

60TH ANNIVERSARY OF THE CEATION OF TERRY COUNTY TO BE CELEBRATED

Great Preparations Are Moving Forward For Terry to Do Its Share in Celebrating the Texas Centennial Year. All Committees Appointed For Aug. 21-22 Affair.

Everything is shaping up for one of the biggest celebrations here on August 21-22 in the history of Terry county. We have waited until most of our sister cities have had their celebrations, in order that we might not interfere with them, and in addition, in order to give them a chance to attend our celebration, and rejoice with us that prosperity and happy days have and are returning.

In the first place, on the 21st day of August this year, will be the 60th anniversary of the creation of Terry county out of Bexar county in 1876. Then too, in keeping with Centennial year, Terry wishes to do its part in making the year notable. It is our understanding that not only will all adjoining and nearby counties be invited, but included will be a Home Coming feature and an endeavor will be made to get all the old timers who lived here in the early days to make the county a visit at that time, and see for themselves what progress we have made. Will say however, that there will not be a free barbecue the second day.

There are men on the committee who are experts in getting the best in the way of rodeos and other enter-

taining features for the Celebration. Governor Allred, Con. George Mahon, Sen. G. H. Nelson and other noted speakers will be asked to be here on that occasion. From time to time, as the Herald gets the dope on what is going to happen, it will be given out. The following are the committees as they now stand, but will probably have some changes before long as the General Chairman sees need for them; perhaps others will be added:

General Committee: Dr. Parish Sam Murphy, L. C. Heath, Jas. H. Dallas, Brownfield; E. H. Jones and John Cadenhead, Meadow; C. H. Heafner, Wellman; W. T. Briscoe, Lahey; Joe Shelton, Tokio.

Finance Committee: Tom May, Chairman, Mon Telford and Lee O. Allen.

Publicity Com.: Jack Stricklin, Chairman, Cris Quante, Bob Bowers, and B. G. Hackney.

Entertainment: Glen Akers, Chairman, Tom Cobb, Clyde Lewis.

Decorations: Ike Bailey, Jim Graves and Gladys Green.

Barbecue: Roy Moreman, Jewel Bell, Lence Price, Leslie Green and R. L. Nutt.

Letter 102 Year Old Owned by Local Lady

This letter, according to date is 102 years old. It was written in 1834 with a goose quill pen, to the father of Grandma Brown by James Michael. The wording is crude and the spelling poor, but it is a fine specimen of Centennial letter writing. The letter is now in possession of Grandma Brown who treasures it for its antiquity.

The letter reads as follows: Bullett County, Ky. July 25 1834.

Dear Bro. and Sister and family: I take this opportunity of righting to you to inform you all that we are well and hoping these few lines may find you all enjoying the same blessing, but I can inform you that my daughter Sarah was marred but now is ded. his name was Andrew I. Drake and I and my wife has two sons: one of the name of Wm. I. Michael and the other Henry C. Michael both stout harty boys. I can inform you that my crop looks very good more than I expected accding to the drouth that was here and I have a very good hors and beesides tending my crop maid upward of one hundred dollars this season & he is upwards of 17 hands and 1/2 by nine years old and is now far sale. I wood be glad you came and purchase it. It is a Sampson hors. I want you to come and see us as soon as possible and to come with Mr. Floseel. If not right as soon as possible as we are anxious to sea you. I have nothing more to right at this time but remaing your affectionate Brother and Sister.

J. Michael & wife.

Methodist of Terry Co. in Rally Sunday

According to Rev. C. E. Fike, Pastor of the local Methodist Church, and Rev. Jack Thompson, Pastor of the Brownfield Circuit Methodist Churches, next Sunday is to be a red Letter day for Terry County Methodists. The occasion will be a county wide Quarterly Conference, which will take up the whole day, Sunday. Dr. W. M. Pearce of Lubbock, Presiding Elder, of Lubbock District, will be here and will preside in addition to regular Church School Sunday morning, Dr. Pearce will preach at 11 A. M. There will be an old fashion dinner on the ground. The afternoon will be taken up with conference session in which all churches in Terry county will make reports and plans.

Methodist of Terry Co. in Rally Sunday

Mr. J. R. Griggs of Lubbock District Lay Leader will also be here and will address the conference during the afternoon session. Officials and Church Members from Brownfield, Forrester, Lahey, Union, Johnson, Tokio and Pool churches are expected to attend.

Snappy Cafe Puts in Private Lunch Room

Miss Effie Williams, proprietor of the Snappy Cafe, has put in one of the prettiest small private dining rooms we have ever seen in the rear of her cafe. However, it is plenty large to care for most banquets and private nature in a town the size of this, as she has four tables, and can put in another if occasion demands. The place is beautifully decorated and lighted, and is screened by curtains from the rest of the cafe. She entertained the South Plains Medical Society Tuesday night of this week, who were the first banqueters to try out this cool and pleasant dining place. It is a distinct credit to our little city.

Miss Williams has two very fine cooks, and two of the most efficient waitresses in the city, Miss "Babe" Bryant in the forenoon, and Miss Jackie Collier in the afternoon.

Did you Notice the Bank Statements?

We hope you noticed our two bank statements in your Herald last week. That was what they were printed for, that you might see for yourself just how your bank or banks stand.

We are not figuring the resources, deposits, cash etc., out for you this time; you can do that yourself, but many times during the worst of the depression, we have seen statements by them in mid-harvest season, when they were not as good as they are now at mid-summer.

We should be proud of our two great banking institutions, and we feel sure most of us are, even though we are not able to participate much in their growth ourselves.

Night Lighting Enhances Beauty of Ford Exposition

Its solid white walls flooded with many lights, the huge Ford Exposition building at the Texas Centennial in Dallas makes an attractive and imposing structure at night. Parapet lighting adds beauty to the design. The front of the building, which faces Federal Concourse, has rows of Neon tubing which contribute much to the general lighting arrangements.

Dealers and Families To See Centennial

More than 20 persons representing Gulf Oil Corporation employees dealers and their families will leave Brownfield for Dallas Friday and Saturday, July 17 and 18, to be present at the Texas Centennial on "Gulf Day."

Saturday, July 18, has been officially designated as "Gulf Day" by the Exposition and it is anticipated that at least 10,000 employees and others connected with the big oil company will be on the Exposition Grounds to celebrate the day.

Besides the regular program of events scheduled by the Centennial for the day, special programs in honor of Gulf and Gulf employees have been arranged. These programs will include broadcasts from the Gulf Radio Studios on the Exposition Grounds and musical programs over the Gulf Centennial Network.

Saturday night has been designated as Gulf "Amateur Night." Musicians and entertainers from every department of the Gulf organization will compete for the privilege of appearing on this two-hour program. Gulf headquarters for the day have been established at the Jockey Club and arrangements have been made for registration and entertainment there.

One They Are Talking On Our Sheriffs

Here is the latest joke that is going the rounds on our three popular candidates for sheriff, and so far as we know neither have denied the charge or demanded the proof. It seems that Sheriff Jess Smith happened at one of the rural homes about supper time. The lady of the house was breaking mesquite grubs with an ax. Being a gallant and helpful guy, Jess took the ax and finished the job.

Not being exactly satisfied with the job, he carried the wood in and found Mon Telford sitting in the kitchen with an apron on churning. Jess said: "What in the world are you doing here Mon? Mon replied that the milk had not "turned" well and he had been hitting it up a steady lick for two hours.

Jess got a little confidential and sorter whispered to Mon that they would not let Ches get a word about the matter. "Good Gosh!" says Mon "Old Ches has been in the barn two hours milking the cows."

Terry County Singing Convention Sunday

Union, where the Terry County Singing Convention was organized back in the early 20ties, will be host next Sunday, July 19th, to Terry county singers and visiting singers from other counties, according to G. M. Thomason, president of the convention.

Everybody is invited to attend, bringing sandwiches and cake. Good singers are expected from all over this section, according to Mr. Thomason.

DR. KRUEGER RETURNS FROM EUROPEAN STUDY TOUR

Friends in Terry County of Dr. J. T. Krueger, head of the surgery department of Lubbock Sanitarium, will be pleased to learn that he is returning to Lubbock the 15th of July after a two months trip to Europe, where he studied the latest methods of surgery and treatment in the best hospitals in England and on the continent.

True Stories of Pioneer Terry Countians

Among the latest of Centennial special editions to reach us this year was that of the Clarendon Leader, which somehow we missed, and another mailed to us recently. This issue contained some 32 pages and was issued on the 25th of June. It had many interesting stories of the early trials and tribulations, as well as the pleasures of the pioneer settlers.

Which all reminds us of two good ones about Terry county people whose names will not be mentioned. The head of the family had left the farm ranch near the Terry-Hockley line to go to Canyon, some 150 miles after groceries and other supplies. Rains came, and the black muds kept the farmer from home some two weeks. In the meantime, the family had ran out of everything but meat and sweet potatoes, both of which were produced on the farm. The kids got hungry for bread, and two of the larger girls and a small boy were sent several miles to the nearest neighbor to borrow meal or flour. Returning they met a couple of traveling salesmen in a buggy, and of course engaged the boy in conversation. Whereupon, he said: Bet you'uns can't guess what we are going to have for supper. They couldn't and asked what, expecting some great rarity. "Bread," he replied.

The other concerns just a plain cowboy at that time. Roundup and branding time was at hand, and this cowboy, now a good Terry county farmer-stockman, was sent with a quarter of beef to the home of the ranch farmer, whose business was to raise feed for the ranch horses. Reaching the farm home, he found the man gone down in the sticks below the caprock after his mother-in-law. His wife was ill. In fact the stork was expected momentarily, and she frankly told this cowboy what the matter was and that he would just have to help out. Presently the stork arrived with a bouncing youngster, the cowboy was told by the mother how to wash it, where to find clothing and to dress it. He did the very best he could, but just as he was congratulating himself that he was congrating himself that he was congrating, the mother announced that the stork with No. 2 was about to arrive. The whole proceeding had to be repeated, by that time the farmer an dhis wife's mother had arrived.

The cowpuncher hastened back to the ranch and was taken severely to task for spending so much time over at the farm when his presence with the branding iron and rope was needed. He got the boss off to one side and told him the story, but wanted it kept away from the other punchers—for God's sake. But it was too good for just one man to keep, and before the day was over every ranch hand knew the story, and the poor cowhand was Doctor or Doc to them thereafter.

This last story—a true one—is told to show that the early pioneers often had to put timidity and assumed modesty aside when a crisis came, and they were big and brave enough men and women to meet all conditions when they arose.

Schools Get \$1. Per Capita Leaving \$2.50

Terry County schools were placed in better financial condition by the receipt late last week of \$1.00 per capita on the state apportionment from the department of education. The outstanding balance is now \$2.50 which will bring the total apportionment for the expense of last school year to \$18.50 per pupil, the largest in the history of the state.

Meadow School Gets Additional Credits

The work being done in the school at Meadow was highly commended by the Deputy State Superintendent, Mr. Holbrook, Miss Ruth Huey, Supervisor Homemaking Education; and Mr. O. J. Ryan, District Supervisor of Vocational Agriculture. Mr. Holbrook granted accrediting in World History; Typing; Bookkeeping; and Commercial Arithmetic. Miss Huey granted one and one-half units of accrediting in Home Economics, and Mr. Ryan granted accrediting of one and one-half home units in Vocational Agriculture. This completes a well rounded curriculum with 23 accredited subjects which enables a student to take the type of course which best fits his needs. We now have 4 in English; 2 1/2 in Mathematics; 3 1/2 in Social Science; 2 in Natural Science; 3 in Vocational Agriculture; 1 1/2 in Home Economics (and will secure 1 1/2 more this next year); 4 in Commercial Subjects; 1 1/2 in Public Speaking and 1 in music.

The program for next year is being broadly outlined and plans are being formulated for the school year of 1936-37.

With the increased census that resulted in the consolidation with Prairie View and the large increase in the High School due to Needmore's High School students coming here and two grades of the High School from Lake View, Lynn County, and other transfers we hope to add the seventh teacher to our High School.

With good crop prospects and finances looking better over the district we are looking forward to next school year. Terry County is waking up educationally as it shown by the fine spirit that our neighbors to the south came together for High School purposes. Meadow school and Community wishes to congratulate Wellman, Hunter and Sawyer who combined their resources enabling them to furnish their respective communities equal opportunities with the other best schools of the county. Luck to you in your new undertaking.

All students who are planning on transferring to our school should do so before August 1st, in order that the state will pay your tuition. —Homer Franklin, Supt.

Postal Receipts Show A Great Gain Here

Postmaster Jas. H. Dallas handed us a statement of receipts by the local postoffice this week, which we are glad to publish. Like all other institutions in this city, our postoffice is showing a healthy growth. The statement follows.

Receipts for the first half of 1936 shows a gain of \$720.55 over the first half of 1935, or a gain of 10 1/2 per cent. The totals were: First half of 1935 \$6824.24 First half 1936 7544.79

Swimming Class Starts Mon. A. M. July 20th

Spencer Kendrick and Bill Joe McGowan will instruct swimming at the local pool for one week, beginning Monday. These boys are both expert swimmers and Senior Red Cross Life Savers. Their class was scheduled for last week but was postponed on account of bad weather. We advise that everybody who cannot swim, take these lessons and advance pupils take and learn more. See their ad in this issue.

The biggest thief is one who robs another of joy.

60TH ANNIVERSARY OF THE CREATION IN NEW MEXICO. MODEL OF EFFICIENCY

"We Are Shown" What A Terryite Can Do in a New State When He Sets His Head to the Task and Works and Takes Care of What He Makes.

Last Thursday afternoon, a party of the following left here for the Sawyer ranch, 9 miles east of Caprock, N. M.: Mr. and Mrs. Charles Limer an dson E. A. Morgan, Jr., of Long Beach, Calif., and Mr. and Mrs. Jack Stricklin, Sr., of this city. Passing through Tatum, N. M., we met a number of old friends some of them former Terryites, such as Jim Smith and son, Pete; J. H. James and son, Howard, as well as Editor Nyles Morris of the Tatum Courier.

In going to the Sawyer ranch, you take the Clovis road at Tatum, and go about 20 miles north to Caprock, thence east nine miles. Mrs. Limer and Mrs. Sawyer were chums and playmates back in the teens. Upon arriving at the ranch, we found that they were in the midst of a building boom. A ranch home of unsurpassed architectural beauty, was under construction. This ranch home will contain eight rooms and bath, and is of brick veneer construction. The kitchen floors and lower walls of the kitchen and bath will be tile, and the clothes closets cedar lined.

The old ranch home, and several "shacks" will remain standing until the new home is done. A beautiful grove of trees surround the home, barns and corrals, and a good coating of burmuda grass which has been somewhat neglected during construction of the new home, but plenty time and water will be put on it when the home is finished. Mr. and Mrs. Ulyess Sawyer are good enter-tainers—they do it in true open hearted western style with no put on about the matter. They are assisted by two as lovely daughters as any one could wish to see, Misses Fern and Myrl. We found two old Terryites there, working on the building, Tark Lindsey and Dennis Rentfro on the ranch. Ulyess showed us where Col. Chas. Lindburgh landed his plane several years ago, and spent two nights with him to rest up.

Now boy, you talk about good chuck, but their tables were fairly loaded. They had put on nothing special for us—they were not expecting us—but they had one of the best suppers (dinner to you perhaps) that we have "got" down to in quite a spell. The main piece de resistance was a hog ham weighing perhaps 35 pounds, all boiled, baked and dressed off with all the trimmings. This was surrounded with a host of other good

things too numerous to mention. As fine bed as we ever slept in was found in one of the "shacks" and the call for breakfast meant a big platter of country ham, streaked gravy, fluffy biscuits, and coffee with just the right aroma and taste, plenty preserves, jams and what have you. You might not believe it, but Ulyess is still farming some. He has 40 acres in feed, and it looked fine. He lived too long with his dad, M. B. Sawyer not to try to raise something even on a ranch for the work stock. A trip was made in the car practically all over the ranch, and we got to see a few of the large 4 and 5 year old steers that he failed to fatten and ship last winter. Their herd is headed by some as fine Hereford bulls as one will find, and gradually he is working out all cows that show off colors, retaining the best blood. He had received good rains on the west end of the ranch, and it was green, but the east end was firing up a bit.

Ulyess fattened 200 head of these big steers last winter, giving them 150 days of balanced ration, and some of them weighed near a ton when finished. They were trucked to Brownfield and shipped to Kansas City, where buyers told him his steers compared favorably with those from Kansas, Iowa and Nebraska, although it was his first feeding effort. He has well arranged, strong pens, feeding troughs, crushing mills and scales. The 200 steers brought him around \$25,000 on the Kansas City market. They use two brands, SAW and UD. Ulyess says the UD stands for Ulyess and Dessie (Dessie is his wife's name.)

We could tell you many other interesting things about this ranch and Ulyess and Dessie, two good old Terryites who have made good in the Sunshine State (N. M.) Ending this story, will say that brick masons started Friday morning on their work with a cream, speckled and rose colored brick combination. The general contractor is Paul Viaelle, of Levelland; the paper hanger contractor is Mr. Chandler of Littlefield; brick work is under charge of Mr. Aldridge of Lubbock.

In passing, will say that we want to see that home when it is complete, and we're going to whether we are invited or not. (Signing off.)

New Power Unit Installed at City Plant

Tuesday afternoon of this week we visited the Brownfield city power and light plant to see the new 215 horse power gas engine that has just been installed. This is a fine piece of machinery, and is a big improvement over the other model installed just a few years ago. Unlike the other gas engine, the generator is not directly connected to the shaft of the engine, but is pulled by the V belt, which allows the generator to set very close to the fly wheel of the engine.

This gives the local plant a total of 740 horse power, the other gas engine being rated at 165, the large Fairbanks-Morse at 240 and the small F-M at 120. This, it is believed will easily carry a peak load of a city much larger than Brownfield. The switch boards, or whatever they are called are being moved in where the little 75 F-M used to be, and will allow freer access to them for repairs or adjustments without endangering the operator. A door is to be cut into the fire engine department, and the telephone booth installed in there, of course with an extension and gong in the power room. The 160 F-M generator will be moved closer to the engine, and supplied with a V-belt thus making room for the double doors in front to be opened and used when needed.

Mayor Wines stated to us that he carried the man who installed the new engine all over town, in all the alleys and that the man stated frankly that he visited many towns and installed engines, and that Brownfield was no filthier than others as has been stated on occasion, but on the other hand was above the average for cleanliness.

Mr. Wines also stated that all weeds were being cut around the sewerage disposal plant to keep down breeding places for mosquitoes. He stated that the worst places for mosquito breeding now was around sewerage disposals in the residential section.

Hon. Geo. Mahon Was Here This Week

Hon. George Mahon, congressman from this the 19th district, and a candidate for re-election, spent Tuesday night and part of Wednesday in Brownfield and Terry county, meeting his old friends, and the voters of the section. He was held at Washington so long, and then after adjournment being a delegate from this district to the National Democratic convention at Philadelphia, spent another week there, his canvass of the district will necessarily be short.

He addressed the joint session of the Lion and Rotary clubs for a few minutes Wednesday noon, and attended a political speaking and pie supper at Union Tuesday night, where he informed us he had lots of fun and had one of the best times he ever had. Mr. Mahon will have to depend on his many friends in this election, and we predict he will get it and how.

Candidates to Speak Friday Night July 24

The public is given notice that the speaking for the county candidates will be held in the band stand on the court house lawn on the evening of July 24th. All restrictions for keeping off the grass will be withdrawn so that all who care to come can have full benefit of the lawn to hear their candidates. We want you to come early. The program will start at 8:30 P. M. with district and state candidates speaking first.

Hazel Sterling, daughter of G. B. Sterling, Meadow, Texas, made the spring semester honor roll at Texas Technological college with an average grade of B.

There will be a candidate speaking and pie supper at the Pool school house on the night of July 20th. Everyone invited.

Moon Mullins and family are entitled to a pass to the—**Rialto Theatre**—to see—**"Yellow Dust"** Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

Chamber of Commerce

A charitable organization for the purpose of assisting transients on their way from "here to there" is needed in Brownfield, as hardly a day passes that one or more of them do not call at the chamber of commerce office for the purpose of getting a few groceries and a little gaso-

line to help them on their way. In most cases, some person informs them the chamber of commerce will assist them and upon questioning them, we find that in many cases they are directed to us by people who are not even supporting our organization and this don't set very well with us. We would like to assist people who are broke and down and out, but it takes money to do it and that is something that is a scarce article around this office. The county is not in a position to assist transients as they have a pretty heavy expense in caring for the needs of families who reside in the county.

Every once in a while some firm or individual comes along and requests membership in the chamber of commerce and when a thing of that kind occurs, it certainly does make the world look brighter for the secretary and makes him have a different outlook on life. Two instances of the kind have occurred within the last few weeks. One being Mr. Dennis Lilly of the Resettlement Office and the other Mr. Bill Rollow, Manager of the Doggett Grain Company. Flowers are due to these gentlemen and if we had some "orchids" we would send each of them a bunch. Flowers are also due to the firms and individuals who have consistently supported the organization throughout, shall we say (recent depression.)

Mr. Rollow, also informs us that

Sore Bleeding Gums

Only one bottle LETO'S PYORRHEA REMEDY is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money. Alexander Drug Co.

PORTRAIT OF A HAPPY MAN...

He knows he's heading home for a SWELL dinner. You see, his wife just bought one of the 1936 Modern Gas Ranges. They make mealtime success a SURETY, and with the new low gas rate, it's so inexpensive in upkeep.

The low gas rate recently fixed by the Railroad Commission of Texas, and put in effect by the company, is lower than the rate in 891 of other Texas Cities and Towns having gas service.

West Texas Gas Co. Good Gas With Dependable Service

BLUEBONNET BELLE SERENADED AT OPENING OF WORLD'S FAIR

Miss Frances Nalle, center of attraction in Standard Brands' patio.

"The most beautiful Fair held in the United States in the last decade" is the verdict of visitors to the Texas Centennial Exposition in Dallas these days. It opened June 6, and since then a heavy stream of sight-seers from all parts of the world has been flooding the grounds, day and night. The night scene is more fascinating, because of the lighting effects. The Esplanade, just inside the main entrance, is a fairland of colored lights and fountains at night.

One of the main structures of the Exposition is the huge Foods Building, where all sorts of displays of things to eat and drink attract the hot and thirsty visitors. Here cool breezes and cold drinks are refresh-

Above: The colorful "Esplanade" at night.

ing, and chairs are provided for the tired. The largest display is that of Standard Brands Incorporated, a Spanish structure with a wide patio, where a continuous floor show is going on while Joaquin Bernal's Mexico City Troubadors do some serenading. One of the features of opening day was their serenade of the Bluebonnet Belle. Miss Frances Nalle, in the patio, while she sipped iced dated coffee.

Importance of Farmer of Southwest in Manufacture of the Ford V-8 Told by Lecturers and in Murals

Industrialized Farm Exhibit at Ford Expo

In the Ford Exposition building, at the Texas Centennial in Dallas, Texas, murals as well as trained lecturers tell a complete story of how important the farmer of the Southwest is in the manufacture of the Ford V-8, the Lincoln-Zephyr and the Lincoln motor cars. The industrialized farm exhibit has proved to be of marked interest to the tens of thousands who throng into the Ford Exposition daily. The story of how the soy bean is utilized is told at the Ford Exposition and in the story below.

A fascinating development by the Ford Motor Company, the industrialized farm exhibit in the Ford building at the Texas Centennial in Dallas reveals how the Ford company uses products of the farm in manufacturing cars. One example is the utilization of the soy beans, a crop of the southwest.

Murals on the wall of the exhibit building tell in figures that the Ford Motor Company is a very good customer of agriculture. Machines on the floor demonstrate how soy beans are used. Henry Ford is among the foremost experimenters in the use of the soy bean and is constantly seeking to enlarge the number of parts of the Ford car which are made from either the oil or the meal.

In the exhibit is a small transparent model of the soy bean oil extractor developed by the Edison Institute, which is maintained by Mr. Ford at Dearborn, Michigan. Soy beans contain 20 per cent oil, 35 per cent protein, and 45 per cent carbohydrates. It is the protein that is converted into plastics.

The extractor crushes the beans into flakes and a solvent washes out the oil. The oil is then separated from the solvent by distillation. The oil is used in paint, enamel and as a bond in moulding sand cores.

The soy bean is used extensively in plastics. The exhibit shows how soy bean plastics are used in the manufacture of 41 different parts for the Ford car.

The soy bean will thrive in almost any kind of soil and is a prime builder of the soil. As a forage crop it has many enthusiastic advocates.

Mr. Ford foresees the time when it will no longer be necessary to denude the forests and deplete the mines for materials with which to build homes, offices, furniture and even automobile bodies. He believes that better materials can be grown on the farm than those produced from forests and mines.

Back of this is the cherished Ford theory that the farm and factory are natural allies and that in any movement toward universal progress they must be united. The connecting link is chemical research.

LESS THAN 40 YEARS!

President Roosevelt has accomplished what it took Moses forty years to do, according to the Farmersville Times editorial reproduced here. "It took Moses forty years to lead the Israelites out of the wilderness after he had delivered them from Egyptian bondage. The delay was caused by the obstinance of the Jews who lost faith in their leader and were ungrateful for his services. There is now an analogy between that incident in Jewish history and our own nation. Roosevelt delivered the nation from slavery and despair under Republican rule—and now that he is needing the full co-operation of all the people, the big business men—the very ones he helped at a very crucial moment—are now howling and snapping at his heels with criticism and condemnation. The great trouble with the big boys is that they know they are going to have to divy up on their earnings to pay the expenses of the recovery. Nothing more."

Jim Coussineau is down at A. & M. College taking a special course in fire fighting apparatus and how to use them. Upon his return he will school the local fire fighters in all the latest methods he learns down there, together with practice drills. Fire Chief Eunice Jones believes that it will give us some 2 per cent further reduction in our insurance rates.

Mr. and Mrs. J. W. Duke formerly of this place moved to Lubbock last week. Miss Vergilla Nan Dunn is visiting them this week.

Mrs. J. O. Brown has been taking treatments at Lubbock, but is back at home now.

Mr. and Mrs. Fred Dawson were Tatum, N. M. visitors last Thursday.

AMERICAN LEGION AUXILIARY TO HAVE PIE SUPPER

On July 24th the Legion Auxiliary are sponsoring a pie supper at the candidate speaking on the court house lawn. Every woman who wants to do so, is asked to donate two pies, same to be sold at auction, and proceeds to go to the Auxiliary.

Bring pies to Legion Hall anytime after 7 to 8:30.

Little Miss Patsy Frank Ballard visited her grandparents, Mr. and Mrs. P. B. Brothers of Monahans last week.

Better a minute with the wise than an hour with fools.

We will give one stamp for each wrapper, from Carry's Quality Bread.

Save them and bring them to CARRY'S BAKERY.

Texas Ag. Com. Buys Registered Sires

In Texas the ponies go round and round a track, all bets go through a pari-mutuel and a sizable tax is deposited in the state treasury. One-quarter of all such tax moneys received goes to the department of agriculture, to be used in the purchase, distribution and maintenance of purebred jacks and stallions, for the use of any breeder in the state.

When the first funds for this purpose became available in January, 1934, there were thousands of farms in Texas devoid of both mules and horses. There was a severe shortage of high-bred stallions and jacks in the state and so few were the colts being raised that the average age for the state was ten years plus.

January of 1936 found Commissioner of Agriculture J. McDonald the largest purchaser of jacks and stallions in the United States. A total of 262 head, at an average cost of \$380 each, has been distributed over 185 counties of the state.

Mr. and Mrs. Chas. Limer and two children, Miss Evelyn Judd and A. E. Morgan Jr., left Tuesday morning for Long Beach, Calif., after a short visit here with Mrs. Limer's sister, Mrs. Stricklin, Sr.

Mrs. Claude Hudgens and sons, Claude Jr., and Billie, returned last Friday after a month's visit at McMinnville, Tenn. They reported a nice time, but was hot and dry most of the time back there.

Miss Lois Daniell of Seminole visited relatives in Brownfield last week end.

Mrs. E. L. Treadaway and daughter, Miss Mozelle, returned from Dallas and near by points, after a five weeks visit. Miss Margaret Long, a granddaughter of Mrs. Treadaway's returned with them for a visit.

Prof. C. A. Wilhite is taking a special course at Tech college this summer. He will have charge of the Harmony school this next term.

Mrs. J. H. McGee and children, James W. and Bobbie T., of Dallas are visiting Mrs. McGee's parents, Mr. and Mrs. J. H. McLeod.

HEWITT—GREEN

Mr. Ray Hewitt and Miss Gladys Green surprised us when they drove over to Tahoka Sunday, June 30, and were quietly married about 7:30 that evening.

Mr. Hewitt is the youngest son of Mrs. Mollie Hewitt of Lahey, and Miss Green being the oldest daughter of our Deputy Sheriff, Andrew Green of this city.

They have a host of friends who wish them much happiness during their married life.

"RIDE RANGER, RIDE" OFFICIAL RANGER SONG

DALLAS, Texas, July 13.—"Ride, Ranger, Ride" the song which Governor James V. Alford has approved as the official Ranger-Texas Centennial Song will be used as the theme song for a new picture of the same title to be produced by Republic Pictures in Hollywood.

The song was written by Vern Spencer and will be featured by Gene Autry who will play the lead in the new film. Governor Alford first heard the song when he attended the Rose Bowl game last New Years Day. He was so impressed with it that he later wired his approval of the tune as the official Ranger-Centennial song.

Arrangements are now being made to include the new melody in the repertoire of Texas tunes played by the various bands at the Texas Centennial Exposition in Dallas.

County Clerk W. A. Tittle informed us Tuesday that some 30 absentee votes had already been cast. He stated that people seemed to be taking a great interest in the election, and wanted to cast their vote before going on vacations.

Lawrence Cleveland of Yoakum county had business in this city Wednesday.

Why Gulf is the Gas for July

THE "DOG DAYS" start in July. Hot, sticky days that play hob with your car's mileage—unless you use a fuel tailored to the weather. If you don't want part of your gas to go out the exhaust unburned, wasted—get The Good Gulf in July. It's specially refined for summer driving—"Keeps in Step with the Calendar." And that's why all of it goes to work, none of it goes to waste. Try it.

Kept in Step with the Calendar THAT GOOD GULF GASOLINE

"Exercise should be taken in hot weather but good judgement must be used in the amount that is taken. Swimming is fine exercise and is more refreshing than other forms of exercise. If sun baths are to be indulged in care should be taken to acclustom the skin by exposing the body for short periods in the beginning.

"Plenty of rest is necessary during hot weather. Sleep a sufficient number of hours and eat at regular meal times. Acquire regular habits of living and develop a cheerful outlook on life, and you will find that it will help you to spend a comfortable summer at home or on a vacation.

Curiosa Americana

By Elmo Scott Watson

Monroe (?) Doctrine
WE CALL it the "Monroe Doctrine"—that document which says "Hands off!" when foreign nations seem covetous of more land in either North or South America. But it might more properly be called the "Adams Doctrine," for John Quincy Adams, Monroe's secretary of state, was the man who saw the need for it and formulated it even though it did appear in Monroe's handwriting in his message to congress in December, 1823.

But if you want to go back even farther for its origin, then a pretty Russian baroness comes in for her share of responsibility. Her name was Barbara Juliane von Vletinghoff-Scheel and she was the youthful wife of elderly Baron von Krudener, Russian ambassador to Berlin. Also she became the sweetheart of Alexander I, czar of all the Russias, and under her spell he supported her scheme for a Holy Alliance by which, she believed, the world could be run according to the principles of Christian charity.

All the sovereigns of Europe, except the pope, the king of England and the sultan of Turkey, joined the Holy Alliance, thereby pledging themselves to aid each other when the need arose. When Spain lost her American colonies and called upon the Holy Alliance to help her get them back, George Canning, British foreign minister, proposed that the United States join with England in opposing the plan to reconquer the Spanish Americas.

John Quincy Adams, however, didn't want the United States to "come in as a cock-boat in the wake of the British man-of-war." So he proposed that an independent declaration of policy be issued. It was the famous Monroe Doctrine which brought about the collapse of the Holy Alliance.

They say Helen of Troy had "the face that launched a thousand ships." But the pretty face of Baroness von Krudener has been responsible for keeping the fleets of the United States, for the last century, ready to back up the "Monroe Doctrine" which was formulated by John Quincy Adams.

Gladden R. Leonard is here from Washington, D. C., visiting his brother and family. Gladden works in one of the big offices set up for relief under the New Deal.

One way to judge the world is to consider yourself a sample.

Sunday Trains Went To Church in 1850

The Boston & Main Railroad has dug up a timetable of one of its predecessors issued in 1850 showing the operation of a Sunday train with this important requirement: "Persons purchasing tickets will be required to sign a pledge that they will use the ticket for no other purpose than attending church."

THEY CAN'T SPELL

It is reported that among 293 young men and women who took a civil service examination in New York recently, all but three failed in spelling.

This is not surprising to those who have had occasion to observe the spelling of the average high school graduate, or even that of some college men and women.

Why our schools do not give more attention to spelling is an unsolved mystery. Hundreds of hours are devoted to subjects which a pupil never thinks of after leaving school, yet the art of spelling, which must be practiced every day of his life, is given scant consideration.

Perhaps it is thought that everyone should be permitted to develop originality. If so, the plan works well. Few show greater originality in any respect than in spelling.—Kerrville Mountain Sun.

The many friends of James Parker Davis will be glad to know that he is on the road to recovery after undergoing an emergency operation at Memorial Hospital in Cheyenne, Wyo.

CROSS CHILDREN MAY HAVE WORMS

Watch for upset little stomachs, bad breath, fretfulness, loss of weight, itching around nose and arms. They may have pin or round worms. Whites Cream Vermifuge has safely and for years, reliably expelled the worms and toned the delicate tract. Whites Cream Vermifuge recommended by druggists.

Dumas News

Geo. Wright and family, Mrs. Bateas and family and Mrs. Rose Smith were visitors in the home of Mrs. Elmer Bateas Sunday.

Mr. and Mrs. H. W. Schulz, Mr. and Mrs. A. M. Schulz and family of Hillsboro, Texas visited relatives here last week. They returned home Friday.

A cream supper was given in the

Elmer Bateas home Saturday night. Those present were: J. Baron and family, Noel Baron and family and Shorty Kelly and family.

Crops are doing nicely, some corn is being laid by.

Mrs. B. J. Grass had the misfortune of getting a needle stuck through her finger by a sewing machine.

Mrs. Maud Ussery and little son, Billie are visiting relatives here this week.

MANY HELP ON NEW GOMEZ BAPTIST CHURCH

Our Gomez correspondent sent in several pages of those who contributed. But such a list takes too much space in a small country weekly, and concerns only one local community. In other words, it is not of general interest. Too, lots of people object to their names and donations becoming public property in print.

However will say that some 52 people responded nicely with sums ranging from 50c to \$50 in cash, while others contributed material builders hardware and labor. The total cash sum contributed was about \$260.80, and each will know that their help has been highly appreciated.

HOT WEATHER CALLS FOR CAREFUL LIVING

AUSTIN, July 14.—Keeping cool and standing the heat during the hot summer months is in a large measure dependent upon the individual, health authorities agree. Over indulgence in food or exercise may cause much suffering.

"The clothes we wear and the food we eat play an important role in keeping us comfortable during the hot season," said Dr. John W. Brown State Health Officer.

"Summer clothing should be light in weight and color and of a porous texture. White clothes reflect the rays of the sun and therefore are cooler. Frequent change of clothing, particularly of that next to the skin, is especially conducive to comfort.

"The summer diet should consist of light, nutritious, and easily digested foods. Fresh fruits and vegetables are particularly desirable as hot weather foods because of their ease of digestion and wide range of variety in the manner they may be served. Meat and heavy pastries should be eaten sparingly. A balanced diet may be maintained without these foods. Do not eat when you are tired.

Don't Forget Our JOB DEPARTMENT

We have recently equipped our job presses with new rollers, and our job cases with some 21 fonts of the latest type of the Type Founders Art. There is no increase in the cost to you.

We are also now keeping a small supply of Old Deerfield Bond, and if you wish your letters on the best bond paper made, call us.

OUR 23 YEAR COLUMN

Quoting from our issue of July 18, 1913: Among the features of the Confederate-Woodman picnic, was two sets of men, one with the Confederate flag, and the other with the Stars and Stripes, to see which could plant their flag on top of the courthouse first. There was also to be an old fiddler's contest, dancing, ball games, speaking for Confederates and Woodmen, and music by the Lubbock Cowboy band. E. L. Duke and family were leaving for a visit to Throckmorton county. D. J. Broughton, county clerk, had been notified by the Land Commissioner, that all Terry county lands bid in too high, would be relisted, and the original purchaser allowed to repurchase at the new price. Sam Dunwood and family were in from the 6666 ranch. J. W. Welch had been employed to keep up the court house park and the windmills greased. Ote and Newt Copeland were visiting their brother, Charles. Dick Brownfield and several hands were erecting his silo. W. J. A. Parker was on the sick list.

Bud Jones was dipping his cattle at the T-4 vats. The Baptist ladies were putting on an ice cream supper at the Dixon home. One car of lumber for the Merc. building had arrived in Tahoka, and nine wagons had gone after it. Mrs. Joe DeShazo of Lubbock was visiting her mother, Mrs. C. Moore. Miss Kathryn Powell had entertained the little folks with a party. Booth Hays had moved to town as he was threatened with typhoid, to be near a physician. Miss Dora Daugherty entertained her music class. Bert French had left looking for a barber shop location. Dock Walker and family had located at Marathon, Texas. Miss Ruby Jones, daughter of Mr. and Mrs. J. O. Jones, underwent a successful operation for appendicitis at Lubbock. Miss Ann Hamilton entertained with a moonlight picnic. Mr. and Mrs. C. F. Bell of Marshall came in to spend the summer with their sons, W. A. and Herbert. V. E. Hargett and wife carried a load of chickens to Lubbock.

Tokio News: Mrs. R. K. Benton had written that she was returning to Terry county to make her home. Mon Yates had sold his ranch and

**HEAVY BEARINGS AND LIGHT PISTONS
FEATURE HUDSON**

The big Ring-True bearing used in Hudson-built cars outweighs the aluminum alloy piston from the same car almost 2 to 1. Light reciprocating parts plus big bearings are a tremendous factor in producing the smoothness, fine performance and long life of the car.

Heavy bronze-backed, babbit-lined bearings and aluminum alloy pistons are a combination which is largely responsible for the fine performance and endurance characteristics of Hudsons and Terraplanes. The big Ring-True bearings with their heavy cast-bronze backs and babbit linings spun into place used in these cars are outstanding in the industry.

The main bearing shown in the illustration weighs approximately 18 ounces as compared with the weight of only 10.8 ounces for the Bohnalite piston. These sturdy bearings, which are lined with babbit, the white metal which has unsurpassed qualities as a bearing material, keep cool because of their excellent heat dissipating qualities; and because of the qualities of the white metal, this type of bearing never tends to cut or wear the crankshaft.

The aluminum alloy pistons have been a feature of Hudson cars almost since the introduction of this metal for the purpose. The pistons of today are highly refined having pinned rings and are cam-ground to give an accurate fit to the bore when the engine reaches its running temperature. Aluminum alloy pistons have the excellent combination of qualities of dissipating heat rapidly, providing an excellent bearing surface and at the same time reducing the weight of the reciprocating parts permitting better balance and lighter bearing loads. This combination of light bearing loads with big bearings that are able to "take it" are important factors in permitting Hudson cars to be driven at tremendous speeds day in and day out without affecting their life, durability or quietness.

stock and was moving to New Mexico. A party of pedestrians (former lungers) from Los Angeles, had passed through, three men and two women on their way to Washington to get President Wilson help advertise their "cure." Three burros carried their packs. Postmaster General had given orders that no parcel post stamps be sold after the present supply exhausted. Ordinary stamps were to be used. Harris Happenings: The Methodist meeting

was to begin the 2nd Sunday in August. Mrs. Spear was visiting her daughter in Knox City, who was ill. An ice cream supper was enjoyed at the Harris home. Gomez News: The Methodist revival was running. The Baptist were to start in two weeks. Geo. McPherson came in from Comanche county with a case of mumps. Weather—usually hot. Herbert Seitz and family of Chickasha, Okla., were visiting his parents, Mr. and Mrs. A. P. Seitz. Will Mathis

FOLLOW THE FLYING RED HORSE

All roads lead to Dallas this year. Of course you are going too, for who isn't? In order to get the most enjoyment out of your trip, use Magnolia Products exclusively in your car. Be sure to visit our home office when in Dallas. The view from the top of the Magnolia Tower is well worth seeing.

was driving a pretty pair of paints to his new surry. The Postex Mills had opened and were weaving cloth. The Cunninghams of Terry were moving their 1500 head of sheep from New Mexico back to their ranch. All for this week.

Meadow News

Dr. and Mrs. Moorhead are visiting their children in New Mexico. Mr. John Cadenhead and hon. Wayne, have been sick this past week, but are reported to be better now. Mrs. Preston Hester had a message last week stating that her father was seriously ill. She and Preston left for Lenoard, Texas, to be at his bedside. Miss Thelma Thompson, teacher in El Dorado School, is visiting her sister, Mrs. Madison Turnbough and family. Mr. and Mrs. Edward Barbee, Sr., who have recently moved here from Ropesville, left last Saturday for a two weeks visit with relatives near Quanah, Texas. Mr. and Mrs. Luther Hollers and children expect to leave this week to visit relatives in Oklahoma. Mr. and Mrs. J. B. Jones left Sun-

day for a visit with her parents at Thorp prings. They expect to visit the Centennial also.

Mr. and Mrs. J. A. Wheeler had as visitors last week her cousins, Mr. and Mrs. Rickey and son from Texaco, Texas.

Bro. and Sister Shropshire and children ate dinner with the Turnbough's Sunday.

Mr. J. M. Burleson's mother from Anson, Texas, is visiting him.

Mrs. Clarence Lackey was sick last week but is better now.

Mrs. Charlie Brock is confined to her bed on account of infection caused by a cat scratching her on a lower limb.

Mr. S. W. White and daughter Ceiba, are at Glen Rose, Texas for their health.

Mrs. Fred McNabb returned from Glen Rose last week and is reported to be some better.

Mr. Horace White from Forsans, Texas, came by last week for his sister, Elsie Della, and brother, Junior and they all went to the Centennial.

Gomez News

Singing was well attended Sunday night. We plan to get new song books before long. We urge everyone to come and help us use them.

We join with the community in extending sympathy to Mr. and Mrs. Gordon Carter in the loss of their infant son, who passed away the first part of last week.

Mr. Earl Harkins, of McCamey, visited with his brother, A. A. Jr., and family last week.

Lester Doss spent Sunday with Preston Draper.

Mr. and Mrs. J. E. Lee and grandmother Rose were guest of Mr. and Mrs. Walter Rose, Sunday.

Mr. and Mrs. Robert Decker have relatives as their guest this week. The younger children of Thos. S. Doss spent Sunday with Mrs. A. A. Harkins Jr.

Mr. and Mrs. Elmer Lee were dinner guest of Mr. and Mrs. Aubrey Fore Sunday.

Mr. and Mrs. Henry Franklin and son took dinner with Mr. and Mrs. J. T. Lee Sunday.

Maxine King visited Marie Whitely Sunday.

Mr. and Mrs. R. R. Robb have as their guest, Mrs. Robb's sister and family, of Greenville.

Miss Lillian Lee was the guest of Mr. and Mrs. Robert Decker Sunday.

Mr. and Mrs. A. P. Daugherty had the misfortune of losing a number of their young turkeys by lightning last Monday.

Gordon Lee Walker took supper with Cecil Rose Sunday.

A number of people enjoyed singing in the Leonard King home Sunday afternoon.

Mr. and Mrs. Robert McLeroy of Brownfield, Misses, Rana and Nellie McLeroy, who are attending summer school in Canyon, Mr. and Mrs. S. O. McLeroy and son of Kansas City, Mo., Mr. and Mrs. Kellie Sears and boys spent the week end with Mr. and Mrs. C. J. McLeroy.

Forrester Items

A fairly large crowd attended church and Sunday School, Sunday; also Sunday night.

Miss Lorene Smith of Lahey spent Sunday with Misses Ruth and Mary Belle Warren.

Mr. Ollie Warren has returned home for a stay. He has been engaged in the Filling Station business at Brownfield.

Mr. and Mrs. J. A. Lewis and children Mrs. Nathe Lewis were the dinner guest of Mr. and Mrs. Alvis Pinter of Union Sunday.

Several of Forester's singers went to Union to sing Sunday evening.

Lets don't forget the third Sunday singing Convention next Sunday at Union everyone that can should attend. I am sure they will enjoy it.

Mr. and Mrs. John T. Tooms, Mr. Guy Clifton, Miss Veria Sons spent Sunday with Mr. and Mrs. O. G. Lewis.

Mrs. J. V. Lewis, Mrs. Alvis Painter and little daughter, Doye, Mr. and Mrs. J. B. Sons and Coleman, Mrs. J. A. Lewis and sons, J. V. and

THE OLIVER ROW-CROP "70"

YOU CAN SEE WHAT YOU'RE DOING WITH THIS NEW SPEEDIER TRACTOR

Here's the sensational new Row Crop "70"—the six-cylinder, streamlined tractor everybody's talking about.

Due to its famous Tip Toe wheels there's unusually great clearance under the tractor so that planting and cultivating equipment can be mounted amidstships—always in full view of the operator. You can see what you're doing. The work's easier!

Here's great power, too, with light weight—only 3,000 lbs. And, under ordinary soil conditions, you can plow with two 14-inch bases at over 4 miles an hour! That's great speed that gets the work done sooner—and gives the operator more spare time for other things.

There are two "70's". Come in and see them. One for 70 octane gasoline—the other for kerosene or distillate—each setting new standards of fuel economy. There is, of course, a complete line of mounted listing, busting, planting and cultivating equipment.

OSCAR SAWYER
 Brownfield, Texas
 —DEALER—

Hubert, Mr. and Mrs. John T. Tooms, Mr. and Mrs. O. G. Lewis and Billie Joe, Mr. Lonnie Lewis spent the latter part of Sunday evening with Mr. and Mrs. Bill Rousey.

Mr. and Mrs. George and Mr. and Mrs. Smith were the guest of Mr. and Mrs. T. D. Warren Sunday afternoon.

Mr. Guy Clifton was the supper guest, Sunday, of Messrs Elbert and Kenneth Lewis.

Margaret Bevers spent Saturday night and Sunday with Misses Marie and Avis McBroom.

A nice time was reported of a party given at Mr. Orva's Snow's Saturday night.

Mr. and Mrs. M. C. Warren and little son, Walter David, spent Sunday at Southland.

Mrs. T. D. Warren was the guest of Mrs. Johnson Saturday evening.

Several young folks were the Sunday guests of Misses Ruth and Dale Maness.

Everybody enjoyed the party given at the home of Mr. and Mrs. John T. Tooms, Saturday night.

Mr. Eldeen Stevens of Union spent Saturday night with Mr. Clevis Chambers.

Mrs. T. D. Warren and daughters, Ruth and Mary Belle, were the guests Monday evening of Mrs. J. A. Lewis.

The Snappy Club is doing fine for just the beginning. They met at Mrs. J. A. Lewis Friday, but Tuesday's are the meeting days. Next will be at Mrs. N. L. Lewis.

Mr. T. D. Warren, Mr. John Bass of Union made a business trip to Hobbs, New Mexico, Monday.

Mr. Lonnie Johnson and Mr. Ollie Warren went to Wilson, Texas, Monday on business.

Mr. J. A. Lewis is doing finish work at Union and Floydada this week.

JUNE AUTO SALES IN TEXAS SHOW BIG GAIN

AUSTIN, Texas, July 14. — An increase of sales of new automobiles in Texas during June over the preceding month and the like month last year is reported by the University of Texas Bureau of Business Research. Reports from fifteen representative Texas counties show a total of 8,226 sales, and increase of 33 per cent over May and 64 per cent over June, 1935. Aggregate sales in these counties during the first half year were 38,751, an increase of 23 per cent over the corresponding period last year. The percentage increase in sales of the lowest price group during June over the two comparable periods was greater than the percentage increase of all groups. For many months past, the lowest price group had been making relatively the poorest showing.

Mrs. Frank Wier and daughters, Frances and Nancy and Mrs. Irene Duke and daughter, Beverly Ann, left Monday for a visit to the Centennial. It is understood that Mrs. Wier will visit her mother in Waxahachie about two weeks before returning home.

Mrs. Maurine Sigmon of Amarillo and Miss Winnie Jo Hooser of Plainville visited Mrs. Sigmon's mother, Mrs. Cartwright, Monday.

He is no friend who stands by while others stand you up.

How do I Oil-Plate my engine?

You do it while you drive. It is no work at all, and costs nothing extra.

Oil-Plating comes from the sure union that will take place between all working parts of your engine and Conoco Germ Processed Oil—patented. This is the first oil ever especially alloyed so that it does not merely flow on, but plates on! Therefore it does not flow off, letting precious metals scrape and scorch. Instead it keeps them Oil-Plated. And that keeps up the power and oil level, though the thermometer and your speedometer may go up this summer... High time to Oil-Plate your engine with **CONOCO GERM PROCESSED OIL**

Weekly Church and Social Happenings

YOUNG MATRON'S CIRCLE

The young matron's circle of the Baptist church met with Mrs. Lawrence Green Monday afternoon and studied a lesson in Exodus in round table discussion. Eight ladies were present.

NORTH SIDE CIRCLE

Five ladies met Monday afternoon with Mrs. Joe Patterson. The first 12 chapters of 1st Kings was the discussion for this group.

SOUTH SIDE CIRCLE

The south side circle met at the Baptist church and studied a portion of the book of Samuel. Five members and two visitors were present. Mrs. W. M. Adams taught the lesson.

METHODIST MISSIONARY SOCIETY

The ladies of the Methodist church met in a World Outlook program at the church Monday afternoon. There were 16 ladies at this meeting. Mrs. Judson Cook was leader and the topic for discussion was "Schools in China." Those taking part on the program were, Mesdames Cook, Downing and Cox.

BUNCO PARTY

Monday evening the younger set enjoyed a bunco party in the home of Katharine Bynum. After a delightful evening, sandwiches, cookies and punch were served to Misses Ethelda May, Earline Jones, Evelyn Jones, Joy Greenfield, and Mary Nell Adams. Messrs. Ernest Leo Word, Denvil Jefferis, Buddy Rambo and E. A. Morgan.

BRIDGE—SHOWER

Friday morning at 9:30 Mesdames Clovis and Spencer Kendrick entertained five tables of bridge honoring Mrs. Jim Graves, a recent bride. In the games Mrs. Tom Cobb and Mrs. James Harley Dallas won high and second high and received beautiful Mexican pottery, which they presented to the honoree. A salad course and iced tea were served to the players and ten tea guests. The honoree received many beautiful gifts.

RECENT BRIDE HONORED

Mesdames Cruce, Clarence Lewis, W. A. Tittle and Miss Elray Lewis entertained in the home of Mrs. Tittle with a Tea-Shower honoring Mrs. R. L. Bandy, who before her recent marriage was Miss Ethel Pippin. Seventy-five guests registered, and music was furnished throughout the afternoon by Misses Mary Dee Price and Velma McClish.

IDEAL CLUB

The Ideal Club met Tuesday with Mrs. Flem McSpadden. Mesdames Akers and Sawyer won high and second high, receiving a handkerchief and a deck of cards. A salad course with iced tea were served to, Mesdames Allen, Akers, Cave, Carter, Endersen, Clarence Hudgens, A. A. Sawyer, Pyeatt, McDuffie, Davis, Collins, Herod, Turner, W. C. Smith, Bowers, Youree, Newton of Ohio, and Miss Martha Turner of Russel, La.

HUNTER—PRIMM

Last Saturday night, Miss Kathy Hunter became the bride of Mr. C. C. Prim at Lubbock, Texas. They are

Fort Worth Ready for Gala Opening

The Last Frontier—Pioneer Palace—Jumbo—Casa Manana—Nude Ranch! Marvels of entertainment will go on parade in Fort Worth Saturday, July 18, when the Texas Frontier Centennial opens its gates to the world. But mere gates, closed during rehearsals, have not kept out the crowds. Bess Harris, for instance, boldly travels the "Sunset Trail" in a modern covered wagon, mustering into service Mr. Star, an Indian youth whose Hopi reservation is on the Centennial grounds, and pausing for refreshment at an old pump presided over graciously by Miss Yellow Spider. And below is Nikki Allen, who takes time out from rehearsals at Sally Rand's Nude Ranch to furnish a good reason for the crowds in the bottom photo.

POTERFIELD—BRUCE

Surprising a host of his friends here, Linzy Bruce left town quietly and went way off down in east Texas, to Alto, to be exact, and when he returned he had with him a lovely bride, which we here and now welcome to Brownfield. The ring wedding ceremony was read by Rev. Wallace Clark, pastor of the Alto Baptist church, and took place at the home of the bride's sister, Mrs. Wallace Clark.

Copying a portion of the writeup in the Rusk Cherokeean, which says: "The bride is the daughter of Mr. and Mrs. J. B. Porterfield Sr., of Rusk, who has taught school in the Rusk schools for the past nine years. As a member of the Rusk Baptist church she was active in all phases of church life and service."

Will state that Linzy is the son of Mr. and Mrs. P. F. Bruce of this city, and is one of the prominent young business men of the city, being engaged with his father in the produce business, known as Peoples Produce Company.

and family are vacationing in the mountains of Colorado. They plan to go to Yellowstone Park before they return home.

Heritage

HE HAD been a prominent and successful lawyer in Chicago. His misfortune overtook him and he died penniless. Among his effects they found his last will and testament. It was so unusual that his former fellow members in the Chicago Bar association passed a resolution ordering it probated in court. Today it is a part of the Cook county records. It reads:

I, Charles Lounsbury, being of sound and disposing mind and memory, do hereby make and publish this my last will and testament, in order, as justly as may be, to distribute my interest in the world to succeeding men.

That part of my interests which is known in law and recognized in the sheep-bound volumes as my property, being inconsiderable and of none account, I make no disposition of in this my will. My right to live, being but a life estate, is not at my disposal, but these things excepted, all else in the world I now proceed to devise and bequeath.

ITEM: I give to good fathers and mothers, in trust for their children, all good little words of praise and encouragement, and all quiet pet names and endearments; and I charge said parents to use them justly, but generously, as the needs of the children shall require.

ITEM: I leave to children inconclusively, but on the terms of their childhood, all and every the flowers of the fields and the blossoms of the wood, with the right to play among them freely according to the customs of children, warning them at the same time against thistles and thorns. And I devise to children the banks of the brooks, and the golden sands beneath the waters thereof, and the odors of the willows that dip therein, and the white clouds that float high over the giant trees.

And I leave to the children the long, long days to be merry in, in a thousand ways, and the night and the train of the Milky Way to wonder at, but subject, nevertheless, to the rights hereinafter given to lovers.

ITEM: I devise to boys, jointly, all the useful, idle fields and common where ball may be played, all pleasant waters where one may swim, all snow-clad hills where one may coast, and all streams and ponds where one may fish, or where, when grim winter comes, one may skate, to hold the same for the period of their boyhood. And all meadows, with the clover blossoms and butterflies thereof; the woods with their apparitions; the squirrels and the birds and echoes and strange noises, and all distant places which may be visited, together with the adventures there found. And I give to said boys each his own place at the fireside at night, with all pictures that may be seen in the burning wood, to enjoy without let or hindrance, or without any incubations or care.

ITEM: To lovers I devise their imaginary world, with whatever they may need, as the stars of the sky, the red roses by the way, the bloom of the hawthorn, the sweet strains of music, and aught else they may desire to figure to each other, the lastingness and beauty of their love.

ITEM: To young men, jointly, I devise and bequeath all boisterous, inspiring sports of rivalry, and I give to them the disdain of weakness and undaunted confidence in their own strength. Though they are rude, I leave to them the power to make lasting friendships and of possessing companions, and to them exclusively I give all merry songs and grave choruses to sing with lusty voices.

ITEM: And to those who are no longer children or youths or lovers, I leave memory; and bequeath to them the volumes of the poems of Burns and Shakespeare and of other poets, if there be others, to the end that they may live the old days over again, freely and fully, without cares or diminution.

ITEM: To our loved ones with snowy crowns I bequeath the happiness of old age, the love and gratitude of their children, until they fall asleep.

CORNER DRUG STORE

"CONFIDENCE BUILT IT"

now on a wedding trip to Ruidoso and the west coast.

Mrs. Prim is the daughter of Mr. and Mrs. J. C. Hunter and has spent most of her life in Brownfield. She has been employed at the Rialto Theatre, and her friendly smile and lovable disposition has won her many friends.

Mr. Prim has resided in Brownfield a number of years. He is at present employed at the Corner Drug Store and numbers his friends by his acquaintances.

This fine young couple have a host of friends who wish them much happiness.

WOODARD—CHISHOLM

At 2:30 Sunday afternoon Miss Hazel Woodard became the bride of Mr. Joe Chisholm. Elder R. P. Drennon, minister of the church of Christ

at Tahoka, read the ring ceremony at the home of the brides parents, Mr. and Mrs. J. J. Woodard in the presence of relatives.

The couple left immediately after the ceremony for a trip to the Centennial, San Angelo, the brides former home, and Sherman, the grooms former home. However both of these fine young people have lived in Terry county for a number of years.

Mrs. Chisholm has attended Abilene Christian college and has taught school at Wellman for several years where her parents live.

Mr. Chisholm is with the firm of Chisholm Bros., and is in the Hardware department. After a wedding trip they will be at home in Brownfield.

SNYDER—EICKE

The marriage Monday night of Miss Evelyn Snyder to Utah Eicke came as a great surprise to many of their friends. The marriage was performed in the F. M. Burnett home. Mr. Burnett, Justice of Peace, officiating.

Mr. Eicke has lived in Brownfield all of his life with the exception of a short time spent in California recently, with the State Highway company. Mrs. Eicke has not lived in Brownfield long but in the short time she has resided here has made many friends. We wish them much happiness.

TURNER HD CLUB MEETS

"Cook cabbage until tender," said Miss Anderson, at a vegetable demonstration last Wednesday evening, in the home of Mrs. Edith Walker, at a meeting of the Turner Home Demonstration club.

Miss Anderson our H. D. Agent showed us how to prepare several nice vegetable dishes that were very attractive, as well as delicious, and stressed how important it is for us to eat vegetables daily.

Visitors present were: Mesdames and Misses W. F. Upton, Avis Upton, and Lula Rice.

Members present were: Mesdames and Misses N. S. Ballard, Royal Bandy, Keith Kates, J. M. Cheek, Marie Cheek, Sidney Coke, Effie Gordon, H. P. Smith, Edith Walker, Bob Whitaker, Lois Williams, J. R. Trout, J. H. Spinks, and T. E. Coke.

Grape punch, loaf cake and cookies were enjoyed by all. —Reporter

LUBBOCK VISITORS

Mrs. Ulla Weatherford, daughters and a few of their friends from Lubbock came down Sunday to visit Mr. L. M. Perry and family.

There were about 40 to help enjoy the day. The young folks enjoyed swimming in the early afternoon and later all grouped out at the Brazelton home for some real old time singing and playing. The two Weatherford girls play the guitar and sing over K. F. Y. O. Ruth and Elizabeth Brazelton played the piano.

Mrs. Weatherford and Mrs. Perry are sisters.

Mr. and Mrs. H. W. McSpadden are vacationing in Durango, Colorado.

RICH NEW INTERIORS

NOW AT YOUR FORD DEALER'S

All closed model DeLuxe Ford V-8's now have new Walnut finish on instrument panel and window moldings; a rustless steel spoke steering wheel; non-glare, rear view mirror with 30-hour clock; locking glove compartment and tandem windshield wipers. Other Ford V-8's have beautiful new interiors.

TRAMP PICNIC

The Senior B. Y. P. U. of the First Baptist Church enjoyed a tramp picnic Tuesday evening of this week. This was the first experience this group had ever had with a tramp picnic, so it was a new experience to most of the group, but was enjoyed by all.

We met at the Baptist Church at 8:00 P. M. The boys were dressed like tramps, in fact they looked like professionals. From the church the entire group marched to the home of Mr. and Mrs. W. A. Tittle. Since we were tramps we were not admitted through the front door, but we found a hearty welcome. Interesting games were played for some thirty minutes.

Our next stop was at the home of Mr. and Mrs. Tom Cobb. Indoor games were enjoyed by everyone. Refreshments of punch and cookies were served to the group, and just a word about Mrs. Cobb's cookies—folks she can really bake cookies.

The next stop being at the home of Mr. and Mrs. Homer Nelson where outdoor games were played. Such as having two timid boys cut out a dress for two girls from newspapers. We really got some ideas on the new creations, but we are hoping the new fall styles are different to the examples we saw last evening.

A place had been prepared for building a bonfire in the back yard of the Nelson home. We roasted weiners and marshmallows, also had plenty of buns and lemonade. Mr. and Mrs. Nelson served ice cream

cones to all. Then last but not least came the nice fresh peaches, given by Mr. S. H. Daugherty.

Everyone reported a nice time, and in behalf of the Senior B. Y. P. U. we wish to express our appreciation to Mr. and Mrs. W. A. Tittle, Mr. and Mrs. Tom Cobb and Mr. and Mrs. Homer Nelson for their splendid cooperation in making the picnic a success, and the hearty welcome they extended to us in their homes. We also appreciated the fresh peaches given by Mr. Daugherty.

Mr. and Mrs. Newton of Union City, Ohio, have been visiting in the home of her brother Dr. E. C. Davis and family. They left the first of last week accompanied by Dr. and Mrs. Davis and children for a trip to Old Mexico and the Centennial.

Mr. and Mrs. Lester McPherson, La., has returned to her home after spending a few days in Brownfield the guest of her father, Dr. Jno. R. Turner.
