

Three Narrowly Escape Death In Highway Mishap

Jack Ruark, aged 25, and his passenger, Wayne Hargroves, miraculously escaped death about 1 a. m. last Sunday morning, when the small two-door automobile, driven by Ruark, left the highway on the curve just south of the Deluxe Motor Inn. Investigating officers said evidence on the ground indicated the car going north, had torn down two small road signs at the junction of the city park road, thence across John Bennett's lot, breaking off an electric light pole on his corner, the concrete sign post near it, and a five inch thick tree standing nearby, then on north across the street, stopping upright on a vacant lot a few feet from the Motor Inn's buildings.

The riders, with another passenger whose name was not obtained, sustained only minor injuries, though the front of the car was badly damaged. Highway patrolmen who investigated the scene, stated charges had been filed in County Court against Ruark.

City Board Of Equalization Doing Big Job

The City Dads, realizing that tax renditions have been, during the war years, given and received rather haphazardly, causing inequities between taxpayers and in many instances escaping taxation recently appointed a board of three citizens to go with the assessor and view every piece of property in the city limits. This board has spent the last two weeks in such work, and this week are hearing and adjusting assessments. The board has raised valuations on most of the property in keeping with increased growth and enhanced values, after discounting considerably "inflated" prices. They also found considerable new property for this year's rolls, and many inequities. It is noted by many that this move should be done every few years, especially in a growing town.

Athletic Council Makes Report

Supt. McCollum handed us an itemized statement this week for each of the two games this season. Combined and condensed, they are as follows:

Gross gate receipts	\$1374.00
Expenses (Including Taxes)	906.48
Profit to Athletic Fund	\$467.52

Anyone desiring to see the complete statements may do so by applying to Supt. McCollum or calling at the Herald office.

While on the subject of football games, we might add that adult reserved seat tickets to the Brownfield-Lamesa game at Lamesa tonight at 8 o'clock are on sale at all drug stores until 3 P. M., today. Children's tickets may be had at the high school. We understand that a considerable saving can be made by buying the latter tickets here rather than at Lamesa.

County Tax Collector Ready On Time

Deputy Assessor-Collector Herbert Chesshir stated early this week that the State and County tax rolls will be ready by the law-fixed time of Oct. 1st. The schools and city will be delayed some.

Mr. and Mrs. Roy Wingerd and Mrs. Mon Telford, Jr. left today for San Antonio to attend the Texas Tech and A. & M. football game. Mon, Jr. will join them there Saturday. The Wingerds will go to Corpus Monday to join Mr. and Mrs. Dick Brownfield, who are there visiting.

PARDON US!

In last week's issue of the Herald, we stated that Lt. Col. Wilson Banks was a Major. The Lieutenant Colonel hereby stands promoted to his correct rank and the Herald stands corrected. Lt. Col. Banks is commanding officer of March Field, Calif.

Nursing League In Appeal For More Nurses

In a final appeal for student nurses for the state's 37 accredited schools of nursing, Miss Lucy Harris of Fort Worth, president of the Texas League of Nursing Education, Thursday urged girls between ages of 17 and 25 years who might qualify to enroll at their nearest hospital before Fall classes close Oct. 1.

Miss Harris termed a recent intensive campaign for student nurses conducted by six state-wide organizations as "extremely successful for the brief period involved," but pointed out that openings still are available and asked that prospective students who could not enroll before the Oct. 1 deadline consider making application for new classes beginning in February.

Success of the campaign was attributed directly to the "splendid support of the press and radio of Texas, ministers, physicians, hospitals, and civic organizations as well as certain business establishments which were extremely generous with advertising contributions."

The drive was launched after nearly one-fourth of the nation's hospital beds were closed by a shortage of nurses and after Texas enrollments of students had dropped from an annual average of 1,500 to 300. It was undertaken by the Texas League of Nursing Education in cooperation with the Texas Hospital Association, the State Medical Association, the Texas Graduate Nurses Association, the Texas State Board of Nurse Examiners, and the State Organization for Public Health Nursing.

Huge Fireworks Display At South Plains Fair, Oct. 7

Lubbock, Sept. 21 — A spectacular free fireworks display has been added to the many attractions billed for "Welcome Home" day for veterans of World War II at the 29th Annual Panhandle South Plains Fair, Fair officials disclosed this morning.

The big pyrotechnics show will be held Monday night, October 7, immediately following addresses by governor-elect Beauford H. Jester and Col. Thomas G. Lamphier, deputy administrator of Veterans Administration Branch Office 10 in Dallas.

Veterans wearing discharge buttons or in uniform will be admitted to the Fair grounds upon payment of 10c federal tax through-out opening day. The Veterans will not be charged the regular 50c admission fee.

Everyone will also be admitted to the grandstand free of charge for the talks by Jester and Lamphier.

Boy Scouts Entertain Lions

Troop 45 of the Boy Scouts, with K. P. Chartier as Scout Master, who had just returned from an outing at Ruidoso, put on the program at the Lions luncheon Wednesday.

Virgil Crawford, president of the local club, addressed the Lions club luncheon in Seagraves, Tuesday.

A large number of Lions went to Akerly Thursday night of last week to put on a model program for the club there.

Mr. and Mrs. Forest White spent the weekend in Lubbock with her parents, Mr and Mrs. I. T. Weed.

Mr. and Mrs. Don Peachee and daughter, of Lubbock were here Sunday visiting Mr. and Mrs. Hayden Griffin.

Mr. and Mrs. Terry Redford and Terre Sue spent Sunday in Lubbock with their daughter, Dixie, who is a student in Tech.

Back to school go Jane and Johnny, with their hands full of books and their heads full of many things besides traffic danger. With them walks the future, Mister Motorist. Don't turn it into a tragic past for some happy family. The Texas Safety Association reminds you: Don't let your needless hurry cause a needless accident. In the vicinity of a school, remember your childhood and your child.

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY SEPTEMBER 27, 1946

NUMBER 9

Goode & Co., Outscore Cubs 19-0

Speed and more speed told the story last Friday night as the Midland Bulldogs, led by fleet-footed Dunny Goode, went back to their home town with the meaty portion of a 19-0 score. This was the third meeting of the two teams, the Cubs winning the first encounter, which also marked the Cubs' initial venture into AA competition, and Midland winning the last two games.

Goode scored in the opening period and try for extra point was successful. The Cubs came back with a bang, and shortly before the end of the half, the Cubs moved into scoring position and it appeared that they might even the count. The game progressed on terms a shade in favor of the locals until an intercepted Brownfield pass again placed Midland in scoring position. On the first play in the last quarter, Cole galloped to paydirt for the second Midland tally. A pass from Cole to Goode ended the scoring for the evening.

Donald Price, Adams, Jack Tankersley and Lewis were stand-out performers for the Cubs.

Tonight, the Cubs journey to Lamesa to do battle with Jim Neill's Golden Tornadoes. This game will have a world of interest to both Brownfield and Lamesa even though it will have no effect on the league standing of either team. Jim is a local product and former Cub star. This, however, is no indication that he will urge his charges to go easy on the boys from his old home town; fact is, the opposite can be expected. In the second place, Lamesa and Brownfield are rivals from 'way back, even though they are now in separate districts, and the best the Tornadoes have been able to manage in recent years is a tie game in 1943. Add it all up and all indications point to a game worth traveling several times the actual distance to see.

A. S. BARTON BURIED HERE SUNDAY

Adley S. Barton, a 53-year-old bachelor, who died last Friday morning at his home in Dexter, N. M., was buried in the Brownfield cemetery last Sunday afternoon following services held at 4 o'clock P. M., at the First Baptist church here, conducted by Rev. C. R. Mathis, pastor of the Baptist church at Tokio and assisted by Rev. A. A. Brian, pastor here. Brownfield Funeral Home directed the funeral and interment.

Barton was a frequent visitor here, at the home of his sister, Mrs. Viola Anderson of Tokio. His mother passed away here several months ago.

He is survived by another sister, Mrs. E. B. Wright of Patterson, Texas, and three brothers, C. R. of Hobbs, C. W. of Maypearl, Texas, and C. C. of Stamford. All attended the funeral.

City Asking For Bids On Huge Engine

Beginning with this issue, the City of Brownfield is advertising for bids for a big diesel-natural gas engine and generator similar to the big 1200 horsepower engine the city purchased several years ago and for which an addition to the light plant building was constructed. There is room in the addition for two more engines this size.

The demand for electricity in Brownfield is now so great that should a breakdown occur on the one large engine we now have, the load would be too heavy for the several smaller engines to deliver power at peak efficiency and a consequent rationing of power and light would likely follow.

The new engine is to be capable of being converted over to diesel fuel should the supply of natural gas fail for any reason.

Athletic Council Swings Into Action

The Athletic Council, composed of Homer Winston, Kyle Graves, Eunice Jones and Stuff Moorehead, representing the various Civic Organizations; Orb Stice, of the school board; and Superintendent McCollum and Coach Crites, representing the faculty, though recently formed, has been busily engaged.

Work is now being rushed on the completion of additional bleachers on both the north and south sides of the football field, which when completed, will double the present seating capacity of the field.

Commenting further on this project, Superintendent McCollum stated:

"In order to do this it is going to take a great deal of money. We have heard that many Fans have stated that they are willing to donate generously to this cause; therefore a committee has been appointed to call upon the citizens of the Brownfield School District for any donation they might feel free to give. Any amount given to the Stadium Fund can be charged off your income tax.

"There will be no high pressure campaign as the solicitors will merely call on you and ask how much you have decided to give to the fund.

"We are sorry that our programs have not been available for the first two games. We thought they would be on hand, as the printers had promised us we would have them before our season started. There will be programs for the remainder of the games. We hope also to be able to have our games announced over a loud speaker.

"We are making plans to open a walk around the West end of the field, so that the pedestrians can get to the bleachers from the west end.

"Again let us remind you to have your mind made up as to how much you want to help on the stadium fund when the solicitors call on you," McCollum concluded.

NAVY SECRETARY TO ADDRESS OIL MEN

Dallas, Tex. — Navy Secretary James Forrestal will address the State's petroleum operators at the Victory Meeting of the Texas Mid-Continent Oil and Gas Association Oct. 17 and 18 in Houston. Andrew M. Howsley, general counsel, announced here today.

Mr. Forrestal, Secretary of the Navy since 1944 and Under Secretary for four years prior, will

JAMES FORRESTAL

speak Oct. 18 on "Oil and Victory." The theme of the meeting is petroleum's part in helping win the war, for which Texas alone supplied nearly three-fourths of all the nation's increased oil needs.

In accepting, the cabinet member wrote: "In reply to your recent invitation, I shall be most happy to address the members of the Texas petroleum industry at their Victory Meeting on Oct. 18. The story of oil in relation to our final victory is an amazing one, and I shall do my best to do it justice."

Secretary Forrestal will be welcomed by a committee of Texas friends and former class-mates at Princeton University, headed by

Winston Leads Good Roads Campaign

Austin — Judge H. R. Winston, prominent Terry County good roads advocate, has been chosen Chairman of the Terry County Good Roads Amendment Campaign Committee, it was announced today by Charles E. Simons, executive vice-president of the Texas Good Roads Association.

Appearing on the ballot in the November 5th General Election as Amendment Number three, the Good Roads Constitutional Amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for road purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available Free School Fund.

"His deep interest in better and more improved highways and farm-to-market roads was the primary factor in his selection to head the Terry County campaign," Simons said.

Simons also pointed out that the Texas Safety Association, Texas Farm Bureau Federation, State Board of Education and thirty other state organizations have adopted resolutions strongly endorsing the amendment.

"With so many outstanding organizations backing the Amendment," Simons continued, "we feel that every citizen in Terry County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we have selected Winston to head the Terry County committee and direct a vigorous educational campaign to point out the merits of this amendment."

Chief purpose of this proposal, it was emphasized by the Good Roads Association executive vice-president, is to assure the ultimate construction of rural mail and school bus routes, and all-weather farm-to-market roads. Also, it will insure improvement, maintenance and policing of all roads and urban trafficways.

Laundry Truck Robbed Here

A laundry truck out of Lubbock, while parked on a main street of Brownfield early Monday morning, was robbed of considerable clothing. Officers were on hot clues, but no arrests had been made up to yesterday. It was not learned whether the clothing had been laundered. No doubt the shortage of shirts prompts such acts.

Health Unit Calls Attention To Flies

Attention has been called to the South Plains Health Unit that numerous flies are in and about school buildings in our unit area.

It is high time that all methods at our disposal be put in operation for the destruction of all breeding places such as cow, horse and chicken lots close by school buildings. Also garbage and privies should be properly taken care of to eliminate the possibilities of conveying the many diseases that is caused by the fly.

The proper use of DDT and the handling of garbage and the proper construction of outdoor privies will be of a valuable aid to our citizens in the decrease of illness and perhaps death.

Mr. Roger Heinrichs was in Houston this week attending a school of instruction of the Great Southern Life Insurance Co.

George A. Hill, Jr. of Houston. Mr. Forrestal is one of several outstanding speakers for the meeting, first general gathering of the State's oil and gas operators since 1943, Mr. Howsley said.

The session will mark the association's twenty-seventh anniversary as research and service organization for the Texas petroleum industry.

School Boy Patrol Begins Service

Seventeen boys volunteered for service in the Boys Patrol squad, sponsored by the Lions' Club, with Lewis Simmonds as chairman, and began their services Tuesday morning, following pep talks by Frank Jordan, Mayor, and County Attorney Virgil Crawford, City Marshal Roy Moreman and the two local highway patrolmen.

The boys, wearing Sam Brown belts, will direct school children across the streets near the school houses and at street intersections, as part of a concerted move to safeguard lives of the children.

Parents are urged to join with school teachers in efforts to have the children follow direction of this patrol—cross streets where patrolmen are stationed and cease promiscuous running across streets between corners. Some instances were pointed out that even mothers let the children in and out of cars across the street from the school grounds, between corners.

Daylight Saving Time Abandoned

After much complaint, mostly by the Republicans, the wartime daylight saving time was abandoned a year ago. Soon after a few states, New York and California, to be smart, adopted it again. This became confusing and annoying to radio listeners, who missed many of their favorite radio programs. It was announced this week that the whole country now goes back on the old American time, that of our Founders and Forefathers, Jefferson, Lincoln et al. A step to National Unity.

C. E. Ross Sells Motor Building

Early this week C. E. Ross sold the automobile building at the corner of Seventh and Broadway, now occupied by Ross Motor Co., to Sammy Teague. The Ross Motor Company is to move to the new building at the corner of Broadway and Seagraves road, where he will continue with the sales agency for the Pontiac cars and GMC trucks, and the Minneapolis Moline farm machinery line, including tractors.

Teague is to occupy his building soon, with sales agency for the Dodge, Plymouth and DeSoto automobiles, and parts.

It is thought Brownfield now has agencies for all of the popular makes of cars, except two, and lacks only two having as many as Lubbock. The city is also well represented by practically all makes of farm machinery.

Hackney Leaves For National Legion Convention

Burton G. Hackney, local attorney, active member of the American Legion, is to leave tomorrow by plane to attend the National Convention of the American Legion to be held next week at San Francisco.

Mr. and Mrs. Harold Watson and children, of Denver City visited in the home of Mr. and Mrs. Sam White, Sunday.

Mr. and Mrs. A. W. Turner had as their weekend guests, Mr. Turner's sister and her husband, Mr. and Mrs. C. L. Roberts, of Winnsboro, Texas, and his nephew and his wife, Mr. and Mrs. A. C. Roberts, of Texas City.

There are a lot of things your children can wait until they go to school to learn. But playing and walking safely should be taught them before they face dangerous tests at home, on the streets and in the places they play. The Texas Safety Association urges all parents to prepare their children for a long life. Don't let your child be a victim of an accident because his safety training was "to little and late."

Allmon Jewelry
East Main
BROWNFIELD TEXAS

Thomason To Head USO Drive

Mr. W. M. Thomason of Brownfield has accepted the appointment of Governor Coke R. Stevenson, General Chairman for the next and final Texas USO drive, to lead Terry, Gaines and Yoakum counties in the coming campaign, it was announced today.

Texas, with a quota of \$800,000 in the "See-It-Through" campaign which will continue USO activities through 1947, has been divided into six regions and 66 districts. Mr. Robert L. Anderson of Vernon is chairman of the Northwest Texas region, who will work with Mr. Thomason and the county chairmen in this district.

Col. Carl L. Phinney, president of the 36th Division Association and State Campaign Chairman, commenting on the appointment of the new district officer, said: "We need the leadership of men like Mr. Thomason to help Texas go over the top in this final USO drive."

"General Jonathan Wainwright has pledged his support in the Texas campaign, saying that many of the USO services which helped immeasurably in keeping morale of our armed forces at a high level during the war should be continued through the present difficult transition period.

"We owe an inestimable debt to our Purple Heart veterans. The least we can do is continue the USO hospital service activities which mean so much to those still under treatment for war injuries," said Colonel Phinney.

"Nor can we forget the armies of occupation, the men still overseas striving to maintain the hard-won peace, or the young boys now in training. These men need more than ever a 'home away from home.'"

"General Eisenhower has said, 'We want as much of USO as we can get as long as we can get it.' Now every Texan has the privilege of 'seeing it through.'"

Permits Required For Any Type Of Construction

Mayor Frank Jordan asks us to inform all people contemplating any type of construction or making any improvements—inside or out—that the new zoning ordinance makes the securing of a building permit necessary.

The permits may be secured at the city office and cost of permit is based on cost of construction. A permit for construction amounting to \$1,000 or less, costs \$1.00; for construction amounting to \$2,500 or less, \$2.50; and \$5.00 for construction costing \$2,500, up.

Mayor Jordan states that a number of people have started construction without securing permits and warns that if this practice continues, the City will be compelled to use the enforcement section of the ordinance wherein penalties are provided for non-compliance.

It would be a good idea for all builders and property owners to familiarize themselves with this ordinance and a good service for lumber and building materials dealers to remind their customers of this ordinance.

Terry Redford To Handle Kaiser-Frazier Cars

Terry Redford, well known Brownfield resident, has procured the sales agency for the Kaiser-Frazier automobiles and farm tractors, and expects to open for business as soon as products are available. He will likely be on west Broadway.

Homer Nelson is back on the job at Prim Drug after a few days illness.

We have often wondered—and we believe others have wondered too, because in the dim recesses of our memory, we have faint recollections of an article similar to this one—just who is the villain who goes up and down the face of our fair land assaulting the vision of all passersby with those wretched signs. We are sure that they are the handiwork of one and the same person because of their almost stereotyped similarity of appearance. Invariably, a dotted I is used with a string of capital letters; invariably, the S is reversed. Very often, when he sees he is about to run out of space, he desperately diminishes the size of his letters almost to the point of invisibility. Another mystery to us is why the irate owner does not come out and shoot him down from his ladder. Possibly he sneaks away before the owner has a chance to inspect the masterpiece of visual atrocity. A still greater mystery is why the owner allows the sign to stand unless he is very nearsighted or as glaring testimony of his own gullibility and a lesson to others to have all applying signpainters show a sample of their work. No, we do not belong to the Anti-Billboard Society. Fact is, we can still admire a well-placed and well-executed sign or billboard, and have made some very uncomplimentary remarks about certain highway departments (not Texas) as we drove miles before discovering we were on the wrong highway or desperately searched for a signpost that would tell us where and how far the next town was. The point is this: If you're going to use a sign, get one that is a credit to your business and not an insult to the surroundings. Nope, we are NOT offering a reward for that signpainter, but we haven't seen any improvement in his work in the past twenty-odd years, and we have seen it in every state we have visited, so all we can hope for is his early departure from this earth.

Saw Albert Anderson on the street Tuesday. Said he arrived Friday and got caught out in the red northwester had Sunday afternoon and had been coughing ever since. Said he supposed he had the "Sand Fever." Now, to our own certain knowledge, during the twenty-odd years that Albert lived here, he could face the worst sandy that old Terry had to offer with nary a snuffle nor sneeze. Could it be that Albert has grown soft since moving down to the low country?

Before leaving on his little Jaunt last week, the "Old He" left a note on his desk that went something like this: "Suggestion for editorial: After the politicians making such busts of peace conferences in World Wars I and II, why not turn the peace conferences over to the Army and Navy the next time . . . ?" Good idea, and we think they could do an excellent job of it, but with all this talk of atomic bombs and super-deadly poisons capable of killing millions with an ounce or less, will there be any conferences the next time? Takes at least two parties to form a peace conference, re-

member, and the next time, there may be only one party left—the victors.

Shades Of Nimrod

Despite the fact the Good Book does not go into any elaborate details describing his exploits, but instead, merely states that he was a "Mighty Hunter" and lets him go at that, Nimrod has in all ages since been held up before aspiring young hunters as one helluva game grabber. Personally, we have always shown a slight preference for "Baron Munchausen"—more description even if quite a bit less authenticity.

But the story we have, though it deals with hunting—and even finding—it in no way detracts from the reputation of either of the two above-named gentlemen, should even enhance their reputations, and concerns a local citizen who no doubt prefers to remain unnamed.

It seems that this local citizen went out dove hunting recently, and when asked later how he had made out, replied: "I killed four birds, but I would have killed more only I didn't carry out enough ammunition." "How much ammunition did you take?" was the query. "Three boxes," was the reply. Seventy-five shots—four birds.

This almost sets some sort of a record—but not quite. The best record we know of was made several years ago when another hunter went out and managed to fire a whole box of ammunition without killing a single bird. That incident was witnessed by Kyle Graves, who still delights in giving the embarrassing details. Personally, it leaves a sore spot with us, for that hunter—dammit—was us.

Washington, Sept. 19—The AFL is compiling a list of Congressional voting records to guide its members in an attempt to purge Congress of "labor's enemies" in the November elections, it was learned today.

The guides, in some respects different from the CIO's purge index, make domestic issues almost the exclusive basis for the AFL's 7,000,000 members to determine which Senators and Representatives should be defeated.

The first guides already are in the mails. AFL leaders expect to have them in the hands of all state and regional offices in two weeks.

Mr. R. D. Jones went to Tulia over the weekend and brought back Mrs. Jones, who had been there visiting relatives the past two weeks.

AFL COMPILES VOTING RECORD GUIDE FOR USE IN NOVEMBER ELECTIONS

Chicago, Sept. 19—A nationwide child safety campaign from Sept. 23 to Oct. 4 was announced today by the National Safety Council, which said 20,000 persons under 20 years of age were killed as a result of accidents each year.

"Accidents are the first cause of death among young people," the council said. "One out of every three children who die under 14 years of age die as a result of accidents."

Mrs. Ralph Ferguson and children were in Odessa Saturday.

CHILD SAFETY DRIVE SET SEPT. 23-OCT. 4

Under Texas Skies

Devoted to a better understanding of the Lone Star State.
By A. Garland Adair, Vice Chairman Centennial Commission

Vol. III Austin, Texas No. 3

Centennial Plan Considerate of Veterans

The future well-being of Texas is dependent primarily upon a sound economy and the happiness of our rural communities, for it is said that the farm is the "cradle of the nation." The life of our rural communities must be attractive—economically, socially, spiritually, and physically, so that our people will be drawn to the land.

World War II saw the greatest movement of youth from rural areas in history, with more than 1,500,000 of them serving in the armed forces and from 2,000,000 to 3,000,000 others in our war industries. Many of them have already returned to their farm and ranch communities, but whether or not the best of them will remain to develop the citizenship so important in America depends upon the initiative of the rural community. None of reconstruction's basic objectives comes so close to home as the re-establishment of our returning servicemen and women in the community. Through their experience in war they have learned to appreciate the American Way of Life. They fought to defend our American institutions. We must now help them to make the best possible use of their heritage. Shortly before his death our beloved President, Franklin D. Roosevelt, said: "We have taught our youth how to wage war; we must also teach them now to live useful and happy lives in freedom, justice and decency."

The Texas Centennial of Statehood Commission proposes to commemorate one hundred years of Texas' statehood in a practical program designed to revitalize rural life; to rebuild the land; and with the land, the man; and through the man, the State. The attainment of such destiny will constitute a living monument—greater than any of perishable stone—in which all Texas will share and our rural youth will have an opportunity to "live useful and happy lives in freedom, justice, and decency."

TEXAS CATECHISM: "Hats off to the past; coats off to the future." A Texas Centennial silver 50-cent piece will be given to the one sending in the reply acceptable to the editor of "Under Texas Skies," stating by whom the above quotation was first made. Replies should be sent to Centennial of Statehood Commission, 612 Capitol National Building, Austin, Texas.

Highways, Autos And The R. F. D.

This year rural free delivery and the automobile round out a half century. Their growth and accomplishment since 1896 has been amazing, and they well deserve the best wishes of the nation on their golden anniversaries. Certainly all those concerned with the best interest of America's highways—and that takes in just about everybody—have reason to felicitate the country mail carrier and the automotive industry. What they have done to improve our roads is a part of the saga of the country's progress.

The impact of rural free delivery on country roads was immediate. When the system was launched in 1896, it was truly "the horse and buggy era" for no record is found of an automobile being employed in RFD service until several years later. In extending the service, condition of the road was of prime consideration.

If the carrier in his buggy could not reach the farm on his route regularly, it was not his fault. Those who missed the service were quick to recognize why they were penalized. The result—farmers who had thought the road past their farms would do, began grading, hauling cinders and gravel, improving the drainage. Farm-to-Market roads began to emerge slowly from the mud.

On the main highway between cities, the motorcar's influence was first felt. Granted that the car of fifty years ago was not particularly rugged, perils of early motoring were often as much from the highway as from mechanical difficulties. Civic pride stepped in at this point for no public-minded municipality wanted the reputation that it was inaccessible to this new form of transportation. So importance of primary highway systems came to be realized.

To exist and to serve, the automobile and rural free delivery had to have good roads. Out of their necessity has grown our present system of primary and secondary highways.

World War II saw the greatest movement of youth from rural areas in history, with more than 1,500,000 of them serving in the armed forces and from 2,000,000 to 3,000,000 others in our war industries. Many of them have already returned to their farm and ranch communities, but whether or not the best of them will remain to develop the citizenship so important in America depends upon the initiative of the rural community. None of reconstruction's basic objectives comes so close to home as the re-establishment of our returning servicemen and women in the community. Through their experience in war they have learned to appreciate the American Way of Life. They fought to defend our American institutions. We must now help them to make the best possible use of their heritage. Shortly before his death our beloved President, Franklin D. Roosevelt, said: "We have taught our youth how to wage war; we must also teach them now to live useful and happy lives in freedom, justice and decency."

The Texas Centennial of Statehood Commission proposes to commemorate one hundred years of Texas' statehood in a practical program designed to revitalize rural life; to rebuild the land; and with the land, the man; and through the man, the State. The attainment of such destiny will constitute a living monument—greater than any of perishable stone—in which all Texas will share and our rural youth will have an opportunity to "live useful and happy lives in freedom, justice, and decency."

TEXAS CATECHISM: "Hats off to the past; coats off to the future." A Texas Centennial silver 50-cent piece will be given to the one sending in the reply acceptable to the editor of "Under Texas Skies," stating by whom the above quotation was first made. Replies should be sent to Centennial of Statehood Commission, 612 Capitol National Building, Austin, Texas.

NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES

THE STATE OF TEXAS
COUNTY OF TERRY
To the Resident Qualified Property Taxpaying Voters of Terry County, Texas:

TAKE NOTICE that an election will be held on the 7th day of November, 1946, in said County, in obedience to an order duly entered by the Commissioners Court on the 9th day of Sept., 1946, which is as follows:

On this the 9th day of Sept., 1946, the Commissioners Court of Terry County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Brownfield, Texas, with the following members of the Court, to-wit:

H. R. Winston, County Judge, Earl McNeil, Commissioner, Precinct No. 1,
W. T. Settle, Commissioner Precinct No. 2,
Wood E. Johnson, Commissioner Precinct No. 3,
J. R. Thomas, Commissioner Precinct No. 4,

being present, and, among other proceedings had by the Court were the following:

Commissioner Earl McNeil introduced an order and moved its adoption. The motion was seconded by Commissioner J. R. Thomas. The motion, carrying with it the adoption of the order, prevailed by the following vote:

AYES: Commissioners Earl McNeil, W. T. Settle, Wood E. Johnson, J. R. Thomas.
NOES: None.

The order is as follows:

WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80c) Cents on the one hundred dollars' valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Terry County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF TERRY COUNTY, TEXAS:

That a special election be held in said County on the 7th day of November, 1946, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:

"Shall the Commissioners Court of Terry County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election, county taxes as follows:

Not exceeding Forty Five Cents (45c) on the \$100.00 valuation, in any one year, for County purposes;

Not exceeding Fifteen Cents (15c) on the \$100.00 valuation, in any one year, for roads and bridges;

Not exceeding Six Cents (6c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the County; and

Not exceeding Fourteen Cents (14c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election

shall have written or printed thereon the following: "FOR RE-ALLOCATION OF COUNTY TAXES." "AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows:

Precinct No. 1, Voting Place, Courthouse in Brownfield, Texas; Presiding Officer, Lee Brownfield.

Precinct No. 2, Courthouse in Brownfield, Texas; Presiding Officer, Jay Barrett.

Precinct No. 3, Courthouse in Brownfield, Texas; Presiding Officer, L. L. Blackstock.

Precinct No. 4, Courthouse in Brownfield, Texas; Presiding Officer, R. B. Perry.

No. 5, Union Gin Office, Presiding Officer, V. B. Herring.

No. 6, School Building, Meadow, Texas, Presiding Officer, J. M. Burleson.

No. 7, Johnson School Building, Presiding Officer, L. V. Alexander.

No. 8, Tokio School Building, Presiding Officer, J. T. Pippin.

No. 9, Pool School Building, Presiding Officer, L. M. Waters.

No. 10, Wellman School Building, Presiding Officer, L. D. Hamm.

No. 11, Whitley Feed Store in Gomez, Presiding Officer, B. Stice.

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

Notice of said election shall also be given by publication thereof in a newspaper published in Terry County, once each week for three consecutive weeks, the date of first publication being not less than twenty-one (21) full days prior to the date of said election.

ADOPTED AND APPROVED, this 9 day of Sept., 1946.

H. R. Winston, County Judge, Earl McNeil, Commissioner, Precinct No. 1,
W. T. Settle, Commissioner Precinct No. 2,
Wood E. Johnson, Commissioner Precinct No. 3,
J. R. Thomas, Commissioner

shall have written or printed thereon the following: "FOR RE-ALLOCATION OF COUNTY TAXES." "AGAINST RE-ALLOCATION OF COUNTY TAXES."

NOTICE TO BIDDERS

Sealed bids covering standard Diesel Engine driven Alternator Units, complete with all engine auxiliaries and electrical controls, as set forth in specification prepared by Mr. Joe E. Ward, Consulting Engineer for the City of Brownfield, Texas, will be received by the Honorable Mayor and City Council of the City of Brownfield, Texas, at the office of the City Secretary, City Hall, Brownfield, Texas, until 9:30 A. M., Central Standard Time of 11 October, 1946, at which time and place the bids will be publicly opened and read aloud and considered by the City Council. All bids received after closing time will be returned.

Copies of the plans and specifications are on file in the office of the City Superintendent of Utilities, City Hall, Brownfield, Texas, and are open to public inspection.

Each bidder shall deposit with his bid a certified check or cashiers check for five (5) percent of the total amount of his bid, drawn on a solvent bank and made payable to the City of Brownfield, or at the option of the bidder, he may deposit a bidders bond in lieu of the certified check, which bond shall be issued by a company licensed to do business in the state of Texas. Such bond or check being a guarantee that the bidder will enter into contract and furnish bonds within fifteen (15) days after award of the contract.

The successful bidder shall furnish good and sufficient surety bonds in the sum of not less than one hundred percent (100%) of the total bid price of the equipment, which bond shall be conditioned upon the faithful performance of the contract in accordance with the specifications and the payment of all labor and materials ordered for the bidders account.

The City reserves the right to reject any and/or all bids and to waive informalities except that no bid received after closing time will be considered.

Pyorrhea Curable, Says Health Officer

Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to take time by the forelock and seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine

33 TECH GRIDSTERS MAKE SAN ANTONIO TRIP

Lubbock — The problem of which 33 of a squad of 70 good players to take to San Antonio for the Sept. 28 game with the Texas Aggies is causing Coach Dell Morgan of Texas Tech much trouble.

At home in the season's opener against West Texas State, Morgan used virtually all of his squad and found that in certain positions there was little difference between his men. There were some stand-outs, to be certain, but in the main elimination of some candidates from the first road trip might be an injustice, Morgan feels.

Almost 200 aspirants for the Red Raider team showed up and this number has been sharply pared as practice moved along. Now the selections come tough for Morgan.

Tech has met the Texas Aggies five times in the past and has not won yet. Morgan is anxious to mark up a 1946 win.

One of those considered certain to play in San Antonio is Calvin Stevenson, Brownfield, end.

home-care of the mouth by the patient will effect a cure in the majority of early cases.

Concern regarding pyorrhea should not be based upon the misguided notion of its incurability, according to the State Health Officer, but rather that is discovered by the dentist when still in a curable stage.

POSSUM FLATS . . . "SCHOOL DAYS"

TEXAN ON COMMITTEE OF NATIONAL PEANUT COUNCIL

With the addition of two more members, W. L. McCoy, Cleveland, Oklahoma, representing southwest growers, and George Homer, Denison Peanut Company, Denison, Texas, representing the southwest shellers, the membership of the research and development committee of the National Peanut Council is now complete. This committee, consisting of three sheller representatives, three grower representatives and one manufacturing end-user are responsible for the research policy of the Council. They have enlisted a number of scientists familiar with peanut research to serve on a technical advisory sub-committee.

The National Peanut Council, a trade association of the entire industry has a two-way program of research and advertising-publicity which is aimed at developing a better product at lower cost and informing the public of the product's goodness, thus aiding in keeping peanuts in their position as fifth money crop of the South and tenth of the nation.

Mr. and Mrs. Mace Gorby attended the football game at Plains Thursday evening of last week. Plains A team and the Brownfield B team played.

Mr. and Mrs. Jess McWhirter and daughter and Mr. and Mrs. Kenneth Purtell and sons spent a week at Possum Kingdom Dam, fishing.

WELLMAN HOME DEMONSTRATION CLUB

Well, we think you should have met with the home demonstration club at the school cafeteria, Friday, September 20th.

The house was called to order by the president. Opening exercise: a game passing the scissors crossed or uncrossed.

Roll call was answered by "My best piece of household equipment and what makes it so."

An interesting report of the council meeting was given. We elected Mrs. Clyde Heafner from our club who will be in the number from which one will be elected from council to represent the county at the Texas Home Demonstration Association.

Mrs. Gibbs Phillips was elected Parliamentarian for our club. Mrs. Stanley Emerson was appointed as Living Room Demonstrator. Mrs. Sewell Dean is to go to the Recreation School, and if it is possible for her to go, Mrs. Gibbs Phillips is to go.

Discussions and plans for the Fair were made. Let's try to have a good exhibit from our club.

Then the program was turned over to Miss Dunlap. Her demonstrations were very helpful. She showed us the difference in the materials for sheets and pillow cases. Then designs for bed spread making. She also showed us patch work. Patsy Ann More, one of our 4-H club girls, gave the demonstration of sewing on buttons. All of this work was nice and interesting as well as the great help

TALLEY ON WAY HOME

Batangas, Luzon, P. I. — After more than 20 months of service in the armed forces, T/5 Thomas M. Talley, husband of Mrs. Margie O. Talley of Brownfield, Texas, has received processing for his return to civilian life and is now awaiting transportation home.

Cpl. Talley has been in the Philippines ten months and was last stationed at Sub-Base R, on Luzon, 80 miles south of Manila with the 153rd Station Hospital.

Mr. and Mrs. Roy Crosby, of Kermit, were guests of Mr. and Mrs. Money Price, Thursday of last week.

we get from them.

Come to our next meeting October 4th, at the School Cafeteria. —Reporter

Capt. R. O. Berryhill of Hugo, Okla., was here recently visiting his sister, Mrs. Moon Mullins. The Captain was one of the first of the U. S. Army to land in Europe and has only recently returned to the States.

Mrs. Harold Crites underwent major surgery in the West Texas Hospital in Lubbock, Wednesday of last week.

Lubbock — Randolph Greene, 23-year-old Lubbock war veteran who was almost totally blinded when a land mine exploded in his face in the Dutch East Indies, is a freshman student at Texas Technological College.

His wife will read his lessons to him and he will write assignments on a typewriter. Choosing poultry husbandry as his major, he plans to operate his own chicken farm after graduation.

Brownfield, Texas Lubbock, Texas

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

- Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

NEW, HIGHER PAY FOR ARMY MEN

In Addition to Food, Lodging, Clothes and Medical Care	MONTHLY RETIREMENT INCOME AFTER:	Starting Base Pay	
		Per Month	20 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25	\$185.63
Technical Sergeant	135.00	87.75	151.88
Staff Sergeant	115.00	74.75	129.38
Sergeant	100.00	65.00	112.50
Corporal	90.00	58.50	101.25
Private First Class	80.00	52.00	90.00
Private	75.00	48.75	84.38

In Addition to Column One at the Right: 20% Increase for Service Overseas, 50% Increase if Member of Flying or Glider Crews, 5% Increase in Pay for Each 3 Years of Service May Be Added.

Listen to: "Warriors of Peace," "Voice of the Army," "Proudly We Hall," and Major Football Broadcasts on your radio.

Lubbock Fair Prizes To Total \$17,000

Approximately \$17,000 in cash will be distributed in premiums for exhibits and to winners in rodeo and midget car racing events at the Panhandle-South Plains fair Oct. 7-12 according to Homer D. Grant, president of the fair association.

A total of \$2,590 is listed for the cattle division; \$1,192.50 for the swine division; \$1,550.75 for the agriculture division and \$681 for the women's department. Miscellaneous prizes amount to about \$1,000.

Prize money for top drivers in the midget car racing events will approximate \$6,000, and for rodeo winners, \$4,000. Racing will be a daytime attraction while the rodeo will be held at night.

In addition to cash prizes, Grant said, a substantial number of merchandise prizes will be offered.

HATCHERIES OUTPUT FAR BELOW LAST YEAR

Austin, Sept. 19—Texas chick hatcheries let out a very faint peep in August, as compared to August a year ago.

Commercial output was 275,000 chicks—less than one-fifth the number hatched in August, 1945 and about one-fourth the 1940-44 August average, the United States Department of Agriculture reported today.

The USDA said high feed prices, weakened demand for poultry meat when increased quantities of red meat were available last month, and very hot, dry weather contributed to reduction of demand for baby chicks.

Mr. V. M. Redfoot, of Tulsa, Okla., was here last week on business. He was a dinner guest of Mr. and Mrs. J. P. Miller, Wednesday evening.

PRESS TO BE BARRED FROM NAZI EXECUTIONS

Berlin, Sept. 19—News correspondents will be barred from any executions resulting from the Nuernberg war crimes trials to prevent condemned Nazi leaders from becoming martyrs in the eyes of the German people, it was learned today.

Correspondents, news photographers, and newsreel men are included under the ban, reportedly decided upon by the big four.

An official said "documentary photographs" would be taken, but that it had not been decided whether they would be made public.

CITRUS CROP IMPROVES

McAllen, Sept. 19—A two percent improvement in the Texas grapefruit crop during August has been reported by the U. S. Department of Agriculture, the report placing the condition of the crop as of Sept. 1 at 71 percent of normal. Rains and cooler weather have been credited with the slight improvement.

Mr. and Mrs. Jim Quinton, Mr. and Mrs. J. B. Worsham, Mrs. Jessie Machens and Mrs. Ray Halley visited Mr. and Mrs. Scott Eubank, in Loving and Mrs. and Mrs. Luther Moore in Carlsbad, Sunday.

Mrs. T. R. Clark and children and Mr. and Mrs. C. S. Wyly spent Sunday and Monday in Muleshoe visiting Mr. and Mrs. H. O. Huff.

Mrs. Dewey Murphy and Mrs. Osie Proctor spent the weekend in Carlsbad visiting Mr. and Mrs. Bunk Proctor and baby son.

Mr. and Mrs. Clovis Kendrick and son and Mr. and Mrs. Richard Kendrick spent the weekend of Forsan as guests of Mr. and Mrs. M. M. Hines.

Mr. and Mrs. J. C. Lewis and Fatsy spent Sunday in Plainview visiting relatives.

Mrs. Milton Addison was returned to her home Friday from the Frazier Hospital in Lamesa, where she had been a medical patient for a week.

4-H, FFA BOYS TO HOLD SALE AT STATE FAIR

Meat-on-the-hoof will go on sale by auction at the State Fair of Texas, held in Dallas, Oct. 5-20, as 400 4-H Club and Future Farmers of America boys auction off all the livestock they bring to the State Fair at the Junior Livestock Sale scheduled for 10 a. m. Tuesday, Oct. 8, in the Livestock Arena.

About 250 steers, 250 hogs and 100 lambs will go to the highest bidders as the young exhibitors sell their prize stock.

OPA has granted the auction committee authority to sell above ceiling price to individuals who may store the meat in frozen food lockers or to restaurants stocking up, announced Chairman John W. Carpenter.

Mr. Carpenter urged bidders and buyers to turn out for this sale of grain-fed quality beef, pork, and lamb "in order to support and encourage Texas farm and ranch boys to produce more livestock."

Other members of the committee are A. B. Green and Henry Neuhoff, Dallas meat packers; Leon Gilmore of the Texas Power and Light Co.; Ed. E. Sammons, president of the Dallas Junior Chamber of Commerce; Z. E. Black of the Dallas Chamber of Commerce; James Aston and R. L. Thornton Jr., Dallas Bank executives; R. E. S. Henderson of Allis-Chalmers Manufacturing Co., and Luther Sharp, farm market relations consultant.

Assisting the committee are R. L. Thornton, Nathan Adams, Fred Florence, Earl Wyatt and Ben Cabell.

Wellman School News

The Wellman School opened the 1946-1947 term with a full faculty and has continued proper progress for the first full month with a continuous increase in enrollment despite the "Polio scare" that originated during the first week. The enrollment now exceeds the four hundred mark with the majority of the students being enrolled in the elementary grades. Mr. J. O. Phillips, as principal is

PERT AND PRETTY

Fresh from the studio comes Paramount star Diana Lynn, and fresh from the laundry comes her cool, smart cotton suit—chambray in solid color and stripes. The jacket buttons down the front are covered with self-material. Collar and cuffs are of the same material as the skirt.

assisted by Mrs. Thelma Taylor, Mrs. Grace Phillips, Mrs. Mary McBeth, Mrs. Ilma Jones, Mrs. Juanita Lyon, Mrs. Velma O'Neal, Mrs. Clara Castle and Mr. A. L. Fain. Mr. Ney G. Phillips, principal of high school is assisted by Mrs. Lissie Jones, Mrs. Irene Auburg, Mrs. Dorothy Howton, Mrs. Sadie Head and Mrs. Imogene Jenkins. I, as superintendent, consider that we have embarked on our most promising term yet experienced in the Wellman Schools. I am well pleased with the functioning of our faculty and the attitude of the pupils in general.

Superintendent Jones stated that a closer contact of parent, pupil and the faculty is highly desirable and essential to the best operation of the school and therefore has planned a series of community "get-together" nights on the campus and in the gym. The first entertainment was held there on the Friday night following the opening of school with games in progress for every age group. It was estimated that more than five hundred were actually in attendance and every person present seemed to enjoy the games and more than a thousand ice cream cones were passed out to those in attendance.

Our next entertainment is planned for Friday night of this week in our gymnasium in form of a community Forty-Two party. Everyone is urgently requested to attend and bring game tables and dominoes. Games are planned in our study hall for youngsters from 12 years down. For our adults who do not care to play Forty-Two, please bring Checkers and other games you might care to participate in.

The third of the series of entertainments shall be held on October 10 in the form of a Good-Year Family Party. This event is scheduled to open at 7:30 P. M. and plenty of refreshments promised and prizes as valuable new tires and tubes are promised persons in attendance. Remember all this is free to the school and no cost is attached. Everybody is urged to attend each and every scheduled entertainment.

For November, Mr. Jones states that the faculty is planning to give a three-act comedy play. Let me assure the community that we hope to entertain you in this play and in all these community get-togethers. Please do not leave any entertainment without having met every person present, both faculty members and patrons.

J. T. Jones

Mrs. Ruth Lowe and Mrs. R. N. Huckabee were in Lubbock Sunday for the portrait and commercial print exhibit of Mr. Mussiem, of Denver, Colo. His work was displayed in the Texas Tech Museum.

PERSONAL PLANE BEING BUILT FOR TRUMAN

Santa Monica, Calif., Sept. 19—Douglas Aircraft Co. is building a new four-engine personal plane for the use of President Truman, it was learned today.

The new plane, a standard DC-6 except for the addition of a bedroom-library and personal appointments, replaces the "Sacred Cow," a personal DC-4 built for President Roosevelt and now used primarily for State department junkets.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending September 21, 1946, were 25,491 compared with 25,266 for same week in 1945. Cars received in from connections totaled 13,114 compared with 11,857 for same week in 1945. Total cars moved were 38,605 compared with 37,123 for same week in 1945. Santa Fe handled a total of 37,467 cars in preceding week of this year.

Farmers Know What a Profit Is For

AS his own boss, the farmer has long since found out that a profit is not just an extra sum, above the bare cost of doing business, which can be used as you please. It is the main source of funds necessary to pay for a new silo, buy better machinery, and improve the house and the barn.

In spite of the great rise in income, farm profits are no more than necessary to keep the farm plant producing efficiently. It's the same with the iron and steel industry which makes the materials for the farmer's tools.

In 1945 steel companies had left, after meeting all expenses but before paying dividends, only a little more than one-tenth of one cent on each pound of steel sold. The profit on each dollar invested was less than five cents. Year by year since 1941, when the war started, earnings have been declining.

Although last year's output of steel was 19

per cent greater than in 1940, the last prewar year, pay rolls were nearly double but dividends were lower.

There are many misunderstandings and misrepresentations about profits. Some people forget that reasonable profits are a necessary incentive of the American system, which results in abundant low-cost farm products and abundant low-cost steel products.

It is up to those who know what profits are for, and what they can do, to see that they are not destroyed—and with them our high standard of living.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER. Write for a copy and it will be sent gladly.

LUNCHEON MEETING HELD FOR HOME DEMONSTRATION CLUB

A luncheon meeting and all day meeting for the Harmony home demonstration club was held in the home of Mrs. T. G. Sexton, Thursday, Sept. 19th.

The following attended: Miss Helen Dunlap; and Mesdames Sears and Willie Oliver, visitors, and eight members.

The house was called to order by the president, Mrs. Bell. Roll call was answered by the members, "Points to consider in buying household equipment."

The meeting was turned over to Miss Dunlap and a demonstration was given on candlewick bedspread, which was enjoyed by all.

Two quilts were quilted for the hostesses.

Members present were: Mesdames Bell, Smith, Floyd, Bartley, Kissinger, Oden Miller, Ocie Murray and Mrs. Sexton.

Our next meeting will be Oct. 3, with Mrs. Reed. All members are urged to be present, and don't forget to bring the birthday gifts.

—Reporter

GIRL SCOUT TROOP STARTS YEARS ACTIVITIES WITH A BREAKFAST

Mrs. Vivian Forbus and Mrs. Dick Fallis entertained their Scout troop with a breakfast at John Wall's Cafe Saturday morning. Before going to the breakfast the girls met at the Presbyterian church and made plans for the Scout picnic and campfire to be held in Coleman Park the 26th of Sept.

Scouts present were: Jane Black, Patsie Burgin, Rena Chesshir, Linda Figley, Betty Gibson, Dixie Glover, Bobbie Hosea, Kay Hinkle, Leta Jo Hinkle, Betty Jackson, Joan Knight, Peggy Lilly, Nelda Miller, Nancy Marlin, Parilee Nelson, Leah Portwood, Helen Rogers, Colene Sanders, Jo Ann Shelton, Joann Short, Julia Smith, Theda Stafford, Kay Szydoski, Marlyn Willis, Charlyn Weigle, Joann Zant, Jo Fredda Anthony and the leaders.

BROWNIE NEWS

Troop 6 of the Brownies met at the Methodist church Wednesday of last week and elected officers. Donna Jane Newsom was elected president; Ann Jernigan, vice-president; and Maureen Webb, secretary and treasurer. Barbara Chesshir was elected to serve as hostess. 17 members were present.

Mrs. Jack Griggs and her troop of Brownies and Mrs. Herman Chesshir and her troop met Wednesday and hiked to Coleman Park.

Luziers representatives enjoying a luncheon at the Crossroads Cafe in Muleshoe Thursday of last week were: Mesdames Mina Edwards of Enoch, Texas, Maybelle Sels of Portales, N. M., Freddie Mae Bines and Lois Reast of Levelland, Earnest Frauchs and Oliver Wheat, of Brownfield and Sallie Schester, Elizabeth Burnett and Lois White, of Muleshoe.

ALPHA OMEGA CLUB

The Alpha Omega Club met at the Methodist Church, Tuesday afternoon with Mesdames Wayne C. Hill and Roy Herod as hostesses. Mrs. P. R. Cates called the meeting to order and roll call was answered with new notes from the musical world. Mrs. Virgil Crawford was program chairman. Mrs. C. L. Horn gave the history of the first musical instrument and Mrs. Homer Newman gave the "Origin of American Music."

The story of the National Anthem was given by Mrs. Arlie Lowrimore. Mrs. Roy Herod entertained the group with several organ selections.

Refreshments were served to Mesdames P. R. Cates, Finis Carter, Virgil Crawford, Jack Ellis, Jake Gore, Tommy Hicks, C. L. Horn, Arlie Lowrimore, Bill McKinney, Robert Noble, Homer Newman, V. L. Patterson, Marnie Price, and Chad Tarpley. Mrs. Jerry Kirschner and Miss Kathleen Hardin were guests.

MRS. LATHAM IS HOSTESS TO LAS AMIGAS CLUB

Mrs. Everett Latham was hostess to Las Amigas club members and guests with three tables of bridge Thursday afternoon of last week. High and second high scores were awarded Mesdames I. M. Bailey and Wilson Collins. Mesdames Troy Noel and Orb Stice won in the games of Bingo.

A salad plate was served to Mesdames Glen Akers, O. L. Peterman, Wilson Collins, Lal Copeland, I. M. Bailey, Jack Stricklin, Chad Tarpley, Troy Noel, Bob Menefee, Al Muldrow, Orb Stice and Clovis Kendrick.

KINDERGARTEN CLASS COMPLETES MONTH'S WORK WITH PROGRAM

Mrs. L. D. Spradling's kindergarten class completed their first month of classes, Sept. 27th, with a program during regular class hours. Group singing of "Piggie Wig and Piggy Wig" and "I Had a Little Doggie" opened the program. A picture show, made by the class was shown by Jimmy Bill Warren, Kathleen Menefee, and Jill Walker. Kenneth Lee Kendrick and Don Copeland displayed posters, made by the class.

Michael Gene Denton, Billy Colvin and Betty Cason recited nursery rhymes and Rex Winford, Linda Boales and Claud Wallace Lee told stories. Scrap books were shown by Thomas Bruce Zorns, Sharon Kay Snedeker, Bobbie Dobbs and Herbie Pickett. The dramatization of "Three Little Pigs" was given by Larry Johnson, Rudy Simmons, Robert Ray Clewis, Carl Head and Shannah Pharr. Marches and rhythms executed by all the children, and accompanied by Mrs. Spradling at the piano, completed the program.

Mrs. C. W. Duffey, of Meadow, and Miss Thelma Duffey left Wednesday for a two weeks visit with friends and relatives in Ft. Worth, Gainesville, Decatur and Denton.

Mr. and Mrs. Jack Shirley left Sunday to visit Mr. Shirley's parents and other relatives in Iowa. Enroute they will stop at Columbia, Mo. and visit with Marion Wingerd.

MOZELLE BROCK NAMED HONOREE AT COFFEE

Miss Mozelle Brock was named honoree at an informal coffee and shower Friday morning in the home of Mrs. Clarence Lewis. Assisting as hostesses were: Mesdames J. L. Randal, Grady Goodpasture, P. C. Garner, Will Fitzgerald and Miss Cleo Miller. Mrs. Lewis, Miss Brock, the honoree and Mrs. Wayland Parker, her sister, greeted the guests. Mrs. Garner registered 45 guests in the bride's book.

The refreshment table was decorated with a centerpiece of yellow Pyracantha berries and table appointments were Fiesta pottery. Mrs. Randal poured coffee and was assisted by Mrs. Goodpasture, who served sweet rolls. Many lovely gifts were on display.

NEW CHILDREN'S BOOKS ADDED TO LIBRARY

Some of the new children's books that have been added to the library are: "The Mysterious Rider," "The Shepherd of Guadalupe," "Wilderness Trek" and "The Riders of the Purple Sage," all by Zane Grey. "Flint Spears," by Will James and several Carolyn Keene mysteries. The library committee of the Maids and Matrons club, consisting of Mesdames Money Price, Jesse G. Randal, Lee Fulton and Miss Olga Fitzgerald, will be in Lubbock Saturday, to purchase new books of all types for the library.

Miss Fitzgerald, librarian, has the library open every afternoon from 1:00 to 5:00 o'clock.

BETTY ANN PATTERSON CELEBRATES FOURTH BIRTHDAY

Mrs. V. L. Patterson named her daughter, Betty Ann, honoree at a party Saturday, Sept. 21st, to celebrate her fourth birthday. Games popular with the younger children were played for diversion. Miniature garden tools were given as plate favors.

Ice cream, birthday cake and milk chocolate were served to: Don and Ann Copeland, Gene and Doug Mason, Latrice Teague, Jan Neely, Terre Sue Redford, Mike Smith, Kennie Kendrick, Donnie Hickey, Gayle Gore, Carrol Ann Crawford, Joan Tarpley, Linda Bost, Michiel Black, Sheila Primm, Rose Alene Barrett, and Mary Jane and Linda Brownfield.

W. S. C. S.

The Women's Society of Christian Service met in the farm home of Mrs. G. S. Webber Monday for their regular meeting.

Luncheon was served to the group with hostesses being Mrs. Jackson, Mrs. Longbrake and Mrs. Webber.

Good reports were given of the zone meeting at Meadow.

Those present were Mesdames F. H. Gorton, Joe Johnson, Cleve Williams, N. T. House, Mofin, Treadaway, Tobe Power, Ed Tharp, B. L. Hill, A. E. Proctor, R. N. Huckabee, Glenn Harris, W. H. Culver, Terrill Isbell, Glenn Webber, J. H. Carpenter, W. B. Downing and the hostesses.

Mrs. Zeb Moore and son, Davie, of Amarillo spent the weekend in the home of Mr. and Mrs. Clyde Lewis.

Guests in the homes of Mr. and Mrs. P. R. Cates and Mrs. S. A. Shepherd are: Mr. Jack Shepherd, who is assistant manager of Montgomery Ward Co. of Columbia, Mo., and Miss Margaret Robbins, of Kansas City, Kansas.

FEDERATED SOCIETY TO MEET SEPT. 30TH

The Federated Missionary Society, composed of members of the Baptist, Methodist, Christian, Nazarene, and Presbyterian churches, will meet Monday afternoon in the Methodist church with members of that church as hostesses.

The business meeting will be conducted by Mrs. S. H. Holgate, and the principal business on the slate will be the election of the new officers for the coming year.

The program for the day will be on Christian fellowship and will be led by Mrs. W. M. Adams.

It is as follows: Prayer, Mrs. Bryant; Song, No. 131; Devotional, Union in Fellowship, Mrs. Brown; Special Music, Methodist Ladies; Discussion on Fellowship, Mrs. Adams, leader; Speakers, Mrs. McBurnett, Mrs. Jno. King, Mrs. Huckabee, Mrs. Butler; Social hour.

DOWNINGS ENTERTAIN MR. AND MRS. 42 CLUB

Mr. and Mrs. W. B. Downing were hosts to the Mr. and Mrs. 42 Club Thursday evening of last week. Mr. and Mrs. N. T. House scored high. The Hallowe'en motif was used in decorating the house.

Fresh strawberries with whipped cream, angel food cake and fruit punch was served to: Messers and Mesdames S. H. Holgate, W. H. Collins, R. M. Kendrick, J. B. Knight, N. T. House, Tobe Power, Hayden Griffin, Sam White and Mrs. W. H. Culver.

ORDER OF THE EASTERN STAR TO CELEBRATE 21ST BIRTHDAY

Chapter 785 of the Brownfield Order of the Eastern Star will meet on Tuesday, Oct. 1st at 7:30 P. M. in the Masonic Hall to celebrate their 21st birthday. The chapter was instituted in 1925 with the late Seleta Jane Brownfield as first worthy matron. Mrs. Gene Brownfield is the present worthy matron.

A special program honoring all charter members and past worthy matrons and patrons will be given. A cordial invitation is extended to all members and those who will be honored, to be present that night.

Veterans' News

Contracts with the Louisiana and Texas state medical societies to provide home-town medical care for veterans with service-connected disabilities are in the final stages of negotiation, the Veterans Administration revealed this week.

At the same time, VA, through its Central Office in Washington, D. C., is seeking contracts with state hospital associations in the Southwest on a standard schedule of hospital costs so that VA can utilize more private hospital facilities for veterans with service-connected ailments.

Signing of these contracts will enable eligible veterans to get good medical care in their own communities and in many instances will eliminate the necessity of making long trips to VA hospitals for treatment.

More than \$7,000 worth of movie equipment especially designed for bed-ridden patients, has been donated to Veterans Administration hospitals in Texas, Louisiana and Mississippi by the Texas Variety Club.

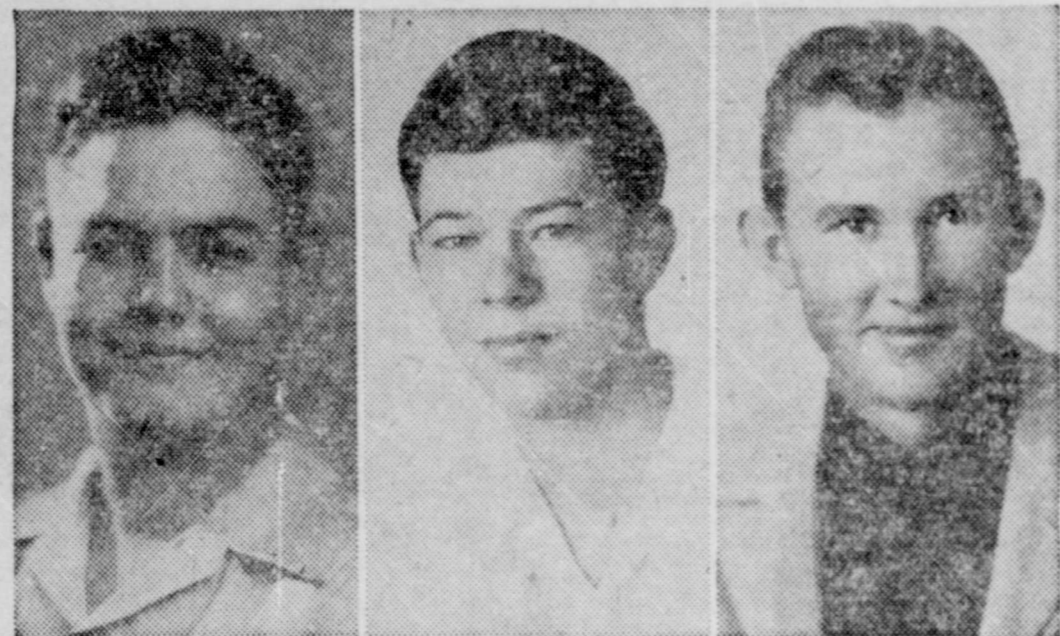

The organization, made up of Texans in the entertainment industry, raised the funds and purchased the equipment so that veterans confined to their beds by war injuries or sickness would be assured of entertainment at all times.

The Variety Club's gift included 22 light and portable projectors with prismatic lenses to throw movies on the ceiling or an overhead screen. Each projector is equipped with three headphones which enable selected patients to listen to the movie dialogue without disturbing others in the ward.

Institutions of higher education in Texas, Louisiana and Mississippi are expecting a record enrollment of about 133,000 students this fall, according to preliminary reports reaching VA. Former service men and women are enrolling in tremendous numbers, these reports indicated.

EARLIER HARVEST PAYS — "Earlier harvest of cotton means: Saving more of the crop, higher grade of lint and seed, and earlier destruction of old cotton stalks for insect control and planting winter cover crops."—Oklahoma Experiment Station.

Texas Boys Win

Carson Barton McLendon

TOP HONORS for Texas in the 1946 model car design competition of the Fisher Body Craftsman's Guild went to Jean Carson of Borger, who won the state junior award, and Charles D. McLendon, of Longview, who took senior division honors. Young Carson's model also received a regional award as the best junior in the states of Texas, Arkansas, Louisiana and Oklahoma. Because he is the son of a GMC truck dealer, Craftsman's Guild rules require a dupli-

cate award to the next highest ranking boy for state junior honors. This was received by Dan K. Barton of McAllen, while Robert Eskridge of Little Rock, Ark., was named a junior co-regional winner. Carson and Eskridge will attend the national convention at Detroit, Mich., to compete for university scholarships. The Craftsman's Guild is an educational foundation sponsored by General Motors to encourage development of handiwork and craftsmanship among teen-age boys.

SEPTEMBER CHOICE

Selection of the cotton industry for the September Design-of-the-Month is this velveteen suit designed by the famous stylist, Morgan Fauth. The suit, as pictured above, appears in the September issue of Harper's Bazaar.

GI Question And Answer Department

Q. How can I arrange to have my National Service Life Insurance premiums deducted from the disability compensation checks I receive from Veterans Administration?

A. You can do this if you will go to any Veterans Administration office and fill out a form authorizing VA to make the deductions from your compensation payments.

Q. I have been turned down by a lending institution for a G. I. guaranteed loan to buy a business. Does this mean that I can't get a G. I. guaranteed loan to go into business?

No. If one lender turns you down, try another one. The fact that one lender is not interested does not indicate that your proposition is not sound.

Q. Before the G. I. Bill was amended, I used up my whole guarantee of \$2,000 to buy a farm. Now that the maximum guarantee has been increased to \$4,000, would I be entitled to an additional \$2,000 loan-guarantee if I wish to purchase more land?

A. Yes. If you used part or all of your loan guarantee before the Servicemen's Readjustment Act (G. I. Bill) was amended last winter, the amount of loan-guarantee credit used is deducted from the amount for which you are eligible under the amended bill, and

The Texas Safety Association asks parents to let the school bells remind them of this fact: Accidents rank as the leading cause of death among young people! In 1945 accidents claimed four times as many lives in the 5 to 14 age group as pneumonia, the second leading cause. Let the school bells remind you to devote time and thought to training your children for life—long life! Teach them that they can have fun without undue risks. Teach them especially to cross streets only at corners and only with the green light, and to be constantly watchful and careful every time they cross. And remember: Your good example is their best lesson.

Just read where a widower with eight children married a widow with six children. That wasn't a marriage, it was a merger.

the remainder is the amount of guaranteed credit which you may use in obtaining future loans.

Q. Can I change the beneficiary or beneficiaries of my National Service Life Insurance without letting the beneficiaries know anything about it?

A. Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent by notifying Veterans Administration. For further information, the veteran should consult the nearest VA office.

UNION NEWS

Mr. O. J. (Jack) Rhodes, who lives in the southeastern part of the community, has recently completed an irrigation well. It was finished last Monday and has 1150 gallon storage capacity.

R. H. Decker received word Sunday morning of the passing of his brother, John, of De Leon, Texas. The Decker family of this community are at De Leon to attend the funeral.

Friends of Bruce McNeil will be glad to learn that he is back in the States. He has been in Manila for 21 months.

Mrs. Pyeatt visited in Dallas last week.

The "42" party at the school gymnasium Thursday night was well attended and was a huge success. Let's have more of them.

Mr. and Mrs. H. E. Truitt, of Lamesa, visited their daughter, Mrs. Juanita Lanious, and children of this community Sunday afternoon.

Misses Geneva Stewart, Cornita Gibson, Mae Jean Bevers, and Glona Purselley visited Miss Purselley's parents at Dawson last Wednesday night. After enjoying a chicken fry they attended church at Welch.

Mrs. Lanious and children visited friends at Meadow Saturday.

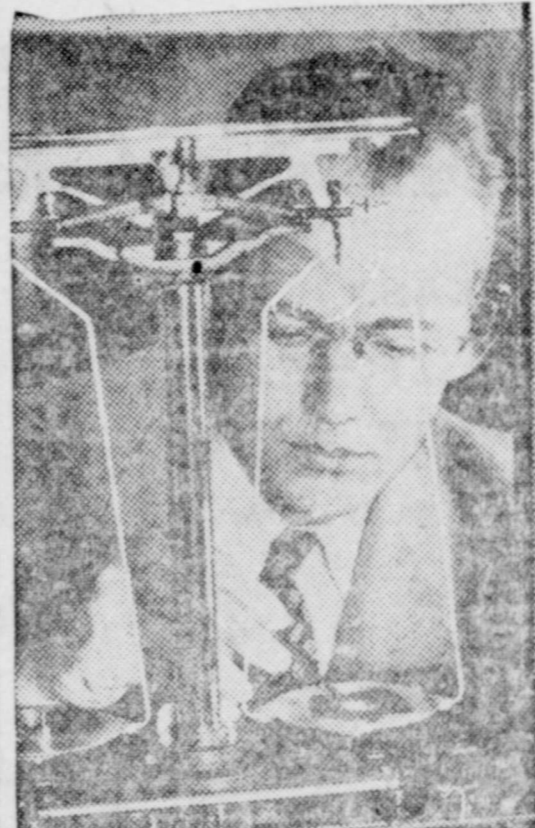

Mr. and Mrs. J. G. Hill of Artesia, New Mexico, visited her cousin, Mr. Weldon Fenter and family of this community.

Mr. Fenter has an irrigation well dug and a pump installed. Work has begun on the reservoir and it should be ready for irrigation soon.

The R. E. Luttrell family of Seagraves visited in the Fenter home Thursday night.

Mr. and Mrs. R. H. Decker gave a "42" party for a few families last Wednesday night. The reporter was unable to obtain the names of the people who attended.

The Union Home Demonstration Club met with Mrs. Jack Rhodes Thursday, Sept. 19. New officers were elected. Various handiwork for making Christmas gifts were displayed. Seven members were

ATOM FOR PEACE . . . Dr. William L. Doyle, University of Chicago, measures out a tiny amount of radioactive carbon. First shipment from U. S. atomic laboratory, Oak Ridge, Tenn., is designed for diseases experiments.

PISTOL-PACKIN' BADGETT QUADS . . . The seven-year-old Badgett quadruplets, Galveston, who have been accorded high honors by the governor of Texas, who has named them official Rangerettes. The girls, in high boots and full "Rangerette" equipment, do a little target practice on the Galveston beach in preparation for their newly appointed honor. Left to right: Jeraldine, Jeanette, Joyce, and Joan. The girls are in the second grade in school.

FOR COLD AND "FLU"

Resistance Later

Start Building Up Your System

NOW

THE VITAMIN WAY

Vitamins have been proven to be of great value toward the prevention and curing of colds and flu. The human body gets very low in resistance to germs when essential vitamins are needed. Therefore, in order to ward off these dreaded ailments start building your system up now, before the winter months set in.

Fifth Graders Pay The Sixth

Proving the truth of that old adage "raise 'em up in the way they will go" the Fifth grade boys, up at the school, played the sixth grade team on the school grounds last Friday evening. The sixth grade won, by two scores. The fifth graders had their pep squad in action.

The Fifth grade girls entertained the boys with a party, with Bobbie Duke as hostess, at the home of Mrs. L. J. Dunn, Saturday night.

SEED IS LIVELIHOOD — "Income from cottonseed is our means of livelihood while harvesting our crop . . . the main source of subsistence and operation expenses for all our farmers through harvest season, whether tenant, share-cropper or landowner." — W. T. Jones, President, St. Francis, Arkansas, County Farm Bureau.

Mrs. J. F. Curry and daughter, Mrs. Ed Cloud, of Rule are visiting Roger and Charlie Curry and families of Brownfield, Mrs. Borden Davis and John Curry at Tahoka and Joe Curry at Plains, this week.

NOTICE TO FARM VETERANS OF TERRY COUNTY, TEXAS

The Terry County Board of Education has for its consideration the matter of sponsoring a Vocational Training School for the Farm Veterans of Terry County. A mass meeting is being called to be held at the District Court-room at Brownfield, Texas, at 2:30 P. M. Saturday, October 5, 1946.

If you now can enroll and qualify for the benefits of the Vocational School, please be present, and this will give to us a correct estimate of number of eligible veterans.

Please be present as this will determine whether or not a school can be set up in Terry County.

Signed: Lee Fulton
County Superintendent.

NOT COTTON'S FAULT—"Cotton has often been condemned and blamed for the various ills with which agriculture in the South is afflicted. The trouble was not with cotton but with its excessive use in a one-crop system rather than as a crop in a well-balanced system of diversified agriculture."—Dr. H. B. Brown, Louisiana Experiment Station.

The Low Down From Hickory Grove

Our Govt. and agriculture department have just finished proving that it cannot stabilize prices here in our land of the free and easy, and is now figuring on making the same kind of mess worldwide. At the meetin' in Copenhagen, our under-secretary of Agriculture told 'em just how to do it. This talkative gent should be brought on home. We have already proved to Europe and Asia and Africa—that we are a sucker outfit—we don't need to give 'em further proof. And now here at home, to cover up mistakes and why bacon is extinct, etc., there is learned talk about the Govt. taking over the meat business. And if any worker wants to know who will be hurt or maimed most by any such guff, he can look at Socialism in France and England. Today we can fill up the old flivver with 20 cent gas—one cent less than back there a dozen and more years ago. In England where Socialism is just sprouting good, gas is 40 cents. And in France where Socialism is chronic, gas is 63 cents. What this country needs, is to stay home a half hour sometime and read up on the old fox and goat story—and how the promise of a nice cool and tall and FREE

BRONZE TURKEYS GROW WHITE FEATHERS

College Station — Some Texas producers are concerned because their growing young bronze turkeys are developing many white feathers. Low protein feeding, not breeding, is the cause says Prof. D. H. Reid of the department of poultry husbandry at the A. and M. College of Texas. As a preventive, he advises adding five pounds or more of meat and bone scraps, or soybean meal, to each 100 pounds of the feed given the birds. Turkeys molt just before reaching maturity and if this is done no off-color feathers will appear. In recent work at the division, he explains, varying degrees of white in the primary and secondary wing feathers of broad breasted bronze turkey poultts have been observed. This occurred in feeding tests in which the 24.37 total protein supplement was a combination of 65.29 per cent vegetable and 34.71 animal protein. In another test a more pronounced feather discoloration was produced when a ration containing 40.32 per cent vegetable and 59.68 animal protein was fed. It is believed, Prof. Reid adds, that this discoloration can be charged to a deficiency of lysine, one of the essential amino acids which was shown to prevent the pigmentation. Vegetable proteins are low in this amino acid. More, further work is being carried on to discover the adequate amount of combinations of animal protein necessary to prevent bronze feathers changing color. Additional information will be released as it becomes available.

Then there was the old maid who called the fire department when she spied a man trying to enter her second-story window. He needed a ladder.

Opportunity would have to knock the door down before some people would become interested.

PROPOSED PLANS FOR JEWISH ZONE... Some 1,800 square miles in Palestine would be granted the Jews under a reported American compromise which President Truman is believed to favor and which has been favored by the Jewish Agency for Palestine. The new plan also would demand Jewish and Arab autonomy in their respective areas. Above at left is the Palestinian division originally proposed by the Anglo-American cabinet committee and backed by Britain. At right is the approximate division under the plan favored by the Jewish agency.

Farmers Worked 75.4 Hours a Week

American farm operators averaged 75.4 hours of work a week during a recent three years, according to a nationwide survey of working habits in agricultural centers. In the same period, according to the American Iron and Steel Institute, workers in steel plants averaged 41.6 hours of labor a week. The operators of the six million American farms spent nearly 4,000 work hours a year, per man, plus the use of mechanized equipment, to earn a living and to produce the crops and food needed to meet the urgent wartime demands of a hungry world. Farm operators in the West North Central area worked the longest hours, putting in an average of 83.2 hours a week. Second were the farm operators in the East North Central area with 82.5 hours a week, while farm operators in the Middle Atlantic worked 79.9 hours a week. Farm operators in the Pacific states put in the smallest number of weekly work hours, averaging 72.1 for the three years of 1939, 1943 and 1944.

Mary Ruth Dunn And Horace Johnson Are Wed

Miss Mary Ruth Dunn, daughter of Mr. Homer Dunn, of the Pool community, and Horace Johnson were married with a single ring ceremony, Saturday morning at 10:30 in the home of Rev. and Mrs. Ed Tharp. Mr. Johnson is the son of Mr. Luther Johnson and Mrs. Myrtle Johnson.

The bride wore a blue wool suit with brown accessories and a corsage of pink carnations. She attended the Meadow schools.

Mr. Johnson is a graduate of the Plains High School and served three years in the army, twenty-one months in overseas duty. He is now employed by the state highway dept.

After a weekend trip to Lamesa the couple are at home in Brownfield.

Mrs. Myrtle Johnson and Miss Juanita Dunn, sister of the bride, were guests at the wedding.

TRY A HERALD WANT AD

COFFEE AND SHOWER COMPLIMENTS MRS. GRAHAM

Mrs. P. R. Cates complimented Mrs. Blue Graham with a coffee and pink and blue shower, Tuesday morning from 10:00 to 11:30 o'clock. Mrs. S. A. Shepherd registered 30 in the guest book.

Sweet rolls and coffee were served from a table laid with a white linen cloth and centered with an arrangement of pink gladioluses and baby breath. Mrs. Clarence Lewis presided at the coffee service and was assisted in serving by M. A. W. Enderson, of Ft. Worth.

MRS. MILLER ENTERTAINS CLUB

Mrs. Joe Miller entertained her club Thursday afternoon with two tables of bridge. When scores were added Mrs. Fred Jones received high. Mrs. Wayne Brown won in the game of Bingo.

Frosted cakes and cup cakes were served to: Mesdames Fred Jones, Phil Gaasch, Wayne Brown, Jack Benton, Everett Mathews, Crawford Burrows and Ted Hardy.

Vinice Steen And Ellis Wood Married Sunday

Miss Vinice Steen, daughter of Mrs. W. E. Steen and Ellis A. Wood, of Macon, Ga., were married Sunday morning in Lovington, New Mexico. Rev. Hardcastle, minister of the Baptist church, read the single ring service.

The bride, a graduate of the Brownfield schools and the School of Beauty at Amarillo, wore a street length dress of black crepe with black and gold accessories. Her corsage was an orchid.

Mr. Wood served three and a half years in the army, most of the time being spent in overseas duty. He is now employed by the Arizona Chemical Co.

The couple are at home in Brownfield.

Mr. and Mrs. Tommy Hart left the latter part of the week to make their home in Abilene, where Tommy has enrolled as a student in A. C. C.

MRS. EDWARDS INTRODUCED AT FORMAL TEA

A formal tea at the home of Mrs. C. T. Edwards, Sept. 20th from 4 to 6 o'clock introduced Mrs. Elwin Edwards, recent bride of Mr. and Mrs. C. T. Edwards' son. Receiving were: Mesdames Money Price, C. T. Edwards, Elwin Edwards, R. E. O'Neil, Miss Lois Nettles and Mrs. Roy Wingard. Mrs. E. C. Davis registered the guests in a white leather bride's book. Mrs. Alfred Gore was in charge of the gift display.

The tea table was laid with a lace cloth over yellow satin and centered with pink and yellow dahlias in a crystal bowl. White tapers in crystal holders flanked the arrangement. Mrs. Buell Price presided at the tea service. Mesdames Joe Price and Looie Miller assisted in serving spiced tea, nuts, cookies and mints.

Mesdames J. E. Smith and Ruth Huckabee entertained the guests with piano selections.

Charlie Kisselberg, of Oklahoma City, spent Tuesday and Wednesday morning visiting Robert Lee Craig. They were buddies while in the service.

Mr. and Mrs. Albert Enderson, of Fort Worth are here visiting Mrs. S. A. Shepherd and Mr. and Mrs. P. R. Cates.

Una Faye Cummings And Berlon Lincoln Wed

Mr. and Mrs. C. L. Lincoln announce the marriage of their son, Berlon to Miss Una Faye Cummings, daughter of Mr. and Mrs. Earl Cummings, of Panhandle, Texas. The wedding took place in the home of the bride's parents, Sunday at 3 P. M. Elder Oldham, minister of the Amarillo Church of Christ, read the single ring service.

Preceding the ceremony, Miss Lula May Cummings, sister of the bride, sang "Always" and "Indian Love Call." Mrs. Arthur Cummings, an aunt of the bride, played the wedding music. The candles were lighted by Melva Joyce Atchison, of Amarillo, a cousin of the groom.

Miss Christine Cummings, as maid of honor, wore a black crepe suit and a pink carnation corsage. Edward Cummings, a cousin of the bride, served as best man.

The bride, given in marriage by her father, wore a blue wool crepe suit with black accessories and a corsage of American rosebuds.

A reception was held immediately following the ceremony in the Cummings home. Garden flowers were used for decorations throughout the reception rooms.

The bride is a graduate of the Panhandle High School and attended Draughtons Business college this past year.

The couple will be at home in Lubbock.

GOOD NEIGHBORS CLUB

Mrs. Henry Jeffrys was hostess to the Good Neighbors club Thursday afternoon of last week.

Each member brought her own work and a great deal was accomplished during the course of the afternoon.

Sandwiches, stuffed olives and iced tea was served to nine regular members and two visitors.

The next meeting will be with Mrs. Ford Fowler, Oct. 3. —Reporter.

FAMILY NIGHT AT WEST WARD P. T. A. OCT. 3RD

As a P. T. A. organization can only function successfully through the cooperation of both fathers and mothers the West Ward P. T. A. is having family night at the high school gym, Oct. 3rd at 8:00 P. M. to get the parents, children and teachers acquainted with each other. Mrs. Leo Holmes will be in charge of the program which will be followed by a social hour and games.

The executive committee will meet the same day at 4 o'clock at the home of Mrs. Walter Hord. All members of this committee are urged to be present.

REBECCA LODGE ENJOYS SOCIAL NIGHT

Following their regular business meeting in the IOOF Lodge Hall, Tuesday evening, the Rebeccas enjoyed a social hour. Games of 42 and Bingo were played. Mrs. Eula Lewis scored high in 42 and Mesdames Anna Lee Bruton and Minnie Williams scored in the games of Bingo. Hostesses were: Mesdames Charles Didway, J. C. Seaton, W. H. Culver and Minnie Williams.

Those present were: Mesdames J. C. Seaton, Charles Didway, Charles Moore, Ida Bruton, W. H. Culver, H. B. Parks, Johnny Garrison, Jess Turner, Vallie Turner, Vada Lewis, Lola Bruce, Mary Ellen Brown, Tom Oats, Minnie Williams, Claude Buchanan, N. T. House, Anna Lee Bruton and Eula Lewis.

Those columnists and radio commentators who recently had their sleep disturbed with visions of Russian bears jumping at them from every corner, recovered from their fears with surprising ease by the simple statement from Uncle Joe Stalin that he did not see any war in the immediate future. Better watch out, boys, he might be talking in a different tone next week.

Wanda Huffstutler And Joseph Clemmer United In Marriage

Miss Wanda J. Huffstutler, Hobbs, N. M. and Mrs. Joseph B. Clemmer, Meadow, Texas, were united in marriage at the home of the groom's parents, Mr. and Mrs. B. F. Clemmer of Meadow, on Sunday, September 22, at 3:00 P. M.

The ceremony was performed by Rev. R. L. Shannon, pastor of the First Baptist church, Meadow.

Mrs. Clemmer wore a beautiful Royal Blue dress, with black accessories to match. Her corsage was of white dahlias tied with satin ribbon.

Those attending the wedding were Mr. and Mrs. B. F. Clemmer; Mrs. Huffstutler, the bride's mother; Mrs. Inez White, Meadow; Mr. and Mrs. Buford Clemmer, Brownfield; Mr. and Mrs. Noble Luman, Brownfield, and Miss Rowena Clemmer, Meadow.

After a brief honeymoon, Mr. and Mrs. Clemmer will make their home at Seminole, Texas, where Mr. Clemmer is engaged in the jewelry business.

MRS. BRADLEY NAMED HONOREE AT PARTY

Mrs. Hubert Runnels and Mrs. Horace Rambo named Mrs. A. D. Bradley honoree at a party Thursday of last week at the home of Mrs. Rambo. In the written contests, which furnished diversion, Mrs. Marian Linville won a toy wheelbarrow and Mrs. Bradley, a rattler.

After refreshments of pink and blue iced angel food squares and punch were served a lovely array of pink and blue gifts were presented the honoree.

TOMMY DEE HARDY CELEBRATES BIRTHDAY WITH PARTY

Mrs. Ted Hardy complimented her son, Tommy Dee, with a party on his third birthday, Tuesday afternoon from 4:30 to 5:30 P. M. After several games were enjoyed, ice cream, birthday cake and punch were served. Toy airplanes and boats were given as favors.

Guests were: Becky Edwards, Wade Hill, Linda Sue Mathews, Vicky Norris, Judy Moore, Terre Sue Redford, Scotty Moorhead, Luis Price, Jan Neely, Doug Mason, Jim Brennen, Sherry McLaughlin and Kenny Kendrick.

INFORMAL COFFEE GIVEN FOR MRS. EDWARDS

Mesdames Money Price, E. C. Davis, Joe Price, and Buell Price honored Mrs. Elwin Edwards with an informal coffee Wednesday morning at the home of Mrs. Buell Price. The hostesses presented the honoree with pyrex bowls and kitchen utensils.

The guest list included Mesdames C. T. Edwards, R. E. O'Neil, Sam Privitt, Bill Enderson, Mon Telford, Jr., G. W. Tarpley, Ruth Huckabee, N. L. Mason, J. E. Smith, Alfred Gore, Marner Price, O. W. Schellinger, Johnny Benson, Tommy Hicks, Sam Teague and Misses Twilla Graham and Lois Nettles.

Mozelle Brock Becomes Bride Of Roy Miller

Miss Mozelle Brock, daughter of Mr. and Mrs. L. L. Brock, of Mills, New Mexico, became the bride of Roy Miller, son of Mr. and Mrs. T. I. Miller, of Brownfield, September 24th, at 8 P. M. at the home of Mr. and Mrs. Wayland Parker. Rev. R. N. Huckabee read the double ring service before an arched trellis of greenery, red roses and white daisies. Traditional wedding music was played softly throughout the ceremony.

Miss John E. Coker, of Seminole was maid of honor and wore black with a corsage of red roses. Mr. T. O. Miller, brother of the groom, served as best man.

The bride wore a street length dress of aqua blue with brown accessories and a corsage of camellias. For something "old," she wore a necklace, which was a childhood gift from Fern Sawyer. Something "borrowed" was a handkerchief belonging to her sister, Mrs. Lawrence Magee. She wore a penny in her shoe for luck.

Immediately following the ceremony a reception was held in the Parker home. Mrs. Parker is a sister of the bride. A three tiered wedding cake, flanked with white tapers in double candelabra, centered the reception table, which was laid with a yellow net cloth over yellow satin. An arrangement of yellow flowers decorated the buffet. The bride's aunt, Mrs. H. M. Brock, presided at the tea service and was assisted by Miss Toni Burkhardt, of Plainview.

Mrs. Miller is a graduate of the Seminole High School and attended Texas Tech. Mr. Miller is a Brownfield graduate and served two years in the navy.

The couple will make their home in Denver, Colo., where Mr. Miller will enter pharmacist school. For traveling the bride chose a brown gaberdine suit with brown accessories.

Wedding guests were: Mr. and Mrs. L. L. Brock and Mrs. J. O. Brock, of Mills, New Mexico, Mrs. Delbert Swindle, of Carlsbad, Mr. Steve L. Brock of DeHaven, New Mexico, Mrs. Horace De Loach of Texarkana, Mr. and Mrs. Lawrence Magee and son of Lubbock, Mr. and Mrs. H. M. Brock and son Willard, Mr. and Mrs. T. O. Miller, Mrs. B. L. Thompson and son, Maurice, Mr. and Mrs. A. H. Herring, Mr. and Mrs. T. C. Garner, Mr. Thomas Lee Miller and Mrs. Cleo Long.

Mr. and Mrs. J. M. VanHuss, Mrs. Bently Hill and Mrs. Francis Bennie of Brownwood, and Mr. C. C. Moon of Dallas all visited over the weekend in the home of Mr. and Mrs. E. D. Duncan.

Mrs. Jesse G. Randal is visiting her daughter, Mrs. Gaster Spencer in Lubbock this week.

Choose a well constructed, easily cleaned HIGH CHAIR and you will never have trouble getting the young fellow to eat all his spinach. He likes pretty things, too.

From \$7.95

For the older baby, a STROLLER is just the thing. He likes the idea of being able to help Mommie along with his sturdy little legs. Then when he's tired he just sits back with his feet on the props and takes it easy. A rack on the handle takes care of Mommie's packages and purse.

From \$9.50

BABY'S BED must by all means be comfortable, as well as pretty. These modern, well-constructed beds meet every requirement for the mother as well as for the baby, being easily manipulated with the foot when mother's hands are full. Easily cleaned.

From \$19.95

VOLUMES ON NURNBERG TRIALS ROLL FROM PRESSES, DEFENDENTS AWAIT VERDICT

Even as the twenty odd top Nazi leaders, who stood as defendants before the four power military tribunal at Nurnberg, await the verdict of that court, the great presses of the United States Government Printing Office at Washington are already impressing their words and the evidence of their probable guilt in permanent volumes for all the world to see.

The mass of documentary evidence collected by the American and British prosecuting staffs including the material relative to the trial, fills eight volumes which are to be made available to the general public for \$18 per set through the Superintendent of

Documents, Government Printing Office, Washington, D. C.

Goering and Hess, von Papen, von Ribbentrop, Schacht and the others, wrote letters and notes on their conferences in their work of enslaving the continent of Europe. Now these letters and notes, taken from captured Nazi files, will be available in English translation for all to read and ponder over the coldness, the hardness, the brutality which these Nazi conspirators used to gain their ends.

Two volumes of the eight volume set have already been printed and bound. Contained in these volumes are documents relating to the treatment of prisoners, the use of enforced labor, the battle of the Warsaw Ghetto, the enslavement of Austria, Czechoslovakia and Poland, and the work of Hit-

lers propaganda machine. Here are not the words of foreign observers but the actual words and thoughts and attitudes of the German leaders themselves and the organizations through which they worked. These messages and papers leave no doubt of the probable guilt of those on trial at Nurnberg.

These volumes begin with the setting up of the International Military Tribunal, the indictments against the top Nazis and their organizations, the means used by the conspirators to gain control of the German state, the embarking upon the wars of aggression, the specific criminal acts performed, and a setting forth of the indicated individual responsibility of the defendants. Then comes the weight of evidence in the form of documents, messages, copies of speeches, personal and official letters, notes of conferences, and drafts of statutes and laws—all authentic translations which all Americans may read.

The publication of these volumes on "Nazi Conspiracy and Aggression" is of historical significance. Nurnberg was the first international Military Tribunal of its kind. Early in World War II it was agreed that this time the leaders, who through their conspiracy and aggression brought on the world conflict, would not escape unscathed as in World War I but would stand trial and pay for their crimes. These printed volumes will preserve the fruition of that agreement. Contemporary writers of history will have the documents and records available to them rather than tucked away in the archives of one particular nation, accessible to only a few.

RUPTURE

SHIELD-EXPERT, H. L. HOFFMANN of Minneapolis, Minnesota, will demonstrate, without charge, his "Rupture Shields" in Lubbock, Texas, at the Hotel Lubbock on Saturday, October 5th from 9 A. M. to 3 P. M. Please come early. Previous evening by appointment. I have been supplying my shields to rupture sufferers in this territory for ten years and longer. I have fitted thousands of cases in the United States during this time. There are many of my satisfied customers right here in your community.

CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See my associate, H.G. HIGGINS." If unable to see him at this time, address:

Behind the Scenes in American Business

By John Craddock

NEW YORK, Sept. 23 — Because the trend of business oftentimes in the past has been indicated by the trend in the stock market, the important question in the minds of most business men is whether stock prices will go lower or resume the uptrend which was maintained from 1942 to the end of last May. There are no assurances one way or the other, no infallible guide. The smartest of market traders admit they are satisfied to guess right more than 50 per cent of the time. Discussing the trend one successful trader said: "Being conservative, I try to separate the probabilities from the possibilities. It is possible that management and labor will straighten out their differences and that we will have industrial peace for a while. It is possible that prices can be brought down some so that more people may buy more things, that investors will regain confidence. These things are possible, but I don't think they are immediately probable. Therefore, I think the probability is that we must undergo some deflation in all prices before we are again on a sound footing."

THINGS TO COME—A double omnibus. It is two busses attached in the middle to facilitate turning of corners. Two power units will be used, one in the front of the first bus and a rear engine in the other. . . . A new device which transforms an ordinary microscope into one that extends human vision far beyond present microscopic limits. . . . Non-shrinking, virgin-wool socks, said to resist shrinking in all forms of laundering. . . . A prefabricated darkroom that can be installed in the home of any amateur photographer. It comes in knock-down form and may be assembled in six hours by the man. . . . Venetian blinds which are easy to clean. The slats are removable for cleaning, waxing or repair. Slats are made of wood, steel or aluminum. . . . A slot machine for merchandise which not only gives a nickel's worth, but makes change for dimes and quarters. . . . An all-aluminum glass cutter. . . . An abrasive cleaner which removes clogging particles from such things as files, sandpaper, saws. It is a liquid which is applied to the abrasive and brushed off.

BITS O' BUSINESS — Shoes may be more difficult instead of easier to get in the coming months. Less cattle slaughtering, bigger hide exports and smaller imports are the reasons. Tanners have been cutting into their inventories in the past few months. . . . European grain harvest is larger than anticipated. With the reporting system disrupted early indications were not over-optimistic. However, foreign estimates keep going up and that may mean smaller imports from the U. S. . . . Natural rubber is expected to be back to 860,000 tons next year, compared with 895,000 tons produced in 1938. That means a quicker return to normal output than had been anticipated. It also means earlier competition with our synthetic rubber. . . . Exports of American coal are many times the pre-war level. Europe formerly obtained its coal needs from

To those who eagerly await their new Chevrolets...

Here Is the Latest News about Chevrolet Deliveries

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America. . . . and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST!

Keep Your Present Car Alive

Meanwhile, may we suggest that you safeguard your transportation by bringing your car to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new Chevrolet comes along.

OPA HIKES PRICE OF LOW-COST FURNITURE

Washington, Sept. 19—OPA has boosted the price of low-cost furniture by four percent in order to spur production.

The increase goes into effect

Great Britain, took only about 50,000 tons a month from America. Our August shipments, however, were 2,000,000 tons and experts are now running about 4 percent of our output.

next Monday. It is the second granted to low-cost furniture manufacturers in the past year.

OPA also announced it is considering a price increase on radio

receiver tubes and special purpose tubes. The agency put the sales of these items on an adjustable pricing basis until it announces the new ceilings.

NO. 512
RE: GUARDIANSHIP OF
JERRY L. NICHOLS AND
BOBBY D. NICHOLS, MINORS
 IN THE COUNTY COURT OF TERRY COUNTY, TEXAS
 NOTICE OF APPLICATION TO EXECUTE OIL, GAS AND MINERAL LEASE

To all persons interested in the above minors or their estate:

You are notified that I have on this the 26 day of September A. D. 1946 filed with the Judge of the County Court of Terry County, Texas an application of authority to execute to E. W. Anguish as lessee an oil, gas and mineral lease covering an undivided two-thirds fee simple estate belonging to Jerry L. Nichols and Bobby D. Nichols, Minors, and being all the interest said minors own, in and to that certain land situated in Terry County, Texas, and described as follows:

The West 190 acres of Section No. 5, Block C-O and the West 56 acres of Section No. 6, Block C-O, all Public School Lands in Terry County, Texas, and that such application will be heard in the County Court room in the Courthouse of such County at Brownfield, Texas, on the 14th day of October, A. D. 1946 at 10:00 A. M.

Witness my hand this the 26th day of September, A. D. 1946.

OPAL C. NICHOLS DILLARD
 GUARDIAN OF THE PERSONS AND ESTATES OF
JERRY L. NICHOLS AND
BOBBY D. NICHOLS,
 MINORS. 1tc

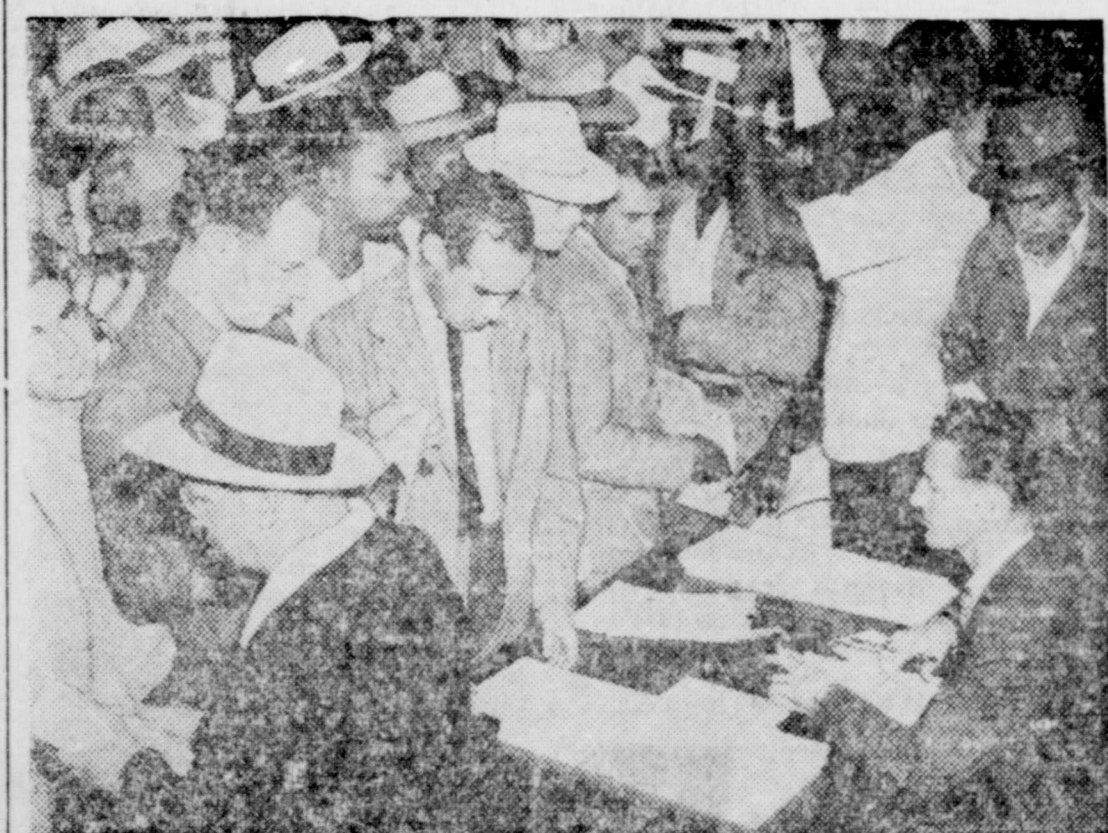

Pvt. Hugh Tucker Lilly informed his parents, Mr. and Mrs. Dennis Q. Lilly, that he was being transferred from Ft. Jackson, South Carolina, to Ft. Lambeth, New Jersey, where he will go to a courier school.

Mrs. E. J. Garrett, of Seminole and Mr. and Mrs. D. R. Smith, of Levelland spent Sunday visiting with the L. M. Langs.

MUST HAVE RESEARCH—“Over half the farm people of America live in the Southern States and until we awake to the need and value of scientific research, and are willing to support it liberally, the South will continue to lag in income and opportunity.”—“The Southern Planter.”

MISS SHANGHAI . . . Not to be outdone by the selection of "Miss America 1946," Miss Wong Yung-Mai, poses in the approved manner after she was chosen "Miss Shanghai of 1946," at the contest staged in the Chinese city for relief funds.

TERMINAL LEAVE SIGN-UP . . . Flood of 10,000 veterans at Los Angeles office to obtain the first terminal leave forms available in Southern California is shown in above photograph. This rush was typical of that to be found in nearly every city in the United States. The forms were printed locally through special arrangement with the war department, and are identical with those issued by the government. Bonds will be issued for amount of pay due.

On Record

“Freedom is more honest than government and so much more productive.” This proverb might be added appropriately and soon to the ever-growing lexicon of “immortal words.” It came from the lips of Ralph W. Gwinn of Bronxville, N. Y., toward the end of a speech he made in Congress, last April 16. The address was a review of 40 centuries of price fixing by governments.

Down through the ages, Rep. Gwinn traced the dismal trail of political price pegging from King Hammurabi of Babylon, who died 2,242 years before Christ, to our own Chester Bowles. Each successive effort went to pot. The oldest pile of wreckage, marking a turn where some self-confident ruler locked his economic steering wheel, was in ancient Babylon.

And Many Others
 Babylon was not the last nor the worst. Another notable catastrophe took place about 900 years later as a result of the wage and price freezing provisions of the Hittite Code. Popular pressure in Asia Minor influenced this case, but served to prove how even the ancient rulers ran afoul of sore resentment against their impractical tinkering with freedom of private enterprise.

France's egoistic Philip IV took prices in hand and created a painful scarcity of bread and clothing six centuries before Hitler. Three or more English kings took turns at issuing edicts against natural laws, no less silly than Canute's ordering the tides not to come in. Without fail, price control systems have finally created scarcity instead of improving production.

The Emperor's OPA
 The congressman's most colorful example was Rome. About 500 years before the birth of Christ, Emperor Diocletian set up a sort of OPA for the whole Roman Empire. Propaganda went out first in an effort to sell the public on the idea that rulers were much smarter than mere people. After the edict, came a record-breaking swarm of ministers and magistrates to enforce prices.

Did the emperor make his prices hold? He did not! He fixed a death penalty on people who bought or sold above the ceiling but Diocletian had his little undercover problems like all the others who went in for governmental price manipulation. Not many “offenders” were executed. Magistrates took bribes, prices rose anyhow and overflowed into black-markets without number.

Taxes Climbed Higher
 An interesting sidelight on the Roman affair was that all kinds of building stopped, arts and sciences fell into decay to such an extent that people almost forgot about excellence. They fashioned and used makeshifts exclusively. Good craftsmen went jobless, big business men went bankrupt and hungry And Rome fell.

But before the final collapse, before the tramp of armed aliens is heard in the streets, rulers, who have ruined the wealth of their country and the prosperity of their subjects, run out of money themselves. A hungry and angry people chased Diocletian out of Rome but his evil work was done. Taxes were devastating until Rome was a ruin. History has not one price-fixing parable to copy, here or anywhere.

Mr. and Mrs. L. M. Lang and Mr. and Mrs. Herbert King returned last Friday from Cisco where they have been the past two weeks. A day or two after their arrival, Mr. King's mother, Mrs. J. G. Suteville, dropped dead from a heart attack. Funeral services were held Sept. 17 at Cisco and interment made in Scranton.

Mr. and Mrs. K. M. Cayton, of Lake Charles, La., were weekend guests of Mr. and Mrs. Horace Rambo and Mr. and Mrs. Beryl Hahn.

Did you know that traffic accidents cause more deaths than any disease, flood or fire? And — did you know that only eight cents out of every tax dollar allocated for public protection are expended for safety in traffic control? According to a survey conducted by the Texas Safety Association, 49c of the tax dollar is spent for health programs; 24c for fire protection and prevention; and 19c for crime detection. The estimated traffic accident toll for this year is 3,000 dead and 100,000 injured. It seems that Texas pennies are NOT making dollars and sense!

OLD OKLAHOMA WILL BE SOLD FOR SCRAP

Honolulu, Sept. 19—The battleship Oklahoma is going to be sold across the counter for scrap.

The venerable fighting lady, sunk during the Pearl Harbor attack and raised almost two years later, will be sold “as and where she is,” Adm. Chester W. Nimitz has advised Vice Adm. Oscar Badger, commander of the service forces of the Pacific fleet.

The Oklahoma now is berthed at Pearl Harbor.

BROWNFIELD — TEXAS

Just Like when it was Built

When we repair any part of your car, we work from the basic structure out, just as it was put together when originally built in the maker's factory. That's why our repair work is always so enduring — and well worth the cost.
