VOLUME THIRTY-ONE

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JANUARY 24, 1936

NUMBER 24

ANNOUNCEMENTS

MAYOR WINES ASKS FOR RE-ELECTION

We are authorized to announce that Mayor L. C. Wines is a candidate for re-election to the office of mayor of the city of Brownfield for a second term.

He asks that you examine the records of the official acts of his administration to see whether or not he has been faithful to the discharge of his duties and his promises made two years ago to the voters.

HENSON ANNOUNCING FOR SECOND TERM

I wish to take this method of announcing my candidacy for re-election as commissioner of Precinct No. 2 subject to the action of the Democratic party. In this capacity I have served for the past 12 months. I have tried in every way to serve Terry County and the people of my precinct to the very best of my ability. I appreciate the friendship and

support of so many of the people and I assure you that I will appreciate your continued influence and support in my effort to serve you again.

I am yours for an economical administration,
Geo. W. Henson.

TILSON'S FIRST PLUNGE IN POLITICS

To the Voters of Precinct No. 3: After careful consideration I wish to announce my candidacy for the office of Commissioner of Precinct No. 3.

I have given the duties of commissioner close study and feel that I am qualified to fill this office in such a manner as to be of service to all.

I have lived in this precinct five years, during which time, I have become familiar with the needs of the people. If elected, I will serve every one to the best of my ability.

I shall appreciate your support and influence.

Sincerely yours,
W. R. (Bill) Tilson.

Grand Jury Only in Session This Week

The Terry county grand jury went in session Monday morning, being empaneled by Judge Gordon B. McGuire of Lamesa, who is our district judge. It was put under the charge of the district attorney for council and advice.

At the time we go to press, nothing has been given out concerning how many bills of indictment have been returned, nor their nature. Perhaps we can make a report by this time next week.

The first week of petit jurors will be called next week, whether to hand civil or criminal cases, we have not learned. We understand that all liquor cases will be tried in county court from now on, as they are classed as misdemeanors, with a fine and jail sentence if found guilty.

Of course this does not apply to cases where people are caught driving a car while drunk. That is still a criminal offense and will be tried in district court.

To the Patrons of Brownfield Postoffice

Beginning Saturday, February 1, 1936 and continuing thereafter, the post office will close at 12 o'clock noon and remain closed the rest of the day, by authorization of the Post-office Department.

It is believed that the Saturday afternoon closing will be more satisfactory and cause less confusion than closing the office any other day of the week. All first and second class offices all over the country observe Saturday afternoon closing.

Rural and Star Route service will not be affected by this closing, and patrons of these routes are urged to co-operate with the Postoffice Department and purchase supplies from the carriers on the routes. Any postal transactions may be handled thru the rural and star carriers the same as through the post office.

Rural patrons should consult their carriers for any information with which they are not familiar.
Lela T. Toone, Postmaster.

Southwestern Life Shows Bus. Increase

Unusual conditions of the past five years have had a marked effect on the investment portfolios of life insurance companies. While few companies have increased in size, measured by total insurance in force, changes in the character of assets of some companies are apparent. A brief analysis of the balance sheet of Southwestern Life, the first of the large Texas companies to publish its annual statement, reveals a high degree of liquidity. The net liability to policyholders is less than 27 millions. Of this amount 15 millions is represented by U. S. Government bonds, cash, and the highest grade State, county, and municipal obligations, which could be sold on today's market for a million dollars more than the amount at which they are carried in the balance sheet. The remaining 15 millions is invested in first mortgage loans on Texas real estate. In addition the Company owns real estate, including its home office building, worth about 3 millions.

Five years ago Southwestern Life had only about one-ninth as much invested in bonds, but owned one-third more real estate mortgages than it does today.

The gain in insurance in force for 1935 is approximately the same as for 1934, and the Company is now larger than at any previous time in its history, with a total of 288 millions of insurance on the lives of approximately 140,000 Texas citizens. During recent years the amount of the average policy has decreased slightly. The rate of mortality for 1935 among Southwestern Life policyholders was almost the same as for the previous year. Lapses are steadily decreasing and loans against policies have remained at about the same level.

Increasing liquidity of assets has resulted in lower interest earnings, but the net return for 1935 was 4 1/2%, which the Company considers highly satisfactory under present conditions.

Interest in Basketball Tournament Grows

With entries coming in daily the basketball tournaments to be staged by the Brownfield High School promise to be the best yet held. The many beautiful trophies that are being offered to the winning teams are now on display in the show window of the Alexander drug store. They consist of cups for first, second, and consolation places, together with special cups for sportmanship and gold and silver basketballs for all-tournament teams. In addition, a cup is to be given for the winner of the junior boys basketball. These awards are for senior girls and senior boys and junior boys.

The girls tournament will be held this week end, and the boys tournament will be held on next week end. The following teams have sent in their entries for the girls tournament: Forrester, Union, Meadow, Ropes, Gomez, Tokio, Roosevelt, Klondike, and Draw. Boys teams entered so far include the following: Andrews (senior and junior), Seagraves (senior and junior), Roosevelt (both), Meadow (both), Draw (both), Gomez (both), Scudday (junior), Hunter (junior), Harmony (junior), Lahey (junior), Union (both), Tokio (both).

Collins' Big Sale Now Going on Here

Practically every article in the huge dry goods store of the Collins Dry Goods Co. is now on sale at greatly reduced prices. We have talked with several parties, not in any way connected with the store, and all are agreed that this is one of the few really bona fide reduction sales in the history of the city.

Included in this sale are many, many items that are still seasonable, or that can be carried over to next season without being in the least out of style, and they will be much cheaper than you will be able to purchase the same merchandise next season.

Most everyone that we have talked with are agreed that there is bound to be an advance in dry goods as the demand is becoming greater month after month. Factories that a year ago were running part time, are now running full time, and some even have a night shift.

Better attend this sale and anticipate your needs for months in advance. This big sale is to clear the shelves for new spring goods that will soon be arriving.

Detour signs were placed on 51 this week in the city, as the second coat of caliche is being laid, preparatory to hot topping as soon as the weather gets warm enough in the spring.

PRESIDENT'S BIRTHDAY BALL AT LEGION HALL HERE NEXT THURSDAY NIGHT

Committees Have All Been Named by the General Chairman. Tickets to Go on Sale the First Part of the Week. The Greatest Ball Yet Anticipated Here.

According to James Harley Dallas, who is general chairman of the President's Birthday Ball for Brownfield, the annual ball will take place as it has for the past three years next Thursday night, Jan. 30th, beginning at about nine o'clock, and last as long as most people will want to stay with it. At or near nine o'clock, a radio will be tuned in for President Roosevelt's annual address to those who contribute in any way to this worthy cause.

As it was last year, so will it be this year 70 percent of the proceeds will be retained locally, after actual expenses are paid, to be used in any way local charitable committees think best, and 30 percent will go to the national fund for the upkeep of the Warm Springs, Ga. memorial hospital, that is sponsored by President Roosevelt for the treatment of Infantile Paralysis, and part will go into a fund now maintained for study and experiment of noted chemists and physicians for the cure of that dreaded disease. As the reader probably knows, the President once had the disease himself, when he was about 40 years of age, which left his lower limbs in a weakened condition.

The first balls and other entertainment held over the United States toward promoting this act of charity, were held in 1934 in the President's birthday, at which nearly a million dollars was realized. Last year's efforts produced a little more than a million and it is hoped to go to that figure this year. Great progress has been made by science and medicine in the last few years toward immunizing children as well as the treatment of the disease after it was developed. While the central part of the United States escaped any bad outbreak of the disease last year it hit the eastern seaboard section very hard so hard indeed that a great national meeting of Boy Scouts to be held in Washing-

ton, D. C. was called off. Mrs. Voncile Simmons has graciously consented to organize a local orchestra with a few extra musicians from other towns to help, and they promise and we are sure they will deliver some mighty good music. The dance is to be held at the American Legion hall, the boys kindly consenting for it to be held there. Other committees named by Mr. Dallas, are as follows:

Publicity: Jack Stricklin, Sr., Earl E. Jones, M. L. H. Baze. Ticket Sales: Glenn Webber, Jim Graves, R. L. Lewis. (Tickets will be on sale at the Palace Drug, Corner Drug, Alexander Drug, and also the First National Bank and Brownfield State).

Ballroom Arrangements: Ches Gore and the two Jack Holts. Decoration Committee: Mrs. Clyde Cave, Mrs. Ralph Carter and Mrs. L. M. Wingerd.

Floor Committee: Lee O. Allen, Mon Telford, Ned Self. Door Tenders: H. M. (Dube) Pyeatt, E. G. (Glen) Akers.

Treasurer: Spencer (Speck) Kendrick. Music: To be arranged by Mrs. Voncile Simmons.

Place: American Legion Hall, January 30th, 9-00 till ? ?

Tickets: \$1.00 couple or for stag. It is hoped that the people of Brownfield and Terry County will support this enthusiastically. Lets not only contribute our part, but lets have a big time too. It is regretted that there is not a larger place to be secured than this, but don't let that keep you away. Come and we'll get our toes stepped on together. A real floor show has been promised by the local dancing teacher, Jack Holt. A radio for the President's message has been graciously furnished by Hudgens & Knight. So come one and all! Lets go to the Birthday Ball.

Two Liquor Stores Open at Morton

According to the Morton Reporter, two liquor stores have opened in that town, which is the county seat of Cochran county, and its southeast corner joins Terry's northwest corner. So, we guess that will be the nearest oasis to Terry county, Morton being some 40 or 45 miles from Brownfield.

But hold on fellows—will it stay there—we mean liquor. Some one tried to open one at Levelland, county seat of Hockley, 32 miles north of Brownfield, but the Attorney General held that Hockley was attached to Lubbock county in 1911 when Lubbock county voted under the old local option law, and that Hockley was legally dry thereby. Well, as we understand it, Cochran was also attached to Lubbock county at the same time for judicial purposes.

Anyway, they would not allow one at Levelland, and now an election has been called in Cochran to see if the people of that county want package stores. It will be held early in February. Cochran went dry by a small majority when repeal of the Dean Law was voted on, we understand.

NFLA Secretary Makes Report to Directors

The annual meeting of the Brownfield National Farm Loan Association, which was held at Brownfield, Tuesday, January 14, was one of the best in the history of the association. T. C. Hogue, J. W. Hogue, F. W. Proctor, J. C. Johnson and W. H. Black, all of Brownfield, were elected directors of the association for the ensuing year. Mr. R. O. Black, was re-elected Secretary-Treasurer of the association for 1936.

A feature of the meeting was the reading of the financial reports of the association. The association is in the best standing since the Depression started with less than \$500.00 Federal Land Bank Loan delinquency. The Brownfield National Farm Loan Association has helped more than 500 farmers and stockmen of Terry, Yoakum and Gaines counties refinance their indebtedness on a sound basis. Since the creation of the Farm Credit Administration in May, 1933, this association has made land bank and Commissioner loans in its territory amounting to \$623,250.00.

Gets Air Mail Letter From Wrecked Plane

Burton G. Hackney, local attorney, showed us an envelope last week that came to him by air mail from Congressman George Mahon at Washington. It was among the several bags of letters on the ill fated Great Southern of the American Airways Co., which was wrecked last week between Memphis and Little Rock. The envelope showed that it was rather soiled, wrinkled and had dabs of muck from the bags over it.

The letter was postmarked at Washington at one-thirty o'clock P. M. on the 14th, and was in the wreck that night between seven and eight o'clock. The letter was retrieved, carried to Little Rock, sorted and cleaned and started again, reaching the office here in Brownfield at about ten A. M. on the 16th. So with all its ups and downs, the letter came through pretty fast, we call it. However, had there been no wreck, the letter would have reached Brownfield on the morning of the 15th instead of the 16th.

Boy Scouts to Camp At 7-Lakes Monday

The Boy Scouts of troop 45 held their weekly meeting Monday night. A hike was planned for next Friday night. Most of the boys have already packed their apparel for this affair. They will leave from the Scout Hall, Friday evening. Cub members or those who wish to be Boy Scouts and are not of age, are welcome to go.

The boys will be taken to Seven Lakes in cars. There will be a campfire ceremony, games, drill, cooking, instructions, knot tying contests, and other recreations.

The boys will be accompanied by able leaders, and we hope that none will be forced to miss this affair.

Big Fire Loss in Cotton Warehouse at Post

POST, Texas, Jan. 17.—Fire loss approximately \$90,000 was estimated today after a warehouse of Garza County Warehouse and Marketing association, together with approximately 1,500 bales of cotton burned.

Only four bales of cotton, on the outside of the building, were saved.

Rankest Weather of Season Hits Section

The most severe weather that has hit this section of the south Plains this season, blew up last Friday afternoon, the wind having changed to the northeast, and came in with a bang. Saturday morning there was considerable snow on the ground, which continued until toward noon.

Probably if the snow had not drifted, there would have been some two inches altogether, but the wind was high, and it drifted badly. There didn't seem to be any too much moisture in the snow.

Saturday, Sunday, Monday and Tuesday mornings were real cold. Mercury probably reached some 10 or 12 above zero Sunday morning. The weather has been gradually moderating since Monday.

It is reported by the dailies that the east and northeast are having some real winter there again.

Terry County to Get Good Share of Bonus

Terry county will share well in the distribution of the Soldiers Bonus, when and if it is provided, and it looks mighty like now that the time has arrived when this will take place. Terry county will according to some estimates receive \$131,000.00 and the Brownfield trade territory will likely receive enough to make the total \$225,000.00.

As stated in these columns last week, the bonus bill passed the House 356 to 59, and this week passed the Senate about 74 to 16. There were two pairs, and one not voting. Senator Connally was paired against the measure. Four Texas Congressmen voted against the bonus, being members from the big cities, Lanham of Fort Worth and Sumner of Dallas, being two of them. All west Texas members supported the bonus, as did Senator Morris Sheppard.

Infantile paralysis patients fishing at Warm Springs, Ga.

County Court to Convene February 17

The following is a list of jurors called for the County Court of Terry county which assembles here on February 17th:

- J. F. Malcolm, Brownfield
- J. L. Millsap, Meadow
- Bruce White, Brownfield
- W. M. Lewis, Brownfield
- R. L. McNutt, Brownfield
- J. R. Lindley, Brownfield
- O. F. Kruger, Brownfield
- Wood E. Johnson, Brownfield
- E. C. Willis, Brownfield
- Hardin Joyce, Brownfield
- Hugh Hulse, Lahey
- C. R. Warren, Brownfield
- J. W. Hogue, Brownfield
- W. O. Hart, Brownfield
- J. D. Akers, Brownfield
- J. V. Hart, Meadow
- E. L. Redford, Brownfield

New Dairy Starting Up Here This Week

Mr. R. A. Pittman, recently of Childress, has leased the old Goodpasture place, where he will start his dairy to be known as the Pittman Dairy. He says that while he is delivering some milk now, he hopes to be started in earnest in a few weeks.

This place has a good house and barn, the latter of which can be added to, and some 44 acres of land, which will be planted to feed and sudan for grazing. Mr. Pittman had one year in the Animal Husbandry department of the A. & M. college, and has spent many years with his father in the dairy business in Childress.

Note his ad in this issue of the Herald.

MEADOW LADY PASSES

Rites were read at 11 o'clock Monday morning at Missionary Baptist church at Meadow for Mrs. C. D. McAteer, 18, of near Meadow, who died Saturday of illness resulting from childbirth three months ago.

Rev. W. K. Horn, officiated and burial was in Meadow cemetery. The husband, a farmer of one mile northeast of Meadow, the infant, the parents who live at Jayton, and several brothers and sisters survive.—Lubbock Journal.

Miss Virginia Davis, in training for nurse in the Lubbock Sanitarium, was a visitor in the Stricklin home, Sunday.

Local Drug Store Installs Nut Machine

The Alexander Drug Co., has recently installed one of the few nut serving machines in this section. Inside this clean, sanitary machine, can be found almost any kind of nut produced in the world.

The nuts are all shelled, free of foreign matter, and pieces of shells, and this machine keeps them at an even temperature so that they are always fresh and sweet.

Editor Luke Roberts Here Last Friday

Editor Luke Roberts of the Lovington, N. M. Leader, together with his wife and daughter, were visitors in our city last Friday, and while here was visiting the merchants and other business men, becoming better acquainted with his neighbors in general.

Mr. Roberts informed us that conditions were better in Lea county, New Mexico, than for several years. Cattle are bringing a good price, so is wool and lambs. Also, there is more oil development than for some three or four years, and much more promised within the next twelve months.

He reported business as very good in his city, and that more taxes are being paid than for several years.

Pairings For the Girls' Basketball Tournament

Brownfield's 5th annual girls' tournament gets off to a flying start Friday afternoon of this week when Tokio and Brownfield Junior High meet at 3:00 p. m. The second game will be between Roosevelt and Gomez; followed by Union vs Draw; Brownfield A vs Klondike. After supper Brownfield B meets Meadow and the winner of the Tokio-Jr. High game will meet the winner of the Roosevelt-Gomez game.

Hostilities will then be resumed Saturday morning at 10:00 when Ropes and Forrester tangle in the final game of the first round. In all, sixteen games will be played during the tournament.

Boy Scout Week February 7 to 13

Troops in all the towns of the South Plains Area Council are making special plans to celebrate Boy Scout Week February 7th to 13th marking the 26th Anniversary of the Boy Scout Movement in America. Throughout Boy Scout week each day will be set aside as a special day for celebration. One day will be devoted to the school, churches, home, and community. Friday evening, February 7th at 8:15 all scouts will meet together with their friends and hold the recommitment to the Scout Oath and rededicate themselves to living up to the Scout Law. During the week a special parent-night program is planned by each troop and a large number of people are expected to attend these meetings.

President's Son to Drill Test in Yoakum

FORT WORTH, Jan. 20.—Elliott Roosevelt, son of the President, has become interested in the oil business and will be associated with Lou Stogner, of Amarillo and Fort Worth in the drilling of the Roosevelt and Stogner No. 1 Roosevelt in Yoakum County. The Yoakum County wildcat test is to be drilled in section 215, block D, John H. Gibson survey, north of Plains on a block of acreage owned in fee by Mr. and Mrs. Roosevelt. It is 20 miles northwest of C. J. (Red) Davidson and Honolulu Oil Company No. 1 Bennett which is shut down at 5,090 feet with 4,000 feet of oil in the hole.

This ranch is owned by the mother of Mrs. Roosevelt.

Public Address Amplifier Installed in School

The Brownfield Parent-Teacher Association has again scored in its progressive efforts with the schools this year by lending its assistance in the establishing of a public address system, working with the athletic department. The amplifier will be in use throughout the basketball tournament and will then be used in the auditorium. It will develop 50-watt power and is said to be the best in amplifiers and speaking system.

The price has been brought down in the reach of smaller schools, and thus with small expense the local schools are enabled to have the use of the system.

State Dept. Asks For Trees Along Hiways

Mr. Holden, chief of highway beautification in Terry and eighteen other adjoining counties has recently been in Brownfield asking for at least five hundred trees for planting along our new paved highway between here and Lubbock. Other towns in the district such as Tahoka and Lubbock have already donated money for their trees. The highway department tends to the work of putting out and watering the trees furnished, and it is understood that a pumping plant will be established here for the purpose of watering them.

Civic organizations of the city will sponsor a tag day, Saturday, February 1st, for the purpose of raising money to buy these trees. Ten, fifteen, or twenty-five cents will buy a tree for our highway.

Won't you buy at least one tree on that day?

CARD OF THANKS

We wish to express our deepest appreciation to all those who remembered us in any way in our recent bereavement.

Jesse Hamilton.
Anne Hamilton.
Chock Hamilton.
Mrs. Addie Isbell.
Mrs. Allie Ridgeway.

CARD OF THANKS

We wish to thank our friends for every kindness shown us at the death of our son, brother and nephew, Shelby Holgate.

Mr. and Mrs. Robt. Holgate, May, Louise, Bob, Phillis and Zellica Holgate; Mr. and Mrs. Simon Holgate, and Mr. and Mrs. Tom Glover.

ATKINS-KNIGHT

Mr. Ray Atkins and Miss Ruth Knight of the Scudday community were united in marriage on the night of January 11, at the home of G. W. Chisholm, with J. R. Chisholm officiating. We wish for them many happy years of married life.

HOURS FOR MEALS

A farmer, who went to a large city to see the sights, engaged a room at a hotel, and before retiring asked the clerk about the hours for meals. "We have breakfast from 7 to 11, dinner from 12 to 3, and supper from 6 to 8," explained the clerk. "Look here," inquired the farmer in surprise, "what time am I goin' to have to see the town?"

Another question for that portion of the nation's press that cater to the big manufacturers. Who will get the refund on the \$300,000,000 refund process tax? Will the buyer—the consumer benefit from a lower price by this refund? We await their answer.

Lots of automobile wrecks are caused by two head-strong drivers disputing who has the right-of-way, and such a person will soon find that the other driver does not always agree with him. And, sometimes, as Editor Smith of the Lamesa Reporter puts it, the other fellow might have a truck.

Volume 1, numbers 1 and 2 of the Morton Reporter have reached our desk, and we are glad to exchange, as we find our exchange from our neighboring county to our northwest to be full of good reading matter. The new paper is being issued by E. F. Huntsucker & Son, former publishers of the Amherst Argus.

Congressman Geo. Mahon believes that an agricultural schedule can be fixed up to take the place of the AAA declared unconstitutional by the U. S. Supreme Court. One on the order of a law to conserve the fertility of the soil seems to meet the approval of most farm section legislators, and they believe it will stand up in a test before the courts.

Our interesting exchange, the Texas Weekly thinks it is perfectly alright to tax imports to help the poor "Infant Industries" of America, but thinks it the proper thing to do is let our farmers raise products to the saturation point and sell on a market in which the price has been set by the buyer. Indeed, some seem to think that a bare existence, with no educa-

tion for their children, is good enough for farmers. This nation will never exist with a few thousand Lords and 50,000,000 Serfs.

Buy a 10c tag Sat., February 1, and put a tree on the highway.

The crash of the big air liner, Southern, last week, shows that air travel is yet far from safe. But, there is little doubt that the disaster will play much of a hand in decreasing this mode of travel in America. But in comparison to the number that travel safely on railways, or even buses, with mileage of each compared, air travel shows up to be a very disastrous competitor.

Some of our exchanges have spoken out of late about the careless driving

and stopping of school buses. One or two come to Brownfield each school morning from some of the rural districts that cut corners to the fare-you-well. One so badly cut a corner at the juncture of highway 51 and Broadway this week that it forced a lady driving a car almost up in a man's yard. The school bus drivers are entitled to half the street or highway—no more, and are subject to traffic rules the same as other drivers.

We are thinking seriously of starting a daily. Last week, old Sharley Shurnal Guy attacked us three times in his Ambulance, and not being satisfied, turned the Old Shurnal on us in one issue. That condition makes it about as fair and consistent as a man with an old fashion muzzle loading squirrel rifle trying to fight a nest of machine guns. But when our old rifle does crack, there is some meat for the pot. And say Chaz., we no longer have the gout—entirely well—wearing our own shoes, and they are not split Andyfied, on the side. Why, CAG, or is it KEG, CAN or BOTTLE, we can now cave in a bull's ribs with either foot, without batting an eye.

An English commentator says that America is ruled by nine old men. They are the end of the law, alright, and few laws that are passed by an administration to which a majority of them are opposed politically seems able to stand up. Most of these fine old men are now in their dotage, and were appointed to this life office by presidents long since dead. However, the Herald cannot go to the extreme of Osler and say that all men over 40 should be killed off. But the Herald does take the position that men with the average age of the members of the U. S. supreme court, who mix little with the common run of people, and are therefore ignorant, perhaps, of the suffering that the common run of people have gone through with in the last five years, and especially farm people before the advent of the AAA, are not best suited to pass on

emergency laws to meet emergency demands.

He lived a very simple life, didn't drink or smoke or chew; he never deigned to take a wife, for girls were all taboo. He didn't stay out late at night; didn't gamble, dance or swear; disdained temptations and delight, and theatres could not bear. Oh yes, he said "gosh" now and then, and sometimes "dern"—no more. He lived to be one hundred ten—What for? we ask, what for? —Marko (maybe Polo) in Clarendon Leader.

An Amarillo pupil who had never been in the country before, was being shown through the zoo. A bright youth of 15 years and a high school senior, he was making a list of the birds as the teacher explained the names, origins, habits, etc. "Now this nervous little fellow is a skylark," she said. The pupil looked up in wonderment and blurted out: "Hell I thought a skylark was a cocktail party on an airplane!"—Clarendon Leader.

The battle cry of the Republicans in the forthcoming campaign will be, "preserve the constitution." While the farmers and the laboring class of people will cry, "give us an opportunity." The voter must decide which is the more important. A down-trodden people will have little regard for a constitution, be it ever so sacred, that does not afford them opportunity to provide their families with something to eat while millionaires are being created at their expense.—State Line Tribune.

The holiest thing alive is a good mother. The holiest calling is motherhood. To degrade and debase her sacred calling debases the mother herself. We trust that boys and girls in the hurry of the age to live fast lives which seem to influence the youth of today will not forget this. If you do not realize that mother is your best friend now, you will some day, but perhaps after her cold body has been laid under the sod and sorrow and disappointments assail you.—Rochester Reporter.

Hardly a week passes that Arthur Brisbane, noted writer for Hearst and other newspapers, does not burst out a flood of crocodile tears about the millions of little pigs that were destroyed and even for that were never farrowed, as a part of the AAA program. Just why it should be any worse for little pigs to die than big ones for the welfare of humanity is too deep for us. And what obligation farmers could have to raise pigs and sell them at a loss to somebody else is another problem to intricate for our simple mind. Mr. Brisbane should save his sympathy; we have never heard of a pig complain and the farmers were satisfied.—Ralls Banner.

"We will not retreat," was the campaign cry of President Roosevelt at the Jackson Day dinner. The President had reference to the ground which had been gained since he took office in March, 1933, at a time when the nation was almost at a point of collapse. Those who are condemning the President today were the loudest in their appeal for the President to save the nation at that time. The opponents to the administration offer no solution, excepting a program of criticism. While many of the drastic acts of the present administration have been declared unconstitutional, the laws were passed under the stress of necessity and a public demand that action be taken. To have refused to step out along new and untrodden paths would have meant disaster in this nation. The President is a fighter today the same as he was when he took the oath of office. He is in charge of his own campaign for re-election and will call upon his opponents to discuss measures instead of theories.—Clarendon News.

The United States Chamber of Commerce steps out in opposition to any form of production control on the farm. As we all know, the membership of this organization is made up of big business men who would like to see cheap agricultural products again. In other words they would like to see more cotton, wheat, corn, rye, hogs, etc., than we know what to do with produced in this country then they could bring the farmer under their subjection, and again make a peon out of him, and enrich their coffers out of his labor. Of course that is their business and it is also the farmers business to cut down on production to see that he does not do this very thing. Farmers should cooperate and hold production in line with demand and the price will take care of itself. If there is a big carry over of cotton and wheat for instance from the previous year, cut down on wheat and cotton acreage and keep supply balanced with demand, and if this is done, pretty good prices will prevail. But just as long as we lay our ears back and plant the whole country in cotton and wheat, year in and year out, regardless of carry-over we are going to keep the market channels clogged up.—Lockney Beacon

If oil activity increases very much to the southwest of us, Brownfield is going to get quite a little boom all its own. Several Lubbock business and professional firms are eying the situation and are planning to open offices in the Terry county capital. (Note to Andy Jack Stricklin, fighting, gouty Lone Wolf of the Terry County Herald: Don't say we

didn't warn yuh, Cap'n!)—Lubbock Journal.

Old Sharley thought he was putting something over on this old kintry editor when he penned the above. Just above the quotation old Charley said in substance: "Down in east and central Texas they speak of the south-plains, panhandle section as the Lubbock country." He knew that a half dozen south plains editors, including yours truly would be on him like a hen on a Junebug, and added the squib about Brownfield is an after thought. Why Sharley, you old "second story" humbug, more east Texas people know where the Bennett well is over in Yoakum county, than know where Lubbock is.

Andy Stricklin that mighty good editor of the Brownfield, Terry County Herald invites us over to visit him in a cordial invitation in last week's paper. He says "Come on over 'Jawn' and meet a good little burg." And that sounded pretty nice to us, until we happened to remember that Andy pushes a mighty wicked "little pen" in that "little burg," and there just might be a hidden meaning in the synonyms little burg and say Littlefield. However, I guess it's alright, as Andy usually gives his undivided attention to the editor of that northern suburb of Slaton's. If we ever get this prohibition thing settled over here, I'm going to send invitations to both Brownfield and Lubbock and invite two editors over, show them a real town, and make them feel bad. But separately, mind you, separately.—County-Wide News (Littlefield).

To save expenses of two meals and appetizers, "Jawn," you may, for our part, have us both on the same day, but if Sharley gets there first, and you hear us knock on the door, hurry him into a closet before you open the door for us; you've seen it done in the movies, when a big bad wolf came and the timid were hidden in the closets. But warn him not to go to sleep and snore.

ORDER OF SALE

In the United States District Court for the Western District of Texas, Waco Division. No. 236 in Equity.
J. M. Hubbert

vs.
Temple Trust Company.

Notice is hereby given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Mrs. R. R. White, a feme sole, the following described land and premises, to-wit:

Being 320 acres, being the North one-half (N 1/2) of Section Eighty (80) in Block 4-X, Certificate 1274, E. L. & R. R. Ry. Company Survey situated in Terry County, Texas, and all improvements thereon, being the same property sold and conveyed by Jack Atkins and wife, Clara Atkins, to T. D. Roberts, by Warranty Deed dated February 19, 1924, recorded in Volume 5, File Register, Terry County Clerk's office, Terry County, Texas.

And said application further recites that the said Mrs. R. R. White holds claims evidencing the indebtedness secured by first mortgages against each tract, and that said indebtedness, together with the taxes due thereon exceed the value of said lands under present conditions and the undersigned prays the court for an order authorizing him to sell and convey to the said Mrs. R. R. White each tract of land above described, and for a consideration of One Dollar and other good and valuable consideration paid, for the purpose of vesting legal titles to said tracts of land in the said Mrs. R. R. White.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said court, after this notice shall have been published for a period of ten days and any person interested in said Receivership Estate may contest this application.

WITNESS my hand at Temple, Texas, this the 22nd day of December A. D. 1935.
H. C. Glenn, as Receiver for Temple Trust Company.
24c Temple, Texas.

1936 Political Calendar Important For Texas

The new year inaugurated another "open season" of politics, with observers predicting that 1936 will prove an historic election year. A political calendar for Texas for the new year follows:

- Jan. 31.—Last day for paying poll taxes.
- May 2.—Democratic primary conventions to name delegates to county conventions, for ultimate selection of Democratic national conventions delegates.
- May 5.—Democratic county conventions.
- May 26.—State conventions to nominate, and perhaps instruct, delegates to Democratic national convention.
- June 1.—Last day for candidates to file applications for place on primary ballot for state and district offices.
- June 8.—State Democratic Executive Committee meets at Austin and prepares first primary ballot, and selects September convention city.
- June 13.—Deadline for filing by candidates for county offices.
- June 15.—County executive committee prepares ballot.
- June 25-July 1.—First campaign expense accounts must be filed.
- July 5.—Absentee voting by mail or persons to be away on election day

- starts.
- July 13-17.—Second campaign expense report.
- July 22.—Last day for absentee voting in person, in first primary.
- July 23.—Last day for absentee mail voting.
- July 25.—First primary Precinct conventions held.
- July 26.—Election judges shall deliver returns to county chairman.
- July 27.—County executive committee shall canvass returns; or if not filed, shall meet not later than Aug. 1.
- July 25-28.—Third campaign expense statement.
- Aug. 1.—County conventions held to elect state delegates.
- Aug. 2.—Absentee voting begins by mail.
- Aug. 4.—Final campaign expense statements of those nominated in July.
- Aug. 7.—Absentee voting begins by persons expecting to be absent.
- Aug. 10.—State executive committee canvasses returns of first primary and certifies candidates in runoff primary in August.
- Aug. 10.—Campaign expense statement, second primary.
- Aug. 24-Sept. 1.—Final expense report of second primary.
- Sept. 7.—State executive committee canvasses returns of second primary.
- Sept. 8.—State convention meets, declares party nominees, adopts party platform.
- Sept. 21.—Last day for independent and non-partisan candidates to file for general election.
- Oct. 14.—State executive committee certifies candidates to Secretary of State for official general election ballot.
- Oct. 14.—Absentee voting by mail begins for general election.
- Oct. 19.—Absentee voting begins for those expecting to be absent on general election day.
- Oct. 31.—Absentee voting ends.
- Nov. 3.—General election day.
- Nov. 6.—Election officials certify returns of general election.
- Nov. 18.—State Election Board canvasses returns of general election for state office.
- Nov. 23.—State Election Board certifies election of presidential electors.
- Clip this and file it away as it will not be published again.

Gomez Gossip

The Singing Convention was well attended not only by local people but by visitors as well. Among the most interesting numbers on the program was a vocal solo by little Mr. Ted White and a musical saw solo by Supt. M. L. H. Baze, both of Brownfield.

Mr. and Mrs. A. A. Harkins Jr. were guests of Mr. Thos. S. Doss and children, Sunday.

Mr. and Mrs. W. T. Simmons and children visited their daughter, Mr. and Mrs. Wilbur Sedgwick during the week-end.

Mr. and Mrs. Kellie Sears and sons were guests in the C. J. McLeRoy home Sunday.

Mr. and Mrs. R. H. Franklin and family attended the funeral services of his aunt, Mrs. J. T. Hamilton, at Brownfield last Saturday.

Messrs J. R. Smith and John Machen were business visitors in Lubbock, Monday.

Mesdames Kenneth Furr and Loyd McNabb were joint hostesses in the home of Mrs. Richard Whitley on Thursday evening of last week to the Live-And-Learn Leaders Club. After an enjoyable evening of discussions and games, refreshments were served to some twenty members and visitors.

Mr. and Mrs. Henry Cargill and family visited relatives at Tokio during the week-end.

Mr. and Mrs. A. P. Daugherty and family visited their daughter in the

Lahey community Sunday.

Mr. and Mrs. E. F. Drury and family moved to Abilene last week.

Mr. and Mrs. J. M. Green are moving to Seadway this week.

Mr. and Mrs. C. H. Vest and family plan to make Brownfield their new home, beginning this week.

We regret to lose these fine families from our midst but wish them well in their new locations.

Rev. J. H. McLeod will hold his regular appointment at the Baptist church Sunday morning and evening. You are invited to come and hear him.

The farmers of the community met

DIMPLED BLISS

"He's just a wee, small fellow, a lovely bit of dimpled bliss. He lives entirely on milk from the Brownfield Dairy. Brownfield Dairy milk will surely keep him straight on the road to health and happiness."

Brownfield Dairy

Good Gas With Dependable Service

LET'S MEASURE UP STRAIGHT

on your winter gasoline

If you work your starter only eight or ten times a day, from now till March 21st, that will be 400 to 500 starts altogether. Let's say you only cut your time in half on each start, using Winter Blend Conoco Bronze gasoline. Even so, that's something like saving your battery 250 starts before next Spring!

Right there Conoco Bronze might easily save you the price of a battery, or the fuss and expense of re-charging. Besides, you choke less, with Conoco Bronze, so you will not waste gasoline, or risk the life of your engine. And neither will your oil get so thin that you change it too often—another good saving.

Now Conoco Bronze costs you only the same as a gasoline you might buy for no special reason at all. Then isn't this a fair request: test a tankful of sure-start Conoco Bronze. Continental Oil Company, Established 1875

Fresh Cat Fish—Dressed Hens

in the school auditorium Monday evening of this week for the discussion of farm problems of current interest.

Don't forget the Amateur Program sponsored by the local P. T. A. tonight.

THIS WEEK IN TEXAS HISTORY

- Week of January 19**
- 1824—To introduce a more uniform system, Stephen F. Austin published a set of "Instructions and Regulations for the Alcaldes" on Jan. 22. This constituted a brief civil and criminal code.
- 1836—Colonel Francis W. Johnson arrived at Refugio on Jan. 20 and informed General Houston that the council had deposed of Governor Henry Smith, and had appointed Colonel James Fannin and himself agents to raise troops and invade Mexico by taking Matamoros.
- 1858—On Jan. 20 Governor Hardin R. Runnels, in a message to the legislature, recommended that resolutions be passed declaring the sentiment of the people of Texas in regard to the aggressions being made upon institutions of the South.
- 1860—Governor Sam Houston called a special session of the state legislature on Jan. 21 for a discussion of state troubles with the Union.
- Trees to be placed on our highways will not cost anyone very much. Elms, we understand are to be purchased from the local nursery, and the mulberries and Russian olives from a Lubbock firm. When you are tagged next Saturday, contribute liberally. Let's dress up for Centennial year.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Tokio Topics

The Tokio boys basketball team played the Brownfield juniors at Brownfield Friday afternoon. Tokio was victorious 10-1.

The girls played Gomez on the local court and were also victorians. We are proud of our ball teams and hope they continue to be winners.

Mr. and Mrs. Claude Merritt visited Mrs. Merritt's parents at Bledsoe, Texas last Sunday.

The farmers of Tokio were proud of the snow that fell Friday night and Saturday, although some of them still have feed and cotton in the field.

Wesley Day and Haywood Smith were visitors in Brownfield Saturday.

Elevyn McCan, little daughter of Mr. and Mrs. O. C. McCan passed away January 15, here. We wish to extend our sympathy to the bereaved.

Mr. Carrol Willmuth made a business trip to Ralls Wednesday of last week.

Mr. and Mrs. Gwen Casey visited in Brownfield, Friday night and Saturday.

Mrs. Clay Duffey and Mrs. C. L. Merritt are ill with the mumps. We wish them a speedy recovery.

Those who attended the Gomez singing convention from Tokio were: Mrs. W. B. Martin and children, Hayden and Burl Kemp, Mr. and Mrs. W. F. Upton and family, E. J. Pair, Raymond Hodges, J. T. Pippin and daughters, Mrs. Gouldin and Romie Lee, Mr. J. M. Young. All reported good singing and an enjoyable day.

A son was born to Mr. and Mrs. Hubbard, January 17.

Mr. and Mrs. Roy Taylor spent the day Monday with Mr. and Mrs. A. V. Taylor.

Buy a 10c tag Sat., February 1, and put a tree on the highway.

Needmore News

Friday night the Needmore school teachers entertained the community with a 42 party. Refreshments of cake and hot cocoa were served to the crowd after the games.

The Needmore girls and boys played the Meadow teams Friday afternoon in basketball games. The scores Meadow girls 24, Needmore 7; Meadow boys 11, Needmore 9. But we're still boosting for you boys and girls.

Mr. Harvel the Needmore principal has been ill with the flu the past week, but is able to be back in the school room now.

Miss Marjorie McDonald and brother, Junior, are visiting with Mr. and Mrs. M. H. Bennett of Needmore and Mr. and Mrs. Vernon Whitaker of Challis.

Mrs. A. J. Jordan and daughter, Ida Belle spent the day Wednesday with Mrs. M. Y. Bennett.

Mr. and Mrs. A. D. McDonald visited in Oklahoma last week.

Misses Ida Belle and Christine Jordan and Elmer McCutcheon and Preston Adams spent the afternoon in the home of Mr. and Mrs. Earl McCutcheon of Brownfield last Sunday.

Mr. A. L. Brown accompanied Mr. Jess Lewis of Challis to Norman, Oklahoma where he visited with his 2 daughters and their families. Mr. Lewis also visited relatives near there.

Miss Melba Jo Stevenson spent the night with Miss Hazel Sterling last Wednesday night.

Mr. and Mrs. Arthur McDonald spent the day last Sunday in the home of Mr. and Mrs. Johnnie McDonald of Forrester.

Mr. and Mrs. S. B. McCutcheon, Jr. and Lorene McCutcheon and Lorin and Berl Brown visited with Mr. and Mrs. J. C. Crowover last Sunday.

Mrs. M. Y. Bennett had the misfortune of completely wrecking the wringer on her new washing machine.

Mr. and Mrs. Don Tucker spent the night Saturday with her parents, Mr. and Mrs. S. B. McCutcheon and left early Sunday morning for Amarillo.

Mr. and Mrs. Jerry Stuart visited last Sunday with her parents Mr. and Mrs. C. C. Bennett.

ALL TOWNS TO BE GIVEN CENTENNIAL DAY

DALLAS, Texas.—A general invitation to every city and town in Texas to name its own date for a special day at the Texas Centennial Exposition has been made by General Manager William A. Webb. He will write the mayor of every Texas town with a population of over 2,500 people asking him to designate a special Exposition day for their town between June 6 and November 29.

Each town is invited to arrange a special program either with band, orchestra or other entertainment talent. Radio facilities will be provided them at the Exposition. An auditorium will be built for these broadcasts and the special-day entertainments and programs.

In connection with this invitation General Manager Webb announces every Tuesday during the Exposition period will be Children's Day. On Tuesdays all children under the age of 12 years will be admitted to the Exposition for five cents. Every concession's admission price will be reduced to a nickel for the youngsters.

Special days also will be arranged for various sections of Texas, according to Regional Chamber of Commerce groupings. West Texas Day has been set for October 3rd, when Texas Tech will pay football in the Exposition Stadium. Days will be set later for South Texas and East Texas.

Cub Reporter Con't

For lack of space last week the two following articles had to be left out of the Cub Reporter column.

THINGS I DIDN'T KNOW UNTIL I WAS 6 MONTHS OLD

That shoelaces get their name from being laces for the shoe. This is not to be confused with cabinet pudding, which has no cabinet in it.

That eminent scientists have discovered that the sparrow flies through the air because it has wings. A dog will also fly if you take him up in an airplane.

That in Florida, California, and other places where there is an abundance of sunshine, if you don't wind your watch regularly it will run down. This will also happen in climates where there is little sunshine.

That a college professor in Budapest has discovered that he cannot find out where the material goes when you get a hole in your sock.

That in Holland, when a man and woman marry they are considered by everyone as man and wife.

THE MAN WITH THE HOE

Does the man with the hoe
Rule the universe —
Will the labor of man
To the world be a curse?
In the world beyond
Will he find sweet rest,
If to the Master—
He gives his best?
From this world he passes
Worn from a task
"Have you finished your labor?"
The Master shall ask.
When work days are over
And he's through with his chores,
The Master will give him
A home on those shores.
He will meet the Master
With his form bent low,
And the Master will say
"You are the man with the Hoe."
—Moody Rodgers.

Jesse Hamilton of Plainview, Miss Ann Hamilton of San Angelo, and Mr. and Mrs. Isbell of Jacksboro, all attended the bedside of their mother while she was ill, and the funeral.

The Stricklin families sincerely thank Bill and Jessie Wilson of Hemet, Calif., for a large bag of evaporated apricots from their 350 acre apricot ranch. Mrs. Wilson is a sister of Mrs. Stricklin, Sr. Folks the treat was sure appreciated, and came in just right for Christmas cooking.

JUST ONE MORE CONTRAST 'TWIXT OLD DEAL AND NEW

CENTER, Mo., Dec. 16.—A 10-per cent dividend was paid to depositors of two local banks which failed in the fall of 1931, when there was no Federal Deposit Insurance law. Including today's action depositors in both banks have received total dividends of 40 per cent in four years and two months.

KEYTESVILLE Mo., Dec. 16.—G. E. Lancaster, deputy bank commissioner, today began paying the depositors of the Farmers' Bank of Keytesville which failed nine days ago. All depositors having \$5,000 or less are receiving 100 per cent of their deposits immediately, the bank having been insured under the Roosevelt deposit guarantee law which became effective January 1, 1934.

Rev. H. F. Heath of Yoakum county was over this week from Yoakum and paid the Herald a short call. He informed us that his good wife, who had the misfortune sometime back of falling and breaking her hip, is staying with their daughter at Olney, where she is near a doctor and medicine. She is reported to be doing nicely.

Mr. and Mrs. E. G. Alexander of Plainview were down last week. He still has an interest in the Alexander Drug store here as well as the two-story Alexander building next to it.

I will pay \$5.00 to anyone who will catch and hog tie the son of a pooch who is forging my name to checks and collecting money on them. The party must be positively identified. I prefer to have him tied to a tree down on the river with no spectators present. I crave to sign my name on his back—low down—with a wet rope so he will have to ride standing up.—Uncle Bill in Sterling City News-Record.

Why, Uncle Bill, you don't want to be pestering that fellow with a wet rope, what you want to do is see him and get him to split the money with you that he is obtaining on your checks. Any time a fellow can get real money on an Editor's check there should be a split coming back to the editor.—Lockney Beacon.

We lost our notes last week and failed to report that Charley Enderesen, son of Mrs. Mary Enderesen received a fractured forearm while playing basketball at Meadow week before last. This makes five fractures of bones that Charley has received, and lacks several years of being grown yet.

Mr. and Mrs. Jack Latham of Portoleros, Calif., left Sunday for their home after spending some two weeks here the guests of her parents, Mr. and Mrs. G. W. Chisholm. Mr. Latham is a railroad man.

The banks closed here Monday in honor of Robert E. Lee's birthday.

From a Reader— Advice to Our Boys

Once upon a time not long ago, here in our town, the best town in the world, for it is at home we find aged mothers working from 8:00 o'clock until 4:00 o'clock to make a scant living. Mothers that made Terry county and our town of Brownfield what it is today, one of the best that can be found in Texas, or under the stars and stripes, Mothers that have

come down the path of time without a murmur facing hardships with a smile, bringing sons and daughters to our fair land. Working from dawn until late at night singing songs of girlhood days making a home for their loved ones, longing to see the time when they could stop and rest and enjoy their homes and labors but at last their dreams have vanished and today they are working. Some stay at home, some have to leave their homes and board or buy a shack and stay in it and it is not a pleasant place to live away from the home they have worked so hard to make.

Do you young man think, that one hundred years ago that the men of Texas would have let his aged Mother done this? Don't you think that you are a very weak man? You seem to care for no one but yourself and don't try to live for anything, only have all you can get out of life no matter what it costs others. It is time to stop and think.

Who made Texas a fit place for you to live in? These Mothers who are here in our midst, and to make it still harder have to work with negroes and are told if they don't like it to get out. Is this right, do you know what is right, or do you give a — for the Mothers of our land? Some real true blood Americans, don't you think? No, you are most too dumb to think of anything but yourselves, and to make a show trying to impress others that you are more than what you are. Boy's, lets Stop, Look and Listen, and see if we are doing what we, as True Men should do. Do you know the whole world revolves around the one Little Word (HOME) that is the hub of all Industries. What the heart of man and woman is set on from birth until death, so lets move on in 1936 with one mind to save the home builders, the mothers that have to work from having to put up with too much hardships. Visit them in their work room, ask them to your homes over Saturday night and Sunday, you could take them out, bring them back and you would be doing a true Christian Act.

Do you doubt for a minute that in time past that these mothers would have failed a sick one, no, it was not too far or too cold to go. Lets wake up and be looking for some way to help, and you will find a way. Nothing done that is good will ever be lost. It will come back ten fold. It is your duty, and my duty to our country to do this.

Are you a slacker or a true soldier? Wishing one and all the best for 1936.
A TEXAN
H. B. Dawdy

NOTICE

At a meeting Wednesday night the grocery merchants voted to close their stores, starting Monday, January 27, at 7:00 o'clock p. m. week days and 10:00 o'clock p. m. Saturdays. Also there will be no more Sunday openings as they agreed to remain closed all day Sundays.

Clyde C. Coleman of this city has charge of the sale of tickets for the Scout banquet and annual meeting to be held at the Hilton Hotel, Lubbock, Jan. 28th. Sales must be closed by Saturday night, this week. Cost, 65c each.

The gum chewing girl and
The cud chewing cow
Are alike, yet different somehow;
What is the difference?
Oh! I see it now,
It's the thoughtful look
On the face of the cow.

TOWNS DO NOT DIE; THEY COMMIT SUICIDE

Take a town like Chillicothe. If grocers would handle only local products, the bakery would hire another baker and another clerk and a vacant house would be filled up.

If the printing office could have all the work that is sent out of town, it would employ two more printers instead of letting two go and two more houses would fill up.

If housewives did not buy from peddlers and mail order houses 12 clerks would be needed in the business district and six empty houses would be filled.

If townspeople did not go to neighboring cities to trade six more clerks would be needed, all vacant business buildings would be occupied and six more houses would be filled.

If the laundry were patronized by half dozen more girls and another truck driver would be employed and two more houses would have to be built.

If everybody who makes his money in his community would spend his money in his community his home town would double its population within a few years and everybody in and around it would be prosperous.—Chillicothe Valley News.

1936 RETAIL TRADE EXPECTED TO REACH 36 BILLION DOLLARS

NEW YORK, December 31.—David Owens, president of the National Retail Dry Goods Association, today predicted that if retail sales continue their present rate of increase the 1936 total may be expected to reach at least \$36,000,000,000 (billions). They touched \$49,000,000,000 (billions) in 1929, the peak year, and fell to \$25,000,000,000 (billions) in lean years.

Retailers enter the new year with optimism, Owens told the United Press. "Notwithstanding anything which may happen in Washington or in the State capitals, I believe recovery is assuredly on the way and that in 1936 the public will have more to spend and spend it more freely than in any year since the start of the depression," he said.

"I don't see why our son Jim can't find a job. The poor boy is up till 2 or 3 o'clock looking for one and he's always got a girl helping him."—The Miami Chief.

Seventy-five million cubic feet of sweet gas in the Gaines county test well this week. This is the kind that can be used for fuel, and makes that much per day.

TOWNSEND PLAN SHOWN TO BE IMPRACTICAL

The Texas Weekly has compiled some statistics that show how utterly impractical and impossible the Townsend old age pension is. The Texas Weekly says:

"The year 1929, for example, witnessed the greatest production of wealth in the United States, in dollar value, in the country's history. Indeed, the dollar value of the production of the American people that year was greater than that of the production of any similar number of people on earth in all history. And yet the amount Dr. Townsend proposes to distribute among the aged the first year of the operation of his plan is equal to more than the value of all the wheat, corn, rye, oats, and all other grains produced in the United States in that year, plus the value of all the fruits and nuts, all the vegetables, all the cotton and cottonseed, all the cattle and calves, all the hogs, all the sheep and wool, all the poultry and eggs all the milk and dairy products, all the automobiles and motor trucks, all the women's clothing, all the men's clothing, all the perfumes and cosmetics, all the beverages and all the moving pictures produced in this country in 1929."

The total value of the above is still \$118,000,000 short of the estimated sum needed to pay the pension proposed by Dr. Townsend. And it is doubtful if the total production will in the next several years reach that of 1929, which was the greatest producing year in the United States in all time.

There is not the remotest danger of a serious threat to put the Townsend plan into effect, but the ill effects of the propaganda is in holding out this hope to those who do not and will not see its impossibility. There have been cases where the aged have been so sure of getting this pension that they have deeded their property away so as to be eligible.

If the plan was in effect, it would take practically all the wages being paid to employees in the United States. It would pauperize practically all except those drawing the pensions, and there would be nobody able to pay any kind of tax to raise the pension money. It would be a tax of \$48 per month on every family in the United States, and since there are many families that cannot pay a tax, it would take all the earnings of practically all the wage earners of the nation.

It is sad to see our old people deluded with such a dream, and to see them contribute of their meager wealth to support the Townsend clubs.

THIS WEEK IN TEXAS HISTORY

By T. S. C. W. News Bureau
Jan. 16—Jan. 22

1821—On Jan. 17 Moses Austin received notice of the confirmation of his grant to found the first colony in Texas, but he did not live to carry out his plans.

1836—A second loan for \$50,000 cash was negotiated by the Texas commissioners to the U. S. These funds enabled the Texas agents to purchase supplies and keep the army together at a critical time.

1842—On Jan. 18 the first authentic information of the capture of the Santa Fe expedition was received in the Texas capital.

1844—President Sam Houston sent to the Congress of Texas his secret annexation message on Jan. 20.

1874—E. J. Davis after near-conflict, vacated the office of Governor of Texas for Richard Coke on Jan. 17.

HOOVER CLAIMS ROOSEVELT RESPONSIBLE FOR DEPRES'N

"According to Ex-President Hoover the great depression was over in June or July of 1932 and he further assured the country in the St. Louis speech that there was no panic until the imminence of Franklin D. Roosevelt's advent to the White House terrified the business community," said Senator Joseph F. Guffey of Pennsylvania in a public statement.

"The business crash was alluded to by commentators all over the world as the 'Hoover panic.' What constitutes a panic? The record shows there were more than 5,000 bank failures during Mr. Hoover's administration, about half of them after the market collapse of October, 1929. That was the period during which Mr. Hoover was constantly seeing prosperity just around the corner.

"In 1930, 1,352 banks closed their doors. Mr. Roosevelt was not nominated until two years later. In 1931 there were 2,294 bank closings. According to the Ex-President's speech, the New Deal was responsible for that although the emergency legislation was two years in the future.

"Before President Roosevelt came to the White House 5,522 banks, with deposits of more than \$3,460,000,000 had shut up shop under the Hoover regime, bringing poverty to hundreds of thousands of people whose life's saving were involved. The Ex-President mentioned casually there were 11,600,000 unemployed during the last year of his administration. Prob-

ably Mr. Roosevelt is responsible for that also.

"As a further proof of the popular misapprehension in regard to the solvency and security of the banks while he was in office, the Sage of Palo Alto adduces the circumstances of the present solidity of the financial institutions. Now most of us had the idea that it was President Roosevelt's drastic action in closing all the banks until the sound could be separated from the unsound, and until those that could be saved were braced up, that restored the solvency of the financial structure. Mr. Hoover, however tells us that they were wrongfully closed."

PHYSICAL DISORDERS AND INSANITY

—The truth of which I have become convinced in 30 years of treating mental disorders—the truth I should like to see flung far and wide until it sears the consciousness of everyone and becomes part of our daily thinking, is this: the basis of most mental disorders is physical. Locate the physical disorder; correct it if it is correctible; and the mental disorder usually corrects itself. That's a fact so obvious, that the wonder is that it needs to be stressed; but it does. —Carl W. Sawyer, M. D., in the Rotarian Magazine.

WARD SHOE SERVICE

Linen Finish Adds To Postex Products

The culmination of years of experimentation have brought forth the new linen finish Garza sheet, a product that will be accepted heartily by the housewives of the nation. This finish has been almost perfected many times but not until recently have the processes of production given such wonderful results. Mr. Jones, manager of the Postex mills, stated to a Dispatch reporter.

Not only do the sheets and pillow cases have enduring beauty but are an outstanding value for wear and durability. Housewives will instantly see the finer quality when they inspect the Garza sheets now being manufactured at the mills where one hundred and sixty employees are at regular work.

The installation of new machinery in almost every department is taking up a major portion of the day's work at this time and with the new machinery an increase in production will be noticeable.

A vacuum stripper machine has recently been installed in the cards department. This machine purifies the air and does away with the lint and dust from the cotton. About twenty workers are employed in this department.

Fourteen machines are to be replaced and forty-eight spinners are to be remodeled which will add in a great measure to the improved quality of the products. In one department one high speed winder will replace four spoolers and one high speed warper will replace six warpers. These machines are already en route from Rhode Island and Massachusetts and will be here in about two weeks.

Installation of the new machinery will consume about two or three weeks time.

Claude Pipes, new assistant manager, who took over duties here several weeks ago, is a graduate student in textile engineering from A. & M. college. He came to the Postex mills from Cleburne and has been employed in the mills in Houston, Dallas, McKinney and Waco.

The Garza products have been tested by the United States Bureau of Standards and have been declared 100 percent in all tests. The Garza products were tested along with other makes of sheets from the highest to lowest prices and stood in the top rank. Tests were made primarily in hospitals where frequent laundering is done.

Housewives over the nation can rely upon the Garza sheets to outlast any sheet while under average care. The product is made to suit almost any household coming in 6, 7, 8, 9 and 10 quarter widths. With this variance in width Garza sheets and pillow cases are in constant demand and with the new linen finish, recently added, they will please the most discriminating housekeeper.

Prospects for an increased demand and a wonderful production year are in sight and Mr. Jones and Mrs. Pipes are looking forward to one of the best years in the Mills history.—Post (Texas) Dispatch.

Try a Want Ad in the Herald

Amelia Sideswipes Old Guard Stump Speaker

According to the orthodox G O P New York Herald Tribune, the stump speech delivered by Mrs. Preston Davie, founder of the "National Republican Builders" at a Lotos Club dinner in honor of Amelia Earhart, the aviatrix, included the following:

"The women of our country must get into the fight now. I am amazed at the terrific realization among the women of our country of what is facing us and our children. They should lend every particle of their well known ability to organize to defeat the present regime. The policies of the present government at Washington are neither honorable, honest nor fine and under the existing system there is no future for the youth of the nation. The ambitions of thousands of young men are stifled by the policies of the Roosevelt Administration. The United States is going through a severe crisis, not only political and economic but spiritual. It is not humanly possible that American women can want what the Administration is giving them."

Whereupon the astonished guest of honor said: "I am sure my host, Mr. Coe, the president of the club and toastmaster, did not intend to have me or this occasion identified with partisan expression. I was unaware that politics was to be injected. With Mrs. Davie's contention that women should take an active part in political life I agree heartily. With everything else she said I disagree. Frankly, I believe the Roosevelt Administration has recognized the rights of women far more than ever did its predecessors, which too often created legislation unjust to working women. I feel, therefore, that some of the evils, so-called, which Mrs. Davie deplores are the inevitable results of the type of government she upholds."

It seemed to be the consensus of opinion amongst the greatly relieved scientists and other notables present that the famous flier's courteous report was entirely adequate.

LUKER RESIGNS TO TAKE CONSERVATION JOB

LUBBOCK, Texas, Jan. 10.—Resignation of C. Luker as vocational agriculture teacher trainer at Texas Technological college to accept a position as head of the United States Soil Conservation service training program in part of Texas, Kansas, Oklahoma, Colorado, and New Mexico, has been announced by President Bradford Knapp of the college. Headquarters will be in Amarillo.

Luker will be in charge of training project managers in methods of conducting adult education classes for farmers. The new position involves a considerable increase in salary.

Since coming to Tech two and one-half years ago, Luker has worked jointly for the college and the state department of education. Both President Knapp and A. H. Leidigh, dean of the Tech agricultural division, praised his work highly.

Progress of vocational agriculture on the South Plains owes much to Luker, who has trained many high school vocational agriculture teachers of this section and assisted in organizing vocational agriculture de-

partments in northwest Texas. Negotiations are underway to fill the vacancy at the college.

Washington Sidelights

BY MARVIN JONES
Chairman, House Committee On Agriculture.

Our tariff system makes a farm program necessary in the interest of the entire nation. Complete and permanent recovery can be had on no other basis.

No one wishes this country to sink back to the depths it had reached in 1932.

The decision of the Court in the A. A. A. case is a far-reaching one.

However, I cannot believe that a national tariff is legal and that a national farm program which merely restores the price balance cannot be made legal.

I cannot believe that the cotton farmers and the producers of other world market crops must purchase their supplies in a higher-priced protective market and that there is no constitutional means by which they may be given an even break.

The greatest fundamental in our system of government is equality in the operation of its laws.

I am sure a constitutional method of putting all our citizens on an equal footing can be found. Certainly in the interest of simple justice the effort should be made. To this task the House Committee on Agriculture is devoting its earnest attention.

Personally I favor a domestic allotment plan linked with a soil conservation and rebuilding program and also including the seeking of new and additional outlets and markets, domestic and foreign.

While proper adjustment is desirable, we should of course produce all the market will absorb, both at home and abroad.

The legislation should be broad and flexible so as to permit different plans for different commodities, thus fitting to each commodity the plan best suited to its peculiar production and marketing conditions.

Such a program will be to the advantage of both producer and consumer.

The Congress added the domestic allotment plan, the soil conservation and market expansion features to last year's legislation. However, as other plans were already in operation, these had not yet been brought into full effect. Since the domestic allotment, soil conservation and market expansion plans were not involved in the decision of the Supreme Court, these were probably not affected; but as they were linked with some of the provisions that were held invalid, it would probably be wise to carry them forward in a new act.

The domestic allotment plan is peculiarly suited to cotton and wheat, but other methods will probably be better suited to some of the other crops. No single plan would be suited to all of the different commodities.

These are merely my own views. Legislation will be worked out by the Congress to accomplish the desired end in so far as it is possible to do so within the limits set out in the decision of the Supreme Court.

Studying Cause of Mottled Teeth in This Area

"Prevalence of Mottled Teeth in Texas" is the subject of research being conducted by the foods and nutrition department of the home economics division at Texas Technological college. Results of the investigation, which will stress conditions in West Texas, probably will be made available in printed form before the end of this school year. Dr. Cecilia Schuck, who is in charge of the work, said.

The wide prevalence of mottled enamel in West Texas is recognized by authorities as a serious problem. According to a statement in a report of the United States Public Health Service, "The Panhandle-West Texas region constitutes the largest mottled enamel area in the United States." The report also states that this dental defect is common in an area of unknown size in east central Texas between Austin and Dallas. "Mottled enamel appears to be attributable to a toxic effect of fluorine and is associated with high fluoride

content of drinking water," Dr. Schuck said, adding that the harmful effects apparently occur sometime between birth and the twelfth year. She pointed out that since all individuals similarly exposed are not affected alike, other factors may be involved.

The study being made at the college includes a survey of the prevalence of mottled teeth among Tech students, a record of their places of residence before their twelfth year, plans for interviews with local dentists and those of nearby towns, and plans for an intensive study of groups of children in some Lubbock public schools.

"It is hoped that the investigation will bear fruit in the form of an increased consciousness of the seriousness of the situation and an added knowledge that may be of aid to those who are attempting to consider the problem of mottled enamel in this section," Dr. Schuck said.

UNION X-RAYS

Mr. and Mrs. W. E. Fielder, who have been in ill health for some time, have moved to south Texas where they hope to regain their health, in a sunnier and warmer climate. They have the best wishes of their host of friends and relatives for a complete and speedy recovery.

Miss Bessie Johnson, who is attending Wayland College, spent the week end with her parents, Mr. and Mrs. J. C. Johnson.

Mr. and Mrs. W. T. Perkins made a trip to Jayton and Peacock last week, looking after their business interests

in Stonewall and Kent counties. They report business conditions good in that locality, with bright prospects for continued improvement.

Miss Stone has returned to her home at Quitaque, after a visit since the holidays, with her aunt, Mrs. J. C. Johnson.

Quite a number of people of this community have been attending the revival services conducted by Evangelist B. B. Crimm, at Brownfield.

Mr. and Mrs. L. C. Walsler have moved to the W. T. Perkins farm, where L. C. will assume the responsibility of "pushing" the Perkins tractor this year.

School has reopened, after being closed for two weeks due to extensive remodeling of the building and building on the school building. Satisfactory progress is being made on this work, the entire second story having been torn down and things are pretty badly "messed up"—to quote Amos 'n Andy.

A carbide lighting system is being installed at the Baptist church. Once upon a time the Lord said "Let there be light," and soon there will be light at our church.

There is some moving taking place in this community, though not as much as usual at this season of the year. We extend a hearty welcome to the new families in our midst.

Union is the best place to live—Come to Union.

Mr. and Mrs. L. F. Hudgens were visitors in our city Sunday. They and Mr. and Mrs. Kyle Graves visited Pecos Sunday afternoon, returning Monday.

WELLMAN P. T. A.

The Wellman P. T. A. takes this means of thanking the people and places of business of Seagraves, Wellman and Brownfield for their cooperation in the success of our Carnival and Country Store, Fri. night, January 17. Especially do we wish to thank the following places of business.

Seagraves: Herne & Son, Red & White Gro., Hagood Variety Store, Seagraves Hdq. Co., Gulf Refining

Co., Ford Motor Co., Sanitary Barber Shop, Hudson Filling Station, Seagraves Salvage, Lee's Service Station, M. & E. Cafe, Gaines Co. Mercantile, Thornton Pharmacy, Black's Food Store, W. T. Morris Beauty Shop, Shephard & Webb, Barber shop on north side and the Lorenz Tailoring.

Brownfield: Every place of business contributed

Wellman: Mr. Reaer and Mr. Pendleton.

P. T. A. Publicity Agent, Velma McClish.

COME...and have the Time of your Life

for a Great Cause

Come to the Birthday Ball for the President on January 30th. It will be an evening of gaiety, entertainment and fun that you'll never forget. And no evening will ever be more pleasant and more helpful, for the entire proceeds of this great nation-wide party will be used to fight infantile paralysis. Come enjoy yourselves and help give joy to others.

Remember seventy percent of the funds go to the community in which they are raised—thirty percent to the Warm Springs Foundation to pay for hospital equipment, treatments and to carry on the great research work already under way.

One of the great firms of this city has generously bought this space as part of their contribution to this great cause.

So fill out the coupon below right now—mail it with your check to the Committee for the Birthday Ball for the President in your community and remember there's fun to be had and good to be done the night of January 30th.

TICKETS FOR BIRTHDAY BALL COUPON

James H. Dallas, Gen. Chairman

Please send me _____ tickets to the Birthday Ball for the President at \$ _____ each for which I enclose check (or money order) for \$ _____

Name _____

Address _____

Make all checks payable to chairman, Birthday Ball Committee. Order 2, 4, 6 or 10 as many as you wish—and if you cannot use them give them to some deserving friends.

OUR 23 YEAR COLUMN

Issue of Jan. 24, 1913: There was a considerable writeup on the first page of the *Borderland Route* through here from Washington and New York to San Diego, Calif. Effort was being made especially to advertise it as a favorite continental winter route, when snow drifts on the routes farther north made them impracticable to travel. A good road was being talked between here and Lubbock. While dry, except liquor that was shipped in, the Commissioners Court of Yoakum county had ordered a local option election to be held on the 15th day of Feb. Coal, except the New Mexico variety, which was not considered very good at that time, was scarce at the railroad points—Tahoka and Lubbock. Jake Leedy of Tahoka, was again cooking at the Hill Hotel. T. J. Price sold Will Mathis 52 head of cattle at \$38 around.

C. S. Cardwell seemed to be the champion turnip grower. V. E. Hargett carried his son Virgil to Sweet-

water for rheumatic treatment. Hugh Snodgrass had been visiting his sister at Floydada. A boy was born to Mr. and Mrs. Claude Criswell on the 21st. M. K. Lindsey of Meadow reported that Miss Kathryn Powell, a Brownfield girl, was teaching a good school in his community. Prof. and Mrs. Tom Hunter visited his parents at Clairmont during the holidays. The young folks enjoyed a party at the H. F. Adams home. A brother of Geo. Smith, of the Groves community, from Pecos, had purchased the J. W. Black place east of town 8 miles. Mrs. H. L. Ware had received her commission as the first postmistress of Tokio. They were wanting a general store at Tokio, also. Redge Burnett killed three shoots 12 months old that netted 1295 pounds of meat and 63 gallons of lard.

Several Yoakum county farmers came over to "Egypt" after corn. The father of Henry Pulliam from Beuna Vista, Miss., came in to make his home here. There was a sad obituary too long to publish about the death of "Long Purp," a German dash hound belonging to Uncle Joe

Hamilton. He got himself run over by a heavy freight wagon between here and Tahoka. Gomez Item: Mr. Williams, editor of the *King*, (N. M.) Progress visited Gomez. A spelling bee was held at the school house Friday night. Grandma Gier was reported to be real ill. Dr. Chapin, dentist of Lubbock, was located at Gomez professionally for a few days. All for this week.

Texas Farmers to Demand Equal Rights

BROWNWOOD, Texas—Never in history have national farm leaders united so harmoniously in a declaration of a protective policy for agriculture as in the national farm conference in Washington January 10-11 according to reports received here from Texas farmers attending.

A seven-point platform embodying the building principles for building a new farm program was unanimously adopted.

Representatives of the Texas Agri-

Dr. Francis Glenn administers anti-poliomyelitis vaccine to 3-year-old Jimmy Chapman. Dr. Glenn is assistant to Dr. Kolmer, who discovered the immunizing vaccine now widely used.

cultural Association and Texas Co-operative Council present at the conference declare that a new farm program can be framed that will protect farmers and at the same time meet the requirements of the Supreme Court decision.

"Whether such a program is enacted into law will depend on farmer sentiment," according to H. G. Lucas, president of the Texas Agricultural Association. "Business men should join farmers in demanding legislation to safeguard the gains to business and labor from the old AAA program. 'Farmers seek no selfish advantage for themselves, but demand protection from the damaging effects of the tariff. A fair deal for farmers means continued good business for everybody,' he states.

Texas was represented at the conference by Lucas, C. H. Day, Plainview; J. R. McCrary president of the Texas Co-operative Council, Calvert; V. R. Marshall, Heidenheimer; Hayden Perry, Robstown; L. T. Mayhugh, director of the National Grain Corporation, Kress; and Lamar C. Trousdale, American Rice Growers' Association, Houston.

The platform adopted by the conference includes seven points, abbreviated as follows:

- (1) Rental of surplus lands by Secretary of Agriculture to conserve the soil, suggested rentals to be based on percentage of total, cultivated acres where practicable, otherwise on basis of either volume production or combined acreage and volume production.
- (2) That Congress provide adequate funds for such program.
- (3) That reasonable taxes be levied on livestock and dairy products whenever approved by producers for purpose of expanding foreign and domestic outlets for these products in a manner to be profitable to producer.
- (4) That all valid parts of AAA be retained and strengthened. This refers to marketing agreements and the use of 30 percent of import duties for expansion of foreign and domestic markets of farm products.
- (5) That all farm products coming into hands of government through this program be sold or distributed wherever possible through cooperatives.
- (6) That the American market be preserved for American farmers, and

foreign markets be expanded for surpluses.

(7) That all farmers unite on the single problem of an adequate substitute for AAA, leaving other important agricultural legislation for later consideration.

MEMORIAM

In Memory of Mrs. Thos. S. Doss, who died December 27, 1935.

What, is it true? Yes, swiftly
She left the paths men trod
And quietly she took her place
In the City of God.

We know she is now in sweet rest
In that dear City of the Blest.
Oh how sweet 'twill be 'ere long
When we are called before that throne

To see her kind sweet face
Beaming forth in that happy place.

Dear husband, dear children,
Let's live so as to meet this dear one
And with her sing around the White Throne.

—Mrs. L. H. King.

Harmony Happenings

Not very many at Sunday School Sun. but had a good lesson and feel that it paid to be there.

The church will call a pastor next Sunday. Everyone be present.

Harmony basketball boys played Needmore boys last Friday scores 20 to 8 in Harmony's favor. The boys here looked nice in their new ball suits.

Mrs. John Garner and children spent Sunday with Mrs. Whitefield. Mrs. L. Hobbs returned from Quemado Valley Saturday.

Several from here attended the singing convention at Gomez Sunday.

Several young people enjoyed a Sunday School social at Claudia Belle Whitefield's Friday night.

We are losing several from this community by their moving, but several new families have moved in.

Mr. Arthur Bates will move east of Brownfield. We regret to lose any of these good people.

L. T. Brenson of Challis was a visitor in this community Sunday.

Mr. and Mrs. Bell spent Saturday night in Lubbock. Seems Mr. Bell will give some high school boys board and lodging if their grades don't soar a little higher. So boys better get to work!

Too much cold, bad weather to get very much news.

CARD OF THANKS

We wish to take this means of thanking our neighbors and friends for their kindness during the illness and death of our father.

H. McMillan family.

Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. LETO'S PYORRHEA REMEDY heals worst cases if used as directed. It is not a mouth wash or paste, and it is sold on a money back guarantee. Alexander Drug Co.

Weekly Church and Social Happenings

The Baptist ladies met in general meeting Monday at 3 p. m. at the Baptist church for a business session. Mrs. L. J. Dunn, president of the Society presided. Next Monday they are having a social at the church; the standing chairmen will be hostesses and the Young Matrons Circle will have charge of the program. They urge all members to be present, especially do they want all the new church members to come and get acquainted and feel at home among them. There were fourteen present Monday.

Twelve ladies met at the Methodist church Monday and quilted. Also a committee from the Society bought clothes for Cordelia Sneathern. Next Monday will be Mission Study. Mrs. Judson Cook will have charge of the lesson.

Eighteen ladies met at the church of Christ Monday afternoon and studied the 3rd chapter of Matthew. Rev. Fry led the study.

Presiding Elder Pierce of Lubbock was here Sunday afternoon and held the first Quarterly Conference of the year. The Board of Stewards was well represented and some plans for the year's work were made.

Rev. W. A. Nicholas of Abilene was here from Saturday to Monday in the interest of the State home for orphan children. He took the two Sneathern children, Cordelia Grace, age 13 and Boyce Wayne, age 6. Their mother died Monday afternoon at Camp Western.

HOSTESS TO NEEDLERS

The Priscilla Needle Club met with Mrs. L. E. McClish Wednesday afternoon of last week. Present were: Mesdames Arch Fowler, E. B. Thomas, Walter Gracey, W. A. Tittle, Marion Craig and Ira Lewis. Refreshments were served. Mrs. R. L. Pounds will be hostess next Wednesday.

MAIDS AND MATRONS CLUB

The Maids and Matrons Club met with Mrs. Jim Moore as hostess, Tuesday, January 21.

"The People of Texas Today" was the topic of discussion and program was as follows:

The Problems of Races and Nationalities in Texas Today—Mrs. James H. Dallas.

Our German Settlements—Mrs. Garret Daugherty.

Our Bohemian Settlements—Mrs. M. E. Jacobson.

Our Polish Settlements—Mrs. Lester Treadaway.

Delicious refreshments were served to twenty members and four guests.

STITCH & CHATTER CLUB

Eight members and three guests enjoyed various kinds of needle work Thurs. afternoon of last week when the Stitch and Chatter Needle Club met with Mrs. Dick McDuffie. Refreshments were served to members: Mesdames Claude Hudgens, Edgar Self, Joe McGowan, Roy Herod, J. B. Knight, Tom May and W. B. Downing; guests: Mesdames Dudley Repp, K. B. McWilliams and Kitchen.

HOSTESS AT BRIDGE

Thursday afternoon of last week, Mrs. Ike Bailey was hostess to two tables of bridges. Playing were Mesdames Roy Wingerd, Lester Treadaway, E. C. Davis, John R. Turner, Arthur Sawyer, Dube Pyeatt, W. H. Collins and Earl Jones. Mesdames Chris Quante, Lee Brownfield and Miss Lenore Brownfield were tea guests. Refreshments were served buffet style. The Valentine motif was carried out in the refreshments, and heart shaped boxes of candy were the prizes and went to Mrs. Collins and Mrs. Quante.

ANOTHER PIONEER PASSES

Last week Herald readers were informed that Mrs. J. T. Hamilton had fell and broke her thigh. The shock of that break was too hard for a lady of her age, 69, to stand, so the soul of this fine pioneer lady took its flight to its maker Friday night, about eight o'clock. Her husband preceded her in death about four years ago.

Mrs. Hamilton, whose maiden name was Miss Laura Letha Franklin, was born in the state of Mississippi, but she came with her parents to Texas when a child. In her young womanhood, she married and she and her husband lived at Dangerfield for many years, thence to Red River county thence to Jack county, and finally to Floyd county some 35 years ago. They came to Terry county two years before the time the county was organized in 1904, and settled on a farm three miles northeast of Brownfield. For the past 27 years they have resided in town most of the time. She was a member of the Methodist church.

The home of the subject of this sketch was always open to her friends and neighbors, and no one showed more appreciation of a call or a visit than she. She could tell one many interesting things of the early days in east as well as in west Texas, because she was a pioneer in both sections. Funeral services were conducted at the Methodist church Saturday at 3 P. M. by Rev. Ed Tharp of Levelland, assisted by the local pastor, Rev. C. E. Fike. The body was laid to rest in the Brownfield cemetery beside that of her beloved husband.

Survivors are Jesse Hamilton, of Plainview, Miss Ann Hamilton of San Angelo, Mrs. Addie Isbell of Jacksboro, and C. F. Hamilton and Mrs. Weldor Ridgeway of this city.

CALIFORNIA DEBATERS TO MEET TECH TEAM

LUBBOCK, Tex., Jan. 15.—University of Southern California debaters at their request will meet a Texas Technological college team here in March. The exact date will be set later. The Southern California team, which will be on tour then, has chosen the affirmative side of the national Pi Kappa Delta question: "Resolved: That Congress Shall Have the Power by a Two-Thirds Vote to Override a Decision of the Supreme Court De-

claring Its Acts Unconstitutional." The Tech team probably will be composed of Clay Thompson and Alton Hankins, both of Lubbock. This is the same team which won second place at the Interstate Debate tournament in Winfield, Kansas, December 6 and 7, where 50 colleges and junior colleges from seven states competed.

Members of the Tech squad include: LaVada Baze, Colorado; Jane Woodruff, Lubbock; Johnnie Birdwell, Ralls; Mary L. Shropshire, Lubbock; Junius Carter, Childress; Albert Coneway, Friona; Henry Holmes, Shamrock; Fred Griffin, Grapevine; Noel Edgar Thompson, Lubbock; Rex Webster, Lubbock; Joe Alford, Vera; Darrell Branton, Ralls; and Carl Hyatt, Ralls.

SOUTH PLAINS HAS BEEN INHABITED LONG TIME

LUBBOCK, Texas, Jan. 10.—"According to recent archaeological discoveries, the South Plains have been inhabited longer than any other part of Texas," says Dr. W. C. Holden, professor of history at Texas Technological college, in an article appearing in a recent publication of the Texas Highway Dept., "A Guide to the South Plains of Texas." The booklet, which was issued as a contribution to the state program for advertising the Centennial, contains four other articles by Tech faculty members.

Dean A. H. Leidigh of the agricultural division is the author of "Agriculture on the South Plains." A chapter on "Geology of the South Plains" was written by Dr. Leroy T. Patton, head of the geology department. Dr. A. W. Evans, head of the education department, contributed a discussion of "Education and Educational Institutions in the South Plains of Texas." A chapter from Dr. Holden's book, "Rollie Burns," is reprinted in the booklet.

MAN STILL RATED AS 'FOREST ENEMY NO. ONE'

Man still ranks as "Forest Enemy No. 1." More than half the fires in national forests this year, reports the Forest Service, were caused by man. The number of these fires was 5,777, as compared to 5,282 last year, and to an annual average of 4,691 over the 1931-34 period.

These fires were started by brush burners, by residents on land newly acquired by the forest service—many of whom still believe that an annual "burning-over" is good for the woods—and by campers, hunters, recreationists, and tourists who have made greater use of national forest facilities this year than ever before.

AUTHOR OF "OUT WHERE THE WEST BEGINS" DIES

Arthur Chapman, age 62, journalist and author who composed the famous poem, "Out Where the West Begins," died in December of a heart ailment at his home, 410 E. 57th Street, New York City.

The poem of only three stanzas, follows:

Out where the handclasp's a little stronger,
 Out where the smile dwells a little longer.

That's where the West begins;
 Out where the sun is a little brighter,
 Where the snows that fall are a trifle whiter,

Where the bonds of home are a wee bit tighter,
 That's where the West Begins.

Out where the skies are a trifle bluer,

Out where friendship's a little truer,

That's where the West Begins;
 Out where a fresher breeze is blowing,

Where there's laughter in every streamlet flowing,

Where there's more of reaping and less of sowing,

That's where the West begins.

Out where the world is in the making,

Where fewer hearts in despair are aching,

That's where the West Begins;
 Where there's more of singing and less of sighing,

Where there's more of giving and less of buying,

And a man makes friends without half trying—

That's where the West begins.

Mr. Chapman was born in Rockford Ill., and became a reporter for the Chicago Daily News in 1895.

Among his works are "Cactus Center," "Mystery Ranch," "The Story of Colorado" and "The Pony Express."

King Cotton's Price Depends on Supply and Amount Used

COTTON consumption and industrial production move together. The rate of cotton consumption in this country is influenced more by the general business situation than by cotton prices. Cotton consumption in the United States was the highest for this November than for any November since 1932. This increase in consumption reflects an increasing industrial and retail demand, Government purchases, and the existence of a large volume of reserve orders.

The chart in the lower right corner shows that excessive world supplies of American cotton depress prices and that prices recover with reduced supplies. The supply in 1932-33 was 25,961,000. With that large supply on the market, cotton prices could not recover. As contrasted with such excessive supplies, the World supply of American cotton in 1934-35 was 20,270,000 bales, and prices improved.

MR. HOOVER'S PROGRAM.

Mr. Hoover's program for the restoration of agriculture, outlined in his Lincoln speech, was summarized by the Associated Press as follows: (The parentheses are ours.)

1. Restore home markets to American farmers and increase consumption of food by the restoration of employment. (How, Mr. Hoover, how?)

2. Retire submarginal acres and retard reclamation projects. (The first is a New Deal obsession; as for the second, didn't Boulder Dam used to be called Hoover Dam?)

3. Encourage cooperative marketing and further improve credit machinery. (Under Hoover, cooperative marketing had its fling; it was good as far as it went but it did not go very far. Credit machinery has been improved under Roosevelt; it could be still further improved but Mr. Hoover omitted details. They are important.)

Mr. Hoover of 1936 would be listened to with greater respect and consideration if everybody could forget the Mr. Hoover of 1929-32.—Abilene News.

POLITICIANS CAN'T BRAG ON SELVES

This year as the political campaign swings into the stretch you will not see advertisements in the newspapers from this or that candidate for office with the following lines:

"This advertisement paid for by friends of J. K. Whosis."

The days are gone when a candidate can buy a page in the paper and insert those lines at the bottom after a lengthy discourse of praise of the person who is seeking the office.

The Texas legislature last year enacted a law requiring political advertisements to be signed by the persons buying them. If the ad should be the offering of an organization or committee the chairman of the group must attach his name. Anonymous political advertising is through.

Thus in the future when a person announces for office or runs an advertisement in support of his candidacy he must sign his name. If someone else or some other organization is paying for it they must let it be known.—Cleburne Times.
