Next Sunday being the official Mothers' Day of America, reminds us to state that this year, America's Mother will be a Texas lady, and from all accounts, as sweet as they make them, she and her husband, a mail clerk, who has his vacation just now, are on an airplane vacation to New York, where this mother will be highly entertained in the big city, before and on Mother's Day. We can really judge that the chosen lady, Mrs. Pearl A. Gillis, 61, of Fort Worth, is all that her name implies. One of the best evidences of this is the expression of her daughter-in-law, who stated that Mrs. Gillis was "the sweetest of mothers-in-law." In the way of human flesh, the race knows nothing sweeter, more faithful or more enduring love than a good mother.

And while we are on the subject of Texas, we can mention that nothing small should come out of it, as it is too big to produce the little, either in material

or spiritual things. So, the Dallas Morning News, one of the big enterprises of this great state, is going the limit on Sunday, May 22, with a special edition of that paper that will be a stunner to people from coast to coast, and from the great lakes to the gulf. This special edition will be called "Texas Unlimited," and will contain 400 or more pages, each paper weighing more than five pounds. Primarily this jumbo edition is in celebration of the recent opening of their 5 million dollar printing plant. The sale of this great edition will be 50c each by carriers or distributors. But the Herald is expecting to get in under the wire by giving this free advertising space on the editorial page. To others, we would suggest that you make sure you do not miss this edition. It will not only be great advertising to the News and Dallas, but Texas and the Southwest.

Apparently from the latest editions of the Ropes and Anton papers, the people of those two towns are kinder up in the air about county parks. It seems that about a month or so ago, Hockley county voted on county parks, a big central one at Levelland, a middle sized one for Sundown and two smaller affairs of Ropes and Anton. The bond issue of around \$400,000, as we remember lost. Now someone is starting another petition for an election for a central park "near Levelland," and a lesser one near Sundown, with the proposition that all the county help pay for the parks and their maintenance. The latest issue of \$375,000 for the central park, and \$50,000 for the one at Sundown. But here is where the rub comes in. It seems that Editor Troy Morris of Ropes reports that the Jaycees, location not stated, are responsible for the circulation of the latest petition. On the other hand, Editor Richards of the Anton News, seems to lay the blame on the Lions club at Sundown. In the meantime, the issue promises to wax hot in the weeks to come.

Much is being said particularly in the New England section about so many textile mills moving to the South. This is especially true of the states of South Carolina and Georgia. In the meantime charges are being hurled that these "sweat shops" are operated with "slave labor," and in very unsanitary condition. In many instances, the factories have been

referred to as relics of reconstruction days. So, the Evening Herald of Berkshire, Mass., sent a man to the South to really check conditions. He not only found that many of the charges were groundless, but that most of the mills were modern in every respect, and that the employees were getting wages in line with most sections of the nation. Here is the pitch, as stated by the investigating newsman. Instead of an occasional snow storm in April, and mud half knee deep as is the rule in Massachusetts, in the South gardens are started in January, and fruit trees are in bloom by February. That while the wages received were in line with other sections, the cost of living in a warmer climate is greatly reduced for the workers. Finally, in a lot of sections, a lot of people have come to think of such mills as heavy taxpayers and job givers, and not assets to the community. The Southerners don't seem to have shared this view up to now.

EDS
Oh! my goodness, here 'tis the first again! And at that period it devolves considerably upon the Old He to get the statements in order, which has always been more or less a headache to us. Then there are always the little errors that pop up, not intentionally, but in spite of high waters. Some guys take this in good grace, and merely ask for a correction. A few, very few, thank the lord, blow their tops, and this adds another wrinkle and a few extra grey hair. Then it is that we begin to wish that we could do a cash business, going as well as coming. But this would be more headaches than ever, not only with local people, but many bills that have to go to New York, Chicago, Detroit, and many other places for collection. Cash basis just will not work in a newspaper office.

As the late lamented Will Rogers use to say, "I see by the papers" that the GOPers are going to get some needed help in instituting economy in government from certain Democrats, particularly from the South. Several are mentioned, but only Senator George of Georgia was mentioned by name. Others were not quoted. Even President Truman has announced that perhaps around 160 million dollars can be saved in aid to Europe by price reduction on many items we are

The Rabbits We Adopted

sending over. And undoubtedly the military will find some reductions in procurement of the things they need, if they are not determined to spend every dollar they can lay their hands on of the taxpayers' money. Some of their prodigal spending is now under investigation.

Our neighboring editor, W. J. Hale of the Lookum County Review, Plains, was over trying to sell his paper last weekend, as if one paper had the money to buy another paper. It seems that the staid old timers in that little city, are very well pleased with things as they are at present, but Mr. Hale wants to see the town grow and prosper. From one editorial last week, we gathered that Bro. Hale had gotten a grassbur under his saddle. That one was rather one the hot order, but this week Mr. Hale intimates that he will have one that will approach the atomic bomb in the way of heat.

The Associated Press has found plenty of evidence that the government of the United States has set up a "propaganda agency," particularly in Western Europe, that pretty effectively stifles a free press. They have an appropriation of some 75 million dollars, and work around 42,000 employees. It has been known for some time that the people are not being taken into the confidence of high government officials. That most negotiations are deep, dark secrets that are never publicly known, but when they do come out, we sometimes find that foreign agents have outmaneuvered our representatives, and in some instances double-crossed them. This is particularly true of the military. One of these days, the people will wake up some fine morning to discover that free speech and free press are non-existent, just like in some other countries we might mention, and our people will be little better than serfs. Better that we close the stable door before the horse is stolen. This is, we hope, still a government of the people, for the people and by the people. We don't need a little Kremlin in the U.S.A.

The average American gets nearly all of his calories from fats, sugars and alcohol. His appetite for soft drinks, alcoholic beverages, and pastries made of sugar or starch and fat adds up too many calories for the best of health. Such calories may also be eaten at the expense of other nutrients which the average American needs.

STRICTLY FRESH

POLITICAL observers think Russia may be easing off in the Cold War. Well, the old world refrigerator could use a little defrosting.

To live longer and healthier and get ahead in the world, stop thinking so much, British surgeon advises. That's something to think about, all right.

Headline: Businessmen are beset by fresh case of jitters. . .

It's probably nothing that a little more jingling of the cash registers wouldn't cure. . .

With the present confusion in the recording business, when a fellow tells you to get in the groove, you have to first find out how many revolutions per minute.

Motto of a fuddy-duddy: If he're B-bop bred, they can D-drop dead.

Low Down From Hickory Grove

I just been reading where the U. S. A. senate has upped and voted more of our income-tax money to start work on a big 54-million buck steam station to bolster the Tennessee River Govt. power house. And when the TVA affair was first started 10 or so years ago it was to be a Power Utopia. Now, it is passin' the hat again, after already swallowing nearly one billion dollars of the taxpayers' money.

This U. S. A. is in an epidemic of spending and shiftlessness. Congress is either a yokel and greenhorn and sucker and should be brought back home, or it is out-and-out for Socialism. A Russian power house on the Volga or a U. S. A. power house on the Tennessee are the same breed of cats. As item after item comes up it seems as if the folks there on the Old Potomac side with the other fellow. More and more Mr. and Mrs. Average and Good Citizen are just a taxpayer—just a taxpayer. The plums go to the agitating few—the Socialists and the boisterous trouble makers, etc. Mr. and Mrs. Quiet Citizen being mum and not reading the riot act to their boys in congress, get what is left—if anything.

Yours with the low down,
JO SERRA.

When cake flour is used in angel food and sponge cakes it helps make the cake more delicate and tender.

Mrs. Leslie Green of Los Vegas' N. M., formerly of Brownfield, was thrown from a horse last week and sustained very serious injuries of the back. She is in St. Anthony's hospital, Los Vegas.

Mrs. Clarence Lackey and daughter, Mrs. M. J. Craig, Jr., and Mrs. Lackey's parents, Mr. and Mrs. C. D. Brock, left Sunday for a two weeks visit in Butler and Birmingham, Ala., and points in Miss.

The Fiji Islands were voluntarily placed under British sovereignty by their chiefs in 1874.

A dash of sugar added to the water in which vegetables are cooked adds to their flavor.

See it! Drive it!

The New '49 PONTIAC

Even Better than it Looks!

When you observe its fresh and fleet new beauty, it might seem unbelievable when we say that the 1949 Pontiac is even better than it looks. But after you've examined its scores of new comfort and quality features . . . after you've experienced its really exciting performance . . . we're sure you, too, will agree that in basic goodness, it surpasses its own good looks!

It's hard to believe a car so low-priced could combine the flashing sleekness of Pontiac's new styling . . . the gracious comfort of Pontiac's new Vision-Aire interiors . . . and the almost incredible road-easing action of Pontiac's exclusive "Travelux" Ride. Add to those unique attractions, the "zing" . . . the smoothness . . . the economy and proved dependability of Pontiac's famous improved straight eight and six cylinder engines . . . and the matchless driving enjoyment of GM Hydra-Matic (Optional at extra cost) and you've got something almost irresistible! There's no better time than now . . . to see it and to place your order.

PONTIAC'S EXCLUSIVE NEW "TRAVELUX" RIDE is an experience in comfortable ease unique among motor cars—achieved by combining Pontiac's new Center-Poised seating, softer springs, gentle-flex front suspension, new sealed airplane-type hydraulic shock absorbers and new low-pressure tires!

**DARREL JACKSONS
LIKING KANSAS STATE**

Had an interesting short letter from the Darrel Jacksons, who recently moved to Moran, Kansas. They stated that they are liking Kansas better all the time. Lots of rain, and garden planted and coming up.

The eldest son, R. D. Jr., has joined the navy, and is taking his boot training at San Diego. R. D. was a 1947 graduate of Brownfield high school, and of course he will be tickled to get cards or letters from old school and playmates here.

Darrel Jackson is the son of Mr. and Mrs. Jim Jackson, of this city. R. D. Jr.'s address is: A-R 344-98-60, Company 093, San Diego, 33, California. Write him.

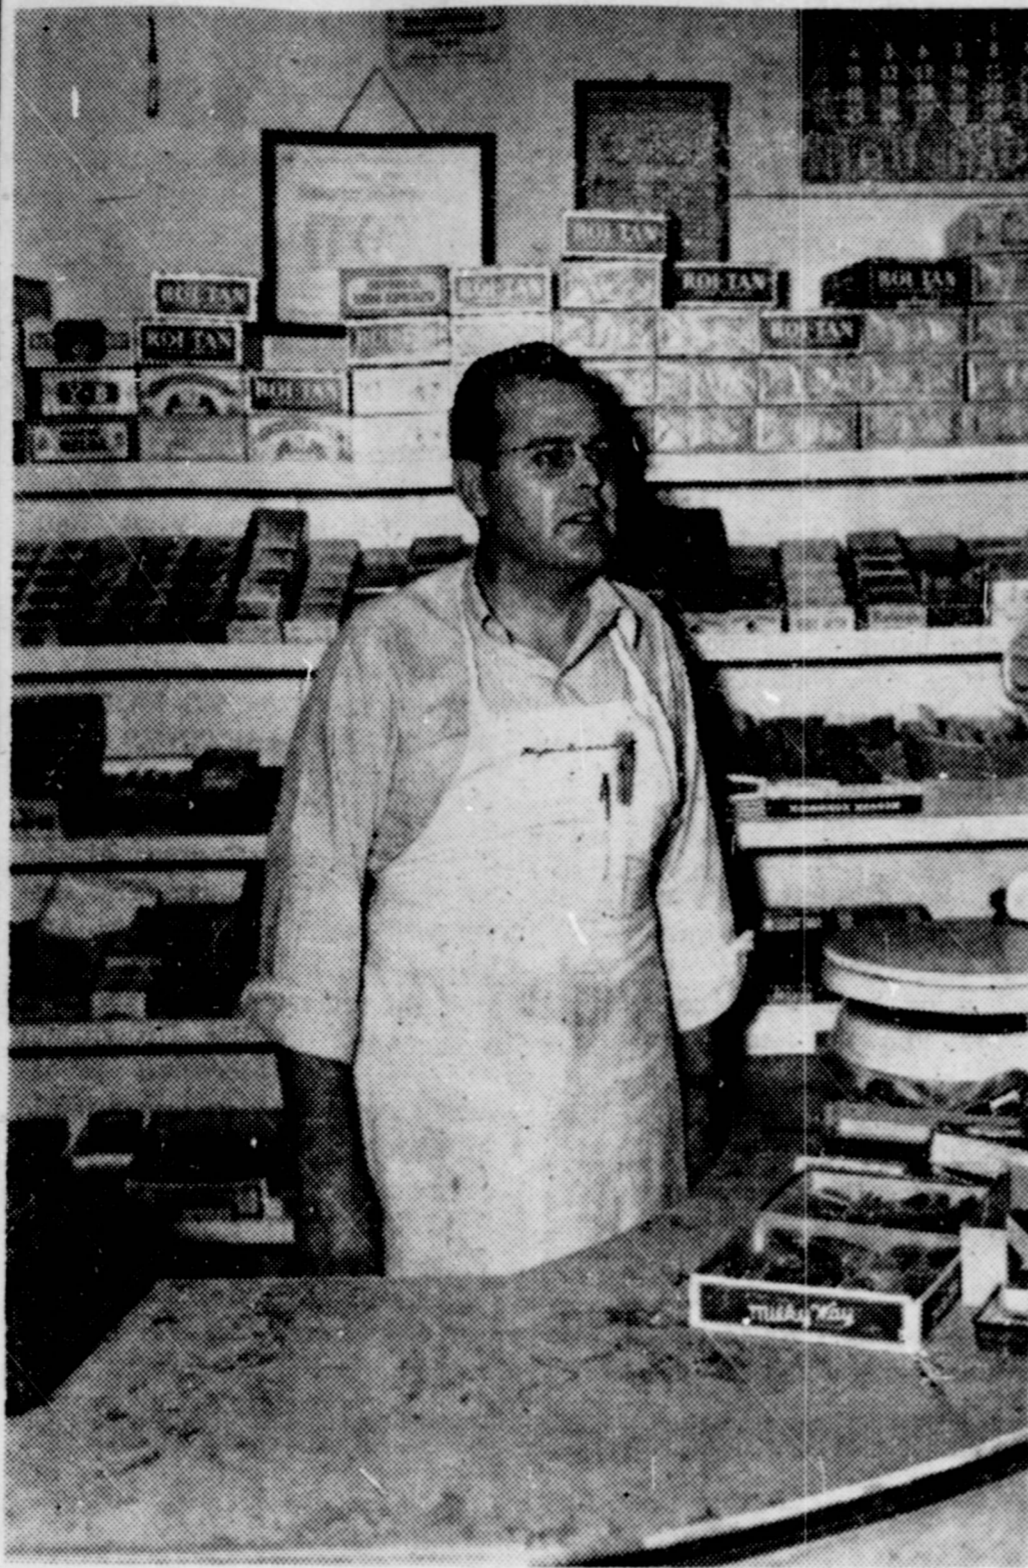

**OLD FRIENDS CALL
BEFORE WE GOT UP**

We appeared very lazy to ourselves, and we felt that we were more so to some former residents who called before we got out of bed Monday morning. They were accompanied by Mrs. J. L. Randal, their aunt.

The visitors? Mrs. Ed Ellis, wife of a now Rising Star drug-gist. Her husband, with the late J. L. Randal, owned and operated the first drug store in Brownfield. The couple were married here about 1911 or 1912.

Mrs. Ellis' sister, Mrs. Beulah Scudday of Sweetwater. Both ladies are sisters of Gus Farrar, chief clerk in the Comptroller's office at Austin. Mrs. Scudday was on her way to Japan, where she will visit a niece and nephew for some six months.

On her way, she will stop over at Honolulu, to visit the grave of her son, Fred Jr. He was killed somewhere in the Pacific during the war, and buried at Honolulu. He was an officer in the army air corps.

CLERK OF THE MONTH—Ted Hardy, 520 East Main, has been selected April "Clerk of the Month" by a farm committee. He has been awarded a certificate and a cash prize of \$10.00 by the local Chamber of Commerce. The clerk of the month is chosen on the basis of courtesy, politeness and efficiency. Since 1936, Mr. Hardy has been employed at Kyle's Grocery, with the exception of two years, when he was in the service. In an interview, Mr. Hardy told this reporter that he was quite surprised, but very happy to have been chosen for this honor.

**SPEECH AND ACTION
DIFFERENT IN PEOPLE
OF WEST PART STATE**

DENTON—You don't have to see a West Texan walking to tell him from his East Texas brother—his speech habits will mark him almost every time. That's the conclusion of Dr. E. S. Clifton, North Texas State College English professor who is conducting a research project to study speech habits of Texas. The usage of certain words almost conclusively draws a line between an East and a West Texan, he says.

Chances are that a West Texan has never heard of "binkey" milk; whereas almost any East Texan knows that it is soured milk. The words "where" and "nor" tend to come out as "whur" and "nur" when West Texans use them, Dr. Clifton points out. Dr. Clifton's study, to be published upon completion, includes material on what people call objects, what forms of words they use to express their thoughts, and how they pronounce them.

CARD OF THANKS

We take this means of thanking our good friends and neighbors who were so nice to us during the sickness and death of our beloved wife and mother. Also to the doctors and nurses who were so kind and thoughtful; to those who sent flowers or brought food. May our heavenly Father bless each of you in our prayer. The W. C. Smith Family.

**MAY FIND CANCER
CURE IN "MOLDS"**

SAN ANTONIO — Some kinds of bacteria cause disease. Some don't. Some kinds are tremendously helpful to human life—the kind that turns cream to cheese, for instance. And some kinds combat disease. Molds revolutionized the treatment of infectious diseases.

Dr. John B. Loefer of the Foundation of Applied Research here has been experimenting with a type of bacterium, the products of which have caused some remarkable regressions in tumors. He points out that his findings are by no means a cancer cure and that, under an American Cancer Society grant, considerable work must be done on laboratory animals before application of the discovery can even be considered.

Texas dairymen are again reminded to substitute methoxy-chlor or pyrethrum insecticides for DDT in spraying dairy cattle and the barns for the control of insects.

**RED'S PAPER DEPLORES
EXCESS FACTORY TALK**

BERLIN (AP) — Workers in Russian-occupied eastern Germany talk too much during working hours, says the Communist newspaper "Maerksische Volksstimme," published at Potsdam. "The workers talk too much and inflict extensive damage upon our national property," said the paper. It told the 5,000,000 Russian zone workers that they waste twelve minutes of their daily work hours by talking, thus causing a loss of 300 million marks of national property a year.

**NEWSPAPER ADVERTISING
LINEAGE ON THE CLIMB**

AUSTIN — Texas newspaper advertising lineage in March increased 20 per cent from February and 7 per cent from a year ago, the University of Texas Bureau of Business Research reported. Advertising lineage in 35 Texas newspapers totaled 36,215,914 lines in March, as compared to 30,188,323 in February and 33,927,836 in March a year ago.

Mrs. J. A. Roberts and daughter, Miss Letha Nell, visited a few days the past week in the home of their daughter, Mrs. B. R. Lay, and Mr. Lay, in the Johnson community, and the Fred Smith and Stricklin homes, here in town.

Born to Mr. and Mrs. Cotton Neely, a daughter, Danna Jo, weight 7 pounds, in a Lubbock hospital, Sunday. Mr. Neely was formerly Ag. teacher in our schools, and his wife, formerly Mattie Jo Gracey, was born and reared in Brownfield.

Mrs. Bernard Lay of Johnson, returned Sunday from Austin. She was accompanied by her daughter, Mrs. Carl Ming, and little Margaret Ann, who will visit them for awhile.

Mr. and Mrs. Ed Thompson were in Monday to have their youngest daughter, Miss Shelby Ann, examined for a throat infection at the hospital. Ed stated that his 'sh' taters were coming up, and that things in general were rosy enough down on the farm out in the Harmony community.

Roy Collins, who is attending Texas Tech, spent the weekend with his mother, Mrs. Fred Smith.

Brief History Of Treadaway-Daniell Hospital Registered Nurses And Aides Chronicled

The senior nurse in perhaps age as well as service, is Mrs Lillie May (Price) Whitney, R. N. Mrs. Whitney was among the early graduates of Brownfield High School, and of the Lubbock Sanitarium school of nursing. She started to work for the local hospital in 1937, as surgery supervisor.

Next is Mrs. Bertie Lee (Daniel) Christopher, R. N. Bertie Lee, a sister of Dr. A. H. Daniell, graduated from the Seminole high school in 1928, and the West Texas Hospital school of nursing at Lubbock in 1933. Started to work for Treadaway-Daniell hospital in 1934.

Miss Jo Ann Josseland, R. N., graduated from the Northwest school of nursing in Jan 1948. Began work for Treadaway-Daniell in March this year.

Miss Earline Mills, R. N. Graduated at Waco, and came to work for Treadaway-Daniell in Feb., this year as night supervisor.

Mrs. Jaunita (Tankersley) Newsom, Brownfield high graduate in 1935, and began work for Treadaway-Daniell in 1937. Supervisor the 3 to 11 shift.

Mrs. Beulah Page started work for the old hospital in 1932, over Kyle Grocery, and continued until 1937. Began again in 1947.

Miss Faye Ross, graduated from Jayton high school in 1945. Trained at Scott and White, Temple. Began work for T-D in 1947.

Mrs. Dell Sherrin, Trained in 1929 at St. Josephs Infirmary in Fort Worth. Worked at Penn Hospital, that city. Began with T-D in 1948.

Nurses' Aides
The following is a short sketch of several Nurses Aides: Miss Thelma Heartsill worked as office nurse for Dr. Treadaway in Lamesa. Began work here in 1944.

Mrs. Kathrine Fitzgerald, practical nursing graduate in Chicago, Came to work here for T-D in 1945.

Mrs. Dollie Newberry, Trained at Quanaah hospital in 1921. Entered service for T-D in 1942.

Mrs. Evelyn Keith, graduate of Brownfield high school, and began duties with T-D in 1945.

Miss Eileen Jones started to work for T-D in September, 1945.

Miss Martha Sudderth, graduate Tatum, N. M., high school in 1947. Started work for hospital in 1948.

Mrs. Oma Hammock. Began work here in 1947.

Mrs. Dorothy Liles, graduate Meadow high school. Worked part time for T-D in 1943-'44-'46. Resumed her employment in 1949.

Mrs. Ethel McNeil, started work in 1948.

Mrs. Brown came to T-D from Seagraves hospital in April this year.

Misses Bonnie Lewallen and Luella Johnson. Work after school hours, weekends and vacation.

Dieticians Dept.
Mrs. Ruth Bryant, dietician, graduate 1922 from Stratford, Oklahoma, high school. Graduate East Central State Teachers College, Ada, Oklahoma, in 1924. Taught school 6 years, and came to work for T-D hospital in 1940.

Miss Flossie Proctor, started to work in 1945 for one year as assistant to dietician. Came back in 1948.

Office Force
Mrs. Gretchen Miles, registered laboratory technician; gradu-

National HD Week Observed In County

A banquet was held Tuesday evening, May 3, in observance of National Home Demonstration Week, and honoring the commissioner's court.

Invitations from the following clubs were given to all club members of the county. Pool, an entertainment held in the Community house, Friday, May 6. Gomez, a "42" part yto be held Thursday, May 12 at the Brownfield Country Club. Needmore, a chicken fry and auction sale.

Games of "42" were played after the banquet. Music was rendered by Mrs. Herman Scales and the Burnett sisters and the Scales boys of Wellman, precinct 4.

Those present for the occasion were Mrs. Homer Winston, Mr. and Mrs. W. B. White, Mr. and Mrs. Sam Gossett, Mr. and Mrs. Lee Bartlett, Mr. and Mrs. H. R. Fox, eighteen council members and their husbands, the Burnett sisters, and the Scales boys.

The council members would like to thank the members of the Presbyterian church for letting them have their banquet in the church.

If it isn't one thing it's another. But one of the most disgusting things humans have to put up with is an employee that can't resist alcoholics and gets stewed.

We had some evidence that the one we have had lately was of that stripe, but we took him on. He did fair for a week or so until he got some money ahead. Then got stewed and stayed that way until thrown in and sobered up, we guess.

It was our intention to get out a pretty nifty paper this week, but we fell down considerably from expectations.

Polio Incidence Running Higher Current Season

AUSTIN—During the first seventeen weeks of 1948 there were only 55 cases of poliomyelitis reported to the State Health Department, while in this same period for 1949, there have been 142 cases reported from different sections of the State, according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week, with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases," Dr. Cox said, "and justly so. It is more often a crippler than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

Immaculate cleanliness of the person and home is urged as a precautionary measure against polio, and community hygiene assumes a place of major importance when the disease makes its appearance. Clean communities, clean homes, and strict personal hygiene all play a part in helping to prevent the spread of diseases, and Dr. Cox advises close inspection of home screens for keeping out flies, and unremitting efforts in rodent control, and the extermination of roaches.

"Until it is definitely understood just how polio is transmitted, it is well to guard against all household pests and eliminate all insanitary conditions," Dr. Cox said.

Dr. Cox added: "We do not know with certainty how polio may be spread, and filth, which affords a breeding place for the germs, should not be tolerated."

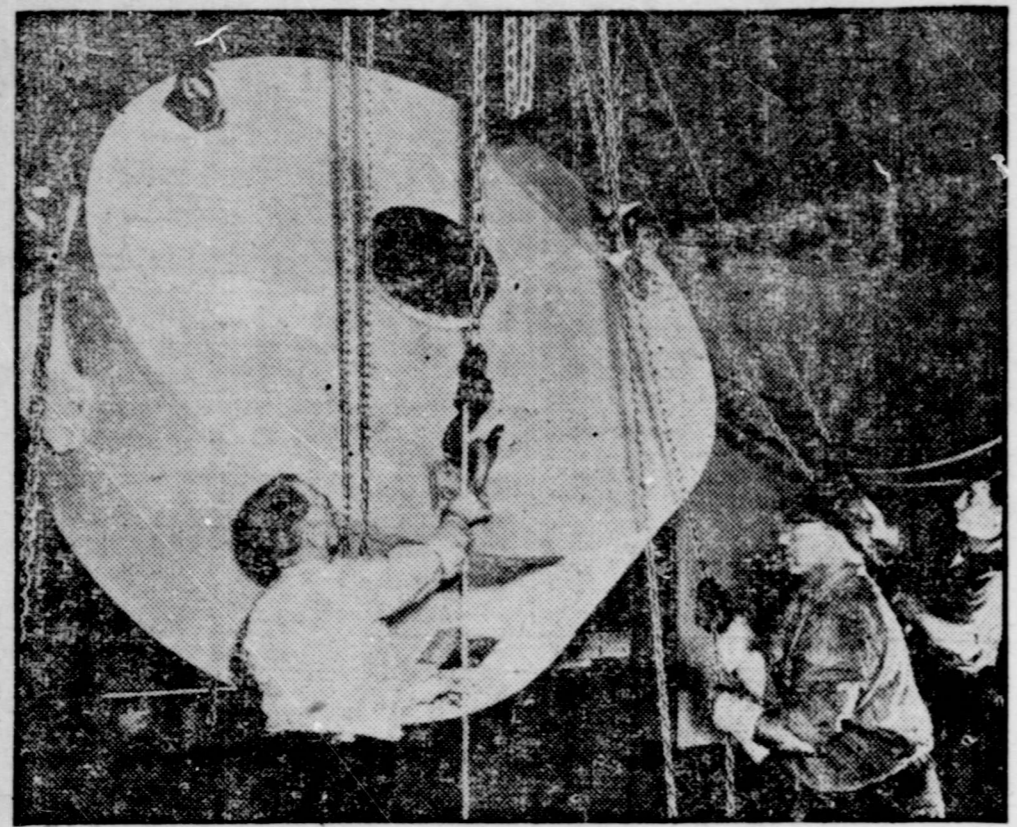

FARM CASH INCOME IS PUSHED UPWARD

AUSTIN—Heavier marketings of livestock in March pushed the farm cash income in Texas 10 per cent above March of last year to \$54,513,000, the University of Texas Bureau of Business Research reported.

Bettering seasonal expectations, March income gained 25 per cent from the previous month. After adjustment for seasonal variation, the Bureau's index of farm income rose 220 per cent of the prewar period from 192 in February, the lowest point since early 1942, and from 207 a year earlier.

The self-sealing caps that don't require rubber rings for glass jars save time and energy in the sealing process.

New Atom Smasher Under Way

Workmen lower into place the steel tank which houses the accelerating chamber of a new type atom smasher being built at the General Electric Research Laboratory in Schenectady, N. Y. Being built under a contract with the Office of Naval Research, the new machine, known as a "non-relativistic magnetic synchrotron," will be capable of producing X-rays of 300,000,000 electron volts.

Freedom Ended?

"Muffy" is a sad cat these days as she snuggles up to Carol Ann Holland, 6, of Libertyville, Ill. A bill passed by the state legislature would make it illegal for cats to roam at large, requiring leashes for the animals. The measure could put an end to Muffy's nocturnal sessions on the back fence.

WOMAN PROMISES SUIT ON HER VOTING RIGHTS

CAIRO (AP) — Mounira Thabet says she will sue the government unless Egyptian women are given the right to vote before the end of the year.

Miss Thabet, a pioneer Egyptian feminist leader, wants her sex enfranchised for the next elections. She did not explain in what manner she would bring a suit.

Phone 1 for Classified Service

Commissioner Giles State Land for Sale In Terry County

AUSTIN—State Commissioner Bascom Giles states there is still public land for sale in Texas.

However, not much of it, as Texans measure land. Less than one per cent of the once colossal public domain is available to the high bidders as the unsold acreage has dwindled to a total of 1,026,875.70 acres. (The total acreage of the state is 172,687,000.)

The unsold land includes 290.68 acres in Terry county.

Not all of the million acres can be purchased, Giles explained. The domain administered by the School Land Board, of which Giles is chairman.

"No school lands within five miles of oil or gas production can be sold," Giles points out.

When there is sufficient demand, the School Land Board authorizes the sale of specified tracts. A public sale is advertised and information about the tracts supplied by the General Land Office upon request.

Sale is by sealed bids. The high bidder, if conforming with all regulations, is the new owner.

The terms are 20 per cent down with 40 years to retire the balance at five per cent interest. The Permanent School Fund retains one-sixteenth free royalty in all oil production and one-eighth free royalty in sulphur production.

200 PARATROOPERS TAKE THE JUMP

FORT BLISS—The largest airborne operation ever staged in this area took place at Elwood, New Mexico, 36 miles north of Fort Bliss, April 28, when more than 200 paratroopers participated in mass jumps.

The 88th Airborne Antiaircraft Battalion at Fort Bliss staged a mass landing in a maneuver witnessed by General Thomas T. Handy, commanding general of the Fourth Army, and members of his inspection party.

Major General J. L. Homer, commanding general of Fort Bliss, was also present to see his parachute troops take the air. A preliminary "pathfinder" jump was dropped.

Cargo parachutes dropped 50-caliber machine guns and other equipment for men participating in the maneuver.

Mouse 'Dairy'

A miniature suction pump milks a mouse at the Columbia University - Presbyterian Medical Center's "Mouse Dairy" in New York, where scientists announced that they have isolated the virus of breast cancer from mouse milk. The new development is expected to further science's attack on human cancer. The "dairy" houses more than 4000 mice. Each yields approximately one cubic centimeter at a milking.

Post Stampede And Rodeo May 18-21

POST—A \$3,500.00 purse will be offered to contestants in seven divisions of the annual Post Stampede and Rodeo to be held here May 18, 19, 20 and 21. The contests will be bronc riding, bareback riding, calf roping, double mugging, bull riding, cutting horse contest and a cowgirl sponsor contest.

Stock will be provided by Bill Lyons of Petrolia, nationally known rodeo stock raiser.

Billed as "The Most Colorful, Fastest Show in the West, staged in the Biggest Arena in West Texas," the 1949 Stampede will be featured by several specialty acts, including a clown and a mule.

Dances will be given on the Pavilion on the rodeo grounds, the nights of May 17, 18, 19, 20 and 21.

In anticipation of the rodeo, one of the first and biggest amateur shows staged in West Texas, the Post and Garza County residents will start wearing western cowboy regalia on May 2, on which date the downtown area will be decorated with Welcome Banners.

The third week of May has been set aside permanently as the date for the annual Post Stampede.

Trace elements—zinc, copper, manganese and boron—may be applied to the soil or sprayed on the plants when they are needed to correct nutritional disturbances. Because only a small quantity of these elements are needed, many folks overlook their importance when it comes to plant growth.

FORMER POSTMISTRESS VISITS HERALD OFFICE

The management of this paper were pleased very much to have Mrs. Lela Toone visit us at the office Monday. Her husband was superintendent of schools here back in the early thirties. Mr. Toone passed on while they lived here. Mrs. Toone later became the postmistress here, which position she held several years.

Mrs. Toone rented her home on east Broadway, and moved to Dallas to be near her son who lives there, and has made her home there since. But she stated Monday that Brownfield would

Three cheese rules: go easy on the heat when melting it; add cheese to other ingredients in small bits rather than in large piece; and blend cheese in a smooth sauce before adding to other ingredients, preventing curdling.

Basketball coach Lew Andreas and boxing coach Roy Simmons both will celebrate their silver anniversary at Syracuse University next winter.

always seem like home to her. She is visiting her niece, Mrs. W. A. Bell.

By the way, Mrs. Toone stated that there are still three persons clerking in the local postoffice who were working there when she was postmistress.

Primarily, Mrs. Toone's visit to this section was to attend the birthday celebration of her oldest brother, J. R. Terrell, of Lorenzo,

who is 93. As their birthdays come so close together, they celebrated both birthdays at one time.

By the way, Mrs. Toone ap-

peared to be as happy to see us as we enjoyed seeing her again. She also stated that she liked to read the "foolishment" we put out in this old rag. Thanks!

J. B. Knight Co.
HARDWARE

"TODAY'S HOME BUILDS TOMORROW'S WORLD"

COLLEGE STATION. — The theme of national home demonstration week, May 1-7, will be "Today's Home Builds Tomorrow's World" and the forty thousand members of nearly two thousand clubs in Texas will give recognition to leaders and achievements in their own communities. Maurine Hearn, state home demonstration agent, and vice-director for women for the Texas A. & M. College Extension Service has announced that the Texas Home Demonstration Association and the Extension staff will join in the observance this year.

Through special events, news stories and radio the home demonstration club women will tell their friends and neighbors of the objectives and activities of home demonstration work. They will let families tell of their achievements and have group discussions of problems that affect rural families today. The relationship of the home demonstration work to the entire extension program will be clarified, and recognition given to volunteer local leaders whose services in the communities have resulted in the better understanding of public problems on a local, state, national and international scale.

Miss Hearn says that clubs are planning special skits to be presented at meetings where leaders will be honored. Regular radio programs by the agents and club members will tell the story of home demonstration achievements, and special broadcasts will dramatize these developments.

In a special message to home demonstration club women, she says, "In observing this week in various ways as each community demands, I hope that you, as well as others who are not members of home demonstration clubs, may realize the scope and flexibility of your organization. You are prob-

ably the largest organization of rural women in America. Besides mastering the many phases of home living that are available to you, you work as an organized group for many things that are beneficial to your communities, such as scholarship funds, libraries, health, safety, 'exchange programs' with other countries.

"Your responsibility to your communities, to your nation, and to other nations, is to help those who are not acquainted with the demonstration club work to benefit personally through it, and that you may benefit by the growth of your organization."

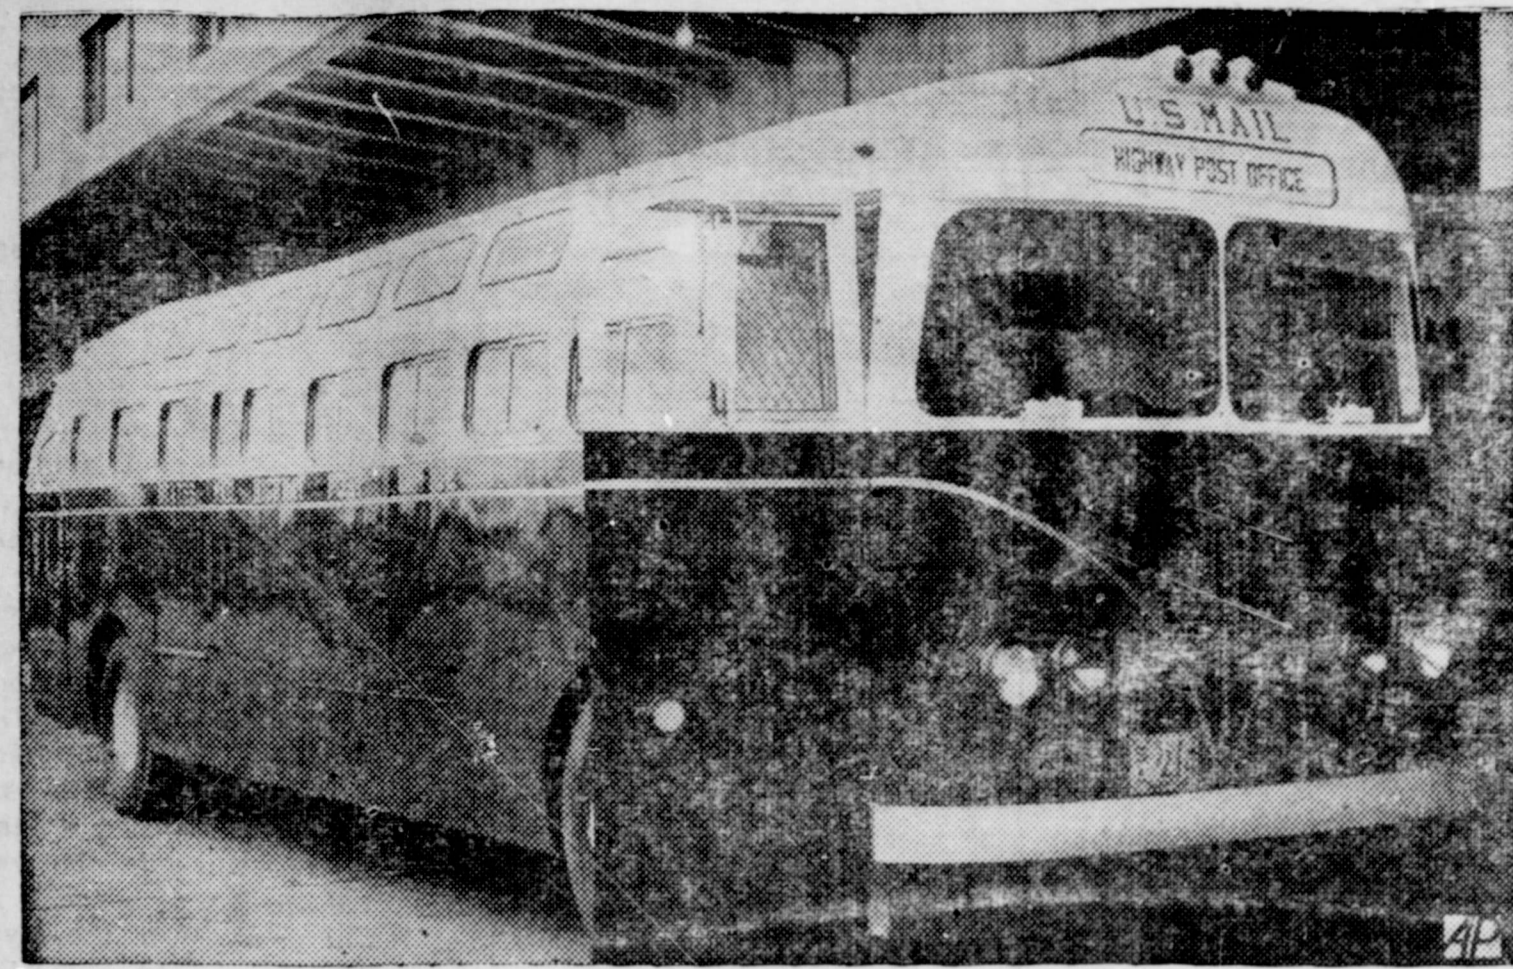

CHICKEN IN FREEZER GOOD WAY PRESERVE

COLLEGE STATION. — We all want plenty of chicken on the table every season of the year. The food specialists for the Extension Service of Texas A. and M. College tell us that putting them in the freezer is a good way to insure this.

"Chicken in the Freezer" is the name of a leaflet from the U. S. Department of Agriculture, which gives directions for freezing stewing hens as well as the younger birds. If your county home demonstration agent doesn't have an extra copy, then write to the U. S. Department of Agriculture, Washington, D. C., for this leaflet, number AIS-74.

The leaflet gives directions for handling broilers, bakers and stewers in both the home freezing unit and the commercial locker plant.

Prices for home furnishings probably won't drop in the near future, as long as there is a shortage of such basic materials as lumber and steel.

NEW HIGHWAY MAIL BUS

—This is the new bus, built to carry mail by highway between Dallas and Denison, now being completed at the Dallas, Texas shops of the Continental Southern bus company. The Company will operate the bus, beginning about May 9, on a two round trips per day schedule. (AP Photo)

Medics Asking For More Medical Schools

AUSTIN — The State Medical Association of Texas yesterday urged the 51st Texas Legislature to appropriate funds for expansion of medical school facilities in Texas.

In a statement issued by Dr. J. B. Copeland of San Antonio, chairman of the Council on Legislation, the medical doctors of the state reiterated a resolution adopted by the Executive Council several months ago, which called for active support of measures to expand training facilities for medical students.

The doctors of Texas are well aware of the fact that postwar conditions have resulted in a big shortage of doctors in many areas of our state—particularly in the rural sections," Dr. Copeland said. "We recognize the fact, also, that there are hundreds of promising students who want to enter medical school, but are unable to do so because of the overcrowded facilities. We earnestly hope the State Legislature will appropriate funds at this current session to make this vital training possible, in order that the welfare of the people of Texas may be served more fully."

Dr. Copeland pointed out that the State Medical Association does not concern itself with the location or site of the medical school or schools proposed to be added to the state's training facilities. "That is a matter for the members of the Legislature to decide," he said.

MUCH PAMPERING REQUIRED FOR LAWNS

COLLEGE STATION. — It takes mowing, watering and fertilizing to keep a yard looking its best.

That's the word from Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College. Regular mowing with a sharp, properly adjusted mower keeps your lawn looking neat and helps the grass grow and spread.

How high the grass is mowed depends on what grass you have. Bermuda, St. Augustine or centipede grass can be mowed closely if the yard is well fertilized. The fescues and bluegrass should be mowed at one and a half inches or higher, Miss Hatfield says.

Now about watering the lawn. If you have the water supply to do this during the hot, dry weather, it's best to soak the ground thoroughly now and then—just soak long enough to keep the plants alive.

Here's a point to remember, too. Light sprinkling every day just to cool things off encourages shallow root system and helps crabgrass more than it does the better lawn grasses.

Further information on lawn grasses and fertilizing the yard can be obtained from the local county agent.

Nice green lush lawns in the summertime means taking care of your yard the year round, Miss Hatfield concludes.

The British took the island of Cyprus from Turkey in 1878 as part of a plan for the introduction of reforms in Asia Minor.

INSPECT NEW HIGHWAY MAIL BUS

General Superintendent of Mails O. P. Mark (left) and J. Howard Pyne, Postmaster, both of Dallas, inspect the new bus that will be used to carry mail by highway between Dallas and Denison. The bus was built by Continental Southern bus company, which will begin operation of the bus about May 9. (AP Photo).

Industrial Exposition Slated to Open In Fort Worth May 8

Doors of the annual Southwestern Industrial Exposition in Fort Worth will open at 2:00 p.m. Sunday, May 8, with representatives from the governors of five Southwestern states on hand to participate in the ceremonies.

The event, to be held in the Will Rogers Memorial exhibit buildings through May 15, will see officials from Arkansas, Louisiana, New Mexico, Oklahoma and Texas present to view the exhibits of manufacturers from their states and to open an Exposition dedicated to the industrial might of the Southwest.

The 300 exhibitors who will display their products at the show will be honored by the Fort Worth Chamber of Commerce at a luncheon on Monday, May 9, when Dr. Harold Vagtborg, president of the Southwest Research Institute at San Antonio, will speak on "Science and Technology—The Critical Tools of Industry."

Dr. Vagtborg will cite case histories of small manufacturers whose products have entered the competitive field through the use of those two powerful tools in industry. The speaker will be introduced by President Webb Maddox of the Fort Worth Chamber.

An advertising and marketing clinic, sponsored by the Fort Worth Advertising Club, will be held Tuesday, May 10, and the Purchasing Agents Association of Fort Worth will conduct a clinic Wednesday, May 11, for manufacturers and salesmen on "What Purchasing Agents Want to Know about a Product."

TERRY TO GET MORE F-M ROAD MONEY

Our Commissioners are leaving no chips unturned to get every dollar of money possible to obtain, to build more and more Farm-Market roads in Terry County. This week, they went to Lubbock and got on the dotted line for around \$60,000 of State Highway Aid that will come in pretty handy.
 This is being obtained from the \$30,000,000 funds for the State Highway Department by a recent act of the legislature, and is to be used in counties for the building of F-M roads, especially to isolated places, to connections with highways.

WELLMAN 4-H CLUB SEES PICTURE
 Tuesday, May 2, the Wellman 4-H Club saw a moving picture of the State Dress Revue. The girl who represented Terry County was Jo Marie Crowder, who belongs to the older club.
 Miss Helen Dunlap gave a demonstration on cool covers for the bed. There was no business meeting.
 Yvonne Thornton is a new member.
 —Patsy Ann Moore

CONGRATULATIONS TO:

Mr. and Mrs. C. H. Littlefield on the birth of a son, May 1, at Treadaway-Daniell hospital. He weighed 7 lbs, 11 oz. and was named John Elbert, Jr.

Mrs. Hubert Thompson had as her guests Sunday, her daughter, Mrs. Robert Lyle, and Mr. Lyle and his parents, Mr. and Mrs. H. C. Lyle, all of Amarillo.

Mrs. Goldie Bevers has just returned from a three-week visit in California with her son and daughters.

Mr. and Mrs. Prentice Walker and Jimmy and Jill visited in Tahoka last Thursday. Mr. and Walker attended the Rotary banquet, and Jimmy and Jill visited their cousins, Jackie, Sherry and Lynda Applewhite.

A PHOPHET IS NOT WITHOUT HONOR

This week, we are going to devote the space usually put in the Stricklinly Speaking space to, we hope, better use. We are going to give just a bit of personal opinion of the two physicians under discussion this week—Dr. T. L. Treadaway and Dr. H. A. Daniell. But they will be referred to as Dr. Lester and Dr. Alfred.

One place in the New Testament, the Savior is quoted as saying "that a prophet was not without honor save in his own country." We have heard this quoted a lot of times to justify the fact that some times young men or women have to leave the old home town to make good in life. This will not apply to Drs. Lester and Alfred. They came right back where they grew up and made good.

These boys were not considered extraordinary. They were just average boys, not bad nor yet angelic. Their parents had to call 'em down once in awhile. But so far as we know neither ever got into any real meanness. Both were just lads when we first knew them, Lester a mere child. Therefore we saw both grow up, and have some right to speak about the matter.

The late Dr. T. L. Treadaway Sr., moved his family here from Miles, Texas, about 1912. Mr. and Mrs. W. S. Daniell moved here with their family from Paducah after the Santa Fe came here in

JERRY KIRSCHNER STOOD 2nd IN TRAP SHOOTING

Martin Kirschner, manager of their Lamesa store, was over Tuesday, and during our conversation, we asked how Jerry was getting along on his vacation. He stated that Jerry had won second place at the State Trap Shooting matches at Fort Worth.
 Then with a sly grin, Martin added: "I didn't find out how Jerry came out in the "Crap Shooting" matches, Martin always sees the ridiculous as well as the sublime side of life.

Mr. and Mrs. Kenneth Jones and baby, and Mr. and Mrs. T. D. Bishop and children, all of Slaton were guests of Mrs. O. L. Jones over the week end.

Mrs. Grace P. Wood, principal of Jessie G. Randall school will spend Mother's Day with her parents Mr. and Mrs. Parkington, in Amarillo.

Mrs. M. B. Sawyer Honored Delphian Club Meets Tuesday

The Clarence Lewis home was the scene of a tea honoring Mrs. M. B. Sawyer on her 81st birthday, Wednesday, May 4, from 4 to 5 P. M. Mrs. Clarence Lewis and Mrs. Clyde Lewis were co-hostesses of the fete for their mother.

Mrs. Sawyer, a long-time resident of Brownfield, received many lovely personal gifts, flowers, cards, and telegrams from friends in Brownfield and Texas and other states. Her daughter, Mrs. Christova Stitt of Miami Springs, Fla., sent Mrs. Sawyer an orchid, which was grown in Mrs. Stitt's own greenhouse. Mrs. U. D. Sawyer of Cross

Roads, N. M., and Mrs. Cye Tankersley of Lubbock greeted guests at the door. Mrs. E. A. Graham presided at the guest book, which 125 persons signed.

Mrs. Bill Flippin of Seagraves and Mrs. Rebecca Ballard were in charge of the gift display.

The table was covered with a white satin cloth, sprinkled with handmade pink and blue flowers, and a ruffled white net overskirt. The top edge of the overskirt was banded with a blue satin ribbon and was caught with bows at each corner of the table.

Centering the table was a maypole, set on a reflector band.

Mrs. Crawford Taylor and Mrs. Johnny Brooks were hostesses to the Delphian Study Club in the home of Mrs. E. D. Ballard on Tuesday.

The meeting was called to order by the president, and the minutes of the two previous meetings were read and approved. Mrs. Wayne Brown read a letter from the foreign family and snapshots were shown.

Mrs. Harmon Howze was welcomed into the club as

GOMEZ HD CLUB TO ENTERTAIN

For something outstanding during National Club Week, the Gomez Home Demonstration Club will entertain all members in Terry County with a "42" party May 12, at the Country Club at 8 P. M.

a new member, and was presented with a corsage. Mrs. George Steele gave her oral resignation as president, and Mrs. K. D. Sneeder was installed as president to fill Mrs. Steele's unexpired term. Mrs. Crawford Burrow was elected and installed second vice-president, and Mrs. Leonard Chesshir remained as

MRS. TOM DOROUGH

Graham-Dorough Vows Pretty Double-Ring Service Monday

MISS Twilla Graham, daughter of Mrs. E. A. Graham, became the bride of Tom Dorough, son of P. H. Dorough of Maybank, Monday night, May 2, at 8:00 o'clock, in the First Baptist Church. Rev. J. B. Allen of Oklahoma City, uncle of the bride, performed the double-ring ceremony.

The altar was banked with woodwardia fern and baskets of white gladiolus. Tall candelabra with white tapers flanked the altar.

The bride was given in marriage by her brother, Blue Graham. She chose a white satin gown fashioned with an off-shoulder yoke of Alencon lace. The closely molded bodice extended into a full flared skirt with two panels of Alencon lace running from the front hemline up over the hipline, terminating in the graceful train. Her fingertip length veil of matching bridal illusion fell in full tiers from a bonnet-brimmed halo of Alencon lace. She wore lace mitts, and her arm bouquet was of white orchids and stephanotis tied with white satin streamers.

Mrs. W. K. Amo, Little Rock, Arkansas, was her sister's matron of honor. She wore an ice blue dress with a tight bodice and full skirt, of taffeta and lace. Her matching halo hat and bouquet of blue carnations tied with blue maline completed her costume.

The bridesmaids, Mesdames Scharbauer Edison of Lovington, Jack Feeler, Jr., of Odessa, and Miss Margie Graham, of Brownfield.

SERIES OF MUSIC RECITALS TO BE GIVEN MAY 16-18

Mrs. W. H. Dallas will present her music pupils in piano and voice in a series of recitals, May 16, 17 and 18, at the First Presbyterian Church. The recitals will begin at 8 P. M., and the public is cordially invited to attend. Thirty-eight girls and 19 boys, representing Brownfield, Wellman, and Meadow schools, will be presented.

Specialties will include: May 16—Danny and Dickie Scales, singing request numbers, and assisting with the program.

May 17—Sixth Grade Chorus, directed by Miss Davis.

May 18—Seventh and Eighth Grade Chorus, directed by Miss Walls; Marjorie and Patsy Scales, singing requests.

Awards will be presented at the close of the recital on May 18.

POOL HD CLUB MEETS APRIL 26 IN HOME OF MRS. LEVERE FORBUS

The Pool Home Demonstration Club met April 26 in the home of Mrs. Levere Forbus. Nine members and one guest, Mrs. Homer Dunn, saw Miss Helen Dunlap give an interesting program on making and wrapping butter.

Plans were made to celebrate National Home Demonstration Week by visiting in the homes of all the members and viewing their club achievements. Members also planned a community party to be held at the school house Friday night, May 6. Everyone is invited to come out for "42" and other games.

The next meeting will be May 10, in the home of Mrs. J. D. Howard.

—Mrs. V. R. Osborn, Reporter.

MRS. HAROLD JONES

Norlane Tunnicliff Married to Harold Jones in Sabbath Rites

In a double-ring ceremony performed at 4:00 p.m. Sunday at the Crescent Hill Church of Christ, Miss Norlane Elizabeth Tunnicliff and Harold Christy Jones were united in marriage.

The bride is the daughter of Mr. and Mrs. W. V. Tunnicliff, of Denton. He is the son of Mr. and Mrs. Eunice Jones of Brownfield.

Rev. Jimmie Wood read the vows, and Thomas C. Livingston of Brownfield sang de Hardelot's "Because." The Crescent Hill Church of Christ A Cappella choir sang "Love's Old Sweet Song," as the candles were lighted, and Lohengrin's "Here Comes The Bride."

Tall Candelabra with white tapers and potted palms flanked the altar, which was banked with woodwardia and baskets of white gladiolus.

The bride, given in marriage by her father, wore an ivory satin gown cut on princess lines. The deep yoke was edged with a ruffle of Chantilly lace, and the sleeves terminated in points over the hands. Her veil was of imported illusion and fell in tiers from a halo of white satin and pearl lilies-of-the-valley. She wore a strand of pearls, gift of the groom, and carried a 50-year old drawn-lace handkerchief, which had belonged to the groom's grandmother, tucked into a white Bible.

Mrs. Edgar Self, Jr., matron of honor, wore a pink frock, a flower coronet, and a colonial bouquet of mixed spring flowers. J'Neve Lynne Tunnicliff, junior bridesmaid and sister of the bride, wore an orchid gown, and carried the bride's colonial bouquet of orchids and white iris, tie dwith white lace and ribbon.

Bridesmaids were Misses La-

WSCS MEETS IN FELLOWSHIP HALL

The WSCS met in Fellowship Hall at 3 P. M. last Monday. Mrs. A. E. Proctor led the devotional, reading scriptures from Matthew. Mrs. Ida Bell Walker led the prayer. Mrs. Joe Johnson gave a summary of the report on the North West Texas Conference and Mrs. Tobe Power read some clippings about the advance program.

Mrs. J. H. Carpenter was in charge of a business meeting at the close of the meeting. The following members were present: Mesdames Glenn Harris, B. L. Thompson, W. H. Hare, D. S. Sampson, Proctor, Walker, Johnson Carpenter, W. B. Downing, and Miss Maude Bailey.

CHRISTIAN CHURCH ANNOUNCES CHANGES IN REGULAR SERVICES

Rev. William J. Spreen has announced changes in services for the First Christian Church, beginning Sunday, May 8. Sunday School will begin at 9:45 a.m. instead of 10:00 a.m. The morning church service will still be at 11:00 a.m., but the night service has been changed from 7:30 to 8:00 p.m.

There will be a special Mother's Day service Sunday, with special music offered by Dr. W. A. Roberson.

BROWN COUNTY REUNION MAY 15

All former residents of Brown County are cordially invited to attend the Brown County reunion May 15 in Lamesa at the park, which is five blocks west of the school on Highway 15. Luncheon will be served at noon.

Miss Ora Ellis, Secretary.
