

## GRAHAM CRACKERS

—W.H.G.

We've known some people—and folks tell us there are plenty of 'em in the Southwest—who have worn their rear ends out sitting around waiting for somebody to strike oil on their place.

These have been the people who think that if they'll just be patient enough, some day a pot full of gold will drop into their waiting arms, and they'll be on easy street.

They're always daydreaming of bringing in an oil well, inheriting a million dollars from someone they don't even know, being discovered a movie star, or some other such fantasy.

Usually, these people mean well, but they never get the initiative it takes to get their own feet off the ground.

Now that you know how we feel about daydreaming, pardon us if we indulge in a bit of it! Within the past two weeks, two rank wildcat oil wells have been made good producers, and have helped draw the nose of oil wells tighter around the Plains we live on.

A good well was brought in a few miles east of Matador in Motley County, making that county the 208th in Texas to have commercial production. Matador is east and a little south of us, and the well is right up next to the edge of the Plains.

Of course, there's oil a lot closer than that to Friona, but this is something new—and almost unexpected. And just last week, the oilmen put a wildcat north of Vega, about 14 miles, on the pump and declared it a producer. The latter is by far the most important discovery so far as we are concerned.

The well north of Vega becomes the first producer in the huge area known geologically as the Palo Duro Basin, of which, let us happily insert, Friona is a part.

That was the first well ever brought in in Oldham County, and they had the distinction of being No. 209, right on the heels of Motley County.

Save those old leases, boys, the wildcats will rise again!

In talking about oil being discovered in Motley County, we hunted up Andy Hurst, who formerly lived there and was in business, to tell us what he thought about their strike.

He has just visited friends in Matador, so knows the story first-hand. Andy says folks down there are practically delirious over their discovery, and we can well understand their attitude.

With no irrigation to speak of, with low cattle prices, with the long drought, and with poor country to start with, the people of Matador, Roaring Springs, and Motley County have been up against it.

We are sure tickled to see them raising their hopes about the future now that oil activity has spurred their local economy. It couldn't happen to more deserving folks.

We believe that in previous editorials and columns, we have made it reasonably plain that we support adequate salaries for public school teachers and also the very best in physical facilities that can possibly be provided by the area from which taxes are drawn, tempered with common sense and judgment about financial realities.

However, one "sacred cow" that we're getting a little tired of seeing in various periodicals from time to time is the old saw, "Our teachers are underpaid." These words, issued as a flat statement, do not universally apply.

There is more in a job than salary, as anyone who has ever held one knows full well. There is the matter of hours spent at work, the intensity of the work done, the conditions under which services are performed, and an intangible thing usually referred to as "job security."

Public school teachers, we believe, should have reason to be pleased with their positions when virtually any of these factors, in addition to salary, are considered.

With few exceptions, their hours are short, their working conditions good, and their work pleasant. There are exceptions, oh yes, but not a large number.

While a public school teacher is subject to criticism by the public, this occupational hazard is not limited to the teaching profession by any means. Anyone who deals with the public is in the same boat, and that includes newspaper editors, storekeepers, insurance salesmen, and so on and so forth.

The administration and school board, which constitute the teacher's "boss," seldom is as hard to please as a board of directors, a district foreman, or a silent partner.

The public school teacher, while he seems to move around

(Continued On Last Page)

## Members Meet, Plan Lions Club Show

Additional decisions were made this week to help shape the 1957 Friona Lions Club Follies and Talent Show, which will be in the high school auditorium Friday night, April 26.

At a meeting held in the back of Ware's store were J. C. Claborn, Joe Ferrell, John Lamb, Andy

### Good Friday Service Set

A community wide service has been planned and is being sponsored by the Friona Methodist Church and Union Congregational Church, Friday, April 19 at the Congregational Church.

The service will be divided into seven periods and each one will be 25 minutes in length. The first one will begin at 12:00 noon and the last one will begin at 2:30.

Each period will include a prelude, scripture lesson, hymn, scripture, prayer, special music, meditation, and another hymn.

Rev. Hugh Blaylock of the Friona Methodist Church and Rev. C. G. Nelson of the Union Congregational Church invite everyone in the community to attend any one or all periods of devotion.

### Final Rites Held For Mrs. Gibson

Mr. and Mrs. Tom Gibson and family returned home Tuesday from Dodson, where they attended funeral services for Gibson's mother, Mrs. Cornelia Gibson of Amarillo. Mrs. Gibson died at her home at 720 North Houston at 12:30 a. m. Saturday.

Mrs. Gibson was born March 7, 1877, at Tupalo, Mississippi, and had lived at Dodson many years before moving to Amarillo in 1947.

Funeral services were conducted at the Dodson Methodist Church at 2:30 p. m. Monday. Burial was in the Dodson cemetery under the direction of Coley Funeral Home of Hollis, Oklahoma.

Survivors include two sons, D. C. of Amarillo and Tom of Friona; four daughters, Mrs. Willie Ora Waide of Amarillo, Miss Gussie Gibson of Amarillo, Mrs. Binja Arms of San Diego, California, and Mrs. Myrtle Henderson of Lammea; two brothers, Lee and Tom Lamb of Tupalo, Mississippi; and one sister, Mrs. Lizzie Morgan, also of Tupalo.

Her husband preceded her in death and was also buried at Dodson.

### Rockwell Bros. Buys Property

Sale by Bert Chitwood to Rockwell Bros. Lumber Company of the lots just south of the firm in Friona was announced this week. The location was originally occupied by the Friona Locker Plant.

However, last year fire razed the old locker building and its destruction was almost total. Debris remaining after the fire is now being removed by the new owners.

No plans for use of the property have been announced by the lumber firm.

William Glenn Hendershied, Shirley Ann Schueler, and Doris Ferguson were three of the 1957-58 first graders who attended school Friday.

Hurst, Wes Long, Bill Wooley, W. H. Graham Jr., and Charles Allen. They set up the events that will be "sandwiched" in between amateur acts to liven up the show.

Then, at another meeting at the office of Charles Osborn, they met again and named members to parts in the show. A unanimous decision was made to return the colorful "Boopsy Daisy Girls," that were so popular in last year's "Law West of the Pecos" show, to the coming production.

Plans for promoting the show were aired also and handbills are to be printed. Amateurs wanting to participate should contact Ferrell or Long, who are handling entries.

## Bond Sale April 23

School bonds totaling \$300,000, approved last month by the voters of the district for the purpose of additional buildings, will be sold Tuesday, April 23, Dillie Kelley, superintendent, said this week.

Bids from about six companies are expected on the securities, at an interest rate that is hoped to be "in the neighborhood of four percent" said the school administrator.

Interest on school and city bonds has increased substantially within the past year or two. Bonds sold recently by the Muleshoe School District went over four percent—considered unusually high but perhaps normal with the trend toward "tight" money and higher interest rates.

## Youth Week To Be Observed

Youth Week is being observed at the First Baptist Church April 7 through April 14. The youth will be in charge of the service on Wednesday evening at prayer service and Sunday morning and evening. On Friday and Saturday a group from Wayland College will be in charge of services beginning at 7:30 p. m.

Sunday morning the following persons will be in charge: Sunday school superintendent, John Hamilton; assistant superintendent, Janice Miller; John Hamilton, Charles Hough, Jimmy White, Teddy White, ushers; Jacquelyn Magness, nursery; Joy Crow, primary I; Katherine Brand, beginner;

Judy Taylor, primary II; Judy Smith, junior I, Lila Gay Buske, junior II, Gerald Daniel, intermediate and young people; Betty Agee, adult; Ardith Rolen, training union; hospitality committee, Phila May and Lila Gay Buske.

The young people will be in charge, but everyone is invited to attend by John Hamilton, superintendent.

FRIONA, TEXAS

VOLUME 32, NUMBER 27

COME AND SEE IT—If you haven't had a chance to see the new city hall, don't miss the opportunity to do so this Saturday afternoon. The city is issuing a special invitation to everyone to attend open house, now that all the equipment has arrived and been installed.

### Firemen Vote To Support Pool

The Friona Volunteer Fire Department met Thursday evening for their regular business meeting. The meeting was called to order by Chief Charlie Bainum and only five members were absent. Due to the bad weather, the meeting was forced inside.

A motion was made by Jay Sanders that the department donate \$500 to the swimming pool fund provided the pool was built during 1957. This was seconded and a vote was taken that carried.

Different types of fires were discussed and fire extinguishers were classified. Plans are being made to send at least three men to the fire school at Texas A. & M. this summer.

Dillie M. Kelley was dropped from the active list and given an honorary membership.

### Film Scheduled For Lions Meet

Friona Lions will view two films tonight (Thursday) at their meeting, starting at 7:30.

One will be "Irrigation Farming" and the other "Save the Soil." They are being made available through the local SCS office, and will last 23 minutes.

A. L. Black, chairman of the board of supervisors for the Parker County Soil Conservation District, has charge of the program.

## Literary Students To Regional

Five Friona High School students will be in Lubbock Saturday participating in the Region I literary events. The contests are slated for the Texas Tech Campus and winners in the various events will compete in the state meet, May 2-4, at Austin.

Making the trip from Friona will be Eva Woolbright, extemporaneous speaking; Luellen McLean, ready writing; Helen Hamilton, typewriting; and Lou Ann Hardesty and Janice Miller, debating.

Only first and second place winners in the high school division of the recent district meet at Sudan are eligible for the regional competition.

Region I is made up of 27 districts from the Panhandle, South Plains, and West Texas areas.

The districts participating include Classes AA, A, and B.

Last week only the winners in the district meet were available, so following will be Friona students who placed in the district meet. Points are given for each place and all events, literary, tennis, track, and volleyball, determine the District Interscholastic League champion. Presently, Friona is on top of the heap, but track and volleyball points have not yet been totaled.

Latest count on all events saw Friona, 217½; Sudan, 179½; and Farwell, 159½. The exact total of Springlake and Morton was not known.

The Friona students placing in the literary events other than those

mentioned above were:

#### HIGH SCHOOL

Ronnie Castleberry, third, number sense; Phyllis Dean, fourth, typewriting; Adelle Smith and Judy Barnett, third, spelling; Graham Prewett, third, boys extemporaneous speaking; and Gwendolyn Green, first, junior girls declamation.

#### GRADE SCHOOL

Jim Bob Jones, first, story telling; Jimette McLean and Peggy Holcomb, fourth, seventh and eighth grade spelling; Susan Perry and Linda Simone, second, fifth and sixth grade spelling; Bob Sanders, first, boys declamation; Jimette McLean, second, girls declamation; and Joyce Nell Whitten, third, ready writing.

## Re-Elect School Trustees

D. C. Herring and Hoyt Smith, two of Friona School trustees, were re-elected to their posts in an election conducted here Saturday. Both were unopposed on the ballot and Herring received 136 votes and Smith received 125.

A write-in campaign for the election of two women was started and Eufala Ethridge received 30 votes and Seva Struve had 29. Also, two others received write-in ballots, Eric Rushing and Charley Phipps, each getting one vote.

J. L. Shaffer, who was up for reelection as county school trustee, was unopposed and received 161 votes for that post. Receiving write-in votes were Rushing, Rene Snead, Nelson Welch, and R. L. London.

The terms for each of the elected trustees are for two years.

### Beaton Plays With U. S. Navy Band

Charles Beaton, trombone player for the Friona High School Band, was one of eight Panhandle students to play a selection with the United States Navy Band last Saturday afternoon at Amarillo.

The band made two appearances in Amarillo Saturday and during the matinee performance, the high school students sat in for several members of the band during one number.

Other area schools who had representatives playing with the band were Amarillo, five students; and Paducah and Hale Center, one each.

### Local People Return With Fish

Two groups of Frionans returned home Monday with a plentiful supply of fish. Elroy Wilson, E. L. Fairchild, Joe Johnson, and Elmer Euler fished at Langtry, which is on the Rio Grande, and brought home more than 200 pounds of fish.

Mr. and Mrs. D. P. Mann, Mr. and Mrs. Sam Rule, and Don Burnett of Friona and Mr. and Mrs. Owen Broyles of Muleshoe spent the week at Sugar Lake in Old Mexico and caught more than 200 pounds also.

Wilson, Fairchild, Johnson, and Euler brought back one catfish that weighed 32 pounds and measured 40 inches in length and 8 inches across its head.

#### SUNRISE SERVICE PLANNED

The Methodist young people and the Pilgrim Fellowship of the Congregational Church had a joint meeting at the Congregational Church Sunday evening for the purpose of planning a joint Easter sunrise service. This service will be community wide and the time and place will be announced next week.

### Cafe May Open Here Next Week

Hill's Cafe, operated in conjunction with Smiley's Tourist Courts on Highway 60 in Friona, may be able to open for business next week, said Dale Hill Monday.

Hill, who is leasee of the business and will be active in its management, is making final arrangements preparatory to occupying the new building.

## Summer Water Rates Will Start April 20th

Friona city commissioners authorized the beginning of summer water rates at their meeting Monday night, which will take effect Saturday, April 20.

Under the program, which is a special incentive to encourage the growing of lawns and gardens, this will amount to considerable savings for large users.

Bills running from 5,000 to 30,000 gallons will be figured at the rate of 15 cents per 1,000 gallons, compared with 25 cents now; 30,000 to 50,000 will be 10 cents per 1,000 compared with 20 cents now; and over 50,000 will go at 5 cents per 1,000. There is no

comparable bracket for the last figure in current rates.

\*\*\*\*\*

The meeting had several other features, too. Johnny Sims, Hereford office manager of Pioneer Gas Company, was a visitor by invitation, and he was questioned by the commission regarding the company's plans for the future.

Pioneer is paying the city \$200 monthly rent in the city hall, plus billing assistance. The city is considering purchase of a \$2,600 billing machine, and wants to know if Pioneer figures on continuing the arrangement with the city for any

length of time.

The decision of Pioneer could affect the city's choice of when to buy the machine that is designed to ease bookkeeping headaches.

Sims indicated that Pioneer is considering a change. "We plan to rent, lease, or build," he told Mayor A. W. Anthony and Commissioners J. G. McFarland and Oscar Baxter. He added that the company will likely take some action "within the next two months."

The commission acknowledged a bid from McKillip Motor Company of Farwell on a new Ford car to be used for city police work, but

took no action pending the anticipation of additional bids from other dealers before a decision is made.

Clerk Roy Wilson also reported to the commissioners on a dump truck he had inspected, that was for sale at \$495, but no action was taken here, either.

The resignation of Joe Mann, city maintenance employee, was announced, and Don Green was named to replace him at a salary of \$225 per month. Green previously had worked for the city on a "straight time" basis.

Wilson reported that Herman

Helton, formerly employed by the city as a patrolman, had failed to return his equipment to the city after his resignation last month.

The commissioners decided to notify Helton's bonding company to try to straighten the matter out.

The commissioners examined plans proposed by the city to make repairs at Strickland Truck Stop, which would cost the city an estimated \$100. Strickland and the city have long been at odds on how much should be paid for damages allegedly caused by the business when

Highway 60 was widened to four lanes.

The station operator, Paul Strickland, had been expected to appear at the meeting with his attorney, Ray Cowser of Hereford, but neither man called.

The only other business attended to by the city was to discuss legislation pending at Austin that would change the ad valorem tax arrangements on automobiles, from which the City of Friona collects a substantial revenue.

The commissioners instructed the clerk to wire the city's position to the legislature.

THE STAR'S EDITORIAL COMMENT

It's Not What It Costs—  
It's What It's Worth

Representatives of Friona Growers and Shippers, this community's only industrial processing installation for locally produced farm products, have made a quiet appeal through the Friona Chamber of Commerce that the city review its large water user rates.

They have raised questions about municipally furnished water, and whether it is not more expensive than it should be. A comparison has been made with Hereford rates, which appear to be considerably lower (for large users) than those which apply locally.

The city commission has been encouraged to study the rates charged by Friona.

The Star, in contacting neighboring cities, found wide variation in what is charged large users. At Hereford, a rate of nine cents applies for water used in excess of 30,000 gallons monthly. That makes Friona's rate of 15 cents for more than 1,000,000 gallons seem rather stiff.

However, at Dimmitt the lowest rate for any user is 15 cents per 1,000 gallons on all purchases of 15,000 and over. Farwell's lowest rate is also 15 cents and this begins at the 5,000 gallon mark.

Muleshoe's lowest regular rate is 30 cents for 4,000 and over — which drops to 20 cents during the summer, but the Bailey County city gives an unusual treatment to schools, churches, and a dairy there. They are charged a flat rate of 1 1/2 cents per 1,000.

Tremendous differences from town to town make it appear, then, that every city ought to decide what its rates ought to be, without too much regard for what the neighbors are doing.

However, there is more to the current request than at first meets the eye. Whether desired or not, today and in the future Friona will be expected to meet competition from others if it seeks to improve the local economic situation with new industry. Friona can insist on selling its water at a price that it considers fair in relation to what it costs to produce it, and run the risk of having further industries pass this community by, or Friona can seek to accommodate newcomers with the most favorable climate that can be provided.

The local potato shed is here to stay. Whether Friona raises, lowers, or continues its present water rates likely won't be the deciding factor on this particular industry's future. It is quite possible that the owners could decide to drill their own well and furnish their own water, thereby relieving the city of the responsibility of providing large amounts of water during the rush of harvest season — a problem for Friona in particular.

However, as time goes on, other industries—possibly of an entirely different character, may consider locating here. If they see it has been necessary for one installation to furnish its own water, that

The Friona Star

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 3, 1897. Published each Thursday.

could conceivably be a deciding factor in selecting a location.

Like the Main Street merchant who occasionally sells good merchandise below his cost, Friona may be obliged to meet competition from neighboring cities. With sidings on the Santa Fe, it so happens that Friona is one of the most logical locations in the rich irrigated area of the Plains. With a little "bait" in the form of a competitive water rate, Friona might be more than a match for an already established center.

There is no arguing the point that the city water system will have to make money. It HAS to because the debt that was incurred to make the system possible must be repaid from revenues taken from operation of the system.

However, the kernel of the problem is this: What should the city be willing to PAY to get new industry? And the obvious answer is also a question: How much will the industry be WORTH?

If the city sells water below cost to large users, the deficiency will have to be made up elsewhere. The city will have to decide whether this should be done.

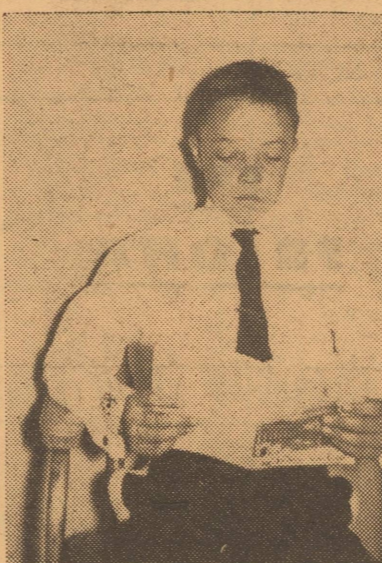

Friona Growers and Shippers already have a sizeable payroll in season. They are pushing toward a carrot deal, in addition to potatoes, which would mean, according to their estimates, employment for between 300 and 400 persons up to four months out of the year. That's a payroll worth going after for a town of any size!

The city has already recognized the principle of incentive. This is shown in the summer water rates, which to large users are a paltry 5 cents per 1,000 gallons. This rate, which will take effect this month, is designed to encourage the growing of lawns, gardens, and greenery to help beautify the town. This makes good sense—if the rates can be offset at other times of the year, as they are.

In many small cities where local administration is almost desperate for payrolls, incentives to prospective industries include furnishing of plant sites, help in making surveys, help in signing up labor, help in financing the buildings, and even tax concessions ranging up to ten years in length.

Friona hasn't even gotten her feet wet yet in this business of luring industry. We don't say Friona has to do these things. We're not that badly in need.

However, it is senseless to allow a relatively small roadblock to industrial users to retard development, and that is just what might happen with a high industrial water rate. The city should look carefully into this matter for more may be at stake than meets the eye.

JUNIOR WINNER. Gary Morrison of Friona was winner of the junior spelling bee, which was held in Friona Friday afternoon. Gary is a sixth grade student and son of Mr. and Mrs. E. L. Morrison.

Modern Study Club Has Easter Program

The Tuesday evening meeting of the Modern Study Club at the club house featured an Easter program, which was presented by children of the members. Decimae Beene had charge of the program which was entitled, "Modern Study Club Presents Talents Of Our Children."

An Easter parade was enacted by Jody Fallwell, Neil Kelley, Joel Osborn, Ramey Beene, and Bill Chitwood dressed as Easter rabbits, and Brenda Blackburn, Lark Jarrell, Connie Whaley, Becky Wilson, and Paula Fortenberry, who were Easter chicks. Jay Beene acted as trumpeter. Sharen Awtrety presented a tap

dance number, "Lollipop Dance." Eddie Bainum gave a nursery rhyme, Byron and Galen Brewer presented "Our Hobbies," and Richard and Deann Dickson gave some nursery rhymes. Kim Caffey sang "Give Us This Day," accompanied at the piano by Cynthia Caffey. Glenda Reeve portrayed Easter fashions.

Tom Gee sang "Be The Best of Whatever You Are." Nan Lillard presented a piano solo, "Skating." Arlen May presented an accordion solo, "Whispering Hope." A reading, "I Love My Baby" was given by David McFarland. Karen Sue Osborn presented a piano solo, "Narcissus." Donna and Kim Parr sang "Shortening Bread," accompanied by Iva Ben Parr at the piano.

A piano solo, "Romance" was given by Pat Foster. "Mighty Lak A Rose" was presented by Floyd Reeve with a horn and Sharon Reeve at the piano. Eva Miller accompanied Robbie Osborn as he sang, "My Task."

The club house was decorated with spring flowers and the Easter theme was carried out. Refreshments of fruit salad, cookies, and hot chocolate were served by the hostesses, Tom Lewis, June Spring, and Eva Miller. Children of the members were special guests.

Weekend Guests

Mr. and Mrs. Lee Carter and daughter, Edith, of Lamar, Colorado, were weekend guests in the home of Mr. and Mrs. Calvin Martin. The Carters, Martins, Mr. and Mrs. J. W. Baxter, and Mr. and Mrs. Larry Martin and children were Monday dinner guests in the home of Mr. and Mrs. Clarence Martin and children.

Mr. and Mrs. F. W. Barnett and Mr. and Mrs. Ralph Price spent Wednesday in Amarillo.

Bush Sentenced To Five Years For Embezzlement

Paul Bush, formerly of Friona, plead guilty to charges of embezzlement in district court Monday morning, and was sentenced to five years in the state penitentiary. He was convicted on one count of embezzlement from Parmer County Implement Company, Friona. Bush was employed at the Friona concern last year and was

indicted by the Parmer County grand jury in October. The sentence was passed by District Judge E. A. Bills.

In another case tried by the judge Monday, William Zamba and Tom Blackburn, both of Friona, were sentenced to two years in the penitentiary for burglary of McKillip Motor Company in Farwell.

Also tried and convicted was Cleo Helker. He was charged with theft from Archie McCutchan and Wayne Webb of Bovina. He was given two years probation by the judge.

The Monday session of district court was the first of a new term in Parmer County and the three trials completed the cases against those in custody, and indicted by the recent grand jury, says Charles Lovelace, sheriff. The next district court session in Parmer County will be May 3.

Auxiliary Meeting Set

The Women's auxiliary of the Parmer County Community Hospital will have a meeting at the educational building of the First Baptist Church Friday afternoon at 3 p. m. Mrs. Claude Osborn, president, urges that all members be present for this meeting.

Club Members Study Hat Making

Eight members of the Friona Home Demonstration Club and one visitor met at Marlene Drake's home Wednesday afternoon for a lesson on hat making. Elthie Hand of the Lakeview community gave a demonstration and conducted a

question and answer session.

Following the demonstration, refreshments of coffee and cake were served by the hostess to Stella Varner, Blanch Woody, Christine Williams, Mary Bandy, Katie Stowers, Phyllis Sanders, Martha Roff, and Velma Jones.

The next meeting will be in the home of Christine Williams Wed-

nesday, April 17. Miss Wainscott will demonstrate proper breakfasts.

ONE PERMIT ISSUED

A building permit was issued by the city last week to Taylor and Son Blacksmith Shop to replace a roof on their building at 117 West 8th Street. Estimated cost is \$250.

FARM COSTS

## Spring Concert May 17

The date for the spring band concert at Friona Schools has been set for May 17, reports J. D. Fry, local band director. The concert is one of several events planned in the Friona music department between now and the time school is out.

Following the regional band contest at Canyon, April 25-26, the local bands will begin working on selections for the concert, Fry says.

Presently, they are preparing for the regional meeting, which will include about 43 schools. There is no class division in this region and Friona will be competing with Class B schools up to Class AAAA. All bands will be rated either first, second, third, fourth, or fifth division, says the local director. They will be judged in both sight reading and concert.

Also on tap for Friona music students in the near future will be

junior high area meeting at Plainview. The date of the contests is May 11, and local students will be vying for ratings in both instrumental and vocal divisions, Fry says.

In both the high school and junior high, there will be no competition to enter above the regional and area levels. Due to the enormous size of the state, musical competition was stopped at the regional level and winning at the regional is supposed to be equivalent to state winners, Fry says.

### ALWAYS READY

The Bean family was all upset because Soy, the eldest, aged 72, decided to get married. What concerned them most was that the bride was only 20 years old. In desperation one of Soy's sons pleaded, "Look, pop, you must give this some serious thought. It's a serious step. In fact, a thing like this could prove fatal!"

"So what?" responded Soy, unperturbed, "if she dies, I'll marry again."

### CRACKERS—

(Continued from Page 8)

There are sure a lot of ex-Okies in this part of Texas, as most everybody knows. Our late father was one of them.

One thing he and the writer never decided on, though, was why these immigrants, when speaking of their former home, always said "down in Oklahoma."

The conventional use of "down" or "up" when referring to a geographical location is to apply "down" to points that lie southward, and "up" to those which are to the north.

We can justify the expression "back in Oklahoma" or "over in Oklahoma," but the "down in Oklahoma" just doesn't seem right.

Very likely, the term has grown out of usage the old-timers gave when referring to the difference in altitude above sea level.

Still, "down in Oklahoma" doesn't quite seem to fit.

### Some Do's and Don'ts For Taxpayers

When paying your income tax you want to remember that Texas is a community property state. It may come as a shock to your wife but she only gets half of what you and her together made. For tax purposes, in Texas the wife can only have half—not all.

If your wife worked and she files a separate tax return, she must show one-half of the community income of both husband and wife. She also takes credit for paying one-half the withholding tax. You can expect a tax audit if the wife files a separate tax return claiming a refund for the withholding tax she paid and then the husband files a joint return and does not include the wife's income and uses the wife's exemption. You can't do that.

### HAIL INSURANCE

You can fertilize and irrigate your wheat and grow a good crop, but you can't control the hail. But you can insure against hail and be insured of an income from your crop. Let us insure your wheat, we can give you the best service possible.

# Week Observed By FHA

Friona Future Homemakers of America Chapter is observing National FHA week in the Friona Schools this week. Each day has been set aside for various activities and the week's events will be highlighted with a bake sale Saturday and attending church Sunday.

The week's events started Monday, with the girls wearing FHA tags on "Tag day." Tuesday was "Smile-a-while day," Wednesday, "Good Deed Day," Thursday, "Clean-up Day," and tomorrow (Friday) the girls will have a special assembly.

In regard to the bake sale Saturday, the girls are attempting this in a different manner than

usual. They are baking any item that someone might want to order and will deliver it. Those wanting to order baked goods may do so by phoning any FHA girl, says Mrs. Dalton Caffey, sponsor.

For those not knowing an FHA girl and wishing to buy something, they may phone Patsy Anthony, FHA president; or Luellen McLean, reporter.

Proceeds from the sale will be used for sending two delegates to the state FHA convention at Austin, April 25-27. The two representatives will be Judy Barnett and Luellen McLean.

At a recent meeting of the local chapter, officers for the coming year were elected. Heading the list for next year will be Judy Barnett, president.

Other officers are Raye Jene Jones, vice-president; Geneva Floyd, reporter; Betty Agee, song leader; Nancy Outland, pianist; Lavon Fleming, treasurer; Phila May Buske, parliamentarian; Helen Hamilton, historian; and Barbara O'Brian, sergeant-at-arms.

## NEWS FROM

# Rhea

By Mrs. Franklin Bauer

### Good Attendance At Bureau Meeting

The regular business meeting of the Rhea Farm Bureau held Friday night was well attended. During the business session it was decided to re-vaccinate the dogs in the community for rabies since the vaccinations are only effective for a year. Herbert Schueler and Billy Sifford were placed in charge of the arrangements for the vaccinations.

After the meeting, Mrs. Roy V. Miller and her Trebelaires entertained the group. Mr. and Mrs. Gilbert Schueler and Mr. and Mrs. Franklin Bauer, hosts for the evening, served refreshments of cake, cocoa, and coffee to the members and visitors present. Visitors present were Raymond Euler, Mr. and Mrs. Albert Drager, Edmund and Irene, Mrs. J. G. McFarland, Mrs. J. T. Gee, Mr. and Mrs. Roy Miller, and the Trebelaires.

Donations for the Red Cross were taken during the evening.

### ATTEND RECREATION SCHOOL

Mrs. Elmo Dean, Mrs. Albert Drager and Gladys Dean represented the community at the recreation school held Monday, Tuesday and Wednesday nights at Farwell. Miss Lucille Moore, recreation specialist from the Agriculture Extension Service at College Station, conducted the meeting.

### Helen Potts Attends District HD Meeting

Helen Potts attended the district Home Demonstration meeting as alternate delegate for Parmer County, last week.

Three hundred women representing 19 counties were at this meeting. Mrs. Florence W. Lowe, head of Economics Club at Texas A&M, and Reagen Brown, rural sociologist from Texas A&M, were speakers for the meeting.

The theme of the meeting was "Christian Homes - Hope of the Nation."

### COMMUNITY RED CROSS DRIVE

Donations for the community Red Cross drive are being collected. Anyone in the community that has not contributed as yet and wishes to, may still contribute by contacting Mrs. Elmo Dean, Red Cross chairman for the Rhea community.

### IN HOSPITAL

Herbert Schueler, son of Mr. and Mrs. Herman Schueler, was admitted to Parmer County Community Hospital Saturday afternoon following an attack of appendicitis. He underwent surgery Saturday night and is reported doing fine.

### ATTACKED BY SKUNK

Debra Mears, small daughter of Mr. and Mrs. Claud Mears of the

Rhea community, was attacked by a skunk Wednesday afternoon. Debra was playing on the porch of their home when the skunk attacked her. Her screams brought Mrs. Mears to the scene, also causing the skunk to attack her while trying to free her daughter. Mrs. Mears and Debra are both receiving rabies treatment at Parmer County Community Hospital. Two skunks were found underneath the house and sent in for diagnosis of rabies but it was not known if either of these was the skunk attacking Debra.

### Rhea Begins Fund Raising Campaign

The finance committee and directors of the Rhea Community Association met Sunday afternoon for a business session. Reports were

given on a survey which had been made in the community to determine the interest in building a community center. Plans are being made to start an active campaign to raise funds for this building.

Each land owner, who lives elsewhere, will be contacted and notified about the plans for raising these funds. A pie supper has been planned for Friday night, April 12, at the Parish Hall.

All funds received from this sale will go into the building fund. The pies will be auctioned off and may be bought with cash or pledges to be paid on a date set by the buyer.

Mr. and Mrs. Cordie Potts visited in Amarillo Sunday. Cordie's father had surgery at Amarillo recently.

Mr. and Mrs. Billy Jack Gibson

and family visited in Lubbock Sunday.

Melvin Sachs attended an executive board meeting of the Lutheran Layman's League held at Amarillo Sunday.

W. H. Alderson returned home from the hospital Wednesday

afternoon and is doing fine.

Mrs. Josie Busby, mother of Mrs. Joe Brown, visited in the Brown home during the week.

Friday and Saturday visitors in the Joe Brown home were Mr. and Mrs. J. B. Busby. Busby is Mrs. Brown's brother.

## THE BULWARK OF A COMMUNITY IS ITS CHURCHES

### His foxhole faith stayed with him...

It's been told many times how there were no atheists in the foxholes.

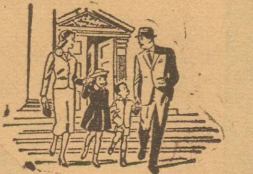

Faith under fire was quick, complete, uncomplicated and unquestioned. Fortunately, many who found faith under these conditions kept it—even after the firing stopped and the last troopship docked back home.

Like much of the hard wisdom learned in war, the faith developed in battle has been put to wider, wiser

use in the years that have followed.

It has spread outward now... to the family, giving them the strength needed to weather the long, hard pulls and the short, sharp adversities.

That strong family faith and stronger richer life it brings are never built better than now... are never built surer than when you worship together regularly—every week. Remember! It's your faith... your family!

Build a stronger, richer life... worship together this week

## Corn Needs NITROGEN!

If your soil lacks the nitrogen to feed corn during critical growth periods, yield and profit per acre will be cut.

Now, here's one sure way of getting plenty of nitrogen down on your corn: side dress with Phillips 66 Agricultural Ammonia. Remember, it contains 82% nitrogen, giving you more nitrogen per pound than any other type of nitrogen fertilizer.

See us about  
Phillips 66

OFF TO THE RACES — These boys will represent Friona at the regional track meet. They are, back row, Sterling Prichard, Don McMahan, Bomar Stacy, Jerry London, and Weldon Fairchild. In the front row are Gary Goetz, Jackie Sheek, and Jerry Chiles. Phillip Weatherly was not present for the picture.

Mr. and Mrs. J. B. Buske were weekend guests in the home of Mr. and Mrs. J. F. Buske at Abernathy.

**DEADLINE MONDAY**  
Monday is the deadline for obtaining safety inspection stickers, Friona motorists are reminded

this week. Friona Motor Company, Reeve Chevrolet, and Parmer County Implement Company issue the certificates.

In the Adirondacks last fall, 132 remote ponds and lakes were stocked with almost 300,000 trout. —Sports Afield

**Freshman Girls Win First In Volleyball**

Six Friona School volleyball teams were in Springlake Saturday for the district volleyball tournaments, and one local team, the freshman girls, returned with

a championship. They beat Springlake in the finals for the title.

In the other divisions, Friona teams won three third places. The teams coming through for the third place ribbons were the high school girls, the grade school boys, and the senior high boys.

Mr. Businessman, special promotion pays.

**Risky Business!**

Any way you slice it, farming has its risks. The weather, the insects, the prices, and many other factors that are difficult to control must be reckoned with.

Now, we don't propose that there's any foolproof way to farm, but we do say that modern agricultural chemicals have taken the "risk" out of land depletion. Today's fertilizers keep your soil up to snuff, even with heavy cropping. Anhydrous Ammonia is one of the best. Inquire at our store.

TOPS IN TENNIS — These three boys and girl will represent Friona at the regional meet in Lubbock Saturday, competing in tennis. Nolin Johnson and Burkie Hand, left and center, play doubles, and Wesley Barnett, right, is the singles representative. Lila Gay Buske will represent the girls in singles.

### Friona Athletes To Regional Meet

Thirteen athletes from Friona Schools will be in Lubbock this weekend participating in the Region I meet. The local athletes will be competing in track and tennis and winners in each event will be eligible for participation in the state meet the first week in May. Members of Coach Colie Huffman's track team representing Friona will be those winning either first or second in an event in the district track meet at Farwell recently.

The Chiefs qualifying were Philip Weatherly, 120-yard high hurdles and the high jump; Don McMahan, shot put; Weldon Fairchild, 880-yard run; Sterling Pritchard, mile; Gary Goetz, pole vault; and Jerry London, Jackie Sheek, Bomar Stacey, and Jerry Chiles, 440-yard relay.

In tennis, Friona had three champions in the district meet and will have four tennis players at

Lubbock. They include Burkie Hand and Wesley Barnett, boys doubles; Nolin Johnson, boys singles; and Lila Gay Buske, girls singles.

The tennis matches are scheduled to get underway at Lubbock Friday at 8:45 a.m. and the track and field preliminaries are set for 1 p.m. on the Texas Tech track. Finals in the track and field are set for Saturday afternoon.

### Missionary Society Meets In Local Home

The United Pentecostal Society had its regular meeting in the home of Mrs. Frank Griffith Tuesday afternoon. Following group singing and prayer in unison, a short business meeting was held and an offering taken.

The scripture study based on "Standing in the Gaps," was led by Mrs. Griffith. Mrs. Arthur Lutz read a poem titled, "Our Task." The closing prayer was led by Mrs. J. B. Buske. Refreshments of cherry pie, ice cream, and coffee were served by the hostess to Mesdames J. V. Riley, Arthur Lutz, W. O. Thompson, Ed Massey, and J. B. Buske.

Nicarbazin may be safely used as a coccidiostat for young chickens at recommended dosages, but should be discontinued at least one week before egg production is to begin.

Cargile, Mrs. Lorene Dean, Mrs. J. E. Williams, Billy Alderson, Malinda Miller, T. D. Reed, Mrs. A. L. Stokes and baby, Mrs. Velma Crear and baby, Mrs. Frank Reed and baby.

### Club Members Go To Amarillo

A large delegation of Farmer County Home Demonstration Club members attended a district convention at Amarillo Thursday. Some of those who went besides Mrs. Cordie Potts, who was the county delegate, were Mesdames Joe Brummett, Glen Mingus, Floyd Rector, Elmer Oldham, Lee Renner, Harry Hamilton, and G. L. Mingus of the Hi-Point Club; Also, Mesdames T. I. Burselon Jr., Rene Snead, Edgar Walters, Buck Fallwell, Wes Long, John Renner, Paul Daniel, Jack Shirley, Dean Bingham, James Mabry, and Allan Bingham of the Hub Club.

### New Residents

Mr. and Mrs. Ivan W. Adkins have recently moved to Friona from Plainview. They have recently bought land north of Black and are farming out there. Their son, Richard, is with them, but will report for service duty in the near future.

### Girl Scout Notes

Brownie Troop 227 met Monday afternoon at the First Baptist Church Annex. Fifteen Brownies and the two leaders, Edith Johnson and Mary Roberts, were present. Easter baskets were made and games were played. Refreshments

of ice cream sandwiches and punch were served by Janet Stevick.

Members of Girl Scout Troop 235 met at the Congregational Church Monday afternoon and worked on the copper pictures which they had started. The hostess, Linda Crow, served cookies and punch. During the business meeting, several officers resigned. They were Martha Knight, reporter, and Susan Perry, treasurer.

Newly elected officers are Wanda Ready, reporter, and Joy Ingram, treasurer. A hike was planned for next Monday afternoon from 4 to 6:30. Janet Buckley was absent.

Sixteen Scouts and the leader, Helen Potts, were present.

Brownie Troop 229 had an election of officers at the Monday afternoon meeting. New officers are Jonelle Wood, president; Natalie Marruffo, vice president; Gerald Jeffery, secretary; Lynn Wilson, treasurer; and Su Zann Lamb, reporter. The new officers will take office next week.

Jonelle Wood served cold drinks, Girl Scout cookies, and bubble gum to the Brownies present and the two leaders, Willard Stewart and Billie Long.

The Senior Scout meeting was called to order by Peggy Widner, president. The minutes were read and approved and the roll was called. Those present were Frances McGlothlin, Peggy Widner, Margaret Mabry, Mary Tom Spring, Sally Hough, Janie Parker, Maxine Lafavers, Jolynda Stokes, Faye Scales, Carolyn Baxter, Carolyn Parker, Linda O'Brian, Celia Weatherly, Jacquelyn Magness, Geneva Floyd, and the leader, Mrs. Russel O'Brian.

The five point program was discussed and more plans were made for the J. D. Jones fund. The pioneer camping was discussed and a suggestion was made that the troop go camping before entering into the pioneer camping.

The Senior Scouts still have cookies for sale. If anyone is interested in buying them, please call Jolynda Stokes, Geneva Floyd, or Linda O'Brian.

Refreshments of individual cakes and cold drinks were served by Jacquelyn Magness, Geneva Floyd, and Linda O'Brian.

### Sunday Dinner Guests

Sunday dinner guests in the home of Mr. and Mrs. Doyle Cummings and children were Mr. and Mrs. C. A. Cassidy and Beverly of Farwell, Mr. and Mrs. Phil Cassidy of Bovina, Mr. and Mrs. R. A. Cassidy and Bruce of Friona, and Mr. and Mrs. Thomas J. Reeves of Kress.

### CRACKERS

(Continued from Page One)

quite a bit, has virtually no competition for his job, and can nearly always choose the area in which he would like to be situated.

Recent legislation has assured a benevolent retirement program, with the state footing half the bill, and vacations and days off are the most liberal of any industry or profession.

If, as we realize is the condition from place to place, pay does prove to be adequate, teachers have as good an opportunity to add to their income with part-time jobs and "do it yourself" schemes as anyone we know of.

In short, we don't think the teacher's lot is quite as tough as some would have us believe.

And most of those who want us to believe these things gently hint that federal aid not only for teacher salaries, but school construction as well, might be desirable.

RECEIVES HONOR — Patsy Anthony was one of several area students to be recommended by an Area I committee to receive the State Future Homemaker Degree. She will go to Dallas April 25 where she will receive the honor.

## Patsy Anthony To Receive Degree

Patsy Anthony, president of the Friona FHA chapter, has received the highest honor open to girls belonging to Future Homemakers of America. She has been recommended by the Area I committee to receive her State FHA degree.

Patsy, the daughter of Mr. and Mrs. A. W. Anthony, will accompany two Friona delegates to the state FHA convention on April 25, to receive her degree.

To be eligible for the degree, Patsy kept a complete record of her activities during her four years in high school. In the notebook submitted, she revealed her goals, the history of her town and family, and a complete resume of her participation in school and community activities.

Schools has participated in many activities during the past four years and was recently the recipient of the school's Betty Crocker Homemaker award. She has been an active member of the local chapter since 1954 and last summer was a delegate to the National FHA convention in Chicago.

Following her graduation from high school this spring, Patsy plans to enroll in Stephens College at Columbia, Mo.

### Black HD Club Studies Sewing

Mrs. Travis Stone was hostess to the Wednesday afternoon meeting of the Black Home Demonstration Club at the community house. The topic of study was sewing.

Mrs. Woodrow Whitaker demonstrated three different ways to hem. Mesdames T. J. Presley, H. H. Elmore, Ellis Tatum, Marty Stone, and Leonard Latham presented helpful things they learned during the recent course they took at Farwell. Mrs. Welch, who is a new resident in the community, became a member of the club.

Following the club meeting, the hostess was surprised with a pink and blue shower. Refreshments of sandwiches, ice cream, cake, coffee, and tea were served by the hostess.

Those present were Mesdames J. R. Braxton, H. H. Elmore, Clyde Hays, T. J. Presley, Ellis Tatum, Dick Rocky, L. H. Lookingbill, Woodrow Whitaker, Giles Cobb, Marty Stone, and Leonard Latham. The next meeting will be Wednesday, April 10 at the Community House with Mrs. Ralph Price as hostess.

## in & around FRIONA

With June

A great deal of enthusiasm is being shown in the conversational Spanish classes which are being held at the high school building on Tuesday evenings. The instructor, Ben Vera of Floydada, seems to feel confident that those of us who make an effort will learn to speak the language.

He doesn't seem to doubt our ability as much as he doubts our willingness to put forth enough effort. How much we learn will be dependent upon the amount of time and energy we are willing to spend. Perhaps it is like just about any other project we undertake. We will get out of it about what we put into it.

For once, most of us are glad that the weather forecasters missed their guess Sunday. Feel sure that if Old Tack were relating the incident, he would say, "The wind hit the Raton uplift and glanced off to the east." That may be what happened, but whatever it was, we were glad we did not get full force of the storm that was predicted.

Speaking of the weather, how many of us have thought about being grateful for the wonderful weather we have had this spring. Up until now we have had almost no sandstorms. Think this is some-

what unusual for our section of the country. Do hope this is an indication that our weather is changing in that respect.

Several of our residents are getting established in new homes. The Rene Sneads are moving from their farm home at the Hub into the house they purchased recently from Mr. and Mrs. Bill Cogdill in the west part of town. The Cogdills are moving back to their farm southeast of town.

Mr. and Mrs. T. I. Bursleson Jr. and Kay are moving into Snead's house on the farm from a smaller house nearby. The Carl Maurers are occupying their new home on West Loop, where they are next door neighbors to Mr. and Mrs. Guy Latta and Mr. and Mrs. E. H. Cummings. Think the John Blackburns' new house on West Sixth is finished but they are vacationing in Alabama, so will not move for awhile yet.

Apparently the cotton crop grown near the Mabry building last year was not very profitable, or the acreage allotment was cut. Notice that this year they are not planting any. Some beautiful shrubs have been set out where last year's cotton crop grew.

Ralph Taylor's vegetable garden at the rear of the barber shop is an entirely different story though. From the looks of work being done on it, it will be larger than it was last year.

Think Preach Edelman and James Mabry were somewhat disappointed when they received a telegram from someone in Wash-

ington, D. C., Friday. These two men had planned a trip to the capitol city and were being sent as delegates to attend a hearing in the Department of Agriculture.

The hearing was postponed until after Easter holidays, so the local men had to postpone their trip. Just hope things work out so they can go later. Can't imagine anything more disappointing than planning a trip to Washington, then not getting to go.

A lot of cars we have noticed this week do not have the 1957 stickers on the windshield. Since Monday is the last day for having them put on, those of us who do not yet have them should be getting them as soon as possible. Have just noticed one car this week that did not have the 1957 license plates on it.

Saturday's school board election created more interest than was anticipated. Since only two names were on the ballot, most persons presumed that interest would be slight; however, after a write-in campaign was started, interest picked up. The results of the election were what most people expected, but they had not expected so much interest.

Mr. and Mrs. Willis Nazworth and daughter, Billie Margaret, of O'Donnell were weekend visitors in the home of Nazworth's parents, Mr. and Mrs. W. J. Nazworth.

Mrs. Lucille Britain of Bartlesville, Oklahoma, was a Saturday guest of Mrs. Nora Welch.

## SECTION II THE FRIONA STAR

SPELLING BEE WINNER. Janet Smith, daughter of Mr. and Mrs. Ralph Smith and seventh grade student of Friona, won the county spelling bee Friday afternoon. Patsy Morrow, who attends the Lazbuddie School, was runner-up.

### Homemaking III Girls Honor School Board

The Homemaking III girls honored the superintendent and members of the school board with a dinner in the homemaking department of the high school Tuesday evening. This was the culminating activity of their cooking unit.

Table decorations of tulips, irises, and daffodils were used, and baked turkey, diced potato salad, buttered green beans, cherry coke salad, relish plate, coffee, and lemon chiffon pie were served to Superintendent Dillie Kelley, D. C. Herring, Paul Fortenberry, F. W. Barnett, Cordie Potts, Arthur Drake, and Hoyt Smith.

Girls who served as hostesses were Patsy Anthony, Phyllis Hinds, Linda Gay Gee, Merelene Gibson, Betty Bradley, Loretta O'Brian, and Margaret Rhodes.

### MANY ATTEND CLASSES

Over 20 persons showed up Tuesday evening for the first of a series of classes on Spanish, held in the city hall. J. C. Claborn, one of the sponsors, regarded the turn-out as excellent.

# « Parmer County Farm and Home »

## Junior Livestock Show this Friday

The annual Parmer County Junior Livestock Show will be held Friday, April 12, in Friona. It will feature young boys, mostly members of county 4-H and FFA units, who will exhibit their stock.

The show is open to all registered breeding stock and fat animals.

This junior show is a survivor of its parent promotion, the Parmer County Dairy Show and Fair, a fall event, which was discontinued last year for lack of interest.

In spite of the decline in stock population in the county with the coming of irrigated farm County Agent Joe Jones this week says he has hopes that "we will have a pretty nice show for the boys."

A factor which will help stimulate interest for the youngsters will be an auction sale to be held at the conclusion of the judging, at which most of the stock in the show will be sold to the highest bidders.

The county agent pointed out that businessmen and individuals who want to help keep interest in the show should investigate this means of doing so. Businessmen and individuals who theoretically "buy" calves, don't always wind up with them, he points out.

"It works this way—" explains

the agent. "We'll have a 'floor price' that will be set by some buyer who will agree to take any animal at that price. Whatever the animal sells above that 'floor' will be all the cost borne by the successful bidder, provided he doesn't want to keep the animal."

An example would be an 800-pound calf that would sell for a top bid of say, 21 cents per pound. If the floor price (which would have already been established) was 18 cents, then the cost of the calf to the buyer—if he wanted to turn the calf back—would be \$24, at three cents per pound.

Thus, a show booster can find that instead of worrying about what he is going to do with \$200 worth of beef, he can "donate" \$24 to the show by buying the calf over the floor and then reselling him to the floor buyer at the prevailing price.

G. B. "Pete" Buske of Friona is making sale arrangements.

Judge for the show, which will begin at 8:45 a. m., will be Homer Brumley of Hereford. Entries are to be in by 8, reminds Jones, although it is permissible to bring stock in the evening previous.

### NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Thursday, April 25, 9 o'clock at Bushland, Southwestern Great Plains Field Station, the 10th annual meeting of the Texas Weed Control Association will take place. For the past several years, your Farm Bureau weed committee has had representatives in attendance. This will be no exception. We are sure you would enjoy the day of demonstrations, and gain some very helpful information.

A free lunch will be served at noon, making it very convenient to spend the full day on the grounds without interruption. If you would like to go with a group, please leave your name at the Farm Bureau Office, or with County Agent Joe Jones.

We expect to be able to give you a definite count of County Farm Bureau membership by next week. All we can say at this time is that it exceeds 600. Until all cards have been processed and accounted for, it is impossible to make a positive count.

Senator George Moffett of Chillicothe offered a senate amendment to the appropriations bill last week to increase funds available for Texas Experiment Stations. Senator Jerrard Secrest of Temple offered a similar amendment for the benefit of State Extension Service.

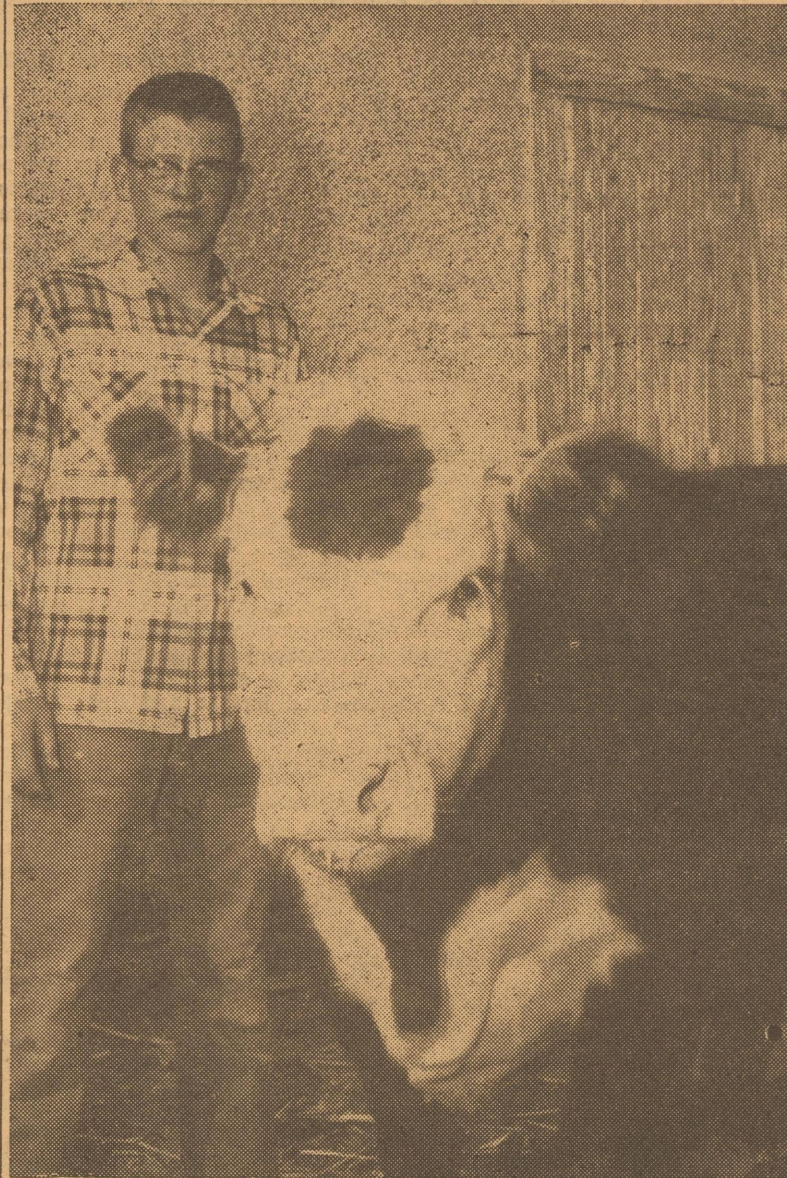

Both amendments were defeated. We are happy to say that our senator, Andy Rogers of Childress, gave full support to both amendments all the way through. The bill now goes to a conference committee for further action.

Your local Farm Bureau officials have wired again, urging passage of these amendments in the interest of research that will increase market value of farm products. If you will let Senator Rogers and Representative Jesse Osborn know you are interested in this legislation, too, it may help prospects of such passage.

The only opposition we know of comes from the school teaching profession, which contends that any money allotted to agriculture, would otherwise have gone into their pockets.

It seems that 7½ million from a fund of 91 million would not be too much for that group to allow for agriculture, which is largely responsible for their employment in the state, anyway.

CONSIDER THIS: Every purpose is established by counsel: and with good advice make war. Proverbs 20:18.

READY FOR THE SHOW — Robbie Osborn will be one of many boys who will show their prize animals in the annual Parmer County Junior Livestock Show which will be Friday in Friona.

### THE PARMER FARMER

Nice spring weather the past few days has spurred activity on our farms. Pre-irrigation in many places is in its final stages, but on some farms, this is the peak of the pre-watering activity.

Most of the land is in good shape and if the weather treats us right, we stand a chance to get a good start on this year's crop, which is often important when all the figures are in.

We finally found out the other day that the blackeyed pea story that's been going around in the Friona area has run aground. Woodrow Fleming tells us that there was a promoter from the Rio Grande Valley who was in the area several weeks ago, seeking to contract pea growing deals on the Plains.

As the story went, this fellow was representing a large processing firm which would take care of harvesting and marketing problems, which are always big ones in the case of commercial vegetables.

About that time, though, some big rains came to the Lower Valley, and the pea project fell through. With enough water at Falcon Dam to irrigate, and enough soil moisture to sprout the crops, apparently the boys downstate figured they could grow their own peas this year.

Bill Broadhurst, hydrologist for the High Plains Underground Water District, says that there are about 35,000 small surface lakes on the Plains. We don't know how he arrived at this figure, but a guess at the total by even the most unscientific methods would run in the tens of thousands.

Most every farmer has at one time or another seen the aerial maps used in USDA work, and one of the most noticeable things about these maps is that they show with remarkable clarity the extent of the slight depressions that form our ponds in wet weather.

Broadhurst, who is a pretty good scientific guesser, figures something like 1,000,000 acre-feet of water falls from the skies each year and runs off into these surface lakes.

It has been proven beyond all question that "two-way" wells which irrigate crops during rainy seasons and serve as a drain for excess water in wet seasons will work.

They have to be switched on and off occasionally as lakes drain, because the silt in the run-off water clogs the formation and greatly reduces its ability to accept

the recharge. However, pumping the well only a minute or two seems to relieve the congestion, and this operation can be repeated apparently indefinitely.

We predict that within the next 10 years, lakebeds on the Plains will be selling for almost as much as top irrigated land, for this very reason.

Because of the extreme slowness of water to "move" once it has been returned to the sands under the surface, for all practical purposes, a farmer can "store" irrigation water under his land much as though he had a huge tank all to himself.

## Survey Findings Released

The first tangible outgrowth of a large-scale movement on the irrigated Plains begun two years ago, appears in a progress report from the Texas Agricultural Experiment Station, dated February 2, and distributed throughout the area last week.

It features compilations by Leigh H. Hammond and H. B. Sorensen of the Department of Agricultural Economics at College Station, and deals with market potentials of tomatoes.

This is presumed to be the first of a series of reports on vegetable production possibilities in the area, and is aimed at giving prospective producers a close view of the marketing problems they must take

Copies of the report were sent to the county agent, banks, and other leaders of the area. In rather technical detail, the report contains graphs that depict production peaks, sources of tomatoes, destination of shipments, and other pertinent information.

California, Texas, Florida, and Mexico are the principal producers of tomatoes in the country, and up until now, the High Plains has not made any substantial contribution to the total.

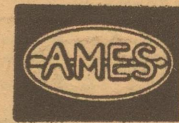

"West Texas tomato production will have to compete primarily with California for a share of the total market in the Central states," believe the authors of the report.

"The Central states look promising as an area to move into with expanded production since the chief competitor, California, sends the larger proportion of its shipments to the six major cities of the area—Dallas, Fort Worth, Denver, Kansas City, New Orleans, and Minneapolis-St. Paul."

Included in the survey were Deaf Smith, Parmer, Castro, Bailey, Lamb, Hale, Floyd, and Lubbock Counties.

## The Parmer County Implement Co. News

"The Place Where Most People Trade"

Friona, Texas—Wednesday, April 10, 1957

We invite you to come into the Parmer County Implement Company and meet Mr. Lester Dunn, our new office manager. Mr. Dunn worked for International Harvester Company in Amarillo for several years and will move to Friona as soon as school is out.

—P C I C N—

Have you seen the newest in pickup? Well, we have the latest, the new 1957 I. H. pickup. Drop by and let us show it to you.

—P C I C N—

There are over 100 business firms in Friona now. You might not know that unless you had been on a committee to put posters in every store window.

—P C I C N—

To get the maximum horsepower with the least fuel, have your tractor tested on the dynamometer in our shop. The cheapest running tractor is the one that is running right.

—P C I C N—

Mrs. James Wilson has been very ill at her home in Friona but she is doing much better now although she is not allowed company yet.

—P C I C N—

We do give trades day tickets. If we forget to give yours to you please remind us because the only reason we bought the tickets were so we could give them away.

—P C I C N—

Charles Beaton, son of the S. E. Beatons, played with the Navy Band in Amarillo, Saturday. Ten boys from this area were chosen to appear with the band and we congratulate Charles and his band director, Mr. Fry, for receiving this honor. Charles plays the trombone.

We sell lots of Goodyear tires. That's one of the reasons we can sell them for less. Goodyear, the greatest name in rubber, makes more and better tires.

—P C I C N—

David, our five year old, has been trying to learn to jump on a pogo stick. He works and works until he is out of breath and then tries again. The other day he told our mother, "I could pogo real good if I could just balance my feet."

—P C I C N—

There is nothing like a ride in a new '57 Oldsmobile. Come by and test drive an '88."

—P C I C N—

The recruit from the North was sweating at his first experience with the heat of a Texas summer. He remarked to an old Texan who was standing nearby: "I'll sure be glad to get back to Michigan."

The other replied: "I reckon a man has to be born and raised here to stand the weather."

"What!" exclaimed the Michigander. "You mean to tell me that folks live here when there ain't no war!"

—P C I C N—

Last Friday was an exciting day in the life of the youngsters who will be first grade students next year. They were all day visitors with the first grade teachers—dinner at the cafeteria and everything—just like real school. Young Jim Schlenker, son of the Carl Schlenkers, was one of the visitors and he rode the bus to and from school. He reported to his mother when he got home that the teacher told them not to come back to school Monday but he thought he'd go anyway because he'd had so much fun.

Cotton planting time in Parmer County almost always means cold weather. Maybe we all just want to plant two weeks too early. Anyway, we have plenty of cotton planters and repairs.

—P C I C N—

Girl Scout leaders are reminded of a training course to be given in this part of the Caprock Girl Scout Council. The first one was Tuesday at Muleshoe. The next one will be Wednesday, April 10, at Friona and then the next one will be in Olan on the 17th.

—P C I C N—

International Harvester trucks and pickups have an enviable reputation for performance plus economy. We will be glad to give you a demonstration ride in one of the new trucks or pickups and we will always take your trade-in at a better price.

—P C I C N—

Mr. and Mrs. V. R. Jordan, accompanied by their son Marvin of Snyder, Texas, went to Fordyce, Arkansas, last Thursday to attend the funeral of Mr. Jordan's nephew and wife who were killed in a car wreck. Mr. Jordan's brother's wife was also seriously injured.

—P C I C N—

If you are going to need a crust buster we have just what you want at a much better price. Fits any tractor, quick attaching or old style hitch.

—P C I C N—

Questioned as to the "truth and veracity" of a backwoodsman who was on trial, a neighbor cautiously said: "I wouldn't go so far as to say he is a liar—but when it is time to feed his hogs, he has to get somebody else to call 'em."

# Crops Research Plan Announced By Foundation

The crops research program at the High Plains station of Texas Research Foundation was announced today by Dr. Johnny H. Davis, associate head of the station.

This phase of the program will be divided into three parts:

- (1) Experimental and observation tests in small plots. These will include many strains recently developed of which only a small quantity of seed is available. Most of this material will be planted in 22-foot, single row plots to study its adaptation to this area;
- (2) Commercial varieties and hybrids in 4-row, 100-foot plots,

of cotton will be planted in 4-row plots 100 feet long with four replications. Advanced strains test of strains from seed breeders to observe characteristics and production of strains which these breeders are developing for this area. Seven leading varieties will be planted in field sized areas of 8-10 acres to compare them on this larger scale.

**SESAME** — Fifty strains of sesame, including five direct harvest or non-shattering types will be compared in small plots. Renner No. 15, a non-shattering type, will be planted in a seed production field.

**CORN** — One hundred varieties and hybrids will be tested in small plots to determine adaptability in this area. Seed of T.R.F. No. 9, a white hybrid developed at Renner for the milling industry, will be produced in a seed production block.

**SOYBEANS** — Ten leading varieties will be tested in replicated 2-row, 100 foot plots, and 50 varieties and strains will be planted in a production and observation test.

**CASTOR BEANS** — Twelve varieties of castor beans will be grown in a test to determine best variety for this area. Test to solve the volunteer problem will be initiated.

**SUNFLOWERS** — Forty strains of sunflowers will be tested in replicated tests.

**GRASSES** — Twenty-one different grasses will be planted to study their place in this area.

Many of the tests listed above will be duplicated on dry land to determine the productivity of these crops without irrigation.

In addition to the tests outlined here, Dr. Davis stated that Dr. Longnecker, head of the High Plains station, would be conducting fertilizer and other soils tests with these crops.

only alter the time of payment.

## UNUSUAL EASTER EGGS

Coloring eggs is traditional at the Easter season. An unusual but beautiful way to decorate the egg is the method used by the people of the Ukraine, according to Lucille Moore, extension recreation specialist. This is the most prized art of their home craft culture.

The eggs may be blown or sucked out or they may be hard cooked. The decoration is achieved by using beeswax or paraffin wax as a resist to the dye and various color dyes. A lettering or broad-point pen can be used successfully. The pen point is warmed in the open flame and dipped in melted wax. The design on the egg, usually thin-lined geometric pattern, is applied in wax. The egg is then dipped in the lightest color dye to be used. The entire egg will be colored with the exception of those portions covered with wax. When dye is dry the design can be carried further and then dipped in darker shade. This can continue to give as many colors as desired, but because the designs are of fine lines three or four colors ought to be sufficient. Keep in mind the surface covered with the wax will be the color of the last dye not the next one.

When the design and dipping are finished the eggs are warmed and

the wax rubbed off. Easter egg dyes are good. Crepe paper, soaked to remove color, makes a satisfactory dye. A little vinegar added to the water in which the paper was soaked, helps set the color.

**FOR YOUNGSTERS** . . . Hard cooked eggs, bowls of dye and crayons will suffice. Draw designs with the crayon, then dip in color. The crayon may or may not be removed.

## Parmer Drills 11 Wells In February

Statistics released by the High Plains Underground Water District show that Parmer County landowners installed 11 new irrigation wells during the month of February.

Bailey led the District with 57 wells, and Lubbock had 42. Hockley had 49, Castro 16, Deaf Smith 10, and Lamb 3.

It should be pointed out that many wells in the older irrigated areas are not "new" ones, but replacements.

**Ethridge-Spring Agcy.**  
Friona

## The Parmer Farmer—

(Continued From Page 7)

That last year was an excellent one for the cotton growers no one now doubts. It didn't take much imagination to see the improvement in the weather for the fall of 1956 as compared with a year previously.

There are some interesting statistics that further underscore this fact. It is often said that High Plains cotton is the "sorriest grown."

That isn't true—at least it wasn't last year.

Grade, staple, and micronaire data from the Agricultural Marketing Service at Lubbock proves it. Of the 1,622,000 bales produced on the Plains last year, 25.6 percent of the crop had a staple length of

thirty-one thirty-seconds. Another 24.8 percent went fifteen-sixteenths.

A substantial percentage, 18.5, went an even inch, and the average of the crop was 30.6 32nds. Average micronaire tests were 3.9.

Over 24 percent of the crop graded middling white, and 25 percent was middling light spotted. The average grade index was 95 (middling white is 100).

Not bad, for the sorriest cotton grown!

Plant scientists of the Texas Agricultural Experiment Station have announced the release of a new blight resistant cotton variety. It is known as Anstin and is highly resistant to the most damaging race of bacterial blight found in Texas. Commercial seed should be available to farmers in 1958.

### Get More Good From Milk

From soup to dessert—milk used generously in cooking can add greatly to the nourishment in meals, extension food and nutrition specialists remind us.

When families in this country are not well fed, the nutrient they most often lack is calcium. And the main source of calcium in our food supply is milk.

Milk would be an important food if it offered no more than the mineral calcium, which is needed all life long for healthy bones. Along with calcium, milk contains about 100 nutrients—minerals, vitamins, sugars and protein elements. Altogether, this makes milk a very special food bargain.

The protein in milk is of the best quality that food offers, so that milk can help out with protein in the same way that meat, fish, poultry and eggs do. Milk is a good source of the B vitamin riboflavin, which is another nutrient often short in the foods families choose.

Drinking milk is the simplest way to get the good from milk. But there are many opportunities in cooking to get part of the milk needed daily.

Children should have a minimum of one quart daily and adults need two or more glasses.

Every man, woman and child, old and young, needs three kinds of recreation, says Lucille Moore, extension recreation specialist: (1) Family recreation with those at home; (2) Neighborhood recreation with others of like ages and interests; and (3) Individual recreation alone.

Tips for "burgermakers"—look for bright red color—some fat for flavor. If you have beef ground to order, choose round steak, chuck, flank, sirloin tip.

If meat is lean, have 2 or 3 ounces tsaet ground with each pound.

The three C's of credit are a guide for family use of the charge account, says Eula Newman, extension home management specialist. The first one is CHARACTER—meaning, will you pay as you agreed to pay? The second C is for CAPACITY and suggests the question, "can you pay as you agreed?" The third C is for CAPITAL and pertains to the security you have to offer to prove that you are a good risk.

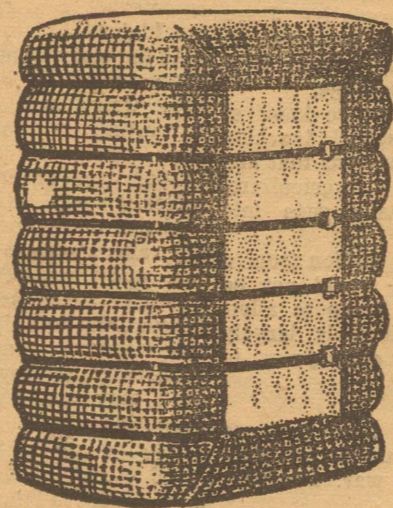

Remember that credit cannot take the place of income. It can

Our first aim is to be of genuine service to you.

# Consider Cowpeas For Spring Planting

A warm spring sun and the bursting of treebuds remind farmers on the Plains that planting time is just around the corner once again. And in making plans for the coming year, County Agent Joe Jones suggests that the lowly cowpeas is at least worthy of consideration.

Interplanting peas with grain sorghums (and corn) has been established as a successful practice on the Plains in recent years, and more and more farmers are swinging around to this little "extra" to help them nudge net profits higher.

Cowpeas, being legumes, are nitrogen-producing plants that more than pay their way for the ride and give them when they are planted with grain sorghums, says Jones.

Tests by farmers have disclosed that the cowpeas, when planted with the cash crop, reduce little if any of the yield that is normally expected from the grain sorghum.

Then, on top of that, they make a substantial contribution to the soil with the nitrogen they exude, and for the next few years, crop yields may be expected to increase accordingly.

But that's not quite all the story. Farmers are now finding that after the grain has been harvested in the fall, they can return livestock to the stubble fields, where the cows will make good use of the beans themselves.

In fact, tests at Oklahoma A&M show that 100 pounds of cowpeas are equivalent to 80 pounds of cottonseed cake. On this basis,

trials in Castro County just last year indicated that animals did better on stubble and cowpeas than they did on stubble supplemented with cottonseed cake.

Varieties that are popular hereabouts include the Irons, Clay and New Era. Since all legumes should be inoculated before planting, that practice would apply to cowpeas.

Seeding rate is about four pounds per acre, and Jones emphasizes that the planting rate of sorghum or corn should not be decreased. Special fittings are readily available to use for planting machinery, and the investment required for this extra equipment is modest.

Cowpeas, then, pay two ways, and the county agent suggests that farmers give them a consideration this year.

## SOIL CONSERVATION DISTRICT NEWS

Now that spring is here it's clean up, check up, fix up, and break up time around the farm again.

Clean up, check up and fix up for fire and accident prevention as you prepare for efficient spring farm work and make the home safe from fire and accidents. Remove the hazards and maintain the buildings and surroundings to make them safe from accidents. Clean up leaves, grass, or trash

along fences and buildings. Safeguard your farm and home and help to beautify your community. Check up to find defects in chimneys, stovepipes, and heating and cooking equipment. Check the fire safety around fuel storage and other flammable liquids. Is the electric wiring adequate and in good repair? Are lightning rods in good repair and properly grounded? Are surge arresters installed? Are attics, basements and other storage places clear of fire-hazardous paper, rags or junk? Are roofs leakproof and covered with fire resistant materials? Is your fire department number at your telephone? Are you ready in case of fire? Fix up all these needy repairs. Break up dangerous habits and unsafe practices. Never smoke in bed or carelessly at any time.

Never leave small children alone in a house. Keep matches, medicines, and chemicals safely away from them. Never quicken fires with kerosene. Never overfuse or tamper with electric fuses. Never use old frayed outlet cords or defective appliances. Never use toxic

or flammable cleaning fluids indoors. Never operate tractors, or automobiles where exhaust or dripping gasoline can start a fire.

Anti-histamines should not be given to a dog suffering from the bite of a poisonous snake.

Parmer County

## THE HAPPY HOMEMAKER

It is almost fresh strawberry time again. There is nothing better than strawberry preserves and strawberry shortcake, but for a change, "Strawberry Meringue Bars," are very good.

Beat together 3/4 cup shortening, 1/3 cup sugar, and 2 egg yolks. Add 1 1/2 cups sifted flour and stir until thoroughly blended. Spread mixture in bottom of an ungreased 13" x 9" baking dish, and bake 15 minutes. Remove from oven and spread evenly with 1 cup strawberry preserves.

Stiffly beat 2 egg whites, beat in 1/2 cup sugar gradually, fold in 1 cup finely chopped walnuts. Spread meringue carefully over preserves and bake 25 minutes. Cool, cut into bars, and decorate with additional preserves.

Would you like to avoid that last minute rush when making gravy to serve with roast chicken or turkey? One homemaker with whom we always enjoy visiting likes to make the gravy ahead of time. She says that by doing this she does a better job.

When you put your fowl into the roasting pan, cook giblets and neck until tender in water to cover, seasoned with celery tops, onion and carrot, salt and pepper. Cool. Remove meat from neck, chop or grind with giblets. Use cooking liquid and water or vegetable cooking water to make a cup for each cup of gravy.

Mix one teaspoon flour for each cup of liquid with a little cold water, stir in gradually, cook, stirring until thickened. Add giblets. It's pale, not full flavored at this point, but the slow part of gravy making is done. Refrigerate.

When the fowl is roasted and on the platter, pour off all but a little fat from the roasting pan, pour the gravy into the pan; heat to boiling, and stir well to blend all the rich brown essence of the turkey or chicken into it. Season to taste.

If you have a daughter who is in the second or third grade, cookie making can be a lesson in reading, arithmetic, and following instructions. Prepare some simple recipes for her and print them on tablet size pieces of paper, help her set the oven control, then get out of her way.

Too much bossing spoils the cooking for beginners. A simple recipe that children this age can understand is being printed below:

### Roll and Cut Cookies

1/2 cup sugar  
1/4 lb. butter  
1 egg (unbeaten)  
1 tablespoon sweet milk  
1/2 teaspoon vanilla  
1/2 teaspoon baking powder  
1 1/2 cups flour  
Mix in the order given. Roll on wax paper. Cut with cookie cutters and bake 10 minutes at 400 degrees.

If you drop a bit of yellow into the whites of eggs when separating them, it may be removed easily by dampening a cloth in cold water then touching it to the spot of yellow which will cling to the cloth.

Why don't some of you Parmer County homemakers enter the 1957 National Crochet Contest? Wouldn't it be wonderful to crochet your way to New York or Bermuda? The rules for this year's contest have been printed, and leaflets are free for the asking. Some of the most beautiful crocheted articles we have ever seen have been made by local crochet enthusiasts. Entering the contest would be fun whether you win a trip or not.

One writer, Lura Cox Brand, has a wonderful idea of being a grandma. She expresses it in a poem entitled, "Gay Grandma." In grandma's day, life moved so slow, She gracefully grew old. She sat and rocked and pieced her quilts And children's stories told. No doubt, in this atomic age, When seventy and gray, I'll take a space ship to the moon To celebrate the day.

Rabies in bats has been reported in 15 different states.

News From LAZBUDDIE

From Colorado

Mr. and Mrs. Lee Kimbrough and Nancy have returned from Limon, Colo., where they spent last week. While they were there, Lee was doing some rabbit hunting and the jeep he was using couldn't quite make the turns as quickly as the rabbit, and on one of the turns the jeep and Lee were both upset, causing Lee to suffer cuts on his arm and face. He spent a couple days in the hospital.

Baptist Revival Starts Sunday

The Lazbuddie Baptist Church will have a revival meeting to begin April 14 and go through April 21. Morning services will be at 10:30 and evening services at 7:30 each day and night during the meeting. Jimmy Weston from Lexington, Okla. will do the preaching and Clyde Powell from House, N. M. will lead the singing.

Don't forget the senior play "Bolts and Nuts" to be given Friday night, April 12. This is a three-act comedy and action will begin at 8 p. m.

J. T. Mayfield and E. T. Ford were elected as new school trustees.

TO MEET MONDAY

A meeting will be held at the school Monday night, April 15, at 8:30 for all people interested in having a little league baseball team this summer. Notices are being sent home by the boys for the parents to fill in about the boys' ages, and parents are urged to get these back to the school as soon as possible.

WMU Banquet Honors Seniors

The annual WMU banquet honoring the senior class was held Friday night, April 5, in the dining room of the Baptist Church. The room was decorated in a Spanish motif and the tables were laid with red and white cloths decorated with Mexican burros. The G. A. girls acted as the reception committee and served the food which featured Mexican dishes.

At the speaker's table were Mr. and Mrs. A. E. Redwine, Mr. and Mrs. Wesley Barnes, Mr. and Mrs. John Agee and Wayne Bristow.

Mrs. John Agee acted as toastmistress and gave the welcome address. Invocation was by A. E. Redwine. A good imitation of a real "bull fight" was presented by

Andy Fuqua, J. C. Gilmore and Glen Watkins. Madalyn Schuman, Janis Clark and Rosemary Agee sang "Yum Yum Yum."

The main address was given by Wayne Bristow from Wayland College. Bristow had as his theme "Young People's Responsibility to the World." He stressed the need of college for young people and what college had meant to him. He tried to impress on the young people that there is a time for "merry-making" and a time for God that should not be forgotten in the midst of all that is going on around them.

Seniors present were Joy Smith, Mona Hall, Johnny Nowell, Janice Oliver, Danny Rue Cargile, Jeanell Floyd, Juanita Scott, Andy Fuqua, Jimmy Weaver, Johnny Gammon, J. C. Gilmore, Mack Hall, Durwood Teague, Glen Watkins, and Jim Roy Daniels.

Faculty members present were Mr. and Mrs. George Washington, Mr. and Mrs. Purl Tippie, Mr. and Mrs. Morris Cooper, Mr. and Mrs. Jack Black, David Estes and Mr. and Mrs. James Ward.

In closing, Wynell Barnes sang "Vaya Con Dios" accompanied by the piano by Marcella Mayfield. Benediction was by Wesley Barnes.

Mr. and Mrs. J. W. Gammon and Sarah Leece visited in Canyon Sunday with her mother, Mrs. G. W. Harwood.

Mr. and Mrs. Valton Morris and family visited Sunday in Portales with their parents, Mr. and Mrs. I. G. Roberts and Mr. and Mrs. J. W. Morris.

Scopo Ivy was home from Amarillo visiting with his parents, Mr. and Mrs. Jimmy Ivy, over the weekend.

With Mrs. Jones

The Letha Saunders Circle of the WMU met Monday afternoon in the home of Mrs. Johnny Jones, with mission study as the program. Those present were Mesdames Thomas Carrel, Jimmy Ivy, Weldon Slaton, Claude Heath, Alton Morris and the hostess. Angel food cake, Easter egg salad and coffee were served.

Miss Mitzi Ivy has been employed as a receptionist at the hospital in Littlefield.

Mr. and Mrs. Paul Zahn visited a daughter and family, Mr. and Mrs. R. M. Dunn and Elizabeth Jo, in Amarillo, Sunday. The Zahns also have as their guest this week their grandson, Craig Zahn, from Farwell.

The FHA girls will go to Lubbock on Saturday, April 13, to attend the home economics open house at Tech.

Mr. and Mrs. Jess Pendergrass and Susan had as their guests Monday afternoon her brother, Mr. and Mrs. Preston Hester and family from Brownfield.

Mr. and Mrs. W. H. (Bill) Dean from Plainview visited Tuesday of this week with Mr. and Mrs. Clyde Monk.

In Vaughan Home

Sunday guests in the home of Mr. and Mrs. Lloyd Vaughan, Eugene and Kent were his parents, Mr. and Mrs. J. O. Vaughan, and a brother, Laverne, of Earth, his sisters and families, Mr. and Mrs. Junior Breedlove from Hollis, Okla., and Mr. and Mrs. Glenn McKinney from Hart. Also, Mrs. M. P. Darrow, mother of Mrs. J. O. Vaughan, from Willow, Okla.

Mr. and Mrs. Andrew Brown were in Slaton the first of the week to be with his father, J. H. Brown, who had surgery.

Mr. and Mrs. James R. Harris, Gary and Sharon attended the ginners' convention in Dallas last weekend and visited her brother and family, Mr. and Mrs. Heady and family in Dallas.

Loretta White spent the weekend in Friona with her cousin, J. W. White.

Nona Stevens and Yvonne O'Hair visited with friends in Lubbock during the weekend and attended the ice capades while there.

At Hobbs

Mr. and Mrs. Max Steinbock, Mr. and Mrs. Gene Smith, Mr. and Mrs. Bobby Broyles, Mr. and Mrs. Ralph Broyles, Mr. and Mrs. Beardean Broyles, Betty Monett, and Max Steinbock attended the drag races at Hobbs, N. M., Sunday and returned home with a trophy won in the races.

T. D. Reed spent several days in the hospital last week but is at home now resting fairly well.

Mr. and Mrs. John McGehee, Gerald and Kenneth, and Mr. and Mrs. Raymond McGehee and Jeanne spent the weekend in Slaton visiting relatives. While they were there they attended the funeral of a friend of the family, J. M. Robinson.

Mr. and Mrs. Junior Matthews, Derrell and Gary visited his sister, Mary Evelyn Matthews, in Lubbock on Saturday and attended the ice show.

Guests in the home of Mr. and Mrs. David Johnson on Sunday were Mr. and Mrs. Bill Beasley, Linda and Pam and Mr. and Mrs. Houston Stephens, all of Earth.

Bill Barnett from Hollis, Okla., was a guest in the home of Mr. and Mrs. Dick Scott last weekend.

Mr. and Mrs. C. D. Gustin are in Truth or Consequences, N. M., this week where Gustin is receiving medical treatment.

Mr. and Mrs. L. B. Hambright spent most of last week at Poteau, Okla., visiting her sister and family, Mr. and Mrs. J. E. Wheelless. They also returned her parents, Mr. and Mrs. E. E. Mason, to their home in Abilene. They had been visiting with the Wheelless family.

The John Littlefields had as their guests on Sunday her sister and family, Mr. and Mrs. Wayne Wesley, from Pettit.

Mr. and Mrs. Dan Winn, Alma Jean and Danny Mack from Slaton visited her brother and family,

Mr. and Mrs. Alfred Steinbock and family, also her sister and family, Mr. and Mrs. S. L. Oliver, over the weekend.

Mr. and Mrs. Ernest Merriott had as their Sunday guest his brother, Virgil Merriott, from Lubbock.

Mr. and Mrs. C. C. Matthews received word the first of the week about the death of W. M. Davis at Sherman. Davis was the husband of Mr. Matthews' sister. Due to the weather, Mr. and Mrs. Matthews were unable to attend the funeral services.

Mrs. Willie Steinbock, Max and Betty Monett attended the ice show in Lubbock one night last week.

Mr. and Mrs. James H. Jennings visited last week with the Mike Pavulus family at Friona.

Mr. and Mrs. Clyde Henry and Shirley of Progress visited with her sister, Mr. and Mrs. Raymond Houston on Sunday.

From Fishing Trip

Mr. and Mrs. Owen Broyles, accompanied by Mr. and Mrs. Corky Mann, Mr. and Mrs. Sam Rule and Don Barnett of Friona, returned the first of the week from Sugar Lake where they had been on a fishing trip. Sugar Lake is just over in Mexico from Roma, Tex. Mr. Broyles said it was too hot to do any fishing during the middle of the day, but swimming was just fine.

"Buttons," young son of Mr. and Mrs. Melvin Treider, along with other musical students, played over radio station KMUL, Sunday afternoon. "Buttons" plays the accordion.

Mr. and Mrs. E. H. Hall, Mack and Bob spent Sunday with their son and family, Mr. and Mrs. Tommy Hall of Farwell to help Tommy celebrate his birthday.

To Denmark

Mr. and Mrs. Hollis Prine, Steve and Danny have been visiting a number of families in the community this past week. Prine is a minister for the Church of Christ and plans to leave Muleshoe April 18 and will soon sail from New York to go to Denmark where he will do mission work.

Mr. and Mrs. Jack Smith, Mr. and Mrs. Kenneth Keith, Mr. and Mrs. Barney Floyd and Jeanell, and Leonard Smith are doing some fishing at Sugar Lake in Mexico this week.

Mrs. D. C. Stovall returned the first of the week from Gainesville, Tex., where she attended the funeral of a brother, J. N. Garner.

Mr. and Mrs. Jess Pendergrass visited in Meadow last Thursday and attended a pink and blue shower given in honor of a niece.

Mr. and Mrs. R. J. Steinbock have as their guest this week her mother, Mrs. L. L. Bewley, from Memphis, Tex.

Mr. and Mrs. J. B. Wright spent

the weekend in Frederick, Okla. with their daughter and family, Mr. and Mrs. Kenneth Stone and daughter, Paula. Mrs. Wright plans to remain longer with her daughter.

Mr. and Mrs. D. C. Messick and Mrs. L. L. Bewley from Memphis, Tex. visited Thursday in the home of Mr. and Mrs. Demp Foster. Mrs. Bewley is Mrs. Foster's grandmother.

Mrs. R. H. Cox reports that her mother, Mrs. J. P. Wilson of Friona, is some improved and that Mr. Cox's brother, James Cox, of Logan, N. M., has been moved to Lubbock.

Two Local Girls Feted With Party

Mrs. Bob Jones and Mrs. DeWitt Precure honored their daughters, Bobbie Jo Jones and Donna Precure, on their 10th birthdays with a "double decker" party. Immediately after school last Friday, all of those of the 4th grade room who could go were taken to Friona to the skating rink where the youngsters enjoyed a couple of hours of skating and spills. The fun outweighed the falls, so no one seemed to mind.

They then returned to the home of Mrs. Bob Jones where they were served sandwiches, potato chips, punch and birthday cake. After the gifts were opened, more games were played until all were exhausted.

Those present were Linda Lesly, Charlotte Seaton, Johnny Ivy, Marianna Gammon, Rachel Moore, Linda Monk, Kay Anne Smith, Gail Ivy, Jody Brown, Jan Nowell, Ramona McMahon, Loretta White, Gary Eubanks, Theron Vaughan, Ronald Ashford, Buddy Embry, Billy White;

Also, Debbie Bullock, Connie Sue, Sammy and Lee Ann Harlan,

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smooth-

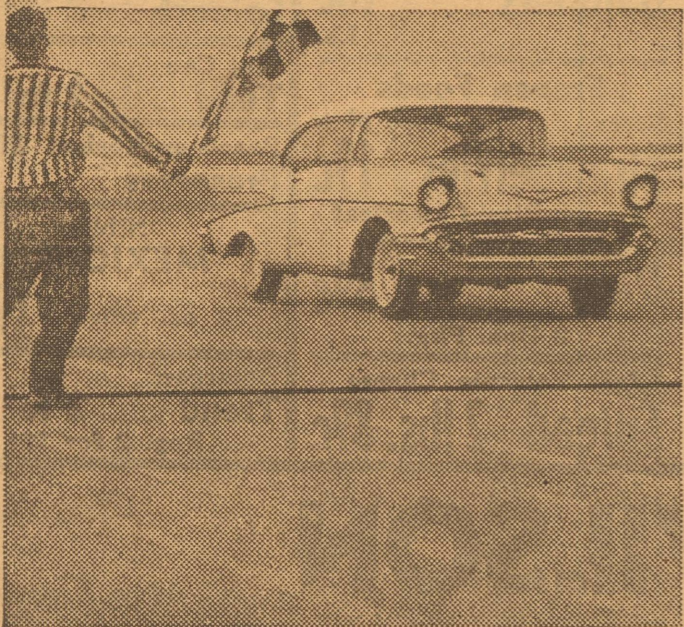

ness of ride and other driving qualities you want in a car. Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

Chevy showed it's still the champ... at Daytona... and in the Decathlon!
