

'Was You Dere Sharley' — Proof of the Pudding

The Herald of last week told you of two nephews from Johnson county, accompanied by two young ladies from Cleburne, and one from Fort Worth who spent the night here. But being that they were "kinder our folks" and made just a brief pause while here, we did not want to burden the readers with a lot of stuff about what we showed them, and how they liked it. But things have later developed that causes us to say more about the matter.

After leaving here, the party took in the Carlsbad Caverns, and returned home. While here we tried to treat these young folks like home folks. No preparation nor intention to try to spread on the dog, but after returning home, one of the young men and all of the young ladies wrote telling about the rest of the trip, the glories of the caverns, and again took the opportunity to thank us for what they termed the nice time we gave them while visitors in our home.

But here is the part that is interesting to us, and will be interesting to the Terry county readers in general, who are used to big piles of corn. These young ladies state that when they began to tell the folks back home about the huge piles of corn found here and especially around the Hearst feeding pens, the folks would kinder wink at each other, and to use the expression of the famous Baron Munchausen, radio's biggest liar, they would ask one another, "Was you dere sharley?" But the girls were fortified. They saw to that before they left here.

After seeing the great herd of steers and the great ricks of corn on Sunday afternoon, one of the girls, a teacher in the Cleburne schools, remarked: "We must come back with the camera in the morning and get some pictures. I must tell my students when school starts about my trip and these sights I beheld here." Then another of the girls said that neither the students nor the grown ups, for that matter, would believe their story without the pictures, and doubted they would believe it with the pictures for proof.

But the girls say that after telling the folks back there that they saw scores of ricks of corn here 200 feet long, ten feet wide and eight feet high, containing hundreds of thousands of bushels, they wink and do the Baron stuff. Right then and there they pull out the pictures they took while here, and you know they say the camera don't lie.

Just why the people back there don't want to believe that we produce anything but sandstorms and horned frogs, is hard to conceive. They did not want to believe for a long time that we could produce cotton in this section, but when two west Texas counties, Jones and Lubbock stood head and shoulders above all other Texas counties in cotton production last year—well they were government figures, and who was to dispute it. And, whether the want to believe it or not, Terry county is one of the largest producers of corn in Texas.

Yes, "I was dere Sharley."

Thief Captured at O'Donnell Has Record

Further information received by Lynn county officers concerning Jim Brooks, who was captured here early last Monday morning after an attempted break into the Phillips Petroleum Bulk Plant, is that he and his companion were in possession of a car that had been stolen recently from a Catholic priest in Shawnee, Okla., and that both men are wanted in that state for the theft.

The other man made his escape in the Lee Baldridge car, which was stolen from the garage after their own automobile had been put out of commission.—O'Donnell Index.

E. Powell, local tailor, was a visitor in Lamesa Sunday. He reports it very dry there; not even a green weed on the golf grounds.

Alvin Mitchell and family are entitled to a pass to the

Be sure to present this clipping at the box office at the Rialto Theatre.

Compliment: Rialto-Herald

Large Crowd Here For Trades Day

Despite the fact that in some portions of the county there was still sufficient moisture for planting, a good crowd was here for the regular First Monday Trades Day. But it appeared that a greater part of the crowd came in the afternoon. The day and very hot, and all shades were taken advantage of. From reports from the "jockey yard," there was much "swapping" and we also learn that some got pretty badly "stung." In fact, we heard of one fellow that got a "hoss" that could not eat anything except grass, and now he is hunting another swap.

Most of the dry goods merchants and perhaps all of the grocers had prepared specials for the day, and report a good business, in the afternoon especially. Some shop lifting was reported, as the crowds in the stores were so thick at times that the crowd could not be watched. It is a pity that hundreds of good honest people have to be watched on account of a few thieves that take advantage of such an occasion to ply their trade. Some one told us recently that there was a family of girls out in the country that boasted that they never bought hose or underwear. Some day they will be caught, then hell will be to pay.

But not all the shop lifters are women. Sometimes the male persuasion takes up the trade, and they cannot as easily cry themselves out of a heavy fine when caught. But just because there are a few thieves in the community is no sign that our Trades Day must not be carried on. There is not a merchant in the town that would wish it. Nor, because a few of the merchants have the guts to advertise the day in conjunction with the Herald, while the non-advertiser gets his rake off free, these advertising merchants would not have the day discontinued, nor stop their advertising.

But it is a strange thing that a bunch of so-called merchants will let their competitors do all the advertising to get a crowd here. What if there was never a mention of the day by either the advertising merchants or the Herald? How many people do you suppose would come? It doesn't look right to us, but if it does to them, then o. k.

Some will say that the day is already established, and the prizes bring the crowd. But let all be silent for a month or two and see where our tradesday will go to. Bile Beans were once established, too but who ever hears of them now?

Election Petition Has 88 Names on It

Jay Barret, Terry county judge, states that a petition of Terry county residents asking for a local option election to vote on sale of 3.2 beer had been placed on file in the office of the county commissioners court. The paper bore the names of 88 persons. In checking the names, the court found a number were not legal voters, not having paid their poll tax.

The above appeared in several papers in this section, and represents a sufficient percentage as we understand the matter, of the required amount of voters to order an election on any question, providing the commissioners court agree with the necessity. It is a formal request for an election, and leaves the commissioners without suspicion that they initiated the election themselves.

As to there being disqualified voters on the list, we are sure there are few petitions that are not found faulty. The above was so written that it appears that Judge Barret might be questioning the whole petition, but we are sure that is not what he means. In fact, we are quite sure that some perhaps that signed the petition will not vote for beer to be sold in Terry county, but as citizens, are willing that a test vote be made of the matter and have it over with if beer is legalized in the state.

Anyway, if we are to have a test vote in this county, the sooner the better, as when the hot state campaign is over, the other too will be over, so far as Terry county is concerned, as both elections will be held the same day, August 26th.

J. A. Jones was in from the Chalis community last week to put his paper up till fall. Says he cannot pay much at a time now, but wants his paper to be kept up in advance. We wish others would take that attitude of the matter.

Editor Nyles Morris, of the Tatum, N. M. Courier, was mixing with the Trades Day crowd here Monday.

The Little Fellow Didn't Sit Down and Moan

Colored Team Bested Badly Here Sunday

The local colored baseball team has had pretty good luck this season until last Sunday afternoon, when they met a tough black and tan aggregation from Lubbock, who walked off with the big end of the score by some 15 to 5. Up to that time out of about seven games they had played, the local boys had captured five of them. Tahoka had beat them by one score in one game with that city, on errors.

But according to some of the local white fans who saw the game, the local negro team lost the game in the first two endings, while waiting for two players from Shacktown, and using inexperienced substitutes in their places. After the two regular players came in, Brownfield made her five scores and Lubbock only 3. Lubbock made 12 tallies in the first two innings.

Lewis Beverly, local captain, was asked why they did not await the two regular players. He replied that the players were so late getting in that the crowd became restless and demanded action.

Uyless Sawyer Moves Herd to East Yoakum

Last week Uyless Sawyer of Cross Roads, N. M., moved 500 head of cattle from his ranch to the E. A. Graham ranch just over the Terry county line in Yoakum. Several days were spent on the road, and we understand that five hands handled the cattle, including Mrs. Sawyer, who drove the chuck wagon and did the cooking for the crew. R. L. Lewis of this city, helped to move them.

Uyless stated that his grass was getting quite short, and that as he had the ranch pretty well stocked, he thought it best to move that many anyway. While the grass is not green on the Graham ranch, there is plenty of it, and the cattle will do well on it until rains come later, if it comes at all.

The movement of a herd that size these days across country, attracts attention, but the same thing would hardly have caused a ripple 20 or 25 years ago.

Lamesa Pastor to Hold Baptist Revival

We are fortunate in securing the services of our Brother, E. F. Cole, pastor of the First Baptist church of Lamesa, to assist us in our meeting, beginning on August 13 and running through August 27th.

Rev. Cole is a fine preacher, who loves lost men and preaches the gospel in simplicity and power.

J. M. Hale, Pastor.

We thank M. H. Bennett of route one for his renewal.

District Court in Session at Seminole

Trial of W. A. Cox, vice president of the closed First State Bank at Seminole charged with receiving deposits in a bank in a failing condition, was begun in a 106th district court Thursday. District Attorney G. H. Nelson is leading the prosecution.

Case of B. B. Curry, a former cashier and a director, charged with borrowing more money than allowed a director in a state bank, was passed.

George W. Dupree of Lubbock is a special prosecutor in the Cox case. J. E. Vickers of Lubbock and Carl Rountree of Lamesa are defense attorneys. Selection of jurors began Wednesday, was continued at 9 o'clock this morning. Judge Gordon B. McGuire of Lamesa is presiding judge.

Judge Gordon B. McGuire of the 106th district court has called a special term of court at Seminole for Monday, June 5. The docket not disposed of this week will be heard then, it was announced.—Seagraves News.

Another Held as Kidnapper of Wilson Man

S. D. Vowell is now behind the bars of Lynn county jail charged with the kidnapping of J. F. Covey, Santa Fe agent at Wilson, on the morning of April 7, the latter being held up by two men on the western outskirts of the town, who blindfolded Covey and then drove away with him. They put him out in a pasture 17 miles south of Ackley and made their escape in his car.

Vowell was arrested and placed in the Abilene jail several weeks ago on a charge of burglary. Recently he was tried and convicted in five cases and given two years in the penitentiary in each case. A few days later he was tried on still another charge of burglary and given five years in the pen. All the sentences except two run concurrently, however, so that Vowell has a total of seven years service marked up against him at Abilene.—Tahoka News.

Surveying Route of North-South Highway

Engineers are at work establishing a route for the new north and south highway. This new highway, which is known as No. 143, has been designated from Channing to near Brownfield.

The survey underway at this time covers that portion of the new road from Demmitt to Littlefield.—Littlefield Leader.

I. H. Hudson was here with the crowd Monday and was complaining of a bad case of kidney trouble. He is now under treatment of his physician for the trouble.

Officials of Railroad To Visit Tatum, N. M.

In a communication received here this week from officials of the Corpus Christi-San Angelo & Roswell Railway lines, stated that they could look forward to a visit from that body at an early date. Appointments so far, have been made as far as Brownfield, Texas. At this time, the communication stated, definite plans looking to the construction of the road would be made, and matters of getting the right-of-way disposed of, through this county. Watch for announcement date of the contemplated visit of these officials, as it behoves all interested to meet with them.

As we have stated heretofore, there is little question but that this road will be built, as it will be 250 miles the shortest route to the coast, and throughout its length, it does not parallel any other road, but cuts across a virgin territory not yet traversed by any road.

As we stated through these columns some time ago, Col. Kennedy has sold his interest in the proposed road to parties prominent in railroad affairs. Some few months ago the business men of Farmington, N. M. pledged themselves to raise \$250,000 toward the construction of this road. We understand that some construction has been done on that end of the line.—Tatum, N. M. Currier.

Boles Orphan Home Truck Here Wed.

The truck from Boles Orphan Home which was scheduled to be in Brownfield Tuesday, reached here on Wednesday morning. Visiting the churches, the truck is for the convenience of those who wish to donate food and clothing to the orphan children being cared for by the home. Quite a nice lot of food stuff was gathered together, the gift of various members of the church here and at the Johnson school house.

To each contributor, the Home, through the driver of the truck, expressed heartfelt thanks for the gifts. There are nearly 200 children in the Home, and they are dependants on the liberality of the supporters of this work for every meal they eat, and the clothes they wear.

—M. O. Daley.

Lee Walker (west side; we have two in this county) dropped in this week to renew for the Herald and Farm News. Lee says some are "dry planting" in his section.

Tom Verner, Conoco man at Meadow, was down this week after oil and gas; also ice, and called around to pay up.

H. L. Bridge, formerly of Tokio, but who moved to Benjamin's this year, writes in that he must still get the Herald in order to get along with his family.

Millions May Be Spent On South Plains Roads

By J. Sam Lewis, Avalanche-Journal Staff Writer.

Plans and specifications for approximately two and three quarter million dollars worth of road construction and three quarters of a million dollars to complete work already started, are ready, when and if the Federal Government and the State agree on highway financing.

Check of the plans completed show 14 counties will participate in this construction program. There are approximately 275 miles of work, units 1 and 2, with plans prepared and in most instances approved at Austin. There are also 115 miles of highway on which grading and drainage work, of unit 1, has been done, and plans ready for surfacing.

Paving is Included
In addition to these, there are 253 miles of paving, making a total of 642 miles paved, partly completed or authorized. This is slightly over half the mileage in division No. 5 with headquarters in Lubbock.

"We are all set, ready to go. All we need is the time necessary to advertise for bids. Let the state department put the job up to us, and we will get it done," said Guy R. Johnson, district resident engineer.

May Get Goodly Sum
Latest reports from Washington indicate somewhere between \$24,000,000 and \$28,000,000 in federal aid may be given to Texas. The exact amount has not been determined by congress.

There are six main highways in this district, Nos. 7, 9, 24, 28, 33 and 137 included in the improvement program now planned. Besides these there are other highways not included, such as 83, 84, 86 and the newly designated 143.

Three Types Found
Three types of work are found on the six highways as follows: paved, dirt and grading and drainage completed. The highways have the following status:

No. 7—51.95 miles paved; 59.8 not graded and 42 miles with grading and drainage completed.

No. 9—71.9 miles paved; 105.2 miles not graded.

No. 24—16.65 miles paved; 105 not graded and 50 miles with grading and drainage completed.

No. 28—33.18 miles paved and 80 miles of dirt road not graded.

No. 33—15.7 miles of dirt road not graded.

No. 137—79.45 miles of paved road; 23 miles with grading and the drainage completed and about 20 miles not designated.

No Plans Prepared

No plans have been made for the highway across Gaines, Dawson, Borden and Scurry counties, a distance of 114 miles from the New Mexico line to the Scurry county line.

Similarly there are no plans made for No. 86 across Palmer, Castro, Swisher and Brisco counties for 99 miles and No. 84 from Bronco on the New Mexico state line east through Yoakum, Terry, Lynn and Garza counties to the Kent county line, a distance of 129 miles.

Only tentative designation is made for 143 from Meadow north to Demmitt. No designation is announced on a highway from Morton to Muleshoe. On Highway 24, no plans have been announced from Hockley county and none from Morton west to the state line in Cochran county. Likewise there is no announced plans for 137 from Brownfield to the Gaines county line.

Black Correspondent For Re-finance Agent

It is reported that the first loan from the \$200,000,000 fund appropriated by congress to re-finance mortgage indebtedness to aid the farmers to redeem their foreclosed farms, was made in Texas this week. The loan was for the amount of \$3,000 and was made to a farmer-stockman of Brazoria county, who has resided in that section for a number of years.

A. P. Graves, agent of the farm loan commissioner, Houston, Texas, reports that although they have been somewhat hampered by a large volume of correspondence addressed to his office, the Texas division is now organized and in position to handle incoming business with dispatch.

Mr. W. H. Black has been requested to act as his local correspondent for Terry county, and all eligible farmers entitled to assistance thru this division may call on him, and he will gladly render such assistance as he can.

We learn that Ralph Carter sold three new Chevrolts last week.

Duggan Protests Unequal Share to Tech

State Senator Arthur P. Duggan, of this district, has protested in a letter to Lieutenant Governor Edgar Witt, the difference of money allowed Texas Tech, and that allowed to some other state educational institutions. The letter follows:

My dear Governor Witt:
The enclosed sheet contains a resume of the above appropriations, and is self-explanatory.
The free conference committee has properly endeavored to make these appropriations to the various educational institutions on a per capita basis. The committee has been handicapped in this new departure because sufficient information is not available to absolutely equalize and justify every appropriation.

As a member of the committee, I have voted for all these appropriations and think that with one exception they are about as near correct as possible at this time. The one exception is the Texas Technological College. That institution, now in its eighth year, has grown to be the second largest of the state educational institutions. Approximately one-third of the students there are taking technological courses. In my judgment a student attending that institution is entitled to as much appropriation as a student attending any other institution in the State taking exactly the same courses. On that basis, the appropriations for the Texas Technological College should be as follows

1242 students taking Liberal Arts courses at \$160 each, which is the lowest figure appropriated to any of the State Teachers colleges \$198,720

230 students taking agricultural courses and agricultural engineering at \$390 each which is the appropriation made for the same work at the A. & M college of Texas \$89,000

300 students taking Civil Engineering, Mechanical Engineering and Chemical Engineering, Textile Engineering, and other engineering courses at \$300 each, the same as appropriated for the boys doing the same work at A. & M college \$90,000

190 girls taking courses in Home Economics at \$225 each, which is appropriated for the young ladies taking identically the same course at C. I. A. \$42,750

1862 students. Total appropriation for them \$400,470

The committee has not seen fit to recognize this and has made the appropriation for the Texas Technological College \$172 per capita, which is less than is being received by a number of the state teachers colleges and the Prairie View Normal.

Knowing that the people of West Texas pay their full share of the taxes, I can see no reason why the young men and young ladies in that section of the state should be discriminated against in this appropriation, which I think is being done, and I am therefore declining to sign the free conference report.

This is the only way I can protest against an injustice as I see it.

Very respectfully,

Arthur P. Duggan, State Senator

Farm Credit Bill Well On Way to President

Washington, May 31.—The Roosevelt Bill, putting \$600,000,000 in federal farm credit facilities under the direction of one man was passed by the house today in record time and sent to the senate where speedy action was forecast.

Without even a standing vote, the house accepted the "farm credit act of 1933," as it came from the agricultural committee. The much talked of rule forbidding amendments was thrown aside and members were given the opportunity to propose any change they chose—but less than half a dozen were proffered, and only two, both approved by the agricultural committee, adopted.

Chairman Marvin Jones of the agricultural committee said the bill was offered simply for the purpose of "breathing life" into the farm credit administration already established by executive order of the president.

It carries \$122,000,000 for the new system and Jones estimated that if full advantage were taken of the opportunities \$600,000,000 in credits would be available to farmers.

Under the bill, two new banking systems are to be set up. One will handle loans to cooperatives, the other, loans to local production credit associations. Each of these branches will have 12 regional banks.

A barking dog seldom bites.

The Official paper of Terry County and the City of Brownfield.

The Herald may be dense, but it just can't understand why Carter Lass and Pecora, the little Wop lawyer from New York had to quarrel, when both were working for the Senate investigating committee to quiz J. P. Morgan. We sometimes wonder if they know what it was all about.

Since the death of Editor A. C. Hyatt of the Ralls Banner, a few months ago, who also published the Texas Spur until his death, the owners of the Texas Spur, Mrs. Oran McClure & Sons have again taken over the publication of that journal. They are making a real good, readable paper out of it.

According to Tuesday's Lubbock Avalanche, Mr. Moore of the Moore Construction Co., who proposes to build a new gas line to that city, Lubbock has not kept faith with him, despite the fact that they have extended his franchise three months. Moore still contends that he is able and willing to build the natural gas line, which is also to touch Brownfield, Seagraves and Meadow.

One can see something almost all the time that is ridiculous, but at the same time amuses one. In the past week the dailies have been carrying articles from the Co-ops advocating a 30 percent reduction in the cotton acreage, when perhaps 95 percent of the crop has been planted. The only section of the cotton belt we know of that has not been planted is the south plains section of Texas. Do they expect this section to do all the reducing?

Our recent criticism of Texas Outlook, official publication of State Teacher's Association, appears not to have born any fruit, indeed, very likely our criticism was never seen. They are still showing us prehistoric animals, dating back one hundred million years more or less. In the last issue they showed us something that looked like a possible rhinohippotimus who were peacefully grazing out of the tops of tall pines. Below, appeared a herd of what appeared to be Water elephants, having a fine swim in the Pacific or some prehistoric ocean, with what appeared to be Hawaii in the distance. Both Groups were more uninteresting than usual, as none were in mortal combat in this scene. Personally, the Herald is off the opinion the Outlook is swiping these scenes from a big oil company who advertise oils 80 and 100 million years old, the older the better the grade.

We don't have any idea what other people think of the matter, but try as hard as both sides did to try to hide the snubbery of Amon Carter toward Gov. Mariah A. Ferguson and her husband, James E. Ferguson, also a former governor of Texas, was just about the biggest piece of jackassery that has been pulled off in Texas in many moons. In fact, it appears to us that our politicians and semi-politicians could drop their little differences when we are trying to entertain visitors. But the petty fuss between the Fergusons and Carter, must have stood out in bold relief to Mrs. Roosevelt, while she was in Dallas, and surely made her feel that she was dealing with children instead of adults. Despite the fact we may not be for the Fergusons, just the same, she's the governor of a great state, should be sufficient for all to respect her. Despite the fact that both sides tried to smooth over the mess later, Carter's announcement "that it was his dinner, and he paid for it, and that the Ferguson's had never asked him to anything" als.—Ex.

was purely little boy stuff. Mr. Carter is the owner of a great paper, but on this occasion, he certainly lowered himself in the eyes of the people of Texas.

The Abilene Times replied to one of our recent editorials in which we condemned editors who drink wet and write dry editorials. The Times was a bit sarcastic in its reply and appeared to doubt our word. Perhaps editor Fisk never crossed the border with a bunch of editors. But what hashed us was another Times editorial in which Editor Fisk dared those who disagree with him to come out in his paper for beer. He even went so far as to threaten wreck of their business, intimating boycott. That was as bad as the Ku Klux, and for one we certainly felt the financial hand of that organization because we had the guts to stay out of it, although not vigorously opposing the organization. The Herald believes a man or woman, maid or child has a supreme right to their own belief, religiously or politically. If we did not, we'd move to Russia. Maybe Editor Fisk never thought about how ugly it would be for a wet stronghold like San Antonio for instance, to boycott and ruin the business of the good people who advocated prohibition? Let's be reasonable humans, for we may all have to live together a long, long time after this election has been settled and forgotten. Abilene is a college town and don't want intoxicating liquors sold there, and we do not blame them in the least.

THE FARMER MAKES SOME DISCOVERIES

Perhaps the most encouraging of the many phases of the farmer's troubles is that they have caused him to look with a new and inquiring mind on economic and social problems. He has discovered that the world has changed much—that methods that were good 30 years ago are disastrous now. He is finding that no one can prosper alone in a world in which the interests of every business, every producer, are inextricably intermingled. He is finding that the co-operative ideal—wither in industry or agriculture, or simply social relations—points the road to stability and permanence.

During the depression thousands of farmers have joined cooperatives. Thousands of others have redoubled their efforts in behalf of their cooperatives, where before they simply held "passive" memberships. These are the farmers that are applying real business methods to farming and that are in line to profit in the future.—Exchange.

LIFE INSURANCE HAS MET THE TEST PUT ON IT

"The present depression has offered a test as to the stability and reliability of life insurance under abnormal strain," said Mr. George S. Schaick, superintendent of insurance of New York, recently. "To say that it met the high expectations of its sponsors is in accord with established facts."

One result of this has been continued safety for those who have purchased life insurance in the past. Another result less generally known, is its effect on persons who once carried no life insurance at all, or carried it only as a protection for dependants in case of the income-producer's death. Millions of such people have seen their savings swept away in financial debacles. They have seen the gilt wear off supposed gilt-edged investments. They have seen the value of securities that had seemed the very best obtainable a few years ago, diminish to almost nothing. And, at the same time, they have seen the amazing record life insurance has made in maintaining its standards of safety during a period of unexampled economic stress.

Consequently, these people are turning to life insurance, not only to protect dependants, but to protect wage earners themselves against old age poverty—to rebuild depleted estates. They are turning to it, in brief, as a safe investment.

Thus, the achievement of life insurance has wrought a definite change in the saving habits of the American people—and it is a change that will work for a more prosperous, and a more stable nation, and one less subject to violent financial upheavals.—Ex.

WEST SIDE SQUARE SOUTH SIDE SQUARE

Chamber of Commerce

—By J. E. Shelton, Secretary

No Money in the Chamber.

In the Herald of last week, the editor mentioned that he had received information that the chamber of commerce had been invited to support sponsors to represent their towns at the Texas Cowboy reunion at Stamford, July 3-4-5. Well, the chamber of commerce at Brownfield, was also notified that a sponsor from Brownfield would be appreciated, but we have not done very much about it, as we are not able to consider proposals that call for an outlay of a very considerable amount of cash, for the reason that the budget of the organization is just about one-half of the figures of two years ago, and while the salary of the secretary has been whacked half into, there is at the same time very little left for advertising after general office expenses is taken care of. The membership is about as large as ever, but subscriptions in the higher brackets have been lopped off. One of the reasons that the secretary did not attend the West Texas Chamber of Commerce convention, was that he did not have anything to use in the place of money. Of course it is expected that the funds of the chamber of commerce will be increased as soon as general conditions warrant it, and in the meantime we will have to trot along and do the best we can. But the average person would be surprised at the amount of work that is turned out of this office, and the secretary is of the opinion that he is earning his salary, and thinks he can produce the proof.

Mrs. Lorene Shaw, Sponsor

However, in connection with the representation of Brownfield at the Cowboy Reunion, we are very glad to say that we have arranged for it, and we believe that our sponsor is going to be a "top liner," and a credit to the section she represents. Mrs. Lorene Shaw will represent us, and is preparing her costume, and as soon as it is completed, we are going to have a photograph made and send to the publicity director of the reunion association in order that it may be prepared for use in the daily papers.

Highway Meeting Here

Today, (Wed.) County Judges, Commissioners and other highway enthusiasts, from all counties that are located along highway No. 137, will meet in Brownfield for the purpose of taking such action as may be necessary for Terry county to be included in the construction work that is to be done with the emergency federal funds. The writer made a trip to Post and Tahoka, and expects to go to Plains tomorrow on a mission of lining up for a fight to have highway 84 included in the program.

While 137 between Brownfield and Seagraves will prove to be of considerable value after it is hard surfaced, we think that the route between us and Lubbock will not prove so good. As a matter of fact, the writer be-

SHERIFF'S SALE

The State of Texas—County of Terry:

Notice is hereby given that by virtue of a certain order of Sale issued out of the Honorable District Court of Terry County, on the 27th day of February 1933, by Eldora A. White as District Clerk of said Terry county Texas for the sum of One Thousand and Nine and 97-100 Dollars and costs of suit, under a judgment in favor of C. D. Shamburger Lumber Co. Inc. in a certain cause in said Court, No. 1652 and styled C. D. Shamburger Lumber Co. Inc. vs. C. B. Markham, placed in my hands for service, I, J. S. Smith as Sheriff of Terry County, Texas, did, on the 1st day of March, 1933, levy on certain real estate, situated in Terry County, Texas, described as follows, to-wit: Lots Number One (1) and Two (2) in Block Number Fifty-five (55) of the original town of Brownfield, Terry County, Texas, and levied upon as the property of C. B. Markham and on the first Tuesday in July, 1933, the same being the 4th day of said month, at the Court House door of Terry County, in the town of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell the above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said C. B. Markham.

In compliance with law, I give this notice by publication, in the English language once a week for 3 consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.

Witness my hand, this 1st day of June, 1933.

J. S. SMITH,
(45) Sheriff, Terry County, Texas

Red Nabors, formerly a citizen of Brownfield, but now of Lubbock, was down Saturday visiting old friends during his first vacation in three years. Said he just had to come back to the best town on the Plains. Red drives a bus from Lubbock to Sweetwater and return, each day.

Mrs. Floyd Stark, of Seminole, was here last Wednesday to attend the funeral of Mrs. Stella McCracken.

SENATOR DUGGAN URGED FOR CONGRESSIONAL POST

Littlefield, June 3.—Many friends of Senator Arthur P. Duggan, of the 30th state senatorial district, are urging him to be a candidate for congress from the new 19th congressional district.

Senator Duggan is expected to arrive home Monday or Tuesday, according to a letter received by Morley B. Drake. No word has been received from the senator as to his probable candidacy.

So far three candidates have announced: Judge Clark M. Mullican, of Lubbock; George H. Mahon, Colorado, district attorney, and Fred M. Haile, Spur business man.

Mr. and Mrs. Earl Jones left Tuesday for Amarillo, where they will get their two little daughters, and return them home, who have been visiting their uncle and aunt, Mr. and Mrs. Douglas Jones, for some time.

DEATH CLAIMS PIONEER TATUM, N.M. PHYSICIAN

Dr. Charles Bridges, 66, a pioneer physician of Tatum, N. M., dropped dead on a street there at 2 o'clock Friday afternoon. Funeral services in Tatum, probably will be conducted Sunday afternoon. Burial will be in the Tatum cemetery.

Dr. Bridges, who has been living in the Tatum vicinity for the past 25 years, is survived by his widow, a son and three daughters.

CITATION

No. 208.
The State of Texas:—To the sheriff or any constable of Terry county, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Terry county, a copy of the following notice:

State of Texas:—To all persons interested in the welfare of Stella Louise McCracken and Maude Alice McCracken, minors, Mozelle Treadaway has filed in the County Court of Terry County, an application for Letters of Guardianship upon the estate of said Minors, which said application will be heard at the next term of said Court, the same being the 26th day of June, A. D. 1933, at the Courthouse thereof, in Brownfield, Texas, at which time, all persons interested in the welfare of such minors may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said Court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Brownfield, Texas, this 7th day of June A. D. 1933.

44c Rex Headstream,
County Clerk, Terry County, Texas.

Wellman News

Miss Norma Grigg has returned home from San Angelo, where she attended school the past term.

Miss Hazel Woodard has gone to the A. C. C. at Abilene, where she will attend summer school.

Mr. and Mrs. C. A. Wilhite left Sunday morning for Alpine. They will attend the summer term of Sul Ross college.

Mr. and Mrs. J. F. Singleton entertained friends with a social, Saturday evening.

Mr. and Mrs. M. D. Smith entertained friends and relatives Saturday evening.

Mrs. H. T. Wilkins and children visited in the Adair home Saturday evening.

Mrs. J. D. Roberts' mother and sister has been visiting here this week. Her sister is from Seattle, Washington, and her mother from Lubbock.

Bro. Porterfield filled his regular appointment Sunday afternoon. A good attendance was had.

Bro. Porterfield announced that his meeting would start next Sunday and continue a week. Let's everybody try to attend these services.

One of the girls of the community had a letter from a former student of this school stating the death of a little girl that attended school here for several years, little Rose Katherine Ware. We are very sorry.

Mr. and Mrs. J. F. Singleton's grand-daughter from Roswell, N.M., is visiting them.

Plains News

Minnie Ruth O'Neal is sick with typhoid fever, but is some better this week.

Mrs. Jane Smith and Louise Hague were Lubbock visitors, Friday.

Mr. and Mrs. Warner Hayhurst and Misses Lorene Allbright and Clea Lannom, left Friday for their home in Oklahoma.

Miss Ircella Luna is visiting her friends and relatives in Lubbock, this week.

Sanford Webber of Plainview, spent the weekend with home folks.

Raymond Barrier and family left last week for Chicago to see A Century of Progress, and will likely return to San Antonio, Texas, to make their home. We are very sorry to lose this family.

Mrs. A. W. Andersen and children, accompanied by her father, Mr. Hanley, left last week for Bell county, where they will visit relatives for some time, and perhaps take in the World's fair at Chicago, before returning home.

KENTUCKY BURLEY TOBACCO

"Direct From Grower To You"

Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce—ripe, rich leaves, smooth and mellow, with the rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in all your life.

SPECIAL OFFER!
FIVE POUNDS SMOKING TOBACCO

\$1

Rich, Ripe, Old Fashioned Leaf

Our Old Kentucky Burley is no more like manufactured tobacco than day is like night—guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health.

We use the same method our grandfathers used in preparing tobacco for their own use—every trace of harshness leaves it—nothing to bite your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

REDUCE YOUR TOBACCO BILL 1/2

We sell direct from the grower, this eliminates the eighteen cents a pound Revenue Tax—all manufacturers' and middlemen's profit, thereby effecting a saving to you of 50 percent or more. No fancy packages, no decorations, just quality and lots of it.

MONEY SAVING PRICES

SMOKING 5 lbs. Send us One OR for Dollar Cash CHEWING \$1.00 P. O. or Express Money

Order (no personal checks) and we will promptly ship you a five pound package of "Burley Tobacco."

Five pounds of Old Kentucky Burley will make 40 large packages of smoking or twists of chewing.

Send 35 cents in silver and we will ship Post-Paid — one pound of Burley Tobacco as a trial offer. A trial will convince you.

We have thousands of requests daily for "Samples"—our margin of profit is so small that we cannot comply with these requests.

We do not ship C. O. D. orders, to do so would require a large staff of clerks. Orders must be in English language.

INDEPENDENT TOBACCO GROWERS ASSOCIATION
McClure Bldg. Frankford, Ky.

DIES BEFORE REACHING THE OPERATING TABLE

Mr. and Mrs. Harry Allen of Tatum, N. M., started to Brownfield afternoon with their little eleven year old daughter, Florene, who had a bad attack of appendicitis, but as the little lady was being carried up stairs at the Treadaway Hospital for an operation, she died. It is said the appendage had been ruptured for some time.

The body was, we understand, taken back home for burial. She is a niece of Marion Craig of this city.

Cye Tankersley and wife have moved to Bryan, Texas, for the summer where Cye will take lessons in cotton classing.

A bird is known by its note, and a man by his talk.

CAPTURES FUGITIVE BIT OF RADIUM

Oklahoma City, June 1.—University hospital authorities instructed Dr. W. M. Rogers of Rule, Texas, how to pack for shipment \$1,100 worth of radium carried away from the hospital by a patient.

The pin-point of the precious substance was plastered to the lip of Edgar Miller of Guthrie at the hospital here last week. Miller left. Physicians ordered a search for the missing patient. Learning the value of his bandage, Miller went to Dr. Rogers' office and gave him the radium for safe keeping.

We understand that quite a number of our farmers are dry planting in sections too dry to get cotton or feed up.

Queen of Tom-Tom

Royalty was augmented with beauty when Miss Rose Cyrene Paulus of Yoakum, Texas, reigned as Queen Ceres VI over the famous Tom-Tom celebration recently held in Yoakum, Texas. She is the daughter of Attorney and Mrs. H. S. Paulus.

Challis Chats

School closed Thursday with a program at night. We understand Mr. Huckleberry is taking a rest through the summer, while Miss Golda Malcolm will attend Texas Tech, and Miss Robbie Hardin, primary teacher, will take a rest.

Sunday school was well attended Sunday, there being 57 members in attendance, and several visitors.

Mr. Rimmer Jones, who has been at Artesia, N. M. for some time, has returned home.

Wayne D. Howell visited with Buel Price, Sunday.

We are sorry to report that Mrs. N. D. Marchbanks, who has been sick for some time, is not improving very fast.

Mr. and Mrs. Swain and family, and Mr. and Mrs. Jim Jones, visited Mrs. Ada Howze and family, Sunday.

Mrs. Green and Mrs. Burson, of Amarillo, who have been visiting their cousin, Mrs. Money Price, left Wed. by train for home.

Mr. and Mrs. Cecil George visited his sister, Mrs. Leady Frye of Pleasant Valley, Saturday night.

Mr. and Mrs. Jenkins of Oklahoma are here visiting the later's parents, Mr. and Mrs. Henry Neeley.

Mrs. Jim Martin is visiting in Young county this week.

Miss Margaret Jones is spending the week end with her friend, Mrs. Edwin Howell of Brownfield.

We are sorry that Bro. Horn could not come and preach for us Sunday, but will preach the third Sunday afternoon at 3 o'clock.

Mrs. Cecil Smith returned the past week from Amarillo, where she and the children have been visiting her parents, Mr. and Mrs. Ross Rentfro since school was out here.

Seeing Things?

Well, in case you want to know, it's June again. The Texas Press association holds its annual meeting June 8, 9 and 10 at Houston, and Texas News Photos, statewide newspaper service issued by Harper Standard Engraving Co. of Dallas is issuing another crazy magazine for the newspaper editors of Texas. This illustration is on the cover. If you think this picture is "nuts," just ask kind editor to show you the whole book after the convention!

Willow Wells Worries

After about three weeks of vacation, I will try to give you a little more of the happenings of our community.

It is still dry and hot over here. A few farmers are dry planting in hopes it may rain. It seems to be only time and seed wasted, though.

J. W. O. Aldredge and family left last week for Mills county, where they will spend the summer. He will have some wonderful fish stories to tell when he returns.

The entertainments were enjoyed in the homes of Ray Rouse, Burness Holley and Lonnie Tanner, the past week.

Willow Wells had some bad luck Sunday, when they were defeated in a double header ball game with Tokio and Plains. The score of the Plains-W.W. game was 10 to 13 and the Tokio-W. W. game 6 to 7. Better luck next time.

Frank Cuttrel and family are here spending a few days with Frank's mother.

Gwendolyn Bigham has returned from Paducah, where she finished high school this term.

Mrs. Johnnie Stevenson and son, returned home to Ropes last Saturday, after spending a few days with her parents, Mr. and Mrs. J. R. Dozier and family.

The oil industry in 1932 produced 2,409,000 tons of asphalt.

President of Veteran Cowboys

Here is Frank Rhoades of Throckmorton, president of the Veteran Cowboys, who will hold their annual meeting in connection with the Texas Cowboy Reunion at Stamford July 3, 4 and 5. To qualify for membership in Rhoades' organization, cowhands must have ridden the range at least 35 years. The Veterans will be special guests of the reunion management at the big roundup and rodeo.

Kidnapper and Pals Nabbed at Amarillo

These three men and two women were caught at Amarillo following the sensational kidnaping of Mary McElroy, in Kansas City, and the payment by her father of \$30,000 ransom. The case attracted nation-wide attention. From left to right they are: Walter H. McGee, ring leader, who says he is "a cross between a barbed wire fence and a snake"; Lenore and Lawrence Gilbert; Wendell and Hazel Johnson. McGee said he was taking the two couples on a pleasure trip, but that in reality, he needed them to pass the large bills he carried—the ransom. Buying a new car in Amarillo led to the gang's capture.

Flyer Killed But Student Escapes in Crash

Hal Naylor (pictured inset) manager of the municipal airport at Austin was killed, but Miss Mary Blanche Bauer, University of Texas student and student flyer, was only slightly injured when the plane in which Naylor was giving Miss Bauer instructions crashed. The impact of the crash hurled the plane's motor back upon Naylor, as shown in the photo.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience.

Henry Ford

Positively, Conoco Bronze outperforms them all by every comparison

INSTANT STARTING LIGHTNING PICK-UP

CONOCO BRONZE'S claims to superiority have received the most tremendous indorsement ever accorded a new gasoline.

Motorists in vast numbers talked and wrote of their experiences with instant starting, lightning pick-up, improved anti-knock, greater mileage and power of Conoco Bronze. They proved its unusual qualities in new cars and old-timers.

Take any motor car manufacturer's claims of car performance... add a plus if you use Conoco Bronze! Where performance counts... or economy is stressed, here is a gasoline whose perfection is greater than the car engineers counted upon.

Users all say it is a great gasoline. At Red Triangle stations everywhere.

THE MOTOR OIL WITH THE 'HIDDEN QUART' THAT NEVER DRAINS AWAY

C. B. QUANTE, Agent

TELEPHONE 158R

BROWNFIELD, TEXAS

The work on the house around the city well is progressing nicely, and Mr. Wingerd will probably finish the brick work this week. This, we understand, will be known as City Well No. 2.

"Tight" Graham and wife, and her mother, Mrs. M. V. Brownfield, returned last week from Waco, where Tight and wife have been attending Baylor U. They will be home for the summer.

Mr. and Mrs. Luke Harrell were called to Burkburnett last Wednesday to attend the funeral of Luke's niece, the 18 month old daughter of Mr. and Mrs. Robt. Harrell. They returned home last Friday.

Mrs. Clovis Kendrick is in Ashdown, Ark., attending the bedside of her father who was in some kind of an accident. Her parents, Mr. and Mrs. W. E. Henson formerly resided in Brownfield.

Craig Stewart, clerical employe of one of the major oil companies of the McCamey field, was up over the week end, a guest of his sister, Mrs. Claude Hudgens and family.

Jack Stricklin Jr., was a weekend visitor to relatives and friends at Coahoma, Texas. He was accompanied by Mrs. Arthur Sawyer and her daughter, Miss Queenelle, who were week end guests of Mrs. Sawyer's sister, Mrs. Rance King, of Big Spring.

Personalities Figuring in Texas Press Meet at Houston

Here are three men who will figure prominently in the 54th annual convention of the Texas Press association, to be held June 8, 9, and 10 in Houston with the Rice hotel as headquarters. Lowry Martin, publisher of the Corsicana Sun, is president of the Texas Press association. B. F. Orr is manager of the Rice hotel and will be host to the editors and publishers. Rufus Higgs, present vice-president, is traditionally slated to be elected president of the association for the coming year. He publishes the Stephenville Empire-Tribune.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS S. J. R. NO. 3.

Be it Resolved by the Legislature of the State of Texas: Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a section to be Section 3, which shall provide: "Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained: (2) Any county having a population of sixty-two thousand (62,000) or more according to the last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate thereto, wherein the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers to give general circulation in the county effected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty

(30) days next prior to the time of an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In the elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each house of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto. (3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or may provide for a governing body otherwise constituted, which shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body shall not exceed six (6) years. In any event in addition to the powers and duties provided by such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by County Commissioners' Court. Further, any such Charter may provide for the reorganization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in, subject to the limitations herein provided. b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be assigned to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of the District Attorney and for County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of such attorneys may be fixed on a salary basis in lieu of fees. c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate, abolish any office or department, whether created by or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive, and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter shall provide to alter the status, salary, duties or compensation of members of the Legislature, Judges of County Courts, District Attorneys, County Attorneys, or a n y office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all the powers, functions and duties of the county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof. d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of the State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit of total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon. e. In addition to the powers herein provided, and in addition to the powers included in a County Home Rule Charter, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties. f. Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the re-

funding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at one time, exceed the then existing Constitutional limits of indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits. g. Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified services, to be in lieu of the schedule of such fees prescribed by the General Laws of the State, and to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fees for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to judicial officers, other than to qualify Judges, may prescribe the qualifications for service, but provided the standards therefor be not lower than those fixed by the General Laws of the State. h. Subject to the express limitations upon the exercise of the powers by this subdivisions to be authorized, such Charter may provide (or omit to provide) that the governmental or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature of the State, the remainder of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the proposed merger, if the Charter provision without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, limitations, restrictions and conditions, which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate governmental agency. If the governmental agency were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and economy of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years. b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of the county operating under a Charter, the Charter provisions affecting thereby shall cease to control, and the county Charter provisions shall control. c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for the redefining of the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities and towns, in addition to the primary county taxes herein authorized, and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of the Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of any such city or town. d. A city or town in character though not incorporated under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS S. J. R. NO. 32

Be it Resolved by the Legislature of the State of Texas: Section 1. That Section 1-a of Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before the expiration of such period the board of governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall become applicable to each county or political subdivision, and when it shall become within the provisions hereof." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes." Those voters opposing said proposed Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes." Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and Amendments thereto. (A Correct Copy) W. W. Heath Secretary of State

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS S. J. R. NO. 30

Be it Resolved by the Legislature of the State of Texas: Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another section, Section 51a, which shall read as follows: "Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed Four and one-half (4 1/2%) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law; and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall not become a charge against or lien upon any property, real or personal, within this State." Section 2. The foregoing Constitutional amendment shall be submitted to the qualified voters of the State on the Twenty-sixth day of August, A. D. 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds." Those voters opposing said amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds." Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto. (A Correct Copy) W. W. Heath Secretary of State

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS H. J. R. NO. 43

Be it Resolved by the Legislature of the State of Texas: Section 1. That subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows: "(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight provided the Legislature shall enact a law or laws whereby the qualified vote of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited, and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication, or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight, and the provision of this subsection shall be self-enacting." Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed Amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three

OUR 23 YEAR COLUMN

We find from our June 11 issue of 1910, that the editor (yours truly) was away to the Press meeting at Stamford, and also visiting relatives and friends in Jones and Johnson counties, and that the former editor, Neil H. Bigger, had charge of the Herald that week. Being a big Mason, Mr. Bigger had given over the first page to an address on Masonry, delivered at the corner stone laying of the new courthouse at Plainview. Therefore, we will pass to the next page for local interest.

We note that Brownfield was endeavoring to get an auto mail line from Big Spring, daily. Can you blame us when you learn that it took the mail back two days to come from Big Spring, and our daily papers were three days old when we received them. M. V. Brownfield announced that a lobo wolf had been killed on his east ranch for which he paid a bounty of \$25. The Royal Arch Masons and Odd Fellows had each elected officers for the term. Judge Geo. W. Neill was advertising for bids to grub and grade the road from this city east to the Lynn county line, now State Highway 84. Will Ed Harris, who had attended Southwestern U. at Georgetown, and Miss Mamie Powell, who had attended a college at Shreveport, had come home for vacation.

Page 3. Sam Rather had returned from a short visit to Austin. Uncle Tom Holley was helping to shear sheep on the Dock Walker ranch. Jake Johnston wanted the ladies to try some of his fine Watkins face cream and smile. Dick Brownfield had been kicked in the face by one of his jacks and had a badly swollen face from the kick. B. L. Thompson and N. H. Ross had both renewed for their Herald. Robert Foard and wife of Paducah, were visiting their daughter, Mrs. J. E. Woodard and family of southwest Terry. Marriages: Mr. Homer Scott and Miss Josie Hughes were married on June 7th by Rev. Victor Trammell. Walter Williams and Miss Maude Carter, of Gomez, were married by Judge Geo. W. Neill on the 8th. Mr. D. Hunter and Miss Birdie Glover, both of Gomez, were married on the 5th. (The officiating officer not given.) Mr. Artie Shepherd and Miss Lora Stapp, were married by Judge Neill on May 29th. Last wedding report delayed.

The Baptist ladies were preparing to give a box supper. Rev. Victor Trammell was leaving for George-

town to take a summer course for ministers. The Brownfield Rebekah lodge had traveled to Tahoka to institute a new lodge there. Needmore: Rev. Preston preached the Sunday before. Eddie McPhaul and Brock Gist were attending a summer normal at Plainview. Lee Walker had begun shearing his sheep. Mrs. Lee Walker had given the young folks a social. Frank Howard and Sam Walker were preparing to shear their sheep. Miss Texie Holden of Brownfield was visiting Miss Myrtis Walker.

The old Confederate Soldiers, with Wm Howard as president, had met at Gomez and decided to hold their reunion on the same date as the Terry County Fair, Sept. 21-22. They also introduced and passed a resolution calling upon the legislature to provide sufficient funds to care for the inmates of the Confederate Home at Austin as they should be. All for this week.

Needmore News

Messrs Paul Whitaker and C. C. Bennett and families spent Sunday with Mr. J. C. Crownover and family. Misses Ida Belle Jordan and Bessie Tuckness returned home Sunday afternoon from Union, where they spent a week visiting their friend, Miss Wilma Jones.

Mrs. Jewell Belle visited Friday afternoon with Mrs. Vernon and Edgar Whitaker.

Miss Margene Mackey spent Saturday night with Miss Christine Jordan.

Mrs. S. B. McCutcheon, Mrs. W. C. Nolen spent Wednesday with Miss Amy and Grandma Savage.

Mr. Joe Jordan and family spent Sunday with Mr. Strange and family.

Mrs. Paul Whitaker, Mrs. Woodrow Whitaker and Misses Ida Belle and Christine Jordan, visited Monday with Mrs. M. Y. Bennett.

Mesdames W. C. Nolen and Haskell Hix visited Mrs. S. B. McCutcheon Tuesday afternoon.

Misses Ira and Orville Watkins spent the week end at home. Orville will remain at home during the summer, and Ira returned to Lubbock, Sunday where she is attending Tech.

Mr. Aden Miller and family spent Sunday with Mr. M. H. Benett and family.

Mrs. S. B. McCutcheon and Mrs. W. J. Hix visited with Mrs. W. C. Nolen and Mrs. Haskell Hix, Thursday afternoon.

Use a soft pencil if possible as the linotype operator has difficulty in reading your last letter, especially. It was very dim.—Editor.

LEVELLAND GIRL WINS WITH HER MEAT ESSAY

Miss Merle Green, a Levelland high school girl, was announced today as the champion of Texas in the tenth national meat story contest being sponsored by the National Live Stock and Meat Board. The title of her winning essay was, "Food Value of Meat."

It is stated that the contest was participated in this year by more than 10,000 students from 565 high schools in 47 states.

Mrs. Homer Winston and children, who have been visiting her parents, Mr. and Mrs. J. C. Whisenant at Dattil, N. M., for some time, are returning home this week.

In buying string beans, the zipper is easiest to prepare.

BRIGHT WOMAN LOST 20 POUNDS

FEELS MUCH BETTER

"June 28th, 1932, I started taking Kruschen Salts. Have lost 20 pounds from June 28th to Jan. 10. Was under doctors care for several months. He said I had gall stones and should have operation. Kruschen did all and more than I expected." Mrs. Lute Bright, Walker, Minn. (Jan. 10, 1933.)

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts four weeks costs but a trifle at any drug store in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

ELECTIONS COMING UP

The August 26th election will be a lively affair in Texas. In addition to the two liquor questions to be voted on then, there will be two other unrelated problems for the voters to decide.

Six other constitutional amendments will be decided at the general election in 1934.

On the slate for August 26 are: Modifying the state constitution to permit traffic in 3.2 beer; a state referendum to say whether Texas will vote to repeal the 18th amendment; conferring home-rule powers on counties; and authorizing the legislature to issue twenty million in bonds for unemployment relief.

Among the issues for determination in 1934's general election are the following:

Perfecting the amendment exempting \$3,000 homesteads from ad valorem taxes, so as to include certain coastal counties within its provisions.

Permitting cities to amend charters every 12 months instead of every 24 months.

Permitting four year terms for city officers.

Abolishing the fee system.

Providing that taxes shall be equal and uniform, and classifying property for taxation.

Permitting changes in county boundaries and providing for consolidation of counties.

Most of these matters could have been decided with much less trouble by authorizing a constitutional convention to overhaul the state's outmoded constitution. — Abilene News.

Just how brave are you anyway? Have you ever had your nerve or fear tested? When I ask these questions I was thinking about Miss Mary McElory of Kansas City, Mo., who was kidnapped last week and was not released for twenty-nine hours when her father and brother payed a ransom of \$30,000. If you have been reading about this you will not deny that Miss McElory was indeed very calm about such an alarming situation. She only screamed once; that was when the kidnapers came after her. She said she did not hold any malice toward the men for they were very considerate to her. Well, can you feature that? What will happen next?—forgiveness is a pretty big word.—Lockney Beacon.

HOLY CATS, WHAT NEXT?

A bill has been passed by Congress to pay \$9,000 to Mrs. Thomas J. Walsh, widow of the late senator of Montana. It has been the custom to pay a year's pay to the widow of senators who died while in office—but a mighty poor custom.

Mrs. Walsh, who married the late senator but recently, is a Cuban and reputed to be very wealthy in her own right. She does not need the money and is not entitled to it.

If the widows of senators are to be voted funds from the federal treasury why not be consistent and vote equal funds to the widows of all public officials and employees? why not vote \$9,000 to the widows of all our dead people? Why not vote \$9,000 to everybody?

It would be interesting to know what the widows of our dead soldiers, who receive only a pittance, think of such a scheme.

Take it away from the veterans and their widows and give it to others who have more money than they can legitimately spend! Holy Cats, what next?—Exchange.

ALFRED DANIEL FINISHES HIS MEDICAL COURSE

Friends of Alfred Harris Daniell have received invitations to attend the commencement exercises of the School of Medicine of the University of Texas, at Galveston, which will be held on Wednesday evening, May 31, at 8 o'clock. Alfred is the eldest son of Mr. and Mrs. W. S. Daniell of Seminole, and is a member of the class graduating from this college, this year.—Seminole Sentinel.

Alfred attended school a number of years in his childhood, in Brownfield, until the family moved to Seminole. In fact, it is our memory that he attended about his first public school in this city.

A gentleman from another town, with experience in such matters, in discussing the unemployment and relief problem, told of an incident that happened in a large town near us, that makes food for thought. It was said that a young man in the town lost his job at the beginning of the depression and had to accept a little aid from the community chest.

The next year he was still without employment and some of his kinsfolk had moved in and help was extended to all of them. The past winter the same condition prevailed and more kinsfolk were on hand to share in the relief; in fact, the family had grown to 62 persons who listed themselves as dependent upon the young man.

The problem of getting the unemployed back into useful employment as times grow better is causing concern in all quarters. We do not see much of the seriousness of the problem in the smaller towns, for people would work if they had a chance, but in the larger cities many people seem to think that a living is due them and will continue to be a burden on charity boards for many years to come.—McLean News.

FIRST 1933 WHEAT BRINGS 83 1/2c IN FORT WORTH

According to the Star-Telegram, the first 1933 wheat sold at sealed bids on the floor of the Fort Worth Grain and Cotton Exchange Thursday, June 1 for 83 1/2c plus a premium of 5 cents per bushel paid by the purchaser because of it being the initial crop of new crop wheat to reach this terminal market.

Gaylord Stone, president of Universal Mills of that city, was the purchaser. Transit Grain and Commission Company, to whom the grain was consigned, was the seller. The price was 20 cents per bushel above the price paid there for similar wheat there for the 1932 crop a year ago.

The car came from Grandfield, Oklahoma, where it was grown. It reached market about ten days ahead of the initial shipment in 1932 and was declared to be splendid quality.

Mr. H. T. Croley was in this week and informed us that he was having to carry his wife off the caprock on her physician's advice. Mr. Croley wants to thank the good people of Brownfield through the Herald, and especially Dr. W. Graves and J. D. Noble, who have been especially nice to them. This couple are nearing the three score and ten mark.

The Panhandle-Plains singing convention will be in session at Lubbock next Saturday and Sunday.

D. J. Broughton and family have moved from the farm north of town to Leveland.

Idle folks have the least leisure.

ORDER PLANS FOR MUNICIPAL POWER PLANT IN PLAINVIEW

Plainview, June 3.—The city council of Plainview has authorized Mayor R. P. Smith to have Montgomery & Ward, a Wichita Falls engineering firm, to draw plans and specifications for a municipal power plant. At the regular April election, by a vote of over 4 to 1, the city was authorized by a vote to issue bonds not to exceed \$450,000 for a municipal plant.

TEXAS HOUSE PASSES BILL FOR CONSOLIDATION

The Texas House, Wednesday, passed a bill to ratify an agreement between the states of Texas and New Mexico that would permit the consolidation of the Texico and Farwell school districts, according to the news reports from Austin.

The bill was sponsored by Representative A. B. Tarwater, of Plainview. It was passed early in the year in New Mexico and will become effective if, and when, it is passed by the Texas legislature and signed by Governor Ferguson. The Texas senate has not yet acted on the bill. Proponents of the measure expect the bill to be passed since it has won the approval of educators in both states.—State Line Tribune.

HORSE RACING TO COME BACK

Austin, May 24.—Governor Miriam A. Ferguson today approved a proposal designed to bring horse racing back to Texas through permitting bets. The law would become effective ninety days after the legislative adjourns, or about September 1.

The law would authorize the certificate system of wagering. Since 1909 it had been unlawful to place a bet on horse races in Texas. Persons desiring to revive racing in this state made a strenuous campaign for several years and bills to permit betting had been introduced in the past three legislatures.

The "horse race" proposal was attached as a rider to the departmental appropriations bill. Gov. Ferguson signed the bill without change in less than 24 hours after it reached her desk.

The bill called for appropriations for the next biennium of approximately \$11,600,000, a reduction of about 28 per cent from the departmental allotments for the current biennium.

Mrs. Gaster Spencer, a graduate of the Brownfield High, received her degree from Tech College this week. She is the daughter of Mrs. J. L. Randal of this city. One lady beat Mrs. Spencer a fraction of a point for the highest honors for the four-year term.

Gooseberries when shaved make an excellent substitute for grapes.

DISILLUSIONED TOURIST

Clarksville Times: An Oklahoma citizen drove down into Louisiana to try a sample of the new 3.2 beer. He landed in jail because his car didn't bear a 1933 license tag, put up a \$20 cash bond, paid a lawyer \$10 to get his bond money back after he had paid \$18.75 for a 1933 Louisiana license tag, and felt like heck about it all until he landed back in Oklahoma and drank a couple of bottles of 12 percent home brew.

The outraged Oklahoman should never have strayed from the local certainty in search of the Louisiana ignis futus. The 3.2 of Louisiana is said to have a beautiful amber color, as against the muddy cast of the Oklahoma native brew. But what has color got to do with it? Pink soda pop is beautiful to the eye, but no Oklahoman would drive to Shreveport without a license tag merely in order to look upon the soda pop when it was red. An Oklahoman accustomed to the potent but not pretty 12 per cent tippie would regard the Louisiana 3.2 as something to wean babies on. An Oklahoman, exhilarated by the domestic exhilarator, can rise to such heights of exuberance as to start a new war on the Indians. The Indians themselves know how it is. They have experienced the spirituous quality of the white man's homely beverage and started green-corn dances in December, or new year's ceremonies in June. When an Indian takes a long swig of liquid tomahawk he blesses the day when his pale-face neighbors introduced him to the many wonders of science worked out in stone crocks. Our intention is not to divert Oklahoman travel from Louisiana. Our effort is only to remind and convince the Oklahomans that it is poor policy to swap 12 per cent strength for 3.2 per cent weakness. The broth of invalids does not intrigue an appetite habituated to aqua fortis.

Mrs. Dr. M. E. Jacobson was in the Herald office last week and informed us that she had just returned from Kansas where she visited relatives for the past several months, while the doctor was taking a post graduate course at Tulane University medical department at New Orleans. Dr. Jacobson will be in this week, she informed us.

Mr. and Mrs. F. E. Walters are returning this week from a several weeks' visit to relatives in Kansas.

Terry Redford, wife and little daughter, moved up to Lubbock this week where Terry will finish this summer at Teach college. Mrs. Redford will not attend school as she received her degree last year.

A book that remains shut is but a block.

The windy, hot weather the first part of the week was bad on young cotton and feed just coming up.

People are urged to speak more distinctly, but they are always understood when they offer to pay a bill.

Dials Weather at "World's Fair"

Make your own favorite variety of weather, is the invitation extended from the World's Fair Garden of Comfort by Grace Anderson to those who plan to visit A Century of Progress Exposition, which recently opened at Chicago. Some of the wonders of modern science — weather manufacturing equipment which enables mankind to live indoors in practically any part of the world in ideal climate, regardless of outside conditions—are being presented by the makers of this machinery. Indoor weather making plants and equipment which will provide weather similar to the best brands offered by Florida and California and will maintain it the year around in homes or the largest buildings is being presented. These machines will cool in summer, heat in winter, regulate humidity, that notorious enemy of human comfort, and purify and circulate the air. One of the scientific marvels is a machine that uses only steam and city tap water for cooling. Another is a conditioning unit which utilizes the principle of the gun silencer to keep outside noise from entering the rooms. Such scientific and engineering wonders as those in the Garden of Comfort, coupled with many natural wonders and collections, will make the World's Fair the greatest educational exposition ever seen in the United States, educators say.

CHEVROLET STANDARD SIX \$445 AND UP F.O.B. FLINT, MICH. Offering Chevrolet Quality and Dependability, Modern Aer-Stream Styling, No Draft Ventilation, Fisher Bodies and World Record Economy

What's the use of delaying longer to buy that new car you want and need? Here are the best things motoring can offer: Aer-stream styling, with beaver-tail back and skirted fenders. OWENS-YOUREE NUPTIALS

Miss Christine Owens, of Ennis, Texas, sister of Mrs. W. R. McDuffie, whose guest she has been for the past month, and Mr. Fred Youree of this city, motored to Lovington, N. M., Sunday June 4, where they were united in marriage by the Methodist minister of that place.

The bride was attractively gowned in a navy blue suit with blue accessories. The groom wore the conventional suit of black.

Mrs. Youree, during her visits here for the past two years, has made many lasting friends. Fred has grown to manhood here, and is well known and much admired. They will be at home on west Hill street in the Hamilton duplex. May good luck and joy always be theirs.

MRS. JARVIS NOWELL HONORED

As a courtesy to Mrs. Jarvis Nowell, who was married recently, Mrs. Cecil Akers entertained June 1st, with a shower for her in her home in west Brownfield. The honor guest was presented with a number of useful gifts. Ice cream and cake were served to Mesdames Jim Jackson, Will Moore, Baugh, Gore, T. A. Nowell, Williamson, David Perry, Dillard Graham, Bill Settles and Ben Hill and Misses Vera Jackson, Charlotte and Laverne Gibson, Marie Moore, Velma Williamson, Mildred Nowell, Mabel Perry, Ruth Brazelton.

MESDAMES SANDERS AND PENN HOSTESSES

Six tables were placed for playing when Mesdames Sanders and Penn entertained with bridge last Thursday. Chicken salad, pickles, iced tea and sandwiches were served to Mesdames Jacobson, Enderson, Flen McSpadden, Herod, Hilyard, Holmes, C. J. Smith, McDuffie, McGuire, Lees, Jones, James H. Dallas, Cave, Bailey, Wingerd, Parish, A. Sawyer, McGowan, Bell, Collins, Heath, Hudgens, Self and Miss Christine Owens. Mrs. W. H. Dallas and Miss Gertrude Rasco were tea guests. Mrs. Flen McSpadden received a hand painted picture for high, and Mrs. Enderson a pyrex dish for next to high.

MRS. EARL JONES ENTERTAINS KARD CLUB

Mrs. Earl Jones was hostess to the Kolonial Kard Klub on Friday afternoon of last week. Three tables were placed for playing. Nut cream and sunshine cake were served to Mesdames Hilyard, Herod, Heath, Holmes, Lewis, E. D. Jones, Self McGuire, Stricklin, Cave, W. C. and C. J. Smith. Mrs. Stricklin scored high for the club members and received a mirror. Mrs. Dalt Lewis scored high for guest prize, and was presented with a door stop. Sweet peas were plate favors.

WORKERS COUNCIL MEET

The Workers Council of the Forrester community will meet at the home of Mr. and Mrs. Lonnie Johnson of this community, Saturday night, June 10. We hope that our meeting will be well attended, and are sure that those who come will enjoy our program.

Our last meeting was held May 13, at the home of Mr. and Mrs. J. A. Forrester. We had several present and a splendid Mothers Day program was enjoyed. Through a misunderstanding the report of this meeting was delayed until now.

Mrs. A. L. Stephens, Reporter.

MRS. LEES HOSTESS TO ACE HIGH CLUB

Mrs. Herbert Lees was hostess to the Ace High Club in her home Friday afternoon.

Bridge was the diversion. Mesdames McGowan and May received birthday gifts from each member of the club. A salad course was served to Mesdames Bob Bowers, Roy Wingerd, W. H. Dallas, E. A. Graham, Arthur Sawyer, Morgan Copeland, Fred Smith, Joe McGowan, Tom May, Ray Brownfield, W. H. Collins and M. L. Penn. Mesdames W. A. Bell and W. B. Toone were tea guests. Mrs. Graham received a pyrex dish for high and Mrs. Collins a tea set for second high.

Mr. and Mrs. John S. Powell spent a few days last week in Lubbock, with their daughter, Mrs. Rufus Rush.

ATTENTION

I have installed a new Flower Refrigerator and am prepared to furnish you fresh cut flowers, Pot Plants, or anything you want in flowers at all times. Free Delivery.

MRS. W. B. DOWNING, Phone 69

LEGION AUXILIARY PARTY

The American Legion Auxiliary will have a party instead of the usual business meeting at the next regular meeting day, Wed. June 14th, at 3 P. M., at the Legion Hall. All eligible women invited.

WMS MET MONDAY

Ten ladies met Monday at the Methodist church and finished the study of the book, "Jesus Among Men." Mrs. Cook led the lesson. Next Monday will be the monthly World Outlook lesson with Mrs. W. B. Downing leader.

BAPTIST CHURCH

We were delighted with our congregation last Sunday. We had 248 in Sunday School, and a fine crowd at the morning service, and a fair congregation at the evening hour.

We will have regular services next Sunday. At the evening hour, the pastor's subject will be "Three Point Two Beer," or "The American Government in Bankruptcy, and selling her sons for drunkards and her daughters for harlots. Have you any to sell?"

You are invited to any or all of these services.

J. M. Hale, Pastor.

CARD OF THANKS

We wish to thank you, friends, for your deeds of kindness and words of sympathy to us, in the loss of our dear daughter and sister, Stella Louise. May God's richest blessings be yours.

Mrs. T. L. Treadaway
Mr. and Mrs. S. J. Treadaway
Mr. and Mrs. Will Adams
Mr. and Mrs. Albert Long
Mr. and Mrs. Arnett Bynum
Dr. and Mrs. Lester Treadaway
Miss Mozelle Treadaway

W. E. ADAMS DIED FRIDAY

Friday afternoon, Mr. W. E. Adams died at the home of Mr. and Mrs. Lee Fulton in the Forrester community. He had been in poor health for some time. His wife died some five months ago and her body was brought across the country from O'Donnell. Four sons and one daughter were present at his funeral, also other relatives. One son in California was not present.

Miss Rasco will leave Saturday for her home in Memphis, Texas, to spend the summer. She will return in the fall to teach again. She had a large class of pupils this year.

Jay Tankersley was carried to Plainview, Friday, to be near a Dr. that is treating him.

Bill Collins, of Lubbock, visited his parents, Mr. and Mrs. W. H. Collins, here Sunday.

Rev. and Mrs. Tharp had three of their daughters and their husbands with them Sunday. They were Mr. and Mrs. Magee of Crowell, Mr. and Mrs. Buchanan of Slaton, and Mr. and Mrs. McCullen of Lubbock.

Mr. and Mrs. A. B. Sanders and Mrs. McCloud visited relatives in Abilene the latter part of last week.

Mr. and Mrs. Eli Perkins of Amherst visited Mr. and Mrs. Roy Herod Saturday night and Sunday.

Mr. and Mrs. Herman Heath, Mr. and Mrs. Ben Hilyard, Mr. and Mrs. C. N. Wood, Mr. and Mrs. Roy Herod and Mr. and Mrs. Eli Perkins motored to Lubbock Sunday afternoon.

Velma McClish and Mrs. Craig returned Friday morning from Big Spring.

Mr. and Mrs. Jay Barret were Lubbock visitors Thursday of last week.

Mr. and Mrs. Cy Tankersley left Thursday for Galveston to spend the Summer.

Mrs. Walter Gracey was hostess to the Precilla Needle club Wednesday afternoon.

Mr. and Mrs. Earl Thaxton were Lubbock visitors the past weekend.

Mr. and Mrs. J. L. Cruce visited in Lubbock, Monday.

Roy Collier and family left Wednesday to visit Mr. Collier's parents in Montague county. Mr. Collier will return Sunday, but Mrs. Collier and children will spend a few weeks on their visit.

Mrs. J. A. Byers from Post, and little daughter, Katie Lou, are visiting her sister, Mrs. Lee Thomas.

Mrs. J. L. Randal attended the graduating exercises of the Tech college Monday and Tuesday.

CONVICT PRINTING

The legislature has sent to the governor a bill to permit the state penitentiary convicts to do state printing in competition with outside bidders. The bill comprehends the purchase and installation of expensive machinery to be used in the work.

Opposing this step, Senator Purif of Dallas said:

"You are voting to submit a \$20,000,000 bond issue to aid the unemployed and yet you are passing a bill to add several hundred printers to the unemployed rolls."

This bill is altogether different from one passed a few days ago to have automobile license tags and road signs manufactured by convicts. In that case, these supplies had been bought from out of state firms and in some cases were the products of other state prisons.

But here is a measure that would force free printers into competition with convict printers, with the inevitable result. The convicts will get the work simply because the taxpayers will dig down in their pockets to make up the difference between the profit of free labor and the losses of prison labor.

It is a type of false economy not unusual to the legislative processes of alleged thinking. It would compel the taxpayer to bear the burden in the long run, for the simple reason that he must maintain the convicts and must take on the free printer's share of the taxes which the free printer will be unable to pay because of unfair and unjust competition from the state.

Governor Ferguson should veto this bill.—Abilene News.

HIS LAMBS PAID HIM \$57.60 PER MONTH TO FEED

Abilene.—Lambs fed for 150 days on home ground feed and pasture supplemented with cottonseed meal paid H. H. Robertson of Salt Branch community in Taylor county \$57.60 per month for his time and while he carried on his regular farm work last winter, reports C. M. Heald, county agent. His flock of 1530 lambs gained 30.9 pounds per head at a cost of slightly more than \$1 per head.

"While the profit was small," says Mr. Heald, "the demonstration shows that lamb feeding offers great possibilities to the careful feeder who wishes to convert cheap home grown feed into better than market prices. Mr. Robertson figures that his feed, which was weather damaged and of course could not be sold at market prices, brought him \$6.50 per ton through the lambs.

The ration fed was ground milo heads, oats, cottonseed meal, not to exceed one-fourth pound per day, and ground hegeri and cane. The sheep consumed 165 tons of milo and 2000 bushels of oats in addition to all the roughness they could clean up and about 30 tons of cottonseed meal.

KNOW ANY BIGGER

J. Hartley of Kalamazoo says he was a soldier in the old country, in a picked company of crack shots. Every morning a barrel was rolled down a hill 500 yards away and the men had to fire 20 rounds each while it made its descent, aiming at the bung hole. The descent took about a minute. Any man missing the bung or not getting his 20 shots was court martialled. In the six years Mr. Hartley was in the company he reports that there was not a single court martial.

Hank Fight of Millersburg Ohio, says he has a clock so old that the shadow of the pendulum has cut out a slot in the back of the clock.

The philosophers tell us to say nothing and saw wood, and many jail convicts, anyway, are saying nothing and sawing cell bars.

Hammer Victim

This is Joe Betty Sells, youthful night club dancer whose head was beaten in with a claw hammer. She danced with her partner Louis Ruthardt, at Melody Tavern, a road house near Dallas. Ruthardt has been charged with murder.

DIPHTHERIA IS AN EASILY PREVENTABLE DISEASE

Austin, Texas.—Texas loses more than five hundred of its children each year from just one preventable cause, according to Dr. John W. Brown, State Health Officer. Diphtheria, that ever present menace to children, is responsible for the great loss.

Dr. Brown said that all parents would not allow their children to run in front of trains or automobiles but many allow them to run the danger of contracting diphtheria. Children need not have this disease, as it is easily prevented by a simple, harmless treatment with toxoid.

If you have a child six months old or more, take him to your doctor and ask to have him immunized against diphtheria. Do not wait until your child goes to school, as babies and little children need this protection more than children who are going to school.

The treatment consists of two or three injections of toxoid, according to age, one week apart. Fewer do not protect. The doctor can tell if more are needed to protect the child by giving him the Schick test four to six months after the last treatment of toxoid. It takes that long for protection to develop.

There is no guess work about toxoid. It is a safe and proven preventive. Do not confuse toxoid with anti-toxin, the first prevents a child from catching diphtheria and the second, when used in treatment, cures a child sick with the disease, if given early enough. If your child is sick do not wait but call a doctor at once, as this disease develops rapidly.

FIRESTONE SAID IT

After a silence of two years, Harvey Firestone, staunch old Republican and owner of extensive auto tire manufacturing interests, descends to come out of his shell at this time with the statement that "May tire sales will be twice as large as any month in our history."

No doubt of it.

Firestone tire interests are bombarding the nation with a weekly newspaper schedule of a more extensive scale than ever before. Why should they not be selling more tires than ever before?

Continuing on he said: "I thought it would be a calamity not to re-elect Hoover, but I've changed my mind. Roosevelt went right in and commenced to do things. We're employing twice as many workmen as we were sixty days ago."

National advertisers are getting the business when they reach the buying public with facts regarding the merits of their wares. There is no better method of reaching buyers today than through the weekly press because practically all other papers were discontinued during the retrenchment period.

Mr. and Mrs. Eli Perkins and little daughter, Ocellia Jo, were visitors in the Roy Herod and Stricklin homes here the past week end. "Perk," for three years with the Herald, is now selling groceries and coal, and buying cream, hides and produce. He reports business picking up some.

WAS KING SOLOMON BLACK OR WHITE

Solomon, the son of David, who succeeded his father on the throne of Israel and ruled from 974 until 937 B. C., was the second ruler in the Judean monarchy, and was of that branch of the white race which settled in Palestine in prehistoric times. Modern Jews are descended from the same stock.

The assertion sometimes heard that Solomon was of the black race is no doubt founded on the fact that Ras Tafari, ruler of Abyssinia, claims to be a descendant of King Solomon. This claim is no doubt well founded, for the civilization and culture of Ethiopia (now Abyssinia) parallels that of Egypt, and early records and legends may be given historical credence. The queen of Sheba visited Solomon when he was king, and from their son, Menelik, the kings of Abyssinia claimed direct descent. There are unmistakable traces of white blood in the Ethiopian aristocracy.—Pathfinder.

A TREE TOAD VETOED

Tongue twisters are always interesting, and if used in speech exercises they will aid one's pronunciation. Here is a dandy twister with a bit of modernism in it, says Pathfinder:

A tree toad loved a she toad that lived up in a tree. She was a three-toed tree toad, but a two-toed toad was he. The two-toed tree toad tried to win the she toad's friendly nod. For the two-toed tree toad loved the ground that the three toed tree toad trod. But vainly the two-toed tree toad tried; he couldn't please her whim. In her tree toad bower, with her veto power, the she toad vetoed him.

GROCERS' CHOICE

Approximately 20 gallons of gasoline are extracted from every barrel of crude oil refined.

Transplanting 461 peach seedlings

from the remains of one of the best early seedling orchards in San Augustine county, Bessie Balch of New Hope Girl's Home Demonstration Club has gone in for supplying her family plenty of fruit in the years to come. She has three rows of trees ready to bud to known varieties in June, and plans to produce extra trees for giving to club girls who cannot buy them.

Such good results have come to Dallas county dairymen from feeding stock beets to cows the last two years that the county agent reports 30 more farmers sowing the crop this year.

A hedge between keeps friendship green.
