

GOVERNMENT CLAMPS DOWN ON BUILDING MATERIALS

Washington, March 26 — The government, acting to speed construction of homes for veterans, today clamped drastic restrictions on building or repair of virtually all other structures.

The Civilian Production administration issued a far-reaching order, effective at once, forbidding the start of any new commercial or industrial construction unless specifically authorized.

This applies to such things as stores, office buildings, roadhouses, theatres and factories.

Completion Allowed

The objective is to make more scarce building materials available for the 2,700,000 new homes the government is aiming at during the next two years.

The measure, announced by National Housing Expediter Wilson W. Wyatt and CPA Administrator John D. Small, applies throughout the United States.

It permits completion of any construction already begun, provided "any of the materials which are to be an integral part of the structure have been incorporated in it on the site" before today, and if work is being carried on at present.

Repairs to be Permitted

The order does not apply to construction, repair, alteration or installation jobs on which the cost does not exceed these allowances:

1. Houses designed for five or fewer families, also farmhouses or other structures, such as a garage, on residential property — \$400 a job.

2. Hotel, resort, apartment house or other residential building designed for occupancy by more than five families—\$1,000 a job.

3. Commercial or service establishment, such as office, store, garage, theater, warehouse, radio station, gas service station—\$1,000 a job.

4. Farm building excluding farm houses—\$1,000 a job.

5. Church, hospital, school, public building, charitable institution—\$1,000 a job.

Requires Authorization

6. Factory, plant or other industrial structure used for manufacturing, processing or assembling; logging and lumber camp; pier structure for a commercial airport or carrier terminal; railway or street car building; research laboratory; pilot plant; motion picture set; utility structure, including telephone and telegraph; gas or petroleum refining or distribution, except service stations and garages—\$15,000 a job.

7. Other structures—\$200 a job. Technically the order requires formal authorization before even homes for veterans can be built.

Homes built to sell to veterans at \$10,000 or less or to rent at \$80 a month or less will continue to be eligible for priority help in obtaining scarce materials. Other, more expensive, homes will be authorized only when construction will not impede the veterans program.

Committees to be Named

To carry out the new order, CPA is setting up a regional construction office in each of the 71 cities where the Federal Housing administration has offices.

Working with each of these CPA offices will be an advisory committee of prominent citizens, who Small said, "will screen each project in the light of the peculiarities of the local situation."

Committee recommendations will be subject to appeal to district and national CPA offices.

Junior High Band To Give Concert

The Junior High Band is improving every week. We have started drilling. Mr. Horn picked his sergeants and drilled them. The sergeants take groups and teach them to march. Svervone enjoys marching.

The Junior High Band is going to have a concert April 9, 1946. We will entertain West Ward at assembly, and have a night performance for parents. This is to be our first concert and we have worked hard on it.

SMALL FIRE AT LOCAL THEATER

A fire started in the projection room of the Ritz Theater Tuesday afternoon, destroying a roll of films, but little other damage was done. Though the Fire Department was called out, the fire was extinguished by fire extinguishers.

Special Attractions For Khiva Temple Ceremonial

Mr. C. K. Kendrick of this city, Aide to the Potentate of Khiva Temple, A. A. O. N. M. S., said one of the best parades ever put on by Khiva Temple will be held on Saturday, May 18, at 3:30 P. M., starting from Fifth and Fillmore, Amarillo, Texas. Oriental pageantry by the officers, uniformed units of Khiva Temple in all their color, beauty, retinue, glory, pomp and splendor, combined with drill formations, floats, good music, novice antics will make this a parade worth seeing.

C. K. KENDRICK

A full form ceremonial will be held, good entertainment for everybody. Nobles are requested to bring in their reports on cases of crippled children within their counties who need the services offered by the Shriners Hospitals for Crippled Children. Camel Herders will hold a reunion on Friday, May 17, to which all Nobles and candidates are invited.

We Hit A Delta Richer Than The Nile

Some may question the headline we use above. But we have never seen a picture of the Nile section that was not irrigated, but that it was a desert of blowing and drifting sand. On the other hand, the Texas valley or delta of the Rio Grande in the rough, consists of mesquites and a growth of a native tree that looks fairly like our Chinese elm, and cactus ten feet tall, that are so thick that nothing but wild animals, cow ponies, longhorns and cowboys with chaps could penetrate.

But these thickets in most places have been erased, and in their place, teeming thousands of acres of citrus trees, loaded with fruit. And the whole section consisting of some three counties is as level as a floor, almost. At Mission, which is really the northwest entrance into the citrus section, we turned north, in order to see Edinburg, coming back to the main highway at Pharr, thus missing McAllen, one of the most beautiful of the valley cities.

As stated once before this was the first visit of Herman and Sallie to our citrus area, and to say they were thrilled is putting it mildly. We think they expected to see a few small orchards of perhaps 20 or 30 acres, or a few patches around some home. But when they saw orchard after orchard of hundreds of acres, mile after mile on both sides of the highway, and new one going in, and some of a year or two old, not now in bearing, their pride of Texas rose several notches.

Both had seen such in California. They knew that Texas ranked first in sheep, cattle, wool and mohair, as well as cotton. They knew Texas produces a third of the crude oil of the USA. They had seen the best and biggest oil fields and oil refineries in the state. They knew and had seen much of Texas huge lumber industry in east Texas, but now they were seeing a comparatively new industry that had come to the fore in the past 20 years, and one that means millions of dollars annually to the huge income of the Lone Star state.

So, they had to take some pictures, though it was murky with approaching rain clouds. Sites were chosen in rows of palms or beside a tree loaded with grapefruit near the roadside. Buddie always had to be in the picture.

NUMBER 35

Red Cross Collections Growing

Contributions to the current Red Cross drive passed the half way mark, according to mid-week report of H. R. Winston, county chairman. A little over \$3500.00 has been received of the county quota of \$6,940.00.

As many workers, delayed at first, but now on their routes it is believed the quota will be reached.

Several counties in the State have reached theirs, and it is hoped old Terry will not fail on their part.

District Court Convenes Next Week

A regular term of the District Court convenes here April 1st, to attend to routine business. The following grand jurors have been summoned to meet, April 5th: Elmo Adair, J. A. Bethol, R. O. Black, Malcolm Scales, R. L. Montgomery, O. A. Lindley, J. C. Crowner, Frank Daniel, Jess McWhirter, J. V. Gillham, A. E. Buchanan, W. E. Bond.

City To Elect Officers Tuesday

The voters of the City of Brownfield will elect a set of city officers for the ensuing term, next Tuesday. The voting is to be done at the City Hall. Burton Hackney, Frank Jordan, and O. L. Peterman are announced candidates for Mayor. Tommy Zorns for City Secretary, has no announced opponent. Roy Moreman, incumbent, and Red Denton are on the ticket for City Marshall. On the City Council are M. J. Craig, Cecil Smith and R. L. Bowers, who hold over for another term. The terms of W. B. Tudor and Kyle Graves expire, unless re-elected.

Scholastic Census, Motor Registration Ends Sunday

April 1st is not only the day of a well known element, but is dead line date for taking the scholastic census, and for registering motor vehicles. Failure to register a vehicle may subject the individual to a penalty. Failure to enroll a child penalizes the whole school. In fact March 31st is the last day for both. It falling on Sunday behooves those now tardy to get in Saturday.

Legion Auxiliary Aims For Biggest Poppy Day

Kansas City, Mo.—A record distribution of 25,000,000 poppies commemorating American dead of both World Wars is anticipated by the American Legion Auxiliary on Saturday, May 25, the first peacetime Poppy Day.

Mrs. James E. Mecum, of Kansas City, Mo., chairman of the Auxiliary's national poppy committee, has estimated that more than 100,000 women, all unpaid volunteers, will dispense the paper flowers made by hospitalized veterans.

Donations received, she said, will help support the vast and expanding welfare and rehabilitation work of The American Legion and its Auxiliary among disabled veterans, their families, and families of the dead.

Approximately 22,000,000 memorial poppies were distributed last year.

Mrs. Herman Chesshir honored her daughter, Barbara, with a party Thursday afternoon of last week to celebrate her eighth birthday. Birthday cake and punch were served to 16 guests.

Mr. and Mrs. W. G. McDonald spent the first of the week in Muleshoe visiting Mr. J. H. McDonald.

Mr. and Mrs. J. L. Cruce, Sr., have returned from a visit in San Antonio.

Renewals Under The Old Rate

Last week we published a list of those who renewed for ten, five, three and two years under the old rate, before we went to \$2 in the trade area and \$3 elsewhere, Saturday March 2. There were so many that renewed for one year that we saved them for this week.

Last week we had a mess of stuff we had to get up for the Calf Show this coming Saturday, and had to leave out the one year list, which you will note as rather long. Anyway, thanks a lot to all of you, whether you renewed one year or longer.

We wish to state that we have been getting renewals as well as new readers right along since we went to the new rate, but we are glad that we gave all who wished to do so an opportunity to renew or to become a new reader at the old rate:

Carl Willis, T. P. Oliver, J. C. Bass, Joe Shelton, Mrs. F. B. Moore, R. S. Bingham, B. C. Hancock, J. M. Beck, Mrs. Dalt Lewis, R. L. Graves, Almer Hart, Jim Jackson, J. D. Neill To Coach Lamesa Eleven

Lamesa, March 25—Jim Neill, former backfield star with the Brownfield Cubs, Texas Tech Red Raiders and professional New York Giants, has been named head coach at Lamesa High school, Supt. V. Z. Rogers announced today.

Neill, who has sparked Brownfield to several victories over Lamesa in one of the most bitter grid rivalries of ten years ago, succeeds H. J. "Choc" Sanders who has been named to the newly created post of manager and co-ordinator of physical education and athletics in both the elementary and high school here.

Kirk McKinnon, former Lamesa High grid luminary, and later an outstanding backfield star at Hardin-Simmons, has been named assistant to Neill.

Neill served as assistant mentor here before entering the Army in 1942, and rejoined the staff here in February when he was discharged. McKinnon was discharged from the Navy several months ago and at once accepted a post in the local faculty.

Sanders steps into his new role immediately, and spring training for the Golden Tornadoes will be under the direction of the new regime.—Lubbock Avalanche.

Little Mary Ann Holmes, daughter of Mr. and Mrs. Leo Holmes, underwent an appendectomy in the local hospital, Friday morning of last week.

Mr. and Mrs. M. V. Walker took Mr. Walker's mother, who has been here visiting them the past several weeks, to her home near Gainesville, over the weekend.

Alfred and Claudie Gore, and Mrs. Stella Graham and daughter, Dorothy visited Mr. and Mrs. Jack Thomas and baby son in Lubbock, Sunday afternoon.

Bob Thompson Tosses Hat In Ring

I take this means of announcing my candidacy for the office of Sheriff of Terry County, subject to the action of the voters at the Democratic primary.

I feel that I have substantial support of the citizens of Terry county in this undertaking. The overwhelming support offered and the confidence expressed in me in this connection certainly is something to humble a fellow. I only hope that as a candidate and as sheriff, if elected, I can live up to the high standard of public service which is expected of me and there will not be too many disappointments. There must, of course, be some.

I promise, if elected, to serve to the best of my ability and to take immediate steps to put an end to the lawlessness now prevalent in our city and county. In doing this, I will show partiality to none, but will see that the law is enforced to the letter.

Within a few days I intend to finish up some personal business and take my candidacy to the people.

Earnestly soliciting your vote and influence in the coming primary.

Respectfully submitted,
R. E. (Bob) Thompson, Jr.

Copy of "The Doughboy" 1919 Version

Was out at the Ed Thompson farm last Sunday for a good old farm dinner, and during the afternoon, Mrs. Thompson dug out from among the keepsakes an old copy of "The Doughboy" weekly publication of the 7th Infantry Brigade, with the army of occupation in Germany. Ed belonged to this brigade. The date of the old paper was March 15, 1919, some four months after the surrender.

The paper was published at Adenau, Germany; it was No. 5 of Volume 1, and the price was 1/2 Franc. Of course it had many stories about the recent fighting and stated the battle at Vesle was among the hardest. Then there was some stories of back home, and like the GI's of War II, the most of the gripes came after the fighting was over. They wanted to get back home. One streamer across the front page in shaded type said: "Remember you've got three years to do it in." Perhaps a reminder that the brigade might be there that long.

One cartoon showed a scene "back home" of one lad charging another to peep into a box with a German helmet, spiked top style, therein. A residence and a small general store could be seen in the distance. Evidently the 1917-18 Doughboys were doubtful if the "world was made safe for democracy." In boxes on the front page we found these two items: NOT YET—"I've read 12 dozen magazines

On queries, chemise ways and means
To win the war. But now I'm done!
I only know the war ain't won!"

BUT SOON—"Their speculative contradictions
Have quite upset my own convictions
They give all reasons 'neath the sun.
I only know—the war ain't won."

We may give some more extracts from this old 37 year old paper one of these days.

Mrs. E. Brown writes in from Dumas that she and Ola Belle are now domiciled in their new home, and of course with two of the sons around, they are not so lonesome. For the reason she did not have a box number at the time she had missed her Herald. And too, she was probably calling for Mrs. Gene Brown, when as a matter of fact we have always run it as Mr. or Mrs. E. Brown. And there are lots of Browns everywhere.

LARGE CROWD EXPECTED AT TOMORROW'S STOCK SHOW

To The Voters Of Brownfield

I am asking that you elect me your next mayor because I believe I have the necessary qualifications for that important office.

The municipal government of the city of Brownfield is composed of the mayor, a city secretary, five councilmen, a chief of police, a city attorney and a superintendent of city utilities.

The mayor, as chief executive, presides at meetings and makes recommendations to the council concerning civic improvements. The council has the power to pass all ordinances, rules and regulations for the good government of the city. The duties of the city secretary and the chief of police are set out in the city charter. The city attorney—not the mayor—passes on all legal matters that come before the council. The superintendent of city utilities, who has a very important post, is appointed by the council.

I am for honest, competent and aggressive city officials and feel sure I shall have the full cooperation of the city council. The proper cooperation is very important in any organization and more especially in your city government.

Brownfield is growing, and under an efficient city administration, and with the continued support of the Terry County Board of Development, the Junior Chamber of Commerce, the service clubs, womens clubs and the various religious organizations we shall continue to grow.

Operation of a growing city government runs into big business and it will require business experience, sound thinking, and good judgement on the part of your city council and mayor to build for a population of some ten to twelve thousand people in the very near future.

I am sincerely interested about the future of Brownfield. It is my home and I am very proud of this. I am your director in the West Texas Chamber of Commerce, a veteran of World War I, a Methodist, a Mason, and a Rotarian. I make a living for my family as a Manager of the West Texas Cottonoil Co.

Your vote and influence will be very much appreciated.

O. L. Peterman.

The Weatherman Insists It's Fair

Of course the radio man reports the weather as he gets it from the US Weather Bureau, and according to all announcements over the radio Tuesday and Wednesday, it was to be fair both days in west Texas.

But neither day nor night was fair. In fact we were having the only showers to fall thus far in March. At the time the radio announcers were telling us of sunshine and moonshine Tuesday night, a nice little shower was falling.

It was still cloudy Wednesday morning and showering. But they say the USWB is allowed three days variation, pre and post. In that case most all of us could predict the weather.

P. S. Our Weatherhouse is more reliable. After a month in the doghouse, the Old Witch is out in all her glory, and the little boy and girl have retired to the dark corners of the interior.

Mr. and Mrs. Phil Gaasch had as their weekend houseguests, Mrs. Gaasch's sister and her husband Mr. and Mrs. Doyle T. Grogan, of Tulsa, Okla.

Forty young people and their leaders of the Brownfield Methodist church attended a District Rally at the First Methodist church in Lubbock Thursday evening. Rev. Hoover Rutert, of Nashville, Tenn., national advisor for the Methodist Youth Fellowship was the main speaker.

Over 100 head of fat calves are to be exhibited tomorrow, by fifty local farm boys of the 4-H and FFA clubs of this county, at their Third Annual Show, in the pens at the West Texas Gin lots one block south of the Courthouse. The show is sponsored by the local Junior Chamber of Commerce, who are awarding the prizes.

The show is to start at 10 o'clock A. M., the stock to be judged at 2:00 o'clock by Ray C. Mowry, Dean of Animal Husbandry of Texas Tech. Mr. Mowry, having judged many such exhibits over west Texas, is considered tops in such matters.

Immediately after the judging all of the boys who desire to sell their animals may do so, by Kenneth Bosenan, well known auctioneer of Lubbock, at the pens.

R. N. McClain, county agent, and who with Tom Neely of the High School, is directing details, said over thirty head of club fed calves had already been sold in the county, not including those to be shown.

Much interest has been shown in this project, and people are proud of the ambitious efforts of these enterprising young men. They are indeed to be commended. Even though they may not get rich off one yearling, yet it shows a spirit, ambition, and a will in them, that if carried on will bring success to them in later years.

A large crowd is expected to attend.

County And District School Trustee Election Next Week

Elections will be held throughout the County, Saturday April 6th to elect county and school trustees.

The county board is now composed of Geo. Alexander, Lee Lyon, L. D. Hamm, J. R. Davis and B. F. Findley. The terms of Davis and Findley expire, the others hold over for another year.

Brownfield Independent School District: Present Board, J. L. Langford, President, Orb Stice, J. M. Teague, Jr., Ross Black, Martin Line, R. D. Copeland, and Earl J. Brown. The terms of Teague and Black expire. The others hold over. The names of Stice, Teague, and A. M. Muldrow will appear on the ticket.

Union Board is now composed of Frank Sargent, R. H. Decker, O. G. Lewis, L. C. Shepherd, A. L. Wood, J. C. Herring, S. N. Riley. The terms of Riley, Lewis and Shepherd expire this term.

Wellman's present board is J. F. Thomason, Carl Golden, Hugh Hulse, M. C. Chambers, S. R. Loe, Leo Hawkins, H. R. Fox. The terms of Chambers and Loe expire this time.

The election in Brownfield will be at the County Judge's office. The other district at their school houses.

Meadow: Present board, Jno. A. Roberts, J. M. Burleson, Carl Stephens, H. P. Pendergrast, E. D. Nettles, Horace Belew, J. F. Daniels. Of these the terms of Roberts, Burleson and Daniels expire, unless re-elected.

Pfc. Walter Paden In Manila Section

Manilla — Private First Class Walter Paden, Jr., son of Mr. and Mrs. Walter Paden of Route 5, Brownfield, has been sent from his former unit to the 5th Replacement Depot near Manila to await reassignment in this theatre.

Entering the Army in January 1945, Pfc. Paden arrived overseas at Manila last September to serve with the 248th General Hospital.

Howard Glen Swan celebrated his 13th birthday with a party, Thursday evening of last week. Cake and punch was served to 18 guests.

If Russia is bluffing, they are doing so for the reason that they have been appeased too much already. Russia is like the town bully, as long as everyone moves out of the way and keep their mouth shut, the bully prances and paws the earth, and the little fellows and peaceful guys use the shley to keep from meeting him. However, to our mind, Russia realizes she has been isolated too long, and has too few friends to try to buck the entire world and the wealthiest nations on earth. We have heard not a few express themselves that they believe Russia will be our next opponent in a war. And believe it or not, one World War I Vet added: "And Germany will be our ally." What do you think? Lots of times when folks quit knuckling down to a bully, he quits being a bully, and becomes a peaceful person. There are many angles to this question.

They are still playing politics up Washington way. The latest is the appointment of Ex-Mayor La-

Guardia, of New York, to some sort of food control or distribution. What does that guy know about food? The first thing such guys as he, that can't tell a cow from a steer, or a potato from a flint rock will do, is clamp down on another seige of rationing in order that the big cities get their share or more. And then, the ex-mayor, a half-hammered hyphenated Republican-Democrat, might be some use to the administration in the fall election. Western and southern congressmen better lay off rationing if they know which side of their bread is buttered. Farm people as well as small town and city people in the food basket section of the nation are fed up on rationing.

The Big Spring News says that the war criminals of Germany may all die of old age before their trials are over or come up. It does look that way. And we haven't forgotten that it took the German war lords and their henchmen just about 15 minutes to convict our paratroopers and have them shot. Our slow moving powers that be, lost the other peace for us. Will the American people stand for another farce from the same source, and lose the peace again, after winning a war with blood and tears?

A man informed us recently that he had a nephew in the air corps that was stationed in the near east. In fact in Iraq and Iran. Trains moving by often had oil tankers with the familiar signs on them that we see moving over the Santa Fe almost daily. Then we recall that some of the "news commentators" who seem inclined to get this nation in war with Russia, are sponsored by major oil companies. You probably hear one of them at 10:15 each week night over your favorite station. Which leads many people to conclude that some of these companies with foreign oil concessions, do not give a darn if they do get our nation in another war to protect their property. The way the world is now lined up, it does appear that if some nation thinks another is getting a bit more pie than they, they decide to thrash them whey out of that nation, and the big shots order all the little shots to the training camps for another war. Big shot war—little shot's fight, is the way one GI puts it.

Well, as was expected, the Russian delegate to the UNO council in New York, got mad, gathered up his marbles and took a walk. But like most kids, we imagine after a pouting spell, and a talk with Uncle Joe Stalin, he'll come back for more games. Writers say Russia is playing the same kind of game that country played during the reign of the Czars. For ages they have isolated themselves in their country and have had nothing to do with foreigners, and they just don't know how to play the game.

Editor W. J. Watson of the Denver City and Seagraves, Texas, Press and News, and the Lovington, N. M., Press, was a caller Monday. Editor Watson states that 't keeps him on the jump to see after all three papers. We can imagine. One gives us all the headaches we want.

Ben E. Keith Company Celebrates 40th Anniversary

In January 1906 the Ben E. Keith Company was born. Although the firm was first organized as the Harkrider-Morrison Co. its name was later changed to the Harkrider Keith Cooke Company and operated as such until 1931 when the present firm name of, Ben E. Keith Company, was adapted.

Mr. Keith has been with the firm since it was organized. He was the first salesman, a member of the first board of directors and since 1918 has been president of the company.

The first branch house was established in Wichita Falls in 1907, with George Keith, Sr. as the manager. A second branch called Merchants Fruit Co. was added in 1912 at Fort Worth. This steady growth continued with houses being opened in Abilene in 1919, Dallas in 1923, Lubbock in 1925, and Longview in 1931.

It was in 1918 that Mr. Keith purchased the controlling interest in the firm, and in the reorganization that followed Ben E. Keith

Legion To Raise Americanism Fund

Austin, March 25—Fred F. Florence, president of the Republic National Bank of Dallas, announced today that as state chairman he would head a campaign to raise \$450,000 in the State of Texas toward the \$15,000,000 nationwide total of the Americanism Endowment Fund.

"The trustees of this fund plan a broad educational program emphasizing the duties and responsibilities of American citizenship,"

Mr. Florence said. "I am confident that every Texan—every American—will agree with them that there is an urgent necessity for teaching the actual meaning of Americanism.

"Americanism is—in simple terms—those principles stated in the Four Freedoms, and best exemplified in the Bill of Rights of our own United States Constitution.

"Through those principles we can maintain, and must maintain, our individualism.

"I am serving as state chairman of the campaign to raise this sum because I believe that our American way of life can be preserved

A Bit About Second Armored Division

The famed Second Armored Division, the outfit which blazed a brilliant record on the battlefields of Africa and Europe, is looking for men.

Now located at Camp Hood, Texas, with its rank depleted by demobilization, the "Hell on Wheels" division, formerly commanded by the late Gen. George S. Patton, Jr., has been given a top priority by the U. S. Army Recruiting Service.

Between now and midnight April 7 recruiting stations throughout this area may enlist former armored soldiers directly into the unit. The order also covers the enlistment of men experienced in the various medical units attached to an armored division.

Veterans discharged during the past three months will be enlisted with the rank held at the time of discharge. Others released from active duty on or after May 12, 1945, may be offered ratings in accordance with their previous training and experience, it was explained.

The second Armored was one of the first American units to see action in November, 1942, "Hell on

Wheels" joined the drive on Casablanca and participated in the battle for Tunisia.

Its members took part in the invasion of Sicily in September, 1943, and later roared over the beaches of Normandy in the early stages of the landing on the continent. They fought across France, through Belgium into Holland and finally into Germany. In January, 1945, the Second Armored Division spearheaded the First Army's assault in Belgium against the north flank of the German bulge, hurling back von Rundstedt's troops.

During the war a total of 3,200 decorations were awarded to Second Armored Division men.

Texas Pulls Out Of The Red Spot

A few brief years ago, it was nothing unusual to have to hold a State Warrant, especially on the general fund, one year before it would be cashed, unless you chose to discount it at a bank. But now you get it cashed 100 percent on the spot.

At the low point last year, August 31, before much new tax money began to come in, there was still a balance of more than 13 million dollars in that fund, and at present near 30 million. Four years ago, there was a deficit of around 35 million.

Gross revenues for the year ending August 31, 1945, was \$296,421,863.28. All of this was paid out

except about 24 million.

Up to the present administration, each legislature tried to see just how far in the red they could send the banking account of the State of Texas. They got a habit of appropriating for this or that and never stopped to consider that it would take extra revenue from some source to take care of the new appropriation, or an increase in one.

In fact, we elect and send to Austin, in too many instances, men who are recognized business failures at home, and expect them to handle the millions of dollars in the Texas treasury in a business like way. We are also glad to see Terry county once more on a cash basis after years of deficiency in the general fund.

Summer Band For Beginners Announced

I have been receiving several instruments lately for sale to prospective band members and need to remind those who expect to start this summer in the beginners band to get their instruments at the earliest possible time. Many a time a child is not given a fair chance to learn because their horn came last and they were put behind the rest of the class from the start.

The summer band for beginners will not carry any expense, it just requires that the person have an instrument. I am sure that if given time I can secure instruments as new ones are slowly coming on the market, at a higher price of course. I now have clarinets, a saxophone, a cornet and trumpet for sale. See me soon, the sooner the better.

A complete summer band program will be forthcoming soon and I am sure that all those interested in music can find something of special interest to you. Something new and different is being worked out for the people of Brownfield.

"It tastes better"

Statement of Olin Culberson, Chairman Tex. Railroad Com.

Mr. Ralph K. Davies, who calls himself Acting Petroleum Administrator for War, but who is Vice-President of the Standard Oil Company of California and one of the defendants in an anti-trust suit in which that company is involved, stated recently that opposition to the Anglo-American Oil Treaty "has been pieced together by certain interests for obviously self-serving purposes" and that "an organized and none too scrupulous campaign has been conducted."

Let us see what this "none too scrupulous" opposition consists of. In Texas, which produces half of America's oil, the Governor of the State, the Chairman and one member of the State Railroad Commission, which is the State regulatory agency, strongly oppose this treaty. The State Land Commissioner and the State Superintendent of Public Instruction vigorously oppose this treaty. These are all elected officials of the State of Texas. They are not high-salaried vice-presidents of oil companies which own rich oil concessions in the Middle East.

Other opponents of the oil treaty in Texas are the Texas State Teachers Association composed of thousands of school officials and lass room teachers; the State Board of Education composed of some of Texas' leading citizens; the Texas Association of School Administrators, a group of public spirited educators; the Board of Regents of the Texas State Teachers' Colleges, a group made up of some of our leading citizens and many thousands of rank and file Texans from all walks of life.

The oil treaty is opposed also in

Texas by a large number of independent oil men whose energy and initiative have been responsible for discovery of vast oil reserves. It was my privilege to appoint Mr. D. W. Hovey as Chairman of a Statewide Committee of these oil operators who are opposed to the Anglo-American Oil Treaty as an instrument for destroying the oil business of this country. Mr. Davies, who says that these officials and private citizens are "none too scrupulous" cannot exhibit the clean hands which these Texas opponents of the oil treaty bring into the court of public opinion.

Mr. Davies represents an oil company whose President has stated publicly that he intends to import 150,000 barrels of oil per day into the United States from the company's Middle Eastern concessions, and who predicts that

Board Of Directors For Scouts Organized

At last a great need in Brownfield has been realized, that of an active Girl Scout organization. Emerging from the town meeting called last Friday evening at the Methodist church is the following Board of Directors for the Scout organization in Brownfield: president, C. C. Primm; vice-pres., Mrs. Homer Winston; Sec., Mrs. Bill McKinney; treasurer, J. O. Gillham; director of organization, Mrs. John Portwood; director of training, Mrs. Lee Fulton; director of finance, Mr. Orb Stice; director of camps, Mrs. Gene Gunn; director of public relations, Mrs. Ralph Ferguson; and program director, Mrs. L. M. Wingerd.

These people will meet once a month and through their efforts will try to keep Scouting in Brownfield an active and growing organization. The first meeting was held Monday afternoon at the Methodist church with Mrs. Gretchen Kidd, of the regional headquarters in Dallas, directing the meeting.

At a later date efforts will be made to establish an area board of directors, consisting of representatives from the boards of the several towns that will be included in this area. Through this medium an established Girl Scout summer camp can be maintained to accommodate girls of this area.

Women's Groups Asked To Help National Cause

Women's organizations were asked today by the National Safety Council to cooperate in the nation-wide accident prevention movement.

Mrs. Anne H. Barnard, director of the women's division of the Council, is seeking the help of women's groups throughout the nation for an organized effort against accidental death and injury.

"The magnificent war effort of the women of America has demonstrated their willingness and abilities to see a job through to the finish," Mrs. Barnard said.

The Golden Goose Is Dead, The Eggs Are No More

It's not the big smoky steel and auto centers alone which get hit by the strike fever—with sometimes fatal results.

Take the peaceful village of New Canaan, Conn., whose people like Jersey milk with plenty of cream. Four years ago the three farm-raised Miller brothers pooled their savings and went into the dairy business. They knew it, and flourished.

They had eight drivers—until the Stablenen and Helpers Union, Local 338, called them out on strike. Demands were a 28 per cent increase in basic pay and five-day week.

This, the Millers figured, would boost their payroll more than 50 per cent. Furthermore, the proffered union contract would bar the three brother-owners from doing manual work around the dairy—they'd been working a seven day week.

The union called in a battalion of pickets from out of town—some 200 to 250. Women customers who called had their tires slashed. Sixty state police showed up to keep order.

The Millers gave up after three strike-bound weeks. To the union they sent word: "You have won a brilliant victory. The Golden Goose is dead—the eggs are no more."

W. H. Collins, prominent local merchant, is in the Treadaway-Daniell hospital this week, undergoing treatment for severe throat ailment.

ment needs the minds and energies of the 46,000,000 American women as homemakers, business and professional women, civic and community leaders, and citizens.

"The very fact that accidental deaths to children numbered 14,700 last year should be enough to challenge every woman and every woman's organization."

She advised heads of women's groups to get in touch with their local or state safety councils, or to write directly to the women's division of the National Safety Council, 800 Chrysler Building, New York 17, New York.

The Low Down From Hickory Grove

After all is said and done, our U. S. A. system is not too upset but what any good old-fashioned family doctor could get us back on our feet—economically speaking. We been hiring too many specialists. And each day instead of getting better, we get a new kind of cramp. Nobody, anymore, is happy. She don't look like the old care-free U. S. A. like when grandma and grandpa started out. And to explain the whys and wherefores, this Mr. Byrd, of Virginia, he digs up some figures showing there are still almost 3 million coastin' on Sambo's payroll—civilians, no soldiers or sailors—and you know, that means about 100 bucks a year to be ponied up by each wage earner. That is not hay. That is the price of a coupla nice new suits.

And you know, if I was to blurt out an opinion, we gotta take the bull by the horns—get back on the beam. Start using horse-sense or old family doctor prescriptions versus hiring a flock of "left eyebrow specialists," as the Rochester Mayos used to call the money-getters.

Yours with the low down,

Legion Charters Denied Red Vets

Indianapolis, Ind.—The American Legion has detected and frustrated at least five attempts of Communists to infiltrate into the organization through newly-organized posts. Charters were denied these posts after an investigation in each case disclosed that the organizers had Communist connections.

This was announced here by National Americanism Director Elmer W. Sherwood in commenting on the remarks made on the floor of the House by Congressman George A. Dondero, Republican of Michigan, warning veterans' groups that Communist leaders were engaged in attempts to bore into their organizations.

"The American Legion is fully aware that Communists are bent on infiltrating into its organization," Director Sherwood said. "We are on the alert. All such attempts to bore into The American Legion have been defeated."

Director Sherwood called attention to a resolution adopted by the 1945 national convention in Chicago which stated:

"Whereas, it has come to the attention of The American Legion that alleged veterans' organizations have been and will be formed for the purpose of promoting certain racial and religious prejudices and un-American ideologies, The American Legion warns veterans against these groups."

Hilton Gilliam, First Aid and Accident Prevention field representative of the American Red Cross of St. Louis will teach a lay instructors class in Brownfield April 15 through 19. This is the first time a class of this type has been held in Brownfield and interest shown indicate it will be a large class. Persons previously had to go to Lubbock to take this course.

Any one interested in attending this course will contact Lewis Simmonds, First Aid Chairman for Terry County, at the Brownfield Funeral Home, or Glenn Akers, First Aid Instructor, at his office.

SANTA FE CARLOADINGS

Santa Fe System carloading for the week ending March 23, 1946, were 22,527 compared with 24,707 for same week in 1945. Cars received from connections totaled 9,532 compared with 14,921 for same week in 1945. Total cars moved were 32,059 compared with 39,628 for same week in 1945. Santa Fe handled a total of 32,474 cars in preceding week of this year.

Plains Juniors Present "Gone With The Girls"

The Junior Class of Plains High School will present a three-act comedy entitled "Gones With the Girls," on April 5, 1946, at 8:00 P. M. in the school gym.

This play concerns the antics of the happy-go-lucky Capp family. Bobbie Jean Williams plays the fluttery mother of the harum-scarum Capp children, who are played by Charles Jackson, Frances Childres, Jennie Faye Smith, and Josephine Bowers.

Glenn Smith, as Grandpa Capp, gets into trouble both with and without the help of the children. Don't miss his "bathing suit."

Billy Snitker, Elbert Hinkle, Troy Molthan, Colene Johnston, Helen Pride, and Donald Cross complete the cast of enthusiastic players.

Those who attended the Senior Play on February 22, reported that they could hear the players very well. The same training has been given the Juniors and we hope that everyone present can hear every word said on the stage. Please try to be on time, because movement and noise in the audience cause others not to hear.

We believe you will agree with us that the play is worth every bit of the admission charge. Proceeds will go toward the Junior-Senior trip.

Lynn Nelson Buys McSpadden Jewelry

Lynn Nelson, until recently a technician in the precision instrument section of the Army Air Corps, has purchased the McSpadden Jewelry from Mrs. Flem McSpadden, across from the Rialto theatre. Mr. Nelson, who is now out of uniform took charge this week.

Lynn needs no introduction to the readers of the Herald, having resided here many years prior to the war, and in charge of the jewelry and repair section of the Nelson-Primm drug, being a watchmaker by trade.

Lynn expects to add somewhat to the present stock, as well as to maintain a well equipped repair department.

A meeting to determine the site of the proposed country club will be held at 7:00 A. M., at the Thompson Cafe. This meeting will be followed by another on Tuesday night at 7:30 at the District Courtroom and will be for the purpose of reviewing the previous meeting and taking definite action on proposals brought up at this time. All interested persons are urged to be present at both meetings.

Mrs. B. L. McPherson Has Old Coins

Joining in the procession with those who have old coins, Mrs. Lester McPherson was in Wednesday with a silver dollar that was minted in 1818, just 128 years ago, if our figures are right. She also had a half dime minted in 1872, which was 74 years ago. She stated that she had a number of other coins but cannot make out the date.

In her possession is a dress belonging to one of her grandmothers that is more than 100 years old. It is carded, spun, woven and made up at home—a real home made dress.

DATING... a brand new service of DAYTON RUBBER RESEARCH to help guide you to a wise tire purchase

5 REASONS WHY

it's important to know your tire dates!

1. Man could not improve natural rubber. Rubber trees produce only one kind of rubber. Natural rubber compounds could be improved only with difficulty.
2. Synthetic rubber can be controlled. Wearability, resiliency, and other tire requirements for better service can be more closely controlled in synthetic rubber.
3. Synthetic compounds becoming better and better. Continuous development already has greatly improved synthetic tires. Science assures still better ones tomorrow.
4. Latest synthetic tires are best. Month by month, new ways to improve synthetic tire quality are developed. How can you be sure of getting these latest improvements?
5. Look for the date on Dayton Tires. A new special service—the date of manufacture is molded into every Dayton Tire so that you will know it is the latest—and the best.

AMERICAN STYLE

Russia's stripping of Mukden of its heavy factory equipment is a thing of serious import to the Chinese who need all the industry they have or can get. It impoverishes that huge city, but whether it enriches the Russians who stole it is a question Americans do not plague themselves extensively about. Our style of restoring post-war manufacturing is utterly different. Instead of stealing a lot of second hand junk, Americans are junking millions of tons of out dated machinery and building newer, better, more efficient factories to serve the needs of peace. We will do well with our style.

WE HAVE FAITH

Also we have faith in the future of America no matter what path Russia may pursue. We do not believe Russia will ever in this century be able to compete with America. They do not have the kind of government that permits individual enterprise in any degree. They have never had such a government from the days of the Great White Czar to the not much better days of the tyrant Stalin. There is no prospect that Russia will ever have a government that does not exist by exploiting the millions. In America we have been disturbed by the strikes of the last few months, and will be disturbed by more in the next few. But Russia does not have strikes; and Russia can never compete with America.

LITTLE ABOUT MUCH

To paraphrase the old song, "government moves in a mysterious way its wonders to perform," last fall while there was still time to make some allowances in wheat sowing, we were told that about ten percent of 1945 sowing should be left off this year. Now in a few weeks it has come to light that there is a desperate need for all the wheat there is on earth. More, too. We still don't understand why so many smart people whose business is to know about these things, and for whose support we spend so many million each year, can know so little about so much.

Army Officers, GI's Dress Alike In '48

Washington, March 21 — Army officers and enlisted men will dress alike after June 30, 1948, the war department announced today.

New regulations prescribe for all ranks battlejackets and trousers of the same olive drab shade now used in enlisted men's clothing.

The war department said the new regulations also pave the way for eventual adoption of dress blue uniforms for officers and men which will be worn on special occasions after mid-1948.

Camels are the pack animals of Southern Asia and Northern Africa.

Local Massey-Harris Dealer Announces Spring Overhaul Plan

Ominous warning in all of the farm publications point to a gloomy outlook for new farm machinery and urge farmers to keep their present machines in repair for the coming season's operations. Price Implement Co., local Massey-Harris dealer emphasizes that some materials are harder to get now than ever and foundry production nationwide is less than 50 percent of capacity. In view of this pessimistic forecast of new machinery supplies, Mr. Price today announced a spring overhaul plan to help farmers keep their equipment operating at maximum efficiency. Newspaper advertise-

SHOWERS FELL HERE FIRST OF WEEK

Showers Tuesday and Wednesday of this week totaled 30-100 inch, almost but not quite a third. This will of course help some until we get more. Local prognosticators forecast quite a bit of moisture in April. We'll see what we see.

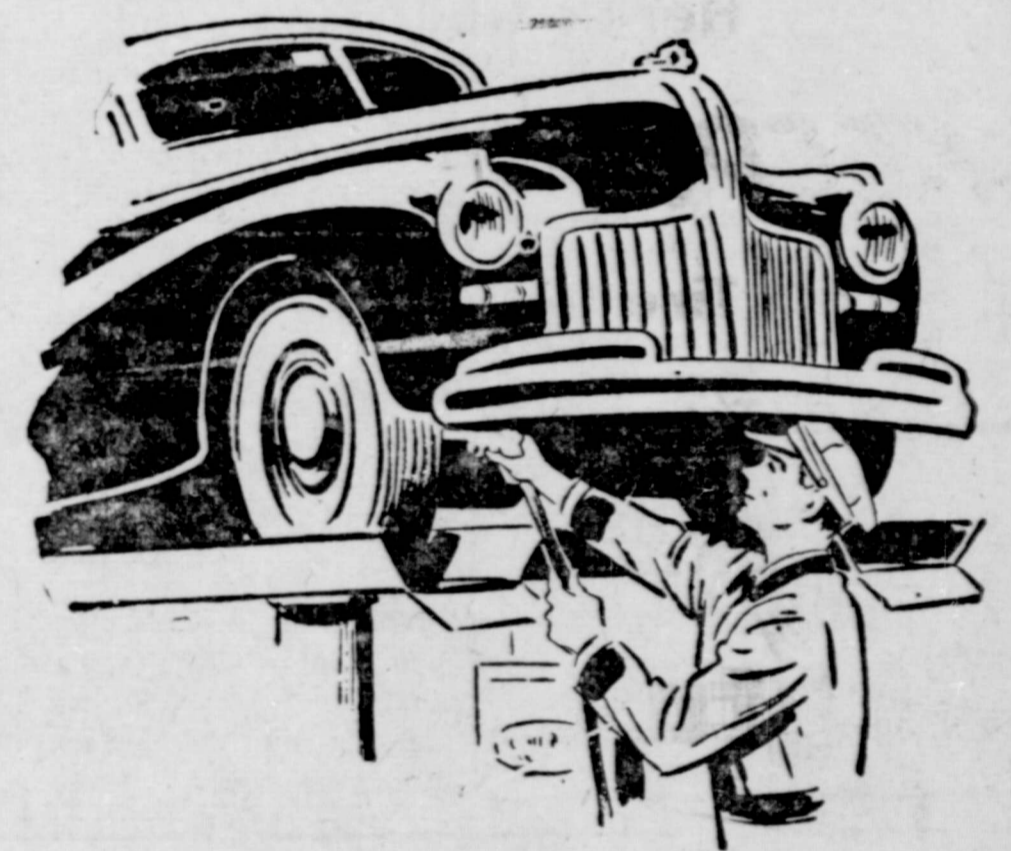

ments and a series of postcard mailings to farmers stress the importance of getting ready now for Spring and Summer work. "Hood-to-Hitch" tractor service and complete repair facilities for Combines, Mowers, and other farm tools are offered as a safeguard against costly delays during the busy days just ahead. Whether it's a major overhaul job or minor repairs and adjustments, it pays to get the job done now during the spring months before the Summer rush gets underway, Mr. Price added.

Chisholm Opening Up Part Of New Addition

G. W. Chisholm is putting two blocks of the Chisholm addition to Brownfield, on the market, his ad appearing in this issue of the Herald. This property is laid off into streets and alleys.

We might add that it will be a very desirable addition to the city, as it is high, well drained, hard enough not to blow, and yet fertile.

Two Service Stations Burglarized Here

The Phillips service station operated by Robt. Heath, at the corner of 4th and Main, and the Farmers Co-Op station, on Main west of the railroad were broken into sometime Tuesday night. Mr. Heath reported that no money or articles were taken as he had taken care of the money on closing, but much of the stock and filing cabinets were ransacked.

The manager of the Co-Op station reported only small amount of change and a pistol was taken, but no merchandise.

Entry in both places was by breaking through the rear windows. No arrest had been made up to Thursday.

Lions Invite Other Clubs To Sponsor Soft Ball Teams

At their weekly luncheon last Wednesday, the Lions club voted to sponsor a soft ball team, and Durwood Moorhead, Johnnie Haynes and Marshall Loyd, were appointed a committee to invite other civic clubs of the city to sponsor other teams, with a view of having a soft ball tournament this summer.

Misses Arnita Lucas, and Guinette Glover entertained the meeting with readings and music.

Pvt. Morgan Copeland and Pvt. Wayne Rogers, who recently entered military service are being sent to Camp Lee, Va.

TRY A HERALD WANT AD

ANNOUNCEMENT

Due to the continued growth of our furniture business and Funeral Home services, it becomes necessary for me to discontinue the active management of the furniture business. On and after April 1, 1946 Mr. Tracy Cary, a man of many years experience in the furniture business, will manage the furniture store and I will devote my entire time and interest to the active management of the Funeral Home and endeavor to make our services still better than ever.

Our plans have all been drafted for the enlargement of our Home. As soon as our returning service men, who have done such a great and noble job for us, have been able to secure the much needed materials to build their homes in which to live, we will build more.

I am taking this opportunity to thank all of our loyal friends and customers for the business you have given us in the years we have been serving you. It is due entirely to your loyal support that we have been able to enlarge and expand so as to give you this better service.

There will be no change in our methods of handling the furniture business and we want all of you to continue to feel at home in our store at any time.

At present and for your convenience, all premiums on your Burial Insurance will continue to be paid at the Knight Furniture Store.

Although you will not see me as often at the Furniture Store, I want you to feel free to call upon me at any time. I will always have your interest at heart, regardless of your problems.

Wishing all of you the best of everything,

Roy B. Collier
For
J. B. Knight Furniture Store

Brownfield Funeral Home

A large number of Lions attended a Lions meeting at Slaton last night, and also one early this week at Lamesa. They are also to visit in a large body, Plains club, on April 4th.

Judge Lincoln Attends Veterans State Meeting

C. L. Lincoln, County Service officer, attended a meeting of Veterans offices at Austin last week, where instructions in rehabilitation was given. This is a widening of the scope of his present services.

Lincoln recommends that all veterans come in at once and get certificates of eligibility, which are useful to them, and further explanations.

Among the large number of claims his office has handled since its opening, is 80 death claims, about 60 of which were killed in action, from Terry county.

Richard Kendrick Home Again

The numerous friends of Richard Kendrick are glad to hear that he has doffed his Army togs and is once more a civilian. Although we're sure he'll require an introduction to very few if any Herald readers, we'll add that Richard is married, the youngest son of Mr. and Mrs. R. M. Kendrick and will return to his position with the First National Bank, which he held prior to his entering the Army Air Forces. He is a graduate of the Brownfield High School.

In service three and a half years as pilot with the 8th Air Force, Kendrick held the rank of Captain at the time of his release from active duty. He served one year overseas in France and England.

SECRET WEDDING ANNOUNCED

Kenneth W. Wright, an overseas veteran, son of Mr. and Mrs. L. T. Wright of Brownfield, and Miss Betty Evans of Levelland, were secretly married in Clovis, New Mexico, February 22nd. The wedding is now being announced.

Mrs. W. W. Tapp left Tuesday for Houston to be with her daughter, who is ill with typhus fever.

Miss Jean McLean and James H. McDermott, of Levelland were married March 20th in the home of Rev. R. N. Huckabee.

We Hit—

too, but he always turned the wrong end to the camera, as he was sampling strange odors of the delta. But the pictures were fair.

We had read many stories of the bumper as well as banner crop of citrus being produced from the 1945 crop, that had already gone out to various sections of the nation, but was unprepared to see perhaps a third of the crop still on the trees. Some large orchards had hardly been touched; many half harvested, and scarcely any fully harvested. Like the labor unions, the growers seem to have their own formalities. You just don't buy stuff along the pavement where you find it, but certain designated warehouses where you can buy at retail. This is especially true of some of the newer citrus fruits, names of some we can't even remember. One of them is rather rare except in the valley and the very lower end of California in the San Diego region. They were plentiful down there, but one had to get them where the growers and truckers told you. Papayas is the name of one rare fruit. It is delicious.

Passing down this delta, towns are as thick as fleas on a dog's back. Beginning at Pharr on highway 83, there is, San Juan, Alamo, Dona, Weslaco, Mercedes, LaFera, Harlingen, San Benito, La Paloma and Brownsville. Some of them are quite nice cities, and practically all of them have four or five thousand people. Taking the larger ones in the 60 miles stretch from Mission to Brownsville, we have, Mission, 5,981; McAllen, 11,824; Edinburg, 6,908; Harlingen, 13,235; San Benito, 9,513; Brownsville, 22,160. The above are 1940 figures; they are much larger now.

Begin to look for a tourist camp as soon as we drew near Brownsville, but all said the same thing, "No Vacancies." So, finally found two fair hotel rooms overlooking the murky water of the Rio Grande, and unloaded for the night. After supper (dinner to you perhaps) we paid a visit until late bedtime with Mr. and Mrs. O. L. Walton and the children. Mrs. W. is the daughter of Mr. and Mrs. G. W. Chisholm of this city, and we have known her since childhood. Mr. Walton is in the same profession he was here, biologists for the USDA, except that he had strictly office work there.

Well, we made the ears of a lot of old Brownnites smart.

The following couples from Brownfield attended the Lamesa Lions Club Ladies night Thursday of last week: Messers and Mesdames Jack Griggs, Tess Fulfer, Lee Short, Les Short, Fred Baldwin, Archie Chapman, Tommy Harrell, Sam Houtchens, Frank Jordan and R. V. Moreman.

Lt. Col. Robt. L. Hardy of the Army Recruiting Service at Lubbock is to address the Lions club here next Wednesday noon.

Ed Thompson was in Wednesday and claimed that he helped his wife with the weekly wash. We'll have to check with the Mrs.
