield F. T. & W. came together for the first regular meeting of the year on Friday, September 24, at 4 P. M. Elder Drennon, pastor of the Church of Christ, gave an interesting talk on F. T. & W. work and we feel sure he is going to be a very useful member of our F. T. & W. He came to us from Farming Spring where he recently served as president of the F. T. & W. Rev. G. E. Turrentine, pastor of the Methodist church was present and expressed himself as being deeply interested in F. T. & W. work and very desirous of contributing his help toward making this a successful year's work.

A violin solo by Miss Pickett accompanied by Mrs. W. E. Dallas of the piano, a piano selection by Miss Rasco and two small girls, and a reading by Miss Ainsworth was an afternoon's entertainment which caused everyone present to feel glad they had come.

Prizes were discussed for the coming year and committees were notified of their duties. With the help of our talented new members and our determination to succeed we are looking forward to an interesting and profitable year's work.

Publicity Chairman,
Mrs. Bob Chase.

RESOLUTIONS OF RESPECT

To Worshipful Master, Wardens, and Brethren of Brownfield Lodge No. 903 A. F. & A. M. Brownfield, Texas.

WHEREAS: The Grand Master of the Universe has seen fit to call Brother M. C. Crawford of this lodge from labor to rest, and

WHEREAS: Brother Crawford was a true and loyal Mason and a very dear friend of the membership of Brownfield Lodge, and

WHEREAS: During a period of many years, Brother Crawford was actively identified with FREE MASONRY, attending lodge until just before his death.

THERE BE IT RESOLVED:

That while bowing in submission to the will of the Almighty we, the members of Brownfield Lodge No. 903 A. F. & A. M., do hereby recognize the loss of perhaps the oldest member of our body, and one of the oldest Masons from point of service in this jurisdiction.

Brother Crawford was a shining example of what a Mason should do and his friendly clasp of his hand and his cheery greeting will not be soon forgotten by we who were privileged to know him. The sublime hope and unflinching faith with which he approached his end points us to a better land where we shall meet again.

"Whence comes the call
ARISE, SHINE, THY LIGHT IS COME!
Brother of mine whence art thou gone?
Thy presence here
O Hallow'd ground where thy feet hath trod,
Thou didst tarry not in thy swift flight
Heavenward;
Yet, thou remain'st here—a presence
Drawing upward our poor, lingering souls."

The sympathy of this entire body is extended to his family in their bereavement.

It is further resolved that a copy of this resolution be sent to the family of our deceased Brother, and a copy published in the Terry County Herald, and a copy spread on the minutes of the lodge.

Fred Smith, M. L. Copeland, Committee.

The report that got in circulation early in the week that the floors of the high school building were defective and had to be torn up, was false as far as the trustees know. In fact, according to that body, the architect will pass on everything in a few days, and until then no one will be in position to put out anything. Personally, the trustees are of the opinion that if there ever were good floors, they are in the high school building.

The Lubbock Avalanche-Journal of Sunday morning was a hum dinger for size and information it contained. The rotogravure section was especially fine and it alone contained something like 24 pages. Information about Brownfield and Terry county was rather shy in the edition, but we imagine that was mostly our own fault. We heard many favorable comments on the edition by Brownfield people. Its main purpose was to advertise the South Plains Fair that opens Monday for a week's run.

HELPY SELFY MEAT MARKET

Not so far from there, in Llano county, it's Chinese red cowpeas that got the praise from two crop demonstrators. Early maturity puts them ahead of the summer drought, and their upright growth makes them easy to cut and cure for hay, these men say. One of them declares these peas the best he has ever planted and while he doesn't know the yield, says they'll run more bush per acre than whippoorwill.

Terry county officers made a rather big booze haul Monday. The consignment consisted of 52 half gallon jars of what appeared to be whisky—we didn't get a taste. Two men and a woman and a coupe were also taken in charge. Tried to sell the city Marshall at Meadow a half gallon, we understand. So our Fair cheer goes glimmering. Too late to give glowing headlines.

THE BON TON BAKERY

Union Make-ups

Mr. and Mrs. B. C. Hancock and family spent last week in Fort Worth with Mrs. Hancock's relatives. The young people enjoyed themselves greatly Friday night, with a party at the home of Miss Hallie Harred.

Mr. Fred Smith of Fort Worth is here visiting his aunt, Mrs. B. C. Hancock.

We were surprised to see Mr. Omer Daniels back at Union. We thought he had gone for good.

J. C. Bass has been visiting his parents in Dickens County the past week.

Mrs. Lula Smith of Abilene spent a few days in the home of her brother, Mr. B. C. Hancock. Boy you bet we'll be at the fair Friday and Saturday. There you'll see Union Step.

Mr. Henry Hewett of Fort Worth and his cousin whose given name we fail to remember, are working with their uncle, D. M. Roe. We understand they will make a crop with him next year.

Miss Ozella Bass starts to school at Brownfield, Monday. Ozella learn enough for us too.

The young folks report a fine time at the party Saturday night, which was at the home of Bill Palmer.

Miss Carrie Palmer who has been visiting in Federick Oklahoma is back again with us now.

Miss Ruth Groves spent Sunday with Miss Bessie Johnson.

T. B. Inman and family, Fay Lewis Cludia Marlin, Mrs. Weeks and daughter, Zora, spent Sunday with

grand-mother and grand-father Johnson.

Miss Evelyn Patterson visited Miss Naomi Inman Sunday.

Mr. and Mrs. Hollis Brook of Brownfield spent a few hours in his brother's home, Mr. L. L. Brook, Sunday evening.

We are sorry to report the burning of Mr. G. W. Luker's barn early Thursday morning. It is not known how the fire started.

Bro. Allen will preach here next Saturday night, Sunday and Sunday night. Everybody be sure and come.

Wellman Notes

The P.-T. A. of the community met Friday during the noon hour in Mrs. Wilkins room. The check up showed they had 19 new members. Those present were: Mrs. Schroeder, Mrs. Wilkins, Mrs. Adair. Lemonade was served.

Those who are members of this community are Mrs. S. Z. Paul Mrs. C. M. Stark, Mrs. J. E. Spears, Mrs. Will Moss, Mrs. Adair, Mrs. Schroeder, and Mrs. Wilkins. Lets all be present at the next meeting and bring in a list of new members.

Mrs. C. T. Jackson of Lubbock is visiting her daughter Mrs. Gould Winn this week.

Bro. Burnett will preach at the church of Christ Sunday. You are invited to come.

Mr. Orval Garrison from Hobbs, New Mexico visited his parents, Mr. and Mrs. J. R. Garrison.

Mr. and Mrs. P. R. Cates are building a new home on north Main Street.

Mr. and Mrs. M. A. McPeters visited Mr. and Mrs. A. L. Baker Friday night.

Miss Nellie Roberts visited Miss Ronea Lewis of Brownfield Sunday.

Mr. and Mrs. Ray Moore and family are visiting her parents Mr. and Mrs. S. W. Welcher.

Mrs. S. Z. Paul, Misses Viola Bridges and Dorothy Norton visited Mrs. Spurgar of Seagraves.

Mrs. Paul and Mrs. Wilkins went to Brownfield Thursday.

Mr. Claude Baker and Morris Woodard visited Teddy Burnett Sunday.

Billie Jo Schroeder spent the afternoon with Margaret Warren Sunday.

Miss Nellie Roberts visited Miss Roma Lewis Sunday.

Miss Dorothy Garrison visited Miss Viola Bridges last Thursday night.

Mr. and Mrs. Malden and Mr. Boyd from Sylvester, visited Mr. and Mrs. Mortan last week.

Miss Roberta Story from Seagraves visited her sister, Mrs. Georgia Little last week.

Mrs. Roy Moore and Mrs. Travis Cogburn from Haskell are visiting their parents, Mr. and Mrs. J. W. Bridges.

Miss Mary B. Mosley visited her parents at Seagraves Sunday.

Rev. Lindley preached at the Baptist church Sunday morning, and evening. A large crowd attended the services.

The Wellman B. Y. P. U. met Sunday evening at seven-thirty and elected the following officers for the year. President—Graice Moon; Sec. Mrs. McPeters; Group Captains—Jewell Orcutt, Mrs. Grace Trotter, Mr. Narton and J. R. Garrison.

Everyone is invited to attend every Sunday evening.

Hunter Notes

Bro. Allen held his regular appointment here Saturday night and Sunday. A nice crowd were present.

Mr. and Mrs. H. S. Holleman are visiting relatives and friends at Brownwood, Texas.

Mr. and Mrs. O. M. Edwards visited Mr. and Mrs. Sam Johnson at Happy Sunday.

Lester and Inez Snow visited Leroy and Lizzie Mae Fordson Sunday.

Mr. and Mrs. Sam Walters from over Scudday way spent Saturday night and Sunday with Mr. and Mrs. Virgle Jenkins.

Mr. and Mrs. Newt Lindsey were guests of Mr. and Mrs. Lee Lyon Sunday, also, Mr. and Mrs. J. A. Tankersley from Brownfield.

Quite a number of the people from this district attended the Baptist Association at Brownfield last week.

Deward Williams spent Sunday night with Lawrence Edwards.

Mr. and Mrs. M. S. Williams are visiting their daughter, Mrs. Raymond Adams at Lovington, New Mexico.

Elmer Edwards and his mother went to Pilot Point and Childress, Texas last week. They carried Mrs. Edwards mother home. She has been here visiting several weeks.

Mr. and Mrs. Travis Jenkins spent Saturday night and Sunday with the letters parents, Mr. and Mrs. Webber at Lahey.

Hunter B. Y. P. U. Zone, will meet at Johnson Chapel, Sunday at 3:00 o'clock, you are invited to come.

Mr. and Mrs. Armo Candle from Gomez visited Mr. and Mrs. W. H. Height, Sunday.

Mr. and Mrs. Butler and Mr. and Mrs. Tom Smith have relatives here to help gather the crops in this district. They come from the drouth stricken areas.

Marion Kemp visited J. H. Smith Sunday.

Miss Dora Faye Jenkins visited Miss Lucille Smith Sunday.

Mrs. Joe Smith visited Mrs. Lee Lyon Tuesday.

Look for our booth at the Fair Friday and Saturday.

NAZARENE MEETING CLOSED HERE SUNDAY NIGHT.

The Nazarene meeting closed here Sunday night after being in progress for two weeks, and all things considered they were very well pleased with the meeting, according to the pastor, Mrs. Lizzie Williams. There were some conversions and some added other ways, according to this lady.

During all the time of the meeting, another revival under the auspices of the church of God was in progress in another section of the city, and the Baptist Association and Presbyterian Presbytry were also held during the time, all of which hindered attendance more or less.

After fruit, cowpea, alfalfa and onion stories, it's quite a drop to a grass story, but since is the biggest crop in the world and rather fundamental in livestock production, we'll end up in Robert Gillespie's sudan patch in Colorado county. It was worth \$2.67 per day to him this summer for his 13 cows that grazed its 13 acres.

The Jayton Chronicle came out with what it termed its "calamity Special" last week and it almost fitted its name to a "T." On the first page, five out of the six headlines gave various accounts of the pitiable conditions in that section, or lambasted the powers that be on their seeming indifference and easy going methods of trying to provide relief.

IT'S WISE TO **CHEVROLET** CHOOSE A SIX

Drive a Six and you'll buy a Six

Once you drive a six-cylinder car, you will quickly recognize its finer performance! For a Six is so smooth . . . quiet . . . flexible . . . and comfortable! And the six-cylinder Chevrolet is one of the world's lowest priced automobiles. It costs no more for gas, oil or upkeep than any other car you can buy. Come in—today. In a few minutes you will see what fine quality is built into the Chevrolet Six—and what real value it offers.

Some Distinguishing Features

50-horsepower six-cylinder motor . . . de luxe wire wheels at no extra cost . . . a wide variety of attractive new colors . . . modern, long, semi-elliptic springs . . . fully-enclosed four-wheel brakes . . . Fisher hard-wood-and-steel bodies . . . safety gasoline tank in the rear . . . and, for your protection, a new and liberal Chevrolet service policy.

This is Not a Medicine Ad-Blue Bonnet Butter

Fact of the business is: If folks ate the proper foods there would be very little need of ever taking any medicine. A great many of us are very negligent in what we eat, and as a result we have to cleanse our system of impurities by taking purgative and other kinds of medicine.

We are introducing in this city a pure food product which is absolutely free from all impurities. The product is BLUE BONNET BUTTER which is made from pure fresh cream, after proper pasteurization has made the cream products free of all dangerous germs that might be found in whole milk and cream. Approximately fifty per cent of the cream in Blue Bonnet butter is taken from sweet milk which is brought into the plant each morning. The remainder of the cream that goes into this butter is assembled from over a small area and is fresh and wholesome.

Blue Bonnet Butter is made in one of the most complete small creamery plants in Texas which conforms to all sanitary regulations and every precaution is had in the pasteurization and handling of the milk and cream to make it indeed pure.

Blue Bonnet Butter ranks above ninety per cent of creamery products in actual test, having recently taken a blue ribbon for being the best butter entered at a dairy show contest. Every ounce of it is butter—no milk and other ingredients to get sour and obnoxious after setting around the place awhile.

In Blue Bonnet you will find the delicious taste of the very choicest country butter just as it comes out of the churn and is properly salted and worked by the thrifty housewife, and at the same time you are safeguarded against contamination of any kind, due to the very sanitary creamery plant and the proper pasteurization processes.

Every ounce of this butter is guaranteed to fill your every expectation. If you buy a pound and don't like it, just take it back to your dealer. He is authorized to refund your money and ask no questions.

This butter is for sale in Brownfield by "M" System and Hudgens & Knight.

Dealers can purchase this butter from the Blue Bonnet Distributing Co., Ralls, Texas. The price is in line with butter of superior qualities.

Edwin Hamm has opened a repair and battery shop in the Brick garage, and is also prepared to take care of your oxy-welding jobs. Edwin has learned his trade here in the past several years and is prepared to give you the service you want. When in need of work of this kind, hunt him up.

Claude Hudgens, who has been kinder under the weather for the past few weeks is taking treatment for his trouble at Lubbock.

Mrs. E. Hunter, and daughter, were in Monday and reported four bales of cotton out on their farm and many more open.

Editor Hyatt Selling Famous Ralls Butter

Editor Dick Hyatt of the Ralls Banner, was here this week in the interest of the Crosby County Creamery, located in that city. While in this city he placed some of their products in two of our stores, which will be found in an ad in this issue. Dick says business is a little dull with him, and that he has time on his hands to help push their butter products. He gave the Herald a sample pound of the butter, which has been tried and found the only Creamery butter that comes here that is actually good.

Mr. Hyatt informs us that cream from a large section is not bought by their creamery, and that pure, fresh cream is received daily and made up before it become sour or rancid. Therefore, they can guarantee a product that looks and tastes like home made butter. Their factory is strictly clean and sanitary in every way, and dealers can always depend on a fresh stock in the shortest possible time.

Mr. Hyatt also made Seagraves and Seminole, Texas, Hobbs, Lovington and Tatum in New Mexico, and Plains, Texas, while in this section. He says crops in this section look good to him.

South Plains Fair Opens Next Monday

Lubbock, Texas Sept.—The stage is all set and the curtain will be raised for the seventeenth annual Panhandle South Plains Fair will roll back Monday, September 29, for the thousands and thousands of Plains folks who are eager to come and see. The show continues through Saturday night, October 4th.

Ten thousand dollars worth of free attractions and entertaining events, fifteen thousand dollars in prizes and premiums, and seven large buildings full of various exhibits will be offered the crowds, all for the price of fifty cents.

Absolutely every event put on by the fair association is free after the visitor passes the front gate, which means that for fifty cents the visitor can see everything with exception of the "fat lady" at the carnival show or some other carnival attraction.

Five free foot ball games, free fire works display each night of the fair week, and other entertaining features will be witnessed by the crowds.

Among the free acts that perform twice daily are the following: The DeStey Troupe, a high wire acrobatic act; Eiler's Cowboy Monkeys, Billy Lorette, famous clown policeman; Hughes Duo, that do a complete somersault through fire on a bicycle; Hashi and Onai, who do two acts, one a high perch, hand balancing stunt and the other a graceful novel ground acrobatic program; Upton-Whiteland Troupe, three different acts, featuring dancing, jumping and acrobatic feats on a slender strand of seal with two clowns; and the McDonald Trio, sensational array of cyclists stunts.

"There will not be a dull moment" N. L. Peters, president of the fair says.

WACO EDITOR REPUDIATED BY CREDIT GROUP

The wholesale credit men's association of Waco, an association of 40 wholesalers and including all the banks has formally repudiated an editorial in the Times-Herald of Waco, in unflattering terms, says an Abilene dispatch.

C. R. Pennington, secretary of the retail merchants association of Abilene, returning Sunday night from a business trip to Waco, reported the action.

"The wholesalers held a session last Thursday night and unanimously repudiated the editorial in the Times-Herald," Pennington said. "A copy of the resolution is to be sent to each paper in West Texas, and the executive board of the Waco chamber of commerce will be asked to sign it with the wholesalers."

Business men of Waco, when they learned that a West Texan was in town, made it a point to get in touch with me and assure me of their friendship for the great West Texas territory."

They're drilling deep for oil on A. Gulden's place in Tom Green county, but it's alfalfa yields he talks about and not oil. From 5 1-2 acres in a demonstration started in April 1929 he has cut and baled 875 bales which he says is worth 50 cents per bale.

Dallas Wholesalers to Show Goods in Hub

Lubbock, Texas, Sept.—"At a meeting of the board of directors of the Wholesale Merchants Association, yesterday, practically everyone present said they would be represented and they asked that I accept your invitation and do everything I could to help put over the West Texas Market Week in Lubbock, October 5, 6, 7, and 8, which the board believes will be a big success," Herbert B. Carpenter, manager of the Dallas Wholesale Merchants Association states in a letter to A. B. Davis, Manager of the Lubbock Chamber of Commerce.

From 150 to 200 wholesale clothing merchants, manufacturers, jobbers and other distributors are expected here October 5, 6, 7, and 8 for the second semi-annual West Texas Market week. These wholesale sales will cooperate in getting up a temporary market here for retail clothing merchants and will participate in a style show, Monday evening October 6.

From two to three thousand retail merchants are expected.

The event is being sponsored by the Lubbock Chamber of Commerce with the cooperation of wholesale merchants of the Southwest.

Carpenter will direct the style show, October 6, and will arrive in Lubbock about October 2 or 3 in order to have all details in shape for the event.

"I believe you are working the proposition up just fine and to my mind these is no question but what it will be an outstanding success," Carpenter stated in his letter to Davis.

A bit of Sunday School went hurt you.

Konjola Freed Ft. Worth Man of Rheumatism

Suffered Five Years—Kidney And Stomach Ailments Also Banished.

MR. N. R. DANIEL
"I suffered from rheumatism for four or five years," said Mr. N. R. Daniel, 848 East Arlington avenue, Ft. Worth. "This settled in my left leg and hips and I became so sore and stiff that I walked with a limp. I could not stoop sufficiently to lace my shoes. Later I became afflicted with stomach pains caused by gas. My kidneys became affected and I suffered constant back pains."

"I watched local endorsements of Konjola and decided to give it a trial. I noticed a change while I was taking the first bottle so I continued the treatment. Today the pains of rheumatism have entirely passed. I move my limbs freely and without effort. The stomach and kidney ailment have gone the way of my rheumatism and I no longer suffer from constipation. Even head catarrh which bothered me for years has been relieved by this new medicine."

The files of Konjola contain many such instances. Konjola is free from alcohol, nerve-deadening or heart-depressing chemicals.

Konjola is sold in Brownfield, Texas, at Alexander Drug Company, and by all the best druggists in all towns throughout this entire section.

EDITOR LOSES HIS PANTS
N. E. Smallin was the victim of sneak thieves last Thursday night, when his pants were stolen from the bedside, and after having the pockets rifled were left out in the garden. Entering the house barefooted, everybody was asleep, the thieves "lifted" the pants and carried them outside. They secured a gold watch and chain, and a pocket knife and bill fold and some small change. Nothing was heard during the night, and the loss was not discovered until the pants were missed. It would seem to be a good idea to either latch screen doors or not sleep too soundly.—Abernathy Review.
The concrete water tank of a Lovington, N. M., citizen has been dynamited for the second time in the past three weeks. The owner and officers have failed so far to find any clues or any reason for such cowardly acts.

Beware!

When You Buy Outside Second Hand Cars.

In all probability this immediate section will be flooded with used cars from other territories this fall.

In justice to the car buying public we want to call your attention to a few fundamental facts:

1. USED CARS IMPORTED HERE FOR SALE ARE AN UNKNOWN QUALITY. YOU DO NOT KNOW WHAT CONDITION THEY ARE IN OR WHO HAS USED THEM.
2. When you buy used cars from your local dealers you are assured of their conditions, you have your local dealer here available to service the same at all times and he is interested with you to the extent that he wants it to stand up.
3. WHEN YOU BUY USED CARS AT HOME YOU ARE ASSURED OF ITS TITLE, THAT THERE ARE NO LIENS AGAINST SAME AND THAT IT IS YOURS ON THE CONDITION OF ITS PURCHASE.
4. The recommendation of your local dealer of years standing is your best assurance of a good second hand buy—when you buy from a transient dealer it is a purchase in the dark—THINK IT OVER BEFORE YOU BUY
