

Arthur P. Duggan in The Senatorial Race

Arthur P. Duggan, who has a long record of service in the interest of this section and West Texas as a whole, Wednesday, announced as a candidate for state senator for the thirtieth senatorial district.

Mr. Duggan is one of the most valuable citizens of Littlefield and West Texas. This fact is generally recognized in Littlefield, in West Texas and throughout the state. Whenever a project of importance to Littlefield or West Texas is to be undertaken, the citizenship invariably turns to Mr. Duggan for leadership.

Mr. Duggan was born on a cotton farm in Hays county; raised largely on a stock farm in San Saba county; moved to Jones county in 1900, and to Lamb county in 1912.

Arriving in Lamb county, Mr. Dug-

gan took charge of the subdivision and sale of the famous 300,000-acre property known as the Yellow House Ranch and owned by the late Major George W. Littlefield of Austin. While in charge of this project he sold thousands of acres of farm lands to real dirt farmers for homes and helped work out their problems.

Mr. Duggan owns, and directs the cropping of some Lamb county farm land, and is therefore personally acquainted with the problems of the farmers at this time.

"Actual personal experience, and a lot of it, makes me know very intimately the farmers' needs, condition, and viewpoint, and I am in thorough sympathy with them," he said.

It was Mr. Duggan's privilege to be graduated from Texas A. & M. and from the law department of the University of Texas. He takes considerable pride in the fact that he earned his own living while attending school and paid all his own school expenses.

His duties, over a long period, in Chamber of Commerce work; as an officer in the Rotary Club, and other city and rural civic organizations, has placed him in close touch with the economic condition and real problems of the town and rural districts of West Texas. His connections as honorary vice-president of the State Fair of Texas, and director of the Tri-State Fair of Amarillo, have forcibly brought to his attention the wonderful agricultural development of this section during the past few years; also the unlimited possibilities of diversified farming under proper encouragement. As vice-president of the South Plains Scottish Rite Club; as a director of the Tech College Y.

taxes has been greatly reduced during the past three years, while taxes have not. It is essential that our people have an increase in income. The prosperity of this Senatorial district depends very largely on cotton. The income from cotton, during this fiscal year, will be less than one-third of that for the year 1928-29. We must have better distribution; more cotton must be sold to Europe; more uses must be found for cotton and its products. It is certainly important to increase the ability of business and industry; of agriculture and real estate to pay even the reduced taxation which it is necessary to bring about. Cotton is just one item, there are many others. Those are things I am intensely interested in, and would delight to work for.

"Having been president of the school board at Littlefield for almost twenty years, I have had to study closely the school problems of our small towns and rural communities. I ought to know them pretty well. Since the large majority of the boys and girls in this district will never attend school away from home, should be the best possible. We are due them that."

"The aim of education is to teach us to live more successfully; to make better citizens, real citizens, and I am wholeheartedly for the sound sensible, sane educational training of the youth of our land. I believe in higher education along the same line, and strongly favor proper financial support, and recognition of the Texas Technological College, that splendid school, located within the confines of this Senatorial district. Our young men and women who desire to complete their education should have the opportunity of doing so here close to home. The best is none too good for them.

"As a State Senator I would not expect to make many speeches, nor to introduce a lot of bills. We have entirely too many laws already. Fewer and better law is a mighty good slogan to which I subscribe most heartily.

"Being a native Texas I am very proud of this great state, and of its traditions, history and institutions. I am for Texas as a whole, and I am for a square deal for West Texas, and for the people of the 30th Senatorial District."—Littlefield Leader.

ARTHUR P. DUGGAN

M. C. A.; work with the Boy Scouts, and as presiding officer of fraternal organizations, it has been his privilege to work with, and assist, those who seek to place the social and moral standards of our men and boys on a higher plane.

In 1918 he enlisted in the Texas National Guard; went to the U. S. officers training school at Camp Stanley and came out with a captain's commission. He became a charter member of the American Legion, and is still a member in good standing.

"Last fall, when the freight rate on cotton in a large part of this senatorial district was increased, it was my privilege to be made president of the South Plains Freight Rate Association." Mr. Duggan said. "By quick, energetic, concerted action that organization secured a hearing by the Texas Railway commission at Lubbock, and brought about a reduction in freight rates on cotton that saved the farmers of this section many thousands of dollars.

"West Texas should become road-minded. If I am elected your senator, I will go to Austin expecting to insist and demand that this senatorial district get, in addition to its full share of road money, its full pro rata part of all moneys, emolument and benefits coming to it from the state government. In other words, a square deal.

Tax Reduction Necessary

"It has become very popular to advocate tax reduction. Five years ago, as president of the West Texas Chamber of Commerce, I urged this very thing all over the country, as well as the equalization of taxes in Texas. I have never been able to see the justice in some nine-nine counties, mostly in eastern and central Texas, drawing from the State Treasury every year some \$325,000 for text books, rural aid and witness fees, more than they pay into the Treasury for all purposes. The last time I checked it up 155 counties in this state, including West Texas, and the counties where the large cities are located, were paying all the state government expenses and, in addition, approximately three and a quarter million dollars annually to educate the children of the said nine-nine counties. I do not consider that equal and uniform taxation. Neither do I think it necessary or fair to our people out here. As a senator I would do my very best to have it corrected.

Yes, taxes should be reduced and equalized. During twenty-five years our national population has increased some 55 per cent while our tax burdens have increased about 700 per cent. Any sane man knows that must stop NOW. This cannot be accomplished by seeking for something new to tax, but by stopping the spending of so much money and the making of unnecessary appropriations. There is a total of 1,023,375 persons on the pay roll of our national government with an annual salary account of \$1,500,000,000. Our State and City government are about in the same proportion. Too many departments, boards, bureaus, commissions, etc., etc.

"The ability of the people to pay

CHALLIS CHATS

Bro. Shumaker preached at Challis Sunday.

Mr. and Mrs. Jim Jones left Friday morning for Stonewall county, after receiving a message that her grandfather, McElhaney was not expected to live.

Miss Doris Marchbanks is on the sick list this week.

Mr. and Mrs. Erwin Howell spent last Sunday with Mr. and Mrs. Cecil George.

Miss Hallie Howze has gone to Big Lake to visit with her sister Mrs. Claude Smith.

Mrs. Arlie Miller visited Mrs. Elsie Turner last Wednesday.

Mr. and Mrs. Dillard Graham of Brownfield visited Mr. George Henon and family last Saturday and Sunday.

Mrs. Sam B. Johnson, who is visiting at Gatesville, writes in that she must have her Herald down there as she will be there another month. Its on the way, Mrs. Johnson.

The passing of John Phillip Sousa just after midnight Sunday morning was a national grief. While a great band leader and a great writer there being some 300 works to his credit, if he had never conducted a famous band or wrote but one piece of music and that piece had been his "Stars and Stripes Forever" he would have died famous.

Read the Ads in the Herald.

MAKES YOU LOSE UNHEALTHY FAT

Mrs. Ethel Smith of Norwich, Conn. writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too."

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at Alexander Drug Co. Inc., or any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned. Don't accept anything but Kruschen because you must reduce safely.

Later: On account of the bad weather Miss Turpin did not get to work any this week. The mass meeting will be announced later in these columns.

Miss Julia Burns is here from Rotan this week visiting with Miss Bessie Thompson and other friends. Miss Burns was clerk in the Bob Owens store here for about a year.

The Herald is always getting into some kind of trouble. Last week it had J. M. Hill wife and baby visiting here, when as a matter of fact the

baby belonged to Mr. and Mrs. Homer Nelson. We'll make it o. k. with Homer and J. M., but we dread the first meeting with the ladies.

T. M. Flippin is selling much trees and shrubbery from his big orchard and nursery in the west end of the city. He has the old fashion Indian seedling peaches and a late blooming plum that he is stressing most. He has plums every years in his orchard.

Alpine—Southern Pacific Park area, between station and street curb to be beautified at once.

John Garner Wins at Amarillo!

If precedent means anything, John Garner, Texas' speaker of the U. S. House of Representatives should be a winner, because his namesake (pictured top) John Garner, is grand champion steer calf of the Tri-State Fat Stock show at Amarillo last week. With him is his youthful owner, Jim Farley of Groom, Texa. Below is "Chubby" steer which won the junior championship in the same class. With him is J. C. Cordill of Plainview, his owner. Both entries were in the 4-H club baby beef exhibit.

CAVALIER

LOWEST PRICE IN GOODRICH HISTORY
 ↓
COMMANDER

as low as \$7.05
 as low as \$4.79
 as low as \$4.16

IT'S HERE — a shipment of those new Safety Silvertowns you've been reading about. Three years in development, this is the safest tire ever built. Come in — examine it. Imagine this price for a super tire!

MADE by the oldest, most experienced tire manufacturer. It brings the same cord construction as the new Safety Silvertown. It's big. It's husky. It's handsome. For keen buyers and hard drivers, we don't know a tire to match it. Just look at the price. For price and quality, compare the Goodrich Cavalier with any other tire in the field.

GOODRICH never before made a tire at such prices. Huge purchases of rubber and cotton at the bottom of the market made it possible. If you're trading in your car next year, this is your tire. It won't let you down. And you'll get just as much allowance for your car as if you put on more expensive tires. Take a look at this Goodrich Commander.

Queen of "Fish"

Let's all go to sea! That's the way we feel about it after learning that this beauty is going to reign as Freshman Queen at the "Fish" Dance to be held soon at Texas Technological College, Lubbock. She is Miss Mary McMurray of Spearman, Texas, and the poor fish who doesn't fall for her is just cuckoo!

YOU MIGHT TRY THIS

Local people who have more or less worry over their income tax report might try this formula recently suggested by a Nebraska man. He lists as dependents one wife's a sedan car, three goldfish and two children. He then multiplies his grandfather's age by six and seven-eighths subtracting his telephone number. Next he adds the size of his hat and subtracts the number of his auto license tag. After these preliminaries the rest is easy. Deducting \$1,000 for keeping his wife for a whole year, he divides the remainder by the number of lodges he belongs to, multiplied by the number of windows in the house, divided by the size of his shirt. This gives his gross income which, after dividing by his chest measurement, and subtracting his blood-pressure, gives the net amount he feels he owes the government.—Big Spring News.

Man often helps Nature outdo herself. This is with the growing of grain sorghums. Pure line seed, developed with infinite pains at the hands of Texas Agricultural Experiment Station workers and spread through thousands of demonstrations by county agents, has proven over and over again its power to reproduce itself far beyond ordinary seed.

WELLMAN

The Wellman Parent-Teacher Association will meet second Friday afternoon for a business meeting. Officers for the coming year are to be elected. Now it is the time to elect delegates for the district meeting.

Wellman PTA is planning to help with the County Council play. The play a "Howling Success" is to be given soon and the proceeds to be used to start the Circulating Library.

Sickness

Mr. Green has been ill for several days.

Mrs. Welcher is ill was the report given Sunday.

Mrs. Moore has been very ill for several weeks.

Hubert Singletary was carried to the Brownfield Hospital Sunday where he underwent an operation for appendicitis.

Colleen Riney is reported very ill.

Visiting

Mr. and Mrs. Maner and children from Lubbock visited with her sister, Mrs. C. A. White this week-end.

Mr. Samuel Beam from Seagraves, visited his aunt, Mrs. H. T. Wilkins this week-end.

Mr. Allen of Brownfield, the father of Claude Allen, visited in the community a part of this week. He met with the Study Class as a visitor.

Business

The following were business visitors in Lubbock Wednesday. Mr. and Mrs. V. L. Hudson and Mr. and Mrs. S. Z. Paul.

Many from Wellman plan to shop in Brownfield Monday.

Church

Rev. Porterfield filled his regular appointment with the Methodist church here Sunday.

Rev. D. D. Johnson of Tokio spent the week at Wellman teaching in the Baptist Training School study course.

The week was spent in studying the B. T. S. Manuals. Several completed the study course while others lack only the examination. Due to the inclement weather, several were absent on the evening of the examination. The examinations will be given again later for those who were absent.

The B. T. S. met Sunday evening at 7:30, with four classes, Juniors, Intermediate, Senior and Adult.

Rev. Weaver Lovelace brought the message at the Baptist church for the eleven o'clock hour, after which dinner was served at the church. In the afternoon Ordination Services were held. Mr. Claude Little was ordained to preach. Rev. Horn preached the sermon while other visiting ministers and the deacons assisted with the services.

Harmony News

Here we are again after a long absence. So many of the Harmony folks have moved away and new ones in their places, that it doesn't seem like Harmony at all. The young folks have been having a round of parties and entertainments in order to get acquainted.

Some of the new comers have been attending church and Sunday school, and we hope the rest will soon join us.

Delvie Sullivan who has been in California and New Mexico for quite a while, returned home last Monday. We are glad to have her back, but we understand they are contemplating moving to the Union community soon.

We are proud of our school boys. They won championship in class C basket ball. They enjoyed a pleasant day with Mr. Mitchell Sunday.

The Parents and Teachers are practicing on the play "Jimmie Be Careful," and will present it soon. The school pupils are also practicing on one. Watch for the date.

We hear that since Mr. Sweet's moved to Mexico, a little daughter came to make her home with them.

The Old Man Weather is trying to break into the First Monday crowd. But everyone will be so anxious to get the car or some of the money they will not let the weather hinder them much.

HUNTER NEWS

Rev. Albert Buchanan who has been out at Silver City, N. M. working, returned to old Terry for a while. He has surrendered to preach since we last saw him and hope he does well. He will stay at Brownfield for a while.

The girls and boys basketball team went to Brownfield Saturday and played ball but were beaten. The girls played Scudday and were beaten by a score of 22-12. The boys played Harmony and were beaten by a score of 28-9.

The spring meeting will start Friday night week.

Rev. Butler preached at Lahey Sunday and had a very nice crowd. The school is training for track now and hoping we can win something.

Mildred Therman is able to be up a little now.

Mr. Bill Hight and his friends have gone to Hot Springs, Texas on a fishing trip.

Andrews—Caliche base being laid on portion of Potash Highway north from Ector county line to this city.

P. T. A. to Put On An Interesting Program

The local Parent-Teacher Association will put on an interesting program in the auditorium of the High School Tuesday night March 15th at 8:00 o'clock. The plan of the program is to have all the businesses in town, who will be represented by a "little tot" bathing beauty. The firms are to dress the child and display their name to the best advantage possible. To the winner will be given a suitable prize. Second and third place will be given prizes also. The proceeds of this program is to be spent for Interscholastic League supplied for the local schools and to pay debts if there is sufficient funds raised. There will be a small admission charged at the door of 10 and 15 cents. Any school child gets in for a dime. Adults are to be charged 15 cents. The program promises to be a good one. Not only will there be many beautifully dressed children but it will be dotted with a few burlesque numbers that make it funny and entertaining. Also the Brownfield Orchestra will furnish the music for the occasion.

In connection with this program here will be a Popularity contest held. The most popular girl in school will be selected together with the most popular young man. This contest will be held on the voting plan of about a penny per vote or something. The campaign managers may decide to sell a cake for their candidates.

ROSWELL PAPER SOLD

Roswell Feb. 29—Arthur W. Cooley of Chicago, president of the Inland Newspapers, Inc., a Chicago company, today announced purchase of the Roswell Daily Record, pioneer southeastern New Mexico newspaper.

Needmore News (Delayed)

Miss Mabel McCutcheon will spend the next three or four weeks in Hollis Oklahoma with relatives.

Mr. and Mrs. John Bennett and family, Mr. and Mrs. M. H. Bennett and family spent Sunday with Mr. and Mrs. J. C. Crowover.

Reginald Bennett, Lois Bennett, Ida Bell and Christine Jordan visited Miss Bessie Tuckness last Sunday afternoon.

Ervin McCutcheon, Herman McCutcheon, Jeanie McCutcheon of Hollis, Okla., was week-end visitors of Mr. and Mrs. S. B. McCutcheon.

Mrs. Arthur McDonald and Mrs. John Bennett, and Mrs. J. C. Crowover visited with Mrs. M. H. Bennett last Tuesday afternoon.

Mr. and Mrs. Paul Whitaker and children, Mr. and Mrs. Vernon Whitaker, Mr. and Mrs. Joe Jordan and family was Sunday visitors of Mr. and Mrs. M. Y. Bennett.

Had ice-cream at S. B. McCutcheon last Sunday night. Seems early for ice-cream, however the weather is just fine for ice-cream and ice tea.

Mr. and Mrs. C. C. Bennett and children was Sunday visitors of Mr. and Mrs. Mark Watkins.

Miss Hazel Jordan spent Sunday with Mabel McCutcheon.

ONLY ONE VOTER IS LAMB COUNTY NATIVE

Littlefield, March 5.—Among the 5,598 persons who paid their poll taxes for 1932 and are permitted to vote in all elections in Lamb county this year, including the special county seat election on March 19, there is but one voter, a young woman, who is a native of Lamb county.

She is Miss Fern Hoover, daughter of Constable Fred Hoover, a former cowboy and ranch foreman, and Mrs. Hoover, active in affairs here.

Authority for this claim is Everett Wickers, who checked all of the poll tax receipts issued by the county clerk.

You can lead a horse to water, But you cannot make him drink; You can feed men with statistics, But you cannot make them think.

Two Chicago Bankers Prominent In Drive Against Depression

Charles G. Dawes (left), Chairman of the New Reconstruction Finance Corporation, and Melvin A. Traylor, Chicago Banker.

CHICAGO and the Middle West have a double interest in the success of the gigantic Reconstruction Finance Corporation which is now being organized in Washington following speedy action by Congress. Charles G. Dawes, whose name is almost synonymous for the business community of Chicago will sit in the driver's seat as the active head of the great \$2,000,000,000 Federal corporation just authorized by Congress.

Typical is the increased yield of seed secured through the efforts of 500 pounds of grain per acre secured by 93 Foard county farmers from 4500 pounds of pure line milo maize

To the Voters of 30th Senatorial District

I hereby announce my candidacy for office of State Senator for the 30th Senatorial District of the State of Texas, subject to the action of the Democratic Primaries.

I was borned of native Texas parents at Bastrop Texas, forty-two years ago, my grandfather Goodman was Mexican War and Confederate Veteran. At an early age I moved to Austin. I received my education in the Public Schools of that city and after graduating from the Austin High School, I entered the University of Texas. In my sophomore year I was offered a position in the Ball High School at Galveston, where I taught for three years; I then returned to the University, finishing my law course in 1916.

During my high school and college career much of my spare time and vacation was spent working as an employee in the legislative and department branches of the government in the Capitol at Austin. As a small boy I worked as paige in the house of representatives, later while I was in College as a committee clerk of the House, also at various times as clerk in the land office, adjutant general and comptroller departments. I practiced law in Austin until the World War, volunteered and serving as captain in quartermaster Corps. After the Armistice I resumed the practice of law in Ft. Worth, where I married a Plainview girl, Lena E. Williams. In 1920 I moved to Waxahachie, Texas, to accept a position as Director of Athletic and instructor of business law in Trinity University; in addition, continuing my practice.

On a visit to West Texas and the Plains in the summer of 1923, I saw the possibilities, future and the type of citizenship offered by this section, and determined to locate in this part of the State. I resigned my position immediately and opened a Law Office in Lubbock the following September. Here I have continued to practice for the past nine years. I have served as City Judge of Lubbock for three years, having been appointed by the late Percy Spencer, also have been active as a democrat, representing my precinct, county, state senatorial and congressional districts, in their respective local, county, district, state and national conventions and served on various committees.

The Contact made as a University student, employee of the State Government, as a lawyer, active work in the State Democratic organization, have afforded me the opportunity of forming friendship with many of the Governmental leaders of the State, which I believe would be of great benefit to me as your Senator. Economy in government is the crying need of the hour. Our present government is so burdened with commissions, boards, bureaus, and sinecure officials, that our expense of government is one thousand per cent more than it was twenty years ago, while our population has only doubled in that time. By eliminating the unnecessary parasitic appendages, commissions, boards and sinecure jobs, and consolidating many of the duplicate functions in necessary govern-

mental commissions and departments, millions of dollars can be saved the tax payers of the state. This also applies to our local governments. The state and the man should come before the Dollar and the Dividend.

I believe that our antiquated tax system should be readjusted, taking most of the burden of taxes off the real property, and placing it on intangible assets, inheritance estates, large incomes, both personal and corporate, and on luxuries. The exemption of homestead, from the ad valorem tax by the state, will able the small farmers and home owners in the towns many thousands of dollars. The development of citizenship depends on the education of the boy and girl the citizen of tomorrow. The public school system, including the institutions of higher learning should be well taken care of by the State, and thus, relieve the local governments of much of its tax burden as possible.

Agriculture and stock raising being the leading industries in West Texas, your Senator should make every effort to obtain all the help necessary for the raising of the best products, and see that the markets are available on an equal basis to them with the rest of Texas. This should include an adjustment of the present transportation tariffs that now discriminate against this section of Texas.

Actual damages should be paid farmers of stockman for their losses by government regulations, thru no fault of their own. The farmers position in Texas is of paramount importance, would assist his return to that place.

I believe in the enforcement of all laws; special attention should be given to juvenile delinquency as the majority of the crime is now committed by the youth of the land.

I believe that highways should be taken care of out of the money raised from gasoline and automobile taxes, which amounts to \$39,000.00 per year. I am not in favor of a state wide bond issue, but think that part of the above funds should be used in retiring outstanding local highway bonds as they are due, another part to connect up unpaved gaps in said highways, and apart from maintenance of same.

Highway transportation is more extensively used in this section than in the rest of Texas, due to the lack of railway facilities; while regulation of automobiles and trucks on the highways are necessary, such regulation should not amount to restriction of their on lateral roads, or where no common carrier serves that particular route satisfactorily.

Utilities should be subject to regulation in such a manner that they may make a reasonable return on the assessed value of their investment, but not to take care of water stock and bonds.

I believe this is a representative government "Of the People, for the People and by the People," and should the voters of this district confer upon me the honor and trust of being their Senator, I would feel it my duty to represent the majority of its voters, on any question coming up, for consideration, while the above statements express my views, it will be my desire and request that you, express or state your views on any other matter of interest that you

MAKE ME A COWBOY AGAIN FOR A DAY

(Contributed) Backward, turn backward, Oh time on your wheels, Airplanes, wagons and automobiles. Dress me once more in a sombrero that flaps, Spurs, flannel shirt, boots, slicker and chaps. Give me a sixshooter or two in my hand, And show me a steer to rope and to brand.

Thunder of hoofs over ranges we ride, Hissing the iron and buring the hide, Bellow of cattle and snort of cayuse, Longhorns from Texas, as wild as the duce; Midnight stampede and milling of herds, Yells from cowmen, too angry for words— Right in the midst of it all would I stay. Make me a cowboy again for a day.

Under the stars—studded canopy vast, Campfire coffee, and comfort at last; Bacon that sizzles, is crisp in the pan think should need consideration, and I will at all times welcome such discussion, and act to the best of my knowledge. I will appreciate consideration of my candidacy for the office of State Senator for the 30th Senatorial District.

I am, most sincerely, JAMES H. GOODMAN Lubbock, Texas.

TOUCH OF LACE

By *CHRIS NICHOLAS*

Laces and embroideries worthy of ancient Venice, and the noted lace-making centers of France and Ireland are being produced right here in the United States. Of course they are much less costly by the yard than is an inch of antique lace. One of the most prominent American designers has just introduced a wool crepe dress in which durable embroidered cotton is richly used as the entire top of the bodice in a style fashion with quarter-length sleeves. The design is an interpretation of the popular daisy theme done in a handsome antique lace pattern, as the picture shows. The queenly velvet gown illustrated is enhanced by the addition of a beautiful dune venise lace bertha—a superb reproduction of the ancient handwork of Venice in American quality cotton. The fair lace both as trimming and for the gown entire is so pronounced, all style displays are featuring it conspicuously.

Dumas—Survey being made here generatory to paving T-O-C through H. County.

Some Explanations on Interscholastic League.

Some people have probably been asking themselves why it is that we hear so much about Interscholastic League work about this time of the year? Is it really true that the schools are devoting a lot of their time to these contests with no view to the real educational values to be received? Are the children being urged to participate in these activities out of the mere desire for competition without any consideration of good to be derived from them? Is all this business just some thing to fill up space or is it really worth while activity? Many of these practical questions are being rightfully asked by the taxpayers and patron of the school.

The University Interscholastic League is organized under the extension department of the University of Texas and is a state organization of the Counties in Texas for the purpose of contests in the various school activities. A great many people have gained the idea that the League only sponsors athletic contests. It is true that the League sponsors athletics in a very capable manner but it does not stop here. A great many contests of the regular school activities are sponsored. In fact the program from year is becoming more and more efficient due to the fact that more and better contest are being added in both literary and athletic events.

The League work fits in very well with the seven objectives in education. No one would question the fact that the health program as organized by the League contests. Boys like to participate where there is something to win. This instinct in human beings is very pronounced in youth. These athletic activities give a chance for participation in purposeful activity and stimulates the health program as an incidental learning process.

It is clear that a proper command is the fundamental processes, reading, writing and arithmetic, are brought out by the contest in spelling and plain handwriting. The contest in arithmetic will challenge the best ability in the child along that line. The preparation of the student for this contest is one of the best

She Goes to Paris

Lura Mae Burton of Tyler, Texas, graduate student at Texas State College for Women, (C. I. A.) Denton, has been named as the recipient of a scholarship which will give her a year's study in Paris, and a shorter time in Italy. An artist, she will work with some American firm for a year on returning. The scholarship is offered through the New York School of Fine and Applied Arts.

Conscientious

Reverend H. D. Tucker, pastor of the First Methodist church at Cisco, Texas, has announced that he will quit the ministry and enter the insurance business in an effort to recoup his finances and pay his debts so that he can re-enter the ministry without embarrassment. "If I was successful selling season tickets to prayer meetings, I can sell insurance," he said. Considerable publicity was given his selling tickets to prayer meeting several years ago.

Prof. Penn, principal of the Junior high school here gave an interesting talk on Tech College before the Rotary club last Friday. His talk was good, and we are sure that every listener had a more wholesome regard for this great college after his talk.

We think the farmers have a good idea about that horse show in connection with the next First Monday. Don't you?

types of training available.

Who could dispute the fact that a child can be made a better home member and be taught to invest his leisure time more effectively by preparation for a contest in Music Memory and Picture Memory. If there is a just criticism of the public schools today it is more likely to be that they are neglecting to develop the aesthetic side of the child. These contests will help to correct this delinquency if such exists.

When participating in these various contests the child is likely to stumble onto something that appeals to him from a vocational standpoint. Many a boy has found himself through this channel. Many of the men who make their bread and butter out of athletics discovered their ability in the League work. Many of our professional musicians could trace their first interest in music back to their early training in just such activities as the League sponsors. In the public speaking contest the child is allowed the opportunity to try his hand at speaking. If it appeals him it may mean that he has found an avenue of self expression that will lead to a profession that will keep him.

No better chance is provided for the child to practice the proper type of citizenship than when the neighbors come over to our place for a contest of some kind. It takes a good sport to treat folks nice when they take away the victory. If the schools take advantage of this opportunity to develop citizenship the program is worth while.

Training in proper character traits is had in as much as only those pupils who relate themselves properly to the school and classmates are permitted to participate in the contest. They must be passing in at least three fourths of their work to represent the school in a county contest.

Due to the fact that the League Work is so closely related to the school work in all its phases the Brownfield schools are attempting to work out a well rounded program of League work. This program stresses both athletics and literary activities. Proper organization and participation in these activities is not only helpful to the individual that participates but it is a type of activity that can challenge the interest of the whole student body and therefore is conducive to the proper school spirit.

SPRING COATS ARE NOT FUR TRIMMED

Some Designers Discard Collars Altogether.

Spring coats shown by Paris designers have discarded the fur collar trim.

The sloping shoulder silhouette is featured by Bruyeres, with sleeves widening at the elbow. Jackets as well as coats frequently are collarless. Many of the coats are princess fitted and some have cape sleeves to the elbow.

Some ensembles favor a short-sleeved dress under the coat. Many two-piece suits are being shown.

Medium drawn work, wool embroidered eyelets and daisy motifs decorate a group of wool dresses. Contrasting belts in gingham, ribbon and leather are stressed. Jackets are belted.

Grosgrain also is used in the red ribbon trim on black dresses. Sleeve puffs of starched linen in contrasting color have an unusual effect. There are many epaulette dresses shown, as well as sleeveless dresses.

White crocheted gloves in an Irish mesh pattern match crocheted buttonholes. Very wide topped navy glove gloves also appear, as well as some suede gloves in navy.

Bruyeres shows small hats with shallow round crown and roll brim. Cuff brims also are used. The popular top trim accompanies these styles.

An attractive costume offered by Bruyeres combines an all white crepe-satin afternoon dress with an ermine-trimmed navy wool coat. One dress of dot printed organza is in brilliant style.

Blue and white and red and white are much used in combination. Black is featured for both afternoon and evening.

Born to Mr. and Mrs. Chas. Shewmake, a boy on the 5th.

Grading and drainage work underway on Throckmorton-Haskell highway to Haskell county line.

SANDALS FOR ALL OCCASIONS, STYLE

Sandals for all occasions is the desire of shoe designers who have looked over the summer trends. And the more original the material out of which the sandal is made the better.

Sports sandals are shown in gas taffeta, suva, linen, shantung and basket weaves, combined with a touch of leather. The linen and shantung are the only fabrics used alone. Buck, calfskin kid are the predominant leathers.

But bright colors combined with white will be in good taste this season—red, green, blue and the pastel shades may be used for striping, piping and beels of the new spectator sports shoes.

And for evening sandals so out out that you practically have no show at all will be the rage. These will be shown in every possible fabric to match your gown.

Epaulettes New Effect in Silhouette Gowns

The slim, soldierly silhouette is certainly the darling of the French dress-makers this season. Epaulettes in some forms or another and trim, strict lines convey the wooden soldier effect.

These are sometimes designed simply on top of the shoulder seem to tip the point, but more frequently lap over into short tabs. Reminiscent of Elizabethan shoulders in one instance, the motif changes to a twisted roll of the material.

A tiny jacket closing in sharply at the waist assembles a corset, the brief jacket worn by the French peasant woman. It comes in velveteen and is worn over a fine wool frock. Short cap sleeves over long ones give width at the shoulders.

Brownfield, Texas West Side Square

A SUGGESTION THAT CANNOT BE ACCEPTED

Occasionally one has a suggestion offered which cannot be accepted, even though it has a lot of common sense packed in it.

The News had just such an experience this past week, when a certain citizen commented on the News' Most Useful Citizen Contest for 1931, and while giving the idea his commendation, yet he suggested that the News conduct a similar contest for the discovery of the Most Detrimental Citizen for 1931. The gentleman urged that his idea was not a hoax, but that such a selection would point a moral, and having done so, might be the means of waking some people up to their duties to their community and their fellows.

We can see the good that might come from such a project, all right, but here and now this editor openly declares neither he nor The Clarendon News will ever stage such a contest. We doubt the winner of such an event would be overjoyed at his selection, or discovery, and there might be several unfortunate results following close on the heels of the announcement of the Most Detrimental Citizen.

And yet, Clarendon, this community—all communities—have every twelve month some certain resident who has justly earned the title of the Most Detrimental Citizen.

God save us from his kind, and may his tribe decrease.—Clarendon News.

The 21 years old son of Mrs. Singleton of the Wellman section was operated on for appendicitis at the Emergency Hospital here last Sunday. He was still doing nicely the middle of this week and will likely be out in a few more days.

The Rotan Lions Club seems to us to have an absurd sense of levity. They had the undertaker to march in their meeting place, with a casket, and all were asked to march past and view for the last time perhaps old Mr. Pessimism. A looking glass in the bottom of the coffin of course showed each Lion who old Pessimism was.

We note that the home economics class at the Tech College are getting real practice in teaching this subject in the Slaton and Lubbock schools under the supervision of their instructors. Miss Mamie Sue Flache of this city is in the class.

CHURCH OF CHRIST

Due to the giving away of the flu and pretty weather, the attendance has increased considerably the last few Sundays.

We were made to rejoice last week when another lost soul was saved. We are hoping and praying that many more will follow his example, and obey the gospel before it is too late.

The outlook for a greater work is the best since I have been here.

Brother Price will be with us again in August at which time we are expecting many souls to be saved.

Services next Sunday will be as usual, except I will preach at Needmoore school house 3:00 p. m.

Come with us and we will do thee good only."

R. P. Dreannon.

MOVIES SHOW US AT WORST

Practically all of the stories about newspapers which are written for the screen of today, show the worst side of the business that can possibly be dug up. They are anything but truthful depictions of the modern newspaper. They are giving the public a wrong impression. Possibly the newspapers might find it necessary to retaliate. There's a world of material if the newspapers once start.—The Colorado Editor.

Agricultural regional supremacy usually rests with those sections securing high acre yields, whether due to a gift of Nature or to the managerial skill of man.

Poet Laureate

Smiling Judd Mortimer Lewis, the Houston Post's bard, who has been chosen poet laureate of the state of Texas to fill an honorary post created last year by legislative act.

Ethelyn Nelson, 19 months old daughter of Mr. and Mrs. Herbert Nelson, of Lamesa, was drowned in the rain water barrel or tub one day last week.

Wife—"What makes you so late dear?"

Husband (who is a barber)—"Before leaving the shop, I decided to take a shave, and before I realized it I had talked myself into a haircut, shave and a shampoo."

Where Rice Straw Will Make Paper

Here is the huge paper-making plant at Orange, Texas, recently acquired by the Commercial Pulp and Paper company, which has devised a means of making paper from rice straw and will utilize Texas rice straw on a large scale for making paper in this plant. Texas rice growers have long sought a market for their straw and consider this new process a boon to the industry.
