

LOTS OF CHARITY CASES BEFORE C. C. SECRETARY

Mr. Shelton Says He is Using About \$100 Per Month Now and Could Use Twice the Amount if Available. People Will Leave Where Known to Go Among Strangers.

There has been more charity cases before the local Chamber of Commerce Secretary this year than ever before in the history of the organization. Mr. Shelton informed us this week that the expense of this alone was running around \$100 per month, and would run more if he could handle all cases. As it was, he was just trying to handle cases where women and children were involved and letting the men hustle for themselves. Two things are responsible for this, the primary one being the drought. Hundreds, yea thousands have left the drought stricken sections of the state with the glitter of gold before them in the Hobbs oil field, and they make a bee line for that place, find no work, become stranded, and as we happen to be about the first sizable town out this way and where two highways meet from that place, we catch all of this, as well as other broke people trying to go there. The daily papers should let the world know that there is no work at Hobbs other than for them already there, if Hobbs won't do it, so this string of stranded people will stop going there.

It is really pitiable the way some of these people are situated. Some of them are women with a bunch of children. And you know that generally speaking, the poorer they are the more children and dogs they have. They as well as the children are hungry, and the best the Chamber of Commerce can do is to buy enough gas to get them to the next two and a dollar or two's worth of groceries. They are usually headed for the home of some of their people back east where they imagine they will find refuge. Some of them are single men, and begin by telling you it is embarrassing to do so, but they are hungry. They will ask the grocery men for stale bread or scrap meat that has been thrown back. One strong but hungry man was in the Herald office this week for a donation and said he was from Cooke

county. Asked why he did not stay where he was known and could get help, he said he heard there was work here in the cotton fields. There is, but there has been enough here before the cotton even begin to open to pick it. Lots of them are relatives of our citizens who have come in from Central West Texas and Oklahoma to help gather the crop here. No one has ever seen an article originating from Brownfield where help was needed. We have seen some with date lines from other town in this section telling how many cotton pickers were needed, when in fact there was probably enough people there already to take care of it. This is some times done for BOOSTING purposes, and the ones that do it are probably paying less than anyone else into the chamber of commerce and other organizations to take care of the charity cases that come with this herd of labor seekers after the jobs. Some of these places advertising for help do not have anything like as good crop as we have in Terry county.

The sensible people of this section should have the daily papers which are watched by laboring people to print plain and understandable pieces warning people that all the labor needed on the South Plains is already here to take care of the labor situation. A white man brought in three large cars of negroes from Dallas this week to place in the fields here, but as it was raining, not all of them had found places to work as this was being written. Just who told this man that labor was in demand here we know not. We understand however, that there are some here who refuse to pick or boll cotton at the present price, but we imagine farmers are not going to have much trouble in finding some who will. Farmers cannot afford to fool with ten cent cotton that costs them \$1.00 per hundred to gather. They'd better let it rot.

Combine Strips Cotton At Less Cost in Test

Mr. C. J. Williams of Lubbock, was here the past week in the interest of the Smith-Conrad Cotton combine, which was on exhibition here during the fair, and which was seen in action by many of our farmers. Mr. Williams tells us that he is pushing the sales of this cotton harvester through this section, and intimates that we might get to see an actual field test here in the near future. It is said that this machine not only harvested the cotton, but does the cleaning right in the field, which saves cost of the hauling and cleaning at the gin, not to mention the fact that it leaves the hulls, burs, etc., in the field to be returned to the soil. It is also said to be much more economical than hiring cotton pulled by hand, or picked.

The combine harvests two rows of cotton at a time, and can be drawn by either horses or tractor. It has its own power to keep the machinery in motion. A wagon can also be trailed to hold the cotton as it is picked and cleaned. A demonstration was held in Tarrant county last week before representatives of the A. & M. college, says Mr. Williams, as well as representatives from some foreign countries, and much interest aroused in the ability and economy of the machine. The machine not only saves in the amount of cotton to be carried to the gin to get a 500 pound bale, but also saves in time consumed in gathering, and this counts big in rainy falls.

Mr. Williams states that there will be about ten of these machines operating around Brownfield, and from these demonstrations he hopes to make sales. Any locality where he can get from 800 to 1000 acres to harvest, he will be glad to place a machine for demonstration purposes.

FORCE OF HABIT

"What was that noise I heard in your husband's room last night?"
"Poor John had a dream that he was in his car in town and he was moving his bed around from place to place so that he wouldn't be breaking the law by parking too long in one place."

One of the gins at O'Donnell burned October 3. It will be rebuilt according to the managers.

Serious Wreck on Highway Past Week

After we went to press last week, we learned that a bad wreck occurred on highway 83 west of here last Thursday night that tore a farm wagon in to splinters, badly bruised the farmer and very nearly killed the farmer and very nearly killed the autoist, whose car was also wrecked almost beyond repair. It seems that another car was coming from the west and so blinded a gentleman, Mr. Wheeler, we believe, from Hobbs, that he did not see the wagon in front. The farmer, whose name we failed to get, and the other man put Mr. Wheeler in the other car and brought him to town for preliminary treatment, and he was carried on to Lubbock, to a hospital, and the last account we had, he had not regained consciousness.

In conversation with the County Attorney, W. W. Price last week, the Herald learned that there had been several such collisions of late, but not much had been said about the matter. He also said that he wished all publicity possible be given the matter, warning farmers to put reflectors on their farm wagons which would warn autoist that they were just ahead, as both their lives were endangered, especially if there happened to be a car coming from the opposite direction.

Mr. Price said he was asked not so long ago to prosecute an autoist who had run into a farm wagon at night, but when he looked up the law he found the prosecution could come the other way around, as the autoist had complied with all laws as to lights and the farmer had not. He had no reflectors on his car. These reflectors hang down in front and behind the wagons, we understand, and an auto coming down the road will throw light on these reflectors, giving him warning that a wagon is just in front in plenty time to avoid a rear end collision. Mr. Price is giving warning to farmers to obtain these reflectors which are said not to cost much and may be the means of saving many lives.

RELATIVITY DOES IT

Miss Beulah Blank, a Batesville belle of twenty summers, is visiting her twin brother, age thirty-two.—Arkansas paper, quoted by the New York American.

Great Tenor Voice to Thrills Our People

Songs and Art Of McCormack Have Spread Happiness Through World

The fact that at the Rialto Theatre beginning next Sunday, local movie lovers are to have the privilege of both seeing and hearing the world's greatest tenor, through the medium of a Fox movietone production in which he is starred, brings to mind the thought that, to speak of John McCormack's successes is to invite a certain uniformity, so unvaried is his long list of triumphs. "Song O' My Heart" is the latest in the series.

Since his American debut at the Manhattan Opera House, New York City, with Madame Tetrazzini, his career has been meteoric. His name is spoken in almost all sections of the habitable globe and in this country he is a national figure. To America he is something more than an artist, he is enshrined in the hearts of the public.

A famous editor recently wrote: "John McCormack's voice and art have given more real delight and inspiration to a greater number of people than any other voice of all time. He has taken happiness and peace into thousands upon thousands of homes. His life and work have made millions happy and for that he deserves honor and happiness himself."

Primarily, that added millions might hear the voice of this great singer was the reason that Winfield Sheehan, vice president and general manager of the Fox Film Corporation, induced McCormack to accept a picture starring contract. Of the clarity and the definiteness of Fox movietone makes his acquisition invaluable.

In the picture, directed by Frank Borzage and based on a story written especially for McCormack by Tom Barry, the supporting cast includes Maureen O'Sullivan, J. M. Kerrigan, Farrell MacDonald, Effie Ellsler, John McCormack and Tommy Clifford.

The Cubs Trounce O'Donnell Here Fri.

The O'Donnell foot ball team was an easy victim of the Cubs here last Friday afternoon, according to Coach that attended the game, and Coach Hayhurst ran in a string of second line men early in the game in order to save them for the Slaton aggregation that is to be here this coming Friday, and who are regarded as hard nuts for the Cubs to crack. At the end of the game last Friday, the Cubs had won 27 to 7. O'Donnell won its score on a fumble or something like that.

The Cubs have not met but one team this year that was a match for them, and that was Tahoka, which they won from by one score, but they have some teams to meet yet that are worthy of their metal, we understand, among them being Lamesa. The Cubs have not born a defeat so far this year in either conference or practice games.

Big Week End Rains Drench Terry County

When the weather fairied up last week, most of the people here thought we were done with wet weather for a few weeks, but before some of us radio fiends retired for the night Friday, it was showering, and so began another series of week end rains that the farmers would not have had if they had been permitted to dictate to the weatherman. But that is none of their business, and the least said about the matter the better. But why bring that up.

Anyway, by the time a regular trash mover was through Saturday night, the government gauge here had registered one and three quarter inches, and there was enough Monday we suppose to bring the total up to two inches or better. The rain Saturday night lasted for more than an hour and was one of the hardest ever seen here, but as there was not much wind, it did no damage to crops other than stain the cotton staple some and blacken the maize a bit.

As this is being written Tuesday afternoon, the wind has shifted to the southwest, the clouds are beginning to break, and we have hopes of a few days fair weather and let the farmers back into the fields again, which are white unto the harvest.

Sadler Show to Be Here All Next Week

Harley Sadler and his own and entire company will be in Brownfield all next week, according to announcement in this issue of the Herald as well as large posters all over the city. Again his company are coming to Brownfield under the auspices of the local fire boys who will share in the net proceeds of the show and leave them some money to carry on their work.

The Sadler tent show is always a welcome fall feature of the amusement life of our city. They are no strangers here, having annually made this city for the past several years. Indeed, they are more like home folks returning, and it has been many a day since we heard Harley "Mistered" by anyone in west Texas, as he is considered a part and parcel of this great section. During the long hot summer, this company has mastered many fine new plays that will be given here in the six days that they will spend in this city. All the old favorites players are returning with some good new ones.

In an address before the Rotary Club last Friday, in which he carries a membership classification with the Sweetwater Club, he says Brownfield and Terry county should feel very thankful for their fine crops and good prospects, that he knew of no town with brighter prospects before it than Brownfield. He and his company will entertain the Rotary Club with a musical program at luncheon next Friday.

Monday night, October 20th is opening night here, and they will open with one of their most popular plays.

Then there is the New Haven trapper who skinned a racoon and found a Yale man inside.

The County Singing Convention Here Sun.

The Terry County Singing Convention will be held here this coming Sunday, according to President Mack Thomason of the Lahey community. If the weather is pretty, the sessions will be held in the Auditorium of the new high school building.

They are expecting good classes from all over the county to compete in this event, as well as some of the best congregational singing ever heard in this county. They are also expecting some good singers and quartets from adjoining counties to be here and render some songs to that date.

Mr. Thomason said he wished the Herald would make it very plain that if people expected any dinner that day, if they live in Terry county, they are expected to bring it. Otherwise they may have to do without or go to a cafe or hotel. He announced that they would do their best to care for visiting singers from other counties, but would not feed Terry county people who merely come for a good dinner.

So brother, if you do not wish to stand off and look sorry, better come through with your part of the lunch.

Local TCCA Has Handled 1300 Bales Cotton

The Herald representative called on the offices of the Texas Cotton Co-operative Association Wednesday morning, for the first time since the office has been established here. We found the Classifier, Mr. K. B. McWilliams a very friendly sort of fellow and willing to give one all the information they want. He is ably assisted by Mr. W. K. Wilson, who has charge of the books, and Miss Bernice Lane, a home product, installed as stenographer.

Mr. McWilliams was very optimistic on the outlook here for the Co-ops, and said the business was growing every day. Things were a little quiet Wednesday in view of the fact that the gins have not run in several days on account of the weather, but Monday and Tuesday were very busy days. They have already handled 1300 bales here, and Mr. McWilliams says he can't figure anything that will keep the office from handling 10,000 bales here this season.

The Co-ops, he says are fighting no organization or individuals here or anywhere else. It is, he said, merely a band of farmers who are handling cotton at cost, and putting part or all of their products in seasonal pool to try to get a better price later on by not throwing their cotton all on the market at one time. About 30 new members have already come in this week, says Mr. McWilliams. Cotton from Meadow, Seagraves and Wellman is handled here, as well as Brownfield cotton.

NOT CATCHING

"Has your husband any hobbies?" asked the neighbor who was calling. "No," said Mrs. Tuggle. "he has rheumatiz a good deal, and hives now and then, but he ain't never had no hobbies."

A cat never cries over spilled milk.

BEGINNING OF THE END OF THE 3 YEARS DROUTH

One Extreme Generally Follows Another. West Texas in For A Few Seasonable Years and Bumper Crops. This Section to Stage Quick Comeback as Usual.

Old timers who have watched the weather changes of West and Central Texas for the past quarter to half century are all of the opinion that we are now witnessing the beginning of the end of the three year's drouth which has been one of the worst in the history of this section, and one of the longest in point of duration as well as covering the most territory. The two years of 1917-18 were probably as serious, but there were less people in the dry section, the territory covered was not so large, and both years were not so bad each year in given section. In fact, 1917 was the only one of the two that gave any trouble much here.

Not a great deal of attention was given to farming in Terry county at that time, to begin with. Mostly feed was raised and ranching was by far the greatest industry. The first serious year of that drouth, 1917, as we remember now, most people who gave their crops any attention after planting, made enough feed stuff to run the stock through the winter. In fact, there was considerable grass to lease here both years, and many many cattle and horses were brought here to put on pasturage. In 1918, a reasonably good crop was produced in Terry. There was a number of crops of corn shipped out that year, and some 30 cars of seed maize and game shipped to the section around Sweetwater, Colorado City and Big Spring for seeding purposes, and the people here kept enough for their own use. There were very few farms in the county at that time, probably less than 200.

As for the last three years, Terry county has not been hurt from drouth. In fact, in 1928, we had too much rain if anything, and the worms tried to eat us up, was the great trouble that year. Last year, there was less rain, and as a consequence, we raised the biggest cotton crop up to that time in our history, as well as one of the biggest corn and maize crops. If there had not been such an enormous dry territory around us

this year, with its attendant extremely hot weather, we would not have suffered any whatever for the lack of moisture, for our old deep sand and clay soils stored up a lot of moisture last fall that stood us well this spring and summer. The worst suffering of crops this year was in August and early September. But we will probably make another banner cotton crop, and the biggest maize crop in our history by far, and one of the biggest corn crops.

But futher east, they have not fared so well. Some of these counties had the same trouble as we in 1928—too much rain, but further east, it was dry that year. Last year and this gradually got worse, causing a three year failure right hand going. It is also said that some of these counties have gotten the best of their land raising cotton, and will have to diversify some, or they will ruin their lands entirely. It may be possible that an All Wise God has been giving their land a needed rest that they refused themselves to give. Anyway, they failed to make a crop for want of sufficient moisture. Most of the farmers in this section are rotating at least every three years, and some of the land more than that. This ought to keep the land here in good production order.

As stated above, all west Texas have received abundant rains that have reached flood stages in places, which have not been given them in three years, all of which augurs well for a good crop next year with the usual spring and summer showers. Heretofore, abundant rains in the fall have spelt good crops ahead. Rains in west Texas can change the aspect of the country and people generally quicker than any place on earth. West Texas is alright, and will come again. Perhaps, we have also learned our less from this prolonged drouth and will lay up something of prosperous years in the future against possible drouthy years. If we have learned something, we are better off, than before.

Co. Atty and Sheriff Warn Our Farmers

TO FARMERS, who are on the Highways at Night without having on the rear and front of your Wagons Reflectors so that Cars can see you for a distant of 300 feet, that you are violating the law and subject to prosecution when caught without such reflectors. You have no protection under the law if you are run into and you are killed, but you are subject to prosecution and damages if some one runs into you.

If you want protection of the law GET Reflectors for your wagons front and rear. Several accidents have already happened with serious injuries. You will also save yourself of being arrested for violating the law. These reflections do not cost much, so you had better secure one.

W. W. PRICE, Attorney.
J. M. TELFORD, Sheriff.

The Bob Owens Store Has a Great Opening

Bob Owens says he may be in the wrong location temporarily, but that he is going to use enough printer's ink to even matters, and ere long he hopes to have such a well worn path to his store that the location will make not a particle of dif. He has this store leased for three years, and from appearances, people are already tramping out a nice pathway to his door, and trading some after they get there.

Mr. Owens is the mystery man that has been feeding you with canny announcements for the past several weeks, and if you are still curious to meet him, he is in the Dock Powell building on the southwest side of the square, and he is the easiest fellow to get acquainted with you ever saw. We'll bet you begin calling him Bob in two hours after you know him. We are already Jack to him.

The whole bunch over there are well pleased with Brownfield, and we understand that more than one of his old reliable clerks want the permanent location here with the new store.

Cable is being laid this week for the new light standard on the south side of the square.

Rains Will Benefit the Ranges Very Much

While the rains this month, which amount to perhaps considerably over three inches come to late to benefit anything except very late feed crops, they will give the pasture lands and ranches of this section a good short growing season for grass that will mean much to the ranchmen. Just as long as they can go without feeding the better for them. But the ranchmen of this section have long since learned that it will not do to put off feeding till they are forced to do it. They never let their cattle begin falling off and getting weak now adays. They feed while the animals have good vitality and they go through the winter with a minimum loss.

It is believed that grass will put on a rapid growth for the next few weeks and be far enough along when real winter comes and with enough of the sap extracted by the sun that it will stand well through the winter and not blow away by reason of being too tender when a freeze strikes it. The possibility of a real early freeze is not looked for unless it keeps raining too much, as the cosmos, chrysanthemums are bary in bloom, and nature seems to always see that these two plants get well in bloom before they are killed.

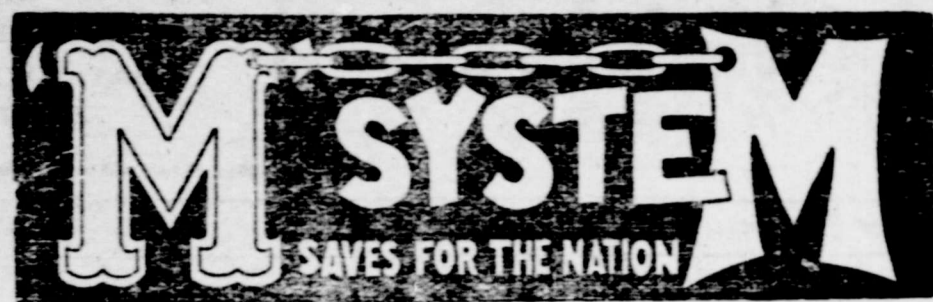

If there is a good growth of grass before freezing weather, there will be just that much feed to be shipped out of this county to the drouth stricken farmers further east.

5804 Bales Ginned in Terry County to Wed.

The Herald is pleased this week to be able to give the first ginning report, exclusive of the gin in the Union community which we were unable to get in touch with.

Up to Wednesday morning 5804 bales had been ginned. The Herald gives the totals as follows which are given with totals at Brownfield and Meadow, as we thought best not to give individual ginnings in these places.

Brownfield	2889
Meadow	2500
Tokio	257
Wellman	160
TOTAL	5804

IF YOU ARE IN SYMPATHY WITH THE TEACHING OF RED RUSSIA READ THIS

The Communists of Russia are spending millions to spread their Red Doctrine; are putting their literature and their teaching all over America, and it is a glowing picture that they paint, and many Americans, dissatisfied with what they have are turning to their cry a listening ear. However, just what is taking place in that country is told by Lorimer Hamilton, who made a visit to that country for first hand information.

Here what he says: "I found young peasant women dishonoring themselves for the sake of the extra food ration granted to mothers of babies born out of wedlock. I found gangs of women breaking stones in the streets of Moscow, housewives deprived of all leisure by the ordeal of shopping at the bureaucratic government stores, and school girls being taught to regard the taking of human life in war as part of their training for the duties of Communist womanhood."

Through the days of the terror the women of Russia followed the Red flag as faithfully as the men. Now they are learning some bitter realities of life under that flag.

He continues with a discourse on the country, and explains that the women are doing all the work, with the men lounging about, then he says:

"But the marks of men and politics—of class strife, revolution and Communism—became strikingly evident as soon as my train approached even the tiniest village."

"Whatever else they may be, these marks of rural Communism are certainly not pleasing to the eye."

Ragged peasants lounge idle on the street corners. There is very little activity. Horses are scarce and I did not see an automobile in any village. The small log cabin—once so gay with bright-colored fretwork—have not been painted for ten years. Everything looks mournfully dead.

"Every village railway station is crowded with peasant men—go in nowhere—just watching the trains. The trains themselves are crowded with peasant women—girls and women of every age from 8 to 80."

"None of them travel for pleasure. From the youngest to the oldest, they all go burdened down with cans of milk, tubs of home-made butter or baskets of eggs. This country produce they take to the cities, where they exchange it for clothing, sugar, tea and tobacco. While their men stay at home, the farm women of Russia now carry on 20 per cent of the peasant trade."

"As soon as my train reached the city outskirts, the real atmosphere of Communist government began to appear. Produce of every description lay heaped in disorderly array beside the railroad tracks. Boxes of manufactured goods which had over women of Russia now carry on. 90 sheds were dumped indiscriminately upon the ground, neglected, unguarded, uncovered against the weather."

"Confusion in cities acute. Pieces of expensive machinery stood there rusting. Vast quantities of cut lumber lay hopelessly jumbled with bales of rugs, piles of untanned hides, stores of grain, potatoes, fresh fruit and every other sort of merchandise, perishable or nonperishable. These heaps of unsorted freight were all over the railroad yards in the most complete state of confusion."

"Such is the approach to any large Soviet city."

Confusion becomes more and more acute as you draw nearer to the city itself. At the big railway passenger depots the chaos is almost indescribable. In front of the ticket windows, people stand packed in coiled lines 200 to 500 persons long. No matter how short the distant you wish to travel, it is always necessary to go to the station at least an hour and a half before train time in order to reach the ticket window and get your ticket early enough to catch the train.

Last time is a sacrifice which the "red" regime imposes most heavily of all upon the women of Russia.

In Moscow and Leningrad I was everlastingly amazed at the patience displayed by the thousands of women I saw spending hour after hour on their feet before the doors of the government shops.

In order to obtain fresh meat, I learned, it is always necessary now for housewives to get up at 3 or 4 o'clock in the morning and stand in line in front of the butcher shops for five or six hours. The shops never opens before 9 or 10 o'clock a. m.

He goes ahead to explain just what light Russia look at her women, telling of the fact that one official declared, "that if there is blood to be spilled it is not to be masculine blood alone, but that the female as well as the male. Further, women are being trained in all lines, open to the work of sailors and while the officers of the ship on which he returned to England did not say they were as efficient as men, he declares, "Having women on board the ship keep our men from mixing up with women that are non-Communist in the ports where we touch."

Even so, it appears that in this land where women is supposed to have more rights than in any other nation in the world, they are more the tool of man caprice than any other place under the sun.

Ginning

WE ARE NOW GOING GOOD. THE NEW MACHINERY IS ALL LIMBERED UP, AND WE ARE PREPARED TO GIVE YOU A SAMPLE YOU WILL BE PROUD OF AND A TURN OUT TO YOUR NOTION.

WE ARE HERE TO PLEASE YOU FIRST, AND WE WILL DO ANYTHING IN REASON TO DO SO. IF YOU ARE NOT ENTIRELY PLEASED, WONT YOU TELL US FIRST AND SEE IF WE CANNOT REMEDY ANY FAULT OF OURS?

W. E. HENSON GIN

CHURCH OF CHRIST

Services last Lord's Day were attended by the largest crowds thus far in our ministry here.

We are hoping to see even larger crowds next Lord's Day. The subject for the evening hour will be, "Why We Do Not Use Musical Instruments In Our Worship."

We are making an effort to have 75 present at the mid-week service. Come and be one of the number. We will give a sermon on the Radio at 5:00 P. M. subject "No Room For Christ." Come to the church where you are a stranger but once.

R. P. DRENNON

PTA MEETING

The Challis PTA cordially invite ever member of the county council and ever PTA member of each local in Terry county to be present October 30th, at 7:00 o'clock at Challis school house.

Mr. J. H. Howell—President; Mrs. R. K. Castleberry—Vice president; Mrs. C. R. Warren—Secretary and Treasurer.

Wellman Writings

There was preaching at the Baptist church Sunday morning and also Sunday evening, both services was well attended.

Elder Gatewood of Meadow preached for the Church of Christ Sunday. Teddy Burnett obeyed the gospel at this service and was baptized Sunday afternoon at two-thirty.

Miss Mary B. Mosley our sixth and seventh grade teacher, was married to a student of Wayland college, we have not learned his name.

Miss Margaret Donalhan and Mr. Elmer Griffith were united in marriage some time last week.

This section of the country received a good rain Saturday night.

Mrs. Lillie King is still confined to her bed.

Mr. E. P. Ware and family of the Forrester community have moved to our community.

Arval Garrison of Hobbs New Mexico has been visiting his parents Mr. and Mrs. John Garrison.

Mr. and Mrs. M. A. McPeters who have been visiting in Big Spring have returned home.

Mr. Raymond Spears of Hobbs N. Mexico has been visiting his parents, Mr. and Mrs. J. E. Spears.

Miss Hazel and Bertie Woodard was up from Loop for the week-end. Miss Hazel is teaching in Loop, and Miss Bertie is attending school there.

FORRESTER ITEMS

Mr. Arthur Lee Rogers is ill with typhoid fever.

We have been having lots of rain but people dont seem to be enjoying it.

Mr. Truman Baldwin of El Paso is here visiting his uncle, Mr. G. M. Thomason.

Mr. Archie Baldwin was on the sick list the past week.

Mr. and Mrs. G. W. Crone and Zoree and Leroy Crone, Clevis Chambers and Opal, Billie and Darrell Zachary visited Mr. and Mrs. W. J. Baldwin and family Sunday.

Mrs. Lee Fulton went to Lubbock last week where she had her tonsils removed.

Miss Addie Mae Mathis visited Miss Naomi Drury Sunday.

Mr. John Hightower of New Mexico is visiting his sister Mrs. Frank Drury.

Miss Lola Crone visited Miss Viola Polk Sunday.

Everybody remember the singing convention at Brownfield Sunday. Be sure and be there.

WELLMAN PTA WILL MEET OCTOBER 24TH

The Wellman PTA will meet for the next regular monthly meeting, Friday evening, at 7:00 o'clock, Oct. 24th. The 4-H club will furnish a

part of the program. The following program will be rendered:

Devotional, business, 4H club song. Report of trip to A. & M. Short course by—Elmer Adair, Cracks at the crowd by two negro boys—Sambo and Simon, Talk on fire prevention and judging of posters, Music by—uncle Billie Crowder, History of the State PTA by—Mrs. Wilkins, Talk, educating for seven point lives by—Mr. H. R. Winston.

There will be prizes given for the best fire poster made by children of the third to the seventh grades.

John Burnett was in town Monday mouting about the weather. He has been here long enough to know better.

COMING

Dr Rea of Minnesota TO LUBBOCK

At the Lubbock Hotel

OCTOBER 24TH, 25TH, Friday and Saturday

TWO DAYS ONLY

Hours—9:30 A. M. to 4 P. M.

FREE CONSULTATION AND EXAMINATION

DR. REA, well known American physician, specialist in the science of internal medicine, licensed by the state, visiting many important places in the state. Treating diseases without surgical operation.

Specialist in stomach diseases, liver, bowels, blood, lungs, nerves, heart, kidneys, bladder, nose, throat, rheumatism, neuritis, bedwetting, pelagra, blood pressure, leg ulcers, slow growth and deformities in children.

He does not operate for chronic appendicitis, gall-stones, ulcers of stomach, goiter. In small tumors, skin cancers, tubercular glands, moles, warts, facial blemishes, piles, fistula, varicose veins, these diseases he treats with the hypodermic injection method.

DR. REA is an experienced practitioner in chronic disease, also has a special diploma in disease of children, and applies his efforts in the interest of those diseases he is best qualified to treat, so if ailing, and not getting any better, see him, at this time.

He will give free consultation and examination. Services and medicines at reasonable cost in those cases in need of treatment. Remember the date, and bear in mind that his treatment is different.

Married women should come with their husbands, and children with their parents.

Rea Bros., Laboratory, Minneapolis, Minn. 9p.

Tremendous Power from the Wind

THE Aeromotor Co. is now making a self-oiling windmill 20 feet in diameter. If you have a well 1000 feet deep, or if you want to raise a large quantity of water from a shallower well, this is the windmill you need. This new Auto-Oiled Aeromotor weighs nearly 2 1/2 tons without the tower. It is a giant for power.

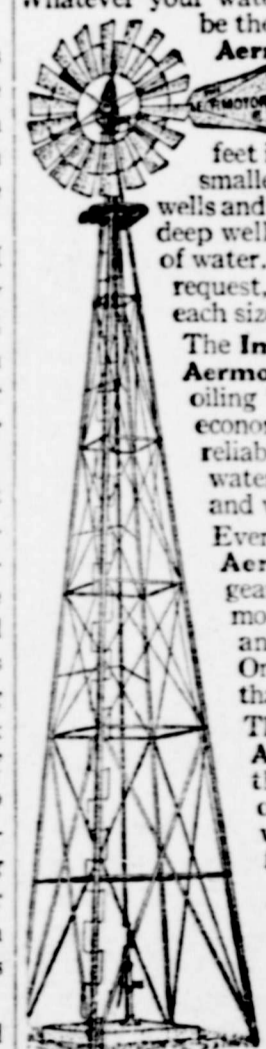

Whatever your water requirements may be there is an Auto-Oiled Aeromotor of the right size for the work. They are made from 6 feet to 20 feet in diameter. Use the smaller sizes for the shallow wells and the larger ones for the deep wells or large quantities of water. Our tables, sent upon request, tell you just what each size will do.

The Improved Auto-Oiled Aeromotor, the genuine self-oiling windmill, is the most economical and the most reliable device for pumping water. It works every day and will last a lifetime.

Every size of Auto-Oiled Aeromotor has double gears running in oil. All moving parts are fully and constantly oiled. One oiling a year is all that is required.

The Auto-Oiled Aeromotor is made by the company which originated the steel windmill business. For full information write

Let's Do Full Justice to West Texas Counties

There are fewer acres by two and a half sections in the four counties of Shelby, Sabine, San Augustine and Nacogdoches, blocked off on the map, than there are in the combined holdings of the University of Texas in 1 counties, the accompanying map portrays. The map illustrates one of the reasons back of submitting the university land amendment on Nov. 4. The university holdings pay nothing now to county development, whereas it is claimed that exemption of four such counties as those shown would correct the present status.

One could hide the state of Delaware with its 2,370 square miles and almost three fourths of Rhode Island with its 1,248 square miles in university holdings. One could hide each of these counties in university holdings in Crockett alone, amounting to 356,480 acres—Caldwell, Galveston, Gregg, Hood, Madison, Marion, Orange, Titus and Waller. Dealing with smaller counties, Camp Aransas, Delta, Somervell, Morris, Rains or Rockwell could be placed twice within the university acreage in Crockett and be bounded by university lands.

DUMB THIEF FORGOT NEWS. PAPER MEN ARE POOR.

Stinnett, Oct. 2.—Intruders who recently "jimmied" a locked window of the Hutchinson County Herald building here last night apparently believing that a large safe contained a sizeable deposit found only a one-cent postage stamp. It was not taken. The burglary was discovered by C. N. Melton, editor and manager of the newspaper when he returned with Mrs. Melton and their family late last night from Borger. Nothing was damaged, the safe being left unlocked.

The master, to impress on his pupils the need of thinking before speaking, told them to count fifty before saying anything important, and 100 if it was very important. Next day he was speaking, standing with his back to the fire, when he noticed several lips moving rapidly. Suddenly the whole class shouted: "Ninety-eight, ninety-nine, a hundred. Your coat's on fire, sir."

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called **Rexall Orderlies** has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a **Rexall Orderly** at night. Next day bright. Get 24 for 25c today at the nearest **Rexall Drug Store**, Alexander Drug Co.

IN MEMORIAM
How peacefully she sleeps,
Beneath the Mother sod;
We would not call her back, But commend her soul to God.
So young to die, so soon,
In morning came the call,
But less of tears and more of joy,
How selfish are we all;
To weep for her who is so safe above,
They whom the God best love,
For early in life's morning die,
They whom the God best love,
So good to die, Oh! Dawn,
We needed you here below,
But God stooped and called for heaven needed you so.
How many blessings went beneath thy flowered bed,
She sleeps she is not dead,
Dawn we will not mar your joy,
You shall not hear us sigh one day please,
God we'll meet again,
Good-by little Dawn,
Your S. S. Teacher.

Konjola Ends Neuritis And Other Ailments

Fort Worth Lady Eagerly Praises New Medicine That Brought Quick Relief—Others Failed.

MRS. LOUISE LEE

"My health was in a bad condition for over a year," said Mrs. Louise Lee, 2922 South Main Street, Fort Worth. "I was very nervous and the least noise upset me. I did not sleep well at night, I had neuritis in my shoulders and arms and often found my housework more than I could do. My stomach was weak and food fermented causing heartburn and headaches. My kidneys were affected and my back was stiff and sore all the time."

"Konjola certainly gave me the surprise of my life. By the time I had finished the third bottle, my nervous condition had been righted. Neuritis pains and soreness have vanished and there is not a trace of that ailment now. My food digests perfectly and I can eat anything I wish. My kidneys are again normal."

It is of just such endorsements as this that the record of Konjola is made up. It is recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness. Konjola is sold in Brownfield, Texas, at the Alexander Drug Co., and by all the best druggists in all towns throughout this entire section.

BROWNFIELD PTA MEETS

The Brownfield PTA met in the auditorium of the High school building Tuesday, October 7th, at 8:00 P. M. At this meeting, to which the fathers were especially invited, Elder Drennon made an interesting talk on the Seven Objectives of Education as outlined by the National Congress of Parents and Teachers.

The program was varied and interesting as was demonstrated by repeated calls for encores. Space prohibits a detailed account but members of the program were:

A special by Miss Rasco's Rhythm Band, Violin solo by Miss Pickett, Singing by the Glee Club girls in both High school and Junior High, and the Brownfield Choral club, Readings by Katherine Holgate and Mattie Jo Gracey. The opening prayer was delivered by Raymond Sims and the meeting was discussed by Bro. Turrentine.

In the business meeting the various standing committees reported the year's work well started.

Owing to the fact that some one had tampered with Judge Winston's car the hospitality committee was unable to get the refreshments until the Judge broke the windshield of his car and took out the refreshments by that time most of the crowd had gone home.

Publicity Chairman.

METHODIST CHURCH

"The Lost Jesus" and "Laborers for the Harvest" will be sermon topics for Sunday. A duet is arranged for the morning service and special music for the night service. Wednesday is prayer meeting and Sunday School Council night.
Geo E. Turrentine.

There were lots of people here Monday as it was too wet to work in the fields.

The Love of the Younger Woman

FOR ten years Eleanor and her husband, Albert, had lived happily together. Even now, at middle age, they were still sweethearts. Then into their lives came Erva, a pretty orphan girl—half Gypsy, half English. They adopted her, loved her like a daughter.

Gradually, as Erva blossomed into a beautiful woman, Eleanor sensed a subtle change in her husband's regard for the girl. With aching heart she realized that Albert and Erva were falling in love with each other. Yet neither realized the misery and unhappiness that would result.

What could Eleanor do? What would you do in her place? What could any woman do?

What actually did happen makes one of the most engrossing stories that was ever lived. It is published complete in the November issue of True Story, now on the newsstands. Entitled "The Girl We Took In," it is told by

November

Eleanor, the woman who had to sit by while the love of a younger woman stole into her husband's heart. A living tale of human emotions that will hold you enthralled. Don't miss it!

Behind the Scenes of Life
In the pages of True Story Magazine you see at work the love, the hate, the passion, all of the impulses that actuate humans in their contacts with others. For True Story is written by its readers from their own experiences. The characters are genuine, not fictional imitations, and you enjoy them double for that knowledge.

\$5,000.00 True Story Contest
Each month True Story awards \$5,000 in cash, in prizes ranging from \$2,000 downward, for stories that you yourself can write. Probably you have thought of a story you would like to tell. Why not put it on paper and send it in? Full particulars in every issue of the magazine.

a poor sense of humor.—O'Donnell Index.

Don't forget the singing convention here Sunday. If you are a good singer and enjoy these conventions, you are in for a real treat here Sunday according to the officials. Some people enjoy them; some don't. Just according to one's makeup.

Merchants all report a fine trade Saturday, which they say made them think of real normal times. They also say they can tell the difference in the trade if the people are kept out of the fields for a few days, even though there may be a great many of them in town.

It is reported that a great many of the lakes have water in them, which means that there will be a lot of ducks on the Plains this winter, and the sportsmen are anticipating many bags of ducks this winter. We might also say that whole families are anticipating many meals of this fragrant and tasty meat on their dining room tables.

When air mail was first inaugurated in the United States, we believe the initial mail plane went from Chicago to New York, so far away from us that there was no chance of us using it. About two or three years ago, they became much closer, and by dispatching a letter to Fort Worth, we could catch an air mail line to Chicago and the northeast. It is gradually getting closer, and we are to soon have a regular service from Atlanta, Ga., to Los Angeles, with a station at Big Spring, 100 miles to our south. This makes connections at Fort Worth for Kansas City, St. Louis and Chicago. At Atlanta, connections are made with the northeast. Perhaps by the time we get a rail line to Big Spring we may even have an air mail line closer than that.

The fastest train in the world has just been put into service by the Canadian National Railways, running between Montreal and Chicago. It is a steam driven locomotive with driving wheels that are eighty inches in diameter. It is ninety-two feet long and weighs, engine and tender, more than 331 tons. This train will often have to make a speed of eighty miles an hour.—Sudan News.

The grammar class may parse this sentence, displayed on a sign in front of an Atlanta theatre: "Joan Sawyer in Our Blushing Brides Cooled by Refrigeration."—O'Donnell Index.

SMASHING ALL SALES RECORDS!

THE new Conoco Germ-Processed Motor Oil is not only the fastest selling oil in Conoco history... it is establishing a new high mark in public acceptance... By a wholly new characteristic, Penetrative Lubricity, this motor oil is attracting motorists from other brands with a quickness unprecedented in the oil world... this would not be possible if this oil were not the finest and safest motor lubricant yet introduced.

It is the Germ Process which gives Conoco the essential points of superiority that make possible these things: 76% less motor wear; reduced carbon formation; lowered operating temperatures; greater gasoline mileage; resistance to dilution; and instant lubrication at the first touch of the starter.

The Germ Process adds to a supremely fine paraffin base oil, a precious oily essence lacking in all other oils. This makes possible the metal-penetrating safety factor that we call "Penetrative Lubricity." Try this new oil today... at the sign of the Red Triangle.

CONOCO DISTRIBUTOR BROWNFIELD, TEXAS

because
Your used tires

are an **ASSET** to Our Business

Exclusive Features of Blowout-Proof GENERALS

- Easier Riding:** Lowest pressure of any tire, plus built-in rubber shock absorbers.
- Extra Strength:** Pure rubber only and more of it; greater toughness; extra layers of cords.
- Longer Life:** Extra layers of soft cushion rubber prevent internal wear from friction and absorb impacts that break other tires. The greatest mileage ever known.
- Skid-Safe:** Tougher, deeper tread—non-skid permanence. Extra softness and "give" inside means closer-clinging traction for life of the tire.
- Blowout-Proof:** The greatest safety advancement in modern motoring. *Note, Safety at Any Speed.*

If you are buying a new car ask about our special change-over plan—taking off the equipment tires and giving you the advantage of riding on Generals right from the start.

UNLIKE used cars to most automobile dealers, used tires are a real asset to our business. We never have too many. Through originating the tire trade-in plan and doing the biggest business for years, we have built up a big list of used tire customers who take the traded-in tires as fast as we get them.

This lets us start you off on Generals with a saving in first cost surpassed only by General's exclusive economy of performance.

Right Now A Double Saving

The rush season is here. We need hundreds more used tires of every make and size and are ready to make you a special offer on your present tires regardless of age or condition.

With new tire prices at rock bottom and now the special trade-in allowance we can make, this is a wonderful opportunity to make the safety of Generals—the Blowout-Proof Tire—your safety, and at your price.

Bring Your Car In While This Special Offer Lasts

PAYMENT PLAN

If you prefer extended terms, this famous plan makes credit as good as cash. Factory-financed; no exorbitant charges.

Terms to Suit All

See Our Bargain Backs

Our big Change-Over business on Generals keeps us supplied with the makes that come on new cars. All fully guaranteed. Some are soiled when the cars are delivered and are marked at used prices. All are real bargains. Look them over.

A SAFE GUIDE to Battery Quality... the SAFETY POINT

There's a safe way to save money on batteries. Select the battery that offers known quality at a fair price.

You'll find this safety point of battery economy in a Willard. For twenty-eight years Willards have satisfied their owners. Twenty million have been purchased.

Seventy-six makers of cars, trucks and busses pick them as the best battery quality they can hand on to their customers.

MILLER & GORE

MISS EDNA JO COBB AND TOM P. COBB MARRY

Beautiful in its simplicity was the ceremony which united in marriage Miss Edna Jo Cobb, of this city, and Mr. Tom P. Cobb, of Brownfield, at three o'clock Sunday afternoon, October 5th in the home of the bride's parents, Mr. and Mrs. Dan Cobb. Rev. W. F. Markman, pastor of the Baptist church, officiated using the ring ceremony. Out of town guests who witnessed the ceremony were Messrs. and Mesdames Horace Smith, of Levelland, W. B. Bullock, of Brownfield; Mesdames H. B. Besancon and Harold Hargraves of Fort Worth, Joe Cobb of Lamesa.

The bride is truly a Seminole girl, having grown to young womanhood here. She is loved by all who know her and her sweet mannerisms and admirable traits of character have won for her many friends where ever she may be. After graduation, in Seminole, she attended T. C. U., Fort Worth, and North Texas State Teacher's College, Denton, where she received her degree. She was a very popular teacher in the Fort Worth schools, having been re-elected to that position again this year. For her wedding she wore a traveling ensemble of black silk crepe with harmonizing accessories, the only touch of color being a corsage of ping rose buds.

The groom, who is of splendid character and business ability, is owner of the Cobb Department Store in Brownfield, and has a very promising future in the business world. Immediately following the ceremony, the happy couple left for a honeymoon trip to the scenic resorts of New Mexico, after which they will be at home in Brownfield.—Seminole Sentinel.

Frank Condra broke up the courthouse lawn last week, putting it in shape for the winter.

SOCIAL EVENTS TAKING ON NEW INTEREST

With the arrival of cool weather and the season for ghosts, goblins and pack-o-lanterns, society has become active again after a long, quiet vacation. The Merry magic of Halloween and the beauty of fall have featured most of the social affairs of the past week.

NEW BRIDGE CLUB ORGANIZED

Last week the members of the 1930 Bridge Club met at the home of Mrs. Ralph Carter and organized a new night bridge club. Mrs. Carter was elected president, Mrs. Briley, secretary and treasurer and Mrs. Lawlis reporter. The club is to meet every two weeks. The members of the new club are Mr. and Mrs. Claude Hudgens, Mr. and Mrs. Clyde Briley, Mr. and Mrs. J. M. Telford, Mr. and Mrs. H. M. Pyeatt, Mr. and Mrs. Ike Bailey, Mr. and Mrs. Ralph Carter and Mr. and Mrs. Paul Lawlis.

1930 BRIDGE CLUB ENTERTAINS THURS NIGHT BRIDGE CLUB

The members of the 1930 Bridge club delightfully entertained the members of the Thursday night Bridge club and a few other guests Tuesday evening at the home of Mr. and Mrs. Ralph Carter with a Halloween bridge luncheon.

The home was gay with Halloween symbols, the luncheon covers and napkins and tallies also carrying out the seasons motif. A delicious luncheon of fried chicken with cream gravy, hot rolls, cream peas in potato nests, congealed vegetable salad, pickles, pumpkin pie with whipped cream and coffee was served. Covers were laid for Messrs and Mesdames McGowan, DuBoise, Endersen Head, Eli Perkins, Hudgens, Briley, Telford, Pyeatt, Lawlis, Bailey and Carter.

In the bridge games which followed, Dr. and Mrs. DuBoise scored high for the guests, Dr. receiving a novelty whisk broom and Mrs. DuBoise, a novelty dish. Mr. Hudgens and Mrs. Briley scored high for the club members, Mr. Hudgens receiving a tie and Mrs. Briley, a box of handkerchiefs.

PRISCILLA NEEDLE CLUBS MEETS WITH MRS. KENDRICK

The members of the Priscilla Needle club met Friday afternoon with Mrs. R. M. Kendrick for regular needle work afternoon.

Delicious watermelons were served to Mrs. McClish Mrs. Gracey, Mrs. Pounds, Mrs. Keller and Mrs. Holgate.

The club has changed its meeting day to Wednesday instead of Friday. So next Wednesday it will meet with Mrs. Holgate.

MRS RAY BROWNFIELD ENTERTAINS CLUB

Mrs. Ray Brownfield was hostess Wednesday afternoon to members of the Kill-Care Club and other guests. In the bridge games Mrs. Claude Hudgens and Mrs. W. C. Smith scored high and second high respectively. The first prize being a lovely vanity set of embroidered linen and the second prize, a pretty pitcher.

A refreshment plate of cheese rolls, congealed salad, individual pumpkin pie with whipped cream and hot tea was served.

Members and guests who were in

attendance were Mesdames Dick Brownfield, Bailey, Fred Smith, McGowan, King, Tom May, Miller, Wingerd, Claude Hudgens, Bowers, W. C. Smith, DuBoise, McDuffie, Collins, Storey, Hugh Pyeatt and Morgan Copeland.

MRS. W. D. SMITH ENTERTAINS FOR GRANDSON

Mrs. W. D. Smith entertained in honor of her little grandson's H. B. McCord Jr., of Tahoka, third birthday. Two birthday cakes were made for the occasion and each was decorated with three candles.

The little guests attending were: Earl Louis Wilson, Journelle Jones, Perla Cardwell, Medra Jones, Merle Sawyer, Ima George Warren and Syble Ashley.

MRS. CLAUDE HUDGENS GRACIOUS HOSTESS

Midst festive Halloween motifs and appropriate decorations of black and gold, Mrs. Claude Hudgens delightfully entertained with a beautiful bridge luncheon Friday afternoon at her home and in the adjoining home of Mrs. Luther Cruce.

Eight tables with Halloween coverings, napkins and mint baskets were attractively appointed, each having a lighted candle in a black and yellow candle holder. The darkened rooms were further lighted by shaded lights. Guests were served at one o'clock. The menu consisted of delicious baked turkey with dressing and giblet gravy, hot rolls, baked apples, English peas in potato nest, salad cranberry jelly, cheese balls in pumpkin shape celery tips, olives, hot tea, individual pumpkin pie with whipped cream topping and after dinner mints. The plate favors were nasturtiums. The hostess was assisted by Mrs. L. F. Hudgens, Mrs. Kyle Graves, Mrs. Knight, Mrs. Stricklin and Mrs. Cruce in serving.

In the bridge games which followed Mrs. McGowan received an embroidered linen luncheon cloth and napkins for high, Mrs. Bailey, an air perfume vase and perfume for next to high, and Mrs. W. C. Smith a dozen lace dollies for third prize.

The guest list included Mesdames A. M. Brownfield, Ike Bailey, Fred Smith, McGowan, John King, Ray Brownfield, Knight, Pyeatt, Ralph Carter, Wingerd, Endersen, Webber, Briley, Storey, Stricklin, McDuffie, DuBoise, Graves, Collins, W. C. Smith, Dolton Lewis, Kendrick, Shelton, Flem McSpadden, Self, Earl Jones, Cecil Smith, Perkins, Arthur Sawyer, Gracey, Roy Herrod, Telford and Bowers.

Little Wallace Fields was brought home from the Lubbock sanitarium Tuesday. He is thought to be some better.

MAIDS AND MATRONS CLUB BEGIN YEAR'S WORK

The Maids and Matrons club met for the first time of the new club year Tuesday afternoon at four at the home of Mrs. Will Adams with Mrs. Adams and Mrs. W. A. Bell as joint hostesses. This meeting was strictly for business, the president, Mrs. W. B. Toone presiding. Good reports were heard from all of the committees, the civic committee reported what had been done to the little park that was turned over to the club in the spring; the Library committee reporting \$18 worth of new books, and the program committee reporting that the new year

books would be out before the next meeting. The study for the coming year will be the "Psychology of the Adolescent Child." This follows the study of last year the "Psychology of Childhood." The business meeting was followed by a Parliamentary Drill conducted by Mrs. Brownfield.

The hostesses were assisted by Misses Irene and Mildred Adams in serving sandwiches, fruit salad and hot tea.

The members present were: Mesdames Hardin, Dick Brownfield, Hamilton, Telford, Wingerd, Simon Holgate, Gracey, Stricklin, Toone and Miss Olga Fitzgerald.

Mrs. Clarence Lewis was brought home from the Lubbock sanitarium Saturday morning. Her conditions seem much improved.

COUSINS CELEBRATE THEIR BIRTHDAYS

Lenard Ellington and Dorothy Murphy celebrated their birthdays Friday afternoon from four to five-thirty o'clock at the home of Mrs. Sam Murphy. Dorothy was eight on October 8 and Lenard will be four October 16th. Both received many pretty useful gifts.

Lemonade and cakes were served to Homer Knoll Hughes, Mary Allen Hughes, Junior, Geneva and Spencer Murphy, Billie, Ted and Joy Greenfield, Hal Wade McSpadden, Eloise McSpadden, Andersen Griffin, Ted White, Jackie Holt, Bobbie Virginia and Marion Bowers and the two honorees.

MARY LENA WINSTON CELEBRATES 7TH BIRTHDAY

Mrs. Homer Winston entertained Saturday afternoon in honor of Mary Lena's seventh birthday. Games were played and stores told and readings were given. An angle food cake with the seven candles on it was then cut and served with lemonade and strawberry ice cream cones.

The little guests were La Verne Collier, Kathleen Elchie, Florine Williamson, Mary Allen Hughes, Eloise McSpadden, Emma Jean Sheffield, Caroline Jones, Katy Ruth Sheffield, Bobbie Virginia Bowers, David Storey, Carol Collier, Billie Moore, Homer Knoll Hughes and Marion Bowers.

BOY'S SUNDAY SCHOOL CLASS ENTERTAINED

The Intermediate boys of class number one of the Baptist church were entertained Saturday evening at the home of their teacher, Mrs. N. D. Renfro.

Halloween decorations were used and a variety of games were played. The ones enjoyed most were pinning the nose on the pumpkin face and biting the apple.

Refreshments were served to Bill Savage, Jr., Truett Flache, John McLeod Jr., Buster Brown, Marner Rice, Wayne Mullins, Boyd Moore and Horton Howell.

SOCIAL EVENTS FOR THE REMAINDER OF THE WEEK

Wednesday afternoon, Mrs. Ike Bailey entertains the Ideal Club.

Thursday afternoon, Mrs. J. M. Telford and Mrs. H. M. Pyeatt entertain eight tables of bridge with Armistice party.

Friday afternoon the Friday Forty-Two club is entertained by Mrs. H. O. Longbrake.

THE BIBLE CLASS MEMBERS ENJOY MEETING

The members of the Church of Christ Bible class met Thursday afternoon at three o'clock at the home of Mrs. L. F. Hudgens. The lesson was heard by Mrs. Homer Winston after which a sacred hour was enjoyed. A surprise shower had been arranged for Mrs. Alvin Mitchell.

Hot chocolate and angel food cake were served to Mesdames Oscar Jones, Lovelace, Haddock, Legg, Grey, Nelson, Claude Hudgens, Hardin, W. D. T. Storey, Dewey Murphy, Jap Proctor, Travis, Homer Winston, Ditto, Drennon, Mitchell, Collier, Williamson and Bowers.

THE BAPTIST WOMEN'S MISSIONARY UNION

Circle one of the Baptist Women's Missionary Union met Monday afternoon with Mrs. T. Aubrey for a Royal Service lesson which was led by Mrs. Alewine. Those present were Mrs. Alexander, Mrs. Alewine, Mrs. Bandy, Mrs. Collins and Mrs. Oral Adams.

Circle two met with Mrs. J. C. Green for Bible study of Revelation 11 and 12 which was led by Mrs. Green. The Circle closed with a season of prayer for a new pastor. Those present were Mrs. K. W. Howell, Mrs. Flache, and Mrs. Ivy Savage.

The Louise Willis Circle met with Mrs. Ben Hilyard for a study of "Job" which was led by Mrs. E. V. May. After the lesson hot chocolate and pumpkin pie with whipped cream was served to Mesdames Gay Price, Chis Quante, Ralph Carter, Bullock, Tom Cobb, Jack Benton, Bill Benton, Brown, Lazelle Huckabee, E. V. May, Clyde Briley, Sexton and DuBois.

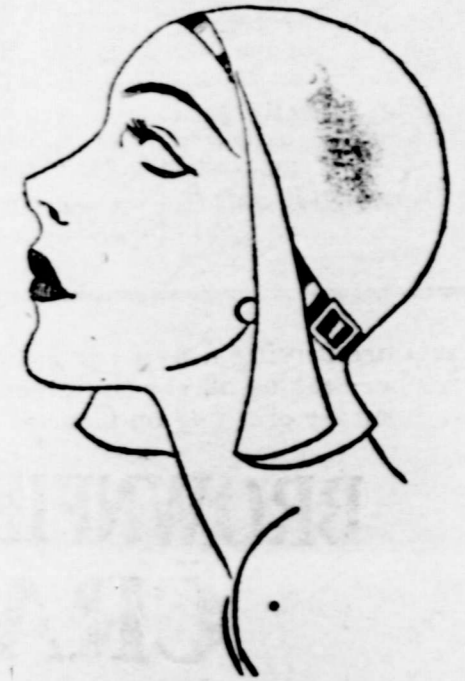

Monday week the circle will meet with Mrs. Lazelle Huckabee at the home of Mrs. Briley.

Union Make-ups

Here we are again. How is the weather serving you? All we can say is Rain, Rain, go away. Come again some other day, working people haven't time for play.

Miss Ozella Bass of Brownfield spent the week-end with her parents Mr. and Mrs. J. C. Bass.

Mr. and Mrs. T. B. Inman went to Lamesa Sunday after Ruth Shepherd who underwent an operation in the Lamesa Sanitarium two weeks ago.

Miss Leta Mae Bass took dinner with Miss Zora Weeks Sunday.

It's rather late, but just the same, Miss Connie Roe, Mr. Henry Hewett and Mon Roe with a group of Brownfield young people motored to New Mexico, Sunday October 5th. They went in 2 miles of the Cap rock they all report a splendid time.

Mr. J. S. Christy, who has been in Ellis County is back with us again. He says he'll show us how to pull bolls.

We are more than glad to have Mr. Bernad Hamm with us again.

Hazel Brewer, Lola Mae and Lillian Parrish were delighted Sunday with their buggy ride.

Mrs. J. K. Shepherd and children of Scuddey were with us at Sunday school Sunday.

There will be Sunday school at 10 A. M. every Sunday morning, in the church house. You are invited to attend.

Come to B. Y. P. U. next Sunday night.

TOKIO TALKINGS

Mr. W. J. James taken seriously ill late Friday and was rushed to the sanitarium early Saturday morning for an operation. He was doing nicely Saturday night.

Horace Dillon is here from McAadoo visiting friends.

The residence of L. B. Hobbs was ransacked Saturday afternoon while the family was at town. Only a little stuff so far has been missed.

Mrs. E. V. Roper is very much improved.

Herman Rowe is home from South Texas. However he expects to return there soon where he will be employed another year.

Miss Daily Roberson of Liberty community visited Miss Bessie Day Sunday.

The Tokio Gin was broke down for a couple of days the last of the week but is in good order now.

The farmers are having trouble saving feed. The weather is so damp an unsettled that maize is sprouting.

Bro. Jess Lanier filled his appointment at the community Hall Sunday Night.

There seems to be plenty of help in the country to gather the crops if we only had fair weather.

Reuben and Mr. and Mrs. Emeny Roper of Mena Arkansas are visiting their parents, Mr. and Mrs. E. K. Roper.

We note Jim Lewis about the streets again. Jim is showing up better of late, and we hope to see him regain his old standard of health.

"Well, Jimmie do you think your teacher likes you?"

Jimmie—"I think so, mummy, because she marks a big kiss on all my 'rithmetic."

Brownfield flappers want to know how "sin" got in kissing.

SHAG & SHORTY

It was circulated here the past week that Ben Hurst was going to another town to accept a position. Ben says Brown is still home to him.
B. W. Ward was in Monday from the Meadow section, and dropped around to insert an ad in the Herald. He has some 7000 birds of bundle stuff for sale, and is keeping plenty to run the farm nicely.
Tons of moisture stored for 1931.

Hi-School Happenings

By Sophomore Class
Kathleen Hardin, Reporter

Mr. Billie Burleson had been arrested for disturbing peace with that laugh of his. His lawyer decided to put him on the stand.

Judge—"Now, Billie, if you tell a lie I guess you know what will happen."

Billie—"Yes, sir, I'll go to Hades and burn for a long time."

Judge—"And if you tell the truth."

Billie—"Yessir, yessir, we'll lose the case."

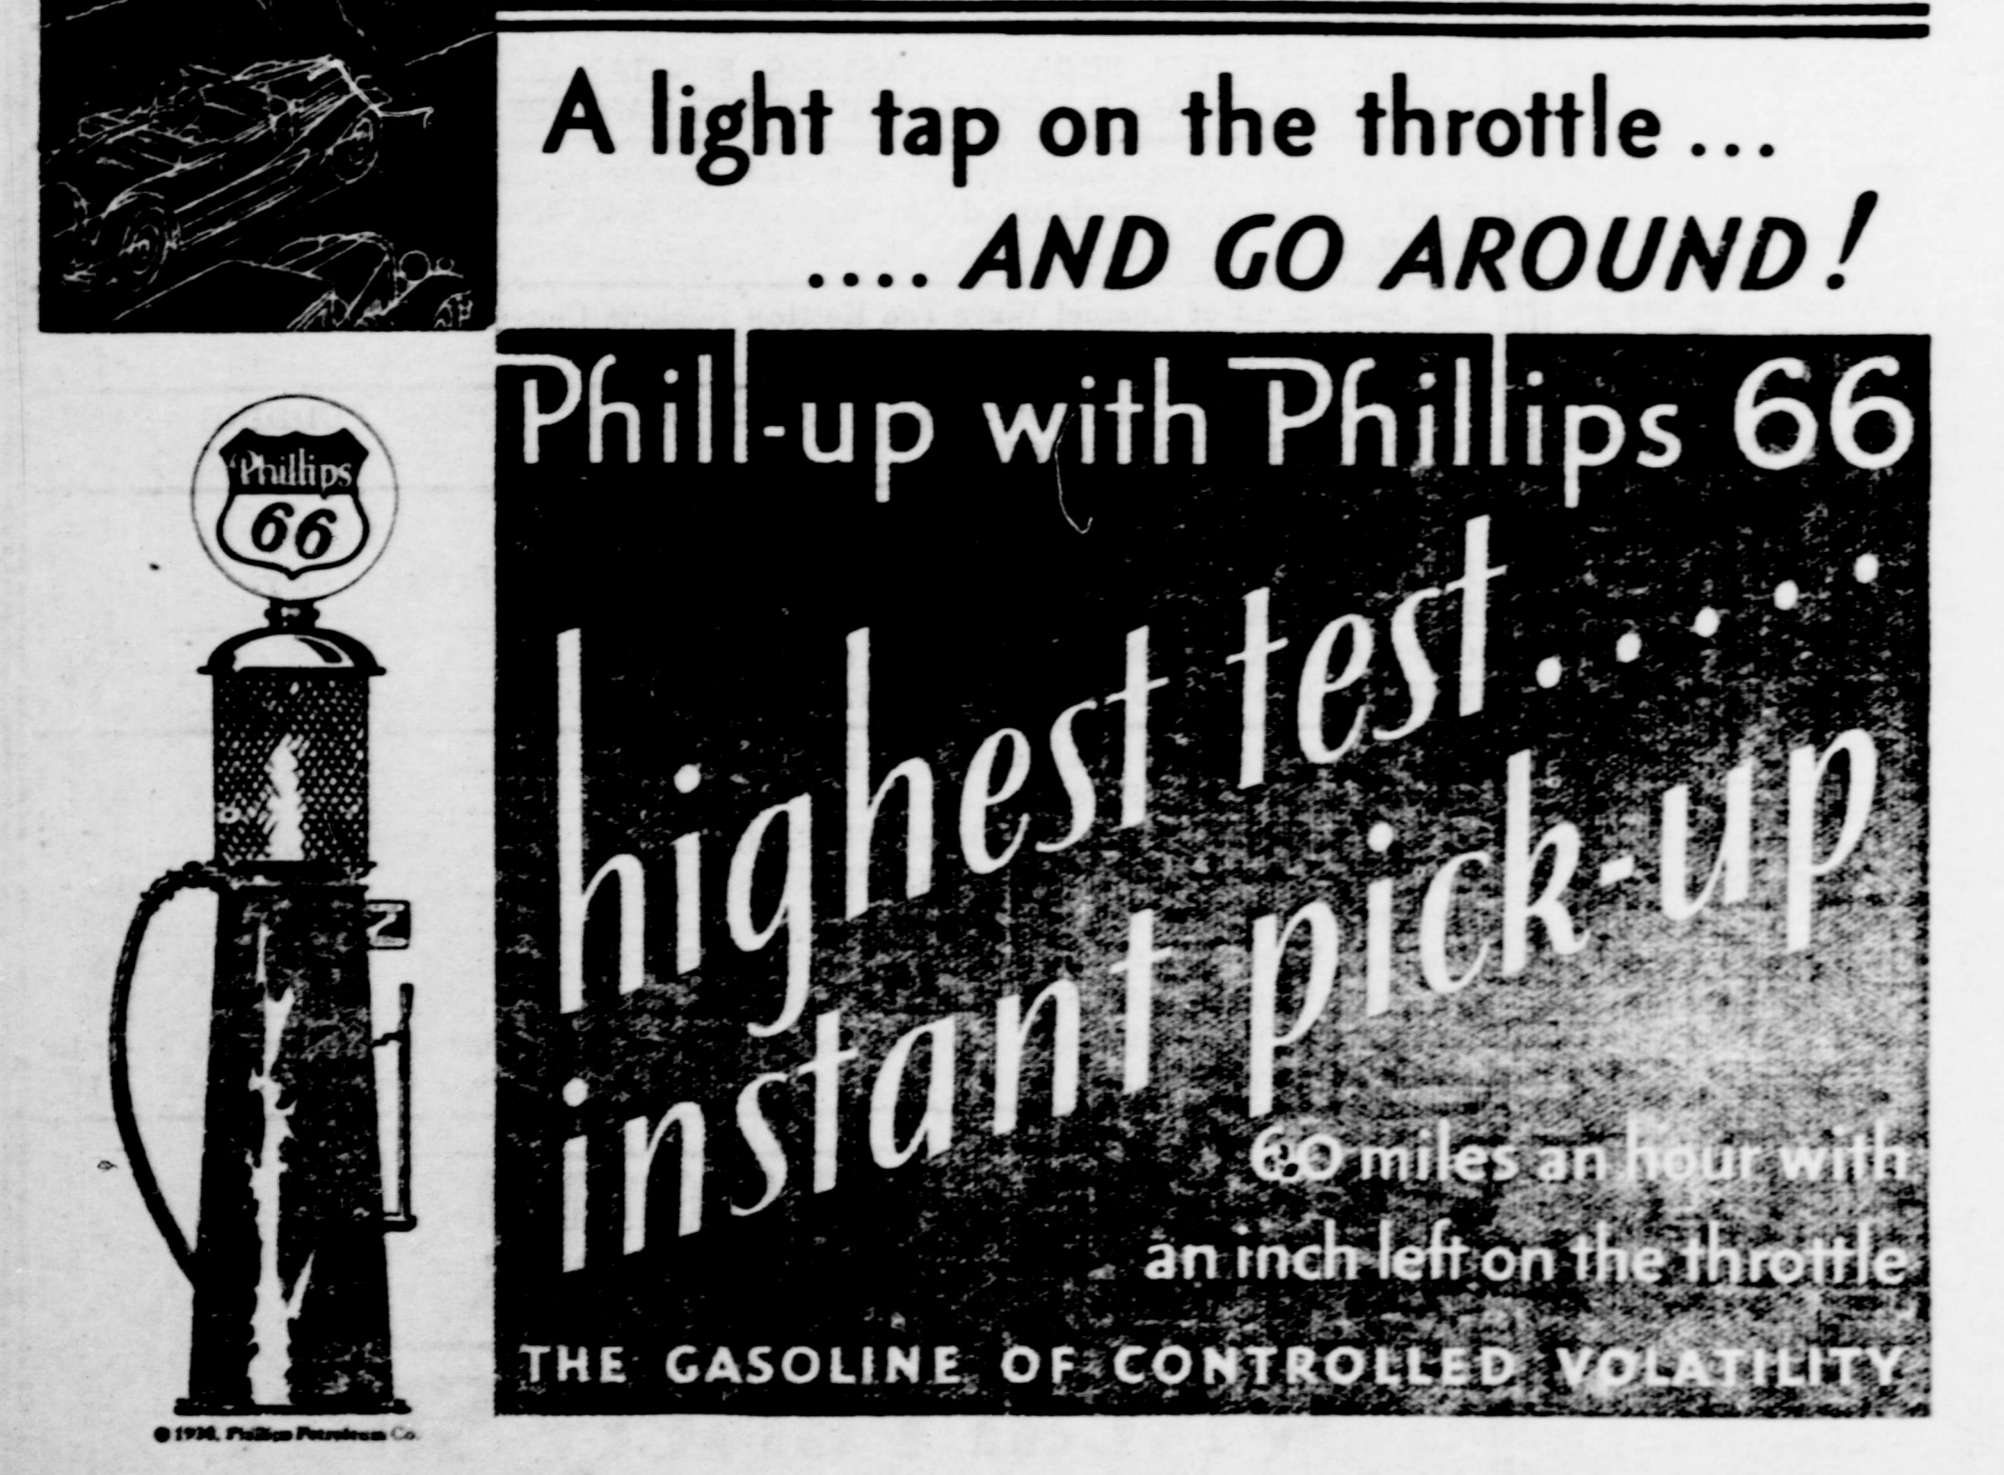

HOCKLEY'S NEW HIGHWAY TO LUBBOCK OVER NEW ROUTE

Levelland, Oct.—Hockley county's new highway between Levelland and the Lubbock county line has been rerouted from a point several miles east from a point to Symer, on the east side of the county, the new road has shortened the distant between Levelland and Lubbock by about a mile. Officials are confident that in a short time the highway will be designated officially by the state as a part of its system. This will mean that the state will maintain the road and that it will be paved. The new route is south of the

Santa Fe railroad to a point a short distance west of Symer where a crossing is made.

Hockley county has also graded the old road between the Lubbock county line and a point just east of Symer. Chris Quante is getting in a lot of winter coal at his place, getting ready for the first nother. He says they do not sell much coal now except to farmers, as most town people use gas. First Hobo—"I feel just like a naughty flapper today." Second Hobo—"A brakeman made me walk home from a ride last night.

A GOOD PLACE TO TRADE

We forgot to mention last week that Mr. and Mrs. W. O. Hart of the Pleasant Valley community had lost their baby. It died at a Lubbock sanitarium, and we understand the doctors were not certain what was

the trouble, except that its neck glands were terribly enlarged. After funeral services by Elder Robt. Drennon, the body was laid to rest in the Brownfield cemetery, Saturday afternoon the 4th.

Mr. Vernon Vittitow, of Rotan, has accepted a position on the third chair at the City Baber Shop. He will move his family here in the next few weeks.

County PTA Council to Meet With Challis

Our county council of Parent-Teacher Association will meet with the Challis P. T. A. at Challis School house on Thursday evening, October 30 at 7:30 P. M.

We would be glad to have representatives from every school in the county at this meeting. Come and meet with us whether you expect to join us or not.

All county council officers and committee chairman and presidents of local associations are especially urged to be present.

The Rialto Theatre has some real big pictures for next week.

L. L. Blackstock was among the shoppers in town Monday. Nothing else to do until it dries up.

C. D. Shamburger of Wichita Falls, was here Tuesday looking after business. He was much pleased with conditions here and the good business his yard is doing.

W. E. Henson is on the puny list this week.

Mrs. Irene Thompson and granddaughter, of Abilene, were here last week visiting with Mrs. Thompson's sister, Mrs. E. Brown and family.

An airplane was here Saturday and Sunday, and carried several passengers up at \$2.50 per. About all people who care to do so have already been aloft, and it is hard work to get people under present conditions to ride a few minutes for \$2.50 just to look down on the old home town. Now for instance, if it were Nu Yawk—but that's different.

Dr. J. D. Moorhead of Meadow was down Friday morning and carried his usual smile as if nothing had happened. We hope to have some more articles from his pen as soon as his folks get better again, who have been ill.

A man came into the Advance office a few days ago with a sample case under his arm. "I would like to show you some clothing," he began, then looking around the shop, continued: "Oh, I beg you pardon, you run a newspaper here. I see. Of course you wouldn't give me an order." We agreed that we wouldn't and he very politely said "good-day." And then we wondered if the printing peddlers acted that way when they call on our merchants.—Rotan Advance.

A SCOTCH INDIAN

A scotchman walked into a telegraph office and picking up a blank asked the clerk, "How much will a message to Chicago cost?"

"Twenty-five cents," replied the clerk, "for the first ten words and five cents for each additional word, and no charge made for the signature."

After a moment's hesitation, the Scot, answered, "Well I may not look it, but I'm an Indian and my name is 'I won't Be Home Till Friday.'"

London has a new gliding club.
