

## One of Lowest Cotton Estimates in U. S. History

The department of Agriculture at Washington Released one of the lowest primary cotton estimates in our country's history Wednesday. The estimate gave the cotton producing states of the south 9,195,000 bales. The crop was more normal east of the Mississippi than west. Texas was far from normal. Cotton went up \$2.20 per bale.

## Statements From County-Dis. Candidates

### JOHNSON THANKS VOTERS

To The Voters of the New 19th Congressional District:

The first battle in the race for Congress from the new 19th District is over, and as I was greatly handicapped financially and could not properly put myself before the people and by my inexperience in politics I made some mistakes. I got left behind in the race yet I am deeply grateful for the confidence my friends have expressed in me and I have no ill feeling towards those who did not support me. I still feel that I came out winner in this race. My main purpose was to get the farmers legislation program over before the people "a program that exposes the cancer on our body politics" USERY. In our program we have pointed out the destruction to our nation by the present methods of issuing money or medium of exchange, a system that has been fought by all thinking men of all ages. In our program we also pointed out our corrupt marketing system of farm products which makes it impossible for agriculture or the farmer to survive.

It is still claiming that we have a great surplus of lawyers and legal minds in our legislative bodies and should have more men of different vocations in Congress in order to have a balance in Congress but as the majority of the voters is still of the opinion that a lawyer is the only proper man to make our laws, I believe it behooves us to study our candidates' platforms carefully before we cast our final ballot for Congressman the 25th. I will not undertake to tell my friends who to vote for, I do not think any man should do that, the ballot is yours, you have paid for the privilege to vote, you are responsible to the great God for the way you have used the pounds he put in your care. Personally I shall cast my vote for the Hon. Clark M. Mullican of Lubbock, for the reason that he has a working program that is in line with our farmers' legislative program. If he is suffering and suffering homeless people rest upon his head.

Respt. yours,  
J. A. "Swede" Johnson.

### SHELTON MAKES STATEMENT

Of course the voters of Precinct number 1, know that I am opposed by "Dutch" Burnett for the office of Justice Peace, in the August Primary. And I understand that many of them are wondering why I do not get out and solicit support. My reason for not doing so, is, that I am now holding the office and its duties require my presence at all times. The law does not provide for a substitute and this being the case I do not believe that it would be right and proper for me to neglect an office to which I was duly elected, even though such neglect, was for the purpose of being continued in office. In addition to the work of Justice of the Peace, I am also performing the Notary work on the Drouth loans and assisting those who have lost their 1933 cotton option certificates, to secure duplicates and while I do not make any charge for this work I believe that it is incumbent upon me to remain available at all times. Assuring every one that I shall appreciate their support, whether they voted for me in the First Primary or not. I am

Very sincerely,  
J. E. SHELTON.  
(Pol. Adv.)

Epidemics of typhoid fever are frequently milk borne.

F. F. Bruce and family  
are entitled to a pass to the  
**Rialto Theatre**  
to see  
**"Police Car 17"**  
Be sure to present this clipping at the box office at the Rialto Theatre.  
Compliment: Rialto-Herald

## TO THE VOTERS OF TERRY COUNTY

I take this method of expressing my sincere thanks to the voters who supported me in the primary for the office of Sheriff. Also to the ones who gave me a fair consideration. Although defeated I can still look my fellow man in the face with a clear conscience, since I ran my opponent a fair race. I didn't have any henchmen out spreading false rumors, neither did I play hypocrit and try to slip into office under the wing of any organization, religious or otherwise. I played the game fair.

Thanks,  
ARCH FOWLER.

### CARD OF THANKS

Voters of Precinct No. 2:

I wish to thank my many friends for their loyal support and influence given me in the recent election and am asking for your continued support.

Also wish to say to the supporters of the other candidates that I ask your earnest consideration in the run-off on Aug. 25 and if you see fit to elect me for your next commissioner of Precinct 2, I will give you the very best service that is in my power to give.

Again I thank you,  
(Pol. Adv.) Geo. W. Henson.

### THANKS VOTERS OF TERRY COUNTY

I want to thank the voters of the 19th Congressional District for the nice vote given me in the election of July 28. I appreciate fully the high compliment paid me.

I also want to thank the friends of candidates less fortunate than I for their many letters and expressions of good will and their offers of assistance in the run-off race.

By his own efforts alone, no man can win any political race, but with assistance of the many friends who are now offering their services in my behalf, I feel that we can win.

Clark M. Mullican

### TO THE VOTERS OF PRE. NO. 1

I wish to thank the voters of Precinct No. 1 for the loyal support they gave me in the first primary.

The report has been circulated and is now being circulated that L. L. Brock, the present Commissioner of Precinct No. 1, encouraged me to announce for Commissioner, and if I am elected Commissioner I will be under the influence of what is commonly known as the Brock faction around Union. I wish to brand this report as a falsehood and political propaganda. As a matter of fact Mr. Brock tried to discourage me from announcing for the office of Commissioner of Precinct No. 1. I announced in this Commissioner's race of my own free will and accord, and I assure the voters of this Precinct that if elected I will not be under the influence of any faction or individuals, that I will not show any partiality and will treat all parts of the Precinct alike, and will administer the duties of the office for the best interest of the County to the best of my ability

R. G. NUTT  
Candidate for Commissioner  
Precinct No. 1  
(Political Adv.)

### BURNETT THANKS VOTERS

Through the columns of this paper I wish to thank the voters of Justice Precinct No. one for the votes cast for me. Though defeated in the Primary I assure you there is no ill feeling in my mind, toward those who cast their vote otherwise, or against my opponents.

This card was delayed last week due to illness of my wife. Again I thank you.

Resp. Yours,  
Jim Burnett

### TOM CONNALLY THANKS TERRY CO. VOTERS

To my Friends and Supporters:  
It will be impossible for me to see personally and extend direct thanks to all of my friends and supporters for their loyalty and support in the campaign which just came to an end. Because of the limited time be-

## 2869 Cattle Bought Up to This Time

W. A. Bell, secretary of the Emergency Cattle Agreement, turned in his report this week to R. C. Reed, county agent, upon the number of cattle bought, condemned or shipped to date in Terry county. The report was dated August 8th. Mr. Bell said that orders have been received not to ship any more cattle until the congestion is cleared up at the packing house points. This applies only to cattle fit to ship. We understand that cattle will still be bought to be killed. His report follows:

Mr. R. C. Reed, Director Emergency Cattle Agreement Terry County:  
Dear Sir:  
We are pleased to report to date August 7 our progress in handling cattle for Terry County as follows:  
No. of owners from whom cattle have been bought..... 229  
No. of cattle condemned..... 1497  
No. of cattle shipped..... 1372  
Total cattle bought to-date..... 2869  
Amt. paid for cattle to-date..... \$28,450  
Total No. of clients still to be served..... 377  
No. of cattle yet to be bought..... 3624.

Yours very truly,  
W. A. Bell, Secretary

## Baptist Revival Will Start Sunday A. M.

In an interview with Rev. J. M. Hale, pastor of the local Baptist church, their meeting will start Sunday morning at the church building, moving to the tabernacle Monday. Rev. W. H. McKenzie, pastor of the University church at Austin, will do the preaching. He comes highly recommended as a pulpit orator and a rare Bible student.

This meeting will go over the 4th Sunday. Rev. Hale informed us that they were endeavoring to get a singer, but at the time of the interview he was not able to tell us who the singer would be. The Baptist church here has a large membership, and are expecting a great meeting. The Methodist meeting has been reset for the 2nd Sunday in September.

### REVIVAL TO CONTINUE OVER SUNDAY NIGHT

The meeting of the church of Christ will continue over Sunday night. Much interest and good crowds are still in attendance.

The Baptist revival will start Sunday at the church building and go to the tabernacle Monday, we understand.

### CARD OF THANKS

We wish to take this means of kindly thanking Mother's good neighbors and friends for their kindness during her illness and in her death. Also Miss Bernice Weldon, Mr. Roy Collier, Rev. Ed Sharp and Dr. Turner. We shall remember the thoughtfulness in the floral offering too.

Mr. J. D. Dumas,  
J. H. Dumas,  
Pat Dumas,  
Jerry Dumas,  
Mrs. Val Kimbrough,  
Mrs. P. J. Baird,  
Mrs. Wm. D. Ainsworth.

Before the Civil War, each farm worker used one and one half horse power daily work. By 1930 each farm hand used 6.7 horse power.

Between the adjournment of Congress and the date of the primary it was impossible for me to visit all counties in the state and to meet my friends and supporters. Allow me to take this means of thanking the Democracy of Texas for re-nominating me to a second term in the United States Senate.

To those friends and supporters who actively worked for me I want to express a very deep and keen sense of thanks and gratitude. It shall be my earnest desire to so serve the people of Texas during the next six years as to justify the confidence and regard of all who gave my candidacy their support.

Tom Connally

### THANKS

I take this means of thanking the voters of Precinct No. 2 for their support and consideration in my race for Commissioner of that precinct. While I was defeated, I have no ill will for those who voted for the other men.

Sincerely,  
J. E. Gracy.

## Mahon Opens His Campaign at Littlefield

LITTLEFIELD, Texas, August 4. (Special).—George Mahon, leading candidate for Congress in the first Primary, opened his run-off campaign in Littlefield Saturday. He spoke to one of the largest political crowds of the year, and was accorded a warm reception by the citizenship of Lamb county.

Mr. Mahon discussed his platform fully, making clear his stand upon the issues of the campaign. He pointed out that the problems of Agriculture were of primary importance in the new 19th District. He indicated that he favored a farm program for the farmer, including tariff adjustments designed to expand our foreign trade and provide markets for our products. In explaining his stand on the Bonus question, he said, "I favor immediate payment of the Soldiers' Bonus, and the passage of a universal draft act mobilizing both industry and men and taking the profit out of war."

He stressed forcefully the fact that he was asking to represent all the people of the entire district. He stated that he intended to carry on an aggressive campaign from now until the 25th of August, carrying his message to the people in the people in the same manner that he used throughout the first Primary. He expressed his gratefulness for the endorsement which was given him at the polls on July 28th when he received 19,524 votes while his nearest opponent received 10,881.

## Five Million More Cows to Be Bought

WASHINGTON, Aug. 6.—Officials have announced the farm administration would purchase 5,000,000 head of cattle and calves in addition to those already bought, and between 2,000,000 and 5,000,000 head of sheep and goats.

A conference between farm officials and representatives of meat packers concluded with the formation of a permanent committee to organize and carry through details of the purchasing and processing program.

The packers' representatives declared that, while it would be desirable to spread operations over a longer period, drought conditions made it apparent that most of the work must be done between now and December.

## Judge Heath Moves Here From Lubbock

Judge L. C. Heath and family of Tahoka, have moved to Brownfield, and have taken offices in the Brownfield State Bank building, where he will continue the practice of his profession. He is the son of Rev. and Mrs. H. D. Heath, formerly of this city, now of Yoakum county.

Mr. Heath graduated from the law department of the University of Texas as some ten years ago, and immediately opened a law office in Tahoka, where he has practiced since, with a four year tenure of office as county attorney of Lynn county.

Judge Heath states that while Tahoka is a good town, he sees greater opportunities here in a faster growing town, and so much larger territory.

## Hunter Gets Most of Wichita Co. Delegates

WICHITA FALLS, Aug. 6.—Mr. and Mrs. James V. Allred and Mr. and Mrs. Tom F. Hunter were named delegates to the state Democratic convention by the Wichita county Democratic convention here Saturday.

A resolution adopted read "Whereas the prohibition law of Texas has not been repealed, we demand of the attorney general, district attorneys, sheriffs and all other enforcement officers that this law be enforced."

Charles I. Francis, who presided, announced that a poll taken among the convention delegates present on the governor's race showed 77 favored Hunter and 28, Allred.

From 1865 to 1890 over 15 million cattle were trailed out of Texas.

From 1913 to 1933, inclusive, an average of more than 60 feet of rain fall was received in Central Texas.

## Terry Third in Corn And Fifth in Hogs

Texas farmers will be paid \$1,129,496 for corn reduction and farmers in South Plains counties will receive \$143,034 of this amount. For hog reduction \$3,694,003 will be paid, area farmers receiving \$678,899. Payments total \$4,823,500.

222,000 Acres Reduced  
Total of 222,000 acres of corn will be cut this year. Total of 25 per cent of the 985,073 average hog production the past two years will be paid for.

Two-thirds of the corn money and two-fifths of the hog money will be available when contracts are accepted by the government, with payment due in August. Remaining corn money will be paid in November and hog money in December and February.

Terry county is third in Texas on corn money, receiving \$64,422 to \$148,440 for Dallam and 90,527 for Medina. Frio county is fourth with \$57,077; other counties in this section receiving much less.

For cutting hog production, Hopkins county leads with \$94,022; Hale is second with \$74,415; Llano third with \$72,435; Leo, fourth with \$70,264; Grayson fifth with \$65,589; Midland and Terry tied for sixth with \$65,130 each and Lubbock eighth with \$64,324.

Hale county's hog quota is largest, 19,844 head; Llano second, 19,316; Leon, third, 18,737; Grayson, fourth, 17,523; Midland and Terry tied for fifth, 17,368; Lubbock seventh, 17,158.

## Baby Chick Assoc'n Meets in Lubbock

LUBBOCK, Aug. 10.—Reese V. Hicks, executive secretary of the International Baby Chick Association, has been added to the list of poultry authorities on the program here August 14 to 16 at the Texas Baby Chick Association convention. Other principal speakers include: J. A. Hannah, D. D. Slade, of the hatchery code; Dr. M. A. Jull and H. L. Shrader, U. S. Dept. of Agriculture.

A. H. "Hank" Demke, Stephenville, president of the Texas association, expects 500 hatcherymen from Texas and surrounding states.

A government chick sexing demonstration will be conducted by Shrader, a two day hatchery school will follow the convention August 17 and 18, and the entertainment committee has arranged for a banquet, barbecue, dance, free merchandise drawings, refreshments each afternoon, and other entertaining features.

## Clark Mullican Opens His Campaign Here

Judge Clark M. Mullican of Lubbock, opened his run-off campaign here Saturday afternoon. As it was rather late last week when he found that he instead of Arthur P. Duggan was to be in the runoff with George Mahon, little publicity locally could be given, and he had to depend on his loud speaker to draw a crowd.

Several hundred people, mostly farmers, stood and heard most of the address, which consisted mostly in the elucidation and enlarging on his platform which is in brief form on his folders. After his address here, he went to Levelland, where he addressed Hockley county voters later in the afternoon.

## Special Legislative Session Called by Gov.

Austin, Aug. 1.—Governor Miriam A. Ferguson announced today she would convene the Texas legislature in special session August 27 to authorize the issuance of additional unemployment relief bonds.

She made her decision after a committee of mayors and county judges conferred with her. She said they told her the situation was one of "real acute alarm."

The governor previously had set September 11 for the extraordinary relief session. She said her callers convinced her the session should be convened at the earliest possible date.

The legislature will convene two days after the Democratic runoff primary. It would have been called to meet almost immediately if it were not that many members of the house and several senators are busy with their campaigns in the runoff.

## Estimate Places Terry 2nd in Cotton 1934-35

Most pessimistic estimate of the probable cotton production for the South Plains area in 1934, so far was issued last week by V. O. Jennings, Northwest Texas representative of Neil P. Anderson and Co., who said based on conditions as of July 30, he estimated 120,000 bales would be produced this year in 18 counties.

The survey is the result of personal inspection of many counties and also late reports from correspondents and others over the territory. He spent the greater part of three days prior to making his figures, in a survey of the area and in talking with cotton men and farmers over the territory.

Anything May Change It  
"Anything may change the situation," he pointed out. "If it does not rain within a short time, before the middle of the month at the latest, we will not get that many bales. I have talked with many farmers and cotton men over the territory and I believe that my figures are about correct."

"This section can promise less and make more than any section I know of. We may get a good rain that will bring out the cotton in fine shape."

Lamb Expected To Lead  
Lamb county will lead the area, Mr. Jennings believed, with Terry (including Yoakum without a gin) second, Hale third, Lynn fourth, Lubbock fifth and Crosby, sixth.

Following are the estimated bale productions: Bailey, 7,000; Borden, 300; Briscoe, 1,000; Castro, 500; Cochran, 800; Crosby, 10,000; Dawson, 1,000; Floyd, 1,500; Gaines, 700; Hale, 14,000; Hockley, 5,000; Lamb, 27,000; Terry (including Yoakum), 25,000; Lynn, 13,000; Lubbock 11,000; Swisher, 1,000; total, 120,300.—Lubbock Avalanche.

## Sheriff Jess Smith Recovers Jail Breakers

Sheriff Jess Smith returned from Meridian, Texas early this week with the three prisoners, J. P. and Wilson Greenwade, and Douglas (Red) Prestridge, that escaped from jail here Tuesday night of last week. The sheriff of Bosque county and a constable surprised them at a farm house 10 miles from Clifton, but the boys broke out of a back window and started through a corn field. After a short chase and a few shots in their direction, the prisoners gave up.

From what we can gather, another youth from Clifton, and a brother of the Greenwade boys had been seen in the vicinity of Brownfield a few days before he delivery and Sheriff Smith tipped off the Bosque county sheriff to be on the lookout for them. They were found in a house on the Brandes place. The other Greenwade boy was picked up also, for aiding prisoners to escape. They are wanted here on various theft and burglary charges.

Sheriff Smith says he does not allow them any covers to tear up and make ropes to escape any more, and is having the jail guarded at night as a double precaution.

### TEXAS PRESS IS ACTIVE BOOSTING CENTENNIAL

In three days the publicity committee received enough clippings concerning the Texas Centennial to fill a large scrap book. This shows splendid spirit of co-operation of the Texas press.

The publicity committee was confident in the begging that it could rely absolutely upon the loyalty of the press. It has in no sense been disappointed.

Gentlemen of the press—our profound thanks. Now go along with us for six more intensive weeks and all Texas will be Centennial-conscious. The success of the big 1936 event will be beyond question. Think-Write-Talk Texas Centennial.

### BLACKTAIL DEER ARE PLAGUING FARMERS

FORT DAVIS, Aug. 6.—Numerous blacktail deer driven from their usual grazing grounds by shortage of grass are plaguing farmers and truck growers in this section.

About 30 deer are seen almost daily in the cane patch of County Clerk H. D. Bloys, near here. He says they are doing great damage. Ed Dutchover complains that deer, yearlings and fawn are eating his beans and corn. W. G. Patton, another gardener has made similar complaints. Deer are also becoming a nuisance on the big Kokerneck ranch.

## Motto: Can Everything You Can Can—Now

The above should be the motto of every family in Terry county. Indeed, it should be the motto of every family in west Texas. Of course there are some places in west Texas that there are no crops, and this will apply to many parts of the south Plains and Terry county, but in most sections of the Plains, water can be had from windmills in sufficient quantities to irrigate enough patches to fill a lot of cans with surpluses the family cannot consume.

The Herald does not like to advise farm families. They get enough advice as it is, gracious knows, about what to do, and we are not taking the attitude of adviser, but as an encouragement to put everything possible in cans, for tomatoes will be tomatoes, beans will be beans, and corn will be corn this winter. If you have any fruit, that should be canned or otherwise preserved, as foods are bound to get higher. Even now, the government has begun to step in to keep down food speculation, as they realize that it will get sky high, if some measure isn't made to protect the consumer against the speculator.

Joe Holt, one of our farmers informed us this week that his wife was busy much of the time in the kitchen preserving and canning foods for winter use, and from the number of cookers, cans, and other canning paraphernalia that has been sold by local dealers, others are just as diligent as Mrs. Holt in preparing for the winter which promises to be a real hard one on people who have raised no crops, or have not prepared any food. Arkansas peaches are now being brought in and they are not excessively high.

Some of the beeves being slaughtered by the government can be used by individuals for their own use—not sold. But to avoid ptomaine poisoning, they should be cooled before canning, according to the extension service department of the A. & M. College. At one cent a pound, this cooling can be done in the cold storages in this city.

## Great Crowds Here Saturday and Monday

One of the largest Saturday and one of the largest Monday Tradeday crowds in the history of the city, were on hand these days to feast on the many bargains of our merchants, as well as to see and be seen, mingle with the big crowd and have as good time as the hot dry weather would permit. People came long distances to be here. The merchants report a wonderful trade both days, when it is considered that our farmers have received neither their cotton rent checks or their corn-hog contract checks.

During the afternoon Saturday a large crowd gathered to hear Judge Clark M. Mullican in a keynote speech made here in the interest of his election to congress. Monday afternoon an equally large and enthusiastic crowd heard Hon. Geo. Mahon address the voters of this section for nomination to the same office. Both made fine addresses, and both have many supporters in this county.

The jockey yard was very well patronized and there was some trading, but mostly bantering. Both days, most of the crowd came in the afternoon, but stayed until rather late, rather than go home while it was so hot.

## New Oil Pool Found In Andrews County

The Humble Oil and Refining Co. No. 1 Means in northern Andrews co. is showing signs of coming in a big producer at 4321 feet.

It is believed that the well will clean itself due to high pressure.

### CARD OF THANKS

We wish to express our appreciation and thanks to our friends for the help and sympathy during the illness and death of our daughter and sister, Lucile.

Mr. and Mrs. L. B. Hobbs,  
Capt. Grady and Deryl.

The American Red Cross handled 844,000 bales of cotton in 1933, coming it from the bale to clothing, is more cotton than was handled any commercial firm.

Mrs. Ruth Brown of Red Bluff, Calif., is here visiting friends relatives this week.

For District, County and Precinct  
offices.  
For Congress, 19th District:  
George Mahon, Mitchell county  
Clark M. Mullican, Lubbock Co.  
For County Clerk:  
W. A. Tittle  
Rex Headstream  
For Commissioner Pre. No. 1:  
L. C. (Less) Green  
R. G. Nutt  
For Commissioner Pre. No. 2:  
E. L. Redford  
Geo. W. Henson  
Commissioner Pre. No. 4:  
Lee Lyon  
J. E. Eakin  
For Justice of Peace Pre. No. 1:  
F. M. (Dutch) Burnett  
J. E. Shelton.

Messers. and Mesdames Lee O. Al-  
len, Pete Tiernan and Earl Anthony  
returned Friday from Hot Springs,  
N. M. where they took the baths a  
week.

Way down in Louisiana a bunch of  
negroes took a smart Alex of their  
own race out in the woods and lynched  
him for violating a young negro  
girl. They probably learned this  
trick from their white neighbors.

Tom Hunter lacked just a few votes  
of getting more votes than all his  
competitors in his home town, Wich-  
ita Falls, and two others, Allred and  
McDonald live there. This shows  
what the people who should know all  
three men best, think of Tom Hunter

One of the penitentiary guards on  
duty when the recent death house  
break was made, admits that he  
smuggled arms into the death house  
to prisoners. In doing this, that  
guard became guilty of each death  
caused by the break. And if jurors  
will do their sworn duty, there is a  
little hot chair down there at Hunts  
ville that will just about fit the  
guard.

At last the United States Cham-  
ber of Commerce has broken down  
and admits one move of the Adminis-  
tration is good. The Chamber has  
opposed every act of the government  
up to date to relieve the distress of  
Americans—crop management, direct  
relief, work relief, bank regulation,  
cheap interest rates, drouth relief—

everything done has met the disappro-  
val of the important U. S. C. C. of C.  
But officially now it admits the sub-  
sistence homestead plan must be good.  
We approved the idea to begin with  
but the Chamber now approves, we  
are afraid there must have been a  
mistake somewhere.— Ralls Banner

One New Mexico editor was very  
much interested in where the frogs  
came from so quick after a rain, and  
said they began croaking in a pool  
near his home in 20 minutes after a  
big rain. Another editor in a less  
favored section of that state so far  
as moisture is concerned, replied that  
he hoped his contemporary found out  
just where the frogs came from, but  
so far as he himself was concerned,  
he had rather know where the rain  
comes from.

The Herald is perhaps the lone  
paper in this section which did not  
get to constitutional amendments.  
The Secretary of State asked each  
paper not only to submit price of  
publishing them, but asked each to  
write him personally stating reasons  
why they thought they ought to get  
them. Our reason was that our price  
was in line, and that the Herald was  
the only paper published in the coun-  
ty. But we did NOT state that we  
were supporting Charley McDonald  
for governor. Upon which probably  
hangs our failure.

In his formal statement immedi-  
ately following the election, C. C. Mc-  
Donald stated that he would let his  
friends and supporters tell him who  
to support in the runoff. Out of  
more than one thousand letters, tele-  
grams and telephone calls received,  
1021 advised him to support Hunter,  
31 for Allred, and 5 wanted him to  
remain neutral. He came out for  
Hunter. McDonald says that these  
replies came from men and women  
of every walk of life, but mostly  
forks of the creek folks. He re-  
ceived more than 190,000 votes in  
the first primary. It does not take  
a mathematician to figure who will  
be next governor of Texas.

"A good boss has always had all  
the latest improvements these in-  
ventors are claimin' an' a lot besides.  
She's got a self-lubrication chassis,  
permanent body finish, water-proof  
covering, self-adjustin' automatic  
danger signals, bumpers fore an' aft,  
steers by hand, foot or sound, an'  
body squeaks are most uncommon.  
She collects her own fuel, grows her  
own tires an' inner tubes, jumps  
fences without wreckin', fords rivers  
without stallin' her motor, an' climbs  
hills without roads. Then, too, her by  
products fertilize the fields for grow-  
in' more hoss fuel and her hide, when  
she's done with it, make more har-  
nesses for other hosses. She's good  
for 20 years service besides producin'  
hoss colts or mule colts to take her  
place. Ain't no teknerkats yet built a  
self-perpotutin' gadget with five sen-  
ses all installed." Mark Welch

The daily press of the country is  
gradually losing its prestige caused  
by too much activity in politics. At  
one time, and for a number of years,  
the daily press was a great medium  
for the forming of public opinion,  
but the last few years things have  
changed quite a bit. The daily press  
has formed the habit of selecting their  
candidate and then try to ram him  
down the throats of their readers.  
The public resents this, and they are  
gradually losing the once fine in-  
fluence they had. The reading pub-  
lic becomes disgusted with so much  
publicity about one candidate. The  
readers of daily papers want the  
facts about candidates and then they  
will form their own opinion as to  
their qualifications, etc. The press  
can assist to a great extent by pub-  
lications and gradually form public  
opinion, but when they come out flat  
footed and practically demand that  
people vote for such and such a can-  
didate they are going to weaken that  
candidate's chance for election, for

**FARMERS SHORT COURSE AT TECH COLLEGE**

Lubbock, August.—"The National  
Program of Agriculture and How it  
will Affect this Territory" will be the  
theme of a one day short course at  
the Texas Technological College,  
Thursday, August 9, Dr. Bradford  
Knapp, president, has announced.

I. W. Duggan and Maurice R.  
Cooper, with the cotton section of  
the Agricultural Adjustment Adminis-  
tration, Washington, D. C., and  
Peter Molyneux, Editor of the Tex-  
as Weekly, will be among the princi-  
pal speakers.

Congressman Marvin Jones, Ama-  
rillo, and others have been invited.  
The short course, an added fea-  
ture of the Tech summer school is  
being actively promoted by the Tex-  
as Extension Service officials in this  
sectin.

Farmers, bankers, merch a n t s,  
teachers and others are invited to at-  
tend.

"This is a great opprtunity for  
business men and farmers to get a  
vision of the government's plans for  
agriculture for the future, with par-  
ticular emphasis placed upon the ef-  
fect this program will have on farm-  
ing, upon banking and upon business  
in general in this section," Dr.  
Knapp said.

Between 6 and 7 million acres of  
Texas lands have been terraced. Ter-  
racing is proceeding at the rate of  
about one million acres annually.

We had a communication this week  
from Dr. M. E. Jacobson, stating that  
he would be home again Friday of  
this week. He spent a week at the  
Mayo Clinic in Rochester, Minn., and  
a week in Chicago.

you cannot make people do a certain  
thing, we are not built that way, but  
we can be coaxed along.—Lockney  
Beacon.

**DEMOCRATIC SUCCESS**

Emil Hurja, described as right  
hand strategist to Big Jim Farley,  
the democratic chairman, figures that  
"the republicans have't a chance."  
He reached this conclusion after  
studying his "campaign bible" and  
surveying the political scene in gen-  
eral. The democrats expect to keep  
most of the 435 seats in the house in  
this fall's election and harvest a  
goodly number of the 35 senate  
seats to be filled.

Results of the recent democratic  
first primary in Texas should give  
Mr. Hurja pleasant feelings. Texas  
democrats unmistakably put the  
stamp of their approval upon the  
Roosevelt administration by voting  
in overwhelming numbers to return  
Tom Connally, a Roosevelt lieuten-  
ant, to the senate for a second term.  
At least that will be the national in-  
terpretation put upon the Connally-  
Bailey race. The fact that all of the  
sitting congressmen were renominat-  
ed, most of them without necessity of  
a runoff, also may be taken as an  
endorsement of the administration.

Nobody will be surprised if the re-  
publicans pick up a number of house  
seats from the democrats this fall.  
In the senate their success is more

doubtful, but they may break even  
there. In spite of these prospective  
losses, the democrats will continue  
to hold the upper hand when the next  
congress convenes. Their huge ma-  
jority in the house and working  
majority in the senate will be unim-  
paired.

Messrs. Farley and Hurja have no-  
thing to worry about. The time to  
worry will be in 1936.—Abilene  
News.

**THE CENTENNIAL CITY**

It is a great honor that will come  
to some Texas city on September 1—  
that of being the Central Centen-  
nial city of 1936. Already the folks  
are busy in the major cities of the  
State laying plans for their financial  
proposal which will be submitted to a  
sub-committee of the Centennial  
Commission in Austin on Sept. 1.  
The City securing this honor will be  
the most widely publicized city in the  
United States for the next three years.  
The remainder of this year and all  
next year in advance publicity, and  
all the following year while the great  
central celebration is in progress.  
The time is short—preparation for  
the Centennial offer should be in the  
making immediately.

# this Great New MOTOR OIL...

## ...Climaxes Continental's 59 Years of Leadership!

Continental Oil Company's half-century of quality leadership reaches a climax in *New and Improved Conoco Germ Processed Motor Oil!* It is the result of over two years of research and experiment and 963,000 miles of road tests.

This great new oil has these advantages:

1. Two to four times greater film strength than any straight mineral oil.
2. Penetrates and combines with metal surfaces—the "Hidden Quart that never drains away."
3. Stability under all conditions; will not thin out.
4. Prevents carbon and sludge troubles.

Here's proof that it gives you *greater motor protection and lower oil consumption:* Tested at Indianapolis Speedway against five other nationally known oils in identical cars, five quarts of New and Improved Conoco Germ Processed Motor Oil carried its car 4,729 miles—3,015.8 miles farther than the first oil to fail, 1,410.2 miles farther than the best of the five other oils!

18,000 Conoco Stations in 40 states have this great new motor oil for you in refinery-sealed cans and in bulk. Fill with New and Improved

Conoco Germ Processed Motor Oil and know your motor has the finest protection you can give it!

### Finds Rabbit's Foot in Coach

Determined to do everything within his power to win one of the 24 university scholarships being offered as awards in the 1934 Fisher Body Craftsman's Guild competition, the youthful builder of this miniature Napoleon coach piced a rabbit's foot inside. Walter Leuschner, formerly the head of a family-owned concern that began building state carriages for European monarchs during the reign of Frederick Wilhelm III of Prussia and the designer of the coach that thousands of boys in the United States and Canada have reproduced for entry in the competition, discovered the appeal to Lady Luck when the model was placed before the judges at work in the General Motors building at A Century of Progress Exposition. He is shown here holding the charm above the coach in which it was found. Winners of the \$51,000 in university scholarships being offered will be announced in Chicago Wednesday, Aug. 22.

## Final Cotton Figures Are Made Public

College Station, — Reporting that contracts from every cotton county in Texas have been approved and certified to Washington the State Cotton Board of Review presented this week the final figures in the acreage reduction campaign.

A summary of the certificates of the 223 cotton counties show a grand total of 236,183 contracts affecting 4,282,723 bales of 478 pounds net weight; 14,126,746 adjusted base acres, and 5,322,368 rented acres. The contracts show that 37.7 per cent of the base acres were rented to the Government. The total rental payment amounts to \$26,777,280 and the parity payment of one cent per pound will amount to \$8,153,513. In most cases the checks for the first rental payment have been received by the farmers. The second rental payment will be made in early fall after the land has been measured and the compliance certificates sent to Wash. The parity payments will be made in Dec.

In connection with these final figures it is of interest to note that Texas has about one-fourth of the cotton counties and one-fourth of the contracts in the United States, representing nearly one third of the lint, and over one-third of the cotton acreage.

It is generally conceded, Board members declare, that the acreage reduction campaign saved the cotton farmers from again having to sacrifice their cotton at low prices because another big crop in the face of large world careover, together with lack of demand, could only have meant disastrous prices. Furthermore, it is pointed out that the benefit and parity payments take the place of crop insurance for the farmers who will make little or no cotton due to the drouth, while the rented acres will supply additional feed for livestock on farms wherever the drouth did not completely destroy the crops.

### TEXAS CORN-HOG CONTRACTS TOTAL 32,104

College Station—County by county figures released this week for the first time by the Corn-Hog Review Board indicate that 32,104 Texas farmers in 228 counties have contracted to participate in the corn-hog reduction program. As cash return for their cooperation \$4,805,500 will be coming to these farmers.

The work of the Corn-Hog Review Board was inaugurated by a statewide trip of the Chairman, E. N. Holmgreen, accompanied by F. E. Finley, statistician from the crop estimates division of the Federal Bureau of Agricultural Economics, meeting county committees and county Extension agents to discuss and explain the contract. After this Mr. Finley remained at College Station and handled the statistical end of the Board's work throughout the entire time. That the work of the county committees has been well done is shown by the fact that when the contracts of the first three Texas counties, Delta, Coryell and Gillespie, reached Washington they were immediately approved and passed for payment.

The Board has now made contract allotments in all but seven counties. Already county committees in 103 counties have made their adjustments within allotments. The movement of county contracts to Washington will proceed rapidly now, Mr Holmgreen states, and returning checks will be coming right along as the contracts receive final approval and are passed for payment.

The Board's figures show that 222,000 acres have been contracted for \$1,129,496, two-thirds of which is immediately payable, the remainder to be paid in November and December.

The quota of hogs to be raised for market which is the average for the past two years totals 985,073 head, for cutting their production one-fourth farmers will be paid at the rate of \$5 per head for the remaining three-fourths. For thus restricting their output to enable the consumption to catch up with supply these farmers will be paid \$3,694,003, of which two-fifths will be paid in August and the remainder in two payments in December and February.

It is reported that the cotton checks for rent acreages have finally arrived, and the money for the hog-corn contracts are looked for most and day now, and this will certainly stimulate trade.

Mrs. J. M. Johnston of San Francisco, is here visiting her parents, Mr. and Mrs. E. L. Duke and family. Mrs. Johnston, as well as the Dukes were early settlers in Brownfield, but it has been many years since the Johnston family lived here. Mr. and Mrs. Duke may return with her and spend the winter in California.

Cleve Holden of Sudan was down Sunday visiting his sister, Mrs. Jack Stricklin, Sr. He had just returned from Hot Springs, Ark., where his wife is taking the baths.

## CONFIDENCE RESTORED

Terry County Herald (Brownfield) From the vote in the Literary Digest, it would appear that the Northern bankers are opposed to guaranteeing the deposits of customers by the Government, while the Southern bankers backed the President's policies as a whole. However, Northern bankers may indorse the banking act, and oppose other things in the Roosevelt policies. Anyway, no depositor has lost any money in bank failures since the law went in force.

The insurance of bank deposits by a company mainly supported by the bankers may be wrong in principle. Perhaps an insurance company whose premiums were paid by the depositors would be more in line with our American traditions. But the bankers get their premiums back in terms of confidence on the part of depositors and by increased deposits. All the banks wer in danger a little over a year ago, not by reason of inherent weakness, if any but by reason of the reluctance of people with money to leave it in a bank when other banks were popping at the rate of hundreds every month. The deposit insurance law has restored confidence. The banks are not suffering from too few deposits. Their suffering, if it can be called that, is from too few opportunities to use profitably the money in their charge. They got sick and tired not to say chilled, when frozen loans were running their temperature down toward zero. It may seem fanciful to speak of foreign loans in weather such as we've been having this year nevertheless to call them frozen describes their condition. They couldn't be melted. A good deal of that sort of thing has passed, however, like water over the dam. Many debtors have paid their debts during the hard

times. Many others have given extra security and are in the way of being able to pay out ere long. Still others, and more, have reduced their obligations. It may be worth while occasionally to have a depression in order that debts may be decreased. When times are good, debts are big. State Press.

### WE FAVOR TOM HUNTER

Friends of Tom Hunter are losing no time getting the runoff campaign under way. They are meeting with the candidate in Marlin today to map out battle plans. And few doubt that the runoff will be a battle from start to finish, with two good campaigners "pouring it on."

Friday night Mr. Hunter makes his opening speech at Hillsboro. This newspaper, which supported Clint Small in the first primary, favors Tom Hunter in preference to Jimmie Allred. It believes Hunter comes nearer to expressing the hopes and aspirations of the great common people than his young rival. He is not identified with any political faction. He is a successful business man and old enough to keep his head amid the stife and stress of the times. We do not undertake to tell any individual how he shall vote, but we feel that we owe it to our readers to express this newspaper's own choice.

Both sides will be given the same unbiased news treatment, but editorially this newspaper support will go to Tom Hunter—Abilene News

Ruby Nell is the name given the little 6½ lb. daughter born to Mr. and Mrs. Fox on Thursday of last week.

The "yellow peril" of the world is gold.

Every bottle is Brew-DATED

The Exact Age of Blatz Old Heidelberg Beer is Guaranteed

EVERYONE has always known — that to be good — beer must be aged.

Many indefinite claims have been made as to the age of beers — but now the Blatz Brewing Co., guarantees the exact age of every bottle of Blatz Old Heidelberg Beer.

The Blatz brewery has row after row of huge ageing vats—each carrying the date on which its contents was brewed. When it has reached the exact time to insure satisfying richness of flavor — full body and strength — then it is bottled, and there is plainly marked on every bottle the exact date that beer was brewed. It is your guarantee that Blatz Old Heidelberg Beer is fully-aged.

### RED GOOSE—THE OJIBWA INDIAN BOY

An Indian Story for Boys and Girls  
By Carlyle Emory

Red Goose has departed alone in his canoe for the mouth of the lake, to watch for the Sioux Indians, who have determined to wipe out the Ojibwa Village. Now go on with the story.

For miles and miles, Red Goose paddled his canoe steadily onward to his destination—the mouth of the lake where he knew the Sioux would gather before attacking the Ojibwa Village. At the same time, he was careful to use his strength sparingly for it was certain he would have to make good, fast time on the return trip.

last for several days, and it was his plan to make a little camp for himself and to spend most of his time during the days perched high in a tree, where he could detect any unusual movement in the surrounding country. But hardly had he beached his canoe when he heard the long dismal howl of a wolf.

For a moment or two he paid no attention to it, but as it was repeated over and over again, his ears detected a peculiar sound in the howl.

"That no wolf," he said softly to himself. "Man make that noise."

Then he heard another noise. It was the sound of someone chopping wood not very far away.

"The Sioux!" Red Goose hissed these two words between tightly shut lips, as he realized he had not been an hour too soon in reaching the mouth of the lake.

Dropping flat to the ground, he began to wriggle his body swiftly toward a small clearing directly ahead of

him. Thru this he could see two dozen or more Sioux warriors gathered together around their camp fires. And now he could hear their voices raised in argument.

"We wait here tonight," said one big Sioux warrior, evidently a Chief, because of his feathered head-dress.

"No we go now. If we wait, Ojibwa will get away." This remark was made with much show of anger by another Sioux Chieftain.

"No. We eat, sleep, and go in first dawn when nobody wakes. We surprise Ojibwa then," retorted the first Sioux.

"I Charging Buffalo—say we go now!"

"You hunting chief—not war chief. I war chief. I say we go in last hour of night—not now!"

"You no war chief— you coward you fear Ojibwa."

"I-Tall Thunder fear no one!"

During the heated argument between the two Sioux warriors, Red Goose kept very still, hardly breathing, for fear his presence might be detected. His mind was centered now on one thought—to get into his canoe and paddle home as quickly as possible to warn his father, Red Eagle.

He was slowly and carefully backing away from the clearing, when there was a loud cracking in the bushes beside him.

"Somebody come! Somebody hunt me!" he said to himself. "They must not catch me! I find my canoe quickly!"

Red Goose was thoroughly aware of the danger that surrounded him. To be captured meant certain death, but more than that, it meant the Sioux would attack the Ojibwa Village without the warning the boy had promised to give his father, Red Eagle.

Crawling back on his hands and knees as quickly and as silent as possible, he came to the spot where he had beached his canoe. A sigh of relief escaped from him when he saw his canoe exactly where he had left it.

"There is my canoe," he said to himself. "Nobody catch me now. I paddle fast. I bring Red Eagle and Ojibwa Draves here to surprise Sioux."

But Red Goose was doomed to disappointment. Just as he was about to shove his canoe into the water, a

dark body came flying out of the bushes and smothered the boy to the ground. At the same moment a muscular arm was thrown around his neck, shutting off his wind so he could make no outcry.

Red Goose was captured, and by a Sioux, who now began to call "Daktahs! Daktahs! I catch Ojibwa spy! Come, Dakotahs! Come!"

In no time at all, a swarm of Sioux, hideous in their war paint, surrounded Red Goose and his captor, Charging Buffalo, one of the Sioux Chieftain, took one look at the prisoner and grunted contemptuously. "Ugh Ojibwa only baby—not man."

This was more than Red Goose could stand, and he answered back. "I am man! Red Goose son of Red Eagle Chief of Ojibwa. You all die when my father comes!"

"Be still, baby!" growled Charging Buffalo.

"Red Goose is not baby! I— This time the Sioux Chief, provoked at the boy's argument, slapped him smartly across the face, saying: "You be still now, or I kill you, Ojibwa!"

Now the Sioux who had captured Red Goose spoke up sneeringly: "Ojibwa cannot move. His arms tied behind his back. His legs are tied. You great Chief. Hit boy who cannot fight back."

Red Goose rolled over on the ground to look at the speaker and was astonished to find he was just a boy like himself.

"Prisoner is Ojibwa. He enemy," growled Charging Buffalo.

"He is my captive. I keep him," retorted the Sioux boy, whose name was Raven Feather.

I am Chief. I take his scalp now! As Charging Buffalo made this statement, he started toward Red Goose with every intent of scalping him.

But Raven Feather got in his way and again interrupted him. "You no touch my captive," he insisted. "He is mine. You no scalp him. He is boy—not man."

"I am Chief! I kill him now!" Once more Charging Buffalo started toward Red Goose, this time determined to put him out of the way altogether.

To Be Continued

### 6 Pointers on How to Drive So As to Arrive

Ab Jenkins, the man who holds more American Automobile Association records for distance, speed and endurance driving than any other driver—and has never had an accident—gives six practical suggestions for safe driving in the current Rotarian Magazine. They are:

1. Keep both hands on the wheel. "The only two people I know who are competent to drive one-handed are Eddie Rickenbacker and Ralph de Palma—and both of them use two hands."
2. Keep the best tires on the front wheels. "The front-wheel blow-out is by far the more dangerous. When blow-outs do happen, danger can be averted by clinging stoutly to the steering wheel."
3. Always test your brakes. "During the first hundred yards of driving, I always test my brakes by pushing down the pedal. The brakes may have frozen, they may be greasy or need adjustment."
4. Be extremely careful at twilight. "You have three times the accident hazard at twilight that you have at 8 A. M. Defective visibility is, of course, the reason. Remember, too, that night-time crashes have a forty-two per cent higher fatality than daylight accidents."
5. Don't use brakes in a skid. "To come out of a skid throw out your clutch and maneuver the steering-wheel so that the front wheels are in alignment with the rear ones. In other words, go in the skid! Braking is ineffectual. Your main concern is to equalize traction on all four wheels, which you do by throwing out your clutch; your next move is to get all your wheels in line. As soon as you feel the skid weakening, let in the clutch, 'gun' the motor, and resume forward progress."
6. Study the road. "Always reduce speed when passing from one type of road to another. Your right wheel should be approximately one and one-half feet from the outer edge of the highway. Running off the road is common. Thirty-one per cent of accidents are due to speeding, while thirty-four per cent are caused by cars going off the road."

### PROCLAMATION

BY THE GOVERNOR OF THE STATE OF TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME:

Ninety-eight years ago on March 1, in the quiet of Washington-on-the-Brazos a little group of clear, calm men, sorely tried by a tyrannical government and weary from conflict, drew aside from the din of battle and solemnly deliberated. From their common counsel, on the next day, came Texas' Declaration of Independence. That declaration took on strange force a month and nineteen days later when Sam Houston, and his small band of Texans, devoted to the principals of the newly created republic, won the victory at San Jacinto.

Upon the civilization thus founded, always bear in mind the heroic deaths of that small band at the Alamo, the massacre at Goliad, and the privations of the pioneer, we have built. Now Texas ranks among the first States of the union in cultural and economic progress.

As this first century of progress draws to a close the minds of Texans are turned to 1936. A great Centennial, depicting in true form these years of achievement, is to be thrown open to the people of the United States and of the world. Such great exhibition has been authorized by act of the Texas Legislature.

For the purpose of acquainting every citizen of the State with the great objects of this patriotic movement it is altogether fitting that a Centennial week be designated in which every village and hamlet and in every town and city the message of the heroism of the Texans of other years be retold, their memories honored, and instilled in the minds and hearts of these descendants of rugged fathers and mothers the thought that Texans never surrender, that from this depression of recent years, new resolution has been born, irresistibly carrying forward the flag of the Lone Star into fields yet undeveloped but open to the energy and imagination of citizens here and those to come to us through succeeding years.

For the purpose herein stated, now, therefore, I, Miriam A. Ferguson,

Governor of the State of Texas, by virtue of the authority in me vested, do officially proclaim that the week beginning August 13 be set aside as

**TEXAS CENTENNIAL WEEK** as a special time during which Texas Centennial shall be discussed in every social and club meeting, at every dinner table, and in all other places where men and women congregate, to the end that Texas shall become Centennial minded and that plans now definitely made for carrying forward in 1936 this great project to a successful conclusion may be consummated.

**IN TESTIMONY WHEREOF:**  
I, Miriam A. Ferguson, Governor of the State of Texas, have hereunto set my hand and have caused the Seal of State to be affixed hereto at Austin, Texas, this third day of August, 1934.

MIRIAM A. FERGUSON,  
Governor of Texas.

W. W. HEATH,  
Secretary of State

## THE TRUCK THAT COSTS SO

New Chevrolet Valve-in-Head Six,  
Largest Selling Truck in the World  
Now offered at Greatly Reduced Prices

little  
to run

now costs as much as  
\$50 less  
to buy

To the savings effected by Chevrolet's great economy, rugged construction and outstanding dependability has recently been added a saving of as much as \$50 in the purchase price. You can now obtain a big, fast Chevrolet truck for every purpose at prices among the lowest for which Chevrolet trucks have ever been sold. And these low prices bring you the same features that have made Chevrolet trucks so popular in every hauling field—the valve-in-head, six-cylinder engine—the sturdy bodies—the exceptionally heavy frame, axle, and transmission. Your Chevrolet dealer will gladly show you how Chevrolet trucks can help to reduce your hauling costs, and how easy they are to buy at these new low prices combined with convenient G.M.A.C. terms.

### COLLEGE AT CANYON GETS \$12,285 AID

Canyon, Texas, July 30. Ninety-one Texas college boys and girls will receive aid of the United States Government in attending school at the West Texas State Teachers College during the 1934-35 session, according to instructions received by the college this week. The proportion of boys and girls helped under this plan must be determined on the basis of the college enrollment October 15, 1933. No student whose family can possibly finance his education will be given aid under the F. E. R. A. No more than \$20 per month can go to one student and the average for the 91 students must not be more than \$15 per month. The instructions further state that only young men and women of character and ability to do excellent college work can be considered and no more than 50 per cent of those to be helped can be chosen from the ranks of students who were in college anywhere in Jan. 1934. It is the purpose of the Federal Government to help able and deserving students who have entered college or who have completed high school and have not yet begun their college work.

Ed Thompson tickled us pink last Friday by presenting the Herald with two nice fryers and a lot of roasting-cars, right when we had company too. A friend in need, etc.

George Mahon, of Colorado City, was here Monday and spoke to a large crowd in the court park in the interest of his candidacy for congressman of the new 19th district.

O. M. Reynolds will conduct a 10 day protracted meeting at the church of Christ at Wellman, beginning August 16.

**GEORGE MAHON FOR CONGRESS**

We wish to thank the people of Terry county for the nice vote given George Mahon last Saturday in his race for Congress in this district and ask for their continued good will and support throughout August. Also wish to ask of those who did not support Mr. Mahon that they seriously consider his candidacy and give him their support and influence in the runoff.

We need a man to represent us in Congress who is not only honest, capable and courageous, but one who is close to the people and will at all times be a personal representative of the average man. We know George Mahon to be this kind of a man.

Vote for him, and work for him.

**OUR 23 YEAR COLUMN**

Issue Aug. 11, 1911: Groves Chapel: A nice rain had fallen, and the crops were reported to be great, also gardens were simply outdoing themselves. Primrose: Lots of melons, fruit, good gardens and crops reported. Mase Lee's mother was visiting him from Rotan. There was a fruit supper at Floyd Pyeatt's. Several on hand from Brownfield and Needmore.

Gov. Woodrow Wilson of New Jersey had been invited to visit the Dallas Fair. J. T. May had used an ad to invite the old soldiers to make his store headquarters while here. Edwin Groves was in with a nice load of fruit. G. J. Rose reported good crops out his way. Mr. Brownfield had bought the old Daugherty house and had it remodeled for a rent house. Mr. Rippertoe was having an addition built to his house. The editor had purchased a little two-room house on Lovers Lane, now Lubbock Avenue, and had moved in. We still think that was the greatest home we have ever had, because it was our first.

J. C. Green had made a trip to Tahoka for freight. Manion Cosby and Dr. Minion of Lubbock were visitors here. Brownfield Hardware had sold nearly 3000 fruit jars. Lee Walker had closed a deal with Uncle Billie Byrd to build him a residence on his farm. Howard James was building a 2-room addition to County Clerk T. J. Price's residence. The Herald still had Blue Back Spellers for sale. Drs. Ellis of Brownfield and Maddux of Gomez had performed an operation on Joe George to remove an abscess. C. L. Williams brought in a load of fine melons. Rev. Victor Trammell was starting the Methodist meeting at Meadow. Brownfield was expecting a great crowd at the reunion. W. R. Harris had presented the Herald with a load of cucumbers, squash and cantaloupe. Miss Nettie Sawyer had returned from Corpus Christi. Mrs. A. M. Brownfield presented the Herald with a nice basket of peaches. W. R. Harris and son, Will Ed, had returned from Roswell and a hunt in the mountains of that state, New Mexico. All for this week.

**WOODUL, FRIEND TO WEST TEX.**  
When the Small river-bed bill—a measure vital to the interest of West Texas landowners and homeowners was up for consideration in the senate one of its staunchest supporters, and most eloquent advocates was Walter Woodul of Houston, while one of its bitterest opponents was Joe Moore of Greenville.

Today Senator Woodul and Senator Moore find themselves in the runoff for lieutenant governor of Texas, with Woodul 112,000 votes ahead of his nearest rival. Nothing but a miracle would enable Senator Moore to over come a lead like that, and the sensible thing for him to do would be to refuse to enter the runoff. Senator Woodul is not a sectional candidate; he carried probably 60 per cent of the counties of the state, receiving a magnificent vote in West Texas as well as in other sections. But West Texas should remember that Walter Woodul has long been their friend, not only in the matter of the river-bill, but in many another instance. In a time of crisis West Texas found Woodul on its side, Moore against it. Walter Woodul is a solid, substantial, able and dependable Texan. He should be given an overwhelming majority on August 25. His home people of Harris county gave him a two-to-one majority over all his opponents in the first primary. —Abilene News

**Bankhead Act Flayed At the Ginners Meet**

Plains ginners, meeting in Lubbock hotel Saturday, applauded when their state secretary assailed the Bankhead act. Afterwards they decided expenses of ginning the 1934 cotton crop would approximate 40 cents per 100 pounds and 3 cents for administration of the Bankhead law. One hundred 54 ginners, representing 202 batteries, 22 farmers, and a number of machine company and printing company representatives and oilmill men attended. Forty-two ginners operate cotton farms.

**Report Approved**  
The same group, meeting here last year, approved a committee report that 35 cents per 100 pounds was cost of ginning cotton, but most Plains cotton was ginned for thirty cents.

John C. Thompson, secretary of Texas Ginners association, of Dallas, after telling "what happened" to the ginners' code and discussing ginning costs, thoroughly discussed and condemned the Bankhead act, which he called "the Bunkhead bill". "The Bankhead bill is a law of ours and, we're a law abiding people, and we're going to obey it to the letter," he declared. "If it's wrong let's fight for its repeal; if it's right, let's spread its regimentation."  
**Employed As Agents**  
Near the close of the meeting, he said, "You and I are employed as internal revenue agents, but when it comes up to voting again, let's give it hell."—Lubbock Avalanche.

**WARD COLLEGE EXES PLAN FOR REUNION**

Committees have been announced and program plans are underway for an annual reunion banquet for ex-students of Seth Ward college. The meal is to be served at the Hilton hotel in Plainview on Tuesday, August 28, at seven o'clock. On the arrangement committee are George Perdue, Mrs. Frank P. Bain and Mrs. C. B. Harder, all of Plainview. Mrs. W. M. Pearce as chairman of the program committee, is being assisted by Mrs. Ruth Moore of Brownfield, Mrs. Welcome Ragland of Abernathy and Lamar Forrest of Lamesa. Miss Bessie Shook of Denton will be the toastmistress. Mrs. James H. Goodman is president of the association and Mrs. H. C. Pearson of Lorenzo is secretary.—Lubbock Avalanche.

Brownfield golfers are to play Lubbock Country Club in that city Sunday for third place in the South Plains League. Slaton won first place, Lubbock Meadow Brook second, and at present Brownfield is third. Mesdmes S. Johnson and Ola Wall visited their daughter and sister at Abernathy last week end.

**Gomez News**

Rev. Ed Tharp began the Methodist meeting Sunday night. Everyone come and help make this a great revival. There was a good crowd out for singing Sunday afternoon. The singing school that was recently taught here, was worth it money, for there was some good singing Sunday afternoon. There will be singing at the Baptist church every second and fourth Sunday.

Mrs. Walter Garrison has been on the sick list the past week. Mr. and Mrs. J. W. Rose visited in the J. E. Lee home Sunday. Mrs. Montgomery and children, of Union, Mrs. Smith and little daughter, of Eunice, N. M., spent Saturday night in the J. W. Ball home. Mr and Mrs S J. Banks and little son, of Dallas, are here visiting their parents.

Miss Maurine Loyd is visiting friends in the Quemado Valley. Mrs. Garland Fore and little daughter of O'Donnell were here the past week visiting relatives. Miss Ruth Earnest spent Saturday night with Mrs. S. R. McLeRoy of Brownfield. Mr. and Mrs. W. F. Collins and Albert Lee Hester, Mrs. C. F. McNeil and little daughter visited in the C. J. McLeRoy home Sunday. (Please mail your news in on Monday. Ed.)

**UNION Y. W. A.**

The Y. W. A met Tuesday July 31, with Margaret Christy in a "Kid" social. All were dressed to resemble small children, two of the girls even came barefooted. Many interesting games were played. The prize for the cutest girl was won by Margaret Christy. Animal crackers and peaches were served: Frances and Florence Brock, Toy Belle and R. V. Barton, Ozella and Leta Mae Bass, Ivy Collier, Christine Cooper, Lola Mae Parrish, Marie Shepherd, Daphne Polk, Joy Simpson, "Sweet" Simpson, and Margaret Christy.

**Needmore Notes**

The singing school started at Needmore Monday morning with a large attendance. It will close Friday the 17th. We will have the concert Saturday night Aug. 18th. Everybody come. Other communities are also invited. So come and bring someone with you.

Mr. and Mrs. A. D. McDonald, and Mr. Claude Rhodes, Misses Faye Huckleberry and Lois Brown, Mr. Claude Huckleberry and Burl Brown visited Sunday in the home of Mr. S. B. McCutcheon and family.

Mr. Allen Watkins visited Sunday afternoon with Mr. J. B. Hix. Mr. Willie Hyman and family visited Monday night with Mr. Ira Hyman and family.

Mr. and Mrs. A. K. Huckleberry visited Sunday with her parents, Mr. and Mrs. W. J. Hix. Mrs. J. C. Crownover and children spent Monday with Mrs. A. L. Brown.

Mr. and Mrs. W. C. Nolen had as their guests last week their daughter and family and daughter-in-law all of Wichita, Falls, Texas. Mr. and Mrs. Woodrow Whitaker are visiting this week with Mr. J. Paul Whitaker and family.

Mrs. M. Y. Bennett and Mrs. Lloyd Bennett and children visited Friday with Mrs. Joe Jordan. Mrs. Jess Lewis of Challis visited Friday afternoon with Mrs. A. L. Brown.

Mrs. S. B. McCutcheon and Misses Mabel and Ila Mae McCutcheon spent Wednesday with Mrs. Paul Whitaker. Mrs. Bill Settles and Mrs. A. D. McDonald visited with Mrs. McDonald of Brownfield, Monday.

Miss Irene Clomppitt of Challis is visiting this week with Misses Ila Mae McCutcheon and Marjorie and Marjean Mackey, and attending the singing school.

Don't forget the concert and everybody come. (Please mail your news in on Monday. Ed.) Love, fire, and a bad cough are three things that it is impossible to hide.

**ASKS SMALLER AND LESS COSTLY ABSTRACTS**

More uniformity in the preparation of abstracts and that they be made less voluminous and less expensive was asked by A. C. Williams, president of the Federal Land Bank of Houston, in an address before the twenty-seventh annual convention of the Texas Title Association, held in Galveston Tuesday.

More than 32,000 loans, aggregating approximately \$98, 000,000, have been made by the Federal land bank, acting for itself and as agent for the Land Commissioner, since June 1, 1933, Mr. Williams pointed out, and several thousands of applications are being held by the bank pending receipt of abstracts and curative matter.

After expressing appreciation of the cooperative spirit that has been shown generally by abstractors of the state, Mr. Williams outlined the requirements in abstracts of title incident to closing a Federal land bank or land bank commissioner's loan. He also called attention to the present lack of uniformity in preparation of abstracts and the wide range of prices.

"The government has provided a means whereby farmers may refinance their obligations on a sound basis and at a low rate of interest," Mr. Williams said. "If they find it difficult to avail themselves of this aid by reason of excessive cost of abstracts," he continued, "we may expect a demand for the development of a plan of title insurance, which will make it necessary for those who apply for loans by the Federal land bank, the Land Bank Commissioner, and other government agencies to furnish a complete abstract of title covering their property."

According to the last votes filed, Doyle Settle of Lubbock defeated John N. Thomas of Tahoka for state representative of the 119th district by a vote of 11,529 to 9,233. Thomas carried Terry county.

We had a letter and three dollars on subscription this week from O. P. Gaymon of Canal Winchester, Ohio, and publisher of three Ohio papers. He says the Herald is always welcome as he is interested in Texas, owning a fine section of land in this county. He and wife were down last summer, and may return this fall, he says.

Radio station KGKO of Wichita Falls, has been allowed to double its power, and is now carrying the Columbia network, as well as local programs.

**PINK BOLLWORMS MUST HAVE REDUCED PAYMENT**

Something's wrong somewhere. John Bruton of the Elbow community, Monday, received a check from the Pink Bollworm Claim Board for the wonderful sum of \$2.31 which was supposed to be payment in full for all claims for damages for the cost of fumigating cotton and sterilizing cotton seed. Out of this big check he was supposedly expected to pay his landlord one-fourth.

As John raised 73 bales one year while the yink bollworm claim was in effect and 43 bales the other year he don't believe \$2.31 could pay off his claim.—Big Spring News.

Grandma Lewis, Mesdames J. B. Hucklebee and Jay White visited Mr. and Mrs. Ulyess Sawyer at Cross Roads, N. M. last week end.

**Special Contests, Exhibits Feature Fair Farm Week**

Henry Ford's Ford Industrial Bank, shown here, a new exhibit at the Chicago World's Fair 1934, demonstrated how farmers can get their own relief by rolling and processing

coy beans. Left inset: John C. Dameron, Weston, Ill., whose hog-calling championship will be a mark for farmers to shoot at during Farm Week at the Fair, Aug. 11 to 13. Right inset: Mrs. Nick Owens, Blue Island, Ill., last year's husband-calling champion, whose title is also at stake. The milkman's championship and other similar titles will also be contested.

SOCIETY With the Churches

First Christian Society met Monday at 2:30 with Mrs. Simon Hoggate...

Nine members of the Methodist Missionary Society met at the church at 3 p. m. Tuesday...

Baptist ladies met in three circles this week. Circle 2 at the church Monday...

KILL TIME CLUB

Last Wednesday evening Misses Esther Ruth and Ruby Nell Smith were business to a buffet supper...

Those attending were: Kathy Hantzler, Eunice Michie, Sally Stricklin, Marjorie McClish...

NIGHT BRIDGE CLUB

Last Friday evening Mr. and Mrs. James H. Dallas were host and hostess to members of the Night Bridge Club...

MRS. BROWNFIELD HOSTESS

The Ace High Club members and some guests enjoyed games of bridge Friday afternoon at last week when Mrs. Ray Brownfield was business...

FORTY-TWO PLAYED AT CLUB MEETING

Members played forty-two last Friday afternoon when Mrs. E. M. Kendrick was hostess to the club of 42 men...

Mrs. Paul Lewis is in San Antonio taking a special course in music. Mrs. Lewis will teach music in Brownfield this winter.

In a service that was read at seven o'clock Sunday morning in the garden of the bride's home in Lubbock, Miss Ruby R. Jackson, daughter of Mr. and Mrs. A. W. Jackson...

T. T. CLUB MEETS

Mrs. Earl Jones was hostess to the Two Table Club last Friday afternoon. At the close of the bridge games ice cream and cake was served...

Mr. and Mrs. Dick McDuffie took her sister, Mrs. Fred Youree home to McAbee, Saturday. Little Miss Christine McDuffie stayed for a visit with her aunt and uncle.

Mrs. E. H. Bailey and Glen Webber went to Lubbock Saturday to see Mrs. Bailey's new niece, little Miss Laura Lou Bailey...

Mrs. Joe J. McGowan was called to Quanah, Saturday, her mother being seriously ill.

Mary Ann and Katharine Jane Acker of Hereford are visiting their aunt, Mrs. G. S. Webber this week.

BIRTHDAY HONOREE

On Tuesday P. M. of last week, Grandma Lewis was given a surprise birthday party at the home of her daughter, Mrs. Jay White...

Miss Ann Hamilton of San Antonio was up this past week-end on a short vacation, and to attend the 49th birthday of her mother...

MRS. DUMAS PASSES

Mrs. J. D. Dumas, 66, passed away Saturday morning at the family home. She had been ill with liver complaint since last September...

Besides her husband, she is survived by seven children, two, Pat and Jerry live at home. The others are Mrs. Val Kimbrough of Benson, Ariz...

Funeral services were conducted at the Methodist church Saturday afternoon at three o'clock by Rev. Ed Tharp. Burial followed in the Brownfield cemetery.

Misses LaFawn Nichols and LaJuanita McLeod of Lubbock, are here the guests of their grandparents, Mr. and Mrs. J. H. McLeod and family.

(Please mail your news in on Monday. Ed.)

WEST TEXAS DRUGGIST to LUBBOCK AUG. 21-23

Lubbock, Texas. West Texas druggist, drug travelers and others of the trade will gather in Lubbock August 21, 22 and 23, for the West Texas Pharmacologists Association convention.

At least 500 druggists will be there. President Shine Phillips, Big Spring, estimates.

Opening with golf tournament, August 21, the entertainment committee offers a banquet and dance that night, a luncheon, banquet and dance, August 22 and golf again August 23 with ladies entertainment and free goods prices.

The program will include several prominent speakers, mainly drug trade executives from the North and East.

Farm Editor

Here is Mrs. Minnie Fisher Cunningham, new Editor for the Farm Extension Service, Texas A. and M. college, succeeding W. H. Darrow who has been loaned to the A.A.A. by the Extension Service. Mrs. Cunningham is the first woman to hold the ranking position of Editor in Extension work. She has been very active in Texas civic, agricultural and governmental affairs, once running for U. S. Senate, and leading the cause of woman suffrage. (Texas News Photos.) Promotes Texas Music

Mrs. E. T. Craig of Athens, Texas, wife of the editor of the Athens Daily Review, has been appointed Chairman of History of Music in Texas by Mrs. I. D. Cole, State Music Federation president. Mrs. Craig has already started a campaign to enlist the aid of every Texas Music club in getting the history of Music in Texas assembled. (Texas News Photos.)

Old Fort Griffin Scenes To Be Lived Again

Old Fort Griffin, outpost of early Texas civilization in what was then the far west, is to have its stirring scenes revived during Centennial year.

The old fort was in what is now Shackelford county of which Albany is the county seat.

Says the Moran News: "It wouldn't cost much to reproduce old Fort Griffin. Some of the old buildings are still standing and with a little repair could be made to last many more years. The old Masonic lodge hall still stands and is in such good condition that it is used for a school. This would interest thousands of Texans and out-of-state tourists in 1936. The state highway runs right by the old spot and it would be one of the most accessible places in West Texas."

The fine history back of old Fort Griffin, its memories and campaigns, its troops who battled the Indians and outlaws, gave protection to the early settlers that dared to build this great country; its heyday when the "far" was filled with houses of vice, when horses and cow thieves were sprung up without going to jail, where buffalo hunters gathered for their slaughtering trips to the west, and where stacks of buffalo hides took on the proportions of homes, all of these historical facts would make old Fort Griffin a place of great interest."

You need real courage to go forward when you're afraid.

FLOWERS

We have Dahlias, Marigolds, Snapdragons and other flowers blooming at this time. We do NOT solicit funeral orders as it is UNETHICAL, UNDIGNIFIED, and contrary to the Florists Code of fair competition. We appreciate orders sent or phoned as for this kind of work and guarantee satisfaction. KING FLORAL COMPANY "A Home Institution"

Demonstrations at Farmers' Short Course

Here are Texas farmers and their wives getting the latest idea in farm activities while attending the annual Farmers' Short Course at Texas A. and M. college. In the picture above J. F. Rothborough, Extension Horticulturist, is showing a demonstration in grape-juice making on the A. and M. College campus. The demonstration included crushing, pressing, filtering, bottling, capping and pasteurizing. Below is shown J. L. Thomas, Extension Dairyman, demonstrating American cheese making.
