

Hurrah For The Local Lions Club

The announcement last week by the local Lions that they were to build some additional facilities, such as a skating ring, in addition to their swimming pool, with prospects of future development of a real play ground for the teen agers, caught the Old He in a tender spot, and the Herald is for and with the Lions or any other organization that might be willing to help—from here to yonder.

Lots of times, when people begin talking of such facilities in a town, a lot of people appear to get scared that such a place will be just a pretense to get off to a whoop-em-up affair. But, as most of the Lions are dad's themselves, no such idea comes to them. What they intend, as we understand, is a place where these youngsters can meet together, well chaperoned, of course, to pass an afternoon or evening with kids of their own age.

We are hearing a lot these days about youth delinquency, and a lot of this is laid at our own door, because we are too selfish to see that the youngsters have the right kind of environment, and not have to dig up some kind of questionable diversion themselves. It is an easy matter to influence young people, and it can be for good or bad.

The Herald believes the young people of Brownfield and vicinity are on a par with those of any town and community the size of Brownfield. Rarely does the law have to step in to check them. But what few cases we do have, might have been prevented if these young boys had some place to take down their hair, as it were, and enter some harmless sport, or play, superintended by adults who really have the welfare of the young people at heart.

So, let's not throw any stones in the way of the Lions in this forward undertaking. Rather let us join them, whether we belong to the Lions, some other Civic Club, or nothing. We can all help, and it will be to our interest to help. Courts are the most costly thing the tax payer has to face. Let's have less court setups to curb the youth that steps out of line. Let's provide something better than trial juries.

President's Ball To Be Held Jan. 30

Using the slogan "Dance! that others may walk," Troy Noel, Dance Chairman of Terry County, National Foundation for Infantile Paralysis, has completed arrangements for the staging of the President's Birthday Ball on a bigger scale than ever before. For the affair, Noel has made arrangements with Buddy Arnett and his 10-piece band to furnish music for the occasion. Dancing will begin at nine o'clock at the American Legion Hall.

Half the proceeds—after expenses are taken out—remain here in the local fund and the remaining half goes into the National fund.

It is absolutely unnecessary to state here that this is for a good cause; everybody is familiar with the work carried on by the Foundation the past several years, and long after your evening's entertainment is but a happy memory, the money you have spent for a ticket to the ball goes right on working to bring happiness to others.

Table reservations may be made with Troy Noel or J. B. Huckabee.

Had a nice letter from Mrs. Della Huckleberry down Angelo way this week. Reported lots of moisture there. She sent us a bunch of poetry and we wish to again explain that this is just a medium sized country weekly, with mostly local news, and as we are not a literary publication, we can't handle poetry. We are publishing one she dedicated to her son who gave his life for his country.

Chas. Matthews Believed To Be Lost On Sub

Mr. and Mrs. J. M. Matthews of Stephenville, (formerly of Terry county) received word from the Navy Dept. that since nothing had been heard from the submarine Pompano in 27 months, it would be presumed their son, Cleo L. Machinest Mate 1st class, would be deceased. Cleo entered the Navy February 6, 1940, had several months training at Norfolk, Va., and New London, Conn. He was in the Pacific at the time Pearl Harbor was bombed.

The sub patrolled on the shores of Japan in the early stages of the war. He received a number of commendations for bravery. Cleo was home last time in Nov., 1942., at which time he told many of their experiences.

He leaves besides the mother and father, four brothers, Robert, recently discharged from the army; John, in the merchant marines; and Lowell and Gail, at home. Also two sisters, Mrs. J. T. Hudson, Jr., of Seagraves, and Mrs. Geneva Emerson of south Terry county.

Our Junior High Band

The Junior High Band is proceeding very nicely, and expect to start playing marches very soon. On January 16 we elected officers which are:

President, Bobby Helen Brian; Vice - President, Graves Nelson; Secretary, Deenie Ballard; Treasurer, Edward Lee Courtney; Reporter, Lanny Jim Webb.

Our Band Leader is Mr. Clifford L. Horn and we have forty-three members. Our instruments are: bass horns, French horns, clarinets, trombones, bass drums, snare drums, flutes, baritones, alto horns, saxophones, bells, trumpets, and cornets. We expect to do big things in the future.

Lanny Jim Webb, Reporter

1945 Farm Income Highest On Record

Farm income for 1945 was twenty and a half billion dollars, according to an estimate just released by the Bureau of Agricultural Economics. And so, for the seventh consecutive year, agricultural marketings increased over the previous year. For the four war years farm income totaled seventy-five billion dollars. The figure for 1939, the first year of the current upswing, was a little less than eight billion. Economists of the U. S. Department of Agriculture, though, are predicting that farm income has reached its peak and they look for 1946 to be a little under the 1945 high.

State Veterans Officer Here Tuesday

Fred T. Haddock, of El Paso, Regional Field Representative of the Veterans State Service Office of Texas, was a Brownfield visitor Tuesday. While here, he discussed various problems arising in his line of work with C. L. Lincoln, local Veterans Service Officer. Mr. Haddock's territory embraces an area of thirty-three West Texas counties.

Mr. Haddock, who is highly trained in all matters pertaining to Veteran's affairs, urges any Veteran who has a particularly difficult problem that cannot be solved locally, to write him at his office which is located in room 313, County Courthouse Building, El Paso, Texas.

Mr. Lawrence Stewart, of Houston, was here over the weekend visiting friends and relatives.

Mr. and Mrs. David O. Burnett are here with their parents, Mr. and Mrs. Ernst Burnett, until they get located. Mr. Burnett has just received his discharge papers from the army after serving with a tank battalion in the ETO.

POLITICAL ANNOUNCEMENTS

Kissinger Wants To Be Your Commissioner

To the Citizens and Voters of Precinct 2: After due consideration, I have decided to make the race for Commissioner of Precinct No. 2, Terry county.

As this is my first time ever to ask for public office, I solicit your vote and influence, and hope to see each and every voter before the primary. If elected, I assure you, I will try to do my duty in all parts of the precinct and for Terry county.

Respectfully,
G. E. Kissinger

W. E. (Willie) Winn Announces For County Clerk

I wish to take this means of announcing my candidacy for the office of County Clerk, subject to the action of the voters at the July primaries.

I have been a resident of Terry County since 1906 and feel that I am qualified to handle the duties of the office. If elected, I promise to serve to the best of my ability. This is my first time to ask for public office and in my campaign I will try to see each and every voter between now and the date of the primary election. In the meantime, I earnestly solicit your vote and influence.

Respectfully yours,
W. E. (Willie) Winn

Longbrake Withdraws From Race

To The Voters of Terry County: It is with deep regret that, due to unforeseen circumstances, I find it necessary to withdraw my name from the list of candidates for the office of Tax Assessor-Collector.

I wish to thank all those who had considered supporting me in the forthcoming election.

Yours respectfully,
Emery E. Longbrake

FFA Boys Working For Lone Star Degree

Future Farmers in the Brownfield Chapter are working hard to obtain the degree of Lone Star Farmers. This is the highest state degree awarded in Future Farmer work. The following ten boys from the Brownfield chapter have a good chance to win this award: Jerry Alexander, Alfred Bond, Carroll Brigrance, Curtis Chambliss, L. G. Chambliss, William Clements, Douglas Gibson, Billy Green, D. A. Key, Douglas King.

Some of the things a boy must do to obtain this degree are: Earn and invest \$250 from his farming program; show leadership, ability, high scholarship; improve agriculture in his community; and complete three years of Vocational Agriculture in school.

Boys receiving this degree are given a golden key from the State office and an area banquet is held for them in Lubbock. In the last four years 12 boys from the Brownfield chapter have been awarded the Lone Star Farmer Degree.

Sgt. Moorhead Is Being Discharged

Santa Ana Calif.—S/Sgt. Homan Moorhead, son of Mrs. Gladys Moorhead, 315 N. 5th St., Brownfield, Texas, was honorably discharged today from the separation base maintained here by the Army Air Forces. Sgt. Moorhead is a veteran of 38 months of service in the Air Forces.

The Commanding General of the SAAAB, declared: "Service with the Army Air Forces has marked its members with the high qualities of leadership and ability which produce Victory. These men of the AAF will be foremost in their community in meeting the problems of peace, just as surely as they met the problems of war."

First National Bank To Handle Vet Training Program

According to Clovis Kendrick of the First National Bank, his firm is now prepared to train a limited number of returned War Veterans in the banking profession. According to available information, it is believed that the First National is the second bank in the state to affiliate with this plan.

Known as the Veterans Vocational Rehabilitation Plan, the Veteran is paid what is normally the usual wage for a beginner and the government pays the difference to bring the pay up to par with a fully trained employee. As the Veteran gains in proficiency, the employing firm increases the salary and the government decreases its part by the same amount. This continues until the veteran is fully qualified and the employing firm is paying the entire amount.

Numerous other Brownfield firms are now taking steps to set up a training program with the same agency and it should be possible in the very near future for a veteran to receive training right here at home in any field he should choose to follow.

Mae Gene Bevers Win Dunlap Scholarship

Lubbock—Twenty recipients of the Dunlap Stores Scholarships at Texas Technological College for the 1945-46 session have just been announced by James G. Allen, dean of men.

Winners, graduates of high schools in Lubbock trade territory, are: Martha Apple, Ropesville; Maxine Becton, Petersburg; Mae Gene Bevers, Brownfield; J. W. Chatwell, Sudan; Gail Coats, Lubbock; Frances Lee Grigsby, Amherst; Gene Don Harral, Wolf-orth; Dolores Hodges, McAdoo; Jean Holt, Slaton; Mary Ann Hurst, Abernathy; Doris Dean Irvin, Ralls; Jack Lancaster, Post; Bobbie Joe Lewis, Hale Center; Harvey W. Mason, Post; John Olen Moore, Hale Center; Dwight Perkins, Lockney; Mary Bell Richards, Lubbock; Rosalyn Schreier, Olton; Peggy Ruth Smith, Wilson; Mary Jane Stucker, Plainview.

The scholarships are awarded to high ranking graduates from high schools in Lubbock, Crosby, Floyd, Hale, Lamb, Hockley, Terry, Lynn, and Garza counties which graduate 20 or more seniors.

District Court Has Busy Session

The District Court with Judge Louis B. Reed presiding, disposed of several cases here this week. A jury, in the case of C. L. Buckner, against George Swint, Jr., of Real County, returned a verdict Wednesday morning for the Plaintiff for \$950.00 sustained when defendant's truck ran into the rear of a peanut thresher, being towed by a tractor owned and driven by Buckner, about 20 miles west of town last February. The evidence showed the thresher was demolished, but slight personal injuries to either. It also appeared that the thresher and defendant's truck, driven by a 19-year old youth coming east met a convoy of some 25 busses being driven from an eastern factory to Los Angeles for delivery, at the time, allegedly distracting attention of the defendant's driver. The trial consumed two days.

Several divorce cases, two of which were contested, were disposed of.

Pfc. Jack Walker is a patient in the army hospital in San Angelo, Texas.

Victory Clothing Collection Progressing

The Victory Clothing Collection for Terry County has been in progress three weeks and a large amount of clothes have been donated and collected for shipment to the destitute people of the foreign countries.

The collection in Terry county will end on January 31 and all who have anything to donate are urged to get the clothes in to the various collection agencies before the deadline. The schools in the county have been helping collect the clothing as well as other organizations. Many people from our civic clubs have donate considerable time in working on this project and in the city the Cub Scouts and Girl Scouts have done a lot of work in actual collection canvasses.

The four Tailor shops, Sid's Noel's, City Cleaners, and Havran Cleaners have served as central collection places and are to be thanked for their part in this worthy undertaking, as well as all individuals and organizations who have helped, Virgil Crawford, drive chairman, stated Wednesday.

Graham And Stafford Buy The Bandy Produce

It was announced last week that Messrs. H. R. Graham and A. T. Stafford had purchased the Bandy Produce business on west Main and had taken charge. This is a well established business, and a going concern.

Before coming here these gentlemen had long experience in the produce business, and they propose to carry on the same policies established heretofore, which include fair and courteous service.

David E. Stevens Has Returned Home

We had notice this week that T/5 David E. Stevens, who volunteered from Terry county in Oct. 1942, has been discharged at Fort Bliss and returned to his home at Leonard, Texas, Dec. 23. He trained at LAAF, Lubbock, and Bryan Air field as an engineer, as well as Ft. Claiborne, La.

He saw service beginning in 1944 in New Guinea, Leyte, Luzon and Tokyo. He wears the American and Pacific Theatre ribbons with three battle stars; Philippine Liberation ribbon, good conduct, meritorious unit, victory medal and presidential citation.

Tokio Boy Getting Out of Army

Pearl Harbor, T. H.—Pfc. Enich A. James, son of Mr. M. O. James, of Tokio, Texas, is one of 1,158 high-point Army veterans whom the Navy is returning to the States for discharge aboard the USS Kitkun Bay, a carrier of the "Magic Carpet" fleet. This ship left Okinawa, December 30, and is scheduled to arrive in Seattle about January 16.

The USS Kitkun Bay operated in the U. S. Naval attacks on Saipan, Tinian, Guam, Peleliu, Uii-thi, Leyte and Luzon. In the final phase of the war against Japan, planes from this carrier participated in the aerial bombing of cities and interior communications of the Japanese home islands.

Mrs. E. A. Baldwin was in this week to have the Herald sent to her brother, Pfc. R. L. Anderson, now training at Greensboro, N. C.

Mrs. Roy Herod took Mrs. Buddy Gillham to Abilene Monday where she met her husband, Buddy, Wednesday. He called from New York City, Sunday, saying he would receive his discharge papers from Ft. Sam Houston in San Antonio the first of the week. He has been in the occupational forces in Germany.

January 31st Deadline Date For Tax Payment

Next Thursday, the 31st, is last day on which 1945 taxes may be paid, without a penalty. On February 1st, the law automatically add 10 percent penalty on taxes not then paid. Also it's the last date on which to pay Poll taxes, without which one cannot vote in the 1946 primary or general elections, which elect Congressmen, Governor, and other state and county officers.

Those over 60 years of age, and those becoming 21 before election day and since Jan. 1st, 1945, and veterans of World War II, do not have to pay poll taxes for this year.

Vet's Rental Service Now In Full Swing

C. L. Lincoln, County Veterans Service Officer, states that numerous calls for rooms and apartments by ex-servicemen and their families have been made since the recent establishment of this service by his office. The demand still greatly exceeds the supply and this condition is expected to prevail for some time to come.

Mr. Lincoln is now perfecting details of a service that will operate in a similar manner to the renting of rooms, apartments or houses, except in this instance the service will be for Veterans desiring to rent farms. As a matter of fact, Mr. Lincoln is now ready to list the names either of landholders with farms or veterans wishing to rent them and urges all interested parties to call on him at his office in the Covey Building at their earliest convenience. The Veterans Service Office makes no charges to either party and steps out of the picture after the owner and prospective renter have been introduced, leaving further details and arrangements entirely up to the two contracting parties.

Jake Martin Would Get Hungry

A. G. Brantley pulled a pretty good one on Jake Martin, the boy that accidentally shot himself last week. A. G. came in to renew and announced that he was on his way to the hospital to see Jake.

Mr. Brantley stated that he had known the Martins for several years, but that his wife had known the family longer, and they were quite near neighbors out in the Tokio community. Jake came quite often when a small fry to play with the Brantley baby.

All at once, Jake would suddenly straighten up, and say; "well, I guess I'd better go home as I am getting hungry."

After a bit of teasing, Mrs. Brantley would fix him a sandwich and no more would be heard from Jake about being hungry. Now don't you go and say you never acted that way when you were a kid. You did and we did.

Lt. Jim Neill Back Home For Keeps

Lt. Jim Neill, after 43 months with the Air Corps, recently with Air Transport Command at Camp Dix, N. J., came in last Saturday, with an inactive status. He is visiting this week with his parents here, the Geo. W. Neills.

Jim was born and reared in Brownfield, achieved some note on the high school football team here in the early thirties, and later with the Tech Red Raiders, and with the professional New York Giants.

He married a Lamesa girl two years ago, where he coached just before entering military service, and has not announced any plans for the immediate future.

Tech Sgt. Ernest Ray Burnett sailed the 15th of this month from Leyte and is expected home soon. His wife and baby are anxiously counting the days until his arrival here.

Plans Complete For Rotary Park

At last Friday's meeting, Riley Carlton, local Rotary Secretary, presented for the club's approval, layout plans for the proposed Rotary Park, which is to be located in the north section of town just south of the Roy Phillips Gin. The City has purchased an entire block of land upon which the park is to be located. Landscaping and equipment is to be financed by the Rotary club. Plans were drawn up by the Brownfield Nursery. Actual work on the park is to begin as quickly as possible.

Guests at last Friday's meeting were: Frank Wilson, Vernon, Texas, and Maj. Truett Flache, Dr. Miller, Paul Campbell, and T. L. Lowe. Roy Phillips, a new member, was present for the first time. The club is enjoying a steady growth and practically every type of business and profession in the city is now represented in the club's membership.

The club's most recent members gave short autobiographical sketches which were enjoyed by all. Each speaker admitted that he was speaking on his favorite subject and as a result, a great deal of care and preparation went into the making of them.

Cubs Den Duns Us For Our Subscription

After opening the Cubs Den this week, the first item that caught our eye was that we are asked to ante for our subscription and all the time, we thought we was one of their exchanges. Anyway send a collector and we'll dig up.

In another place we found that the senior class has elected Billy Dean Erwin and Gene Thompson as favorites for the 1945-46 class. We don't know Billy Dean very well, but have known Gene since she was a baby, and we cast our vote for her too.

There is a lot of other news of interest in the last issue, and the writer was particularly pleased to see the fine article supporting the proposition of a canteen for the youngsters.

We must provide some amusement for the kids. On the streets until a late hour without benefit of a chaparone, or parked out on the highways in a car is the result of our stinginess and selfishness in not providing a place of recreation.

Will C. Brown To Be Home Soon

Had a letter this week from Will C. Brown, who has been handling mail for Uncle Sam's navy for the past two or three years. He is now working on one of the "Magic Carpets" bringing the boys home.

Will C. hopes to be home now pretty soon, himself, and has his paper changed from FPO San Francisco to Brownfield. He was an employe of the local post-office for several years before entering the navy.

Tom Collins Visits The Herald Office

Every now and then we get a few minutes chat with a real old timer. Such a fellow was Tom Collins (not the kind you drink at bars) of near Seagraves, and his son, last week. Tom lived in the old Meadow community in the early days. In fact he stated that he attended school when our brother, J. T. Stricklin, now of Fort Worth, taught the school there about 1917-18.

Tom just has a few teeth the dentist has left him on the upper right hand side, but he ate about three packages of roasted peanuts without much trouble. Tom remembered all the old timers around old Meadow.

Mesdames Harvey Gage and Roy Jenkins were in Dallas this week for spring market.

Mesdames Arch Fowler, Ed Sharp and L. J. Dunn, Sr., were in Lubbock Friday visiting and shopping.

A life story of Gen. Ike Eisenhower is running in dailies, from his birth in a two story home in Denison, Texas, through childhood at Abilene, Kans., and to the present big job as head of US army at Washington. The story is interesting but has unnecessary detail, such for instance, the one stating Ike disliked being aroused from his morning slumber to do such unlikelike chores as building a fire in the kitchen stove, cold mornings. We arise to ask, what boy did? Nowadays, even with a match and natural gas, they don't like it. Our grandson is an exception to the general rule—but look who he is. But back to Ike's boyhood, lighting fires was no such simple process as striking a match, turning on the gas, and there you are. You started with kindling. Maybe it was a bit damp, and you had to be sparing with kerosene, as well as careful. Ask any man from 50 to —?. Then you gradually got a weak looking blue-yellow blaze to going while you shivered and shook. We'll bet that writer never started a fire in a kitchen stove with damp kindling. So, we don't hold a dread of starting fires against General Ike. Maybe he thought of those fire startings when a lot of war wives cornered him one day this week.

Evidently Senator Tom Connally of Texas thought he was going to London to help write the story and the mandates of the USO. But he has been besieged over there by service men who want to come home, and can see no reason why men in the USA who have never been overseas can't be sent over to take their places and let them come home. So, Sen. Tom relayed his message to the Chairman of the Military Affairs Committee. Anyway, maybeso the GI's in England and elsewhere have something there.

That great lot of consumer goods that we heard so much about just before the new year came in, goods that manufacturers were holding out on until the new taxing rate became a law Jan. 1, have failed to show up. If there was any such, they still have them. We mean radios, washing machines, electric refrigerators, etc. They are not on the retail market; that's a cinch.

Magazine articles state that European people hold the US responsible for their hunger and nakedness. Who started this war, anyway?

Mr. and Mrs. Roger Curry were dinner guests of his brother, Mr. and Mrs. John Curry and family, in Tahoka, Saturday evening.

Capt. Layton A. Webb, of Roby, spent Sunday and Monday with his aunt and uncle, Mr. and Mrs. Mon Telford. He has just arrived in the U. S. after two years of army life in India.

Mr. and Mrs. Bud Patterson and son, Buddy, moved here Friday from Odessa to make their home.

Mr. and Mrs. Leo Holmes, and Mr. and Mrs. Sawyer Graham were in Lubbock Sunday, to visit Aut Graham who is a patient in the Lubbock General hospital.

SIDELIGHTS
From Washington

By George Mahon

A newspaper friend who carries this column told me in Texas the other day that I should try to give my little weekly reports a more personal touch. Here goes.

Prior to returning to Washington for the present session of Congress, I went by the old home place two miles north of Loraine in Mitchell County to tell my father goodbye. He has lived on this same farm for 35 years. He is 95, but his health is good and he is still active in the management of the farm.

When we eight children were growing up on the farm, my father was always able to see plenty of things that needed to be done, even on rainy days. Well, his eye-sight is still good. He amazes the family by reading his morning paper without his glasses. If he has any, they have long since been misplaced.

When he stood out in the front yard in the snow and waved "good luck to you" as I drove away, I noticed he was wearing what I call the Texas Tech trousers.

Here is the story about that: After being first elected to Congress in 1934, I was presented with a suit at a special ceremony at the fair grounds in Lubbock. I prized it very highly because it was given to me by the college and the city, and I first wore it when I took the oath of office in Congress in 1935. The wool for the suit was sheared from the sheep at Texas Tech and made into cloth at the college. After wearing the suit for five years, I gave it to my father, and he is still wearing it. I know that a lot of people would be very happy if such high quality and workmanship could be found in present day garments.

There was nothing encouraging for relatives of men overseas in the personal report given to a joint meeting of Members of the House and Senate last week by General Eisenhower and Admiral Nimitz. They gave a full statement on the over-all personal hardship and injustice—cases in which Members of Congress and the people generally are most interested.

Officials of the Armed Forces freely admit that following the original plans made after V-J Day, the demobilization program was speeded up far in excess of Army-Navy plans. There is no doubt but that this was done because of the numerous pleas and demands of Members of Congress, the people generally, and the servicemen themselves.

A person who has not talked with servicemen overseas can hardly realize how desperately anxious these men are—especially those who have been long overseas—to return home to their families. In an effort to be helpful to these men, I have conferred personally with the President and others and will continue to avail myself of every possible opportunity to be helpful to them.

Between May 12 and mid-January approximately 6,772,000 servicemen were discharged. General Eisenhower said that not until June 30 will all enlisted men with two years of service be discharged or on board ship bound for home to be discharged. He said that enlisted men with 45 points or 30 months service will be discharged or on their way home by April 30.

On each Wednesday noon, Texas members of Congress have lunch together for the purpose of discussing matters of general interest and meeting guests from Texas. We had our first meeting for 1946 last week. Congressman West of Brownsville, Chairman of the Delegation, was absent, and as the next man in line for the chairmanship, I acted in his stead. Among the matters discussed were the critical strike situation, the demobilization program, and the condition of Congressman Fisher of San Angelo, who was critically injured in an automobile wreck in Texas.

Be a soil conservation enthusiast.

TRADE OLD CLOTHES FOR NEW FRIENDS!

**WHAT CAN YOU SPARE
THAT HE CAN WEAR?**

● Clothing that you may consider old can bring new life to some suffering family to whom war brought years of despair and utter destitution.

Bring them new life . . . and bring America new friends!

Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: *Every garment you give means one more human being saved from cold or sickness or possibly death.* Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

Dig into your attics, trunks, and closets *today* . . . dig out all the clothing you can spare . . . take it to your local collection depot *now*. If you doubt the need for it overseas, ask the boys who've been there!

What YOU Can Do!

- 1** Get together all the clothing you can spare.
- 2** Take it to your local collection depot immediately.
- 3** Volunteer some spare time to your local committee.

Dig Out Your Spare Clothing *TODAY*

State Health Dept. Approved for Training

Austin, Texas—An official announcement from the State Committee for Approval of Educational and Training Institutions has been received by Dr. Geo. W. Cox, State Health Officer, designating the Texas State Department of Health as an approved vocational training agency for veterans.

Training offered by the State Health Department will include sanitary engineering, entomology, technician, water and sewage plant operation and typhus control.

Veterans who meet the eligibility requirements under the "G. I. Bill of Rights," ages 20 to 40, with at least a high school education and physically fit for field work may apply for this training. Applicants should be men who desire to make sanitation or some other phase of public health activity a career or life work. Applicants who have been accepted will receive such training allowances as is provided under the "G. I. Bill of Rights"; for instance, \$65 and \$90 per month, depending on marital status, which amount may be

Gonna Walk All Over God's Heaven...

A SMALL BOY'S DREAM. You've seen children gaze at toys, or candy, or Santa Claus,—as starry-eyed as this little boy gazing at a pair of shoes in the window of an UNRRA distribution center. He is dreaming of having these wonderful shoes, donated by some American boy, for his very own. How they would transform the rough, rubble-strewn roads he must walk! Tie shoes securely together and give them to the Victory Clothing Collection for overseas relief.

Texas and Annexation

THE SENATE REJECTS THE ANNEXATION TREATY

(Twelfth in the series of articles by Dr. Eugene C. Barker, Professor of American History, the University of Texas.)

President Tyler sent the annexation treaty to the Senate on April 22, 1844. In his message of transmittal, he sought to emphasize annexation, arguing at the same time the right to annex and the danger of British interference, if annexation now failed. "The country itself thus obtained," said the President, "is of incalculable value in an agricultural and commercial point of view. To a soil of inexhaustible fertility it unites a genial and healthy climate, and is destined at a day not distant to make large contributions to the commerce of the world." Commerce, manufacturing, and navigation would enjoy a growing profit from the connection; this was an appeal to the eastern states. The west would find a market in Texas for their beef, pork, mules, horses, and wheat — his idea being that Texans would devote themselves to cotton raising. The South would benefit by security from interference with slavery by domestic and foreign agents. "Nor do I indulge in any vague conjectures of the future." He thought the conclusion inevitable, that "if the boon now tendered (by Texas) be rejected, Texas will seek for the friendship of others." Texas had maintained her independence for eight years, he said, and Mexico had no right to consider annexation an act of aggression. There was nothing new in the President's argument, but he made a capable summary of all the considerations involved.

Apparently President Tyler had good reason to believe that the Senate would promptly ratify the treaty when he so assured President Houston in October, 1843. Ex-President Jackson wrote Houston from the Hermitage that his friends assured him that thirty-nine senators would vote to ratify, while only thirty-five would be required. Six months passed, however, before the treaty went to the Senate, and by that time the national conventions were on the eve of nominating presidential candidates. It was an unpropitious time to ask a senator to vote his convictions on a controversial subject. Six weeks dragged by while the Senate hesitated and deferred a vote. On June 8, however, a vote was taken, and the treaty was defeated 35 to 16. Of the 35

negative votes, 15 came from the slave states. Normally they would have been cast for ratification, but Henry Clay, the Whig candidate for the presidency, had declared against immediate annexation, and the southern Whig Senators followed the party, believing, no doubt, that there would be another chance to annex Texas when the political strain would be less tense. Even Benton, the Democratic Senator from Missouri and a friend of Andrew Jackson, voted to reject the treaty, and explained his reasons in a disingenuous speech that convinced nobody, probably not even himself. Presumably, he wished to prevent Tyler from attaching his name to the measure which Benton had periodically advocated for a quarter of a century.

On June 10, two days after the vote in the Senate, President Tyler sent all the papers concerning Texas to the House of Representatives and asked for annexation by an act of Congress. The date of adjournment was already set, and he knew that Congress would not act, but he wished to leave the question pending before the country. It had already become the leading issue in the national presidential campaign.

Our recent effort to create a fact-finding board for this county is temporarily abandoned. It was strongly opposed by Union No. 13, who claim it would destroy our grapevine gossipers and interfere with social enterprise. They point out there is more joy in a hot rumor than in cold facts. Sorta like pursuit is happier than possession, and besides, this is election year.

INSPECTORS CAPTURE FOUR ILLICIT STILL

Texas Liquor Control Board Inspectors in December reported the seizure of 4 illicit stills.

Destruction of the still, which had a cubic capacity of 160 gallons, prevented the potential evasion of \$3,526.40 in State taxes.

With the stills, inspectors captured 220 gallons of mash and made 3 arrests. 3 3/4 gallons of moonshine liquor were destroyed.

One still was taken in each of the Counties of Jones, Red River, Harrison, and Anderson.

The war created an extra drain on the soil.

How Well Has General Electric Met These Objectives?

HIGHER WAGES

Here's how General Electric's increased production and efficiency have affected G-E workers. Average hourly earnings for men, not including overtime pay, have gone up as follows:

1936	\$.73
1937	.81
1938	.87
1939	.86
1940	.85
1941	.89
1942	.96
1943	1.05
1944	1.09
1945 (Sept.)	1.09

Overtime pay gave G-E workers more on top of this. G.E. has made jobs for nearly three times as many. 61,781 worked for G.E. nine years ago. In 1945 an average of 145,000 had jobs at G.E. and at much higher pay.

LOWER PRICES

G.E. has an obligation to a second group of people—the public. The public wants improved products at fair prices. "More goods for more people at less cost"—G.E.'s goal—is not a part-time assignment. It is a job for management and worker alike if G.E. is to keep growing, keep raising wages, keep making more jobs for more workers. A few figures show typical price decreases:

Refrigerator	
1935	\$199.00
1941	129.95
Lamp	
1935	.15
1945	.10 (PLUS TAX)
Transformer	
1935	76.32
1941	69.30
Motor	
1935	12.80
1941	8.50
Radio	
1935	47.50
1941	27.95

FAIR PROFITS

G.E. during the war earned 4.7¢ on each dollar of sales. Of this, 4.1¢ was paid to its more than 200,000 stockholders and the remaining six-tenths of a cent on each dollar was retained in the business to assist in carrying on and expanding its operations. All money earned over this 4.7¢ was turned back to the U. S. Government. G-E cost-saving methods had made war goods for less money than the Government expected. These dividends have been declared per share of common stock since 1936:

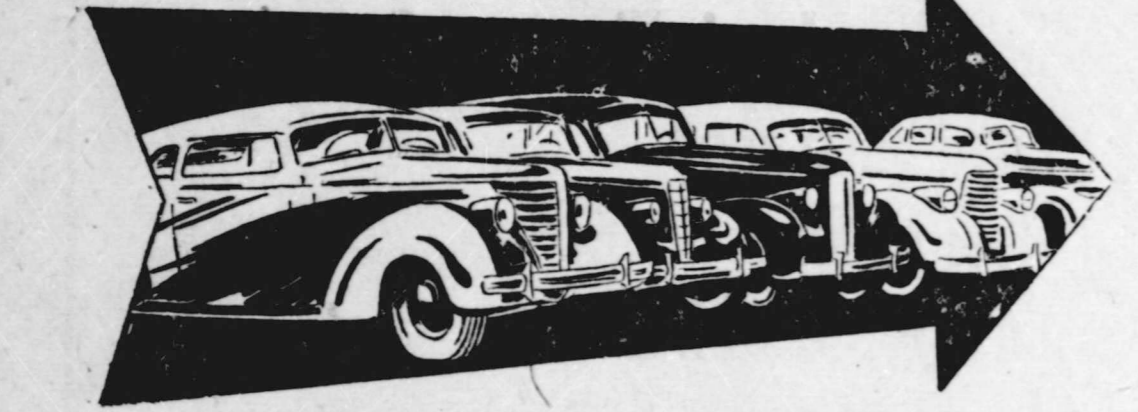

1936	\$1.50
1937	2.20
1938	.90
1939	1.40
1940	1.84
1941	1.75
1942	1.40
1943	1.40
1944	1.40
1945	1.60

GENERAL ELECTRIC'S OBJECTIVE has been to keep prices moving downward, keep wages going up, and to earn a fair profit. This calls for volume production, more efficient work and methods. With the help of every single employee, General Electric believes it can show our country, as it did in wartime, an example of American enterprise at its best.

Sandage Gives His Ideas On Prosperity

We like to know what GWN is thinking; a frank exchange of ideas promotes understanding, friendship and progress.

No doubt some people would like to ignore the gloomy headlines and the ugly mess the world is in.

We must face facts as they are. The people can do little except form public opinion. Our soldier boys surely did not expect to find conditions in the deplorable mess that they now are—labor troubles and more labor troubles. Neither

labor nor management should defy the president. Senator Taft has said that no one except Stalin has been able to stop strikes. The fact is that "us" common citizens of Texas have been voting for a man who told us four years ago that he had put a stop to strikes in Texas and surely Sen. Taft has heard of this man, and of course a man in politics can not afford to lie.

Speaking of politics, I would like to see several world war II veterans in the race for office. Get in there boys and pitch and show the people that you can do as well in politics as you did on the battlefield. We "stay at homes" really have let things get in a

mess and if the service boys take over they can't do much worse. The politicians are going to build G. I. a highway—maybe—but G. I. is asking for a house, not a highway. Much has been said about jobs for the G. I., and he should have a job—not a dole or a picket line.

But the fact is, that all citizens who are willing and able to work are entitled to a job whether they have had military service or not. If no one except ex-service boys have employment, then there would be a lack of purchasing power, and that would mean no demand for what the service boys produce, and who would pay taxes if civilians do not have employment.

I would not like to see the time when the ex-service boy would have to look to a bunch of flag wavers and politicians to get a job. We have had too much favoritism in some respects during the war and let's not continue favoritism. When we read what some of the big shots say about saving the country and helping the G.I's, nowhere is there any mention of "thrift". The whole idea of economy is absent. Some seem to think that the whole idea of economy is folly, because Uncle Sam will take care of us.

But Uncle Sam is, after all, we, the people. Whatever we get from him, is our own money—from taxes. To prevent disaster, the sense of thrift, in public and private life, must be restored. And thrift in county, state and national affairs is the more important.

The system of free enterprise in our country has never been able permanently to abolish unemployment except in a period of all out war. Nor has it ever been found possible permanently to prevent depressions. In case of a depression the ex-service boy will have to suffer with the balance of us, because there can be no prosperity for him, unless the country as a whole is prosperous. If and when a depression comes, here's hoping the tax-collectors will join the CIO and go on a strike, or does a

George F. Price, Farm Labor Field Representative of the A. & M. Extension Service, was here Tuesday inspecting the local Transient Labor Reception Center. From all accounts, Mr. Price was very favorably impressed, both with the existing camp and the plans for future construction.

Swine Improvement By Future Farmers

The Brownfield Future Farmers in 1943 decided to try and improve the hogs in their community. Many of the boys had pure bred hogs but few of them had registered hogs. They decided to use the rotating gilt plan for this improvement.

Money was taken from the chapter funds and three registered Duroc gilts were bought and given to three Future Farmers. The boys receiving gilts agreed to give back to the chapter a registered gilt from the first litter, to be given to other boys on the same plan.

In 1944 another gilt was added to the program, being bought by money won in a Sears-Roebuck contest, so that year four boys received registered gilts.

In 1945 five gilts were added to make a total of nine to be given. Harmon Scales, a registered Duroc breeder in the county, gave three registered gilts to the Future Farmers to be added to the program and two gilts were bought with money won in a Sears Roebuck contest. The nine gilts owned at this time are Durocs, Berkshires, and Spotted Poland Chinas.

The following boys have the gilts: Billy Green, Nelson Brigrance, Curtis Chambliss, Carroll Brigrance, Billy Erwin, Douglas King, Joe Bartlett, Billy Anthony and Wyndell Miller.

The rotating gilts have helped build the swine program and other pigs sold from the gilts have made the boys a nice profit and greatly increased the number of registered animals owned by the boys and farmers in the county. Twenty-five Future Farmer boys now own 29 registered gilts or sows to be used for breeding purposes.

Many of the boys plan to show their hogs at the Junior Chamber of Commerce Hog Show to be given here March 2.

Livestock Show At El Paso In March

El Paso, Texas—National cattle breeding organizations will participate in the 17th annual Southwestern Livestock Show, which will open here March 26, it was announced today by E. Jay Dittmer, general manager. Total premiums have been increased to \$12,000 in contrast to \$2200 in prize money that was paid at the 1945 show.

Among the national organizations that will enter the 1946 show are the American Hereford Association, American Aberdeen-Angus Breeders Association, and the American Shorthorn Breeders Association.

In addition to the major beef breeds, there will be a junior show, with fat calves, swine and sheep on display. Future Farmers of America and 4-H Clubs from all over the Southwest will participate.

Our taxes would be a lot higher if we had to pay on the basis of what we thought we were worth.

We see where the Young Democrats of Texas want to punish everyone who did not support Franklin D. Roosevelt for a fourth term. Youth is usually progressive in its thinking, and for the most part is liberal in its political belief. Just how many young men and women are interested in the Young Democratic organization, we are unable to say. But the organization is right next to the CIO throne, and therefore no doubt speaks the sentiment of that organization. What about Democrats who fought for Roosevelt through one term, and through two terms, and through three terms, but saw the hand of fate and time descending upon this man, and asked that he step aside rather than die in office? When has it come about that it is a crime in Texas to have a thought on politics or religion, or economics? History will prove that those who try to put the brass collar on the people always wind up in ultimate defeat. Unfortunately the Young Democrats have a ruthless taskmaster in the form of CIO, which will bring this group to a disastrous end. Furthermore, Young Democrats should remember that Roosevelt was never a strict party man, and did not hesitate to step outside the ranks of the Democratic party for help. —Canyon News.

Legion Groups Hit New High

Indianapolis, Ind.— Behind the 1946 membership landslides of The American Legion and its affiliated organizations is the story of record-breaking enrollment performances during 1945.

Final 1945 membership figures now available show that all-time highs were established by the Legion, its Auxiliary, the Forty and Light, and the Eight and Forty. The Sons of the American Legion showed an increase for the second consecutive year.

The final 1945 records are: American Legion, 1,667,742, a gain of 241,819 over 1944.

American Legion Auxiliary, 634,822, a jump of 62,412.

Forty and Eight, 64,016, an increase of 6,607.

Eight and Forty, 10,132, an addition of 681.

SAL, 46,258, a gain of 2,670.

Total number of Legion posts in 1945 rose to 13,041, a gain of 800. Auxiliary units reached 9,765, an increase of 441. Forty and Eight units totaled 750, a gain of 11. Eight and Forty salons numbered 294, a gain of 13. SAL squadrons rose to 3,488, a gain of 38.

Mr. and Mrs. J. H. Carpenter spent Sunday afternoon in Lubbock visiting with Mrs. Carpenter's father, L. F. Tannery, her brother, Z. Tannery and her sister, Mrs. L. P. Simpson.

Deficit, and debt reduction, to be paid from cash in the treasury.

Mrs. Dallas Sends A Beautiful Poinsetta

Mrs. W. H. Dallas sent in an order this week for the Herald to go to her son, Clyde, at Los Angeles. Which reminds us that Mrs. Dallas sent the wife of the Old He one of the prettiest poinsettias we have ever seen, at Christmas time.

By the way, we recently read just a bit of history of that beautiful plant. It seems that way back in the early period of our country, a gentleman by the name of Poinsett, of South Carolina, was sent by the then President of the US as ambassador or minister to one of the south American countries, where this plant grew. He was a lover of flowers.

When Poinsett returned he brought some of the plants, but they have to be hot housed in most of our country, yet from this start, this beautiful plant that reminds one so much of Christmas, spread over the country and bears his name.

FOR SALE: G. John Deere and equipment, both in good condition, at John Deere House, Bern Floyd.

A bunch of us fellows are going to get our wives together some night and have a big evening—just as soon as we can decide where to leave them.

So goes the topsoil, so goes the people.

Mr. and Mrs. M. J. Craig and Jean and Mr. and Mrs. A. G. Green, of Tatum, visited Phm 3/c end. Robert Lee is a patient in the naval hospital in Norman, Oklahoma.

Word was received Tuesday by Mr. Maury Lewis that his brother, T. D. Lewis, was killed Monday night in a car accident. Funeral arrangements were incomplete when Mr. Lewis left Tuesday afternoon. T. D. was a former resident of Brownfield, about five years ago.

Mr. Terrill Isbell is out of town on business this week.

Vernon Brewer has recently been named by the Tahoka school board as superintendent of their school. For many years, Vernon was a member of the faculty here, and he has a host of close friends and well wishers here.

Among the new readers since report last week, are A. W. Turner, city; H. V. West, Meadow; A. W. Fore, Rt. 2, city, and for his son at Kingsboro, Calif.; W. F. Snitzer, Plains, and Ollie Warren, Longview, Texas.

Likens Dimes Drive to War on Axis

General of the Army Dwight D. Eisenhower endorses the March of Dimes, conducted January 14-31 by the National Foundation for Infantile Paralysis as a "fitting tribute" to the memory of Franklin D. Roosevelt. General Eisenhower said:

"There will be no question of the response from every American who understands the urgency of the appeal. In our country infantile paralysis remains as one of the scourges that we must strive to eliminate, and I am certain that the fighting services and all veterans and civilians will unite in helping to defeat this enemy just as they did in gaining the victory over the Axis in the field."

Denson and Auburg Marriage Ceremony Performed At Post

Burdett Auburg, son of Mr. and Mrs. J. T. Auburg, of Brownfield and Mrs. Joyce Denson, daughter of Mr. and Mrs. H. Kenley, of near Post, were married Sunday afternoon at 2:30 o'clock in the home of the bride's parents. Rev. A. A. Brian, of Brownfield, read the double ring ceremony.

The bride was lovely in a winter white wool dress with sprays of sequins on the bodice and the peplum of the skirt. Her accessories were of black patent. She wore a shoulder corsage of gardenias and a circlet of white narcissus blossoms entwined with white satin ribbon in her hair.

Mrs. C. C. Lee, of Post, sister of the bride, was matron of honor and Bobbie Ruth Kenley, of Lubbock was maid of honor. Each wore a corsage of white carnations. R. A. Brown of Brownfield, brother-in-law of the groom, served as best man.

A reception was held immediately following the ceremony. Guests were: Mr. and Mrs. C. C. Lee and daughter and Mr. and Mrs. M. L. Kenley, of Post, Mrs. Eugene Kenley and Elaine and Mr. and Mrs. Lewis Kenley, of Lubbock, Mr. and Mrs. Walter Mathis, of Tahoka, Mrs. A. A. Brian and Alfred, Mr. and Mrs. J. T. Auburg, Charlie Auburg and Mr. and Mrs. R. A. Brown and Nelda, all of Brownfield.

After a short wedding trip to Bryan, Texas, the couple will be at home in Brownfield.

Mr. Auburg graduated from Brownfield High School in 1937 and attended Texas Tech. He is now in partnership with his sister, Mrs. R. A. Brown, in the Auburg-Brown jewelers. Before entering the jewelry business he was an employee of Nelson-Primm Drug Co., for several years.

WOMEN'S SERVICE GUILD MEETS AT CHURCH

The Women's Service Guild of the Presbyterian church met Monday at the church for their mission study. Mrs. David Perry gave the devotional basing it on the book of Luke.

Mrs. A. T. Pickett reviewed the second chapter of the book "Pathfinders of the World Missionary Crusade." The chapter dealt with the modern student missionary movement.

Miss Vinice Steen will spend the coming weekend in Amarillo. Her sister, Miss Forrest Steen, who has been there for the past three years, will return with her and begin work as stenographer in the city hall.

Mrs. Emil Simacek, of Baltimore, Maryland, recovering from an attack of infantile paralysis that had crippled her arms and legs, demonstrates her skill with the embroidery needle for her daughter-nurse, Anna.

Anna, a practical nurse, took the FEV training course in poliomyelitis care sponsored by the Maryland Chapter of The National Foundation for Infantile Paralysis, so that she could care for her mother at home.

Despite her advanced years, Mrs. Simacek has made a good recovery under modern techniques of treatment, made possible for her in part by the American people through the March of Dimes.

WELLMAN HOME DEMONSTRATION CLUB NEWS

The Wellman home demonstration club met in the home of our president, Mrs. Clyde Heafner, Friday, January 18th, with several members eager to start working, to make our club lively and helpful during this new year, 1946.

The house was called to order by our president, Song, "America the Beautiful," was sung. The roll call was answered by "What landscape improvements I hope to make this year." The minutes of the last meeting were read, and approved. New business was decided who would be appointed for club committees. A report of the council meeting was given by our council delegate. A very interesting and helpful explanation on landscaping was given by our agent, Miss Dunlap.

Let's all put these new ideas in practice and see just what improvements can be made. Mrs. Gibbs Phillips will be the demonstrator for this community. We appreciate her willingness to do this part. Let's help her all we can.

Our next meeting will be at the school cafeteria. Come and bring someone with you.

MRS. WALKER NAMED HONOREE WITH SHOWER

Mrs. Jack Walker, who was formerly Miss Dorothy Grant, was complimented with a tea shower, Thursday afternoon of last week from 4 to 6 o'clock in the home of Mrs. C. E. Ross. Hostesses were: Mesdames Ross, Elmer Brownlee, R. M. Moorhead, Jesse Cox, Ame Flache, J. R. Watson, Claude Henderson and C. L. Balch.

Receiving the guests were: Mrs. Ross, Mrs. Jack Walker, the honoree, and Mrs. H. B. Grant and Mrs. R. L. Walker, mother and mother-in-law of the honoree. Mrs. Ame Flache registered the guests in a white satin book with streamers of white and blue satin ribbon marking the pages.

The tea table, which was laid with an ivory cloth was centered with an arrangement of white mums, flanked by blue tapers in crystal holders. Mrs. Elmer Brownlee presided at the silver tea service with Mesdames Henderson and Moorhead assisting with the serving. The color scheme of white, blue and yellow was also used in the living room with bowls of white and yellow flowers and blue candles carrying out the theme. The colors were also repeated in the corsages worn by members of the houseparty.

The lovely array of gifts was displayed by Mesdames Cox, Balch and Watson. Mrs. John H. Jenkins created a musical background with her many piano selections played during the calling hours.

DELTA HAND CLUB

Mrs. Ed Mayfield entertained the Delta Hand club with two tables of bridge, Wednesday evening of last week. At the conclusion of the games Mrs. Make Blair was awarded high score and Mrs. A. S. Mangum, second high. Mesdames Tom Crawford and Jack Benton won in the games of Bingo.

A sandwich plate and coffee was served to Mesdames Mike Blair, Wayne Brown, Jack Benton, Martin Line, N. T. House, A. S. Mangum, and Tom Crawford.

HARMONY H. D. CLUB MET WITH MRS. BARTLEY

The Harmony home demonstration club met in the home of Mrs. Bartley January 17th with Miss Dunlap, our new agent, present for our covered dish luncheon. The house was called to order by our president, Mrs. Bell. Members answered roll call with helpful hints that might benefit a neighbor about different kind of flowers and shrubs they were going to set out this spring.

For our Bible reading Mrs. Townzen read a part of the sixth chapter of Ephesians. A move was made that we would do some kind of work for the hostess each time we meet. After our recreation for 10 minutes by our chairman, Mrs. O. O. Miller, the meeting was turned over to Miss Dunlap. A very interesting demonstration was given on landscaping, and was enjoyed by all.

Those present at the noon hour were Mesdames John Gracey, Jewel Bell, Pete Ellis, Hogue, Gill, Miller, Paul Gracey, Murry, and the hostess.

BOBBIE ANN SANDERS GIVEN FAREWELL PARTY

Bobbie Ann Sanders, of Meadow, was complimented with a farewell party Monday evening in the home of Jean Pendergrass with members of the Sophomore class of Meadow High as guests. Games and contests, popular with the younger crowd, were enjoyed throughout the evening. The honoree, who is moving to California, was presented with a farewell gift from her classmates.

Refreshments of punch and cookies were served to forty guests.

ATTENTION PARENTS

Mrs. J. L. Adams, of Crosbyton, who is president of the 14th Dist., and several of her co-workers will be here at the Methodist church, January 31st for a school of instruction in Parent-Teacher work. The meeting will begin at 10:00 o'clock in the morning and continue through the afternoon, with a covered luncheon at noon in Fellowship Hall of the church. The Lamesa and Meadow organizations have been invited and during the meeting an effort will be made to organize a bi-county council, including Dawson and Terry counties.

All men and women who are interested in this work are urged to be present. Bring a covered dish of food and come for the day.

Mrs. Walter Teer left Saturday to join her husband in Dallas, who has been employed there for the past several weeks.

DISTRICT WESTMINSTER FELLOWSHIP ORGANIZED

Thirty young people of the Lamesa and Brownfield Presbyterian churches met here last Sunday afternoon in the Brownfield church to establish a district Westminster Fellowship organization. Westminster Fellowship is the official name of the young people's program of the Presbyterian church. To set up this district organization a constitution was written, and the officers called for were elected and installed. Miss Jane Weir, of Brownfield, was elected Moderator of the District Fellowship.

At 6:00 o'clock supper was served in the recreation room by the Brownfield young people. Miss Gloria Hughes, moderator of the local group, was in charge.

Rev. Clem G. Sorley, associate field representative of the Board of Christian Education of the Presbyterian church in Texas, was here to lead the young people in their meeting. He preached at both the Sunday morning and evening service of worship.

Rev. David Murry, pastor of the First Church in Lamesa, came with his young people, and assisted in the evening worship service.

The constitution adopted calls for a district meeting every fifth Sunday—the next one being in Lamesa on March 31st.

LOVE'S DEBT
By Christie Jeffries

(Saturday Evening Post, Jan. 9) I cannot measure back to you the full

Free gift of love. That was immeasurable.

Compound of tenderness and sympathy.

Your love like a bright shield protected me

Through years which took exacting toll and left

You stricken, helpless, of your strength bereft.

Now, in this darkened hour, I must renew

Your valiant spirit by my gifts to you.

Solicitude, devotion and concern For comfort are inadequate

return.

Only from that deep wellspring the soul feeds

Can come the selfless love to meet your needs.

The care that is not care, but is a part

Of understanding in a kindred heart;

The thought which is so tender that unspoken

It breathes its message in each deed and token.

These I can pledge; these I can give to pay

The debtless debt I owe to you today.

THE NEW MR. LINCOLN

NOW THAT President Truman's labor-management conference has exploded with a beautiful bang and the boys have gone back to their favorite pastime of bashing each other's brains out, this might be the opportune time to put Mr. Lincoln under the microscope.

Ed Reardon

This is in no way a reference to the Great Emancipator — although he had some pertinent ideas about labor, too. The Mr. Lincoln now under discussion is James F. Lincoln, a gentleman who operates an electrical welding concern in Cleveland, and has been making a pretty good go of it for a considerable number of years.

Mr. Lincoln has a plan on how to run business in a way which is mutually satisfactory to both labor and management. His plan isn't just a theory he has scribbled down on paper and is waiting for someone to try.

It is one which he has tried, himself, and has found practical over a period of years. It is a plan which is so simple, however, that it has the efficiency experts, the economics analysts and the brawny-brained Government statisticians tearing at their hair roots and gnashing their bridgework in angry amazement.

Mr. Lincoln merely pays his employees what they are worth.

THAT ISN'T intended as a witticism. It really is the Lincoln plan in a nutshell. But the idea is so elemental that it has confounded the experts who regard the Cleveland tycoon as a sort of monstrosity, an industrial bogeyman, a guy with a gimmick who will pull the world's economic structure down around their big, red ears if somebody doesn't throw a net over him in a hurry.

They even hustled him off to Washington during the war to let a Senate investigating committee pick and poke at him and threaten him with fines for overpaying his help and warn him that he and his silly ideas would be the ruination of all the wartime industrial regulations if he didn't watch out.

You see, Mr. Lincoln made the mistake of thinking that what this Country really wanted was more production for less money, more employment and less strikes and

When I was a little fellow, my mother used to tell a story that used me very much. Imagine my surprise and delight when I read across it in an old book recently and it said that John B. Hugh, the great temperance orator, used to tell it as the truth. It was called "Brother Watkins."

A frontier preacher had moved to a new field of labor and to his new flock, he gave some reminiscences of his former pastorate:

"My beloved brethering, before I make my text, I must tell you about my parting with my old congregation. On the morning of the last Sabbath, I went into the meeting house to preach my farewell discourse. Just in front of me the old father and mothers in the aisle; the tears coursed down their furrowed cheeks; their tottering forms and quivering lips beathed out a said—Fare ye well, Brother Watkins—ah!

"Behind them sat the middle-aged men and matrons; health and vigor beamed from every countenance; and as they looked up I could see in their dreamy eyes—Fare ye well, Brother Watkins—ah!

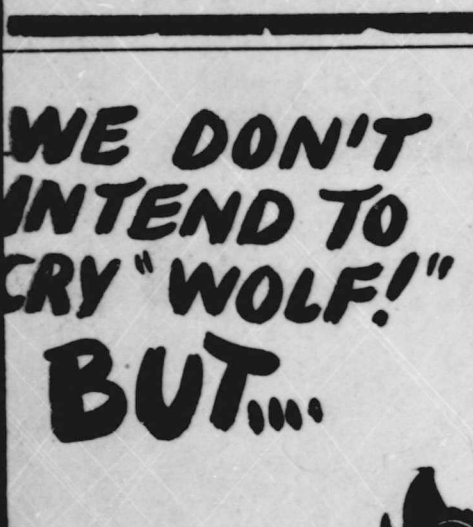

"Behind them sat the boys and girls that I had baptized and gathered into the Sabbath School. Many times had they been rude and boisterous, but now their merriment was hushed, and in the silence I could hear—Fare ye well, Brother Watkins—ah!

"I came down to the creek, and as the old more stopped to drink, I could hear the water rippling over the pebbles—a—Fare ye well, Brother Watkins—ah!

"I was slowly passing up the hill, meditating upon the sad vicissitudes and mutations of life, when suddenly out bounded a big hog from a fence corner with unkl! unkl! and I came to the ground with my saddle bags by my side. As I lay in the dust of the road, my old gray mare ran up the hill and as she turned the top she waved her tail back at me, seemingly to say—Fare ye well, Brother Watkins, ah!

"I see where atomic energy is supposed to do housework for us soon. Meanwhile, laundry's got to be done, even with soap so hard to get. Remember, where there's fat, there's soap—so keep turning in USED FATS to help make more soap!

BUBBLES SEZ—

TECH SELLS 30 STEERS TO PACKER

Lubbock—Thirty yearling steers were sold by the department of animal husbandry at Texas Technological College to Swift and Company, Fort Worth, last week, W. L. Stangel, dean of agriculture, announces.

The steers represented ten head each from Lots I, II, and III that had been fed experimentally by the department since Dec. 14, 1944, to determine the comparative value of Irish potato silage, sumac sorghum silage and cottonseed hulls as feed for fattening cattle.

The initial weight of the three lots averaged 490 pounds while final market weight was 996 pounds.

Ever try looking for people's good points instead of their weaknesses?

Brother Watkins—ah!
"When I had finished my discourse and shaken hands with the brethering—ah! I passed out to take a last look at the old church—ah! The broken steps, the flopping blinds and moss-covered roof suggested only—Fare ye well, Brother Watkins—ah!
"I mounted my old gray mare with my earthly possessions in my saddlebags and as I passed down the street, the servant-girls stood in the doors and with their brooms waved me a—Fare ye well, Brother Watkins—ah!
"As I passed out of the village, the low wind blew softly through the waving branches of the trees and moaned—Fare ye well, Brother Watkins—ah!

"I came down to the creek, and as the old more stopped to drink, I could hear the water rippling over the pebbles—a—Fare ye well, Brother Watkins—ah!

"I was slowly passing up the hill, meditating upon the sad vicissitudes and mutations of life, when suddenly out bounded a big hog from a fence corner with unkl! unkl! and I came to the ground with my saddle bags by my side. The Low Down From Hickory Grove

I just been reading about the trustees at a big school out in old Orange Juice town on the Pacific. They been tellin' their professors they are not hired to sponsor some kind of new type Govt. but are there to teach loyalty to the American system—otherwise, they can pack their gladstone. It is okay to study all kinds of Govt.—left or right-handed—the trustees say. But to go in for overthrowing the present system via some round-about way versus via a regular election, it is a teachers last round-up there in New Des Moines. New Des Moines is the name used by the San Francisco native sons when they crave to show scorn for their Sister City—old Nuestra Senora Reina de Los Angeles, as Mr. Dockweiler, an old-timer, likes to call it.

The trustees are asking for 100 million from the taxpayers for new buildings, and while in the midst of doing so, the Head Man at the school pops off and sees nothing wrong with his students messin' around in picket lines—and being an all around nuisance. Students are just young goslings and green enough to be a sucker, but the head man, he should be more balanced.

When trustees are news in that land of palm trees and tanned demsels, they are no garden variety of trustees.

Yours with the low down,
JO SERRA

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Cancer Struck All Three

Between the ages of 5 and 19 years, cancer kills more children than all of the following diseases combined: Scarlet Fever, Infantile Paralysis, Typhoid Fever, Meningitis, Peritonitis, Diphtheria, Dysentery, Diarrhea and Malaria.

The American Cancer Society states that, contrary to common misconception, cancer is not solely a disease of middle or old age. Guard those you love from this scourge of childhood.

PILOTS PRAYER

Dear God—as this ship soars into the sky; the engine roars its own reply to earth's demands; And points its eager face At yonder star, where perhaps You are— I lay this ship and me, in Thy sweet hands.

Oh God—whose watchful eye Notes crag and storm—those dangers high. The engine's purr, the things that err, Of man's low skill, of man's intent; My guard against what might occur; Dear God, Thou are mine instrument.

But—if You need me more up there, Just forget I made this prayer. You are All Wise; You know what's best, But may I make one last request? Please see that Mom and Dad will know That I was not afraid to go.

Teach them I prepared for death; I tasted deep each glorious breath; I lived a lifetime every day, And saw and heard things such as they Will never know—nor even dream; I played my part in God's Eternal Scheme.

PIGGLY WIGGLY

Aided by Dimes

Five-year-old Henry Holland of Memphis, Tennessee, has recovered from the attack of infantile paralysis that crippled his legs. He was aided by your contributions to a previous March of Dimes, and is now doing fine. How about the thousands of other youngsters who were stricken with the disease last summer? For their sakes, will you

We Like To Examine Old Texas Papers

We like to examine old copies of papers. We sometimes go into our vault to examine some files for things that happened back 35 or 40 years ago in Terry county. But we really mean old papers—not copies. We guess, off hand, we've seen two dozen copies of the Ulster County Gazette, New York, all claimed to be original, but librarians state there are not over two of them in existence. The others are all reprints.

In giving the Herald office a good cleaning recently, one that had been past due for years, we ran across The Montgomery County Chronicle, printed in Montgomery County on January 27, 1911. That was some two years after we landed in old Terry. The old paper was addressed to B. F. Proctor, and we don't have any idea how it got into the Herald office.

Only two pages of the old paper was home print, the other six pages were printed by a Dallas Syndicate. One of the largest ads was a full five column by about five inches across the top of the front page, just under the masthead. A merchant was selling out at and below cost. The editor used half the back page telling 'em he would cut off all delinquent subscribers Feb. 1. Another advised people to fight the "parcel post bill coming up in congress."

Yep, all small town merchants believed then that parcel post would close them out before a farmer could whip his mule. How badly we guess at some new legislation. We imagine dire things will happen. But who would want the parcel post law repealed now?

Local Colored People Organize Club

Seeing the need for a local organization, which we understand will be both social and mutual aid, several of our leading colored people have organized and set in order "The Friendly Brothers Club." It will have a constitution and by-laws, and a small initiation fee and dues will be paid by members.

The charter members are, B. B. Wallace, Frank Mosely, Richard Washington, I. H. Harris, Gus Mitchell, L. H. Hubbard and their wives. Each member is pledged to see that they and wives are cared for in case of misfortune.

What the world needs is more brotherly love, and this goes for white folks as well as black folks.

WANT A DAILY?—The Herald will still be able to get you a daily (7 days a week) until Jan. 15th, for only \$6.95. Will take your order either new or renewal to Abilene Daily Reporter-News. But you'll have to hurry.

Ollie Warren is at Longview taking just such a course in auto mechanics as is described for Vets in another article this week.

Then there was three saloon ads, two local, telling about the good drinking stuff they had on hand, and no doubt the good editor took some of it in advertising. Another was the Casino at Houston, which had a bar in connection, they stated.

Still another was a photographer who was packing his bags and baggage to leave but giving the people one more chance to have their "beauty snatched." With a small bank ad, that was just about all the ads in the paper.
