## What's The Matter With Texas? Believe it Or Not— Chicken Had Big Liver

By S. W. Adams—Room 65, Driskill Hotel, Austin

One cannot watch the Legislature mill grind, and then sift the meal thru his hands without concluding that law-making is one of the major troubles in Texas. Our fathers had but one thought when they found their course was contrary to law—they changed their course to conform to law. Their sons have but one thought when they find their course contrary to law—they change the law to conform to their course. That's why our statute books are cumbered with damnable, restrictive, unconstitutional, uneven-handed laws.

I am convinced that Texas would be infinitely better off IF the 43rd Legislature would repeal every law passed since 1900, and then adjourn for an even ten years.

Another trouble: The attention of the Legislature and the people has been centered on governmental appropriations—always one crowd crying for more, the rest of us crying for less.

It is useless to cry economy as long as extravagance can be met. Instead of looking for new sources of taxes that extravagance may be continued, cut down the sources of taxes, and extravagance will disappear.

The battle royal is on here with the army of the people under cover. The lobbyists of every special interest, not only in TEXAS but in the United States, are here using every device known to lobbyists to put the sales tax over.

Any man who will unselfishly think thru this sales tax proposal will turn it down on every ground save expediency, and when he looks back to 1765 and ahead to 1965, he will flee from it, for as sure as there is a god of industry, this sales tax consummated will destroy the last vestige of universal property enjoyment, and turn our constitution to naught.

Its proponents plead that we must take the tax burden off the small home, small ranch, and small farm, with sickening regularity; yet in 1930 the United States census reported only 871,378 farm owners in Texas, with 1,243,154 tenant farmers.

More than fifty per cent of these farm owners live in towns and cities, while fifty per cent of the residences in cities are occupied by tenants.

These tenants have from time immemorial, paid all taxes, upkeep and profits to the land lord.

There was no complaint so long as that was true, but now since only seven per cent of the people own 90 per cent of the real values of America, they have billions in real values that are non-revenue bearing, and they can't pass the tax burden on. That's why the sales tax is proposed in every state in the union now.

If you will come to Austin and note that every lobbyist of wealth and special interest is for the sales tax, then you will begin to understand that this cry for the lifting of the tax burden off the backs of the small farm, small ranch and small home is the hypocritical cry of the rich that they may shift the tax burden from their hoarded wealth to the backs of the poor.

Let's look at just two of these lobbyists: At the head of the list, the dean of Texas lobbyists, is Brigadier General Jake Welters, who headed the East Texas military outrage and drew \$625 per lunar month from Texas, drew down at the same time large salaries as counsel, lobbyist etc. for Texas (oil) Company and Pullman Car Company, while doing a lucrative private law practice.

There is H. M. Richter, head of

Most people love chicken livers, but we saw one Saturday that we were quite willing to pass up. It was an enlarged one. We knew that humans sometimes were afflicted with this disease, but thought it was confined to them, but S. W. White has proven that chickens have the disease too, and that it is possible for a chicken to have a liver that will weigh almost a third of the gross weight of the chicken. Mr. White was down Saturday and brought the liver which had been preserved in formaldehyde.

He informed us that the hen was a small leghorn variety, and that he did not suppose that she would have weighed over three pounds when she died, but she was carrying a liver that weighed seven-eighths of a pound. It almost entirely filled a quart fruit jar. Mr. White became curious and dissected the fowl when she appeared to have an ailment unlike any other sick chicken he had ever had.

Mr. White informed us that he was carrying the liver to Lubbock and would present it to the animal husbandry department at Tech College to see if there was a remedy for the disease, and whether or not it is contagious, or will likely become prevalent.

## "Show Me" State Puts OK on 21st Amendment

To old Missouri went the honor of having been the 36th or the necessary three-fourth of the states to ratify the 21st amendment what is generally known as the lame duck amendment. It is said that several other state legislatures were in session and getting ready to give it their okay, but the Missourians put everything else aside and put the finishing touches to it. Of course other legislatures may ratify anyway, but it will become a law this fall without the action of any more.

This will mean that hereafter there will be no more sessions of congress in December, January and February following elections in November, in which will set senators or congressmen who have been defeated for re-election. Instead, the new congress will meet and be sworn in in January instead of March. The president also will be sworn in during January instead of March 4th as heretofore. Thus ends an old law that was handed down to us during the stage coach era, when it took many of the legislators from November to March to get to Washington.

Southwestern Settlement and Development Co. He is for the sales tax. His company holds around a million acres of cut-over lands in southeast Texas—and the taxes on these non-revenue bearing lands are burdensome.

When you find these birds with every railroad lobbyist, every light & power lobbyist, every oil and sulphur lobbyist, every special interest lobbyist, ever life and fire insurance lobbyist, lobbying for a bill, the common people can never in opposing that bill, be wrong.

The big (Only in circulation) dailies are for it. The press bureaus are for it—they are owned by the forces of greed. They have been laying the predicate for this sales tax, for years.

If Texas passes this proposed sales tax, it will have lied to the masses. The people were promised relief from the tax burden. Instead they are offered a heavier tax burden, in a different form.

The poor are told they may escape the tax by not buying.

Let's meet the Governor's challenge to suggest a better tax than a sales tax, by demanding that advalorem taxes shall be equal and uniform, and there shall be an income and an inheritance tax that will increase in the higher brackets.

Pass this sales tax and take off all advalorem taxes, and, by 1940, farm and city tenancy will have increased until 95 per cent of the people will be living under a rented roof, and home ownership will have dropped to a negligible few.

## City Putting Down Another Water Well

Work was begun last week on another water well just like the original, but it will be several blocks from the other. It will be situated on the east side of Fifth street on a lot the city recently purchased, between the American Legion Hall and the City Tabernacle. The water will be pumped into the main that runs down that street instead of into the reservoir as in the case of the other well. The well is being dug with R. F. C. funds and will give several men work.

Up till two months ago when our city population of 2000 was increased by six thousand more, our one well was sufficient. Yes, we have a boom on here in Brownfield despite the depression. Our population has increased 200 percent in the past 50 days. But they are steers from the Babacora ranch in Old Mexico, and while they may have had plenty of other stuff to drink in their native country, these fellows have all gone on the water wagon in Texas. And do they drink it? Boy, they are gluttons for H<sub>2</sub>O.

And as warm weather comes on, they will consume the more, as they get fatter and heavier. It is believed by Mayor W. A. Bell that the well will be finished and the water ready for use in 90 days, or by the time people are using it for their lawns and gardens. If the new well, which will be eight feet square until some 20 feet above the water, furnishes as much as the other, we will be well supplied with water for all purposes including the 6000 visitors, and other feeders of several hundred cattle, sheep and hogs that use city water.

The old well will furnish a 250 gallon per minute flow all the time, but flickers when both 250 gallon centrifugal pumps are turned on it. It may just be possible that the new well will be stronger than the old one. We know that there is often a vast difference in two wells here not more than 100 yards apart. For instance, the old Santa Fe well tested 500 gallons per minute for 24 hours without showing the least sign of failure.

Anyway, when the new well is finished, it will be possible to run both pumps continually, if necessary, which will mean a capacity of 720,000 gallons of water every 24 hours.

## Correspondents—Get Your Letters Off Mon.

Again we wish to call the attention of our rural correspondents to the fact that it is very imperative that they mail their letters to us each Monday morning in order that they reach us in time to go in that issue of the Herald. If they lay over a week, they are no longer newsy—it has become stale news.

We have had some experience ourselves as a country correspondent, and we know that most of the news of a rural community happens over the week end, and we always made it a rule to do our writing Sunday night from notes made during the past week and mailed early Monday. In this way we would never miss an issue.

Please help your community and a hard working country paper force by getting your letters in the mails Monday mornings.

## Sacred Harp Singers To Meet at Pride Sun.

W. P. Elmore of west Terry was in last week and informed us that the old harp singers of Yoakum, Terry, Lynn, Lubbock, Dawson and Gaines counties would meet the 5th Sunday, (this coming Sunday) at the Pride school house in Dawson county. The best way we suppose for Brownfield or Terry county people to get there will be to go to Lou, east to Shacktown and on east about three miles further to the Pride store and north to the school house about a mile. There are nearer ways to go via Union school house, but we do not know the condition of the roads.

Mr. Elmore stated that the six counties had never decided on a name as yet for the association, but that it would be decided on and named at this meeting Sunday. Also, this is the first meeting of the entire association since organization last summer. Dinner will be served at the noon hour to all visitors.

It will be remembered that Brownfield or Gomez is to entertain an all west Texas gathering next summer of Harp singers, which will probably be held under the city tabernacle if the weather permits.

## Notify Us When You Change Address

Under a new ruling by the post-office department, all papers that cannot be delivered to the address thereon, are bundled up and sent back to the publisher and he has to pay 1 1/2c for each of these papers sent back. In view of the fact that a publisher has to sell his paper at and below cost, he cannot afford to have many returned to him.

We are this week printing a notice to postmasters on all our single wrapper papers to destroy same if not deliverable. Therefore, if you change your address and expect the postmaster to notify us, you are barking up the wrong tree.

So the safe plan is for readers, when they change their address to get a 1c post card, tell us thereon the new address as well as the old address, and we will do the rest.

## Local Motorists Pleased With New Conoco Gas

Dealers as well as users tell us that the new Bronze high test gasoline being put out by the Continental sure has the "IT" to it. It is said to be of a bronze color, high volatility, gives a fine pick up under all conditions and almost free from knocks.

This gas was put on sale here this week by all Conoco dealers, and they are asking that you call at one or the other of their stations the next time you need a fill and try a real gasoline.

Last year at about this same time they brought out their germ processed oil, they put on their contest about the hidden quart of oil. Note the big ad this week telling you about another big contest.

F. B. Condra Jr., was in last week to get his 1933 reading matter, and chose the Herald, Farm News and Pathfinder.

## Cowboy Actor Is Busy Trying to Dodge Work

"Too Busy To Work" Gives Comedian New Type Of Role

Will Rogers will be seen and heard in a new type of role when "Too Busy To Work," his latest Fox picture, comes to the Rialto Theatre next Sunday to remain for 3 days. Rogers has been seen on the screen as a plutocrat, an ambassador, a successful business man and in various gilded surroundings in his previous pictures, but in "Too Busy To Work" he appears as a wandering vagabond without a place to lay his head.

This role is said to afford him opportunities for both comedy and pathos that he has never before enjoyed in a film.

The love interest in the picture is furnished by Marian Nixon and Dick Powell. Miss Nixon recently scored successfully in "Amateur Daddy," "Rebecca of Sunnybrook Farm" and "Winner Take All," but Powell is practically a newcomer to the screen. He comes from the New York stage and made his film debut in "Blessed Event."

Others in the cast are Frederick Burton, Douglas Cosgrove, Constantine Romanoff, Louise Beavers and Jack O'Hara.

The picture was directed by John G. Blystone. It is based on Ben Ames Williams' intriguing story, "Jubilo," and was prepared for the screen by Philip Klein and Barry Connors.

## Pretty Well Fixed Farmers Apply For Aid

In conversation with one of the committee here that dispenses R. F. C. aid, he informed us that it would be surprising to us the number of what everyone considers good farmers that are applying for this help, and they could not possibly qualify for it. It is our understanding that a fellow really has to be in want of food before he gets aid, and then he has to do labor for it at 12 1/2 cent per hour. It is not handed out in the form of charity, unless the applicant can show that he is not able physically to do any work.

This better class of farmers who have applied have, we understand, been told that they will have to do just like the rest of us, feed themselves as long as their yearlings, hogs, chickens and what have you, roam around their feed pens and stack lots. We know it is a hard row to hoe to some who were hailed out and never made a bale of cotton, but when we see men on the streets working hard for a dollar a day to feed his family, and every mouthful depends on this labor, the rest of us that can provide from our pantries and barn lots should be thankful.

So let us who possibly can provide some other way, and let those in absolute want have what little is to be doled to them for their labor.

## District Court Grinding Away Here This Week

During the first part of the week some civil cases were tried and disposed of. Also at least one liquor case in which a man was accused of making liquor or having in his possession apparatus for the manufacture of intoxicating liquor. This still was found at different places in the southwest part of the county near Seagraves, we understand. The evidence was not sufficient for conviction, and the man was freed.

The trial of the former officers of the Seminole State Bank that closed about two years ago, was under way Tuesday, and it was thought that it would probably consume most of Wednesday, if not all the day. The Seagraves bank robbery cases were to come up Thursday of this week.

## NEEDMORE PUTS ON PLAY AT HARMONY

Saturday evening at 7:30, the play "Mary Did" will be presented by Needmore school, in Harmony school building. Everyone cordially invited. No admission charge or collection.

## Good Roads Meet Called For Lubbock Today

A. B. Davis, manager of the Lubbock Chamber of Commerce, has sent out invitations all over this district for a meeting in that city tomorrow to discuss roads and highways as concerns this section. It is the desire of Mr. Davis to have a good representation from every part of this territory, which is known as the South Plains road district.

It is believed that some effort, whether successful or not, will be undertaken by the present administration to split the highway funds, which will also cut Texas part of the Federal funds when our State highway funds are cut. It is the desire of those who want good roads at State and Federal expenses to stop this move if possible.

Good roads construction in this part of the state has just begun to get under way, and if the highway funds are divided three ways, as it will take about all that is left to repay counties in central and east Texas for roads already built.

It is believed that the gasoline tax should remain as it is until all sections of the state have some all weather roads at least. The less state money we have, the less the Federal appropriation for us. We hope there will be a good delegation from Brownfield and Terry county at the Lubbock meeting, where plans will be thoroughly discussed.

## Conoco Offer \$10,000 In Cash Prizes

Ponca City Okla., Jan. 24.—Accepted as an expression of confidence in the business outlook for 1933 was announced here today by Continental Oil Company of the approval of the largest advertising budget in the company's history, coincident with the release of an advertising campaign announcing a \$10,000 prize contest in connection with the introduction of Conoco's new bronze high test gasoline.

"Not only will the 1933 advertising budget be the largest in the company's history," said President Dan Moran, "but the major portion of the appropriation will be devoted to the purchase of newspaper space."

The \$10,000 prize contest, which is being announced today in newspaper advertising throughout the country offers \$5,000 as a grand prize for the best name for Conoco's new bronze gasoline, and \$5,000 in 74 cash prizes for the best slogans describing the merits of the new high test gasoline. The contest, opening today, will close February 26.

## Lynn And Terry County Sheriffs Get Big Still

Tahoka, Jan. 21.—B. L. Parker, Sheriff of Lynn county, begin 1933 by capturing a huge still with more than a dozen gallons of corn liquor and 17 barrels of mash. Five men were held for the grand jury in bonds of \$1,000 each.

Sheriff Parker was advised by Sheriff Jess Smith, new Sheriff of Terry county, of the probable location, several miles east of the Terry county line. The men arrested were, Hollis Roberts, R. O. Johnson, R. H. Gibson, Truly Bounds and William Reed. The grand jury that meets in February will act on the case.

According to reports, the still was the first found in operation in Lynn county in some time.

## FERGUSON INAUGURAL ONLY COSTS \$133.12

Austin, Jan. 20.—The house of representatives today learned that the inauguration of Gov. Miriam A. Ferguson for which is appropriated \$500 had actually cost \$133.12. The house adopted a resolution thanking officials for their economy.

Mrs. Joe Chisholm was brought home last week from the Sanitorium at Carlsbad improved in health. She will have to remain in bed at home for several months, and not talk above a whisper.

And while we are writing these hot editorials, we just as well remind you for the tenth time in the last 24 years that you just have until next Tuesday to become a qualified voter in the State of Texas—County of Terry. There may be some hot elections in which to give your poll tax receipt some good, wholesome exercise.

Well, we got two sandstorms last week, Tuesday and Saturday, and started with a pretty good one Tuesday of this week. We have about quit having our weekend rains, and these old sandstorms remind us that we are still in old Terry. But while we were having these dusters that one can avoid by staying indoors, down in east Texas and Oklahoma they were having some of those old twisters that have no respect for life or property. Several were killed and about 30 injured besides a property loss that will mount high. We'll still take the dusters.

There is a little State Bank in our neighboring county, Lynn, in the little city of Wilson that is to be complimented in this time of dire depression. It has on deposit more than \$85,000, does not owe a penny, and its loans have been cut to just a fraction over \$8,000. Of course they are making no money for their stockholders, but they are certainly in a solvent condition. That community made a good crop last year, but had two or three lean years of late. But it is made up of good robust German-American and pure English-American stock, who live at home and board at the same place.

State Auditor Moore Lynn says that the Confederate pension fund is decreasing at such a rapid rate that there will be a deficit of at least \$6,800,000 by 1935, and that it will be impossible to pay these old soldiers or their dependent widows anything, as the warrants will be worthless. His reason for this gloomy outlook is decreased and delinquent taxes and small homestead exemptions. But if we remember aright, last summer when the battle between Sterling and Ferguson waxed hot, Mr. Lynn led us to believe that the state finances were in blooming shape. In fact, 100 percent solvent.

Hijackers got in their deadly work at Tulia the other night, when they killed the Sheriff of Swisher county. Feeling over the matter is said to be running high, and if the robbers are caught, it will take a bunch of "law" to protect their dirty hides. If those Tulia people had any idea that some sob sister, spineless specimen of the sex called man, didn't get on the jury and give them a light sentence if not set scot free, they would pro-

bably be quite willing to let the law take its own course. The gentry such as lay the Tulia sheriff low, always go prepared to kill and will kill rather than submit. They approach you ready and willing to take your life if you do not give them your honest earnings, and juries that will give such animals less than life ought to be kicked out of a court room, and the shyster lawyer that will defend them should be sent to the pen too.

The day when the sun turns back from his dreary journey toward the South Pole, and gives us a few additional minutes of daylight, is one of the most welcome of the year. We want him for a near neighbor and we miss him while he is hovering over his Antarctic haunts. The short days of winter are days of physical troubles, and the doctor's telephone continually rings while we yell for his calls. In all cold climates, a distant sun means over-heated houses and poor ventilation, and these are the conditions in which disease germs flourish like insects in a stagnant pool. It is not strange that primitive races worshipped the sun as the benefactor from whom all blessings seemed to flow. We should build our houses to admit all we can of his stimulating rays, and should stand tingling cold and fretful winds rather than fail to get out every possible day into his invigorating rays.—Winkle Herald.

Most of you read an article a week or so back where there was a serious rioting of Iowa farmers when a man's farm was put up for sale that was being foreclosed by a New York life insurance company. You will also remember that this farm was bid in \$3000 lower than the mortgage against it. This was done so that the insurance company could hold a claim over the man if he ever accumulated any other property. Well, those 500 farmers got so rank that they hogtied and guarded the "law," and were fixing to string this New York representative to a tree that was probably as high as the hanging platform that was said to have been built for Hamon. But he got busy by wire and was authorized to raise his bid and clear the farmer of future mortgage. Now, this same company is one of the several eastern companies that are asking the Texas legislature to repeal the Robertson Insurance Law. Most Texans know that the Robertson law was made some 20 years ago, and its provisions were that 75 percent of all money derived from insurance business in Texas, was to be invested in Texas. Several big insurance companies quit the State. Some stayed. But courageous Texans arose and organized both fire and life insurance companies with Texas capital. These companies have not invested just 75 percent of their earnings in Texas, but 100 percent. As time went on, they became stronger and became well able to care for Texas business with the help of the few foreign companies that stayed in Texas. This money was loaned to policy holders, to loan companies and others who wanted to build up Texas. Now these outside companies are asking us to repeal this law so that they can come in and exploit our State and send the money back to New York. True Texans should fight this proposal until hell aint bigger than a chinch.

**Red Goose—The Ojibwa**

An Indian Story for Boys and Girls  
By Carlyle Emery

(Synopsis)

Red Goose, son of Red Eagle, the good Ojibwa Chieftan, has been trapped by a prairie fire, with little Betty Roberts, daughter of the Commander of Fort Ridgley. Red Goose soaked a blanket with water and covered Betty and himself with it, as the flames swept on and over them. Back at the Fort, Captain Roberts and Red Eagle are gravely worried over their children, whom they feel sure must have perished.

This section of the story should of run last week, instead of the one that did run.

The back-fires were started and so it wasn't long before the prairie fire was put out; and as soon as things had cooled down a little, Red Eagle and Captain Roberts rode out with little hope they would find their children alive.

They started toward the river and every little while Red Eagle would call as loudly as he could, and then they both would strain their ears for an answering cry from Red Goose.

The brush was burned to black crisp and many of the trees looked like quant skeletons, assuming queer shapes and seeming to mock the two grief-stricken fathers who rode side

"Betty and Red Goose are Safe"

by side with scarcely a word between them.

Finally, Captain Roberts spoke. I'm afraid even your brave little son couldn't save Betty from the great fire that has done so much damage. He was a fine lad, Red Eagle—we shall miss him."

"If Red Goose dead—it must be," answered the Red Man simply.

But Red Goose and Betty were not dead. To be sure, they nearly suffocated from the smoke and the weight of the water-soaked blanket, but as soon as the fire had passed over them, Red Goose had pulled Betty down to the very edge of the river, and there they were safe and sound when they heard Red Eagle and Captain Roberts calling to them.

Red Goose called back quickly and in almost less time than it takes to tell it, Betty was in her father's arms.

"I'm not a bit hurt, Daddy," she said. Red Goose saved me."

"But how, Child?—How?" "Red Goose wet blanket in river and cover little pale face squaw 'til fire go by," answered Red Goose.

"But what's this by the blanket? Good gracious!—it's a dead black snake!"

"Yes, Daddy—Red Goose killed it when it tried to get under the blanket with me."

Up to this time Red Eagle had said nothing, but now, standing up proudly, he spoke.

"Red Goose do brave deed. Red Eagle proud of his son. Tribe give Red Goose two eagle feathers with

notch on end—one for saving little pale face squaw, and one for killing snake."

Red Goose tried to smile through the dirt and blood on his face, but the effort was too much, and with a low groan, he fell to the ground in a dead faint.

**THE WORKMAN WHO SAVES**

NEED NOT FEAR PAY-CUTS  
AND SHORTER HOURS

Magy a working man's family today would have a hard time breaking even—except for the dollars they can draw from their savings account. They put them there against a rainy day—and now that the rainy day has come, they are thankfully using them! This bank has never failed a depositor in all its many years of existence, and with its present conservative and safe management there is no danger of its doing so in the future. Why not bank here? ## Forrester Items

The Forrester P. T. A. carried their play to Union last Friday night. They had a fair crowd, and they all enjoyed it very much.

Mrs. Frank Drury was called away last Tuesday, to the bedside of her father, Mr. R. C. Hightower, who is very low.

The Forrester boys did good in the tournament that was held at Brownfield Friday and Saturday.

Mr. and Mrs. Fulton, Harold and Bonard Stice visited with friends at Lubbock Sunday.

Misses Faye and Irene Washmon and Claudie Smith spent Sunday with Miss Helen Rogers.

Mr. and Mrs. Baldwin, Mrs. Zachary, Mr. and Mrs. Ragsdill, Mr. and Mrs. Jay Jones, Misses Elma and Bertha Baldwin, Opal Zachary, Clydene Polk, Hazel Ragsdill, Cleo Chambers and Mr. Roy Ragsdill, visited in the home of Mr. and Mrs. Crone Sunday.

Mr. and Mrs. Thomason and daughter, Grandma Thomason, Misses Velma McClish, Viola Brown, Geneva Bryan and Naomi Drury and Mr. James Warren spent Sunday in the home of Mr. and Mrs. Charlie Warren and family.

Miss Hazel Ragsdill spent Sunday night with Miss Opal Zachary.

The party at Hagan's Friday night was enjoyed by a large crowd.

Mr. and Mrs. Washmon, Mrs. McBroom and Mrs. Smith visited Mr. and Mrs. Forrester Sunday.

Mr. and Mrs. Crone and family are moving to Arkansas this week.

Miss Naomi Brown spent Saturday night with her cousin, Miss Viola Brown.

### CARD OF THANKS

We take this means of thanking our friends and neighbors for their love and sympathy in the loss of our darling wife and mother, Mrs. Donnie Smith. Their kind words of hope and love will ever dwell in our hearts a precious memory.

Mr. I. M. Smith and children.

## Lou Whirlwind

We sure are getting anxious for our report cards and we are going to get them on Monday, January 23.

There was a singing at the school house Sunday night. There will be a singing convention Sunday and lunch will be spread. Everybody is invited, if they bring a lunch. It will begin at 10 o'clock.

Mrs. Baker and daughter and also Mr. Gaines and family, visited Mr. Meeks and family Sunday evening.

Mrs. King, Mrs. Castle and Mr. Jones and family visited Mr. Lunners Sunday.

The ones that attended the county tournament at Lamesa from here were Arnet Davison and his sister, Opal, Mrs. Baker and daughter, and Louise Stokes.

Mrs. Meeks, her daughter, Peggy, and her son, Jack, were shopping in Lamesa Saturday.

Mr. Johnson and family were shopping in Brownfield Saturday.

### Jokes

Led said he sure did dread to get his report card because his Pa has a new razor strop at home. Loy got him a new V-8 Ford, but he said he sure did hate to give up his model T because when his girl wanted to sit close to him she hung her foot on the gear shift.

(Arvis who was always talking to Opal.)

Teacher: Arvis let's don't talk. You go and see Opal Sunday and get your talk over with.

Teacher: (Next Monday)—Arvis did you go and see Opal Sunday.

Arvis: No, I didn't because I could not think of anything to say.

### CARD OF THANKS

We take this means of thanking the people of Brownfield for their love and sympathy in the loss of our darling sister and aunt, Mrs. Donnie Smith. Their kind words of hope and love will ever dwell in our hearts a precious memory.

### Recital Thursday and Friday Night

Mrs. Dallas is giving a recital for her pupils Thursday and Friday nights, 26th and 27th, at the High School Auditorium, 7:45 P. M. Having a part on the program will be the "Little Singers" club, High School Girls Glee Club, Girls Quartet, piano and voice students.

Miss Eileen Ellington will play her program on Friday night and will receive her Music Teacher's Certificate. Everyone is invited. No fees.

### Meadow Defeats Brownfield High

Thursday night the Meadow quintet defeated the Brownfield High School boys 23 to 19. The local boys started by making the first score and continued to lead throughout the first half of the game. After numerous failures to make close range baskets, both teams settled down somewhat after the first period and played a better game. The first quarter ended with a score of 4 to 3 in favor of the local boys.

Brownfield opened the second quarter by making two baskets in succession. Meadow then scored a basket only to let the Cubs again score and take a larger lead. The half ended with a score of 14 to 9 in favor of Brownfield.

Meadow came back in the second half determined to over come all the Cubs had accomplished. Moorehead of Meadow did that very thing for Meadow when he sank three baskets and put the Meadow boys in the lead. A close game continued throughout the third quarter.

In the fourth quarter Meadow settled down with a narrow lead and had the big end of a 23 to 19 score as the game ended.

### Friday Night's Game

B. H. S. boys went to Meadow Friday night for the second game of the county championship play. Again the local boys dropped a hard fight to Meadow with a score of 29 to 19. This ended the championship play with Meadow county champs. Here's hoping that you folks do a good job of representing our county in the district play. Luck to you.

### Local Students Play Over K. F. Y. O.

Sponsored by Miss Rasco, several local students played over K. F. Y. O. at Lubbock, Saturday, January 21st. The program was as follows: Jane Brownfield, solo; Val Moyce Burnett, vocal solo; Mildred Adams, musical jokes; Marguerete and Baylor Hale, duet; from Grade School. Queenelle Sawyer, solo; La Rue Barrier, solo; from High school.

### Girls Basket Ball

The girls played Seagraves Thursday night for first game on local court. The game was very fast one during first half; score ending with 28 to 14, in favor of Brownfield. The girls started off in second half playing a very fast game. The passing was very good. This made the game more interesting. Game ending with Brownfield 51 and Seagraves 25. Everyone remember Friday and Saturday the girls will play Meadow for County championship.

One time an old Scotchman and an Englishman were discussing their family tree. After the Englishman had related his family history the Scotchman began to relate his.

Scotchman: 'My family runs away back into antiquity.' 'It is a very, very, old history and is recorded in five volumes.' 'About the third volume over in the manorial side is a note that says, "about this time the world was created."

## Sound Your Horn

Sound Your Horn, was given in the high school auditorium last Friday night, January 20th. The play went over with a big success, although many people were out of town. Mrs. Penn, the director, is thinking of giving the play again for the benefit of those which were out of town. It was a three act comedy with many laughs. Mr. James Harley Dallas was a very successful lawyer and Mrs. Homer Winston made a perfect typical old maid. The date will be given later, if it is decided on for the next time the play will be given.

### Sphinx Club

The Sphinx club enjoyed a program rather different from any of the rest which consisted of current events as follows:

Ma Ferguson—Sally Stricklin.  
World's Greatest Play House Opened—Wilma Frank Dunn.

Future Highways—Bill Savage.  
Pyramids—Queenelle Sawyer.

French War Debts—Irene Adams.  
Supreme Court—Sidney Wheeler.  
Train Wreck—Lois White.

Advantage of Dogs—Jocelyn Lamberts.  
Conditions in Europe—John Jr. McLeod.

Titantic Bridges—Irene Jeter.  
Railroads—Marie Gracey.

The club is progressing nicely. Still living up to their aims that they made at the beginning of school and hopes to continue to do so.

### Suggested For A Cold Morning

Farmer courtassel had just retired and moved to town. In the morning after spending the first night in the new home his wife said: "Well, Paw, hain't it about time you wuz getting up to build the fire?"

"No, siree," replied the old gent. "I'll call the fire department. We might as well get used to these city conveniences right now."

Mary D.: "My husband gave me a guinea pig for my birthday."

Martha: "Just like him!"

Mary D.: "What! Have you seen it?"

Martha: "I suppose you were nervous when you first asked your husband for money."

Mary D.: "No. I was calm and collected."

### Upholding Preparedness

A student failed in an exam. in all five subjects he took. He wired his brother. "Failed in all five, prepare papa."

The brother wired back: "Papa's prepared. Prepare yourself!"

Mrs. Adams: "My Kyle has just swallowed a fifty cent piece."

Neighbor: "Dear me, is he in danger?"

Mrs. Adams: "No, thank goodness, his father's out of town."

## Texas Wool Industry

By W. E. TALBOT

Editor's Note.—This is the seventh of a series of articles dealing with the possibilities of the wool industry in Texas. Colonel Talbot, managing director of the Southwest Industrial Development Bureau, is an acknowledged authority on the subject of industrialization in Texas.

### STORY No. 7.

Copyright, 1932, Southland Life Insurance Co.

Today we are shipping our wool "in the grease" to New England, paying freight rates on approximately 40 per cent of dirt and grease. Here the cloth is manufactured and the three units of men's clothing and overcoats and women's suits are shipped back to us. Under normal conditions for every dollar we get for wool we pay \$8 for the finished product, which loss is reflected in salaries and labor among our own people.

We have been told that wool cloth could not be manufactured in the South because of climatic conditions; that we do not have skilled workers, and that we could not create styles that would sell. I was told that I was just a plain and fancy darn fool when I suggested that it could be done in Texas. Of course, the man who made this remark was an Eastern manufac-

turer. So I accepted it as a challenge and went about to ascertain whether or not it could be done. In a short time we had two concerns making 700 suits a week and there were sold from twenty to thirty-five a day. We have today in Texas as cheap power as is obtainable in any State in the Union. In addition to this, there are oil, gas and lignite. We have long, light, working days; adequate transportation; intelligent labor, and last but not least, a market in Texas of 6,000,000 and in our actual trade territory, of 12,000,000. In other words, the only thing lacking to make a success of this industry has been initiative.

In addition to it all, we produce the raw material itself, and economic management has shown that success, under present conditions, can be achieved only by those manufacturing plants close to the source of raw material.

—From The Dallas Journal.

## BIRTHDAY DINNER

Bill Collins came down from Lubbock and was honored with a birthday dinner Sunday, given by his parents, Mr. and Mrs. W. H. Collins. A three course turkey dinner was served to Messrs. and Mesdames Self, Cruce; and Messrs. Adolphus Smith, Wilson Collins and Bill Collins.

Mesdames John Scudday Sr., John Scudday Jr., and Anna Bell, from Lafarce, are visiting relatives in Brownfield this week.

## MITCHELL—HURST

A wedding last Monday came with much surprise to friends of Mrs. Vada Hurst, when she and Mr. Mitchell drove over to Lovington and were married. Mr. Mitchell travels for the Federal Livestock Sanitary Commission, and has property in other states.

Mrs. Hurst has a host of friends in Brownfield that wish her every happiness. The happy couple left immediately for Sterling, Colorado, where Mr. Mitchell has a beautifully furnished home, although they will be travelling most of the time.

Mr. and Mrs. L. E. McClish made a business trip to Mexico Tuesday.

## MRS. R. M. KENDRICK HOSTESS

Eight members met at the home of Mrs. R. M. Kendrick last Friday and enjoyed several games of 42, when she entertained the Friday 42 club. Mrs. Holgate drew high and was presented with a powder box. A salad course with hot tea was served.

Mrs. Clint Rambo was hostess to the Priscilla Embroidery club Wednesday, January 25th.

## SUNDAY SCHOOL CLASS PARTY

Mrs. Downing was hostess to her Sunday school class of 12 girls Tuesday afternoon. Games were played. Refreshments of cake, cocoa and chewing gum were served. The class was 100 percent with one new member.

Mr. W. B. Toone will entertain his Sunday school class on Thursday, January 26, in the evening, at his home. Several other class parties are being planned with in the next two weeks.

The Woman's Missionary Society did not meet last Monday. The Jubilee Society met with Mrs. Coleman on Thursday of last week, and will meet with Mrs. Dave Finney this week.

## "NEW BRIDE HONORED"

Mrs. Uyless Graham, a recent bride was complimented on Saturday afternoon when Mesdames Bowers, Lees and Bell entertained in the home of the latter.

As soon as the honoree arrived, hot punch and fudge rolls were served. Plate favors were miniature bridge.

The program for the afternoon was a mock trial naming Mary Handley as defendant. Mrs. Flem McSpadden acting as sheriff announced court and read the indictment. The defendant was charged with stealing the heart of "Blue Eyes" Graham. Mrs. Joe McGowan was named Judge. Mesdames Marvin Allen and James Dallas as prosecuting and defendant attorneys. Six jury ladies were chosen and five witness were called to the stand. After a short plea by each attorney, the defendant was found guilty and sentenced to the electric chair. The mask was placed upon her and a tea cast was pushed in bearing many lovely gifts. The death sentence for the bride was committed to life imprisonment with "Blue Eyes."

About thirty ladies were present.

## WELLMAN BAPTIST CHURCH

Pastor, Weaver Lovelace

The Baptist church at Wellman had preaching Saturday evening, Sunday and Sunday evening, with a good attendance; also the zone meeting of the B. T. S. met with us in the afternoon. A very interesting program was rendered by the Wellman B. T. S. The Zone meeting goes to Tokio next fourth Sunday afternoon.

The Volunteer Band at Wayland College will give a program Saturday evening and Sunday morning at the Baptist church of Wellman, next fourth Saturday and Sunday. Also give a program at Tokio 4th Sunday afternoon.

Everyone invited to attend.

## MCSPADDEN AND ALLEN HOSTESSES

A delightful party of January 16th was a miscellaneous shower honoring Mr and Mrs Uyless Graham who were married Jan. 8, 1933.

Dancing was the diversion of the evening until a late hour when Mrs Lee O. Allen asked the bride and groom to go on a treasure hunt. It led them through the Beautifully decorated home of Mr and Mrs McSpadden, out on the lawn and back through the window into the bedroom. There the couple found a cedar chest full of attractive and useful gifts.

Sandwiches and coffee were served to the following guests:

Mr. and Mrs. Uyless Graham, Bill Youree, Marvin Allen, Earl Anthony, W. R. Knott.

Misses Lou Brown, Irene Lindely, Ella Mae Butler, Maurita Bell Lucille Oliver, La Taine Eiche, Bess Thompson, Ruth Gore, Lenore Brownfield, Eunice Michie and Misses Evelyn Wells and Elsie Woosley of Tahoka.

Messrs Sylvin Tankersley, Jack Bailey, Sam Price, Sawyer Graham, Marlin Hayhurst, Fred Youree, Eddie Ballard, Spencer Kendrick, Jake Hall, Adolphus Smith and Collins.

## MRS. ADAMS BURIED AT BROWNFIELD TUESDAY

Services for Mrs. W. E. Adams were held last Tuesday at the family home with Rev. Vinson of Brownfield in charge of the rites. Scores of friends and relatives were present to pay the last tribute of respect to the wife and mother, and others joined the funeral party which went to Brownfield for interment.

Mrs. Adams died unexpectedly on Monday night at her home in the New Moore community as the aftermath of a severe attack of the flu. She was apparently well on the road to recovery when either a heart attack or a stroke of paralysis caused her death.

She is survived by her husband, a daughter, Mary, three sons, R. R., B. R. and W. E. Adams, as well as other relatives and friends.

The Index joins with other friends in mourning the passing of this splendid woman, and in extending sympathy to the family—O'Donnell Index.

Deceased had a number of relatives in Terry county, including a brother, W. A. Fulton and the children of the late H. F. Adams.

Mrs. Stricklin of this city, and Mr. and Mrs. Elmer Roberts of Seagraves left Tuesday morning for Coahoma upon information that Mr. Jess Collins, 57, a druggist of that city, had passed away. His death had been expected for some time. He is a brother-in-law of Elmer Roberts, and nephew by marriage of Mrs. Stricklin. Funeral was had Wednesday, followed by burial in the Coahoma cemetery.

G. W. Hardin, who has been in the Lahey community for the past three years, is moving his family back in the Meadow section, where the Hardin families own land.

## MUSIC NOTES

Last Saturday at 5:30 P. M. eight pupils from Gertrude Rasco's piano class were heard from KFYO at Lubbock, through the courtesy of South Plains Music Store. The pupils were complimented on their playing. The following program was given:

Fairy Harp Song—Jane Brownfield.

Duet—Marguerette and Baylor Hale.

Song—Velmoyce Burnett; Bobbie Virginia Bowers at piano.

Mossilini—La Rue Barrier.

Flower Song—Queenelle Sawyer.

Musical jokes were told between each musical selection by Mildred Adams.—Reporter.

The Presto Dining Club will have its first meeting of the new year Saturday, January 28, in the Piano Studio at the Grade School.

The following active and associate members are requested to be present:

Mary Nell and Mildred Adams, Mary, Catherine, Olivia and La Rue Barrier, Katheryn and Marjorie Sue B. num, Lucille McSpadden, Betty Jo Savage, Elizabeth Anne Smith, Sammie Gene Legg, Dorothy and Katheryn Graham, Ida Mae, Jo Pete, Ethelda and Virginia May, Bobbie Virginia Bowers, Queenelle Sawyer, Imogene Walls, Jane Brownfield, Evelyn and Virginia Alewine, Ima Smith, Velmoyce Burnett, Ruth and Mary Louise Tinkler, Marguerette, Baylor and Bernice Hale, Billie and Margaret Schroeder, Irene Baum, Gene Green, Miss Martin, Mrs. Head, Miss McCurry, Mrs. Dennis and Dorothy Harred.—Reporter.

Two very interesting basketball games were played at the local gym Tuesday night between the home boys and girls teams, and the Lamesa boys and girls teams. The Cubines put it over the Tornado Queens to the tune of 33 to 23, but the Cubs lost to the Tornados by four points in a close, well fought game, the score being 19 to 23.

## Chamber of Commerce

The latest news concerning the beginning of work on the highway from Brownfield to Hockley County, is that the contractor will arrive either Thursday or Friday of this week. He is expected to bring a considerable number of his own teams, but will probably use some good local teams. It is also said that he expects to use 80 per cent local or county labor. The above is the latest and most authentic information that we have been able to secure and is published what it is worth.

The Farmers Feed & Seed Loan, will probably be available within the next few weeks as representatives at Washington have agreed upon the amount that is to be used and the bill put up to the president sometime this week. He may or may not sign, but it is expected to have his approval. It is supposed that the loan will be handled in much the same manner as it was last year, but the regulations will be up to the Secretary of Agriculture and naturally we do not know anything for sure.

The local unit of the Regional Agricultural Finance Corporation may be in a position to take application for loans within the next few days but the committee has not been advised as to the date. This is a separate proposition from the Farmers Feed & Seed Loan and the security upon which loans may be had is somewhat different from the Farmers Feed & Seed Loan.

A marked copy of a paper received by this office, informs us that the John W. Moore Construction Company, who recently received a franchise to furnish gas to the City of Lubbock, will commence the laying of about 100 miles of gas line between Lubbock and a point somewhere in New Mexico, within the next few weeks. It is stated that all of the work will be done with a pick and shovel and no machinery will be used.

This should be of local interest, in that some of our citizens may get to work on it. So far as known Mr. Moore has not requested any franchise from Brownfield, and if he carries his line straight across the

country, it will miss us by several miles.

"We heard" that the highway department expected to advertise and let the contract for the highway between Brownfield and Seagraves at its February meeting and all of us hope that it is true.

Mr. and Mrs. Eli Perkins and little daughter were visitors with relatives at Amherst over the week end. His father, C. D. Perkins, returned home with them for a visit.

## Face Charges

These two women of West Dallas have been charged as accessories to the holdup of the bank at Grapevine, Texas. Charges followed the fatal shooting of Deputy Sheriff Malcolm Davis in front of the home of one of the women, which was allegedly a hideout for Odell Chambliss and Clyde Barrow. A statewide man hunt for these men is now in progress.

# OUR 23 YEAR COLUMN

Taken from the Herald of January 27, 1909.

In the Meadow School Notes, we find that R. Hamlett, Geo. Hamlett and Verd Way made the weekly honor roll at school. W. H. Long and family had returned from a visit to Erath county. The Peeler family had treated a number of their neighboring families to a turkey dinner the Sunday previous. Mrs. Boyd, the lady county clerk of Lubbock county, had bought a half section of land south of Gomez. Allen Keeter had moved to Brownfield. We printed a letter on the front page from W. E. Boyd of Georgetown, Texas, who owned land in Yoakum county. He predicted a coming country here, and said it would come fast. He certainly read the future accurately. We were still advocating the planting of trees, and printed every good article we could find on the subject. We note Percy Spencer was asking for his old job as county attorney again. The Maids and Matrons Club met with Mrs. W. R. Spencer and had a lesson on the civil war. In an article urging people to pay their poll taxes, we noted that up to that time only 181 had qualified, against 282 who qualified in 1908, which was also an election year. We now have at least three boxes in the county that cast more votes than the entire county in 1910.

Locals: Percy Spencer made a business trip to Lubbock. Son Hughes trades two burros for a horse. J. E. Bryant and son, Billie, were in after supplies. L. B. Minor had returned from San Angelo. Will Mathis was down from Lubbock. The Smith Brothers had purchased the Moore building on the north side of the square. M. V. Brownfield and Cleve Holden had made a business trip to Yoakum county. A. M. Ellis had carried his little son to Fort Worth for treatment. We remarked that the streets seemed usually crowded the Saturday before. (Probably 2 dozen vehicles hitch up on the west and north side.) The Methodist people of Gomez were preparing to move their parsonage. Mrs. Jenkins, who was holding down a bonus in west Terry, spent a week visiting in Brownfield. Joe Marsh left here on a bicycle for Big Spring, where he took a train for Old Mexico via El Paso. Rev. Victor Trammel and Sam Rather were batching in the Methodist parsonage. A. E. Moore traded a pool hall in Lubbock to Cleve Holden for his car. A bank inspector was here and said the Brownfield State was in okay condition. Editor James L. Dow of the

Lubbock Avalanche, and wife, passed through on their way to Seminole to visit relatives. Rev. M. D. Williams was again running his auto, making trips wherever you might want to go. We made mention that people about the streets were interested in the new comet that appeared late each evening in the west, and which we stated was unnamed. This was later said to be Haley's comet. Jim Lewis, L. L. Shook, J. W. Proctor, Sam and Dock Walker and J. H. Moore all called to get prices on announcement for office. We refused to be jewed. Sheriff Lum Hudson of Plains, got his arm broken while cranking a car. John C. Scudday was preparing to build on the 60 acre track adjoining the town section, which he had just purchased from J. H. Moore. The first house built in Brownfield known then as the bungalow style, was under construction for W. W. Johnson. It is now the home of W. W. Price. We were asking then why the people here were not fattening cattle for the market just the same as they do in the north. It was hard to get enough fat stuff here then with a small population of perhaps 1400 in the county to supply the market.

The second story of the DeShazo concrete residence was under construction. G. A. Pyron was closing a deal with the Lubbock Opera house for a dynamo to light his garage here and probably the Hill Hotel.

All for this week.

A bale of cotton belonging to Tom May was burned in his back yard last week. The fire boys arrived in time to keep other bales from taking fire.

E. Brown and family have moved back to town from the Hunter community, where he gathered a crop.

## GIRLS! DON'T BE SKINNY! MEN ADMIRE CURVES

I WAS FLAT CHESTED, RUN DOWN AND SKINNY UNTIL I TOOK VINOL IRON TONIC. THEN MY FIGURE BEGAN TO FILL OUT AND I GOT MORE CURVES TO MY BODY. I HAVE NO TROUBLE GETTING BOY FRIENDS FOR DANCES AND PARTIES NOW. GET VINOL AT YOUR DRUGGIST. IT TASTES GOOD.

## WILLOW WELLS WORRIES

Goodness me! but it is cold to day after such warm weather for about four days. The sandstorm is lovely too. I enjoy these nice sandy days, don't you? (Nix).

Nothing of much importance has happened. Not any man has whipped his wife or woman shot her husband yet. Yes, after all I guess we have a peaceable community.

Misses Pearl and Grace Dozier, Flora Lonis, Missers. Bryan Cutrell, Clyde Lovelady and Mr. and Mrs. Wayne Willingham, enjoyed music and games in the home of Mrs. W. L. Willingham last Tuesday night.

Burl Sides is moving to the place vacated by Bernie Carson. This place is located west of the place where Bruce Carson lived last year.

Ben Bonham, A. L. McBride and Henry Lonis was looking after business in Wellman Tuesday afternoon.

Mr. and Mrs. Ray Rouse returned from Lamesa Sunday.

Quite a few changes are being made here. Noah Honea will live where Burl Sides moved from. Don Hart will live on the Noah Honea place, and a new family who's name I failed to learn, will live where Vernon Bonham lived. At this writing I do not know where Mr. Bonham will move.

Mr. and Mrs. J. W. Perryman spent Sunday with Mr. and Mrs. McSwain.

Florence Lonis spent Tuesday night with Mrs. W. L. Willingham.

Sheriff Smith was in this community Tuesday night.

There was an old time square dance at the City Cafe Saturday night. This community was well represented there. Nig Moore called squares.

Mr. Willingham has returned from Hamlin. He left his father slightly improved.

Mr. and Mrs. O. D. Hart took their baby son to Lubbock this week where he was given the diphtheria serum.

P. R. Cates and wife were shopping in Brownfield Saturday.

Today is Sunday with another fine sandstorm from the west. "Ain't it grand."

Bay Willingham spent Saturday night with Clyde Lovelady.

Mr. Ray Rouse will leave in a few days to carry his sister, of Sparenburg., to Oklahoma City, to a cancer specialist. We hope a quick recovery for her.

Little Betty Jo Molley was given the diphtheria serum this week.

Mr. and Mrs. Welton Willingham of Seagraves, visited in the home of Welton's mother, Wednesday night.

Mr. and Mrs. J. W. O. Alldridge and two children were attending business in Brownfield last Saturday.

C. J. Bonham moved his brother Vernon Bonham and family some 15 or 20 miles east of Brownfield Friday.

Bro. Noah Phillips of Seagraves preached at the school house Sunday. C. J. Bonham has been elected as Sunday school superintendent. Every one is welcome to attend Sunday school every Sunday.

Messrs. Lester and Earl Murray, Bryan Cutrell, George Thomas and Edd Holdridge with Misses Grace and Pearl Dozier, Marie Rouse and Hazel Murry spent a most enjoyable afternoon Sunday kodaking. "Watch for further information."

Miss Thelma Bonham is visiting her uncle Vernon Bonham, east of Brownfield this week.

Bay Willingham and Joe Rouse are spending a few days in Artesia.

Mr. and Mrs. W. L. Willingham and children visited in the Cutrell and Denton home Sunday night. Several games of 42 were enjoyed by the grown people.

All the children of the Willow wells community will be given the diphtheria serum at the school house Wednesday. This serum is given for 50c a head. Let's hope this disease will soon be under control. It is thought if it can be kept down for six weeks it will all die out. Here is hoping.

## TOKIO NEWS

"Give a little more time," "I have the money but I won't pay unless the other fellow pays," "hew to the line and let the chips fall where they may," "I have not been able to pay, but if you sue, come and get it," were some of the expressions at the mass meeting of Tokio citizens and taxpayers held last Friday night in the local Baptist church. The meeting was called by trustees of the Tokio Ind. School to consider the tax crisis, and regarding closing on delinquent taxes. Because of the absence of the secretary with essential information another mass meeting was called for Monday night, January 30th. Every citizen of Tokio is invited to be present and express his or her opinion. If you believe in government by the people, be there.

Cotton gathering in this section is just about ended. It is estimated that probably one hundred bales remain to be gathered.

The boys basketball team of the Tokio High School, played Union Friday afternoon and was defeated by several points. Again Saturday morning and were defeated by a few points by Lee Fulton's team from Forrester. Better luck in the future, possibly.

A number of Tokio people were called before the grand jury in session in Brownfield last week.

A large attendance was had at the Baptist church Sunday school Sunday.

We understand that Mr. W. P. Sappenfield and family are moving to their place over in the Turner community of Yoakum county. We are sorry they are leaving, but they will not be very far away, as it happens.

Mr. and Mrs. James C. Casey visited friends and relatives in Tokio, Sunday. Jim says that our sandstorm here Saturday was nothing to compare with the one they had in their own community.

Mr. Bud Stephens and Miss Lena Roper popular young couple of this community attended the singing at Turner, Sunday evening.

It is reported that our prominent citizen, Mr. W. L. Lovelace is sojourning in California at this time.

Mrs. Woodie Read and little Francis Gainer were shopping in Brownfield Monday.

Mis Mildred Henard took sick again Tuesday, but is able to be back in school.

## BROADWAY CHURCH OF CHRIST

Last Sunday was a great day with us.

The Bible study was well attended and interesting. At 11 o'clock Bro. Burnett delivered an inspiring lesson on "Abraham Believed God." Shortly after 4:30 in the afternoon about forty young people from Tahoka arrived and an hour was spent in song service, after which sandwiches, cake, pie, coffee and fruits were served to everyone present.

At 7 o'clock the Tahoka Young People's class rendered a wonderful program on the subject: "The Bible." This was followed by a short sermon by Bro. R. P. Drennon, the Tahoka Minister.

Elders from the Tahoka congregation accompanying the young people were: Brothers Robt. North, Jesse Eubanks and G. Stevens.

The Tahoka class works under the leadership of Bro. Eubanks.

The refreshments were served at the home of Mr. and Mrs. G. W. Chisholm. Bro. Garnett will preach for us next Sunday morning and night. Come hear him.

Mrs. H. D. Heath was a pleasant caller at the Herald office last week. She stated that the cotton crop was light last year on the big Yoakum county farms of the Heaths, but they had a bumper feed crop. They have sold no cotton yet.

## Flues and Ventilation For Gas Heaters

In the use of natural gas, as with other fuels, certain well known precautions should be taken concerning the installation and operation of appliances.

At night open gas heaters should never be left burning in a bedroom. The windows should be opened and the heater turned out. Fresh air at night is most important to health, regardless of its relation to gas heaters. Some other part of he house may be kept warm, in order to provide a comfortable place in which to dress.

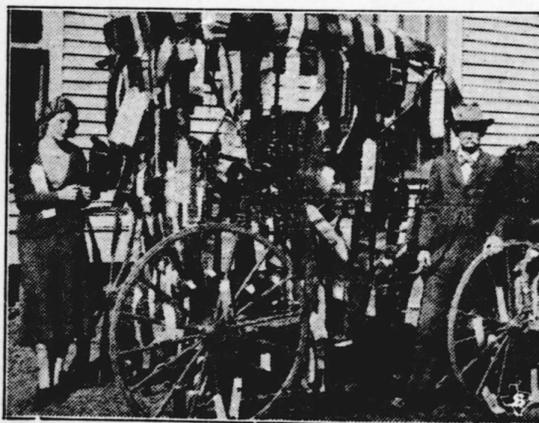

Living rooms should have some ventilation, and the flame in gas heaters should not be too high. Under any circumstances, don't let the flame roar and blow.

The burners of the ordinary gas stove should have an even, blue flame. Such a flame may be obtained by regulating the mixer. First loosen the set screw on the mixer. Open the shutter on the mixer slightly if the flame is yellow. Close it a little if the flame blows and pops.

If you are unable to regulate your appliances, call our Service Department. It is kept for your convenience, in order that you may obtain the highest efficiency from the gas which you purchase.

## HUDGENS & KNIGHT

It is reported to the Herald that a real old fashion fist fight was staged here Saturday afternoon on a busy corner. The contestants were separated by the city marshal and donated to the city funds.

W. E. Legg is offering his store on a sale-trade basis, as he says he must get out more in the open.

John Chisholm has started his two big hatcheries, and in about two more weeks will have a supply of fine chicks ready for his customers. Or if you want your own eggs hatched, it's all the same to him.

### MAKES WOMEN LOSE FAT

Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180, so I started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my 3rd jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932.)

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.

E. H. McKinney, district Montgomery Ward & Co. manager, Monday announced that Rance King, for the past two and a half years assistant manager of the Montgomery Ward store here, has been transferred to Big Spring as manager. King, who formerly was employed at Big Spring, succeeds C. P. Woody, resigned. R. D. Campbell, who has been in charge of adjustments and collections, will be assistant to Manager D. G. Hobson at the Lubbock store.—Lubbock Avalanche.

We had a letter and check last week from Lee Roy McCravy of Plains. The letter stated that if times did not get better that this might be their last dollar for us, so we are hoping and praying for better times. The Mack family have been in old Yoakum 36 years, and say they are proud of it. They are owners of the A ranch.

Mrs. R. J. Hastings was in this week and stated that she had an incubator to trade. She has about 75 red hens that need some feed and some farmer needs the incubator.

J. C. Little, of Wellman, is a valued new reader of the Herald.

Among those noticed here this week from Seminole attending court, were three former Brownvites. They were Shade Daniel and J. T. Faucett and son, Clyde. Shade says he has sold his produce business and is living off his cows and chickens, he informed us. The Faucetts are running a cafe.

W. D. Moon, after getting domiciled in his new home here, came in and became a real citizen by buying the Herald and Farm News. Mr. and Mrs. Moon are fine people, and we are sure glad to have them back in old Terry.

Dude Thompson and family arrived here Saturday afternoon from Johnson county, after several days on the road, as they had a heavy four wheel trailer to pull. They were of course greeted by one of our good old sandstorms to break them in to the west. The Herald family was presented with three huge Johnson county yams by this new family, which will be domiciled with his brothers, Tom and Ed until other arrangements are made.

K. H. Green, of Meadow, is a new reader.

J. J. Kendrick, county judge of Gaines county, was up from Seminole this week attending court.

Arnett and Ralph Bynum are erecting a new windmill on the Bynum farm 2 miles northeast of town.

You can live cheaper but not happier when your wife's reducing.

People will soon discover that you can't buy a \$100 suit for \$20.

*Instant Starting Lightning Pick-up Gasoline*

### Nothing Will Help You So Much to Win as to T-R-Y this Gas in Your Car

Conoco refining chemists have produced a new, improved motor fuel. No matter how different it is, we must call it g-a-s-o-l-i-n-e; for that is the name the public knows for every motor fuel. But this gasoline deserves a special name; one that suggests how "different" it is. How else may the public know?

Conoco (.....?) Gasoline! If you can give us the name we want, \$5,000 in cash is yours. \$5,000 more will be divided among those who suggest the best slogans to describe it. What we seek is to make motorists "understand."

To describe the "difference" you must know the difference. To know the difference you must feel it in your motor. The man at the Conoco station will tell you the exciting facts; give you, free, an official contest-information-and-entry blank. Prepare yourself to produce the winning words. Fill your tank with this gas. Within 10 blocks, you'll know why your words may be worth \$10,000.00 to us.

### CONTEST RULES:

- 1 Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on single sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
- 2 Contest closes midnight, February 23, 1933. Entries must be postmarked before that date and hour.
- 3 Continental employees, members of their families and others connected directly or indirectly cannot compete.
- 4 Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Co. property, and none will be returned.
- 5 The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Conogas", and "101" gasoline. Whether or not the winning contest name is adopted, prize money will be paid; but the Company reserves the right to use a name of its own creation if decided more suitable and more protectable under trade-mark laws.
- 6 No purchase is required of contestants. Continental Oil Co. executives will be the judges and their decisions final. Winners will be announced over radio, and prize money paid as soon as possible after contest closes.
