Saturday And Sunday Great Days Here— World Championship Horse Cutting Contest

Things will be happening in the old town over this weekend. It will include many events that millions of people don't see in an entire lifetime—A World's Championship Cutting Horse Contest. And, people who have ever worked with cattle here or elsewhere, will be here to witness the contest.

Now this contest will not be staged by a few cowboys of the drug store variety with a few old broomtails on which they have spent a few weeks to get them "bride-wise." But these main events will be made by riders, who have trained their horses for years, and the horses themselves are not only trained by experts, but have been bred to do their work from selected studs and dams.

There will be two main events, registered quarter horse contest, and an open-to-all contest. To further entertain the crowd, there will be a jack pot roping, matched roping, cutting contest, and special events, at the Rodeo Grounds in the county park a mile north of the city.

There will be three big performances, Saturday afternoon and night, June 16th and Sunday afternoon, June 17th. People are expected here from all over west Texas and east New Mexico, and actual performers from many states.

These events have been made possible for our city by the progressive members of the Brownfield Association, that has been very aggressive for the past few years in giving the people of this area the very best of entertainment for their money.

Jaycees Met Here Thursday

The local Jay Cees club were to meet at banquet, at the Thompson Cafe yesterday evening to install their new officers for the ensuing year. Franke Szydlowski, president; R. B. Moreman, 1st vice-president; Burdette Auburg, 2nd vice-president; directors, Ray Christopher, Kyle Graves, and Virgil Burnett, were re-elected, and Herbert Chesshir, Bob Berry and Charles Didway are newly elected. An extensive program is being arranged for the occasion.

P. O. Box Rents To Be Increased

Box rents at the Brownfield post office are scheduled to be increased beginning with the rent for the September Quarter, which is due June 20th. through June 30th. This increase is brought about by provisions of the Postal Laws and Regulations which call for increases in rent when postal receipts increase to as much as \$40,000 per year. A schedule of the new rents is given below:

60c Boxes Affective July 1st. 75c; 75c Boxes, Affective July 1st. \$1.00; \$1.00 Boxes, Affective July 1st. \$1.50; \$1.50 Boxes, Affective July 1st. \$2.00.

It is regretted by the Postmaster that this increase is brought about at this time, but it is caused by Postal Law.

L. A. Greenwood, Act. P.M.

MANY ARMY DISCHARGES BEING RECORDED

Some 15 discharges from the army services including one WAC, have been recorded in the last thirty days in County Clerk Pyeatt's Office, and apparently very much increasing every day. Poor physical condition and health is reason for most.

All returning veterans are urged to record their discharges, it preserves the record, in event original become lost or destroyed, and often is much needed by the vet in after years.

Pvt. William E. Thurman, of Camp Walters, near Mineral Wells, furloughed with his parents, Mr. and Mrs. J. E. Thurman and family over the week end.

Marine Returns From Tough Fights In The Pacific

Cpl. Lenuel McCrary, son of Mr. and Mrs. Lou McCrary of this county, accompanied by his mother and sister, and Mrs. Mon Telford, were callers at this office Tuesday afternoon. Lenuel had 16 1-2 months in the Pacific battle area, as a member of the Marine corps, and has been wounded twice, first on Siapan and Iwo Jima. Like other service men, he tells you little.

For instance, he was asked to state which was the toughest battle, Iwo Jima or Siapan. That's

for the commissioned officers to say, he stated, but both were no child's play with wooden guns. After his furlough with the home folks, he will likely be located at Camp Hawthorne, Nev., where there is a huge naval ammunition dump.

He stated he was with Bobby Jones and LeRoy Thomas, two other home town boys in the Iwo Jima fight, where Bobby was wounded.

He wears the Purple Heart, a Presidential Citation, three stars and of course the Asiatic Service ribbon.

Cpl. Lenuel McCrary

County Agent Hartzog Resigns

A. L. Hartzog, County Agent for Terry county the past three years, resigned his post last Saturday, and will accept a similar position at Floydada, the change to be made July 1st.

The Commissioners Court appointed Richard Christie, Vocational teacher of the Sundown school, to fill out his term.

Hartzog, who taught at Meadow sometime before becoming agent here, was very active in civic affairs here, as well as the duties of his office, and took special interest in the 4-H, and FFA boys clubs and our famous annual calf show.

McChristie comes highly recommended, as one with deep interest in agriculture.

Terry County Falling Down On Bonds

"There is great need for a supreme effort on the part of all of us during the remainder of this month, if we are to raise our quota of Series E, Bonds declared J. O. Gillham, County War Finance Chairman.

"We have raised only about half of our \$290,000.00 E Bond quota so far and we must not fail. We don't want it said that some Terry county boy reached for a gun or food that wasn't there, because some Terry Co. citizen failed to do his or her part in buying bonds. Next to fighting the war is financing the war and we must give Japan that knock out blow now.

When your opponent is groggy is no time to lighten your blows, so we must now give him that knock out blow now!

When your opponent is gfsnupp Let every Terry Co. Citizen buy that EXTRA war bond now!!

Sgt. Tom Doss Says Japs Are Tough

Mr. Swain handed us the following letter this week from Staff Sgt. Thomas Doss, now in the Philippines, and son of T. S. Doss of the Gomez community:

Yes, I know that I have not been writing all of you people like I should—but what have I to write about? I can say that it is hot or it is raining; how deep the mud is, and that's about all, but I enjoy getting your letters.

Well, for one thing, there is plenty Japs over here. You would think there wouldn't be many left after all that have been killed—and let me tell you there has been plenty killed. I have seen dead Japs in big bunches. They are hard to look at as human beings, even when dead. They are both stubborn and a dumb class of people.

They just won't give themselves up, so you see we have to dig them out of their holes, one by one. In lots of places they can't be bombed out. But it should not last too much longer here in the Philippines.

We were glad to hear the war in Europe is over. But we hope the people back home wont forget there is still A WAR OVER HERE, and a big one to be fought yet. As ever,

Thomas.

Medic Hathaway Helps In Aiding The Wounded

Cpl. Lindsey C. Hathaway, another Terryite in the medical corps, with the 11th, along with others of that aggregation, lent much aid to the 36th Texas Division in taking the Siegfried line from the Germans. Medics are often in great danger themselves, as they must keep near the front lines to evacuate the wounded.

But oftentimes the litter bearers, and from them to ambulances, means a race between life and death for the wounded. In the 11th, many medics have been wounded and 29 killed. Col. John M. Hardy of Brownwood, was Cpl. Hathaway's Battalion commander.

COUNTY TO SELL PART OF AIRPORT LAND

County Commissioners and city council jointly own a section of land 4 miles east of town for an airport, have decided that half of a section is large enough, and are offering to sell the west half of the section.

They intend to maintain and further improve the remaining 320 acres for an airport.

Fifteenth Air Force Celebrate V-E Day

With The Fifteenth Air Force Service Command-Italy—"It's all over, over here!"

Excitement reached a high pitch when the 94th Air Service Squadron somewhere in Italy received the news that they had been waiting for. Mechanics put aside their tools, clerks stopped their endless checking, supply men turned from their counting and cooks ran out of the mess hall to join the rejoicing. Technical Sergeant Joseph W. Howard of R. No. 1, Brownfield, Texas joined the others as the news spread like wildfire. Broad grins were on every face. Celebration was in the air, but all the men realized that this was not the end of the war. After the speeches, party and general festivities, they all buckled down to their next job—that of moving the Air Forces out of Italy and toward Japan.

T/Sgt. Howard is the husband of Mrs. Helen Howard of R. No. 3, Medford, Oklahoma and the son of Mr. and Mrs. W. H. Howard of Brownfield, Texas. He has been overseas since August 1943.

John Hare Says No Place Like Home

We saw a letter from John M. Hare last week, written from the Philippines, presumably Luzon Island. It was of course addressed to his dad and mother, Mr. and Mrs. W. H. Hare, who lives eight miles out on the Tahoka highway. John has been overseas two years, and says he is ready to come home any time he gets the word.

Speaking of that neck of the woods, he says that it is cool when raining, but hot as hades, almost, when the sun shines. So, when he gets headed in the general direction of the good old U. S. A. John says he don't want to back trail via Australia, as he lost nothing in that country that he wants.

Sonny Walls Helps Polish Off Japanese "Skunk Boats"

Abbard a battleship in the Pacific.—R. B. Walls, Jr., of Brownfield, Texas, is serving as a gunner aboard this battleship which participated in the recent Okinawa invasion, blasting the Jap held island, attacking planes, and shallow draft suicide boats loaded with high explosives.

Referred to by men of the ship as "skunk boats," the suicide craft made prime targets for the depressed barrels of the anti-aircraft guns. Fifteen of the "skunkers" were destroyed in one night by various units of the fleet.

Antiaircraft gunners aboard poured thousands of rounds of ammunition into the attacking Japanese planes that struck day after day at the mighty fleet. Gunners were introduced to the "Baka" or fool bomb, a new

weapon of the Japs that resembles the German "buzz" bomb.

From March to October, 1944, this ship fired over 32,000 5 inch shells. A large share of those shells were fired in the vital Marianas campaign, blasting the Japs from Saipan, Guam, and Tinian.

As gunner and in charge of a crew manning a 20-m gun, Walls and his men fill the sky with a stream of steel when any enemy plane fills the sights. Entering the navy in February, 1943, he has served aboard this ship in the assault and occupation of many Pacific Islands.

His wife, the former Patsy Frank Ballard, lives at 311 East Main. He is the son of Mr. and Mrs. R. B. Walls, Sr., 104 North First Street.

Army Trucks Pick Up Paper Here

Two army trucks from the SPAAF field of Lubbock came Monday for the waste paper at Judge Neills paper depot, and had to make second trip to get it all. Nearly seven thousand pounds.

This paper has been accumulated by various people bringing in small parcels. The army officials say they are short on drivers and cars to ship it away. They did not so state, but it is known there is evidently heavy shipments now of troops and material from the east to the west coast, taxing both motor and railroad facilities.

We are urged by higher up to continue to save paper and the Judge will continue to receive it and ship out. This makes a total of over fifty thousand pounds we have shipped in little more than a year.

BOARD OF EQUALIZATION IN SESSION

The County Commissioners met Monday as a board of Equalization of property values for taxation. Monday was consumed by representatives of mineral owners, and the county has employed Thos. Y. Pickett, tax expert on mineral values, to advise them.

This source of taxation has become very technical, and is figured on percentages and a scientific basis.

Santa Fe railroad and Texas-New Mexico Utilities Co., also had a representative present. But few others met with the Board.

We Have Pink Boll Worm Quarantine

The Herald has a lot of fun with the "bugologist" as we call them. They, however, have a much better sounding official designation, "biologists," we believe. Anyhow, we had quite a run-in with two or three of the gentlemen a year or so ago, when we made a few cracks that showed our ignorance. But the fact that a few more of our south Plains counties have been added to the quarantine list, brings our rows with them to mind again.

Now, it seems that a few of those little, elusive pink boll worm have in some manner, dead perhaps as a fishing worm, slipped by our boys over in Cochran, Bailey and some other south Plains counties. However, up at Wolffarth and between here and Tahoka, the worm seems to be buffaloed, and has never made it across the line, although there are cotton patches on both sides of the signs. Just why the bug boys permitted the Cochran-Bailey Bugle in their lines, has not been explained, but we expect a counter attack any time, to straighten the line.

They have been in Terry, Gaines and Yoakum so long now, however that they, the worms, seem to be well hidden in pill boxes, caves, and what have you, and we fear that it will be a long seige to evacuate them. The first we heard of them were sometime in the twenties, and all we have ever heard about them since is from the boys whose duty is to run them to earth. The average farmer has never seen one, and never mentions them unless the subject is brought up, and then with a sly grin like a fellow that has been taken snipe hunting.

But as long as they are said to have been in Terry county, it appears passingly strange that none of them have ever had the hardihood to cross the line into Lynn, Hockley, Lamb and Lubbock, the real big cotton producing counties.

Levelland Sees Jap Balloon

Some excitement was created in Levelland last Saturday, when just before noon, a workman at the Refinery chanced to discover a peculiar object floating forty thousand feet high. Having a surveyor's transect handy, looking through it, claimed it was a Jap Balloon.

The army air base was notified and several jeeps, and officers came to the scene and quite a few planes were dispatched, as high as they could go. Many others viewed it through the telescope, and it could be seen by the naked eye. While the Army officers made no comment, many who saw it, was sure it was a balloon of some kind. No late reports have observed about it.

Terry County To Hold Monthly Session

The Terry County Home Demonstration Council held its regular meeting June 9, 1945, at 3 P. M., in the district court room. The house was called to order by the chairman, Mrs. Frank Sargent.

There were thirteen members present and the seven HD clubs that answered roll call with a monthly report of club work were Meadow, Harmony, Gomez, Union, Pleasant Valley, and Scudday. We would like very much for the Wellman HD club to be represented at the next Council meeting. A report of the following committees were heard: exhibit, finance, marketing, and reporters.

After a discussion of the pressure cooker clinic, to be held in each club and the 4-H girls en-Miss Reast gave a brief explanation on the "Rural Women's Educational Short Course," to be held at Lubbock July 9-10, 1945, campment to be held in August, and urged that each delegate make a special effort to attend this short course and assured that it would well be worth their effort and time they put in the meeting.

And the OPA writes in to the Herald from Dallas to urge farmers to produce more cross-ties on their farms. Such utter non-sense. Why waste a lot of scarce paper writing west Texas editors such rot. There is not a cross-tie tree on a million acres in this section.

Some one has stated that the best way to borrow money from a banker is to convince him that you do not need to borrow money. In days of yore, that might have been the case, but we believe bankers, generally speaking, are more level headed today. If a customer really deserves a loan, and the proposed project to be financed is really on the level—he gets the funds.

Hard luck seems to follow the GI that got a stiff sentence at hard labor and dishonorable discharge for battling over a few German POW's while in France, that he had charge of on work projects. This week he went chester, Mass., as he and a wait-awol, and was caught in Woress came out of a cafe. Now he is back in the chink again. A hero one week; a prisoner the next.

The OPA is bearing down quite hard on some of the ceiling violators, especially on rental propositions. More than seven thousand was collected last month, a third in the Amarillo area. By the way, the OPA makes it plain age on gas coupons has been in that while the amount of gallon-creased, that don't mean that we are to resume our long Sunday

drives. And too, you are supposed to get the size tire specified in the certificate you receive from the ration board. So much for OPA this week. If you want to cuss them, takke to it. We consider they have been as fair as possible with us.

How long will it take the little nations of Europe to forget the tyrant, Adolph Hitler? Perhaps not as long as some of the mountain tribes of Indians in Dr. Brindley, of the medical department of the University of Texas, Galveston, who has recently returned, those Indians are still suspicious of white people, although some 300 years have passed since the butcher, Cortez, invaded that then happy land. But they have not been shielded from white people's diseases, and typhus and many other diseases, as well as malnutrition abound among them. And rather than admit white people and their scientific remedies, they depend on witchcraft and faith healing. Hence, a high death rate.

SHIP REPAIR MEN NEEDED AT ONCE

"The Battle of Repairs" must be won, according to Admiral Horne, in Mare Island, Hunters' Point and Puget Sound Navy yards before the Battle of Japan can get well under way," said the local secretary of the U. S. Civil Service Board of Examiners. "Electricians, sheet metal workers, and machinists will win this battle, he continued.

"More people will be killed on the beaches, the Admiral said, unless workers volunteer and repair ships now jamming our west coast navy yards. These volunteers are put on the job, giving transportation and assured of living quarters through the U. S. Civil Service Commission, with representatives in each first and second class post office, the Regional Office, 210 South Harwood Street, Dallas, Texas, and the Branch Regional Office, Customs House, New Orleans, La.

"National headquarters of the Selective Service authorizes the postponed induction of any registrant employed in specific Pacific Coast repair yards, irrespective of age or state of registration. The War Manpower Commission has given these jobs number one priority. So there is no obstacle in the way of qualified men getting into this 'Battle of Repairs, without delay' "

Mrs. John Aston of Spur, is visiting the Jack McLaughlin's.

JUDGE SAYS:

The most pressing problem right now is what to do with all these returning Generals. From the number reported, History in Europe must have been making Generals instead of vice-versa. Count that Town lost whose low besetting sun, ends not a celebration of its Generals return. Why even General Patton is back home or was last reported; no telling where he'll be when this is printed. Its hardly fair for all these Generals to rush back and cop the best jobs. Anyway it's a tip, our boys will be retreating homeward soon, the Generals have already got here.

The Jap Cabinet has a shake up after every Bomber raid on the home land. Naturally.

The Secret Of Retail Success

The typical American is a woman and a homemaker. Therefore, any store that makes a success must please her. If it can figure out a method of doing this, its growth as an individual store or as a multiple unit system in one town or many towns, is largely a matter of how far its management desires to expand.

And that, briefly, in the background of growth of every independent store or chain store. The probably did more to stabilize costs for the consumer than any other factor in retailing. They established a price standard that became nation-wide. It was used as a yardstick by the consumer in determining whether he wanted to pay higher or lower prices, based on services rendered.

The remarkable part of chain store development is that it has interfered with the growth of independent stores which do about three-quarters of the retail business. The chains actual have been beneficial to independent merchants, as well as to the consumers, because they have tended to reduce production of costs, the benefits from which have been enjoyed by retailers and consumers alike.

The chain stores will play an important part in the ultimate return of our nation to orderly peace time production. They will be a stabilizing influence for the simple reason that we have to buy in quantity at reasonable prices. Thus, they will act as a constant brake on price raising trends which would be detrimental not only to consumers, but to competitors. Whether they wish to or not chain stores must fight the anti-inflation battle, because their life depends on low-cost sales and distribution.

Upward adjustments in these prices will be made to reflect the new average price of \$2.75 per bushel for the 1945 crop.

This increase was granted by the authority of the Director of Economic Stabilization as an incentive for increased sweet potato production. Texas' goal for sweet potatoes is 65,000, but indicated plantings are only 60,000 acres in comparison with 68,000 for 1944, according to a recent report of the Austin office of the Bureau of Agricultural Economics.

This decrease is due to prolonged wet weather in parts of the state during the early part of the planting season, says J. F. Rosborough, horticulturist for the Texas A. & M. College Extension Service. Many seed potatoes rotted in the beds, this spring. Rosborough suggests that East Texas growers who wish to take advantage of the increased

SAYS HERALD APPRECIATED IN CALIFORNIA

Tother day, we had a letter from Mrs. G. D. Wade, who is visiting her brother, C. E. Yeatts at Santa Barbara, Calif., She says the arrival each week of the Herald is really the missing link between there and Terry, and all get set for the news. Some one of them generally reads aloud.

MISS RUTH JOYCE DASHIELL BECOMES BRIDE OF ENSIGN C. L. (Bobby) LEWIS OF BROWNFIELD

Miss Ruth Joyce Dashiell, daughter of Mr. and Mrs. Robert Joyce Dashiell of Jacksonville, Texas, became the bride of Ensign C. L. (Bobby) Lewis, son of Mr. and Mrs. Clyde Lewis of Brownfield, in an impressive double-ring ceremony read Sunday afternoon, May 27, at 4 o'clock at the First Methodist Church, at Jacksonville, Texas, by Reverend Marvin Vance.

Gleaming white tapers in floor standards softly illuminated the altar space, which was graced with white calla lilies, white gladioli and soft green fern in tall white baskets. Billy Mason and Jack Green of Alvin, cousins of the bride, lighted the candles preceding the exchange of vows.

Mrs. J. H. Bolm, organist, played traditional wedding music during the ceremony, and Miss Mary Elba Holman sang the bridal solos, "I Love Thee" and "At Dawning."

The bride given in marriage by her father, wore a wedding gown of candlelight shimmering satin, fashioned with sweetheart neckline and three-quarter length sleeves, both edged in Chantilly lace. The molded bodice fell into a full skirt worn softly over a hoop, extending into a slight train. Lace rufflings enhanced the skirt and train. A Mary Stewart tiara of delicate seed pearls held her finger-tip veil of misty bridal illusion. Her jewelry was a single strand of pearls and diamond and pearl ear clips, gifts of the groom, and a gold bracelet belonging to her maid of honor. She carried a handkerchief belonging to her grandmother, Mrs. Fred L. Haberle, and carried by her in her wedding 49 years ago. Her bridal bouquet was of calla lilies.

Mrs. Zeb Moore, Jr. of Amarillo, sister of the groom, was matron of honor. She wore a pink net dress designed with full skirt, corsage of pink satin, low rounded neckline and puff sleeves. Her Juliet cap was of shirred pink satin, and she carried a white Bible topped with a single orchid. Miss Bonnie Jean Byrd was maid-of-honor and Misses Jane and Bobbie Jo George of Corsicana, and Miss Glynda Gay Haberle, cousin of the bride, served as bridesmaids. Their dresses were identical in design to that worn by the matron of honor, and their halos were of fluted net entwined with narrow pink ribbons.

A short veil of matching was caught to halo of the maid-of-honor. Each carried a nosegay of summer blossoms. Little Miss Marianna Haberle was flower girl. She wore a long pink net dress with fitted waist, and full skirt graced with tiny flowers fashioned of ribbons. She wore a miniature halo of pink net. Marine Lieutenant R. W. Wicker, Jr. of Slaton, attended the groom as best man.

Ushers were Billy Mason and Joe Green, Zeb Moore, Jr. of Amarillo, and Leon Lewis, the groom's brother, of Brownfield.

Mrs. Dashiell, mother of the bride, wore a formal gown of blue crepe trimmed with silver sequins, a tiny blue ostrich hat, and white gloves. Her corsage was of salmon gladioli. Mrs. Lewis, the groom's mother, was gowned in a smoke gray lace formal. Her hat was of tiny flowers and she also wore a salmon gladioli corsage.

A reception honoring the couple was held following the ceremony at the home of the bride's parents. The table was laid with a white cutwork cloth and centered with an arrangement of shasta daisies in a low crystal bowl. The three tiered wedding cake was decorated with white satin icing and topped with a miniature bridal couple. It was placed on a crystal tray and encircled with daisy blossoms, which graced one end of the table, while the crystal punch service was held at the opposite end.

The couple left following the reception for a wedding trip to West Texas and points in New Mexico. The bride chose for traveling a royal blue soft woolen dressmakers suit, with a fuchsia blouse that was appliqued with sequin flowers of varied colors. She wore a matching blue hat and black accessories. Her

corsage was an orchid. Mrs. Lewis is a graduate of Jacksonville High School and attended Lon Morris College and TSCW at Denton. Ensign Lewis received his wings and commission on May 22 at the Pensacola Naval Air Training Station. Previous to his entering the naval reserve, he attended Texas Tech at Lubbock, where he was a member of the Silver Key Fraternity. He is a graduate of Brownfield High School. He is presently assigned to the naval air station at Pensacola, Fla., as instrument instructor, and following their wedding trip, the couple will be at home there.

Out-of-town guests of the wedding included Mr. and Mrs. Clyde Lewis, the Groom's parents, his brother, Leon Lewis, of Brownfield, Mr. and Mrs. Zeb A. Moore, Jr., of Amarillo, Miss Bobbie Jo and Jane George of Corsicana, Mr. and Mrs. Claude Joyce of Palestine, Dr. and Mrs. James Ira Dunn of Jewett, and Mr. and Mrs. Jack Green and son, Jack, of Alvin.

Mr. and Mrs. J. C. Criswell and family visited Pfc. Jesse Criswell in the hospital in Santa Fe, over the week end. Mrs. Bettie Criswell, his mother, who has been there for the past several days, returned home with them.

Patricia Carter and Sgt. Tom P. Hart Exchange Vows

The marriage of Miss Patricia Ruth Carter, daughter of Mr. and Mrs. Ralph Carter, of this city, and S/Sgt. Tom P. Hart, son of Mr. J. V. Hart, of Ropesville, was solemnized at nine o'clock, Tuesday morning, June 12th, at the home of the bride's parents, 211 E. Tate.

Rev. R. D. Carter, of Anson, great-grandfather of the bride, performed the double ring ceremony, before an aster of shell pink larkspur and crystal bowls lighted by white tapers in crystal candleabras. As "Indian Love Call" was played on the piano by Juanda Ruth Turner, the tapers were lighted by the bride's little sister, Jo Anne. Mrs. Wayne C. Hill, aunt of the bride, sang "Because," accompanied by Miss Turner, who continued with the traditional wedding march.

The bride, given in marriage by her father wore a white eyelet embroidered dress with fitted bodice and tiny scallops adorning the cape sleeves and circular peplum. A shoulder length veil of net was attached to the brimless off-the-face hat. Mrs. Hart carried a Bible covered with white satin and lace on, on which she carried an orchid. For something old she carried a white silk embroidered handkerchief 43 years old, belonging to her grandmother, Mrs. D. P. Carter. For something borrowed, a signet ring, belonging to Mrs. Carter, was worn.

The bride is a graduate of the Brownfield high school, where she was a member of the sub deb club. She entered Baylor University, and was a pledge of the Pier Music Club. She also attended Texas Tech.

Sgt. Hart is a graduate of Lubbock high school and attended Texas Tech. He completed his flying missions in England with the 8th Air Force. While there, he received the Air Medal, three Oak Leaf Clusters and the Distinguished Flying Cross. Since his return, he has been stationed at the Big Spring AAF.

Following the marriage, a reception was held for the wedding party, the immediate family and friends. Coffee and hot rolls were served with Jean Knight presiding at the coffee urn. Music was rendered during the reception by Mrs. Hill, vocalist, accompanied at the piano by Miss Turner. Guests included A. W. Turner and Juanda Ruth, Mrs. J. B. Knight and Jean, Mrs. H. M. Pyeatt, Mr. and Mrs. Clyde Lewis, Mr. and Mrs. Clarence Lewis, Dick McDuffie, Miss Glena Ross, Mrs. Wayne Hill and son, Randy, Mr. and Mrs. D. P. Carter. Out of town guests were, Miss Wynona Wilson of Denver City, Mr. J. V. Hart of Ropesville, and Rev. Carter of Anson.

For going away costume, Mrs. Hart chose a brown and white crepe dress with white accessories. She wore an orchid corsage. After a honeymoon in Ruidosa, the couple will be at home in Big Spring.

Mrs. Jac Browder received word from her sons, Jack and Norwood, that they would soon be in the states. The boys are in the 8th Air Force and were shot down over enemy territory and captured. Both were placed in the same prison camp, though they were not captured at the same time. They have been together the entire time until they were liberated, and then found themselves on the same boat that will bring them home.

LUCILLE REGAN CIRCLE

Members of the Lucille Regan circle of the Baptist church met at the home of Mother Green, June 4th, in afternoon. The topic discussed for the afternoon was "Angels". A questionnaire on the subject was given each member to fill out the Bible references were looked up and read. A rather interesting fact discovered is that there is no mention of women being in the form of angels, only men are named.

Those present were: Mesdames R. D. Townzen, J. T. Auburg, A. A. Brian, E. L. Redford, Elco Evans, D. E. McMahan, Hugh Holmes, Henry Holmes, J. C. Carrigil, Gladys Moorehead, G. A. Townzen of Odessa and Miss Fannie Day.

After being closed for some two weeks for remodeling and re-decorating, the Brownfield Hotel Coffee Shop was re-opened Tuesday of last week. Mr. and Mrs. R. E. Thompson really have a nice eating place now, and one the entire section may be proud of.

A large and hungry crowd was on hand Tuesday noon for the mid-day meal, which was a really splendid menu.

Mrs. John L. Bishop of Mertenzen, and Mr. and Mrs. Weldon Snodgrass of Ill., visited in the home of Mr. and Mrs. Jesse Cox, recently. Mr. and Mrs. Snodgrass visited in Whiteface, enroute home.

We note from an Oregon paper that Lt. Crawford Bates was promoted to Captain. Crawford is the son of Mr. and Mrs. Lewis H. Bates, former citizens of Brownfield, and married a Littlefield girl during his leave of absence last Christmas. Crawford is on the staff of Gen. MacArthur.

Wonder if they can marriage an institution because you have to be crazy to enter?

Sugar Ration Reduced

Sugar stamp 36, which became valid on May 1st, will have to stretch over the next four months. It is good for 5 pounds. No increase in the total sugar supply can be expected for more than one year.

A statement issued on behalf of the Office of Price Administration and the War Food Administration received by the A. and M. College Extension Service, said that no additional sugar stamps will be validated before September first. The May first stamp fixes the ration at fifteen pounds a year. The previous stamp, which covered a three month period, distributed sugar at the rate of twenty pounds a year. Last year, twenty-four pounds per person was rationed.

The statement said that local ration boards had been instructed to issue only up to seventy per cent as much sugar for home canning as they issued last year. For the first time in about twenty years, consumers this year will have to depend entirely upon the season's production. The statement said that reserves were at rock bottom.

Among the reason given for the reduction in the ration are: Decline in world sugar production below the amount expected when tentative yearly allotments were made earlier; and because military and export demands have increased rapidly.

The statement said that at the start of 1945, world stocks were at the lowest point in many years. By the end of the year they will be reduced to a bare three million tons, which is regarded as the rock bottom level for efficient operation of the sugar economy.

In regard to sugar for canning, the statement quotes War Food Administration officials that no food need go to waste because of this year's limitations, provided that sugar obtained for home canning used entirely for that purpose.

TOMATOES VOTED FAVORITE VEGETABLE

Tomatoes tops all other vegetables by a large per cent in a poll taken last year to determine American gardeners favorite vegetable. Almost every garden boasted at least a few tomato plants.

Several factors explain this choice on the part of the gardeners. Tomatoes grow well in almost every part of the country, they make excellent fresh eating and are good for canning. You don't have to have a pressure cooker to put them up safely.

Tips to the gardener in growing tomatoes include: tomatoes take sunshine. They grow rank and are not likely to produce much fruit in the shade. They need water during a dry spell. When buying plants get a wilt-resistant, hardy variety. Don't use too much nitrogenous fertilizer or manure, as this will also make the plants grow rank without producing much fruit. A handful of complete manure well mixed with the soil when you set the plant out should provide it with all the food it needs.

If you have a small garden, you will probably want to tie your plants up, as you can get twice as many staked plants in a given space than unstaked ones. Staked tomato plants should be put out about 2 feet apart. Tie them with strips of rag or soft twine, and tie them loosely.

Give the tomatos a good start, and with just a little care during the rest of the season, they will repay over and over for your trouble.

INFANTILE PARALYSIS CASES RUN HIGH

New York, June 1—On the eve of Infantile paralysis summer outbreaks, a recapitulation of the figures available, show that the number of poliomyelitis cases in the country is running about fifty per cent ahead of a year ago, it was announced today by Dr. Don W. Gudakunst, Medical Director of The National Foundation for Infantile Paralysis, Inc. As of mid-May, the number of new cases this year were 642 as compared with 424 cases for the same period in 1944.

Sharp increases have been reported in the New England states, Middle Atlantic states, South Atlantic area, and the East South Central states. In the Pacific Coast and West South Central areas which have been hard hit during the past two years, there has been a noticeable drop in the number of new cases. The remainder of the country is running about the same as last year.

While the fact that there are fifty per cent more cases in the country this year than in the same period in 1944, "this is not an alarming situation but it should be watched carefully," said Dr. Gudakunst. The Medical Director also declared that "The National Foundation, based on its experience of assisting in severe outbreaks of infantile paralysis during the past years

Dear Customer:

May 25th, I received an acknowledgment of a price schedule which was posted with the Price and Ration Board in the Terry County Courthouse.

June 14th, the Regional Rationing Board declined to grant this schedule until they had reviewed the application. This application I am processing and hope for a quick disposal of the case.

In the operation of my business, I know that with the service that I try to render, I cannot continue at the same schedule. If I do not get some price increase, I believe it will be necessary to discontinue my delivery service.

...Thanking you for your patronage, I am,

Sincerely,

T. J. GRIGG, Owner
