

JESTER WINS GOVERNORSHIP BY LANDSLIDE VOTE HERE SATURDAY

The old saying about a lull before the storm, seemed to prove true by the silence of the public preceding last Saturday's storm of votes, over one million, 90 percent of the first primary, swept by an almost 2 to 1 majority, Beauford Jester into the nomination for Governor, over Homer P. Rainey.

The other State races were more even. Shivers won over Boyce House by near 120,000. J. E. McDonald over R. E. McDonald by 28,000 and Beauchamp by less than 60,000 over Jesse Owens. The almost complete, and last count by the Texas Election Bureau, gave Jester 683,605, and Rainey 355,888.

In the Congressional races, incumbent J. J. Mansfield, oldest man in Congress, won his sixteenth term, by a small margin, in the Galveston, Texas district. Incumbent West of Brownsville retains his seat by less than 1,000 margin. Frank Wilson won over Judge Sarah Hughes, the famous woman jurist, in the Dallas district, for the place vacated by Hatton W. Sumners, who did not run. In the Abilene-Anson district Omar Burleson of Anson won over the son of Thomas L. Blanton, Bill Blanton, of Albany. In the Fort Worth district, Wingate Lucas deWorth district, Wingate Lucas deWorth, for Congressman Fritz Lanham's place, who chose not to run.

Terry county's vote was:

For Governor:	Jester 2064
	Rainey 1006
For Lieut. Gov.:	Shivers 964
	Holmes 1971
For Com. Agriculture:	R. E. McDonald 1391
	J. E. McDonald 1372
For Judge Court of Criminal Appeals:	Beauchamp 1199
	Owens 1497
For Sheriff:	Murry 1874
	Price 1261
For Constable:	Jones 1180
	Holmes 1340
Commissioner, Pre. 1:	McNeil 512
	Stone 413
Commissioner, Pre. 2:	Settle 555
	Gossett 656
Commissioner, Pre. 4:	Lyon 251
	Fox 278

For Com. Agriculture: R. E. McDonald 1391, J. E. McDonald 1372.

For Judge Court of Criminal Appeals: Beauchamp 1199, Owens 1497.

For Sheriff: Murry 1874, Price 1261.

For Constable: Jones 1180, Holmes 1340.

Commissioner, Pre. 1: McNeil 512, Stone 413.

Commissioner, Pre. 2: Settle 555, Gossett 656.

Commissioner, Pre. 4: Lyon 251, Fox 278.

W. M. Thomason To Head USO Drive

Mr. W. M. Thomason will head the next and final USO Campaign in Terry County, Governor Coke R. Stevenson, General Chairman, announced today.

Stevenson said, "We feel particularly fortunate to enlist Mr. Thomason in this final USO drive for funds. Our state quota of \$800,000 will be reached with similar top leadership in all of Texas' 254 counties."

Carl L. Phinney, State Campaign Chairman, in a letter to Mr. Thomason said, "The final USO drive is an important undertaking. Having had the honor of serving 18 months with the 36th Division in the Italian theater, I learned first hand what USO means to the boys overseas. I also have known of the billion acts of kindness to our millions of men in this country. Continuation of these morale services is, if anything, more important than ever.

The combat phase of the war is finished but the transition period presents fully as many morale problems. The life of the men in the service is not glamorous. They need and deserve the "home away from home" that USO Clubs and USO Camp shows give them. USO in 1947 will concentrate its services for those who are still hospitalized, those overseas and our kid brothers now in training. I want to join Governor Stevenson in expressing appreciation to Mr. Thomason for accepting the Chairmanship of Terry County. We are confident that under his leadership Terry County will meet its obligations to those men still in service."

Lions To Entertain Football Teams

Following their annual custom the Lions Club will entertain all members of the football teams of Brownfield, with a barbecue next Tuesday evening at the Legion Hall. All athletic officials are also expected. They will also entertain the entire school faculty, at a later date.

Crops Fair To Indifferent, Mostly

The Old He, wife and son, Jack Jr., being all alone for the past two weeks, decided Saturday afternoon that we would "drap down below the cap," in old Howard, and see how the folks were fairing, and to hear how the rich kin folks in Colorado were doing. The Howard county bunch or some of them having just returned from that state.

Maybe that big write up of Mrs. Stricklin's brother, David Holden in a recent issue of the Rocky Mountain News, Denver, reminded us that we are just poor kin folks. Anyway, Holden was designated by that paper as the spinach king of Colorado. But we still have Popeye in Texas, "down on the border of Old Mexico way."

Crops between here and Coahoma and Big Spring change every mile or two to nothing, poor, fair and medium. But there is a world of feed from knee high to waist high that will now make a fair yield with the recent rains. Cotton is just about all of the bumblebee variety, quit making and opening. Fields generally are clean, and why not?

The folks were all well and doing fine. Had a lot to eat and a lot to talk about. We took three separate and distinct naps Sunday, and thought we were in for a drowsy day Monday, but we evidently got caught up, and had no more inclination to sleep Monday than any other day.

We found that Elmer Roberts and wife of Seagraves, were also down there to see what pa and ma had to eat.

**Heavy Rainfall
Throughout County**

Beginning early Tuesday A. M. rain, ranging from 1 1/2 to 2 inches, fell all over Terry and adjoining counties, breaking one of the most severe drouths in the history of the South Plains.

It is expected by most farmers this will produce all the many crops that are up, even very late ones, and will assure a good yield on those who were fortunate enough to have crops of half grown. At least farmers were all smiles Tuesday, even the ginners were grinner.

Local weather gauges here registered 1.57 to 1.90; other estimates in different localities claim at least 2 inches. Many will plant peas, which is a lucrative crop.

Traffic Caution Urged During School

With the beginning of schools next week also begins a danger period for the children. The safety council and officers urge all to use special care to avoid accidents. Parents and teachers should constantly remind the children of the danger and of their responsibility in avoiding mishaps. Motorists are reminded that school is in session. Officers cannot be guardian angels, nor does the law ride the bumpers. Safety largely lies in your own hands.

Dr. Webber Is Actually Working

Struck Dr. G. S. Webber on the streets one day this week, and he, having on the makeup of a laboring man, we became suspicious, but had just about made up our mind that the wife had him mowing the lawn. So we hailed him to see just what he looked like with work clothes on.

After grinning a bit, he pointed out the fact that the three farms in the northern part of dear old Terry, had become a bit round at the heels during our misunderstanding with Messrs. Hirohito, Hitler and Mussolini. And so, with the hammer, nails, paint and brush, he with the aid of the Mrs. as general director, had been a busy man this summer.

But, says he, the job is about complete; the places are looking "snipacious" and we may now, in a few days, take off to the tall timber for our long awaited vacation. Well, he likely deserves a vacation, and we hope the mountain trout are biting.

American Legion And Auxiliary To Sponsor Teen-Age Canteen

The American Legion and Auxiliary are sponsoring a Teen-Age Canteen and will hold open house for all teen agers and their parents, Saturday, August 31st, from 8 to 11 p. m. at the Legion Hall. The lounge has just been re-decorated in a modernistic design with new furniture and many improvements.

It is the aim of these organizations to fill the great need here in Brownfield of our young people, for some place to go and something to do. The days and hours the canteen will be open are to be determined at the next meeting of the Auxiliary. It is to be adequately chaperoned when open.

Local Child Dragged To Death By Horse

Fate levied its weekly tragedy last Saturday morning, by taking the life of little Monte Duke Gore, four and a half year old son of Mr. and Mrs. Crede Gore, well known residents and business man of this city, but who have been living at Ruidoso, N. M., for the past few months.

It was learned that the little fellow was playing with his pet Shetland pony, presumed gentle, having rode it many times, when the rope tied to the horse became wrapped around the boy's body, the pony scaring at something and ran. Mrs. Gore seeing the incident, called her husband, who jumped in his automobile, outran and headed the pony off after it had dragged the boy near a mile. He was rushed to an Almodorra hospital, but was pronounced dead on arrival.

The body was returned to Brownfield late Sunday afternoon, where funeral services were conducted at the First Baptist Church, with Rev. L. M. Lipscomb officiating, at six o'clock p. m. Interment made in the Terry County Memorial cemetery.

The child is survived by his parents, and a younger sister, Creada Dale, and by his maternal grandfather, C. D. Duke of this city, and paternal grandparents, Mr. and Mrs. G. G. Gore, also of Brownfield.

Mr. and Mrs. Gore announce they will move back to Brownfield soon, where they have a home and a local business.

Commissioners Court Set Tax Rate Budget

The Commissioners Court in session last Monday, completed its work as a Board of Equalization, having only to raise very few, and adjust discrepancies in several.

Upon estimating necessary expenses of the county government, at approximately \$100,000, including the interest and sinking funds on road bonds, required a tax rate of \$1.20 per one hundred dollars valuation, on the eight and a half million dollars total county valuation, being about the same as last year.

This broke down is as follows: General Fund, 25c; Jury Fund, 15c; Public Building Fund, 25c; Road and Bridge Fund, 15c; Road Bonds which amount to \$517,000.00, 40c.

They contemplate doing considerable repair on the Court House, especially on the windows.

Local Boy Scout Troop Wins Swimming Contest

Boy Scout Troop No. 74 of Brownfield, with Ralph Bailey as Scout Master, won the team swimming contest at the Lubbock Country Club, late Monday evening, over 150 other Scout participants. Troop 45 of this city, with K. P. Charier as Scout Master also entered.

The following Scouts in each troop won individual feats in swimming and diving: Kenneth Spears, Billy Patterson, J. Worsham, Eugene Hinkle, Alton Martin, Tom Adams and Gene Patterson.

Harold Dalton, who taught a summer class here, from which the winners in the local contest were selected, coached the team.

Judge Dallas And Wife Return Home

Justice W. H. Dallas and wife returned Monday from a two weeks visit to their son, Clyde, and other relatives at Los Angeles. Judge and Mrs. Dallas went over in a plane, leaving Lubbock just before noon and arriving at L. A. at 6:00 p. m., that evening, part of the time above the clouds.

Quits a thrill for a Judge of the lower court. He's back at the same old stand, registering fines and birth certificates.

Jaycees Will Meet In Sweetwater Aug. 31

Sweetwater, Aug. 25—Jaycees from 24 Texas towns will gather in Sweetwater Aug. 31 for the first big postwar convention of Regions 3 and 4.

John Ben Sheppard, national Jaycee vice president, will be a luncheon speaker. Also speaking at the luncheon, as well as at the business session later, will be John Mangrum of Dallas, state Jaycee president.

Brownfield Has A Wide Open Black Market

It's wide open, right on the main drag. There is no bones about it, as they handle only fruit and vegetables, ice cream, drinks. Although "Black Market" is the sign over its entrance, off the north Lubbock road, the O. P. A. has not proceeded again 'em.

It is owned and operated by George Black and son, Alton, well known residents here, from whence it gets its name.

Mayor Frank Jordan spent last Friday and Saturday in Dallas, attending a Lions Governors convclave of the State. He ran across J. O. Gillham, who is there in a medical clinic for treatment by a specialist.

Chester Walters of Houston, and Earl Walters of Cleburne, spent last weekend here visiting their parents, the F. E. Walters, pioneer residents of this city.

A TWO YEAR DROUTH SEEMS TO BE DEFINITELY BROKEN

District Court Opens New Term

The semi-annual regular term of District Court convened here Monday, with Judge Louis B. Reed presiding, Calloway Huffaker, District Attorney, and the Court Reporter. This term continues until the first Monday in January, during which time the Judge holds monthly sessions.

A new grand jury, with Roy Phillips as foreman, was empaneled with the following members: R. C. Young, Troy Wright, Bruce White, D. C. Travis, E. S. Suggs, John Shinn, T. G. Sexton, S. H. Jones, R. D. Jones, H. L. Hollenman, K. C. Preston and Milton Addison. The Jury reported two hours later, no bills, and no investigations in view, and were recessed, subject to call.

The court is sounding the dockets, called about 20 divorce cases pending, of which 15 were dismissed on plaintiff's motion. Reconciliation affected in most of them.

Several civil cases, set for September 9th, at which time the Petit Jury is summoned to attend.

Free Enterprise Makes Better Products

Research by the oil industry was responsible for the development and quantity production of a long list of special motor fuels and lubricants used by our fighting forces during the war. These oils, which were superior to any of their predecessors, were a vital factor in keeping our military machine rolling.

Now this progress is being passed on to the public in the form of better oils for civilian use.

One example of this is a new automobile oil which will shortly be on the market. It has a special capacity to protect against varnish deposits on engine parts, against bearing corrosion, and against deterioration of the oil itself. In addition, it cleans engines, assures easy starting and immediate lubrication of frictional surfaces, protects against engine wear, and has a long list of other desirable properties. All in all, according to the technicians, th's particular oil will make for a better running car and longer car life.

This is but one important new oil product out of many that will be made available to the consuming public as materials become available. All of these products will contribute to that American goal—a higher standard of living. And all of them represent the work of free enterprise in the interest of the people of the nation.

Hillybilly Band And Scandal Sheets Out

The people of Texas as a whole have come to the parting of the ways with hillybilly bands and scandal sheets as qualifications for election to office. All those who tried the hillybilly route in the July primary headed up on the sidelines, and that went for all those running from congress to governor.

In the late bout, some very sensational scandal sheets appeared, a few here in Brownfield. The writer found one in his car, but who put it there, we do not have the least idea. Nor does anyone else we have talked with. This one was defaming candidate Jester.

We cannot believe for a moment that Dr. Rainey or any of his leaders were responsible for the scandal sheets. Rather, we believe they were put out by and for some organization that is trying every means to get a hold in Texas. You know the organization as well as we. But such things don't do a candidate any good in Texas.

Texas people do not like individuals or organizations that slip around over town putting such stuff in people's cars. You remember what happened here when the war first started with an organization that openly opposed our entrance into the war to defend ourselves.

By the way, we note that Secretary Wallace in an address to a bunch of union leaders, regreted the defeat of Dr. Rainey. Very likely, Hanree, very likely.

Sam Arnett Pulls Largest Cattle Deal

Sam C. Arnett, lifelong west Texas rancher, but of late years President of the Citizens National Bank, Lubbock, with Tobe Foster, oilman and cattle dealer, announced Monday the purchase of 13,000 head of cattle on a ranch near Tucumcari, consideration near one million dollars.

Arnett, reared near Colorado City, assumed charge of the Ellwood ranch near Meadow in 1903, later becoming a partner with Ellwood in the ranch of several sections, on which he lived till moving to Lubbock in 1918, when they sold out the land and cattle.

From the financial start obtained in Terry county, he has become one of the most successful business men in West Texas.

Mr. and Mrs. W. H. Culver and Mrs. Buster Allmon were in Odessa Tuesday on business and shopping.

City Proceeds With Zoning System

The City Council, in regular meeting last Wednesday night, accepted all reports and surveys, made by zoning engineers, and are having maps made up. The ordinance is to be published. The mayor is to appoint a board of commissioners to pass on permits for all buildings in various zones.

A hitch in engineers work has delayed extentions of water and sewer lines for sometime.

Start With Your Children

You parents with children in the West Ward school, why not start now, at the beginning of school, helping promote your child's interest and welfare, by working with the West Ward P. T. A. The first regular meeting will be held, Thursday, Sept. 5th, at 4:00 o'clock in the West Ward building.

A call meeting of the executive committee was held in the home of the president, Mrs. Walter Hord, Monday afternoon. Plans for the coming year's work were made. Those present were: Mesdames John Portwood, Roy Herod, Harlen Glenn, James King, T. J. Griggs and Mr. C. A. Wilhite.

Air Mail Rate Cut October 1

The new reduced air mail postage rate — five cents an ounce — will go into effect October 1, Postmaster Jas. H. Dallas announced last week.

President Truman signed a bill reducing the rate on August 14, and Postmaster General Robert E. Hannegan notified the local office that the five-cent rate will be extended to service men abroad as well as to civilians authorized to receive mail through Army or Navy postoffices. Airmail letters to servicemen abroad now cost six cents an ounce.

The new five-cent rate will apply to air mail traveling between points in this country and to any U. S. Territory. Hannegan pointed out that at present air mail postage between the U. S. and Guam is 35 cents an ounce.

Mr. and Mrs. Walter Haines, of Plainview, were weekend guests of the Jack Baileys.

Local Young Man In The Jeep Business

One of our deserving young men, who was in the naval air corps during the fight with the Japs, has opened a Willys Jeep dealership in our city, and we hope he succeeds. Buell Price is a deserving young man and a hard worker. If in need of a Jeep, and the Willys is said the best, see Buell Price.

Buell was taught to work and likes it. This spring, he and his young wife that he married at Spokane, Wash., after getting out of the service, took off with a crew to the wheat harvest, and Mrs. Price played her part by cooking for the Price crew.

These Jeeps can be used in many ways on the farm. See Buell and ask him to explain their many points.

BROWNFIELD SCHOOLS BEGIN NEXT TUESDAY — LACK ONE FACULTY MEMBER

Next Monday being taken up with faculty organization, the ensuing term of the Brownfield schools begins for the children at 8:45, Tuesday morning. T. E. McCollum, Superintendent, announced they have a complete faculty, except Chemistry, which will be dropped until a teacher is obtained.

Following is a list of teachers:

High School:
W. M. Vernon, Principal, Harold Crites, Thomas Neely, Weldon N. McBrayer, A. G. Greer, W. A. Bishop, Clifford L. Horn, William T. Martin, S. George Shropshire, Miss Reva Newsom, Miss Lillie Hester, Mrs. Sammie Miller, Miss Mattie Morgan, Mrs. Irene Black, Miss Margaret Slover, Mrs. Kathryn F. Brown, Mrs. J. D. Miller, Mrs. J. O. Burnett, Jr., Mrs. Winona Moorhead, Mrs. Elmer Brownlee, Mrs. R. N. McClain, Mrs. Frank Weir.

West Ward School
C. A. Wilhite, Principal, Miss Anna Lee Bruton, Miss Delia Wall, Mrs. Viola B. Stallings, Miss Cloetta Wood, Mrs. Clara R. Eckert, Mrs. Vivian G. Hudson, James R. Burnett, L. D. Spradling,

Elementary School
R. J. Craft, Principal, Mrs. Geo. Hudspeth, Miss Marie Gracey, Mrs. Wyona Newman, Mrs. Guy S. Walker, Mrs. Alice Craft, Miss Edith Creighton, Mrs. Mary Lee, Miss Ruby Kempson, Mrs. Lucile Bynum, Mrs. Mozelle T. Fitzgerald, Miss Dorothy Baker, Mrs. Margaret Sue Wilhite, Mrs. Eula Hankins, Mrs. Troy Wright, Mrs. Virginia Greer, Miss Ludie Morgan.

Elementary School
William Conlee, Principal, Mrs. Willam Conlee, Mrs. Edneith G. Parker, Mrs. Mary Frances Fletcher, Miss Colleen Howell, Mrs. S. Cec. Shropshire, Mrs. Bonnie M. Furr.

**Phyllis Wheatley
Colored School**
Mrs. L. M. Sparks, Miss Ella D. Sayles.

Bill Settles
S. H. (Sam) Gossett
For Commissioner, Pre. 4:
J. L. (Lee) Lyon
H. R. (Horace) Fox

If a city of some 10 or 15 thousand people should burn, lock, stock and barrel, together with every citizen, men, women and children of the city, we would stand aghast and feel sure that the worst holocaust since Pompeii had visited that city. Howling headlines would scream across the pages of our dailies, and radio would hum with reports of the disaster. But such a scene happens in the USA every year, stretched over 365 days, and we scarcely notice it, unless one of the scenes is very near us or claims some of our near and dear folks or friends. And the worst part of it, a lot of these disasters are the result of our own carelessness and indifference. With the death of thousands and millions in property loss and damage, we remain complacent and take a chance the very next time an occasion presents itself, giving no thought of the possible damage to our own and our neighbors' property, or to the loss of life. We have seen people burn trash right here in Brownfield with the wind blowing 40 miles an hour, and near shed and garages, where much inflammable stuff was stored. It appears sometimes that such people are dense, but they are rather just thoughtless like some child.

Much is being said these days about making mines safe for the employees, and while perhaps much could be done to improve the working conditions that people work in far below the surface of the earth, it is generally agreed that the USA mines are far better and more safe than in any other country in the world. That much can and is expected, for we are far ahead of other countries in other ways. Also, we know that the US stands head and shoulder above all other nations in the methods of extracting coal and other minings, with the use of machinery, bringing the manual part of the operation to the minimum. Yet we perhaps have more unnecessary strikes than any other nation in our mines.

General Omar Bradley, who heads the Veterans Administration, recently hit the 52-20 club over the land a joedarter. While the general is known to be very sympathetic toward the discharged GI, he nevertheless is a plain spoken kind of man when the occasion demands. He knows that they made a great sacrifice of time and money; that their lives were in

jeopardy, and all that, but he also knows that fair jobs at pretty good wages have been offered some of these men, who elect to live on \$20 per week of government dole, or lay around on their folks. Not many of us would have the heart to say anything about the matter, if all the burden of paying \$20 per week to around six million ex-service men, if all the funds for this huge payroll was coming from us stay-at-homes. But it is not. Millions of ex-service men, who have taken jobs, old ones or new ones, and are hard at work just a few weeks after returning home, are helping to pay these expenses from withholdings from their wages. However, we don't think the 52-20 club is very strong here in Terry county. Most of the GIs that we know are at work.

The Russians have so long been isolated from contact with western Europe and other democracies that they act more like a lot of small fry boys than grown men. The idea of taking a walk just because something or other failed to please them is childish to say the least, and they lose the respect of some of the smaller nations by this smallish attitude. In this age of the world, the Russian nation should grow up or admit they are not on par with other nations, intellectually.

Well, it is all over for another two years at least. We had a grand old Texas Democratic fight—there not being enough Republicans or off brand parties to interest us. So, we can put our cavemen clubs away for another two years, now, and if we don't feel like kissing the guy who stood for the other man and measures, we can at least shake hands and act like we are friendly again. But keep your frostickers bright and sharp for the battle two years hence.

This much the Herald will admit. It did not lose a state or district candidate. None of your business about how our luck ran in county and precinct offices.

In the candid opinion of this humble country editor, Bro. Franco of Spain is no more of a dictator than Brethren Stalin of Russia or Tito of Yugoslavia. Nor for that matter, the presidents (?) of some of our "good neighbors" in South America. If the UN will just take our advise—and it won't, it will just let Franco dictate—and keep the nasty Red where they belong, underground.

Mrs. M. E. Lynch spent the weekend in Lubbock with friends.

Mr. and Mrs. Randolph Hyman and Mr. Robert Pharr spent the weekend in Dallas on business.

Mr. and Mrs. Herbert Chesshir, Mr. and Mrs. Tommy Zorns and Mr. Jeff Farley were in Plainview over the weekend to attend the regional conference of the Jaycees.

Mr. and Mrs. C. L. Horn and daughter, Jackie Sue, spent several days in Christoval visiting his parents, Mr. and Mrs. D. B. Horn.

Why Russia Does That Way?

It is most unlikely that Russia is in a position to wage a war right now and it is quite certain that the great bulk of the Russian people sure are not ready for another holocaust such as they have just experienced. Speculatively Russia was kept in the war by the ability of America to keep that nation supplied with fighting material and food.

So that the present actions of Russia's statesmen are very little understood by the rank and file of this country. Perhaps Mr. Byrnes and others representing America in the conferences of the nations know what the Russian game is, but the rest of us are in the dark.

An interesting theory advanced recently by a local man, as one of the possible solutions of the Russian approach, is that that nation's leaders have in mind past history of this country and its people. World War I was followed in this country by revulsion to everything military or that had to do with the war. We completely put off the war mind when we got through and wanted nothing to do with the world problems that followed. Possibly we shall do the same again. For when the man on the street gets fed up he has the

We thought that America had pretty much of a headache because of the great mass of un-Americanized immigrants which had come into our nation in the past. But President Truman had advocated that we let down the bars and allow misplaced persons of all breeds to come in. Of course this country could take care of many more persons. There is no danger of overcrowding, if the immigrants can be induced to come to the West and Southwest. But the trouble is that most of them will flock to the congested sections and the industrial East to cause more trouble. We believe that Congress will consider this problem for a long time before many of the so-called sub-normal races are allowed to come in unrestricted as much as the needs of Europe may be to reduce its population. There are still vast territories of South America and Africa which need more people. —Canyon News.

Mr. and Mrs. Everett Shearwood, of Phoenix, Ariz., were weekend guests in the home of Mr. and Mrs. Jack Holt.

big mind in Washington act accordingly. If the Russians can tire us down and can win their points that way they will have won the big prizes they are demanding. —Floydada Hesperian.

Mr. and Mrs. Bill Heflin returned the latter part of the week from a months visit in St. Louis, Mo., and Longview, Texas.

Notice Of Sale

The Brownfield School Board is offering for sale to the highest bidder that block of land joining the Lubbock highway, just west of the football field, the dimensions being 210 by 130 feet.

They are offering for sale school property at Tokio, Texas:

One bus barn, approximately 30 by 50 feet; wooden frame; sheet iron walls and roof.

Pump, well casing and sucker rods.

1,000-gallon butane tank and approximately 400 feet of gas pipe and equipment.

2 small overhead wooden water tanks.

Two outdoor toilets.

Items must be bid on separately. The Board reserves the right to reject any and all bids.

The bids must be sealed and accompanied by cash or check amounting to 20 per cent of your bid. Bids will be opened and considered at the regular meeting of the Board the night of October 7, 1946.

Brownfield School Board 7c

H. J. R. No. 62 HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas

Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

PERKINS' DAIRY

People Are Eating More Meat

College Station — Amounts of meat eaten per person reached a high in 1944, despite so-called war-time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services and to its war-time allies, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, who compiled the report from U. S. D. A. reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was 65 per cent above the figure for 1935-39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat," nearly 30 pounds of chickens and turkey, and 390 eggs, last year, the Timm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-39 period. Consumption of beef, pork, lamb, and mutton per person went up seven per cent for each of those meat products.

New York Legion Would Ban Reds In Government

New York, N. Y. — Indicative of the determination to The American Legion to wage an aggressive campaign against communism are resolutions adopted by the 28th annual state convention of the Department of New York. These resolutions will come before the 1946 national "Victory" convention of The American Legion in San Francisco, Calif., Sept. 30 to Oct. 4.

The New York Legionnaires demanded:

- 1. That all Communists be excluded from government employment and the armed forces.
- 2. That any person seeking public office who does not denounce Communism be opposed.
- 3. That there be an end "at once" to "appeasement of Stalin and his Soviet Russia."

GEORGIA LEGION BUYS ASA CANDLER'S HOME

Atlanta, Ga. — The \$400,000 mansion of the late Asa G. Candler here has been purchased for \$65,000 by the Georgia American Legion for its new department headquarters.

The home is of marble and brick construction, with a 214-foot frontage on Ponce de Leon Avenue. It is considered as one of the most elaborate mansions in the Southeast.

Mr. Herbert Gaither and daughter, of Slaton, visited Mr. and Mrs. Les Newberry, Monday.

OFFICIALS' WIVES AID HOME CANNING PROGRAM . . . Mrs. Henry A. Wallace, Mrs. John R. Steelman, Miss Drucie Snyder, Mrs. Robert Shields and Mrs. J. A. Krug did their bit for National Home Food Preservation week by canning peaches at community center in Washington. They are shown with their cans of peaches ready to be placed in canner. Hundreds of wives of U. S. government officials took active part in the program to preserve home-grown food.

Texas Ginners To Support Cotton

Bryan, Texas — Texas is giving all-out support to the cotton industry's campaign for a two million dollar fighting fund to meet the challenges of cotton's competition, George G. Chance, Bryan, leading cotton producer and chairman of the Texas Unit of the National Cotton Council, said today.

A total of 861 Texas cotton ginners already have agreed to support the Council program of sales promotion and research, compared with 608 for the same time last year, Mr. Chance announced. He said that early in August, 38 of the state's 104 compresses and warehouses had signed Council finance agreements.

The state also stands high in all other phases of the Council finance campaign, Mr. Chance stated. Out of 115 cottonseed crushers in the state, 34 already are backing the program, and 36 of the 145 Texas cotton merchants are covered by Council agreements. On the basis of initial mail contacts, 11.9 per cent of the state's 240,640 active cotton spindles have agreed to back cotton.

"In supporting the National Cotton Council, the cotton interests of Texas are taking a realistic view of the cotton situation," Mr. Chance asserted. "The challenges from artificial fibers, paper and foreign growths to cotton's markets daily are becoming more serious."

Tech College Trying To House Students

Lubbock — Seeking further to meet its obligations in educating veterans, Texas Technological College has requested the government to allot it a sizable amount of aid in setting up additional non-housing facilities on the campus.

President W. M. Whyburn, acting for the college, made application for a share of the \$100,000,000 recently made available through the Bureau of Community Facilities, Federal Works Agency, to provide needed buildings.

Tech's application pointed out the college, with an expected enrollment this fall over 50 per cent higher than last spring, needs additional classrooms, laboratories, ROTC space, a dispensary clinic, repair shops, faculty offices, lecture auditorium, physical education building and veterans guidance center if the College is to care for veterans adequately.

While slip covers are still damp, Westinghouse home economists iron just the flounces and then work the damp slip cover over the chair. This not only eliminates ironing the back and seat but produces a better fit, too.

Union HD Girls To Attend Roundup

Two 4-H Club girls and one sponsor are attending the state 4-H Round-Up at College Station this week. They are Velma Jean Bruce, Ellen Hill, and Mrs. Howard H. Hill, all from the Union 4-H Club. They accompanied Miss Helen Dunlap, County Home Demonstration Agent, in a car Monday morning.

While at this state meeting, Velma Jean Bruce will take part in the state dress revue. The state winner of the contest will receive a trip this fall to attend the national club congress in Chicago. Velma Jean has made her dress of blue crepe which she expects to wear in the revue. Both girls, as well as Mrs. Mill, the sponsor, will attend classes of instruction

STUCK WITH STALE BREAD

Not only can stale bread be "revived" to taste almost as delicious as freshly-baked bread, but if you like it oven-hot as well, Westinghouse home economists suggest this: Put bread in a paper bag—sprinkling the bread lightly with warm water if very stale—and close the bag tightly; place in a 350 degree oven for from ten to fifteen minutes.

while at the state meeting. The group plans to return to Brownfield next Saturday.

His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories. We live better than people in other countries because our farmers get more out of the soil. The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plow-share to the giant combine—have multiplied in number and increased vastly in quality. Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons. That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming. We no longer have separate "farm production problems" or "industrial production problems." We have but one set of problems for everybody. If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear. Anything which tends in this direction is bad for the farmer—and finally for everybody. Farmers know it. Everybody else should know it.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet **STEEL SERVES THE FARMER.** Write for a copy and it will be sent gladly.

Glad To Be Back In Capitalistic America

An ex-G.I. observed the way "the other half" lives in his travels around the world. Ex-Sergeant Wm. T. Garvey saw what any G. I. could have seen who passed through the cities of the Orient en route to "the bush"—India's beggars; cows ambling nonchalantly along sidewalks; Mohammedans turning to Mecca; the painted marks of religion and caste; the roadside vendors of insect-ridden cheese and fruit, shoe laces and worthless trinkets; the haggling over prices of wares; the smells; scarcity of food of any sort; the ragged thousands sleeping the clock around on the floor in any public building or railway station; clothing beaten to shreds on flat rocks in lieu of washing; thousands of staggering skeletons waiting for something to eat.

It is no mystery to him why living standards are so low in these countries. Methods employed in gaining a livelihood in such countries are still so primitive that men can barely produce enough to keep alive, whereas in America, capital has built up great industries which make the United States a land of luxuries. Few, indeed, are the locations outside

America where people take for granted automobiles, radios, refrigerators, bathtubs, washing machines, vacuum cleaners, sewing machines, telephones, electricity, gas, fresh running water and modern sewage disposal.

India can't duplicate what we have in America overnight, "because capitalism requires saving. To enjoy greater comforts at a later date," the soldier explains, "we must forego some of the satisfactions of the present. By pooling our savings with others we can purchase production equipment beyond our means as individuals, and produce consumer goods cheaply and in quantity. In India capitalism is just in the beginning.

"I like our American system. I like my radio and electric refrigerator, an extra suit of clothes, and meat on the table. I was never impressed by the street-corner propagandist who was always trying to prove that the 'capitalists' were oppressors grinding a heel on the neck of downtrodden common people. There was a time when I used to think they didn't know what they were talking about. Now I know! Of course there are abuses of the capitalistic system, but I've seen how 'the other half' lives. I'm back home and glad of it. I like it here."

Plainview Again Named Place For Newton Trial

Plainview is to be again the scene for the trial of Dr. W. R. Newton, Cameron physician charged with assault with intent to murder. The trial was set for Oct. 28 in 64th District court last Saturday.

It is to be the second trial in Hale county for the physician in connection with an assault upon Dr. Roy Hunt of Littlefield on May 21, 1942. He was first tried in Lamb county, convicted and sentenced to seven years. The Court of Criminal Appeals reversed and remanded the case. Later the case was transferred to Hale county on a change of venue. —Littlefield News.

LESS SUGAR FOR FRUIT PIES

A fondness for fruit pies, coupled with the necessity for stretching sugar, led Mrs. Julia Kiene, director of the Westinghouse Home Economics Institute, to find that sugar in berry and apple pies can be cut at least 1/2 cup; without noticeable difference in the sweetness. The recipe isn't otherwise adjusted.

The Low Down From Hickory Grove

I been studying Post Offices. Been researching into why do they fix 'em so a customer can't see what is going on. Just a stamp window to squint through, and if they are not loafing back there, maybe it is the deficit they are trying to hide.

Now, you take a Bank, you can see all around. Uncle Joe Paxton—he is a big snort in our bank here—if he chooses to lean back and gas with you, he does so. Everybody can see. And if a bank can make you feel you are welcome, and not a suspect, it is hard to savvy the post office.

And while I am on bankers, there is this Mr. Leahy I know—a native son and fine person—he is also a weather expert. He can hold up a damp thumb and tell you, correct, if it will or won't shower — which is 100 per cent better than our U. S. A. weather bureau.

Some folks hesitate about buttin' in on a banker. I researched on that subject too, and if you are dubious about weather bankers are people or what, you will find out—and be agreeably surprised—if you walk right in and say to the stenographer "where is the Big Smoke around here—I

Holstein-Friesian Assn. Pick State Fair

The State Fair of Texas has been picked for the annual South-west regional show by the Holstein-Friesian Association of America, according to C. M. Evans, superintendent of the Holstein division this year. The State Fair exhibit will be held Oct. 5-20, with judging on Oct. 16.

Cash prizes offered at the State Fair in the Holstein classes total \$3350, Mr. Evans said. He stated that part of this was to be awarded to winners in the junior division.

COOK CHEESE AT LOW TEMPERATURES

Because cheese becomes tough and stringy if too much heat is used, Westinghouse home economists recommend that it be melted over low heat, and added to hot dishes before removing them from the heat. It's less apt to curdle than when combined with flour in a white sauce.

TRY A HERALD WANT AD

want to see him." That is how I found out.

Planting Texas Bluebonnets

College Station — Texas bluebonnets may be planted in September for blooms next spring.

Bluebonnet seed, which are available in most any seed store, will sprout much better if allowed to soak in water 24 hours before planting, says Sadie Hatfield, specialist in landscape gardening with the Texas A. and M. College Extension Service. After the seed soak, they should be raked into the soil and watered at once. The young plants will grow during the cold winter months, since they are injured only by heavy freezes and even then only a few will be killed.

In light, sandy soil, the bluebonnet will grow best, says Miss Hatfield. In rich, fertilized soil the plants will develop tall stalks, many leaves but few blooms.

Although bluebonnets grow best when left where they are planted, they may be moved if necessary. In the Panhandle, where the

Messrs Eunice Jones and Jim Cousineau were in Dallas over the weekend on business.

Mrs. Irene Black and Cynthia, of Carlsbad were in town Sunday visiting Mrs. Black's mother, Mrs. Enoch Hunter.

Mrs. Johnny Davidson and daughter, Jan, of Tuscon, Ariz., were here the latter part of last week visiting her father, Mr. Steve Boruk.

Mr. Dennis Q. Lilly spent the week in Big Spring attending a F. S. A. district meeting.

Miss Graham Hard is spending a two weeks vacation in Washington, D. C.

plants won't grow the year around, they may be cared for in frame gardens or pots during the winter and transplanted in the open during early spring. Few plants can equal the hardness of the bluebonnet, which will endure dry as well as cold weather.

Prompt Dental Care Pays In Long Run

Austin — The fact that dental decay is likely to occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to make good their

Mr. R. N. McClain and Miss Helen Dunlap left Monday to attend a meeting of county and home demonstration agents at College Station.

Miss Betty Ferguson is visiting friends in Albany, Texas, this week.

Mr. and Mrs. Buell Price will leave over the weekend to visit Mrs. Price's parents in Spokane, Washington.

dental defects, inevitable or otherwise, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State Health Officer. "There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduce masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth."

Mr. and Mrs. G. W. Tarpley spent the week in San Antonio. Mr. Tarpley, who is a partner in the Tarpley Insurance Co., attended a school of instruction there.

Mr. and Mrs. Crawford Burrow and sons returned Sunday from a two weeks vacation in the state of Colorado.

Mr. and Mrs. Harlan Glenn and children spent the weekend in Bunum, Tex., visiting Mr. Glenn's parents.

Mr. and Mrs. Jimmy Kincaid, of Fort Worth and Mr. and Mrs. Richard Meyers, of Victoria, Texas, were houseguests of Mr. and Mrs. Dick Meyers over the weekend.

Mr. and Mrs. Don King, of Lubbock and Mr. James King, of Brownfield, were in Dallas this week on business.

Mr. and Mrs. Riley Henson and son, Charles Ray, of Red Springs, Texas, and Miss Ettawaise Henson, of Clovis, New Mexico, were weekend guests in the home of Mr. and Mrs. Ray Hailey.

Free MUFFLER INSPECTION SERVICE

Don't take chances with a leaky, clogged, worn-out exhaust system

IF YOUR MUFFLER LOOKS LIKE THIS

YOU NEED THIS

NEW Ford MUFFLER

A New Muffler Provides Power and Economy

If the muffler on your car is clogged, it can set up an excessive back pressure which can greatly cut down the power-efficiency of your engine. Let us inspect your muffler today and if necessary install a new one. Then your car will have more pep and power; you'll save on gear-shifting and use less gas.

How long since you examined the exhaust system of your war-time car? A leaky, clogged, worn-out muffler is not only dangerous, but it saps the efficiency of your engine, wastes vital gas.

QUIETER AND SAFER

A new muffler will make your car much quieter, much safer to drive. Bring your car to us for free muffler inspection. If the tail pipe is rusty and ragged, and there's an unusually loud exhaust noise when you speed up the engine, you probably need a new muffler. We have an ample stock and they are inexpensive, completely installed.

PORTWOOD MOTOR CO, LTD.

GI Question And Answer Department

Q. Is it possible for me to complete a four year course in three years...

A. Under the accelerated program, in some schools, it is possible to complete the four-year course in three years or less.

Q. In event a veteran is employed, can he meet all requirements for a degree by attending late afternoon and evening classes?

A. Some colleges and universities have served the needs of employed workers for many years by offering a complete program of instruction in the late afternoon and during the evening.

Q. May I transfer from one college to another under the provisions of the Service-man's Readjustment Act...

A. Yes. Under the regulations of the Veterans Administration, the veteran may change his school, but he must have the approval of Veterans Administration in advance.

Q. If I get out of service just before school opens and do not have time to make formal application...

A. Yes. You may make application, formal or informal, directly to the approved school that you desire to attend.

To The People Of Terry County

I want to thank you people for the nice vote you gave me in last Saturday's primary.

To those who didn't support me, I hold no ill will. I will be everyone's Sheriff.

A. H. (Ocie) Murry (Pol. Ad.)

Mr. U. D. Sawyer, of Crossroads, N. M., was in town Tuesday.

Mr. and Mrs. N. T. House have as their houseguests, Mr. House's sisters, Mrs. H. D. Morgan and daughters, Sue, Kay and Martha, and Mrs. J. D. Haswell, all of Houston.

Mr. and Mrs. H. F. Maner and children and Miss Betty Davis, of Lubbock, were guests in the home of Mr. and Mrs. C. A. Wilhite, Monday.

To The Citizens Of Precinct No. 1

I wish to take this means of expressing my appreciation for the nice vote given me in the August Primary in which you saw fit to re-elect as your Commissioner for another term.

I wish to thank my opponent for the clean race he conducted.

Respectfully, EARL McNIEL (Paid Pol. Ad.)

Mr. and Mrs. Jack Browder and daughter, Phola Jean and Kenneth Threet spent the weekend in Olathe, Okla., visiting Mr. and Mrs. J. W. Watts.

Born to Mr. and Mrs. M. J. Akers, a 6 pound, 10 1/2 ounce girl on August 21, in San Leandro, Calif. The young lady's name is Claudia Jane.

Mr. and Mrs. Roy Wingerd and Mr. and Mrs. A. M. Brownfield were in Carizozo and Santa Fe on business this week.

Jake Sandage Now For Beauford Jester

After a hard struggle to "reign with Rainey" our good farmer friend down Union way, Jacob Sandage, throws in the sponge, and 'lows: "It seems like the voters have already forgot that Pappy says that it is wrong for a man to hold on to one office, and at the same time run for another office."

Of course all of us Jesterites welcome Jake and all the other boys who bowed to the landslide of votes. Not many of us will be able to tell the difference in a few months, and all of us that tore our shirts in the affray, will have to mend them ourselves - Jester won't do it; neither will Dr. Rainey.

But remember this, Jake: While we will have to mend our own fences and be the forgotten boys for the next two years, just about that time the boys will be writing us boys in the forks of the "crick" that they need our help again, badly.

But such is life. How'd you like the rain?

To The Voters Of Precinct No. 4

I wish to thank the voters of the precinct for the vote given me in the second primary. I appreciate each individual vote and will try to merit the confidence you have placed in me.

Yours, H. R. FOX (Paid Pol. Ad.)

TO OPEN KINDERGARTEN

We are requested to announce that Mrs. John L. Butler will open a "Kiddie Kollege" at 203 East Tate St. Two classes will be taught, one from nine to noon and the other from 2 to 5 P. M.

Those interested should contact Mrs. Butler at the above address immediately for further information.

HOWELL INFANT BURIED FRIDAY

Graveside services were conducted last Friday by Rev. Sam Brian at the Terry County Memorial cemetery for Jerry Ralph, the two-day-old son of Mr. and Mrs. Wayne Howell of this city, who died Thursday night of last week.

It was survived by its parents, and grandparents, Mr. and Mrs. J. H. Howell of this city, and Mr. and Mrs. McDaniel of Seagraves, one brother, Ronald, and two sisters, Patricia and Judy.

To The Citizens Of Terry County

I wish to express to the people of Terry County my sincere thanks and appreciation for the support they gave me in my race for Sheriff. I deeply appreciate every courtesy and kindness shown me, and although I failed to be elected, I humbly bow to the will of the majority, and hold no ill will to those who did not vote for me. I have tried to make you a good sheriff and will continue to do so until my term of office expires. I thank all the people for their cooperation and help while I have served you as sheriff. I request your continued cooperation in law enforcement until my term is finished, and request you as citizens to join me in pledging full cooperation and support to Mr. Murry, our next sheriff, when he assumes office. Thanks again, folks.

JOE B. PRICE (Paid Pol. Ad.)

Mr. and Mrs. J. L. Newsom and daughter, Donna Jane are in Ruidoso this week.

Mr. and Mrs. Mon Telford, Sr., Mr. and Mrs. Mon Telford, Jr., and Mrs. G. B. Spivey were dinner guests of Mr. and Mrs. N. O. Townsend in Tahoka Monday evening.

Mrs. Murphy May, of Seagraves, left Sunday for Shelley, Idaho, where she will be matron of honor in the wedding of her twin brother.

Mr. and Mrs. Money Price and Mr. and Mrs. C. T. Edwards returned Thursday from a two weeks vacation trip through Montana and Wyoming.

MOURNING DOVE and WHITE-WINGED DOVE OPEN SEASONS 1946

MOURNING DOVES

OPEN SEASON - NORTH ZONE: Sept. 1 to Oct. 30, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

SOUTH ZONE: Oct. 20 to Dec. 18, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, LaSalle, Jim Hogg, Brooks, Kenedy, and Willacy counties where mourning doves may be hunted only on Sept. 13, 15, and 17, from 4 p.m. to sunset, and from Oct. 20 to Dec. 18, from one-half hour before sunrise to sunset.

BAG LIMIT: Not more than 10 per day and not more than 10 in possession.

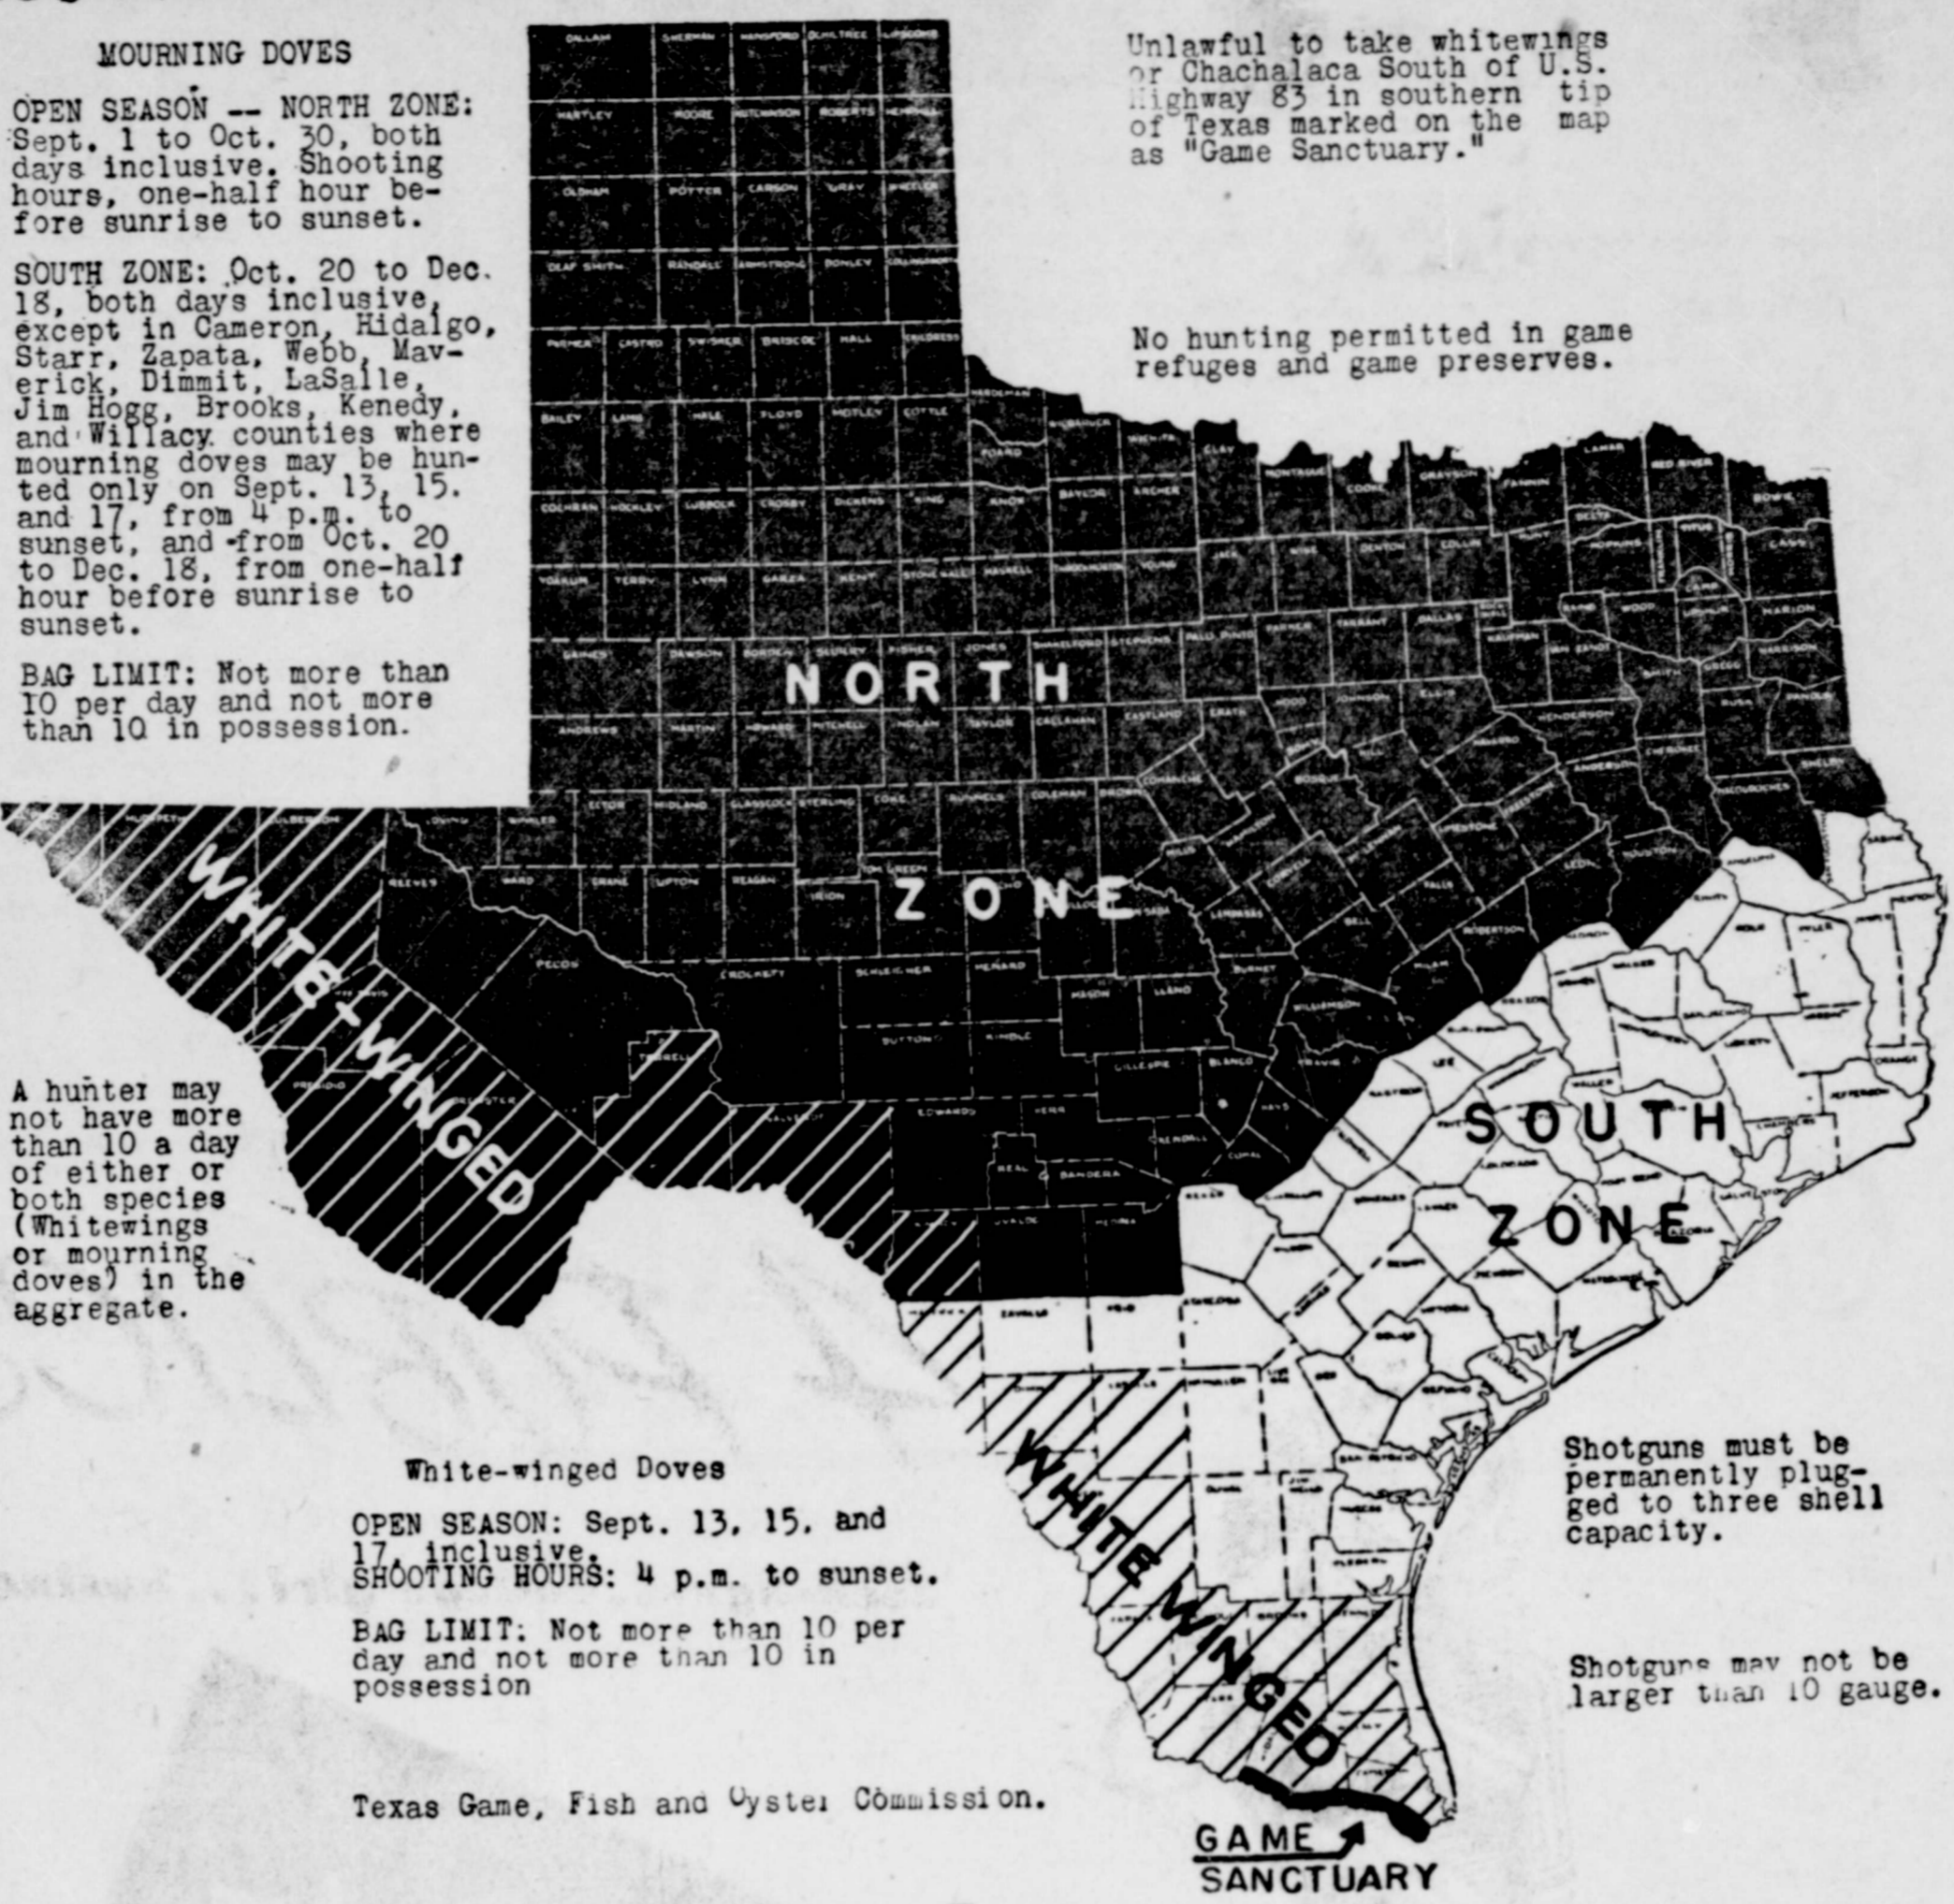

A hunter may not have more than 10 a day of either or both species (Whitewings or mourning doves) in the aggregate.

White-winged Doves

OPEN SEASON: Sept. 13, 15, and 17, inclusive. SHOOTING HOURS: 4 p.m. to sunset.

BAG LIMIT: Not more than 10 per day and not more than 10 in possession.

Texas Game, Fish and Oyster Commission.

Unlawful to take whitewings or Chachalaca South of U.S. Highway 83 in southern tip of Texas marked on the map as "Game Sanctuary."

No hunting permitted in game refuges and game preserves.

GAME SANCTUARY

JUDGE SAYS -

No. The contest between Byrnes and Tito was not settled last Saturday.

It seems the only way to deal with those European countries, is to hit and run. When we stop to render aid we get in trouble.

Tito claims to be as sensitive about his sovereignty, as us Southerners are about the Yankees telling us how to vote. But maybe the main reason he shot down our planes was that they thought it a food plane, passing them up.

FORT WORTH BOY DIES IN LOCAL HOSPITAL

Wesley W. Beauchamp, 11-year-old son of Mr. and Mrs. A. V. Beauchamp, Fort Worth, died Wednesday at 4:15 p. m., in the local hospital. He is survived by his father and mother and one brother, Jimmy Lee, his grandmother, Mrs. W. T. Patton, whom they were visiting and a number of uncles and aunts.

The body was returned to Fort Worth by the Brownfield Funeral Home for burial today.

PREVENTS A PERFECT SEAL

When canning, take care that no seeds, food or grease is lodged between the lid and sealing surface of the jar because, warns the Westinghouse Home Economics Institute, even such seemingly little "interference" will prevent a perfect seal.

Thanks To Voters Of Precinct No. 1

I wish to thank those who voted for me in Saturday's election, and for other courtesies shown me during my race for the office of Commissioner. Although defeated in my race, I hold no ill will toward anyone, and will cooperate with our commissioner to the best interests of the county.

MARION B. STONE (Paid Pol. Ad.)

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending August 24, 1946, were 27,070 compared with 25,527 for same week in 1945. Cars received from connections totaled 11,772 compared with 10,764 for the same week in 1945. Total cars moved were 38,842 compared with 36,291 for the same week in 1945. Santa Fe handled a total of 38,864 cars in preceding week of this year.

Johnson News

Mrs. D. Y. Trice and daughters, Benita and Betty Jo, of Abilene, are visiting the J. J. Littles.

Yvonne McClintock is home after visiting relatives at Haskell.

R. T. Diester of Bethel, Kans., is visiting Raymond DuBose. The boys were buddies while in the service.

Mr. and Mrs. Nelson Welch of Mountainair, New Mexico, are visiting his sister and family, Mr. and Mrs. Sam Park.

Extra: Johnson is wet for once in 1946.

Everyone is happy to see Billy Winn home and able to be up some of the time.

Mrs. O. A. Pippin is ill. Hope to have her home from the hospital soon.

B. M. Tuttle and Claude Merritt made a business trip to Lubbock Tuesday.

Earlene McClintock spent the weekend at home.

J. C. Welch has gone to Mountainair, N. M., on business.

Mr. and Mrs. Cowan and children of Roswell, N. M., are visiting the R. B. Smiths and V. H. Wheatleys homes this week.

Mr. and Mrs. Lewis DuBose and children of Pittsburgh, Calif., are visiting W. M. DuBose and other relatives.

Mr. and Mrs. Bill Cato of Bakersfield, Calif., visited her sister and family, Mr. and Mrs. Claude Merritt, Wednesday and Thursday.

Mr. and Mrs. Dean Robertson, Mr. and Mrs. Sheldon Land of Lamesa visited the ladies' parents, Mr. and Mrs. Sam Park and family, Sunday.

Mr. Wood E. Johnson and Mrs. Johnson of Gorman were married over the weekend. Welcome to our community, Mrs. Johnson.

CARD OF THANKS

I wish to thank the voters of Precinct 2 for their support during the run-off. I will try at all times to serve you to the best of my ability.

S. H. (Sam) Gossett (Paid Pol. Ad.)

Mr. and Mrs. Glen Webber spent last week vacationing in Ruidoso.

Mrs. Roger W. Clapp left Sunday morning by plane for her home in Baltimore, Md., after spending three weeks here visiting her parents, Mr. and Mrs. J. S. Smith.

Miss Gladys McSpadden, of Freeport, Texas, and Mrs. Elouise Liles and son Billy, of Ft. Smith, Arkansas, as guests in the home of Mr. and Mrs. Ray Schmidt.

GENERAL EISENHOWER'S REPORT VI

In concluding this report it is with regret that I am unable to record here the details of my personal and official obligations and gratitude to those who served so devotedly at Supreme Headquarters and at the other headquarters which cooperated so loyally and effectively with us. Nor can I make adequate recognition of the collaboration of those many individuals in civil and military positions in Great Britain and the United States with whom my duties brought me into contact, and whose efforts aided in a major degree in the accomplishment of our common task. Yet I know that all these would have me pay a final tribute to the memory of two very senior and gallant officers who started the campaign with us and who lost their lives before its conclusion. These were Admiral Sir Bertram H. Ramsay of the Royal Navy, and Air Chief Marshal Sir Trafford Leigh-Mallory of the Royal Air Force. At the beginning of the operation these officers were respectively my Naval Commander-in-Chief and my Air Commander-in-Chief. The former lost his life in an airplane accident near Versailles, France, while still serving in the Allied Air Forces in Southeast Asia, from my command to take over the command of the campaign represented in the lives of thousands of officers and enlisted men and members of the women's services, of the American, British, and French forces.

All of them died in the spirit of that unity which joined the Allies in our common ideals. To them, and to those who bear the wounds of battle, we, their comrades in arms, render most grateful and humble tribute.

Under the arrangements made by the Combined Chiefs of Staff for the control of the field forces, General of the Army George C. Marshall acted as their executive in transmitting to me their orders and instructions. Moreover, under the most distinguished Secretary of War, Henry L. Stimson, General Marshall was always my direct administrative superior in my capacity as a commander of United States Army forces. To this great soldier-statesman, I owe a particular debt for his friendly counsel and constant support. There was nothing throughout the war so morally sustaining as the knowledge that General Marshall concurred in the plans I was adopting and the means I was taking to put them into effect.

Mrs. Jessie G. Randal is visiting her daughter, Mrs. Gaster Spencer in Lubbock for several days.

There is no open hunting season on prairie chicken this year. The legislature made no provision for it in repealing the five year closed season. So, hunter, beware.

Mr. and Mrs. A. L. Hartzog visited a few minutes in the Wayland Parker home Monday, to report the catching of a nine pound trout, at El Vado dam, New Mexico. They were on their way home from a ten day vacation spent at El Vado. The big nine pounder was one of the few large trout taken this season. Mr. Hartzog is having it mounted to "show off" to his many friends here.

Mr. and Mrs. Carlton Williams spent the weekend in Cisco. Mr. Williams' mother returned with them to visit here several days.

Mrs. Avery Rogers and children, Mary Nell and Don, of Victoria, returned home last week, after visiting in the home of Mr. and Mrs. A. W. Turner and other friends while Rev. Rogers was conducting a revival at South Plains.

Mr. and Mrs. Russel Ingle and daughter, of Sudan, visited in the home of Mr. and Mrs. M. V. Walker, Sunday.

TRY A HERALD WANT AD

Lubbock Having Big Fires

The Standard Milling Co., well known feed processors, with two elevators, at Lubbock, was destroyed by fire early Tuesday night, with a loss near \$200,000.00. A few weeks ago the Keeton Packing plant suffered \$50,000,000 loss. About June 1st the Dunlap Mercantile Co. had a \$200,000.00 blaze. Several smaller business buildings have also incurred fire damage there the last few months, including a gin.

Mrs. E. Brown and daughter, Ola Belle and her seeing eye dog, of Sweetwater, are here visiting friends. Ola Belle has the concessions sales privileges in the Nolan county courthouse.

PLAINNS NEWS

We are glad to see Mrs. J. P. Robertson out again after an illness of pneumonia.

Mrs. Mabel Camp, Elizabeth Morris, Ruth O'Neal and Mary Lackey attended O. E. S. in Denver City Monday night.

Mrs. Josie Lindley of Brownfield was here a few days this week visiting her sisters, Mrs. Muriel Cross and Inez Rushing.

Rev. A. M. Dennis of Austin closed a revival meeting here Sunday night at the Christian Church.

Mr. and Mrs. Clyde Hartwick have returned home after a visit in Arkansas.

Mr. and Mrs. J. W. Moore, Jr., and family attended a family reunion in Abilene last week.

John Camp and Elmer Cross were in Lubbock on business Tuesday.

Mrs. Rachel Duff and Magrate and Mr. and Mrs. Charlie Newell returned home Saturday after a two weeks vacation in California. Rev. Curtis Jackson is in a revival meeting at Turner.

Mr. and Mrs. Clyde Coke of Hardin-Simmons is here for a few days visiting his parents, Mr. and Mrs. T. E. Coke and family.

Mr. and Mrs. Lloyd Coke were called to Dallas Friday night on the illness of her father.

Mrs. Muriel Cross and Donald were in Brownfield Monday.

Mr. and Mrs. Preston Hester and family were dinner guests of the J. W. Nelsons last Thursday evening.

MRS. LEWIS ENTERTAINS FOR HER MOTHER

Mrs. Clarence Lewis entertained for Mrs. M. B. Sawyer, Tuesday afternoon when she had a group of her mother's friends in to visit and play "42."

A sandwich plate with cupcakes and punch was served to Mesdames Elsie Treadaway, K. W. Howell, Redford Smith, Ed Tharp, Etta Gillham, John King, Cleve Williams, W. B. Downing, G. B. Spivey, George E. Tiernan, Ame Flache, J. C. Bond, and W. H. Dallas.

FAMILY REUNION HELD AT CHRISTOVAL

The Cunningham family held a reunion at Christoval, Texas, Friday, Saturday and Sunday. Those attending were: Mr. and Mrs. Bill Cunningham and family, of Utopia; Mr. and Mrs. Jim Cunningham and son, of Plains; Mrs. Pearl Scudday and family, of Forsan; Mr. and Mrs. R. M. Kendrick; Mr. and Mrs. Orb Stice and daughters; Mr. and Mrs. Clovis Kendrick and son; and Mrs. Elsie Kendrick and sons, all of Brownfield.

Friends of the family attending were: Mr. and Mrs. John McCade, Mr. and Mrs. Frank McCade, Mrs. A. N. Coumps and son, all of Robert Lee, Texas; Mrs. A. J. Eastham and son, Mr. and Mrs. Allen and daughters, all of Wichita Falls, and Mrs. Eavin Eastham, of Sonora.

BETTY PROCTOR NAMED HONOREE AT SHOWER

Miss Betty Proctor, who became the bride of John Dick Moorhead, Sunday, was named honoree at a personal shower at the home of Miss Dixie Redford, Thursday afternoon of last week. Assisting her as hostesses were: Hazel Vernon and Mary Wanda Whitney.

Pink asters and baby breath were used throughout the entertaining rooms with a bride doll on a mirror flanked with photographs of Betty and John Dick decorating the piano, in the living room. The gifts were presented the honoree at the close of a contest of which she was the winner.

Hazel Vernon registered the guests in a book made and decorated by Dorothy Henderson.

Individual cake squares and punch was served to: Marion Wingerd, Valda Ruth Milner, Dorothy Henderson, Eleanor Miller, Gertrude Akers, Ruth Hogue, Daina Ruth McIlroy, Glenna Winston, Norma Cary, Joanne Price, Jean Garnett, Evelyn Garnett and Ganelle Newman.

GOOD NEIGHBOR CLUB MET WITH MRS. WAGNER

The Good Neighbor Club met in the home of Mrs. W. H. Wagner on Thursday, August 22.

Each member brought needle work and the afternoon was spent in sewing.

We welcome two new members, Mrs. Jack Wagner and Mrs. G. L. Sullivan, Jr.

We are glad to report that Mrs. Anderson and her new son are doing nicely. Hope they can be with us soon.

Punch and cookies were served to Mesdames Walter Watson, Henry McMillian, Huston Stephens, T. D. Warren, G. L. Sullivan, Jr., Dalton Warren, Ford Fowler, L. V. Wagner, W. V. Fenter, Jack Wagner, Lester Etter, Misses Mary Belle Warren, Maurine Wagner, Nadine Wagner, the hostess and 16 children.

The next regular meeting will be in the home of Mrs. Henry McMillian, on Thursday, Sept. 5.

Everyone bring your thimble. We plan to quilt.—Reporter.

WCS HOLD THEIR REGULAR MEETING

The Women's Society of Christian Service met at the Fellowship Hall of the Methodist church, Monday afternoon at one o'clock, for their regular meeting.

A luncheon was served to the group with hostesses being Mrs. Terrill Isbell, Mrs. J. L. Randal, and Mrs. G. S. Webber.

Those present were Mesdames R. N. Huckabee, Elizabeth Herod, W. B. Downing, A. E. Proctor, J. H. Carpenter, W. H. Culver, Terrill Isbell, G. S. Webber, Joe W. Johnson, Ed Tharp, Will Fitzgerald, J. L. Randal, B. L. Thompson, Lillie Lloyd, Frank P. Miller, C. L. Williams, B. J. Hill, Cecil Acker, Rev. R. N. Huckabee, and Frank H. Gorton.

EASTERN STAR OBSERVES ROBERT MORRIS DAY

The Order of the Eastern Star observed Robert Morris memorial day with a covered dish supper in the Fellowship Hall of the Methodist Church, Tuesday evening. Mrs. Lee Brownfield, worthy matron, gave the welcoming address and Mrs. Clyde Truly gave the life of Robert Morris, who is the founder of the organization. Group singing with Mrs. R. N. Huckabee at the piano, concluded the program.

After supper the guests enjoyed "42" and lawn games. Forty-five were present.

A group of friends were entertained Monday evening in the Tom May home when Mr. Murphy May showed a film on Bataan, which was released by the war department.

BARBECUE GIVEN FOR VISITORS

A steak barbecue was given Friday evening at the home of Mr. and Mrs. Clarence Taylor, at the Magnolia camp for Mr. and Mrs. Ray Burke and children, of Midland, Mr. and Mrs. Jimmy Kincaid, of Ft. Worth and Mr. and Mrs. Richard Meyers, of Victoria.

Guests were the above mentioned and Mr. and Mrs. J. R. Wright, Mr. and Mrs. Bob Hodges, Mr. and Mrs. Dick Meyers and Bobby Ferguson.

Mrs. Pete Szydoski, of Happy, Texas, spent the weekend here with her son, Mr. Frank Szydoski.

Mrs. Frank Szydoski and children left last Friday to spend several days in Dallas visiting her parents, Mr. and Mrs. Willis Wynn.

MRS. GAFFORD COX HONORED

Mrs. A. R. Baldwin and Mrs. J. L. Lyon honored Mrs. Gafford Cox with a pink and blue shower Wednesday afternoon from 2:30 until 5:00 o'clock, at the home of Mrs. A. R. Baldwin. Twenty-four ladies were present.

Several games were played before presenting the many nice gifts. Several nice gifts were sent by many, who were not able to attend.

After the gifts were presented refreshments and cookies were served to all.

Mrs. Emma Brigance spent several days this week visiting Mr. and Mrs. A. C. Brigance in Olton.

Mary Ann Hundley, of Post, is here visiting her grandmother, Mrs. Fannie Maupin.

Mr. and Mrs. D. S. Day, of Lamesa, spent Sunday in the home of Mr. and Mrs. Mon Telford.

Mr. and Mrs. Eddie Helms, Mr. and Mrs. Paul Campbell and Mr. Ernest Campbell, of Breckenridge, Mo., spent Tuesday in Carlsbad going through the caverns.

Mr. and Mrs. Grady Dickson and daughters left Sunday for a ten day visit in Deport, Texas.

Mrs. Nannie Hamilton spent the weekend in Seminole with her daughter and her husband, Mr. and Mrs. David Mills.

Mesdames Eula Lewis and J. V. Lewis visited their sister, Mrs. Katie Mays in Denton. Mrs. Eula Lewis spent the weekend and Mrs. J. V. Lewis remained for a weeks visit.

Mr. and Mrs. Albert Bateman and daughter, Janice, of Altus, Okla., spent the weekend in the home of Mr. and Mrs. B. A. Baggett.

Mr. and Mrs. Paul Teas, of Dallas were weekend guests of Mr. and Mrs. Al Muldrow.

Mr. and Mrs. J. W. Nelson, and daughters, Peggy and Dona Sue, visited friends and relatives at Tahoka, Sunday afternoon.

We are glad to report that Dr. and Mrs. John R. Turner are gradually getting back to God's country. He is now located at Midland, practicing medicine.

Mrs. Lay of Coahoma, is here this week visiting her son, B. R. and family of the Lahey community.

PATTERSON-BRYANT VOWS READ, AUGUST 16

Mrs. Ruth Patterson and Mr. Joe E. Bryant were married Friday, August 16th, at 9:30 A. M. at the First Baptist Church parsonage. Rev. Sam Brian read the single ring ceremony.

The couple are making their home here.

Mr. and Mrs. L. W. Eacker and family, of Meadow are enjoying an extended visit at points of interest along the Gulf coast.

Mr. and Mrs. Ray Burke and children, of Midland visited friends in Lubbock and Brownfield, Friday of last week.

Mrs. M. F. Calloway, of Hollister, Okla., is here on an extended visit with her daughter, Mrs. H. H. Harbin.

Betty Proctor And John Moorhead Are Married

Miss Betty Proctor, daughter of Mrs. Osie Proctor and John Dick Moorhead, son of Mrs. Gladys Moorhead, were married Sunday at 9:00 A. M. at the home of Mr. and Mrs. Joe Chisholm. Mr. Chisholm read the double ring ceremony.

The bride was dressed in a grey suit with black and white accessories. Her shoulder corsage was of red roses and a gardenia. She carried a silver dollar for something old and for something blue, a silk handkerchief sent her from New Caledonia by Pate Collier. Her hat was something borrowed.

Mrs. Moorhead is a 1946 graduate of the Brownfield school. Mr. Moorhead is a graduate of the Meadow High School and served four years in the Marines.

After a wedding trip to Ruidoso

RITA LOU GOODPASTURE CELEBRATES BIRTHDAY

Mrs. Grady Goodpasture entertained with a party for her daughter, Rita Lou, Saturday afternoon from 5 to 7 P. M. in honor of her fifth birthday. Taking kodak pictures and playing games furnished diversion for the guests.

Ice cream and cake, with rubber balls as favors, were served to Mary Jane Brownfield, Donnie Harkins, Kenneth, Don, Eleanor Lynn, and Carolyn Cary, Jane and Dean Breedlove, Jan Davidson, of Tucson, Ariz., Herba Leta Singletary, Yvonne and Wayland, Jr., Parker, Gene and Doug Mason and Deenie Goodpasture.

and Carlsbad the couple will be at home in Brownfield.

Guests attending the wedding were: Mrs. Gladys Moorhead, Mr. and Mrs. Stuffy Moorhead, Mr. and Mrs. Bo Moorhead and Mrs. Osie Proctor.

BOYS CLUB ENTERTAIN WITH HAYRIDE

The Los Diablos Chiquitos club entertained their dates with a hayride and weiner roast at the Bob Bowers farm, Monday evening.

Those enjoying the affair were: Robert Bowers, Jackie DuBose, Eddie Taylor, Jackie Allen, Billy Ben Moorhead, Jack Gibson, Mary Edna Tankersley, Donald House, Nancy Morgan, Bobby Line, Melva Jo Waters, Oren Peterman, Dixie Redford, Jimmy Billings, Daina McIlroy, Jimmy House, Dorothy Henderson, Jackie Worsham, Norma Jo Boyd, Richard McDuffie, Naomi Thompson, Billy Joe Lewis, Jane Weir, Donald Kebodeaux and Norma Cary.

Mr. and Mrs. W. A. Bell, their son, Vernon and daughter, Margaret, returned the latter part of the week from a ten-day vacation in Ruidoso.

Mrs. Lois Watts And Mr. Les Taylor Are Married

Mrs. Lois Watts, daughter of Mrs. E. D. Yeatts, and Mr. Les Taylor, of Slaton, were married Sunday morning at 8:00 o'clock in the home of the bride's mother. Rev. A. A. Brian read the single ring ceremony. The bridal pair stood under an archway decorated with white satin ribbon, white asters and fern. Floor baskets of white gladioli flanked the arch.

Mrs. George Wade, sister of the bride, was matron of honor and Mr. A. H. Pierce served as best man. Miss Joan Watts played the traditional wedding music.

The bride wore a blue suit with black accessories and a corsage of white carnations. For something old, she wore her mother's wedding ring, and for something borrowed, a necklace belonging to Mrs. Wade.

Immediately following the ceremony a reception was held. A three tiered wedding cake and coffee was served from a table laid with a white linen cloth and centered with white candles in crystal candelabra. Mrs. Yeatts poured coffee, assisted by Mrs. Levi Gray, of O'Donnell.

Guests were: Mr. and Mrs. Levi Gray and family, of O'Donnell, Mr. and Mrs. A. H. Pierce and son, of city and Leon Lewis.

After a wedding trip to Ruidoso and Cloudercroft the couple will be at home in Slaton.

MRS. KENDRICK ENTERTAINS CLUB

Mrs. Clovis Kendrick entertained the Las Amigas Club with three tables of bridge Thursday evening of last week. When scores were tallied Mrs. Al Muldrow received high and Mrs. E. L. Sturges, second high. Mrs. Muldrow and Mrs. Bob Menefee won in the games of Bingo.

A salad plate was served to: Mesdames Al Muldrow, Everett Latham, Orb Stice, Ike Bailey, Lal Copeland, Frank Ballard, Burton Hackney, Wilson Collins, Bob Menefee, E. G. Akers, E. L. Sturges and R. N. McClain.

IDEAL CLUB MEETS WITH MRS. COLLINS

The Ideal Club met with Mrs. Wilson Collins Wednesday of last week for an afternoon of bridge. At the conclusion of the games Mrs. Dick Meyers scored high and Mrs. Everett Latham, second high. Mesdames R. L. Bowers and A. A. Sawyer won in the games of Bingo.

A salad plate was served to Mesdames R. L. Bowers, R. N. McClain, Dick Meyers, Reagan Peeler, O. L. Peterman, Preston Figley, A. A. Sawyer, Jimmy Kincaid of Ft. Worth, Bob Menefee, Clovis Kendrick, Everett Latham, and Jack Shirley.

Herbie Lee, who has been attending school in Kilgore, Texas, visited his grandparents, Mr. and Mrs. W. H. Dallas, over the weekend. He has accepted a position in Monahans.

RANDAL P. T. A. GETS SET

Jesse G. Randal P. T. A. officers met at the home of Mrs. T. E. McCollum for an overall planning of the current year's program. Selection of other officers and committees were the principle topics of discussion. Those present met each discussion with much enthusiasm.

At the close of the meeting doughnuts and cokes were served to Mrs. Walter Breedlove, Mrs. Jacks Griggs, Mrs. Andy Anderson, Mrs. Jack Hamilton, Mrs. J. B. Stephens, Mrs. Fitzgerald, Mrs. Gene Gunn, and Mrs. McCollum.

Everyone is looking forward to our first P. T. A. meeting, which will be the second Thursday night in October.

GROUP HAVE DINNER AT COUNTY PARK

Mr. and Mrs. Joe Butler and family, Mr. and Mrs. Charles Reid and family, Mr. and Mrs. Kenneth Watkins and family, Faye Day and Lillian Mosley all enjoyed dinner at the County Park Sunday, August 25.

The small children enjoyed swinging all afternoon. The teen-agers and grown ups played volleyball. Our first game of the afternoon was played with Lennie Butler and Christene Reid as captains of each side. With Lennie Butler as the winning side.

The main game of the afternoon was the teen-agers playing against the grown ups, with three teen-agers and five grown-ups. The more players a side has the more they get in each other's way. That is one reason the teen-agers won.

Another game that kept everyone on their feet was the three teen-agers against the three men. The teen-agers won, 8-15. This goes to show that the teen-agers are the best players after all.

Mr. and Mrs. Lee Allen were in Floydada Wednesday to visit Mrs. Allen's mother.

Mrs. B. L. Thompson and son, Maurice left Thursday to spend several days in Ft. Worth and Dallas visiting Mr. and Mrs. R. R. Barnes and Mr. and Mrs. D. A. Thompson.

MRS. LUCKIE WILL SING IN METHODIST CHURCH SUNDAY

Mrs. John F. Luckie, whose husband is the son of Mr. and Mrs. Frank E. Luckie, who reside on the Tahoka road, will render a solo on Sunday morning, Sept. 1st, at the First Methodist church.

Mrs. Luckie has studied voice in Hartford, Conn., winning a scholarship at the Hartford School of Music. At present she is studying in New York City, coaching with an eminent conductor of the Metropolitan Opera Association. She is learning the operatic lead in the opera 'La Boheme,' which will be given in New York in the near future.

Mr. and Mrs. John F. Luckie, of Norwich, Conn., are here visiting Mr. and Mrs. Frank E. Luckie and Mr. and Mrs. Lee Brownfield.

PICNIC GIVEN FOR MR. AND MRS. MON TELFORD, JR.

Mesdames Roy Wingerd and Bit Copeland entertained with a picnic in MacKenzie Park in Lubbock, Thursday evening of last week, complimenting Mr. and Mrs. Mon Telford, Jr.

Guests were: Alfred Mangum, Ida May May, Ted White, Marion Wingerd, Larry Miller, Wanda Hahn, Andy Griffin, Frances Rambo, M. J. Craig, Jr., Billye Lackey, Edgar Self, and Mr. and Mrs. Mon Telford, Sr.

Alfred Mangum left Tuesday to visit his aunt, Mrs. O. H. Palmarist in Trinidad, Colorado.

Mr. and Mrs. George Warren returned Saturday from a ten day visit in Nocona, Texas, Okla. City and other points in Okla.

NEW SCHEDULES TO LUBBOCK

SEE THE NEW WILLYS JEEP

On Display At Price Implement Co.

UNIVERSAL JEEP POWER GOES TO THE JOB—WHEREVER IT IS

Actually, when you get a "Jeep," you get the services of four machines: A Tractor . . . A Truck . . . A Mobile Power Plant . . . and a highly maneuverable and economical Runabout.

The unmatched versatility of the military "Jeep" was proved on the battlefields of war. It has been redesigned to go to work at hun-

dreeds of civilian jobs where it can save time, hard work, and money. The destiny of the "Jeep" is to match in civilian life its world-wide military reputation.

As the best-loved piece of equipment in the hands of the fighting men, the "Jeep," redesigned by Willys, now makes its bow to you, to all America, to all the world . . . and asks for work to do.

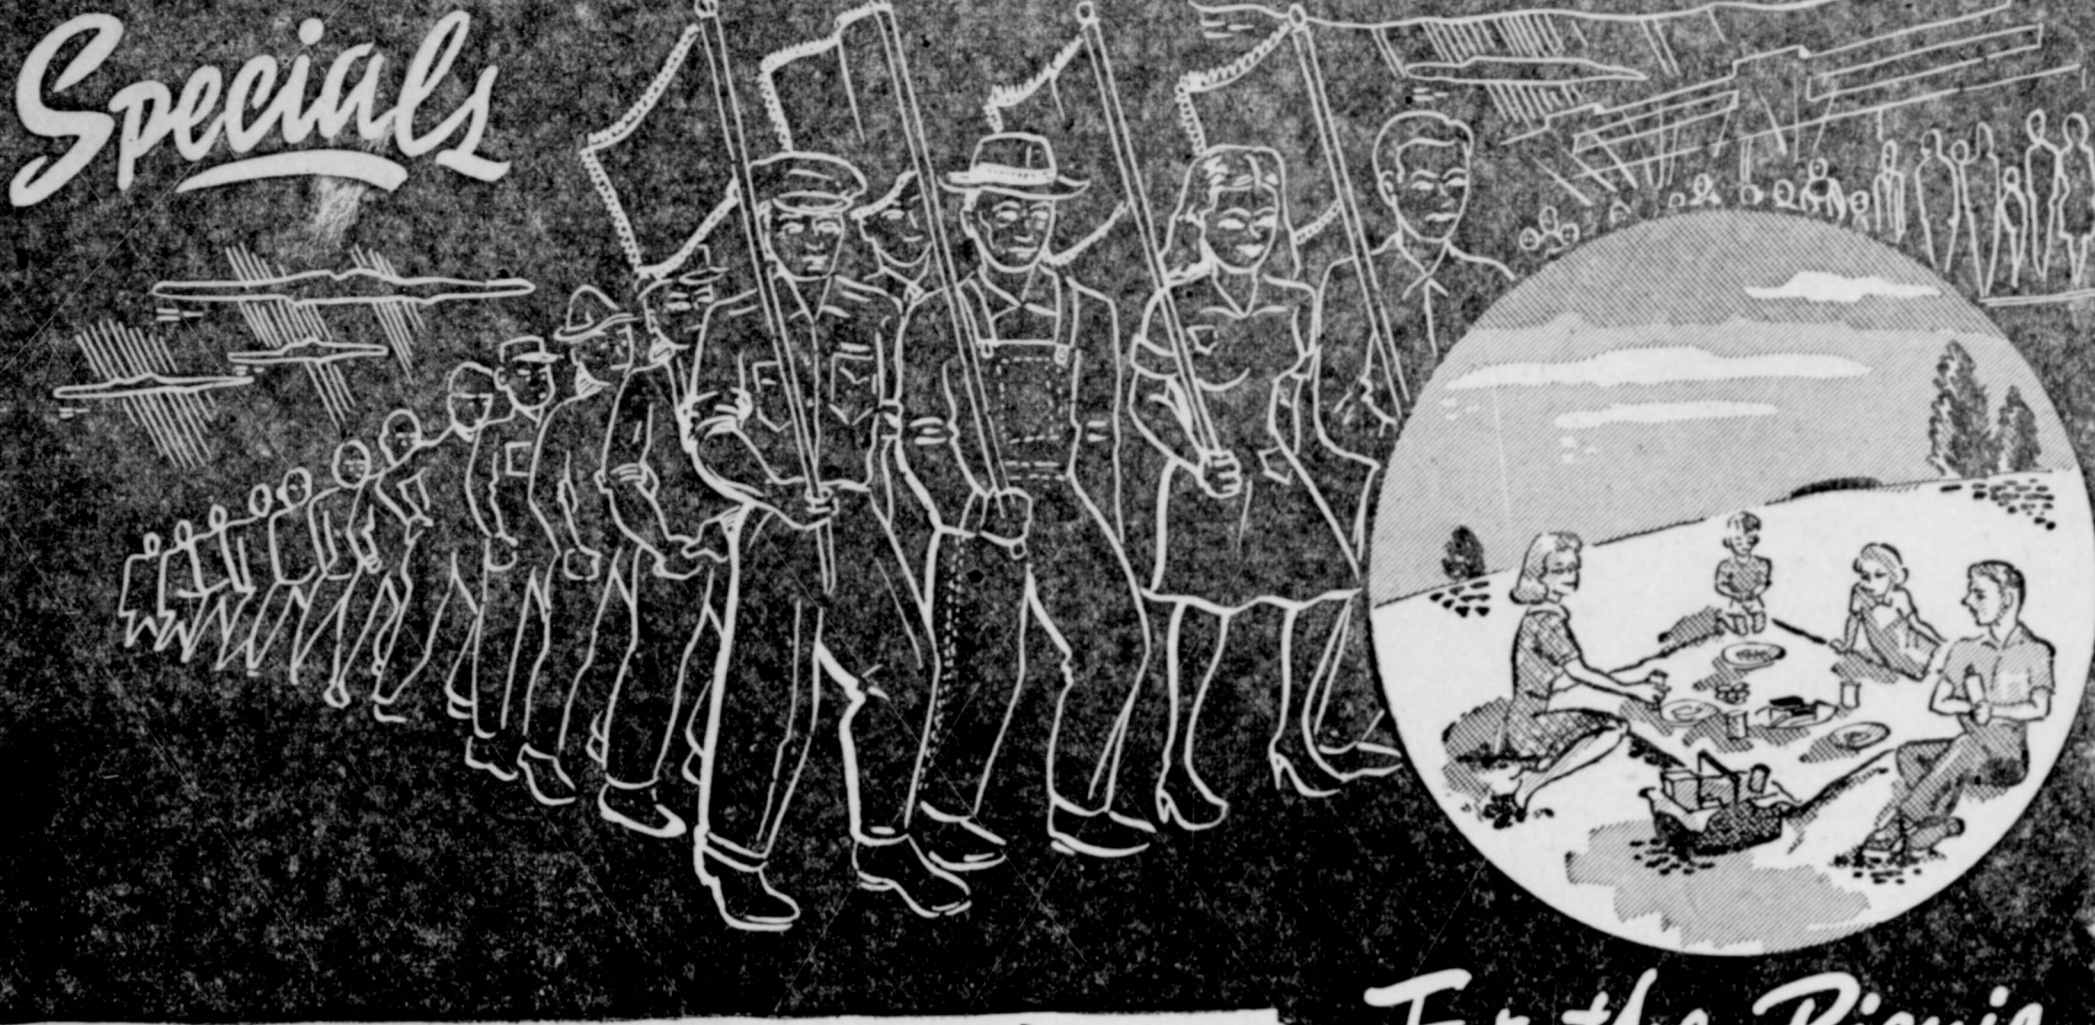

Now It's a Truck . . . Now It's a Tractor . . . Now It's a Runabout . . . Now It's a Mobile Power Unit

At home . . . on the farm . . . in the oil fields the Willys Jeep matches its power with the most powerful equipment and does the job.

FURR'S SUPER MARKETS

Behind the Scenes in American Business

By John Craddock

NEW YORK, Aug. 19.—The Federal Reserve Board moved last week to take a little ease out of the easy supply of money. Or, to be more exact, out of easy credit. It reimposed its controls on installment credits in the \$1,500 to \$2,000 range, and shortened the repayment time on other types. This action obviously is an anti-inflationary move, designed to curtail buying power. By lifting to \$2,000 the transactions under its control, the Board thus reached out to take charge of many automobile purchases. The Board still allows such loans to be repaid in fifteen months time. But on other types it shortened the repayment period. Money borrowed for such purposes as rents, taxes or vaca-

tions must now be paid back in twelve months instead of fifteen. Meanwhile, cash buying continues heavy. Mail order sales for the first half of 1946 show a big gain over the same period last year. Largest relative gain was recorded for stores handling automotive parts and accessories. Hardware store owners and building material dealers also report bigger sales volume.

THINGS TO COME — Many aluminum toys this Christmas, among them a helicopter pull-toy and a jeep . . . A DDT solution with a pleasant odor . . . A new photo developer said to cut developing time from seven minutes to four minutes . . . Your new car is likely to have a "popout" cigarette lighter, if and when you can get a new car . . . A new gadget to whip cream by compressed air, said to be the product of years of scientific research . . . A new double-decker railroad passenger car has just been pat-

ented by Pullman - Standard, which already has a threeeek commuting coach among its new designs . . . A material produced from alumina silicate which, when used on oily or wet floors, eliminates slipping . . . A automatic brick-laying machine said to be capable of laying twenty times the brick in one day that a man can. But it is still only in the blueprint stage . . . A new electrified house screen said to be sure death to flies but harmless to humans and animals.

BITS O' BUSINESS — Maybe you had better take a second look at that old furniture cluttering the attic. Americans are on another antique buying spree. New York's famed auction galleries — Parke-Bernet — report sales are at an all-time high even though the physical volume of goods is less. There are more buyers and they pay higher prices. Even among the less expensive antique dealers this trend is notable. Examples: Victorian chairs that once sold for \$3 have been known to bring \$25 today; a marble top Victorian table that once was good for only \$20 can bring \$40 now. So don't sneer at that old dresser. Maybe it is an antique . . . Do you believe this?: 97 per cent of the women queried in a recent survey claim they use every calendar they get. So says the country's biggest calendar producer. Seems the kitchen is the favorite spot for calendars with the dining room in second place.

which has a pair of handles like pliers, attached to a small cylinder which fits over the top of the bottle and removes the cap with a squeeze of the handles . . . A small device which fits over the bottom of a flat iron thereby converting it into a steam iron . . . A new, all-rubber lid for ice cream and food storage cabinets, developed by B. F. Goodrich, using rubber and fabric for the hinge in such a way as to completely eliminate any juttings or crevices in which food, juice or dust can lodge.

BITS O' BUSINESS — Mail by helicopter, which has been tested in New York, Boston and Chicago areas will undergo further experiment. The idea is to speed mail from suburban to main postoffices . . . Thinly settled areas may get radio-connected telephones soon. Southern California Telephone Company will make the first tests shortly in the lonely Death Valley area . . . In Chester Valley, Pa., where some 65 per cent of the nation's mushrooms are grown, preparations are under way for planting a record crop. They are grown in the winter from October through May . . . An increase in the price of cocoa is expected to follow the rise in coffee. Dealers expect the rise to be about six cents a pound . . . Sugar beet plantings in California are up 50 per cent and growers think the state will regain the production lead from Colorado.

Mr. and Mrs. Jim Quinton spent the weekend at Roaring Springs visiting friends.

NEW YORK, Aug. 26 — From various sources last week came hints that the nation's productive machine is slowly closing the gap between output and demand. In Washington, the Department of Commerce reported that inventories in the hands of manufacturers appear more than adequate for the present rate of production for the first time since the end of the war. In New York one of the leading business papers surveyed the electrical appliance field and concluded that the days when sellers could dispose of anything and everything were numbered. Supporting this change in the underlying business outlook, several of the large New York department stores will carry over summer goods to next season, particularly those made of synthetic materials. In spite of these developments the overall supply is unbalanced and many items, particularly in the textile field are still difficult to get. The encouraging fact is that the supply situation is improving, even if the improvement is spotty.

THINGS TO COME — Paint which combines aluminum and asphalt to provide both protection and insulation in a single coat. It may be applied to slate roofing, asphalt shingles or galvanized metal roofs. It is claimed to reduce inside temperature as much as 15 degrees . . . A plastic diving bell for amateur underwater explorers. It can be used in depths up to 40 feet and air is provided with a conventional bicycle pump . . . A washable innersole for shoes which is so cushioned that air passes through it with each step . . . An adjustable picture frame made of plastic for pictures ranging from 4x5 inches to twice that size . . . A soda bottle opener

Harmony HD Met With Mrs. Butler

The Harmony Home Demonstration club met with Mrs. Butler, Aug. 15, with six members present. The house was called to order by Mrs. Bartley. Roll call was answered by "My mending problems." As there was not much business to attend to, and Miss Dunlap was away on her vacation, we all just enjoyed a social hour. Refreshments consisting of pineapple cake, ice box cookies and real grape punch were served to the members. Our next meeting will be with Mrs. Reed, September 19. All members are urged to attend.—Reporter.

HOW TO TREAT CHOCOLATE AND COCOA STAINS

Chocolate and cocoa stains are "treated" the same, included in a Westinghouse laundering manual are the following directions; For white cottons or linens only — dip fabric up and down in hot water; wash in hot suds; bleach any remaining stain with hydrogen peroxide; rinse well. For any washable colored fabric — wash in lukewarm suds, and use carbon tetrachloride to remove any grease spots caused by cream. With either type of fabric, remove stains before laundering.

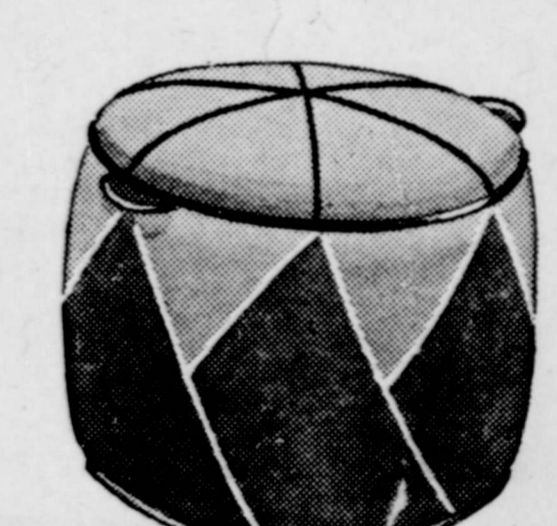

Mrs. R. E. Townzen and daughter, Mrs. Ellis Barnes and granddaughter, Bobbie Low, are leaving today for Salem, Oregon, to be at the bedside of Mrs. Townzen's sister, Mrs. Henry Seigmund.

Veterans News

Pay ceilings set by Congress for veterans training or studying under the GI Bill do not apply to disabled veterans, the Veterans Administration has announced.

Maximums of \$200 for married veterans and \$175 for single men were prescribed by Congress for veterans training on-the-job or studying under benefits of Public Law 346.

Disabled veterans, VA said, are enrolled for training or study under Public Law 16, a separate act, and are not affected by the new legislation.

Patients in VA hospitals in Texas, Louisiana and Mississippi will be entertained by one of the best professional billiard players in the world late in November.

Erwin Rudolph, a trick shot specialist, is making a tour of Southwestern Veterans Administration hospitals through the courtesy of the Billiard Association of America, VA announced.

Blind veterans who have the grit to try and who get proper aid can get fun and benefit, from many sports heretofore believed impossible for sightless people, the Veterans Administration believes.

In Houston, Texas, VA, with the cooperation of a local bowling alley, has inaugurated a class in bowling for blind veterans.

The fundamentals of bowling have been successfully taught to the blind in several cities, VA said. The Houston classes are being directed by R. L. Springfield, advisement officer for blind veterans.

Two more guidance centers to help veterans with their vocational and educational problems have been established in Texas, by the Veterans Administration.

The centers will be operated by Lamar College of Beaumont and North Texas State Teachers College in Denton.

VA guidance centers are now operating in all sections of the Southwest. Psychologists and vocational experts are available in all the centers to help veterans.

Tommie and Mackie Hord spent last week visiting their grandparents in Slaton and Lubbock.

Mr. and Mrs. Lewis Simmonds of the Brownfield Funeral Home returned Saturday evening, after a two weeks vacation visiting relatives at Ft. Worth and Clarendon.

A card was received this week from Bill Beck, who is now attending John Tarleton college at Stephenville. He was just letting the Herald know how he appreciated the newsy paper we are sending him each week, and to say hello! to all his many friends here, and say that he will never forget them.

Mr. and Mrs. J. L. Newsom and Donna Jane, are vacationing in Ruidoso, N. M., this week.

Mrs. L. B. Floyd has just returned from a vacation at Santa Fe, N. M.

Mr. and Mrs. A. T. Fowler, Jr. and baby son, Joe Dean, of Dalhart, are here visiting Mr. and Mrs. A. T. Fowler, Sr.

DA FREEM BACK . . . Giant Primo Camera, once heavyweight boxing champion of the world, is back in the United States . . . as a wrestler. He claims to be champion wrestler of Italy. The 6 foot 6 inch, 250 pound grappler is in Los Angeles.

WATER SPOUTED A MILE . . . Power and heat at the fifth atomic bomb churned Bikini lagoon into a caldron of flame, smoke and steam and pitched battleships about like toy boats. The underwater explosion sank the battleship Arkansas and two smaller craft and dealt mortal wounds to the aircraft carrier Saratoga, which sank seven hours after the explosion. Size of water disturbance can be seen in above photograph, by comparison with naval ships still floating.

Mrs. Bob Flint and son, Robert, of Nocona, Texas, and Mrs. Bob McDonald and Ruby Gail Will's, of Levelland, were overnight guests of Mr. and Mrs. George Warren, Monday. Ruby Gail remained for a weeks visit.

Guests in the home of Mr. and Mrs. John Portwood last week were: Mrs. Portwood's sister, Mrs. Jack Winter and son, Allen, of Ft. Worth and also her aunt and uncle, Mr. and Mrs. N. C. Oglesby, of Las Vegas, Nev.

Staff Sgt. Carrol Fowler, who has been stationed in China is here on a 30-day leave visiting his parents, Mr. and Mrs. A. T. Fowler. At the end of his leave he will report to Camp Le Juane, North Carolina.

Miss Bobbie Newsom returned 'he last of one week from a three weeks vacation in Phillippi, West Virginia, Washington, D. C. and Tenn.

Mr. and Mrs. Bill McKinney had as their guests last weekend, Mrs. McKinney's brother and family, Mr. and Mrs. W. H. Frazier and children, of McKinney, Texas.

Peggy Black entertained the following friends with a weiner roast and slumber party at her home, Tuesday night: Sandra Bailey, Mary Ann Jones, Freddie Ruth Lowe, Linda Hudson and Patsy Lewis.

Mrs. Lal Copeland and Marion Wingerd were in Lubbock Tuesday, Shopping.

FOR SALE: Nice residence lot, also some small barns and chicken pens. See Jack Berton. 29tfc

Trip To Moon Possible In 3 Years

Schenectady — Travel to the moon, the nearest other planet could be accomplished "within three years of a real effort were made," John Campbell, Jr., of New York, editor of Street and Smith's Science Fiction magazine, declared in a General Electric Science Forum address here over WGY and WGFM.

"But it will probably take five to ten years, simply because no really adequate research program will be landed," said Mr. Campbell. "It's like so many other problems; cancer could be cured in five years if we'd really launch a program."

"Solving the problems of interplanetary travel is simple enough—it just takes money to pay for the research in engineering construction."

According to Mr. Campbell, "The basic spaceship motor is available—the V-2 rocket uses it. The airtight hull necessary is already available—the Boeing Stratocruiser uses one, as did the B-29. Spacesuits have been developed—the Army's extreme altitude pressure suit. The air supply for spaceships is simple—earth is, after all, a sort of supercolossal spaceship, and our air supply on earth is a good one to use in smaller spaceships; just green plants growing under lights, making the spaceship a sort of balanced aquarium. For short trips to the moon—it would take only a matter of a few days—compressed air in tanks could be used."

"All that's lacking in the research to combine these things, and add the one other factor: the atomic power drive. The Navy is working on that now for use in naval vessels."

SAVED SON'S LIFE . . . Ivar Dunsford, Nottingham, England, scientist, shown with his son, Peter, after the boy's life had been saved by a new plasma discovery made by his dad. Dunsford hopes other lives will be saved by plasma which he originated.

Mrs. Roy Herod took Althea and Eileen Jacobson to Lubbock last Friday, where they took the train for their home in Amarillo.

Mr. and Mrs. Raymond Reynolds had as their guests last week, Charles Scoot, of Nugent and S. T. Scoot, of Coleman.

Pfc. Wayne Rogers, of Camp Lee, Virginia, is here on a 15-day furlough visiting his parents, Mr. and Mrs. L. M. Rogers.

Mrs. Dorothy Roden, of DeCalf, Texas, is here visiting in the home of her brother, Mr. and Mrs. J. L. Cruce.
