Day Saved In Air Mail Says Postmaster

Through recent improvement in Air Mail service for this section of the country, the Brownfield Post Office now offers extremely good service to the larger Texas cities via Air Mail. Until recently Air Mail postage was of practically no value to the larger Texas cities, due to the late arrivals of trains for the Air Mail redistribution centers of Dallas and Fort Worth. With the exception of these two cities, letters for the larger Texas cities mailed after 11 a. m., at this office were not received in time for delivery the following day. Air Mail for Texas points was formerly dispatched to Dallas and Fort Worth for train redistribution. Under present schedules Air Mail is dispatched to Amarillo by star route and dispatched from Amarillo to Dallas and Fort Worth for much better service, says Postmaster Greenfield.

An Air Mail letter deposited at the Brownfield postoffice not later than 6:45 p. m. will arrive at the following Texas points on the following day at the time given:

Fort Worth - - - - 6:32 A. M.
Dallas - - - - - 7:15 A. M.
Wichita Falls - - - 5:32 A. M.
Waco - - - - - 7:19 A. M.
San Antonio - - - - 9:10 A. M.
Coupus Christi - - - 5:39 P. M.

This new Air Mail service is also beneficial for mail addressed to the smaller town and cities in the east and northeast Texas, as the mail arrives in Dallas for connection with the early morning trains.

In connection of the above it might also be mentioned that due to the fact that Lubbock is now an Air Mail point, most of the incoming Air Mail for the Brownfield office now arrives one day earlier than formerly, stated Mr. Greenfield.

Brownfield Hotel Being Remodeled

Thad Risinger, proprietor of the Hotel Brownfield, stated to a reporter this week, that starting Monday, the rooms of this popular place would be completely remodeled, including the 28 rooms on the second floor. Each will have its own individual bath.

Mr. Risinger further stated that there was a possibility that before too long that another story would be added. When the building was erected plenty foundation was used to carry from three to four stories easily.

Virgil Crawford Helps To Occupy Japan

On The USS Ticonderoga In Tokyo Bay—H. V. B. Crawford, 31, yeoman, third class, USNR, 414 Buckley St., Brownfield, Tex., is serving aboard this carrier, which is part of the powerful Pacific Fleet engaged in occupying Japan.

Under the operational control of Admiral William F. Halsey, USN, the Ticonderoga, with 16 other aircraft carriers, 12 battleships, six escort carriers, 29 cruisers and more than 290 other U. S. ships, is helping take over control of the Japs' big naval bases.

The Ticonderoga participated in the gigantic carrier raid against the Jap naval base at Kure and other installations on the Japanese home island of Honshu during a two day raid prior to the Japanese surrender.

The flattop's fighters and bombers swooped in on their targets, which included one of Japan's few remaining battleships, the Hyuga. Severely damaged and left burning after several explosions, the vessel later was found to have sunk.

The 1945 City Tax Roll is completed and the valuation is \$2,666,136. Last years valuation was \$2,515,600.

Mr. Fred Lowe, returned the latter part of last week from a two weeks visit in Amarillo and Spearman.

Old Timers Seen On Every Hand Lately

You can go down the street most any day now and just fairly knock the old timers over with a stick—some of them you have not seen since the woods were burned. For instance, Monday, we ran into two different families in just a few feet.

First there was the former, Lena Jones, daughter of Mr. and Mrs. Charley Jones, who lived here some 20 years ago, and moved to the Pride community, where her dad died a few years later, and her mother still lives here. Lena is now Mrs. Chesshir. She lives in the western part of the city, here, now. Two little sons were with her and one in the service.

Hadn't much more left her until ran into Mr. and Mrs. Ed Spear. They have just recently moved back here from Arizona, where he has been working since the war started. The Spears are old timers, and still have their home near the Legion Hall, which they have occupied recently.

And after we went home, had supper—dinner to you, maybe—who would come to see us other than Mrs. Vera (Boone) Alberding and her youngest brother, Raymond. The Boone family were early settlers here, but left some 25 years ago, and settled near Tucson, Arizona, together with another pioneer Terry county people were passing through and family, the Ten Brooks. These Geo. E. Tiernan. Raymond is on his way to Philadelphia to visit their brother and, Mrs. Alberding to Galveston to visit her daughter.

You know that once you lived in Brownfield and really know the people here, it is hard to get away and forget them, and all of them, get a welcome when they return to live or for a visit.

\$11 Billion Victory Bond October Goal

A national goal of 11 billion dollars has been announced for the Victory bond offering of the United States government and the campaign will open on October 29.

The Terry County U. S. Treasury War Finance committee, was advised last week end by the Federal Reserve bank.

This total includes two billion dollars in E bonds. Besides the E bonds, series F and G bonds, series C, saving notes, 7-8 per cent certificates and 2 1-2 and 2 1-4 per cent bonds will be offered. Corporations may purchase certain of these bonds in the period December 3 to 8.

The campaign opening on October 29, will continue through December 8, but county quotas will be credited with E bond purchases through December 31.

County wide quotas will be announced later, he was advised.

Lions Banquet Football Boys

Eighty Brownfield school boys, tentatively enrolled as football material, were entertained Wednesday night by the Lions club, in their annual event. Because of the weather that day, the barbecue, served by Sam Pyatt, Brownfield's famous barber, was changed to the Legion Hall instead of the county park, as formerly announced.

Dell Morgan, coach of the Tech Red Raiders, was principal speaker. Coaches Brannen and Bishop also addressed the boys. Prof. Vernon surprised all by calling by name and introducing each of the boys, from memory. Atty. Hackney and Frank Jordon, President of the club, made brief but encouraging talks.

The boys were all very enthusiastic and seem to enter the season with a will to win, and maintain the school's high standing on the grid.

Rev. Huckabee led the song services.

War Fund Committee Preparing For Drive

Frank Jordon, chairman for Terry county's National War Fund Committee is busy with plans for the drive opening Oct. 1st, to raise the county's quota of \$4500.00.

As is well known, this fund is an overall of several patriotic efforts, maintained by public donations pertaining to the war, such as continuing the USO entertainments for boys overseas, aid to war stricken peoples, and many other worthy causes.

J. O. Gillham is regional chairman, over 17 counties, and has designated Mr. Jordon, for Terry county chairman who will soon announce names of his helpers. Mr. Jordon points out that "the end of the shooting part does not mean that the National War Fund is to become inactive. We still have a large army to maintain, it will take some time to demobilize them, many sick and wounded to be returned; others to train and take their place. The uses and benefits of this fund is not over."

Its need is yet pressing, and its accomplishments depends on the patriotic response of the citizenry. Lets all give a 'Texans Share.'

Sgt. Jenkins Helps Wipe Out Machine Gun Nest

With The 24th Infantry (Victory) Division On Mindanao—Staff Sergeant (then Private First Class) Jonathan B. Jenkins, advanced in defiance of constant rifle fire and neutralized a Jap machinegun which had pinned down his platoon.

The action which took place in the Philippines, won him the Silver Star Medal.

Sergeant Jenkins' infantry company was moving through high kuani grass and rolling terrain, when it was suddenly stopped and pinned down by machine gun fire at point blank range.

Jenkins realizing the situation, crawled to a position from which he could place rifle fire on the enemy machine gun. This silenced the weapon and enabled the platoon to advance and knock out the position and clear the area of Japs.

Sergeant Jenkins' wife resides in Brownfield, Texas

MEADOW SENIORS START TERM WITH A BANG

The Senior Class of Meadow High School started this school term off with a bang! Mr. Truett Babbs as sponsor with Mr. Hamilton Still as Co-sponsor. The class officers were elected as follows:

President, Gayle Carpenter; Vice-President, Paul Nettles; Secretary, Geraldine White; Treasurer, Jancee Bell; Reporter, Juanez Jones; Editor-in-chief, Joel Ray Locke; Business Manager, Jack Barnes; Committee of Activities, Eloise Shook, Elizabeth Justiss and Lois West.

We hope to have a very successful Senior year.

Meadow Boy Helps Repair Crippled Ships

Aboard The USS Potawatomi In The Pacific—O. R. Boyd, chief boatswain's mate, Meadow, Texas, has been serving on this Pacific fleet tug whose job was to clear supply lanes in preparation for the final amphibious assaults on Jap home islands.

18 months of sea duty, his tug has received two official commendations from the Commander of the Pacific Service Force for emergency repairs on a cruiser and a battleship.

In the harbors and enclaves of Lingayen Gulf and throughout the Philippines, crew members have salvaged enemy as well as U. S. ships, saving billions of dollars with less than 100 ship's personnel.

Cubs Open Football Season Here Tonight With Slaton Tigers

The Brownfield AA Cubs High school football team will open the 1945 football season at Cub field tonight against the heretofore fast and fighting Slaton Tigers, of the A class division.

The Cubs under the tutelage of a new mentor, Prof. Brannon and assistant, Mr. Bishop are expecting to have a team that will be hard to stop. They have four non-conference games before the much talked of, and highly tutored Amarillo Sandies come to Brownfield for the opening of AA conference play on October 12th.

The roster and starting lineup of the Cubs will be found on the middle page of this paper.

Everyone should attend the opening game at Cub field and show the Cubs that Brownfield in general is behind them and rooting for them one hundred per cent.

SCHOOL BUSES MAY BE USED NOW TO ATTEND FOOTBALL GAMES

Austin, Texas, Sept.—School buses may be used again this winter for transporting football teams, pep squads, bands, and school kids to inter-school football games and meetings, Roy Bedichek, director of the University of Texas Interscholastic League, has announced.

After checking with officials of ODT, Mr. Bedichek was assured that the war-time restrictions on school transportation have now been lifted, and school buses may be used in accordance with policies approved by the state, county, or local school authorities.

"This lifting of restrictions will help our small schools tremendously," Rodney Kidd, athletic director for the League said. "Those schools who have been dependent upon the use of school buses to transport teams will now be able to resume their football and basketball activities."

Five More Houses For Brownfield

O. L. Peterman, Chairman of the Board of Development, is in receipt of a telegram from the Federal Housing authorities, announcing permits allowed for five residences for Brownfield, for immediate construction.

District Court Has Busy Session

For the first time in several years the District Court has consumed a week in trials, this week. The land boundary suit between Rene Headstream, of Colorado City, versus W. B. Hendrix and A. G. Moore, four miles southwest of Ropesville, delving into surveying history, before a jury, resulted in a verdict for the defendants.

The case of Jean Simon versus an insurance company, involving injuries by plaintiff at the Goodpasture elevator sometime back, was compromised just before trial.

Another case of much interest between a group of residents in the west part of town versus a local slaughter pen operator, went to trial Thursday afternoon.

Several cases of divorces granted, and many old cases carried over for years were dismissed.

Jury in County Court Tuesday, adjudged a 40 year old man to be of unsound mind. He had been found wandering through fields and pastures in the Johnson community last Friday. Said his home was at Friona, and claimed to have been discharged from the State Hospital, a year ago. His explanations of his purposes in that vicinity, was very vague.

County Court Jury is summoned to report again next Monday for trial of a local case.

Herald—\$1.00 per year in county.

Blackeyed Peas

By W. G. McDonald, Acting County Agent

We have for a long time been growing a small amount of peas in Terry county and knew the soil was very productive and also have found that peas will make a fair crop with very little moisture.

Last week Grady Goodpasture city, and T. A. Elmore of the Tokio community, came in the County Agent's office asking for about 150 hands to pick green peas. Grady stated they had a market for all the peas we could get harvested green at a price that would make the farmers some money. After a day or so, we located some 50 or 75 hands and the pea picking got underway by Monday of this week. In checking with the AAA office, we find that we have some 8,000 to 10,000 acres of peas in the county this year. If you have a pea crop it will pay you to investigate. We have some labor that was ready to go east or south to pick cotton that can now have employment here at home picking peas until the cotton in the north part of the county will be ready, however, we can use more labor than we now have.

In talking with R. J. Purcell last week he told me about inoculating his seed peas last year and noticing this year that his feed crop on the land where the peas grew was nearly twice as good as on the land that was in feed last year.

Revenue Collectors Here This Week

Fred I. Merrick, Deputy Collector of Internal Revenue, with his assistant, Wm. L. Halle, met a large number of people previously summoned, at the court house, Monday, to adjust their revenue stamps on legal documents.

Most of them proved correct and promptly excused while many had to procure additional stamps; no penalties were assessed. Most of these arose by the recited consideration being seemingly small, or indefinite. Those that recite small payment and "other consideration" causes inquiry.

All conveyances require Federal revenue stamps of .55c for each \$500.00, or fractional part, in excess of first \$100.00 paid for property. This includes oil leases, and mineral deeds.

Rural Electricity Now Available

We have lots of money appropriated for rural electricity if the farmers will get busy and work for it, stated W. G. McDonald, acting County Agent. It is possible now to get a line approved with less houses than has been the case in the past. This is one thing that will not come to you without a considerable amount of work, as no one is just going to come along and do the job for you. It will pay you to investigate the possibilities.

Herbert Chesher Resigns As City Secretary

The many friends of Herbert Chesher will regret to learn that he is resigning as city secretary to join the personnel of Teague-Bailey Chevrolet Co., as bookkeeper. Following his appointment to fill out the unexpired term of Mrs. Graham Smith, who resigned, he was elected again last year.

Herbert has given the city and the people good, conscientious service. He has always been on the job, and if there was just a bit of something wrong with someone's bill or any other complaint, he was never surly, but with a smile, he began to look into the matter to see if mistakes were made, and usually the patron left feeling that he had been given a square deal.

No wonder then that private enterprises want such men as Herbert in their organizations.

Making Progress Toward A Pension

Several have asked us this week how we are getting along toward getting on the pension rolls. And some so-called friends even have a "sourcastic" grin on their faces, as if to say, "you have about as much chance getting on the pension rolls as a snowball has of vacationing all summer in hades."

Fact is, we think we are making fair progress. The good lady over at the courthouse who has the last say so far as Terryites getting a pension is concerned, was over last week to get a paper to finish reporting a case she had to make final returns on. While she did not suggest that we might take the place of the one just departing this life, she did state that she had noticed in last week's paper that we contemplated an application, and also our plan of approaching the climax.

We gave her the paper free that she was requesting, and even helped her ferret out the article she wanted. Of course, you understand, that was in no way an overture intended to bribe. On the contrary, we were just being nice, helpful and friendly to a lady, in whose hands our destiny hangs.

As a parting shot as she left the office, she suggested that we'd have to put on a mighty good act when we came over there, if we had any degree of success—and there was no trace of a tear of sympathy in her eyes.

So, it is up to the reader to figure out our pickment up to now.

Terry Gets Its First Bale Cotton Tuesday

Chester Taylor, on the James King farm, three miles southwest of town, won the prize for producing and gathering the first bale of cotton in Terry county for 1945.

It was ginned at the Roy Phillips gin, Tuesday morning, contained 1860 pounds of snapped cotton, weighed when baled 590 pounds, graded strict middling.

The Board of Development paid Mr. Taylor a fifty dollar premium.

Meadow May Get 4000 Bales Of Cotton

Mr. Combs of Combs Brothers Gin, at Meadow, was a visitor at the Herald office late last week, and stated that some were estimating the Meadow ginnings this year as high as 4000 bales or more.

Meadow got some fair showers in May, and many planted on time, and as a consequence, that fine little city and community will have a fair cotton crop.

A Mistake In The Official Changes

Last week when the "Roving Writer" submitted his article about the resignation of C. L. Lincoln as county judge, to become veteran's administrator for Terry county, and the appointment of H. R. Winston to become county judge, he left a gap down that confused everybody.

What the RW intended to say was that Winston would become the appointed judge "October 1, next" but he added one word, "year," making it read October next year. The proof reader noted on the proof to "see copy." Well the compositor reexamined the copy and followed it, thus the boner.

We are sorry this happened, but such mistakes are happening in some of the best, most carefully edited papers these days with hand shortages, including some staid old dailies. So, we don't feel too badly hurt. The changes noted above will take place October 1, this year instead of next year.

And by the way, it seems that the army, navy and what have you is releasing everyone except printers. They are even releasing many without any job in sight, but no printers.

Texas Lemon Season In Full Swing

TEXAS LEMON SEASON—in full swing—Lower Rio Grande Valley lemon production is increasing each year and will soon provide enough lemons for all Texas. This year for the first time our community will have a weekly service to retailers of nature-colored, tree-ripened lemons under the trade name TEX-LEM. Anyone who has ever squeezed a Texas lemon realizes quickly the full justice of its claims to being the world's finest lemon. TEX-LEMS contains more juice and flavor than any other lemons, with an abundance of Vitamins C and B.

"These Rio Grande Valley lemons have everything that the yellow lemons have, and more," writes Victor Schoeffelmayer. "Their color is intended by nature, just as the lime is green."

In the past, yellow lemons from Italy and the Pacific West have supplied the Texas market, and users have become accustomed to their characteristic color. The Texas or Meyer lemon, however, is a variety which the famous government plant explorer of that name brought to this country years ago and which at last has established itself in the Magic Valley, and bids fair to become a major asset of that great producing area. This new lemon gives more juice and acid than artificially colored lemons, authoritative tests prove. The Texas lemon's greatest merit is that it is not pulled from the trees till it is ripe, though it appears to be as green as the proverbial grass. The Texas lemon crop is estimated to be 200 cars and its acreage is being greatly increased as people of this state and elsewhere consume this product in increasing quantity.

The Texas lemon, demonstration show, can be substituted for competing varieties from this country or abroad. It makes as good lemonade as it does lemon pies or other confections. Its bright green color is really its badge of merit. It deserves large patronage.

TEX-LEM lemons are marketed in their natural color—a rich green, golden tinted. They are not made yellow by artificial methods. They are fresh from the tree—not stored for months in warehouses. Texas people are strong for Texas lemons as they get more for their money when they buy TEX-LEMS.

Work will be started soon to digging the ditches for the four inch water main that will serve this section, and Mr. Chesshir said fire plugs would be installed at strategic places to give the people of that area adequate fire protection, something they have not had to this time.

JUDGES AND COMMISSIONERS ATTEND CONVENTION
Judge C. L. Lincoln and his successor, Judge H. R. Winston, with Commissioners McNeil, Setles, Johnson and Thomas, left Thursday to attend a two day session of the West Texas County Judges and Commissioners Association at Abilene, this week end.

City Extends Water To South Brownfield

The citizens of the fast growing section across the draw south of the city, will soon be enjoying city water privileges, according to Herbert Chesshir, city secretary. Much of the material is now on the ground for the service. This service will be extended to the Lowe addition.

Work will be started soon to digging the ditches for the four inch water main that will serve this section, and Mr. Chesshir said fire plugs would be installed at strategic places to give the people of that area adequate fire protection, something they have not had to this time.

Draft Continues Operating Here

Ten men and boys were sent last Sunday to Ft. Bliss for induction. Not being advised as to who might be rejected, their names were not disclosed.

Fourteen more left Wednesday for physical examinations, for later induction.

Madam This and Madam That are reported to be taking millions of dollars annually from suckers who think they believe in fortune telling. We counted the ads of seven such dead beats in the Lubbock paper recently. How many do you suppose a city like New York would have?

Editor Watson of the Denver City Press and Lovington, (N. M.) Press was through last week from Iowa, where he had been to dismantle a large press he had purchased to be shipped to Lovington.

The persistent lawbreaker has a funny makeup, and it is a hard matter for the real sane person to figure them out. In the first place, no reasoning person will contend that crime will pay in either the short or long run. Sooner or later the law will catch up with them, and they have trouble not only for themselves but in many cases for innocent members of their families. Not only that, but a persistence in crime will alienate all good moral people from those people who might help them. We just can't figure them.

The Herald hears a great deal of criticism of the way the occupation forces are taking charge of matters. Most of them, especially in regards to Japan proper and Korea, say the brass hats are acting too soft. But let's await developments before we spew off too much. And let us remember, too, that MacArthur is not a man to let the enemy know just when and where he proposes to plant the knockout blow. Just wait till "Mack" gets the head-lock on the Nips, and watch them hit the canvas. When that all happens the Emperor will do just what Mack tells him to do--no more, no less. But caution must always be taken when you are dealing with a treacherous race of people.

People wonder and many ask why does the south, with all its natural resources has to be the poorest section of the US. We have 40 percent of the nation's forests, 27 percent of its minerals including 100 percent of its bauxite, 99 percent of the sulphur, 97 percent of the phosphate, 67 percent of its natural gas and 66 percent of its crude oil, 50 percent of its marble and 27 percent of its hydro-electric power. For one thing the south has always stood out for straight agriculture; manufacturing being a poor secondary matter. Even so, the Dallas News tells us that since 1900, the south has made an increase in manufacture of about 600 percent, and 400 percent in net income. Not a bad start.

SAYS SECRETARY OF AGRICULTURE: Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently--save every drop you can--every day--until Uncle Sam says the job is done.

Signature of Vincent P. Anderson, Secretary of Agriculture.

Approved by USDA and OPA. Paid for by Industry.

Let us all place credit where credit is due, and one big reason why we won this war is that the American farmers were behind it 100 percent. It is true they got no Army-Navy E's to run up on top of their barns or homes. It is true they worked early and late hours with no thought of strikes. They sent their sons into the armies and navies and made out the best way they could with short help and lots of times very inefficient help, if any. They not only clothed and fed the nation, but our fighting allies and many of the liberated people who had been under bondage of the Nazirats and Japrats. On top of all this, much of their surplus grain went into alcohol and from that into synthetic rubber to keep our war machines going. We think congress owes our farmers a vote of thanks. All hail the American farmer!

And, as might be expected, the American newspaper correspondents are meeting a lot of Jap graduates of California Universities since the peaceful invasion, and not a few with a Ha'va'd accent. And of course they are assuring the Americans "that it is quite safe for American soldiers, sailors and marines to land in their country, as Hirohito has given the orders for them to do so." You darn tootin the Mikado gave the orders, for he had still higher orders from one,

10,000 Experienced Truck Drivers Are Promised Soon

The Texas Transportation Service experts, which send us a propaganda sheet each month, promise that with the return of service men, in the next few months, they expect to have 10,000 really experienced and courteous truck drivers. This is good news to the long suffering public, as some drivers they now use are everything else but polite and accommodating. If one asks for a small accommodation, if they do it at all, they emphasize their disgust with an oath. As for the Herald, we have turned over all our freight deliveries to the Santa Fe. We still get, courteous service from them. This we will continue until we get another home owned truck line. Otherwise Uncle John Santa Fe suits us.

Elmer Ray Brown Likes Tokio Climate

After suffering in that hot, sweltering tropical climate at Gaum for the past several months, Seaman First Class Elmer Ray Johnson writes his dad, L. A. Johnson, that he is enjoying the more temperate climate at Tokyo, but he hopes to be home by Christmas.

Elmer Ray has been in the service two years, 18 months of which has been in the South Pacific, where it really gets hot. Elmer was practically reared in Brownfield, and is known by all the school boys and girls of his age, as he attended the Brownfield schools.

Mr. and Mrs. L. A. Johnson have just recently returned from an eight months stay in different parts of California and say they are mighty glad to get back to Brownfield.

A GREAT NEW GASOLINE Is Here NOW!

Phillips 66 rushes the "Fuel of the Future" to your neighborhood dealer!

You never knew a gasoline could be like this!

And neither did we till 3 action-packed years of war-production brought new and marvelous advances in gasoline manufacture!

Now all the "know-how" . . . the special processes that went into the powering of giant bombers is yours!

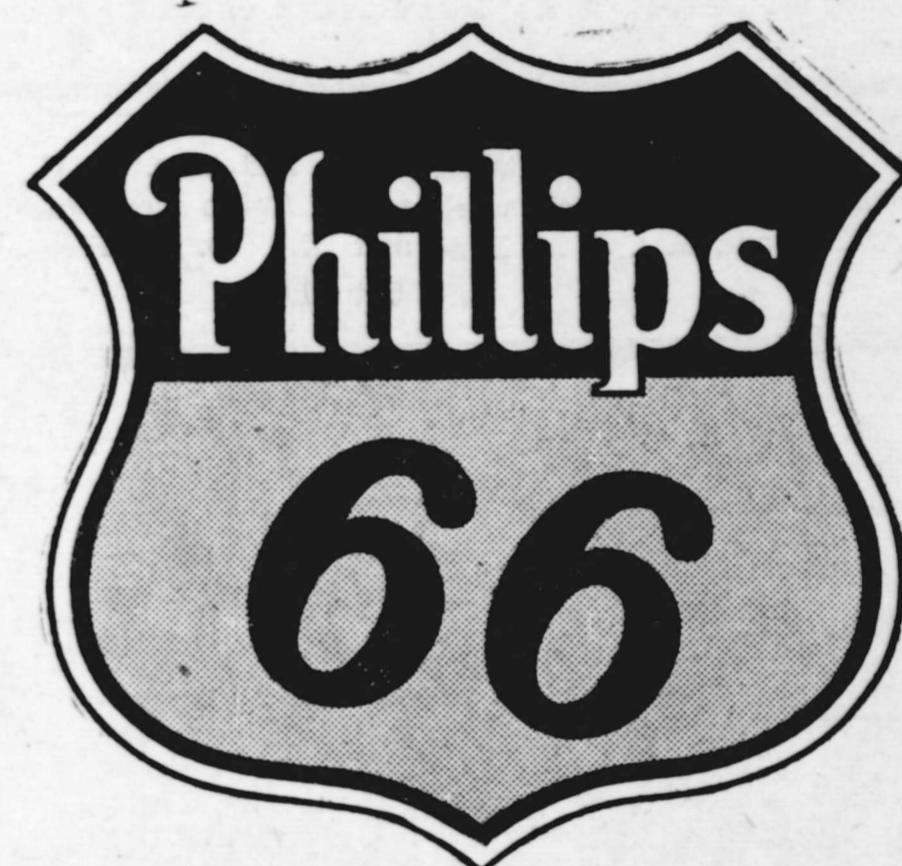

Never mind the technical details—just get a tankful and see what it will do!

See if you don't get quicker starts!

See if you don't get more power!

See if you don't get more-miles-per-gallon!

See if your car doesn't act like a two-year-old again when this power-packing, action-getting fuel goes to work in your motor!

GARRISON SAYS CRIME ON THE INCREASE

Austin.—Major crimes in Texas are currently being committed at the rate of 318 a day, Director Homer Garrison of the Department of Public Safety said today.

The Department's semi-annual crime report showed a 23.32 per cent increase for the first six months of 1945 against the same period last year.

The statistics, based on reports submitted by police and sheriff departments, show a daily increase of three murders, two rapes, six robberies, 77 burglaries, 43 car thefts, and 187 other thefts. Greatest increases were in burglary, up 37 per cent, and auto theft, up 23 per cent.

Mrs. Dait Plummer and Mr. and Mrs. Irwin St. Clair, of Muleshoe spent the first of the week in Dallas on business.

Dr. Cox Says D. D. T. Gets The Insects

Austin Texas, Sept.—Good news for the thousands of families in Texas, is the information that DDT, the almost miraculous insecticide developed during the war, is now available for civilian use, and if not already on the market in every community, the time is approaching when it may wherever insecticides are sold.

Formerly restricted to military use for the suppression and control of malaria and other insect-borne diseases among the armed forces at home and abroad, civilians have awaited with interest the opportunity to use DDT in homes and business buildings, to rid them of flies, fleas, roaches and other common pests.

"If every householder in the State will spray his home and outbuildings with DDT," Dr. Geo. W. Cox, State Health Officer declared recently, "there is a definite possibility of bringing the incidence of insect-borne diseases down to an absolute minimum. Such insects as fleas, lice, flies, mosquitoes, and roaches have been recognized as vectors of diseases for many years, but heretofore there has been no satisfactory method whereby they could all be controlled by a single poison. That is why DDT is referred to as a 'miracle insecticide'. It is as fatal to one of these pests as to another, and homes, business buildings, outhouses and premises can be rid of such insects through the use of DDT."

Dr. Cox urges that in communities where DDT is already available, every home and every business building be sprayed, as well as outbuildings, privies, and the outside of closed garbage cans. Even though garbage containers are kept closed, flies are sometimes attracted by the smell of food, and if they alight on a surface that has been treated with DDT, they are killed.

The State Health Officer advises that persons living in communities where DDT is not yet on the market should keep in touch with their local dealers so that as soon as it is received, they can use it in their homes. It is inex-

Texas To Participate In Cotton Campaign

Dallas, Texas, Sept. 10—Texas position as the nations No. 1 cotton state has been reflected by its participation in the cotton industry's campaign to raise \$2,000,000 fighting fund to protect cotton's markets when the war ends, the National Cotton Council pointed out today.

The Lone Star state leads in the number of cottonseed crushers participating in the drive with 50 signed, and also is first in the number of cotton merchants with 39 already taking part. It is second in the number of gins signed with 605, and third in the number of compresses with 32 enlisted.

All branches of the cotton industry have joined in the campaign, which is sponsored by the Council, whose research laboratories are located in Dallas and Austin. The campaign calls for 20 cents on each bale of cotton produced to finance scientific research, sales promotion, and other projects. Half of the fund will come from cotton producers, and half from handlers and processors.

Oscar Johnston, Council president, points out that any extensive loss of markets after the war would seriously disrupt the economy of Texas and other southern states, since cotton means \$2,552,000,000 in annual income. More than 15,000,000 people either directly or indirectly are affected by this income, he added.

Staff Sgt. and Mrs. Ted Fox, of Bryan are here visiting Mr. and Mrs. Wayne Brown. Sgt. Fox was in El Paso the first of the week getting his discharge papers.

CARD OF THANKS

We wish to thank our friends for their deeds of kindness and words of sympathy in the illness and death of our husband and father, also for the beautiful floral offerings. May God bless each of you.

IN MEMORIAM

In memory of Eugene Washmon formerly of Terry County who lost his life in service of his country. This poem was sent in by his aunt, Mrs. E. W. Liles.

This lonely bud so young and fair,
Called hence by early doom
Came to show how sweet a flower
In paradise could bloom.

Ere sin could harm or sorrow fade
Death came with friendly care.
This opening bud to heaven
conveyed,
And bade it bloom there.

Sleep on sweet boy,
And take thy rest.
God called thee home
He thought it best.

ANOTHER PIONEER PASSES ON

Mrs. R. W. Glover, 73, who with her husband and family, were among the first settlers of Terry county, died early last Friday morning, in the local hospital following a months illness.

Funeral services were conducted by pastor, Rev. R. N. Huckabee, at the Methodist church at 2:30 P. M., Saturday, and interment made in the Terry County Memorial Cemetery. She is survived by her husband, R. W. Glover, one-time Tax-Assessor of the county, who is now in failing health; two sons, Tom W. of Colorado City, and Vance, of this city, and three daughters, Mrs. Vada Mitchell and Mrs. Bert Hunter of

BRIDE ELECT FETED

The engagement of Miss Mattie D. McCallister, daughter of Mr. and Mrs. Lloyd McCallister, of this city to Woodie Tudor, son of Mr. and Mrs. R. H. Tudor of Lubbock, was announced Sept. 4th, at a tea given the bride-elect's home.

Mrs. Billy McCallister, sister-in-law of the bride-elect, presided at the refreshment table, which was laid with a lace cloth. Mrs. Bonard Stice registered the guests.

Favors were small announcements bearing the notice, "McCallister Playhouse of Brownfield, presents Mattie D. McCallister and Woodie Tudor, in "For Life." Sept. 11th, a tea and shower honored the bride-elect in the home of Mrs. Hale Eubanks, 2516 Twenty-second St., in Lubbock.

In the receiving line were the mothers of the engaged couple, Mrs. Loyd McCallister of Brownfield and Mrs. R. H. Tudor of Lubbock, the hostess and the honoree.

Mrs. Albert Smith, sister of Mrs. Tudor, presided at the refreshment table which was covered with madeira cloth and centered with asters, arranged in a heart-shaped bouquet and placed on a reflector with a white satin bow. The decorations carried out the bride-elect's chosen colors, orchid and white.

Plate favors were golden bells tied with white satin bows and attached to cards bearing the names of the couple.

Forty guests called.

Rev. J. R. Bunts, and wife, who was the former Majorie Sue Bynum, of Dallas, are here visiting her parents, Mr. and Mrs. W. A. Bynum. Rev. Bunts has just finished an theological course in the SMU. He is scheduled to preach at the Methodist church here on Sunday.

INTERNATIONAL HARVESTER

SYMBOL OF SERVICE to the AMERICAN FARMER

This Symbol Means: "Product of INTERNATIONAL HARVESTER" It is the Mark of Quality and Experience

Today International Harvester gives you a new symbol to remember. A new emblem that means the same as International Harvester. A new mark by which Harvester dedicates all its products to Your Service.

International Harvester has great things in store for your future on the farm. You have heard of some of the plans that have been made... automatic 1-man hay balers, self-propelled combines, modern farm retri-

eration, easier control of Farmall implements. These products have been announced but they cannot be built in quantity under present conditions.

Volume production must wait on Victory. When Peace comes, things will be different. Take the symbol displayed here as our pledge, and the pledge of International Harvester, for leadership in the future of Agriculture.

FIRST MEETING OF ALPHA OMEGA CLUB IS REASSEMBLY TEA

Members of the Alpha Omega study club met at the home of Mrs. Grady Goodpasture Tuesday afternoon for their first meeting of the year. It was in the form of a reassembly tea. The refreshment table was attractively arranged with mints, nuts, angel food cake squares and punch, which was served from the punch service by Mrs. Goodpasture. Mrs. Lee Brownfield assisted her.

Mrs. P. R. Cates read the presidents message with Mrs. V. L. Patterson and Mrs. Clarence Lackey taking parts. Mrs. Truett Flache presided as chairman of the program.

Those present were: Mesdames W. L. Avenshine, Lee Brownfield, Virgil Burnett, P. R. Cates, Finis Carter, Virgil Crawford, Clarence Lackey, N. L. Mason, J. L. Odell, Tommy Hicks, Jack Ellis, Truett Flache, Jake Gore, Jack Hamilton, Roy Herod, Walter Hord, Martin Kirschner, V. L. Patterson, and Sam Teague. Mrs. Paddock of Cody, Wyo., was a guest.

The Ladies Bible class of the Church of Christ, met Tuesday afternoon at the church for their regular Bible study. Mrs. Jessie Ferguson taught the lesson which was taken from the 13th chapter of Hebrews. Sixteen members were present.

TEXANS WED IN BOSTON, MASSACHUSETTS

In a wedding ceremony performed in the Tremont Temple Baptist Church of Boston, Mass., Miss Wilma H. Waters, daughter of Mr. and Mrs. C. W. Waters, Brownfield, Texas, became the bride of Thomas J. Slover, PM 1/C son of Mr. and Mrs. H. L. Slover, Levelland, Texas. Rev. Frank C. Woods, pastor, read the ceremony Wednesday evening, August 29th.

The bride wore a navy blue suit with black accessories and a strand of white pearls.

Thomas W. Whitlock of Mississippi, buddy of the groom and the only attendant, was best man. Mrs. Slover, a former Texas Technological College student, was, until the time of her marriage, employed at the First National Bank in Brownfield, Texas. Slover, boatswain's mate, first class, a graduate of the Lamesa high school, is stationed at the U. S. Coast Guard radio station, Marshfield, Massachusetts, after having spent 22 months of his 3 1-2 years service in the Coast Guard overseas.

The couple will spend their honeymoon in Boston and at the beach until Boatswain Slover reports back for duty at March Field, on Sept. 13th, where they will make their home for the present.

Mrs. W. O. Wossum of Rt. 3 of Levelland, Texas is a sister of the groom.

DONNA JANE NEWSON CELEBRATES BIRTHDAY WITH PARTY

Donna Jane Newson celebrated her seventh birthday with a party at the home of her parents, Mr. and Mrs. J. L. Newson, Wednesday afternoon of last week. After several games had been played ice cream, birthday cake and punch were served. Little toy dogs were presented to each guest as favors.

Those present were: Avon Floyd, Ann Griggs, Dixie Jenkins, Donna Sue Christopher, Tommy Simes, Jimmy Bill and Jerry Bob Warren, Martha Chapman, Sue Stevens, and Dixie Tankersley.

PLEDGES OF SUB-DEB CLUB INITIATED

Friday night the pledges of the Sub Deb club were initiated into the club followed by a slumber party. The affair was held at the home of Sue Christopher. Lemonade and cookies were served as refreshments with frequent raids on the ice box to supplement them.

MRS. PURTELL HONORS SON ON BIRTHDAY

Mrs. R. J. PurteLL honored her son Jackie on his sixth birthday with a party Thursday afternoon Sept. 6th. Outdoor games furnished amusement for the guests.

Birthday cake, ice cream and grappettes were served to John and Mary Holmes, Sammy Kendrick, Otis Zane Newton, Frances Lowe, Marlyn Lynn Loyd, Charles Gunn, Diana Tiernan, Jerre Sue Estes, and Kenneth Lee Kendrick.

Banks Family Have Reunion

Mr. and Mrs. W. F. Banks had a family reunion as their three sons, Lt. Col Willson H. Banks, came home from the South Pacific, where he helped clean out the Japs. Col. Banks won the distinguished Flying Cross for doing some dangerous missions over Borneo. Those present were: Mr. and Mrs. Johnson of Plainview; Mrs. Arant of Lubbock; Mr. S. J. Banks of Dallas, Mr. and Mrs. Weldon Banks of Brownfield.

Only one of the children was absent from the gathering. Mrs. Eula Speigel of St. Joe, Mich. Lt. Col. Banks is now stationed at March Field, California.

REPORT OF COUNTY LINE CLUB

Mrs. G. W. Henson was hostess to the County Line Club on Friday, September 7th.

The eleven members present answered roll call with "Something I Have Done to Improve My Home This Year."

We had fun with some games our recreational leader, Mrs. A. G. Brantley had planned for us. Then came committee reports and other club business.

Mrs. Ellison Carson gave a talk on different floor finishes and Mrs. Alton Elmore gave a talk on table service. Both were much appreciated and thoroughly discussed by the members.

The demonstration was on flower arrangement. When this demonstration was first planned we felt it might be a useless one, since so few of us had flowers to arrange this droughty year, but our eyes were opened when we saw the attractive room decorations made with our most common plants and weeds. Miss Scott had gathered all of them on her way to the meeting. She had used Bear grass, Soap weed, or Yucca, depending on locality, Queen's lace (the tall gray weed), Cat Claw, those tiny yellow Moss-weed flowers, Sage brush and other weeds. When artfully arranged in vases suitable to each, were very attractive.

Delicious refreshments were served to the following: Mesdames, Barker, Brantley, Carson, Ellington, Elmore, C. Henson, G. W. Henson, Jones, Meeks, Suddeth, Alexander and one visitor, Mrs. W. H. Harris of Brownfield.

The next meeting will be with Mrs. Jim Hunter, Friday October 6th. Let's all be there.

Acid Stomach Distress?

If you suffer from sour stomach, gas, bloating, acid indigestion, or heartburn, due to gastric hyperacidity, by all means get a box of Neutracid, put a teaspoonful in a glass of hot water and drink slowly. Neutracid is new—nothing quite like it. Neutracid neutralizes acid—relieves gas—brings amazingly fast symptomatic relief.

Jesse Oiver Roams Pacific On The USS North Carolina

Aboard the USS North Carolina Off Japan (Delayed)—Jesse B. Oliver, 28, seaman, first class, USNR, husband of Mrs. Iona Baker Oliver, 503 North 5th st., Brownfield, Texas, and son of Mr. and Mrs. Irvin Oliver of Route 1, Seagraves, Texas, is serving aboard this battleship which is part of the powerful Pacific Fleet engaged in occupying Japan.

Under the operational of Admiral William F. Halsey, USN, Commander of the 3rd Fleet, the North Carolina, one of the "glamor" ships of the Fleet, assembled with 11 other battleships, 17 aircraft carriers, five escort carriers, 20 cruisers and more than 290 other U. S. ships to carry out the first stages of the occupation of the Japanese home islands.

PVT. AND MRS. NEWSOM MOVE TO EL PASO

Up to the present Mrs. John T. Newsom has been receiving her paper at the local postoffice, but as her husband, Pvt. John T. Newsom is located at Fort Bliss, they are both moving there.

This young couple were in last week to get their Herald changed to the new address, so she will be near him.

Oiver (Sim) Schelinger, with the army at Ft. Bragg, N. C., was here this week on a short furlough.

We Hope Soap Operas Switch To Peace Programs

It will be a great day for the long suffering public when the zume of the fighter planes, the crack of flack and the pop of machine guns along with the cries of anguish and groans of pain cease over our radios, and they give us some peace time programs—something funny—for a change.

And people are really fed up on the roar of 16 inch guns in mimicry, and the all-out horrifying explosion of the atomic bombs on radio programs. People are tired of war. They hear and read all they want of it.

We know our capacity to take it; we have talked with many others, and these "bloody radio ersatz battles" on the air are growing stale. If radio can read the signs, they will switch to something else, something funny, even ridiculous—but a change.

CARD OF THANKS

We wish to thank our friends for their many deeds of love and words of sympathy and for the beautiful floral offering, during the illness and death of our dear brother and uncle, Charley Howard.

May God bless each of you is our prayer.

Draft Board To Continue Service

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, General J. Watt Page, State Selective Service Director, said Friday that "as a matter of fact, the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally, General Page said, "they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our history. In addition to being non-compensated, they have neglected their own business. In many cases they have lost money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations. They never can be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained within their hearts and souls in the knowledge that they have served fearlessly, tirelessly and honestly for their country. No man can do more. BUT THEIR SERVICE IS NOT YET COMPLETED, even though the shooting war is over.

"Millions of our boys are overseas and have been there and in combat for several years. Certainly, they should now be allowed to come home to their families. For example, I haven't seen my boy for over three years. Now, my "boy" is simply representative of hundreds of thousands of other fathers and mothers and wives with men long in the service. The government is strenuously trying to return these men to come home to their families. In fact, right here in Texas the official reports of discharges which we are receiving at Selective Service Headquarters now total close to 1,000 notices per day. The army, the Navy, the Marine Corps, and the Coast Guard cannot keep this up unless of course, we can send able bodied men overseas to replace those that should now be sent home.

"Surely, in this democratic country of ours, it is expected that every man shall participate in its wars. A great many of our young men in the 18 through 25 group have been deferred for several years for one reason or another. These young men have been on good salaries. They have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these young men now take up the gun and 'stand guard' for awhile?

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 per month for the nation—but, as President Truman has pointed out, they are still necessary. That is why most of the local boards are 'standing by their guns' and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

Mrs. Ross Black returned Saturday from Lubbock where she has been taking treatments in the Abel Sanitarium for the past seven weeks.

Mrs. K. L. Turner and son, of Plainview are guests in the home of her parents-in-law, Mr. and Mrs. A. W. Turner. Mrs. Turner's husband, who is in the army has just recently sailed for India.

Sgt. Hardin Learns To Use Life Raft

The crew agreed that it was a hard landing. Of course the B-24 had settled down with only one of its four engines running. But it had been rough and when the airmen climbed out of the bomber, they were hurting all over.

The navigator figured their position as being in the Solomon group, 25 miles from the nearest island. After they watched their

Liberator sink, the crew of Captain Gregory tied the three rubber life rafts together, started to row in the direction of land.

Actual attempts proved that out of the entire crew, only two gunners were able to row. Through three blistering days they worked with dilligence of the desperate. To keep up morale they told jokes, cursed each other at hints of slacking off.

On the 4th of July, 1943, an air-sea rescue unit picked the crew up to end their rowing excursion and the mission of July 1st against Kahili airdrome on Bouganville.

That was the introduction of T/Sgt. William G. Hardin, son of W. G. Hardin, 404 Buckley Street, Brownfield, Texas, to the art of rowing a life raft. It was an art in which he was destined to acquire practice and skill.

This Texas flyer, who will be a civilian under the army point discharge system, completed 70 missions against the Japanese. Records show that he shot down six Nippon fighter planes, and he has credit for seven additional probably kills. But at least once a Jap turned the tables.

Zeros and Tonys tore through the formation, splattering steel indiscriminately among the Liberators. Three thousand feet above the group a Tony which had been tagging, caught up. A small dark missile left its notch under the wing, started whirling down. The small object, an aerial phosphorous bomb, crashed through the top of one of the lumbering Libs. Flames swept through the plane.

The B-24 dived toward the deep blue Pacific.

This time Sgt. Hardin and his crew only had to paddle four miles to land, the Gizo Island. The crew developed a taste for roasted lizard during their nine day island "vacation". On September 18, 1943, a PBY taxied into the bay. The next day the crew was back at their base.

In his course on Pacific survival, Sgt. Hardin obtained a well rounded background. He didn't

always ride the Lib into the Pacific. Once he jumped into it. Moonbeams played on top of an undershirt which reached 14,000 feet into the sky. A lost Liberator skimmed along the top, poking its nose into every opening. Suddenly one of its engines sputtered, died. A few moments later the twisting body of a man dropped from the bomb bay. It was followed by several more. Out of gas and abandoned, the bomber sliced through the clouds, dived into the ocean.

It was hot and clear the next morning when a U. S. Navy ship picked up survivors. Sgt. Hardin was suffering from exposure when he was rescued, but in a few weeks he was flying again.

Sgt. Hardin has been awarded the Distinguished Flying Cross, the Air Medal with eight Oak Leaf Clusters, the Purple Heart and the Good Conduct Medal. He also wears the American Defense ribbon and the Asiatic-Pacific ribbon with three campaign stars.

Sgt. Hardin is married. He lives with his wife, Verna, and eight year old daughter, Peggy Lou, at 1217 Ave. I, Galveston.

As to his plans when he becomes "Mr." Hardin, he said, "I think I'll go back into construction work. Before I went into the army I was a carpenter. I'll probably start contracting for myself."

Pfc. and Mrs. John Swim, of Shepherd Field were weekend guests of Mr. and Mrs. Wesley Hinkle and children.

Mr. and Mrs. Virgil Bynum and daughter, Mrs. L. E. Robinson visited in O'Donnell Sunday.

Mr. and Mrs. J. D. Wilbanks, of Spearman spent the weekend with Mr. and Mrs. Fred Lowe. Mr. Spearman has his own plane and made the trip in it. It takes two hours for the trip here from Spearman by plane.

Mr. and Mrs. Tom Neely and daughters, Patty and Mrs. Harry Hukins and baby daughter, of Sayre, Oklahoma are visiting Mr. and Mrs. Cotton Neely.

BOX SEATS

A selectee was trying to dodge military service. "I'm afraid my near sightness will prevent me from doing any actual fighting." "That's okay," said the draft board doctor, "we have special trenches for the nearsighted ones—right up close to the enemy where you can't miss seeing them."

where you can't miss seeing them."

"I have a dog that growls, a parrot that swears, a fireplace that smokes, and a cat that stays out all night. Why, should I want a husband?" the spinster says.

Sgt. Suggs Gets Bronze Star Medal

With The Thirty-Eighth Division On Luzon—By order of Major General Frederick Irving, commander of the 38th Division, S/Sgt. William E. Suggs of Brownfield, Texas, has been awarded the Bronze Star Medal for heroic service against the enemy near Mt. Mapatad, Luzon on 15 June 1945.

The attack on the Battalion objective was being led by Sergeant Suggs' platoon. During the advance Sergeant Suggs and a member of his platoon were wounded by enemy sniper fire.

Although wounded, Sergeant Suggs disregarding any thought of safety, the commendation said, exposed himself to help the mortally wounded members of his platoon to safety.

During this assistance Suggs was constantly exposed to enemy fire, but by his own determination was able to drag himself and his wounded comrade to a place of safety, where first aid could be administered.

Sergeant Suggs is the son of Mr. and Mrs. E. S. Suggs, RFD., No. 5, Brownfield, Texas.

It is now revealed that the cocktail the major general drank in England, which caused him to give the tip off on D-Day, was a "radio special." Three drinks and you start broadcasting.
