Robt. Adams Located At Pilsen Czchoslovki

Robert E. Adams, son of Mr. and Mrs. Bob Adams, states that he is now located in the very heart of that boiling chaldron of the little southeast European nations now, where most of the trouble and wars of Europe start. He is located at Pilsen, the capital city of Czechoslovakia, as a motion picture operator.

Pfc. Robt. E. Adams

Robert says the little neck of the woods is a very pretty country, and that he is feeling fine. And, right now, the country is peaceable due to the fact that the Stars and Stripes are flying there, and the GI's will keep the peace or know the reason why? So, our advice to those little warlike saps, who always seem to be in trouble up to their necks, and have to depend on some peaceful nation like the USA to get them out, better behave.

Carroll Gets Base Duty In Florida; Spent 17 Months Overseas

Jacksonville, Fla.—Marine Corporal Jimmy L. Carroll, son of Mrs. Alphonso C. Carroll, Route 2, Brownfield, Texas, veteran of seventeen months of Pacific ground aviation duty, has joined the parachute riggers section of the Marine Night Fighter operational training unit.

A parachute rigger with both Marine fighters and service squadrons during his entire service tour overseas, 20 year old Carroll was based at New Caledonia, New Zealand, Guadalcanal, Emirau, Green Island and Bougainville. He was under Jap attack fifty-three times during his Pacific duty.

Corporal Carroll, a native of Texas, has been in the Corps since June of 1942. He is a graduate of San Angelo High.

Local Authors Work Published In Nat'l. Anthology

Crown Publications of New York City announced today the publication of a volume of contemporary poems and lyrics, THE VICTORY ANTHOLOGY OF VERSE, which includes the work of Kathleen M. Hardin, R. N., Houston, Texas

This book represents the best poems and lyrics of writers from every state in the Union and Canada. To have won a place in this nationally known anthology marks a step forward in the literary career of its contributors.

Another anthology of poems and lyrics is now being compiled, and authors interested in competing for a place in this new volume are invited to write to Crown Publications, Tribune Building, New York City 7.

Miss Hardin was born, reared and received her high school education in Brownfield. She took her training for nurse at Lubbock General Hospital. Her parents reside on West Buckley Street.

About twenty young men, went to Ft. Bliss Wednesday to take physical examinations, preparatory for later induction into military service.

Gillham Re-Named In U. S. O. Drive

J. O. Gillham, Executive Vice-President of the Brownfield State Bank, and one of the foremost business and civic leaders in Brownfield, has been named regional chairman and will direct the October campaign of the National War Fund in this area, Wayland D. Towner, general manager of the United War Chest of Texas, announced today.

Mr. Gillham was appointed to the highly important post by Judge Ben H. Powell, UWCT. president.

As chairman of Region 17, one of 19 regional campaign divisions set up in Texas, Mr. Gillham will lead 18 Texas counties toward an "over-the-top" achievement in the fall campaign. His task is one of the most important in the nation-wide drive through which the National War Fund raises funds for USO, USO-Camp Shows, War Prisoners Aid, United Seamen's Service, Philippine Relief and 13 other agencies serving our own fighting men, our allies and war victims throughout the world.

In appointing Mr. Gillham to the post of regional war fund chairman, Judge Powell declared: "As one of Texas' top civic and patriotic leaders, Mr. Gillham will play an important part in our annual campaign, through which Texas will raise approximately \$4,500,000 for the National War Fund. His acceptance of the post, and his willingness to give his time and effort to this great enterprise, will do much to assure success of the drive.

"I know that all county and local leaders, as well as the people generally, will cooperate fully with him, and that the region will, as always, 'Give a Texan's Share', both in effort and money, on behalf of the National War Fund."

Counties included in Region 17 are: Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Gaines, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Stonewall, Terry and Yoakum.

Seaman Hardin Visits The Herald Office

Two very welcome visitors Tuesday was Sailor Earl W. Hardin, who spent the past week here visiting his grandmother, Mrs. O. C. Bevers and aunt, Mrs. Vergie Blevens and family. This visit was very welcome for the fact that Seaman Hardin has on several occasions the past few months, had visits to and with the Junior Editor of this paper, at Pearl Harbor, and he was able to tell us a lot about Jack Jr.

Hardin has spent the past three years and two months overseas, most of the time on an ammunition ship, in all parts of the tractless Pacific. For a time, however, he was located at Pearl Harbor, as baker, as before entering the service, he was employed at the Dixie Star Bakery here. His parents were killed in an auto accident ten years ago.

Seaman Hardin will report to Dallas the 30th for reassignment and has no idea where he will be placed.

Yeah, They Eat Bacon When Can Get It

One morning recently the writer had the good luck to get two strips of bacon with his short stack, and we came out of the Grill licking our chops. Sam Kirschner and son, J. Martin, were standing in front of their store. We were still licking our lips and drooling.

"Must have had a good breakfast, Jack," allows Sam. "Sure, had bacon with my short stack."

"But I guess you Jews wouldn't like that?" "Sure we like bacon, avers Sam. "But the only trouble is that you can't get it, regular." Words well spoken. She is scarce.

BROWNFIELD POSTOFFICE Model 1909. Dr. J. W. Ellis, left and brother, Ed Ellis, Druggist, right, in the door.

This Federal building was finished in 1939 at a cost of \$75,000. Sen. Tom Connally and Congressman George Mahon aided us materially in securing the building. This beautiful building is one story and a full basement. Much work in beautifying the grounds has been done.

The Brownfield Post Office Will Go Into First Class July 1, Says Postmaster Greenfield

In The 36 Years the Writer Has Been Getting His Mail at Brownfield. There has Been a Revolutionary Change From 4th to 1st Class. Views of Postoffice Now and Then Shown.

When the writer landed in Brownfield in January 1909, he got his first mail from the little two story building, about 20 feet wide and 30 in length, shown in small cut. The late John L. Randal was the postmaster, but his partner in the drug business in the same building acted as clerk, and would hand out your mail. Also Mrs. Randal. Those were the good old days when the mail hack arrived from a two day journey from Big Spring, we stood around in the drug-post office till the mail was up, and oftentimes, the distributor, knowing folks were waiting, would shoot a letter to them through the window.

Time passes, and there was little change until after the advent of the railroad, and many new folks began to come in, and then in the twenties when there was enough population to start route one, then 85 miles in length. Soon it was divided into one and two, and then 3, 4 and 5 were added as star routes. Finally the postoffice rated as a second class office, and then came our headache.

Just whose fault it was is not our aim to determine, but when one report went in, it was found that we lacked just a few dollars receipts to keep the office second class, and it lapsed into third

Alfred H. Bell Killed In Plane Crash

W. A. Bell called in Tuesday and stated that upon arrival in Marshall of his brother, Herbert and wife, Saturday, who had just visited here, they were notified briefly that their son, Alfred Harris Bell, had been killed in a plane crash in the Pacific area. The victim was a brother of Staff Sgt. Milton Bell, formerly employed by the Brownfield State Bank, before entering the service.

It seems that young Bell was a member of a carrier force, and his crew had been practicing catapulting from their ship. Mr. Bell did not know whether Alfred was still in practice, or that the ship had left port for duty at the front.

Deceased was married, 23 years of age, and was a graduate of the law department of Baylor U.

BROWNFIELD BOY SUFFERS BROKEN NECK

Wade Yandell, 17 year old Brownfield school boy, son of Mr. and Mrs. S. Yandell, postal employee here, while with a

group of other Brownfield youths, at Buffalo Lake, last Sunday evening, dove into too shallow water, and suffered a broken neck, which paralyzed his body.

He was quickly rescued and rushed to the hospital at Lubbock where, though living, is in critical condition.

John Dumas Sends Us A German Fiddle

Seabee John Dumas, whom we have known since he was knee high to a duck, wrote under date of June 11th, from, we believe somewhere in England, or Bermuda, that he had taken a violin off a German officer, which was said to be over 100 years old. But John explains the "taking off" process to make it appear a bit more civil. He got tired of hearing the German play Home Sweet Home, and gave him a carton of American cigarettes for the fiddle.

After some trials and tribulations with his new possession, John has decided that he will never make a Fritz Kreisler out of himself, and has wished the fiddle off on us for keeps. If for no other than sentimental reasons we would appreciate the gift, which John says he has shipped, sans the bridge, which lost off somewhere between England and Bermuda. And we promise to try to learn to play Home Sweet Home for John when he gets home for good. In our younger days we tried to fiddle a bit.

And we don't promise John that our fiddling will sound like the GE's Evelyn and Her Magic Violin. In fact, Waggonerian operas and concerts will be out with us, but we'll try to learn again such old southern melodies as the Tennessee Wagoner, Arkansas Tourist, Mississippi Sawyer, Leather Britches and Rye Straw. The later has another name which was adopted by the more polite mixed society in our boyhood days, namely, The Unfortunate Pup. Some roudy cusses had still another name for it, designated "Hell Over Hatchie." We'll do our very best, John.

Back in our boyhood days there was an old yarn about that tune that we might repeat right here. It seems that two men were traveling, one a fiddler and the other a guitarist. They spent the night with a widow woman and her family, and after supper, regaled the family with such classics as stated above. Finally the lonely widow asked for Bonepart's Retreat, and shamed that he did not know the tune the fiddler cut down on Rye Straw, and it fooled the widow.

After the last cord had died away, she remarked, "that poor fellow must have been very miserable." You old guys will get the joke in the above.

Gandy Brothers Meet In Germany

Sgt. Walter R. Gandy, Jr., who landed with the invasion force in North Africa, thence on through Tunisia, Sicily, Italy, on up through France with the 7th Army, met his brother Pvt. Robt. B. Gandy recently, at Salsburg on the border of Germany, according to a letter from the latter to their parents, Mr. and Mrs. W. R. Gandy of the Pleasant Valley community.

Robert had known his brother was with the 7th Army. Soon after his recent assignment over there, he learned they were only fifty miles apart, they soon met. Sgt. Walter with the U. S. Air Corp has seven battle stars, two of which are Bronze Medals. One of which is for destroying a pill box, plus 14 Germans. He has 97 points and ten more coming up, but does not expect immediate release.

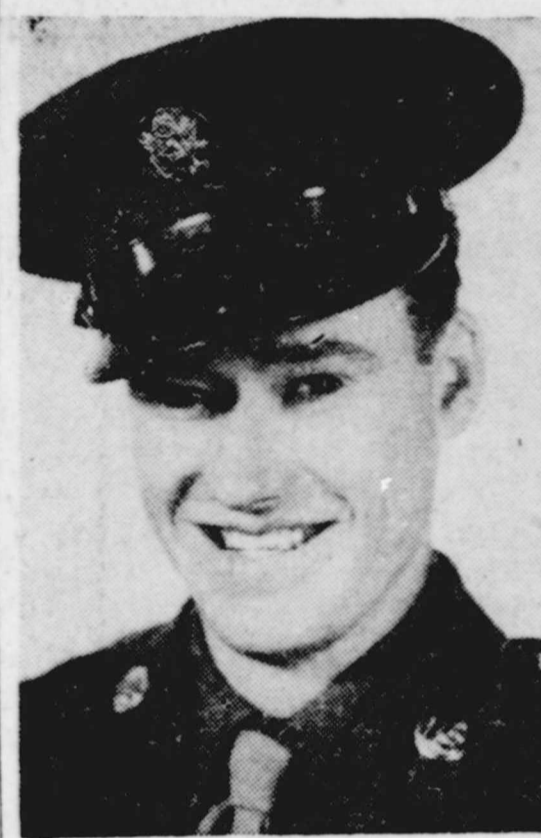

His brother reports that other than showing the nervous strain he has endured for 23 months in action, he is well.

Election Ordered On Four Amendments

Austin, June 23—Gov. Coke R. Stevenson today officially ordered a special statewide election Aug. 25 for the purpose of submitting four proposed constitutional amendments to the voters. Submitted by the 49th general session of the Legislature the

Gen. W. H. Simpson Commends Mine Exploders

We imagine that exploding mines in front of an advancing army is not exactly drugstore cowboy stuff. That is the kind of occupation Ray Chancellor has been engaged in recently. And he and his Battalion, the 739th, has been warmly commended by their General, W. H. Simpson of the famous 9th Army.

T/5 Milford Ray Chancellor

In a "Believe it or Not" story, illustrated, and with apologies to Ripley, it tells a few of the things the battalion has accomplished. Maintained roadways equal to distance from New York to San Francisco. Demolished enough pillboxes to build another Washington Monument. Supplied enough drinking water to float two cruisers, built bridges equal to the combined length of the Brooklyn and Golden Gate bridges, and removed mines, which if stacked, would be as high as the combined height of the Empire State and RCA buildings.

During his ramblings around over Europe, he has met up with Mont Hamm of Wellman, Odell Sears and other Terry county boys. He has a brother, James S., somewhere in Germany. James has only been over about a month.

Sgt. Aden I. Key To Complete Gunnery Course Soon

Sgt. Aden I. Key, Engineer-Gunner, of Brownfield, Texas, will soon complete an intensive course in combat flying, and in the near future will go overseas to a combat area.

He is the member of a Flying Fortress crew trained by the Third Air Force, which trains heavy bombardment crews for overseas duty.

Listed among the instructors at the Alexandria Army Air Field, commanded by Colonel Quentin T. Quick, are many officers and enlisted men who have seen action in every theater of war. These veterans direct crews through training conditions that stimulate actual combat, stressing teamwork, formation, flying and high altitude missions.

Sgt. Key is the son of Mr. W. H. Key, 119 E. Main St., Brownfield, Texas. His wife, the former Miss Syble Rodgers, lives at 206 E. Tate St.

Miss Limba Beth Stokes, of Littlefield, is a house guest of Jo Pete May, this week.

amendments propose changes in the basic law which will:

Permit members of the armed forces to vote in time of war and one year thereafter or 18 months after discharge without payment of the poll tax.

Increase the elective membership of the state Supreme court to nine justices.

Place members of the Legislature of continuous pay at \$10 a day for the length of their terms.

Put an annual ceiling of \$35,000,000 on state spending for all public welfare purposes and increase the maximum state grant from \$15 to \$20 per month for old age assistance recipients.

A Wisconsin man writes in to send him 50¢ worth of our weekly edition if possible, otherwise the daily. We'll just send him the weekly for the time being.

Well, General Ike has settled the old argument between Denison, Paris, Commerce, and Tyler, Texas, as to which place he was born. Ike says Denison, and no doubt but mother Eisenhower would back him up in it. He made this disclosure in a speech when he was given a great ovation at London, when he stated that, "he was born at Denison, Texas, and reared in Abilene, Kansas." So, that's that.

The Herald realizes that people need more hospitals. They are very costly to build and furnish. It is hard to get qualified doctors and nurses to operate them.

There being too few physicians who are able or willing to take the financial risk to erect and equip them, not a few of the smaller towns and cities are voting bonds to erect them, and we hope that everything will be fine and dandy. But we have heard a lot about socialized medicine of late, and we are just a bit fearful this is a step toward it. In a few years, maybe, a very paternalistic government may decide that spending a few millions in support of such hospitals would be a good rat hole to pour the tax money, and when the federal government steps in, they always say what's what and who's who. Therefore in a few more years of the leftish movement, you may have to come to town and sign up some papers if you want a doctor, and then not get the one you want. Could be possible. We have seen just as radical things as this happen in the past few years.

Saw one of those funny old citations by publication in Eee Eye Hill's Lynn County News, Tahoka, last week, and we got a kick out of it. Hadn't seen one so worded in years. The man who wanted relief from his tied up condition with the little woman, cited her appearance in District Court, with these words, among many other: "She left his bed and board." Now the plaintiff did not state in his citation for separation, whether or not his bed consisted of a Beauty Rest or a shuck mattress; he did not make clear whether his board consisted of red beans, corn pone and branch water, or the best the chain and independent grocers afford. But, we have an idea that the Citatee has his eye on another woman to warm his bed and meals.

SWEET POTATOES WILL PLAY IMPORTANT PART IN PACIFIC G. I.'s DIETS

Sweet potatoes from Texas will play an important part in the diets of Pacific G. I.'s this year. Approximately 2,400,000 bushels of sweet potatoes will be dehydrated in 1945 to produce 20 million pounds for overseas shipment, according to the War Department.
One of the most popular items on menus for the military forces, the potatoes are served about every tenth day in baked candied or glazed form, according to the Quartermaster Department.
First tests on dehydrated sweet potatoes were made early in 1942, scientists of the American Can Company being asked to work with the Quartermaster Department on various problems of packaging. The potatoes are packed in five-gallon cans specially coated for overseas shipment.
Indicative of the space saving accomplished by dehydration officials of the Quartermaster Department say that seven and a half pounds of dehydrated sweet potatoes will serve 100 men, whereas about one bushel of the fresh potatoes would be required for the same number.

Report Forms Don't Suit Texas Rangers

Austin, June—Col. Homer Garrison, director of the Department of Public Safety and chief of the Texas Rangers, is taking the edge off one of his favorite stories.
The yarn involves an effort before the turn of the century to get the traditionally laconic Rangers to write reports on their activities. A simple form was drawn up, calling for names of injured person and defendant, nature of offense, date or commission and disposition. One of the first such reports to be submitted was on a murder charge, and it said: "Disposition: Mean as the devil; had to shoot him."
In January Colonel Garrison decided that the scope of Ranger activities should be more completely recorded, and so he had the Headquarters Detachment under Capt. Fred Olson, start using a somewhat involved statistical report form. The result surprised even Olson and his men, for this is what the captain and seven Rangers did in four months.
Made 581 investigations, completing 178 cases; made 137 arrests and obtained 48 convictions; assisted other officers on 568 occasions; apprehended 44 fugitives; confiscated \$5,966 in property, recovered \$9,086 in stolen property, and recorded \$2,960 in fines, in addition to a host of miscellaneous duties.

So Garrison called in all the Ranger captains and instructed them to begin using the new form. When one veteran dryly remarked that "one of my men is going to get killed behind a typewriter yet," Garrison emphasized that "it isn't enough for us to do our job well; we've got to show the Legislature and the people where and how we're spending the taxpayers' money."

Mr. and Mrs. Lal Copeland and children and Mr. and Mrs. Jot Akers left Tuesday for Red River, New Mexico, to spend a weeks vacation.
Mrs. Percy Spencer of Lubbock, spent the weekend with Mrs. Jessie G. Randal.

Eleanor Gillham, who has been a student in S. M. U. the past school term has returned home for the summer.
John Alvin Dorman of Amarillo visited last week with Mr. and Mrs. J. W. Lloyd.
We noticed C. B. Markham, old timer of this city, now of New Mexico, here this week.
Mr. and Mrs. D. S. Day of Lamesa and daughter, Mrs. Ray Eldridge, of Port Arthur, spent the weekend in the home of Mr. and Mrs. Mon Telford.
Mrs. Thelma Ayres and two children, from Odessa, were week end visitors here, with her uncle, Geo. W. Neill, and her former neighbor and friend, Mrs. John Cloud.

HARMONY HD CLUB

The Harmony HD club met in the home of Mrs. Brigance on Thursday afternoon, June 21, with eleven members and three visitors present.
Roll call: My favorite recipe for yeast bread.
Program: Yeast breads and their variations.
Miss Reast gave a very interesting demonstration on coffee cake and yeast breads.
The members and visitors enjoyed the things made from the sweet dough, especially the coffee cake.
The next meeting will be with Mrs. O. O. Miller, on July 5th.

Steel Shortage Retards

Civilian, durable goods, and the use of copper, aluminum and zinc is also still severely restricted. The allotment of steel for the second quarter of 1945 for use in stoves, electric irons, and other household products is about a fourth less than for the first quarter.

Although plans were laid early in the fall of 1944 for a gradual change over by "Spot authorization" form military to civilian production when manufacturers found themselves with men and materials no longer needed for war contracts. military demands increased in the year, and the change-over was delayed until March 1, and then extended for another 90 day period Shortages for civilian goods have also resulted from induction into the armed forces and increased employment in munitions industries.

Manufacturers who are now permitted to go ahead with some civilian production must depend largely on their own supplies of materials on hand. Not only does the shortage of essential materials retard civilian production, but scarcity of plastics for handles and knobs, and even of fibreboard containers for packing keeps the "spot" program from being fully effective.

Easy Ways to Stretch the Pork Dish

<p>1 pound PORK SAUSAGE (bulk or links)</p> <p>—Makes 6 to 8 Servings SAUSAGE AND RICE PATTIES</p> <p>Combine bulk sausage with 1 cup cooked rice, 1 egg, ¼ cup tomato juice, seasonings. Drop by tablespoons into hot fat, brown, cover and cook slowly 20 min.</p>	<p>—or 8 Servings SAUSAGE 'N' SQUASH</p> <p>Divide bulk sausage into 8 patties. Split acorn squash into halves, remove seeds and season. Place patty in each half. Bake at 350° F. for 1½ hours.</p>	<p>—or 8 Servings SAUSAGE ONE-DISH MEAL</p> <p>Cook link sausage. Make mush of 1 cup corn meal. Season. Spread in greased baking pan. Alternate links and eggs on top of mush. Cover and cook eggs in slow oven.</p>
<p>1 pound END PORK CHOPS</p> <p>—Makes 6 Servings STUFFED PORK CHOPS</p> <p>Brown thin chops. Mold bread stuffing size and shape of each chop. Place each chop on top of its stuffing. Cover. Cook slowly 30 minutes. Make gravy.</p>	<p>—or 6 Servings PORK CHOPS-FRIED APPLES</p> <p>Brown thin chops. Season. Remove from pan. Fry apples half done in pork fat. Replace chops on top of apples. Cover. Cook in slow oven 30 minutes.</p>	<p>—or 6 Servings PORK CHOPS and NAVY BEANS</p> <p>Cook navy beans; season with tomatoes, onion, salt and pepper. Place in casserole and arrange thinly cut, browned chops on top. Cover. Cook 30 minutes in slow oven.</p>
<p>1 pound PORK HOCKS OR KNUCKLES</p> <p>—Makes 4 Servings HOCKS WITH SAUERKRAUT</p> <p>Simmer in seasoned water until tender. Twenty minutes before serving, pour off most of stock (save for soup) and add sauerkraut. Serve meat on bed of kraut.</p>	<p>—or 4 Servings PORK "BOILED DINNER"</p> <p>Simmer in seasoned water until meat begins to fall from bone. Remove and keep warm. Boil whole carrots, onions and potatoes in stock. Garnish with parsley or green peas.</p>	<p>—or 4 Servings PORK HOCKS FLORENTINE</p> <p>Simmer in seasoned water 'til tender. Four off most of stock. Add 1 pound washed spinach. Cover; barely cook spinach. Serve pork on bed of spinach with horseradish cream sauce.</p>
<p>ONE HALF HAM (shank end)</p> <p>—6 to 8 Servings BAKED HAM - BATTER PUDDING</p> <p>Roast ham at 300° F. Make mush of ½ cup corn meal and 2 cups milk. Stir in 4 beaten eggs. Season. Bake at 350° F. in ham drippings.</p>	<p>—and 6 to 8 Servings EGGS BENEDICT WITH HAM</p> <p>Toast split buns or English muffins. Cover with thin slices of ham. Place poached egg on top of ham, with Hollandaise sauce over all.</p>	<p>—and 6 to 8 Servings HAM SHORTCAKE</p> <p>Bake cornbread or shortcake. Make creamed ham, stretching it with hard egg and diced celery. Serve between and over cornbread or shortcake.</p>

The above table bears out the old adage that "Where there's a will there's a way." In this instance it applies to the question of stretching the limited supply of meat that Mrs. Housewife is able to buy under wartime rationing. Here are just a few ideas that may be used in preparing three different pork cuts — sausage, chops, hocks or knuckles, and ham — to make the meat go further. There are many other appetizing ways to extend pork, as well as beef and lamb.

Harmony H. D. Club

(Delayed) The Harmony H. D. Club met in the home of Mrs. Kissinger Thursday 14th with 4 visitors and 12 members present. GUIDE TO DEFROSTING

Although once a week defrosting is a "must" at the Westinghouse Home Economics Institute, it isn't done always on the same day of the week. In fact, it is considered inadvisable to set a definite day, the explanation being that the accumulation of frost varies with the amount of food in the refrigerator. So let the accumulation of frost be your guide — when it is about ¼ inch thick, the time has come to defrost.

EAST TEXAS STILL LEADS IN STILLS

Texas Liquor Control Board inspectors in May reported the seizure of 9 illicit stills. Destruction of the stills, which had a cubic capacity of 685 gallons, prevented the potential evasion of \$514,612.48 in State taxes.

With the stills, inspectors captured 1,465 gallons of mash and made 7 arrests. 24 1-2 gallons of moonshine liquor were destroyed. 3 stills were taken in Harrison County and 1 each in Wood, Morris, Bowie, Anderson, Smith, and Marion Counties.

Striking Comparison

Since the war really got underway after Pearl Harbor, the railroads of the United States have been handling the traffic of the nation on a narrow margin of capacity.

As the strain of the war load increased, instead of being able to buy new equipment as needed, they had to patch up the old and get by in some way, in order that critical materials could go to build our fighting machine. In spite of such a situation, when tonnage doubled and the men to handle it dwindled, the railroads still met the demands.

But last winter, nature took a hand and visited the east with the worst storms in years. The orderly movement of cars to and from the West was interrupted; goods were held up at factories and terminals; grain piled up in the elevators, and car shortages occurred.

In spite of that, the third week in April, the loading of Western grain and grain products was 10,028 cars above the corresponding week in 1944. The miracle is that with a famine of railroad equipment and man power, the railroads have been able to get by with a negligible car and transportation shortage.

What would of happened to the nation if the shortage of cars had been on a par with butter, sugar, beef, pork and practically everything else the American consum-

er needs? If there had been any such shortage for transportation as exists for consumers of most other products, this nation would indeed have been flat on its back, and the effect on our war effort would have been a national catastrophe.

So, if you find trains crowded, or have to wait a little longer than he would like, to get a freight car, have patience and thing how much better you are served with transportation than you are with the bulk of the products you consume.

The girl friend asked him if he liked moving pictures; then invited him to help clean out the attic

CLEANLINESS IMPORTANT POLIO EPIDEMICS

Austin, Texas.—In addition to the general instructions for community sanitation which may be important in preventing poliomyelitis, Dr. George W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with poliomyelitis reaching into every section of our state and with more than 120 cases already reported I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to home sanitation includes those health must be re-emphasized. taken-for-granted measures such as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed in a mild antiseptic solution; sunning and airing bed clothes, ridding the flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene it is hard for any disease to get a foothold," Dr. Cox said, "With such a dread disease as poliomyelitis prevalent in every section of the state, no precaution should be overlooked and no bars should be left down for its entrance."

Mrs. Arthur Sawyer was hostess to members and guests of the Kolonial Kard Klub in her home Friday 15th. When scores were tallied Mrs. Everett Latham was given high and Mrs. Orb Stice second high. Mrs. Joe McGowan won Bingo.

A salad plate and ice tea were served to Mesdames, Wingerd, Peterman, Price, McGowan, J. K. Kendrick, Bowers, Heath, Stice, Latham, Mason, Crosby and Stricklin.

Mrs. Bill Stallings entertained a group of friends Tuesday noon at her country home with a luncheon, honoring Mrs. Ruth Moore, who is spending the summer with her sister in Silverton. Fried Chicken and home made ice cream were two of the many delicious things served and enjoyed by the guests. Guests were also present from Denver City.

Lt. and Mrs. A. M. Thornton left Sunday for Miami Beach, Florida where Lt. Thornton will receive medical treatment before being reassigned.

MEADOW HD CLUB MET WITH MRS. SANDERS

The Meadow HD club met June 19th with Mrs. J. E. Sanders. In the absence of the president, Mrs. Locke acted as president. The house was called to order with the members reading the club pledge. Roll call was answered with, "My Favorite Receipt for Yeast Breads. Mrs. Herman Pendergrass read the minutes of the last meeting. There was a motion made and carried for the club members and their families to go to Buffalo Lake on the evening of June 26 for a picnic.

Miss Reast gave a very interesting demonstration with yeast breads. Refreshments were served to 8 members and Miss Reast. We had two new members. The club meets July 3 with Mrs. Jess Pendergrass.—Reporter.

MRS. GRADY GOODPASTURE ENTERTAINS WITH SWIMMING PARTY

Tuesday evening, Mrs. Grady Goodpasture entertained a group of friends with a swimming party, honoring Lt. Eugene B. Ellis and T/Sgt. Norwood Browder. After a delightful evening spent in swimming in the local pool the group returned to the home of Mrs. Goodpasture where they were served refreshments.

Guests were: Ruth Huckabee, Doris Lee Teague, Mary Ballard, Grace Tarpley, Jessie Duncan, Aubra Noncaster, and the honorees.

Miss Sugar Hamilton accompanied by Miss Billie Geron of Ft. Worth left Clovis, N. M. Sunday by train for Kansas City, Missouri where they were met by Capt. and Mrs. A. J. Geron who took them to St. Joseph, Mo., to spend the summer in their home. While there Sugar plans to visit her brother, F/o Charles T. Hamilton who is stationed at Lincoln, Nebraska. Mrs. Geron is the former Miss Beth Hamilton of Brownfield.

FIFTH BIRTHDAY OF GENE MASON CELEBRATED

Mrs. N. L. Mason honored her son, Gene with a lawn party to celebrate his fifth birthday, Wednesday of last week. Outdoor games under the direction of Mrs. Marner Price and Mrs. Mason furnished the diversion for the afternoon.

Ice cream and cake were served to Johnny Rayborn, Tommy Simes, Gene Aven, Jerry Sue Estes, Mike Hamilton, Lynn Gene Simonds, Rita Lou Goodpasture, Jerry Don Huckabee, Diana Tiernan, George Fugitt, Deenie Goodpasture, Louis Price, Doug Mason and Gene.

Rev. Francis To Hold Revival Here

Rev. Francis E. Becker, curiosity of the pulpit, is in Brownfield and will likely speak while here on such subjects as "What is in the Grave to be Resurrected", "Opening of the Seven Seals", "Twelve Reasons Why I Believe There is a God, Heaven and Hell", "Connecting Link Between the Old and New Testament", and other subjects.

All pastors, Sunday school workers and teachers are invited and asked to bring their Bibles, as they are likely to be asked questions.

Rev. Becker is 87 years old and has been in the Ministry 48 years. He was raised an orphan and stands on his knees to preach, having been crippled from an attack of typhoid fever.

His wife will be present and will lead the singing. Place to be announced later.

Winner For Texas In Nat'l. Poster Contes

Miss Mary Helen Knight of Wichita Falls, who has just been awarded state championship honors for Texas in a national poster contest, by a committee of judges in Chicago. More than 7,500 high school students from every part of the country competed.

The slogan of Miss Knight's poster was, "More Meat For World Peace." It brought out the importance of meat in the diet of this nation and others, especially in the days ahead.

This poster contest is sponsored annually by the National Live Stock and Meat Board, an educational and research organization of the live-stock and meat industry. It is carried on in cooperation with art and home economics high school teachers of every state.

The theme of this year's contest, according to the Board, was "Building For Peace With Meat." The awards were based on theme, originality, slogan, effectiveness and artistic presentation. The prizes consisted of war bonds and stamps.

Earl Hardin, S. 2/C, USN, Mrs. Vergie Bevers and children, Joan, Flenda, and Leon, and Miss Goldie Bevers, spent Sunday and Monday in Littlefield, visiting with Mrs. J. B. Fouelkner and Wanda Hardin. Flenda remained for a longer visit.

Caravaners Prove Their Worth

The Methodist Caravaners, consisting of young ladies, arrived here Saturday and now have their program well under way. The attendance has been excellent, and everyone seems to be enjoying the fellowship. The Presbyterian minister, Rev. J. P. Murphy, and his young people are participating in this work, also, and we are enjoying the association of our Presbyterian neighbors.

All the young people are profiting highly as they work, play and study with these talented young ladies. We feel that it will be the greatest work in the history of the Methodist Youth Fellowship.

Not only are the youth learning to walk closer to God, and more of His will, but they are improving the grounds upon which His Methodist church is built. The fence has been painted and several games have been erected for future use.

REVIVAL WEST OF THE TRACKS

The First Baptist Church will sponsor a revival west of the tracks, on the gin lot across from Camp Western beginning the night of July 5, and run for ten nights. The preaching will be by the pastor of the First Baptist Church, Rev. A. A. Brian. Everyone in that vicinity is cordially invited to attend, and any others who desire to hear the Gospel preached. A gracious revival is expected.

We learned this week that Staff Sgt. Vance Smith, who was a casualty during the fighting in Germany, has been discharged from a hospital in that country, but don't know whether or not he is to be discharged.

The Woman Listener

By Sally Welles

JOHN MOORE, who plays "Hank O'Hoolihan" on "Life Can Be Beautiful," is not in good favor with his North of Ireland family. They do not feel that he should have gone into a "fly-by-night" profession like radio. They think that he should have stuck to his first job. Moore's attitude differs slightly for practical as well as artistic reasons.

John Moore

"Life Can Be Beautiful" is heard over CBS at 1:15 P.M. EWT.

"Information Please" experts learned during a recent broadcast that the simplest question can be the hardest. In other words, they were stumped by a "spelling bee" question which cost "Information Please" \$100 and a set of the Encyclopedia Britannica. Show is heard Monday evenings at 9:30 EWT over NBC.

Newcomer to NBC's "Right To Happiness" (3:45 P.M. EWT) for a brief but important sequence is Reese Taylor. He plays the role of Robert Judson, the lawyer in whose hands rest the final proceedings which will result in the divorce of Carolyn and Dwight Kramer Taylor, tall and distinguished, looks the part, in addition to executing it persuasively.

Bernardine Flynn, on behalf of the "Daytime Radio Newspaper" (CBS, 1:30 EWT), honored young Mrs. Sadie Epright of Richland Center, Wisconsin, on May 25th. Mrs. Epright, whose life so far includes many jobs well done, was selected as Woman Of The Week and received a War Bond prize. Left a widow at 19, she raised four children, bought an 80-acre farm which she worked herself and today, besides still tending the farm, she has a defense job at Badger Ordnance Works near Baraboo, Wisconsin.

"Road of Life" celebrated its 2000th air performance on May 14th at 10:30 A.M. EWT over NBC. Written for many years by Irna Phillips, the show has recently been taken over by a new writer, Howard Teichman. Well-known in the field of radio writing, Teichman has contributed to such shows as "Texaco Star Theatre", "Cavalcade Of America" and many other prominent programs.

For "Truth or Consequences" a couple of weeks ago Ralph Edwards had to arrange a new act at the last minute because a "bucking mule" scheduled to appear in a consequence that evening decided to do a little pre-show practising. Result was he bucked so hard he broke a leg! "Truth or Consequences" is heard Saturday evenings at 8:30 on NBC.

Jack Kirkwood, star of CBS's comedy-variety show of the same name (7:00 P.M. EWT), is one comedian who doesn't mind being the butt of his own jokes. For one thing, he says that clothes make the man, but he's the only man in radio who looks as though he makes his own clothes.

Pretty Patte Chapman, heard as troubled little Marie Duncan on CBS's "Young Dr. Malone" (1:45 P.M. EWT), is in real life a self-possessed young lady who just recently graduated from Finch Junior College in New York. Patte feels the main advantage of leaving school is that at long last she will be able to devote herself to broadcasting exclusively.

Conductor Arthur Fiedler again this year is presiding over the weekly Boston "Pops" broadcasts (Saturdays, 8:30 P.M. EWT). Fiedler is in large measure responsible for building the "Pops" orchestra to its present popularity, and for convincing his audiences that the light classical music featured in "Pops" concerts is worthy of an important place in our musical picture.

National Farm Safety Week

By proclamation, President Harry S. Truman calls upon the people of the United States to observe the week commencing July twenty second, next, as National Farm Safety Week.

The President is greatly concerned in preventing accidents which would keep men away from farm work, is so scarce this year that the President urges everybody to use the greatest caution against accidents which would further reduce the limited supply of manpower.

Accordingly, he requests all persons and organizations working with agriculture and farm life to use all possible means to encourage and help farm people to guard against hazards which might lead to accidents. At the same time he asks people to help build up a nation-wide determination to stop the needless waste of farm manpower and property which cannot be replaced during wartime. He also urges that farm people everywhere make National Farm Safety Week the opportunity for a safety check in their homes and on their farms.

The President emphasizes the great importance of guarding against accidents by pointing out that fourteen hundred farm residents over the nation lose their lives each month, and that one hundred and twenty five thousand others suffer injuries. He believes that this waste of human life, as well as of time, is not necessary.

Endorsing the President's view's, M. R. Bentley, agricultural engineer for the A. & M. College Extension Service, believes that most accidents on farms can be avoided. Being careful, he bruises, broken bones and, perhaps, permanent injury. For example, a farmer shouldn't make adjustments on a motor-driven vehicle without first turning off

Screw Worm Infestation Expected

Ranchmen have reported milk cases of screw worm infestation in south Texas areas where docking, shearing and minor surgery are in progress. The early appearance of the flies indicates that screwworm migration probably will be earlier than normal and heavier to north Texas this year if warm weather continues.

To guard against screwworm infestation, A. L. Hartzog, County Agent, recommends that stockmen watch all livestock for injuries. When screwworm flies are known to be present in an area, apply Smear 62 to all open wounds on animals every day or two until they are healed. Prompt treatment, he explains, will prevent animal deaths from attacks by the pest. For wounds already infected, Smear 62 is best applied with a one-inch paint brush. The material simply is swabbed into the wound. Care must be taken to push it into all of the pockets made by the worms and painted around the wound.

For protecting wounds not infested, such as shear cuts, de-horning, docking and minor surgical cuts, it is sufficient to cover the raw tissues and the surrounding area thoroughly with a coating of the smear. Smear 62 is the formula recommended by the U. S. Department of Agriculture. Inferior ingredients will not protect against screwworm, Hartzog said.

The Low Down From Hickory Grove

I see where Mr. Jackson, our top law man in France, is getting ready to open court to see if any German is guilty of something, and he says up to now, no plan of going ahead has been agreed upon between the Allies. Our fighters waded in and win wars—and then the cutaway-coat boys dilly-dally. By the time a lot of Germans ever come to trial, the sob artists will be on deck with bouquets for the prisoners, and we can turn half of 'em loose to start planning the next war, which we will be expected to get into—and quell.

We need to get off the dime and clamp down on the guilty, and then start trimming Germany down to controllable size. Give Denmark and Belgium and all the little bordering states a digestible slice of Hunland, and they will have space to elbow room to keep what is left of Germany, at arm's length.

But back to the bloody war—everybody thought that they fixed that up at the Yalta meetin', or party, or whatever it was but she looks now like they musta talked about something else—like maybe what the catcher whispered to the pitcher—and then the batter hit the ball over the left field fence.

Yours with the low-down.

SECOND GENERATION ENTER TECH COLLEGE

Lubbock, June—Texas Technological College, rounding out its twentieth year, had concrete evidence of growing up when two second generation freshmen registered for the summer term. The two students were Hal McElya, of Dallas, 17-year old son of Mr. and Mrs. O. R. (Chic) McElya, and Jack Sams, 16-year old son of Mr. and Mrs. Ted Sams of Memphis, Tenn.

The parents, mothers and fathers, of both boys were students in Texas Tech the first year the school opened in 1925. These two students are the first second generation students to enter their parents' alma mater.

THIS ISN'T SOCIALISM

Lincoln, addressing a deputation of working men, stated, "The strongest bond of human sympathy outside the family relation should be one uniting all working people of all nations and tongues and kindreds, nor should this lead to a war upon property or the owners of property. Property is the fruit of labor, property is desirable; is a positive good in the world. That some should be rich shows that others may become rich and hence is just encouragement to industry and enterprise. Let not him who is homeless pull down the house of others, but let him work diligently and build one for himself, thus by example assuming that his own shall be safe from violence when built."

Mr. E. O. McIver received word that his wife's sister, Mrs. Olga Bailey, passed away June 18th. Mrs. McIver has been in Dallas the past several weeks with her sister.

Mr. and Mrs. R. L. Bandy, Mr. and Mrs. Joe Shelton and Mrs. Evelyn Cruce spent the weekend in Ruidoso.

Mr. and Mrs. W. D. Storey, of Littlefield spent Sunday visiting Mrs. L. C. Wines and Mrs. Bob Bowers.

Moulded from the firearms of the American War of Independence and struck by the loving hands of men who laid down their lives for freedom, the Liberty Bell is one of this country's most hard-won and dearly loved trophies.

Victory Is Worth Any Sacrifice -- Since Valley Forge . . . to Tokio!

If the Liberty Bell could only talk—in syllables every one of us could understand. The battles it would describe, and the loss of life-blood, and the tears of mothers, wives and sweethearts! Yes to those who foresaw the history they were writing in fighting for freedom every hardship unto Death was so worth making!

It's no different today. Our men go into battle—and not all return: but each sacrifice brings those who carry on closer to Victory: brings the enemy closer to a total defeat. That's the way our fighting men feel about it, and we've got to be as philosophical as they when it comes to any sacrifice we may still be called on to make. We've even got to go a step further—and be realistic as well as philosophical. We've got to admit to our selves that this war is still going to cost heavily in cash for ammunition, outfitting and equipping all our fighting forces.

And we at home must foot the bill—and fast—if we're to see an end to the war soon: and the return to our waiting arms of those we love. Remember: the bigger the Bonds you buy...the less bloodshed.

Last Week's Weather Mostly A Mess

Saturday and Sunday, July 16-17th will be remembered here as about two of the coldest days on record for June. and we said cold—not cool. With all doors and most of the windows closed, a sheet, blanket and spread on the bed felt snug, and many of us wondered why we were silly enough to take down our stoves.

Then Tuesday of last week, a cloud, the finest looking one in months, came up in the west and with vivid flashes of lightning and the roll and roar of thunder, grudgingly gave us three-quarters of an inch of moisture. Many are planting on it.

An AP dispatch, originating in Lubbock, stated that it broke a drought of 35 days, and they allotted us just two-thirds of the rain we actually got. Well, let's see what the records say:

December and January we had fair seasons, around an inch each, and good for the time of year, but in February we received just 29-100; March 4-100; April 30-100 and in May 31-100 of an inch in four months, and a total of 99-100 of an inch over a period of 139 days, or until June 19. So when did the 35 day drought begin that was broken by last Tuesday's rain?

Maybe the weather editor of the Lubbock Avalanche-Journal can inform us. Just to keep the record straight.

War Production Official Visits Here

George H. T. Washburn, with the Defense Plant Corporation, interlocking with the R. F. C. and War Production Board, was here this week supervising construction of carbon black plants at Seagraves, and Hobbs. He explains the government furnishes the money, and sees to the construction of these plants, and leases them to operators, who have option to buy after the war.

It seems that manufacturers of synthetic rubber and the government woke up a few months ago, they were one hundred million pounds short of this carbon, a very essential ingredient in making tires, and hence the government is building many plants. The two at Seagraves and two at Hobbs, to cost two million each, the largest one at Odessa, is an 8 million dollar plant.

He considers competition between natural rubber, after the war, and synthetic, will be keen, as they are continually improving on the latter.

THREE EX-PRISONERS GUESTS OF LIONS

Lt. Eugene Ellis, who survived a year in a German prison camp, and the two Browder brothers, who after being reported missing, were found to be prisoners, were later liberated by advancing Allied troops, came home last week and were guests of the club at their weekly luncheon, Wed.

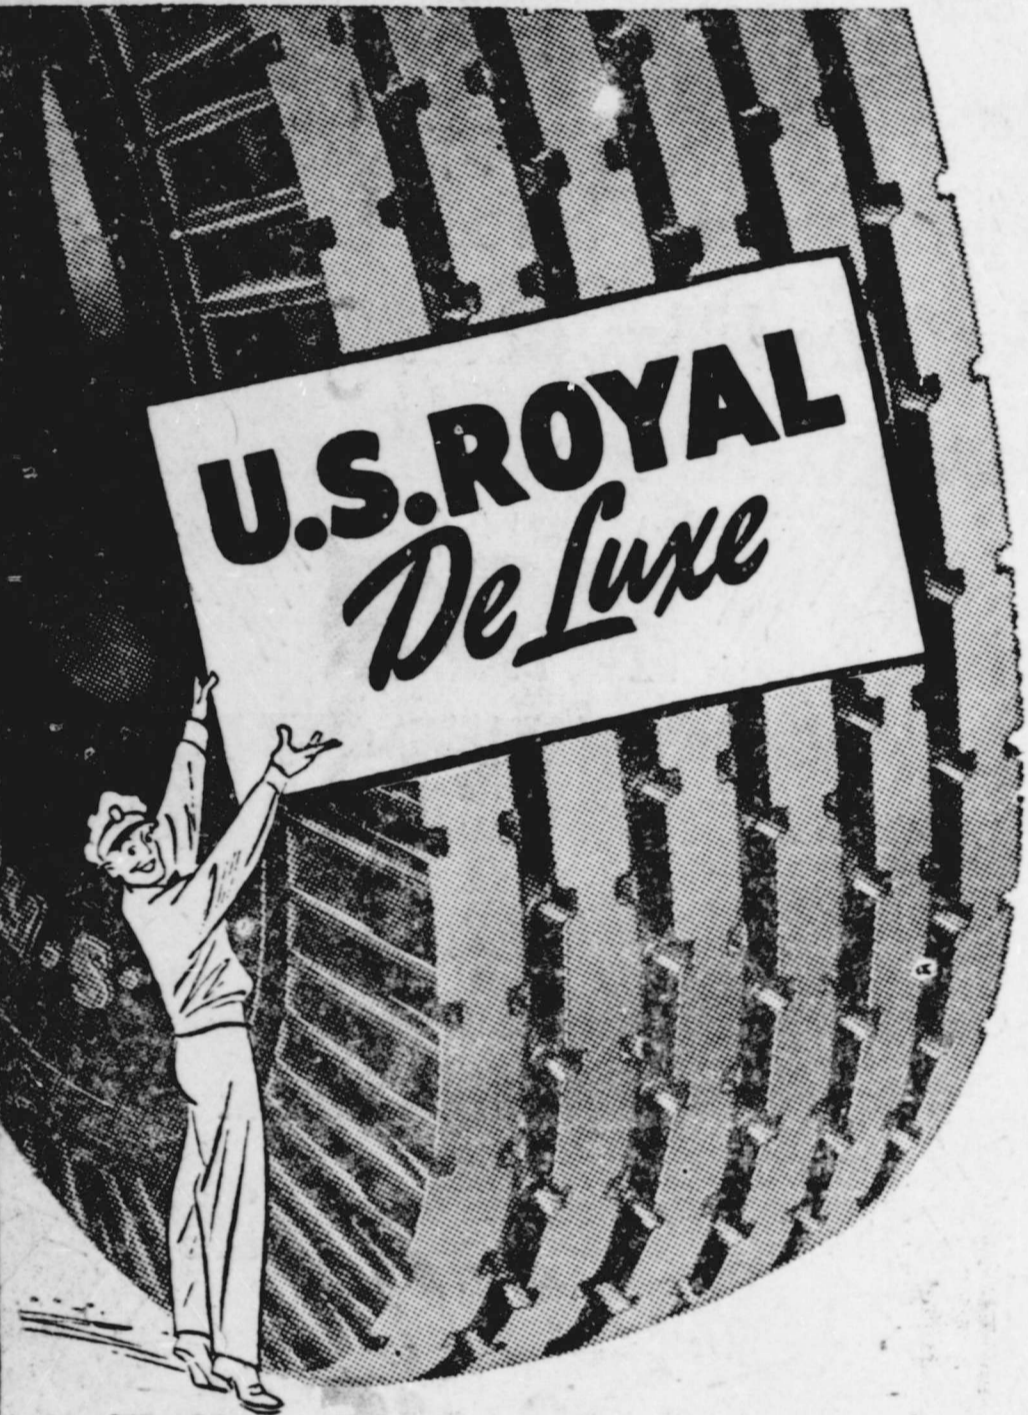

They related some interesting events in their overseas careers. It was not learned as to their future service.

State to Build 30 Miles Of Road in Terry

The Commissioners Court early this week, signed contract with the State Highway department whereby the later is to construct and maintain about 30 miles of lateral roads known as farm to market roads.

They have been designated in four different sections of county. The county has only to furnish the right-of-ways. Exact cost of the roads has not been revealed.

A. W. Endersen of Fort Worth, business matters, and shaking hands with old friends.

Make Every Tire Mile Count

The big job now is to get every last mile from your present tires. Our trained tire specialists can help you do that job with regular inspection and guaranteed repairs. When your tires are smooth, expert recappers using finest materials available will make them look and run like new.

And when eligible for new tires, specify the U.S. Royal DeLuxe, the tire with reserve strength. It's the kind of reserve strength you need for wartime driving—proved by performance records from coast to coast.

BIG RODEO AT LEVELLAND ON JULY 3 and 4th

The Levelland Rodeo Association is sponsoring their Annual Rodeo, July 3-4th with four big performances, and two large parades in down town Levelland.

These performances will include all the features of any A1 rodeo. Dance, modern and old time; chuck wagon feeds and many old time west Texas novelties will be featured, among them a square dance with the performers on horseback.

People from Brownfield and section are cordially invited.

GULF SERVICES STATION CHANGES HANDS

The Gulf Station on Lubbock Road and Main, formally owned by Dude Newsom, has been purchased by his brother, J. L. Newsom and Virgil Burnett.

J. L. will be the manager and will continue to work on at the station as he has been doing for the past several months. Dude has not decided just what he will do yet.

Boy Scout troops Nos. 45, 49, and 74, with about 30 boys, under the leadership of Ralph Bailey and Walter Breedlove, scoutmasters, spent last week at the Scout Encampment near Post. They were drilled in Indian lore and pioneering.

District Judge Louis B. Reed is scheduled to hold a short session of District Court here Friday July 5th. Only such cases as may be heard without a jury, will be tried.

Mr. and Mrs. I. T. Graves and daughter, La Rue, of Floydada, spent last Friday night in the Kyle Graves home. Mr. Graves is superintendent of schools in Floydada, and a brother of Kyle.

For complete red ant extermination, see Slick Collins at Collins Dry Goods. He offers a free demonstration of a very simplified device that he guarantees will free your premises of all red ants. (not paid advertising)
