## Herald Family Makes Trip to Howard Co.

Last Saturday morning, the Herald family, including the "old he" and wife and daughter, Sallie T.; also Jack Jr. and wife, Edith, left for a visit with the wife's kin folk at Coahoma, Howard county, and from here to Lamesa encountered some mighty rough roads. But we must say that our part of them discounts the Dawson county end about 50 per cent, thanks to the untiring efforts of Mr. L. L. Brock, retiring commissioner. Now, if our new man, Leslie Green, will just finish the grading (good and high) of just a few more miles, this road can be kept in fine shape almost the entire year, and we believe he will. In the meantime, if Lamesa don't see to their end of the road, Brownfield will encroach more and more into their trade territory.

Passing Lamesa, they have had sufficient rains to start planting. The grass is green and some feed and cotton peekin' above the ground. Looks mighty good. The only trouble of the entire trip was a puncture directly after we passed Ackerly. Big Spring, that hustling city in the big ditch, was passed at noon, and the several signs along "men at work" was a misnomer, as they were sitting in the shade of mesquite and cedars munching their lunch. Coahoma was reached some 20 minutes later, and we found all enjoying average health, plenty to eat and wear, and optimistic of the future.

They made a fairly good cotton crop around Coahoma last year, as well as enough feed to run them and some to sell. Most of the farmers received a fair sized cotton rental check, and some debts were paid that had run for years in many instances. Lots of fruit and vegetables were canned up last summer, and the people looked fat and sleek. Like Terry, many of the Howardites are going in for tractor farming. During a visit to the Roberts farm near Coahoma Sunday morning, they counted up some ten farms right near them that were using tractors.

Sunday morning, we also visited a place 2 miles east of Coahoma, where the remains of a mastodon was being excavated. Part of the huge monster, a lot larger than our elephant had been taken out. They were then getting down to the head, which seemed to have the back downward. One tusk, which was broken off near the head and removed, was almost a foot in diameter. It was stated that the Big Spring Chamber of Commerce was having it taken out, but it did not seem to us that much caution was being used to get the bones out as should be, and many were being shattered needlessly. The skeleton was found accidentally while digging a hole for a guywire for an oil well, but the well was a duster. It was said that if the skeleton was removed and found to be complete, it would be worth some \$30,000.

That section is still in the lively oil play. At this time, some very good producers are being found within some five miles of Coahoma, but mostly south and southeast. One of the refineries near Big Spring is in full operation, and we understand is now turning out a fine quality of gasoline and lubes. The fields seem to be extending in almost every direction.

## Electrocuted When A Live Wire Breaks

CROSBYTON, April 29.—While engaged in moving a house at Lorenzo, Texas, today Beuford Dowdy, 28, of this city was electrocuted. Dowdy went on top of a house to lift a wire in order that the house could pass under it. The wire broke, striking him in the face and on the arms, causing death. He is survived by his widow, father and mother.

## Terry Boy Gets First M. Ward Scholarship

CHICAGO, April 26.—To Luther Malcom, Brownfield, Texas goes the distinction of being the first person in that state to receive a cash scholarship award under the college scholarship plan recently inaugurated by Montgomery Ward, it was announced here today by company officials.

### FIRST TO WIN!

Luther Malcom of Brownfield, first person in Texas to win a college scholarship under the plan recently inaugurated by Montgomery Ward. Malcom attends Texas Technological College at Lubbock.

plan to earn a scholarship at Texas Technological College at Lubbock, the school he attends.

Under the provisions of the plan there are no limitations as to the age of the applicant and scholarships are awarded when sufficient credits have been earned by obtaining orders for Ward merchandise. Parents are enrolling infants and children of grade school age in order that funds will be available by the time they are ready to start to college.

The plan, according to company officials, makes colleges, university, or specialized educational training possible for many who might not otherwise be able to secure it. Wards adopted the plan only after it had been approved by a number of the nation's leading educators. Although the plan was announced only last August it has been enthusiastically received in all parts of the country, thousands already have enrolled.

## Government Report On Office Positions

The United States Department of Labor has just issued a comprehensive survey on employment in business offices—showing the range of salaries of 43,000 office workers, the kind of training required, methods of hiring help, and the like. This Survey shows the median salaries of Secretaries to be \$156.00 a month; of Stenographers, \$114.00; of Bookkeepers, \$111.00; and of Cashiers, \$123.00 in the cities surveyed, representing the different sections of the country.

This Survey further says that young, inexperienced workers are more in demand, it being considered more satisfactory to employ beginners and to advance them as vacancies occur, and that searching for the person who had just experience necessary was not deemed economical.

Young people who are interested in obtaining business positions are invited to investigate the training and placement facilities offered by Draughon's Business Colleges, through which many graduates are being put in touch with inspiring opportunities. Write for Bulletin No. A today. Address nearest Draughon's College, Dallas, Wichita Falls, Abilene, or Lubbock.

## Former Lubbock Bookkeepers Face Charges

LUBBOCK, April 26.—Charged in three counts of a federal indictment with making false entries in books of First National bank here about two years ago, Elbert L. Strickel and Arman W. Logan were arrested here yesterday by deputy United States marshals Arch Holmes and L. N. McKelvey. The men posted bail of \$1,000 each. Former bookkeepers at the bank, they were accused with making false entries ranging from \$228 to \$340.

Going to church may not be necessary but it at least puts a man in company that is better than the average.

## Tudor Sales Featuring Square Deal Used Cars

In cooperation with all Ford Dealers in the Dallas Branch territory, Tudor Sales Company, local Authorized Ford Dealer, has been busily engaged in improving facilities for completely reconditioning, advertising and selling used cars, which will be featured as a part of the "Square Deal" Used Car project of all Authorized Ford Dealers in this territory.

Behind the idea of the "Square Deal" slogan identifying Authorized Ford Dealers, used car activities is the many years of reputable dealing in both new and used cars. The motor and electrical system of every Square Deal Ford Used Car will be analyzed by the Ford Laboratory Test Set, the mechanical stethoscope which is positively uncanny in the elimination of guess work in mechanical diagnosis. Reconditioning will be done which is necessary to place the car in A-1 condition with regard to price asked and the future unused mileage of the car in terms of transportation value.

Extensive advertising in newspaper and other mediums will be used to familiarize the general public with the fact that the Authorized Ford Dealer is the first place to look when seeking a used car, inasmuch as improvements in riding qualities, such as the new spring suspension of the new Ford V-8 cars for 1935, have provided low-priced cars with riding ease that is comparable with that formerly available only in large and expensive automobiles. This fact, coupled with the necessity for the average motorist of today to keep closer watch on motoring cost than formerly, has resulted in the trading-in of many cars of all makes and sizes that are still in good condition.

Tudor Sales Company invites everyone to inspect the values offered in unusual used cars and gives assurance of a Square Deal in price, condition, and terms.

## ACC Choral Club Will Be Here Sunday

There is a special treat for music lovers in store for Brownfield and surrounding communities Sunday night, when the Abilene Christian College Choral Club comes to Brownfield. The first performance will be heard at the church of Christ Sunday night in sacred music, directed by Prof. Leonard Buford, who is totally blind, head of the voice department of the college. He is said to possess an especially keen appreciation of music, and has a wonderful musical education.

There will be no collections of any kind, as the local church will meet all the expense of their coming, and the public in general is cordially invited to hear them. Miss Kathleen Hardin of this city, is a member of the chorus. The entire aggregation of some 19 young men and women will spend the night in Brownfield.

It is understood that Monday morning, they will give a program of classical and other music at Chapel services at the high school auditorium, which will also be free to all. Following they will leave for Post, where a similar program will be rendered at their school building in the afternoon.

## ALLOTMENT SOUGHT FOR FEDERAL JAILS

WASHINGTON, April 26.—Attorney General Cummings today said the justice department had asked nearly \$4,000,000 of public works funds for erection of six new federal jails.

These are planned in Kentucky, Minnesota, Arkansas, Montana, Texas and California. The cost is estimated at from \$100,000 to \$425,000 each.

## Last Minute Briefs Around This Burg

Contract to finish Highway 51 from here to the Hockley county line between Meadow and Ropes, was let Tuesday by the Highway Commission at Austin. Haden & Austin of Houston, received the contract to double asphalt the 15.2 miles for \$76,531.59. We understand that work can begin right away, as all the caliche bases are done.

Percy Ralls, of Ralls, president of the South Plains Good Roads Association, has notified the Herald that the annual meeting will be held at the Hilton hotel at Lubbock, May 10, beginning at 2 o'clock P. M. A good delegation from Brownfield and Terry county is urged.

Lee Thompson informed us Wed. that all the Hog-Corn contracts were now in the hands of a posting and auditing committee, and it will be finished full two months ahead of last year. All counties with less than 200 contracts are worked up by the A. & M. college, those over by the committee of that county. Terry had about 850 contracts.

County Agent McClain says that it is urgent that every state in the Union have a good delegation at Washington on May 14th and 15th, as special interests are trying to kill the processing tax, a tax placed on farm products in order to try to put farming interests on an equality with manufactured goods, which have been protected by the government for 50 years. The total traveling expenses including Pullman berths will be between \$75 and \$100 from the most distant points of Texas. In the past two years the government has paid Texas farmers some 88 million dollars in rental benefits.

## Dust Masks to Be Distributed in Kan.

LIBERAL, Kans., April 27.—The American Red Cross took steps today to protect the health of residents in the Southwest dust "bowls" by ordering the distribution of surgical masks.

Albert Evans, national disaster relief director in charge of Red Cross operations, placed an order for 10,000 of the masks to be distributed in the area, which includes portions of Colorado, Kansas, Oklahoma, New Mexico and Texas.

Dr. William Dekeleine, medical director of the Red Cross, said dust storms were causing much illness and "unless the people do something to protect themselves against it the situation may become even more critical."

He said the death rate from pneumonia and other respiratory diseases have increased tremendously in the last few weeks.

"I am convinced that dust is the primary cause," he asserted.

## Chevrolet Announces New Zone Manager

W. E. Holler, vice president and general sales manager of the Chevrolet Motor Company, Detroit, has notified Ralph Carter, local dealer, of the appointment of a new manager for the Oklahoma City zone.

Effective immediately, the Oklahoma City zone, which serves Chevrolet dealers and owners in this city and its vicinity, is under the management of R. C. Pittman, who comes to this city from Denver, where he was zone manager. Mr. Pittman succeeds W. C. Jones, who has been transferred to Los Angeles as city sales manager.

## NEXT MONDAY IS TRADES DAY

## Deflects Heat of Tropical Sun

Stanley L. Reed, technical representative of the American Automobile Association contest board, takes a reading from the thermometer suspended inside after lengthy exposure of this General Motors car to the tropical Key West sun. He is being assisted by Kaye Don, noted British sportsman, who is recording the findings. Ability of the seamless steel roof of the Fisher "turret top" body to deflect the sun's rays accounts in part for the fact that the interior temperature of cars equipped with it are less affected by atmospheric conditions than others, the tests show.

## Long Trucks Banned From Main Street

There is a city ordinance now running in the Herald forbidding vehicles more than 20 feet long from parking on Main street. Our understanding is that this law is in force from the time the first publication is made. However, the law requires that it be published twice.

This law was not invoked because the mayor or city council has it in for trucks, but strictly from a safety reason. For instance, the writer has often seen two long, six and eight wheelers parked opposite each other on Main street of real busy days, leaving a narrow lane of some ten feet for cars to pass. As a consequence, traffic is slowed or jammed at this point, and makes traffic dangerous.

The Herald believes that most of our truck men are reasonable people. They don't want to be the means of injuring any of their fellow citizens. But, there is a limit to all things, and we must always consider the convenience to the majority. We would not allow the Santa Fe to run a freight car down on our streets to block traffic, yet the Santa Fe is a common carrier the same as trucks and are catering to the trade of the public.

As stated above, we believe the vast majority of our truckmen, who are good sports, will see the point, and do their parking on side streets. Main street is a highway as well as a street. In fact, it is Highway No. 84, and a loop of highway 51.

## Forecasts Sharpest Business Upturn

WASHINGTON.—The sharpest business rise in 25 years was forecast for the immediate future in the weekly business review by Dun & Bradstreet.

"More convincing proof has come forward that the passing of March left behind the lows for the year", the review stated.

"During the week there was a complete transformation of sentiment, as the hopes for a rather far removed improvement were replaced by a realization that the immediate future is to bring the sharpest rise that has been witnessed in business in the past quarter of a century."

The review added that the rise "will be fortified adequately to prevent the interrupting recessions which followed the spurts of the last 2 years."

It continued "Potential benefits of the \$5,000,000,000 appropriated by the Government have provided stimulus needed to dispel the impatience because of the let-down in business toward the close of the first quarter."

"All of the reports received were more decisive than at any time this year in the confident attitude taken regarding a more even tempo of progress from now on."

"Encouragement also was provided by the fact that, in spite of rain, cold, snowfall, and recurrent dust storms, consumer demand was sufficiently strong to carry retail distribution to a larger total than for the week preceding."

## Former Levelland School Principal Billed

J. F. Brown, former principal of Levelland Junior High School, and a son-in-law, Carroll E. Cannon, have been indicted by a federal grand jury for theft of 15 drouth cattle from the government last October, the Associated Press at Fort Worth announced.

Charges against the pair were filed with Victor H. Lindsey, then United States commissioner here, October 16. Brown resigned as Junior High school principal at Levelland soon afterward.

The indictment alleged that the men substituted "scrubs" for better grade animals purchased by the government under its drouth relief program last year.

Cannon, a son of the Hockley county relief administrator, was employed at the Snyder cattle pens at Levelland at the time of the alleged offense.—Lubbock Avalanche.

## CATTLE PRICE AT HIGHEST SINCE '30

CHICAGO, April 24.—A new high price for cattle since February 1930 was paid today at the Chicago stock yards. The five year top of \$15.85 per hundred pounds was paid to Fred Atterbury of Mitchell, Neb., for a load of prime steers.

## Famous Novel Screened With Full Power

"David Copperfield," the sensational hit picture which comes to the Rialto Theatre starting Sunday promises to be unusual in many respects.

Advance information from Hollywood lists these facts: It is the picture which introduces to the screen little Freddie Bartholomew, the ten-year-old boy who is hailed as the greatest screen "find" since Jackie Coogan rocketed to fame with Charlie Chaplin in "The Kid." Freddie plays the juvenile "David."

### Millions Have Read It

It is an adaptation of a novel which has entertained millions, and was called by its author, Charles Dickens, "my favorite child."

Sixty-five stars and featured players are in the unprecedented cast. Among the stars are W. C. Fields, Lionel Barrymore, Madge Evans, Maureen O'Sullivan, Edna May Oliver, Lewis Stone, Frank Lawton, Freddie Bartholomew, Elizabeth Allan, Roland Young, Basil Rathbone, Hugh Williams, Herbert Mundin—mention only a few.

The picture has been well more than a year in preparation and production, setting a new record for lavishness.

## Great First Monday Crowd Expected Here

If the weather is ideal Monday, one of the biggest Tradesday crowds in the history of the city is expected to come here that day to meet other people of similar likes and dislikes; to trade, swap, buy and sell. After all, that is what has made the "Yankee Nation" the greatest in the world. They are natural born traders. They are buyers and they are sellers. That fact has made us a great commercial, as well as an agricultural and manufacturing nation.

A great portion of the merchants will have bargains galore for you Saturday and Monday. In fact there will be two and in some cases three big days of bargains, and everyone—not just the ladies—are bargain hunters these days. Deny it if you can? When merchandise is advertised in the Herald you note the fact. Don't you? And when you get to town, you know just about where and how you are going to spend that coin of yours, and how far it will go.

And you farmers will find it not a bit too late to do your last minute "hoss swapping." Maybe you are a seller or a buyer. Well, the whole business will be here that day. So just park your jitney along the curb and spend the day. Have a good time. Meet your friends, and discuss the sandstorms, the prospects of rain, and the general outlook, as Pappy John Powell says.

The old latch string will be in easy reach. In fact, if there is not a dust storm, the old front door will be open. The keys have been thrown away. Get the wife and kids in the car or wagon, or the carryall, call the dogs and come on. The City Marshall will take care of your dogs. But come. We'll be waiting on the corner.

## Centennial Bill Goes To Governor Allred

AUSTIN, Tex., April 26.—Governor James V. Allred wanted to know today where the \$3,000,000 for a Texas Centennial appropriation is coming from before he signs the bill.

"I will want to give the bill careful consideration," he said, although he has asked such legislation in a message to the house and senate. "It has been the subject of much controversy and has gone to two conference committees. I am not sure just what is in it as finally passed."

The bill takes the money from the State general revenue fund. A lien is given on 75 per cent of net receipts of the Centennial exposition for repayment but legislators admitted prospects of net receipts sufficient for the purpose are small. No special tax or revenue other than this is specified.

Later: It now appears doubtful that Gov. Allred will sign the bill as the legislature made no provision for repaying the three million dollars.

## Mrs. C. Brown Gets 2 Year Pen Term

DICKENS, April 24.—Convicted of furnishing a weapon to a person charged with a felony, Mrs. Clarence Brown was sentenced to serve 2 years in the state penitentiary by a 110th district court jury here at 5 o'clock this afternoon.

The charge grew out of the Dickens county jail escape of her husband and Virgil Stalcup after Sheriff W. B. Arthur was shot to death Oct. 27. Brown pleaded guilty of murder at Lubbock Monday and accepted life sentence.

Mrs. Brown wept when the verdict was read. She had pleaded guilty and asked a suspended sentence. The term was the minimum.

## Diphtheria Serum Here

Beginning on child health day, which is May 1st, the doctors of the town will begin the administration of the diphtheria toxoid which was purchased by the Terry County Council of Parents and Teachers.

If you have given your name as one of the patrons who wishes this serum, take your child to your family physician during the next two weeks, and receive the injections. The price of the doctors for this work is fifty cents. The serum has been furnished by the Terry County Council.

### Help Save A Life

To avoid accidents and to render more efficient service, we are asking that all cars drive to the curb when the fire alarm is sounded, and that you refrain from speeding to fires. We do not object having people come to the fires provided they will remain at the curb and not get in the way of the firemen. We are only a group of men who are volunteering our services in helping prevent fires and damages in order to keep the fire rate down, and we ask your cooperation. We shall deem it necessary to take numbers of all cars not complying in the future and a fine will be imposed.

Woodrow Wilson, says the Texas Weekly, reminded us while he lived that a creditor nation must not build a prohibitive tariff. The south is reminded of this day by day, but what can we do about it? The U. S. A. is a big producer nation, and it must have markets for its surplus. Congress seems to be a poor student, however.

If you happen to want our opinion of the matter, the U. S. A. could balance its budget too, if the Europeans would pay us. Some of our special writers have handed out a lot of dope lately, but not a one that we noticed, suggested that Europe had repudiated their debts to us. Personally, the Herald wouldn't loan no nation in Europe, save Denmark, the price of a cup of coffee.

We note that the brain trusters have put the south Plains in the "quiet zone." Maybe so, but business of all kinds is better than a year ago, when they had us in a "white spot." But, probably some of the other sections have finally come out from under the blanket, and are poking their noses two lengths ahead of us. If we can get a rain in the next ten days, our spot will be as white as the robes of the redeemed.

It's not often, seemingly, that Brownfield is handed a bunch of roses by the Avalanche-Journal, but last week our "slender" friend J. Sam Lewis paid the little lads and lassies of Brownfield a glowing tribute for their entertainment of the South Plains bankers. Good, J. Sam, and you have an open invitation any time you are in Brownfield to stick your tooties under our table and take what is set before you without murmuring.

Brownfield must have set a precedent in entertaining the banker fraternity of the South Plains. A little bird whispered to the Herald, and we have had enough letters from bankers who were here the 22nd to let us know that bunch of "forgotten men" appreciated the entertainment accorded them on that date. Some have said that some towns appeared to assume the attitude that they didn't give a tinker's dam whether they were in town or not. In fact, it outwardly appeared that the citizenship didn't care, and just as leave they weren't in town. Not so with Brownfield. To express it in the terms of one of our bankers, "we could not have made any impression ourselves—South Plains bankers would have thought we were just putting on a front. But when all the merchants and citizens of the town met them with an open palm, and bid them welcome, and told them to help themselves, it was then that Brownfield set a precedent other towns must follow." And right here we'll bet a gill of buttermilk to a doughnut that it will not be hard to get the bankers to meet in Brownfield from this on.

Gosh! or is it spelled Josh! did you see how Col. J. W. Smith of the Lamesa Reporter got all over Sharley Guy of the Hubcock Havalanche-Shurnal last week. Boy, he took all the starch out of Sharley's shirt, and

left him hanging high and dry on a hickory limb with the admonition not to go near the water. It all came about because poor Sharley wanted Ely instead of—what was that fellow's name at Lamesa who wanted to be the Hy Com.? Anyway, they (Allred) slipped in a dark pony on us and he won the race. And now Sharley and the Herald want to know "who-in-hell-is-Hines." But Sharley and Shack are going to be for Hines from apple to appetite as long as he surfaces roads in this section. This is the first time we ever agreed on anything, but we are together on this, and we don't give a ding if W. J. has to pull sand in low for the next 20 years—we are for Bro. Hines, ain't we Sharley? And say, Bro. Smith, while a lot of Brownfield sports—like Lamesa sports—slip off to Lubbock to buy their step-ins and their two-piece affairs, you can always detect a bunch of those Hubcock lads here Sunday afternoon—not for a coke—but suds. Vote in the suds Bro. Smith and get even with Hubcock—dad burn their skins. Get their money while the gittin's good.

**A PALM FOR BROWNFIELD**

Brownfield may be known over the state as the place where more "bull" is being fed out than in any other town in the Southwest, but the bankers of the South Plains know it for something else. And this is no "bull". When it comes to staging a home talent entertainment for visitors, Brownfield does not hold second rank to any town in West Texas. There are more juvenile entertainers there than in any other town of its size, or even larger, in the area. They are good entertainers, too; one enjoys the child-like voices, so wholesome and pleasant.

Over in the Wines Hotel, the bankers, in convention there Monday, heard two groups, girls of pre-school age and girls of the junior high school age. Both groups held their audience spellbound and were recalled for more.

This is not the first time that high class entertainment has been given to out-of-town delegations. At the annual chamber of commerce banquet in the winter a similar program was given.

Good work, Brownfield, for fostering fine home talent and for good entertainment of guests.—Lubbock Journal.

According to some church members, none but members of that church should enter its portals to worship—sinners not wanted. Truly, the lowly Nazarene, if the Bible be true, doing his short stay here mingled much in company of sinners. It's funny, isn't it? A supposed Christian whose mind is so polluted with the slime of self, so little and so ignorant, that

she or he has so far, in this late day failed to absorb any of the Master's teachings. If heaven is to be peopled with this sort of bipeds, then we'll take the road down. That is one thing the matter with some of the churches of today and the resulting falling away, is not the Christian members of the church—but the MEMBERS who call themselves Christians.—Tatum (N. M.) Courier.

And what must the small Newspapers of the country expect next? Some months back this editor received a CODE BOOK saying we must charge \$4.75 for 500 20-pound bond letter heads, printed. Only last week this editor was offered the job of printing 500, 20-pound, bond letter heads, 8 1/2 x 11 inches, the same kind of a job which the CODE SAYS MUST BE charged for at the rate of \$4.75 for 500. The Relief Agency of Armstrong County, who ordered this job had quotations from State Headquarters saying the 500, 20-pound bond letter heads must be printed by the local printer at ONLY ONE DOLLAR AND SIXTY-ONE cents, a few cents more than the ACTUAL COST of the blank paper. The local appointees of Armstrong County Relief are in NO WISE responsible for this dirty double crossing deal handed out to the smaller papers throughout the state. Newspapers throughout Texas have given unstinted, and without any charge whatever, thousands of dollars worth of advertising to relief work and toward the dole system and for pay for this FREE advertising they are ask to print up 500, 20-pound bond letter heads, 8 1/2 x 11 inches for ONLY \$1.61. In all fairness, the local printer should have ALL THE PRINTING, that is put out by the County Relief Agency, at a live and let live price. If not, why not.—Claude News.

**EIGHTEEN YEARS AGO**

Eighteen years ago the United States went to war with Germany and her allies. The people of this country were lured by the hope that it would be a "war to end wars."

There is no use to discuss the surge of nationalism that has engulfed the world since that struggle ended, or to speculate upon what might have been. Suffice it is to say that the year 1935 finds the world bristling with armaments, the nations suspicious and the reign of peace apparently threatened on many fronts.

Democracy itself is somewhat submerged at this writing, with dictators in power in many states and new orders being established in others. Fundamentally, however, the rule of the people represents the hope of the world and we look forward confidently to the rebirth of a democracy that will be more substantial than ever when judged by its fruits in the lives of average men and women.—Leveland Herald.

A new note was sounded in the press last week, so new that none of us young guys ever heard it before—Secession. Perhaps our older cities remember when the word Secession was headlined across the front pages of the few dailies that were then being published. The news came from Louisiana, the domain of the King Fish. The Louisiana Legislature passed an act to the effect that all public works must be supervised by the State. The Federal authorities promptly ordered all relief for Louisianans stopped. The Louisianans promptly ordered all relief funds seized. One legislator said when Louisiana seceded before, she only had such men as Robt. E. Lee, but now she had a real fighter, referring to Huey.—Anton News.

Billie Clinton, five-year-old son of Mr. and Mrs. P. C. (Bill) Blankenship, was operated on for appendicitis last Saturday night at the Treadaway-Daniell Hospital in Brownfield. He was resting nicely on last report.—Plains Review.

**7500 Get Emergency Education in Texas**

AUSTIN.—Emergency education in Texas brought educational benefits to 75,492 persons during the month of March, it was revealed in statistics compiled by Texas Relief Commission officials in charge of the program.

The program was divided into seven classifications as follows:  
Literacy classes, 11,337 persons; vocational education, 15,956; vocational rehabilitation, 180; nursery classes, 2,168; workers education, 1,222; general education, 44,524; parents education, 103.

Money spent on the program brought benefits to 8,278 families, 402 single cases. Classes were conducted by 2,618 teachers, who were paid salaries totaling \$125,613.49.

The student aid program, conducted for college students who otherwise would not be able to attend school, benefited 4,595 students in 81 Texas colleges, at a total cost of \$64,184.85 for March. Of these students, 2,042 were in school last year, and 2,553 were new students. Checks totaling approximately \$63,300 were mailed to colleges last week to cover April student aid costs.

Mr. and Mrs. S. H. Dougherty were called by wire to Gatesville, to see his mother, who had a stroke of paralysis Monday. She is 87 years old.

**URGES SEAL SALES**

Charles F. Ashcroft

"At Eastertide every person should buy some Crippled Children Seals and help bring health and happiness to some unfortunate Texas crippled child," pleads Charles F. Ashcroft, Sulphur Springs, president of the Texas Society for Crippled Children. Hundreds of little boys and girls can be saved from life long and hopeless deformity if operated on in time. We are selling these Easter Seals in order to raise money to cure them. They are on sale at our offices 304 Walton Building, Austin, and at many local headquarters. Seals cost a penny each. **ORDER OF SALE**

In the United States District Court for the Western District of Texas, Waco Division. No. 236 in Equity. J. M. HUBBERT VS.

**TEMPLE TRUST COMPANY**  
Notice is hereby given that the undersigned, as Receiver for Temple Trust Company, has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to the Board of Pensions of The Presbyterian Church in the U. S. A. the following described land and premises, to-wit:  
320 acres of land out of the South part of Section 162, Block T, issued to D. & W. Ry. Company, original grantee, Certificate No. 90, Terry County, Texas, and being more particularly described by metes and bounds as follows:

**BEGINNING** at a point in the E B line of said Section 162, Block "T" 2940 feet South of the N. E. Corner of this tract;  
**THENCE** West, parallel with the North and South boundary lines of said Section a distance of 2640 feet;  
**THENCE** North parallel with the East and West boundary lines of Section No. 162, 600 feet;  
**THENCE** West parallel with the North and South boundary lines of Section 162; 2640 feet to a point in the West boundary line thereof, for the N. W. Corner of this tract;  
**THENCE** South along the Western boundary line of said Section 2940 feet to the S. W. Corner of this tract; and said point being the S. W. Corner of said Section 162, Block "T";

### INDIAN BURYING GROUND FOUND NEAR ANTON

W. H. Pendergrass thinks he has discovered an old Indian burying ground on his farm 4 miles northeast of town.

According to Mr. Pendergrass the recent sandstorms have blown the soil away until the outline of the old cemetery is clearly revealed.

Many old pieces of bone, Indian pottery, arrow heads and other old relics are scattered about.—Anton News.

### EDITOR OF O'DONNELL INDEX UNDERGOES OPERATION

Mrs Ferrell Farington, editor of the O'Donnell Index, announced last week that she would undergo a surgical operation on Friday and would not be able to look after her editorial duties this week. She assured the readers of the paper, however, that the operation would not be serious and that she would be back on the job soon. In the meantime Miss Jim Ellen Wells, well known in Tahoka, will act as substitute editor.—Tahoka News.

Judge Richard Critz, of Taylor, Texas, was appointed Supreme Court Judge this week in place of Judge William Pierson, who with his wife, was murdered last week by their 20 year old son. The appointment was made by Gov. Allred Monday and immediately confirmed by the Senate.

### RED GOOSE—THE OJIBWA INDIAN BOY

An Indian Story for Boys and Girls by CARLYLE EMERY

Red Eagle, Little Beaver, and Red Goose are following the direction of the medicine arrow in search of game for food. Red Eagle becomes discouraged, but is interrupted in his conversation by a large white rabbit that runs directly across his path.

Now go on with the story. When the rabbit disappeared in the brush, Red Goose was disappointed because he had hoped to kill it, but Red Eagle said:

"White rabbit is our friend. He is not running away from us but from something else. Wait!"

At the same moment, Little Beaver screamed: "Bear! tall, black bear coming this way."

A sudden roaring growl announced the approach of the bear and as his huge form appeared crashing through the forest, Red Goose raised his rifle and pulled the trigger. But no shot was heard.

"What shall we do, father?" asked the disappointed boy. "Podwer in my gun is wet from crossing river."

Before Red Eagle could answer, the black bear saw the Indians and, turning quickly plunged back into the forest.

"He is gone," said the Ojibwa Chief sadly. "The great bear has gone back into the forest. He, too, is hungry. He hunts little rabbits."

"Never have I seen such a big bear!" said Red Goose. "He would feed all our people."

"Come! We will follow him," suggested Red Eagle. "Maybe good medicine will find way to kill him."

"He is too big," whispered Little Beaver. "We can never catch him."

"Shhhhh—" interrupted Red Goose maternally. "Good Medicine gives me idea. Come! We follow. Red Eagle my father, will show way."

Captiously they followed the tracks of the huge bear, keeping far enough behind him to prevent the animal from knowing he was being pursued.

A strong wind was blowing in the opposite direction, so that their scent was carried behind rather than in front of them.

Suddenly Red Goose stopped abruptly and held his finger to his lips to command silence. Not a hundred feet ahead in front of them was the bear, licking his chops. He had caught the rabbit and now, after finishing his meal, he was about to hunt for berries.

"Oooohh—" cried Little Beaver, stifling a scream. "He is coming this way!"

Among the renewals since last week are, W. C. Hamilton, John Jenkins, E. D. Jones, A. A. Sawyer, E. C. Cleveland, W. H. Harris, E. N. Eicke, city and routes; W. A. Farris, Tokio; Aubrey Castleberry, Meadow; and Jim Webb, Lahey.

### West Texas Largest Tooth Stain Area

AHARILLO, April 22.—The origin of mottled enamel, which mars the appearance of the teeth of hundreds of children in parts of Texas and other states, remains unsolved.

Extended research has failed to develop means to eradicate the brown stain, which generally is attributed to fluorine in drinking water. Treatment of water supplies has been advocated as one of the most likely solutions.

Based on a survey in West Texas last fall by Dr. H. T. Dean of Washington, dental surgeon of the U. S. public health service from 35 to 40 counties are classed as the brown stain area.

In Dr. Dean's survey 3,722 school children in the fourth, fifth and sixth grades were examined in 56 cities, towns and rural communities in 44 West Texas counties.

The proposed state appropriation would be matched by federal funds but the U. S. P. H. S. work will be discontinued in July unless the state cooperates, Dr. Brown said.

Dr. Dean's report pictured Post as the area most severely affected. The stain was reported marked at Silverton, Tulla, Slaton, Spur, Lubbock, O'Donnell, Lamesa and Crosbyton, and rather marked at Littlefield, Amarillo and Brownfield.

Muleshoe, Hereford, Midland, Levelland, Farwell, Lockney, Stanton and Perryton were placed in the medium class and the stain was held slight at Tahoka, Odessa, Spearman, Pecos, Canyon, Dimmit, Dalhart, Wink, Stamford, Fort Stockton, Dumas and Panhandle.

### BALANCING THE BUDGET

The fact that the British government has ended its second year with a budget surplus will undoubtedly move many newspaper editors to remark upon the excellence of imitating its program.

It can be done. All that is necessary, in all probability, is for the Congress of the United States to put into effect in this country the same income and inheritance taxes that exist in Great Britain.

In 1932 Great Britain collected a little more than fifteen per cent of the net income reported while this country collected only slightly more than six per cent. The British percentage, applied to our own net income of our government by more than two and a half billion dollars.

Considering that our deficit for the present fiscal year, according to the present outlook, will be around three billion dollars, and that our national income has increased since the year 1932, the balanced budget will be easily attained by adopting the British income tax rates.—Levelland Herald.

### POSTOFFICE NOW LOCATED AT PETTIT

Hockley county now has a new post-office, which was established at the enterprising village of Pettit recently with Truett Maldin installed as Postmaster.

Pettit has three stores, a garage, a cotton gin, cafe and other businesses. It has churches and every thing that goes into the composition of a modern community. Its pride is perhaps its schools, which is one of the largest and best in the county.

The new office will be served by Route 2 from Levelland.

Roy Herod visited his parents at Abilene from Saturday to Monday.

### YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND

#### Playground Accidents

To be content with the old saying "accidents will happen" is to be old fashioned.

We have suffered and lost too long under that indifferent attitude. The modern idea is to do something about it. Not just talking to children, for that is out, along with scolding, preaching, and threatening.

We have a guardianship to serve, and an important responsibility falling to school officials is to recognize every possible accident situation and to erect every safeguard available.

By no means does this mean curtailing the normal activities of children. Such action would be little short of criminal. It means, rather, that the facilities we provide for children's activities shall be as free of hazards as we can make them. Are there hazards at your school? That significant question introduces a new line of thought into this series. It is an inexhaustible subject, so more later.

How can children's spring play be made safe? Dr. Ireland will discuss this problem next week.

### Snake Bite Warning By State Officer

AUSTIN, Texas, April 25.—A warning about the dangers of a snake bite has just been issued by Dr. John W. Brown, State Health Officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; few of these result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting snake bite. The pain following the injection of the poison is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse, and vomiting.

If one is unfortunate enough to be bitten by a poisonous snake, such as the rattlesnake, the following first aid measures should be carried out:

After making proper incisions at the site of the wound, apply suction and continue for at least half an hour.

Apply a tourniquet above the site of the wound, releasing same every ten or fifteen minutes for about a minute at a time.

If the proper antivenom serum is available, apply it according to directions, but most important a fall is to remove so much of the poison as is possible so as to prevent its absorption.

Secure the services of a physician at the earliest possible moment.

If one is bitten by a poisonous snake DO NOT run or get overheated or DO NOT take any alcoholic stimulants because circulation increased by alcohol or exercise serves to distribute the poison much more rapidly through the body.

Don't depend upon home remedies such as permanganate of potash, which is known to be of no value as an antidote.

### STAMP OUT DIPHTERIA

The May Day slogan "Immunize Now—Stamp out Diphtheria" is designed to intensify the attack upon one of the most deadly foes of children, according to Dr. H. N. Barnett, Director of the Bureau of Child Hygiene. In the early days of our country's history an epidemic of diphtheria in a town not infrequently resulted in one or more deaths among the children of almost every family in town. These devastating outbreaks continued to appear in our various cities and towns until the latter part of the last century.

The campaign carried on in connection with the celebration of May Day as Child Health Day, should give added interest to continuing diphtheria immunization work and extending its scope to include as many children as possible. The best time to immunize a child against diphtheria is during infancy. The procedure can be carried out any time after six months of age—the sooner the better. By carrying out a State-wide May Day program for this year with the slogan "Immunize Now—Stamp out Diphtheria," it is hoped that the death rate from diphtheria may be reduced in Texas.

The place to have the baby immunized is in the family physician's office. The method of immunization is by the use of diphtheria toxoid. Every mother of a child who has not been immunized against diphtheria is urged to consult her family physician and have the child protected against this deadly disease.

There was an old negro from the country who came to town once a week to purchase a supply of coffee and tobacco. One day the store-keeper said to him, "Uncle Joe, what do you think about the depression?"

The old negro looked up whimsically and said, "De 'pression ain't nothin but a golf game. All dat it takes to oah-come the 'pression am three putts. Putt yer faith in Gawd, putt yer Foahd in de shed, and putt yer folks in de field."—Exchange.

M. B. Childress and the children left Wed. noon for DeLeon, Texas where the mother of Mrs. Childress is reported at the point of death. Mrs. Childress and her brother, John Black left several days ago to attend their mother's bedside.

### Rural Rehabilitation Clients Meet Payment

AUSTIN, April 30.—Rural rehabilitation clients, given a chance to support themselves on leased sustenance plots, are paying back their debts to their government.

Although the rural rehabilitation plan made it possible for many of them to repay advances in work, these clients have paid in cash more than \$2,000 into the treasury of Texas Rural Communities, Inc., holding corporation of the rural department of the Texas Relief Commission.

"Remarkable thing about these cash payments," said V. R. Smitham, head of the rural department, "is that they have been made before the crop season. Apparently, these payments have been made from cash received

from the sale of garden produce, dairy and poultry products, and from day labor. We feel that our clients will make a fine showing after this year's crops have been harvested."

Another indication of determination to "pay back" is the fact that some 50 farmers to whom loans were extended for feed and seed, have already paid their notes, although they are not due until September.

"This liquidation of their obligations on the part of these rehabilitation clients is most gratifying to me," said Adam E. Johnson, director of the Texas Relief Commission. "It shows that these loans, made with the belief that they could be repaid, were accepted by people conscious of a moral obligation to repay. The fact that they are doing it shows that these loans were NOT just another form of relief. We believe these people have accepted this responsibility and intend to meet it."

Before the court Lubbock scouts and leaders, and committeemen of the Brownfield troop had dinner together. Troop 4 scouts demonstrated fire building and troop 4 signaling and also gave a flag ceremony.

County Judge R. A. Simms gave the invocation. Tenderfoot awards were made by Orian Dennis, scout master of troop 45. Howard Scott, assistant scoutmaster of the same troop, gave second class awards. S. A. Henery, district commissioner of Lubbock, announced first class awards. Abe Lincoln of Brownfield announced merit badge winners, and E. C. Whitworth of Lubbock presented the troop charter.

Advancements were as follows: Tenderfoot: Charlie Endersen, Le-june Lincoln, Ray D. Harris, Perry Crawly, Buford Miller, Leroy Shepherd, Junior Graham, and Raymond Harris.

Second class: Wilburn Finney, Odie Pharr, Earl Burnett, Harold Simms, Bobbie Lewis, Robert Griffith, Jr., Lucian Greenfield, Bud Endersen, Alford Smith, Claude Gore.

### To Resume Drilling Test Near Tahoka

LAMESA, April 24. — Further drilling will be done on the Ray Albaugh test, 15 miles west of here, it is reported. Tools that were lost will be removed and drilling will be resumed until the hard lime is penetrated. The test is now 4860 feet deep.

Lay Albaugh has been working on this test for the past four years, and is expecting to drill it to 6,000 feet if necessary.

The new school superintendent will be here next week, at which time he will take up with the trustees the election of teachers for next term.

Don't forget the One Cent Sale at the Alexander Drug Store the rest of this week. Plenty bargains for all.

Edwin Helms, Rudolph Lewis, Joe Broun, M. J. Akers, Leamon Eicke, Walter Fulton.

First class: Terrell Fowler and Claude Hudgens, jr.

Merit badges: Chester Stewart, Claude Hudgens, jr., Wendell Smith, Terrell Fowler, Bill Savage, J. F. Smith, Bill Hardin.

### Brownfield to Be Represented at Plainview

PLAINVIEW, April, 29.—Brownfield will be represented in the Poster and Home Town Contest to be held during the West Texas Chamber of Commerce Convention, May 13, 14 and 15. Twenty-six other cities have officially entered the contest, but have not yet named their speakers. Thirty-six towns have entered the poster contest, a larger number of entries than had registered when the convention opened last year.

Four cities have entered the beautification contest, rules and regulations for which were sent out only a few days ago.

A new feature of the convention will be vocal quartettes. Two hundred dollars in prizes have been offered winners. Twelve towns have recorded entries, Lubbock having entered four quartettes.

The main entertainment of the session will be "La Fiesta", a revue arranged by Miss Wilma Friedsam, English department head at Wayland College. Nightly programs will be given, ten cities having already registered specialties for this gorgeous spectacle.

#### Program of Work

Three major topics will be considered at the annual convention. These will be discussed at group conferences and official action will be taken by the directors at their luncheons on Monday and Tuesday.

Conferences on public debt and property tax will be under direction of Senator Arthur P. Duggan, a former president of the organization.

West Texas planning will be discussed by a member of the new state planning board and by others. R. H. Nichols of Vernon, vice-president will preside at this series of conferences.

Conferences on agricultural topics will be presided over by Clifford B. Jones of Spur, former president.

It has been thirteen years since Plainview entertained the regional body. Commercial and civic organizations of the city are uniting in planning entertainment feature. Principal of these will be "La Fiesta", for which the musical background will be furnished by North Texas State Teachers College Band, Denton. Registrations are now being accepted for lodging by the local housing committee, which assures all visitors that they will be comfortably and conveniently located.

High spot of the convention will be the governors' party on Tuesday night. This will climax the visit of Governor James V. Allred of Texas, who will address the convention Tuesday morning at 9:30 o'clock. To the governors' party have been invited Governor Allred, Governor Clyde Tingley of New Mexico and Governor E. W. Marland of Okla.

A buffet dinner will be served at this party, to which all registrants at the convention are invited.

Tom Cobb and wife and Mr. and Mrs. Rutherford came in this week from St. Louis, where they have been to market for the past ten days.

**Great Hiway Building Plan is Announced**

BY J. SAM LEWIS  
Avalanche-Journal Staff Writer

Plans for a two-year program of road construction in division No. 5 of the state highway department have been outlined by G. M. Garrett, division engineer. These plans, if completed, will mean the surfacing of virtually all north and south and east and west highways in the division, including some recently designated by the end of 1936.

Four surfacing contracts are to be let Tuesday, April 30, by the commission. Plans for surfacing several other caliche jobs, now under construction and near completion, or already completed, have been sent to Austin for approval, or will be soon.

**To Open Bids**  
Surfacing contracts, bids for which will be opened, include Dawson county, highway 9, Lamesa to Lynn county line; highway 7, Bailey county, Muleshoe to Parmer county line; Terry county, highway 51, Meadow to Brownfield, including to Hockley county line east of Meadow; Cochran county, highway 24 Whiteface to Morton.

The Herald had word this week that Kyle Adams, son of Mr. and Mrs. Will Adams of this city, has been made second lieutenant of company D., at John Tarleton college at Stephenville.

**DAWSON COUNTY OFFERS LAND FOR WATER**

A Dawson county citizen has suggested an idea that ought to appeal to this section of the Plains area.

He suggests that every land owner deed over to any company or corporation that will erect an immense storage reservoir somewhere in the Rocky Mountain section and guarantee to deliver sufficient water to irrigate the land owned by those joining in on the plan.

He points out that water is to be transported from Boulder dam to Los Angeles and states it would be less costly to transport it to the Plains section.

If such a plan were feasible West Texas would certainly blossom like a rose and land values would increase at least ten times their present price.

We pass this problem on to such of the Brain Trusters as are not busy on the New Deal.—Big Spring News.

**DEATHS**

L. L. Blackstock received a wire Sunday, that his nephew Tillman Merritt of Weatherford, Texas had passed away, his ailment being unknown to Mr. Blackstock, who saw Merritt two weeks ago at which time he seemed to be in perfect health. Mr. Blackstock said his daughter who teaches at Meadow, attended the funeral.

Mrs. Martha Ellen Townsend, 20 wife of Lite Townsend, of Plains, died April 29th, and was buried at Plains the 30th. Physicians pronounced her death caused from heart trouble, as she died suddenly.

D. L. Davis, 19, son of Mr. and Mrs. G. E. Davis of this county, passed away about 10 A. M., the 28th of pneumonia. Following funeral services at the Baptist church by Rev. J. M. Hale, the body was laid to rest in the Brownfield cemetery.

Human beings have a way of talking much about something that does not amount to much. Rattlesnakes, for example. The reptiles, who strike only when they are in danger, do not often inflict a fatal bite. Yet we talk much more of their deadly poison than we do of the poison that is dished out by bootleggers and called liquor. If the rattlesnake gives warning and the bootlegger doesn't, which is the worst of the two?—Snyder Signal.

For each bootlegger there is at least one hundred eager buyers. Without buyers, the bootlegger would not last as long as a snowball in hades. We have never heard of a bootlegger forcing his wares on anyone. Then why don't editors in general turn their mighty guns on the buyers. That is the quickest way to end the reign of bootleggers. Ah! that is the rub; we might get on the toes of too many good, moral leaders of the town.

**FOR FULL MOTOR PROTECTION**

Say "OK-Drain" — FILL WITH CONOCO GERM PROCESSED MOTOR OIL

**Modern cars must have oil with extra oiliness**

THE development since 1931 of motors of 80 to 180 horsepower has brought about correspondingly increased bearing pressures and crankcase temperatures. Motor manufacturers have turned to new alloy metals of extra strength and durability to meet these new conditions.

For full protection of such motors, you must have oil with enough extra oiliness and film strength to get safe lubrication under extreme pressure and heat.

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. Some oils have less, because over-refining to eliminate carbon and sludge has robbed them of oiliness and film strength.

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon

and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Almen and Timken machine tests prove it has more oiliness and 2 to 4 times the film strength of any straight mineral oil! That added oiliness and film strength protect your motor under all conditions.

Germ Processing—adding concentrated oily essence to highly-refined oil—gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting-period wear. Germ Processed Oil gives longer mileage with greater Indianapolis Destruction Test.

Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and get full motor protection!

#### Welcome To The New Superintendent

B. H. S. wishes to extend a cordial welcome to the future superintendent of the Brownfield Schools, Mr. M. L. Baze. Mr. Baze taught the past four years successfully near Pampa; he had several successful years at Tahoka, and we are sure that he will continue the good work begun here by our present teachers. May the student body help him in his work by co-operating in the future as it has in the past.

No man can succeed as a school superintendent unless the student body and the patrons follow his leadership. We believe the pupils should challenge their patrons to a contest to determine which group will give Mr. Baze the better following.

Come, fathers and mothers, teachers and pupils, let's make our new superintendent the grand success he is capable of being. We profit most when he succeeds best. Would we not be foolish to do anything whatsoever to hinder? Together we shall make most progress. Together we can accomplish that advancement for which we young people yearn.

#### Cub Comment

Just now the Seniors are wondering whether to be glad or half-sorry that they have only three more weeks of B. H. S.

No mortal is a failure who retains good will toward men.

Will your Alma Mater ever be the same after you once leave it?

Which is the worst, the person who copies his neighbor's paper or the one who lets his neighbor copy his work?

'Tis faulty thinking that makes honest work drudgery.

What has happened to the "Ex-Student Organization" that was started during the Christmas holidays? The determination of whether or not the organization will be a success depends on the students that are in B. H. S. at present.

Is success the greatest thing in life?

"Play the game of life" with the spirit that you should acquire while you are in B. H. S.

The self-reliant aren't afraid to boost others.

Why not help Brownfield High School be the best school of its size in West Texas? We can!

Is the purpose of this Spring Training in football just to get out of some Physical Training class, or are the boys planning to show Lamesa what defeat in football is?

Are the Juniors '35 going to be able to carry their responsibilities? "It won't be long now."

#### B. H. S. Honor Roll Grows

The last six weeks of school seem to have been the best in B. H. S. if one may judge by scholarship. Twenty-eight pupils were ranked above ninety in average. This means that eighteen per cent of the student body has been "down to business." Each class has placed seven members on the list. Vondee Lewis, a Freshman, heads the list with a margin of twenty-five hundredths.

The faculty, student body, and patrons of the Brownfield High School will find pride in the following list of students.

Graham, Ruby Nell Smith, Mildred Adams, Ethel Pippin, and Doris Lee Gore.

The group left Brownfield Tuesday morning, April 24, at 4:30. They ate lunch at Richards Park in Brady, Texas. They visited the State Capitol, the Governor's Mansion, O'Henry's home, and the University of Texas while they were in Austin. They spent Tuesday night in San Marcos, where they visited the Baptist Military School, and the Southwest State Teachers College. They stopped at the Randolph Flying Field which is east of San Antonio. It is the largest in the world and cost \$20,000,000. In San Antonio the party visited the Alamo and Breckenridge Park.

The representatives arrived in Corpus Christi, Wednesday evening at 7:00. The first night was spent in exploring the town. Thursday morning was spent in attending the one-act plays. Swimming and boating were enjoyed Thursday afternoon. While swimming some of the girls imagined that they had come in contact with a jelly fish, but it was all in their imaginations. There were three banquets given Thursday evening for the H. E. girls. Ruby Nell Smith of Brownfield High School, representing District One, gave the response to the welcome address at one of the banquets.

Friday morning the girls entered into their individual contests. Ethel Pippin entered a woolen tailored costume; Doris Lee Gore, a cotton school dress; Mildred Adams, represented the school in selection of food; and Ruby Nell Smith in personal appearance. Although none of the girls won in the Rally, they benefitted from their trip. Austin won first place in Class A schools; Odessa first in Class B; and Columbus first in Class C.

The State Home Economics Club met Friday night at the Methodist Church in Corpus Christi, and after the program there was a business meeting of all the clubs in the state.

Saturday night was spent in San Antonio. On the return trip Sunday the group stopped in Abilene and visited Simmons, Abilene Christian, and McMurry. They arrived home Sunday night at 1:30.

The girls and their sponsor enjoyed the trip very much, and they appreciate the cooperation of the school and town in making this trip possible.

#### Baptist Ladies Hostesses To Seniors

On Thursday evening, April 25, the Seniors were favored with a banquet given by the Baptist ladies of Brownfield. The guests arrived at the Baptist church at eight o'clock and marched in to view a most elaborately set table.

The red and white color scheme was carried out. The room and table was decorated with colorful balloons, red candles, red and white mints, and small red boats with white sails were the plate favors.

The programs, white cubs done in red, was as follows:

Music	Mrs. Savage
Invocation	J. M. Hale
Welcome	Mrs. Dunn
Response	Roy Chambliss
Reading	M. L. Penn
Accordion Solo	Mrs. Roy Herod
Jokes	K. W. Howell
Reading	Lola Mae Tittle
Solo	Mrs. Wilkins
Address	Rev. Bost of Plainview

The delicious menu consisted of baked chicken with dressing, cranberry sauce, congealed salad on lettuce, peas and creamed potatoes, hot rolls, individual caramel nut pies with whipped cream, and iced tea.

The Seniors seem to regret that they cannot be Seniors again next year to enjoy such an affair. Everyone had a very nice time and the banquet was appreciated very much by the Seniors.

#### Cub Chatter

Queenelle Sawyer spent the weekend in Rule, visiting relatives.

Helen Quante has been visiting relatives and friends in Weatherford for the past few days.

We are glad to have our editor-in-chief back with us again.

Virginia May was shopping in Lubbock again Tuesday.

If anyone wishes to know what the towels from the Princess Louise Hotel of Corpus Christi look like, ask Ruby Nell.

Several of the High School students went on a "weenie roast" last Friday night at the Sand Hills.

Coming events are forecast by shadows! Chrystene Green and others were seen in Lubbock, Monday shopping. Looks like the Junior-Senior Banquet.

Murphy May, a former B. H. S. student was at home Saturday and Sunday.

Lorene White and Harold Carpenter spent Sunday in Tatum, N. M.

The Cub Reporter joins with the many friends of Virginia May in a word of kindly condolence in the death of her grandfather, J. T. May of Lubbock.

#### Trailing Clouds of Glory

—by Ariel

On September 10, 1934 our school term opened. Football practice was well under way. The lack of material and the lack of experience was very evident, but began to show signs of progress as the year rolled by however. By the end of the season "The Fighting Cubs" were beginning to show a little promise. As the season closed, we realized that it had not been so successful but, it had been far from being a failure.

As we look back over our work we find many things that were pleasant. The association with each other and our coach, the development of the spirit of co-operation, and the physical development.

The future "Cubs" of B. H. S. have much to look forward to. They can develop the winning spirit of past years. Although we didn't win all our games, we had a good squad and a fine coach. We're going to drive harder in the future in order to bring about the return of the "Great American Spirit of Football" to B. H. S.

May this ever be The School With the Spirit! May the Red and White ever wave on high!

#### Music Week

The week of May 6-13 is Music Week. The chapel program Wednesday of next week will be given entirely to music.

The program will be sponsored by Gertrude Rasco. It is as follows:

Cabelletta ..... Lack  
 Jane Brownfield and Patsy Ayers  
 Valse Danese ..... Miles  
 Betty Jo Savage and Gertrude Rasco  
 Mrs. Dallas and her glee club will present two numbers.

Mr. Wester will talk briefly on "The Power of Music."

#### Cub Classes

#### JOINT MEETING

The Juniors and Seniors had a joint class meeting Monday to discuss the trip to Carlsbad.

The classes are planning to leave Brownfield Saturday, May 4, at four o'clock. Each class is to go in a separate bus. They plan to go through the cave Saturday then return to Carlsbad and stay there until 9:30.

The president of the Junior Class then invited the Seniors to the Junior-Senior Banquet, to be held May 3. The Juniors hope to make this banquet of 1935 the most successful in the history of dear old B. H. S.

#### SOPHOMORES MEET AGAIN

The Sophomores met April 29, to clear up all their business matters. They are very proud of the fact that they won the \$1.00 prize for putting out the best paper.

The Sophomores decided to have a great day last Friday. Thursday evening about 8:15 the Sophomore's Flag went up. It was of solid black with "SOPHS" in red material sewed on the black background. It stayed up until 8:30 Friday morning when the Juniors objected.

The Sophs put on a program in Chapel Friday morning, then, Friday afternoon they dressed up in some rather "goofy" looking clothes and really had their "fun."

They still intend to do big things, but—examinations are nearly due—and Sophs must pass them even as Seniors do.

#### FRESHMEN SHOW PEP

The Freshmen attended a meeting April 29 to discuss a party which will be given near the last days of this school year. Mr. Penn gave the class a number of good points of advice on some very important subjects.

After the discussion a short program was enjoyed. It read as follows:

Reading.....Gwendolyn Baker  
 Freshmen Flag.....Don Hudgens

The Freshmen showed their fighting spirit last Friday night when they placed their flag on top of B. H. S. It remained all night.

#### Cub Chapel

On Wednesday morning the student body met in the auditorium for a short chapel program sponsored by the History Club. Nelson Smith had charge of the following program:

Song.....Outsiders Tio  
 Song.....Glen Eakin, Weldon Moore  
 Harmonica Solo.....Harold Hill  
 Song.....Bill Brown  
 Song.....Glen Eakin, Weldon Moore

This program was enjoyed by all, and the History Club will be invited again.

On Friday morning the student body met in the auditorium for a musical chapel program given by the Sophomores. The following program was rendered:

Piano Solo by Mary Louise Tinkler

#### THE DRAMATICS CLUB

The Dramatics Club had a very interesting program last week. The program was as follows:

Reading—Sam Chisholm  
 Piano Solo—Lucille Harris  
 Reading—Maurine Lloyd  
 After the program Mary Louise Tinkler gave several musical numbers.

#### SCIENCE CLUB

The Science program for April 30 was as follows:

The Eye and Vision—El Ray Lewis  
 The Story of Gold—Barton McPherson.

By some misfortune the others either failed to get their parts or were absent. The club then gave out the program for next Tuesday and adjourned.

#### THE VALUE OF PETITIONS

Senator John Redditt of Lufkin seems to have produced about the last word on the value of petitions to the legislature, according to word from Austin.

About 20 of the leading business men of one of the towns in the senator's district signed a petition. One man wrote Redditt urging just the opposite. Redditt replied to the individual by sending him the numerously signed petition.

The man took the petition and on its back wrote a petition for his views exactly contrary to the views expressed on the other side. He then secured the signatures of nearly all the original signers and returned the petition to Senator Redditt.

With the two opposed petitions the

senator from Lufkin has succeeded in demonstrating what almost everybody knew long before this—that petitions aren't worth very much. The public itself doesn't value such things very highly, and it is difficult to understand the weight they are given at times by lawmakers. It is a flood of telegrams, letters or petitions on almost any legislative subject. The sooner lawmakers, both state and national, learn to pay less attention to such inspired appeals the sooner will lobbyists abandon the practice. —Wichita Falls Record-News.

#### BROWN OUTSTANDING BOY IN V. A. PROJECT WORK

One of the most outstanding boys in project work in vocational agriculture, this year, is James Brown. As a major project, James has a registered Chester white brood sow. This hog has a litter of 7 pigs that now average around 175 pounds each. He has done a real job of feeding and caring for these pigs. For a first minor project James has 175 Rhode Island red chicks. He has two sizes of chicks. One bunch is about trying 200 additional chicks last week. Pulletts will be selected as layers for another year out of these 375 chicks.

He is also setting 200 pured Narraganset turkey eggs. The first of the year 5 hens and a gobbler were purchased as foundation stock.

Actual records are required to be

kept on all these projects and should be sufficient to give real training in record keeping.—Post Dispatch

James was formerly a Brownfield boy. Mrs. J. O. Brown of this city is his grandmother.

Bill Collins, clerk for Hemphill-Wells Co., Lubbock, and son of Mr. and Mrs. W. H. Collins of this city, underwent a serious operation for ruptured appendix at the Lubbock Sanitarium, Saturday. As this is written (Wed.) he is reported to be doing well.

One does not have to send their watches and other jewelry off to some city to get them engraved. Ollie Bruton of this city can do the job second of none, and to prove that he can, he just demonstrated A. J. S. on the back of our watch.

### OUR 23 YEAR COLUMN

The Plains section was just beginning to become hog conscious. A breeder at Plainview had announced he could raise hogs at 2c per pound on sorghum and skimmed milk. He was marketing his hogs in Fort Worth then at around \$6.80. Another hog story on the first page told of a town just over in Oklahoma, on the new railroad north out of Wichita Falls, had celebrated the event by shipping out a full train load of hogs on the first freight train. On the Friday night before, the school closing exercises were held at the school auditorium, then about a block west of where the depot is now. A large crowd was on hand. There were three graduates, Thomas Brooks (honorary graduate); Chas. Stewart and Leslie Green. G. E. Lockhart, of Tahoka, had announced for District Attorney.

Mr. and Mrs. J. T. Gainer of Plains, were through here on a visit east. Grandma Proctor was spending the week with her son, Frank and family. John W. Cone was in from the ranch after supplies. Mrs. W. A. Bell was visiting her parents, Dr. and Mrs. Lively at Marshall. Mrs. W. C. Smith had returned from Oklahoma, where she had visited for three months. Mrs. Tom F. Hunter, was spending the week with her aunt Mrs. Edwin Groves, of the Groves community. Carl Sams, was attending court here. John Holmes of Plains, was a visitor here. S. J. Palm, of Blythe, (now Seagraves) was up on business. Howard James had resigned as manager of the telephone system. Mr. and Mrs. Lemmie McDaniel of Knowles, N. M., were visiting her parents, Mr. and Mrs. J. W. Welch. Mrs. J. W. Welch had returned from Dallas, where she was a Rebekah delegate. Ben Hurst cattleman, had renewed for his field. Mrs. Jack Bryan, and two children, and brother, Cortez McDaniel, had returned from Mineral Wells, where Mrs. Bryan had been taking the baths. Judge and Mrs. Spencer were down

from Lubbock, visiting. District court was a tame affair. Two foreclosure cases, and two cases of State vs. Sam Withers were dismissed. L. A. Robinson was down from Lubbock. W. J. A. Parker was in from the ranch. W. J. Saterwhite was here from Plains. D. T. Cates of Yoakum county, called on the Herald. The young people enjoyed a social at the John C. Scudday home. E. B. Wright, the new postmaster, had moved the P. O. to the May & Wright store. E. B. Wright and Tom May had purchased the interest of J. T. May in his store.

Will Mathis had leased some grass and was prepared to pasture stock. Mr. and Mrs. Elmer Spurgeon, were moving to the Black place, while the family visited in the east. A number from here heard O. B. Colquitt, candidate for re-election as governor, speak at Tahoka. Brownfield's second nine poured it on the first nine, 18 to 21. Will Mathis was called to Quanah on account of the serious illness of his mother. Mrs. Claude Criswell had purchased a new piano. W. J. French had renewed for the Herald and Semi-Weekly Fort Worth Record. Dr. Miles of Lorena, was up looking after his property. Miss Kennedy of Lubbock, was teaching a music class here. Alvin Duke and family had returned from eastern Oklahoma. Prof. Tom F. Hunter was in Amarillo taking examination to practice law.

Mr. Norvil and family had moved to the Seitz place. Misses Lurah Smith and Myrtis Walker had returned to their homes in Needmore community after attending school here. Miss Frankie Mabrey had returned to her home in New Mexico, after attending school term here. Born to Mr. and Mrs. Homer Scott, a girl on the 28th. A number of Lubbock lawyers attended court here. Individual deposits in the Brownfield State Bank was \$41,181.90. Will Adams and Dock Powell attended a Masonic meeting in Lamesa. Bert French was selling corn at 90c per bushel. Miss Nettie Sawyer and brother Arthur, had come in from Albuquerque, where they attended school. The M. & M. Club met with Mrs. Randal. They were studying Shakespeare's Merry Wives of Windsor.

Gomez: Sandstorms were injuring gardens. J. T. Gainer and Andrew Simms attended the Methodist district conference at Tahoka. School was to close May 10th. Most of the men were attending district court. Mr. Crouch from Tahoka, was building a residence on his land in Yoakum county. Rev. Legion, Methodist minister of Seminole, filled the pulpit at Gomez Sunday night. From 200 to 500 young chickens were reported on each farm. The road between Brownfield and Gomez was being worked by A. C. Copeland. Harris: Ellington Bros. were putting up a new residence. A new girl was born to Mr. and Mrs. Dad Ellis of New Mexico. Harris failed to receive his share of the good rains reported at Gomez and Brownfield. Mrs. Brit Clare had received a letter from her brother at Hot Springs, Ark., praising the Herald, which she was sending him. All this week.

## ALEXANDER'S

It was reported to us this week that Mrs. Treadway & Daniell had purchased the six lots just south of the Herald. While these fine young physicians, both practically raised here, have given out nothing yet, it is believed that it is their intention to some day erect a modern hospital on the lots, as they are almost always crowded for beds in their present quarters. As soon as the Herald gets the dope, it will give it to the public.

Mr. and Mrs. Ollie Bruton visited relatives at Cisco over the week-end.

### FIRE AT THE BAPTIST CHURCH

We are to have a pleasant fire at the Baptist church Sunday morning after the preaching hour. All papers, mortgages, releases, etc., have arrived and will be burned at the close of the morning service. We are anxious to have everybody present to rejoice with us in seeing the instruments that have so long shackled the church go up in smoke. We wish everybody to be with us, every member of our church and all who helped us raise this indebtedness and all who will, let them come.  
We are anxious to have 350 in Sunday School. We have been running well beyond 200 on an average for the past six weeks, but we want to set a new standard for our Sunday School and church attendance. Remember that you are invited.  
9:45—Sunday School. Judge L. C. Heath, General Supt.  
10:45—Song and announcements.  
11:00—We want to have a great song service. W. W. Price leader.  
11:20—Sermon by the pastor.  
At the close of the service we will observe the Lords Supper. All of our members are especially urged to be present.

### Hunter News

We understand that two students, Bro. Jackson and Bro. Lusk from Wayland College will graduate at school house Saturday afternoon.

## Weekly Church and Social Happenings

**FEDERATED MEETING**  
 The Baptist ladies were hostesses to the Federated Society Monday afternoon in the home of Mrs. W. A. Tittle with a twilight tea beginning at five o'clock. Pink and blue hydrangeas decorated the rooms. Some forty-five ladies, representing four local churches, attended. Tea and sandwiches were served. The following program was enjoyed:  
 Mrs. Hale gave a devotional; Special music was given by Mrs. Dallas; Mesdames Telford and Wilkins sang a duet; Miss Rasco gave a number on the xylophone; Misses Laura Lee Jones and Queenelle Sawyer, sang a duet.  
 A short business meeting was held after the program. Mrs. E. C. Davis, Vice Pres., presided.

**BIRTHDAY HONOREE**  
 Marguerite Hale was honored on her 13th birthday last Tuesday afternoon when her mother entertained with a party for her. Thirteen little girls brought gifts. Out door games were enjoyed. Afterwards angel food cake and punch were served.

**HONORED ON BIRTHDAY**  
 Last Tuesday the T. E. L. Sunday School Class of the Baptist church surprised Mrs. J. B. Vinson with a one o'clock dinner at the home of

Mrs. J. M. Hale. The three tier birthday cake with 69 candles was very pretty in the center of the table. Twenty-three ladies brought gifts and enjoyed a social time together after the luncheon. Some of the ladies (or committees) left and had a new rug down on her floor when Mrs. Vinson returned home late in the afternoon. Mrs. Vinson is the widow of the late and beloved Rev. J. B. Vinson.

**BANQUET FOR SENIORS**  
 The Baptist W. M. S. honored the Seniors of '35 with a banquet on Thursday evening, April 25, in the serving room of the church.  
 The table decorations were under the able direction of Mrs. Clarence Lewis and were indeed lovely for this occasion. Red candles in silver holders and Japanese lanterns gave off a soft glow of light. The color scheme was further carried out in cut-out miniature white cardboard "Cubs" with the program written on in red ink. The plate favors were small sail boats, bringing to mind the motto of the Senior Class—"Sail On."  
 The menu, including chicken, dressing, peas in potato nests, cranberry jelly, congealed salad, iced tea, hot rolls, and individual caramel nut pies, was a most pleasing one.  
 The Welcome was given by Mrs. L. J. Dunn, and Roy Chambliss class president, responded. A humorous reading was given by M. L. Penn, and Mrs. Roy Herod gave a lovely accordion solo. K. W. Howell kept the faces of the guests wreathed in smiles as he read from the second edition of the High School joke book. Mrs. Ada Wilkins sang "Our Best," and Mrs. R. I. Pounds introduced the speaker of the evening—Rev. Bost of Plainville, Texas, who affiliated with Wayland College, made an interesting address on that topic. The program was closed with a group singing the Brownfield High School song.  
 This banquet is a yearly entertainment for the Seniors and has been duly appreciated by graduating classes for almost ten years.  
 The guest list included the Senior Class, Mr. and Mrs. Roy Herod, Senior Sponsors; Messrs. and Mesdames Floyd Ledbetter, M. L. Penn, K. W. Howell, L. J. Dunn, R. L. Pounds, Coach Daniels, Mrs. Ivy Savage and Mrs. Ada Wilkins.

Mrs. H. H. Long of Clarinda, Iowa, writes: "Kruschen was recommended to me by my doctor. Weight when starting was 226 Weight now after 3 jars is 208 Doctor says I'm doing fine."  
 When Kruschen Salts is prescribed by reputable physicians to safely take off fat and greatly improve health—why listen to gossipers who don't want you to be slender? Envious!  
 Have a mind of your own—get a jar of Kruschen to-day (lasts 4 weeks and cost but a trifle). Take a half teaspoonful in a cup of hot water every morning—tastes fine with juice of half lemon added. If you don't lose 12 lbs. and feel years younger—money back. Corner Drug Store sells lots of it. No. 3

When laundering net curtains that have no ruffles, slip the curtain while damp, upon a rod and hang, pulling the curtain out straight on the rod. Run another rod through the bottom hem. The curtain will dry straight and require slight pressing along the edges.
