Next Monday being the 100th birth-day of Texas, both banks will be closed all day. We have heard of no set program for the day.

According to Jawn Price in his County-Wide News, Littlefield, Olton was the outstanding dry precinct of Lamb county, but according to figures printed in the News, Olton wasn't in it with Spring Lake. The former only voted 7 to 1 against beer, while the latter went at it 15 to 1. But what bothers us Jawn, is how in heck are you going to banquet Charlie Guy and this guy. Remember your promise, old man.

So, Balance-the-Budget Landon of Kansas has been petitioned by Kansas people to call a special session of the legislature to provide for the needy. No wonder Kansas can balance the budget; while the National government was spending \$225,000,

000 in that state to provide food, clothing and shelter to their misfortunate, the state government provided not one red penny. The 105 counties and some of the cities spent nearly two million dollars.

The Hon. E. I. Hill, pilot of the Tahoka News, attempted a rejoinder last week, and like most of his supreme court decisions, was too lengthy to reproduce herewith. But, altogether, most of his article was complimentary, and we pass it up—all but the last part. He thinks because there is lots of corn raised in Terry, some of it should surely be liquified here, and invited us over, with or without the little quart fruit jar, we know not. But from evidence we see nowadays, E. I., they've all quit the fruit jar, which left the telltale mark on the nose, and these days use the little pint bottle of bottled-in-the-barn which is developing a suckerlike mouth on the devotees. And those

detailed to keep the highways clean of bottles and other breakables Bro. Hill tell us according to a late Ambulance-Shurnal that more bottles are found on the Tahoka-Lubbock highway than any other. So, we judge then Bro. Hill is not ignorant concerning these things, if we are sorter allowed to half-hammer a quotation from the Apostle Paul.

A man will bum a chew of tobacco and bite off the plug where others have bitten, but at home he would not think of eating off a piece of pie where his wife or children had bitten. At home he will not drink out of a glass where others have drunk just before him, but he will ram the neck of a bottle down his goozle after a dozen bootheels have had a swig at it. If he eats in a public place, he chooses the highest stool and eats off a naked board. At home he demands a clean tablecloth and a comfortable chair. Great is man. (P. S. This is being written for the benefit of the women who requested that we give some of the inside antics of the nature of man.)—Clarendon Leader.

With the announcement of A. A. (Pat) Bullock of Snyder as a candidate for superintendent of public instruction, now held by L. A. Woods, this race may develop into one of the most interesting and informative campaigns of the season. Bullock is strongly backed-in the West Texas section from which he hails. He has served 20 years as a county superintendent, teacher, director of the rural aid division of the state department, and until recently was federal director of adult education for Texas. There is a lamentable lack of knowledge about their state public school system by most Texas voters, and both candidates should know a good deal about it. The schools receive about one-third of the total income of the state in Texas, yet the state has never rated better than 36th in educational ranking. A vigorous campaign that will bring out facts will doubtless prove interesting to the taxpayers who foot the bills.—Post Dispatch.

“Yes, newspapers make mistakes. There is no concealing the fact because the errors themselves are spread where all the world may see them. But is there as much inaccuracy as people think? Probably not. Frank R. Kent of the Baltimore Sun, speaking at William and Mary College, makes a striking statement of the case, which may interest readers as much as it interests newspaper men. ‘In on business and in no profession save that of the pure scientist,’ he declares, ‘is the premium for accuracy so prompt and the proportion of accuracy so great. There isn't a newspaper man anywhere who does not know that, trivial though his errors may be, someone will catch it. Even when it escapes the watchful editorial gaze, even when no one in the office picks it up, even when he himself is unaware of it, there are still the old subscribers—thousands of them—vigilant, alert, aggressive, resentful, eager to put their finger on the “break,” communicate with the editor and “show up” the writer and the paper. The old subscribers, in my judgment, are by far the most valuable asset a newspaper can have. Their militant, microscopic scrutiny is the finest possible corrective influence.’”—Journal, Webster City, Iowa.

“Now comes a public statement to the effect that the Chamber of Commerce of the United States opposes farm legislation to supplant the Agricultural Adjustment Act. The Chamber would better serve American business if it would devote its efforts to conducting a study to determine the whole some effect of the present increased farm buying power in every line of business and industry. Its opposition discloses anew the secret of the fight on the Roosevelt Administration. Greed rapacity, desire for easy money, hunger for unearned profits insist on government for the enrichment of the few. Mr. Roosevelt insists on ‘placing the man, the woman and the child first.’ The massed millions are with him; the holding companies, the grain gam-

Eight Hats in Ring For Texas Governor

It appears that if Governor Allred is to serve a second term as Governor of Texas that he will have to make a double race and land from the second primary. Already seven candidates besides the governor have pitched their hats into the gubernatorial ring and all have offered magical platforms.

Those who have stated they will be in the race are: Senator Roy Sanderford of Belton, F. W. Fisher of Tyler, Pierce Brooks of Dallas, Rube Wells of Cooper, Commodore Hatfield of Fort Worth, A. U. Puckett of Kaufman, A. E. Harding of Fort Worth.

A great many people are urging that Senator Coke Stevenson of Junction, Frank Scottfield of Austin and Senator Frank Rawlings of Fort Worth get into the race. Some have been urging Tom Hunter to get in again. All four are well known over the state.—Dickens' County Times.

Mr. and Mrs. Henry Chisholm and family, and Mr. and Mrs. S. T. Pyburn of Brownfield visited in the Ira Hyman home in the Needmore community, Sunday. Also Mrs. Hyman's father of New Mexico is visiting them.

"Boys and girls, you are the architects of your own future and destiny." We quote from an unknown author who wrote "Take My Advice."

Evidently he was right. Life is what we make it and we are learning, as high school boys and girls, to lean upon our own initiative.

Now, as Seniors, we stand on the threshold of commencement. Shall we be noted American citizens or a degradation to the American idol. Let us hope that the foundation we have been laying for the past ten years will not crumble and break away!

Let us hope instead that, in after years, we shall be counted among the famous and as a graduate of B. H. S.

Orange Colored Necktie," was pronounced place, and Lucille Harris, the "leading lady" of the Senior play came third.

Altogether, it was an evening's entertainment worth seeing. Besides the four "all-star" plays, the Juniors saw that we had plenty of entertainment between the acts.

We want to thank the judges for their contribution to the success of the program. They were furnished by the Lion's Club.

CUB COMMENT

Those declamations! I've heard of teachers getting their ears cut off for less than that.

What senior's ring is Wanda Graham wearing?

Those Juniors! Aren't they proud of their class pins.

Who's making Coach Bost serious? He isn't such a cut up as before.

If you want to know how to set an alarm clock, ask Coach. He's an expert. For details ask Wanda Graham and El Ray Lewis.

These storms just do seem to arise, even on the calmest seas eh James?

Mr. Penn was sick on Monday of this week. Let's examine the rolling pin.

Even if the amateur contests are over we just can't seem to keep these amateurs from acting.

Why do some of the basketball girls seem so happy?

How long will it be before those lucky people that ordered annuals have them?

Why couldn't Janet Youngblood sit down Tuesday? Was it the bicycling?

Those immodest track boys! They are shocking the school!

Why had some people rather type than see a picture show or miss a class? Ask Mary Louise Tinkler and Maxine Hardin.

When are the American History students going to start eating Post Bran?

Some of these people that know news and won't tell it!

How do some of these people get out of the last period study hall as bus students, when they live here in town?

What certain something has Moody Rodgers got? Is it because he calls them all "hon"?

Why did some people object to the matrimonial matches made in last week's paper?

For years and years the teachers in the high school have been trying to put in spelling so that some of these dunces (myself included) could spell and at least they have succeeded!

A suggestion made to Press Club: "Start a believe it or not column and show Ripley up."

Those ternal triangles—Is Evelyn White trying to take Clyde Trout from Sharleen Graves or is Sharleen Graves trying to take Clyde Trout from Evelyn White?

There are eleven banners in Study Hall. Will this Interscholastic League Meet put in more?

Just imagine getting through one of Mr. Penn's classes chewing gum!

When you read, how do you know whether you're reading good or bad literature?

It's a well know fact that the most widely used term around B. H. S. is, "I don't know."

It appears that Mr. Scott and Mrs. Teague are really excellent in marking down "F's" according to some of the students they have more than the necessary number of hooks on them.

AMATEUR CONTESTS

On Friday night, Feb. 21 the High School auditorium was crowded with people when a silent picture show entitled, "Where the North Begins" was given and the final amateur program was presented.

The winners of the preliminary amateur contests were prepared with new entertaining numbers, and those participating in the finals were: Twilla Graham with a comedy act; Minnie Lee Walton, piano solo; Keller Greenfield, comical reading; Minnie Lee Walton and Imogene Coleman, tapping and singing number; Bert Elliott, singing; Sallie Stricklin and Lorene White, hill-billy act; Papa Shultenheimer and his orchestra directed by Don Hudgens and concluding the program Ethelda May gave a tapping number.

The winners were determined by the amount of applause. The prize of \$3.50 was given to Bert Elliott for winning first place. The Hill Billy act was judged as being next best, and Imogene and Minnie Lee won third place. Excellent sportsmanship and cooperation were exhibited throughout the contest.

The student body of High School wishes to express their gratitude and appreciation for the work done by Mister Bost (Major Bowes) and Mister Smith which helped much toward making the amateur programs a success. They also wish to thank Mister Baze for they realize that without his efforts it would not be possible for them to have the benefit of the "movie" machine. The students of high school also want to express their admiration for everyone who participated in any of the preliminary as well as the final amateur contests.

SOBER SAM SAYS

Appears as how old man Flu ain't respecter o' persons.

Lots a action 'round the campus now concernin' track meet. Hope we ain't the kind who wastes a lotta steam and then let some one else come in and claim the victory.

If I was managin' this institution think I'd see to it that the student body had one hour a day just to settle down without being disturbed. A little sober, quiet thinkin' never did hurt anyone.

Is them Seniors goin' to get the annual out like they said? Reckon' they will have to get busy purty soon. Lot of work yet to be done.

I see a teacher draggin' round like the last rose o' summer. Well, guess Flu makes you think of flowers 'n thing all right.

The volley ball girls seem to be progressing nicely. There are quite a number of girls "coming out" and from the looks of things we are going to have a very good team.

There's also quite a number of girls coming out for tennis. There seems to be a larger number out for doubles than singles.

SOPHOMORES MEET

The Sophomores met Feb. 16, and decided on their flower, color and motto. Their flower is the pink carnation, the colors are pink and gold, and the motto "Life is a picture so paint it well."

These were selected for the annual the Seniors are to publish. The Sophomores are trying to do their part to make it a success.

SENIORS

Mary Othell Fulton is a native Layheian. She was born near Lahey, January 11, 1920. For fourteen years she lived there. She attended school at Lahey until 1930, when she decided that she would like a change in surroundings. The resort she chose was a small village near here called Gomez. But she soon tired of the idle life and returned to her native home. She moved to Brownfield in 1935 and started to B. H. S. as a Junior. We understand her diligence better now that we know her ambition is to become a school teacher. Like all basketball girls her hobby is basketball.

Sharleen Kyle Graves was born at Stephenville, Texas on June 9, 1918. She remained there until she was eleven years of age, when she moved to Brownfield. In the fifth grade she started to school in the old red school building and has been steadily and surely climbing the steps of B. H. S. since she graduated from grade school and the only thing she has ever broken on them, so she says, is her little toe. She wants to become a first class archeologist. Her hobby is reading, as we all know, and her favorite sports are tennis and hiking. Her motto is "Green but growing."

J. E. Bowden was born at Sulphur Springs, Texas, on January 3, 1918. He lived there eight years, starting to school at the age of six. In 1926 he moved to Happy, where he went to school for two years. He attended the Brownfield schools in 1928 and '29. He then spent five years in Dumas, and later one year in New Mexico, returning to Brownfield in 1934. J. E.'s hobby is kodaking, his favorite sport is baseball, and his ambition is to be a chemist. It is plain to be seen that J. E. has plenty of inspiration, so let's see you go! B. H. S. will be proud to have had as a pupil another great Cavendish or Darwin.

Bert Lawrence Elliott, and he tries to keep "Lawrence" a secret girls. Bert Elliott was born at Ardmore, Oklahoma, December 14, 1918. He lived there two years and then moved to Sulphur, Okla., staying there only one year. He spent the next 2 years in Ardmore, and at the age of five he moved to Brownfield, starting to school at the age of seven. He remained in the Brownfield schools until his sophomore year, which was spent at Vernon, Texas. He entered B. H. S. again as a Junior and has remained here. Bert's hobby is singing (don't tell anyone—it's a secret too.) His favorite sport is football and his ambition is "something along the music line." We're all for Bert and wish him success along "this line." When I asked Bert just how he really felt about girls, he just smiled that wicked smile of his and said he thought they were "awfully sweet—sometimes." He prefers brunettes. We wonder why?

ONE THING AND ANOTHER

What is the attraction Tokio holds for Shirley Burnett? According to El Ray Lewis, "she's got the world on a string," and Alma Fern Green is a school beauty, on account of she said so. Mary Helen Marchbanks has the strongest voice in B. H. S., you can prove it by anyone. Margurite Burnett is one of the girls from Brownfield who has a yen for medical students. THIS WEEK IN TEXAS HISTORY

(Week of February 23)

1836—On Feb. 23 thirty-two men came as reinforcements to William Travis at the Alamo. He then had a total of 182 men.

1836—Travis' heroic letter of Feb. 24 stated that he would never surrender or retreat.

1845—With the presidential election in the United States of James K. Polk, joint resolutions for the annexation of Texas passed the House of Representatives on Feb. 25 by a vote of 120-98.

1861—Action to join the confederacy was submitted to the people and it was ratified.

Let's get straight to the point about your winter gasoline

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there is hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

OUR 23 YEAR COLUMN

Quoting from our issue of Feb. 28, 1913: The play, "Crawford's Claim," was to be put on by the high school. Texas was awaiting dry weather to go to planting. The Texas Legislature had ratified the 16th Amendment to the National constitution, known as the Income Tax law. It applied only to people having an income of \$10,000 or more, with a flat rate of one percent. The school trustees had announced that they only had money for a seven months school. An election was to be called to try to vote an extra 15c special school tax. Roy Cardwell was visiting in Roswell. Uncle Bill Howard

was here attending court. A good crowd from here attended the Washington Birthday celebration at Gomez. Young people had a party at the home of L. McDaniel Friday night. Charley Moore and Frank Proctor renewed for their papers. H. D. Leach was in on court duty. T. J. Price reported the loss of six mules with pinkeye. The Widow Davis had purchased the T. J. Price section south of town. Charley Hamilton was suffering from appendicitis. M. V. Brownfield had returned from Austin and San Antonio. H. H. Timmons of the Meadow section was down showing his fine 1500 pound, 17 hands high stallion. Brit Clair was in to renew and sent the Herald to some relatives in

Arkansas. W. B. Snodgrass had already sold his crop of unborn mules to be delivered when weaned. Mrs. Forrester had sold her section east of town to Sam Arnett. John E. Gracey was in to renew for Herald and Farm & Ranch. Burnett Bros. were carrying a number of their baby beeves to Tahoka to ship to the Fat Stock Show at Fort Worth. Miss Irene Speegle had a very painful accident by getting a fishhook caught in her forearm. Atty. G. E. Lockhart had traded his Terry county land for Snyder property. District Attorney G. E. Lockhart and Sheriff John Keller had raided a gambling place at Plains, and took into custody six men and a brace of six shooters. Mr. Pulliam had moved to Plains to go in business with his brother.

Gomez Items: R. K. Benton was quite seriously ill with an abscess on the lung. Fred Wallace of New Mexico was visiting friends. Robt. Holgate had left for Snyder, Houston and other points east. A boy was born to Mr. and Mrs. Monroe Yates on the 22nd. Mr. Benton was over from Slaton visiting his sick brother. Quite a few farmers were breaking out new land. Wanted at Gomez, a blacksmith. Primrose reported that people of that community were mostly studying seed catalogues, in the following verse: Spring's on her way, I am all agog; Today came a seed catalogue. Harris Happenings: L. C. Crutchfield and family of Plainview, N. M., were visiting the Brit Clair family. Mr. McMillan bought 25 head of dry cows from McPhaul Bros. paying \$40 a round for them. Marlin Ellington had mumps. Mrs. McMillan had a heart stroke. Pleasant Valley News: C. F. Holt had returned from Milam county. A surprise party was enjoyed at the Jay Barret home. Homer Scott and Clay

Hughes visited in Gaines county. L. G. and Homer Scott sold their cows to D. N. Arnett. A. C. Beard was turning the soil. All for this week.

Forbes Says New Deal Backed by 60 Percent

"If I were asked how public sentiment stands," said B. C. Forbes, financial columnist for the Hearst newspapers and editor of Forbes Magazine at the annual dinner of the Better Business Bureau in Chicago Tuesday night, "I would say to reverse the Literary Digest percentages—the people are only 40 per cent against the New Deal and 60 per cent for it."

"When you get out of New York a little way, when you visit Chicago and the other cities, the picture is clear. The sentiment in the agricultural and mining states is for the New Deal. The farmers think Franklin D. Roosevelt has done more for them than any other President. The votes in the Literary Digest poll came from people who are not, shall we say, at the bottom of or even low in the financial scale."

His opinion, he explained, was based on observations in all parts of the country and despite his belief that NRA, AAA, the stock market regulation act and the social security legislation had been "illy considered," there has been, he asserted "amazing improvement."

"In fairness to the AAA, however," he added, "it was instituted when the country very badly needed to have something done. We came perilously near great social trouble." By no means the least pleasing development, he said, was that under the New Deal the market value of stocks on the New York Exchange increased 30 billion dollars last year and three billions last month.

Mr. Forbes' attention was called to the fact that he wrote under the heading "Are Our Business Leaders Morons?" in 1930: "Let industry take heed of this warning. If industry itself confesses its inability or indifference, depend upon it that the politicians will step in."

George G. White, district administrator for the Old Age Pension has established offices in the Petroleum Building and reports the pension applications are rolling in at an increasing rate.

About 50 had been received up to Thursday afternoon and a total of more than 3000 is anticipated before next July when the paying of pensions may be started.

Here is the estimated number of pensioners in the various counties in this district: Andrews 40, Borden 70, Dawson 450, Ector 150, Gaines 100, Garza 200, Glasscock 70, Howard 850, Lynn 400, Martin 150, Midland 225, Terry 225, Yoakum 70.

Carter Thompson of Post, E. D. Flanagan of Midland and Kin Barnett of this city who have been appointed investigators for the district are now working in the district offices familiarizing themselves on their duties and will be assigned to different areas in the district later on.

They report some heart rendering cases among the applicants, though it is really astonishing how conscientious most of the applicants are and how appreciative.—Big Spring News.

Grandpa McWilliams, who stays at the home of his son-in-law and daughter, Mr. and Mrs. Garland Jones, is very ill at this writing.

Texas Farmers to Receive Payments

COLLEGE STATION.—With the passing of a recent appropriation bill signed by the President of the United States, Texas farmers are due to receive approximately \$17,500,000 to fulfill all old government obligations, according to E. N. Holmgreen, administrative assistant of the AAA at College Station.

"Some payments should begin to arrive within the next 30 days," Holmgreen announced. "Obligations of the U. S. Government to Texas farmers consist of second payments on the corn-hog contracts, the completion of rental and parity checks of cotton and the cotton adjustment payments," he said. Holmgreen went on to say that nearly all counties in the State have some second cotton rental and parity payments due and also that all counties have some cotton adjustment payments coming.

RECENT DEATHS

Mrs. Eva Anderson, 38, wife of L. B. Anderson of Plains, Texas, passed away last Wed. morning at about 4:00 A. M., following a seige of pneumonia. Funeral services were conducted that afternoon at 4:00 P. M. at the Methodist church, Rev. E. M. Jennings, pastor of a Presbyterian church at Lubbock, reading the rites. The body was laid to rest in the Brownfield cemetery.

Mrs. Anderson was the daughter of Mr. and Mrs. J. R. Hill, pioneer family of Terry county, and was a sister of Mr. and Mrs. J. C. Hill, now deceased, and was loved and highly respected by all who knew her. She is survived by her husband and two children, a brother, Earl Hill of Wink, and Mesdames Hugh Snodgrass and S. J. Alberding, of Yoakum county.

Mrs. Alethia Nokes, widow of H. L. Nokes, passed away at the home of Mr. and Mrs. J. D. McCollough in the north part of the city Monday of this week.

Funeral services were conducted by Rev. Johnson of Lubbock, at the local Baptist church. Burial was had following in the Brownfield cemetery.

Tokio Topics

Many from Tokio community attended the Yoakum County singing convention at Turner School house, Sunday. Among whom were Miss Betsie Lee, Melba Lovelace and Roma Lee Gaudin.

Mr. McAda and family have moved to the B. L. Thompson farm. Clyde Trout was a week-end visitor with home folks.

Mrs. Rushing is still on the sick list not much improved. Mr. and Mrs. Archie Wauson have brought their little girl home from the Treadaway hospital. She is doing nicely.

Little Jackie Johnson who has been ill for several days is back in school. Mr. Barrett is also on the sick list. However, I think most everyone is over with the mumps.

Mrs. Mildred Casey gave a bridal shower for Mr. and Mrs. Jessie Snodgrass at the home of the groom Friday evening. The nice program was enjoyed by a host of their friends and the newlyweds received many nice and useful gifts which will be a great help to them when they set up housekeeping for themselves. We hear that they saved the best for the last, as a number of their friends stayed on and danced until 5 o'clock Saturday morning among whom were Mr. and Mrs. Sam Murphy, Mr. and Mrs. Earnie Greenfield, Mr. and Mrs. Fosty Ellington, Mr. and Mrs. Ellison Carson and others.

W. H. Collins, of the local Collins Dry Goods store, has returned from St. Louis, where he has been with his brother for the past several weeks. His brother, W. B., of the Lamesa store, after undergoing several operations, will be able to come home in a few weeks, it is believed.

Mr. Cowan, printer, who worked on the Herald a short time in 1929, was here last Sunday. He has been making his home in the lower Rio Grande valley for the past few years.

SISTER OF LOCAL FOLK DIES

Funeral rites were held for Mrs. Geo. Simmons last Monday afternoon at the First Baptist church of Electra, Texas. Mrs. Simmons was a daughter of Mr. C. W. Tankersley, and a sister of Mrs. J. C. Hunter, Mrs. Oscar Sawyer, Sam, Lee, Syl and L. E., all of Brownfield. She also has a brother, Cye of Rule, Texas, and a sister at Roscoe. All were present but Mrs. Sawyer, who wasn't able to go, as she had recently undergone an operation at Lubbock Sanitarium. Mrs. Simmons' husband and two children also survive her. The family has visited in Brownfield a number of times and have a lot of friends here whose sympathy goes out to these bereaved on account of the death of their beloved one.

Our old friend, O. E. Johnson, sends in two dollars from Quanah in order, he says, to keep up with what is going on here. Ok, O. E., and the latch string is still on the outside, so don't be bashful about coming back.

WILL ROGERS

IN
HIS LAST AND GREATEST PICTURE
"IN OLD KENTUCKY"

It is the privilege of this theatre to present Will Rogers in his last and greatest picture, "In Old Kentucky."

Diversified as were his interests, he was best known, and most beloved, in motion pictures. This was the medium that brought you his real self . . . that captured for young and old, rich and poor, the mellow humor of this great American.

Millions, the world over, loved him for his homespun humor and kindness, the qualities which are so sympathetically caught in this famous play acclaimed for three decades as the favorite of all Americans.

In this glorious romance of hearts, horses, and humor, Will Rogers again reveals that simple, unassuming Americanism that endeared him to you and your neighbors.

We have called "In Old Kentucky" his greatest picture. That is just what it is. You will agree after coming under its spell.

It is an honor to make available to you, the screen event you will remember all your life.

PIGGLY WIGGLY

AFTERNOON PARTY

Mrs. Ray Brownfield was hostess to the Ace High Bridge Club last Friday afternoon, eight members and four guests playing. A tuna fish salad course, cherry pie and hot tea was served to Mesdames W. H. Collins, E. C. Davis, W. E. Latham, W. C. Smith, Arthur Sawyer, Roy Wingerd, Ned Self, John R. Turner, Gilliam Graham, Ike Bailey, Cecil Smith and Miss Olga Fitzgerald. Mrs. Tom May was a tea guest. Mrs. Wingerd scored high as member and received a refrigerator set; Mrs. Cecil Smith, a pyrex custard set as guest prize.

Wade Cooper, secretary of the Lubbock Production Credit Association, was here this week, and left word that he would be here all day next Monday to talk with farmers about loans.
