

## Thousands of Acres Being Sown To Wheat Here

— GWN —

Terry County farming was born dry, according to our roving reporter, who was here during its infancy. The first settlers owned one to four sections, featuring cattle raising. Knowing the country to be semi-arid, they put in cultivation 150 acres of their sandiest land, which was reputed to withstand drouth better. They used four horse power to plant and gather. Plant and gather was about all.

They raised "feed stuffs," which by scientific information was later divulged to be "grain sorghums." This they pitched in bundles over the fence to livestock through the winter. The first several winters were dry, and rather windy. The climate hasn't altogether reversed its activity yet. They took in stock to pasture the stalk fields through the winter. They were too busy punching yearlings to bother about the farm, until ready to plant in early May. As a result in a few years they had a railroad dump on the east side of their farms.

They learned the sandy farms were portable. Immigration continued westward. Historically, always due west. Real farmers came in. They all began to learn, as farmers often do, that the tighter land was productive of cotton, their native crop; that it would produce and stay there to produce another year. Being born and reared in a cotton patch, they wouldn't let it down. During these first 30 years, they also found that corn was an easy and very successful crop. In fact it, and cotton, was as lucrative in yield as was wheat elsewhere, and even better, hence no necessity for a change.

But this year's near drouth, and encouraged by the recent abundant rains, our ever versatile farmers are rushing to plant wheat, though many in small tracts. Some estimate 20,000 acres will be planted. Street talk is drills. "Drill, drill, whose got a drill." Plenty of seed is available within 100 miles north. While the object is primarily for winter pasturage, yet if the seasons are wet, a usual risk of which the farmer has many, and is used to, he may harvest a paying yield. This figure they will know of this contingency in time to revert, next spring, to other crops, if need be.

Quite a few planted small tracts early this year, and with the drouth cut five to ten bushels per acre. It is not expected, nor hoped, to turn this into a wheat country. At least up to this time we haven't heard of any one proposing to put in a flour mill.

## Drinking Is Not The Way To A Man's Heart

"Women are dangerous drunkards — dangerous to themselves and to their friends. They have far less control of themselves than men," says Thomas D. Horton in his late book, "What Men Don't Like About Women."

"Women drunkards," continues Mr. Horton, "are far more disgusting than men drunkards. . . They use language that even a drunken man hesitates to use. They turn cheap, pitiful, dull, most embarrassing. . . A drunken woman can never hope to regain the respect and admiration of the man who sees her in that condition. She grates against man's feeling of romance. She violates his dreams."

Mr. Horton's aversion to women drinkers evidently is shared by Edwin A. Lahey, columnist of the Chicago Daily News, who recently wrote:

"Much of the steady increase in the consumption of liquor comes from the increase in woman drinkers. One cannot challenge the right of a woman to drink, at home or at a public bar, any more than you can dispute her right to equal pay for equal work with men.

"But the hard fact remains, and is proved abundantly every day in our municipal courts, that if a wife or mother has an ambition to become a promiscuous bum, there is no better way to realize that ambition than by hanging by her elbows from the corner bar."

—Union Signal

## School Days Are Here Again

A thrilling sight was witnessed on the streets of Brownfield Tuesday morning, when hundreds of beautiful children, in varied size and hues, seemed to appear from nowhere, swarmed across the avenues, assembling on the grounds of the country's greatest institution—School has opened. To many it was a reunion of pals, to others the thrill of new classmates, and grade promotion. The newness of teacher and pupil were shared by each, in smiles. No special program was had. After formal announcements, all got right down to business, the business of education.

A full compliment of teachers were on hand. The high school enrolled 425; West Ward, 460; Jesse G. Randal, 480, Gomez, 116; and Wheatley colored, 70. This was about ten percent less than the census for this year, which was slightly less than the census a year ago. Moving away from the drouth, is assigned the main reason.

School and City officials urge local motorists to remember that school is in session.

The schools at Wellman and Union also opened Monday.

## Vet Insurance Now Located In Dallas

"G. I." insurance records of West Texas veterans are now located in the Dallas Veterans administration branch office, C. L. Lincoln, VA of this city announced this week.

The three billion dollars insurance business began moving into Dallas from New York today in truck convoys.

Involved was the transfer of government insurance records for more than 1,200,000 ex-GI's from the Eastern city to the Dallas Branch Office of the Veterans Administration.

## PLAINS NEWS

Little Diane Oden underwent an appendix operation in Brownfield last week. She is reported doing nicely.

Born to Mr. and Mrs. Duane Dumas on the 26th of Aug., a baby girl.

Mrs. S. McDonnell is visiting her daughter in Hobbs, this week.

Mr. and Mrs. S. A. Bowers and Josephine were in El Paso last week.

Mrs. C. F. McCargo and daughter, Frances Copeland are visiting their daughter and sister in Fort Worth.

Plains Chapter No. 862, Order of the Eastern Star met in regular session Monday night with 23 members and one visitor present. Refreshments were served by Mr. and Mrs. T. E. Coke.

Mr. and Mrs. Elmer Cross took their son, Donald, to A. & M. over the week end. Donald entered school there.

Mr. and Mrs. Pete Reeb and children of Dallas visited her mother, Mrs. W. H. Hague here last week.

Mr. and Mrs. L. B. Johnston and family spent Saturday night and Sunday in Brownfield.

Mrs. Mollie Smith, Mrs. Faye Lusk and Mr. and Mrs. Pete Reeb vacationed in Ruidoso over the weekend.

Several from Plains attended the roping in Clovis Sunday.

Mrs. Sanford Webber of Plainview spent Sunday night here with her parents, Mr. and Mrs. J. H. Morris.

Mrs. Nellie McLaren of Lubbock was down visiting homefolks over the weekend.

Miss Sallie Lynn Forrest of Dallas is here visiting her mother, Mrs. Sallie Forrest and family.

## DISTRICT COURT CONVENES MONDAY

No jury will be used at the session of District Court to be held here next Monday, according to local officials, who stated the Court would hear only non-jury cases.

Mrs. Pauline Ross, of Bowie, who has been here visiting her sister, Mrs. W. E. Latham, returned home Thursday. She and Mrs. Latham spent last week visiting relatives in Vernon, Shamrock and Wellington.

# The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, SEPTEMBER 6, 1946

NUMBER 6

## A Chance For A Normal Rainfall

While it is entirely too late to expect a normal crop this year, it is by no means too late to get a normal rainfall, which is around 18 inches normal average. We started the year off in January with a normal average plus, or 1.31 inches, which is usually more than we get in January. But Feb. was very sparing, so was March, April and May. But June gave us a little more than one and three-quarter inches. July was way below normal, but late August hit the spot with over 5 inches, for the month.

January raised high hopes that the drouthy year 1945 was gone for awhile, but with continued sprinkles and showers for four months, our hopes went glimmering. Here 'tis by months:

January	1.31
February	.03
March	.30
April	.42
May	.29
June	1.79
July	.26
August	5.12
Total	9.52

So far, we have recorded 19-100 of an inch in September.

## Work Progressing At Country Club

The completion of a 400 to 500 gallon-per-minute well last week, gave the green light to other projects at the local country club. Work on the other projects could not get under way until the well was completed as a distant relocation would call for complete changes in the overall plan.

The rather heavy growth of mesquite is being removed from the fairways with bulldozers and maintainers will likely be at work leveling up the fairways by the end of the week. Excavation for the swimming pool should be completed within the next few days. E. G. Akers, in charge of laying out the skeet range, is in correspondence with an arms company where the equipment will be obtained, and it is expected that the skeet range will be in operation before the first of the year.

Club officials hope to start construction on the club house in the very near future.

## T. D. Warren Family Have A Reunion

Sunday was a happy occasion for Mr. and Mrs. T. D. Warren Sr., when all their children and grandchildren were together for the first time in over thirteen years.

Everyone brought lunch, which was served out-of-doors. Fried chicken, roast, numerous vegetables, salads, puddings, cakes, pies and iced tea was served to thirty-eight guests.

Many snapshots were made during the course of the afternoon, and games of croquet were enjoyed by all.

Those present were Mr. and Mrs. L. B. Johnston, Colene, L. B., Krehible, Ganell and David, of Plains; Mr. and Mrs. Marvin Warren, W. D., Maurice and Donnie, of Meadow; Mr. and Mrs. James Warren, Jimmy Bill and Jerry Bob, Mr. and Mrs. Dalton Warren, Carl and Janelle Cottrell, Linda Kay and Jackie D., Mr. and Mrs. Ollie Warren and Jane Ellen of Longview, Miss Mary Belle Warren, Mr. and Mrs. Tom D. Warren Jr., Tommie III and Caroline, Grady Warren, Mrs. Ruth Holleman and Danny, Mr. and Mrs. Albert Bass and grand daughter Mary Lou, and the host and hostess.

Mr. and Mrs. Arthur Dunnaway left Tuesday for K'lgore where he will enter college to study diesel engineering.

Mrs. Mabel Warren and twin daughters, of Rotan, were here over the weekend visiting her parents, Mr. and Mrs. L. M. Perry.

## Road Work To Start Soon

Road contracts have been completed, and machinery is being moved in to begin actual construction, the latter part of next week, on the unit of farm-to-market roads, running from Yoakum county line east through Wellman, to a point just south to the Gaines county line.

Engineering work is being pushed on the northwest county units, and is expected to be ready for bids, and work during this fall.

## POOL NEWS

A family reunion was held in the home of Mr. and Mrs. L. M. Waters Sr., Aug. 28, and was attended by the following children: Mr. and Mrs. Doyle Waters and family of Lubbock, Mr. and Mrs. Arnold Waters, Mr. and Mrs. L. M. Waters, Jr., of Brownfield, Mrs. H. D. Caudell and family and Mr. and Mrs. D. E. MacDonald, all of San Antonio, Texas, and Mrs. A. L. Waters and daughters of Brownfield was unable to attend.

Mrs. J. W. Young is visiting her sister, Mrs. Etta Blessingame of Sherman, Texas, this week.

Mrs. J. M. Trussell attended a family reunion at Wichita Falls, Texas, Sunday.

Mr. and Mrs. Arnold Waters spent the weekend visiting relatives at O'Donnell.

Mr. and Mrs. J. D. Howard and family visited Mrs. Howard's father, Charles Jackson, of Odessa last week. Mr. Jackson returned home with them to spend a few days.

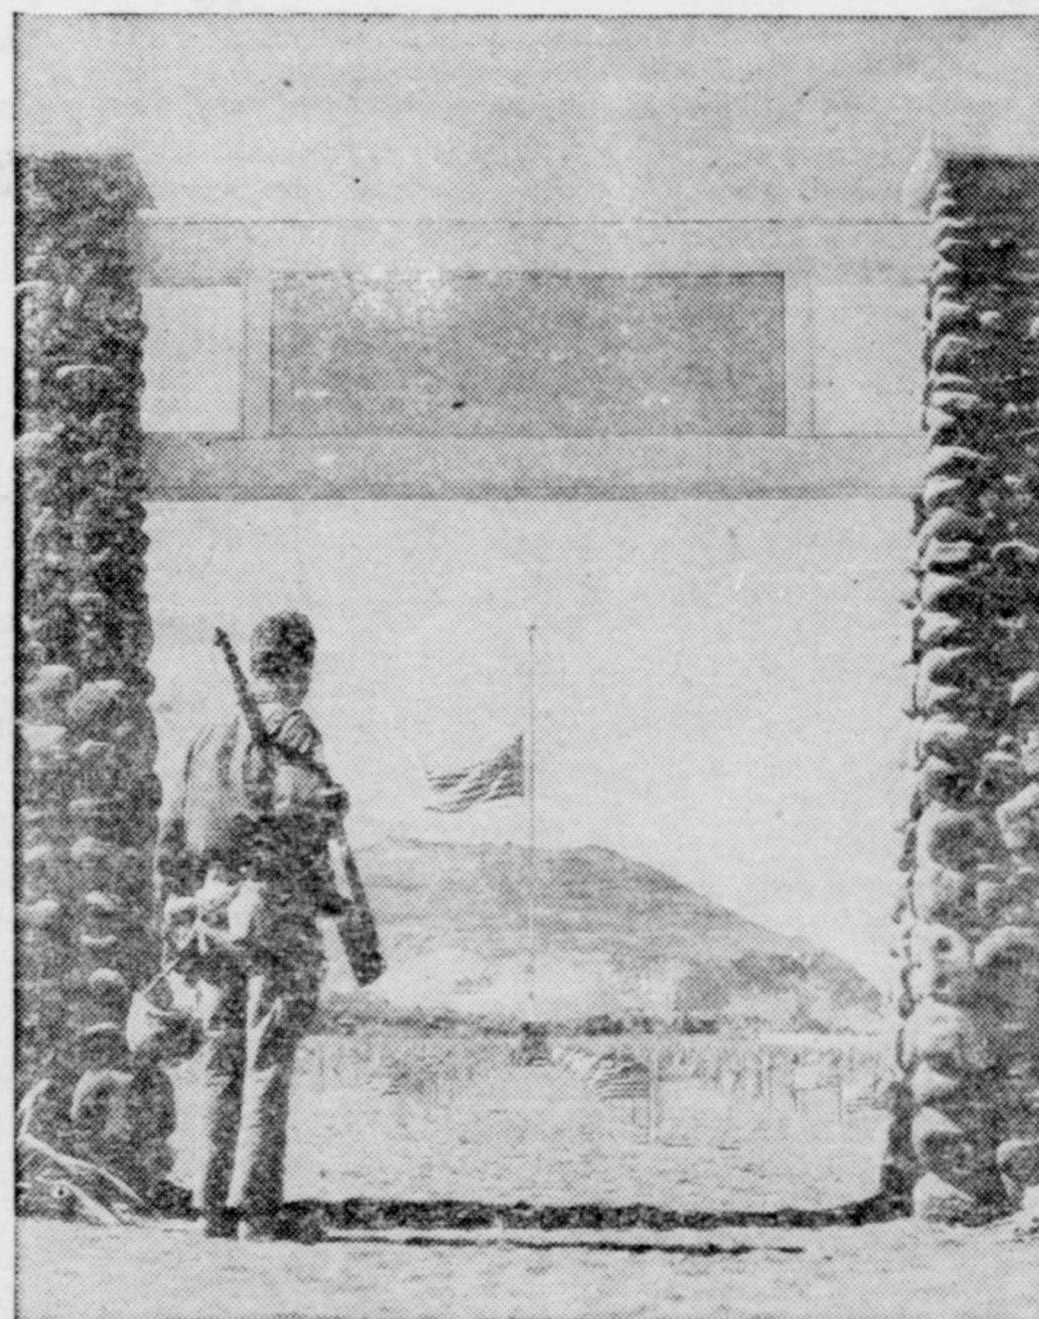

Charles Britton of Meadow, visited his grandparents, Mr. and Mrs. J. J. Gunter, Monday and Tuesday.

## Uncle Sam To Extend GI Training

C. L. Lincoln last week attended a meeting at Lubbock, where plans were explained to extend the present paid training-on-the-job program, via semi-weekly classes in communities, where skilled teachers could give intricate teachings in agriculture, livestock and poultry raising, and especially in repairing farm tractors and implements.

There are some 25 students in town now being paid in training in professional and commercial lines. It is desired to extend this to the farm element, if classes of sufficient size can be had. Mr. Lincoln was designated to give full explanations to all interested, his services being free.

## Our Heroes Rest In Peace

Standing uncovered before a Marine Division cemetery on Iwo Jima, a U. S. Marine gazes reverently at the neat rows of crosses that mark the final resting place of heroes. Little more than a year ago, the Third, Fourth and Fifth Marine Divisions stormed the shores of this tiny volcanic island and in the bitterest engagement in Marine history, wrested it from the Japanese in a campaign that lasted 27 bloody days. Similar Marine Division cemeteries dot the Pacific wherever Marines fought.

## Band News

The High School Band got started off with a bang this week. We have over 50 coming out for the band and it is going to be a mad scramble for places on the "Traveling Squad," to put it in football lingo. With this many "reserves" we expect to really put on a show for the fans. The "kids" have the desire to be in a crack-erjack outfit so we think we will be just that.

Junior High Band is about 35 strong so far but we expect to see several additions within the week. This will be the first really active year for a Junior High Band in the history of Brownfield. We expect to give several concerts during the year as well as playing for the Junior High Football games. We even hope to have uniforms before the year is out.

Here comes the sad part. We need to start many more beginners this semester. We need a feeder system set up for both bands and this is the answer. Remember, instruments are not as hard to get as they were last year so don't use that as an excuse. They have had an increase in price, but name something that hasn't. Don't waste any more time, let's get started now.—Reporter.

## Cub Pack To Meet Tonight

The Brownfield Cub Pack will meet this Friday night, September 6th, at 7:30, in the Presbyterian Church. All Cubs and their parents should be present. Advancement cards and badges, and the plans for the activities this month will be presented. The Boy Scouts serving as Den Chiefs should come to learn about their parts this month.

The parents of boys between the ages of 9 and 12 are cordially invited to come, bring their sons, and learn about Cubbing—the program of the Boy Scouts of America for younger boys. It is necessary that mothers of Cubs come to serve as Den Mothers in order to carry out the program.

A prize will be awarded to the Den which has the most Cubs with their parents present.

Mr. and Mrs. J. H. Carpenter were in Lubbock Sunday to visit Mrs. Carpenter's father, Mr. L. F. Tannery.

## Delegates To Attend Demo Convention

R. M. Kendrick, A. M. Muldrow, Tom May, Burton Hackney and Dan Davis, Terry county delegates, are to leave Sunday to attend the State Democratic convention at San Antonio, Sept. 10th. The main purpose is to formally nominate the Governor and State officers, as per the recent primaries. As there is no controversial issue pending, it is expected to be an unusual affair for democrats.

## The Big Rains Put Life Into Citizenry

There is an altogether different aspect on life from what existed while the skies were as brass and the sun beat down hard and hot, wilting everything but goatheads, johnson grass and rag weeds. We often thought that if some Burbank could cross or graft maize and cotton stalks onto johnson grass or rag weeds, all future drouths would be whipped to a standstill.

Anyway, there is now buoyancy in the people where a little more than a week ago, pessimism reigned supreme. They had heard that the old south Plains always stages a comeback, but some had begun to doubt. It looked as if there was not a drop of water in a car load of clouds. The clouds would come up, thunder and lightning like nobody's business, but a sprinkle or light shower—maybe a dust storm—would result.

Well, we have talked with a number of our farm machinery men and they tell us that new farm machinery is beginning to arrive, faster and faster, but every tractor, combine or what have you, is quickly snatched up. The people evidently believe that the worst of the drouth is over, maybe for several years, and that good crops will abound for the next eight or ten year cycle.

By that time, the writer believes that many of the Terry county farms will be equipped with big wells and pumps, and that farming will be carried on wet or dry years.

## Johnson News

Mr. and Mrs. Leo Groves and children returned here Sunday from McKinney, where they had spent several weeks, visiting relatives.

Mr. and Mrs. Wood E. Johnson, Carol and Harold Troy spent the weekend at Gorman.

Bro. Gayle of Meadow preached for the Baptist folks Sunday.

Carol Jones and family of Monahans visited his father and family, J. J. Jones, over the weekend.

Billy Winn attended the rodeo at Hobbs Monday.

Reg Martin and Puny Lee visited Claude Merrit Monday afternoon.

Mr. and Mrs. R. D. Jones returned home Saturday from Hollis, Okla., where they had been visiting relatives.

The Johnson farmers are busy planting wheat this week.

## THE GRILL CAFE HAS BEEN REMODELED

The Grill Cafe on the west side of the square was closed from the 18th to 29th inclusive to give the owners time for cleaning, redecorating and remodeling.

Let us say the owners sure did a thorough job, and this popular eatery now shines like a new coin.

Mr. and Mrs. Steel Bayless visited in Lubbock over the weekend.

## Is Our West Ward School Building Safe?

While it has been generally known for some time that the original school building, now known as the West Ward building, was in condemnable condition, everybody's business, etc., has passed it up. But when a large number of mothers took their children to it, Tuesday, they came away in anxiety, and their expressed fears cannot go unnoticed.

It is thought the structure is sound, but the fire escapes, and this building certainly needs them, are reported in dangerous condition. The floors being old and well oiled, enhances fire hazard. It is also rumored that the old wiring in the building is very defective.

It was pointed out by several patrons that these defects could be readily remedied, and greatly reduce existing danger, without a bond issue, or new building.

## Union News

The Baptist revival closed Sunday night after a week of successful services. Rev. Emmett Brooks did the preaching. He was assisted by Rev. Bell, in the absence of a pastor. Five people were baptised Sunday afternoon.

School started again Monday morning, Sept. 2, after a three months vacation. We have a different faculty this year, with the exception of Miss Stewart and Miss McBroom, who were here last year.

The faculty and their home room, or major subjects, are as follows: High School, Mr. Dee Hancock, Supt. and coach; Mrs. Laverne Hancock, English and Math; Mrs. Beulah Herring, Social Science; Miss Cornita Gibson, Home Ec.

Grade School: Miss Geneva Stewart, 7th and 8th; Miss Avis McBroom, 5th and 6th; Miss Glona Purselley, 4th grade; Miss Mae Gene Bevers, 2nd and 3rd; Mrs. Juanita Laniou, 1st grade.

Mr. Hancock told the teachers at the faculty meeting that each teacher will be responsible for one assembly program during the school term. With the co-operation of the pupils we can make these assembly programs entertaining as well as educational.

The bus drivers for the school this term are: Mr. O. E. Floyd, Mrs. Inez Floyd, and Mr. Horn.

The patrons and pupils are urged to co-operate with the teachers and bus drivers in making this a successful school year.

The H. D. Club will meet with Mrs. Schultz next Thursday, September 5. All the members are expected to be present.

## Rotary District Governor Here Tonight

W. A. Stephenson, Abilene, governor of the 62-club 127th district, Rotary International, will be a guest of the Brownfield Rotary Club tonight at 8 o'clock at the Wines Hotel.

Stephens, who is making the customary annual Governor's Tour of the district, will hear the reports of the various committees of the local club and will offer such suggestions as he may consider necessary.

O. L. Peterman, president of the local club, urges that all Rotarians be present if humanly possible.

Punning the elections: Over in Terry County, a Fox beat a Lyon; Lynn County voted down a Swann; in Dickens, a Koonsman was beaten by a Kimmel; Yoakum elevated a Price over a Cobb; Lamb County got a Holt and both Floyd and Hale lost one; on the South Plains, a Weed, a Steed, a Spikes and a Stone all were defeated. And of course in the state, Shivers brought down a House, and a Jester took the throne in definitely unRainey weather. —Gaines County News.

If the heads of the UNRRA are not going to do anything about the matter, congress should act, and stop the flow of food to those low down, dirty little bastard nations in southeast Europe, who are and have been eating food from the United States for months, and were supplied with weapons, food and medicine to fight the Germans during the war. They have no respect for anyone or anything except Stalin and his red cohorts. For one, this individual don't mind cutting down on some food to feed the deserving hungry. But we are getting fed up on feeding birds like Tito's gang while they shoot down unarmed American fliers. We are supposed to be at peace with the Yugs or Lugs if you wish. They could fly all over America and nothing be said or done. But those trigger happy sons of so and so could be cut off from old Easy Uncle Sam's food supply—and right now.

If the bureaucratic left wingers along with their comrade fellow-travelers now make trouble, after what Texas people said when they spoke August 24th, they just don't want peace. Neither do any others with communistic leanings. Making trouble in the world is their stock in trade. So, we shall see what we see when the convention meets at San Antonio. On the other hand if the president and secretary of the state convention step down and out as they indicate, there will be no trouble. However, they have held on for the past two years when the vast majority of Texas voters was not with them. The unfettered Democracy of Texas stands today where it has stood for ages. Some of them have made a little foraging expeditions into the untried, had their fingers burned, and are now ready to return to the condition wherein Texans feel they are able to run their own affairs without the help of Washington brain-trusters.

We look for State Superintendent L. A. Woods to get the ax two years hence, and while we are predicting, we shouldn't wonder that Supt. May of the Athens schools is not just the man to trim Woods' sails. Most people think that school people support Woods almost to a man, but we have talked with several of late, and find this is not the case. It is rather, we think, a class of people who never read even their local papers, or listen to the radio, who, seeing the same name on the ticket bi-annually, think he must be OK and let it go at that. Woods layed down the gauntlet in the governor's runoff. So mote it be.

Down under the cap, when they report a rain, especially a big one like they and we have been having of late, they always include the inevitable, "the tanks are full," meaning the little muddy, murky water tanks made of earth. Of course the people do not use the water, but these tanks are sometimes life savers for the livestock. On the Plains, we never think about the tank proposition, as the windmill attends to that chore.

It is expected that the \$300,000,000 appropriation for the ex-

tion of rural electrification is the beginning of the ambition of the friends of REA to see every farm home in America supplied with this modern convenience. This will greatly add to the improvement of living conditions on the farm, and at the same time will mean the production in many factories of thousands of utilities which must be supplied the huge farm population when they have electricity. This will mean prosperity for the factory worker, who in turn will be able to buy more of what the farmer has to sell. The rule will work both ways.

Some one has said that the biggest cussers of OPA are those who applaud huge spending operations of our government. They never stop to realize that OPA or any other organization can no more haul the climbing prices when the country is flush with money, and what they want is scarce, than one can stop the sun from rising. The most the government can do is to scotch the ascent with parity money, which is just tax money taken from the people. But like the old bean game at the old time circus, it is just a case of now you see it—now you don't. And most people don't.

The increase in the price of crude oil of only 25c per barrel was justified by every method of measurement conceivable. It costs more for labor and materials to take crude from the earth than ever before in the history of our country. Yet we have heard many, many people roaring about the matter. This slight increase will be reflected very little in the price of gas and refined oil, but it will mean just that much more to our schools and highways. In fact, we have not heard of any one canceling a proposed trip on account of a hike in the price of oil and gas.

Do you want to go through a lot of government red tape when you really need a doctor in your family? If so, you are for socialized medicine. As for us, deliver us from that evil. We have had some experience with government dealings since the war started. Some with an ordnance plant where the government hired or wished to hire help. It was more trouble to make out the forms for a few dollars than the bill came to. More recently we have tried using a priority of a discharged service man, member of this firm, to get some needed machinery. We thought it all fixed up, when low and behold, we got another questionnaire only a Philadelphia lawyer could understand about "how badly we needed the machinery." We flipped it in the waste basket and decided to take our turn. Then the war assets administration at Fort Worth wanted to take the Herald a year. What we received from them in duplicate, triplicate and foubriate would take so long to fill out that the subscription would expire before we got the money. It went in the waste basket. Why can't the government do business like other people?

## East Texicans And Tennesseans Visit Us

It seems that some of the Old He's folks back east have just learned about the best and fastest growing section of Texas. This is especially true of the Tennessee folks. Formerly they would probably get as far west as Fannin county—maybe Johnson—and go back home and say they saw Texas. As a matter of fact they never got out to the wide open spaces.

This time it was our nephew, Benton Stricklin and wife. Benton is the eldest son of our brother, Meeks, of Johnson county. Coming with him was Phillip Rogers, of Middleton, Tenn., whom some will remember was out here back in 'one and got so "smitt" on one of our fine lasses, that he just can't stay away. He has to come back for more. Not more girls, but more love and nothingless sighs. Such a condition is pitable.

And with them was our grand niece, Miss Emma Jean Stricklin, also of Middleton. Now Jean is not altogether unfamiliar with west Texas. During the war, she learned to be a teletyper for Western Union out at El Paso, and for several months of the war held a job out in Oregon.

Anyway, Benton and wife had to leave Monday, as he is an employee of Texas Power & Light Co., at Paris, Texas, and just had the weekend Labor Day holiday.

**ONE-ARMED BANDITS . . .** and all sorts of other gambling, including roulette, dice, cards and an up-to-the-minute race results board will flourish on the floating casino, "Lux," a ship which will be anchored six miles off shore at Long Beach, Calif. The idea of staying out in the ocean is to evade federal and state laws prohibiting gambling. Attorneys for Tony Cornero, owner and operator of the Lux, believe that he will be untouchable in the deep. Speedboats will taxi patrons back and forth every five minutes.

## Joe Stalin Would Have It That Way Too

To us it appears that a small town weekly editor just recently attacked the American Way of Life in the light of its being degrading and causing the American people to become lazy. He even inferred that the people of American should forget community pride and be satisfied with just being an American or a Texan, forget old friends and become one of the herd that think only of the State. Joe Stalin would eat up that kind of rot.

What has made the American way of life? Has it been the state; has it been our national government? We don't think so. We think that the American way of life has come about through the training that every individual, has received at home, in the community church and in the community school. If you want to take away the zest of living from a group of Americans, take away their right to get together in public places. If you want to ruin the spirit of a community, take away its churches and its schools; take away the public meeting places of those communities throughout this nation, and you cut out the very heart that keeps this nation ticking.

What is wrong with holding county reunions? What is the purpose of holding any reunion? Couldn't it be that this editor is afraid that politics might be discussed? Or is it merely the trivial fact that some of the public parks may get cluttered with paper and crumbs from picnic baskets? Who made possible these public parks? True there are many of them owned by the federal or state or municipal governments, or at least patrolled by these institutions, but they belong to the people of America—to you and to me, to rightfully use in any manner we may see fit. Thank goodness, Joe Stalin doesn't control these public places; if he did, they might not be as beautiful to look upon as they are now.

Thank God, we live in a community in which we can have friends, can meet with those friends in business and pleasure, and in spirit without having an armed guard standing over us keeping us from thinking out loud. We believe in the old song, "The More We Get Together" the happier we'll be. — Crosby County (Ralls) Herald.

Mr. and Mrs. Clyde Lewis visited with Mr. and Mrs. Zeb Moore in Amarillo the first of the week. Mrs. Elray McKinney and son, of Salinas, Kansas, met them there and returned home with them for a visit.

Mrs. Chris Quante visited friends in Abilene and attended to business in Ft. Worth last week.

Dr. and Mrs. James M. Reynolds, of Dallas, were guests in the home of Dr. and Mrs. W. A. Roberson, Thursday and Friday of last week.

As for Phillip Rogers, a cousin, they just ain't no telling when that boy will leave. Emma Jean will stay at least a week longer.

## Byrd Of Virginia

If we had to name the most valuable member of the United States Senate, we'd put both our hands on the shoulders of Harry Byrd, of Virginia.

He isn't the most popular member of that body. Men who "sit on the lid" never are. "The sheer magnitude of our present government," the Senator holds, "forces it into every man's daily life, whether he likes it or not."

Looking back to 1935 — "when we were just beginning the era of vast Federal expenditures from borrowed money, to experiment with deficit spending as a panacea for our difficulties, and to seek a magic key to lead us into a new era"—

The annual Federal payroll was \$1,361,000,000. Today it is approaching \$3,000,000,000 — nearly six times the annual payroll of 1935, and nearly twice the entire cost of government in 1935.

"Today we have 1,411 separate agencies, bureaus and main departments in Washington," Senator Byrd points out.

"Today, as against the \$29,000,000,000 national debt of 1935, we have a national debt of \$275,000,000,000.

"In 1935 we paid about \$3,000,000,000 in subsidies and grants. Today, subsidies and grants cost us \$16,000,000,000.

"In 1935, per capita taxes were about \$20. Today the per capita tax is \$308.

Senator Byrd knows, as we know, that this saturnalia of Federal spending cannot continue indefinitely, and that it is the obligation of the citizen to support the Government, and not in any way the obligation of the Government to support the citizen.—West Point (Miss.) Times-Leader.

## Long Pull

From The Dallas Morning News  
To be expected was the extension of GOP olive branch to Texas Democrats dissatisfied with conditions within the State party but the closely knit group that keeps alive the Republican minority tradition faces a long, hard struggle if the desirable two-party State is to be based on familiar Republican thinking. There may be some suspicion that the branch was lopped off a lime instead of an olive tree.

The veteran core of Democratic opposition to intraparty developments consists of men and women whose political principles are as much opposed to fundamental GOP thinking as to the fuzzy economic and social reasoning of the New Deal. It is as much of an absurdity to try to term them Republicans as it is to identify a New Dealer as a traditional 1870-1932 Democrat. If anything, the conservative wing of the Texas party is much further removed from the GOP than is the so-called liberal wing. It is the conservatives whose faith is embodied in free trade, States' rights and the white primary, the liberals who violate all three of the traditional Democratic Party principles of the South which have always been opposed also by the GOP.

There is still so distinct a line of cleavage between the Texas conservative and the Texas Republican as to mark the two as

## CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: J. C. Wages, the heirs and legal representatives of the said J. C. Wages, the wife of the said J. C. Wages if he be married, the legal representatives if they be dead.

YOU are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 21 day of October, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 5 day of September, 1946.

The file number of said suit being No. 3241.

The names of the parties in said suit are: James A. Shepherd, as Plaintiff, and J. C. Wages, the heirs and legal representatives of the said J. C. Wages, the wife of the said J. C. Wages if he be married the legal representatives of the heirs of said J. C. Wages if they be dead, as Defendants.

The nature of said suit being substantially as follows, to-wit:

Plaintiff sues for the Title and possession of Lot Number Six (6) in Block No. 79, of the Original town of Brownfield, Texas, alleged among other things that he was on or before the 1st day of September of the year 1946 in legal possession of said property that on that date, Defendants unlawfully entered upon said property dispossessing Plaintiff of the possession thereof. Plaintiff pleads further the three, five, and ten year statute of limitations.

Issued this the 5 day of September, 1946.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 5 day of September, A. D., 1946.

ELDORA A. WHITE, Clerk District Court, Terry County, Texas. 9c

The Bagby Circle of the Baptist Women's Missionary Society met in the home of Mrs. Roy Phillips, Monday afternoon, for a Bible study which was conducted by Mrs. E. D. Yeatts. Present were: Mesdames John Jenkins, D. L. Patton, Ame Flache, Mary Green and E. D. Yeatts.

Mrs. M. B. Sawyer is visiting her daughter, Mrs. Raymond Barrier, in Dallas and taking a course of baths in Mineral Wells, during the month of September.

incompatible. Whereas, if the only difference between a nominal Republican and a nominal Democrat is now that between the out and the in, it is the liberal wing that could be enticed most easily into building a two-party State out of coalition. Once the liberal wing is out, the GOP will find pursuit of that theory both interesting and profitable.

Contrary to that view is the generous offer of George C. Hopkins to let the inveigled Democrats run the coalition party. The test of the validity of the offer would lie in an outright declaration of principles. Had the GOP at Mineral Wells been able to declare for free trade, States' rights and the party primary in its own party, there might be something to it.—Dallas News.

## Notice Of Sale

The Brownfield School Board is offering for sale to the highest bidder that block of land joining the Lubbock highway, just west of the football field, the dimensions being 210 by 130 feet.

They are offering for sale school property at Tokio, Texas:

One bus barn, approximately 30 by 50 feet; wooden frame; sheet iron walls and roof.  
Pump, well casing and sucker rods.  
1,000-gallon butane tank and approximately 400 feet of gas pipe and equipment.

2 small overhead wooden water tanks.

Two outdoor toilets.

Items must be bid on separately.

The Board reserves the right to reject any and all bids.  
The bids must be sealed and accompanied by cash or check amounting to 20 per cent of your bid. Bids will be opened and considered at the regular meeting of the Board the night of October 7, 1946.

Also, for sale, the brick school building at Tokio.

Brownfield School Board 7c

**PAPER NOT RICE . . .** Hearing that an estimated 1,557,000 pounds of rice are wasted annually by well-wishers at American weddings, Fred Boggio and his pretty bride, the former Bridget Marand, requested that none of the precious grain be thrown at their ceremony. The couple is being showered with confetti as they emerge from Our Lady of Mount Carmel church in New York City.

### BYNUM THANKS VOTERS

Now that both primaries are over and you have democratically, and I am sure wisely, selected your county officers for the next two years, I want to thank the people of Terry County for the vote you gave me in the first primary election. Although my vote was small you treated me royally, you were swell.

Thanks a lot for being with you, and I'll be seeing you.

W. A. (Judge) Bynum  
(Paid Pol. Ad.)

The Dr. Newton case has been moved to Sweetwater, for trial, we understand. He is charged with attempted murder of Dr. Hunt of Littlefield. In the meantime, Jim Thomas, who is charged with the murder of Dr. Hunt and wife, later, will be tried at Tullia. The third or fourth trial of Thomas and about the fourth for Dr. Newton of Cameron.

### For Sale

80 acres irrigated farm; 2 wells; all in alfalfa; 4-room house. A real buy.

118 acres irrigated farm; well improved. A bargain.

Have several buyers for 5 and 6 room houses. List with us.

**McKinney - Thomason**  
Real Estate  
Palace Drug Bldg.  
Brownfield, Texas 51tfc

### WCS MEETS IN FELLOWSHIP HALL

The Woman's Society of Christian Service met in the Fellowship Hall of the Methodist Church Monday afternoon, for their regular meeting.

Mrs. Glenn Harris conducted the lesson, which was taken from the 5th, 6th, 7th and 8th chapters of the book of Romans.

A report was given by Maxine Fuller, a colored girl, about the Bible training school for colored people in Amarillo. She was a student of Brownfield.

Those present were Mesdames J. H. Carpenter, Glenn Harris, W. B. Downing, A. J. Loyd, R. N. Huckabee, Cleve Williams, Ed Sharp, A. E. Proctor, Lee Walker and Maxine Fuller.

Rev. Ed Sharp filled the pulpit at the Seminole Methodist church, Sunday, in the absence of the pastor, who is holding a revival. Rev. Ed. is a former pastor of the Seminole church, as well as the Methodist church at Seagraves. Ed is now a superannuate, but physically and mentally as lively as a kitten. He has a home here in town, and two Terry county farms.

According to W. W. Price, the local bar was pretty well represented at the Judge Garland funeral at Lamesa, Tuesday. He also stated that attorneys attended from all over west Texas.

**MODERN CRUSOE ON BIKINI . . .** George A. (Gator) Medlin, Orlando, Fla., operator of a navy power crane at Bikini atoll, where atomic bomb tests have been carried out, believes in being comfortable on the job. He survived the final test.

Jerry Gant Maroney celebrated his sixth birthday, August 25th, with a party at the home of Mr. and Mrs. Coy Maroney. After enjoying games and playing on outdoor play equipment, the guests were served ice cream and birthday cake. Twenty-seven children were guests.

Miss Marie Herron, of Amarillo, spent the weekend here visiting Mr. and Mrs. J. W. Hogue and other relatives.

## Veterans News

The Veterans Administration is still grappling with the problem of getting nurses although it offers salaries and other benefits well above private scales. Miss Dorothy MacLeod, Chief Nurse in the Dallas Branch Office of VA, said this week.

VA hospitals in Texas, Louisiana and Mississippi, are short 400 nurses, Miss MacLeod said. In some hospitals, notably the huge installation at Temple, Texas, formerly operated by the Army, VA has had to restrict the entrance of patients, she added. Appealing especially to former nurses in the armed forces, Miss MacLeod said: "Thousands of the younger boys and men of World War II, so well cared for by Army and Navy nurses, are now in VA hospitals. They still need your help."

Salaries for VA nurses range from \$2645 to \$5905 per year, Miss MacLeod said. In addition, VA offers retirement pensions, recreational facilities and other benefits under a new Department of Medicine and Surgery.

VA is now planning a program of training that will be attractive to younger nurses just coming out of schools, Miss MacLeod said.

Application forms for amputee veterans to use in obtaining cars at government expense are expected to be available from VA offices in the Dallas Branch Area in about two weeks, VA announced this week.

VA is responsible for administering the new \$30,000,000 program enacted by Congress to provide automobiles or other conveyances for disabled veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle."

Veterans who think they are entitled to receive cars can obtain the necessary forms and information from VA contact representatives in all larger communities.

### SPECIAL NOTICE

The American Legion Auxiliary will change their meeting night from Monday, due to the Teen Canteen using the hall on that night. Watch the paper for the date of the next meeting.

Mr. James King is in Eagle Nest, New Mexico, this week on business for the King Nursery.

### Strictly Private

Hereafter, when "Elsie the Cow" isn't in the mood to mingle with the common herd, her fancy will be catered to by General Electric's new individual de-iced drinking cup. Like the G-E stock-tank de-icer, the cup is heated just enough to keep the water from freezing, thereby assuring "Elsie" a long, cool drink winter or summer. Unlike the proletariat stock tank, however, the cup entertains only one customer at a time. Thus, "Elsie" now can make drinking a strictly private affair.

### SANTA FE CARLOADINGS

Santa Fe System carloading for week ending August 31, 1946, were 26,470 compared with 25,837 for same week in 1945. Cars received from connections totaled 12,333 compared with 11,234 for same week in 1945. Total cars moved were 38,803 compared with 37,071 for same week in 1945. Santa Fe handled a total of 39,842 cars in preceding week of this year.

Mr. and Mrs. A. T. Pickett were hosts with a family dinner at their home Sunday. Guests were: Mr. and Mrs. L. M. Perry, Mr. and Mrs. J. W. Jordan and son, Davie, Mr. and Mrs. C. C. Bryant and daughters, Mr. and Mrs. Dick Perry and son, Mr. R. B. Perry, Everett Brazelton, Mrs. Minnie Bryant, all of Brownfield, Mrs. Mabel Warren and daughters, of Rotan and Mr. and Mrs. David Perry, of Kerrville.

Sam Privitt and C. D. Thomas, as delegates, and J. B. Huckabee, as an alternate, representing the Howard-Henson Legion Post, of this city, attended the State Convention of Legionnaires, held at Galveston, early this week. The Post ranks twentieth in size in the State, including the larger cities. It has 889 members.

Mr. and Mrs. T. W. Murray and Miss Correna Murray, of Nashville, Ark., were weekend guests of Mr. and Mrs. S. O. Murray.

# WE ARE MOVING . . .

**MRS. SPRADLING OPENS KINDERGARTEN**

Mrs. L. D. Spradling opened her kindergarten at 419 South Second St., Sept. 3rd, with a get acquainted day. Nineteen children, ages 4 to 6 years, are registered so far.

Mrs. Spradling has operated a kindergarten here for the past two years and is well qualified, having a Bachelor of Science degree and eight years teaching experience in public schools. Music, dramatization, art, games, reading, writing and story telling will be taught.

Mr. and Mrs. Ralph Ferguson and son, Robert, spent the latter part of last week visiting friends and relatives in Odessa and Midland.

**SEAGRAVES WINS BASEBALL PENNANT**

Seagraves' team, by a score of 4 to 2 over Levelland, last Sunday evening at Seagraves, won the Oil Belt championship in baseball for the season just past.

This included several towns in west Texas and eastern New Mexico.

Dr. R. B. Parish and wife, of Hobbs, N. M., formerly of Brownfield, were through Tuesday on his return from Plainview, where he attended the dental association, Monday. He stopped long enough to get his Herald up another year in advance.

Mr. and Mrs. Hub King were in Lubbock on business, Monday.

**Behind the Scenes in American Business**

By John Craddock

New York, Sept. 2 — As the summer draws to a close perhaps the most important question facing businessmen is how long purchasing power can hold up in the face of rising prices. From June 15 to July 15, the cost of living index prepared by the Bureau of Labor Statistics advanced nearly eight points. That was nearly double the advance shown in the index for the preceding 12 months. The rise in the index is even more significant when it is realized that several of the component parts such as rent and utilities remain fairly constant. It means that food and clothing, two of the most important expenditures of small-income families have shown even greater price increases. Retailers report a growing resistance on the part of the public to rising prices. Just how much of this resistance is in the nature of a protest and how much a necessity is a question. It is a simple economic fact that the higher prices go, the fewer things people will be able to buy. Somewhere along the line there is a turning point when production will either begin to exceed demand or it will have to be curtailed. The question is when will that point be reached.

**THINGS TO COME** — A new variety of heating pad which will hold moisture, for the sick room. It contains a large pad for use in rheumatism and similar ailments with a cellulose unit which when saturated retains moisture up to twelve hours. Also a smaller pad that is especially made for headache treatments. . . An air cleaner for the home. Operated by electricity it is said to remove more than 90 per cent of the dust, pollen and tobacco smoke. . . Scissors for children. They are made of plastic, will cut paper, but cannot cut hair, clothing, upholstery or curtains. . . An electric company has developed an "indirect lamp" which permits a secret two-way conversation over an invisible searchlight beam. The source of the unseen radiations is caesium vapor, an element never before used extensively in lamps. It may now become an important factor in beamcasting. . . A new home recording machine which can be set so that it will record the owner's favorite radio program while he is away and play it back to him when he returns.

**BITS 'O BUSINESS** — Production of farm equipment is rapidly improving, although the rate is still under the 1945 level. . . Scarce materials still hold up the nation's production machine. Examples: One producer has held up thousands of pressure cookers for lack of handles. Another holds up radio production for lack of magnet wire for loud speakers. . . Strikes and reconversion costs have cut into the large supply of cash in the hands of corporations at the war's end. . . Flour ceilings are likely to remain in spite of the bumper wheat crop. Foreign hunger will be the cause. . . Butter will probably be harder to get next winter than during the war. The 1946 production has been running 25 per cent below the 1945 rate and stocks on hand are currently only about 30 per cent of normal. . . The scramble of distillers for rye has pushed up the price of that grain in Winnipeg and Minneapolis. . . A Pittsburg company is providing its white collar workers with courses of instruction and some amusements while the plant is on strike.

**South Plains Fair Catalog Ready**

Lubbock, Aug. 31 — Copies of the catalog and the premium list for the 29th Annual Panhandle South Plains Fair will be mailed sometime next week, officials of the Fair Association announced today.

The catalog goes to all who exhibited in the last Fair in 1941, to newspaper editors, county agents, superintendents and judges for the Fair, vocational agriculture teachers, home demonstration agents, home demonstration club presidents and chairmen, and Chamber of Commerce secretaries.

Extra copies of the catalog are available in the office of the Lubbock Chamber of Commerce. They may be obtained by writing the Chamber at Box 561, Lubbock, Texas, or by calling in person at the Chamber offices in the Lubbock city hall.

The Fair this year will be held at the Fair grounds, as usual. Dates are October 7-12.

W. L. Faller, Publicity Mgr. Lubbock C. of C.

Mrs. H. B. Grant underwent surgery in the Treadaway-Daniell hospital, Sunday.

Mr. and Mrs. David Perry, of Kerrville, were here over the weekend visiting relatives. Billie Brazelton returned home with them to attend school in Kerrville.

**Levelland Refinery Has Oil Well In Yard**

The Levelland Oil Refinery, established about six years ago, now owned by the Farmers Co-op Associations, including the Co-ops at Brownfield, by extensions of the Sundown oil field northward, now has two oil wells on its three acre site.

The oil from the well flows into a small tank to extract sediments, thence into the refinery stills. This is a modern convenience.

Mr. and Mrs. C. R. Clewis, of Dallas visited Mr. and Mrs. E. R. Clewis, of Brownfield and Mrs. Clewis' parents in Lubbock, over the weekend.

**The Low Down From Hickory Grove**

What this country needs to know is, how much is 41 billion bucks. We been seeing Congress dish up 100 million, or 2 billion without battin' an eye, for so long, that we do not even look to see if it is a million or a billion. The Sheriff has not drove up yet, so what the heck. What is an extra 3 ciphers, more or less.

So with your congressman coming home, it is now a good time to quiz that gent. Maybe he can tell you what is 41 billion. But if he can't, and he gets confused or red in the face, you can tell him the answer. I dug up my slide-rule. Here is what it says. If you have 41 billion bucks in one dollar bills and you lay 'em end to end, they would go 142 times around the earth—at the middle. And computin' still further with my slip-stick, these 142 separate round-the-world strips would make one single band of carpet 30 feet wide. Some pavement that would be—or is—and the dinero to be coughed up via taxes, income and other kinds. And that

Jack Tiernan, former well known druggist here, now operating a drugstore at Eunice, N. M., was here Monday visiting his mother, Mrs. Geo. E. Tiernan and brother, Ellwood.

is just one year's expense of the Govt. Next year it will be another 30 foot layer of greenbacks—25,000 miles long.

One good thing you can say for dog-days this year—Congress is not in session, and addin' further to our miseries.

Yours with the low down,  
JO SERRA

**KILL RED ANTS!** You can easily rid your premises of Red Ant Beds with **Durham's Extermo Ant Balls** at a cost of less than 5c per den. Six Balls 30c and 12 Balls 50c at your druggist or at **PALACE DRUG STORE**

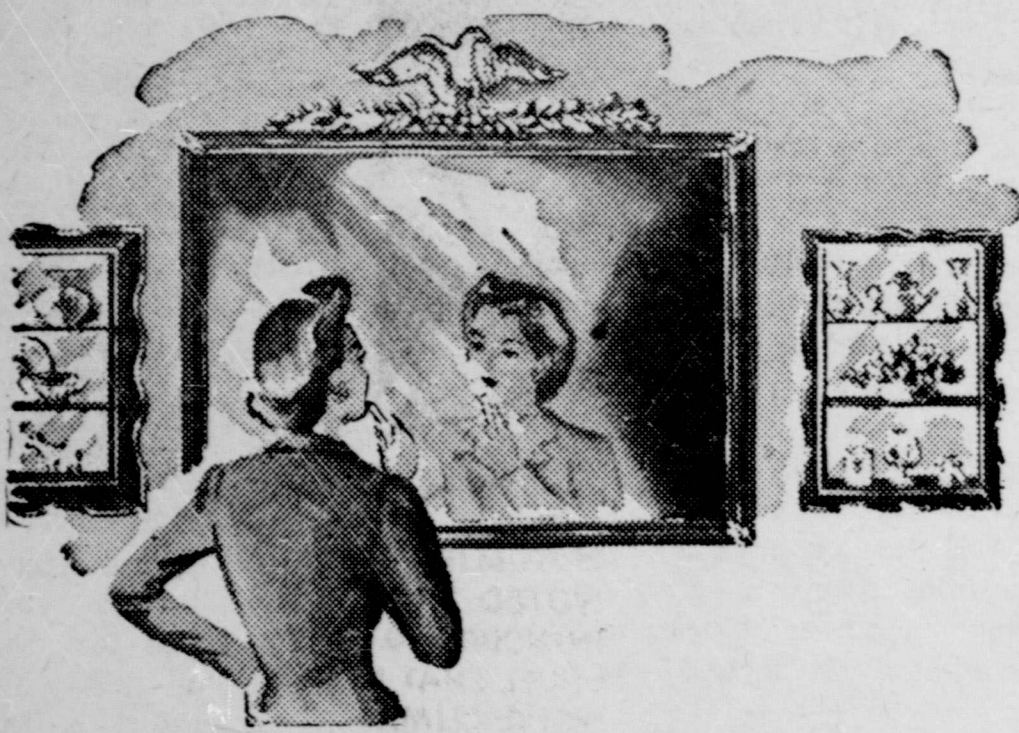

Mrs. Fred Lowe and girls and Mrs. J. D. Pharr spent Saturday afternoon in Hobbs, visiting Mr. and Mrs. Randolph Hyman.

Mr. and Mrs. Jess Woolsey, of Brady, were guests in the home of Mrs. Elsie Kendrick, Sunday and Monday.

Joe Hardin, who underwent surgery in the Lubbock Memorial hospital, is reported doing nicely and will return home today.

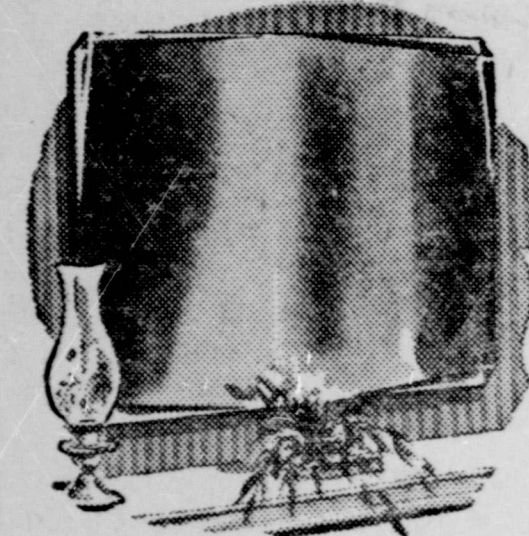

Mr. and Mrs. Grady Terry, who are here visiting, made a business trip to Colorado Springs the first of the week.

### GI Question And Answer Department

Q. I signed a statement before my discharge that my disability existed prior to my enlistment. Does this bar me from receiving a pension?

A. No. Under Title 1, Section 105, Public Law 346, 78th Congress, any statement of this nature which you may have made at discharge is considered null and void.

Q. Are insurance benefits received by the parent considered as income.

A. In determining dependency, amounts received by the mother or father from any insurance under the War Risk Insurance Act, or the World War Veterans Act of 1924 as amended, or the National Service Life Insurance Act as amended will be disregarded.

Q. Under what circumstances are parents considered dependent?

A. Dependency will be held to exist if the parents do not have an income sufficient to provide reasonable maintenance for themselves and members of their family under legal age or otherwise dependent by reason of mental or physical incapacity.

Q. I am in receipt of peacetime benefits for disability incurred prior to December 7, 1941. Why am I not entitled to wartime benefits for this period?

A. Since the World War II did not start until December 7, 1941,

### On A Slower Train

The chief apparent virtue of the OPA seems to be that it gives the consumer about 90 days of grace. In other words, it takes about 90 days for prices to advance to the point they might advance to overnight without OPA restrictions. But apparently the same price standard is reached at the end of 90 days, no matter whether there is an OPA or not.

Possibly this slower increase under OPA direction is worth the many, many millions of dollars it costs to maintain the OPA. In any event millions of people clamored for the retention of the OPA and were quite wrathful when it was suspended for a brief season. Perhaps they still prefer the slower way even if the final destination is fixed and certain.—Daily Oklahoman.

veterans with disabilities incurred in service prior to that time are not entitled to wartime benefits unless their service falls under the provisions of Public Law 359, 77th Congress, which disability was the direct result of armed conflict or was received while the veteran was engaged in extra hazardous service including such service under conditions simulating war.

Q. Is a veteran who has been granted compensation entitled to an increase in the severity of his disability?

A. Yes. The rate of increases in compensation depends upon the increase in disability.

### Less Hogs, But More Money

College Station — In January of 1946 there were 298,000 more hogs in Texas than there are today.

That sounds like a blow to Texas swine production, but a comparison of values shows that prices and quality are more important than mere quantity in production. Even though there are almost 3,000 less hogs in the state now than in 1945, today's value of Texas hogs is set at \$34,005,000, as compared with the 1945 value which was only \$4,202,000.

These figures were released from the Agricultural Economics Service Center which has been recently set up at the Texas A. and M. College Extension Service.

Figures from the service center are reminders of what did and can happen to values of farm and ranch products. For instance, hogs in 1919 were averaging 18.60, but were at a \$2.59 average in 1933.

For an over-all view of what the "depression days" did to agriculture in this state, the service center has figures showing that it took Texas farmers 13 years to again reach a cash income of 20 million dollars after seeing it fall below that figure in 1929.

Mr. Dyer Oakley, an employee of the Denver Drilling Co., who was injured in an accident, was dismissed from the local hospital Saturday.

### Simple Repair For Washing Machines

College Station — Many washing machine disorders can be repaired at home if a few basic rules of care and simple repair are observed. Mrs. Bernice Claytor, specialist in home management for the A. and M. College Extension Service, lists some of the most common disorders as follows:

If the motor will not operate, there may be a fuse blown, a loose connection at the wall outlet, or a cord or plug that needs repair. To prevent blowing a fuse, never start the motor while cold and never start it when the agitator is at the "ON" position. Never start the motor and agitator with the machine loaded, and remember never overload the machine.

Stiff oil in a cold machine is another reason why a motor will not operate. Move the machine into a warm room one or two hours before using, or fill the tub with warm water.

One cause of wringer disorder—improper pressure on the wringer roll—can be remedied by adjusting for correct tension.

If the agitator does not operate properly, it may be out of place or the cap screw at the top may be loose. The set of screws on the drive coupling at the motor end and agitator shaft end also should be kept tight.

Loose or worn parts or uneven loading may cause a machine to be noisy. Uneven loading makes the spinner vibrate. A machine also may be noisy if it is not level. A thin piece of wood placed under legs will correct this trouble.

For detailed instructions ask the local home demonstration agent for a copy of "Household Equipment—It's are and Simple Repair."

### Buick Expands For Increased Production

Flint, Mich., Aug. 29—Completion of the first of the major construction projects, launched in the post-war modernization and expansion program of the Buick Motor Division last fall, was announced today by Harlow H. Curtice, vice president of General Motors and chief executive of Buick.

The new building, having 252,000 square feet of floor space and designed as a part of the company's final assembly area, provides modern facilities for manufacturing, sub-assembly, parts receiving and storage operations in connection with the final assembly of cars. It adjoins the huge Buick assembly line where production has been carried on in increasing volume during the course of construction.

Construction of a dozen other buildings here, including a large sheet metal plant, expanded foundry and forge facilities and ship-

TEA AND SHOWER HONORS MRS. BAGGETT

Mrs. Eldon Baggett, who before her marriage was Miss Theda Jobe, was named honoree at a tea and shower, Friday from 4 to 6 o'clock at the home of Mrs. A. R. Tyler. Assisting Mrs. Tyler as hostesses were: Mrs. Elmer Brownlee and Dorothy Nell, Ganelle Newman, Gwendolyn Franks, Mary Chambliss and Wanda Jean Tyler.

Receiving the guests were: Mrs. Tyler, Mrs. Eldon Baggett, Mrs. V. O. Jobe, mother of the honoree, and Mrs. Ben Baggett. Mary Chambliss presided at the guest book.

The tea table was laid with a lace cloth and centered with an arrangement of red roses and white candles. The table appointments were crystal. Misses Newman and Brownlee served punch and individual cake squares iced in white and decorated with red roses.

Bowls of roses were used throughout the entertaining rooms. The mantel was decorated with a large bride doll on white satin with tiny rosebuds adding to the decoration. Members of the house-party wore corsages made up of small kitchen utensils and tied with ribbon. They were later presented to the honoree.

A musical background was created by Miss Bobbie Helen Brian with her many piano selections. Mrs. Brownlee and Miss Tyler displayed the many lovely gifts.

PEELERS ENTERTAIN CLUB

Mr. and Mrs. Reagan Peeler were hosts to the Night Bridge Club at their home in Sundown, Thursday of last week. Mrs. R. N. McClain and Mr. Harold Crites scored high.

A salad plate was served to: Mr. and Mrs. R. L. Bowers, Mr. and Mrs. Joe McGowan, Mr. and Mrs. Harold Crites, Mr. Everett Latham, Mrs. R. N. McClain, and Mr. and Mrs. O. L. Peterman.

Mr. and Mrs. W. M. Thomason spent several days last week in Skellytown, Texas.

Mrs. B. J. Hill and Mrs. Lewis Huckabee and son, Freddie, spent Sunday in Roswell visiting Mrs. C. T. Acker.

Mr. and Mrs. L. G. Smith and Mr. and Mrs. Grady Davis spent Sunday in Post visiting with Mr. and Mrs. D. D. Howell.

Wanda Tomlinson and Margaret Kapple spent last week in Plainview visiting friends and relatives.

Virginia Mayfield Becomes Bride Of William Paul Tapp

Virginia Mayfield, daughter of Cleo E. Mayfield, 200 Sayles and William Paul Tapp, son of Mr. and Mrs. W. W. Tapp of Brownfield, were married August 24 in the First Methodist parsonage. The Rev. O. P. Clark read the ceremony.

The bride wore an aqua suit with black accessories and a corsage of gardenias. She is a graduate of Alexandria high school and has lived in Abilene the past year. The bridegroom is a graduate of Brownfield high school and attended Texas A & M college two years. The couple will live in College Station where he will return to college. — Abilene Reporter-News.

MESDAMES REAST AND DUNNAWAY COMPLIED WITH SHOWERS

Mesdames O. A. Wheat, Bill Gorby and Mace Gorby complimented Mrs. James Reast with a baby shower and Mrs. Arthur Dunnaway with a handkerchief shower at the home of Mrs. Wheat, Sunday afternoon at three o'clock. The gifts for Mrs. Dunnaway were a farewell gesture as she moved to Kilgore to make her home.

Tea sandwiches, cookies and coffee were served from a tea table laid with an ecru cutwork cloth and centered with an arrangement of purple asters which was flanked with yellow candles. Misses Beth and Doris Gorby presided at the table.

Guests were: Mesdames Tiny Snyder, Robertson, Neal Flannigan, Jobe Havner, J. P. Whitley, and J. L. Paxton.

Mr. and Mrs. M. V. Walker spent Sunday and Monday visiting relatives in Amarillo and Memphis, Texas.

Mrs. Bob McDonald, of Levelland and Mrs. Bob Flint, of Nodona, spent last week in Ruidoso.

Ted White left by plane Monday to visit until Saturday with Mr. and Mrs. Ross Sam in Waco.

Mr. and Mrs. Dick Fallis and Mrs. Eldora White and son, Ted, spent the weekend in Ruidoso as guests of the Mon Telfords.

Miss Kathleen Hardin and nephew, James Robert, visited Mr. and Mrs. Joe Hardin in Lubbock, Saturday. James Robert is staying with his grandmother, Mrs. W. G. Hardin during his father's hospitalization.

SURPRISE SHOWER GIVEN MRS. ROBERSON

Mrs. W. A. Roberson was pleasantly surprised Tuesday afternoon when the ladies of the First Christian church met at her home and presented her with a lovely satin down baby comforter and pillow.

Individual cake squares and punch were served to: Mesdames K. P. Chartier, John Butler, M. E. Brown, Crawford Burrows, Hinkle, White, and Simon Holgate.

HELEN MAY CAPERTON CELEBRATES BIRTHDAY

Mrs. J. H. Caperton honored her daughter, Helen Kay, with a party on her fourteenth birthday, Monday afternoon. Various games and contests, popular with teen agers, furnished diversion.

Birthday cake, ice cream and punch were served to Norma Ruth Rogers, Quannah Hayes, Frankie and Judy Stevens, Gene Hayes, Jimmy Millner, Ivan Merrill, Junior Brown, Barbara Mullins and Doris Walls.

PATSY TEAGUE PARTY HONOREE

Mrs. J. M. Teague named her daughter, Patsy, honoree at a party Sunday afternoon from 5 to 7 o'clock to celebrate her ninth birthday. Outdoor games furnished diversion for the guests. Gift packages of bubble bath were given as favors.

Birthday cake and punch were served to Carole Dallas, Toni Akers, Jonelda Edwards, Mary Jane Brownfield, Linda Heflin, Iva Nell Hudson, Jo Ann Graham, Barbara Eaves, Latrice Teague and Judy Teague.

POOL H. D. EXHIBIT AT KNIGHT HARDWARE

The Pool Home Demonstration Club will give a window display of handwork done by the members Saturday, Sept. 7, at Knight's Hardware.

Our last meeting was Aug. 27 with Mrs. Allie Huddleston. Ice cream, cantelope, and cup cakes was served five members and the hostess. A good time was had by all.

Our next meeting will be Sept. 10 in the home of Mrs. Lela Trussell. All members are urged to be present and a welcome extended all visitors.—Reporter.

Leah Dale and Russell Portwood spent last week in Lubbock visiting their grandparents. Leah Dale visited Mrs. R. T. Portwood and Russell, Mr. and Mrs. Ben Oglesby.

Mr. and Mrs. Marshall Auburg and Mrs. A. S. Carter spent the weekend in Mineral Wells visiting Mr. Carter, who is a patient in the Millens Sanitarium.

Mr. Clee Barnett spent the weekend in Hamlin with his wife, who has purchased and is operating a beauty shop there.

Mr. and Mrs. Mack Entrein and Billie Ray and Geraldine Oliver spent the weekend in El Paso and Juarez.

Mr. B. H. Graham, of Pauls Valley, Okla., was here the first of the week on business. He was a houseguest of Mr. and Mrs. Al Muldrow.

Mrs. Oscar Jones entertained with a buffet supper Thursday of last week. Those enjoying the affair were: Mr. and Mrs. Mon Telford, Sr., Mr. and Mrs. Mon Telford, Jr., Mrs. Annie Spivey, Mrs. Eldora White and Ted, Andy Griffin, Kenneth Lee, Oscar, Mary Ann and Janelle Jones and Mrs. S. E. Aytes.

A family get-together was held Sunday at the home of Mr. and Mrs. W. M. Joplin, of Rt. 1, in honor of their son, Pfc. W. M., Jr., of Ft. Sam Houston, who is here on a furlough. Those attending were: Mrs. E. E. Bramlet, of Brownwood, Mrs. Anthony Romeo, of Denver, Colorado, Lewis P. Joplin, of Clovis, New Mexico, Mr. and Mrs. J. D. Rackler, of Tahoka, Mrs. Elmer Hartgraves of Seagraves and Joe, Gene, La Verne, Patsy and Janice Joplin, of Brownfield.

Gomez Baptist Church Scene Of Wedding

The marriage of Miss Vivian McLeroy, daughter of Mr. and Mrs. C. J. McLeroy and Rev. and James William Stone was solemnized Sunday afternoon at 3:00 o'clock in the Gomez Baptist church. Rev. Stone is the son of Mr. and Mrs. W. D. Stone, of Ft. Worth.

Rev. Louie B. Dendy, brother-in-law of the bride, performed the ceremony before an altar banked with palms, ferns, baskets of white gladiolus and floor candelabra. The candles were lighted by Misses Agnes and Frankie Joy Bozeman, nieces of the bride.

The wedding music, which included, "Oh Promise Me," "Indian Love Call" and the traditional wedding marches was played by Miss Bobbie Helen Brian. Miss Flora Mae Price sang, "I Love You Truly."

The bride, given in marriage by her brother-in-law, Kellie Sears, wore a street length dress of sky blue crepe with black accessories, and carried a white Bible topped with tube roses and white satin streamers. She wore a strand of pearls belonging to her niece, Mrs. Charles O. Sears.

Miss Estella Swain was maid of honor, and wore a dress of pink crepe with white accessories and a white gladiolus corsage. Edd C. McLeroy, brother of the bride, served as best man. Ushers were Charles and Ernest Sears.

Immediately following the ceremony a reception was held in the home of Mr. and Mrs. Kellie Sears. The table was laid with a lace cloth over blue satin and centered with a three tiered wedding cake topped with a miniature bride and groom and circled with yellow marigolds and fern. Blue candles in crystal holders flanked the arrangement. Mrs. Charles O. Sears presided at the punch bowl.

The couple left for a wedding trip to Carlsbad and point in central and east Texas. For traveling the bride chose a green suit with black accessories and wore a white carnation corsage. They will make their home at 803 Melwood Ave., Brownwood, Texas.

Mrs. Stone is a graduate of Wayland Junior college, Plainview, and is a senior student in Howard Payne College in Brownwood. Rev. Stone is a graduate of the Decatur Junior College and is a senior student at Howard Payne. For the past several months he has been serving as an associational missionary. Both will receive their B. A. degrees in January.

Out of town guests were: Mr. and Mrs. Bert King, Miss Zelma Dendy, Mr. and Mrs. K. H. Dendy, all of Plainview; Miss Dixie Maiben, Mrs. J. Palmer, Mr. R. L. White, Miss May Beth Smith, Mrs. E. J. Smith, Mrs. Russell Nixon and daughter Sue, and Miss Dollie McLeroy, all of Levelland; Mr. and Mrs. George Price and Miss Flora Mae Price, of Denver City; Mr. and Mrs. Frank Bozeman and Misses Frankie, Agnes and Sue Bozeman, of Springlake; Mr. and Mrs. Robert McLeroy and sons, of Plains; Rev. and Mrs. Louie Dendy, of Brownwood; Mrs. C. Sears, Rev. and Mrs. A. A. Brian and daughter, Bobbie Helen and Mr. and Mrs. Charles O. Sears, all of Brownfield.

Miss Margaret Shaffer, of Dallas, visited Mr. Dyer Oakley, over the weekend.

Mr. and Mrs. M. J. Craig and family were in Tatum Tuesday to attend a dinner given for Mrs. Craig's father, Mr. J. B. Martin, on his 80th birthday.

Mr. and Mrs. Grady Terry and children, of Jackson, Miss., are here visiting Mrs. Terry's parents, Mr. and Mrs. Earl Anthony.

Mr. and Mrs. Tommy Zorns and children spent Sunday in Carlsbad going through the Caverns.

Cpl. and Mrs. Jack Walker, of Barksdale Field, Shreveport, La., were here for the weekend visiting Mr. and Mrs. R. L. Walker and Mr. and Mrs. H. B. Grant. Mrs. Walker remained to be with her mother, who is ill.

Mr. and Mrs. H. F. Brigrance and children, Mrs. Emma Brigrance, Mr. and Mrs. A. E. Richardson and children, Mr. W. P. Brigrance and Mr. and Mrs. Satch Green were among those from Brownfield attending the Montague County reunion in MacKenzie Park, Sunday.

BE AT THE COURTHOUSE SEPTEMBER 12TH

All members of the Girl Scout Council, Scout leaders, and anyone else who has an idea pertaining to Girl Scouting are urged to be at the District Court room, Sept. 12th at 7:30 P. M.

Please don't read this and then dismiss it from your mind, because we want to keep Scouting interesting and active and we need your cooperation to do so. Plans for the winter program and activities are to be made, so bring along a lot of ideas.

THE TEEN CANTEN IS IN SWING

Following the open house held at the Legion Hall, Saturday evening, the Teen Canteen was again open Monday evening. At this time the teeners met and elected the following officers: president, Jimmy Billings; vice-president, Jerry Worsham; sec. and treas.; Mary Edna Tankersley. From now on the canteen will be open on Monday evenings from 8 to 10 o'clock and on Saturday afternoons from 2:30 to 5:00 o'clock.

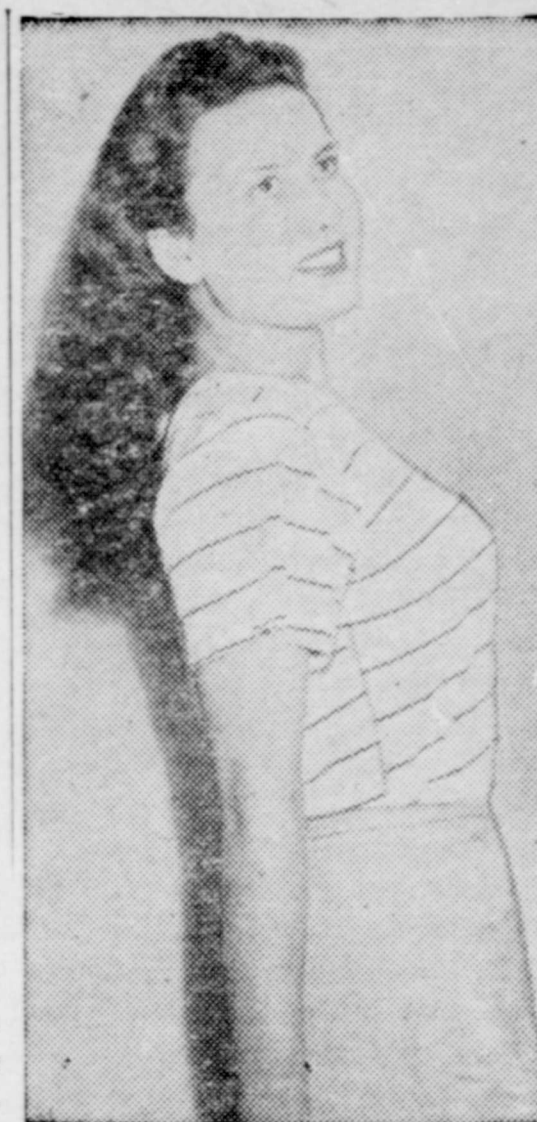

All you teeners come out and enjoy games and dancing with your friends. The canteen is adequately chaperoned when open.

Mrs. Arthur Dunnaway and Mrs. Bill Gorby visited in Hobbs and Wink, Sunday and Monday.

Mrs. Jewel Wheat, of Odessa, was a weekend guest of her daughter and her husband, Mr. and Mrs. Hobert Van Dever.

Mrs. Bill Gross, Mrs. Troy Chaffin and Miss Jerry Nelson spent Saturday and Sunday visiting in Odessa.

Dr. W. A. Roberson attended a general meeting of the West Texas Dental Association, at Plainview, Monday.

QUEEN OF INDIAN TRIBES... Miss America of the Indian Nations, Princess Dorothy Lee Rainwater, selected in a recent competition at Atlantic City. Princess Rainwater has traded her tribal costumery for American sports attire.

Nancy Weir spent the weekend in Lubbock as a houseguest of Cynthia Tankersley.

Mr. Ralph Bynum, of Pecos, was a weekend guest in the home of Mr. and Mrs. V. A. Bynum.

Miss Christine McDuffie, of Lubbock, was a weekend guest of Mr. and Mrs. J. E. Smith.

Donald Bynum, who is a student in S. M. U., is here visiting his parents, Mr. and Mrs. V. A. Bynum, between semesters.

Mrs. Morris Lowe and daughter, Maurcene, attended the matched steer roping in Clovis, Sunday, with a group of friends from Hobbs.

SCOUT TROOP STARTS FALL PROGRAM WITH BREAKFAST

Girl Scout Troop No. 5 started their fall and winter program of work and activities with a breakfast at the home of Mrs. John Portwood, Thursday morning of last week. The new troop leader, Mrs. Pete Crump and her assistant leader, Mrs. Mike Blair, were introduced to the girls, who in turn were introduced to them. The morning was spent in playing games, and enjoying refreshments of doughnuts and hot chocolate.

Scouts present were: Virginia Gunn, Jane Griggs, Jane Breedlove, Wanda Nell Black, Jean Cloud, Juanelle Lewis, Bobbie Jean Duke, Patsy Stice, Charlotte Smith, Beverly Wartes, Charlene Didway, Kay Brown, Patricia Harrel and Mrs. J. T. Griggs, who was their leader while they were Brownies.

Guests in the home of Mr. and Mrs. J. C. Lewis, Sunday, were Mr. and Mrs. W. J. Lewis and Mr. and Mrs. Vernon Lewis, all of Plainview.

Messers Clyde Bond and Doug Lowe were in Clovis Sunday for the matched steer roping contest.

Mr. and Mrs. Jim Jackson, Mr. and Mrs. M. C. Motheral, of Pyote, and Miss Jimmy Jackson, of Roswell, returned Saturday from a visit in Richmond, Calif., with Mr. and Mrs. Darrel Jackson.

Mr. and Mrs. George Warren spent the weekend in Levelland with Mr. and Mrs. Gail Willis.

Mr. and Mrs. Ches Gore and Claudie and Mrs. Bill Gore were in Ruidoso over the weekend.

Mr. and Mrs. Hobert Van Dever had as their guest over the weekend, Mr. and Mrs. Birdsong and daughter, Dora Kay, of Odessa. Mrs. Birdsong and Mrs. Van Dever are sisters.

**Judge Garland Dies At Lamesa**

Judge J. E. Garland, aged 68, well known South Plains attorney, died at noon Sunday at his home in Lamesa, where he had lived and practiced law for forty years.

Funeral services were conducted at 3 o'clock Tuesday afternoon at the Methodist church in Lamesa, by Rev. Cal C. Wright, pastor. Burial was made in the Lamesa cemetery.

He is survived by his wife, the former Ethel Bynum, daughter of pioneer residents of Brownfield, and two sons, Edward and James, of Lamesa, both of whom are recent discharges from military service, and by one daughter, Mrs.

Mr. and Mrs. Clyde McLaughlin and daughter and Mr. and Mrs. Fred Jones and daughter spent the weekend in Ruidoso.

Mack Noble, of O'Donnell.

Judge Garland came from the Texarkana area to Lamesa in 1907, and opened his first law office at Lamesa, and had wide practice over this area. Serving a term or so as County Judge during World War I, and often as special district judge, serving here as such for two years during the absence of Louis B. Reed, while in military service two years ago.

He married here in 1908. His wife is a sister to Arnett and Virgil Bynum, well known business men here.

Most of the attorneys here attended the funeral.

**POSSUM FLATS . . . "WHITE MARKET"**

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

**150-HOUR VEEDOL**

SAVES FUEL by reducing power blow-by.  
SAVES TIME by avoiding breakdown delays.  
SAVES REPAIRS through greater heat and wear resistance.  
SAVES OIL — stands up 150 hours in gasoline-burning tractors; cuts oil consumption in all tractors.  
SAVES TRACTORS — assures long, economical service.

**Don't Monkey With Good Roads Fund**

Austin, Texas — Endorsement of the Good Roads Constitutional Amendment to be voted upon in the November 5 election was announced at the meeting of the State Board of Education Monday (19 August.)

The Good Roads Amendment prohibits the diversion of gasoline taxes and motor vehicle registration fees to non-highway purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available School Fund.

In adopting a resolution supporting the amendment, the board stated that there are 6,000 school buses in operation in the State of Texas, traveling 50,000,000 miles each year and transporting 300,000 school children at an annual cost of \$7,000,000.

"Operation over unimproved roads adds to the cost of upkeep and reduces the life of a bus," the Board of Education pointed out. "Construction of hard-surfaced school bus routes assured by the good roads amendment will reduce the annual cost of school transportation by an estimated \$1,500,000."

An adequate transportation program is the controlling factor in the creation of rural high schools and consolidation of rural school districts, the Board declared, and continued expansion of the rural school program, now reaching maximum development under present road conditions, will be guaranteed by the construction of hard-surfaced school bus routes.

In further explaining its stand, the Board of Education emphasized that it has been generally understood that one-fourth of the gasoline tax was originally allocated to the Available School Fund because the gasoline tax was declared to be an "occupation tax" and one-fourth of all such taxes were allocated to the School Fund by the Constitution; however, decisions of the State Courts have held that this is an "excise tax" and, therefore, the School Fund receives one-fourth at present solely because of statutory direction and does not have a constitutional right to share in this tax.

"This Amendment," the Board explained, "will provide for a constitutional guarantee of that one-fourth of the gas tax."

The State Board of Education is one of twenty state organizations which have already pledged support of the Good Roads Amendment.

Mr. and Mrs. B. L. Webb, of Sundown visited Mr. and Mrs. Redford Smith, Sunday.

Mr. and Mrs. Mon Telford, Sr., and Mr. and Mrs. Mon Telford, Jr., are vacationing in Ruidoso.

**Big Rains May Affect Area Health**

A survey of surroundings areas after the heavy rain indicates that we have a sudden change in conditions affecting the health of our people, according to Walter Breedlove, public health engineer, South Plains Health Unit. The fact that pools of water have been left standing adjacent to areas where open privies or cess pools may have permitted the entrance of human waste material and that the many young swimmers in these pools may come in contact with polio virus and germs of other diseases which has been shown by scientific research to exist in such sewage contaminated waters creates a hazard.

The insect and pest control picture has also been changed by the addition of moisture to the soil where fly breeding may now be profuse and mosquito breeding may occur where water stands for more than 7 days. To combat these conditions DDT in some form should be added to all ponds in sufficient quantity to prevent mosquito breeding. The addition of wettable powder or concentrates at the rate of one gallon 25 percent, to a million gallons of water will prevent mosquito breeding. These materials should also be added to cess pools, privies or wherever water stands. The material should be used freely on stock lots and garbage areas.

The use of DDT combined with dry weather has been wonderfully successful in the control of flies and mosquitoes and by a redoubled effort of clean up and spraying all breeding areas, these pests can be controlled throughout the remainder of the season and may greatly aid in the control of disease outbreaks should such occur.

**Common Cold To Soon Increase**

Austin, Texas — With the approach of fall and the attendant seasonal changes of weather, common colds become much more prevalent and widespread in the state.

Dr. Geo. W. Cox, State Health Officer, has issued a warning against the careless treatment of any respiratory illness since they can and frequently do result in the dreaded complication, pneumonia. He emphasized the fact that pneumonia usually strikes with little or no warning, following a simple cold, an attack of influenza or some other respiratory infection.

"A cold or any other infection of the breathing passage, especially if accompanied by fever, demands the immediate attention of a doctor," the State Health Officer said. "To try to fight such a disease without bed rest and by

**DRIVERS LICENSE MAY BE HAD WITHOUT EXAMINATION**

Effective immediately, anyone who has ever held a Texas drivers' license of any type may renew that license without any examination, into any type of license they desire. Handling of applications will be made much faster if the applicant will bring their old license with them when they apply.

but this should be borne in mind so that the danger of passing the disease from one person to another can be eliminated.

**Mr. and Mrs. John Yowell have as their houseguests, Mr. Yowell's mother, Mrs. Clara Yowell and his brothers, Bob and George, of Dallas.**

Mr. and Mrs. Vaughn White were called to Dickens City Sunday morning because of the serious illness of Mrs. White's mother, Mrs. Alexander.

Mrs. Jack Stricklin, Jr., left Sunday for Temple to go through the Scott-White Clinic.

**THE SLAUGHTER DEFEAT**

The primary election victory of Enos A. Axtell over the incumbent Congressman Roger Slaughter, in Missouri, is hailed by the administration as a vindication. Maybe it is, but folks just won't quit talking about the fact that it was brought about by the combined efforts of the Pendergast machine and the PAC of CIO. That plain fact alone is all they want to know.—Daily Oklahoman.

Miss Janie Ball, of Anson, was here last week visiting her cousin, Vernelle Ball.

Mr. and Mrs. G. G. Gore and family  
C. D. Duke and family

Willard Brock, who was stricken three weeks ago with a severe case of rheumatism while working on a ranch near Tucumcari, N. M., was taken home Sunday. He spent one week in a hospital at Tucum-

County Clerk H. M. Pyeatt was in Dallas early this week on business.

Car and two in the local hospital. He will still be confined to his bed for several days.

Mr. and Mrs. Leland S. Herod moved to Snyder the latter part of the week to make their home.

**JUDGE SAYS —**

"Airplane and automobile collide"—News item. The way many of our motorists drive, we are not surprised.

From the number of automobile crashes, maybe they better listen to the backseat driver with more

respect. It's an ill wind that blows no good. Petrillo's musicians, "frustrance." Now if the commentators would do likewise.

Most every family would be improved if the parents would get back on spanking terms with their children.

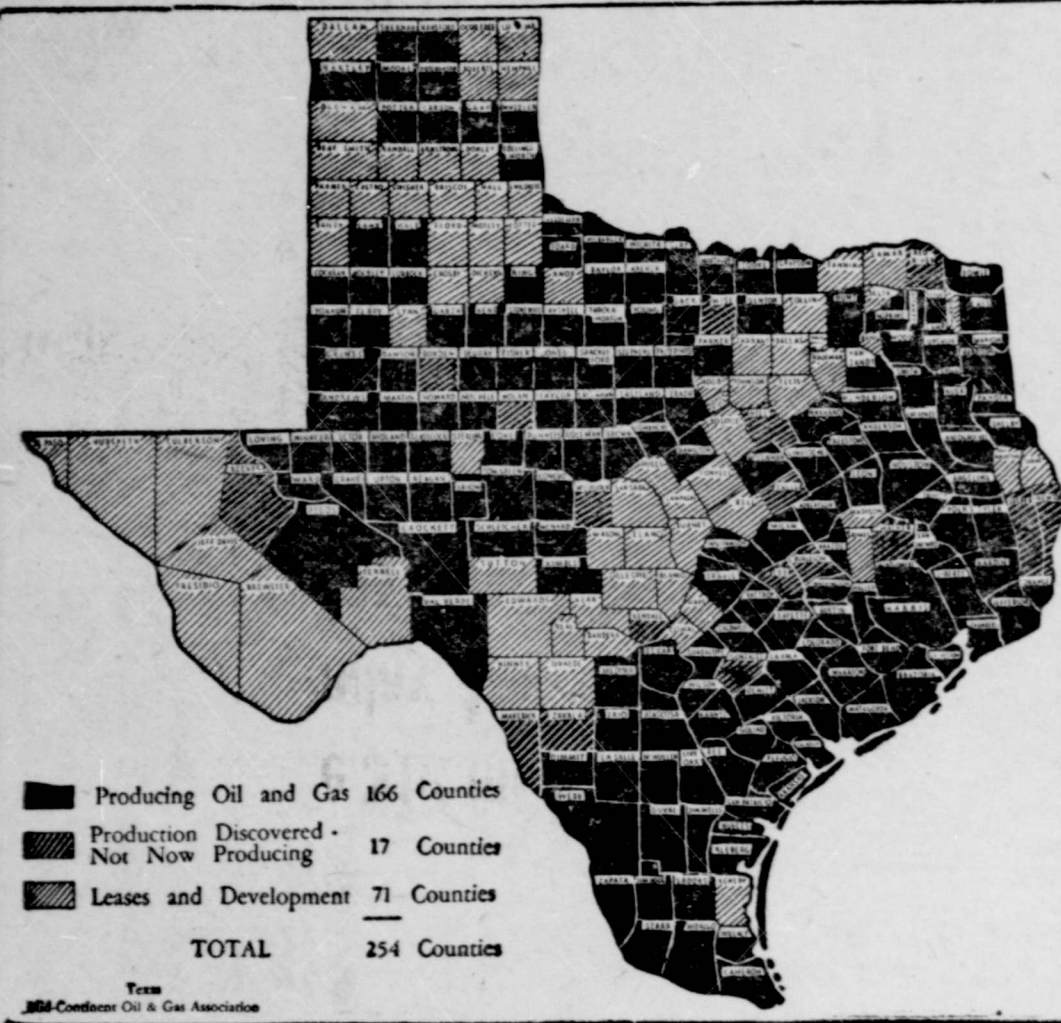

To the optimist it is a rose bush, but to the pessimist it is a bush of thorns.

We always think well of a judge who renders a favorable verdict.

Remember way back when the postman used to carry the mail in his hat?

Major and Mrs. Truett Flache arrived Wednesday from Camp Campbell, Kentucky for an eight day visit with his mother, Mrs. Ame Flache and her parents, Mr. and Mrs. A. A. Sawyer.

Wonder if they speak of the moon as silvery because it comes in quarters and halves?

Oil and gas development covers all of Texas, a map prepared by the Texas Mid-Continent Oil and Gas Association shows. Every one of Texas' 254 counties now produces or has produced oil or gas, or has land under lease for oil and gas exploration, the map reveals. Nearly 54 million acres, or virtually one-third of the State's total land area, are now leased to Texas oil and gas operators. Last year their lease and royalty payments to Texas farmers, ranchers and other land-owners totaled \$215,000,000, providing a large

"extra crop" for Texas agriculturalists. Since 1919 such payments have aggregated more than two billion dollars, or an extra cash bonus of nearly one-seventh of the value of all Texas agricultural crops during this period, the association reported. Oil and gas are now produced in approximately 1,100 different fields in 166 counties scattered through Texas, while an additional 17 counties formerly produced. The 71 other counties are now being actively explored for oil and gas, with land under lease for drilling.

**NEWSPAPER BARGAINS**

For the first time in several years the Herald is able to offer to take new subscriptions to the Star-Telegram. While these bargain rates are considerably higher than prewar, they are considerably lower than the regular rate of \$15.00 per year. Here they are:

Star-Telegram, Daily and Sunday	1 Year	\$10.95
You Save		4.05
Daily Only		9.60
Regular price \$12.00. You save		2.40
Daily and Sunday Avalanche-Journal	1 Year (six days)	9.00
Daily and Sunday (7 day week) Abilene Reporter-News, 3 months trial		2.50

The Avalanche-Journal did not mention any bargain days. The Reporter-News stated that the three months trial would bring the new reader up to the Bargain day rate, which will likely start in October or November.

See us for new or renewal mail subscriptions to these dailies.
