Veterans Don't Consider Themselves Problems

Austin, Texas—Eight University of Texas sociology students have completed a survey on how the veteran has adjusted himself to campus life. The work was carried on under the direction of Dr. Harry E. Moore, associate professor of sociology.

Some of the facts and conclusions determined by the survey have been announced. Thirty per cent of the veterans are from 21-22 years of age. Chances are 72 out of a 100 that the veterans' education was interrupted by his service. One-third of the veterans are married and of these, two-thirds married during the war. Only 16 per cent live on their government allotments; the majority of those who do not do so supplement their allotment from savings.

The veteran, according to the survey, wants people to cease thinking of him as a problem child, wants to be a civilian and treated like one, wants to get an education, a job, marry and live a normal life. He is remarkably free from "the world owes me a living for what I have done" attitude. Yet at the same time he wishes the government would see fit to be more generous in allotments.

Terry County Remains Dry, By Big Majority

In the orderly and quiet election held throughout the county last Saturday on the proposition of legalizing sale of liquors in the County a normally full vote of near 2400, by a majority of over 4 to 1, voted the county to remain dry. This verdict was generally expected. A very moderate campaign proceeded. The unofficial returns follows:

	For	Against
Brownfield, No. 1	121	530
Brownfield, No. 4	24	85
Brownfield, No. 3	45	169
Brownfield, No. 4	24	169
Union	22	78
Meadow	19	226
Johnson	3	58
Tokio	0	33
Pool	7	44
Wellman	23	152
Gomez	11	90

Total 451 1945

Terry county has been dry by vote since 1906. There were a few months oasis, following repeal of the National amendment, when many thought this made the dry spots wet. But when the Attorney General ruled in 1935, that if a county had voted dry, before, it is still dry unless later voted otherwise. Those engaged in the sale, peacefully folded up and retired.

Terry county is dry, not because of this election, like all of west Texas, with but very few exceptions, its just naturally that way. All efforts, or arguments to the contrary, are futile.

Dr. Cooke To Speak Here Sunday

Dr. Harold G. Cooke, president of McMurry college, will be in Brownfield on Sunday evening, July 14, at 8 to meet with the McMurry Endowment and Building fund committee of the Brownfield Methodist church.

This committee will discuss the amount of quota to be accepted as the church's share toward the building of Memorial hall, a \$250,000 dormitory for men, housing veterans who attend McMurry college. Dedicated to the memory of all of the Gold Star Methodist men of the Northwest Texas and New Mexico conferences, it will house 150 men.

It is the third structure now being built or for which the ground has been broken, it was said. The campaign, which seeks a total of \$1,750,000 for buildings and endowment, is to be completed by July 31. At present, approximately \$1,250,000 has been pledged.

Homer P. Rainey Speaks Here

Homer P. Rainey, one of the leading candidates for Governor, was scheduled to speak on the Courthouse lawn, at 8:00 o'clock yesterday evening. As we are at press at this hour, we cannot report his speech.

Dr. Rainey is a second cousin of the Prices, W. W., Joe B., Gay, Money and Lence, who with their families, held a reunion supper at the park in his honor. The Prices are of a well known family of pioneers of this county.

A large crowd was expected to hear the candidate. He spoke at Lamesa earlier that afternoon.

Five Injured In Local Car Wreck

In a head on collision between two passenger automobiles near Wellman last Saturday night, five persons were slightly injured. They were Thomas Lee Miller, driver of one, and Mrs. C. E. Caruth of Denver, driver of the other, and three other passengers.

Charges were filed against each driver.

WORK BEGUN ON BANK JOB

A large crew of workmen began Monday on the \$25,000.00 job of remodeling the First National Bank building here. This involves considerable rearrangement of the interior.

Excavating for larger vault, and balcony in the rear room. They will convert all waste space to needed uses.

Mrs. Earl Bradley and daughter, Reudell spent the weekend near Portales visiting friends.

Still Some Unemployed Vets In Brownfield

Unemployed veterans outnumber civilian workers by 7 to one in Brownfield, Mr. B. H. Thompson, District Supervisor for the Texas Unemployment Compensation Commission, reported today, comparing veteran unemployment with individuals receiving civilian unemployment insurance. He said that the veterans were searching for jobs themselves and that the employment service was aiding but that churches, civic clubs, and merchants associations were needed to help solve this major conversion problem—the re-employment of war veterans.

In Brownfield there are 14 unemployed veterans. The latter are receiving readjustment allowances under the G. I. Bill of Rights, which is administered by the TUCC in Texas through agreement with the Veterans Administration. Payments under the G. I. Bill come from monies supplied by the VA out of congressional appropriations for that purpose.

Our economy will be unbalanced until these veterans find jobs, Mr. Thompson declared, explaining that this was not only a local problem but nationwide. Everyone has got to help because our post-war economy is not absorbing them fast enough. These young veterans want the kind of jobs on which they can build a future, get married, raise a family.

Lions Hear About Switzerland

At the Wednesday Lions luncheon, Lt. Jake Guerrin, here visiting his wife's folks, the Mrs. C. F. Hamiltons, gave an account of his six months stay, interned in Switzerland, after a mistaken landing there during the war. He stated the chief industry is making watches, and precision instruments. They raise grain, potatoes, and make cheese. They were friendly and traditionally neutral.

City Building Permits Spurt Upwards

Permits granted during June for seven residences, each five to seven thousand dollars, and additions to others of \$1000.00 each, together with some business projects, runs the month's total well over \$100,000.00. This does not include the \$70,000.000 Church of Christ permit, which has been pending sometime.

The Latham and Bowman automobile buildings are nearing completion.

The city's new water reservoir and engine house, in the northwest part of town is also near completion.

Scholastic Transfers Must Be Made This Month

Transfers of children from the school district where enumerated to other districts, where they are to go to school, must be made with the County Superintendent during the month of July. The current portionment is \$30.00, and next years will likely be the same.

Those moving from their district to some other, that do not transfer will have to pay tuition.

Visiting in the W. M. DuBose home Sunday was Mr. and Mrs. W. D. Bogar and family from Williamsport, Pa., Mr. and Mrs. George Fields, Mr. and Mrs. M. L. Waldrop and son from Lubbock. The reunion was the first time the family had all been together in four years.

Main Street Church Of Christ Meeting To Begin July 21

The annual summer meeting conducted by the Third and Main Street church of Christ is to begin Sunday morning, July 21, and is to continue for ten days, closing Wednesday night, July 31.

AUSTIN VARNER

Austin Varner, present minister of the church of Christ of Electra, Texas, will be the guest speaker. He is a graduate of Abilene Christian College and has made an outstanding record for himself as a speaker and Bible teacher. His simple presentation of Bible truths will appeal to the most critical. Come to every service.

Services will be held each evening at 8:15 during which time special emphasis will be placed upon subjects relative to becoming a Christian. Morning services will be held at 10:00 o'clock and problems related to spiritual growth will be stressed.

Song service for the meeting will be conducted by a leader yet to be announced. A cordial invitation is extended to everyone to attend any or all of these services. No collections will be taken at these evening or week-day services.

Two Farmers Killed By Lightning Near Morton

James Lowe, age 24, and his 14-year-old nephew, John Wayne Miller, were killed by lightning early Tuesday afternoon, while each were driving a tractor, on a farm 20 miles northwest of Morton. After the stroke, Lowe's tractor ran in a small circle, and over his body several times before a neighbor stopped it. The boy's tractor went straight 200 yards, when Mrs. Lowe stopped it by ramming her car into the knife attachment. All live in that vicinity.

Navy Man Tells Of Experiences As Jap Prisoner

Chief Petty Officer Jack Smith, as guest speaker, told Rotarians last Friday of his experience as a prisoner of the Japanese. Smith was a member of the crew of the Cruiser Houston, which was sunk early in the war and our government did not learn if there had been any survivors until after Japan had capitulated.

City Council To Meet Tonight On Zoning

The City Council is scheduled to meet tonight, and review reports in details of the proposed zoning of the city. Engineers have completed their work, and the project is ready for final action.

Light Rains Fall Over County

Reports from over the county indicate near a quarter inch of rain fell, Wednesday.

Some hope it enough to bring up recently planted crops, and extend the life, a while, of those already up.

Marine Corps League To Sponsor Show

Brownfield will have the opportunity to see actual scenes of the Fighting Leathernecks, from the Stateside parade grounds to the far-flung islands of the Pacific, where the Corps added so many pages to its already glorious history, when the Marine Corps League presents its special program at the Rio Theatre Thursday night, July 18.

Those who have seen films of the Services in action can tell you how full of action they are. Those who have seen the filming of the shots know that the cameramen risked their lives several times for each foot of film they took.

Three Marine Corps shorts, with a total running time of 50 minutes, will be shown. Titles are: "This is Guadalcanal," "The Fleet That Came to Stay," and "Leathernecks on Parade." In addition, a full-length feature, "My Name is Julia Ross," will also be presented.

Shows begin at 7:30 and 9:30 P. M. The portion of the proceeds going to the Marine Corps League will be used to purchase colors for the organization. Members will make a person-to-person ticket selling campaign. Mark July 18 on your calendar; this is one show you can't afford to miss.

Softball Still Drawing Interest

Last Monday night the Sinclair Service team played Hamilton Tire, and the second game was Herman gin vs Gene Gunn. We failed to get the scores. Tuesday night's first game Primm Drug swamped Herman's Gin by 12 to 2, placing Primm's team in the lead of standing for the season so far. Second game, Hamilton Tire, won over the Jaycees, 9 to 7. Young Jake Herring, a 14-year-old boy from the Scudday community, pitching for Hamilton Tire, thrilled the crowd and surprised many players by his artistic and sometimes tricky pitching.

Friday night Sinclair Service is scheduled to play Gunn's Tire store team, and 2nd game, Mack's Oil Well vs Furr-Newsom Gin.

Absentee Voting In Primary Begins

Absentee voting is permitted to begin not more than twenty days before, and not less than three days before an election. Such votes is now permissible, till July 23rd.

Application and ballots are all ready at the County Clerk's office. Quite a number have been sent out this week.

Cliff Johnsons Hold Family Reunion

Mr. and Mrs. Cliff Johnson had quite a reunion of her people at their place out near Plains, last week, consisting of Mrs. Johnson's sister and her husband, Mr. and Mrs. W. A. Campbell, and their brothers, H. L., R. L. and E. M. Gregg, and their families, all from Charlotte, North Carolina; also H. F. Gregg and family from Lubbock and E. B. Gregg and family from Post.

All reported a wonderful time. They attended the Levelland rodeo. Some of the Carolinians saw their first rodeo.

They all gathered at the E. B. Gregg home near Post, Sunday, having two other brothers to join them there. They were J. H. Gregg and family of Vernon, Texas, and R. M. Gregg of San Louis Obispo, Calif., and a host of relatives and friends, making the number near one hundred.

There was yet two other brothers in North Carolina that were unable to be present, A. C. Gregg, of Wilmington, N. C., and R. S. Gregg of Thomasville, N. C.

Mr. and Mrs. Burton Hackney and children are leaving today for a three weeks vacation in Colorado.

Mr. and Mrs. Lee O. Allen spent the holiday weekend in Ruidoso.

A Big Mahon Rally Here Saturday Night

The supporters of George Mahon are leaving no stones unturned for his re-election, and one of the biggest political ovations ever extended any candidate in Brownfield, is in preparation for Congressman George Mahon, who will address area voters here Saturday night, July 18.

GEORGE MAHON

Those who have seen films of the Services in action can tell you how full of action they are. Those who have seen the filming of the shots know that the cameramen risked their lives several times for each foot of film they took.

From what we can learn from many we have talked with, while they have no objection personally to the opponent of Mahon, they believe that in these perilous times in the history of our nation is no time to change from the untried to the proven.

Many things of supreme importance to our nation is coming up in the next few months and years, and the district will need a strong man up at Washington who will not have to be schooled, but who already knows his way about.

Two Times To Get Quick Action

Elliott Adams, Manager of the Social Security Board Field Office, Lubbock, will be in Brownfield at the Post Office, at 9:00 A. M., Thursday, July 18, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and of taking applications for Social Security account number cards.

There are two times for quick action — one is when a worker reaches age 65. He should contact the Social Security Board at once. The second time is when the breadwinner of the family passes away. His widow should immediately call on the Social Security Board. In each case money may be due the person age 65 and the widow and her young children also if, of course, the worker was employed on a job covered by the law.

Gillham Named On Medical Advisory Council

J. O. Gillham of Brownfield, President of Brownfield State Bank, has been named to membership of Southwestern Medical Foundation's advisory council, it was announced by Dr. E. H. Cary, president of the Foundation, Dallas.

The council is being formed to advise and aid Southwestern Medical College in better serving the Southwest. One lay representative and one medical physician from each county is being chosen for membership, Dr. Cary stated.

At present Texas is being organized with plans to include the five states of the Southwest in the near future.

Mrs. G. D. Spivey, of Llano is here for an extended visit in the home of her daughter and husband, Mr. and Mrs. Mon Telford.

A Partial New Way To Home in Terry

On Monday morning, May 27 we decided that we might wear our welcome back there to a frazzle, and knowing the Junior member of this firm's aversion to making out statements, we hit the trail. The folks all played like they thought we were hurrying off, and Junior admitted off hand that he had not touched the books. We were not surprised, but maybe hazzard a guess what he's going to do about the matter when his mother and dad passes on, or get too old and decrepid to make out statements.

For diversion, we decided to return a new route (root) as possible. We do not have enough French in us to pronounce route to rhyme with boot or root. We still rhyme it with bout or snout. But some of the upper-teners may change that some of these days, and they'll have to tell the old cowboy all over what he's wearing on his feet. We can remember when we first came to the south Plains that garage and mirage were pronounced just like they are spelled, and no one thought to call them anything else until some of the boys of 1917-19 began to get back from France.

We dropped down through the grand old state of Mississippi to some 50 miles east of Jackson, then took 80 to the capitol and Vicksburg, where we crossed the mighty father of waters over into Houeyland. Houey got his from a little dentist, so the report goes, but a story still persists that the little timid dentist was not the guy that got him, but more likely, one of his guards, and the deed layed on the dentist, who admittedly hated him (Long). Spent the night at Ruston, old home of Dr. and Mrs. John R. Turner. Ruston is the home of one of the State colleges. Breakfasted in Arcadia. Dined at Wills "Pint," Texas.

Spent the night of the 28th with our brother near Grandview, Texas, and the next two or three days with the Triggs at Brownwood, where all the fish we wanted was caught, and where the Old He got so loaded with chiggers that we had a two hand job scratching for the next ten days, and the bumps stayed on us for almost a month. When a lad, we paid those varmints no mind. Just goes to show that when you begin to age you just can't take it. There was water all over Louisiana and east and central Texas. Plenty had fallen in central west Texas, and almost to the cap, but there was very little evidence of rain on the cap. In fact, as we neared Terry (Continued On Back Page)

Arrangements Made For School Lunches

Governor Stevenson has appointed the State Department of Education to manage the U. S. Department of Agriculture's community school lunch program in Texas for the next fiscal year.

Joint formal agreement covering operation requirements have been signed by Dr. L. A. Woods, State Department of Education and Mr. B. F. Vance, State Director, Production and Marketing Administration, for the Department of Agriculture.

Two-fold purpose of the program is to provide growing children with nourishing food for maximum health and growth and to create larger day-to-day markets for farm products.

The school lunch program has operated for several years on a year-to-year basis. Recently, the National School Lunch Act became public law. It provides assistance to states in operating community school lunchrooms for children attending nonprofit public or private schools. States and the federal government will contribute funds to its support.

A. C. Beard, pioneer former resident of this county, but now of Stillwater, Okla., is here this week visiting his son and daughter, Mrs. Sam Tankersley.

Beginning in October, when all papers and magazines must make a statement of ownership, management, as well as who holds mortgages, if any, the weekly papers will have to give a sworn statement of their circulation. Weeklies in the past have been exempted from this, it applying only to dailies and magazines. Most papers that want to give as near as possible what their circulation really is, are glad that this law has been passed. Of course a confirmed circulation liar may run the risk of incurring a trip to Leavensworth in order to pack his circulation figures. But he must remember he or she is under oath, and that to the Postoffice Department. And the Postoffice Department really have men that can dig out the truth, better known as postal inspectors. Reminds us what a man that worked

for us years ago, told us about a small paper not more than 100 miles from Brownfield, he had worked part time for, mostly making their press runs. The last week this boy worked for the little sheet the editor boldly announced that they were printing and circulating that week, "exactly 1879 papers." The boy who made the run laughingly remarked "I ran exactly 378 papers that week." Well, he just missed it 1500, and of course that kind of a man has no conscience to bother. That characteristic, of the man, like that of "Themesong" in Dick Tracy's cartoon, was and had been dead for years.

That the fireworks ordinance passed by the city recently was flagrantly violated was evident to all those who had any hearing left, and so far as the Herald can see, the law as well be repealed, unless the council can get men who will endeavor to enforce the law. To our notion, a law better not be on the books if it is flouted right in the face of all citizens who believe that when a law is put on the statute book it should be enforced. We are just one citizen, but we heard many others express this opinion, and among them some of the best people in the city.

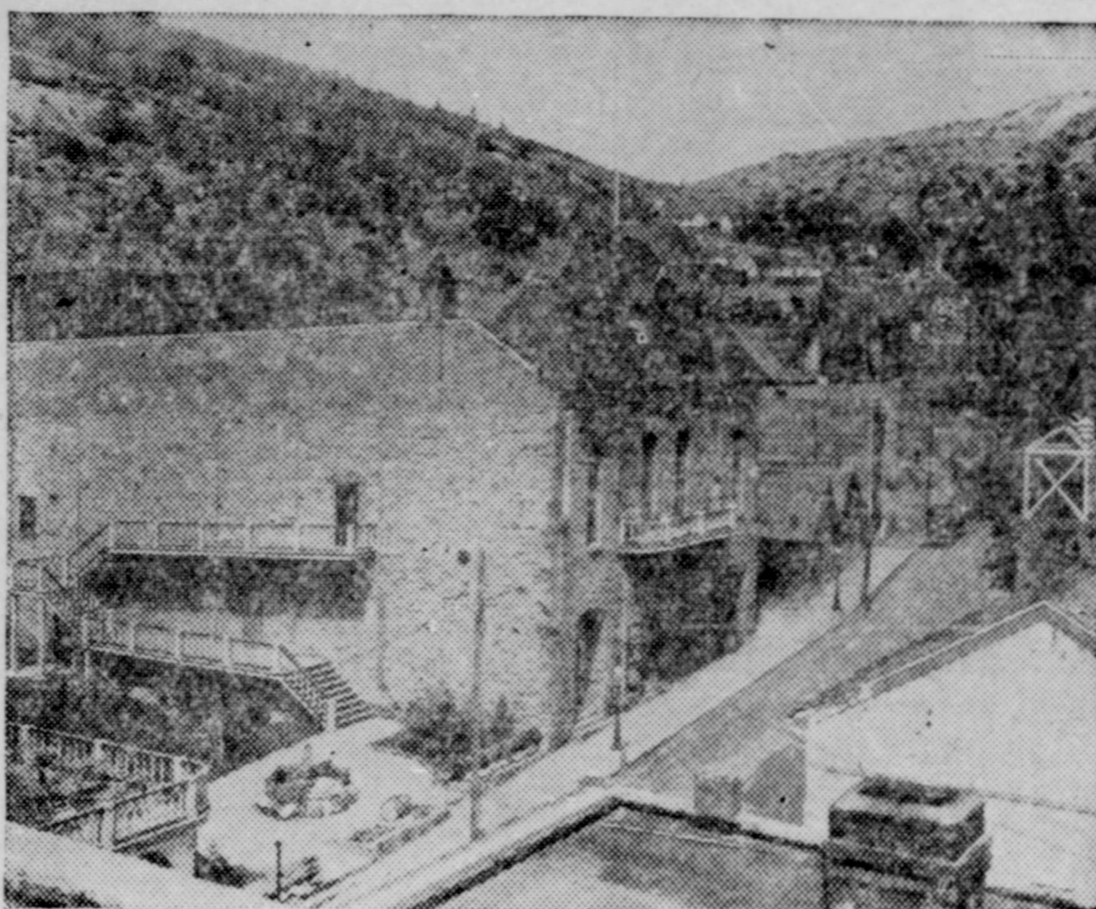

Walter Winchell, Kalvenborn and other commentators, as well as a number of northern magazines, such as Life, Time, etc., took great interest in the recent senatorial contest in Mississippi. Evidently no greater help than this could have been had or wished by "The Man" Bibbo. It was simply out to his pattern. All he had to do was call the attention of Mississippi voters to the fact that the damyankees were trying to run things in that state, and he got the votes, enough of them to elect him in the first primary. Otherwise he might have had a runoff and the possibility of defeat. If Mississippi folks took a great part in slandering and making ugly and cynical remarks about people running for office in other states, which they don't, there might have been some reason for these commentators, magazines, and yes, the Associated Press trying to tell the people of Ol' Miss how to vote.

Most people fail to figure the subsidy tax which they or someone must pay in taking into consideration, for instance the rise in the price of dairy products and meats. Like the sleight of hand man, "now you see it, and now you don't," is the way subsidy works. You do not pay it when you buy a pound of butter, quart of milk or pound of steak. But everyone who pays an income or withholding tax pays it. This subsidy is then paid to the producer and the consumer is none the wiser, it would seem. It is kinder like robbing Peter to pay Paul. Why not pay the farmer and other producers direct and not keep thousands of federal employees up at Washington to transfer this money? It is time for folks to begin to think for themselves or be so badly regimented that they will be no better than other communistic states.

To our humble notion times are not due to get any better till labor and management really get down to earth and go into production. When the strike period is over, if ever, and a price agreement is reached, if possible, then things will move ahead, and there won't be such a demand for scarce goods. But as long as tampering by the bureaucrats in raising wages, then the manufactured product, the farmer must have a price concession, as he has to pay a higher price to meet new prices on things he must have. That is one reason we do not regret to see OPA go, except perhaps rent controls until we get more houses built.

The Herald is glad that the prohibition question has been settled for years, we hope, with a minimum of recriminations, fuss and feathers. Few if any tried to get ugly about anything. While the papers were asked to print things as paid ads that they, the papers, felt might get them into court, those who made the proposition did not insist, so far as the Herald is concerned. If there were any animosities raised by the occasion, let's forget it, and all join in making our community a good place in which to live.

World crude oil production in 1946 is expected to be about 23 per cent greater than in 1941.

PIONEER OPERA HOUSE . . . Historic old Central City (Colo.) opera house, built during the mining boom, is open again this summer after a four-year wartime blackout. Metropolitan Opera stars in Mozart's "The Abduction From the Seraglio" and Verdi's "La Traviata" are playing there from July 6 to July 28.

'S A PLEDGE A PLEDGE?

Back in January President Truman showed strong leanings toward economy in his budget message, though the more penetrating mind could discern that reduced expenditures by government would come from slashes in war outlays and not normal government functions. Now comes the new Secretary of Treasury with other promises. On being sworn in he pledged to achieve a balanced budget or better for 1947. There is even the roseate statement that it is government's responsibility to reduce expenditures.

Another hope rises in the tax-paying breast, but is it forlorn? Are not government expenditures still three times what was considered improvidently wasteful in the twenties? Since the President's gesture toward economy, how many wartime controls have been relaxed? How many bureaus have been abolished? Did not the Federal Government do every thing, short of calling out the Marines, to prevent return of a public employment services to the states where they could operate more economically?

Now we learn from the Civil Service Commission that Federal employees in April totaled 2,393,694, a mere increase of 14,310 over March, an increase almost as large as the city of Big Spring, Texas. Secretary of Treasury Snyder has made a fine pledge. So have others before him.—Dallas News.

M. L. CATHEY OF O'DONNELL DIES

Funeral services for M. L. Cathey, 84, pioneer citizen of Lynn county, who died at his home in O'Donnell Friday morning, were conducted in the Church of Christ in O'Donnell at 4:30 o'clock Saturday afternoon, followed by burial in the O'Donnell cemetery. Survivors include his aged companion and six sons.

Mr. Cathey had been a resident of Lynn county for 45 years and was well known to practically all of the old cattlemen of the Plains and contiguous territory when it was strictly a ranching country. He had many friends in this section not only among the pioneers but also among the more recent arrivals and residents of this county.—Tahoka News.

Disappointed because Congress would not bow to his dictation, Chester Bowles, stabilization director of the OPA, announced in a huff last Friday his resignation, to take effect on July 10. He accompanied his resignation with an appeal to President Truman to veto the compromise OPA measure just passed by Congress. Failing to control Congress, he sought to induce the President to set aside its work. As this is being written no announcement has been made as to when the President will do about it. But we hope that the people will take note that Chester Bowles is holding only an appointive position. He was not elected to it by the people; yet he seeks to control the legislative body created by the Constitution and elected by the people for the specific purpose of making their laws. Failing in this, he then seeks to make a rubber stamp of the President. We confess that we do not know whether Chester Bowles' judgement in this instance is better than that of the Congress or not, but we do know that it is the function and duty of Congress to pass laws and that Chester Bowles has no Constitutional, legal, or moral authority to

PEARL HARBOR REPORT MAY BE DELAYED AGAIN

WASHINGTON, July 7 — The Pearl Harbor investigating committee decided at a closed session Saturday to ask Congress for a fifth extension of time to file its report, from July 10 to 16, and recessed until Tuesday amid indications of difficulties over fixing the blame for the success of the Japanese attack.

One source said that the disagreement had reached such a point that a 100-page Republican minority report probably would be issued along with a majority statement of about 300 pages.

Six Steps to a Veteran's Loan

The six vital steps in arranging a Veteran's Loan—be it for town property, farm, business, or equipment—are described in a recent pamphlet, "Guaranteed Loans for Veterans," published and distributed by the Loan Guaranty Division, Veterans Administration, Washington 25, D. C. The pamphlet also answers 50 of the most-asked loan questions. It's free for the asking. Letters should specify the questions-and-answers. "Guaranteed Loans for Veterans" publication. The steps follow:

- 1 Find the property.**
- 2 Go to a bank or other lending agency.**
- 3 Present your plan and original discharge papers.**
- 4 Property is checked by approved appraiser.**
- 5 Appraiser's report goes to prospective lender.**
- 6 If loan is approved, you're ready to move in.**

KANSAS BANK IS READY FOR OPA MOURNERS

RUSSELL, Kan., July 8 — The Russell State Bank is all ready for the OPA mourners.

The bank placed in its lobby a mourners' bench, complete with a tear-drip pan and plenty of thick, absorbent towels.

Although meat prices had jumped considerably on the local market, and rents seemed about ready to go up, nobody took advantage immediately of the bank's offer to dry their tears.

HOLIDAY DEATH TOLL UP TO 299

Fourth of July holiday deaths rose to 299 Saturday.

Compared with advance predictions, however, the toll of deaths from violent causes indicated safety-conscious Americans were keeping their celebration of the long Independence Day weekend on a comparatively safe and sane level.

Safety experts predicted the real test would come Sunday when millions of motorists who left their homes for the holiday period return over the traffic-clogged roads.

Negroes Are Segregated In The North

We have mentioned Harlem in New York City as a glaring example of racial colonization, and have called attention to the areas in South Philadelphia and the Chicago black belt as being vigorous demonstrations of segregation.

One occasion we were bold enough to suggest that conditions in those areas were even worse than any areas set aside for the negroes in the urban centers of the South. Unfortunately, up to now we have been guided by our own direct observations in the cities mentioned, and have not

been able to rely on official facts and figures.

This week, however, there has come to our desk the report of the Mayor's Commission on Human Relations in the city of Chicago for the year 1945, and, to put it mildly, it is not only an eye-opener, but it provides enough material for the "liberals" and radicals, led by Lady Roosevelt, to keep them so busy striving for improvement in their own sections that they would not have the time to work themselves up into a fever over conditions in the South.

According to this report it is estimated that by the end of 1945 there were 370,000 negroes in Chicago, and the major portion of the main area they occupy (amounting to 4.72 square miles) live in such a density of population that 75,000 persons exist to the square mile!

The report goes on to say officially, and these words should be marked well, because they are based on an actual survey of conditions, and not on mere opinion:

"With 375,000 people bottled up and hemmed in the chief negro area; forced to live in the indescribable filth and horror of the ghetto; dwelling in an area which the Chicago Plan Commission says should house no more than 225,000 at the maximum; forced to pay exorbitant prices for inadequate shelter and even for food and

Khiva Temple To Stage Wrestling Match

Mr. C. K. Kendrick, Potentate's Aide in Terry County, said: "One of the most unselfish, kind, and generous offers has just been received by Khiva Temple. Noble Dory Detton, a member of Khiva Temple, is sponsoring a Junior Heavyweight World Championship Wrestling match on August 15 in Amarillo, Texas. The elimination bouts have already started, and the winner of the eight wrestling tournaments will wrestle Noble LeRoy McGuirk, the title holder member of India Temple.

Mr. Kendrick said, Noble Dory Detton will make an outright gift of the greater part of the net derived from this championship match to Khiva Temple. Such gifts as this will help materially in securing a hospital within the jurisdiction of Khiva Temple.

Everyone interested should support and patronize this championship match, said Mr. Kendrick.

Use More Potatoes

College Station — Abundant supplies of new potatoes head the list of fresh vegetables in local markets, according to B. F. Vance, state director, Production and Marketing Administration, who urges meal planners to take advantage of the ample crop and include them often in family menus.

Plentiful supplies of early crop potatoes can replace bread in well-balanced meals, he said. And generous use of this wholesome food, while it is abundant, will lessen demand for the more scarce foods needed for foreign shipment.

New potatoes do not store for a long period of time and must be consumed rapidly in order to prevent waste.

The U. S. Department of Agriculture is pushing consumption of potatoes in a state-wide campaign and is asking well-fed civilians to add more of them to their diets, thereby easing local pressure on wheat and wheat products.

All Star Softball Girls Chosen

By Babe Anderson (Delayed)

An all star team was picked by Coach Harold Crites to play all out of town teams. Here's the all-star line-up.

Tommy Kelly, Dean Moorhead, Gwendolyn Franks, Edwina Baggett, Geraldine Pyeatt, Lois Forbis, Peggy Bradley, Thelma Tankersley, Ethelda Edwards, Flora and Nora Nelson, Estelle Rhyne, Evelyn Lewis, Carolyn Harris, Becky Kenney, Joy Lane, Wanda Hall, Gertie Minter, Mola Moorhead, Jane Shirley, and Frances Gillham. The first game played by this team will be at Big Spring on July 6th, Saturday, at 8:00 P. M. We would like all the Brownfield Boosters to go and take a car. This all Star team was picked from all six teams now playing in the League.

Here's that League standing the editor asked for! Sorry we overlooked it before.

	Played	Won	Lost	Tied
White Bears	4	3	0	1
Plains Liquefied Gas	2	1	1	0
Red Sox	1	0	1	0
Portwood				
Slick Chicks	3	1	1	1
AL's Taxi	3	0	3	0
Brownettes	3	2	1	0

The league games last Thursday were rudely interrupted by a sand storm and rain. Although it was almost impossible to play in such

weather, the Brownettes won over Portwood Motor with a score of 20 to 8. The White Bears won over AL's Taxi with a 20 to 16 score.

Odessa was scheduled to play the Plains Liquefied Gas team, but the team got a little scattered during the rain and a mixed team fought a losing battle of 24-7.

Sunday afternoon that Powerful Big Spring team just flat beat the socks off a mixed team, but now that we have an all star team, we plan to make the score a little more equal when we meet them next Saturday. The sand was blowing so badly that mud tears were streaming out of every girl's eyes! Ah! Good ole West Texas—We'll take it, sand and all.

We promise some exciting games from those Red Sox, as they are shaping up beautifully and although they got started in training a little late, we will wager you will see that they will soon be one of the best teams in the league. The Red Sox are sponsored by Gunn Brothers Plumbing and Short Motor Company. We hope

Mrs. L. J. Dunn, Sr., returned Wednesday afternoon from Fort Worth where she attended the funeral services of Mrs. L. W. Hicks, who passed away here Friday of last week while visiting relatives here. The services were held in the First Christian Church at Handley and interment was in the Rose Hill Cemetery of Fort Worth.

Mr. and Mrs. Lynn Nelson were in Dallas the first of the week to attend the gift show.

Miss Lorene Hargrove complimented Misses Elma Lois and Laverne Hulise with a farewell party last week. The honorees left Friday to spend the remainder of the summer in Mineral Wells. Fifteen guests were present.

Gunn Brothers will accept our sincere apology for the error of last week in failing to mention that they do sponsor half of the team and are all round good fellows.

Flying Farmers Meet At Sweetwater

College Station — Texas Flying Farmers will gather Saturday, July 20, at Sweetwater to select delegates to the National Flying Farmers' Association meeting at Stillwater, Oklahoma. The national meeting is scheduled for August 1-2.

The Army Air Force will stage an air show at Sweetwater, according to Clayton Beard, Tahoka, president of the Texas Flying Farmers.

The program will be devoted to a discussion of use of airplanes in agriculture.

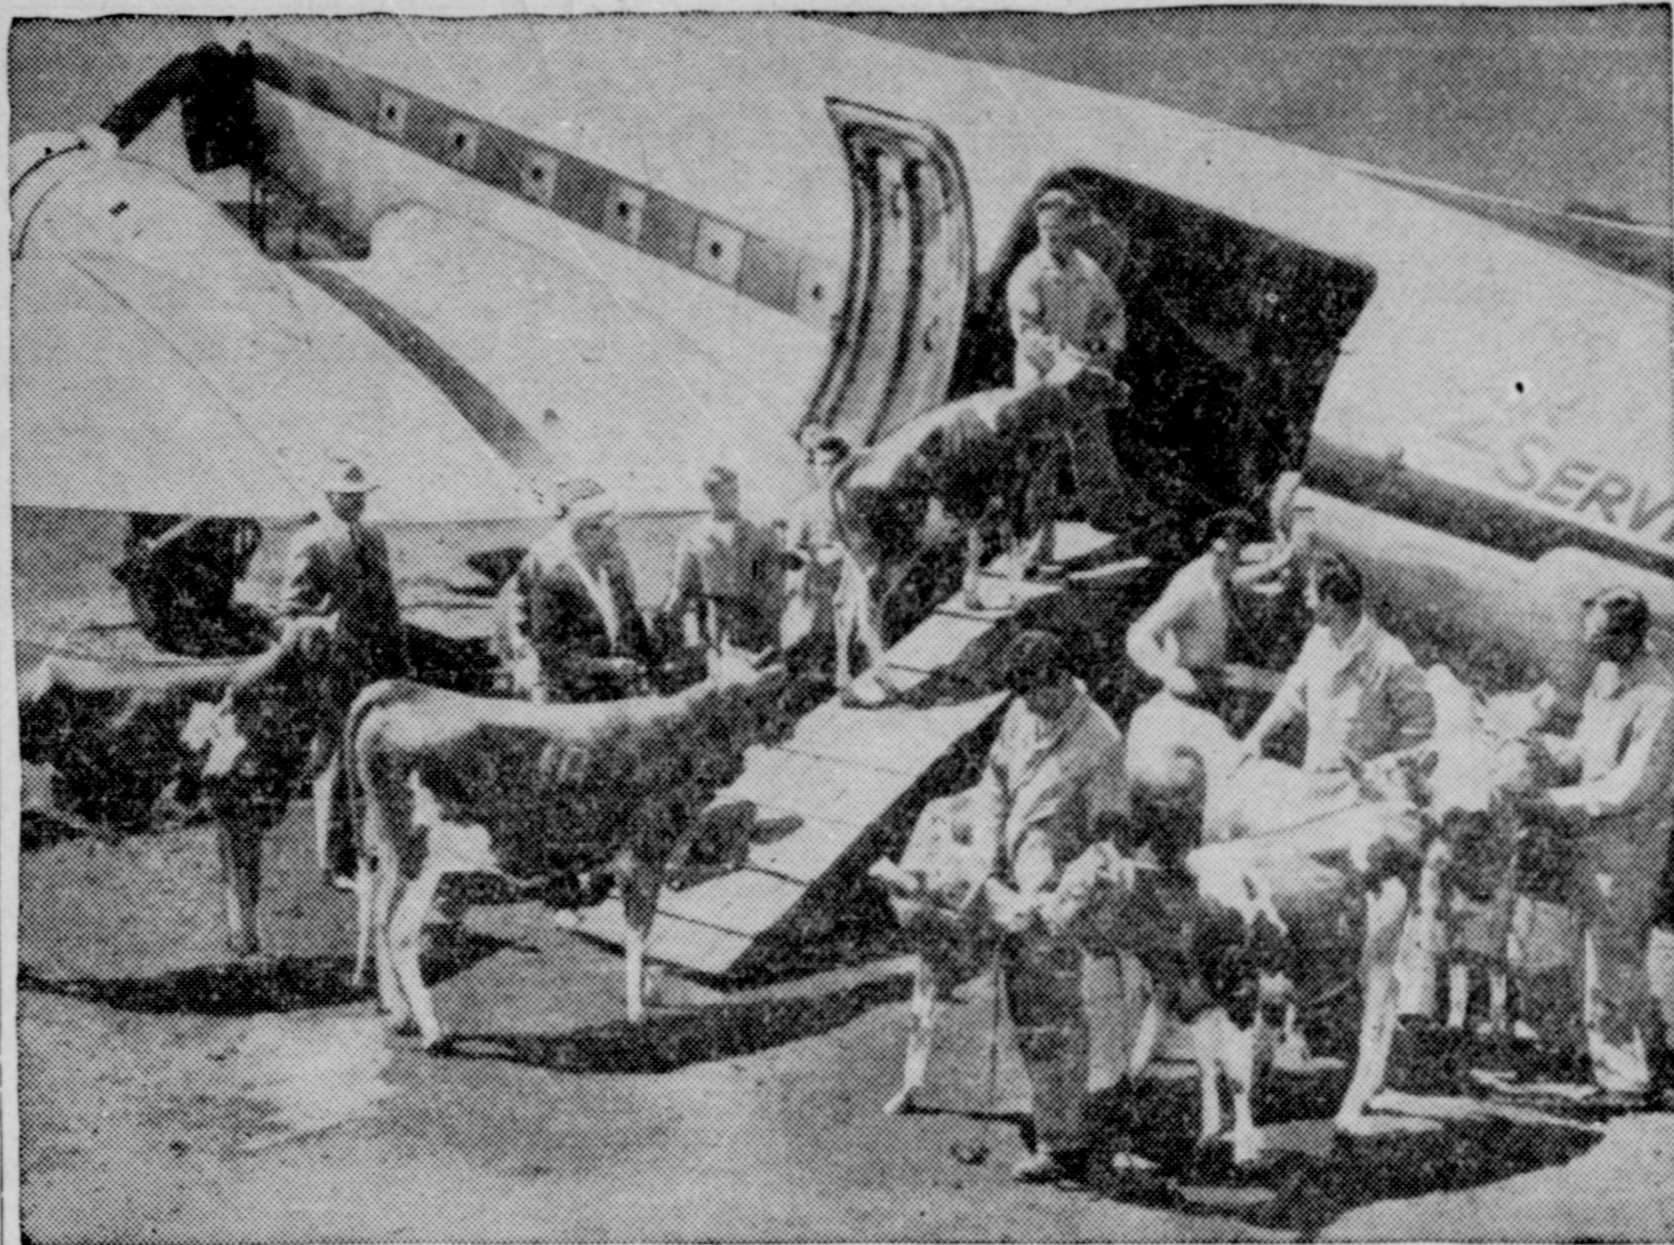

Dr. Howard W. Barlow, dean of the School of Engineering, Texas A. and M. College, will discuss flight training under the GI Bill of Rights. The first flying lessons for veterans are now underway at A. & M. with an enrollment of 63 students.

Stangel Named Supt. State Fair Livestock Department

Dallas — Dean W. L. Stangel, prominent Texas livestock authority and head of the School of Agriculture at Texas Tech, has been named general superintendent of the livestock show at the State Fair of Texas, Oct. 5-20, R. L. Thornton, president, has announced.

Dean Stangel will have general supervision of the junior livestock exhibits Oct. 5-8 and of the open classes beginning Oct. 9th.

Dean Stangel has been connected with the State Fair since 1915, when he won his first prize in a milk and butter contest for college students. He has been an official since 1927. During the last Fair in 1941 he was superintendent of the National Aberdeen-Angus show and judged Red Polled breeding classes, horses, jacks, and mules.

COWS SAVE FIFTY DAYS BY FLYING . . . This bunch of purebred Guernsey calves are the first group to be shipped to a distant point by air. They took off from Teterboro, N. Y., bound for Bogota, Columbia. The trip will take 2 days, instead of 52 required by sea. Cattle transported by sea have taken six months to a year to recover from the rigors of a sea voyage. The result of the air trip is being watched by agricultural experts as well as air specialists.

the work was placed under a commissioner. In 1914 the Cooperative Extension Service was formed. In 1927 the legislature authorized county appropriations. Under this comes the branches of the work. H. D., then the 4-H club. This work is to make them better citizens and homemakers as well as the pleasure it brings to them.

Mrs. Clyde Heafner is our delegate to go to the district meeting. We decided to try to finish piecing our club quilt. Some plans were made toward what we might put in our display window.

Remember our next meeting will be at the Cafeteria. There will be a demonstration on fitting problems. If you have a garment on which you need some of these helpful points bring it with you. Will you come?

Band News

So we thought we'd get off a week, and what happens? The band is so popular that it has been asked to play Saturday night, July 13, for the George Mahon rally. Since we are not having regular rehearsals it will be necessary for everyone to pass the word around so that all the high school band may be there. We will meet at the band stand at 7:30 in order to start by 7:45. The program will be: Washington Post, Men of Ohio, Noble Men, The Booster, Little Giant, Pompous Major and Symbol of Honor.

Mr. and Mrs. C. L. Horn and Jackie Sue and Ted White are visiting Mr. Horn's parents in Christoval this week. They are expected to do some fishing while there.

Stain Removal In Cottons

College Station — Many common stains in cotton clothes can be removed easily if the treatment is known. So Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, lists the following treatments

Asphalt, tar, wax and paraffin stains can be removed from both white and colored cottons with carbon tetrachloride.

Fresh fruit stains on white cottons can be removed with javelle water. For colored cottons, sponge with warm water. Then apply lemon juice after testing a piece of the material.

For grass and green vegetable stains, use javelle water on white cottons and alcohol on colored clothes.

A prepared ink remover is best on white cottons. But ink should be removed from colored cottons with alcohol then lemon juice. However, Mrs. Barnes cautions that a piece should be tested before this treatment is applied.

Rust can be removed from both white and colored cottons with oxalic acid or lemon juice. Paint stains in both white and cotton goods can be removed with turpentine or carbon tetrachloride.

Carbon tetrachloride will remove lipstick in both white and colored cottons, but cold cream should be worked into colored material before application.

For treatment of mildew in white cottons, use hot suds, rinse, and alternate javelle water and oxalic acid. For colored things, use soap and water.

Mr. and Mrs. Sam Teague spent the holiday weekend at Ruidoso.

Mr. and Mrs. D. F. Mayfield and daughter, Shirley, of Richmond, Calif., are here visiting Mrs. Mayfield's mother, Mrs. A. P. Daugherty.

Messrs. Les Short, Crawford Burrows, Tom Crawford, John Yowell and Dr. W. A. Roberson spent the Fourth at Lake Sweetwater fishing.

The Low Down From Hickory Grove

I see where the Army is going into the fertilizer business—to help agriculture, it says. It will convert ammunition plants into fertilizer factories. The fertilizer will be for Germany and Japan and far away places. So, day by day a new idea is cooked up that keeps our U. S. A. nose to the grindstone.

And when the foreign countries get up steam via our fertilizer—and start raising excess crops—they will under-sell and take away the U. S. A. farmers' market. A fine kettle of fish it will be then—here.

Sounds kinda goofy, says Henry. But why, he says, don't they just tear down the powder and dynamite plants and sell the lumber and pipes—everybody is dying to build a house, but can't. Henry, I says, if they tear down the plants, where will the 2 million excess boys and girls in Govt. jobs go, where will they find soft swivel chairs, free gas, travelling expenses and so much ease and comfort. It is like Muscle Shoals after the first war when it muscled in on the power business—and nice jobs and a good time were had by all—and still are.

Yours with the low down,
JO SERRA

Mr. and Mrs. C. J. Carter and daughter Sandra, of Stinnett, visited in the home of Mr. and Mrs. Roy Jenkins, last week.

Mr. and Mrs. C. C. Carter, of Rotan, attended the funeral of Mr. T. M. Jenkins, Wednesday of last week.

Mr. and Mrs. R. N. McClain, Mrs. Harold Crites and Mr. and Mrs. R. J. Murray and sons, of Dallas spent last week in Ruidoso.

Mr. and Mrs. J. E. Mathews and Mr. and Mrs. Ted Hardy attended the rodeo in Levelland the afternoon of the Fourth and the baseball game in Lubbock that evening.

ALLAN SHIVERS Cites Platform

Senator Allan Shivers' platform for lieutenant governor briefly includes: Real assistance to Texas war veterans, increased salaries for teachers, a first-class university for the colored, better highways and farm-to-market roads, redistricting, full payment of old-age pensions, reorganization of the legislature with 60-day sessions each year, an expanded public health program, reorganization of the pardon and parole system, equal responsibility from both labor and management, economy in state government.

Wellman Home Demonstration Club

Now, you really did miss a lot by not meeting with our home demonstration club Friday afternoon at 2:00 o'clock in the home of Mrs. Clyde Heafner.

The house was called to order by the president. Roll call was answered by "How may years you have been a club member." Minutes of the last meeting were read. We were told then what gift had been bought for the 4-H club girl who won first place in the dress-contest, which was an Eversharp fountain pen. We hope she will enjoy the gift. We are proud of the 4-H club work.

Our demonstration was an informal meal, given by the president and secretary of our club. It was well carried out and a very enjoyable meal. Then we had our program, which was: Home Demonstration Work In Texas. It is one of the two major divisions of cooperative extension service of the A. and M. college of Texas. There is no finer example of the satisfactory results that may come through the Democratic processes of government than is revealed in the history of agricultural education in the United States during the past 75 years. This being started by creative thinking of individuals. In 1862 the Morrill Land Grant College Act was enacted, then on and on more improvements were made. In 1889

Clean, efficient gas heating and modern gas air conditioning make any home a most comfortable, livable home the year 'round. Healthful too, for most colds and minor ailments are aggravated by uneven temperature.

Then, too, there are the more common uses for gas. Cooking with a clean, easily controlled heat. Refrigeration is best with a silent gas refrigerator which has no moving parts to wear out. The fully automatic gas water heater provides all the hot water the family needs when it needs it... economically. Plan your new kitchen around gas, the fuel that gives you these advantages. Thirteen of the twenty-one players of the Brownfield All Stars came home tired but happy after winning a game with Big Springs last Saturday night. The star of all stars, Dean Moorhead, pitched a thrilling game, with Ethelda Edwards doing a splendid job behind that plate. Mola Moorhead, third baseman, made an "out of this world" catch on a low hot hit fly. Big Springs even gave her a big hand, and slugger, Estelle Rhyne hit a home run that was a beauty, bringing in two base runners. This was the first defeat for the Big Springs team. They are the southwest league winners. After a final score of 12 to 10, the Big Springs girls were still smiling and splendid sports. The following line-up was played: Dean Moorhead, pitcher; Ethelda Edwards, catcher, Wanda Hall, first; Frances Gillham, second; Geraldine Pyeatt and Gwendolyn Franks, short; Lo's Forbis and

GI Question And Answer Department

Q. Is an insured veteran entitled to a waiver on his insurance premium in case of disability?

A. All National Service Life Insurance policies provide for the waiver of payment of premiums during continuous total disability of the insured for six or more consecutive months, for as long as the period of such disability exists.

Q. If the insured veteran dies while his insurance is in default for nonpayment of premiums and during the continuance of total disability that began less than six months before his death, is his insurance considered in force?

A. Yes, provided, total disability commenced prior to the insured's 60th birthday, after the date of his application for insurance and while his insurance was in force under premium paying conditions. Any unpaid premiums will be deducted before final payment of policy proceeds.

Q. Is there a limit to the time that the veteran has to reinstate his permanent (converted) insurance policy after separation from active service?

A. A permanent (converted) policy which has lapsed and has not been surrendered for a cash value or for paid-up insurance, may be reinstated at any time after separation from active service upon written application therefor signed by the applicant and payment of all monthly premiums in arrears with interest from their several due dates at the rate of 5 per cent per annum, compounded annually.

Any indebtedness against the policy which existed at the time of default must be reinstated or paid, and if the indebtedness with interest exceeds the reserve of the policy at the time of application for reinstatement, payment of such excess must be made as a condition of reinstatement. Until January 1, 1947, the applicant must only be in as good health as he was when the insurance lapsed, and submit a signed statement to that effect at the time of application and tender of premiums. After January 1, this health requirement is subject to change.

WHY I'M FOR GEORGE MAHON

- I'M FOR GEORGE MAHON**
Because this is a farm District and George is a farm boy. He wouldn't fit into an industrial District, but he fits into this District perfectly.
- I'M FOR GEORGE MAHON**
Because of all the people I know in high public office, he is the most modest and unassuming. He is as kind to a beggar as to a banker. I like a man like that.
- I'M FOR GEORGE MAHON**
Because he is as clean as a hound's tooth and as honest as the days are long. Nobody ever wonders where he stands on moral issues.
- I'M FOR GEORGE MAHON**
Because he is a man of outstanding ability. He can cross swords with the best of them and hold his own. He is strong in mind and body. He knows how to speak—how to voice—and how to work.
- I'M FOR GEORGE MAHON**
Because he is one of the top men in Washington, and I like a top man to be my Congressman, particularly at this critical time.
- I'M FOR GEORGE MAHON**
Because I have helped put him where he is, near the top, and I don't want my District to have to go down to the foot of the class in Washington. Mahon will be Chairman of the Texas Delegation next year. He is chairman of one of the important committees, and I don't want to see my District lose this position of power and influence.
- I'M FOR GEORGE MAHON**
Because of the outstanding job which he did in hastening victory—carrying the ball on the atomic bomb project and saving lives.
- I'M FOR GEORGE MAHON**
Because I want to see the GIs get a square deal and Mahon is one of seven men in the House of Representatives responsible for appropriation of all money for veterans and their dependants. He will use his power for the best interests of the veterans and the Country.
- I'M FOR GEORGE MAHON**
Because I have found him worthy of trust in matters small and great. He is a friend of all the people and my idea of the kind of Congressman this Nation needs. We need more, not fewer men like George Mahon in Congress.

THE BOYS WHO FIRED RAINEY . . .

The Board of Regents that fired Dr. Homer P. Rainey was dominated by Texas Regulars and one Republican — all of whom represent large corporate interests in Texas.

Here is the background of those who voted to fire Rainey as President of the University of Texas:

ORVILLE C. BULLINGTON of Wichita Falls. Leader in the Republican Party. Candidate for governor on the Republican ticket in 1932. Manager and one of the principal heirs of Kemp & Kell properties, with interests in railways, banks, flour mills, and other businesses. President of the Kemp Hotel Company. Chairman of the Board of Directors of the Wichita Falls and Southern Railroad, etc.

D. FRANK STRICKLAND of Mission. Lawyer and professional lobbyist for Interstate Theaters, the largest theater chain in Texas, chief lobbyist at Austin, Texas, for Texas Gulf Sulphur Corp., which controls 99 percent of the world's sulphur. Legal council for many other corporations. Active in 1944 as a Texas Regular.

DAN J. HARRISON of Houston. Big-time independent oil man and cattle baron. Sold large holdings to the Magnolia oil company in 1944 for a reported \$27,000,000. Supporter of Republican presidential candidates Landon and Willkie and of the anti-Roosevelt Texas Regulars.

W. SCOTT SCHREINER of Kerrville. Another Texas Regular. Merchant, capitalist, banker, ranch owner. Owner of Bluebonnet Hotel. President of Schreiner Wool & Mohair Company. Director of San Antonio National Bank of Commerce and the Frost National Bank of San Antonio. Director of the Longhorn Portland Cement Company.

H. H. WEINERT of Sequin. A Texas Regular. Banker, oil operator, ranchman, corporation executive. President of H. H. Weinert, Inc. President of Sequin Bank and Trust Company. President of Texil Oil Company, Trio Oil Company, and Diamond Half Oil Company. Director of Burrus Mill and Elevator Company.

H. J. LUTCHER STARK of Orange. Multi-millionaire capitalist and financier. President of Sabine Hotel Company. President of First National Bank of Orange, and an officer or director in at least nine other lumber, oil and finance enterprises.

The only woman member of the Board of Regents, **MRS. I. D. FAIRCHILD** of Lufkin, voted to keep Rainey as president. She is a housewife, widow of a former state senator. She has no corporate connections.

The chairman of the Regents at that time—**JOHN H. BICKETT** of Dallas—also voted not to fire Rainey. He is general counsel for Southwestern Bell Telephone Company.

The ninth member of the board, the late **DR. K. H. AVNESWORTH** of Waco, was ill when the Regents met to fire Rainey. He did not attend the meeting and no vote was recorded for him.

Miss Gillham Named Honoree At Tea And Shower

Friday afternoon from 4 to 6 o'clock in the home of Mrs. A. W. Turner, Miss Eleanor Gillham, bride-elect of Robert Tipps, was named honoree at a formal tea and shower. Assisting Mrs. Turner as hostesses were: Mesdames Leo Holmes, Clyde Lewis, J. B. Knight, Clarence Lewis, Clyde Coleman, G. S. Webber and Cotton Neely. In the receiving line were: Mrs. Coleman, Mrs. Turner, Miss Gillham, Mrs. J. O. Gillham, mother of the honoree, Mrs. J. C. Powell, Jr., and Miss De Lores Gillham, sisters of the bride-elect. Mrs. Buddy Gillham presided at the guest book.

The refreshment table was laid with a maderia cutwork cloth and centered with an arrangement of white gladioli and shasta daisies. White tapers in crystal holders flanked the flower arrangement. Table appointments were of crystal. Mesdames Clyde Lewis and G. S. Webber presided at the punch bowl and were assisted by Mesdames Neely, Eddie Helms, Tommy Hicks and Miss Betty Holmes.

Gladioluses in pastel shades and crepe myrtle were used throughout the entertaining rooms for decoration. A pretty arrangement of a bride doll and a white satin parasol on white net with clusters of shasta daisies and baby breath scattered over the net, decorated the buffet in the dining room.

Mrs. J. C. Smith and Mrs. Ruth Huckabee created a musical background with their many lovely piano selections. Mesdames Webber, Knight, Holmes and R. L. Bowers displayed the many gifts.

The honoree wore a formal of printed jersey made silhouette style and a wristlet of gardenias. Members of the houseparty wore corsages of shasta daisies in their hair.

KITCHEN SHOWER GIVEN MISS GILLHAM

Miss Eleanor Gillham was complimented with a kitchen shower in the home of Mrs. R. L. Bowers, Wednesday afternoon of last week. Mesdames Lester Treadaway and Tommy Hicks assisted Mrs. Bowers as hostesses. Games of bridge furnished diversion, with Mrs. Buddy Gillham receiving high score and Mrs. Bruce Zorns, second high. Miss De Lores Gillham won in the game of Bingo.

Ice cream and cake was served to: Mesdames Buddy Gillham, Bruce Zorns, Sam Teague, J. E. Smith, Kelton Miller, Misses De Lores Gillham, Twilla Graham, Jean Knight, Jo Pete May, and the honoree.

DEDICATION SERVICE TO BE HELD AT METHODIST CHURCH

Next Sunday will be a day of dedication at the Methodist Church, at which time the new organ will be dedicated, and Mesdames Lee O. Allen and Roy Herod will receive an expression of thanks for raising the money to purchase the organ. All who contributed to the fund have been issued invitations to be honor guests at the morning service. Mrs. Lucille Daugherty, of Snyder, will be organist at the morning service.

Dr. Harold G. Cooke, president of McMurry College, of Abilene, will be the speaker at the evening service. Several outside visitors will be present.

The air conditioner will be functioning Sunday, so come to church to avoid the heat.

LADIES COUNCIL OF CHRISTIAN CHURCH MET MONDAY

The Ladies Council of the First Christian Church met Monday afternoon at the church for their regular business meeting. Following the devotional, which was given by Mrs. M. E. Brown, final arrangements were made for the "Breakfast in Hollywood" program.

Those present were: Mesdames Sam Houtchens, Crawford Burrows, Ed Ballard, John Butler, W. A. Roberson, M. E. Brown, Clarence Hinkle, S. L. Morgan, Sr., S. L. Morgan, Jr., Walter Breedlove, S. H. Holgate and K. P. Chartier.

Mr. H. V. Vermillion, Jr., of Shamrock, is here visiting in the home of his brother and his wife Mr. and Mrs. Charles Vermillion.

"Breakfast In Hollywood" A Success

The talk of the town Wednesday and Thursday, and probably for several days to come, was the "Breakfast in Hollywood" program sponsored by the Ladies Council of the First Christian Church. Tuesday morning at the Legion Hall. An estimated crowd of 275 were there and all said they were glad they didn't miss it.

Jim Nelson, the announcer, played by Mr. John Butler, started things popping when he introduced (Hizzoner) Frank Jordan, as Tom Brennaman and Slim Schellinger as Uncle Cornie. They played their parts excellently and displayed hidden talents. Joe Brown, as Bobby Phillipino, kept the crowd laughing with his drol jokes. The highest of the high spots on the program, in the estimation of all the girls present, was when Jack Shirley sang several songs in his best manner—they swooned. Mr. H. T. McKissack, of Lubbock, gave a splendid five minute talk of the benefit of people in a community getting together for good clean fun and the part the churches could play in sponsoring such.

Mrs. Fannie Bell Loftin, age 84, received the orchid and kiss from Mr. Jordan for being the eldest guest. Mr. L. L. Bechtel was presented the prize for the screwiest hat and Mrs. R. I. Coffey received one for the funniest hat. Mrs. George Tiernan received a dozen roses for being the best good neighbor and Mrs. Mary Green was given a gift for sending in the best letter telling about the good neighbor. Mrs. C. C. Primm was the lucky recipient of the "wishing ring" and Mrs. J. D. Keith was presented a gift for being the newest bride. Gifts were also presented to the largest woman present, the one having the most children, the one coming the longest distance, which was given Mrs. Rudolph Gracey, from Miami, Fla., and many others.

The members of the Christian Church wish to take this means of expressing their thanks to the many merchants, who contributed the gifts, those taking part on the program and all who helped in any way.

DARRELL SCOTT MOORHEAD CELEBRATES BIRTHDAY WITH PARTY

Mrs. Stuffy Moorhead named her son, Darrell Scott, honoree at a party, July 5th, to celebrate his third birthday. Outdoor games furnished diversion for the little guests.

Birthday cake and punch was served to: Mike Moorhead, of Sundown, Donald Carruth, Terre Sue Redford, Wade Hill, Becky Edwards, Latrice Teague, Jan Neely, Martha Lynn Nelson, Linda Sue Mathews, Judy and David Bishop, Luis Price, Judy Moore, Buddy Patterson, Donnie Cary and Carolyn Christopher.

THE OLD HE FORGETS HIS WEDDING ANNIVERSARY

To other married men, the Old He will have no trouble trying to explain why it is very important that you remember the wedding anniversary, or the wife's birthday—not her age, however. So, this little society item, that we hope will make the society page, is intended for the June and other late bridegrooms.

Here is your tip. Forget your lunch or dinner; forget most anything, but don't never lose track of the wedding anniversary.

MISS GILLHAM NAMED HONOREE AT BRUNCH

Mrs. J. E. Smith, Mrs. Edwin L. Helms and Miss Jean Knight honored Miss Eleanor Gillham, bride-elect of Robert Tipps, with a Brunch, Wednesday morning at the home of Mrs. Smith, which is on the corner of Repto and Club streets.

Miss Gillham was sent on a treasure hunt through the house, being guided by written instructions on small slips of paper. At the end she found a lovely assortment of lingerie, gifts of the hostesses.

Guests were: Mesdames Tommy Hicks, Buddy Gillham, Kelton Miller, Cotton Neely, J. O. Gillham, Misses Twilla Graham, Jo Pete May, and the honoree.

Mr. and Mrs. Tobe Howze and family, Joyce Dungan and Kenneth Hill are spending the week at Lake Abilene fishing.

Mr. and Mrs. John Yowell had as their guests, Tuesday night, Mrs. Yowell's parents, Mr. and Mrs. L. B. Apperson, of Hutchins, who were enroute to Eagle Nest and other points of interest.

Mrs. Maury Lewis, who was injured several months ago in an accident, is back at work as alteration lady at the Go're Fashion Shop.

Miss Imigene Fitzgerald, of Wichita, Kansas, is visiting her mother, Mrs. C. E. Fitzgerald.

Mr. and Mrs. E. F. Halbrooks and children, of Loop, and Mrs. J. E. Halbrooks, of Trent, were in town Monday to have pictures made of the six months old Halbrooks twins, Floyd and Loyd.

READ HERALD WANT ADS.

Mrs. Earl Bradley and daughter Reudell, of Brownfield, and Mrs. Vern Bridge and son, Ervin, of Tokio, were in Amarillo the latter part of last week on business.

Theda Jobe, Eldon Baggett, Gwendolyn Franks and Buddy and Billy Franks were in Levelland the Fourth attending the rodeo that afternoon and skating that evening.

Miss Marybelle Warren, of Brownfield, spent the weekend as a guest of Miss Edna Pentecost, of Wellman.

Mr. and Mrs. C. D. Moore and Mr. and Mrs. C. A. Wilhite spent the morning of the Fourth in McKenzie Park in Lubbock and attended the afternoon performance of the rodeo in Levelland. To complete a full day of celebrating

they attended the baseball game that evening between Levelland and Sundown.

Miss Jozelle Proffitt And Clyde Green Exchange Vows

Miss Jozelle Proffitt, daughter of Mr. and Mrs. Virgil Proffitt and Mr. Clyde Watts Green, son of Mr. and Mrs. C. L. Green were married Sunday, June 7th at 9:00 A. M. in their home at First and Felts St. Rev. Sam Brian read the double ring ceremony against a background of baskets of peach gladioli.

The bride wore a two piece gray suit with navy accessories and a purple orchid corsage. A pair of blue earscrews were worn for something old and something blue and a diamond ring belonging to Mrs. Billie Moore was worn for something borrowed. She wore a penny in her shoe for good luck.

Immediately following the ceremony a reception was held at the couple's home. Mrs. Billie Moore, sister of the groom, assisted the couple with the hospitalities. Coffee and a three tiered wedding cake was served.

The bride is a 1946 graduate of the Brownfield High School. Mr. Green is a 1945 graduate and attended one year at Tech. He is now assisting his father in the interior decorating business.

Guests at the wedding and reception were: Mr. and Mrs. Virgil Proffitt and Max, Mr. and Mrs. C. L. Green, Mr. and Mrs. Billie Moore and Judy, and Miss Patricia Nell Wood.

ICE CREAM PARTY ENJOYED AT MOORHEAD HOME

A group of friends enjoyed a pleasant evening and delicious home made peach ice cream and cake in the yard of the Rudolph Moorhead home, Monday evening, because of the generosity and suggestion of Mr. Henry Sharp, of DeLeon. Mr. Sharp, who is a mortician in DeLeon, sent a bushel of peaches from his orchard along with the suggestion that all his friends enjoy the peaches together at an ice cream party.

Those enjoying the affair were: Mr. and Mrs. J. C. Lewis and Patsy, Mr. and Mrs. George Warren, Mr. and Mrs. Lewis Simmonds and Rudy and Don, Mrs. Eldora White and Ted, Mr. and Mrs. Dalton Lewis, Mrs. Roscoe Moorhead and Billie Ben, and Mr. and Mrs. Roy Collier.

COFFEE GIVEN MRS. ROBERSON

Mrs. Ted Hardy and Mrs. Crawford Burrows complimented Mrs. W. A. Roberson with a coffee and shower, Wednesday morning at the home of Mrs. Burrows.

Coffee and doughnuts were served from a lace covered table centered with roses. Mrs. Burrows presided at the coffee service. Mrs. Hardy registered 15 guests in the guest book.

A lovely array of pink and blue gifts were presented the honoree.

Mrs. Durward Moorhead, of Memphis, Texas, is here visiting in the home of Mr. and Mrs. Rudolph Moorhead.

Miss Vera Jackson Becomes Bride Of Merritt Motherall

Miss Vera Jackson, daughter of Mr. and Mrs. Jim Jackson and Mr. Merritt Motherall, son of Mr. and Mrs. E. C. Motherall, of Farmington, Kentucky, were married Saturday, June 29th at 11:00 A. M. in the home of the bride's parents.

Rev. Ed Tharp read the double ring ceremony before an improvised altar of tall baskets filled with red roses and gladioluses. Arrangements of the same flowers were also used in decorating the room. Miss Jimmy Jackson, sister of the bride was the only attendant.

The bride wore a street length dress of white with white accessories, and carried an arm bouquet of red roses and gladioli. For something old, she wore a wedding ring that had belonged to her maternal great great grandparents; something borrowed was a strand of pearls belonging to her sister, Jimmy. For something blue she wore a pair of small blue combs in her hair.

Following the ceremony a reception was held in the home. Mrs. Blue Graham and Miss Jimmy Jackson served a two tiered wedding cake and punch from a lace covered table centered with roses which were flanked with pink and white candles in crystal holders.

Guests present at the wedding and reception were: Mesdames W. B. Downing, Cleve Williams, Gene Trumble, Blue Graham, Ed Tharp, D. D. Cox, of Lubbock, Miss Jimmy Jackson, of Roswell, Miss Betty Tyler, of Pyote, Mr. Bob Gage and Mr. and Mrs. Bill Norris, of Kansas.

The bride is a 1936 graduate of the Brownfield High School and of a Big Spring business college. For the past several years she has been employed in civil service work and at the present is employed at the Pyote Air Field.

Mr. Motherall received his discharge from the armed forces after five years service, four years being spent in Iceland and Europe. He is now employed at the Pyote Air Field.

Following the reception the couple left on a wedding trip to Ruidoso. For traveling the bride wore a pink two piece dress with white accessories and wore a corsage of white roses.

They will make their home in Pyote for the present.

JUDY MOORE CELEBRATES THIRD BIRTHDAY

Little Judy Moore, daughter of Mr. and Mrs. Billie Moore, had a full day of celebrating her third birthday which was July 1st. Her mother entertained with a party for her from 3 to 4 o'clock and her grandmother, Mrs. C. L. Green, also complimented her with one from 4:30 to 6 o'clock at her home. Lewis and Janelle and Mrs. Roy Collier, Wanda and Dolly Jane, of Brownfield and Mrs. Robert Welch, of Meadow.

Mr. and Mrs. John Butler had as their houseguests the latter part of last week, Mrs. Butler's parents, Mr. and Mrs. W. F. Leslie and family of Chickasha, Okla.

Mr. and Mrs. J. T. Bowman and Mr. and Mrs. John L. Cruce spent the holiday weekend in Old Mexico and Ruidoso.

GREENS ENTERTAIN WITH OPEN HOUSE

Mr. and Mrs. C. L. Green were hosts to a large number of friends with an open house and shower last Friday evening from 6 to 8 o'clock for Miss Jozelle Proffitt and their son, Clyde Green, who were married Sunday. The affair was given in the home built for the couple. Receiving the guests were: Mr. and Mrs. Green, Jozelle and Clyde and Mr. and Mrs. Virgil Proffitt. Mrs. E. H. Wood presided at the guest book in which 65 registered.

The house was beautifully decorated with pink carnations and shasta daisies. Mrs. Billie Moore and Miss Terry Lou Moorhead served punch and cake squares iced in yellow. Tea napkins with Jozelle and Clyde, July 7th, monogrammed in gold were plate favors.

Members of the houseparty wore corsages of white gladioli and boutonnières of white carnations. Mr. Billie Moore displayed the gifts and showed the guests through the new home.

Mr. and Mrs. J. C. Seaton and Mr. and Mrs. Tommy Woodard, of Wellman, visited Mr. G. U. Seaton in Rotan over the weekend. Misses Era and Rose Seaton, who had been there visiting returned home with them.

Warning On Flies By Health Dept.

With appearance within the past few days of increasing numbers of house flies in all areas it is evident that some of our local citizens are not cleaning up or using DDT properly according to Walter Breedlove, Public Health Engineer of the South Plains Health Unit.

We have been very fortunate in the small number of flies which have been evident so far this year but with the recent showers and the increasing number of flies it is necessary that further precautionary measures in the way of special efforts to clean all cow lots, horse lots, chicken pens and privies and properly spray or dust them with DDT will be necessary in order to keep these pests to a satisfactory minimum.

With the many good DDT preparations which are on the market and the ease with which they may

be used combined with proper cleaning the common house fly can be almost completely exterminated so far as their being noticeable is concerned. This statement can be borne out by the evidence of the many users who have kept flies to a minimum under the most difficult circumstances in the entire area and knowing these facts the Engineer urges every person take the precautions necessary to destroy these flies and keep the danger of disease from such insects to a minimum.

Behind the Scenes in American Business

By John Craddock

NEW YORK, July 8 — As the nation settled down last week to the prospect of living without price control—at least temporarily—the paramount question in the minds of most people was whether the natural economic forces of supply and demand would hold prices or send them higher. By the middle of the week, flour, corn products and beef prices had moved up, but hogs were down \$2 a hundredweight. A number of states immediately put in local rent controls. Those who had favored government control of prices with a subsequent downward readjustment later. One thing however, appeared certain: With or without the O. P. A. a gradual rise in prices was anticipated. Toward the end, the O. P. A. was gradually extending its list of price increases and indications were that more would be added. Even under O. P. A., every housewife in America knew that prices were rising and that home budgets were not gung as far as they formerly did. It will probably be several weeks before the play of natural economic forces sets a definite pattern.

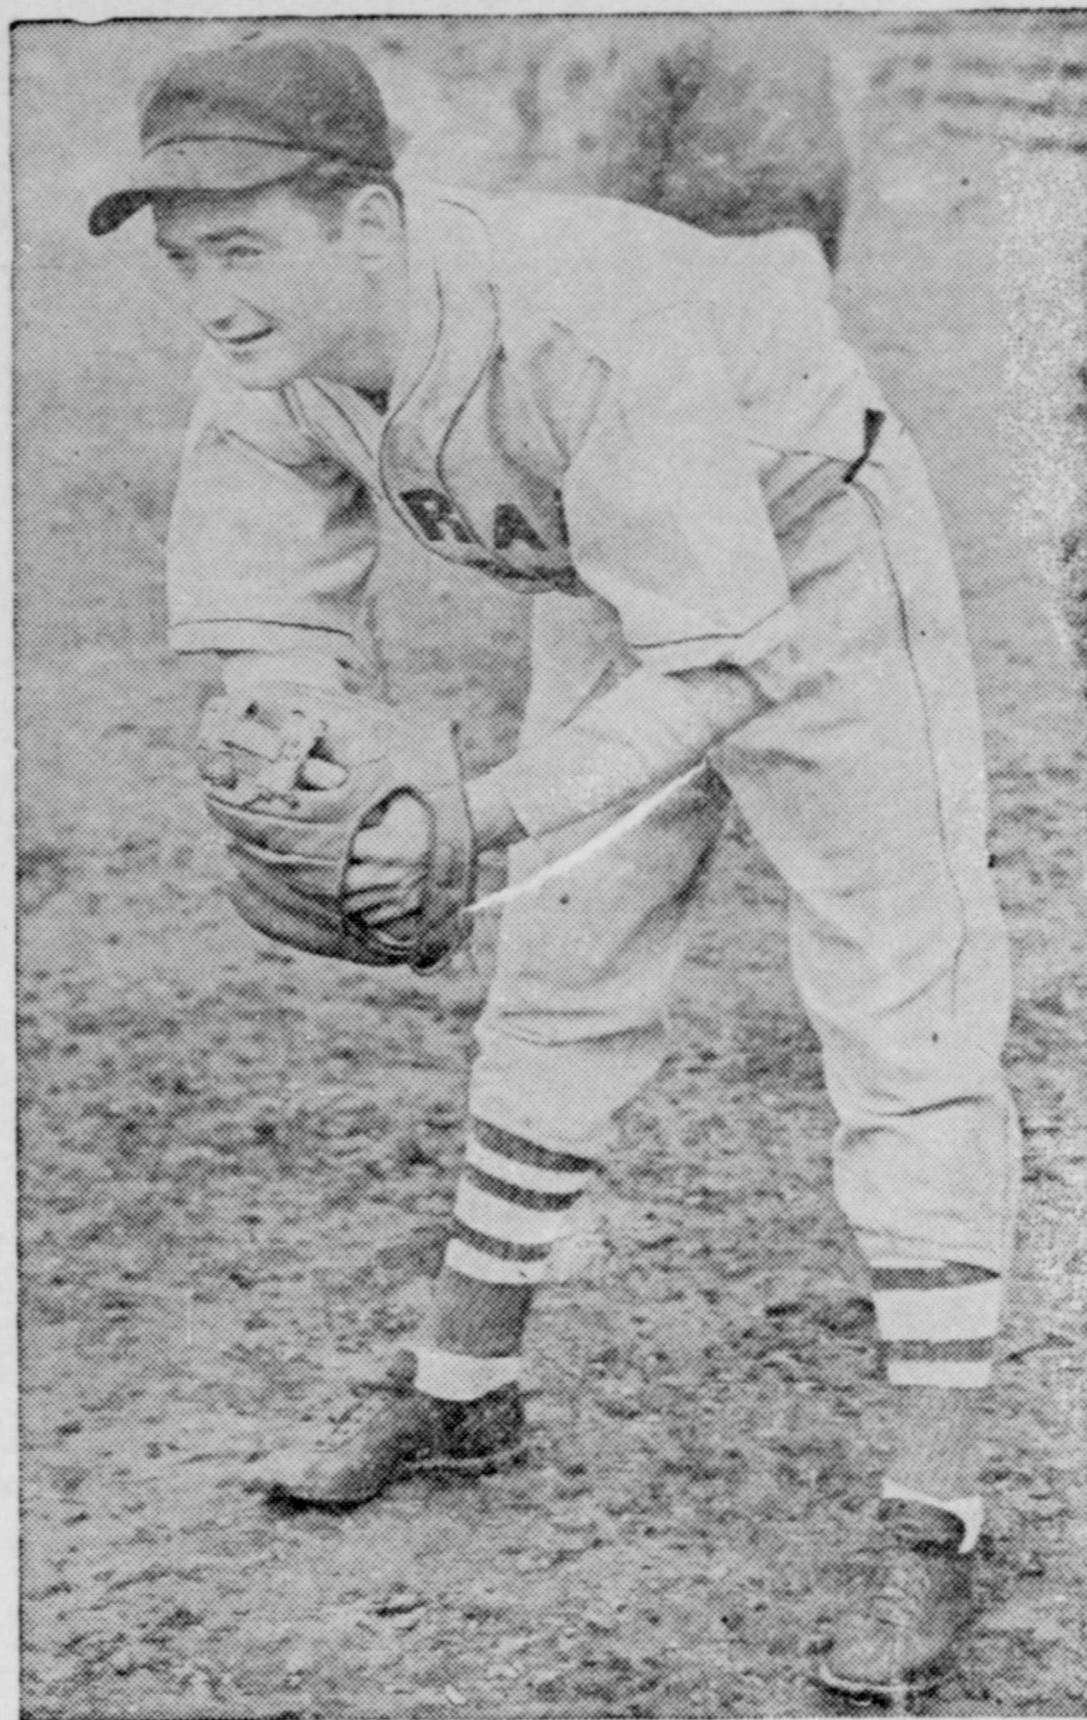

AVIATION ROBOTS: As the size of airplanes grows and their operations become more complex, the job of the pilot gradually becomes one more of supervision than of manual operation. "Flying by the seat of your pants" was the rule with pilots in the old days when they got around with a degree of safety, using only the joy stick, an airspeed meter and perhaps a map. But instead of carrying two or three passengers, tomorrow's planes will carry hundreds. Speed will approach that of sound and luxury airliners will traverse continents and oceans instead of the old range of 200 to 300 miles. These new speeds, ranges and safety requirements come up rather abruptly against human limitations. As a result, a whole new industry is growing up within the aviation group to develop automatic control instruments and systems which tirelessly and with greater than human accuracy perform the actual work of flying and landing. For example, Minneapolis-Honeywell Regular Company, a leader in this group, has 31 automatic control systems under development for aviation. According to A. M. Wilson, vice president of Honeywell, these developments are designed to automatically fly a plane on a pre-set course, bring it in for landing under bad weather conditions and control engine speeds.

THINGS TO COME: A paper bag to hold water. It is treated with chemicals to make it water resistant . . . Rugs made of paper twine and coated with flexible plastic to make them non-slip . . . A nylon comb which can be sterilized by boiling. The teeth may be bent flat without breaking . . . Rural telephone service by radio. Its practicability will be tested this summer near Cheyenne Wells, Colorado by A. T. & T. . . Felt mountings which reduce machine vibration by more than 70 percent . . . A home cleaning system which includes a vacuum cleaner, a tank-type unit for other than floor jobs and a number of interchangeable cleaning units . . . Water-resistant matches. Their maker guarantees they will light after four hours submersion in water . . . Electric irons with dials that show when heat has reached the desired degree. A dial is set at high heat for linen and other degrees for different fabrics.

PERSONALITY ON PARADE: Business girls turned fashion models and won accolades for poise, posture and personality from a panel of radio and stage stars as 650 stenographers, receptionists, typists and secretaries presented a fashion show in the Hotel Pennsylvania's grand ballroom keyed to the theme: "Clothes for the Business Girl." Climaxing an unusual personal development course, "Personality in Business," just completed by feminine employees of a large distillery corporation's home office, the show was planned as a classroom demonstration of the right clothes to buy and wear both in and out of the office. Although the show was presented with all of the tradition-

al glamour attending a parade of fashions. "Personality in Business" is definitely not an "Oomph" course. Objective is to awaken in each girl a realization of her own potentialities as a "personality" and as a business woman. Once she starts to polish her capabilities, she immediately begins to gain more poise and self-confidence, is better adapted to "winning more friends and influencing more people" and becomes more of an asset to herself and to the company.

BITS O' BUSINESS: Western railroads are carrying about 20 percent more California fruit and vegetables to the east than they did last year, and with 5 percent fewer refrigerator cars . . . The coal industry is spending more money for research, hoping thereby to curb the inroads which oil is making . . . Work clothes are difficult to get. The shortage is so bad that overall lines are nearly as long as nylon in some cities . . . Automobile production hasn't yet reached half the monthly rate of 1941 . . . The Government will not stop competing for materials in the near future. It will shortly begin a huge buying program of strategic materials to fill storage bins as insurance against a future emergency . . . Passenger tire production is gradually moving up. April output set a new record at 5,514,751 units . . .

1,080,000 POUNDS OF

BLACKEYED PEAS

ARE NEEDED FROM WEST TEXAS EACH DAY BY

GILBERT C. WILSON

LABORATORIES

AT PITTSBURG, TEXAS

We will need 1,080,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

Our plant is now operating, canning peas from South and Central Texas. West Texas blackeyed peas harvest will begin after harvest season in East Texas is over. We will start buying here when peas are first available, and will continue to buy until the first killing frost.

We will set up receiving points at convenient places throughout the Brownfield territory, and peas will be paid for when they are received. We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton.

The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

According to the experienced blackeyed pea growers in West Texas, less moisture is required for producing a good yield of blackeyed peas than cotton, and they can be planted 20 to 30 days later than cotton and yet still in time for maximum yield.

Blackeyed peas, being a legume, will serve to build up the soil, and will also serve somewhat as a cover for the soil to keep down erosion during the winter months.

We will also buy dried blackeyed peas this year.

The location of our buying points in the Brownfield territory will be announced in the near future.

Texas Merchants Plan To Keep Prices Down

AUSTIN, July 11—A three-point action is being recommended to members of the Texas Retail Merchants Association in view of the removal of price controls.

Secretary-Manager Charles T. Lux said the following plan is being urged:

1. Keep prices where they are on goods in stock.
2. As new goods arrive at higher cost, mark them at lowest prices that will yield a reasonable profit.
3. Make goods available to all customers.

Lux said that "further tinkering with controls will be unnecessary if everyone from the landlord to distributor shows reasonable restraint."

He called for "no wild hiatus in prices" this week.

STEVENSON IS OPTIMISTIC

AUSTIN, July 11 — Governor Stevenson said Monday he believes "we will get along without OPA reasonably well."

"The American people got along a long time without any guardian," he said. "I think they can still do it."

He said he expects no runaway

Mr. and Mrs. Wade To Open New Drug Store

We are authorized to announce that Mr. and Mrs. G. D. Wade are opening a new drug store on south First Street, just across from Thomposn Cafe. The new drug will feature fountain drinks as well as cosmetics, drug sundries and a general drug line.

Mr. and Mrs. Wade are not strangers in Brownfield, coming here from El Paso in 1935. They settled in the Union community, and operated a store and service station there until 1941. They operated a farm near Brownfield until recently.

"I believe the people in a position to control prices are going to be sensible about it," Stevenson said. He called attention to advertisements in Monday's papers where a number of merchants over Texas have pledged themselves to maintaining reasonable prices.

Stevenson said OPA had been broken largely because of "its attempting things utterly foolish."

He said it was easy enough for OPA to control such things as rents, but it was foolish for them to try to set prices on denim overalls when it was doubtful that any of them "had ever even had a pair on."

It was such policies, he said, that built up OPA opposition to the breaking point.

Adams Heads SS Board In Lubbock

Lubbock, July 11 — Elliott W. Adams, who was in charge of the San Angelo office of the Social Security Board, became manager of the Lubbock office on July 1, according to an announcement made by James B. Marley of San Antonio, regional director for the States of Louisiana, Texas and New Mexico.

Mr. Adams replaces John D. Palmer who goes to New Orleans as assistant manager of the Social Security Board field office there. Adams entered the services of the Social Security Board in December 1936 and has been associated with its offices in Washington, D. C., Dallas, Houston, Wichita Falls, Waco, and Big Spring, prior to his managership of San Angelo.

The Lubbock office serves Terry and 18 other counties.

Taking claims for old-age and survivors insurance payments and issuing social security account cards are the two main responsibilities of the Lubbock office in the above territory. In addition, the manager furnishes factual information on all problems related to the social security program.

CONFUSION WORSE CONFOUNDED

It is easy to understand how Morris Roberts of Victoria got mixed up on the question of party loyalty at Monday's meeting of the State Democratic Executive Committee. Conditions being what they are, it is puzzling to determine what is de rigueur and what is de trop.

Two years ago the party leadership branded opposition to the administration as political heresy. Now, when Mr. Roberts, as a member of the executive committee, offers a resolution endorsing the efforts of the President (who is standardbearer of the Democratic Party) to "protect the general welfare" in ending the strikes, the committee gives him the bum's rush.

Mr. Morris said he thought the resolution commending President Truman's course was certainly noncontroversial; but the other

It is all very confusing. Secretary of Commerce Henry Wallace has proposed that Democrats who oppose the President's measures be cast into the outer darkness. Atomic Test More Practical Than Scientific

Austin, Texas — The possibility of the Bikini atom bomb tests resulting in a major catastrophe such as an earthquake or destructive tidal wave is extremely remote, in the opinion of Dr. George W. Watt, University of Texas chemist who worked on the Manhattan (atomic) project for two years during the war.

Dr. Watt was offered a "ring-side seat" at the tests but declined the invitation. His decision was based, not on fear of possible danger to the witnesses but rather on the possibility that the tests would consume more time than anticipated and more time than he could spare.

Although he thinks the tests are desirable from the standpoint of accumulating more information on the effectiveness of the bomb, Dr. Watt is skeptical that "there will be any great yield of purely scientific information" because scientists haven't had time to prepare the proper instruments for the tests.

Dr. Watt pointed out, however, that the whole future of the navy will be determined by the tests and for that reason they will be extremely valuable from a practical, if not a scientific standpoint.

county, coming from the green verdant country where we had been domiciled for a month, and had seen the lightning flash and the peel of thunder roar and echo in the hills and forest, this section truly had the appearance of a desert. Folks, we'll have to admit it. For the first time since we came to Terry nearing 38 years ago, the dogged country looked fierce, and we were almost attempted to disown it. But the ladies prepared a nice hot supper that night, and a nice cool breeze sprang up, and we again were pleased with old Terry, even if it did need five or six inches of rain over a period of several days.

We believe the fact was divulged that a second cousin came home with us. He did, and almost immediately lay siege to the heart of one of Terry's most beautiful young ladies. And we understand there was some kind of compromise agreement reached on the agenda of their peace parley. And so, we look for Phillip Rogers back out here along toward the time old Santa Claus comes again, and this young lady will become Mrs. Phillip Rogers. So mote it be.

Well, it is becoming increasingly hard to mate back there without mating with kin folks, for the "Jones Generation" has the country grabbed and sewed up. Calvin Jones was our maternal grandpa. This finishes our sketch pad for this trip. We may direct our attention at times to special features of the trip, which we deem might be of interest. But for the next two or three weeks the first primary will likely get most of your attention.

YOUNG HOUTCHENS OUT OF NAVY

A press release from the Navy Department advises that Raymond Jerald Houtchens, son of Mr. and Mrs. Sam Houtchens of 416 Tahoka road, and who had 13 months service with the Navy in the Pacific, was discharged July 1st, at Norman, Okla. Other than resting up at his home here, it is not known what his immediate future plan are.

Grand Jury Returns Indictments

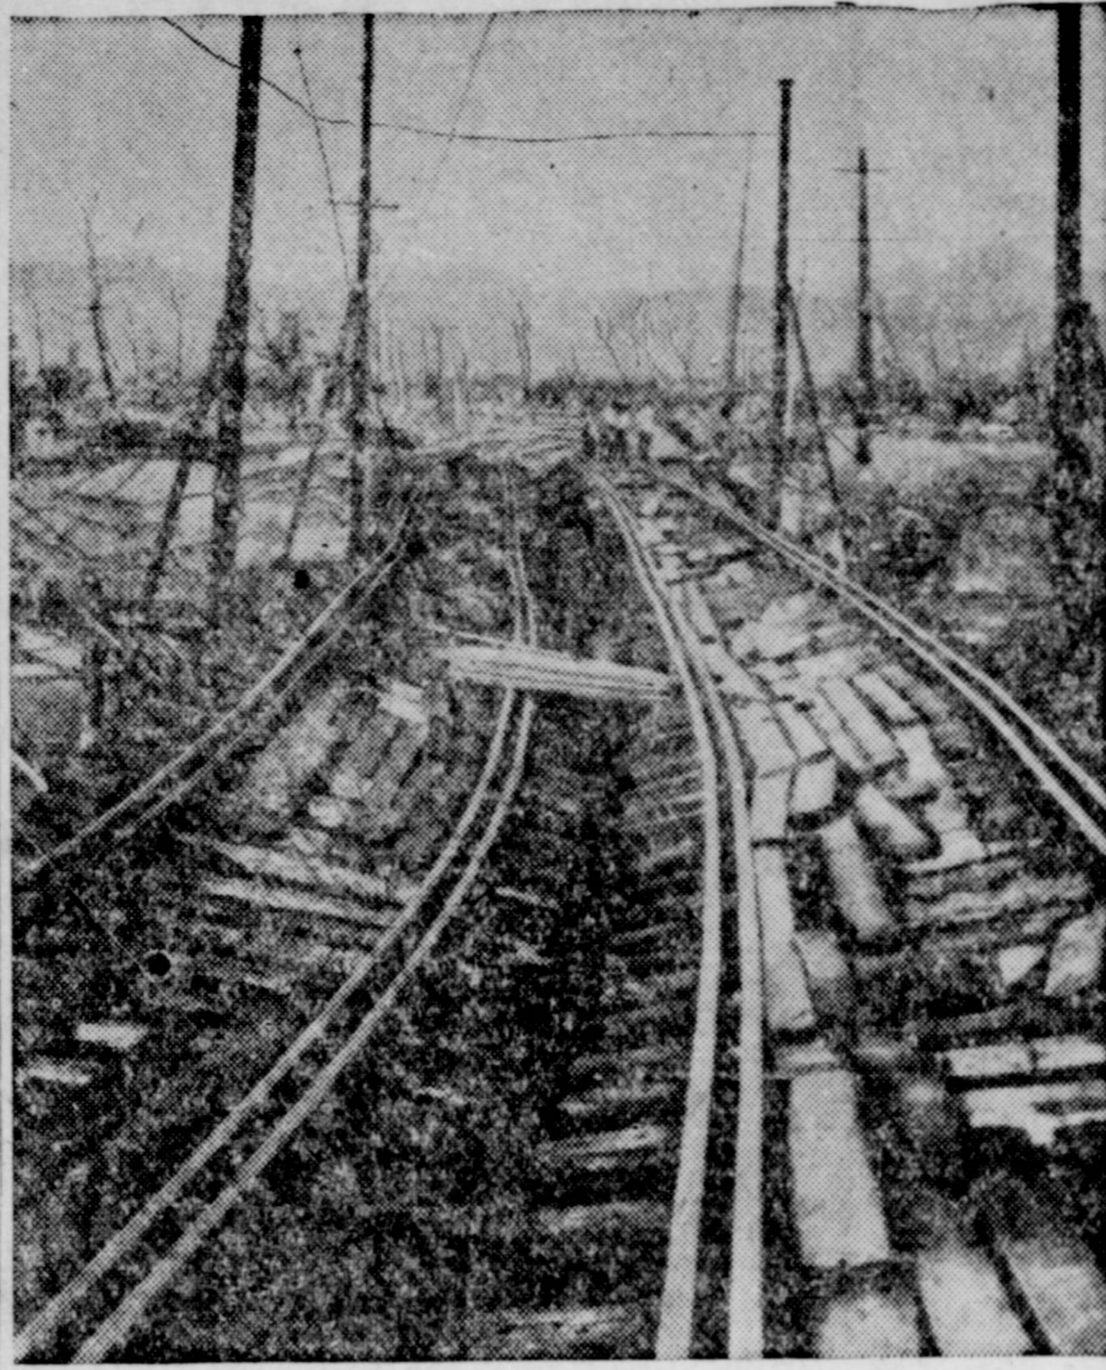

The grand jury in session here last Monday, returned one bill of indictment, jointly charging three local men with tire theft, which were alleged to have taken a few weeks ago.

Judge Reed also disposed of several minor cases.

CARD OF THANKS

We take this means of thanking our friends and neighbors for their many expressions of sympathy and thoughtful deeds rendered us, during the recent death in our family. Also for floral offerings. May the Father of mercy abide with you in our prayer.

T. M. Jenkins family,

MIGHTY ATOM . . . The grim secret and the revelation of the horrifying effects of radioactivity following the atom bombing of Japan was given the world here by a man of science who saw it. He is Col. Paul D. Keller, 98th division surgeon stationed at Osaka. He asserted Jap scientists knew the "how" of the atom bomb but could not put it to work. The above picture, furnished by Colonel Keller, shows the twisted remains of a railroad right-of-way in the bombed area.

AGED LOCAL MAN BURIED AT CLARKSVILLE

William F. Presley, aged 78, who died at his home in the north part of this city last Tuesday morning, was buried at Clarksville Wednesday afternoon, following services there. His body was carried overland in a Brownfield Funeral Home ambulance.

He had resided here about five years after retiring from farming. His wife preceded him in death several years ago. He is survived by a son and daughter, Ocie and Myrtle of this city, and two sons living elsewhere. One brother and two sisters also survive, who live at Clarksville.

Meadow HD Met With Mrs. Ashburn

The Meadow home demonstration club met in the home of Mrs. Edd Ashburn, July 2nd. The house was called to order by our president, Mrs. M. J. Fox. Roll call was answered by "The number of years I have been a member of the home demonstration club."

Next meeting will be Friday the 26th in the Meadow lunch room at 2:30. Mrs. T. J. Lock will be hostess.

We elected Mrs. Herman Pendergrass as our possible delegate for the district meeting at Amarillo. We also discussed our club party for the club members and families. No date was set, but we are to have fried chicken, ice cream and are to play 42. We discussed what we are to have for our display. We are to make things from feed sacks and other hand works. And for our new year book.

Refreshments were served to four members, Mesdames Fox, Jones, Pendergrass, Bell, and the hostess. All members are urged to be present at the next meeting.

FIRST AID FOR WOMEN CLASS BEGINS NEXT WEEK

Miss Kathleen Hardin, well known local nurse, now with the Treadaway-Daniell Hospital, and official Red Cross first aid instructor, will begin classes and lessons for women and girls, at Fellowship Hall in the Methodist church, next Monday night.

There will be no charge, except for the books.

The Training Union of the Baptist Church enjoyed a social at the church Tuesday evening. The Union had a contest during the month of June on attendance at the evening services, with the losing side to entertain the winning side. After games, which were directed by Mrs. A. A. Brian and Misses Terry Lou Moorhead and Oleta Leath, watermelon was served to twenty members.

A man while walking through a woods got warm and hung his overcoat on a tree, attaching a note to it in case some person might steal it, saying: "This coat is infected with smallpox." On his way back he found the coat missing with a notation on the note he left saying: "Thanks for the coat, I've had smallpox."—Presented by F. Krause.

The "Charge Account" Comes Due

For years the people have been lulled into the belief that the nation could run indefinitely by spending more than it took in, and still avoid inflation. This was sleight of hand reasoning that those who learned that two and two make four could not understand. They were pooh-poohed into silence if they mentioned their ideas. To carry out the illusion of "holding the line," subsidies to the tune of billions of dollars to pay producers part of the cost for what the consumer purchased, were resorted to — the subsidy came out of the taxpayer and helped pile up the deficit and hide inflation. Then came the "cost absorption" illusion whereby the retailer was forced to absorb growing production costs.

But the old rule that two and two make four still stands. In order to have anything to eat or wear, OPA has had to increase the price for both producer and retailer to make up for the accumulation of wage increases and tax increases which for years were hidden in government deficit spending. As the cost of living goes up, our standard of living goes down because the average person does without or substitutes inferior for better goods.

It is useless to blame the manufacturer or the retailer for high prices. They have to work on the formula that two and two make four. Encouragement of industrial activity, increased production per man, and the old-fashioned habit of saving, thrift, and reduction in government debt are the only protection against inflation—all the laws, rules, regulations and regimentation to the contrary.
