ANNOUNCEMENTS

MOREMAN ANNOUNCES FOR CITY MARSHAL

To the Voters of City of Brownfield: Believing that I can successfully fill the office of City Marshal, I desire to solicit your vote and influence in the coming city election.

While I have been in Brownfield only a little more than a year, I resided in Yoakum County for a number of years, using Brownfield as a trading point, and I believe a sufficient number of Brownfield people know me and my character to correctly pass on my ability for this office. I will greatly appreciate your consideration.

Respectfully submitted, Roy Moreman.

BROWN ASKS FOR 2ND TERM AS MARSHAL

To the voters of the city of Brownfield:

Through the columns of the Herald I wish to announce my candidacy for re-election to the office of City Marshal. I have carried out the duties of the office to the best of my ability and if re-elected will continue to do so. Your vote and influence appreciated.

Respectfully, E. (Gene) Brown.

I have resided in Terry County for the past 28 years, four years of which time I was your Sheriff and Tax Collector, and believe that the experience gained will be to my advantage in rendering you the kind of service you have a right to expect, and assure you I will do everything within my power to fill the office as it should be.

FOR COUNTY ATTORNEY

To the Voters and Citizenship of Terry County:

Being desirous to hold the office and having confidence in my ability to discharge the duties thereof, I hereby announce myself as a candidate for the office of County Attorney of Terry County, Texas, subject to the action of the Democratic Primary.

There are many of you with whom I am not personally acquainted and I therefore make this short statement concerning myself and my qualifications to the office to which I aspire. I am a native Texan, 37 years of age. I was born and reared in a Christian home, for which I am proud and grateful to my parents who live in Yoakum county, Texas. After completing my high school and Junior College work I entered the University of Texas and received a degree from the Law Department of that institution in 1922, and since that time have been engaged continuously in the practice of law. I followed this profession in Lynn county for 12 years, serving 4 years of this time, 1925 to 1929 as County Attorney. I moved to Brownfield in July of 1934, because I thought it was a better town. The stand I take on public questions, as well as law enforcement, etc. can be easily found out.

I will appreciate your support during the campaign.

Sincerely yours, L. C. Heath.

ASKS FOR OFFICE OF COMMISSIONER

To the Citizens and Voters of Pre. 3:

WHY NOT WORK?

For the past 12 months the Federal Government working through the county and city authorities has been working on a Works Program for the people who have been receiving relief. This Program is now complete in Terry County. We have thought that our highways would receive first attention as more people would probably be benefited thereby. To this end we have all worked. The State Highway Department is now ready to finish up Highway No. 51 and then start work on Highway 84 through the county. The county is ready to furnish the machinery and their share of the money. The only thing hindering is the problem of getting the folks who are eligible to work.

We need 200 men to turn out for work. We are advised by the local relief that more than 300 people received direct relief in the month of November and we have the names in our files. We are glad that it was possible for the government to aid you in that way. Now in the new Works Program we are led to believe that anybody that has a case record filed in the local office who were being helped and has not been transferred to the Farm Resettlement Program, and are now needing work, can be put to work on these projects.

In the past few weeks we have not enough men to hardly keep these jobs open, and we can't continue but few days longer working with but a few men. If these men do not show up for work, the State Highway Department is taking out, and our road program will be set back for a number of years, also the money set up by the Federal Government to do this work will be withdrawn and given to counties who have men available and willing to work. If this should be done every avenue the government has in helping the needy will be closed and there will not be any way the state or county will have to give aid.

Perhaps some do not want to work on these jobs because you feel that you are not paid enough for your labor. This may be true. However 20c per hour is very good wages, and on the other hand the government is rendering a great service to its people in furnishing the money for this work regardless of this wage and to me anyone that is grateful for what the government has done for them in the past two years and interested in the building up of our county should be ready and anxious to work and do so at once. Personal contacts are being made by the Commissioners with the people who are eligible to work, and we hope you will do your duty and get your card so you can be placed to work in the next few days.

If there is anything you don't understand about getting assigned to work we shall be glad to help you. You may not realize just how important your service is at this time to the county. In your hands is the chance to bring several hundred thousand dollars to this county. So do not let this money get away. If the business men or county official should fail the county when an opportunity of this kind was offered it would be too bad for them. So let's all push together on this highway construction and street improvement as well as other county and school projects and bring to our county the work and the needed improvement.

Terry County Offered A Centennial Marker

The writer was over at the office of Judge R. A. Simms one day last week, and he informed us that the Texas Centennial management had offered Terry county a Centennial Marker, to be erected on the square here, in honor of Col. Frank Terry, of the Texas Rangers.

Judge Simms was busy gathering data about Terry county, its creation, organization, etc., to be used on the marker, and hoped to have it ready for the commission in a few days so that the stone may be erected before the Centennial starts in June.

Collector Has New 1936 License Plates

While the new 1936 license plates have arrived at the office of Tax-Collector Jess Smith, they cannot be sold or at least legally until April 1, this year. They are very beautiful plates, made at the Texas Penitentiary. The color scheme is black on orange. There are 1800 passenger car plates for this county; 200 commercial truck plates, and 150 farm truck plates.

Do not carry your flag at half mast.

Run Over By Tractor - Not Badly Hurt

Last Saturday afternoon, Joe Chisholm had the misfortune of being run over by one of the Chisholm Bros. John Deere tractors. Had it been equipped with lugs instead of rubber tires, Joe might have been badly hurt. As it was, he was just very sore Sunday.

It seems that some one who did not understand a tractor very well got the motor started, and accidentally got it in gear. The tractor leaped upon the sidewalk from the curb, catching Joe, and threw him to the sidewalk. It seems that one of the plows that caught Joe in the side hurt him worse than anything. The brick wall stopped the career of the tractor, and Joe crawled from under.

Joe says that it doesn't seem that the tractor was hurt one bit.

Russian Gin Buyers Visiting South Plains

A group of Russian gin machinery buyers are visiting this section of the south plains to watch the operation of "bollic" machines. They were to be in charge of a representative of one of the big gin manufacturing representatives from Dallas, but his mother became ill, and Lee O. Allen of this city was wired to look out for them and show them about.

They spent Tuesday of this week at Lubbock, looking at gin plants and visiting Tech college, and were scheduled to visit Brownfield Wed. or Thursday to watch the gin plants turn out "bollic" cotton. We failed to learn their names, but likely as not we couldn't spell them after being told.

Banks Show Best Statements on Record

The two banks of Brownfield, the Brownfield State and the First National bank, show the best condition in their history, according to their statements as of December 31, 1935, which are being published in this issue of the Herald.

We want the readers of the Herald to carefully examine these statements—that is why they are published and paid for at regular advertising rates. We are giving the readers in a brief form a few of the combined figures of the two banks herewith:

Total resources	\$1,160,513.36
Total deposits	\$1,034,422.05
Total cash & Exchange	\$900,174.07
Total loans	\$211,147.51

And Here's Another Story About Honesty

There's a big fat druggist that hangs out around the corner drug store that got jealous of all the honest people we have reported in these columns the past three weeks, and kinder lets them down. His story goes: "The hotel proprietor who returned \$176.00 to a bus passenger that stopped there to change buses, now says that if the lobby had not been full of guests, that lady would never have seen her money."

Also, "that tailor that returned the dress with a \$300.00 diamond pin on it, now says that he thought it was glass, the reason the owner got it back."

Basketball Tournam't Here Friday 24-25

A high school girl's basketball tournament will be held here beginning Friday afternoon, Jan. 24, and will be completed Saturday night, the 25. A number of neighboring cities and towns are sending their teams. Suitable trophies will be awarded winners. On the next Friday and Saturday, January 31 and Feb. 1 the senior and junior high school boys will hold a tournament at the local gym. The town as usual will be asked to help provide beds and breakfast Friday night and Saturday morning for these visitors.

Local Postoffice Shows Big Increase

Indications of recovery are reflected in the largest increase in business in the history of the Brownfield post office. Receipts for the calendar year of 1934 were \$12,066.04. Receipts for the calendar year of 1935 were \$14,354.32, an increase of \$2,288.28, or more than 20 percent over the year 1934. Stamp sales for the month of Dec. alone were \$1,898.44.

The post office business usually reflects the business of all other industries in the town, as well as the agricultural prosperity of the trade territory. It is our understanding that if all money order business could have been counted it would have run way over \$100,000.00.

Very Important to Pay Poll Tax This Year

This is certainly one of the major political campaign years in Texas, as well as the nation. Everything will be elected from constable to president of the United States. So better be prepared with a tax receipt or exemption, as the case may be.

There are many other elections that may come up including a city, school election. Then there is always the possibility of that never ending prohibition question, that is likely to come up in all counties, cities and precincts.

Pay your poll tax and be ready to cast a vote.

HURRY! HURRY!

The Herald will positively go to \$1.50 in Terry and Yoakum counties after this month. We have extended the old rate for two months in order to give all a chance to renew at the old rate, and we all hope that next fall you will be more able to pay \$1.50 than \$1.00 this fall. The rate after Jan. 31, will be \$2.00 outside these two counties. Everything entering the publication of a paper has advanced, print paper 35c per hundred since Jan. 1, and ink is taking a rise along with it. We are, like you, having to pay more for everything we eat, wear or use than we did a year ago, both in our home, and in the things we use in the office. Some have increased as much as 100 percent in price.

Mr. and Mrs. W. R. Bridges, have signed the deeds for half acre of land donated for the new Methodist church (colored), and the deeds are in the County Attorney's office, Mr. Joe J. McGowan, being prepared for recording. The colored work is moving off in a good way.

Mr. and Mrs. Batty have graciously thrown open their home for our organization until we can enter our new church, which we hope to do the week of Feb. 12, Lincoln's birthday, with a week of services and financial rally.

We are attempting to raise \$150.00 this week, which will give us a good start, and we will be giving programs, community efforts of various kinds at the home of Mrs. Batty from now on.

Come and meet with us Sunday, Sunday School at 10 and Preaching services at 11 o'clock. Also preaching Sunday night, Jan. 19.

Crop Failures in Terry County in 1934

Out of almost a quarter of a million acres of crops intended for harvest in 1934 in Terry County, Texas, about 66,000 acres failed, on account of the drought, to produce any crop worth saving, according to the preliminary figures for the 1935 Federal Farm Census released today by Director William L. Austin, Bureau of the Census, Department of Commerce. The census did not collect data concerning the amount of failure in individual crops, consequently, only the total amount of crop failure for the county is shown.

Corn and grain sorghum acreages harvested in 1934 dropped 18 percent and 54 percent, respectively, below the 1929 acreages, and production fell 25 percent and 69 percent, respectively. The 1934 production was 118,495 bushels of corn and 189,126 bushels of grain sorghums. Although the production of hay, and sorghums for forage was over 16,000 tons greater in 1934 than in 1929, it required almost 45,000 additional acres to make it so. Almost 40,000 tons of these crops were harvested in 1934.

Cattle number on January 1, 1935 show a remarkable increase over April 1 1930, despite the shortage of feed crops occasioned by the drought. The number of mules declined almost a thousand, but other classes of livestock made little change, either way. The increase in cattle amounted to 11,685 head or 85 percent, more than in 1930. Cows and heifers two years old and over, however, accounted for only 1,963, or 28 percent, of this increase.

The 1935 figures for this and similar releases for all counties and the State are preliminary and subject to revision.

BOY SCOUT MEET

The Boy Scouts of Troop 45 held a meeting Monday, January 13th for the purpose of reorganizing. The troop is starting off with the intention of going strong under the able guidance of Mr. Scott, chemistry teacher of the Brownfield High School, and his two assistants, Don King and Lee Brownfield. Sixteen boys attended this meeting. Temporary patrol leaders Claudie Gore, Bobbie Lewis, Earl Burnett and Lejune Lincoln were chosen. In the future the patrol leaders will be chosen among those who make the most advancement. There were a number of boys present who are too young to become Boy Scouts. In the near future a cub troop will be started for these boys.

A hike is planned for January 24th, and the future is pregnant with activity for this troop. It is the intention of all concerned to make 45 the best troop on the plains and under the sponsorship of the Lions and Rotary clubs this is entirely possible.

Last week's exchanges showed several papers carrying free plate matter, advertising most everything from banking to whiskey. Most anything offered free has a catch to it somewhere, and editors should know this better than anyone else. However, much of it is so cleverly disguised that many times we are caught, thinking it is pure news matter. McLean News.

Don't be too critical of your exchanges Bro. Landers. We note that you carry some four pages of syndicated stuff with plenty ads on those four pages that you don't get one penny for running. They are real advertisements too, that you pay for the privilege of running. That is all right, but don't get too free with your bricks intended for other exchanges.

A prominent Texas daily ran a big headline Sunday stating that the AAA was unpopular because it was favored by only 41 percent of the voters polled in a straw vote conducted by a newspaper syndicate. The groups polled were supposed to represent the different groups of the population of the country. We do not believe that is a fair method to determine sentiment on a single program. Let them take a poll of the farmers and then tell us how they feel about the AAA. Let them ask the poor people that have had to have help what they think about Relief. Let them ask the bankers how they liked the old RFC under the Hoover administration when hundreds of millions of dollars were lent to the big banks and insurance companies. And let them ask the big manufacturing interests how they like the Protective Tariff. Do not ask those blood sucking plutocrats what they think about the only administration that ever did anything for the poor, ask us poor people.—Anton News.

That on the day and year last aforesaid, said defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of \$1,600.00 That the reasonable annual rental value of said land is \$500.00

Plaintiff further alleges that he claims title to said premises by virtue of execution sale and deed for taxes wherein said property was sold by the State of Texas under order of court and foreclosure. That each of said defendants are claiming and asserting title to same but any claim or title they may have is inferior to the claim and title of plaintiff.

Plaintiff prays for judgment, title and possession of said premises and that his title be quieted, for general and special relief in law and in equity and costs.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Brownfield this the 17th day of December A. D. 1935

OUR 23 YEAR COLUMN

From our issue of Jan. 17, 1913: Mr. M. V. Brownfield had been interviewed by a Fort Worth paper while there, and said the outlook for cattle and crops was good in this section for 1913 despite the fact that the country was having a change in National administrations.

Miss Iva Harper was clerking at the Mercantile. We copied a long article from the Miles Messenger commending Dr. T. L. Treadaway and family on their leaving Miles for Brownfield to make their home. Dr. Treadaway had purchased the Dr. J. W. Ellis practice and office here. The Gaines County Commissioners were advertising in the Herald for bids on some road building in that county.

Mr. McGuire of Knox county married Miss Gertrude Lewis, daughter of Mr. and Mrs. J. C. Lewis, Jan. 9th. Judge Geo. W. Neill read the marriage vows.

Dee Brownfield had returned home from the east where he took treatment for facial paralysis. Burnett Bros. were feeding out several hundred head of baby beavers. Curley Gamble of Lubbock was visiting friends in Brownfield. Lee Allmon built a garage on the J. O. Jones ranch. A man from New Mexico stopping at the wagon yard had lost three head of horses since leaving home from eating frost bitten kaffir.

D. Y. Blanton and family had moved to Crosby county. Uncle Tom Holley had returned from Fort Worth, where he visited his daughter. Dr. and Mrs. J. W. Ellis and son, Herman, were leaving for Grand Saline, Texas,

where they were to make their future home. Tom and Mrs. May were rejoicing over the arrival of a baby girl. Dube Pyeatt had re-entered Cosmopolitan Business college at Dallas. Miss Lou Ella Loden of Nacogdoches had attempted to teach the Groves school, but had to resign on account of heart trouble and return home. Mr. Green Earhart of Lubbock and Miss Mattie Hamilton of the Groves community were married on the 9th by Rev. A. D. Jameson. Will Ed Harris of Roswell was visiting his sister, Mrs. Dee Brownfield and family.

Gomez News: Tom Taylor was moving a small house from Gomez to his claim in New Mexico. Mr. Williams and children of Brownwood were visiting her sister, Mrs. Oral Adams. The Williams family had decided to make Terry county their home. Odd Fellows enjoyed a supper at the hall. Bill Fulton came in during the holidays with his new bride. Primrose News: Mrs. J. W. Peeler had been visiting her sister in Colorado. Millard Ellington was in Yoakum county to receive a bunch of cattle. Lee Cowan, L. Christopher and A. W. Blankenship were deboning cattle. FRANK GIVAN LOSES MOTHER

While down flat of our back recently we received a copy of a Hannibal, Mo., daily, that gave an account of the death of Mrs. Mary S. Givan, sister of the late John W. and Martin Gordon, who ranched in this section, and mother of Frank E. and James L. of Hereford Texas, the former of which visits here often in the interest of the Gordon estates.

Mrs. Givan was 83, who had been a widow since 1912. She and her daughter Miss Mary had visited Hereford and Brownfield a time or two several years ago, at which time the writer met she and daughter. Mrs. Givan had been a member of the Christian church many years, and was a tireless worker in the Woman's Christian Temperance Union. The body was laid to rest in Hannibal.

Walter Bond was here over the week-end, visiting his parents, Mr. and Mrs. J. C. Bond. Walter has resigned his position as pharmacist with the Tahoka Drug store to take the management of a drug store belonging to a cousin, Herbert Gunter, at Claude, Texas. Mr. Gunter died a few weeks ago.

The 20 room ranch home of Jay Slaughter in Garza county, was destroyed by fire Monday, caused by a defective flue.

SOBER SAMS SAYS

"Pears as how we don't do nothin' but work in our school. Some times I can't see us gettin' anywhere.
Heard a feller say other day, "Wonder if them Seniors realize that this is their last year in B. H. S.?"
Reckon that's so, but watch 'em go from now on.
Seems as though the girls might

have waked up or somethin'. They actually won a couple from Post the other night. That reminds me, did you know we're havin' a girl's tournament the 24-25; and a boy's the 31-1. How about it?

Sam says the most popular course in our school right now is one in corridors. 75 percent of student body taking course; meets all hours of the day, and has no special teacher, notebooks or assignments. Would be more in course but not room in halls for 'em.

Why don't some smart person answer all the questions that appear in "Cubs Den" from time to time? Don't know it'd be any harm and a lot of us fellers would like to know if the answerers are smart as the askers.

Heard a lot of noise about annuals this week. Noise is like smoke; can be a lot of it without much fire.

Better to have a million friends than one enemy. Your friends don't say much of anything about you. But your enemies say plenty and ain't none of it good.

Marnar: But why do you keep on calling me Charlie? Didn't I tell you my name was Marnar?

Elray: Of course, how stupid of me. But I keep thinking this is Wednesday night.

Cannibal King: See here, what's this dish you are serving today? It tastes very much burnt.

Cook: It's fricasseeed motorcyclist. He was scorching when we caught him.

He made his speech more impressive by comparing the struggle of life with a game of football. Evangelist Crimm encouraged boys and girls to fight the game of life squarely. Although this is a difficult task, he said the glory in accomplishing your aim and the reward in reaching the goal of success and victory would be well worth the efforts put forth.

MR. BAZE SPEAKS

He encouraged the boys and girls to enter more activities the following semester and he explained about the project of improving the school campus. Mr. Baze also impressed upon the student body the value of purchasing a school annual, sponsored by the seniors, now! He suggested that the "pass word" of the school for the next week be "Have you bought your annual?"
