

Many Local And Area Firms Assisting Terry County Experiment Station

Mr. Hugh Porterfield, manager of the Terry County Experiment Station, eight miles out on the Plains highway, was in this week and stated that quite a number of individuals and firms had contributed without cost to the farm this year in the way of high class

or pedigreed planting seed, which is gratefully received by the farm personnel. Among the contributors mentioned are: The Lockett Seed Co., Vernon, Texas, growers as well as distributors of high class cottonseed. They contributed some Lockett

No. 140 cottonseed.

The West Texas Cotton Oil Co., through O. L. Peterman, of this city, contributed some Paymaster cottonseed.

A. H. Macha, of New Home, Texas, contributed some Storm-proof cottonseed.

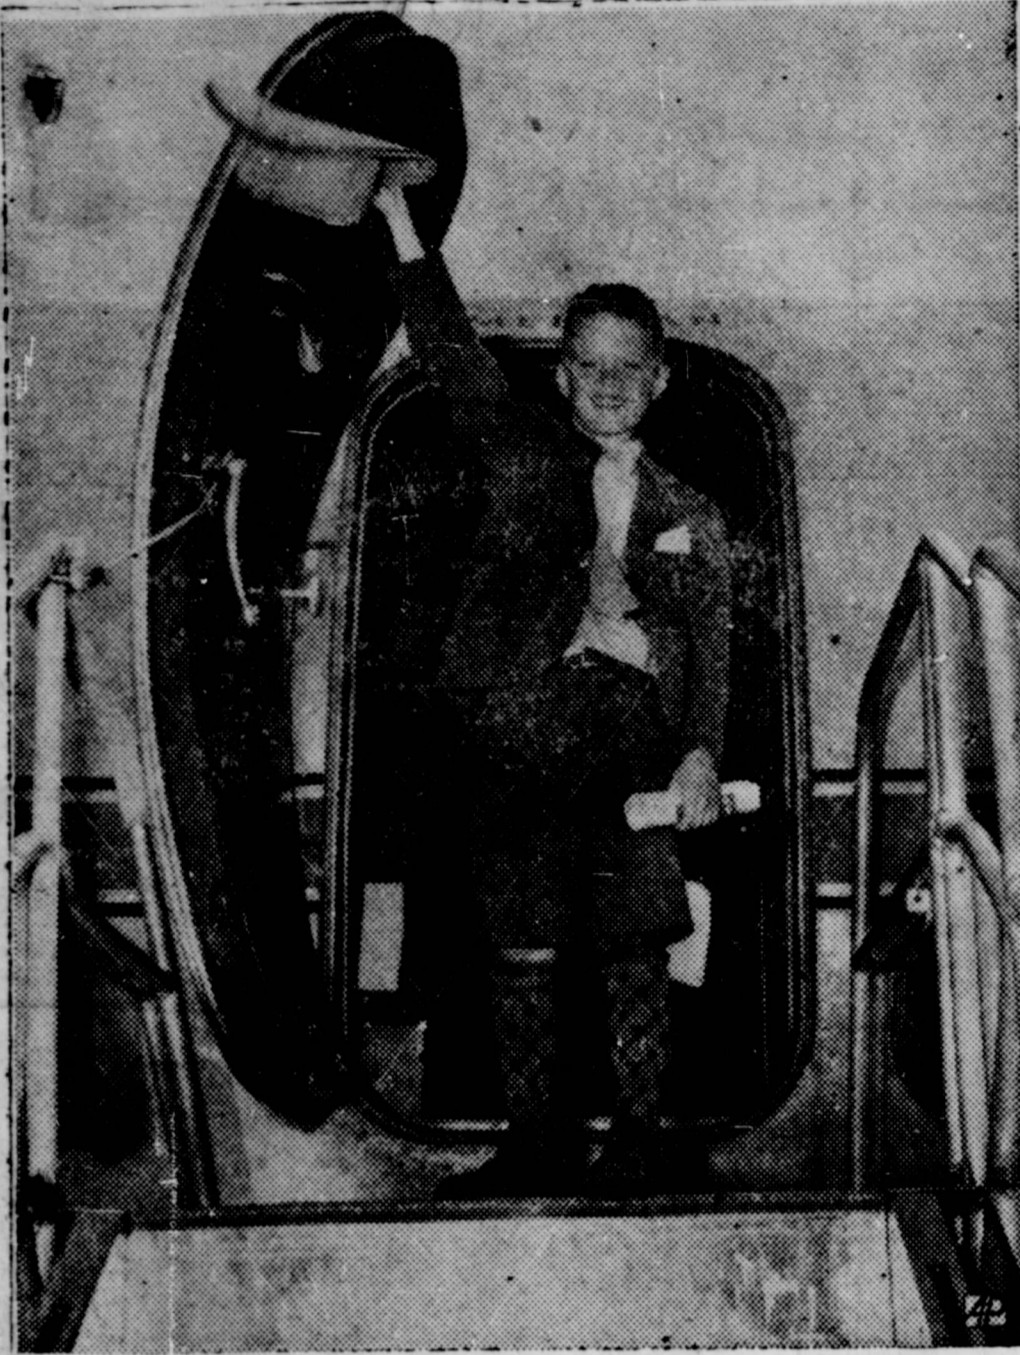

Jay Barret, local planter, and one of the leading instigators in the establishment of the Experiment Farm, contributed some of his well known No. 7078 milo maize. These seed were originally secured from Texas Experiment stations.

A. M. Muldrow, city, contributed Certified Sweet Sudan seed. The Lubbock Experiment station came in with some new Storm-proof cottonseed, new type Plainsman milo and early Hegari seed. Texas Experiment Station at College Station, contributed corn

and clover seed, and the Van Rhoeder seed farms at Snyder, some Western Prolific cottonseed. The Goodwin-Crump Gin Co., at Ropes, came in with some registered Lockett 140 cottonseed, and the Kemgas Delinting Plant at Lubbock delinted the cotton

seed. For several years Terry county has been trying to get an experiment station established, primarily to experiment with the lighter sandy soils of this immediate region of Terry, Yoakum, Gaines

and Cochran in particular. But the State always seems to be broke when the subject is brought up. So, Terry decided to go at it alone, and is doing well with it, and watched by many farmers who are trying to save their soils.

HELLO, TEXAS—Jerry Aaronson, 8, red-headed, freckle-faced boy from Mount Vernon, N. Y., clutches a western story comic book in one hand and waves his cowboy hat as he arrived in Dallas, Texas, May 26, for a week's visit in Texas. Jerry won the trip for his essay, "Why My Daddy Is Wrong About Texas." In a contest sponsored by the Madisonville Sidewalk Cattleman's Association. The Association recently held a contest to pick the ex-GI who hated Texas most. (AP Photo).

South Plains Press Association Formed At Lubbock Saturday

Some thirty interested folks from the South Plains area were on hand Saturday noon to attend the first called meeting of the South Plains Press Association, at which time, those in attendance unanimously agreed to go into permanent organization. The meet started at noon at the east ballroom of the Lubbock Hotel, the feed being supplied by the Lubbock Chamber of Commerce.

Rendering the editors a lot of assistance and advice, was A. B. Davis, manager of the Lubbock Chamber of Commerce and Board of Development. Especially was this true in regard to drawing up the Constitution and By-Laws. Very few changes were made from the original draft by Mr. Davis, except in places left blank purposely, such for instance as meeting dates, amount of dues, etc.

Following the meal, C. W. Ratliff took charge of a round table discussion, and all called on or who volunteered their thoughts, expressed themselves as being heartily in favor of a regional press association here on the South Plains, and all believed that it could be put over nicely, if all work together for such an accomplishment. True the east and northeast part of the area was not very well represented, but it is believed that before another meeting those not present can be contacted and brought in.

As proposed, the territory of the South Plains Press Association will be bounded on the north by Bailey, Lamb, Motley and Cottle counties; on the east by Cottle, King, Stonewall and Fisher counties; on the south by the T. & P. railroad, and on the west by Lea and Roosevelt counties, New Mexico, and newspapermen in the two New Mexico counties mentioned are invited to become members of this baby regional press association.

This will interfere very little with the Panhandle Association further north, already well established, with perhaps the largest regional membership in the state. And the more or less functioning West Texas Association, lies almost wholly south of the TP tracks.

The assembled editors and publishers named the following men as directors, who in turn named the first officers of the association: E. I. Hill, of the Lynn County News, Tahoka; H. G. Richards of the News, Anton; C. W. Roberts of the News, Andrews; Lois H. Vestal, of the Sun, Levelland; W.

M. Jackson of the Slaton's, Slaton; W. J. Hale of the Yoakum County Review, Plains; C. W. Ratliff, Avalanche, Lubbock, and A. J. Stricklin Jr., Herald, Brownfield.

In turn they named Mr. Hill of Tahoka, President; H. G. Richards, Anton, 1st Vice-President; C. W. Roberts, Andrews, 2nd Vice-President; Lois Vestal, Levelland, Secretary and Mr. Jackson of Slaton as Treasurer. Dues were set at \$5 per year and most of those present paid their dues at the time. Other members of the newspaper force, such as linotypers, printers and pressmen can become members with yearly dues of \$2. No provision was made for membership from or by supply men, who generally pay dues but are not allowed a vote.

While the session was strictly business, there was some real good talk made by several present, including Chas. A. Guy, and Ratliff of the Avalanche; C. W. Roberts, J. W. Hale, David Watson and others.

Attending from Brownfield were Chas. Didway of the Brownfield News and the Sr. and Jr. Stricklins of the Herald. While the next regular meeting is set for the first week in May next year, there will be a get-together by the editors sponsored by the Panhandle South Plains Fair Association, during the fair this fall.

TWO TRACTS OF SCHOOL LAND FOR SALE

Land Commissioner Bascom Giles has sent the Herald a booklet showing the location of State School land now coming on the market. We find there is a couple of tracts in Terry county, one in block 4x of 3 acres and another in block T of 160 acres. Those who may be interested in the purchase of this land may contact Mr. Giles at Austin.

While there is very little of this land for sale in this immediate section, there is a world of it in such counties as Culberson, El Paso, Hudspeh, Presidio, etc.—if you want it. Approximately 225,000 acres go on sale.

Mrs. F. W. Hess and daughter, Rosalind, of Lubbock are visiting in the Walter Hord home.

Glen Cary, son of Mr. and Mrs. Tracy Cary, who has been attending Kilgore Junior College is visiting his parents.

County Farming Operations In Full Swing

Texas Sports Official Set To End Career

By HAROLD V. RATLIFF
AUSTIN, June 3 (AP) Roy Bedichek, driving force behind the Texas Interscholastic League—called the largest organization of its kind in the world—will retire June 30.

He has been associated with the league as athletic director and general director for more than 30 years during which the organization included 400,000 contestants. The league has more than 800 high schools in football, more than 600 in baseball, more than 1500 in basketball and some 2,000 in track and field in addition to thousands of contestants in debate, declamation, music and other contests pooled in the division called "literary events."

Bedichek is nearing 70 years of age and under the compulsory retirement rule of the University of Texas, which operates the Interscholastic League, he will go on modified service.

Bedichek, whose life-time hobby has been nature study, wrote a book on birds in 1946. He put the colorful expressions for which he is known, in to this work and the book experienced a good sale. Now he's going to write another—and also write a history of the Texas Interscholastic League.

No man should know more about the league, which went through some stormy periods during his connection with it. Bedichek has been hanged in effigy, brought into court and threatened with bodily harm for some of the rulings having to do with contests sponsored by the league.

He once was a newspaperman in New Mexico but there were 16 saloons in the town and his activities in a prohibition campaign didn't endear him to the advertisers or the men who held a mortgage on the plant, he says. "I was attacked, also, from the inside as my journeymen printers often would get too drunk to get the paper out on time," he recalls, "and in waggish moods they would spring libelous misprints. Once I had to burn up an entire edition to avoid being thrown into jail on a charge of libelous obscenity."

"They're trying to talk Bedichek into an appreciation dinner in Austin but he will have no part of it. He never did like a lot of show.

Area War Dead Aboard Vessel

The bodies of nine South Plains men are among the remains of 4,459 veterans who have been returned to the U. S. from Manila aboard the U. S. Army Transport Lt. George W. G. Boyce, the Department of the Army announced Monday.

They had been interred in temporary military cemeteries in New Guinea and the Philippine Islands, and are being returned upon instruction of next of kin.

Among the number is Sgt. Daniel H. Huckleberry, son of Mrs. Della Huckleberry, route one, this city. Mrs. Huckleberry also had the misfortune of losing another son during World War II.

Friends in Brownfield will be interested to know that Percy Parsons of Post, graduated from Dallas Institute of Military Science last week. He will go into business this month in Post.

Mr. and Mrs. J. H. Rambo had as weekend guests, their son, Cpl. Larry Rambo and Pfc. Andy Hartman of Lackland Airbase, San Antonio.

Misinformation! How Does It Start?

The writer was away when the school bond election was called, and only returned a few days before the election, so cannot say much about what was said or done while not here. But since the election we have heard some of the wildest statements made about the matter we have ever heard. And in most cases they are honest people and good citizens.

For instance, we heard one man, a good friend make the crack that the building was to contain 80 class rooms. If he had taken the trouble to read the descriptive matter under the cut run in this paper just before the election, he would have found that instead of 80 it was 24, a difference of 56 and that is quite a difference in any man's language.

Of course there was to be an auditorium and gym and a few other non-class rooms, but only 24 class rooms proper. Still another stated quite knowingly that it was large enough for Lubbock. Well, Lubbock has a high school building that cost about \$750,000 when building material and labor was normal, but they have voted an additional \$1,750,000 for a new one, and altogether school building programs to bring the total to some \$2,500,000.

We can't imagine where these folks got so much misinformation. Of course the writer grants everyone the same privilege we take in voting as they please on any issue. But we do not believe anyone should let another person "load" them.

Denver City Bats Bears Unmercifully

The Denver Cityites came over last Sunday determined to hang a bear hide on their belts, and they sure did. When they got through whamming the horsehide, and the smoke had cleared, they had run up a score of 28 to 7. Looked like just another one of the Bear's off days.

Reminds us of the colored game a man once saw. Passing the centerfielder he inquired the score. "Twenty-eight to nothing in their favor," replied the colored fielder. "Looks like you are getting a bad trimming," returned the other. "Oh I don't no," replied the negro boy while watching the batter, "we aint been to the bat yet."

Anyway it is reported that Slanton trimmed Post, the former being in a tie with Brownfield for first place standing in the league. So, the Bears have to take a lower berth.

Next Sunday, the Bears will take on the strong Levelland Refiners, and we hope they are more at themselves than they were Sunday.

Highway Examiner Off On Vacation

M. W. Parker, license examiner for the State Highway department, located at the old Legion Hall on south Fifth, informed us this week that we was taking off the 7th, which is next Monday, on vacation, and will be out of town until the 17th of June.

Mr. Parker stated that this information would perhaps save many the trouble of coming to his office in quest of license and renewals when he would not be there.

After the 17th he may be found on duty at the regular place.

Mr. and Mrs. Truitt Polk of Crane visited Mr. and Mrs. Looie Miller over the weekend.

USES Cautions Vets Against Unlawful Compensation

Veterans claiming G. I. unemployment between terms may be expected to take any reasonable work within their physical abilities. C. E. Curry, Manager of the local office of the Texas Employment Commission advised veteran students today.

He cautioned them against claiming unemployment pay for periods covered by G. I. subsistence allowances. This is a violation of federal law.

The TEC administers Title V of the G. I. Bill of Rights. Servicemen's readjustment allowances, the \$20 a week unemployment payments, go to eligible jobless veterans seeking employment through offices of the Commission. The law requires that they be available for suitable work. Payments stop when they are found, refuse suitable employment, or are not actively seeking work.

Veterans seeking temporary work are eligible for G. I. unemployment pay if they are not receiving subsistence allowances. Mr. Curry said the veteran who had finished school and wanted permanent work would be given every opportunity and assistance in getting the kind of employment he desired. While unemployed, he would be eligible for readjustment allowances.

The note of warning was issued to prevent veterans from running afoul of federal fines and penalties. Also, loss of G. I. entitlements will result from drawing the \$20 weekly unemployment pay at the same time as subsistence allowances.

All The Commies Are For Wallace

That all the Commies are for H. Wallace, has been the opinion of most people for some time. And while this is their opinion, many of them do not think that "Han-ree" himself is a Red. This opinion is shared by Candidate Thomas of the Socialist party. He also admitted that while Wallace may not be a Stalinite himself, all the Kremlin bunch are pulling for him.

This all developed at the recent hearing before a Congressional Committee on the pending anti-communist bill. Both actions and words often speak loudly, and during that investigation, one could not help note that old Zodiac Henry sugar coated Russia, while blasting the united States. If, in other words, Wallace is a true blue American, and believes our nation is tops, then a lot of the rest of us are just Hotentots or some other heathen.

If Wallace is your ideal of a red blooded American, you certainly have departed from the ideals of the founding fathers of this great nation.

ODD FELLOWS ELECT NEW OFFICERS

An election was held on Tuesday night, June 1, following the regular meeting for the election of new officers for the Odd Fellow's lodge, resulting as follows:

Ira Seaton, Noble Grand; G. L. Nelson, Vice-Grand; Bob Packard, will continue as secretary, as he was elected last month to fill out the unexpired term of H. H. Covert.

The Encampment meets next Monday night for the election of new officers.

Perhaps every section of the county and area now has sufficient rain to bring up crops and keep them growing. Some sections have not had as much rain as they would like, while others are waiting the dry out period to plant. Around the Wellman section much water is standing since the big rain Sunday afternoon. This is also true of the north part of the county.

The other drawback seems that it has been rather too cool to sprout seed fast enough, but this is because it has been almost continually cloudy for the past ten days, with sprinkles now and then, and a lot of dust at times, especially just in front of a rain cloud. The rain Tuesday night measured around a third of an inch.

Ed Thompson of the Harmony community was in Wednesday and informed us that his land had just begun to get dry enough from Sunday rains to plant, and another good rain came Tuesday night stopping planting operations temporarily. He was fearful that he might have to replant some cotton planted last week.

Mr. Hugh G. Poterfield of the experiment station eight miles west of town, on the other hand, reported about 1.23 inch of rain out there, but he thought plenty to bring up planted seed.

All in all, old Terry is setting in jake this year, and hopes are high for a good crop in 1948 while prices are high. Let the old farmer at the feed trough once in a while. He certainly deserves it. While a hard worker, spending long hours many times in making and gathering a crop, for the most part he is a real conservative, and usually does not go off half-cocked on some new ism.

If more people in the good old USA attended to their own business as does the old farmer, there would not be so much hate and misery in this old world.

Terry County TB Assn Holds Meeting

The Terry County Tuberculosis Association held the regular monthly meeting Wednesday night May 26 at the La Mecca Cafe.

The following officers were elected: Jeff Farley, president (re-elected); Frank Jordan, 1st Vice-president; Dr. Wayne Hill, 2nd Vice-president; Crawford Taylor, Secretary of Board (re-elected); Roger Lindsey, Treasurer (re-elected); Bernice Edwards, Executive Secretary.

Directors and Board Members will be appointed from the different clubs and organizations in town.

The Tuberculosis Association will assist the Health Unit in a mass X-ray survey for Terry County. This X-ray will be free to the public and the association wishes to X-ray every person in Terry County over 15 years of age.

Please post this date on your calendar and remember August 10. Healthy looks can hide tuberculosis; make sure your lungs are healthy, GET A CHEST X-RAY FREE.

A financial report was made, \$1181.50 was spent in Terry Co., on health education, case finding, and other expense. With a total of \$1136.54 in the treasury, a budget was set for next year to spend \$1500.00 to keep down this dread disease.

\$1050.53 was received from the seal sale in December of 1947. \$1200 was set for the seal sale in December of 1948.

Mary Ellen O'Neill will leave June 7 to enter business college in Lubbock.

Chamber Of Commerce Makes Statement

Three Men Held On Theft Charges

Sheriff Ocie Murry of this county, and Sheriff Toler of Yoakum county and their deputies have been rounding up some men accused of theft of farm machinery, tools and such like in these and other counties in this section. The men lived west of Wellman around the line of Terry and Yoakum county. The man who seemed to be the leader was placed under \$3000 bond and two brothers who had been harboring stolen property were placed under \$1500 bond according to County Attorney Virgil Crawford.

Recovery of property is said to run around \$2,000, but the two brothers seemed to have had a tipoff that they were being watched, and tried to burn a lot of the property. However, after arrest, they showed officers where some of the property was hidden. The brothers are 22 and 26, while the other man is 36.

The property taken in the raid by officers is being held under guard, and people who have been missing tools, lumber, wire, etc., are coming in to view the stuff with the hopes that some of their own property may be identified and recovered.

Sheriffs Murry and Toler are to be highly commended for their work in apprehending the men, as perhaps another theft ring has been smashed by the timely arrest of the men.

Billboards To Be Started This Week

According to Bill Teal, secretary-manager of the Chamber of Commerce, the six billboards to be constructed starting this week, by the Western Sign Co., have received a tremendous amount of cooperation from the business men of Brownfield.

Also, Teal states, "This reception to advertising our town will gratify the hearts of the civic minded citizen who realizes that our town has badly needed this type of publicity for some time."

These 54 foot board will be placed at each of the five entrances to the city and one at Lubbock. The sign originally slated for Carlsbad was changed to the Highway 51 entrance from Levelland as it is thought that it would bring more immediate results to the business men of the town.

To Attend National Imperial Council In New Jersey

Tom May, past Potentate of Khiva Shrine Lodge of Amarillo, left Thursday by train for Atlantic City, N. J. as representative of Khiva Shrine Lodge to the National Imperial Council. Mrs. May accompanied Tom and will endeavor to keep him out of a bathing suit and off the famous boardwalk.

Mr. and Mrs. May will spend a day and night in New York, a day in Philadelphia and will stop in Louisville, Key, Virginia and Tennessee on their return trip.

Mr. May states that this is the third consecutive year he has been elected to attend the National Council meeting, but due to sickness he has never before attended the national council meeting.

Mr. and Mrs. Lane O'Keefe, and Mr. and Mrs. Ross Rodgers of Amarillo will also represent this district at the meeting.

Deona Mabrey found a pair of glasses in the park a couple of weeks ago and brought them to the Herald office. We inserted an ad in last week's paper and got results. The glasses were owned by the little daughter of A. J. Ticer, 216 W. Reppto. As the glasses are quite high-priced, Mr. Mabrey wishes to thank the finder. We, the Herald, were proud that we might be of service in helping the glasses find their own-er.

Tuesday night, June 1, a small group of the members of the Chamber of Commerce met at the Esquire.

The meeting was spent in discussing the progress of the membership committee, which reported 63 new members, the budget, and other problems facing the Chamber.

From the Chamber of Commerce came these statements:

"Cities do not grow—they are the result of unending work by groups of citizens who place the welfare of all above the wishes of the individual. Brownfield today is what our forefathers made of it. The Brownfield of tomorrow will be just what the present generation sees fit to make it—nothing more or less.

Regardless of our individual desires to build well, we cannot by ourselves, do very much. That is where organizations like the Chamber of Commerce enter the picture. Here every citizen has the opportunity and privilege of joining with others to help make of the city whatever we as a group may desire. Nationally and internationally we are reaping the results of non-cooperation. If we fail to cooperate in the city we will get the same results. It is not idealism—it is just good common sense for all of us to think and work for the community as a whole. Individual results will follow as surely as night follows day.

"Labor will have more work and better conditions; the farmer will have a better market and good prices for his products; industry will sell more goods—all of which means more business for the retailer. A cycle—but not a vicious one—and all possible if each group recognizes the rights and views of all other groups. Impossible if we do not.

"Your Chamber of Commerce is the only community organization which offers a common greeting ground for the whole community. It makes no attempt to dictate, but stands ready to cooperate with all."

Jester To Advocate More School Funds

AUSTIN, June 1 (AP) — Gov. Beauford H. Jester said today he would advocate increased appropriations for schools during the next two-year fiscal period.

In a statement enlarging upon some points the program upon which he seeks re-election, Jester called attention to the fact that "the public schools of Texas are receiving over 59 million dollars more in state funds than during the preceding two-year period."

Jester advocated prompt passage of emergency legislation by the 51st legislature to supplement the equalization or rural aid fund. He said he would also recommend action to make full payment of the \$2,000 minimum salaries to all teachers who hold bachelor's degrees.

Jester said he was sure the report of the Gilmer-Aiken committee, now studying public schools needs, will be worthy of our most earnest support."

53 'Phones Installed Within Past 10 Days

Mrs. Roy Brashear, chief operator and cashier of the Southwestern Associated Telephone co., stated this week that within the last ten days, fifty-three telephones have been installed in the new residential district in the southeast part of town. Installation will continue as rapidly as possible.

At the present time work is in progress at Wellman to install approximately 20 telephones in and near Wellman.

Alta Mae Steen has recently been promoted from operator to assistant-cashier. This should enable the office to give quicker service.

Mrs. R. N. Huckabee of Berger visited in the Looie Miller home last week. An open house was held during her visit.

FOR COMMISSIONER Pct. 3
LEE BARTLETT
FOR COMMISSIONER Pct. 4
H. R. (Horace) FOX
J. B. (Mutt) OLIVER
FOR JUSTICE OF PEACE, Pct. 1
J. W. HOGUE

It is strange how one will figure out the physical appearance of another person they have never seen, but have read their articles or heard them on radio without the aid of pictures. We had just such an experience with Lynn Landrum, staff writer of the Dallas Morning News. From the oft gusto and positiveness of his articles, we had him figured as a man of 6 feet in height and probably 200 pounds avoirdupois. This week we received a card from the Texas Press Association advertising the fact that Mr. Landrum would address the Texas editors at the forthcoming annual convention at San Antonio, June 18-19. The writer of the popular column, with most folks at least, who are not radicals, entitled "Thinking Out Loud," is rather slender, according to the photo on the card. We don't suppose he will weigh over 150, and is al-

most hatchet faced, but he has a rather square jaw and positive look. If Lynn Landrum can speak half as well as he writes, that portion of the program of TPA will be worth the trip to Santone.

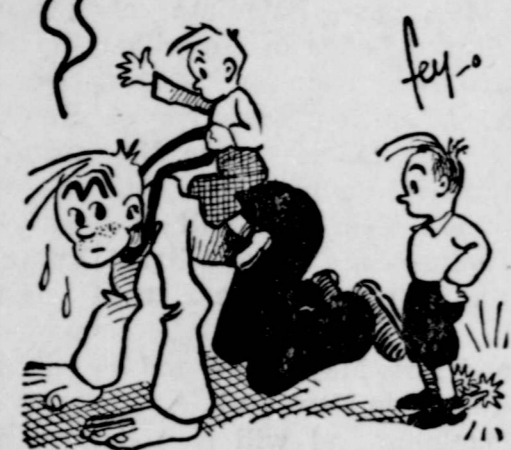

America is still a pretty safe place for your investments. The time was when a few rich men were allowed to corner markets, and either boost prices or so lower them as to ruin many men who had investigated their life savings. But the American people are getting away from that way both by training and law. If the modern man of wealth has any idea like that now, it never comes out. In fact so many of the large corporations now have so many stockholders, many in modest circumstances, that a few officials of the company that would try anything crooked now days would be well high insane. We still have depressions, but we do not have "black Fridays" brought on by one or two men of wealth. Yes, we think the good old USA has done a mighty good job, being a comparatively young nation, yet with a large part of the wealth and influence of the world. All this has been accomplished without government planned economy. It has been accomplished with native ability and free enterprise. No nation in the world with socialistic or government ownership ideas even remotely approach the pinnacle to which the USA has risen. Competition of enterprises and the skill of the American laborer, has far outclassed any other nation on earth. The workman are supplied with the best tools known, have the initiative and the know-how. Wages and living conditions here are not approached by any other nation. Then why try to change our way of life?

Ignorance of Texas, even in adjoining states is pitiable and a lot of times inexcusable, even though Texas is a huge state. Returning, we stopped at a service station at a small delta town west of Vicksburg, Miss., by the name of Talulah. Seeing our Texas license plate, the man asked where we were from. We told him, and he remarked: "That an awful hot place isn't it." We informed him that it was a darn sight cooler where we lived than in the swamps of his section, which was hot and humid. He finally stated he had heard one of his double-half uncles or some such, tell about the heat there and incidentally about oranges and grapefruit. We got his line and informed him he was talking about Brownsville and not Brownfield, the two being a matter of 600 miles apart, the former near sea level and Brownfield 3400 feet above. We invite all such to come out of the gnats, mosquitos, and bullfrogs for a few nights in summer when he is likely to need a blanket instead of a fan. He probably was never more than 50 miles from home, probably over about Monroe to a circus one time.

It appears that the "Voice of America" has about overdone its

the COPY BOY

WE ENCOURAGE ALL CHILDREN'S ACTIVITIES. SEND IN YOUR STORIES OF THEIR SCHOOL, CHURCH, CLUB AND SOCIAL HAPPENINGS

purpose, if it ever had one. No one at Washington seemed to know or have any idea what the recent disclosure was all about. All that congress knew was that they had appropriated a kings ransom to be used to "sell America" to other countries, and in turn this was turned over by the State Department to one of the big radio chains to someone who could write script and broadcast, without any questions asked about their loyalty to the USA. And so, in selling America, it was sold short. This is just another reason popping up every day that makes it a must to have a general housecleaning up at Washington this fall, from cellar to attic.

If no one can tell the difference in the looks, smell or taste of oleo and butter; provided the former has its original color, yellow, instead of being bleached, what is the use in making cafes and other eating places put up a sign that what they are serving is "oleo" and not "butter"? The old law that put a high tax on oleo at the behest of the dairymen's association, and then made the manufacturer of oleo bleach it, was foolish enough. Why add another foolish law? A lot of people that are sent to congress should be sent to kindergarten.

Last week the Donley County Leader, Clarendon, informed us that some work was to be done on "The Jericho Road." For months we have been hearing the Stamps Quartette sing about this Jericho road over KRLD, but you know we had no idea where it was located. Some of these days we aim to drive up to Clarendon and see this road. If it is anything near as pretty as the song, it is worth going hundreds of miles to see.

Keep after those grasshoppers with either the new or the old poisons, say Texas extension entomologists, or they will take everything in the way of crops you have planted on the farm.

Meadow Musings

Mrs. Ted Heath and son, Teddy, jr., of Odessa spent the past few days with her parents, Mr. and Mrs. B. C. Horton.

Mr. and Mrs. Edd Peek visited on Friday last week with Mr. and Mrs. Melvin Peek at Lubbock. Mrs. Melvin Peek had just returned home from the hospital where she had been a patient for several days. She is improving nicely.

Mr. and Mrs. Fred Hinson and girls of Lubbock visited at Meadow on last Sunday.

Mr. and Mrs. R. W. Horton are the proud parents of a new baby girl. Her name is Linda Fay.

Mr. and Mrs. J. H. Gobar had visitors from Lubbock over the weekend.

Mr. and Mrs. Garland Peek and daughter, Wynelle, or Aransas Pass, Texas visited with Mr. and Mrs. J. E. Peek Tuesday night of last week. Mr. and Mrs. Garland Peek and Mr. and Mrs. J. E. Peek visited Mrs. Essie Gray and family at Brownfield on Tuesday of last week.

Mrs. C. V. Hill and family are visiting Mrs. Geo. Arnett at Lubbock.

Mr. and Mrs. G. E. Ashburn and sons attended the reunion of the Ashburn family at Lubbock State park last Sunday.

Miss Kathryn Verner is at home from Mercedes, Texas, where she has been employed by the public school of that city.

Mr. and Mrs. B. H. Ledbetter had their daughter from Lubbock

Two editors that might be mistaken for each other at a short distance are Editors Vanzandt of Seagraves and Buford Davenport of Abernathy. Facially, they do not favor any more than we favor the siamese twins, but physically those boys bear a resemblance. While rather small in stature, both pack a wollup with the pen. Then there is a matter of Bros. Roberts of the Anton News and Richards of the Anton News. Hard to figure which is ugliest.

visiting them this week. Mr. S. L. Sibley, Mrs. Earl Mauldin's father, is improving, after an operation at a Lubbock hospital.

Mrs. E. F. Schwartz is reported to be improving. She is in the hospital at Plainview, Texas.

The City of Meadow has set June 1 as Clean-up day in Meadow. Mayor John A. Roberts plans a thorough clean-up of the town this week. Judging from the number of sacks of trash and tin cans already piled up in the alleys, the clean-up will be a huge success.

Scott Walker and daughter, Pat, and son Ellis Ray of Hot Springs, N. M. were visiting at Meadow and Brownfield over the weekend.

Mrs. Darrell Moorhead of Brownfield and Miss Pat Walker of Hot Springs N. M. visited Mrs. W. T. Arnett on Monday of this week.

Mr. and Mrs. Hamilton Still and family of Rankin, Texas visited at Meadow and Ropes over the weekend. Mr. Still is Supt. of Schools at Rankin.

Mrs. Mary Lackey of Plains visited her daughter, Mrs. John Cadenhead, last week.

Miss Freda Walker visited at Abilene, Texas on Friday of last week.

Mr. and Mrs. Afton Verner and baby of Portales, N. M. are visiting Mr. and Mrs. T. E. Verner and other relatives at Meadow this week.

Miss Kathryn Verner and Mrs. Boyce Verner were shopping at Lubbock on Monday of this week. J. M. Jones is in a hospital at Lubbock for treatment. He is improving.

Juanell Jones visited Miss Loretta Goss at Wolforth over the weekend.

Mr. and Mrs. Enloe Jacobs, of Memphis, Tenn., returned home with Mr. and Mrs. A. J. Stricklin. Enloe, a grand-nephew of Mr. Stricklin is an automobile mechanic, and drove all the way back home. Mrs. Jacobs has for several years been a saleslady for a Memphis department store.

Mrs. John Dumas of St. Louis, Mo., who has been visiting her parents, Mr. and Mrs. C. C. Robinson, left Wednesday to return home. Her brother, Kit Robinson, accompanied her home.

Mr. and Mrs. Ray Hailey and Mr. and Mrs. C. B. Hailey spent last weekend in Seymour. Nellie Grace Powell and Mildred Stone-man returned with them for a visit.

BPS BARN PAINT RED
A BETTER PAINT THAT LASTS LONGER

Holds its bright red color... does not fade out like so many cheaper barn paints often do.
Resists all kinds of weather conditions.
Can be liberally reduced with linseed oil.
Spreads on easily... covers well.
Use it on barns, silos, outbuildings, fences, bridges, warehouses and all wood, brick or metal surfaces.

ALSO FOR METAL ROOFS—
BPS BARN PAINT RED is the ideal paint to use on galvanized iron or tin roofs.

And We Got Lost On The Highway

BY THE OLD HE
Perhaps some of you admirers of hillbilly singing have heard Roy Acuff and his Mountain Boys sing about the "wreck on the highway, when he couldn't hear nobody pray." Well, when our crew arrived in Texarkana we needed someone not only to pray for us, but some real old fatherly advice

as well. We needed someone to tell us to stop at some friendly service station and make a few inquiries. A glance at a highway map would have sufficed. But that later. (We had two or more readers last week.)
The gang, named last week, left the Taylor home late Thursday afternoon the 6th, and headed for the home of a nephew, Benton Stricklin and wife at Paris, Texas. Found them OK, and enjoyed two good meals and a good night's rest. Benton is a salesman for

Texas Power & Light Co., and his wife teaches at Blossom Prairie. After an appreciated short visit, we left for Tennessee rather early Friday the 7th. Nothing untoward happened until we got to Texarkana. Phillip Rogers was driving as usual, and the Old He kept up a string of nonsense mostly, while the women and baby occupied the rear seat. "What highway do we take out of here," says Phillip, and without using a brain cell, we promptly answered, "oh we just keep on 82 I guess."

We had made the trip so many times that we really didn't give it one thought but that No. 82 road went to Memphis, Tenn., via Little Rock. A glance at the map would have showed us, however, that we should have taken 67 out of Texarkana. Right at the edge of that city, it said "DETOUR" and that is exactly what we did for the next two hours. That was the longest, (about 35 miles,) roughest, crookedest detour this side of the bad place where old Satan himself abides. Finally after all patience was exhausted, we ended up on the highway not under construction, at Red River. Then we hummed along.

About the time we expected to sight Hope, Ark., unfamiliar sights

began to show up. We said to the Mrs. "gosh they sure have been bringing in a lot of oil wells since we were through here last summer. Finally we came to a little jug named Waldo. And there a service station man told us that we had made a boner by taking 82 instead of 67. And then we got enough energy to glance at a highway map. We were too fat southeast then to go back via Little Rock, so decided to stick a out with 82, which goes on east across Miss., Ala., and Ga. That is an oil field section, and really the home of the razorback hogs. We had thought that a huge joke on our "knackpack" until this trip, through the extreme southern part of the state.

Hogs and pigs, some no larger than a half grown rat were at frequent intervals along the highways, rooting as usual. You can't hit one—they can outrun a racehorse, and no one would be able to steal one of the pigs even for a pet and get away without a slit ankle. But the land mostly was rich. Magnolia and El Dorado were pretty little towns, and many other thriving villages. Just why they stick to the razorback hog, we can't figure.

Pretty soon we have in sight of Crossett, with several high smokestacks. About this time an odor not of the rose met our nostrils, and we thought the baby needed a fresh ditty, and so suggested. But that wasn't it, at all. There was a huge chemical mill at Crossett that turns oak logs into creosote, and a number of other chemicals we can't remember. But like an oil field town, it is just a matter of getting used to what you smell.

We had lunch here and hastened on, as we were running near two hours late on account of that frightful detour. We found a good cafe which serves the buses on that run. There was a strip of some 13 miles of unpaved but well graded road before we reached the Mississippi at Greenville. We found that much cotton

Texans In Washington

BY TEX EASLEY

AP Special Washington Service
WASHINGTON, June 3 (AP)—Selection of Bonham's Sam Rayburn as permanent chairman of the Democratic National Convention is considered by many observers as a sop to the South notwithstanding denials.

When the Democratic command picked Rep. Rayburn to preside over the Philadelphia convention and Senate Minority Leader Barkley of Kentucky to make the keynote address, it was announced the honors were in recognition of their long and valuable service to the party and nation.

Reporters were told the selections had nothing to do with the Southern Revolt. But many in the capital consider it more than a coincidence that the two holding down the spots of greatest prominence in the convention should come from the south.

It was recalled that when a rumpus broke out after issuance of Mr. Truman's Civil Rights statement, Texas Gov. Beauford Jester and other southern Governors met with Democratic National Chairman J. Howard McGrath but didn't patch up differences.

Selection of Rayburn and Barkley indicates there will be no vigorous move to write a strong civil rights plank into the party's presidential platform.

As for qualifications as permanent chairman of the convention, Rayburn has them.

The convention operates under the same rules as those of the U. S. House of Representatives. For six years the Texan presided over the body as speaker, and rapped a deft gavel. He can be counted on to make prompt decisions and avoid quarrels.

It will be his duty to preserve harmony—and that means quick nomination of Truman to head the ticket in November. And that means getting the Northern Big City Democrats to see eye-to-eye with the Southerners.

Bear in mind Rayburn's own previously announced position on the Civil Rights program, and the fact that the first primary election in Texas comes 12 days after the convention.

Fortunately, convention rules and procedures make it possible for him to avoid personally getting caught in a squeeze. The racial issues unquestionably will be threshed out in committees. Undoubtedly he will have great influence behind the scenes in getting committees to reach an accord.

AROUND THE CAPITOL:
Announcement of Senator W. Lee O'Daniel that he wouldn't seek reelection created as much interest here as the prior announcement of Austin Rep. Lyndon Johnson that he would try for O'Daniel's seat.

Both had kept everyone guessing. Members of the staffs of both men were in the dark as much as anyone.

Even genial Harry Knox, the former Brownwood merchant who served as adjutant general when O'Daniel was governor and then here as the Senator's secretary, didn't know his Boss' plans until the last minute. Immediately after releasing an advance copy of his speech to reporters in Fort Worth shortly before making his radio address, O'Daniel telephoned Knox here to tell him that he would not seek reelection.

First reaction here was that O'Daniel had laid the ground for a "draft" movement, in case he might change his mind before the June 7 deadline and decide to file for reelection.

Johnson Enters Race For U S Senator

AUSTIN, May 27 (Spl.)—Lyndon Johnson came out fighting this week as he opened his campaign for United States Senator. Step-by-step the Central Texas Congressman reviewed his program for "Preparedness Peace, and Progress." He told the voters clearly where he stands and challenged other candidates to do likewise.

Johnson struck out sharply at the President's Program, calling it a "farce and a sham." He recalled that he has fought Federal anti-poll tax, anti-lynching, and FEPC legislation during his 11 years as a congressman and promised to continue the fight in the Senate.

Speaking to the largest audience of the political season in Austin's Woodridge Park, the vigorous 39-year-old lawmaker called upon the people of Texas to join the volunteer "Johnson-for-Senator Committees" that are working for his election in every Congressional district of Texas.

Only his mother and his wife were on the platform during his speech.

Johnson called no opponent by name but emphasized that Texas needs a man of courage and ability at Senator—not a man who is "just calculating."

Johnson said the United States must be strong and prepared—ready to draw a line for war-making countries and say, "You shall go no farther."

Expressing optimism for peace, he pledged his continuing support "to help those who are willing to help themselves" and make them our friends in the fight against Communism.

For the progress and prosperity of America, Congressman Johnson outlined a "square deal" for the farmer with strong support prices, blacktop roads, electrified homes, and expanding soil conservation and water conservation.

Mrs. Edna Dumas and children, Mr. and Mrs. Henry Deleban of Lubbock, visited Sunday with Mrs. O. L. Jones and her mother, Mrs. S. C. Aytes. Mrs. Aytes returned to Lubbock.

LIVESTOCK SHIPMENTS INCREASED
Livestock shipments from Texas stations gained 19 per cent to 12,390 carloads in April, the University of Texas Bureau of Business Research reported.
Cattle shipments, totaling 10,001 carloads, jumped 64 per cent, for the only March-to-April rise. Movements of hogs fell 50 per cent calves, 47 per cent; and sheep, 23 per cent.

Interstate shipments plus Fort Worth advanced 25 per cent from March to 8 per cent above April 1947.

Mr. and Mrs. W. M. Lewis have had as their guests for two weeks, their daughter and granddaughter, Mrs. N. J. Norris and baby, of Glendale, Calif. They returned home this week.

The big news to the citizens of the United States is that the members of the 20 unions causing all the present trouble are calling upon the government to buy the railroads. In other words to socialize the roads. The next announcement will be to socialize all the manufacturing industry and the coal mines. But when this is done who will send us food and coal? Our country has been feeding the countries of the world with such forms of government. England is a big example. If we take on the English pattern what will the world do sure enough?—Yoakum County Review.

Mr. and Mrs. W. C. Walden returned Friday from Fort Worth, Dallas and Houston, where they have been attending market.

had been planted and a lot up in the delta section.
After crossing the river, we began to inquire about a north-east road that would eventually get us to Miss. State 15 around New Albany. But either the service men on 82 were in cahoots, or just plain liars. Anyway they advised us to keep 82 till we crossed 15 at Mathison. Returning, we found that a vastly shorter route down to Winona was available. But the blacktop highways in north Miss., and Tennessee are in fearful condition from the ice and freezes last winter, but they are working on them. Got into Millerton, Tenn., way after dark, as darkness comes much sooner there than here.

MRS. KENNETH HILL HOSTESS TO CLUB
Mrs. Kenneth Hill was hostess to the Wednesday bridge club Monday afternoon at 2:30 in the home of Mrs. Chris Hafer.
Dessert and coffee were served to: Mesdames George Germany, James Hankins, Ralph Ferguson, Terry Redford, Bill Anderson, Ted Hardy, Johnny Brooks, and Chris Hafer.

We're itching to show you the revolutionary, NEW '49 Ford! It's The Car of the Year—and you're going to love it! We can't let you see it quite yet, but here's a hint of some of the features you'll find in the NEW Ford in your future!

Plenty of room to see out!

We'll show you real "Picture Window" Visibility... more than 20 square feet of "see-ability"—Even the rear window is windshield big!

The Car of the Year!

The Car of the Year has plenty of other features, too: a "Deep Deck" Luggage Locker with 19 cubic feet of usable space... new "Hydra-Coil" Front Springs... extra strong, extra long "Para-Flex" Rear Springs... new, larger, 35% easier-to-apply "Magie Action" King-Size Brakes. It won't be long before you can see for yourself!

Watch our Showroom Windows for Announcement!

YOUR U.S. SENATOR

★ Preparedness
★ Peace
★ Progress

"He Gets Things Done"

We can hardly wait to show you the '49 Ford!

Seats wide enough for 3 BIG people!

They rival the finest sofa for comfort and room—57" front, and 60" rear seat! Plenty of hip and shoulder room for 3 BIG people on each one!

You'll love the new "Mid Ship" Ride!

You'll travel in a "Mid Ship" Ride... the level center section of Ford's "Lounge Car" interior where the going's smoothest!

Alpha Omega Holds Last Meeting

Members of the Alpha Omega Study Club met Tuesday afternoon, May 25, for the last meeting of this club year in the home of Mrs. Tommy Hicks.

With Mrs. McKinney as chairman, a program on Vacation Time was given: How to see the National Parks, Mrs. Pat Patterson; "Roughing It" Mrs. James Rogers; Travel by Rail and Air, Mrs. O'Dell; Hotel Etiquette, Mrs. N. L. Mason.

Refreshments were served to 20 guests: Mesdames Cates, Crawford, Goodpasture, Gore, Hamilton, Hill, Lackey, Mason, McKinney, Newman, Noble, O'Dell, Patterson, Teague, Tarpley, Parker, Sadler, Rogers, Williams and Young.

MEADOW HD CLUB MEETS

The Meadow H D Club met in the home of Lillian Doak June 1 at 2:30 p. m. Mrs. W. J. Moss gave a report of the supper for the Commissioners' Court.

Mrs. J. C. Finley gave a summary of the work that had been done in the club in 1947 and '48.

The 4-H girls modeled the dresses they wore in the dress revue at Brownfield.

The next meeting will be in the home of Mrs. Willie Blair June 15 at 2:30 p. m.

HARMONY HD CLUB

The Harmony Home Demonstration club met in a regular meeting May 20, in the home of Mrs. Will Hulme. After a business meeting the program was an open discussion on the production of grade A eggs.

Mrs. J. A. Bell and Mrs. Loyce Floyd gave a demonstration on making neufchatel cheese.

A salad plate, tea, and cookies were served to 14 members and two visitors.

There will be a weiner roast and a white elephant auction sale held in the home of Mrs. Jewel Bell, Friday evening, May 28, at twilight. Everyone is invited to come and bring weiners, bread, pickles, and drinks. "42" games will follow the auction sale.

The next regular meeting of the club will be with Mrs. E. G. Kissinger the first Thursday in June.

PARTY FOR HERBA LETA SINGLETERRY

Mrs. Grady Goodpasture entertained with a party Tuesday night, June 1, in her home as a courtesy to her niece, Herba Leta Singleterry. The honoree celebrated her twelfth birthday.

Fifteen guests attended.

Mr. and Mrs. Buster Jenkins, and son, Douglas, of San Angelo, visited here with relatives over the weekend.

Union Utterings

The Seniors returned Monday from a ten-day trip to Colorado. They returned by way of Las Vegas and Santa Fe. Ten members of the Senior class, Mr. and Mrs. Hack Mills, Mr. and Mrs. Myrtle Gary, and Mrs. J. C. Herring reported an enjoyable trip.

Mr. and Mrs. Milton Boone, Reba Cullifer, and Mary Jo Hadaway of this community, also Wallace Boone and Roy Casey of Hale Center, went through the Carlsbad Caverns last week.

Mrs. Juanita Lanious who has been at the bedside of her little son, Eddy, returned home over the weekend. Eddy is a patient in the Baylor hospital at Dallas, where he is being treated for acute osteomyelitis in the left leg.

Vida Mae Moffat spent last week in Lamesa visiting her grandmother, Mrs. Truitt.

Next Sunday is regular church day at the local church. Everyone is urged to come to Sunday School and stay for church.

Due to unavoidable circumstances the reporter was unable to get the news in the paper the last two weeks.

BIRTHDAY PARTY FOR CREDA GALE GORE

Mrs. Crede Gore entertained with a party in Coleman Park Friday, May 28, from four to six, as a courtesy to her daughter, Crede Gale on her fifth birthday.

The birthday cake was decorated with a Maypole and mounted on a music box that played "Happy Birthday." Ice cream, cake, and punch were served to:

Tommie Sue Mays, Vicki Norris, Linda and Myrna Jean Newson, Martha Lynn Nelson, Latrice Teague, Michael Denton, Ann Limley, James Willis, Hackney, Linda Bost, Carol Ann Crawford, Herbie and Freddie Pickett, Ann and Johnnie Patterson, Sharon Kay Duke, Ann and Don Copeland, Joan Tarpley, Herbert Lee Gore, and the honoree.

NEW ARRIVALS

Kathleen Joyce, daughter of Mr. and Mrs. B. F. Johnson of Brownfield, arrived May 26, weighing 7 lbs. 1 oz. The father is a carpenter.

Sandra Kay, daughter of Mr. and Mrs. Albert Owen Johnson of Brownfield arrived May 27, weighing 8 lbs. The father is employed by the Tide Water Co.

Fonda Kay, daughter of Mr. and Mrs. Orlen Floyd, of Lovington, N. M. arrived May 28, weighing 7 lbs. 1 oz. The father is an oil field worker.

Mr. and Mrs. Prentice Walker attended the graduating exercises at the University of Texas last weekend.

COUPLE CELEBRATE BIRTHDAYS: 90 and 87

Sunday, May 23, the children, grandchildren and friends of Mr. and Mrs. W. I. Hester of Carlsbad, N. M. met for a birthday celebration, as Mrs. Hester was 90 and Mr. Hester was 87. The meeting was held in the home of Mrs. George MacDonald, a daughter.

After a birthday dinner, the couple were presented with many lovely gifts.

The couple have nine children, 38 grandchildren, 63 great grandchildren, and two great great grandchildren. Two children were unable to attend. There were about forty present Sunday.

Attending from Brownfield

were: Mr. and Mrs. G. M. Thomson, Mr. and Mrs. F. L. Baldwin, Wanda, Barbara, and Kenneth.

WEDDING PARTY ENTERTAINED

A buffet dinner was given Thursday evening at 7:00 o'clock prior to the Henderson-Stone wedding rehearsal, in the home of Mrs. J. H. Rambo.

A salad plate and dessert course was served to 24 members of the wedding party and other guests.

Friday at noon, Mrs. J. H. Griffin, assisted by Mrs. L. J. Dunn, entertained the wedding party and visiting guests with a luncheon in the Griffin home.

UNION CHURCH OFFERS THANKS

The Union Baptist Church has completed their new class rooms and we wish to express our thanks to everyone who made contributions, and to those who donated their work. The names were too numerous to mention so we are taking this means to say "Thank You" to one and all.

Charlie Lou Gaston left last week for Fort Stockton to visit several weeks with her sister, Mrs. Janet Jackson.

Elmer Rounsaville left recently for Fort Ord, Calif., where he is attending Paratroopers school.

WATCH FOR OUR ANNOUNCEMENT CONCERNING INTEREST-PAYING SAVINGS ACCOUNT

We are proud to announce that within a very short time, we will add another service to our banking facilities — that of INTEREST-PAYING SAVINGS ACCOUNT.

After this plan is inaugurated, we will offer 1% interest on savings accounts up to \$5,000 with interest being paid semi-annually.

ANOTHER SAFETY "FIRST" FOR SANTA FE—In order to carry its safety messages to desert track workers and other employes at outlying points where facilities for motion picture showings are not available, the Santa Fe Railway on May 15 will place in operation its "Axy Dent Chaser" (top photo), a panel truck converted into a self-contained mobile visual aid unit. Constructed under direction of E. L. Duggan of Chicago, system superintendent of safety, the unit is the only one of its kind in use by a railroad. It is equipped with a generator capable of developing 1500 watts to provide power for operation of 15-millimeter projector (photo bottom left), flood lamps, public address system and record player. Projector mounted in cab throws image on opaque screen mounted in rear end of truck (bottom right) for viewing by workers grouped behind unit. The black-and-yellow "Chaser," easily operable by one man, will travel the entire Santa Fe system, making the company's extensive safety film library available to thousands of employes heretofore inaccessible to this medium of "accident prevention" education.

Behind the Scenes in American Business

Cash registers are beginning to chime a little more often and considerably more musically in retail stores. The Department of Commerce notes a gain in sales throughout the country, as well as an increase in orders for goods.

New orders for most types of manufacturers' goods began early in March to break out of a year-long decline in relation to sales. By the end of that month they had risen five per cent on a daily average business from February levels. All reports indicate a continuation of this trend. Such new orders reached a March rate 164 per cent higher than prewar 1939 and only slightly below last November's peak.

Appliance, radio and home furnishings retailers are watching with interest the spurt in home building. Residential construction in terms of units started is now 25 per cent above the corresponding period of a year ago. The market for replacement sales also looks substantial, with personal income currently at an annual rate of 209 billion. While this is below last December's level of 210.4 billion and January's 211.4 billion, it is still above the average for the last quarter of last year.

THINGS TO COME— You can start the coffee in the kitchen without getting out of bed with a new remote control, low voltage wiring system; also light up the entire house from the same switch or turn the radio off from the telephone stand . . . Electric dehumidifier the size of an ashcan keeps basements dry . . . Kids who like to tear up clocks will have a field day with a new kit that makes possible the assembly of a pendulum clock with a screw-driver . . . Shopping accessory for mother combines walker and stroller with removable wire basket for packages . . . Car painting kit contains solvent for removing dirt and wax, plastic material for filling cracks, enough paint for two coats and a moisture-resistant glove that serves as a streakless paint brush . . . Pressed wood wall panel now have simulated grain . . . Portable generator works on compressed air and furnishes enough current to light two 75-watt bulbs . . . Children's game solves 500 problems in addition and subtraction, multiplication and division . . . Snap-in spectacle lenses and frames allow women

Typhoid Is A Hitchhiking Germ

A warning against the hitchhiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected person to a well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has to use same lenses with variety of frames to match costume.

had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning

a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week apart, is all that is necessary to secure protection against this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

Mr. and Mrs. Bill Benion and daughters visited in Lamesa Sunday.

SANTA FE CARLOADINGS
Santa Fe System carloadings for week ending May 22, 1948 were 27,586 compared with 24,009 for same week in 1947.
Cars received from connections totaled 10,942, compared with 10,248 for same week in 1947.
Total cars moved were 38,528 compared with 34,257 for same week of this year.

Mrs. Jim Nelson had as her guests last week Mrs. Lorn Walters and daughter, Gale; Marilyn Swanson, Janie McClain and Randa McMillan all of Lubbock.

dollars to doughnuts it's done by telephone

More business is being done today by telephone than ever before in history. Progressive business men everywhere have found the telephone to be a real time and money saver.

The tremendous increase in business calls is one of the main reasons for today's huge local and long distance telephone traffic.

Realizing the importance of telephone service to our national prosperity, the telephone industry is working constantly to maintain telephone service at peak efficiency. Our local expansion program ties in directly with the national effort.

Southwestern Associated Telephone Co.

The Low Down From Hickory Grove

Today it is "petticoats and slips"—I am just home from the city—but all I am doing is reporting, and it is aimed for the good of all you brothers who read these literary gems.

Going down Grand Avenue I says to my Susie, sh! I says, tell that lady that her slip is showing—she will be mortified, but tell her anyway. I will do nothing of the kind, says Susie, "slips" should show—where you been all the time?

How long has that been the mode, I says. Oh! about a week, she says. So brothers, be prepared, don't go tappin any lady on the shoulder and getting yourself glared at by pointin' at any slip that peeps—it was planned that way.

But enough on what mama wears or don't—and a quick look at the "me too" political boys roaming the land. One gent will say he is for a 700 million buck program to put a floor under corn. And his opponent will say, "me too," except I will also put a floor under lamb chops, and cotton, and chewing tobacco, and spring chickens, but 700 million is not enough, I'm for 1,000 million.

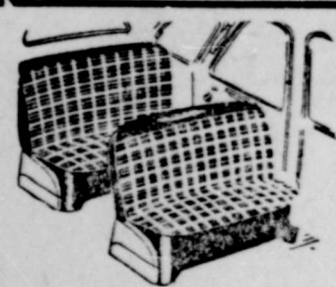

I am hoping some candidate will show up with a "no project program" an old fashioned American platform versus one boasting still a further Govt. near the poppin' stage. He would be a man of distinction—he would get votes by the hatfull.

Yours with the low down,
JO SERRA.

WELLMAN H D GETS EGG POINTERS

Pointers on maintaining egg quality were given by Miss Dunlap to the Wellman Home Demonstration Club Friday afternoon.

The club women of Terry county are working on the project of standardizing eggs to enable them to receive higher prices for eggs during the summer months.

Coke Stevenson Says U S Need Not Live In Fear

"We do not have to be afraid." That was the message brought to Texans by Coke Stevenson, candidate for the United States Senate, in an address in Tyler Monday night.

"Men and women who love freedom must be vigilant always," the wartime Governor of Texas declared. "We can be vigilant however, without being frightened. There are men in this nation today who go about over the country as apostles of fear. We must, they tell us, be afraid."

"I say we don't have to be afraid. We are descendants of men and women who have fought and won both the battles of war and the battles of peace. We have here in Texas, happily, returned from war and wanting no more of it, tens of thousands of brave and gallant young men who have shown they do not know the meaning of fear."

"We are a God-fearing nation. We do not have to be afraid."

Stevenson, who is spending the entire week campaigning in East Texas, outlined some of the governmental principles which he said would guide his actions as Senator. He urged "cash-basis thinking and cash-basis action in Washington," declared against efforts "to move our county courthouses to Washington, D. C.," and labeled the so-called civil rights program as an anti-States rights program.

"As your Senator," he said, "I shall fight every day to help destroy the Communist movement in this country. I shall fight all other enemies of the American democratic ideal."

Stevenson has campaigned in 167 counties since Jan. 1, and said he would visit all remaining Texas counties before the primary election on July 24.

Mrs. Preston Ballard and two sons of Hagerman, N. M. are visiting Mr. and Mrs. Lee Howell of Gomez.

Mrs. M. E. Jacobson and Mrs. Ellen Jacobson of Amarillo are visiting with friends here.

Have You Ever Thought About This?

The average Texas motorist pays taxes on his motor vehicle at a higher rate than his Federal income tax, according to a study released today by the Texas Mid-Continent Oil & Gas Association.

"The tax bill on the average Texas motorist is \$82 annually when he totals state and federal gasoline taxes, state registration fees and federal automotive taxes," R. B. Anderson, Associate President, said.

"This is equivalent to the federal income tax paid by a Texan with exemptions for a wife and two children on \$2725 income. The majority of Texas motorists are in income brackets below this

figure," Anderson said. "Few motorists realize that the gasoline tax alone in Texas now totals 5 1/2 cents a gallon or 4 cents for state tax and 1 1/2 cents for federal tax. Added to this are the registration fees and Federal automotive exercises," Anderson said.

"Congress is doing something about the income tax which is too high for the average taxpayer, but so far there has been no relief in sight for the average taxpayer who also drives an automobile," Anderson said.

year, there will be a get-together by the editors sponsored by the Panhandle South Plains Fair Association, during the fair this fall.

Miss Elva Gillham was in Littlefield Monday on business.

MANY queries have been thrown our way concerning the pennant race that is just starting. The two questions that come up most frequently are:

NO. 1: Who are the outstanding stars you have seen?

NO. 2: Who are the leading rookies who might make a difference in a pennant race? (Note—this refers only in the Florida sector.)

Here are listed the outstanding pitchers we have seen — Ewell Blackwell, the six-foot five-inch anacanda or python with the Cincinnati Reds who will throw many a hitter this season. Blackwell, with any sort of team support, will win 25 games—even with the Reds. He is baseball's star pitcher.

Hal Newhouse of the Tigers is another 25-game winner with a second-grade infield and only a fair outfield behind him. Warren Spahn and Johnny Sain of the Braves, Murry Dickson of the Cardinals and Joe Dobson of the Red Sox also are near the top.

We would like to see Blackwell and Newhouse with the Red Sox or the Yankees. Both could pass the 30-game mark.

BEST INFELDERS — Few real standouts. No top first basemen, barring Musial; Kell of Tigers, the best at third. Many good shortstops.

BEST OUTFIELDERS — Joe DiMaggio, Ted Williams and Country Slaughter, the game's tops. Cliff Mapes of the Yankees and Sam Mele of the Red Sox are high grade, but they are not of the reigning trio's calibre.

BEST ROOKIES—Curt Simmons of the Phillies, Leland Brissie of the Athletics—two sure stars—an 18-year old kid and a badly wounded war veteran; Stalcup, Reds' shortstop; Alvin Dark, Braves' shortstop; Al Papai, Cardinal pitcher, and Hank Sauer, Reds' outfielder.

You'll hear more about these later on. They are ballplayers. These are the ones that Bucky Harris of the Yankees and Eddie Dyer of the Cardinals recommend.

Harris is game enough to state openly that his Yankees and Eddie Dyer's Cardinals will be in the next world series.

"I think it will be that way," Harris tells you. "Why? I say so? Certainly we can run second or third. So can the Cardinals. I just don't think we will. I think both teams will have too much pitching. Between us, we have from 18 to 20 good starting pitchers. That should be enough."

THE STATE OF TEXAS COUNTY OF TERRY

NOTICE is hereby given that it has been determined by the Commissioners' Court of Terry County, Texas, and it is advisable to make an oil, gas and mineral lease, of the lands hereinafter described covering the interest of Terry County in the minerals in such land, and the Commissioners' Court will receive bids until 10 o'clock A. M. on the 28 day of June, A. D. 1948, in the Commissioners' Court room in the Court House, in Brownfield, Terry County, Texas for such oil, gas or mineral lease or leases, and said bids will be considered by the Commissioners' Court of Terry County, Texas at that time.

The land upon which bids are to be received, is described as follows, to-wit:

West 1/2 of Block 6 and West 1/2 of Block 2 League 300 Terry County School Land, Gaines County, Texas.

This Notice is given in compliance with a resolution passed by the Commissioners' Court of Terry County, Texas at a regular meeting held on the 24th day of May A. D. 1948, and held in the

Attendance Figures

There is always an added interest in the number of people who have time and interest enough and cash enough to attend ball games.

The 1947 season broke all past records for total attendance. The teams at home that passed the million mark were these:

American league: New York, 2,178,937; Detroit, 1,398,093; Cleveland, 1,521,978, and Boston 1,427,315.

National league: Brooklyn, 1,807,596; New York, 1,599,784, and Chicago, 1,364,039. Boston, Pittsburgh and St. Louis were all over the million mark.

Only the Cincinnati Reds and the Philadelphia Phillies failed to reach or crack the one million mark in the National league. Maybe Red rooters were dreaming of the hour. That many should have gone out to see Blackwell. He was worth it.

But about 1948? Attendance in the Citrus circuit has been well above any past year. St. Petersburg has cracked all past records.

Lang field should slide by the 65,000 mark. Tampa has known a big spring. These are the top spots.

Surplus Weight

It will be only a short while before Joe Louis is back home again, all set to start his training for the June show with Jersey Joe Walcott.

Despite what you hear, Louis must take off at least 30 pounds to be in first-class condition again and, at the age of 34, you don't shed 50 pounds in any rush. The flesh hangs on with rare persistence and doesn't care to be shaken loose.

Back in December, Louis had lost all semblance of speed. He had lost all speed of foot and speed of hands. At one time he had as fast a pair of hands as anyone would care to see. He was a rattlesnake in bronze. Against Walcott, he could set nothing in motion but his dreams of yesterday.

Louis left for England much fatter than he was against Walcott. In a recently-posed picture, he even made Tommy Farr look slender.

He is going to crowd it all in a few weeks—the preparation needed to get keen and sharp again, something approaching the Louis that used to be. He could never even come close to that. Time and the passing years have taken care of this problem—that, plus surplus weight.

The factor that worked so roughly against Louis is that for five years after the war came along, he had only two important fights against Conn and Mauriello. The first was no contest and the second was a one-round flare-up.

NEWSPAPER ADVERTISING LINEAGE INCREASED

Texas newspaper advertising rose 5 per cent from March to April, according to reports of 36 Texas newspapers to the University of Texas Bureau of Business Research.

April newspaper advertising totaled 35,964,006 lines, or 18 per cent higher than a year earlier.

Important Announcement

YOUR NEIGHBOR for the MONTH of JUNE CONTEST

has been extended to make everybody in Brownfield and Terry County eligible to participate—whether a phone subscriber or not.

Yes, after thinking it over, we have decided that the requirement of having a telephone excluded too many of our friends and patrons—that the Neighbor For The Month Contest should be thrown open to all. So from now on, the following rules for the selection of the Neighbor for the Month winner will prevail:

1. Contestant will take ALL clues, together with his selection for the Neighbor for the Month, place them in an envelope and bring or mail to Haynes Bakery, where they will be placed in a sealed box. It is essential that the contestant have ALL clues with his entry. (Please give phone number if any, with entry).

2. At the end of the month, a committee of disinterested persons will open the box and one of the party will draw an envelope. If the envelope contains the correct selection, contestant will be notified by mail or phone of his winning the contest.

3. If the first entry drawn does not have the correct selection, entries will continue being drawn until an entry with a correct selection is found.

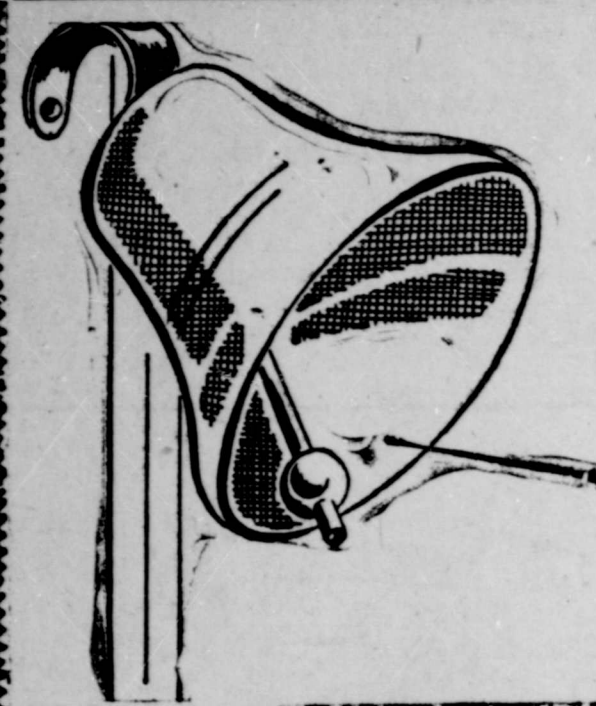

Original method of obtaining the clues will continue to be used. Last clue will be issued June 25 and all entries must be in by June 29. REMEMBER—each entry MUST contain ALL the clues.

Your Neighbor for the Month Contest winner for the month of May was Mrs. Dennis Q. Lilly, who selected Teddy Joe Hardy as Your Neighbor for the Month.

G I Questions And Answers

Q. If I attend summer sessions at the college where I am enrolled under the education benefits of the G-I Bill, do I need a supplemental certificate of eligibility?

A. No. The only time you need a supplemental VA certificate of eligibility to attend summer school is when you transfer to another school for the summer term.

Q. I am a U. S. citizen and have received war service gratuity and reestablishment of credit benefits from the Canadian Government. Am I entitled to loan benefits under the G-I Bill?

A. Veterans Administration has ruled that the loan benefits under the Servicemen's Readjustment Act are neither the same nor similar to the "war service gratuity" and the "reestablishment credit" apparently paid you in cash by the Canadian government. Therefore, you are entitled to a loan guaranty if you are other-

wise qualified.

Q. Five of us veterans of World War II have incorporated and are operating a business. Can each of us file a claim for readjustment allowance as self employed?

A. No. A veterans administration decision held that none of the veterans connected with a corporation can be regarded as self-employed within the meaning of Public Law 346 (G-I Bill).

Q. My husband is receiving a Spanish War pension of \$90 monthly. We were married two years ago and I would like to know if I will receive a pension at his death?

A. No. Under existing law, you would not be eligible because your marriage took place after Dec. 31, 1937.

Make a check on your garden. It isn't too late to plant vegetables that are resistant to the heat. Take your choice: okra, eggplant, bell peppers, butterbeans or any variety pea—cream, blackeye, purple or crowder.

IT PAYS FARMERS

... TO MAKE EVERY BIT OF WORK COUNT AND TO GET FULL SERVICE FROM OIL

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

150-HOUR VEEDOL

SAVES FUEL by reducing power blow-by.
SAVES TIME by avoiding breakdown delays.
SAVES REPAIRS through greater heat and wear resistance.
SAVES OIL — stands up 150 hours in gasoline-burning tractors; cuts oil consumption in all tractors.
SAVES TRACTORS — assures long, economical service.

FOWLERS
FURNITURE AND UPHOLSTERY
709 Lubbock Road

YOUNGSTERS WHO would like to make good money a few years from now, and not work too hard, should start throwing baseballs at various targets.

The N.P. (slang for National Pastime) is running out of pitchers. The N.P. needs more than double its present allotment of right or left arms that can get the ball over the plate with enough stuff to baffle the batter now and then.

Last year, for example, the Dodgers were good enough to win a pennant with a pitching staff composed of three or four-inning hurlers. They usually needed four or five pitchers to finish out one game. Yet they won a pennant.

The American League had only eight or 10 pitchers who were able to finish games. Both leagues were shy of arms that could locate a plate or go the distance.

Old-time pitchers such as Ed Walsh, Walter Johnson, Christy Mathewson, Pete Alexander and Cy Young could individually out-pitch the greater part of an entire modern staff.

Bob Feller could and can handle his share of work. So can Hal Newhouse, Ewell Blackwell and Warren Spahn.

Few pitchers today can work 250 innings in a season. Johnson, Walsh and other old-timers were pitching more than 400 innings a year. Any pitcher who can't work 250 innings shouldn't be listed as a starting pitcher. He is certainly no part of a regular. Yet, few pitchers now getting relieved around the fourth inning could think of working 200 innings without an attack of palsy.

Hurlers Pitch Less Today

Feller—Newhouse—Blackwell — Dickson—Munger — Marchildon — there wasn't a pitcher in the American league last season who worked 300 innings. Feller and Newhouse were the closest.

There wasn't a pitcher in the National league who worked 300 innings. Spahn, Blackwell and Branca were the closest—up around 280. Today, someone would rate as an average good pitcher works in less than 200 innings—say 180.

The decline in pitching—old-fashioned pitching—has been startling. This means in games pitched—in games finished—in innings pitched—in bases on balls in games won (from 30 to 41 a season).

Walsh worked in 67 games one season—winning 40 and saving 13 others. Today the pitcher who can go nine innings without being removed is a local hero.

This is why we advise all kids to start throwing. You won't have to be too good. The pitchers we rate as real pitchers this season are Blackwell, Feller, Newhouse, Spahn, Dickson, Brecheen and possibly Munger, Trout, Houtteman and one or two from Connie Mack's Athletic group; very likely Brissie; he may be the best.

A Championship Score

The finest championship golf score of the year to date was Claude Harmon's 279 at the Augusta National's Masters show. It was better than Ben Hogan's 275 at Riviera, where the next open will be played.

There have been endless discussions of what a championship score should be, but Harmon has slipped in the best answer to date. The Augusta National was keyed to its toughest test in every way. Riviera wasn't, with its rough cut, its baked-out fairways and its soft greens.

I doubt very much that 283 will be broken at Riviera in the National Open. And Harmon happens to be a golfer who is quite capable of winning a U. S. Open or the P.G.A.

Arcaro's Comeback

A year ago there was pretty fair evidence that Eddie Arcaro was slipping. The slender Italian from Kentucky was still riding fairly well, but he was no centaur. He was booted around New York tracks whether he won or lost. It came to the point where it didn't matter to him whether they booted or cheered.

This was the situation when Arcaro headed for Santa Anita last December. But on this occasion his health was better. He was in better condition. And suddenly a new ambition was born.

"It will be different out here this time," he said. "It will be a lot different."

Eddie began winning. He began outriding Longden, Reeves and the rest of the outfit. When he saw he couldn't win he was no longer content to pull up and let other horses place and show. Now he was riding them out. All the way. He also was taking narrow openings, riding recklessly at times. He was the old Arcaro of winning years.

Mr. and Mrs. Mon Telford spent several days this week in Roby with Mrs. Telford's sister and family, Mr. and Mrs. C. R. Webb, sr., and Mr. and Mrs. C. R. Webb, jr.

Mrs. Herman Trigg and the two dogs, Buddie and Rover, are visiting in the Stricklin home this week.

TEXAS TODAY

No Jobs For Lone Workers In North

SAN ANTONIO, June 3 (AP)—Augustin Trevino stepped off an airconditioned streamlined train into the hot Texas sun, carefully tucked his three ragged comic books under his arm and started walking to his mother's little house in the Mexican quarters here.

Bareheaded Augustin Trevino carried no luggage. He had none. He wore what clothes he had, a light double-breasted grey coat twice too big for him, a faded sports shirt open at the throat, blue overall pants frizzled at the cuffs and small black shoes worn from heel to toe.

It was a day of mixed emotions for the 16-year-old blackhaired muchacho. In his heart he was glad to be back home, but his pride was hurt "cause I don't bring back no money for my mother."

Augustin Trevino was one of hundreds of South Texas Latin-Americans who had crowded into the back ends of open trucks and

rode standing up to the beet fields of Michigan.

But "they don't give me a job." "They don't do it 'cause I'm too skinny," he explained quickly. "They don't give nobody no job if he is by himself." He told how "field men" signed up only families, "cause they won't run off before they get through the harvest."

He went up last year, but last he said he was with a cousin. "I come back with \$150 for my mother. She was very proud of me. This time I don't come back with no money for my mother. She have to send me money to come home on. I don't know where she get it."

"There was 29 of us in the truck we went up on," he said. "We stand up all the way. Sometimes we go all night. When we get off we hurt."

"When I don't get no work I go stay with a cousin. He used to live here, but he moved to Michigan. But I get homesick. I don't get homesick when I work; I forget everyting. But I don't work I get homesick."

He spoke faltering English. He had to use Spanish words at times to explain.

"I would not get homesick if I take my guitar with me. But my father he would not let me. 'You leave it here,' my father told me, 'if you take it with you and the boys will play and sing all the night.'"

In Michigan, he said, "we work in the beet fields for a while. We go to Illinois for the cherries. We go to Indiana for the tomatoes. We come back to Michigan for the beet harvest. We come home."

He was telling what happened

COFFEE AND CAMPAIGN CARDS — Art Shires (behind counter), former major league first baseman for 13 years, serves coffee and campaign cards to a customer in his Dallas restaurant in preparation for his race for State Representative. In 1929-30 he received more press space than the President. He played ball with the Chicago White Sox, Washington Senators, Boston Braves and St. Louis Cardinals. (AP Photo)

last year. "They don't hire me this year," he repeated.

He came to a little frame house on Vera Cruz street. "I don't think I go next year," he said jerking his thumb over his shoulder toward where he thought Michigan was, "I think I go to school. I don't want to be a beet worker I want to be a mechanic."

"Adios," he said as he turned in at his house, pushed open a screen door and walked in.

Eugene Jones of Ralls was in Brownfield Monday on business.

Vance Glover and daughter of Roswell, N. M. spent the weekend here.

Mrs. M. E. Brown of Roswell, N. M. spent the weekend with friends in Brownfield.

Mrs. W. B. Brown visited in Waco last week with relatives.

Mumford Smith and his sister-in-law, Mrs. Adolphus Smith, of Glendale, Ariz., left Sunday for their home, after a couple of weeks here with their father, W. C. Smith, who underwent a serious operation some three weeks ago at the local hospital. Mr. Smith was carried home some ten days ago, and is reported to be recovering nicely.

Jo Marie Crowder To Represent 4-H Club At State Revue

Jo Marie Crowder of Wellman, will represent the 4-H club girls of Terry County in the state dress revue, held at College Station in August. This was the decision of the judges at the county dress revue held last Friday afternoon at the Jessie G. Randal Auditorium. Marjorie Scales and Linnie D. Hawkins, both of Wellman 4-H club placed second and third respectively, in the 14 to 20 year group.

The winner of first place in the state dress revue will receive a trip to the national club congress held in Chicago next fall.

Those placing in the 12 and 13 year group were:

Yvonne Herring, Union, first; Shirley Finley, Meadow, second; and Patsy Anne Moore, Wellman, third.

In the 10 and 11 year group, Nila Dale Rich, Wellman received first place; Mary Alice Moore, Wellman, second; and Barbara Phillips, Wellman, third. Some time this fall each winner of first place will receive a silver medal, presented by a commercial company.

The judges of this dress revue were Miss Mabel Ann Manley, Cochran County Home Demonstration Agent and Mrs. Jewell Strasser, Garza County Home Demonstration Agent.

WELLMAN 4-H CLUB

The 4-H Clubs of Wellman held their first summer meeting in the home of their sponsor, Mrs. Clyde Heafner, Wednesday, May 19. Eight girls and two sponsors were present. Zona Lea Chesshir acted as president.

Meetings will be held every third Monday during the summer months. The next meeting will be held on June 21.

The demonstration which was given by Marjorie Scales was "How to Save Gardens from Pests." After the demonstration the girls joined in group singing, before the meeting was adjourned.

Myrethia Edwards, reporter.

Load the dust gun with a generous supply of sabadilla and get the squash bugs that will get the late planted squash if you don't. Hit them every five to seven days.

PARKS HOSTS AT REHEARSAL DINNER

Mr. and Mrs. Hiram Parks entertained members of the Joyce Dungan-Sammy Jones wedding rehearsal party with a dinner Wednesday night at the Esquire.

Bridal motifs were used as centerpieces on the inner tables. The bride-elect and bridegroom-elect were presented with a gift of silver.

Guests included: Messrs. and Mesdames Buddy Rambo, M. J. Craig, Jr., J. E. Smith, Bobby G. Jones, Kenneth L. Jones of Slaton, Edgar Self, Jr., of Lubbock,

KOLONIAL KARD KLUB MEETS WITH MRS. HORD

Mrs. Walter Hord was hostess to the members of the Kolonial Kard Klub Friday afternoon at her home.

Present were: Mesdames Jack Stricklin, sr., Buel Price, Money Price, Mon Telford, N. L. Mason, Tobe Howze, Bill Williams, and E. C. Davis.

Misses Earlene and Evelyn Jones of Dallas, Frances Rambo, Carolyn Harris, Mrs. Ruth Huckabee, Jack Bynum, and Archie Dungan, jr.

The rose was one of the first flowers to become domesticated. More than 200 species have been discovered and named.

Mrs. F. L. Morgan and daughter, Nancy, and Mrs. Ida Burton left Wednesday for El Paso for a visit.
