

# BROWNFIELD STATE BANK ADDRESSES OPEN LETTER TO TRADE AREA FARMERS

Brownfield, Texas  
April 5, 1946

Dear Sirs:  
A recent check of the AAA office of Terry County, discloses that a very small percentage of the farmers of this county have taken advantage of the crop insurance program currently offered.

Our long experience in financing of crop production in this territory has firmly convinced us that only two factors make up the greatest risk which the farmer has to take in his business. One of these is the matter of price which he receives for his produce and the other is the matter of yield.

The first factor mentioned, ie, price, is very well assured at the present time and we think probably for a period of another two or three years. Certainly our Government is committed to support farm prices at parity for a period of two years after the official end of hostilities. The end of hostilities will be when the President proclaims such officially, which he has not yet done. This indicates that farm prices will be supported through this year and certainly through next year, and possibly for another year following that.

Crop insurance under the current AAA program, offers the farmer a solution to the second factor mentioned in this letter, i. e. that of production, and at a premium cost LOWER IN DOLLARS AND CENTS for ALL RISK insurance than you have been accustomed to paying for hail insurance alone.

Prudent business men, for a great many years have found it advisable to insure against hazards in their particular business year after year and charge the same to their normal overhead operating expenses. I see no difference in this respect between operating a farm, operating a bank, a store, or any other business institution. Your operation of your farm is certainly a business proposition and one in which all of us are vitally interested. Heretofore, you have not had the opportunity or facilities offered you for protection against the greatest hazards in this business, but this opportunity is offered you at this time.

Although this proposition of crop insurance is new and untried, we think from a thorough study of the matter from sources which we deem reliable, that it behooves every farmer to take advantage of the opportunity offered him to stabilize his business in the same manner that other prudent business men have for years used to stabilize their own. Certainly an assurance of a yield sufficient to meet in every case, the current operating expense of the farm, will do more toward raising the standards of living on the farms of our country than any other thing and just as certainly the program will fail unless the farmers of the country support it.

April 25 is the dead line in Terry County for signing up for the crop insurance. May we urge that you, as a prudent business man, take advantage of this opportunity before that date.

Yours very truly,  
LEO HOLMES  
Exec. Vice-President  
Brownfield State Bank  
Brownfield, Texas.

## We Welcome Merritts Back To Terry

Mrs. George Merritt dropped in Tuesday to get their Herald changed from Bakersfield, Calif., back to good old Terry, and she seemed pleased that they were back home. She had us send the Herald to her mother out there.

They have purchased the Johnson store, and now when the grocery stores here in town turn us down, we know just where we will go to try to run our face for some bacon and beans.

J. E. Thurman was in this week to see about the Herald going to the west Pacific to his son, William E. After talking the matter over, we decided that until Bill got better settled it would be better for the Thurman family to send him their paper first class.

Mr. and Mrs. Gordon Clifton, of Nashville, Tenn., spent the week-end visiting Mr. Clifton's sister and family, Mr. and Mrs. Gene Gunn.

## Oliver Goldston Bodyguard To Gen. MacArthur

Miss Hazel Goldston, of Denver City, daughter of Mr. and Mrs. W. M. Goldston, old timers of Terry, was in this week to get a slight change in the paper going to her brother, Pfc. Oliver Goldston, now in Japan.

Hazel informed the editor that Oliver was now a bodyguard to Gen. Douglas MacArthur, and stated that the kid wrote like he was carried away with his job.

## City Officers Attend Water Meet

Mayor Frank Jordan, Fire Chief Eunice Jones, and Assistant Jim Cousineau, and Clerk Tommy Zorns attended the Permian Basin Firemen's Association at Monahan, Tuesday night.

(Note: They will try to get the next meeting for Brownfield.)

## Student Council Elects Officers

The Student council of the Brownfield High School elected the following officers for the 1946 and 47 school year, Wednesday morning: president, Jimmy House, who will be a senior next year; Jerry Worsham, junior student, vice-president, Shirley Wilgus, junior student, sec. and treas.; and Robert Bowers, senior student, athletic chairman. The class representatives will be elected next Tuesday.

## Attend Rotary Banquet At Lubbock

Attending a banquet given in honor of President of Rotary International Tom A. Warren and wife, Ginger, Wolverhampton, England last Monday night at Womens' Dormitory No. 2, Tech Campus, Lubbock, were Messrs. and Mesdames C. E. Ross, O. L. Peterman, Riley W. Carlton, J. O. Gillham, and Mr. Bill Fitzgerald.

Those attending reported a delightful meal and an excellent program. The theme of President Warren's address was "International Cooperation."

## 1500 Attend Oil Mill-Bank Barbecue

1500 persons consumed a 1100 pound Boys club fed beef, last Saturday noon, in one of the spacious warehouses at the oil mill, one mile north of town. The barbecue was sponsored by the First National Bank of this city, and the West Texas Cotton Oil Co., of which O. L. Peterman of this city is manager. Ample supply of red beans, gravy and sun-uv-gun, and black coffee was also furnished. The Brownfield High School band rendered several excellent numbers preceding the meal. It was a good neighbor policy of these two prominent institutions. The public had been invited. The beef was one of the winners at the recent 4-H and FFA boys clubs fat stock show held here two weeks ago, sponsored by the Jaycees.

The Kendrick of the bank are well known pioneer businessmen of this area. Peterman, aside from successfully managing the oil mill, is also very active in the Board of Development and civic affairs.

## COUNTY SCHOOL TRUSTEES ELECTION RESULTS

B. F. Finley, of Meadow, was re-elected from Precinct No. 2 to the Board of County Trustees. H. H. Harred, of Union, was elected to the board from Precinct No. 1. George Alexander, of Tokio.

Lee Lyons with L. D. Hamm, trustee-at-large, from Wellman were the holdovers.

## SEAGRAVES ROTARIANS PUT ON PROGRAM FOR LOCAL CLUB

Eight Rotarians from the neighboring city of Seagraves delivered the program at the meeting of the local Rotary Club last Friday noon at the Wines Hotel.

Besides several other visitors, Jerome Kirschner and John M. Hill, new members, were present.

## Methodist Church Installs Organ

The long expected Hammond Organ was duly installed on Wednesday, in the First Methodist church of this city by a technician from the Jenkins Music Company of Amarillo. This insures a very attractive music program for both services on Easter.

Sunday Evening at 7:30 there is to be an Organ Recital, given by Mrs. Roy Herod and Mrs. Bill McGowan, followed by an evangelistic service led by the pastor.

The Youth Crusade Rally had a very encouraging attendance Monday evening. After an inspiring song service led by a large young people's choir the pastor contrasted the "Pleasure principle" with the "Reality Principle" of life; the one leading toward a life of cheap and easy satisfaction, arriving at a cynical sophistication with little modesty or reserve or respect for others left by 16 or 18 years of age; the other devoted to great and growing ends, learning respect for parents, constituted authority, and age, acknowledging the property rights of others, with reverence to God and the unchangeable realities of life. The first ending in dissatisfaction and the destruction of everything dear, including our form of Government. The latter, training for good Citizenship and saving the Republic.

On Easter morning this church expects to have 250 in Sunday school, 10 babies Christened and more than 30 fine people received into the local church. They extend a hearty invitation to all to join them in this day of praise and dedication.

## Attend Rotary Banquet At Lubbock

Attending a banquet given in honor of President of Rotary International Tom A. Warren and wife, Ginger, Wolverhampton, England last Monday night at Womens' Dormitory No. 2, Tech Campus, Lubbock, were Messrs. and Mesdames C. E. Ross, O. L. Peterman, Riley W. Carlton, J. O. Gillham, and Mr. Bill Fitzgerald.

## Consumer Co-ops To Meet In Amarillo

Amarillo — Plans are complete for one of the largest agricultural meetings ever to be held in the southwest, when farmers and ranchers from Texas, Oklahoma, Colorado, and New Mexico will converge on Amarillo April 18 and 19 for the annual shareholders meeting of Consumers Cooperatives Associated, according to an announcement made today by Donald W. May, educational director of farm cooperatives in the southwest.

The two-day meeting will be held at the Herring Hotel in Amarillo, and the speakers will include S. D. Sanders, commissioner of banks, Farm Credit Administration, Washington, D. C.; Dr. Raymond W. Miller, president of the American Institute of Cooperation, Philadelphia, Pa.; C. J. McLanahan, national educational director of the Cooperative League, Chicago, Ill.; Glenn S. Fox, director of finance, Consumers Cooperative Association, Kansas City, Mo.; and T. A. Temhune, general manager of National Cooperatives of Chicago.

The first day of the meeting will be taken up with discussions of various phases of cooperative agriculture and will feature an address by Commissioner Sanders of FCA on "Improved Economic Conditions for Farmers Through Cooperatives."

The evening program will feature an address by Dr. Miller, who will highlight the program with his observations on agricultural cooperation on a national scale. At the evening meeting, the new educational film, "The Fifth Freedom," depicting the growth of "arm cooperatives in Texas and the southwest, will be presented for the first time. In addition to these features, a square dance will be given with Cecil Hefley of Amarillo as caller and presenting the "Gay Nineties" Club.

The second day of the meeting will be used in the business session of the CCA group and will be presided over by R. B. Gist, president, of Happy, Walter L. Bradley, of Buffalo, New York, will read the audit report and discuss cooperative financing and tax matters.

Always expect the unexpected from any driver near you.

## Social Security Man Here Next Week

If anyone has any question about their social security status, we are authorized to state that Senior Claims Examiner, for Texas Employment Compensation Commission, will be at the courthouse in Brownfield, at 9 A. M., next Wed., April 24th.

There are many angles to social security not clear to the ordinary person that Mr. Richardson will be able to make clear. Remember the date.

## Thomason To Start Grocery Store

Selecting a site three blocks east of the American Legion Hall on the Seagraves and Lamesa highways, Mack Thomason has erected a new building for a neighborhood grocery.

He left Wednesday afternoon for Lubbock, where he will buy, load and bring his stock home.

## Lubbock Proposes New Court House

If present plans materialize Lubbock county will soon begin the construction of a new court house and jail, to cost about \$1,500,000. There may be considerable delay, however, on account of the difficulty at the present time of procuring building material.

A traffic dispersal system is also planned.

Petitions are being circulated and will probably be submitted to the commissioners court Saturday asking that an election be called to authorize the issuance of bonds in the total sum of \$1,850,000 for both projects. It is possible that the selection will be set for April 28.

A highway building campaign with funds to be furnished by the state and federal governments in the possible sum of two and a half million dollars for the construction of a network of highways in the city and county of Lubbock, is also in prospect, the county being required to furnish only the right-of-way.

## ALL DAY EASTER SERVICES AT FIRST CHRISTIAN CHURCH

A full day of services are planned for Easter Sunday at the First Christian Church.

The day will start with a sunrise service to be held at 6:00 A. M. with Dr. Aldis W. Webb of the Johnson Bible College of Tennessee in charge. He will deliver an inspiring Easter sermon.

Sunday School will be held at 10:00 A. M. Morning worship will be held at 11:00 A. M., when we will be privileged to hear a representative of the United Christian Missionary Society of Fort Worth deliver the sermon.

Sunday evening at 7:30, there will be a Special Easter program given by the youth of the church. We hereby extend a cordial invitation to everyone to attend each of these services.

We wish to take this opportunity to assure our many friends that we are not selling out—only selling our lots to move to a new location.

## PIGGLY WIGGLY INSTALLS MEAT CONDITIONER

Now you ladies that have to hunt up the old wooden steak beater, or the butcherknife, with your steak on the bread board—forget it. At the Piggly Wiggly store they have a new machine that will do just that in a twinkling.

"Butch" Bost called us in late last week to watch it work. A slab of steak goes in like as in a sausage mill, and before you can say Jack Robinson, your steak is chopped as nice and pretty as you please.

He even gave us two nice steaks just to stand there and watch the outfit "beat" the steaks. What next?

Mrs. Jake Gore visited her father, Mr. P. J. Murphy in Deatur over the weekend.

## County Officers Meet With Highway Commission

Judge H. R. Winston, and the County Commissioners met with the Highway Commission at Lubbock, Wednesday and Thursday, concerning opening a road from Needmore to Sundown.

The Department had heretofore designated this road, with others, for State construction, but the county is to furnish the right of way. When surveyed out some extensive land owners in that area have strenuously opposed it. Hence it is up for rehearing with the Commission, who are to have a special meeting at Lubbock for such matters of this section of the state.

## Dudley Repp Hurt In Car Accident

His many friends in Brownfield will regret to learn that A. D. Repp, former Supt. of the Brownfield Compress, was quite seriously hurt recently, when another car plowed into the rear of one in which he was riding, while his car was at a stop light in Wichita Falls.

It seems A. D. was in a car with the Vernon compress man and his wife, and were on their way to New Orleans to a compressmen's convention. It was thought that something heavy was thrown from the compartment over the rear seat, and struck Dudley.

He was carried to a Wichita Falls hospital for observation before returning home to Lubbock next day.

## Dud Singleton, Pioneer Cowboy Dies

As the day closed and the shades of night were lowered last April 3, another pioneer and old time cowboy, S. D. (Dud) Singleton, passed on into the great beyond. Mr. Singleton was born in 1874 at Marshall, Texas. A part of his childhood was spent in Missouri but the greater part of his youth was spent in Texas between Ft. Worth and Colorado City. In 1892 he moved with his father to the Slash L ranch which is now Newmoore. While living on this ranch he was wed to Miss Clara Keith. In about 1920 he moved from the ranch to near O'Donnell and later moved to Wink, and then to Denver City where he had his home at the time of his passing.

Dud knew all the hardships that pioneers have to endure to make a country such as we have now. His long life of seventy-two years was filled with good living. It can be truly said of him that his heart was as big as a wagon wheel and he had a smile for every person. We of the younger generation are deeply in debt to men like Mr. Singleton for what they have done and the sacrifices they have made.

Mr. Singleton leaves his companion and one daughter, Mrs. Harold Millam of Smackover, Ark., one son, S. F. Singleton of Amarillo and two grandchildren; one sister, Mrs. Hal Singleton, Sr., of O'Donnell and one brother, W. S. Singleton of Big Spring, and a very large number of other relatives and close friends.

Funeral services were held in Denver City last Saturday morning at 9:30 and at 3:00 in O'Donnell at the Church of Christ.—O'Donnell Index.

## MEADOW LIONS CLUB TO SPONSOR MUSIC FESTIVAL

The outstanding Music Festival presented by the 40 voice girls Choral Club of the Sundown high school, directed by Marcille Burleson, is being sponsored by the Meadow Lions Club, on Tuesday evening, April 23rd at 8 o'clock in the Meadow high school auditorium. This gala event furnishes an evening of colorful entertainment which no one can afford to miss. Make your plans now to attend.

Mr. and Mrs. J. E. Eakin and Mrs. B. W. O'Neal and daughter, Wanda visited Mr. and Mrs. B. G. Chaney in Lubbock Sunday.

## Local Man Hurt In Car Mishap, Friday

A daily dispatch from Fort Worth last Friday, stated that Bennett E. Cathey, 26, of this city had been in a head-on collision of two automobiles near Fort Worth. Cathey had been discharged as a Corporal in the army.

The item also stated he was in a Fort Worth hospital, with little chance of recovery as he had a skull fracture. Others in the crash were more or less injured.

## Terry County Singing Convention Sunday

Mack Thomason was in this week to get the Herald to tell you to commense to get ready for that big singing convention at Union school house next Sunday afternoon, beginning at 2:30.

He warns you to hic and hoc between now and then to get all the frogs and sand out of your throat by then, as he wants all the mockingbirds, orioles and canaries to be in prime order.

## County HD Holds Session Saturday

The Terry County Home Demonstration Council held the regular meeting in the District Court Room at 2:30 P. M., Saturday.

Mrs. Frank Sargent, chairman, presided. Mrs. R. J. Rowden from Gomez was leader for recreation. Mrs. Victor Herring gave a report of the district meeting which was attended by 310 ladies.

Every club is urged to collect used clothing for the Philippine Relief and bring to the next Council meeting. The Council is going to have a library to which each club is donating a book to help start it.

Mrs. K. Sears, chairman of marketing, gave a report on the egg sale, of which Furr Food was the highest bidder.

Those present were Mesdames Joyce, Gracey, Henson, Davis, Sewell Dean, Clyde Heafner, Sargent, Herring, Rowden, Mason, Brantley, Benton, Sears, Shultz, Lay, and Miss Helen Dunlap the HD agent.

## President Proclaims Cancer Control Month

Austin — By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation.

One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The facts concerning heredity do not justify them.

At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals.

Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

## Smith & Bryan 100% Ex-GI Firm

Another up-and-coming Brownfield firm composed entirely of ex-GIs is the Smith and Bryan Body and Fender Shop, 703 Lubbock Road.

These boys have equipped their shop with all new and the very best equipment obtainable. They declare, also, that they will let no grass grow under their feet, but will add other equipment as it comes on the market.

Painting is done in a dust-proof compartment. The latest type of air sanders strips the old paint down to the bare metal and a mirror-like finish upon which to apply the new coat. The Lincoln Color Meter makes it possible to duplicate with scientific exactness any known color.

Science, however, has not as yet devised any instrument whereby a faded color can be mechanically matched. This comes only after years of experience and even then only a few become expert at it. This is where J. Elmo Smith enters the picture. With fifteen years of experience in the body and fender line, he can match to perfection the original finish when this type of work is required. Prior to entering the Army where he served six years, Smith worked at his trade in the Midland-Odessa territory.

James Bryan needs no introduction to Brownfield people as he has been here for some twelve years, received most of his schooling here, and was possibly one of the most popular students in the history of the school. He served in the Army for three years.

H. B. Parks, a native son of Terry County, is assisting the firm. To be different from the other two boys, he chose the Navy instead of the Army for his branch of the Service and was in the Navy for three years.

## Hicks Vice-President Of Lubbock PCA

C. E. Hicks of Meadow was elected vice-president of the Lubbock Production Credit Association in a board meeting that followed the annual stockholders' meeting held in Lubbock on April 12, according to Hugh Snodgrass, Brownfield branch office manager. Hicks was also selected as a member of the executive-loan committee, both positions having been previously held by Roy Fitzgerald, Plains, who resigned and retired from the PCA board after serving since 1935.

Snodgrass reports that approximately 64 Terry and 27 Yoakum county men and women were among the 800 persons present at this Friday meeting. He reports that he is now servicing 95 loans for over \$100,000 for farmers and stockmen in Terry, Yoakum and northern Gaines counties.

## JORDAN THANKS VOTERS

I wish to take this means of thanking all those who supported me in my successful race for the office of City Mayor, and ask your continued cooperation.

As I stated in the course of my campaign, it will be my intention to serve you to the best of my ability in helping make Brownfield a greater city.

The need of your constant cooperation cannot be too often repeated and anytime I can be of service to you, please feel free to call upon me.

FRANK JORDAN

## KIDDIE PONY RIDE ON LUBBOCK ROAD

J. L. Patterson has brought his Sheiland Pony Riding Academy from the west coast and has set it up just south and across the street west of the Rainbow Camp on the Lubbock Road.

Designed for children from the ages of one to twelve, the ride is absolutely safe, the ponies being harnessed and rigged up in such a manner that an unscheduled spill is most unlikely.

Those bureau boys up there at Washington certainly have learned a new kind of math; that is hard for us hinterlanders to understand. Lately they have cut the amount of flour to millers and grocers to 75 percent of former supplies, and in the same breath stated that fact would not effect housewives. If you can figure how that will happen, you are a better Einstein than this country editor.

We heard much about walkie-talkies during the war, but recently a walkie-lookie has been announced. Came 30 years too late in our young life.

It was stated in a Friday daily that a new oil well near New Iberia, La., had been completed at a depth of 13,763,778 feet, and was producing 530 barrels per day. Just for a bit of amusement we began to figure and found that this well was as deep as the distance from New York to San Francisco. We wonder why some oil company doesn't add a couple of thousand miles and tap the Iran fields in Asia. Of course the linotype man added the last three figures to the depth, and the overworked proof reader missed it. All of us make 'em.

All newspapermen in west Texas regretted to learn of the demise of William G. Haden, of the Big Spring News, and former owner of the Big Spring Herald. He had been in the newspaper business longer probably, than any other man in west Texas. Peace to his ashes.

And to you who are about to take trips, let us tip you off that you must be prepared at all times to slow up to let a "desperate driver," whose time is, in his opinion, worth millions of dollars per minute, pass another car 100 yards in front of you, and then get straightened out on the other side of the stripe. Of course you will have to slow down to a mere ten miles per hour to accommodate Mr. Desperate, but you'd better do it, as Desperate doesn't have a brain cell working. The Sr. and Jr. editors had to do just that several times on our recent trip to Panhandle Press convention at Amarillo.

The Russian newspapers, all of course Stalin inspired, keep cracking at Britain and the USA, as being countries which they call imperialistic and capitalistic, and that these two countries are out to dominate the world in spite of all "democratic Russia" can do. Just to keep the record straight, as Al Smith used to say, let's see just who is taking over and dominating other countries. Heading the list of course is Russia, and the only nation really in the running in "taking over." Since War II started Russia now dominates and controls the destinies of 13 large and small countries with a total land area of 373,938 square miles, larger than Canada, and with a population of around 24 million people, comparative to the population of Old Mexico. That is Uncle Joe's kind of Democracy.

Knott, the famous cartoonist of the Dallas Morning News got off a good one this week. He showed several vice-presidents parading in front of a business institution in top hats and soup and fish dress, as if picketing. Each bore a sign such as: We want more holidays—more salary—unfair to vice-presidents, etc. Feature that, but fashion speaks. All of us may get the habit.

That "road repair" sign is for the driver's protection too.

## Don't Forget The Highway Center Stripe

Out on the highway there is a painted line. It is the line that separates life from death; happiness from despair; safe driving from dangerous driving. It is the line that goes down the center of the highway.

Stay on your side and live. Thousands annually cross over that line and meet death or serious injury. Statistics show that passing another automobile out on the highway is one of the most dangerous things a person does.

State Highway Engineer D. C. Greer makes a timely plea when he calls for strict observance of highway markings and signs. Traffic volume is already well above prewar peaks in Texas, tire and car shortages notwithstanding. It will soar further upward as new cars get on the road. Authorities predict the nation's 1946 death toll from motor accidents will pass 38,000 unless motorists can be persuaded to assume more cautious driving habits. At the predicted 1946 death rate, only seven years will be required for motor vehicle accidents to kill as many Americans as were killed in World War II from Pearl Harbor through V-J Day.

It will be as impossible to remove defective cars from our highways overnight as it will be to rebuild all highways overnight to conform to the most advanced safety standards. It is up to the driver in 1946 to overcome the defect in his car and in the highway, in addition to reducing the number of accidents attributable to the driver himself.

While enjoying the beautiful Texas landscapes adjacent to our highways, may each driver keep alert for those yellow signs which warn him of danger. May he stay on the right side of the center stripe and never attempt to pass another vehicle when the dashed line is on his side.

Safety is one of the battles of peace. It will be fought by every person who gets under a steering wheel. His weapons are caution and never-ending practice of a few simple safe driving rules. How well he uses these weapons will determine which is the more fatal: the battles of war or the battles of peace.

## Two Local Boys Discharged From The Navy

According to a news release from the Eighth naval district at Dallas this week, two more Terry county boys are now at or on their way home, as they had been discharged from the navy.

They were Kenneth G. King, shipfitter second class, Box 1162, city, and Wilder T. R. Briscoe, radioman second class, Rt. 2, city. They keep getting home.

A veteran is in Washington seeking his rights. He wants the right to work. He demands that the provisions of the GI Bill of Rights be enforced. He got his old job back, but was fired by his union. His grievance is that his union would not permit him to do an honest day's work for the money he received. He is old fashioned enough to think that when a man takes a job that he should give his employer his best, and try to earn his pay. The union says, not so. Those who work in this union should do as little as possible, and the same time draw all of the money that the union can extract from the employers. In other words, we have a fine example of a sit down strike. The vet went to Washington to see what the high officials would do for him. So far all he has received is to be pushed around from one committee to another, from one bureau to another bureau. Every honest American hopes that some one in Washington will take up his cause and see that he is given the right to work.—Canyon News.

Major Jesse G. Hill, who has been stationed in the Aleutians, was here last week visiting in the home of his sister, Mrs. J. F. Thomason.

Fulwiler and W. P. Avriett are plaintiffs, and the parties above named and referred to, to whom this citation is issued and directed, along with M. C. Hamilton and wife, Lennie (Lennie) Mae Hamilton, are defendants, the nature of which suit is as follows:

Plaintiffs allege ownership of that tract of land situated in Terry County, Texas, described as follows:  
The West 1/2 of Section 9, in Block D-14, C. & M. Ry. Co. Survey, containing 320 acres, more or less.  
Such action is a suit in trespass to try title on the part of the plaintiffs for title and possession to and of the land above described, and plaintiffs alleging title in themselves through peaceable, continuous and adverse possession under the 3, 5, 10 and 25 year statute of limitation. The action is brought as well to try title as for damages in the sum of \$100.00.

Plaintiffs pray in said petition that they recover title and possession to and of the land hereinabove specifically described, and for damages, costs of suit and for further relief, general and special, at law or in equity.

If this citation is not served within 90 days after date of issuance, it shall be returned unserved.

Issued this 27 day of March, 1946.

## April 25 Closing Date For Federal Crop Insurance

NOTICE TO ALL TERRY COUNTY FARMERS: April 25th, or before you seed your cotton, is the closing date for making application for cotton crop insurance. Please do not put this off until the last minute as the AAA office personnel is limited and you may not be able to get waited on if you wait too long.

The 1946 contract will be in effect for the 1946 crop year and for each succeeding year, unless either the grower or the Corporation gives notice of termination. The notice must be in writing and submitted before January 31 in order to cancel the insurance coverage for the succeeding crop year. If any change made in the insurance contract affects the producer adversely, he may cancel later than January 31 as long as it is done before the closing date for filing applications.

Every year somebody, somewhere, suffers a serious crop loss. Maybe you can take one. Maybe you think the insurance is too high, but those farmers who have had to fall back on the protection of the crop insurance found the cost cheap. A farmer who carries crop insurance continuously may obtain a reduction in premium for having a good loss record. The reduction in some cases might be

## RHEUMATIC FEVER REPORT FROM LOCAL HEALTH UNIT

Rheumatic fever is a leading cause of death in school children, and a contributing factor to disability and death from heart disease in adults. It is estimated that about one half million school children in the United States have or have had this disease.

Rheumatic fever is often treacherous in onset and difficult to make correct diagnosis. Pain passing from different muscles of the body on change of weather, affecting heart muscles and twitching of the muscles throughout the body. Slight degree of fever, elevation blood set rate.

Victims of this disease often give history of frequent head colds, irritation of nose and throat. The germ so far has not been isolated as to the cause of rheumatic fever.

Consult your family physician early as a precaution.

## CARD OF THANKS

We wish to take this means to express our thanks and appreciation for the money and many beautiful gifts given us, and the kindness shown us in the loss of our house by fire. Thank you and may God bless each and everyone.

as much as 50 percent.

The Federal Crop Insurance Corporation is a non-profit program. The Government pays all administrative costs. But Congress has directed that the premiums paid in must cover the losses paid out in order to make the Corporation a sound organization that farmers can depend on to be a permanent part of their business operations.

It was decided to concentrate again in 1946 on the program as it now stands to be sure the foundation is firmly laid before adding new crops. But the Corporation expects to recommend insurance on new crops soon. The more support the program gets now and the more farmers working to make that foundation firm—the sooner insurance can be expanded to cover more crops. And as coverage expands, there is more security for farmers' incomes across the Nation.

## National Americanism Endowment Fund To Be Raised

A County-wide campaign committee, consisting of three members to raise Terry County's quota of \$348.00 for our NAEF Drive consists of the following: H. B. Virgil Crawford, Chairman; Bruce Zorns, Member; Mrs. J. D. Miller, Member.

Eight Majors have been appointed to assist in this fund raising campaign. These majors will in turn appoint five Captains each to assist them in raising the funds in the district assigned to them.

The Majors appointed are: Wilson Collins, Lynn Nelson, Glenn Akers, Tommy Zorns, C. C. Primm, Thomas O. Harrell, H. M. Pyeatt, Johnny Kendrick.

The campaign is to open on April 15, 1946 and will close on April 20, 1946, and all funds collected are to be turned over to H. B. Virgil Crawford, Chairman, at the County Attorney's office in the Court House. These funds are to be used to teach and promote Americanism.

It is hoped that the funds to be raised in Terry County will be reached at the earliest possible time. The cause for which this money is being raised is a worthy one and one which the people can well afford to support. The preservation of our American way of life and the Democratic American Spirit is important to every citizen.

## Union Boy Helps In German Occupation

Furstenfeldbruck, Germany — Pfc. Raymond L. Anderson, son of Mr. and Mrs. A. A. Anderson, Brownfield, Texas, is now a truck driver at the Army Air Forces (European Theater) Reinforcement Depot, which was recently moved here from Chateau Thierry, France.

While he is at this post, situated near Munich in the heart of a picturesque Bavarian forest, Pfc. Anderson will have an opportunity to enjoy the famous scenery and the superb winter sports facilities which has made this region famous throughout the world. Within easy driving distance is Garmisch-Partenkirchen, site of the 1936 Winter Sports Olympics, now converted into a luxurious Army rest center.

As soon as conditions permit, tours to Berchtesgaden, Salsburg, Dachau and other points of interest will be inaugurated. Available, too, will be ample furlough and leave allotments to Switzerland, Paris, Brussels, and England, according to the policy of expanded educational and recreational facilities recently announced by Col.

## WHICH WAY ARE YOU GOING AFTER GRADUATION FROM HIGH SCHOOL?

Right after graduation, how would you like to step into a job that gives you good pay... gives you an opportunity to study one or more of 200 skills and trades, including such advanced sciences as aviation, radar, television, electronics, radio, jet propulsion, atomic science... permits you to travel to the far corners of the world... gives you 30 days' vacation with pay every year... provides you with food, clothing, quarters, medical and dental care... pays

allowances to your dependents... offers many more attractive advantages... and enables you to retire with a life income any time after 20 years?

Believe it or not, that job is open to you right now if you enlist in the U. S. Army. You can learn and earn at the same time. You can attend Army training schools and specialize in courses which will put you away out ahead in a career in later life.

Under the GI Bill of Rights, if you en-

list for 3 years, you may have 48 months of college, or business or trade school education, with tuition up to \$500 per ordinary school year paid and \$65 a month living allowance (\$90 if you are married) paid by the Government.

Match this against other opportunities open to you today. It's one you can't afford to miss. Certainly you'll want to get all the facts—and the pay figures are worth seeing, too. Stop in at the Army Recruiting Station and find out all about it.

### OUTDOOR LIVING ROOM DISCUSSED

The Gomez home demonstration club met Thursday, April 11th at the home of Mrs. B. R. Lay.

Five members and four visitors answered the roll call, with "The Outdoor Living Room I'd Like To Have." Miss Dunlap gave a demonstration on the "Outdoor Living Room."

Final plans were made for the pie supper and cake walk which will be held at the Gomez school house Friday night, April 19th.

The candidates are especially in-

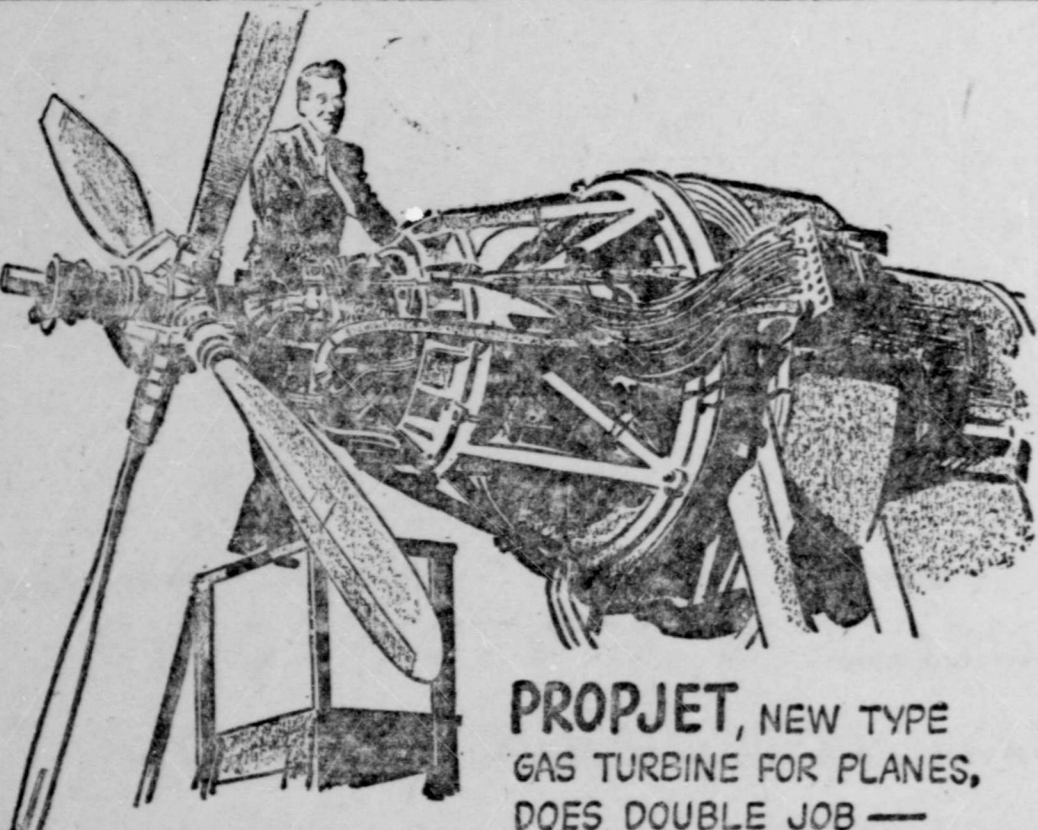

vited to speak. Everyone is urged to come and bring a pie. There will be an auction of nylon hose, boxes of Pangburn's chocolates, aluminum ware, pyrex ware, luncheon cloths and other articles.

Refreshments of ice cream and angel food cake were served. Next meeting will be with Mrs. Alfred Tittle, April 25, at 2:30 o'clock.

### Former WAC's Needed In European Theater

Overseas service is now being offered to enlisted personnel of the Women's Army Corps. Openings are available in the European Theater for 600 women in five specialist categories. This applies equally to WAC's who reenter the service, who will be given the grade which they held at the time of discharge, and to those still in uniform who volunteer to remain beyond their scheduled time of discharge. All applications for reenlistment must be filed in local U. S. Army Recruiting Stations by midnight April 30.

The Military Occupational Specialty numbers for those classifications appear in the table below. Only Wacs with these MOS numbers will be eligible for overseas duty due to the current critical shortage of such specialists.

MOS numbers now needed in Europe and their classifications are:

No. 213, Stenographers; No. 405, Clerk Typists; No. 055, Clerk, General; No. 650, Telephone Switchboard Operators; No. 237, Teletype writer Operators.

In addition to the 600 earmarked for Europe, there is an urgent need for skilled Wacs in personnel centers, hospitals and headquarters installations in this country. Hospital, X-Ray and Laboratory Technicians, code, and cryptography and other communications technicians are especially in demand, as well as clerk-typists and stenographers.

Two types of enlistment are available to Wacs who reenter the service. They may reenter for the duration plus six months, or they may sign up until September 30 of this year.

In recognition of the need for a Women's Army Corps in the peacetime military establishment, the War Department will seek early legislation establishing a small permanent Women's Army Corps in the Regular Army. General of the Army, Dwight D. Eisenhower, Chief of Staff, has approved the policy. Pending such Congressional action on peacetime Corps, present enlistment in the WAC is limited to former Wacs.

Sgt. Raymond Johnson was discharged from Ft. Meade, Md., April 5th, after 34 months service with the Infantry. He is now living in Warren, Ohio, where he was married October 4th, 1945, to Miss Betty Jane Kirkendal. He wishes to tell all his buddies "Hello" and good luck.

### GI Question And Answer Dept.

Q. In reinstating a National Service Life Insurance policy that has lapsed, is a veteran required to take a physical examination?

A. Veterans who have let such policies lapse may reinstate them without taking a physical examination if they submit a signed statement to the Veterans Administration that they are in as good health as at the time of the lapse. This provision will remain in effect until January 1, 1947.

Q. May a guaranty of loan be secured from the Veterans Administration to buy an automobile?

A. Yes; but only if an automobile is necessary and is to be actually used in the conduct of a business or a farming operation.

Q. How does a veteran apply for weekly unemployment allowances?

A. Application should be made at a local office of the United States Employment Service. Discharge papers must be presented at the time of application.

Q. How may application be made for hospital care of a veteran?

A. Veterans Administration Form P-10, which may be secured at all VA offices, should be completed and forwarded to the nearest Veterans Administration office.

Can a seeing-eye or guide dog be secured from the Veterans Administration for certain blind veterans?

A. Blind veterans who are entitled to disability compensation or pension for a service-connected disability are entitled to seeing-eye or guide dogs.

Q. Must a veteran have experience in business to get a guaranty of loan for business purposes?

A. The ability and experience of the veteran, and the conditions under which he proposes to pursue such occupation, must be such that there is reasonable likelihood he will be successful.

**COUNTY LINE HD CLUB**  
Mrs. F. M. Ellington was hostess to the County Line home demonstration club meeting on Friday, April 6.  
Miss Iru Scott gave a demonstration on foundation patterns and special information on cutting and fitting garments.  
Mrs. Barker gave an interesting report of the last council meeting. The club raised some needed funds and had lots of fun at the same time, by auctioning off some

"white elephants," which were sold sight unseen.  
Prizes were awarded to club members who had completed all their goals in last year's club work. These were Mrs. J. L. Barker, Mrs. Clay Henson, and Mrs. J. M. Bailey.  
Refreshments were served to the following members: Mesdames Barker, Carson, Ellington, Clay Henson, Geo. Henson, Meeks, Elmore, Alexander, Miss Scott and our new neighbor and new club member, Mrs. Roark.

Next meeting will be with Mrs. Alton Elmore Friday, May 5. The demonstration will be on getting the farm ready for electricity. Electrical devices will also be discussed. All members are urged to be present.

Gorby-Fisher Vows Read

Miss Paula Gorby, daughter of Mr. and Mrs. W. G. Gorby and

Mr. Carl Fisher, son of Mr. and Mrs. Harley Fisher of Mt. Vernon, Ill., were united in marriage in a single ring ceremony by Rev. Huckabee, Saturday morning, April 13 at the Methodist parsonage.

The bride, a 1944 graduate of the Brownfield High School, an employee of Treadaway-Daniell

Hospital, was dressed in a soldier blue gaberdine suit with white accessories. Her corsage was white gardenias. Carrying out the traditions for something new, her accessories, something old, her watch, something blue, her suit and something borrowed, a white lace handkerchief belonging to

Gloria Swan, her bridesmaid. The groom, who was recently discharged from the Army, attended Mt. Vernon High School. Billy Gorby, brother of the bride, was best man.

A reception was held at the Gorby home after the wedding. After a short honeymoon in Carlsbad, N. M., the couple will make their home in Mt. Vernon, Ill.

Claudine Garrett Named Honoree At Bridal Shower

Miss Claudine Garrett, bride-elect of Harold Stice, was named honoree at a bridal shower Wednesday afternoon from 4 to 6 o'clock in the home of Mrs. Dave Finney. Assisting her as hostess were: Mesdames Odell Sears, Daniell Davis, Ulee McPherson, Newsom, H. E. Schwartz, Jr., and Misses Estella Swain and LaVerne Watson.

In the receiving line were: Mrs. Finney, Miss Garrett, Mrs. Claude Garrett, mother of the honoree and Mrs. Shorty Stice. Mrs. Byron Black, sister of Miss Garrett registered the guests in a handmade bridesbook of white satin trimmed with white lace and ribbon.

The tea table was laid with handmade imported China lace cloth over yellow satin and centered with an arrangement of yellow talisman roses which was flanked with yellow candles. The mantel in the living room was banked with bridal wreath with a miniature bride placed in the center. Yellow candles were placed at either end. The bridal wreath and candles were also used on the piano. Mrs. Odell Sears and Miss Estella Swain presided at the punch bowl.

Mesdames Davis, Schwartz, Newsom and Miss Watson displayed the lovely array of gifts. An outstanding gift was that from the Lions Club as Miss Garrett has been their sweetheart for the past several months.

Mrs. McPherson played piano selection throughout the calling hours. All members of the house-party wore corsages of talisman roses and the honoree wore white carnations.

200 invitations were issued.

Mrs. Zuma Burk, of Phoenix, Ariz., left last week after a two weeks visit here with Mr. J. W. Spears in the home of Mr. and Mrs. J. C. Wright.

Mrs. Frances Giddon, of Canyon spent the first of the week with her sister, Mrs. J. W. Hogue.

Miss Mary Jo Jones, receptionist for Dr. Roberson, returned last week from a visit to her parents at Nashville, Ark.

La Rue Ross and Mary Troy, of Tech, spent Monday night in the home of Mr. and Mrs. C. E. Ross.

Tracey Cary, the new manager of Knight's Furniture Store, has spent the week in the Easter furniture markets.

Cynthia Tankersley Presented In Recital

Miss Carolyn Reynolds presented her pupil, Cynthia Tankersley in a piano recital in the auditorium of the Jesse G. Randal school Tuesday evening at eight o'clock.

Nancy Weir, Wanda Collier, Ann Snedeker and Charlie Lou Gaston, dressed in formals and wearing corsages of sweetpeas, were ushers.

The program consisted of the following piano selections by Cynthia: Scherzo, Polonaise, Variations on a Swiss Song, Sonatina Opus 36, No. 6, Scenes from Childhood, Gypsy Rhapsody, Cradle Song, and Humoresque. Negre. Don Tankersley accompanied by Miss Reynolds sang, Tit-Willow, Big Brown Bear, Old Black Joe and Good Luck Mr. Fisherman. The stage was beautifully decorated with baskets of spring flowers. Cynthia was dressed in a formal of printed organdy and wore a gardenia corsage. Miss Reynolds was dressed in white jersey and net with flowers.

Refreshments of punch and cookies were served from a table laid with a green cloth which was bordered with black musical notes and centered with a low bowl of pansies. Mrs. El Ray McKinney, wearing a formal of pink net, presided at the punch bowl.

Miss Grace Tarpley, who is a student at Hardin-Simmons in Abilene came in Thursday to spend the spring vacation in the home of her parents, Mr. and Mrs. M. G. Tarpley.

### State Highway Engineer Pleas Safer Driving

Austin—State Highway Engineer D. C. Greer today made a stirring plea to motorists, urging them to more strictly observe the highway signs and marking to help reduce a mounting highway accident toll which threatens to take more lives than war.

"There are many physical hazards on our highway system and thousands of miles of our roads are obsolete and unable to adequately and safely accommodate the growing traffic burden," he said. "These deficiencies can only be remedied by redesigning and reconstruction which entails expenditure of large sums of money."

"Unfortunately, the funds are not available, and will not be available for many years, to make our highways as safe as they can be made from an engineering standpoint," he pointed out.

"Many collisions also may be attributed to mechanical defects in the vehicle, but despite these defects and the physical hazards of the road, a cautious driver can usually avoid trouble regardless of the condition of the vehicle or the highway."

"Head-on collisions and side-swiping accidents on our highways would be virtually eliminated by observance of our center stripe system," he said.

This system of marking prohibits a motorist from passing another when the auxiliary dashed line is on his side. The continuous center stripe should not be crossed except when one vehicle is passing another.

Greer asked drivers to keep a sharp eye for the yellow caution series signs which are designed and placed to warn of approaching curves, cross roads, narrow bridges, and other danger spots.

"These are simple rules," he said, "but hospitals and cemeteries are daily claiming too many people who have violated them or forgotten them."

Calling attention to the fact that any good traffic system will save lives if correctly followed, he said that the Texas system, developed from years of study by competent traffic engineers, is likewise of no value unless it is observed."

#### WELLMAN 4-H CLUB GIRLS MEET IN CAFETERIA

The Wellman 4-H club girls met in the School Cafeteria, April 16. Mrs. Heafner gave a talk on programs. She also gave a talk about us giving clothes to the other children in the Philippines. We decided to have a get-together on May 19. The girls will show the dresses they have made afterwards. We will have upper lasting from 4:00 o'clock to 5:00. All members were present.

#### HIGH SCHOOL BAND IN PUBLIC CONCERT

The Brownfield High School Band, only recently formed among local boys and girls, with their snappy uniforms, gave their first public concert in the band stand in the Court yard, last Saturday afternoon. Their music was well received by a large and appreciative audience. With the rapid progress they have made in such a short time under direction of Clifford Horn, the bid fair to become a band, before the summer is over, the public and well as themselves will be proud of.

#### Trainmen Aid Little Girl

The public press recently told the story of how one little girl was taken to a Shriner's Hospital for Crippled Children. Near Covington, Tenn., about a year ago a freight train conductor decided to stop one day to get acquainted with a little girl who had waved every day from a chair on the front porch, while other children ran shouting down to the tracks. He found that the child was crippled. He passed the word along the line, the Illinois Central, and soon the child became the mascot of the railroad. Trains would slow down and trainmen would toss her candy, toys, magazines, and so forth. One day a wheel chair was brought for her.

Then finally, as for a princess, the limited stopped at her porch one night in March and friendly railroad men carried her into a drawing room and she rode in style to St. Louis and was carried to the Shriner's Hospital where all that medical science has to offer will be hers as a reward for her friendly wave to the trainmen.—Scottish Rite News.

#### Mr. and Mrs. J. W. Nelson and Mrs. Sefton attended the friendship night of the Meadow chapter of the Eastern Star, Thursday of last week.

C. N. Gray was in this week from the Needmore section. Mr. Gray has a surplus of milk goats and has two advertised.

Mr. and Mrs. Phil Gaasch had as their weekend guests Mr. and Mrs. Melvin Gaasch. They were enroute to their home in Tulsa from Monsura, Mont., where Mr. Gaasch received his discharge papers from the Army. Mrs. Phil Gaasch accompanied them home and will return Saturday by plane.

Mr. and Mrs. Dick Fallis were in Odessa Tuesday afternoon on business.

#### PANHANDLE PRESS CONVENTION REALLY GOOD

After a skip of one year on account of government ban on conventions with more than 50 delegates or members, the Panhandle Press Association met in Amarillo last Friday and Saturday. We did not attend in 1944 on account of being ill, and the Junior editor was in the navy at the time. Mike Barrett and Chas. Didway represented the Brownfield News at the convention, and the Sr. and Jr. the Herald.

A splendid program highlighted the convention this year, and the speakers were mostly real newsmen. The last one we attended in 1943 was rather militaryistic, as at that time we were deep in war, and the army and air corps officials in and about Amarillo, did quite a lot of speaking. If you want to meet your old friends over at least three good banquet boards, don't miss the PPA conventions. Amarillo just can't be beat as a convention town, and it seldom has a competitor for the honor as host city.

Returning home we stopped by the Canyon News as we had always heard it was up to par on equipment. We were not disappointed. Editor Warwick, who is also secretary of the Association, smilingly showed us through. Aside from the Canyon News, Clyde also prints the West Texas State College paper, The Prairie.

Irrigated wheat all through the wheat section looks fine, but the dry farming part sure needs rain, and if that article is delayed much longer, someone is going to miss their biscuits. North Lubbock, Hale, Swisher, Castro, Deaf Smith, Randall and Potter are all heavy wheat producers most years.

Mrs. M. R. Paddock, of Weatherford, Okla., is here visiting her parents, Mr. and Mrs. W. M. Adams.

Mesdames Paul Cobb, N. T. Waldrop, and N. C. Clanahan, all of Toile, were in town shopping Monday.

Mesdames A. G. Mabry and E. E. Sloan, of Plains were in town Monday shopping.

Mrs. Ethelda Edwards underwent an appendectomy in the local hospital Thursday of last week.

Mrs. L. E. Dix, of Ft. Worth was here the first of the week visiting in the home of her daughter, Mrs. Joe P. Murphy.

Mr. and Mrs. Paul Manes, of Phoenix, Ariz., have been calling Brownfield their home for the past two weeks. Mr. Manes is employed with an oil company here.

## PAYMASTER 54 Is A Good Number For PROFITS!

Developed on the South Plains—a result of years of careful and scientific selection and breeding—Paymaster 54 is ideally suited to South Plains weather and growing conditions. In competitive tests conducted by the Lubbock sub-station, Paymaster showed its worth by being first in value of lint per lb., and first in early maturity—things to consider when selecting your planting seed. The late turn-out is exceptional for quality staple—40% for picked and 50% for snaps. The plant is hardy and stands up well under adverse weather conditions. State Registered Paymaster Seed are pre-cleaned, saw delinted and treated with New Improved Calapan to insure maximum germination.

# SIDELIGHTS From Washington

By George Mahon

Legislation is in the making which will provide so-called terminal leave pay to enlisted men of the Army and Navy. The policy of providing terminal leave pay for officers and denying it to enlisted men cannot be justified. The Mil-

itary Affairs Committee of the House of Representatives is giving consideration to the proposed legislation, and I expect to vote for the bill when it is considered in the House.

During the war, commissioned officers were allowed "leave" at the rate of 2 1/2 days per month. But many officers, particularly those overseas, had little chance to take this "leave," and it was permitted to accumulate and the of-

ficer was paid for this "leave" at the termination of his active service.

Enlisted men were allowed certain furlough privileges, but by reason of their service overseas or duties otherwise, they, too, had inadequate opportunity to take the furloughs to which they would ordinarily be entitled.

Under the proposed legislation, the "leave" of the enlisted man would accumulate and he would be paid for it in like manner as officers are paid for terminal leave, officers and enlisted men being thereby accorded the same treatment. The proposed legislation involves the checking by the War and Navy Departments of millions of servicemen's records and the expenditure of a large amount of money, but simple justice demands that such action be taken.

The final draft of the bill providing federal aid to communities which are interested in airport construction is scheduled to pass the Senate this week and go to the President for his signature. The House took final action on the bill several days ago, having passed the bill originally on October 18, 1945.

The bill commits the United States Government to a broad national airport development program and the expenditure over a seven-year period of a total of \$500,000,000. The work will be done on a basis of cooperation with the States and local communities. The bill provides that the Fed-

eral Government may contribute not exceeding 25% of the cost of the land for an airport; the Federal Government would contribute 50% of the cost of construction incident to the development of the airport.

Air transportation will become increasingly important throughout the Nation as our country takes steps to retain our leadership in the field of aviation.

The Appropriations Subcommittee on Government Corporations, of which I became chairman a few weeks ago, began consideration on April 11 of the bill which we expect to present to the House late in May, following many days of hearings. Among the Government Corporations involved are the Reconstruction Finance Corporation, Commodity Credit Corporation, Federal Crop Insurance Corporation, a group of corporations which operate under the Farm Credit Administration, Government corporations which operate in South American in connection with the good neighbor policy, and many others, large or small and of various types. We are investigating the programs and spending policies of a total of 40 Government Corporations. A law enacted last December provides for the first time that Congress undertake to delve into the working of these Corporations and seek thereby to keep a rein on their operations. Indications are that we will recommend the liquidation of a number of the Government Corporations and, in some instances, a definite change in policy in others.

## Miss LaVerne Mullins Weds Elvis Leo Roberts

Mr. Elvis Leo Roberts, son of Mr. and Mrs. Elzie Roberts, was married last Saturday night to Miss LaVerne Mullins, daughter of Mr. and Mrs. G. M. Green, all parties of Crosbyton.

The wedding occurred at the parsonage of the First Baptist church with Rev. T. M. Gillham officiating in a double ring ceremony. Harold Flemins of Lubbock was best man and Mrs. Roger Curry of Brownfield was matron of honor. The bride wore a dusty pink suit with an orchid corsage and black and white accessories.

The couple will be at home in Mrs. Humphries residence following their trip. The groom is associated with his father in farming and gin operations. — Crosbyton Review.

Capt. and Mrs. Nat Kaiser, of Lubbock were weekend guests of Mr. and Mrs. J. T. Bowman.

Dr. W. A. Roberson was in Dallas early this week, attending the State Dental Association meeting there.

The bride is a graduate of the Brownfield high school. She worked in the telephone office there for six years, during part of which time she was chief operator. For the last two years, she has been employed in the City Drug Store in Crosbyton and has made hundreds of friends here. The groom is also a graduate of the Brownfield high school but had attended Lamesa high before his senior year. He recently was discharged after three years in the U. S. Navy. His parents moved to Crosbyton a year ago.

## We Take A Run Out Powder Down In The Sticks

(Delayed)

The warm sunshine of the past two weeks had worked up a sort of wonderlust under the hide of the Old He and his herd rider, so we decided to see how the world looked on the other side of the mountain, and hit the trail right after dinner Friday for Brownwood, in hopes of making connection with a mess of fish. Liked to have missed. But those two "dis-encouraged wimmen" the Mrs. and Herman's mother, Mrs. Graves, were not to be denied. They stayed on the job till almost dark Saturday night and we had a mess of fish—small crapie, but good.

Also took our first two boat rides; Saturday afternoon in the speed boat, and Sunday morning in the house boat. Not bad, in fact, good. And Herman felt very much honored—he said—for the chance of giving us our first rides. And there was a sign on the speed boat that said, "50c for a ride on this speed boat," but he let us off. Probably thought us broke, anyway.

Picked up Miss Beverly Ann Duke at ACC Zelner Hall dormitory for young ladies, and if that young gal didn't have a nice time, we are badly fooled. And you folks that make Anson, Abilene and that section go by Lamesa instead of Post. The roads are newer, better and straighter from here to Snyder, and the distance almost the same. Greener down in the sticks than here, but through Jones county, they are crying for rain, especially in the rawhide lands part.

Yep, we had some trouble too. Got to Post with a radiator and engine as hot as old billyh---l. But while the McConnell Chevrolet folks were flushing out our corroded radiator, we visited the Post Dispatch. Eddie Warren and his bunch, like all Plains papers are adding new and up-to-date machinery as fast as they can get it. While Eddie was in Lubbock, we enjoyed the fraternal call with the crew.

The woods, fields and meadows are full of bluebonnets and other wild flowers. Lovely!

Then coming back, we had to pick up the only iron roofing spike between here and Brownwood, in Anson, which did not take effect until we were three miles from town. We changed 'er and got in by ten P. M.

Highway signs and markings will greatly assist and protect the driver who makes a habit of observing and heeding them.

**ANNOUNCEMENT**

Some three weeks back we announced through this paper and others that we were discontinuing the management of the Knight Furniture Store, and would devote our entire time to the management of the Brownfield Funeral Home in order to better serve you at all times.

This we have done and have already added some new equipment to our stock, which is as good as is to be found in the state. But we assure you that we will try to give to our friends at all times our very best, as we have strived to do for the past 26 years, but now able to do so.

Another thing we wish of mention is our burial insurance, which now includes several thousand policy holders in Brownfield and territory. We have been only writing our burial service policies, which is one of the best. We have paid on every claim which we were unable to service, as we have written.

Mesdames Preston Figley, Charles Wilson and Ann Perry were shopping in Lubbock, Tuesday.

in our policy, even to the extent of our boys who lost their lives abroad.

We have over \$37,000 reserve funds, for benefit of our policy holders only. We are also in a position to offer additional insurance to everyone who has our burial policy, should you care for additional insurance. If so, see us or one of our agents. Don't take a chance with a company that might be unable to fulfill their obligations or one that you will have to leave your home to make arrangements with when this sad hour occurs which comes to us all, but with a home institution that have your every interest at heart and capable of rendering you the kind of service you deserve.

In the event you should hold any burial policy other than ours, and wish our services or advice feel free to call on us first as we can handle any policy that is in force.

**Texas Centennial  
Of Statehood  
Commission Program**

Under four flags, our pioneer forefathers established their humble homes in the wilderness of the Southwest to lay the foundation of a new empire. These heroic men and women came to Texas with high courage to endure bitter hardships and desperate adventures.

To these immortal men and women we owe the greatness of our state, its unique culture, its distinctive institutions, its great communities, large and small. From the broad expanses of wilderness—the forests, prairies, ranges and mountains—the hardy pioneers of all races and creeds welded a state mighty in the councils of the nations. Through valor the state was born. Valor has ever remained its protecting shield on the battlefields of the world.

One hundred years ago our pioneer forefathers wisely sought and were granted admittance into the United States of America. The Republic of Texas proudly merged its destiny with the great Commonwealth of Peoples under the Stars and Stripes.

Through a living monument, greater than any of perishable stone—one which will endure throughout time to keep alive those heroic virtues and sterling precepts of our forefathers—we are dedicated to commemorate one hundred years of statehood.

The culture and tradition of the state, deeply rooted in the soil and its products, shall be preserved. It is to continue those basic principles, and the courage, enthusiasm and independence of the pioneers who laid the sturdy foundation of Texas, that this commemorative program is submitted.

Our agriculture and rural life, the mainstay of the culture of Texas, shall seek new horizons. Through science and research, agriculture and industry and rural life are destined to reach new heights.

The attainment of such a destiny will constitute a continuing living monument in which all the people share.

We propose to commemorate 100 years of Texas statehood in a long-time program designed to revitalize rural life; to rebuild the land; and with the land, the man; and through the man, the state.

The future well being of Texas is dependent primarily upon a sound economy and the happiness of our rural communities. The life of our rural communities must be attractive—economically, socially, spiritually, and physically, so that our people will be drawn to the land.

Mesdames Gene Gunn and Milton Addison were shopping in Lubbock, Thursday of last week.

**Lloyd Pickett Marries  
Girl From Post**

Miss Irene McIlroy, daughter of Mr. and Mrs. Buck McIlroy, of Post became the bride of Lloyd T. Pickett, son of Mr. and Mrs. R. I. Pickett, of Brownfield, Saturday at 7:30 at the Methodist parsonage. Rev. R. N. Huckabee read the single ring ceremony.

Mr. and Mrs. Tony Swindle, sister and brother-in-law of the groom, were the couple's only attendants.

The bride was dressed in a white suit with brown accessories and wore a corsage of talisman roses. She carried out the tradition of something old, something new, something borrowed and something blue.

The couple will make their home here as Mr. Pickett is helping his father in the transfer business. He was discharged from the army last October, after 52 months service with 27 months spent in the south Pacific.

**ROYAL SERVICE PROGRAMS  
GIVEN IN W. M. U.**

The Lucille Reagan circle met in the home of Mrs. Ruth Auburg. Mrs. Henry Holmes led the discussion on the mission study with several taking parts. Those present were: Mesdames R. E. Townzen, A. A. Brian, Gladys Moorhead, Elco Evans, Leach, J. T. Auburg, E. L. Redford, Henry Holmes, Mrs. Annie Spinks and Miss Fannie Day.

**Smallpox Reported  
On West Coast**

Twenty-three cases of smallpox were recently reported on the west coast. This disease has apparently been introduced into the United States from the Orient.

Smallpox in the United States is usually limited to the areas where vaccination has been neglected. Nine cases of smallpox were reported in Texas last year; 19 unconfirmed cases have been reported during 1946.

Smallpox can be eradicated by general vaccination during early infancy, re-vaccination of children on entering school, and of the entire population when the disease appears in a severe form.—Report by local Health Unit.

Mesdames H. E. Gililand and Florence Nichols, of Seagraves, were shopping in Brownfield, Monday.

Bernard Stice arrived home Monday, discharged from the Navy. He with his wife and child, will reside in the Johnson community. He is son of B. Stice, prominent farmer of that vicinity.

Mesdames Al Muldrow and son Monty, Ralph Ferguson and Jack Stricklin, Jr. and son Jack Taylor were in Lubbock Monday shopping.

Mr. and Mrs. Delbert Roundtree, of Hamlin, were weekend guests of her sister and her family, Mr. and Mrs. Earl Andress, of Union.
