BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, FEBRUARY 1, 1935.

NUMBER 25.

C. of C. Banquet A Huge Success

The Chamber of Commerce banquet which was held last Thursday evening was attended by approximately 175 persons and according to reports was one of the most successful affairs that we have had and everyone present appeared to be having an enjoyable time. The program committee is to be congratulated for their work as well as Red and Mrs. Tudor for the interest manifested by them and for their active assistance in getting the building ready for use. Roy Collier presided as chairman using a large claw hammer for a gavel and before the affair was ended he had one end of the table pounded to a pulp, but he got action. Every member on the program was excellent and we wish that we could describe every separate stunt for they were all good and personally the writer was considerably surprised as he did not know that Brownfield contained talent of the kind shown. But those who were present know all about it and people who did not attend probably aren't interested anyway.

This chamber of commerce year closes March 1st and some new directors will be elected in February and an effort made to increase the budget. We have been working on a shoestring for the past three years and at times it has been hard to make ends meet, but the job was pretty well done and we hope that people who are not now supporting the organization can be induced to do so, as we have plans covering a very constructive program and it takes money to put it over.

Included in our plans for the coming year is further highway construction, a post office building, and a recreational center. All of these come under different government departments and each of them have to be convinced that a real need exists. Our highway plans are on a dead center at this time, for the reason that a new highway commissioner is to be appointed and this together with the death of the division engineer, before he could order a survey of No. 84, may cause us to have to renew our requests for action on this route. However we expect to keep hammering away until some action is obtained.

Under the new public works program, which is expected to be in effect very soon, we expect to work with the city, county and schools on projects that are calculated to be of permanent value. One of them, the recreational center spoken of above.

A community road, one that we have needed for a long time, and which had especial mention in the columns of the Herald a few months ago, is about to become a reality. The "jam" on a certain right of way in the south part of the county that has held the project up for the last several years is in process of settlement and the road practically assured, or rather steps toward its opening are being taken by citizens who reside between Brownfield and Loop, and as soon as these are completed, the commissioners will probably order a survey, with construction work following. This is another project in which the chamber of commerce has been interested.

1935 To Be Good Year

GALLUP, N. M.—The Navajo tribesmen foretell a good year for the redmen and the paleface. Following three days of December rains, unheard of by even the oldest of the Navajos, the more ancient and revered of the tribe went into a huddle and announced the cheerful tidings, that 1935 will be a good year. Ugh! Ugh! heep much good sounding medicine.—Penasco Valley News.

The Collins Dry Goods store has been a busy place this week taking inventory.

Mrs. C. H. Hester sends the Herald Herald some fine hog ribs. Thanks for this remembrance from one old timer to another.

J. A. Rushing and family are entitled to a pass to the Rialto Theatre to see "The Westener" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto-Herald

Next Monday Is First Monday Again

As usual Brownfield will be hostess to hundreds of people from her trade territory again next Monday. Each trade-day increases in size for people know that many bargains await them on merchandise.

The usual day's program will be carried out. The merchants will have many bargains for their customers, and as per promise are going to try and make this the largest trade-day from many angles. Bring your trading stock, farm implements or what have you. You are sure to get it traded for Brownfield has built up one of the best trading grounds not to be found equal anywhere for its size.

As most crops are out and it is too dry to do any farming Brownfield is expecting you here on Monday. The latch string hangs on the outside. Come and enjoy the day with us.

Ginning Total At 9,380,348 Bales

WASHINGTON, Jan. 24.—Cotton of 1934 growth ginned prior to January 16 was reported today by the census bureau to have totaled 9,380,348 running bales, counting 191,920 round bales as half bales and including 13,053 bales of American-Egyptian.

Ginnings to that date a year ago were 12,556,729 running bales, including 594,277 round bales and 8,218 bales of American-Egyptian.

Ginnings to Jan. 16 by states were: Alabama, 934,484; Arizona, 101,439; Arkansas, 843,857; California, 238,865; Florida, 24,198; Georgia, 971,254; Louisiana, 472,421; Mississippi, 1,119,152; Missouri, 224,183; New Mexico, 82,912; North Carolina, 633,319; Oklahoma, 323,220; South Carolina, 678,600; Tennessee, 393,806; Texas, 2,292,368; Virginia, 32,499 and all other states, 13,771.

THE COUNTY P. T. A. COUNCIL

The County Council met at Gomez Friday night, January 25. The following program, sponsored by Mrs. Fulton, was greatly enjoyed:

Song—Audience.
Invocation—
Song—Grammar Grades.
Reading—Mrs. Lloyd McNabb.
Song—Mother Singers.
Pageant—Eighth & Ninth English classes showing how music may influence a class room.

Mrs. T. C. Redford then introduced Judge Simms of Brownfield, who made a very interesting talk on Music in the New Curriculum.

Following the program Mrs. Hoggate took charge of the meeting. She asked for a roll call, but because of the basketball tournament, sickness, and various reasons the only visiting representatives were from Brownfield and Wellman, but Gomez was well represented.

Each P. T. A. was asked to give a report of their pencil sales. Very favorable reports were given concerning the pencils, and it was announced that the chest will be given away on First Monday at Brownfield.

The president read a letter from Mrs. Day urging each P. T. A. to observe Founder's Day in February, to organize Mother Singers clubs, and to send delegates to the district convention in April at Plainview.

There being no further business to transact the meeting adjourned.

Mrs. Wilhite, (Acting Secretary).

PRESIDENT ROOSEVELT PLANS TO ALLOCATE FUNDS HIMSELF

Washington, Jan. 26. (AP)—In a move to head off rising opposition to the \$4,880,000 public works bill, word was sent to congress today from the White House that President Roosevelt, himself, would allocate the fund.

Democrats and Republicans in the Senate were objecting to the vast power the bill would give the president to delegate authority to subordinates. A White House conference was held between President Roosevelt and Senator Byrnes (D-SC), one of the executive's closest advisers.

Anna Letha Hamilton, Tech student, visited her parents, Mr. and Mrs. C. F. Hamilton over the weekend.

Mr. and Mrs. W. H. Collins and Wilson Collins visited W. B. Collins' at Lamesa Sunday.

Information On Re-Habilitation Program

A very considerable number of people have called at the chamber of commerce office asking for information concerning the re-habilitation program, not only as it concerns the several thousands of acres in Hockley county, but also the leasing proposition as it concerns owners of lands who desire to lease their lands in return for improvements. So being in Lubbock a few days ago the writer undertook to secure all of the available information on these projects and am undertaking to pass it on to those who may have an interest in knowing something about it.

First: The Hockley County lands are not open for applications and no one seems to know just when or how or through whom they will be taken. Report has it that the land will be planted to feed crops and that the improvements will be put on at some time during the summer months.

As concerns the leasing proposition it appears that the landlord is to place improvements on the land at his own expense and afterward lease to the government at a flat cash rental under a three or five year agreement but they have issued new instructions in which they desire an option to purchase the land and improvements outright, at the end of lease period.

We were also asked to inquire concerning a division wherein the government would purchase teams and other farm equipment for the use of farmers who could secure lands but were without farming equipment.

No one at Lubbock seemed to know anything about a division of this kind. We will continue our investigations on this however, and if anything is developed, will undertake to make it public through the Herald.

The chamber of commerce is undertaking to keep informed on various Governmental activities and everyone is invited to call at the office for any information that they think we are able to supply.

Gaines County Shows Much Lease Activity

Seminole, Jan. 28.—Humble Oil and Refining Company has paid the Devonian Oil company \$100 per acre cash and \$100 in oil for the north half of the south half of section 23, block G, W. T. railway survey, according to announcement here.

The acreage is in the vicinity of acreage where the Amerada Petroleum company obtained positive results from seismicographic tests and survey, according to reports here.

The acreage is in wildcat territory. Announcement of the purchase created more excitement here than the announcement last fall of a purchase by the Humble of a half interest in several thousand acres held by the Texas Pacific Coal and Gas company, by which \$35 an acre was paid in cash and two tests were to be drilled.

North and a little to the east of Seminole from 12 to 15 miles distant and several miles south and west of Seagraves, Westbrook Oil Corporation, W. H. Dunning and Gulf Production have engaged in considerable lease play. Recently developments reported Westbrook of Fort Worth buying approximately 4,000 acres, paying from \$2.50 to \$3 per acre.

ENOUGH GRAPEFRUIT JUICE TO FLOAT SHIP AT McALLEN

McALLEN, Jan. 26.—Enough grapefruit juice to float a launch was canned at a plant here in one day. The day's run was 122,016 cans of juice. The McAllen plant now cans more grapefruit juice than any other in the world, according to J. D. Nagel, jr., citrus authority of Texas, Florida and California.

Messrs. and Messdames C. C. Cothes and H. N. Stone and Miss Freida Parker were guests of a joint banquet, of the Brownfield Chamber of Commerce, Lions and Rotary Clubs, at Brownfield, on Thursday evening. According to those in charge this was the largest and most successful from all angles of any meeting of this kind ever attempted by that city. Brownfield certainly entertained their guests on this occasion, and the program in its entirety was enjoyed by everyone present.—Seminole Sentinel.

Homer Nelson and family returned last week from a ten day visit to Terrell Texas and Prescott, Arkansas. He reports heavy rains over northeast Texas and that water was over the highway in many places.

Things Of Interest Here and There

District Court has been pretty quiet during the first two weeks, several civil cases being disposed of by agreement and a few suspended sentences on bootlegging. Court has adjourned for the week, but beginning next week the criminal docket will be taken up with the kidnapping case occupying the spotlight, but advance information is, that the trial will prove to be a rather tame affair, with a probable plea of guilty.

An increase in the mail and bus service between Brownfield and Post, is in prospect as the owner J. C. Bond, has made application for an afternoon schedule on the bus line and a proposal on extra punch in and out on the afternoon run.

Grover C. McMakin has purchased the B. & G. Motor Lines between Brownfield and Roswell, continuing the present double daily service. He also maintains daily service between Brownfield and Carlsbad, N. M. by way of Hobbs, with connections at Seminole, Odessa, McComb and other points along the Bankhead. This makes "Grover" the second largest operator on the plains, his mileage being exceeded only by the Bowman lines out of Lubbock.

We have not received any cotton reduction checks within the last several weeks, but a considerable number of cattle checks have been received and are in course of distribution by the county agent's office. It sure does take a long time to get those cotton checks out to us but the money will be welcomed when it does arrive.

The basement of the courthouse is undergoing considerable alteration in order to place it in condition for the County Agent and will, when completed, be large enough to contain all divisions concerned with the acreage reduction program. In the meantime his office is occupying rather cramped quarters that were formerly occupied by the chamber of commerce and Justice of the Peace. The latter office is now located next to the Grand Jury room on the same floor as the district court room. The chamber of commerce is still in temporary quarters with the County Judge but will have a permanent place within the next two or three weeks.

A representative of the West Texas Chamber of Commerce was here this week in the interest their membership campaign and with the assistance of Mr. R. M. Kendrick, it was put over in a "Big" way, exceeding Brownfield's quota by several dollars. The excess will probably be used in paying the expenses of a Home Town Contestant at the Annual Convention which is to be held at Plainview. The writer surely does hope that the membership and the budget of the local organization can be built up to where it was a few years ago as it would enable us to take a more active part in many things that are likely to come up for consideration. Our drive will commence in February.

Brownfield Baptist Workers Meeting

First Baptist Church of Brownfield Tuesday February 5, 1935.

- 10 A. M. My Favorite Song suggested by the congregation, led by Rev. Weaver Lovelace.
- 10:30 My Favorite Devotional Message by Rev. Rankin of Seagraves
- 10:50 Special Music by Tahoka church.
- 11:00 My Favorite Doctrinal Message by A. Loper.
- 11:25 My Favorite Solo by G. H. Nelson.
- 11:30 My Favorite Sermon by Rev. Geo. Dale.
- 12:00—Lunch.
- 1:30 P. M. Board and W. M. U. Meetings.
- 2:30 Special Music (Brownfield).
- 2:40 My Favorite Missionary Sermon by Rev. McGraw.
- 3:00 Special Music (Seagraves Church).
- 3:10 My Favorite Inspirational Sermon by Rev. R. E. Bost.
- Announcements and Adjournment.
- J. M. HALE, Host Pastor.

Mr. and Mrs. Roy Davis formerly of this city, but now living at Plainview attended the annual Chamber of Commerce banquet held last Thursday night.

Plains Cotton Thefts Lead To Arrests

Practically valueless three years ago, cottonseed has increased in price until it now is almost a stock-in-trade with petty thieves. Thousands of pounds of the seed, some of it certified and worth \$2.50 the bushel or \$150 the ton, have been stolen on the South Plains.

Half a hundred such theft cases seemingly were cleared with arrest at Slaton of a Lubbock man Saturday, said Sheriff Tom Abel. Another suspect was arrested here and released to Sheriff B. L. Parker of Tahoka. Two men, brothers, were transferred to Sheriff J. S. Smith of Brownfield Friday to face cottonseed theft and burglary charges.

Other Cases Unsolved
Five arrests have been made in two days in Lubbock county, and officers have said other cases are unsolved.

The man, arrested at Slaton, confessed to Sheriff Abel and Burton S. Burks, assistant district attorney, that he had sold 17 loads of stolen cottonseed to a cotton oil company at Slaton. He said he had committed from two to four thefts for each load. The loot totaled 14,780 lbs. and was sold for about \$300. He denied any of the seed was certified, but officers assumed that some of it was of the better grade.

Chief of Police R. L. Wicker of Slaton arrested the suspect soon after the man had sold 1,100 pounds of seed for \$20.90, using the name "Joe Fred."—Lubbock Avalanche.

Headstream Moves In New Building

In meddling around town this week, we found that Rex Headstream had become domiciled in his new building that has been recently erected on the east side of the square and contains his abstract and insurance plant. We found it to be modernly equipped and constructed especially for his business and contains a fireproof vault for the storage of valuable books and papers that are used in his business. He is also offering its facilities to his friends and customers.

Rex says that he is not only ready to prepare abstracts covering the lands of Terry County, but can also take care of their insurance needs in any of the many divisions including fire and life and while he does not expect all of the abstract and insurance business to come his way, that he will appreciate a fair share of it and will render such service as will merit the confidence of his customers.

VACCINES TO CHECK DISEASES

Poliomyelitis and encephalitis, infantile paralysis and sleeping sickness, two of the cruellest of human diseases, seem apt to meet insurmountable defenses in any future advances on the human race. Infantile paralysis which in the past has killed so many thousands and left so many other thousands crippled has apparently been definitely defeated. Two vaccines have been developed which will effect immunity against the disease—one by Dr. John Kolmer, of Temple university, and the other by Dr. M. Brodie, of New York. Vaccinations with these preparations build up antibodies in the blood which prevent the disease virus from developing. The disease attacks humans of any age but the vaccine will give its greatest protection to children under four years since 80 per cent of them are susceptible to the paralysis. Many adults, for reasons unknown, are immune.

While there is still no definite promise of success, experiments with encephalitis virus are well advanced. Obtaining virus with which to work from the victims of last year's outbreak in St. Louis Dr. Brodie and his assistants are concentrating on the development of a vaccine to immunize humans against the dreaded "sleep."—Pathfinder.

ENNIS MAN NAMED LABOR COMMISSIONER

Fred E. Nichols of Ennis, World War veteran has been appointed state labor commissioner by Governor James V. Allred. He has been a member of the Brotherhood of Railway Trainmen for 21 years.

Mr. Claude Hudgens of the Hudgens & Knight hardware and furniture store is in Dallas this week attending a Frigidaria convention.

Mahon Names Texas Tech Depository

Washington, Jan. 23.—The announcement has been made from the office of George Mahon, Congressman of the 19th District, that Texas Technological College at Lubbock had been named as the Government Depository Library for his district.

After contacting the government Printing Office, Mr. Mahon found that he was entitled to designate one school in his district to serve as a depository for all Government documents and official publications. In answer to a written request that a selection be made, he sent his official choice to the Superintendent of Documents, naming Texas Tech.

Mr. Mahon expressed pleasure at being able to cooperate in aiding the College in this matter.

Carver Named To Replace Johnston

George L. Carver, who was assistant division engineer, has been named acting division 5 engineer to succeed Guy R. Johnston, who died of pneumonia here Sunday.

Mr. Carver has been with the highway department here 8 years, the last 2 as assistant to Mr. Johnston. Gibb Gilchrist, state highway engineer, of Austin announced the appointment Tuesday.

"I can't begin to replace Mr. Johnston," Carver said, "but I am going to carry on the work along the lines he laid. Having been his assistant 2 years I am familiar with the program he had."

Mr. Carver, who lives at 2210 Seventeenth street, came here from San Antonio in February, 1927. He was division maintenance superintendent before his promotion as Mr. Johnston's assistant.—Lubbock Avalanche

CHINA BUYS LESS OF AMERICAN COTTON

Chinese cotton mills showed a seasonal increase in activity during December but the outlook is uncertain and consumption of American cotton probably will be light this year, according to the Bureau of Agricultural Economics.

"Prospective curtailments in the spinning industry hurt the consumption outlook," the report said. "A Chinese mill of 50,000 spindles closed during December and further curtailment is expected in February, due to the strained financial condition of several mills. Chinese mills are running at 80 per cent of capacity, while Japanese mills in China are operating at capacity."

DOMINO HALL IS CLOSED BY SHERIFF'S OFFICE

The domino parlor which has been operated on the north side of the square for the past several months, was closed by the Sheriff's department Tuesday and one of the proprietors arrested on charge of conducting a gaming establishment.

Bond was set in the sum of \$1000, which it was stated was made yesterday. Another partner in the business is said to be out of town.

Slot machines have also been put out of the business district on warrants issued by Sheriff Davis and County Attorney Edgar E. Payne.—Lubbock Herald.

CATTLE BURNED IN HUGE PILES ON GULF COAST

Beaumont, Jan. 26.—Crews of men, using tractors to haul carcasses into piles for burning, were at work today disposing of thousands of cattle that perished early this week on account of cold.

G. A. Bracher, division highway engineer, was in charge of the work, which necessitates clearing bodies from beaches, fields and even highways and burning them with oil.

It was estimated that as many as 25,000 cattle died in Jefferson, Chambers and Galveston counties. The figure was given by I. B. Stewart, county livestock sanitary inspector.

Mrs. Arthur Sawyer and Qu... visited Mrs. Sawyer's sister, Mrs. Rance King in Lubbock last Friday.

Mr. Barbee, supervisor of the... icora Development Co. made a business trip to Hereford the... of the week.

Mrs. W. D. Wynn was... to Christoval last Thursday, ... sick.

Guy R. Johnston Dies at Lubbock

Death of Guy Robert Johnston, jr., means more than the loss of a useful citizen, a good father and a good husband.

It means a loss to Lubbock and the South Plains, as well as to the Texas Highway department, of a skilled engineer who lifted himself by his bootstraps, as it were, to the position of the most efficient and trusted road builder under the rays of the Lone Star.

Guy Johnston didn't go to college. Instead, he learned his engineering—and learned it well—in the rough and tumble, catch-as-catch-can school of the United States army engineering corps. As a result, after he finished supervising construction of concrete fortifications in the Philippines, his government transferred him to Washington where he further served his country training young men for army engineering work.

From 1919 on—when he first became a member of the Texas highway department staff—he marked himself as a thorough, successful engineer until, not more than three months ago, Highway Commissioner W. R. Ely told the Editor of The Journal: "Guy Johnston is the most valuable engineer in the whole department."

Probably the average layman doesn't know it, but Guy Johnston's highway work in Lubbock and vicinity has been outstanding from standpoints of efficiency and dispatch.

Since he first came to live among us he has secured, for his division, more than the division's share of hardworking and maintenance funds and it is a matter of record that his standing with the department was such that when he recommended allocation of funds for a certain project those funds were so allocated as a matter of course.

Guy Johnston didn't please every one of the thousands of citizens who reside in his district. No man could possibly please them all.

But he did please the thoughtful citizens and the men under whom he labored diligently and well.

These things can be said of Guy Johnston and can be said in all truthfulness.

He was a good workman and while his task was left uncompleted, he did well with it while he was here.—Lubbock Journal.

EXAMINATION FOR SPUR POSTMASTER HELD SOON

Spur, Jan. 26.—An examination for the position of postmaster of Spur will be held soon by the United States Civil Service commission, with applications for the post to be filed with the commission on or before February 12, according to announcement by G. W. Grimes, secretary of the local board.

Examination will be held under the presidential order of July 12, 1933, and not under the civil service act and regulations, it was said.

E. Hill Perry is the present postmaster. He has served in this position for many years.

CHILD IS KILLED BY SCHOOL TRUCK

Loveland, Jan. 24.—J. D. Cunningham, 8-year-old school boy, was crushed to death beneath the wheels of a school bus near his father's home southwest of here late this afternoon.

The truck was stopped, Supt. L. T. Green said he was informed, after a child's cap had dropped or been thrown from the truck. E. C. Grim, about 60, driver, did not know the Cunningham boy was behind the bus getting the cap. The machine was backed across the child's body.

About thirty pupils and the driver were in the bus.

Funeral arrangements for the child, a son of Mr. and Mrs. W. H. Cunningham, had not been made early tonight.

Mr. and Mrs. Cy Tankersley and little daughter, Cynthia, from Rule, are visiting Mrs. Tankersley's parents, Mr. and Mrs. M. B. Sawyer and other relatives here this week.

Rev. and Mrs. Sharp were called to Lubbock Monday afternoon, their daughter Mrs. Elmo McCellan being quite sick.

Licensing an evil is sharing it.

The Official Paper of Terry County
and the City of Brownfield.

The big, big boss of this paper has
been sick abed this week, and the rest
of us have been too busy to find fault
with anything or anybody, but just
picked up a few things our neighbors
have aired out.

Miss Jean Suits of the Lockney
(Texas) Beacon, snaps her fingers
at progress. "The radio never can
entirely replace the country news-
papers as predicted by some authori-
ties, because you can't cover the pan-
try shelves with radio waves nor swat
flies with the kilocycles," she writes
the Amarillo News.—The Earth.

There are good and sufficient reasons
why most country editors did not
attend the inaugural ball: lack
of time, lack of filthy lucre, and—
well, just try to imagine Bob Haynes
of Miami, Jack Stricklin of Brown-
field, J. W. Smith of Lamesa, and
the editor of the Lynn County News
out on the ball room floor putting
on a performance. The chances are
that somebody would call the police.
—Tahoka News.

What has become of "Crack-down
Johnston" of NRA fame? He seems
to have passed out of the picture.
The last time we had a line on him
he was going to write a book. That
will put him in the same class with
Herbert Hoover. After Herbert re-
ceived a licking at the hands of
Franklin Roosevelt, he withdrew
from the public and said he was going
to write a book. Now if Uncle
Andy Mellon will write a book we
will have the list of political writers
about complete.—Lockney Beacon.

The tax moratorium passed by
the Texas legislature this week en-
courages the payment of delinquent
taxes by the remission of all pen-
alties and interest. It appears that
the remission applies to all delin-
quencies up to and including 1935.
Another tax law that is expected to
go into effect in April is intended
to make it easier to wait to pay taxes
until that date. But none of the
tax laws extend the time for paying
poll taxes. If you want to be a voter
this year, the poll tax must be paid
before February 1.—Ralls Banner.

Huey Long with his share wealth
idea, and Dr. Townsend with his
\$200 per month pension plan are
worrying the safe and sane leaders
to no little degree. If all the rad-
icals of the nation, and all those who
believe that it is possible to secure
a free easy living at the expense of
the government could get together
in one political party the result
might be dangerous. However, the
courts will probably take care of
much of Long's legislation dished
out by the Louisiana legislature,
thus exposing him to the nation.—
Canyon News.

When you hear a man running
down his home paper, or any other
local industry, take a good look at
him. Ten to one he will have a chin
as long as a rail, an eye shiftless as
a horse thief, and he will hitch
around in his chair as though he had
a touch of St. Vitas dance. Talk to
him awhile and you will discover that
he has made a failure of everything
he has ever tried (except being dis-
agreeable), and nine times out of ten
he is dependent on the public for
favors or support; you will find him of
a meddlesome, peevish, hateful and
unreliable nature, a man who is always
complaining, and although he has but
little, if anything, of his own, one
would imagine to hear him talk that
he had a quit claim deed to the earth
and a first mortgage on heaven. He
knows everybody's business, and why
shouldn't he? He has none of his
own to take up his time. Such peo-
ple, like mosquitoes, were not created
in vain, perhaps, but one fact remains
staple, they do not add materially to
the pleasures of conducting business.
—Rochester Reporter.

MY DEAR BROTHER

Cold weather has caused the state of Texas a loss of more than \$1,000,000 due to the loss of cattle. Owing to a shortage of feed and grass in some counties the cattle are in poor condition. Thousands drifted south to the gulf seeking warmer climate, and men have been working since the cold spell last week, piling the carcasses up and burning them. Terry county people should be thankful. For with the feed crop that we raised, livestock are in fairly good condition and very few if any died because of the cold weather.

It takes 1,500 nuts to hold a car together, one nut can knock it apart. Empty stomachs are dangerous things.

My brother whom I always loved, Has gone to my father above— I hope Jesus has prepared him a place So that some day I may see again, his dear sweet face.

I hope when I reach that golden shore I can just look up, and see him standing in the door.

He was called on the eighteenth day, To that beautiful land far away.

Don had lived a true christian life— And he had to mourn his passing, His dear sweet wife.

I hope he had no sorrows to pay, As he was going through the judgment day.

ADS. WILL TELL BANKERS' STORY

American Bankers Association President Announces Move to Stimulate Newspaper Advertising

NEW YORK.—Plans for stimulating wider use of informative newspaper advertising by banks in promoting public understanding and confidence in regard to existing banking conditions and methods have been announced by R. S. Hecht, President of the American Bankers Association, as a part of his organization's activities in aid of business recovery.

A general groundwork was prepared through a nationwide survey of advertising by banks relative to their willingness to extend justifiable loans to industry and trade. This, he said, revealed that a large number in all parts of the country are pursuing aggressive policies along this line and encouraging their customers to develop forward-looking business plans. "It is our aim to aid in fostering this constructive attitude whenever possible," he said.

The Theme of New Advertising

The association's Advertising Department, under the direct supervision of the general executive officers, has prepared, at the headquarters in New York City, an informative advertising series for the use of member banks in the association to aid them in developing in their own communities better general public understanding regarding banking, Mr. Hecht said.

"The underlying theme of this advertising is that sound banking is based on helpful human relations and that it has a unity of interest with the people of its community which binds them together with a common purpose," he said.

"We are confident that if a clear understanding of this is brought home to the people in all our banking communities, it will go far in restoring the public confidence which good banking deserves. A bank in which people deservingly believe is doubly safe, it is to the public interest for the people to have confidence in their banks."

The Place of Advertising

"We feel that bank advertising has a special public duty to perform in this connection under existing conditions. The copy which will be supplied in the service we have developed will not only aid the individual bank in promoting the use of its own facilities but is also aimed to bring about with the aid of newspaper advertising a clearer public viewpoint regarding the essential part it occupies in the life of its community."

Mr. Hecht emphasized in regard to the new advertising facilities being offered to the members of the association that they are not a profit making venture and that there is no intention to disturb existing advertising arrangements, the idea being that these institutional services shall supplement rather than replace present plans, or that they will give assistance to member banks now lacking satisfactory arrangements.

Destruction of Pompeii

Pompeii was partly destroyed by an earthquake in 63 A. D. and, after having been rebuilt, was totally destroyed again by an eruption from Vesuvius in 79 A. D., when approximately 2,000 inhabitants perished. It was not until 1748 that the theater, the amphitheater and other portions of the town were laid bare. Since 1900 the Italian government has prosecuted the work of excavation and visitors are conducted through streets which contain ruins made by vehicles 2,000 years ago, shops and houses, many of which contain their original decorations.

Jamaica is Attractive

Jamaica is a beautiful island of springs and streams. There are numerous hot and thermal springs. The warm salt spring at Milk river is probably the most remarkable of its kind in the world. Jamaica is one of the magnetic points in all the enchanting islands of the fascinating West Indies. The scenery is natural. Some of the peaks are more than 5,000 feet high. Montego bay and Kingston are the ports of call in Jamaica.

Panama Canal Directions

In going from the Pacific to the Atlantic ocean one would naturally expect to travel east, but not so in the Panama canal—the direction is north-west to southeast, almost at right angles to the e-w of land, and the Pacific end is about twenty-seven miles east of the Atlantic end.

Forrester Notes

Rev. A. D. Moore preached here Sunday morning.

Sunday night Feb. 3 is our regular singing night. You are invited to attend.

Lavon Zachery has been real sick with the flu but is improving.

Mr. and Mrs. Lee Fulton of Gomez visited Mr. and Mrs. G. M. Thomason Sunday.

Mr. Roy and Misses Eulah Belle and Hazel Ragsdill visited in the home of Mr. and Mrs. Sudderth of Hunter Sunday.

Mrs. C. C. Warren is on the sick list.

Miss Sibyl Thomason visited Mr. and Mrs. Lee Fulton Saturday night.

G. M. Thomason and Roy Ragsdill went to Lubbock on business Tuesday.

Several from this community attended the singing at Hunter Sunday night.

IT IS NOT ALWAYS EASY

To apologize.
To begin over.
To take advice.
To be unselfish.
To admit error.
To face a sneer.
To be charitable.
To be considerate.
To avoid mistakes.
To endure success.
To keep on trying.
To be broad-minded.
To forgive and forget.
To profit by mistakes.
To think and then act.
To keep out of the rut.
To make the best of little.
To shoulder deserved blame.
To maintain a high standard.
To recognize the silver lining.
—But it always pays.

RED GOOSE—THE OJIBWA INDIAN BOY

An Indian Story for Boys and Girls By Carlyle Emery

Following the capture of the thieves who had stored their booty in a cave behind the Falls of Saint Anthony, Red Eagle was given a large supply of guns, powder, bullets, knives, and iron as a reward.

Now go on with the story.

It took twelve pack horses to carry the kegs of powder and other supplies which Red Eagle had been given by the Captain of the Fort, as reward for capturing the white trader and his gang of thieves.

These supplies were needed very much by the Ojibwa Tribe, because on account of fever, they had been unable to get furs and buffalo skins for trading.

So the good Ojibwa Chief and his son, Red Goose, and Little Beaver started for home as soon as possible, but before they had traveled very far they met Bear Cat, who was returning from Fort Assinibone.

Red Eagle and Bear Cat were good

friends and the meeting pleased them both. After an exchange of greetings, Bear Cat asked—"Where in the world did you get all that powder, Chief?"

Briefly, Red Eagle told the story of the white trader and his gang, and Bear Cat was much impressed with the way the two Indians had outwitted over forty thieves.

"That was great stuff," he chuckled; and then, sobering up, he added, "Guess I'd better go along with you, Chief—we may meet some more thieves on the way home. If the Sioux hear about this treasure you're taking back to your people they may start some fireworks."

"Good! Red Eagle glad to have Bear Cat come," grunted the Chief. And so the little party of four traveled slowly toward Fort Ridgely, and although the weather was quite cold, they were careful not to build fires at night. The powder was highly explosive and they didn't want to take any chances.

One morning, after they had covered nearly a hundred miles, Red Goose, who had been riding ahead, returned to the party greatly excited. "Red Eagle! Bear Cat!" he exclaimed—"Danger ahead! Much danger!" "What do you mean, Son," asked

Bear Cat, who knew Red Goose seldom made mistakes.

"I ride up to hill," continued the boy, "and watch. I see many Sioux Braves. They wear red paint, for war."

Red Eagle was silent for a moment then, turning to Bear Cat, he said: "Bear Cat leave us now—or Sioux will steal his furs."

"Not on your life!" replied the Scout. "I'll stay right here with you, Chief, and if those Sioux want a little entertainment, I'll help give it to them. Besides, I'm kind of itching for a good fight, anyway."

Quickly, they unloaded the pack horses, piling up the kegs and boxes in a circle to form a barricade. Red Goose and Little Beaver helped, and so it wasn't long before they were ready for the Sioux.

(To be Continued)

SURPRISE BIRTHDAY DINNER

On Sunday A. M. January 27, 1935 the families of O. H. Speed, T. M. Speed and C. R. Warren met at the home of W. W. Johnson honoring his fifty-first birthday, bringing with them well filled baskets.

T. M. Speed had carried Mr. Johnson for a car ride to see the Union community, where T. M.'s sister, Addie Speed, is teaching school. So while there they dropped by and got Addie to come with them.

Those present were: W. W. Johnson wife and Holland. Also their married son, wife and baby, Elmer Jo;

O. H. Speed, wife, Nancy Pauline, Wesley, Kathryn, Neva Nell, May Dell and Ocie;

T. M. Speed, wife, Charles Taylor, Jonnie Bryant and Donnie Jo; C. R. Warren wife, C. R. Jr., Gerold, Wm. Doyle and Lofton Warren, a nephew of Mr. Warren. Also Mr. K. M. Speed arrived late in the afternoon from Cumley, Texas.

We all left about 7 o'clock wishing Mr. Johnson many more happy birthdays.

—One Present.

Mid-week service Wednesday evening at 7:30. There will be a baptismal service Sunday following the morning service.

Come for the Bible study, and let's be on time.

Mr. and Mrs. Tom Cobb spent Sunday and Sunday night in Seminole visiting Mrs. Cobb's parents.

EFFECTIVE control of corn acreage in 1935 is held to be essential because of the decline in corn requirements for livestock feeding since the 1924-29 period, and particularly since a year ago. As indicated in the above chart, the total number of hogs slaughtered in 1934-35 probably will not exceed 50 million head, as compared with an average of 70 million head in recent years.

Because hogs eat approximately one-half of the annual corn crop in the United States, hog adjustment this past year alone has lowered corn requirements between 325 and 350 million bushels under the requirement level of former seasons. The reduction of 10 to 15 per cent effected in cattle numbers by the drought liquidation under the Government drought purchase program has further reduced corn requirements for livestock feeding. A moderate reduction also has taken place in numbers of poultry, horses, and mules, which together ordinarily consume about one-fifth of the annual corn crop.

In view of these changes an acreage somewhat less than the average of recent years would meet actual requirements and would leave a reasonable margin for rebuilding the reserves now being depleted to meet drought conditions. Therefore, if farmers should follow the usual post-drought tendency and actually increase corn acreage in the spring of 1935, the largest surplus of corn over requirements ever produced in this country and relatively low corn prices might be expected.

By combining under the 1935 corn production adjustment contract offered by the Agricultural Adjustment Administration, farmers can hold corn acreage at a level that will avoid a return to an excessive level of production.

Tokio Paragraphs

C. Carson is building a new home northwest of Tokio into which he will move his family in the near future.

Misses Marie and Rita Mae Cheek of Plains spent the week end with their parents, Mr. and Mrs. J. M. Cheek.

Jesse and Arvel Snodgrass have purchased a violin and a guitar and intend to become musicians.

Carl and Floyd Cox from New M. have been visiting their father, Ad Cox.

Mr. and Mrs. W. R. Benson visited relatives in New Mexico, Sunday.

Noel Clananan and Archie Wauson motored to Big Spring Saturday and returned home Sunday.

Cliff Johnson has bought a piano for his daughter, Lorraine.

Melba Lovelace was a guest Sunday in the J. M. Young home.

Mr. and Mrs. Reuben Faught were Sunday visitors at the W. V. Hart home.

Tokio school boys played basketball with Plains last week and were defeated 15 to 2. They also met defeat at the hands of the Tokio Community team Friday.

Dock Lee, Cass Harte and their dogs recently gave a coyote a merry chase, but it got away!

J. R. Trout has purchased a new Chevrolet.

Melba Lovelace, Minnielee and Ruthie McAda, Romalee Gaudin, Elouise Lee, Pauline Worsham and Billie Johnson visited the Plains school Thursday.

Ellison Carson has returned from Dallas where he has been attending a

music school.

There was a party given at Harris this week in honor of the parents and teachers of the Harris school.

Mr. Whittaker, principal of the Turner school has returned from parts unknown with a bride. A shower was given in their honor at the home of Mrs. B. Smith.

Reginald Martin has returned to school after a noticeable absence.

Ervin Kluting who has been visiting the Trout family left Tuesday for his home at Peacock.

The C. P. Buchanan family were Sunday visitors in the J. M. Young home.

Mr. W. M. Golston and family have moved to one of the Gaston farms. Four children from the home have enrolled in the Tokio school.

A play: "The Blundering Herd" will be presented at the Turner school Friday night Feb. 1st.

There are several cases of influenza in the Tokio community but no serious ones.

The Tokio Baptist church expects to call a pastor Sunday morning, Feb. 3rd, and all members of the church should be present.

ONLY THE RICH GET BY

At the senate investigation of the munition graft it was pointed out Alfred E. De Pont collected an income in excess of \$26,000,000 in the course of three years during the World War and did not pay a penny of income tax.

CUB COMMENT

We hear that the Seniors of Brownfield High School will present their class play Tuesday evening, February 5, 1935. The title of the play is Laugh, Clown Laugh. Be sure to be present Tuesday evening at 7:30.

After-marks of the tournament—a student in B. H. S. wears the emblem of another school. Such poor taste!

Does "The Cub Reporter" mean anything to B. H. S.?

The Girls' Basket Ball Team will go to Levelland to play a game there Friday evening, February 1, 1935. There will be a "double-header" in the local gymnasium, Thursday evening.

Is it fair for one point to be taken off one's grade in each subject when that person has been absent on account of illness?

Do we have a "craving" for education? (BHS)

Ollie: "What part of the car causes the most accidents?" Luna Maude: "The nut that holds the wheel." (BHS)

"Laugh, Clown, Laugh"

The Senior play, "Laugh, Clown Laugh," a comedy mirthquake in three acts, will be presented Tuesday evening, February 5, 1935 in the high school auditorium. It is a rolyalty play by C. L. Eaddy.

Among the cast are several experienced actors. Ruby Nell Smith plays the role of Mrs. Hurley a talkative widow who has never learned to manage well, with Marjeanne Griffin and Kathy Hunter as her daughters. Truett Flache portrays Arthur Hurley who is his mother's pride and joy.

Queenelle Sawyer is Gallager at the Seagraves tournament. Though it was small, it shows the loyalty the boys have for B. H. S. and it is appreciated because different. (BHS) First Blonde: "Mr. Daniel's mustache makes me laugh." Second Blonde: "Tickled me, too." (BHS) CUB CHATTER

Luna Maude Gore, Lucille McSpadden, Ollie Bruton, and Jack Shepherd motored over to Snyder, Sunday.

L. C. Green, Martha and Velma McClish, and Lola Mae Tittle were visitors here over the week-end.

In one of our past reports we stated that Sallie Cox was moving to Stanton. She changed her mind, and we are now glad to report that she is still with us.

Marguerite Burnett is back with us after being absent several days of last week due to illness.

Nelda Jim Hicks was a visitor in the home of Wilma Frank Dunn Sunday.

We notice that Kathy Hunter is out of school this week.

Elmer McInturf of Pettit was a visitor in Brownfield Friday and Saturday, refereeing the tournament games. (BHS) Miss Winston: "Please tell me what became of your ethics?" Robert: "I traded it long ago for a Hudson." (BHS) CUB CLUBS

B. B. B. CLUB

The B. B. B.'s met last Thursday. There is a rumor about they will have to play in assembly some time soon. It is believed they will accept and count it an opportunity to appear. All the members were very enthusiastic about their playing at the P. T. A. and they will look forward to playing in assembly. The boys now seem to know all the songs which have been practiced up to the present and with that the B. B. B.'s sign off until next week at this time.

THE DRAMATIC CLUB

The Dramatic Club is very sorry to report that they have lost their president and vice president again, this time to the Debate Club. This means that these boys will have to be out practically the rest of the year so the members decided that it was necessary to elect a new president. Those nominated for president were Kathy Hunter, Ona Faye Tittle and Clifton Jones. The election will take place next Thursday. The club is sure that any one of these three will make a good president. The election of a vice president will come at a late date.

THE HISTORY CLUB

The History Club met Tuesday January 29. The club was given an early history of Brownfield by Beatrice Perry. Glenn Eakin and Mr. Penn entertained the club with some harmonica solos during the remainder of the period.

SCIENCE CLUB

Science Club met January 29. The program was rather short but very interesting. It was as follows: "Television"—Mack Pickett. "The Camera and How It Works"—Laddie Lynn Brownfield. After the program the club planned what they would experiment on in the next meeting.

THE LILLIANNA CLUB

The Lillianna Club met Tuesday and had a rather mixed program. Those who had taken up the sale of "Safety Glass" had a private meeting and carried on a business discussion. The remainder of the club practiced their club song and yells. Lorene White and Donnie Mae Smith then sang several popular songs. (BHS) Mr. Ledbetter (in arithmetic class) You have six potatoes and wish to divide them among three persons, what do you do? Home Ec. Student: Mash them. (BHS) CUB CELEBRITIES

SAMMIE CHISHOLM

Sammie is that inscrutable fellow that happens to be the president of the Sophomore Class. He has been president for the past four or five months, and will continue in office until school terminates in May. Sammie's hobby seems to be flunking all his courses. He never makes above a D on any of his work. He has gained the reputation of being a shiftless and no-good fellow. He will probably graduate in 1937.

ELRAY LEWIS

Elray is the "lady" representative of the high school presidents. When we say representative, we mean she is always there representing her class. Elray seems to be quite a radical but this is easy to understand as a certain former lady governor has

been chosen by Miss Lewis for an ideal. Miss Lewis is evidently a very efficient president. She will have to be if she keeps those Juniors down. Her hobby is being exceptionally dumb, and she never talks in Spanish class. The teachers will probably graduate her in '36 in order to get rid of her. (BHS) Mr. Lawlis: "What caused the explosion at your house?" Mr. Ledbetter: "Powder on my coat sleeve." (BHS) Interscholastic League Assignments

The following assignments have been made in Brownfield High as duties of direction for the members of the faculty. The work is already under way in each of these entries, and B. H. S. is looking forward to winning the County Meet. Mrs. M. L. Penn Debating Mrs. M. L. Penn Declaration Mrs. Ada C. Wilkins Essay Writing Mrs. Ada C. Wilkins Spelling Jack D. During the first semester the pupils of B. H. S. showed themselves capable of doing good work in the various courses offered. Some were able to keep a permanent place on the Six-Week Honor Roll; others came in for occasional honors. The following 7 students were able to maintain the high average of 90 or above in all subjects. They were present more than 80 of the possible 88 days, and they conducted themselves in such a way as to average more than 90 on a citizenship grade. FRESHMEN: Vondee Lewis Thelma Fern Harris SOPHOMORE: Sam Chisholm

E. C. Lanier SENIOR: Irene Adams Queenelle Sawyer Ima George Warren In all there were 90 exemptions given, affecting 47 different students. THEY HAD A WORD FOR IT Did you know that in ancient Greece an asylum was a place of refuge to which any and all might flee for protection? At one time all Greek temples and altars were inviolable, that is to say, it was a religious crime to remove anyone from them by force. But the temple asylums became limited in number because of abuse of privileges. In modern times this name has come to mean a home (or refuge) for the afflicted, more particularly the insane.

CICERO SMITH LUMBER COMPANY

DEAR CUSTOMERS:

I am not able to write you all a personal letter so I am taking this means to get my message to you. I have heard the remark that if I was able to build a building I didn't need your business. That is a mistake. I need it worse now than ever before, for I am paying for the building like I payed rent. So I want you to appreciate my trying to build up the town and community in which I live enough to stay with me. The money that has been spent in the building has gone to local men for work and to local firms for material. It wasn't much but it helped to get a little more money in circulation. My prices are the same now as they were 3 years ago, although everything else has advanced. In fact I have reduced my harness leather 10c per lb. Remember that you are my boss, if I don't do your work like you want it say so, I will do my best to please you. Thanking you again for your past patronage and will appreciate your future patronage, I remain

YOURS FOR SERVICE, V. B. WARD

When you are in need of these items come to Wards Shoe Service: Laces, Polish, Hose Protectors, Insoles, etc.; Half Soles, Heels, Tacks, Steel Plates, etc.; Snaps, Buckles, Rivits; Leather of most any kind; Wrist Bands, Leather Belts; Second Hand Shoes; and Edison light bulbs. I still handle saddles. Will trade for your old one. Bring it in. And keep this in mind: Buy good shoes and keep them repaired at WARD'S SHOE SERVICE, North of th First National Bank, Brownfield, Texas.

Our 23 Year Column

In our issue of Feb. 2, 1912, there was a report of the first fire in Brownfield. It was the residence of Mrs. J. H. Moore. The house was burned to the ground and very little furniture and belongings were saved. The petit jury list for the coming term of court included: J. W. Black, W. E. Cherry, J. V. Drinkard, C. T. Holt, W. G. Meyers, E. T. Powell, J. C. Williamson, J. N. Lewis, H. M. Bell, W. B. Carson, R. W. Glover, V. Hargett, M. K. Lindsey, N. N. Ross, A. J. Stricklin and J. V. Newsom. The feed mill, of which an account was given last week, had made its first run and everyone seemed pleased with its performance.

On the second page we find that H. T. Brooks had announced for County Treasurer. Ye Ed had been out to see the fine Rhode Island Red chickens raised by the Methodist minister, Rev. V. H. Trammell. On his return to the office, he stopped a

few minutes at Judge Neill's to see his new incubator, which the Judge had full of eggs.

Locals: The young folks had enjoyed a '42 party at the home of Mr and Mrs. J. C. Green the past Saturday night. Mrs. J. T. May had returned from Lubbock, where she had attended the bedside of her daughter, Mrs. W. W. Royalty. Ote Copeland was down from Meadow Tuesday. Judge Spencer was down looking after his property and other business. Margaret Bell had returned from a visit with her grandparents at Marshall. The Herald was blank on one page due to the fact that the wife of the editor, was on the sick list. She was the chief type setter. H. D. Leach was in and had subscribed for the Herald. J. C. Green had been grading the street in front of the M. V. Brownfield residence and the blacksmith shop.

Gomez Dots: Lots of sickness in town. Dr. Overton of Lubbock has passed through going west. Messrs Simon Holgate and Pruitt had gone

west the week before. It was rumored they had gone hunting.

W. A. Bell had been over to Tahoka. While there he was interviewed by the News man about the new road between Brownfield and that city. Mr. Bell stated when it was complete one could travel the distance in four hours! A light poll tax payment was reported. Was election year too. M. & M. Club had met with Mrs. J. L. Randal.

There was little of interest on the last page except that the editor was taking the Gomez postmaster to task for delaying the letter of the Harris correspondent two nights and one day, and that the work on the road between here and Tahoka was progressing nicely. All for this week

BANKING EVOLUTION

By R. S. HECHT President American Bankers Association

BANKING at one time was a private business, but more recently has developed into a profession—a semi-public profession. This change has not come suddenly but is the result of an evolutionary process. Banking has grown and changed with the growth and change of our country. The banker who has survived the trials and tribulations of the past few years has proven himself a man of courage and ability, and we may well expect him to meet the problems that lie before him with resolution and sound judgment. Changes of momentous importance have occurred in our economic structure and bankers have had a difficult road to travel. Some will argue that all of these changes were evolutionary and inevitable, while others look upon many of them as revolutionary and unnecessary. It is extremely difficult to trace with any degree of accuracy the real causes for many of our troubles and it is not always easy in judging these developments to distinguish properly between cause and effect.

Unfortunately it has become the fashion to blame on our banking system all the troubles which the depression has brought. As a consequence we hear much of needed reform of banking by law. No one will deny that certain defects have developed in our existing banking laws which need correction, and that certain abuses were committed which no one wishes to defend or have remain possible in the future. Never before were bankers more determined than they are today to bring about whatever changes in our banking system are called for by the public welfare.

The best results can and will be accomplished by normal processes and gradual adjustments of our present private banking structure—suitably supervised by proper authority—rather than by the passage of still more drastic laws, offering panaceas in the form of more government-owned or government-controlled financial organizations.

The Basis of Good Laws Lasting laws relating to any phase of human need are formed and modeled in the rough school of practical human experience and are usually the result of sound evolutionary processes rather than of sudden impulses to change fundamental principles.

If we analyze the new banking picture which has developed during the past eighteen months, we cannot help but arrive at the conclusion that evolutionary changes which have taken place in banking, and the economic life of the nation of which it is a part, have justified much of the banking legislation recently passed. As we look ahead and consider the new problems which are facing us we must inevitably come to the conclusion that some further changes in our banking laws will become necessary.

It is not enough that bankers merely acquiesce in banking imposed by law. Zeal for evolutionary banking reform must be more aggressive than that. Banking practice itself, without compulsion of law, can and should reflect the changes and lessons of the times and difficulties through which the nation has passed and, even to a greater extent than law, render banking more truly a good public servant by voluntary self-reform. In no small measure is this accomplished by the better training of the members of the banking fraternity and by instilling constantly higher ideals in those who are ultimately responsible for bank management.

As we march on into the world of tomorrow the banker has a greater opportunity for usefulness than ever before, and I hope that the service he will render to society will be so conscientious, so constructive and so satisfactory as to merit general approval and assure him his logical high place and leadership.

Aided West Point It was under the teachings of Col. Jared Mansfield (the surveyor of the town in Richland county, Ohio, that bears his name) that the famous military school at West Point got its start in the beginning years of the last century.

MANY BANKS LONG LIVED

In the United States— 168 Banks over 100 years old. 2,472 Banks over 50 years old. 10,391 Banks over 25 years old.

There are in the United States 168 banks that have been in continuous existence for more than one hundred years. There are 2,472 banks over fifty years old, while 64% of all the banks in this country, or 10,391, are twenty-five years old or older. In other words, practically two-thirds of the banks in this country have come through several successive periods of depression and panic, including 1907, 1914, 1920 and 1929-33.

The Oldest Bank The oldest bank in the country, which is in Boston, was chartered February 17, 1784.

In the 64% of banks that are twenty-five years old or older is lodged a major portion of the banking resources of the nation. In commenting recently upon the stability of a great majority of the banks in the United States, Dr. Harold Stouler, Educational Director of the American Bankers Association, said:

"The fact that we have so many banks that have been in existence a long period of years is an eloquent tribute to the genius of American managerial ability, for no other country has experienced such wild gambling eras and resultant periods of business stagnation as those through which our country has passed at frequent intervals during the past century."

NEW WEALTH FROM SOIL

New wealth which comes from the soil is of special interest to those to whom falls the responsibility of maintaining our credit structure.

Unless agriculture is successful farm borrowers cannot ultimately succeed, neither can the banks they serve. Foreclosure sales are not a sound basis for good farming or good banking. Bankers, therefore, are as much interested in the permanent success of the agricultural industry as are the farmers, whether the deposits come directly from farm patrons, or indirectly through the ordinary channels of business.—D. H. Otis, Director of Agriculture, American Bankers Association.

NATIONAL SAVINGS MARK INCREASES

NEW YORK.—The annual savings compilation of the American Bankers Association for the year ending June 30, 1934, shows that for the first time since 1930 total savings in all American banks recorded an annual increase.

A statement by W. Espey Abig, Deputy Manager of the association in charge of its Savings Division, in the organization's monthly magazine "Banking," says that savings deposited in banks as of June 30, 1934, gained 3.5 per cent as compared with a year earlier.

"The aggregate is an increase over last year of \$742,132,000, the first since the year which closed June 30, 1930," he says. "This is a notable achievement. For the decline since 1930 had been precipitate and all-embracing. In that year savings had reached the all-time high of \$28,478,631,000. A year ago the amount was \$21,125,534,000, a loss in three years of \$7,353,097,000. This year the figure stands at \$21,897,666,000."

"Depositors, too, have gained in number, going from 39,262,442 on June 30, 1933, to 39,562,174 on June 30 this year, a gain of 299,732. Four years ago there were 52,729,432 depositors, or one depositor for each 2.3 persons in the country. Now there is one account for each 2.2 persons."

WASHINGTON, D. C.—No form of investments except Government bonds suffered as little loss as deposits in closed banks during the years 1931-32-33, Jesse H. Jones, Chairman of the Reconstruction Finance Corporation, declared in a recent address.

"A point generally overlooked in connection with bank failures in this period, is that upon the whole, depositors in closed banks will get a somewhat larger percentage than has been true in bank failures over a period of say twenty-five years," Mr. Jones said. "Heretofore they have gotten about 58%, but in these wholesale bank closings, my estimate is that they will, upon the average, get about 65% of their deposits."

"Another point worthy of mention is that a depositor in a closed bank loses only a part of his deposit, while the bank stockholder loses all, plus a stock assessment.

"No form of investment, except Government bonds, has suffered as little loss as deposits in closed banks, and while I appreciate that there is little consolation in this fact, those who had their savings invested in stocks, bonds, mortgages, real estate, industrial investments, or in businesses of any kind, have had losses very much greater, and in a much larger percentage, than have depositors in closed banks.

"It is for these reasons, and others not necessary here to enumerate, that it is not possible to justify paying depositors in closed banks with the tax payers' money."

Rice an Aquatic Crop

Rice is normally an aquatic crop and flooding of the ground in which it is planted is a part of the cultural procedure in growing it. Likewise, it is a crop which has a definite indifference to alkaline soil conditions

Mr. and Mrs. Robert Decker and family had as their guests Sunday, Miss Lois Daugherty and Mrs. Decker and Odell Decker of Brownfield.

Miss Syble Thomason, of Forrester, was the week-end guest of Mr. and Mrs. Lee Fulton.

Don't forget preaching services at the Baptist church, Saturday evening Sunday morning and Sunday evening.

Mr. and Mrs. W. W. Waddell and family had as their guest Sunday, Mrs. Waddell's brother of Littlefield.

Miss Viola Brown spent the week-end visiting relatives in Brownfield.

Mr. and Mrs. C. J. McLeroy and family had as their guests Sunday Mr. and Mrs. W. E. McLeroy and family of Lubbock and Mr. and Mrs. K. Sears and boys.

Mr. and Mrs. J. E. Lee and daughter, Lillian visited in the T. S. Doss home Sunday.

Mrs. R. R. Robb and son, Weldon returned last week from Gainsville, where they attended the funeral of her mother.

Mr. Maxwell Bloodworth left Saturday for Lubbock where he is to enroll for a business course in Draughton's Business College.

Mr. and Mrs. H. D. Leach and children and Mr. and Mrs. W. W. Waddell and children visited in the A. P. Daugherty home Saturday evening.

Mr. and Mrs. H. H. Fore and sons were called to Oklahoma last Wednesday to attend the funeral of Mrs. Fore's father. They returned Friday evening.

Mr. and Mrs. Leo Travis and children visited in Littlefield and Sudan over the week-end.

Mr. and Mrs. J. M. Green and children had as their guests Sunday, Mr. and Mrs. O. D. Payton and boys, Mr. A. J. Loyd and Miss Maurine Lloyd.

Mr. A. W. Fore was surprised Sunday with a birthday dinner given in his honor at the home of his son, Mr. and Mrs. Herman Fore. Those who enjoyed the dinner and wished Mr. Fore many other such happy birthdays were: Mr. and Mrs. Bill Dorman and children, Mr. and Mrs. L. F. Locke and family, Mr. and Mrs. Aubrey Fore and little daughter, Mr. and Mrs. F. B. Condra jr. and little son, Mr. and Mrs. Garland Fore and little daughter, Mrs. A. W. Fore and Arline Fore.

Mr. and Mrs. Hayden Griffin and family of Brownfield were the guests of Mr. and Mrs. R. R. Robb and family Sunday.

Mr. and Mrs. W. B. Paschal and children visited relatives in the Forrester community Sunday.

Mr. and Mrs. T. G. Sexton and family visited in the C. Sears home Sunday afternoon.

Mr. and Mrs. W. J. Carter visited in the J. W. Ball home, Sunday.

drive down Sixth street every day and evening as though you were going to a fire.

"They don't bury 'em any more on Twenty-five hill, but you can order a nice resting place in the new cemetery. The grass is nice and green there and they furnish marble slabs on which the date of your birth and the day you committed suicide are engraved.

"Or you might prefer to have a hole dug for you in the Union cemetery, or up on the Kern river bluff. It would be well to arrange for this part of the program for you are sure going to pass on one of these days.

"Then, as regards a casket. Do you prefer a black walnut box, one made of hickory, or a plain metal container. They are lined in pretty shades of pink, blue, old rose, peacock blue and goplin grey. Go down to the funeral home some day and ask to be shown the latest in caskets so you will be laid away in the kind and color you like best. Possibly you would prefer one that's lined with asbestos.

"And be sure to have some life and accident insurance. Of course you won't be here to spend it, but there will be a big bill to pay for a coffin, hearse, grave, flowers, etc., and you should provide for this before you commit suicide by speeding your car and making a damn fool of yourself."—Clarendon News.

EXTRA—POPEYE THE SAILOR

SOCIETY

—CHURCH NEWS—

The church of Christ ladies studied the 13th chapter of Romans Monday afternoon when 13 members met at the church. Minister Fry led the lesson.

First Christian church ladies met at the home of Mrs. Holgate, then visited sick people.

Methodist Missionary ladies met Monday at one o'clock at Mrs. W. D. Linville's home in a covered dish luncheon. Mesdames Cleve Williams and J. T. Gainer were joint hostesses. After lunch Mrs. Linville led a devotional.

A short business meeting was also held and some plans were made for a district meeting to be with the local church Feb. 6. Contests were then enjoyed. There were 20 present.

Baptist ladies met in the three following circles: Young Matron's met with Mrs. C. F. Hamilton at 3 p. m. in an Industrial meeting and sewed for a member. Tea and cookies were served to 12 ladies. North Circle met with Mrs. W. H. Collins with 9 ladies present. A four year Bible Course was planned. A chicken salad course, cake and tea was served. South circle met with Mrs. J. H. McLeod. Six ladies worked on a quilt, also had a Royal service program. Cocoa and cookies were served. Next Monday North Circle will meet with Mrs. J. C. Green; South Circle with Mrs. Will Adams and Young Matrons with Mrs. E. C. Davis.

Monday North Circle will meet with Mrs. J. C. Green; South Circle with Mrs. Will Adams and Young Matrons with Mrs. E. C. Davis.

MRS. SHELTON ENTERTAINS

Mrs. J. E. Shelton entertained the Room Mothers and the Executive Committee of the P. T. A. with a tea Tuesday afternoon at her home at 3 o'clock. A study course for the year was planned. A salad course and tea was served to Mesdames Roy Wingerd, E. C. Davis, Lester Treadaway, E. B. Thomas, Paul Lawlis, Dick McDuffie Mon Telford, Homer Winston, Eckert, S. H. Holgate and Tom Cobb.

The P. T. A. Treasure Chest will be given away next Monday. If the name drawn is not present the box will be held for them and will be at the home of Mrs. S. H. Holgate.

Mrs. Mickey Ratliff is here visiting friends a few days. Mrs. Ratliff was the former Miss Bess Thompson.

TWO TABLE CLUB MEETS

Mrs. Jack Stricklin sr., was hostess to the Two Table Bridge Club Wednesday afternoon of last week at 3 o'clock. After the games a tuna fish salad course, individual cherry pies and coffee were served to Mesdames E. C. Davis, W. C. Smith sr., Arthur Sawyer, Cecil Smith, W. H. Collins, Jack Stricklin jr., John R. Turner and Kyle Graves. Table cuts were linen handkerchiefs and went to Mesdames Graves and Davis. Mrs. Turner scored high and received a linen guest towel. Mrs. Turner has been recently elected a member of this club.

ENTERTAIN NIGHT CLUB

Our Night Out Bridge Club enjoyed a dinner last Friday night when the club met with Mr. and Mrs. R. L. Bowers. Attending were Messrs. and Mesdames E. C. Davis, Paul Lawlis, Lee O. Allen, Clarence Hudgens, Leo Holmes Lester Treadaway, Roy Wingerd, Clyde Cave, Jim Miller, Dick McDuffie Mon Telford and H. A. Daniel. Mrs. Lawlis and Dr. Davis received prizes for high scores.

MR. G. W. HICKS BIRTHDAY HONOREE

Last Sunday Mr. G. W. Hicks was honored on his 76th birthday when Mrs. Hicks, assisted by his daughter's Mesdames L. R. Pounds and L. J. Dunn gave a three course birthday dinner at the country home of Mr. and Mrs. Hicks. The three tier birthday cake with the 76 candles made a beautiful center piece for the table. Each guest took a candle from the cake as a souvenir of the occasion.

The friends enjoying this occasion were Messrs. and Mesdames Frank Proctor, Leora and Carol Proctor, W. P. Elmore, Lee Almon and Daphene, J. Hayden Griffin, Marjeanne, Julia and Andy, John Corning, W. J. Murry, W. W. Price, E. L. Redford and Dixie Jean, K. W. Howell and Margaret, T. C. Hogue and Ruth, J. M. Hale and Bobbie, Mr. Padgett and Wilton Lambert. Out of town guests were Mr. and Mrs. Ira Cason and Billy Jean, Mr. and Mrs. J. E. Her-ring and Homer of Seagraves, Mr. and Mrs. S. H. Howell, Mr. Alvin Hicks and daughter's, Ina Bess and Nelda Jim of Tahoka, Mamie Lee O'Brian of Lamesa. The many useful gifts showed the love and esteem held for Mr. Hicks and his talk of thanks and appreciation shows that we never get too old to enjoy these birthday celebrations. This was also Mr. Frank Proctor's birthday.

Woman's philosophy: If the shoe fits, get the next smaller size.

The only real friend you can buy is a dog.

Keep your temper; nobody else wants it.

Moisture in Grass, Plants

The average small suburban lawn transpires from 10 to 15 gallons of water daily into the air. In this way it moistens the air and makes it more fit for human breathing. In that same connection, sunflower plants have been known to transpire a quart of water daily. Plants absorb water from the ground and then pass it on to the air through the process of transpiration after the individual requirements of the plants have been taken care of.

Largest Rock Gardens

Cornell university at Ithaca, N. Y., has what are perhaps the largest rock gardens in the world. Two gorges, the one of Cascadilla creek and the other of Fall creek, each more than a mile long and with banks sometimes rising 250 feet from the water's edge, constitute these gardens. They are the two gorges which bound the university campus.

Reveals Character of Birds

When placed before a mirror, birds and animals show up their characters interestingly, reacting with rage, jealousy, friendliness, or curiosity as their dispositions decree.

Long Range Forecasting

According to scientists the next few winters will be mild because of increasing sun spots. Very cold winters will be experienced about 1970 to 1980.

"HOW ABOUT YOUR COFFIN?"

Traffic surveys have shown that careless driving, which includes speed ing, causes most of the ever mounting traffic accidents. During the year just past traffic deaths in this country reached a new high. Because of this disgraceful fact the Pathfinder wishes to call the attention of every one of its readers who is an auto driver to the following editorial written by Harvey E. West-gate, a member of the editorial staff of the Oilfields Dispatch, at Taft, California.

"Where would you like to be buried or cremated, when that car you drive at 60 and 80 miles an hour turns over? Also what kind of coffin or urn would you prefer for all that soul of you after the pieces have been picked up and prepared for the last sad rites?

"Of course you are going to be killed. All careless drivers are killed sooner or later, and YOU may get it any day. We refer especially to you young fellows, and young ladies—some of you are high school and Junior College graduates—who

CORNER DRUG STORE

"CONFIDENCE BUILT IT"

YOU WILL BE . . . PLEASED

To know that we have combined our buying power with several hundred others in the purchase of Star Tires direct from the factory.

This Pooling of Purchases

—enables these Independent Merchants to take the entire Star factory output without the usual distributing, national advertising and sales expense. That is why the Hicks Associated Stores can give you by far the greatest Tire values.

Compare Quality

A deep, wide, non-skid tread; a heavier tire, a protected sidewall.

Compare Appearance

A gold stripe, attractive designed sidewall. A tire you will be proud to have on your car.

Compare Price

A price that enables us to say—"WE CANNOT BE UNDERSOLD BY ANY DEALER"

Compare Guarantees

A written guarantee that assures you:

(a) Eighteen months on six-ply tire against cuts, blow-out, rim cuts, misalignment of wheels, faulty brakes or any other road hazard.

(b) Lowest cost per month of operation.

(c) Replacement in every case with a new tire—not a vulcanized job.

(d) Replacements made instantly by any Star Dealer.

This combined Buying Arrangement Will Reduce Your Tire Expense

Is Why We Say

"You Will Be Pleased"
