Cubs to Have Their Supreme Battle Today

Up to now the Brownfield Cubs have defeated every team they have played this year, except the Slaton team, and tied them. In fact, most of the battle was fought in Slaton territory and at times dangerously near their goal. This team outweighed the locals badly, but they found foemen worthy of their steel.

In the game here today they will go up against another team that like themselves has not bowed to defeat this year, but have won most of them overwhelmingly, but just the same all dope going out from Lamesa to sporting sections of dailies leaves no ground to doubt that they are dreading the fighting Cubs, but they believe their extra weight will put them over. But sheer weight does not Slaton team has been woefully licked by Spur, but a contest is now on as the later is declared to have some inelegible players, and if so, they about here Saturday and ended by will be eliminated from the contest.

Both Face Charges

A charge of carrying a concealed weapon and another of driving an automobile with improper license plates also were filed against Carter and a concealed weapon count was entered against Mrs Simms. All of the charges were filed in justice court there. No bond was fixed. Crosby county officers said.

Cases of the two will be presented to the grand jury, which does not meet until January, District Attorney Bradley said.

Carter's Willingness to shoot, when his woman companion was disarmed, led officers to believe that the man is wanted on a serious charge Fingerprints were sent to the bureau of criminal identifications, United States department of justice. and to authorities in near by states.

THE UNKNOWN BILBE

I am the Bible. More than thirt For reflection upon the character million copies of me are published of his present wife, to whom he was annually. I am proclaimed from pulmarried last July and for statement pit and printed page, and translated into bundreds of languages. I have ing injury to the group he represent- influenced medicine, law, language, literature, art. Yet I am unknown. I Bishop Cannon was exhonorated am consulted occasionally by the New Mexico where she is to receive the Dallas general conference and my first page—when he looks up the The "Sewing Circle" will meet | had since married and gone about minister's text or tunrs to the ninehis regular work when called in by teenth Psalm for consolation-and sometimes flowers are pressed between my leaves. But most of the time I stay unopened on the shelf. Although I am recognized as the greatest book in the world, I am woefully neglected, even by many church members. I wonder why? I ould show men what life and God are, if they would only read me .-HOMOLOGUE.

Cold weather is motor-punishing weather...Now, more than ever, you need the extra protection of this DE-WAXED, EASY-STARTING OIL

In cold weather motors usually are hard to start. but Conoco Germ - Processed oil actually makes starting easier!

There are two good reasons for this.

First: Germ-Processed oil is thoroughly dewaxed and does not congeal at low temperatures. Second: Germ-Processed oil does not drain away during periods of motor idleness.

The initial "turning over" process is made easier by the protective lubricating film which is on duty before you touch the starter. The usual 40% to 60% of motor wear occurring during the starting period is greatly reduced. Conoco Germ-Processed Motor Oil gives you safe starting and quick starting, even at zero

Change now to this new oil. Use it all winter for motor safety and economy. You always will find Germ-Processed Motor Oil at stations bearing the Conoco Red Triangle.
