## PROGRESS NOTES

Chamber of Commerce

### Fair Exhibits Hard To Get

We are progressing (slowly) with our county exhibit for the Lubbock Fair and hope to get a creditable one, but I believe without any doubt that it is the hardest job that I ever had to get matured stuff, and while we have the best crop ever raised in the county, it is all about 30 days late. Open cotton is a thing that we have not been able to secure, except drought opened bolls and it certainly is hard looking stuff, but it is hoped by the last of the week that we can find a few bolls of open cotton. At the time that this is written we have not been able to locate any Black Hull Kaffir that is matured enough to show and our maize was exceedingly hard to get. Had a severe disappointment on our watermelon. We had a 94 pounder located, but it was accidentally ruined before the man could get it to us and guess that we will have to be content with one weighing around 75 pounds.

### Park Project Progressing

The Park project is moving along nicely and an engineer has been at work for the past week, locating the dam, club house, swimming pool, and golf grounds, and everything is being gotten in shape to proceed actively if and when Washington approves the project. We may not be able to put the proposal over, but we certainly have had a lot of fun with our "air castles", if that is what it turns out to be. Don't know whether we said anything about it in last week's paper or not, but we are trying to get a CCC camp located here, but can't report very much progress at this time.

### Brownfield Day At Fair

Wednesday, September 25th is to be Brownfield Day at the South Plains Fair and the fair officials are hoping the town will turn out in force. It is also school children's day and it is expected to be the largest attendance day of the exposition.

### Raising Black Widow Spiders

There is no telling what a boy will do and that one of mine, Jim, has started a pretty good collection of Black Widow Spiders, and has been feeding them flies and bugs, and has succeeded in getting one of them to hatch out several hundred young ones. He is pretty proud of his achievement (?) but I am not so hot over his collection myself and naturally am expecting some of the family to get bitten, but up to this time we have prevailed upon him to keep his collection away from the house and may be able to escape the danger.

### Want To Come To Old Terry

We are getting anywhere from three to a dozen letters a day from people who want to come here to help pick cotton and gather feed and quite often from people who desire to locate in the town for some business purpose, and there is not one in a hundred who thinks enough about it to enclose postage for reply and stamps cost money. However we are advising the cotton pickers to stay away until around the 15th of October and the others that there is not any business opening for them. As a matter of fact, Brownfield is becoming overloaded on a few lines of business and our policy has always been to undertake to develop the country, and the town will take care of itself.

### No Melons For Boosters

The Lubbock Fair Boosters were here last Wednesday and for the third consecutive time we failed to provide the watermelons. The first year was caused by the failure of the man to bring them in, and last year we did not have them. This year we had plenty but the chamber of commerce treasury was sunk and we were having to make special collections in connection with preliminary expenses on our park project and the directors thought that a special melon purchase should not be made. Next year we hope that it will be a different story, and that we can fill the boys up on our celebrated Terry County melons. Anyway we were glad to have them down here and everyone enjoyed the program.

## Effort to Bar Nelson From Senate Race

It seems that an effort has been developed from some quarter in the senate race to fill the vacancy left by the death of Hon. Arthur P. Duggan, to keep the name of G. H. Nelson off the ballot. Whether it is some of the candidates or their friends, it is hard to tell at this time. The first hint of such action was learned here generally when the Lubbock Evening Journal came in Monday.

Evidently some one has applied to the Attorney General's department for a ruling, and they got an opinion from one of his assistants. We are giving the readers this opinion for what it may be worth. In the meantime, the ruling has aroused the ire of Nelson's following here. Tuesday morning Judge R. A. Simms did not state whether or not he would put Nelson's name on the ballot or not. Evidently he is waiting for further advice from Austin. The special election is to be held Sept. 28th.

Below we give a bit of information contained in Monday's Lubbock Evening Journal:

The opinion rendered by the attorney-general's department at Austin was by Assistant Attorney-General Maniscalco. Relayed to The Journal by The Associated Press at Austin, the opinion was:

"Mr. Nelson's name cannot legally be placed upon the ballot as long as he occupies the office of district attorney. Even were he to resign his district attorneyship in order to make the race for the senate he probably would still be ineligible to make the race under the constitution and the Terrell Election law. No opinion has been rendered concerning his status should he resign as district attorney, because no such opinion has been asked for. If it were asked for, however, the opinion probably would be that he is ineligible."

### Constitution Quoted

Specifically, the constitution reads: "No judge of any court, secretary of state, attorney general, clerk of any court of record, or any person holding a lucrative office with the United States, or this state, or any foreign government shall during the term for which he is elected or appointed, be eligible to the legislature."

### Nelson Campaigning

Nelson, admittedly one of the strongest candidates in the race, was first to formally announce for the senate post made vacant by the death of Mr. Duggan, of Littlefield. Already he has announced in every newspaper in the district, has personally campaigned in 11 of the 24 counties, and last Saturday his workers were busy in every county in the district.

Other candidates in the field are William H. Evans, Lubbock attorney; Pink L. Parrish, former 30th district senator, also of Lubbock; Jess Mitchell, Muleshoe editor; B. Reagan, Big Spring banker, and L. C. Harrison, Big Spring oil man.

Rumors were going around this morning that W. P. Walker, Crosbyton attorney and unsuccessful candidate for 72nd Judicial district judge in 1932, was considering making the race.

## Baptist Church Calls A New Pastor

The Baptist church unanimously called Forrest G. Rogers as pastor last Sunday morning. It is not known whether he will accept the work or not. Brother Rogers has been pastor at Duncan, Okla. Word from him is that he will be with us Saturday, and wants to meet the membership of the church Saturday night.

He will preach for us Sunday morning, and will leave immediately after the morning service to start a meeting in Oklahoma City. All members of the church and others are especially invited to be present at both services.

## Dave Nelson Takes Over the Prison Job

HOUSTON, Texas, Sept. 13.—Dave Nelson of Orange informed W. A. Paddock, chairman of the Texas Prison Board, Friday that he would accept the position of manager of the prison system.

Nelson's decision came after a conference with Lee Simmons, present manager, who has resigned effective Nov. 1. During the conference Simmons outlined the duties of the prison management and its difficulties.

## Get Behind the Cubs— Let's Put 'Em Over

With the first game of the season safely tucked under their belts the CUBS are drilling daily with one purpose in mind—to hand the same sort of defeat to all the rest of their football foes for this year. Coaches Bost and Miller have a world of football information which they are imparting daily and the boys are really eating those new plays and those new formations up. It is firmly believed by followers and coaches that Brownfield has the best material, for a team this year that it has had in several years.

This being true the town ought to get behind the coaches and CUBS and really show that they want them in. There has been a spirit here in the past that says, we will support them when and if they win. That is not the right sort of spirit. It is our belief that both the coaches and the boys will feel more like doing their best if they know that the town is behind them from the beginning. To show that you do believe in them and that you do want them to win the first thing you can do is buy a season ticket. The price is only \$1.50. That will mean a saving of fifty cents for the four remaining home games, for it is generally understood that prices for admission will be fifty cents per game from now on. These prices are made necessary because of the large amount of equipment that is having to be bought and the prices we are having to guarantee visiting teams. You will be showing your colors if you get on the band wagon, buy your season ticket now, and support the CUBS with your attendance at their games.

It is hoped that we shall be able to put up a lighted field for next year. This cannot be done without the entire cooperation of all the people of Brownfield. If you want a lighted field, you will be showing your desire for same by giving your wholehearted support to the program this year.

Home games for this year are as follows:  
Sept. 27—Littlefield  
Oct. 25—Lamesa  
Nov. 1—Lubbock Cowhands  
Nov. 22—Post.

See M. L. Fenn for your ticket. Or better still do not turn any of the girls down when they come to you. We shall be very glad indeed to have a hearty response on the sale of these tickets.

## Rep. Doyle Settle Off to Attend Session

State Representative Doyle Settle left Saturday for Austin where he will attend what he has termed "one of the most important sessions in 20 years," the special session of the legislature opening Monday to regulate liquor and old age pension payments in Texas.

Settle was accompanied by Miss Luella Benson, daughter of Mr. and Mrs. N. L. Benson, 2012 Twenty-fourth street, who will resume her duties as stenographer in the house. She has been acting as Settle's secretary here since the close of the last session. Campbell Elkins accompanied them. He is returning to the University of Texas where he is studying law.—Lubbock Avalanche.

## Dr. Moorhead Might Move Down Here

Dr. J. D. Moorhead, of Meadow, (Aesculapias to you) was down this week shaking hands with old friends, and jollying most of them. He gave us the low down on the "Hogtown Reunion" at Lubbock in August, and gaped us good about Sharley Shurnal Guy's latest attack on us.

By the way, the doctor is offering to trade a residence near Tech College for property in Brownfield. Says he believes he would like to live here. Don't want to practice medicine, but kinder mill around with the rest of us lazy rascals here.

## Bartlett Brings In First Bale of Cotton

W. A. Bartlett, of 14 miles north of this city, brought in the first bale Thursday. It was ginned free by the West Texas Gin Co., and weighed 460 pounds. It had not been sold at the time we went to press.

It was reported that L. L. Blackstock brought in a bale the same day, but had some trouble getting it out of the gin press.

## Jess Mitchell Seeks State Senate Position

Jess Mitchell, editor at Muleshoe, in Bailey county, announces his candidacy as State Senator for this 30th Senatorial district, to succeed the late Hon. Arthur P. Duggan, whose recent death left that office to be filled by an election called by Gov. Allred for September 28.

Mr. Mitchell, in making his announcement, says he is entirely mindful of the opportunity for service and of the grave responsibility this office entails. He considers holding of public office a sacred trust. "I verily believe," he said, "that aside from the duties of the Church, there is nothing more serious and more sacred than duties of State.

"I make no pretensions whatever at being a skilled politician; have never held public office and am not interested in politics par se; but I am tremendously interested in the welfare of this great area of West Texas. I have, in years past, as public spirited citizen been able to accomplish many favorable things for this section, and confidently believe that as an official I can accomplish even more and greater results.

"I am 55 years of age, virtually in the prime of business life, strong physically, alert mentally and sound morally. I am a college and university graduate. While I am now and have been for several years past a newspaper editor. I am also a farmer, owning three farms embracing several hundred acres, one of them being an irrigated farm near Muleshoe on which myself and family reside. I was born on a farm, have been an actual dirt farmer and am well acquainted with the farmer's problems.

"I was a soldier in the Spanish-American War, served in the secret service department during the World War, and was at one time United States Commissioner at Columbus, N. M., under appointment of President Woodrow Wilson.

"The citizens of this State have spoken in large majority favoring old age pensions, repeal in some sections and abolition of the officer fee system. As your senator, it would be my privilege and pleasure to do all within my power to enforce these mandates by passing such laws as would grant to the needy aged this financial income and to arrange for its payment; to pass such laws as would regulate the sale of liquor to the best advantage of the State as well as for the protection of those counties not favoring it, and to use my strongest influence toward enforcing the Fee amendment as authorized by the citizenry.

"I shall be glad to discuss in public or private other phases of governmental matters with citizens many of which will be taken up in public speakings.

"My one desire is to give consistent, conscientious and constructive service to the State in general and especially to this district in West Texas, looking toward eventually making this area the best part of this great Lone Star Empire. My great wish is to keep step with the citizens of this district, to work in unison with them, and to eventually participate with them in the blessings which will come to all of us because we have fought a good fight—we have kept the faith.

"There are innumerable benefits to which this area is entitled, ought to have and could have with proper representation at Austin. Strong, courageous men, men of ability and broad successful business experience are needed for such conquests against overwhelming odds. It will be my supreme pleasure to become the champion of the needs and rights of the citizens of this Senatorial district."

These two views at the Panhandle South Plains Fair at Lubbock show how the grounds will be crowded Sept. 23 to 28 at the 22nd annual exposition.

## District Court Finishing Work This Week

This week will wind up the late summer term of District Court. In many ways it has been one of the busiest sessions in several years but the cases have been remarkably well cleared from the docket. The Grand Jury was in session longer and returned more indictments than for years.

While there were several jury cases, they were mostly in the misdemeanor variety, such as driving while drunk, attack on officers, etc., but in most of these cases, quick work was made by the petit juries, and for this reason, most cases that originated before court assembled, or were returned by the present Grand Jury, were disposed of.

One of the lengthiest cases started to trial Monday. This was the suit against Chisholm Bros. in which their truck near Meadow last Sept. figured in a collision with a car driven by a Lubbock man in the Fair Booster procession, in which one band boy was fatally injured and some others more or less injured.

It seems that jury in this case thought the local firm was the injured party as they, soon after retiring Tuesday, returned a verdict of not guilty. We understand that two other cases against the firm that depended on the outcome of this one, has been withdrawn from the docket. Judge McGuire will open court at Tahoka, Monday we understand.

## Atty. Evans Announces For State Senate

Wm. H. (Bill) Evans of Lubbock, member of the firm of Vickers, Campbell & Evans, has formally announced for the State Senate. Mr. Evans' announcement appears in this issue of the Herald. He seems to have a well rounded platform, which includes liquor control with no drinking on premises where it is sold. He advocates the use of liquor sale revenue to take care of Old Age Pensions as far as it will go; adequate support of Tech college, and the fostering of more and better highways for our far reaching part of the state.

He promises adequate support to a liberal apportionment to our public school system, and other matters which concerns the betterment of this section. He was born in Uvalde county in 1906, was educated in the public schools and University of Texas, where he graduated from the law department. Besides teaching, he has had several years in the practice of law. He is a Methodist, and a member of the Board of Stewards of the First church at Lubbock.

## Busy Selling Nursery Stock to Farmers

John King, local nurseryman, informed us this week that he was now busy out in the rural districts selling nursery stocks for fall and winter plantings. He said that he was having nice sales of all standard lines of fruit and shade trees, and especially fruit trees that have proven to be adaptable to this climate and altitude.

He remarked that with good crops in this section, outside nurseries were sending high pressure salesmen in, and that they were, as usual, selling the people stock that will not produce a crop in this section every ten years, such for instance as apricots.

He said, however, that it was remarkable how many were loyal to the home nursery, holding their orders for him against high pressure salesmen. A few however, had been caught with this fluent gab.

## Want An Addition

To the Citizens of Brownfield and Terry County:  
We, the colored people of this county are kindly asking for an addition to be set aside for the purpose of establishing a school, and also in this place we could build our little homes. With this done it would not only be a place for us to live but we would be paying city, county and school taxes for the purpose of maintaining our school.

We trust that you will consider this from every point of view, and thank you for your kindness shown toward us in the past, remain  
Respectfully Yours,  
Eugene Lewis.

RFIC reports \$10,080,523.441 authorized loans as of August 31.

## Thanks School Officials For Cooperation

At this time I am glad to report that most of the schools of the county are open with the largest enrollment perhaps of any previous year and there seems to be a desire on the part of everybody connected with the schools to make the most of their circumstances and have the best school possible. It seems that special thanks should be given to the trustees of the various school districts for their splendid cooperation given to the County Board of Trustees in their efforts to carry out the program of school activities as set up by the State Department of Education. In many districts of the county the trustees have made concessions in their local program just to be cooperative and try with the state to build up a better and more efficient school system. Thereby giving to the boys and girls of the high school grades the best opportunities possible for their instruction and development, and to relieve the congested conditions existing in many schools in the lower grades.

I would like to also mention that this county has a quota of 15 pupils who are eligible to be paid \$6.00 per month by the Federal Government, provided that such boys or girls are unable to pay their own way through high school, and provided further that their parents were on the relief rolls of the county on May 1st this year. If we have any such boys or girls that are over 16 years of age and would like to take advantage of this opportunity, please see me or the superintendent of any high school of the county so that work may be arranged for you and that application can be made for this money.

Respectfully submitted,  
R. A. SIMMS,  
County Judge Terry County, Texas.

## Army Recruiting Party Camping in Brownfield

An Army Recruiting Party arrived in Brownfield yesterday to canvas for recruits for Fort Bliss, El Paso, Texas. This party is from the Eighth Cavalry and is under charge of Sergeant C. C. Morris.

There are vacancies in all the organizations at Fort Bliss—cavalry, field artillery, medical, veterinary, quartermaster, motor transport, signal, and ordnance. Quite a number of office clerks, typists, mechanics, electricians, and radio men are wanted but the bulk of the men need have no trade, provided they are husky and willing to learn.

Applicants for enlistment must be American citizens, white, single and without dependents, between 18 and 35, at least five feet four inches tall and weighing at least 120 pounds; of good character and capable of passing a simple educational test that is equivalent to about the eighth grade. Character must be vouched for by at least two reputable citizens and consent of parents, in the case of minors, must be secured in affidavit form.

Visitors are welcome at the soldiers' camp and interviews are solicited with young men interested in the army, and with their parents.

LATER: On account of a re-arrangement of schedule, the soldiers will be camped here Tuesday and Wednesday, Sept. 24-25, next week.

## South Plains Fair Boosters Call on Us

Two huge passenger buses, loaded with the Lubbock high school band and a number of business men, arrived in Brownfield about five o'clock last Wed. afternoon. They had made Slaton, Post, Tahoka, O'Donnell, Lamesa, Seminole and Seagraves earlier in the day, and were still to make Meadow and Ropes.

After a few well selected band numbers and some guitar music and singing by two negroes, Judge W. W. Price in a few chosen words welcomed the visitors. Responses were given by Durwood Bradley, on District Attorney, during which he went on to explain the many attractions that would be seen at the Big Window of the South Plains this year.

As it was late and the visitors were in a hurry, there was no luncheon feed for them here this year. They distributed many novelties to the school children, and especially invited them to be there on school days at which all school children are admitted free.

Federal bureau reports further gains in Summer.

## State Auditor Writes About Old Age Pensions

"Old-age pensions could cost Texas taxpayers as much as \$56,073,402 yearly if each of the 283,199 people 65 years of age and over received the full \$15 monthly allotment provided for in the recent Constitutional Amendment," State Auditor Orville S. Carpenter said today.

At the request of Governor Allred, Carpenter and R. B. Anderson, State Tax Commissioner, prepared the report "Cost and General Plan for Old Age Pensions." Upon the Governor's suggestion it was mailed to members of the Legislature September 10.

"Experience of other states has shown that they have attempted at first to take care of only those actually in need of assistance. Requirements made of applicants have been with a view of eliminating those who, although of eligible age, did not actually need assistance. In this way other states have greatly reduced the costs from the amount necessary to pay if all persons of the required age had been included," Carpenter said.

"As there are 41,787 persons 65 years of age and over on the Texas Relief Rolls, this apparently is the minimum number able to qualify for old-age pensions. At \$15 a month and with 10 percent administrative cost added, this would be \$8,273,826 yearly," Carpenter explained.

Carpenter believed the figure 62,933 most nearly represented the actual number who probably would receive old-age pensions in Tex. He determined this figure by considering the experiences of other states. If 62,933 people in Texas 65 years of age and over were to receive the full \$15 a month, the yearly cost to the taxpayer would be \$12,460,734, Carpenter calculated. In this he included 10 per cent administrative expenses.

"The Federal Government, if funds are available, will provide an amount equal to that spent by the State plus 5 per cent for expenses. This depends upon approval of the Texas plan by the Social Security Board in Washington. The Texas Legislature will formulate a plan for distribution, and it will decide whether or not the full \$15 maximum will be used," Carpenter concluded.

## Piggly Wigley Say Opening Grand Success

In conversation with Mr. Lloyd Reid, manager of the local Piggly Wigley store, and Mr. J. O. Garlington, joint owner, they pronounced their opening of last Friday and Saturday far beyond their expectations. They were well pleased with the "purchasing crowd" as well as the "get acquainted crowd" that called at their store on these days.

Messrs. Reid and Garlington both say that they are more than pleased with the hospitality shown them from Brownfield and trade territory people.

We call your attention to their two page ad in this week's issue, announcing their Formal Opening. Although it contains very few prices, Mr. Reid states that every item in the store will be a "special." They extend you a special invitation to especially visit them on these two days.

## Grider Hurt at the Brownfield Ranch

John Grider, 22, son of Judge Grider of Tahoka, was badly hurt early Tuesday morning on the Ray Brownfield ranch, when his mount started pitching, and finally broke into a run, and ran into a gate, where he not only fell, but fell on young Grider. Grider seems to be injured about the head.

Mr. Brownfield and a brother of the injured man who also works on the ranch, brought John to the sanitarium here as soon as possible in a car. We understand that several ounces of fluid have been drawn from the injured man's spine and serum inserted, but up to Wed. morning he had not regained consciousness.

Hopes are entertained, however, that that youth is not paralyzed, as he appears to be able to move all parts of his body. Everything possible in the way of medical science and good nursing is being used to bring the young man through the crisis.

Later: Young Grider died about 5 o'clock A.M. Thursday, and will likely be buried at Tahoka, where his parents live.

Rumor has been having it that a down town telegraph would be installed here. An investigator called and found that office rent, an operator and other incidentals would be too high to pay.

Senator Huey Long's secretary announces that the total of the dead senator's wealth will surprise many. Not necessarily. No one ever accused Huey Long of "shortness" when poor people needed aid, and we feel sure that his finances will be far short of what some suppose when his will is executed. Whatever else may be said in favor of or against the Louisiana dictator, we never heard of his being stingy.

A recent issue of the Ralls Banner came to us full of Lubbock ads. That is one of the best ways in the world to bring local advertisers to their senses. You may argue with them all you wish, but they'll have their heads until hell ain't bigger than a chinch. But just put in a few "foreign" ads and then they'll acknowledge that even they, read the ads that they have contended people don't read. Then the local merchants actually begin to reason: "Well, if it pays the Lubbock guys to advertise in our darned old local paper, maybe it would pay me."

The effort to stop Nelson was a fizzle. Nelson knows a little about law and the constitution himself, and has proven it. This is not saying that the Herald is supporting G. H. Nelson, or any other man for State Senate. But barring his name from the ballot seemed to be a very crude way of trying to eliminate a man that all the candidates seem to dread. We heard scores of Terry county men say they would write in Nelson's name if it was not on the ticket. Not only that, but they were going to work like blazes to get other men and women to do the same. West Texans as a general thing believe in fair play.

It seems that old Mussolini of Italy is afraid of neither man or devil. Newspaper reports that Britain was assembling warships in the Mediterranean only added to the bragadocia of this self styled Napoleon. Threats of force from other nations only added fuel to the wrath of this modern man-eater. But when nations, great and small began to talk of a boycott of Italian goods, that was a horse of another color. Which goes to show, if you want to slow up a dictator, just threaten to cut the purse strings of his treasury, and you put a quietus on him a long sight quicker than threatening him with bombing plans, poison gas and cannon.

You may make slight remarks about James A. Farley, our P. M. General and Ex-officio National Democratic Chairman, if you wish, but James has a way of shutting up the opposition almost unequalled in our history. Recently, he just asked the simple question of Republican Chairman Fletcher and his old guard cohort, "which of the New Deal policies would you repeal?" They were afraid to tackle the Union Labor laws; it was hands off of agricultural acts; they couldn't conscientiously touch relief legislation

**Notice of Election**

Notice is hereby directed to the Special Election to be held in this county, on September 28th, for the purpose of electing a state senator from this district, to fill the vacancy caused by the death of Senator Dugan. The regular appointed election judges will have the management of this election and the presiding officer will please call for the election supplies.  
—R. A. SIMMS.

Mr. and Mrs. H. W. Stone and son, Johnny of Marshfield, Mo., have been visiting their daughter and sister, Mrs. Ed Aryain and family.

A hurried trip was made by V. B. Ward of the Ward Shoe Service and Clifton Jones to Fort Worth last Monday night. The shoe patching machine went to the bad Monday and they went after a new machine, and were ready to start sewing on it by 2 o'clock Tuesday afternoon.

W. C. Brown, 62, of Loraine, Texas passed away last Saturday, and was buried Sunday. He was a brother of Eugene and T. I. Brown of this city, both of whom with the former's wife, attended the funeral. He left a wife, but had no children. He was said to have been a fine citizen.

Mrs. Shank Lyles and two children of Odessa visited her sister Mrs. Lerois Blair, this week.

### WPA Hopes to Wreck Relief Rolls Soon

SAN ANTONIO, Sept. 5.—Hoping to begin a systematic wrecking of relief rolls in Texas within a week, state Works Progress Administration officials today were perfecting final plan for the execution of projects.

With State Project Director E. A. Baugh's report that Texas had requested a federal expenditure of \$176,570,000 in the state, Administrator H. P. Drought announced that the promotional phase of WPA work is completed.

Works division staff members were summoned to San Antonio to receive instruction on the actual executions of projects which have been proposed. District engineering staff members were called to state WPA headquarters by Baugh last Friday and Saturday. Coincidentally, women's work

supervisors from the twenty Texas WPA districts were convened for instructions from Mrs. M. K. Taylor, state women's work consultant.

"We hope to have men at work on the first \$1,500,000 in projects by next week," Baugh declared today. "This represents the amount approved for Texas at this time by federal authorities and will include projects in every Texas WPA district."

Although the vast bulk of last-minute projects rushed into the state office for approval last week made exact computations impossible at this time, Baugh explained, engineers reported the 176 millions as the approximate total approved by state examiners for Texas.

Included in the figure were 31 statewide and multi-district proposals asking approximately \$95,940,000 in federal funds, Baugh reported. The remainder of the total was contained in local projects sponsored by agencies in the various districts.

Federal approval of a considerable

proportion of these requests will leave state WPA officials a wide latitude for the selection of the more worthwhile of the projects submitted, Baugh pointed out.

"Although the 176 millions requested obviously will be more than necessary to provide work for the state's employables on relief rolls, we have attempted to secure allocation of enough federal funds to allow a proper leeway in the selection of projects when actual work is started in Texas," he said.

"Expenditure of such a huge amount in Texas is not contemplated," Baugh continued, "but it is to the interest of sponsors that we secure as large an allotment as possible to insure the proper prosecution of deserving projects."

Round figure approximations of requests from the twenty districts follow:

Marshall	\$2,598,000
Tyler	2,638,000
Beaumont	3,206,000
Dallas	16,189,000
Palestine	1,526,000
Houston	7,162,000
Fort Worth	7,481,000
Waco	4,199,000
Austin	6,417,000
San Antonio	6,172,000
Laredo	1,962,000
Wichita Falls	4,402,000

### Friday 27, Press Day At S. P. Fair, Lubbock

Friday is Press Day at the fair. South Plains editors will be honored at a luncheon at which Hon. Harry Hines, Chairman, Texas Highway Commission, will be the principal speaker.

Mickey Martin's thrilling two hour "Daredevil V-8 Drivers" automobile and motorcycle stunt show has just been signed up for a performance daily during the fair. "Reckless" Rex Murphy will roll his V-8 end over end at 60 miles an hour while strapped in the seat, followed by a head on crash of two automobiles with throttles wide open, drivers seated.

Betty Lyn Martin, the only woman board-crasher in the world, will hit a flaming board with a stock motor car. Buddy Mueller will "slide for life" and Elmer Madden will present a blindfold board wall crash.

Only seven of the nine daredevils in the company will visit the fair as two are still in a hospital recovering from injuries received at a show at Austin in April.

### What's a Saloon? First Liquor Bill Gives Definition

AUSTIN, Texas, Sept. 12.—Open saloons, prohibited in the recently dry law repeal amendment, are defined and barred in the first draft of a strict regulatory license bill prepared by former First Assistant Attorney General Elbert Hooper and Representative R. Emmett Morse of Houston, who was chairman of the repeal forces and active for submission. The bill may be offered Monday.

Just what a saloon is long has been under discussion by members of the Legislature and others, and its definition was expected to take up much of the time of the coming special session. Hooper and Morse believe they have settled it.

The measure describes it as a "grog shop or any other place where alcohol or any liquor containing in excess of 4 per cent of alcohol by weight is bartered or sold by the dram or drink for consumption on, at or near the premises where sold."

Hotels, clubs, bona fide restaurants and railroad dining cars would be permitted to dispense liquor by the drink, restaurants and clubs serving only at tables and the bars used for serving only.

Enforcement administration would be in charge of the State Tax Commissioner and law observance bonds would be fixed at \$25,000.

Whiskey would be taxed 50c a gallon and other liquors in scaled amounts depending on the alcoholic content.

**OBITUARY**

W. H. McCullough was born Oct. 28, 1894 near Hillsboro, Hill County, Texas. Died in the Veterans Hospital, Muskogee, Okla., Sept. 13, 1935. Was married to Ophelia Russell, Aug. 21, 1926. To this union was born two girls: Mary Kathryn and Billie Wanda. Besides these were his father, J. D. McCullough, Brownfield, Texas; two brothers: J. C. of Brownfield and E. B. of Tokio; eight sisters: Mrs. Horace Castleberry, Meadow; Mrs. Bill McDonald, Meadow; Mrs. J. R. Criswell, Paducah; Mrs. J. T. Siridian, Plano; Mrs. W. E. Johns, Dallas, Mrs. Roy Taylor, Tokio; Mrs. A. F. Ross, Marshall, and Miss Pauline McCullough, Brownfield.

He was converted and joined the Missionary Baptist church when a small boy at Lake Creek, Texas. While in the hospital he wrote his wife, he was to have an operation, said he had lots of faith in the doctors, but had more in his Christ. He always had a smile and kind word for every one.

His funeral was conducted in the Baptist church at Blue Grove, Texas, by Rev. Moody, pastor of the First Baptist church at Henrietta, Texas, Rev. Piot, pastor of the M. E. church assisting him. Hymns were sung by a choir with Miss Zena Childs at the piano. Mrs. Akins and Mrs. Hill sang "Sometime We'll Understand." The pallbearers were: Bud Russell, Wyatt Russell, Chesley Russell, Bill Flinn, Morris Pruitt and Cliff Lowry. Honorable pallbearers were ex-service friends. Flower girls: Ina Russell, Clara Russell, Lila Mae Truitt, Lucille Lewter, Lila Pearl Crump and Dora Ruth Moore. Those attending the services from Ft. Worth were: Mr. and Mrs. A. N. McCullough and Mr. L. Nepps.

Interment was made in the Blue Grove cemetery under the direction of Moor Funeral Home.

Work on th W. H. Collins home is nearing completion. Workmen have made a mighty pretty home of it.

### OLD CITIZEN PASSES

N. W. Jones, 79, one of the best known and highly respected citizens of the county, passed from this veil of tears about 7 o'clock Saturday morning. He was injured in an auto accident reported in last week's paper, on Sunday night before but seemed to be recovering from that. He complained of his back hurting just a few minutes before passing, and his wife was rubbing his back. She asked if it was helping, and getting no reply, asked the question again, then discovered that he had passed.

Thus a good man who served the Lord had his oft times repeated prayer answered. He almost invariably ended his petition at church with, "give us a peaceful and happy hour in which to die." Services were held at the church of Christ Sunday afternoon at 3 o'clock, and the building would not begin to hold the crowd gathered to pay their respects to their aged friend. The floral offerings were profuse. Lee Hukel of Lubbock, assisted by Jas. A. Fry, local minister conducted the funeral. Elder Hukel as a young preacher received much encouragement from Bro. Jones. N. W. Jones, like most of us may have had some faults. If he did, they were of the head and not the heart. His many good deeds so outshone any faults, that they were not noticable to his closest friends.

The body was laid to rest in the Brownfield cemetery to await the resurrection morn. He leaves a wife and several children, all grown, and all respected people. All the immediate family, as well as nieces and nephews scattered over Texas, attended the funeral.

### PEP SQUAD ORGANIZED

At a called meeting in the high school auditorium those girls interested in organizing a Pep Squad met Thursday, Sept. 12, and elected Sallie Stricklin, Doy Murphy, and Helen Quante as leaders for the coming year. At a later meeting Miss Maize was chosen as sponsor. It is generally believed that there will be around fifty or sixty girls in the Squad this year. New suits are being considered and perhaps by the time of our next home game something definite in this line will be visible.

Already the girls are showing their interest by meeting on the front steps of the high school each day at noon, singing the school songs and giving some of those enervating, blood-tingling yells. It really looks as if this is really to be the School WITH THE SPIRIT this year.

Bill Gore wants the readers of the Herald to be sure and call his dairy when in need of read good cream and milk. This service is just as near to you as your phone. Call 184.

A new front is being put in at the Aryan store, which will give them several more feet of show window space. Not only that but it will add greatly to the appearance of the store.

Ernie Greenfield has leased a stand at the South Plains Fair Grounds and wants his friends to call when up there for their hamburgers, hot dogs and what have you.

### Needmore News

(Delayed)

Well our school is going on in full sway now, having started on August 26th, and our new bus is here too. We are all very proud of the new bus, it being the latest out, with an all-steel body, and latest fixtures. Besides bringing pupils to Needmore it takes the 10th and 11th grades to Meadow high school.

### HAVALINA HUNTING SAID TO BE GOOD NEAR MONAHANS

(Odessa Times)

Local sportsmen have evidently been overlooking a bet in not going after the wild havalina hogs reported to be plentiful this year in the sandhills region west of here. Two Andrews county boys, according to the Andrews County News, found several herds in the hills near Monahans, and although unsuccessful in their hunt last week, are planning to return when the hogs are fatter.

These wild hogs are said to be descendants of hogs brought to America over 300 years ago by the Spaniards, and turned loose or lost, to go wild. They are fleet of foot, shy and vicious, and should furnish good sport to the hunters.

Acorns are reported to be plentiful in the sandhills this season, and the hogs are expected to be fatter than usual this Winter.

## Confederate Veterans Here Gov. Allred

The tribute paid by Governor James V. Allred to the Confederate Veterans last week before their 45th Annual Reunion at Amarillo is full of stirring praise for the brave deeds of the South in defense of their ideals of states rights. Because we cherish the memory of the Confederacy and because possibly the last reunion of the thinning grey ranks was held in our state, the following excerpts from Governor Allred's speech should be of interest to our readers.

"As we catch the torch of Jeffersonian Democracy from your failing hands", the Governor said to the Veterans, "we renew our pledge to you to pass on to our posterity the creed of our forefathers—to fight and die, if need be, for the principles of state sovereignty as guaranteed by the Constitution!"

"I think it was Joseph Weldon Bailey, the great states rights defender of Texas history, who once said, 'No triumph or defeat can change the immutable principles of free government!' That truth was more evident than today—70 years after the surrender of General Lee at Appomattox . . .

"The greatest discussion in the history of the nation has waged throughout the land in recent months over proposed or threatened changes in this government which has been handed down to us from the time that our early forebears gathered in groups to discuss the ratification of the Constitution. Suggestions have emanated that in America's hour of distress we should give up all that the framers of the Constitution insisted should go into it, that we should amend it so as to give the federal government the power to regulate the intricate and minute details of personal life and business. Small wonder indeed that turbulent thoughts should be aroused and seethingly churned in the minds of those who believe in the principles of states rights!"

"The eternal principles of right and of good government are eternal and everlasting. You may change the application of a rule to changing conditions, but time brings no necessity for altering time-tried and time-proven rules of good government. It is inevitable and natural that slow and gradual change shall take place in this living constitution by construction and the change of the people themselves, but up until now we have preserved that essential characteristic, an American Republic, from the fatal experience of all the other forms of government. We have guarded against strong national government; we have adhered to the theory of states rights!"

"To you immortal heroes of the Confederacy, I say that we in Texas pledge our allegiance to the cause of states rights—that true Democracy for which you so nobly fought. Texans, with the memory of the blood so illustriously shed by our fathers in the immortal defense of the Alamo, probably more than the citizens of any other state believe in states rights and local self government.

As descendants of a proud and fearless, free and independent republic which recognized tribute to no nation, we would be unworthy of the proud heritage we claim should we not stand firm for the sovereign principles of state government so expressly granted by the United States Constitution."

Rev. J. M. Hale and family visited in Floydada Sunday.

Steve Brock who has been employed at the county agent's office left Tuesday to reenter Tech College at Lubbock.

Miss Eunice King of Tatum, N.M., was a guest of Mrs. J. T. Auburg, Monday. Miss King is a returned missionary from Brazil where she spent seven years teaching in Pernambuco. She addressed the W. M. S. at the Baptist church Monday afternoon which was heartily appreciated.

Mr. J. D. McCullough was called to Okla. last week to the bedside of his eldest son who had undergone an operation. All that medical skill could do did not save his life, however, and he passed on to his reward.

## OUR 23 YEAR COLUMN

Quoting from our issue of Sept. 20, 1912: Dr. J. W. Lively of Marshall, Texas, had an interesting article about Jack Bean and his negro servant, Cezar, who were probably the first white men to set foot on the section where Terry county is now located. That was back in 1816, according to history. Jack was finally captured and carried to Mexico by the Mexicans and kept prisoners many years. The Terry County Fair was to be held on the 2-3 of October. A basket dinner was to be spread each day. Mrs. L. L. Cobb and baby of Seminole, was visiting her parents, Mr. and Mrs. A. B. Bynum. The Needle Club met with Mrs. Jake Johnston. Chas. Stewart was to teach the French school. John S. Powell had shipped a car of fat sheep to Fort Worth. Pam Stamford of Plains, brought through a load of fat sheep he aimed to ship from Lubbock. Geo. Tiernan went to Sweetwater to meet his sister-in-law, Mrs. Whisenant of Holiday. Surveyor Standifer had been employed by the Commissioner to survey a road south. A salesman was here representing the Poton Dry Goods Co. of Weatherford. Rev. Wagoner of Plainview was here visiting friends.

Percy Spencer had legal business in Tahoka. A. N. Addison of Scurry county, and S. H. Howell of Tahoka, were visitors. Claude Criswell and Otis Harper carried a bunch of steers to Lubbock for Easton Wolfarth. Miss Rebekah Butler from Mississippi, a niece of Judge Spencer, was visiting her cousin, Percy. Jim Burnett had his tax rolls ready for inspection by the Commissioners. Trom Womble was here from Hereford putting in a concrete dipping vat for John W. Gordon on the U—. A fellow had a buggy to trade for maize heads. Mr. Matthews, the Rice-Stix drummer was here. A. M. McBurnett's father was visiting him from Nolan county, and told Mack that he had more corn than would be raised in Nolan county that year (1912). The paper was one day late as we were moving into our new office. S. B. Fickers of Snyder was up visiting his daughter, Mrs. A. M. McBurnett. Judge and Mrs. Spencer of Lubbock, and a brother of Mrs. Spencer, Mr. Pickens, Santa Fe conductor of Sweetwater, were visitors here. Judge Neill had received a letter from Agricultural Com. Ed R. Cone

at Austin, that he would attend the Terry county fair, and address the people. Good rains had again visited portions of Terry. Hugh (Dube) Pyeatt was visiting in Waco. M. V. Brownfield was looking after his ranch interests in Gray County. S. E. Hamilton reported the best crop on his place in the Groves community he had ever raised anywhere.

Primrose Notes: Putting up feed was the order of the day. Timmons Bros. were having their millet cut. J. N. Farris and sons received \$28 per head for their steers. Lee Cowan and A. W. Blankenship had delivered a bunch of steers. J. N. Farris had moved his family to Lubbock for school purposes.

Gomez Notes: School had opened with a good attendance, including patrons and some visitors. Andrew Simms and family had left for Hall county, and Oklahoma. The Roach family of Plains, and the Clayburn family of New Mexico had moved in for school purposes. Joe Lane was attending the organization of a Knights Templar lodge in Lubbock. Arch Fowler and Miss Dollie Duke attended singing Sunday night.

Pride Notes: Rain had finally reached the Pride section. Mrs. Fullington was visiting in Collins county. Miss Bertie Preston had moved to Plainview. Dee Brownfield had been in the section buying steers. Mr. and Mrs. Ben Cathey had been visiting their daughter at Gail. Charley Tisdale had lost a fine horse. All for this week.

## CARD OF THANKS

We appreciate very much the kind words of sympathy expressed during the illness and death of our husband and father. Also thank those who sent floral offerings. We especially thank those who sent food, as we had so many relatives with us that it would have been next to impossible to have supplied their needs without this assistance. May God bless each of you.

Mrs. N. W. Jones and family.

W. A. Tittle and wife took their daughters, Lola Mae and Ona Faye to Abilene Sunday where they will enter Hardin-Simmons University this year.

Misses Anna Letha Hamilton and Wynona Burnett have returned to Tech for the year's college work. So have Horton Howell and A. T. Fowler.
