ing on the side. He doesn't even leave Washington to come to Texas to try a law suit.

Now that school is out, many parents, especially those in town are worrying what they can get for their boys to do. In the rural sections, there is always some work for the farm or ranch boy, but in the town and cities, employment for the children is a serious question. Boys and idleness don't go well together. A busy boy is usually a good boy. He has no time to study about things to get into. It is said that most criminals come from the towns and cities, and are made up of boys whose parents have nothing for them to do after school is out or they finish school. Several here in Brownfield have been in to inquire about work for their boys.

Forrester Items

Mr. and Mrs. A. L. Stephens of Brownfield and Mrs. G. M. Thomason visited relatives in Haskell county the past week returning home Saturday.

Mr. L. D. Warren and family visited relatives at Union Sunday.

Miss Hazel Ragsdill visited Misses Ruth and Dale Maness, Sunday.

Mr. and Mrs. G. M. Thomason visited Mr. and Mrs. C. D. Hester of Wellman, Sunday.

Mr. Dewey Hulse was operated on for appendicitis Thursday. He is reported as doing fine. Mrs. Hulse is teaching in his absence.

Miss Prebble Thomason of Brownfield and Miss Louise Chambers visited Miss Sibyl Thomason, Sunday.

Mr. Reaford Warren was operated on for appendicitis Tuesday. He is reported as doing fine.

Sunday School and singing was well attended Sunday and Sunday night.

Mr. and Mrs. Thurman Ragsdill visited Mr. and Mrs. W. W. Thomason Saturday evening.

Miss Viola Polk is on the sick list.

Mr. and Mrs. A. A. Comstock of Tokio visited Mr. and Mrs. G. M. Thomason Sunday evening.

Miss Bertha Baldwin visited Mrs. Francis Mathis Sunday.

Gomez Gossip

The Baptist Sunday School was well attended Sunday. There was also a good crowd out for singing Sunday night. There will be singing at the Baptist church every first Sunday night, and every fourth Sunday afternoon at 3:00 o'clock. Everyone is invited to come.

Mr. and Mrs. J. T. Cargill spent Sunday with his sister, Mrs. T. H. Thames.

Mr. and Mrs. L. L. Cope and family visited in the Pearl Webb home, of Lahey, Sunday.

Mr. and Mrs. F. B. Condra Jr. visited in the home of his parents Sunday.

Mr. F. B. Condra Sr. had relatives from Post visiting here Sunday.

B. O. Black and family visited in the H. N. Key home Sunday.

Mr. and Mrs. J. W. Ball and daughter, Mary, attended preaching at Loop Sunday.

Misses Berwyn Bass and Nellie McLeRoy spent Saturday night in the K. Sears home.

Homer Winston and wife and Chris Quante attended the Allen Post Convention of the American Legion held in Lubbock, Sunday May 20th. Chowline was served army style after which an interesting program of music and addresses was given at the Auditorium. Dr. Knapp delivered the main address and was enjoyed by all. Business session followed. About five hundred were present.

CITATION

summon: Frederick Griesinger, Catharine Griesinger, Henry Griesinger, Henry A. Griesinger, George J. Griesinger, Mary A. Daggy, Wilhelm F. Griesinger, Caroline Whitmyer, Sadie M. Griesinger and C. C. Akin, and the heirs and legal representatives of Frederick Griesinger, Catharine Griesinger, Henry Griesinger, Henry A. Griesinger, George J. Griesinger, Mary A. Daggy, Wilhelm F. Griesinger, Caroline Whitmyer, Sadie M. Griesinger and C. C. Akin, deceased, to appear at the next regular term of the District Court of Terry County, Texas, to be held at the Court House thereof, in the town of Brownfield on the 27th day of August, 1934, being the Fourth Monday in August, 1934, then and there to answer a petition filed in the said court on the 19th day of February 1934, the file number of which is 1745, in which suit A. L. Manjeot is plaintiff and Frederick Griesinger, Catharine Griesinger, Henry Griesinger, Henry A. Griesinger, George J. Griesinger, Mary A. Daggy, Wilhelm F. Griesinger, Caroline Whitmyer, Sadie M. Griesinger and C. C. Akin, and the unknown heirs and legal representatives of Frederick Griesinger, Catharine Griesinger, Henry Griesinger, Henry A. Griesinger, George J. Griesinger, Mary A. Daggy, Wilhelm F. Griesinger, Caroline Whitmyer, Sadie M. Griesinger, and C. C. Akin, deceased, are defendants.

Plaintiff sues, and prays for judgment, for title to and possession of the following described land, situated in Terry County, Texas and being All of section No. 15, Block D-11, Certificate No. 24, issued to Stone, Kyle & Kyle, containing 640 acres said land patented to Benjamin H. Wisdom by the State of Texas, by patent No. 97, Vol. 32; and that his title thereto be quieted, and that any and all claims, either real or apparent, of title to or interest or estate in said land, of defendants, be removed as clouds on plaintiff's title, and alleges as his cause of action, that:

On December 30th, 1901, by general warranty deed, of that date, G. H. Earnest sold and conveyed said lands to John W. Gordon, and said deed was filed and recorded in the deed records of Terry County, Texas, on January 1st, 1902 in Book 2 at page 174.

On or about July 9th, 1923, said John W. Gordon died, leaving a will by which his residuary estate, which included the above described lands and other property, was bequeathed to Minnie S. Gwan, also known as Mary S. Givan, M. G. Gordon and R. Harvey Coons, share and share alike.

On or about August 16th, 1925, the said R. Harvey Coons died, leaving a will whereby his residuary estate, which included the above described land, was bequeathed to his son, Artie Coons.

That the wills of the said John W. Gordon and R. Harvey Coons were duly probated in the probate court of Terry County, Texas, all debts of said estates have been paid and all legacies bequeathed by said wills have been satisfied; and the above described land in a partition of the said John W. Gordon's estate was allotted to said Artie Coons, and the said Artie Coons and his wife, thereafter, by general warranty deed, dated December 18, 1933, sold said lands to plaintiff, and plaintiff is now the owner and entitled to possession thereof.

That immediately after said lands were conveyed to the said John W. Gordon, with his deed so recorded, he went into possession of said lands, and held possession thereof adversely and continuously from the 30th day of December, 1901 to the date of his death, occupying, enjoying, using and claiming the same under said deed, to the date of his death, and while so in possession of said land, paid all taxes that were assessed against said lands each year before the same became delinquent, and by reason thereof the said John W. Gordon acquired title to said land, under both the five and ten year statutes of

limitation.

That the defendants are claiming some right, title, interest, or estate, in and to said lands, adversely to plaintiff, which said claims cast and create clouds on plaintiff's title thereon.

Plaintiff, at the time of filing said suit, filed in said court in said cause, to-wit: the following certified copies of proceedings had on the estate of said John W. Gordon and R. H. Coons, and gave, and does hereby give notice to the defendants that they will be used as evidence on the final trial of said cause, to-wit: The application of Joe Boyd for probate of last will and testament of the said John W. Gordon, deceased and letters testamentary; The last will and testament of said deceased; The order of probate of said will; The order of probate and granters letters testamentary; The bond and oath of Joe Boyd, executor; The final report and application of executor to partition said estate; The order appointing commissioners to partition said estate among Mrs. Mary S. Givan, M. G. Gordon and Artie Coons, as executor of R. H. Coons, deceased; Report of said commissioners partitioning said estate among said parties; Order of said court approving said partition and distributing the same; Order of said court directing the said Joe Boyd executor of said estate to deliver to the said distributees their respective shares and allotment set apart to them by said commissioners, closing said estate and discharging said executor; The petition to probate the will of R. H. Coons, deceased, and for letters testamentary; The certified copy of the last will and testament of said deceased, together with the probate thereof had in the probate court of Marion County, Missouri; the citation issued out of the probate court of Terry County on said application to probate said will, and grant letters testamentary with the officer's return thereon; The order of the probate court of said Ter-

ry County admitting said will to probate, granting letters testamentary to the said Artie Coons and appoint appraisers to appraise said estate; Bond and oath of said Artie Coons, executor of said estate; Inventory and appraisal of said estate; Order of said probate court approving said Inventory and Appraisal; Final report and application of said executor for discharge and closing of said estate; Order closing said estate and discharging said executor.

You are hereby commanded to notify the defendants of the filing of said certified copies and to so summon the defendants, and to serve this citation, by making publication hereof once in every week for four consecutive weeks previous to the return day hereof, in a newspaper published in your county; but if no newspaper is published in said county, then in the nearest county where a newspaper is published. Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with your return hereon, showing how you have executed the same.

Witness Mrs. Eldora A. White, Clerk of the District Court of Terry County, Texas.

Given under my hand and seal of said Court, in the town of Brownfield, Texas, this the 21st day of April, 1934.

(SEAL) Mrs. Eldora A. White, Clerk of the District Court of Terry County, Texas.

By Veda H. Greenfield, Deputy.

Ed Turner was in from Tokio Wed. and reported a fine rain.

T. L. Causseaux was down from Meadow section Wednesday and reported a good rain. Mr. Causseaux has not been feeling very well lately, he said.

Features of Bankhead Act Are Explained

College Station—The administration of the Bankhead Act restricting American cotton production this year to not more than ten million bales is to be handled in the counties by the county cotton production control associations, according to information received by the Texas A & M College Extension Service from Washington. Advance notices indicate that Texas has been allotted a 1934 production of 3,091,200 bales which may be ginned and sold tax free. All in excess of this must pay a tax at time of sale of 50 per cent of the average central market price for 7-8ths inch middling as proclaimed by the Secretary of Agriculture from time to time, based on spot market quotations. At no time can this tax be less than 5 cents per pound.

The provisions of the Act are operative for the cotton year June 1, 1934 to May 31, 1935 but may be extended to the next cotton year by Presidential proclamation if two-thirds of the cotton growers approve. Every producer of cotton is called upon to apply to his county cotton production control association for tax exemption certificates for his individual allotment. As far as possible signers of voluntary cotton reduction contracts will be given the same allotments as indicated in their contracts, but these may be raised or lowered, according to allotments assigned the county by the United States Department of Agriculture. Those who did not sign reduction contracts may also apply on forms to be furnished by the associations by individual allotments of tax-free cotton.

The Texas allotment is based on the ratio between the average 5 year production 1928-32 to the average national production for this period. Not less than 90 per cent of the State allotment is to be allotted to the counties, the remainder being reserved for necessary adjustments to take care of special cases. Allowance is to be made for crop failures in counties where it can be established that the failure is due to unusual cause. Washington advices point out that in some sections floods and droughts are not unusual. The United States Department of Agriculture has a cotton history of every county for guidance in deciding where special adjustments should be made.

The first duty of every producer under the law is to apply for bale tags for all cotton produced prior to this season now in possession of the farmer. As soon as the county production control associations have the forms the farmer should apply for exemption certificates for his allotted cotton for 1934-35. The final date for application for these certificates has not yet been determined. Every bale of American cotton entering trade channels in the cotton year 1934-35 must have a bale tag which the farmer may obtain either by surrendering his exemption certificate or by paying the tax.

The amount of the tax is determined by the tax in effect at the time the cotton is ginned regardless of when it is sold. If stored and held for a year or more it must still pay the tax.

Cotton of 1 1/2-inch staple or longer is exempt from the tax but the producer of such cotton must prove his point before exemption is granted. Experiment Station cotton is also exempt from the tax.

The signers of voluntary reduction contracts stand to benefit under the Bankhead Act, the Agricultural Adjustment Administration points out, because these producers will receive their land rental and parity payments in addition to the expected increase in cotton price to the amount sold.

The interest of share croppers and tenants are to be protected in the making of allotments and issuing of exemption certificates, it is promised by the Administration.

Contract signers who violate their contracts are to have their exemption certificates revoked, according to the provisions of the Act.

No allotments are to be made under the Bankhead act until all producers have applied to their county cotton production committees giving their production figures and asking for exemption certificates. The collection of the tax is to be in charge of the Bureau of Internal Revenue, and is to be collected as prescribed by them at time of sale.

We pulled a boner in the Chisholm Bros. ad last week. We had it that they were selling 8 bars of Thrill Health soap for 27c, when it should have been 6 bars—too much soap for the money.

We are glad to see that Miss Gertrude Rasco is finally out of the hospital at Amarillo, following an operation, and back with us again. She will teach music here again next term.

Al Smith traveling for E. C. Palpaper Co. was here Friday. He was accompanied by the Dallas house manager Mr. Stewart R. Rivers. This was Mr. Rivers' first trip to this section and he was greatly impressed with the country.

U. T. Best University In Southern States

In a recent letter to high school and junior college graduates, Registrar E. J. Mathews of The University of Texas pointed out that the state University is the capstone of the public school system of Texas. "Its work is everywhere accepted at face value, he explained.

The main University, at Austin, has a faculty of over 325 well-trained men and women and a student body of nearly seven thousand in residence in the long session. The endowment including over two million acres of land is now almost thirty million dollars. Thirteen new buildings have recently been completed and occupied. The campus is also being beautified. The library the heart of any institution of learning, is the best in the South, consisting of more than four hundred thousand bound volumes and sixty thousand pamphlets.

"The University Young Men's Christian Association and the Young Women's Christian Association and the churches of at least nine different denominations cluster about the campus to minister to students and faculty," Mr. Mathews said.

"In various forms, literary, debating, journalistic, musical, dramatic, athletic social, recreational, and other activities are fostered to meet the interests and desires of this great body of students. Substantial additions have also been made to the playing fields for both men and women students.

"As by-products of college life these activities are extremely valuable but I want to warn you in advance that they cannot be permitted to absorb the major portion of a student's time without serious loss. Life at the University is crowded with interesting things to do, and every student must learn relative values."

NOTICE

Through the columns of the Terry County Herald, I want to encourage the membership of the Terry County Burial Association. We have made a wonderful start toward success of the organization. I have been actively associated with the direction of the organization to date, and have not realized a cent out of the time I have given it. We have now something like 800 members on the ledger. We have paid three death calls 100 per cent and have the money at hand almost to pay another, which we hope will be months before we are called on to pay again. Mr. R. E. Shugart, the Secretary and Treasurer, is devoting all of his time to the organization. My interest in the project is now and has been from the beginning a community interest. It can't mean anything to me in the way of compensation to continue the directing head of the organization. But I assure you, that as a member of the organization, I shall at any time, be glad to audit the books of the membership to see that our money is spent according to the purposes of the Trust.

We have made some few mistakes to date in that through our eagerness to be of service to our older friends who are not of insurable age, we have taken in a few with the idea that doing so, we would get the younger members of the same family in this in some instances we have been disappointed. So lets rally to the organization, as the greatest benefactor to the average man we have ever fostered in Terry county. If to date you say that the insurance has been high, just look how much good your little mite has been to the bereaved.

I am yours fraternally,
W. W. Price.

INDUSTRIAL REVIVAL AND FIRE SAFETY

On every side one hears of new efficiency in industry. In such a regime there is no place for fire, the great waster of lives, materials and time. This is a particularly good time of the year to consider ways of banishing fire from industry. The stir of spring is in the air, people are beginning to clean up and paint up their property and beautify their premises. In industry there is a very definite place for such activities and they should go much further than when limited to private dwellings. In addition to the usual inspection for common fire hazards, there should be a careful search for special hazards peculiar to the manufacturing processes of the business.

In order to minimize the possibility of fire, it is best to formulate a set of rules for the guidance of the concern's employees. These should be prominently displayed and explained to all, and any infraction promptly dealt with. In addition, it is worthwhile to organize the employees for the purpose of preventing and fighting fires on the premises. Employees may be trained in handling a limited amount of fire fighting equipment to extinguish or control fires until the local fire department can arrive at the scene.

Benefit Seen Under New Train Schedule

Slaton, May 12.—New schedule for Santa Fe passenger trains which becomes effective Sunday, May 20, is expected to benefit business men in the towns around Slaton and Lubbock, on branch lines of the railroad, according to Charlie Taylor, chief clerk in the division offices here.

Under the new schedule, the motor train for Lubbock and Amarillo will not leave here until 3:15 p. m. This will permit mail, express and freight from the Lamesa branch to arrive in time for transfer here to the northbound train. At the present time it is difficult for the branch line train to make regular connections in the afternoon, with departure around 2:30 o'clock.

At the same time, with departure from Lubbock at 3:40, the Bledsoe, Seagraves and Crosbyton branch lines will have an additional half hour for connections. Mail, express and freight for northbound points, if the trains reach Lubbock before 3:30 in the afternoon, can be transferred to the motor train and thus forwarded promptly.

"It takes pretty close connections now for the branch line trains to wait at Slaton and Lubbock until the arrival of the morning train before starting," Mr. Taylor said. "Then they have a time getting back in time to connect with the afternoon train. The new schedule will give faster and better passenger, freight and mail service for all concerned."

A GRAVE RESPONSIBILITY

The automobile got off to a bad start in 1934. Returns for January show an increase of close to 17 per cent in motor vehicle fatalities, as compared with January, 1933. The death total for the month was 2,400—only very slightly less than in the same month of 1931, the year which established the existing "high" for fatal automobile accidents.

That record places a heavy responsibility on automobile drivers and traffic authorities. The reckless, the incompetent, the discourteous, continue to rule the highways. They are, of course, in the minority, representing less than ten per cent of all motorists. But they menace the lives, health and property of the ninety per cent who are competent, cautious and courteous.

There are three distinct phases to the automobile accident problem. One is traffic laws—the state or community which lacks a reasonable, modernized traffic code, thoroughly and efficiently enforced by highway police, is itself, encouraging accidents. The second phase is the licensing of drivers—as yet, only a proportion of states have set up machinery for checking on the experience, the ability, and the physical attributes of motorists. The third phase is the car itself—millions of automobiles which are defective in brakes, steering mechanism, lights or signaling devices are permitted to use the streets and highways.

Every responsible citizen should stand squarely behind proposals designed to reform, perfect and improve legislation concerning one or another of these factors. The automobile is killing 30,000 people every year—and no knows where death, behind the steering wheel, will strike next.

FIND THE MIDDLE GROUND

No issue, economic or political, deserves more unbiased and dispassionate attention than does that of silver monetization.

Both sides have been guilty of purely partisan bickering—and both sides have seen their cases damaged accordingly. The real issue of silver does not belong in politics, nor should it be argued on the basis of sectional prejudice. The silver advocates point out that higher silver values, made possible by relating the values of silver and gold, would open up vast new avenues for trade, and would stimulate an industry which is normally a major employer and taxpayer and is now in the doldrums.

Enemies of silver monetization answer that it would be possible to so phrase silver legislation that uncontrolled inflation might result, at the expense of American credit.

Both sides are largely right. What the question resolves itself into is how to gain the good effects that would follow revaluing silver, and do away with the bad.

In this, as in most other issues, there is undoubtedly a middle ground that, faithfully followed, will benefit all concerned.

J. C. Bond, driver of the Post-Brownfield bus reports good rain for five miles out, then lighter till within a few miles of Tahoka, then heavy to Tahoka. From Tahoka to Post dust barely laid.

Trade Failures Fall To Low of 14 Years

NEW YORK.—Business failures in the United States in April both in number and liabilities, touched an exceptional low. Dun & Bradstreet report 1,052, for which total liabilities was \$25,786,975. With the exception of the short month of February this year, when total insolvencies were 1,049, there has been no month since January 1920 in which failures were so few. Failures in April 1933, when the tendency was toward a lower level, were 1,921; in April 1932 they were 2,816, and in April 1931 they were 2,383, in both instances the highest ever reported for that month.

E. O. Earles of route 2 is a new reader.

Mrs. J. T. Auburg has opened a maternity hospital for patients from the rural district who wish to come to town to be confined. Also for those not able to pay for regular hospital service.

Cleve Williams has built a new side walk in front of his hardware business that adds greatly to its appearance.

Grover McMakin bus driver on Lubbock route, reports good rain all the way.

ABANDONING RAILROAD MILEAGE

According to C. D. Morris, of the Western Railways' Committee on road were abandoned in the United States in 1932 and 1933.

Public Relations, 3,328 miles of rail. That is more than the total railway mileage of any one of 13 of the 48 states.

The mileage abandoned in 1933 alone was equal to the total abandonment during 1926, 1927 and 1928. It was greater than the mileage abandoned in any year in history prior to 1932, with a single exception.

A certain amount of the abandonment was due to the elimination of obsolete and unnecessary lines. But a very large part of it resulted not from that, but from the burning need of the railroads to pare operating expense—to compensate for business lost to other carriers. And the re-

sult, as Mr. Morris says, is that a large number of communities have been deprived of transportation service, that thousands of railroad men have lost their jobs, and that the tax revenues received by governmental units have been permanently reduced necessitating higher taxes on other property.

This is one more example of the gravity of the railroad problem. The solution, in Mr. Morris' view, must begin with passage of two bills now before Congress—the Rayburn bill, to provide coordinated federal regulation of all forms of transport, and the Pettengill bill, to repeal certain inequitable and outmoded sections of the Interstate Commerce Act. Neither of these bills would give the railroads a monopoly—they would simply place all forms of transport on an equal basis. They are vitally needed.

more emphatically true today than it ever was

A SIX COSTS LESS TO RUN

CHEVROLET Engineering facts prove it. Experience in building nearly ten million cars confirms it. And the record of over 3,000,000 Chevrolet Six owners removes any shadow of doubt about it: *The only way to get real economy in a low-priced car is to insist on SIX cylinders and OVERHEAD valves.*

SIX cylinders—no more!—because extra cylinders mean extra cost for gas, oil, upkeep and parts. OVERHEAD valves—nothing else!—for the same good reason that airplanes use them. And speedboats. And racing cars. They get the MOST power out of the LEAST gas. That's why overhead valves are the choice of leaders—and champions.

Roosevelt Complements Life Insurance

In a recent letter to Henry E. North, Chairman of the Financial Independence Week Committee, President Roosevelt said: "Life Insurance is a very important factor in the economic life of this Nation. It is a source of gratification to me that the people of the United States have availed themselves of life insurance, with its attending widespread benefits, to a larger degree than have the people of any other country. Our advance in this direction has done much to bring increasing solidity to the spiritual, social and economic structure of the Nation."

At the end of 1930, life insurance in force in this country represented 69.6 per cent of all held in the entire world. The United Kingdom, which was in second place, had but 8.1 per cent of the world total, and Canada was third with less than 5 per cent. Life insurance policies written by American companies, including group insurance, were held by about 68,000,000 people of whom 2,000,000 were in foreign countries. Insurance in force, written by legal reserve companies, came to the astounding figure of \$100,000,000,000 in 1932.

Those are big figures. They should be thought of in terms of protection for the aged and the untrained—in terms of education for children who would otherwise have to forge for themselves—in terms of estates built up gradually through small monthly or quarterly or annual payments when earning power was highest. Safety, stability and independence—life insurance offers these three cardinal points to the thrifty and the foresighted. And the gratification expressed by Mr. Roosevelt in its record is shared by the entire thinking public.

ABOUT 300 LOANS ARE MADE TO COUNTIES OVER SECTION

Lubbock Production association had made approximately 300 loans to farmers and stockmen of Cochran, Crosby, Hockley, Gaines, Garza, Lubbock, Lynn, Terry and Yoakum counties, Sim O'Neal, secretary-treasurer, announced Saturday.

The association operates through representatives in those nine counties. It was organized under the Farm Credit administration last winter as a permanent source of agricultural and livestock credit.

Average loan was for several hundred dollars and a number of \$8,000 or more was made, Mr. O'Neal said.

Minimum amount of a production loan is \$50.—Lubbock Avalanche.

TWO TECH STUDENTS ON WAY TO EUROPE

Two Texas Technological College seniors who are graduating this June will receive their degrees "in absentia." They are Rob O'Hair and Max Wagborne who recently sailed from Houston on S. S. Westmoreland, a freighter, bound for Europe where they are to visit ports in France, Holland, and Belgium.

O'Hair, president of the Interclub Council will be awarded his B. A. degree, and Max Wagborne, humor editor of La Ventana, 1934 yearbook, is to receive his B. B. A. Both students arranged to take their final examinations early so that they could sail on the Westmoreland on which they are to work their way.

C. W. Hamilton and son of the extreme south side were in Tuesday. Mr. Hamilton is a new comer to Terry, having left Hamilton county because he became too crowded to raise turkeys. He has several sections of open pasture land where he is, for turkey range. He became a reader of the Herald.

R. L. Duckett of the Seagraves section, was up Monday trading.

Mason Selected as American Legion Head

H. M. (Hub) Mason of Lockney was elected 19th district committeeman to the state executive board of the American Legion in the closing session Sunday of an organization meeting of Legionnaires and auxiliary women here.

Lee T. Stinson of Snyder, unopposed, was chosen assistant executive committeeman; E. C. Kuykendall of Plainview as Committeeman Mason's adjutant, and Riley F. Huie, commander of Allen Bros. post, No. 148, here, district delegate to a national Legion convention at Miami, and O. L. Wakley of Post as alternate delegate.

500 Attend Meeting
About 500 Legionnaires and auxiliary members attended the meeting, which began Saturday and had an official registration of 371, George S. Berry, chairman of the general arrangements committee, reported.

Mason, a member of W. E. Landrum post, No. 141, also is a squadron commander in the 36th division air corps of the Texas National Guard.

In the election of executive committeemen, Mason received 45 and Weakley 41 votes, after a third candidate, Jack Thomman of Levelland, withdrew.

An attempt to throw out Lubbock votes because they were those of the host post was defeated. Lubbock had promised to support Mason's candidacy before this city was selected as the place of the meeting, local Legionnaires said.

Broome Indorsed
A resolution indorsing George Broome of Amarillo as a candidate for the 5th division commandership was passed. A divisional convention will be conducted at Lamesa, June 23-24.

The divisional area extends from the Oklahoma panhandle to the Rio Grande and westward to Taylor county.

A resolution that the post commander of the host city hereafter should be sent to the national convention as delegate from the 19th

congressional district was defeated. Smaller posts did not feel they could bear their proportion of the expenses, it was said.

Bob Lindsey, executive committeeman of the 18th district, of Borger, presided at the meeting, at which the 19th district Legion shaped an organization.

George E. Hughes, state department adjutant, and Dr. Bradford Knapp, president of Texas Technological college, spoke at a joint session of the Legion and its auxiliary Sunday afternoon in the Auditorium.

LET IT BE DONE

President Roosevelt has suggested that the United States return to Canada the mace of the Canadian parliament captured by American troops on April 27, 1813, in what is known as the Battle of York, fought at what is now Toronto.

The suggestion is one that should appeal to the people on this side of the border and there is every reason to hope that it will be adopted. The long unbroken period of friendship that has existed between Canada and the United States makes the proposed action highly appropriate.

A fitting occasion will be presented on July 4 next when American Daughters of 1812 unveil in Toronto a tablet to the Americans killed in the Battle of York. It was the President's suggestion that the captured mace, now in the custody of the United States Naval academy, be returned in connection with this ceremony.

The return of the trophy would serve to cement further the friendship between Canada and the United States, neighbors that for more than a century have lived side by side without a hostile gesture. It ought to be done.—Lubbock Avalanche.

J. R. Hill, wife and daughter of Tatum, N. M., were over this week shopping with our merchants. They reported a fine rain on Sunday the 13th, the best they have had since they moved to N. M.

One case of typhoid fever has appeared in our city, the son of Mr. Mrs. C. K. Alewine. He has had fever for four weeks, but is thought to be some better.

Hudgens & Knight Brownfield, Texas

OUR 23 YEAR COLUMN

In our issue of May 26, 1911, we find that Lubbock was to have a big celebration on July 4th that year, and Crosbyton was to have one on June 8-9. F. D. Lemley and Miss Lou Ella Meadows were married by Judge Neill the previous Sunday.

Judge Ferguson of Lubbock, was a business visitor in Brownfield and Plains. Lee Walker and family of Needmore were visitors in the Almon home. Claude Criswell went to Coahoma on a trading expedition. John W. Gordon, popular U-bar ranch boss was in town. A W. Blankenship and wife were down from Meadow shopping. Varmints were getting Aunt Lou DeShazo's chickens. J. T. May was plowing his cotton. Miss Oreil Harris was hostess to a 42 party honoring the Misses Hargett. Grandpa Shrock had a painful fall over a grapevine trellis. Miss Nettie Sawyer left for Corpus Christi to spend the summer. The Junior League met with Miss Gaster Randal. L. McDaniel of Yoakum county, trailed a bunch of steers through here to Tahoka, where they were delivered to Oklahoma buyers.

Henry George, Lubbock land man, brought down some prospectors from Jones county. Mr. Doudy and wife of Clay county, were visiting Gomez friends. Word Price had returned from an extended trip to the north Plains. Mr. and Mrs. H. H. Timmons, from Meadow, were down trading. S. H. Howell, of Tahoka, was over selling flour. Miss Gaster Randal returned from Seymour where she attended school. Miss Mabel Farrar local teacher, left for her home at Maryneal. Mrs. George Smith of the Groves community, sent the Herald a beautiful bouquet. S. B. Johnson had returned from Fort Worth where he underwent an operation for appendicitis. That was our closest hospital in those good old days. H. L. Ware was in from the west side, trading. Mr. and Mrs. D. L. Blanton were in, and reported good cotton prospects.

At an election for a special school tax in Brownfield, the measure was defeated 37 to 11. Miss Kathryn May was visiting her sister, Mesdames Downing and Royalty, in Lubbock. J. F. Winston was a business visitor in Lubbock. Judge L. S. Kinder was down from Plainview on legal business. The school board had announced the following teachers for the 1911-12 school term: Tom F. Hunter, principal; W. G. Hardin, 1st assistant; Miss Clara Randal, 2nd assistant, and Miss Dean Lowe, 3rd assistant.

Gomez: Considerable sickness in the community. Mrs. Ed Williams was in Fort Worth, at the bedside of her mother. Mrs. Lee Allmon of Brownfield was shopping in Gomez. Clint Rambo and Emmett Green were away to Lubbock for freight. Relatives from Wisconsin, were visiting the Jenkins family. Misses Nancy and Lizzie Dumas were visiting in Gomez. A singing Sunday night at Simon Holgate's. J. T. Gainer of Plains, was visiting in Gomez. Mrs. Stacey Scott of Happy, was visiting her parents, Mr. and Mrs. Geo. Black Sr. Born to Mr. and Mrs. Lee Thompson, on the 12th, a son. Born to Mr. and Mrs. Artie Shepherd, on the 16th, a daughter. Master Forrest Reeves was visiting in Plains.

Miss Clemmie Adams was reported to be rapidly improving.

Mrs. J. L. Randal entertained the ladies in Brownfield in honor of Mrs. Watkins of Seymour. Uncle Charley Lyon had passed away of dropsy at the home of Jack Drinkard. He was born in New York city in 1829. All for this week.

RED GOOSE—THE OJIBWA INDIAN BOY

By Carlyle Emery

An Indian Story for Boys and Girls

When the Ojibwa Indians started to move their camping place, Red Eagle left Red Goose and Little Beaver to watch the horses. Soon after they were left alone, a band of hostile Blackfeet Indians was seen approaching. Red Goose and Little Beaver hid in the bushes and waited breathlessly to see what would happen. Now go on with the story.

"Lie close to the ground, Little Beaver," whispered Red Goose, as the Blackfeet Indians drew nearer and nearer to the spot where they were hiding. "Don't speak or whisper," he added. "Maybe Blackfeet won't find us"

Almost at the same moment, a hundred or more Blackfeet Indians came riding up out of the gully. They pulled in their horses, and took possession of the abandoned Ojibwa camping grounds with many yells, shouts, and war-whoop cries of victory.

The Blackfeet were known to be cowardly Indians, and they had come to steal the horses that belonged to Red Eagle and his braves. They had been very careful to wait until the Ojibwa Tribe had left, for they were so cowardly to fight unless they had to in order to protect themselves.

So now, with much show of bravery and satisfaction, they gathered together all the fine Ojibwa horses and ponies and started to drive them away. They wheeled and circled around the frightened animals, yelling and shouting for all the world as though they had been victorious in some hard fought battle.

"Blackfeet have taken my father's horses," sobbed Red Goose, half in anger and half in bitterness. "I shall shoot my gun and kill one — maybe two."

But this time it was Little Beaver who used her head. "No, Red Goose" she pleaded, "Then Blackfeet will shoot you. There are many—as many as trees in big forest."

"Little Beaver is right," answered the Ojibwa boy. "But I cannot stay here and let them take all Ojibwa horses back to Blackfeet territory. I must follow them."

"Wait!" suggested Little Beaver. "Look! Blackfeet are making camp in the gully. Maybe they won't return to Blackfeet territory now. Then Red Goose can think of plan to get horses back."

Sure enough, the cowardly Blackfeet were so elated over their capture and ease with which they had stolen the Ojibwa horses, instead of going home immediately, they were setting up camp in the gully not the flight of ten arrows from where Red Goose and Little Beaver were hiding. They were putting up their tepees rapidly, and already had placed guards to watch over the horses.

"Good!" said Red Goose. "Come! We move up and get closer so we can hear what Blackfeet say."

"No! No! I am afraid! We can do nothing — let's run quick!"

Little Beaver was again trembling with fear, and the thought of getting closer to the Blackfeet was almost more than she could stand.

Billions to Be Freed For Building Homes

Washington, May 14.—President Roosevelt today set in motion a housing program which officials expect will free billions of dollars for building, repairs and the refinancing of existing debt.

In a special message to congress asking legislation, he described the purpose of the plan as two-fold. "First to return many of the unemployed to useful and gainful occupation; second, to produce tangible, useful wealth in a form for which there is a great social and economic need."

A great fire raged in the packing district of Chicago last Saturday that hurt many and cost \$10,000,000, the worst they have had since the great Chicago fire of 1871.

Mrs. Jack Stricklin Sr., is visiting her sister, Mrs. Joe Roberts Sr., and other relatives at Coahoma this week.

Texans Trek Home—C. of C. Sessions End

San Angelo, May 16.—West Texans trekked homeward tonight from the 16th annual convention of their regional chamber of commerce after electing James D. Hamlin of Farwell president and selecting Plainview as the 1935 convention city.

Plainview won a pitched battle from its neighboring city of Amarillo, with a margin of only 18 votes out of the 2,132 cast. Artesia, N. M. was the only other city inviting the convention, its invitation being recognized as a courtesy.

Most Representative Hamlin, who was described by his immediate predecessor, Walter D. Cline of Wichita Falls, as "the most representative citizen of West Texas" is a pioneer lawyer and rancher, and manager of the Capitol syndicate, better known as the XIT ranch interests. A resident of the area for 40 years, Hamlin has been a leader in the organization since its inception.

Other official elected were Ray H. Nichols, Vernon publisher, first vice-president; C. M. Caldwell of Abilene, second vice-president, and Frank E. Morrow of Stamford, treasurer. D. A. Bandeen, salaried manager of the chamber, was re-elected for the sixth year.

T. L. Murray was in from the Wilcox Wells community Tuesday.

Dr. M. E. Dodd Again Elected Baptist Head

FORT WORTH, Texas, May 21.—Dr. M. E. Dodd of Shreveport, La., was again elected as president of the Southern Baptist convention Thursday and Dr. L. R. Scarborough of Fort Worth was selected first vice president in place of former Gov. Pat M. Neff, president of Baylor University, Waco. Dr. John Jeter Hurt of Jackson, Tenn., succeeded the Rev. Charles Daniel of Nashville, Tenn., as second vice president. High C. Moore of Nashville and J. Henry Burnett of Macon, Ga., were re-elected as the two recording secretaries.

Complaints that radio's highest priced ballyhoo specialists and performers are saved for the Sunday night program, "calling the Nation away from worship to the shrine of selfish pursuit," were heard Thursday from the speaker's platform.

A recommendation to eliminate the Brotherhood of the South, rapidly growing laymen's organization, to save possible overlapping, allay friction between workers and to hasten the enlistment of the many inactive Baptist brothers, was overwhelmingly voted down by the convention.

CLAPP PROTESTS MAGAZINE ITEM

When a national magazine, in its questions department, declared that Mammoth Cave in Kentucky was the largest cavern in the United States, it hurt K. N. Clapp's pride and cost him a "four bit bet."

So Clapp has written the magazine, protesting that not Mammoth cave but Carlsbad cavern is the largest in the United States. "My impressions are," said Clapp, who had visited both, that had they been adjacent in prehistoric times, that the cave dwellers would have labeled Carlsbad cavern 'hotel' and Mammoth cave 'dinosaur garage'."

Geo. W. Henson candidate for commissioner of precinct No. 1, was a caller Wed., and reported a fine rain.

Electrical Contractors Meet At Lubbock

Lubbock, May 22.—All electrical contractors in 19 surrounding Texas counties and 10 New Mexico counties are being invited to a district code compliance meeting here in Lubbock at the Hotel Lubbock, beginning at 1:30 p. m. Monday, May 28. R. L. Fletcher of Lubbock, assistant chairman of the local division compliance board, has announced.

Geo. E. Broome, Amarillo, district chairman, will be here and will have charge of the meeting.

Frank White, local electrical contractor, is active in sending out invitations to all known contractors, urging that they attend the meeting.

The electrical contractors' code of fair competition will be explained at this meeting and arrangements for full enforcement of the code in this division will be made.

Marlin Hayhurst was here Monday. He was accompanied by his mother and sister from Oklahoma and the trio went on to Plains to visit their son and brother, Warner Hayhurst and wife. Mrs. Hayhurst and daughter have returned to Oklahoma. Marlin, former coach in the local school, has been elected head coach at McCamey for next term.

Mr. and Mrs. E. C. Roberts of Seagraves, Mrs. Irene McKinley of Cherryville, Kans., and Mrs. C. F. Roberts and little son of Coahoma, all nephews and nieces of Mrs. Stricklin, were guests in her home over the week end.

George D. Couchman is one of our new readers. He now gets his mail at Welch, Texas, the new town made over from Pride, Shacktown and Lou.

Warner Hayhurst, Supt. of the Plains schools, and wife, were visitors in Brownfield Friday night

SOCIETY

Among the Churches

CHURCH OF CHRIST

Some twenty-four met at Mrs. Roy Collier's Monday afternoon at three o'clock. Mrs. Bowers led a Bible lesson. Next was a Bible contest. Mrs. W. E. Legg and little daughter Sammie were honored with a miscellaneous shower. The Legg family is leaving soon for Christoval. Sandwiches and iced tea was served.

FIRST CHRISTIAN

Mrs. E. D. Ballard was hostess to ladies of the First Christian church, Monday afternoon at 3 o'clock in an industrial meeting. Cheese salad, sandwiches, pineapple mousse and iced tea was served.

METHODIST CHURCH

Mesdames Webber and Longbrake led a mission study lesson from study book 'Christian Missions in America.' There were fourteen present. Next Monday is social day and Mesdames Cook, Hester and Downing will be hostesses in a covered dish luncheon at one o'clock at the home of the latter.

PRESBYTERIAN

Mrs. Roy Ballard was hostess to thirteen ladies when this society met Monday. Mesdames David Perry, Herman Heath, Frank Weir and W. H. Dallas were on the program. Delightful refreshments were enjoyed.

Brady Brown of the Teas Tech at Lubbock will preach at the First Christian church Sunday. The entire membership of the church is urged to come and hear him.

Quite a number of Brownfield people attended the Commencement Exercise at Plainview Wednesday evening. Morris Hale and Miss Lola Mae Tittle are among the number to graduate from the Wayland College.

BAPTIST CHURCH

Baptist ladies met at their church in a general meeting Monday. They had a Mission program, afterwards packing boxes for the Buckners Orphans home at Dallas and Baptist Hospital at Abilene.

Tom May attended the Shriners meeting in El Paso first of the week.

AUXILIARY TO HONOR PAST PRESIDENT

The American Legion Auxiliary is entertaining Wednesday, May 30th at four o'clock, at the home of Mrs. Homer Winston. The party will be honoring the Past President, Mrs. Sam L. Pyeatt. A program will be rendered. Every eligible member of the Auxiliary is especially invited to attend.

EL RAY LEWIS CELEBRATES BIRTHDAY

Monday at noon El Ray Lewis celebrated her 15th birthday with a three course dinner. Those attending and bringing gifts were Virginia May, Iris Lewis, Mattie Jo Gracey, Lucille Harris, Ruby Nell Smith, Queenelle Sawyer, Margene Griffin and Vondee Lewis.

SURPRISE BIRTHDAY PARTY

Last Tuesday evening Ima George Warren was given a surprise party on her 16th birthday. "Kid" games were played by sixteen young folks. Each guest brought a gift.

Mrs. E. B. Thomas will be hostess to the Friday 42 Club today.

Mrs. Garrett Daugherty was entertaining the "T. T. Club" Wednesday afternoon and Mrs. Fred Smith the Ace High Club on Thursday afternoon. Accounts of these parties will appear next week.

Mesdames W. C. Smith and D. P. are entertaining with a party today.

NEEDLE CLUB MET WEDNESDAY

Mrs. J. L. Dunn was hostess to members of the Priscilla Needle Club Wednesday afternoon of last week. Sandwiches, potato chips, pickles, cake and iced tea was served to twelve ladies.

MRS. LEE O. ALLEN CLUB HOSTESS

Mrs. Lee O. Allen was hostess to members of the Two Table Club Wednesday afternoon in her home on East Broadway. Stuffed tomatoes, crochus, fudge squares, and fruit ice was served to Mesdames Paul Lawless, Fred Youree, Clyde Cave, Mary Enderen, Flem McSpadden, Dick McDuffie, Jack Stricklin Jr., Roy Herod, Fred Youree, Clovis Kendrick, James King, Garrett Daugherty, R. I. Clayton, Tight Graham, W. C. Smith, Roy Ballard, Spencer Kendrick, M. L. Penn, Graham Smith, D. P. Lewis, M. E. Jacobson, Frank Ballard, Glenn Webber, Claude and Clarence Hudgens. Mrs. Thomas was a tea guest. Mrs. Dallas received a rag rug for club high and Mrs. S. Kendrick a boudoir pillow as guest high. Sandwiches, pineapple mousse, cake and iced tea was served.

MRS. HERMAN HEATH CLUB HOSTESS

Last Friday afternoon Mrs. Herman Heath was hostess to the Kolonial Kard Klub. Seven tables were in play. Those attending were Mesdames Clyde Cave, James H. Dallas, Earl Jones, Paul Lawlis, R. B. Parish, Arthur Sawyer, Cecil Smith Jr., Jack Stricklin, Sr., Mon Telford, Dick McDuffie, Jack Stricklin Jr., Roy Herod, Fred Youree, Clovis Kendrick, James King, Garrett Daugherty, R. I. Clayton, Tight Graham, W. C. Smith, Roy Ballard, Spencer Kendrick, M. L. Penn, Graham Smith, D. P. Lewis, M. E. Jacobson, Frank Ballard, Glenn Webber, Claude and Clarence Hudgens. Mrs. Thomas was a tea guest. Mrs. Dallas received a rag rug for club high and Mrs. S. Kendrick a boudoir pillow as guest high. Sandwiches, pineapple mousse, cake and iced tea was served.

Over 3000 Sign Contracts for City Gas

A verified total of 3,008 Lubbock residents had signed contracts to buy natural gas from the city if and when it has a system in operation, it was announced officially at City hall Saturday.

Results of a canvass made by 15 men in six days, ending Saturday were compiled. An estimated 3,500 persons were approached in the canvass and approximately 600 others were not available, it was said. Total number of gas consumers in Lubbock approximates 4,100.

Table of application by the City of Lubbock to the Public Works administration for a grant and loan to finance construction of a pipe line and distributing system was based on an estimated 2,850 consumers the first year, with 3,190 as the estimated number to be had in the system's 20th year of operations.

Action on the PWA application is pending in Washington.

The consumer's agreement made the canvass was that gas of the City would be used providing that the domestic rate did not exceed 40 cents a thousand cubic feet.—Lubbock Avalanche

"Mystery Joe"

No one knows who this is. Suffice to say it is "Joe" who is running for Congress from the 19th district of Texas. Wrestling has its "masked marvels," but a candidate who calls himself Joe and uses a picture of himself taken in the '90s is something new in politics. "Joe" gives a box address at Lubbock, Texas, and nothing more, except that he says he keeps his name a secret to call more forceful attention to his platform. (Texas News Photos.)

QUARTER BILLION NEEDED TO IMPROVE TEXAS FARM HOUSES

College Station—Texas farmers plan to spend about 26 million dollars during the next three years for new houses, and about 10 million dollars during 1934 for repairs or improvements on present houses, it is estimated by Mrs. Bernice Claytor, extension home improvement specialist at Texas A & M College. She bases these figures on the results of the farm housing survey recently completed as a Federal Civil Works administration project in cooperation with the Extension Service and the United States Department of Agriculture. Housing needs on 52,650 farms in 56 counties were studied. Included in the survey were white, negro and Mexican homes on farms operated by owners and tenants.

Only 23 per cent of the occupants of these farm houses would be willing to borrow money to make needed improvements, even if the money were loaned at very low interest rates and were repayable over a long period of years. Those desiring to borrow on such liberal terms, if given the opportunity, would spend an average of \$505.72 on improvements. For all of Texas this would amount to an expenditure of about 58 million dollars in repairs and construction.

If all Texas farm homes were to be brought up to the minimum standard of housing at least one quarter billion dollars would be required, Mrs. Claytor estimates. Minimum standards of farm housing are said to be based on the assumption that the house has a reasonably good roof, foundations, windows, exterior walls and floors. In addition there should be an adequate supply of pure water piped into the house for kitchen and bath room; sanitary drainage of waste water and sanitary toilet. The house should be screened, have liberal kitchen space, have at least one bedroom for every two people, at least one closet per room, and have a living room.

Rev. and Mrs. Sharp visited friends at Post, Tuesday

Mr. and Mrs. Roy Moreman of Plains were over this week and reported considerable acreage leasing in that county to oil companies.

SPRING CLEANING for your RUGS and DRAPES

There's nothing that will make your home more fresh looking than clean rugs and drapes. Send them to us today. It will make your housecleaning much easier, and we guarantee to clean your things with utmost care.

HUGGINS & KNIGHT

— HARDWARE —

We had the pleasure of a call from Mr. Willard Bright, new editor of the Seagraves News, Monday. He seems to be a hustling young man, full of pep, and with plenty experience to give the Seagraves people a good, readable paper, providing they support him as the paper should be supported.

Weevil Emergence Largest on Record

COLLEGE STATION, Texas, May 21.—Boll weevil emergence for May 1 to 15 was 4.20 per cent, the heaviest for this or any similar period in the ten years records have been kept, according to Dr. F. L. Thomas, chief of the division of entomology, Texas Agricultural Experiment Station. Total emergence prior to May 16 is now 9.04 per cent.

Hatching of cotton flea hoppers was above normal for the first two weeks of May, but decreased greatly the last week. Prior to May 16 an average of more than 70 flea hoppers hatched from each of 2,000 cotton weds collected from various sections of the State.

J. S. Garrison and family of the Wellman section attended the Harley Sadler Show Monday night.

Mr. and Mrs. M. B. Sawyer and Christova attended the commencement exercises at Tatum, N. M. Thursday of last week. Fern Sawyer was in the class.

Rev. and Mrs. A. D. Moore left Tuesday for Hot Springs, N. M. They expect to be gone about three weeks.

Ford V-8 Sets Dirt Track Record in Calif.

A new world's dirt track record for a 250 mile course was established last week at Oakland, California, when Louis Meyer, driving a Ford V-8, took first place, covering the distance in 3 hours, 13 minutes 4 3-5 seconds. Twenty stock cars participated in the race which was held on a dry track with excellent weather conditions prevailing.

The first six cars to finish were Ford V-eights piloted by such well known stars of the track as Sam Palmer, Danny De Paolo, Ted Horn, Mel Kenealy and Al Gordon.

Throughout the grind the winner's car performed consistently and under his masterful handling was able to sweep on to one of the most impressive victories ever seen at the famous California track. The fact that the first six cars to finish were Ford V-eights was hailed by Ford officials as a promising pilot, indication of the consistent speed and the excellent maneuverability of this car and also demonstrated the manner in which a stock car of this type stands up under the terrific punishment which is the portion of any car which goes this distance on a dirt track.
