AAA Conservation Worksheets Mailed

Conservation Worksheet and Performance Reports for 1945 have been mailed to farmers; also enclosed with this worksheet was a letter of explanation. It is to the interest of each farmer in Terry County to study the information shown on this conservation worksheet and report all conservation practices which have been carried between January 1st and August 1st, 1945.

Farm operators may report the practices carried out by calling at the AAA office.

Some of the practices that have probably been carried out to date are; Contour farming row crops at 40c per acre, protecting summer fallowed acres at 75c per acre, deep breaking cropland at \$1.50 per acre, terracing and drilling well. All practices shown upon the worksheet which have been carried out must be reported not later than August 15th to receive payment.

The allowance to a farm is 75c per acre on cropland plus 6% per acre or pasture plus \$1.00 per acre on commercial vegetables. If all the farm is contour farmed, the producer will only earn about half of his allowance, therefore it will be difficult for many farmers to earn all the soil building allowance set up for the farm. It is hoped by the committee that as it is too late to plant grain sorghum to harvest what producers will plant sweet sorghum or sudan grass to leave on the bed. The rate of payment for this practice is \$1.50 per acre, but the most benefit will be received in protecting the soil from wind erosion. Producers may also plant black eyed peas for a green manure cover crop. The rate of payment is \$1.50 per acre and the peas may be threshed with the vines on the land.

Each producer is again reminded to report all practices out to the present time by August 15th.

Lt. Douglass Assigned To Keesler Field Corps School

Keesler Field, Biloxi, Miss., July 18—Second Lt. Young E. Douglass, husband of Mrs. Raye Douglass, 420 E. Broadway, Brownfield, Texas, has arrived at the AAF Training Command's Emergency Rescue School at Keesler Field for an intensive air crew operational training course to prepare him for duties with an emergency rescue squadron.

Emergency rescue squadrons, of which he eventually will become a crew member, are charged with the important mission of searching for and saving the lives of Army Air Force personnel who have been forced down or have been forced to abandon their aircraft over land or water in the theaters of war.

MEADOW CHURCH OF CHRIST MEETING AUGUST 10TH

S. W. White, one of the officials of the Church of Christ at Meadow, was down this week to get their meeting announced and some advertising matter. Their meeting will begin on Friday night, August 10th and go over two Sundays.

Evangelist J. Paul Lusby of Memphis, Texas, who held the spring meeting in Brownfield, will do the preaching. Services at regular hours. All invited to attend.

By the way, S. W. informed us that he had bought a sheep-goat ranch in the Lano section, and is moving down there soon. Good hunting and fishing, he stated, as he is in sight of Buchanan dam.

Johnnie Haynes, from the navy base at Gulfport, Miss., with wife and child, are here this week on leave visiting relatives, and enjoying a few days of what seems to them now, a cool climate. He is also having his farm at Hereford sowed in wheat.

Lt. Rambo Assigned To California Air Base

Fairfield, Calif.—1st Lt. Gerald G. Rambo, Brownfield, has been assigned to duty at the Air Transport Command's Fairfield-Suisun Army Air Base, it was announced this week by the Commanding Officer, Col. Curtis A. Keen. Lt. Rambo is the son of Mr. Ervin W. Rambo of Brownfield, and entered the Army on 18 March '42.

While at this base, duties will aid in the successful execution of the mission of this ATC installation to dispatch high-priority cargo, personnel, and air mail across the longest over-water airway in the world to the strategically important Pacific Theater of Operations. A fleet of giant ATC C-54 Skymaster transport planes fly sick and wounded military personnel from combat zones to this Base on regular air evacuation flights and also returns combat-wise veterans to the U. S. under the Army's overseas rotation plan.

Lt. Rambo is a graduate of the Brownfield high school of the class of 1941.

Seaman Rhyne To Be Home Soon

J. W. Rhyne USNR, called his wife Sunday morning from San Diego, Calif. He expects to be home around the first of August.

J. W. entered the navy in May and has received his boot training in San Diego.

Before entering the service he was employed in oil work with McLaughlin Bros. His wife, Juanita and children reside in Brownfield.

The Hancocks Want Visitors To Stop

Mr. and Mrs. B. C. Hancock live just 8 miles east of El Cajon, which in turn is 25 miles east of San Diego. Watch for their mail box. Too many Terryites think that as soon as a couple move to California, they don't know or want to know their next door neighbor or any one else.

But the Hancocks and others are different. Mrs. Hancock stated that she wanted their old friends to stoop over with them while visiting in California. They have worlds of chickens, a good cow, and plenty of room to entertain Terryites who stray off out there.

BILL SUGGS IS BACK IN THE STATES

The Herald is glad to announce that Staff Sgt. Bill Suggs, son of Mr. and Mrs. E. S. Suggs of the Welch community, is back in the states. He was wounded in the fighting on Luzon on June 16th.

He was wounded in the right leg below the knee, and is back in the states for treatment. He was promoted to Sgt. May 1 and to Staff Sgt. June 6th, and wounded 10 days later.

He arrived at Hamilton Field, Calif., and is being transferred to El Paso, Texas, where he will be hospitalized. So, it ought not be too long till we'll be seeing Bill.

MEADOW METHODIST ANNOUNCE REVIVAL

The Rev. J. E. Peters announces that the Meadow Methodist church will hold an old fashioned ten day revival, beginning Sunday morning, Aug., 12. Rev. O. B. Herring of Snyder, will do the preaching, and Eugene Roper of New Home, will have charge of the song services. Everyone is urged to attend and help the revival to accomplish great things.

PHI BETA CRAESUS

Miss Jane Weir was hostess to the Phi Beta Craesus club at her home Tuesday afternoon. The afternoon was spent in planning things for the new pledges to do for the coming week.

A sandwich plate and fruit punch was served to twenty-three members and guests.

PROCLAMATION

BY THE GOVERNOR OF THE STATE OF TEXAS TO ALL WHOM THESE PRESENTS SHALL COME:

BE IT KNOWN, THAT I, Coke R. Stevenson, Governor of the State of Texas, do hereby order a Special Election to be held throughout the State of Texas on the Fourth Saturday in August, A. D. 1945, same being the twenty-fifth day of August, A. D. 1945; and People as required by the law; the County Judge of each county is directed to cause said election to be held at each precinct in the county as required by law, at such time.

FOR THE PURPOSE of adopting or rejecting the following Constitutional Amendments submitted by the 49th Legislature of Texas at its Regular Session in 1945:

1. Amendment to Article VI of the Constitution of Texas, providing that any person in the Armed Forces of the United States, or the Allied Force Reserve of the United States, or of any branch of component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter.

2. Amendment to the Constitution of Texas providing for continuous salary per diem of all members of the Legislature during their tenure of office.

3. Amendment to the Constitution of Texas providing for a Supreme Court of nine members.

4. Amendment to the Constitution of Texas giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments from State funds for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance.

IN TESTIMONY WHEREOF, I have hereunto signed my name and caused the Seal of State to be affixed at my office in the City of Austin, Texas this 23rd day of June, A. D. 1945.

VISITING WOMAN DIES AT WELLMAN

Mrs. W. R. Ford, aged 29, of Crowell, while visiting her sister, Mrs. Herschel Vest at Wellman, for 12 days, died Sunday at the local hospital, after short illness. The remains were carried to Crowell Tuesday for interment. The surviving husband is in the navy, and a six year old daughter was with her. Her parents, Mr. and Mrs. C. H. Hough, live at Crowell.

Miss Mozelle Reast, Terry County Home Demonstration Agent, left Thursday for Whitesboro, Texas, to meet her brother, who has just returned from service in Germany.

A Worthy Cause For All West Texas

We have a letter before us from President J. A. Hill of State Teachers College at Canyon, stating he craved the aid of the Herald in putting over a campaign among the friends of that fine college to furnish a \$50,000 Chapel for West Texas State. Donation from friends who now have plenty money in the sum from \$100 to \$1,000 is expected.

With hundreds of young people attending this fine institution, Mr. Hill wants a real religious atmosphere among them, represented by a beautiful building, donated by the public, as State funds cannot be used to build religious buildings. The building is to be used at stated times by all denominations, or for meditation, prayer or religious concerts.

We are glad to lend whatever little help we can to this magnificent college. We have many ex-students among us, who are all proud of their Alma mater. While this immediate section has no one to represent the college as drive chairmen, it is hoped that exes may take it upon themselves to help with the matter.

Send a liberal donation to West Texas State, earmarked for this Chapel, Canyon, Texas.

Jim Graves Home, Is Discharged

Jim Graves, former druggist here, before entering the naval service three years ago came in last week, with his discharge. Jim unfortunately suffered a broken leg, soon after enlistment, at his station on the Great Lakes, and has not completely recovered, and fears it is permanent. He will soon enter professional school with the aid of the G-I bill for a different line than druggist, as the latter requires too much walking, and running.

He is as jolly as usual and jokingly remarked that since getting his leg broke, he didn't have to work, and drew good compensation, whereupon GWN equipped: "yeah, looks like some people get all the 'breaks.'"

FINDS LITTLE WING OF A SILVER AIRPLANE

Some weeks ago, the Herald carried a small want ad about some one that had lost a small silver airplane stick pin. Since that time one of our readers on route one, Seagraves, has found such a pin, and says she can remember the ad running, but not the name of the parties losing it.

The finder, Mrs. W. H. Sprabury brought the pin in this week, and the owner may have it by describing. Our remembrance was that the loser stated they didn't consider the pin worth so much in real value, but the sentiments behind it. Mrs. Sprabury didn't state where she found the pin.

LT. JOHN J. KENDRICK PROMOTED TO CAPTAIN

Mrs. John J. Kendrick has received word that her husband, who is a fighter pilot with the 10th air force in India, has been promoted to Captain.

He has completed 150 missions and is now waiting for a boat to come home on furlough. Mrs. K. expects him sometime in August.

AM 2/c Odis Pharr let Monday for Norman, Okla., where he will enter a naval school for special training.

Pfc. David C. Gray Killed In Action

Pfc. David C. Gray, son of Hugh Gray, Route 1, Tokio, who formerly lived on Rt. 3, Brownfield, was killed in action on Okinawa, May 24th, according to a telegram received recently from the War Department. Pfc. Gray, who was 19, was a member of the 32nd Infantry Division. He entered service Sept. 17th, 1944, and received his basic training at Camp Hood, Texas.

After completion of his basic training, he spent a five day furlough here with his folks, and then went to Fort Ord, Calif., leaving for overseas service, Feb. 12, 1945. He spent a month in Hawaii and a month in the Marianas before sailing for Okinawa on April 26.

Pfc. Gray graduated from the Wellman high school June 1944, and assisted his father in farming before entering the service.

His survivors include a brother, Pfc. Dan Gray, who is somewhere in the Philippines.

Commissioners Order Road Bond Election

The Commissioners Court, Monday, ordered a road bond election to be held August 25th, for a \$375,000.00 bond issue to pave some 40 miles of farm to market roads, in all parts of the county, completing gaps and connecting with main highways.

Sponsors point out it will not only bring a well connected network of good roads for the farmers to their markets, but useful to the nearby oil fields and in some cases shortening their main routes, but by and orderly expenditure, in conjunction with State and National efforts, greatly ease our adjustment from war to peacetime activities.

Notice of the election are being posted and run in the Herald. The election, same place and time as the Constitutional amendments.

The Old He Gets His Kraut Fiddle

After the elapse of several weeks, the German fiddle Seabee John Dumas promised us, has arrived in fine condition. We had our fears that John would not be too particular about packing the said fiddle, as he seemed to be a bit "regusted" with it. But he did a keen job of packing. There was paper packing all inside the fiddle case, and then the whole Kapoolum was inside the plywood box he had made, and pine shavings well packed around the fiddle and case. Postage from where he sent it to Brownfield was \$2.18.

Note we refer to the instrument as a fiddle. Now Pappy John Powell plays the violin, but the old He is a fiddler—if anything, and we have named it the "Kraut Koncerto", as John admitted he traded a carton of American cigarettes to the Nazi officer (a prisoner we guess) for the fiddle. And John, we have already gotten Home Sweet Home pretty well under control on the old KK for you to hear when you get home.

By the way, Mrs. W. H. Dallas, one of the best musicians in this section, has volunteered to help up all she can, but we fear that Mrs. Dallas won't be too strong on the kind of music we shall insist on rendering—render is right. Our efforts will be mostly directed toward mastering the favorites heard Saturday night on Grand Ole Oprey coming over WSM at Nashville, Tenn.

Many of us that still have more or less hillbilly blood in our veins, can't seem to get the hang of the classical stuff. Many of the old timers had the privilege of a prevue of the instrument at the Griffin-Strickin frolic Monday night.

Shorty Thomason and family have moved to Ozona, Texas, where he will work in the oil fields.

John Newberry Helps Push Japs Around

Aboard the USS Hornet in the Pacific (Delayed)—John C. Newberry, fireman, first class, USNR, Route 2, Brownfield, Texas, shared in the crew's victory when planes from this carrier returned from attacks which crumpled a huge Jap aircraft plant in Kyushu.

Scoring their fourth strike against the enemy's home islands, HORNET planes formed the vanguard for other carrier aircraft in the poundings that knocked out the prize target.

Eighth man-o'-war to bear the HORNET name, she supported the Palau Island operations and added to her reputation during the actions in the Marianas, Philippines, at Iwo Jima, Okinawa and against the shores of Japan, China and Formosa.

In a special strike against the Jap fleet in the South China Sea, HORNET planes struck the first blows, resulting in the sinking of the Jap battleship YAMATO, one of the largest in the world. Aircraft from this carrier scored four torpedo hits against the vessel and also helped sink a cruiser and four destroyers.

The HORNET fliers staged one of their biggest victories in the Camranh Bay-Saigon section of French Indo-China, sinking a KATORI-class cruiser, a large oiler, a destroyer escort and two medium freighters. They damaged, beached or set afire seven destroyer escorts and nine freighters.

HORNET fliers and crew members have led the trail for aircraft carrier attacks on Tokyo—a route blazed three years ago by Lt. Gen. Doolittle from the decks of another HORNET.

Naval Repair Yards Need Skilled Workmen

Dallas, Texas, July 24.—Crippled ships laying at Hunters Point and Mare Island emphasized to James H. Bond, Regional Director, WMC, the grave shortage of electricians and machinists in those Navy Yards, according to his statement released here after personal inspection of the San Francisco Bay area.

Many ships, Mr. Bond said, are returned to duty but with a small percentage of needed repairs completed. Consequently they must put into port oftener, greatly lowering their fighting value. Among those waiting was the famous Hornet, submarines, carriers and other types of fighting ships, but manpower is frightfully lacking.

Seven thousand men should be hired in Texas, Louisiana and New Mexico for these yards, according to Mr. Bond, who said plenty of housing is available, that meals and transportation will be provided by the Navy, that wages are good with overtime after forty hours a week.

Men for these jobs are hired through U. S. Civil Service recruiting representatives in principal cities of the three states. Those eager to go at once can get underway in as little as one day. Information is available at first and second class post offices, or may be had from U. S. Civil Service in either Dallas, Texas, or New Orleans, La.

COUNTY SELLING RAT POISON TO FARMERS

The County having on hand prairie dog poison, noticed quite a spurt in sales lately, and found that many farmers are getting it to poison field rats, which seem to be increasing in the county. Some claim they follow the planter and eat the seed. Farmers distribute it from the tractor.

Officers have ordered a large quantity and will sell it at cost.

Misses Norma Cary and Gloria Hughes, accompanied by Mrs. W. H. Dallas, their music instructor, entertained the Lions club with songs and music at their Wednesday luncheon.

The Associated Press may not be a perfect institution. We have an idea they would not claim perfection, but even the Supreme Court had to admit that news agency was "successful," and in his dissent, Justice Roberts held that the majority made that their bone of contention in their ruling. The main reason for the prosecution, to be perfectly frank, was just because the AP did not admit new dealer Marshall Field's Chicago paper as a member paper. The Supreme Court that has been built up since 1932, have a hankering to muzzle the press, anyway. And, we mean by that statement, the real, true blue, red blooded American press. It seems that the radical, European minded press can do or say just about anything they wish, and get by with it.

A lot of good men who have the love of our country and its constitution at heart, are watching the leftist movement with no small apprehension. And we had better not just watch it; we had better do something about it before it is too late, if we don't want to be pushed around too much. Take the Waggoner bill, for instance. No one is seriously opposing social security as we now have it, or even an increase of 2 percent as has been proposed. But a lot of folks are led to believe that the government is carrying the matter too far, when they tell us what doctor we can have and when. If they can do that, they can tell us what lawyer to use, what dry good dealer and groceryman we may buy of, what church you may attend, or even what you may or may not read. Let's try to sustain the freedom here at home our boys are fighting for overseas?

We have often wondered what any congressional district or state in the South wants with a senator like Senator Eastland of Mississippi. The race question in the deep south and parts of Texas is bad as it is, and can be made ten fold worse by such statements as has recently been attributed to him, one of which is, "the negro soldier is an utter and dismal failure—has disgraced the flag—will not fight—will not work." He was supposed to have been quoting from a prominent American general, but the war department says that no general in the army has made such a statement. This writer is a true son of the South, having a dad and several uncles in the conflict as Confederate soldiers, but all we can see in such statements—quoted above, is to start more trouble, and more hooded and sheeted men prowling the land after dark.

Mrs. James Gladys Moorhead, Stuffy Moorhead, R. M. Moorhead and Miss Terry Lou Moorhead attended the Nelson and Nabors wedding and reception in Lubbock, Saturday. The wedding was at the First Baptist Church at eight o'clock. Mr. Nabors is a nephew of Mr. and Mrs. R. M. Moorhead.

Mrs. W. B. Downing entertained her grandson, Bill Mack Herrod, and his friend, Tommy Hamilton for lunch Friday, in honor of Billy Mack's ninth birthday. An angel food birthday cake with the candles was the highlight of the meal.

Mrs. Redford Smith and Mrs. M. G. Tarpley were in Tahoka, Wednesday.

Mr. and Mrs. Vaughn White are enjoying a vacation out of town.

A Poor Printer's Devil Don't Know Beans

Saw a rather unique article from an exchange of late which stated that "a printer's devil does not know his circulation." Of course, to people transposed from another vocation into printer-publisher at a ripe age, would not know like a guy that came up the hard way after many trials and tribulations.

The Herald will say this, however. If we are training a young man to follow the fraternity, and we found that he took no interest in the work, had no pride in his or the institution's progress, we certainly would get rid of him soon. He will never make a good newspaper man.

Why, we have even found that dumb people know their circulation, and can, if not by word of mouth, at least with pencil and paper tell you exactly how many papers their boss prints. It has been done right here in Brownfield.

To say the least the Herald is well satisfied with its reader list, for the present many having been readers 30 to 40 years, and a few that took the first paper issued in Terry county, 1903. And they belong to the best families, and the best buyers in the county, whether they come here one or forty years ago. Also, our advertisers seem to be satisfied. We hear no complaint.

So, we are not at this time, with scarcity of help and print paper, making any effort to greatly extend our circulation. All that will be done when the Junior Editor comes out of the service, and more modern printing machinery is put in. We are planning to that end.

And let us state right now that when the Junior member takes over, the slacker who quit the trade to go off somewhere and get into "essential" work to keep out of the service, had as well head south with the rest of the bums, if he is expecting to get a job on the Herald.

Yep, we are pretty well satisfied. We are not yowling. Generally speaking a guy is being hurt when he yells so much.

THE CHALLIS CHURCH WAS ALMOST TOO SMALL

Due to the large crowd that was present our building could have accommodated only a very few more people, Sunday evening, when the Gomez Church brought the program. This Church brought a splendid treat to us under the direction of Mrs. Wess Key and there was a mutual blessing between both Churches.

For five years the Challis Church has endeavored to be an enlightening blessing to the people of this community. On our fifth birthday, July 29, we are pausing in our humble efforts to observe Homecoming services, with an all day program at the church. The theme for the day will be "The Church As Christ's Witness." Everyone is invited to be with us and we are very anxious that all members and former members be present.

Notice Of Road Bond Election

THE STATE OF TEXAS
 COUNTY OF TERRY
 To the Resident Property Tax-paying Voters of Terry County, Texas:
 TAKE NOTICE that an election will be held on the 25 day of August, 1945, within Terry County,

Texas, to determine if said County shall issue bonds and if ad valorem tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioner's Court on the 23 day of July, 1945, which is as follows:

On this the 23 day of July, 1945, the Commissioners Court of Terry County, Texas, convened in regular session at a Special Term thereof in the Courthouse at Brownfield, Texas, with the following members of the Court, to wit:

C. L. Lincoln, County Judge; Earl McNeill, Commissioner Precinct No. 1.

W. T. Settles, Commissioner Precinct No. 2.

Wood E. Johnson, Commissioner Precinct No. 3.

J. R. Thomas, Commissioner Precinct No. 4.

H. M. Pyeatt, the County Clerk, being present, at which time came on to be considered the petition of Burton G. Hackney and 63 other persons praying that an election be ordered to determine whether or not bonds shall be issued by said Terry County, Texas, in the sum of Three Hundred and Seventy-five Thousand (\$375,000.00) Dollars, bearing interest at a rate not to exceed two and one-half (2 1/2%) per cent per annum, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed twenty (20) years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; and whether or not an ad valorem tax shall be levied on all taxable property within said County for the purpose of paying the interest on the said bonds and to provide a sinking fund for the redemption thereof at maturity;

And it appearing to the Court that said petition is signed by more than fifty of the resident property taxpaying voters of said Terry County, Texas, who own taxable property within said County and who have duly rendered the same for taxation; and

IT IS THEREFORE CONSIDERED AND ORDERED BY the court that an election be held in said County on the 25th day of August, 1945, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said County shall be issued in the amount of Three Hundred and Seventy-five Thousand (\$375,000.00) Dollars, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, within said County, bearing interest at a rate not to exceed two and one-half (2 1/2%) per cent per annum, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed twenty (20) years from date thereof; and whether or not an ad valorem tax shall be levied upon all property in said County subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Chapter 3, Title 22, Revised Statutes, 1925. All persons who are legally qualified voters of this State and of this County and who are resident property taxpayers in this County, who own taxable property within said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue said bonds shall have written or printed on their ballots the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF."

And those opposed shall have written or printed on their ballots the words:

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF."

The polling places and presiding officers of said election shall be respectively as follows:

At the Courthouse Building, in Brownfield, Texas, voting Precinct No. 1, with Herman Chesbir as Presiding Officer.

WE SHOULD TRY TO UNDERSTAND EACH OTHER

Since this war started, we have known of quite a few conflicts between the farm folks and the business men to come up; not anything serious, but just misunderstandings. For instance, some farm machinery will break down right at night, and the farmer will send his wife or daughter to town after new parts, and the dealer will have been closed for an hour or two, and gone home. The farmer either has to come in again next day or hunt up someone to let them have the part or repairs. Naturally the farmer thinks the business man is too lazy to stay open until dark or after, and feels a bit sore, for the inconvenience. On the other hand, the labor board at Washington is telling the business man that he can work his hands only so many hours per day, and it means that he must hire an extra man to keep open late, and may be swamped by an inrush of late customers. So, no one wants the job at that time of day by himself. That, therefore is the main bone of contention.

However, as much as the farmer has been told what he can or cannot do in the past ten years, he should be able to understand why the business man is now handicapped. It all goes back to our present system of bureaucracy. We will just have to learn to understand each others woes a little better as we go along and sympathize instead of criticize.

ATTENTION!

Beginning this week the Triple A office will be closed each Wednesday afternoon. They are now working on a five and a half day week schedule.
(Signed) Looie Miller.

Mr. W. H. Culver was injured in an accident while at work Wednesday of last week at Monahan and was in the hospital there for several days. Mrs. Culver went Midland.

Local WAC Corporal In Transportation

New Orleans, La., July—Corporal Elwanda M. Wilborn, 407 N. 5th Street, Brownfield, is a member of the Transportation Corps School WAC Detachment, which has been designated a Meritorious Service Unit by Major General Charles P. Gross, Chief of Transportation. The award is a rare honor for WAC service detachments and entitles members of the unit to wear a golden wreath insignia. The citation was an outstanding devotion to duty in the performance of exceptionally difficult tasks, achievement and maintenance of a high standard of discipline, a low punishment rate, appearance of personnel, installations and equipment and enthusiastic execution of orders. Corporal Wilborn is the daughter of Mrs. J. B. Wilborn, Brownfield. She enlisted in Lubbock, Texas February 7, 1944. Prior to her enlistment she was employed by the War Department, U. S. Civil Service Commission as a stenographer.

Mrs. W. H. Rhyne, mother of Mrs. L. A. Rhyne and Mrs. L. O. Turner and a niece, Miss Nora Jane Rhyne, of Bowie, Texas, are here visiting.

Pvt. Jack Thompson came in last week from the west coast to visit his parents, Mr. and Mrs. Ed Thompson of the Harmony community. Jack says he made his furlough quite a bit longer by taking a plane from San Francisco to Amarillo. Jack is looking in the pink of condition.

Mrs. L. T. Redding was in this week and stated that her husband seaman first class, Redding, had never gotten a paper since he left the states in Feb. on one of Uncle Sam's ships. We imagine they just don't catch up with him. So, she decided to have the paper sent to her here, and cut out and send first class all she thought would interest him.

Store Customers At Fault On Rationing

If you talk to clerks in chain stores, you will find that a lot of supposedly good Americans give scant consideration to the truth in making purchases. As shortages of necessities grow more acute, many such stores have tried to carry out a voluntary rationing program so that all persons can get a share without the annoyance and compulsion of ration stamps. Clerks who are trained to be courteous are pushed around by customers who insist upon getting scarce articles of food, wearing apparel, smokes, etc.

"Some of our best people are our worst liars," said one clerk. "For example, we have tried to voluntarily apportion eggs, ladies hose, cigarettes, etc., to each customer. Many people who I know have received their allotment earlier in the week, come in the later part of the week insisting that they have not made such purchases. While we know they have received their quota, we get called down if we question their veracity."

Voluntary action by retailers, in which they must have the cooperation of the public, can avert much compulsory rationing which is so distasteful to the average citizen. But it must be a two-way proposition—the customer must cooperate with the store.

Chain stores with many outlets and a uniform policy are leaders in promoting voluntary rationing. The consumer should help in his own best interest.

REPORT OF CHURCH OF CHRIST BIBLE CLASS

Members of the church of Christ Bible class, met at the church Tuesday afternoon at 3 o'clock. Mrs. Roy Collier taught the lesson, which was taken from the 10th chapter of Hebrews. 27 members were present.

CARNIVAL SHIPPED TO BROWNSVILLE BY MISTAKE

Mr. George Loos, manager of the Loos Carnival, now playing here under auspices of the American Legion, was quite upset when he found that the show intended for Brownfield had been shipped to Brownsville, Texas, 700 miles south of here by mistake.

He got busy on the wires and soon had another show equally as good sent out of headquarters at Oklahoma City. Which reminds us that quite a lot of our letters and papers have been going to that border city of late. Careless train mail clerks, probably, as it hmeail was plainly addressed.

Mr. and Mrs. Roy Herrod and son, Billy Mack and Tommy Hamilton spent the week in Ruidoso.

Mrs. J. M. Cheek and daughter, Mrs. Louise Gochry, of Plains were Brownfield visitors Tuesday.

OBITUARY

Mrs. Paul McDermott was born Nov. 9, 1888, and died July 17, 1945, at the age of 56. Funeral services were conducted at the First Baptist church, July 18th, with Rev. Alfred Brian officiating, assisted by R. W. Hollman, of Lubbock. She was converted and joined the Baptist church in 1907. She was married to Paul McDermott Sept. 19, 1909. No children were born to this union. They have made their home in Brownfield for more than 20 years, and she was employed at Cobb's Dept. store before she became ill. She had been in ill health for several months. Mrs. McDermott is survived by her husband and four sisters, and four brothers as follows:

Mrs. L. M. Henderson, National City, Calif.; Mrs. E. E. Brock, San Diego, Calif.; Mrs. E. N. Evans, Tatum, N. M.; Mrs. J. E. Greenfield, Dumas, Texas. Joe Landers, Brownfield; John Landers, Lubbock; W. H. Landers, and S. B. Landers, both of Portales, N. M. Her mother passed away Feb. 15, 1945. She was making her home with Mr. and Mrs. McDermott at that time. The immediate family were all here except two sisters and one brother, a host of nieces and nephews. Mrs. McDermott left many friends as well as loved ones to mourn her death. Contributed.

ASK THE VETERAN

On the question of government sponsored medical care, too much emphasis has been placed on the doctors versus the government. In between are the people, and they are the ones who stand to gain or lose the most. As more than one doctor has pointed out, if state medicine is thrust upon the medical profession and the doctors don't like it, those who wish can escape by merely switching to some other line of business. But for the people, there will be nothing the people can do about it—socialism is a one-way road. The people will be socialized, not the doctors.

The medical profession opposes state medicine because it has studied the lessons of history and that too much government in medicine will not bring adequate medical care to all the people. A tragic example of state medicine can be seen in the veterans' hospitals. Many veterans are getting worse than poor medical care all because their treatment is swamped with red tape—politics takes precedent over the requirements of good medicine. And who has suffered the consequences? Ask the veteran!—Hockley County Herald.

The Herald family had a nice letter this week from Miss Beverly Ann Duke, of Washington, D. C., stating she had a summer job in the government printing office, as a copy clerk.

**COUNT YOUR SUGAR
CRYSTALS ONE BY ONE**

College Station, July—Long before the next sugar stamp comes due you will likely be doing a little backward wishful thinking—wishing you had counted your sugar crystal a little more carefully.

And a little plain arithmetic even now may help. If you're really systematic, you'll add the amount of sugar you have available from stamps not cashed and that amount of sugar on hand and divide by the number of days remaining until September first, and you'll see how much sugar you will have to spread over the remaining time, and chances are, if you hadn't taken time to think about it, you'll be unpleasantly surprised.

You've probably already tried using corn syrup and honey to sweeten a few foods. Have you ever tried jellies and preserves for anything except bread? You'll be pleasantly surprised when you experiment a little.

A few spoonfuls of marmalade or jam mixed with custards or bread pudding gives them a different flavor that's very pleasing, and is a sugar saver too.

Open-faced pies are a summer favorite in many homes, and you won't need to forego pies like that kind entirely if you use a little jam in place of some of the sugar. Either jam or fruit butter will help whip easily into a pie filling to give it a very pleasing taste.

Sweet muffins can serve well for dessert, and are made by sand-

A GERMAN PASTOR SPEAKS

By Lester M. Hunt in the International Teamster Magazine.

Rev. Martin Niemoller, the German pastor, has become quite a hero to some Americans these past few years since he was imprisoned by Hitler, supposedly for opposing the Nazi program.

Niemoller typified the "good Germans" with which Germany was populated in the minds of softhearted Americans. When Niemoller got out of prison Germany would echo with the tramp of feet, marching not to war but to Sunday school, they told us.

Had not Niemoller risked his life for the Christian principles he preached from his pulpit?

It now develops that Niemoller did not risk his life for Christian principles. In fact he offered it for Nazi principles. He volunteered to fight for Hitler, the man who had closed his church and put him in a concentration camp.

Who says so? Niemoller himself! He amazed allied war correspondents who interviewed him recently on his release by Americans from a German concentration camp. They expected from Niemoller a spirit "a rallying cry that would electrify the world and unite the good Germans behind the principles Niemoller profess from his pulpit.

But no such call came. Only the sordid confession that Niemoller the man of God, had volunteered to serve Hitler as a submarine officer. He had offered his life to perpetuate in Germany and extend over the world hideous Hitler philosophy, enforced by such beasts as Himmler, Goering, Goebbels, Ley, etc. And when questioned in astonishment by the war correspondents, Niemoller offered only the brutal justification: "What else would a German do?"

If the soft-hearted Americans who made a martyr of Niemoller are allowed to dictate our policy against Germany it won't be long before the "good Germans" will be at our throats again, for a third time.

Twice in a single generation, they have slaughtered our sons.

Already they are sharpening their knives again.

What else would a German do?

**ONE OF OUR TOWN
FARMERS GETS SUNBURN**

Pat Patterson of Piggly Wiggly, went out one day recently, we won't say which day, but it was the one many people refer to when they say "the better the day the better the deed," and helped with the planting, following the rain of Friday 13th.

Monday he pulled aside his shirt and exposed his shoulders and spare ribs, which were as red as a turkey's snout. But he had doped well with unguentine when he came in that night, and while red as a beet, was not suffering.

You city farmers better watch your steps.

**THE LOW DOWN FROM
HICKORY GROVE**

You know, for being alert and on your toes, you will look high and low to outdo the boys at the oil stations. Even now, with things upset, you hardly come to a stop at the pump until one of 'em is Johnny-on-the-spot, wiping his hands and preparing to wait on you like as if you was his one and best customer.

So many folks in the writin' business, and the comment-on-the-radio racket are telling what is wrong—and how to fix it—that we don't hear much about anything that is already okay and don't need meddlin' with. You don't hear of many pats on the back—just as if nobody anymore ever did a skookum job at anything. So I am gonna be kind of a rustic, or uncouth, or something, and admit that something is okay.

How's business, I says to the lad comin' on the run—we venturing over into the next county on our new six gallon coupon. Not too bad, he says, but gettin' a little better, like, he says, if your fever has been 104 and it drops to 103. That boy will get along—he is an optimist—some day he will be further up the ladder. He is a shining example for others. So this essay today is a pat on the back for oil—and the guys who never walk, but run.

Yours with the low down,
JO SERRA

This car may have disappeared by the time you finish reading!

Every 17 Seconds (much less time than it takes to read this ad) another vitally needed car breaks down—so far beyond repair that it is gone forever.

This wouldn't be so serious if all of us lived within walking distance of our jobs. But we don't. And all you have to do is look at the acres of cars parked outside any big war plant to realize how much America's war effort depends on *automobile transportation!*

That's why, with 5000 cars a day going into the scrap heap, all of us have plenty to worry about. That's why Uncle Sam says, "Care For Your Car For Your Country!"

And it's not hard to do—especially with your Phillips 66 Service Man stand-

ing by to help you. Because he has a special Tire-Saving and Car-Saving Plan for motorists like you. If you'll take your car to him regularly he'll check your tires—look out for cuts, bruises, and nails; warn you when re-capping is necessary; see that the air-pressure is right.

He'll take a regular look at your battery, cooling system, and air filter. He'll help discover the *little* troubles before they become *big* ones. And your Phillips 66 Service Man will tell you it's a mighty good idea to have a complete lubrication job done regularly—for it's often those unseen parts of a car that cause trouble.

So for complete car-saving service, stop at your nearest Phillips 66 Shield... the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

ABOUT THE TRAIN**

He brushed his teeth twice a day with a nationally advertised tooth brush.

The doctor examined him twice a year.

He wore rubbers when it rained.

He slept with the windows open.

He stuck to a diet with plenty of fresh vegetables.

He relinquished his tonsils and traded in several wornout glands.

He golfed, but not more than 18 holes.

He never smoked, drank, or lost his temper.

He did his daily dozen daily.

He got at least eight hours sleep each night.

The funeral will be held next Wednesday. He is survived by 18 specialists, 4 health institutes, 6 gymnasiums, and numerous manufacturers of health foods and antiseptics.

He had forgotten about trains at grade crossings!

PIONEER WOMAN PASSES ON

Mrs. Lela Alberding, aged 40, who was born and reared in Brownfield, died at her home here last Sunday evening, after failing in health for sometime. She was the youngest daughter of J. R. Hill who constructed one of the first 3 or 4 houses in Brownfield, at the counties organization, and for several years operated the Hill Hotel, where Cobbs store now stands, a widely known place.

She went through the schools in Brownfield, married Robert Aberding in 1921, and resided in Yoakum and Terry counties since. She is survived by her husband, and two sons: Robert Junior, of Brownfield, and Max D., in the navy somewhere in the Pacific, and by one sister, Mrs. Hugh Snodgrass of Tokio, and a brother, Earl Hill, a business man of

Funeral services conducted by Rev. J. Preston Murphy at the Presbyterian church, at 3:30 p. m., Tuesday, followed by interment in the Brownfield cemetery, under the direction of Brownfield Funeral home.

Her parents and one sister, Eva, pre-deceased her several years ago.

Mrs. William Johns, of Dallas is here visiting her sister, Mrs. Willie McDonald for two weeks.

Mrs. Jean Helms and Miss Jacqueline Thompson visited in Lubbock, Sunday.

Mr. H. B. Grant spent last week visiting in Portales, New Mexico and El Paso, Texas.

Mr. Wyatt Hanks underwent surgery in the Lubbock General Hospital, Saturday.

Mr. and Mrs. C. F. Simes and son were in Monahans last week on business.

Mrs. Pearl Scudday returned to her home in Forsan this week. She has been here visiting her sister, Mrs. R. M. Kendrick.

Mr. and Mrs. A. D. Schaffner of Tahoka, spent Sunday visiting Mesdames Elmo and W. H. Schaffner.

Mr. and Mrs. V. T. Vessels and daughters, of Royalty, Texas, spent the weekend with Mr. and Mrs. J. O. Hotchkiss.

Mesdames Harry Cornelius and Cecil Casey and children visited Mr. and Mrs. G. G. Gore over the weekend.

**OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 52
Effective 12:01 am, June 30, 1945**

"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

**OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 53**

"On and after 12 o'clock noon, July 15, 1945, no common carrier by railroad or sleeping car company shall operate or transport any railway car containing sleeping space or sleeping accommodations to a point of distance 450 miles or less from the point of origin of such car, such distance being measured by the shortest distance by railroad over which sleeping cars are operated between such points. . . Each common carrier by railroad shall forthwith cancel all reservations for space after 12 o'clock noon on July 15, 1945."

**What about
Travel now**

under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into

hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan must come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.
